DOSS & JOHNSON

Big Springs Objects to Negroes.

Big Springs, Texas, Nov. 2.—Richard & Pringle's negro minstrels received a warm reception in Big Springs.

Immediately after the performance as they emerged from the opera house they were assailed by ripe eggs, brick bats, tin cans and other miscellaneous matter.

They at once made for their private car, followed by a yelling gang of hoodlums and others out for excitement. Some of the negroes became separated from the main crowd and Billy Young, comedian, while seeking to avoid the shower of missiles pelted after him, stepped into a posthole in a dark alley and broke his leg.

Several of the others were chased out on the prairie and did not find their way back until early next morning.

A snare drum was picked up by a farmer next morning, three miles east of town.

Two years ago a killing precipitated a race riot here and all the negroes were forced to leave Big Springs, since which time the town has had no dark skinned inhabitants. Up to this time no arrests have been made.

Meeting of Commercial Clubs.

The next meeting of the Central West Texas Association of Commercial Clubs will be held at Anson, in Jones county, Texas, November 16th. An elaborate program is being prepared and a large attendance is expected. Anson is accessible to all the towns in the district and every town is urged to have representatives at the meeting.

Among the speakers who will be present on this occasion will be Hon. W. T. Barthelmew, President of the West Texas Development Congress, J. D. Sandefer, president of the Simmons College, Abilene, B. B. Paddock, Secretary Fort Worth Board of Trade and Hon. W. T. Loudermilk, who is the president of the Farmers Union has stated that in all probability he will be present at the meeting.

The meeting will be a most important one and Anson is making elaborate preparations for the entertainment of the association, and the hope is to make the meeting one of the best that has ever been held.

W. T. POTTER, President.
HOMER D. WADE, Secretary.

No More Credit.

To certain parties we have extended the privilege of 30-day accounts during the summer. On the 1st of October our books will be closed and every one must pay the cash for what is gotten from us. We do this simply because we are not able to carry such a burden. Those whose accounts are still unsettled, will please pay up at once. Maxfield & McKinney, October 1st, 1909.

DANGER IS IMMINENT TO CATTLE INTERESTS

DR. COLEMAN ASKS FOR CONFERENCE AT FORT WORTH SOON.

Sanitary Boards of All the States Recommended Provisionally Quarantined Area Be Abolished.

To the Editor of The Record.

Colorado, Texas, Oct. 29.—Herewith I hand you an article of vital interest to your readers, which I trust you will publish in full: ED J. HAMMER.

At a meeting of the cattle raisers of the provisionally quarantined area of Texas, at Colorado, Oct. 20, 1909, to discuss with the representative of the department of agriculture Dr. R. P. Steddom, what is known as the six months' provision, and also to take into consideration, rules and regulations for the government of the movement of cattle for the ensuing year, the following resolution was unanimously adopted:

Be it resolved, That the United States department of agriculture be requested to revise and amend that part of B. A. I. order No. 158, issued March 27, 1909, and effective on and after April 1, 1909, and known as the six months' provision so that the same shall read hereafter as follows:

That during the continuance of this quarantine no cattle of the counties of Cottle, Hardeman, and others in Texas named in said B. A. I. order No. 158, shall be moved or be allowed to be moved, except as provided, for immediate slaughter, to any point in an area not quarantined for splenic, southern or Texas fever, except under the following conditions:

1. Until permission shall have been obtained in advance of the movement from the proper official of the state or territory into which such cattle are to be shipped.
2. Until certificate authorizing the shipment shall have been issued by an inspector of the bureau of animal industry.

Provided, That any cattle which have been held on uninfected pastures for fifteen days previous thereto, shall be inspected, and if found free from infection, shall be permitted to be moved upon compliance with provision No. 1.

Provided, further, that if cattle have been ranging on infected pastures they shall first be dipped in either approved crude oil emulsion or arsenical solution, and then moved into noninfected pastures, and there held for fifteen days, after which time they shall be subject to inspection, and if upon inspection they are found free of infection that then they shall be permitted to be removed.

And provided further, That if after cattle have been inspected and found free from infection they are compelled to pass through infected territory enroute to a shipping point, then they shall be dipped in either approved crude oil emulsion or arsenical solution at the shipping point before being shipped.

And provided further, That pastures shall not be presumed or declared infected until after inspection they shall be found to be so.

