Georgia's State Chemist Praises Cottolene

J. H. McCancless, State Chemist of Georgia, before a recent gathering of Cotton Seed men, gave emphatic praise to the high quality of Cottolene. He said:

> "The sale of this product and the proclamation that it is made of cotton seed oil have done more to bring cotton seed oil truthfully and favorably before the public than anything else in recent history."

Mr. McCandless then pointed out how a pure, refined, vegetable-oil basis, such as is in Cottolene, is the only assurance a woman has of a clean, digestible, cooking product. It seems a positive wonder in the light of all that has lately been said and written, and of what is known of lard, where it comes from, of what it may be made, and how little chance there is to get pure lard, that anyone will continue its use, when pure, sweet and healthful Cottolene can be so easily obtained.

CATARRH DESTROYED MY APPETITE.

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world.

Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appe tite in such cases.

To prod the digestive organs with medicines that are merely stimulants is poor way to remedy such cases.

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectually and restored my appetite.

It Will Help You

It is a genuine, curative medicine, that builds up the female system and relieves female pain. Mrs. M. A. St. Clair, of Eskdale, W. Va., writes:

"Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."

PRESIDENT TAFT ENGAGED RAISING FINE CATTLE

Taft is actually engaged in the cattle business and is largely interested in the sale of fifty high grade bulls and a number of fine cows recently sold to the Vera Gruz Land and Cattle company by the Coleman Pasture company. The cattle will be shipped on the tenth of April to Coatzacoalcos, Mexico. The President is a large owner in the Fulton company and Sir Wheetman Person is head of the Vera Cruz company. The cattle are from the Taft herd at Gregory, Texas, and will be shipped from Texas City. - Abilene Reporter.

Joe Merritt went to Snyder Monday on the train. It is simply amazing how particular the old timers are growing with the advent of railroads. Formerly a trip from here to Fort Worth in a wagon or buckboard, was considered a means of transportation as rapid as was consistent with safety, but now the majority of them do not know a brone when they see him, they roaund-up cattle in an automobile, rope cayotes, while it makes their feet sore to ride on a train going less than 50 miles an hour.

IN FIVE MINUTES

Take your sour stomach-or maybe you call it indigestion, dyspepsia, gastritis or catarrhof stomach; it doesn't matter-take your stomach trouble with you to your pharmacist and ask him to open a 50 cent case of Pape's Diapepsin and let you eat one 22 grain triangule and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is food fermentationfood souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fulness after eating vomiting nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, billiousness, sick headache, neryousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach. you can make up your mind that at the bottom of all this there is but one cause-fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothng really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little

BEALL-HOMAN WEDDING (By Mrs. M. K. Jackson)

Wednesday evening. April the 7th, at 8:30 o'clock, in the presence of intimate friends and relatives, the union of Miss Grace Rosecrans Homan and Mr. Robert Clifton Beall was gracefully solemnized at the home of the bride's mother, Mrs. W. K. Homan. In honor of the occasion elaborate decorations of flowers and plants were employed.

Thruout the reception suite vines of smilax were gracefully festooned and palms and ferns were et in clusters.

In the living room an altar of palms in the window embrasure and an arch of smilax supported by many columns, wreathed in green, was erected.

Here Rev. Ellsworth Farris of Waco awaited the coming of the bride for the ring service. Miss Ruth Nichols hushed the group of wedding guests with a wooing song, "O Promise Me," and Miss Lucile Stoneroad followed the singing with the impressive strains of Lohengrin's wedding march. Little Miss Lola Bess Smith and Mary Snyder, nieces of the bride and groom respectively, were frocked in mull and lace and carried the ribbons which formed the aisle for the wedding party. In stately pro-cession came Mr. Ralph Beall, best man and brother of the groom, attending the maid in waiting, Miss Beryl Oldham, a college friend of the bride. She was gowned in a princess lingerie with hand-run insertions and carrried an arm bouquet of white

Immediately following came Master Robert Homan, nephew of the bride, dressed in a frock suit of white satin and bearing Livery, Feed & Sale Stable the wedding ring upon a silver salver which he afterwards presented the bride.

Upon the arm of the groom followed the bride and never did she look more lovely. Her robe was of Parisian mull over liberty satin, princess style, and garnitured with motifs of valenciennes lace and Irish point. Her veil was held in place with a chaplet of lilies of the valley, and white We furnish rigs with or without driv- carnations showered with maiden We know the country and can hair fern formed the wedding

Our Spring Millinery Is Here

Superb Display

..... Exquisite Productions Specially Selected

In point of style and general effect, the styles for spring and summer 1909 show decided departures from those of past seasons. While Turbans will be called for, yet the large Picture Hats will hold fast in favor, and after all that's been said against large hats you must admit their beauty and becomingness.

Elaborate Flower Hats, Large and Small Roses, Wistaria, Lilacs, Daisies, Violets, etc., also Fruits, Apples, Peaches. Plums, Grapes, Cherries, Hawes, Green Gages, etc., besides Wings, Plumes and Feathers, Ribbons and Laces all used to make this season's hats altogether the loveliest yet.

Our showing is confined solely to the display of elaborate head dress. The line is extensive in range from the extreme to the most conservative-modest, dressy effects suitable for every occasion and at a price extremely moderate. We ask that you visit our millinery parlor.
