## Girls Volleyball Team Bi-District Champions

Santa Anna High School girls volleyball team won the bi-district championship on Monday afternoon by defeating the Glen Rose girls at Glen Rose. The local girls won 15-3 and 15-4. The "B" team girls played two games and won 15-14 and 15-10.

## Neff, Williams Elected To Local School Board

A. R. (Buddy) Neff and Jesse Williams were elected to three-year terms on the Santa Anna School Board last Saturday. 150 votes were cast during the day.

Neff will replace William Brown who lost his bid for reelection. Mr. Brown has been on the board for several terms and is a past president of the group.

Voting in the election Saturday showed Neff with 80 votes, Williams with 53, William Brown and Carl Benton, 44, Mrs. Burgess Stewardson polled 40, and Donald Strickland received 34.

The new members will take the positions this month. Ford Barnes was elected to the County School Board, running unopposed for that position.

## Deadline Nearing On Motor Vehicle Inspection Date

Austin — Col. Wilson Speir, partner, of Public Safety today reminded Texas motorists that less than one week remains until the state motor vehicle inspection deadline.

State law requires that cars, trucks, and certain trailers be inspected at an approved inspection station, and that a current inspection sticker be displayed in the lower right hand corner of the windshield by midnight, April 15. The fee for the inspection is \$1.75, plus charges made by the inspection station for mechanical adjustments, if any.

The required inspection procedure requires that mechanics check a vehicle's brakes, lights, rims and wheels, horns and warning devices, windshield wipers, mirrors, steering, and front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment.

Speir urged motorists to get the inspection soon to avoid long lines which will develop at inspection stations as the April 15 deadline approaches.

There are 5,466 licensed inspection stations, located all over the state.

## Sheep Producers Invited to Attend Meet in Coleman

All area sheep producers are invited to attend a Sheep Field Day on April 11 in Coleman. The meeting will be held at 1:30 p. m. at the Rodeo grounds. Jim Gray, extension sheep specialist, will present a sheep selection demonstration on ewes and rams and talk on parasite control and pasture management. Robert Kensing, area farm management specialist will discuss the economic outlook for wool and lambs.

A good sheep selection program could mean thousands of dollars of additional income in Coleman County. Support the sheep industry by attending this meeting and encouraging your friends and neighbors to come. Dale Herring, chairman of the Coleman County Sheep subcommittee has planned the Friday meeting.

Playing on the "A" team were Vicki Jo Neff, Frankie Bray, Sue Kingsbery, Willie Lee Terrell, Barbara Jones, and Gay Rutherford. Girls on the "B" team were Donna Strickland, Linda Dean, Sherry McIver, Ruth Ann Walker, and Gayle Robinett.

The Santa Anna team will go to Denton today for the regional volleyball contests. Miss Tommie Tate is coach of the girls' team.

Others going to Glen Rose Monday were Mrs. Buddy Neff, Mrs. Tom Kingsbery, Sonja Neff, Mrs. Rodney Dean and Rocky, and S. M. Fellers.

## Tennis Players Win District Championships

Santa Anna High School tennis players almost made a clean sweep of the District 9-A tennis tournament in Brownwood Tuesday, winning most of the District championships. Taking first place and qualifying for the regional competition are senior division entries, Jimmy Eubank in boy's singles; Ricky Beal and Johnny Haynes, boys' doubles; Vicki Jo Neff, girls singles; Clea and Leta Pollock, girls doubles.

Also winning in the junior division were Sherry McIver, second place in singles, and Glenda Strickland girls doubles. Mark Wise and Neil Fitzpatrick, doubles, also won first.

Jana Eubank won first in the Junior High Girls Singles, Carol Kingsbery and Tony Allen won second in Junior High Girls Doubles. The Santa Anna Junior High Boys were the only entries in the district in that division. They are David Horner, singles, and Nelson Mascarenhas and Billy Diaz, doubles.