It also accidentally developed during the taking of testimony in this case that at a meeting of the livestock sanitary boards of the different states, which convened at Chicago, Sept. 14 and 15, that the state of Texas was without representation, for the first time in thirteen years, and that in the absence of representation from Texas, a resolution was adopted recommending to the department of agriculture that the provisionally quarantined area in Texas be abolished. The proceedings of that meeting as published by

the press discloses nothing of the character and it was only accidentally learned by the cattlemen. In order to prevent this calamity Dr. P. C. Coleman has issued an address to the cattlemen interested, which is as follows:

Colorado, Texas, Oct. 29.—To the Cattlemen of the Provisionally Quarantined Area of Texas—Gentlemen: It will no doubt be a great surprise to most of you to learn that at a meeting of the sanitary boards of the various states of the United States, held at Chicago, Sept. 14 and 15, that the state of Texas was without representation, for the first time in the history of that association and that at that meeting a resolution was adopted to abolish the provisionally quarantined area of Texas. The effect of this will be to put most, if not all, of the counties now in the provisionally quarantined area in Texas south of the quarantine line and to prevent cattle being moved therefrom except for immediate slaughter.

"The result of this would be to depreciate the value of all the cattle in the provisionally quarantined area at least \$3 per head, and to render all such cattle as have been cleaned subject to infection from cattle below the line. This would mean, almost

Raisers' Association of Texas, to call a meeting at Fort Worth at the earliest date possible of the executive committee of the Cattle Raisers' Association of Texas, to which meeting will be invited the Livestock Sanitary Commission of Texas and our governor, to formulate a protest to the department of agriculture against abolishing this provisionally quarantined area.

The effect of the abolishing of the provisionally quarantined area would be to put all the counties therein below the quarantine line and render futile and useless all the efforts of the cattlemen in the provisionally quarantined area to clean their pastures from ticks and to place the cattle which are infected in that area subject to contamination by infected cattle coming from below the present quarantine line.

a destruction of the cattle interests in the provisionally quarantined area.

"As chairman of the cattlemen, elected at meetings at Fort Worth, I have provided for representation at Washington to consult with the department of agriculture to the end that this calamity may be averted, and it is necessary that our representative have the backing not only of the cattlemen of Texas, the Livestock Sanitary Commission of Texas and the governor. To that end I have requested the president of the Cattle Raisers' Association to call a meeting of all the cattlemen interested at Fort Worth at an early date and to invite to that meeting the members of the Livestock Sanitary Commission of Texas and our governor, to formulate a protest against placing of the provisionally quarantined area of Texas below the line, and I trust that all interested will attend this meeting to the end that we bring forth a free expression of the various views and present a solid front against this unwarranted movement, which will result so disastrously to us.

"By watching the papers you will see the date at which the meeting is called, and I trust that you will be present. Yours truly,

season with March selling at 15.30c and May at 15.15c, the highest figures ever reached at this season of the year since the civil war. This big advance followed a weak opening. There was little show of aggressiveness on the part of recognized leaders, but Chicago houses were buyers and there was a big business on the advance from 12.86c, the lowest point of the morning, to 15.15c for May. The market closed firm and within 2@3 points of the highest price of the day.

TOYAH VALLEY SOLD.

All of the Irrigated Land on Toyah Creek Disposed of.

Amarillo, Texas, Nov. 1.—H. R. Morrow of this city and Judge C. G. Witherspoon of Hereford today closed a trade with Charles W. Swenson Jr. of the Swenson Land company of Chicago, selling to Swenson all the irrigated lands on Toyah creek, Texas, owned by Rhea brothers of Roswell, C. G. Witherspoon of Hereford and H. R. Morrow of Amarillo, together with all the livestock and other personal property on the land also the entire property of the Toyah Valley Irrigation company, which belonged to the same owners, and consisting of all the lakes, reservoirs, canals and laterals in Reeves county. They also sold the town site of Balmorhea, located on the above lands. The total consideration of this sale was \$375,000 cash and short time paper. The lands embrace in this purchase comprise probably the finest alfalfa and fruit valley in Texas thousands of tons of alfalfa hay being raised there yearly and the fruit from this valley has taken first premiums at St. Louis, Dallas and other exhibitions.

PEARY IS INDORSED.

National Geographical Society Practically Recognizes His Claim.

Washington, Nov. 1.—Commander Robert E. Peary practically was indorsed as a discoverer of the north pole by the National Geographical Society today. Every indication points to the fact that Peary's personal statements before the subcommittee of the society today convinced its members that he had set foot on the top of the world.

The explorer has been invited to deliver the first of his public lectures before the society here Nov. 12, and it was pointed out tonight that had the proofs been opened to the slightest question he never would have been asked to appear.

Ten Fine Hogs.

J. R. Ledbetter and C. H. Earnest have embarked in the hog business in earnest. They received this week ten head of prize winning stock at the Dallas fair—eight Poland Chinas and two Durco-Jersies, which will be put on the farm four miles east of town. That hogs are a paying investment in West Texas has been abundantly proven time and again. Just as fine hogs are raised on alfalfa and other feed stuffs as were ever corn-raised in Iowa and Kansas. At the present price of hogs and the heavy demand at the Fort Worth and Dallas packing houses, the supply will never outrun the market. Of the 12,000,000 hogs used by the Texas packing houses, which is not as it should be, Texas ought to supply practically all the consumption. The Record predicts an unqualified success for this local enterprise.