## Cancer Drive Material At Post Office

Many of the rural community and city workers for the cancer drive have completed their house to house canvass for funds during the past week. However some of those with assignments have not yet begun to call on local people. Emzy Brown, County Co-chairman, has asked that workers pick up their materials at the Santa Anna Post Office and begin the drive as soon as possible. It is hoped the drive can be completed within a few days.

## Quarterback Club Meeting is Tonight

The Santa Anna Quarterback Club will meet at the high school Thursday night (tonight) at 7:00 p. m. This is the regular session of the Club and plans for the All-Sports barbeque and program will be made. All members and others interested are urged to attend.

Mr. and Mrs. Jim Faulkenberry and Cathy of Lamesa spent the Easter weekend in Santa Anna with her sister and family, Mr. and Mrs. Johnny Valentine and daughters.

PICTURE IN TEEN MAGAZINE—Sonja Neff of Texas Tech spent the weekend with her parents, Mr. and Mrs. Buddy Neff. Sonja is to appear on television in Lubbock today to show the color slides made during her trip to Las Vegas, Nev., where she was a contestant in the Miss Rodeo of America competition last November. Sonja's picture is in the current issue of TEEN magazine, in the group of contestants at the national contest. Sonja is the 1969 Miss Rodeo Texas.

## T. P. Wingo, Jr. Chosen Head Coach At School Board Meeting

The Santa Anna Independent School District Board of Trustees met for the monthly session at the high school office on Tuesday night. Those present canvassed returns from the recent election and newly elected members Jesse Williams and A. R. (Buddy) Neff took the oath of office.

T. P. Wingo, Jr., was chosen as head coach for the high school. Other vacancies will be considered later.

Membership in the Texas Small Schools Association was discussed and application for membership will be made.

Five nominations were made for the tax equalization board for the coming year. The board adopted a policy concerning senior trips with all senior trips to be subject to approval of the board and school administration.

During the re-organization of the board, all officers were re-elected for another year, being Robert Smith, president; Jesse Williams, vice-president, and Barbara Kingsbery, secretary.

## Dwight Eppler Qualifies For Regional Meet

Dwight Eppler, Santa Anna speedster, was the only Mountaineer track team member to qualify for the regional meet during the District 9-A contests at Bangs last Thursday night. Dwight won first place in the 880 yard run and placed second in the 220 yard dash, giving him two entries in the Denton meet on April 19.

The Goldthwaite team was District winner with 128 points, Bangs was a close second with 124, and Early had 123. Cross Plains ended with 77 and Santa Anna had 31 points.

Dwight, a sophomore at Santa Anna High School, has set some new records in the area track meets this season in the 880 yard run. He was also on the football team this past year. He is the son of Mr. and Mrs. A. D. Eppler, who live in the Shields-Rockwood area.

# 59 Years Ago In The News

The August 5, 1910 issue of the NEWS had the following items: Jim Carter, who lives on Earl Gill's place, near Whon, brought in the first bale of cotton for the season Tuesday evening, August 2. It was sold next morning to W. J. Hunter for \$14.50 and in addition to the price a premium of about \$27 was made up and given Mr. Carter, by the businessmen of the town.

The bale was unusually large for a first bale, weighing 530 pounds, and brought, with the premium a total of \$113.85, not counting the seed.

So far as we know this is the first bale sold in the county this season and it comes as a reminder that the busy season will soon be upon us.

Soon after the last rain fell, about six weeks ago, Dr. Mathews planted a little patch of blackeyed peas. When it turned so dry he expected to see them burn out, but they kept on growing and looking fresh and green. He picked his first mess from them this week and they are still growing and entirely without irrigation.

Dr. Mathews is firmly convinced that this is a pretty good vegetable country, even during a dry year, if one will but fertilize and till the soil properly.

Mr. Jim Mullinax brought in a ten months old pig this week which weighed, when

killed and dressed, just 284 pounds. He sold it at 10 cents a pound, realizing \$28.40 for the pig. Mr. Mullinax says this pig was a runt when he got him, but by the application of a little slop, waste milk and maize he brought it around in a good shape.