TEXAS PRODUCE AND GROCERY CO.

Echoes from Tuesday's Election.

Elections were held Tuesday in many states and cities throughout the country. Three states elected Governors and all state tickets, namely: Massachusetts, Rhode Island and Virginia.

New Jersey elected both branches of the legislature. Pennsylvania elected a treasurer, Auditor General and Judge of the Supreme court. Nebraska elected two justices of the Supreme court and three university regents.

In point of interest the municipal campaign of New York, Philadelphia and San Francisco elected the state contests. In each of these municipal contests the reform question was dominant.

New York: Chief interest in New York was centered in the whirlwind municipal campaign of New York City, which has been one of the bitterest ever held. With three mayoralty candidates, Justice William J. Gaynor, democratic, and Tammany nominee; Otto T. Bannard, Republican, and William R. Hearst, the Civic Alliance.

The issues were the overthrow of Tammany Hall and an effort of the Republican and Civic Alliance forces to obtain control of the board of estimates and appointment, which will have control of the vast expenditures of money for subways and other municipal undertakings.

Mayorality elections will be held at other up-state points. In the state a full delegation to the lower branch of the state legislature will be chosen.

Tammany elected another mayor of Greater New York today, but lost its grip on the city finances. William J. Gaynor of Brooklyn, swept the five boroughs to victory as mayor by at least 70,000 plurality, defeating Otto T. Bannard, Republican-fusion, and William R. Hearst, Independent. He failed, however, to carry his ticket with him, and the Republican-Fusion forces will control absolutely the board of estimate and apportionment, which will disburse about \$1,000,000,000 during its administration.

Pennsylvania: In Pennsylvania the chief interest is in the battle that was being waged by the reform element to break the power of the local Republican party in Pennsylvania. The reformers, under the title of William Penn Party had again placed D. Clarence Gibbon in the field for District Attorney against Samuel P. Rotan, Republican, renominated. Gibbon was also on the Democratic ticket.

Philadelphia re-elected Samuel P. Rotan district attorney on the Republican ticket by a large majority. His opponent D. Clarence Gibbon, long a leader of the reform element, and long known because of his connection with the Law and Order Society, which has been active in the suppression of vice in this city. Three years ago the same candidates opposed each other and Rotan then was victorious by 11,944 votes. Today Rotan's majority was more than 45,000. The vote today was the largest in the city's history and the interest was intense, but there was little disorder.

California: With the continuance of the bribery and graft prosecutions, begun four years ago, as the underlying basis, the voters of San Francisco went to the polls Tuesday for the first municipal election held since the new direct primary laws were enacted. Interest centers largely upon the race for District Attorney between Francis J. Heney, chosen by the Democrats in direct primary, and Charles Fickert, Republican and Union Labor nominee. William Crocker, republican; P. H. McCarty, Union Labor, and Dr. T. B. Leland, Democrat, the present coroner are candidates for mayor.

Heney was defeated and a republican mayor elected.

Issues in Ohio are Local.
Ohio: Municipal and township officers were elected in every community in Ohio. The issues were local and pertain largely to the personalities of the various candidates, although the temperance question is a factor in several cities. The mayoralty contest in Cleveland attracted considerable attention. Mayor Tom J. Johnson was candidate for a fifth term on the Democratic ticket. He is opposed by county Recorder Herman C. Baehr, the Republican candidate.

Summary of Election Results.
Elections were held yesterday in many States and cities throughout the country, with varying results, there being no National issue involved to bring about concerted action.

New York: William J. Gaynor, Democrat, was elected Mayor of New York, leaving his opponents, Otto T. Bannard, Republican, and William R. Hearst, Independent, far behind. Hearst was last in the contest. The New York Fusion forces have elected William A. Prendergast as Controller and John Purroy Mitchell president of the Board of Aldermen. Indications are that Whitman, Republican-Fusionist, has been elected District Attorney of New York county. Returns from over the State indicate surprising Democratic gains. Buffalo, Schenectady, Elmira and Yonkersville elected Democratic Mayors.

Ohio: Tom Johnson, the picturesque Mayor of Cleveland, has been defeated by a decisive majority by Herman Baehr, Republican.

Whitlock, an Independent, has been re-elected Mayor of Toledo, Ohio. Dr. Louis Schwab and his Republican colleagues were victorious in the Cincinnati municipal election.

Indiana: In Indianapolis, where the temperance issue has figured, Lewis Shank, Republican, is elected over Charles A. Gauss, Democrat.

Pennsylvania: In Philadelphia, another battlefield on reform issues, Samuel P. Rotan, Republican, was elected District Attorney over D. Clarence Gibbon, representing the Law and Order Society and the reform element. Rotan's majority exceeded that in any previous campaign, being estimated at upward of 30,000.

Maryland: In Maryland, the Constitutional amendment disfranchising the negro is still in doubt, the Baltimore vote being strongly against the amendment, while returns from the interior indicate increasing strength for the amendment.

Rhode Island: In Rhode Island, Gov. Pothier, Republican, was re-elected over Olney Arnold, Democrat, by a substantial majority.

Kentucky: Democrats led by Head, candidate for Mayor, won in Louisville. The negro question was the main issue in the campaign, which was characterized by bitter personalities on both sides. Killings occurred in Louisville and in Breathitt County. Fusion ticket is probably elected at Lexington.

Nebraska: Omaha has elected Republican officials.

California: Latest returns indicate Francis J. Heney has been defeated for District Attorney in San Francisco and a Republican Mayor been chosen.

Maryland: Indications are so-called disfranchisement amendment to Constitution to eliminate the negro as a political factor has been defeated.

Illinois: Local option elections resulted in gains for prohibitionists.

Massachusetts: The Republicans carried the State by the narrowest margin in the history of the Bay State for nearly a quarter of a century.

LORRAINE LETTER

(Miss Lillian Davis)

Miss Gerlie Murphy who is attending the Christian College at Abilene, came in Friday night to visit her sister, Mrs. J. H. Vincent. Miss Murphy taught in the Loraine school the past two years.

Mrs. John Sims and little son Thomas, of Colorado, and Mrs. T. J. Matthews spent a pleasant afternoon with Mrs. Cornet Wimberly Friday.

Mr. and Mrs. Henry Zellner were in Loraine Friday.

Mrs. T. A. Martin and children are back from the fair. While absent they visited in Grand Saline.

Mrs. J. G. Holmes and little son, Gordon, have returned from a visit to Mrs. Holmes father at Whitesboro.

Sidney Altman and family are back from the fair and report an enjoyable time.

J. C. Prude of Colorado was perambulating among the Lorainites last Friday.

Mr. Loffie Adams is principal of the South Champion school and will begin teaching Monday, November 1st. He will be ably assisted by Miss Loye Dorsey of Grapeland. Mr. Will Blocker will teach at Wastella and Joe Jackson at Silver, Texas. All three are Loraine boys and graduated here the past year. They have made preparations to teach and have secured good positions. We wish each one success in his new vocation.

Miss Ruth Elliott has been elected assistant teacher of South Champion school. Grady McRae being principal. This will be Grady's first experience as a pedagogue and we also wish for him success in teaching "the young idea how to shoot."

On account of the absence of Miss Marshaw no school was held in the primary grade last Friday.

F. B. Whipkey and wife made a business trip to Loraine Friday evening.

Last Wednesday evening Mrs. W. L. Edmondson received the sad tidings of the death of her brother in Dallas. She left that night accompanied by her sister, Miss Georgia Marshaw to attend the funeral. Their many friends in Loraine extend to them their heartfelt sympathy in their sad bereavement.

The second month of our school term closed last Friday. Notwithstanding the fact that many have dropped out on account of cotton pick-

ing interest in school work has not flagged and all are doing good work. Those deserving especial mention for good work and deportment in the High Third, Low Fourth and High Fourth grades are placed on the Honor Roll.

Honor Roll for October.

High Third—May White, Homer Daniels, Benton Templeton.

Low Fourth—Clyde Porter, Blanche Adams, Charlie Coffee and Lawrence Matthews.

High Fourth—Charlie Thompson, Ivan Black, Mary Porter, and Katie McDonell.

Mr. and Mrs. W. B. Wimberly are home from a pleasant visit to Terrell and other points. They own a fine black land farm near Terrell, but prefer to make their home among the good people of Loraine. Mr. Wimberly says times are not so hard in that country as one may suppose, even the negroes have money enough to go to the shows.

Mrs. Blocker who has charge of the Mite Box Brigade entertained the little folks at her home Saturday p. m. from four 'til six. Refreshments were served and each little heart was made glad and happy by the loving smiles and kindness of their teacher to whom they are so devotedly attached.

The angel of death visited the home of Mr. and Mrs. George Foy last Sunday morning removing from their midst their darling babe. The little body was laid to rest Sunday evening. Rev. May conducting the funeral service.

Mr. Dave Lindsey left Sunday for Kent where he goes to accept the agency there. (Depot.) We wish you luck Davey.

Our R. R. Agent, T. J. Kelly made a trip east last Friday, returning home Saturday accompanied by his son and daughter, Mr. and Mrs. J. P. Kelly of Putman.

Mrs. W. T. Altman is visiting relatives at Roscoe.