Two such hogs would equal the price of a bale of cotton, and you don't have them to pick. Coleman News.

The "Everybody's" picnic to Santa Anna grows more popular each year and the crowd increases each time. A greater number of married people and some children went along this time. It was indeed a merry throng who got off the train Thursday at sunset and joined by a number of Santa Anna friends proceeded to climb the mountain, which reveals new beauty and gives additional pleasure with each climbing. After reaching the top and looking back we saw a much improved and growing little city. A new school building, a lake whose wide sheet of water made itself seen after the rising of the moon by glistening and casting moon rays. A visit to Lovers Leap, a rest on the great rocks and then came supper, which was most delicious, having been prepared for sharpened appetites, and all felt paid for coming. The mountain breeze, conversation and popular songs were enjoyed before the descent was made. Mrs. W. A. Gillion, in Coleman News.

Dr. and Mrs. Max Weedward of Sherman visited on Saturday with Mr. and Mrs. Tom Kingsbery and daughters and Howard Kingsbery. They also visited briefly in the C. D. Bruce home and with Mr. and Mrs. Jack Kingsbery and children. The Jack Kingsbery family from Crystal City spent the weekend here with their parents and other relatives.

## THE FAMILY LAWYER

"Game of Chance" "Fifty cents per shot," said the sign at a certain golf course. "If you score a hole in one, you win \$5,000."

Sure enough, a gofer eventually did come through with a hole-in-one. But the proprietor refused to pay the prize money. Haled into court he argued that the contest was a "game of chance"—hence, not enforceable by law.

However, the judge disagreed. Ordering the money paid, the judge said there was simply too much skill involved in a golf shot to classify this as a game of chance.

In varying degree, gambling is regulated in every state. Often, under these regulations, it becomes necessary for a court to decide just what is meant by the phrase "game of chance."

Sometimes the answer is relatively easy. Thus, the throwing of dice has consistently been held a game of chance. So has matching pennies.

On the other hand, chess, and checkers and spelling bees have all been held not games of chance but games of skill.

What about bridge? Most courts have classified bridge, too, as a game of skill.

"Although there is of course an element of chance resulting from the deal of the cards, there is a continually recurring necessity in the bidding and play to make decisions which will ordinarily be determinative of the outcome."

Does it "take the curse off" a forbidden game of chance if the stakes are very small? As a matter of principle, no. Consider this case:

A restaurant owner was arrested on a charge of operating an illegal gambling device on his premises. Although he protested that the prizes were worth only a nickel, the court found him guilty anyhow.

What the law is concerned about said the court, is any device "designed to intrigue the unwary and arouse the latent cupidity of human nature into the notion that it could get something for nothing."

STATE Capital NEWS By VERN SANFORD

Austin, Texas. — Showdown time is near in the Legislature. That's when the time comes for crucial issues of spending and taxation.

Moving at a billion-dollar-a-minute clip, the Senate whipped through a record \$5.8 billion 1970-71 appropriations bill which would require a minimum \$63.3 million in new taxes.

Of this \$5.8 billion budget, \$69.7 million is recommended for support of the State Department of Public Safety, an increase of \$10.2 million over the current level of spending by that agency. Difference would pay for the hiring of 150 more highway patrolmen, 50 more narcotics agents and 10 additional intelligence agents, as well as \$864,638 for an addition to the Homer Garrison Jr., Police Training Academy in Austin.

Despite all its heft, the Senate bill contained no funds for the anticipated \$220 million teacher pay raise, the contemplated \$30 million lift in the welfare ceiling \$16.5 million for two new medical schools, \$7.5 million for a new dental school or \$6 million for planning new colleges.

Include these high-priority items and you are looking at a tax bill a lot closer to \$345 million than \$63.3 million.

However, House Speaker Gus Mutscher has called for an appropriations bill which will require no new revenue. It would include money for new medical schools, dental school and college planning.

Major difference in the bills is in the area of higher education, where the Senate would raise general fund appropriations of 22 senior colleges and universities \$106.5 million, public junior colleges \$19.3 million.