Theo and Louis Kelly entertained a number of their young friends Sunday afternoon. Among them were Misses Ethel Gregg, Adeline Scoggins, Orell, and Ruby Land, Lucile Henthorn, Dona Blevens and Vera Gary. Mrs. Mollie Brandon of Putman is visiting the family of J. W. Rhoades.

Miss Mecca Rhodes who is attending school at Merkel visited home-folks Sunday.

On Last Wednesday night the recent home comer might have seen two ghosts in deadly white stealing stealthily along, stop at each door and

leave a black cat. The cat bore this message. "Come, on ye Hallowe'en night, at ye stroke of nine, to ye Witches' House at ye sign of ye Black Cat."

"Heights."

Accordingly at the time designated many white robed figures might have been seen wending their way toward College Heights. When they reached Mr. Kelley's residence they entered, and seemed to be waiting for something. Finally quite a number of other ghosts arrived, and one by one chose a partner from the silent number who had first arrived. Then the ghostly pair passed out en route to the Witches' House, Mrs. Hubert Tober's. The strains of a funeral dirge issued forth from the piano, which was presided over by another spirit.

A long white arm beckoned mysteriously as the white draped figures fled slowly and silently into the room. At another door stood a skeleton from which came a sepulchral voice, "Halt, whistle, then walk up stairs backward, or bad luck will follow thee." After performing this difficult feat, which none dare disobey, on reaching the landing we saw the reassembled spirits from the Nether world, bowing and greeting each other with direful groans, their lips sealed to all speech save to that with which the troubled spirit gave utterance. Impelled by a directing voice, we were told to descend to the "Chamber of Horrors" but like the back stairway from Nowhere, it could not be reached with open eyes but all must needs be blinded, down, down, we went, at last we found ourselves in a chamber which was entirely dark save a pale and sickly light which emanated from human skulls. Suspended from the ceiling were reptiles of divers kinds, and colors, which presented a very uncanny appearance while in the distance was heard the sound of water pouring and we felt sure we would next be called upon to take a voyage down the river Styx, but instead the Witch of Endor appeared and told our "present, past, and future." From this gloomy abode we passed into the dining room where a commanding voice cried, Ghosts disappear, and presto, from beneath those solemn masks, smiling faces appeared and the chime of happy voices and merry laughter soon dispelled all thoughts of ghosts. A dainty menu was served. In the center of the table was the well of Good Luck, presided over by a black cat. All drew their fortunes from this well and much mer-

rimint ensued. Other merry games were played and the guests on departing pronounced this to be one of the most pleasant evenings they had ever enjoyed, thanking Mrs. Toler and her charming guest of honor, for the happy occasion.

A sneak thief entered the sleeping apartment of Rev. Wilson Bennett, living near Longfellow, last Saturday night and took his pants, containing about fifteen dollars.

Mrs. J. A. Summers, Mrs. D. C. Hazlewood and others took a drive north of our little city Tuesday, the good roads and scenic beauty around Lone Wolf lending enchantment to the view of the pleasure seekers.

Mr. and Mrs. Sharp south of Loraine have a very honored guest in their home—a daughter.

For the last week in October the two gins which were running turned out 492 bales of cotton. All three of the gins are running on full time this week, making things lively by their merry hum, seeming to vie with each other as to the melody of their music.

COLORADO, TEXAS, FRIDAY, NOV. 5, 1909

W. H. Ward has sold the Fort Worth base ball franchise to J. W. Morris for a cash consideration of \$15,000.

Until Texas gets rid of its convict lease system, let's put the soft pedal on this "grand old Texas" bombast.

"Hallowe'en falls on October 31st this year, the Cisco Apert informs us. On what other date brother, did it ever fall?"

Killed—2,591; Injured—63,926 is the record of the railroads for the past year, but this is a material decrease of the toll of 1908 in life and limb.

On the authority of Norman E. Mack chairman of the last National Democratic campaign committee, Mr. Bryan will never be a candidate again for the presidential nomination.

The penitentiary investigators have asked the governor to cancel the contract with the Southwestern Fuel & Manufacturing Co. for convict labor in the coal mines near Calvert.

What is a shortage of cotton, corn, feed, fruit or the watermelon crop? We can do without all these in a pinch. But how could the housewives of west Texas get along without the lowly broom? Plant broom corn.

It is quite "fittin" that John Rockefeller should give a million dollars for the eradication of the hook worm in the south, as the people of the south have been the worm on his hook for many years.

The Cisco Apert celebrated last week the completion of the 17th year of its "benevolent way" with much self-felicitation and in a bright pink dress, as well becomes so coy a maiden.

The murder of birds and the incidental killing of a few travelers along the public highways, say nothing of the boys who will be brought home for the doctors' knives, began on November 1st. It's now the open season for all three.

In the shuffle up of the ranger force Ross' company is sent to Yaleta, near El Paso, and Capt. Hughes' company is sent to Amarillo. It was not the rangers, as a force that the people of Amarillo protested against, but its personnel.

His excellency, Governor Campbell can't resist the opportunity to hand a stealthy stab at what he terms, the "influenced press"; which same, means all the newspapers that dare criticize the arbitrary actions of his Nibs.

Judges Brooks and Poindexter are constitutionally opposed to statutory prohibition, while "Judge" Cone Johnson says it can be done; so there you are. Meanwhile the prohibition leaders are sawing wood and saying nothing—just letting the applicants for their endorsement "try out" themselves.

The West Texas Developing Congress will meet in the city of San Angelo Monday, December 6th, to which every man who is interested in the development and prosperity of this section, is most heartily invited. All the hospitality for which that city and its people are distinguished, will be at the disposal of its guests.

Fully 15,000 free American citizens wanted to shake President Taft's hand at Baton Rouge, but his secret service guards decided that only 50 would be allowed that distinguished privilege. But the mayor and the president of the chamber of commerce alike refused the responsibility of naming the list—14,950 itching palms.

At the instance of Revenue Collector McDonald, sixteen trained horses of the Ringling show were levied upon by the sheriff of Hill county, to satisfy a claim of \$1,650 claimed to be due as taxes for performances given by the

Ringling show in the years 1902, '4 and '6, including \$250 claimed to be due for the two performances given at the time of the levy. A replevin bond was given and the show proceeded to Corsicana.

The Oberammergau Passion Play will be given next year from May 11 to September 25. The Burgomaster has issued a notice reminding the men that they must let their hair grow.

Probably the most valuable single cargo of cotton ever shipped from a Southern port was shipped recently from Galveston, Texas, to Liverpool. The vessel carried 26,873 bales, valued at \$1,300,000.

At a meeting of the Supreme Council of the southern jurisdiction of Scottish Rite Masons at Washington, D. C. last week, the 33rd degree was conferred on a large number of candidates from all over the south. There were four from Texas, among whom was C. L. Alderman of Big Springs.

Crosbyton, in Crosby county, is but a small place, measured by population and age, but the nerve, hustle and "faith in its own," would do credit to a city of ten thousand, and puts to the eternal blush older and larger towns, which have become mere stragglers from the procession of west Texas prosperity. It's a live, alert, progressive, yet safely conservative crowd that have things in hand at Crosbyton, and they'll make them go.

The generally accepted belief that a person is useful in proportion as he is busy is controverted by a writer, who says: "I have a dog that is loaded up with fleas. In the summer time when the fleas are plenty, that is the busiest dog I ever saw; when he isn't biting at the fleas,—he's snapping at the fleas. He never has a minute to spare, but when he is the busiest he is the least account for practical purposes. And there is a young fellow in my neighborhood who, has a 'Waterbury watch, and he smokes cigarettes. When he isn't winding his watch, he's lighting a cigarette, he's a mighty busy young man, but he isn't worth two whoops in a water barrel.—Exchange.

The headlines of the daily papers announce that "Hell's Broke Loose in Breathett," meaning of course, that they're having an election in Kentucky

The penitentiary investigating committee are finding what Hamlet thought—that something is rotten in the state, not of Denmark, but grand Old Texas.

W. L. Ellwood and Mr. Hammock, the promoter of the Robert Lee railroad were both here Wednesday and had an informal conference. Mr. Ellwood will be here for a week or more and look over his interests. Now is the time for Colorado to get busy taking notice as it never got busy and noticed things before. If we don't grab opportunity by the hand and pull him in out of the cold, some more enterprising town will, and Colorado will have all the coming years in which to reflect upon its folly and suck its thumb in regrets. Let us be up and doing—something.

Brazilian Peanut.

The seed of the Brazilian peanut, distributed by the government in the spring for testing the soil around Denison, are yielding a crop surpassing all expectations, both in quality and quantity. The nut is of the Spanish variety, very hard, and the product has a neat, clean appearance, with a pearly white tint. The hull is slightly thinner than that of the average Spanish variety. Experts say that it is exactly what the factory here will be pleased to use.—Denison Herald.

Take time to put a quietus upon rattling windows and banging shutters. They are not tranquillizing winter evening sounds.

And then December's cruel blasts Will bite the weather vane, And Santa Claus will skid around Upon the aeroplane.

Roosevelt Axioms.

"If a man does something dishonorable in your behalf he is only going to wait for an opportunity to do something unjust toward you. You want to stand by the honest man.

"If a man wants only justice and wants you to do the just thing by him, stick to him.

"It is an absolutely safe rule to keep in mind all the time. It is unerring.

"If a man will steal for you, he will steal from you.

"If a man will lie for you, he will lie to you.