First hearings on major tax bills are getting underway. Hearing on Gov. Preston Smith's supplemental revenue recommendation, to place a one half of one percent levy on chemical producers and raise the cigarette rate to 15 cents a pack, will be for mid-April.

The House may very well pass its version of the budget next week. It would permit a \$240 million increase in general revenue spending without additional taxes. Difference between lean House and fat Senate spending measures must be ironed out in conference committee during the next two months.

Tax battle, which must start in the House, will see-saw back and forth from the House to Senate and vice-versa. Senators have some revenue ideas of their own.

LEGISLATURE MOVES ON

Senators stole the spotlight from the House by churning out 53 bills to 38 for their colleagues across the rotunda.

What's more, included on the Senate's things-done list were such monumental accomplishments as passage of constitutional amendments to legalize local option sale of liquor by the drink and to raise the water revenue bond ceiling to \$3.5 billion to finance the statewide water plan. Senators further approve their \$5.8 billion version of the budget and voted for a constitutional amendment to remove the welfare ceiling.

Voting date on the water bond and welfare amendment was set at August 5. Hopefully, several other constitutional amendments, including volunteer fireman's benefits,

college student loans, and an increase in the interest rate on constitutional bond funds will be submitted on the same date. To get on the August ballot, measures must be finally passed by the Legislature no later than April 16, due to the 90 day advertising requirements.

House passed bills to establish a University of Texas medical school branch in Houston and authorize state payment of moving expenses to property owners displaced by highway right-of-way buying.

PRIVATE COLLEGE SUBSIDY

Texas college students who attend private schools will have some relief from the cost of tuition if Rep. Lynn Nabers of Brownwood has his way. He has submitted three bills that would provide assistance to students of private colleges. Each of the 3 are different plans. HB 451 would equalize the tuition paid by a resident at state and non state schools. HB 1153 would establish a Tuition Scholarship Program for state students attending private schools, and HB 1154 would authorize the Coordinating Board, Texas College and University System, to pay private school a given amount of money for every Texas graduate.

TRAFFIC TICKET IMMUNITY SCORED

State Rep. Maurice Angly of Austin has touched some state lawmakers on a very sore spot. He wants them to renounce their immunity from traffic and parking citations in the capital city. Angly said, as an Austin lawmaker, he has participated in the practice of "taking care of" his colleagues tickets and is ashamed of it. He introduced a resolution asking legislators to go on record as "expressing a desire to be treated without special favor or undue accord."

U. I. L. MAY GO

In the Legislature is a bill to abolish the University Interscholastic League, which administers all inter-high-school athletic and literary competition. Proposal by Rep. Burke Musgrove of Breckenridge would put all UIL functions under the State Board of Education.

Musgrove says his bill is in response to complaints about UIL's strict rules such as those prohibiting gifts to athletes and requiring a year's layoff for athletes after a change in schools.

Another bill, by Rep. Bill Swanson of Houston, would invalidate the UIL rule requiring the year's lay-off. Both measures are awaiting hearing in the House Public Education Committee.

COURTS SPEAK

Third Court of Civil Appeals tossed out Ft. Worth Sundaco Ins'c. suit to determine the legality of its scheme for evading the state's Sunday closing law. Court said operations, which include "buying stock" of certain stores every Saturday night, have not been challenged yet.

Meanwhile, the State Supreme Court heard arguments on the constitutionality of a 1961 closing law. San An-

tonio discount houses claim the law is vague and indefinite and therefore invalid. Bexar County District Court held the law unconstitutional. State appealed.

High Court declared the state's new polygraph-examiners licensing law is unconstitutional. This due to a defective title which fails to size up the full extent of coverage.

Court of Criminal Appeals upheld the death penalty given a Dallas County man for rape of a 74-year-old woman.

CITIES GET SALES TAX REBATE

Nearly 290 Texas cities last week received a whopping \$28.2 million in allocations from the state comptroller as their share of the one percent local option municipal tax for the last quarter of 1968.