"If a man will do anything dishonorable for you, he will be dishonorable to you, and he is not to be trusted."

Pay For Your Paper.

The Record has over 1000 names on its list who owe as much as \$1.00 each. Nearly all these are our farmer-friends. We have not, at any time, insisted on payment neither do we now say it must be paid, but we are so badly in need of money that we ask all who can possibly do so to please come in and pay up. We have not asked you to pay until now and hope you will come to our relief.

As an inducement for you to pay we will give, absolutely free, a years subscription to the Southern Agriculturist a farm journal published at Nashville, Tenn. For all who will pay \$1 old or new, we will give this paper free. Come to the office for a sample copy and bring a \$1.00 if you can.

READY FOR THE SURVEY.

Promoter of the Robert Lee Road Begins Active Operations.

S. J. Ross, who is to make the survey for the new railroad from Robert Lee to Colorado City, arrived Thursday and left over the Orient for Robert Lee.

The road will be about fifty-eight miles long and is being promoted by a new firm and will give Robert Lee a railroad, a thing for which it has been working for a long time.

"There will be three preliminary surveys made and one will be chosen for the road," he said.

"I do not know when this road will be built—all I have to do with it is the surveying, and that is about all I know about it."—San Angelo Press-News.

It would be difficult indeed to calculate the ultimate advantage this road would be to Colorado and Mitchell county, or the immediate disadvantage it would be, to have it tap the Texas & Pacific road at some competing point. 20 to 40 miles east or west of us.

If the town of Colorado accomplished nothing else during the next two years except securing this road, by concentrating every energy and effort, it were time, effort and money spent to the greatest advantage.

Aside from the direct interests of the town of Colorado, involved, such a road would be the entering wedge in the division of the large ranch holdings in the south east part of the county, that would not only populate that section, more quickly increase the number of small farms, and otherwise develop it, but greatly enrich the large land holders, as well. One land holding in the southern part of Mitchell county embraces about one-fourth the entire area of the county. This ranch cut into small farms and populated by industrious farmers from the north and east, would add to the material wealth of this county at least \$2,000,000. Let us do all we can, when the opportunity is offered to foster, and help by all our energies and means, the building of this road. If once constructed from Robert Lee to Colorado, its extension north and south will take care of itself.

Hen Teeth.

An old darkey of antebellum days, rotund, black and jovial, was reciting some methods of fortune-telling and the charm of signs. "Yes, little missus, you tell the age of trees by the rings and the age of chickens 'by teeth." "But a chicken has no teeth" remonstrated the child. "Now, honey, listen to me. Next time we has chicken, you put your teeth in it and if you can't tell whether it's an 'ol game or just a sprouting pullet, you ain't no 'll' chill' of mine."

At a Nebraska experiment station a number of students submitted to a diet of alfalfa. The tender leaves and upper portion of the plant were dried and ground into flour and used for making bread, muffins, cakes, puddings and so on and, as astonishing as it may be, the students all grew fat. This is a great discovery for the country newspaper man. If the worst comes he can take his family to the fields.—Freeport Bulletin.

Mrs. Sagerser, of Missouri.

FACIAL NEURALGIA.

Mrs. C. S. Sagerser, 1511 Woodland Ave., Kansas City, Mo., writes:

"I feel it a duty due to you and to others that may be afflicted like myself, to speak for Feruna.

"My trouble first came after a gripe eight or nine years ago, a gathering in my head and neuralgia. I suffered most all the time. My nose, ears and eyes were badly affected for the last two years. I think from your description of internal catarrh that I must have had that also. I suffered very severely.

"Nothing ever relieved me like Feruna. It keeps me from taking cold.

"With the exception of some deafness I am feeling perfectly cured. I am forty-six years old.

"I feel that words are inadequate to express my praise for Feruna."

Stomach Trouble Seven Years.

Mrs. T. Frech, R. R. 1, Hickory Point, Tenn., writes:

"Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors they only relieved me for a little while. I was induced to try Feruna, and I am now entirely well."

The Source of Cottolene Is Pleasing

From the snowy tufts of the cotton plant, the seed is removed, crushed, and the oil extracted. This in turn is refined by our own special process and the oil made odorless and neutral in taste.

Being a vegetable product, cottonseed oil is free from any possible taint of animal infection. You cannot be absolutely sure of this when buying hog lard, for fats of animal origin are, of necessity, not as healthful as fats obtained from vegetable sources. Right there is the difference between lard and Cottolene from the standpoint of health.