Totals ranged from \$122 for little Josephine to \$6.4 million for big Houston. Comptroller reporter totals exceeded expectations in all cases.

TAX FACTS UNCORKED

Committee on Public School Education has released its study on school district tax inequalities which admittedly may provoke legal action.

Survey found "inequities are the rule in this state rather than the exception," that 64 per cent of the state's school districts have an average ratio of assessed value to market value of 20 percent or less. Ratios range from 14 per cent on undeveloped land to 41 per cent on banks and private homes.

COPSE Chairman Leon Jaworski of Houston said the committee was reluctant to publish figures since they might lead to embarrassment for many local districts.

Legislators sponsoring COPSE recommendations as bills in House and Senate said that, whether legal action results or not, people "have both a right to know the facts and an obligation to take appropriate action."

COPSE bills, aired before the House Public Education Committee last week, came under shelling from rural school spokesmen and property owners. Particularly repugnant to rural opponents were proposals to slash the number of school districts from 1,218 to 353 and to equalize taxes on strict market value basis.

APPOINTMENTS CONFIRMED

Senate confirmed key appointments of Joe W. Burkett Jr., of Kerrville and Tom Gordon of Abilene to Texas Liquor Control Board and Leslie R. Neal of San Antonio to the Water Rights Commission.

Appointments of Dorsey Hardeman of San Angelo and William B. Blakemore II of Midland were passed over.

J. Gov. Ben Barnes named Sen. Jack Strong of Longview chairman of a special investigating committee on the use of narcotics and dangerous drugs by Texas high school and college age students.

AG OPINIONS

Gov. Preston Smith challenges the validity of last minute appointments to the University of Texas board of regents made in January by the former Gov. John Connally.

Smith made it clear that he wasn't objecting to the individuals, he merely questioned the legality of the action.

While Atty. Gen. Crawford Martin mulled that one, he handed down these opinions: \* Federal reserve banks operating cafeterias are not required to remit sales taxes measured by gross receipts and not actually collected

from small purchase customers.

\* Under SB 184, now before the Legislature, the State Board of Dental Examiners would promulgate rules prescribing services of dental assistants, including cleaning of teeth.

\* Bill to grant Panhandle Ground Water Conservation District No. 3 South of Canadian River power to space irrigation wells is constitutional.

SHORT SNORTS

Texas Department of Welfare is offering foster care in private homes as a new service to elderly people who do not need nursing care, but need some personal services and supervision to assure their safety, comfort and well-being.

Rep. Bill Finck of San Antonio has introduced a bill giving the State Department of Health more control over

the quality of the medical staff and care of patients in hospitals.

House Parks and Wildlife Committee heard strong attacks by ranchers and river authorities on a bill by Rep. Ben Atwell of Dallas, which asked for a study of the idea of preserving stretches of Texas rivers.

A bill by Rep. Temple Dickson of Sweetwater, to strip away some immunity from lawsuits for state, city and county and other governmental units, has emerged from a Senate committee with many crippling amendments and now is limited only to lawsuits resulting from accidents with state motor vehicles driven by state employees.

Senate Constitutional Amendments Committee has approved a proposed constitutional amendment by Sen. Joe Christie of El Paso to insure that farm, ranch and forest land will be taxed on its productive agriculture value.

Gov. Smith has named J.

B. Pumphrey of Fort Worth as his personal representative at the National Cowboy Hall of Fame's Heritage Awards program set for April 25th in Oklahoma City.

Smith announced approval of \$145,000 in 1969 Summer Youth Opportunity Planning Grants to be shared by 5 Texas cities to hire youth coordinators as assistants to mayors to coordinate efforts for youth opportunity in recreation and employment.

Department of Public Safety announced plans for a seven-helicopter fleet for use in emergency missions.

Seventeen million auto visitors pumped \$1 billion into Texas economy last year, and 5.5 million arrived on commercial carriers, spending \$487.4 million, Highway Department reports.

Accent On Health

Today is not only the Space Age; it is also the Chemical Age.

One of the main benefits of living in this chemical age is availability of numerous pesticides. They have been helpful in the control of many insect-borne diseases.

Unfortunately, the most effective pesticides are often the most toxic and precautions against them the most difficult to enforce.

With the increased use of these highly toxic materials, both at home and in industry, it is essential that we stress safety measures at every opportunity. Listed below are some important State recommendations to remember when handling and using toxic insecticides.

\* Follow instructions on the manufacturer's label to the smallest detail.

\* Store toxic sprays and dust away from children and irresponsible individuals, as well as livestock, foods and animal feeds.

\* All regular handlers of phosphorous insecticides will have to have cholinesterase tests at intervals not greater than 10 days during the periods they are working with the materials.

\* All applicators should avoid breathing dust, vapors, or spray from the insecticides.

\* Respirators which meet the specifications of the U. S. Bureau of Mines or Department of Agriculture should be worn when handling or working around highly toxic insecticides.

\* Freshly laundered protective clothing and gloves must be worn when sprays and dust are being applied.

\* If toxic insecticides are spilled on the skin or clothing, work should be suspended and the person involved should bathe and change clothes.

\* Individuals handling toxic insecticides should bathe change clothes immediately after completing jobs or during an extensive break.

Mr. and Mrs. Gene Smith and children of Tyler were weekend guests of his parents, Mr. and Mrs. Richard Smith, and with her family at Rockwood.

### Whon News

By Mrs. Tom Rutherford

Our Whon Picnic and Home Coming which was Saturday, April 5 was another big success. We had a beautiful day for the occasion and it seemed to be enjoyed by all. So many were present who do not live here any more. But we still feel they belong here and think of them as being a part of our community, as we have said so much. There is not enough people in our community to have a picnic, but through the goodness of all we can still enjoy an annual get-together. Some few who have at one time lived

here were back for the first time and all reported the trip here was worth the people and friends whom they met of yester-years.

The men enjoyed gathering at midnight and barbecuing the meat. Playing dominoes, working and visiting. They are usually awfully tired, but when people come and seem to enjoy the day so much, they each feel repaid for all the work put forth.

We want to recognize three states we had represented, and the folks came just for the picnic, California, Arizona and Arkansas. Mr. and Mrs. Cleve Fox of Apache Arizona. Mrs. Fox is the former Lily Shields. Mac Norris of Fresno, Calif, the son of Mrs. Ernest Norris and the late Mr. Norris, and Mrs. Everett Baker, her son, Mr. and Mrs. Everett Baker, Jr., of Ft. Smith, Ark., who were former residents of our community. We wish we could mention each one present individually, but this seems quite impossible. Again let us remind you that Home Schulze was the founder of the Whon Picnic. The first one was held April Fools Day, 1931.

When you look down at your feet, what do you see? Usually a mass of brown or black or an occasional piece of floor or sidewalk. with Earl Gill furnishing the meat for barbecue. It was on the river at George Hunter's place. A few times it was held at the Lovelady Crossing on Home Creek, but has been for years held on Camp Creek on the late Jim Carter farm. So when you hear of the Whon Picnic remember you have a special invitation to attend. We feel sure places will fail to be mentioned where folk were from who were present this year, but we are going to mention all those we can think of, which are: Midland, Ballinger, Kempner, Santa Anna, Strawn, San Antonio, Dallas, Lockhart, Fort Smith, A.K., Barlig, Ark., Killeen College Station, Stephenville, Fresno, Calif., Marfa, Crawley, Bangs, Coleman, Odessa, Cross Plains, Iraan, Abilene, Mulshoe, Garland, Grand Prairie, Brownwood, Dodson, San Angelo, Apache, Ariz, Snyder, Sealy, Lubbock, Ennis, Comanche, Waco, Richardson, Fort Worth, Rockwood, Austin, Brookshire, Houston, and Baird. Hope each one will be able to be present at the picnic April, 1970.