If every housewife would but stop to think of the difference in purity, cleanliness and healthfulness of hog lard and Cottolene, lard would never again be used in any home.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

Thanksgiving.
This is the month in which there is a day set apart for national thanksgiving, though a cheerful heart is thankful every day. It is a good thing however, for the people to be reminded periodically of the fact that as a nation we have much to be thankful for, and whether we celebrate the day simply or with enough turkey and stuffing to invite indigestion, let us mark it by a resolve to be better farmers and better citizens than ever before. None of us is too humble or obscure to exert a wholesome influence, day by day. If we do nothing more than greet our neighbor with a cheerful face and a kind word we shall shed a benediction over an entire community. Let us therefore give thanks not only upon one day of the year but every day of our lives.

A STEADY DRAIN
Sick Kidneys Weaken the Whole Body
—Make You Ill, Languid and Depressed.
Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Here is good proof in the following testimonial:
J. L. Harris, of Merkel, Texas, says: "Doan's Kidney Pills did me more good than any other remedy I ever used and I think they stand alone as a cure for kidney ailments. My back gave me trouble for several years. At times the misery was in form of a dull throbbing ache then it would change to sharp, shooting twinges. The kidney secretions also caused me a great deal of annoyance, being too frequent in passage. Since using Doan's Kidney Pills my general health has been improved and my kidneys have given me no trouble. I have recommended this remedy to several of my neighbors and deem it a pleasure so to do."

CHURCH BAZAAR
The ladies of the Baptist Aid Society will have charge of the Bazaar that has heretofore been conducted by the Mission Band. It will be given about the middle of December. The ladies request that other denominations will place various articles with them for sale; individuals are also requested to contribute whatever articles they may wish to sell with them. This is a meritorious enterprise and deserve the support and encouragement of every one. Any article of wearing apparel, dolls, ornaments, bric-a-brac, homemade candy, toys, etc., will be on sale and the same are asked from like organizations of the other churches and individuals. To make such arrangements, notify or see Mesdames J. E. Hooper, W. C. Neal, Jas. T. Johnson, C. A. Pierce, Robt. M. Webb. Any of these ladies will take pleasure in explaining and discussing the matter with you.

A PRODUCT OF DIXIE

Cotton has always been one of the principal resources of the South. In former days, only the Cotton lint was valued and preserved. The seed was thrown away as worthless. In recent years, however, the skill and genius of experts have developed this waste product until now the Cotton Seed Oil adds millions of dollars each year to the wealth of the South.

Foremost in perfecting methods of refining and utilizing the oil have been The N. K. Fairbank Company. They first appreciated the need of a cooking fat more clean and wholesome than that made from the fat of the hog. In the manufacture of Cottolene they have changed Cotton Seed Oil into a cooking fat as wholesome as olive oil, yet so pure and neutral that many housewives use it in place of butter in making fine cakes.

It is a first class job and greatly improves both the value and looks of all the property. Kirk is on the job all the time when concrete work is concerned.

The Miller railroad grading outfit passed through Monday on its way to begin work on the San Angelo and Sterling City road. It came from Post City where a contract had been completed on the Santa Fe.

Fresh mackerel, pickles and the best of kraut—at Shepperd's.

One of the most important business changes made recently in Colorado was the sale this week of the stock of the Western Windmill Company. The stock of windmills, piping, etc., was purchased by C. C. Graves and the shelf hardware by Doss & Johnson. The former stock will be moved to the Lasky building on Oak street opposite the Alamo Hotel. We understand that the Western Windmill Company will open a wholesale business at Sweetwater in connection with their branch houses at Big Springs, Midland and Lubbock, and that the family of Mr. J. T. Johnson will remove to Sweetwater to reside in future.

Fresh fruits and vegetables delivered at your door—by Shepperd.

Try Bishop's California preserves—Shepperd has them.

Bring your fat hogs, chickens, and eggs to the Palace Market and get the highest cash price for them.

Let's all talk railroad for a spell.

Read the notice of the city council in this issue relative to the limit of the sidewalk ordinance and govern yourself accordingly.

If its good to eat—Shepperd has it.

Mr. Robert M. Webb attended the State Association of Independent Telephone Companies which convened at Dallas. An interesting session was held and the organization more strongly fortified against the "octopus" or the trust companies. A secret feature of the organization affords much amusement by the ceremonies of initiation. A goat as frisky and bucked as any fraternity keeps, is used. The neophyte is tested out as to his volage, resistance, current, etc., and solemnly invested with signs, words and grips. Mr. Webb was honored by election to the responsible office of treasurer of the state organization.

The Palace Market will pay you 6 1/2 cents cash per pound for your fat hogs.

Go to Shepperd's for anything in the good eating line—he keeps it.

Compare Mrs. Jas. DeMoss' prices on hats with prices of others.

For Sale Cheap.
All of my household goods and a fine upright piano, will be on sale for the next ten days. Call at residence for inspection. Also good horse and buggy. Mrs. Gus Bertner.

Cement Walks at 8 Cents.
I will build your cement walks from this date at 8 cents per square foot, and give terms. Sample of walk at the Prude place. See me for your walk work. J. B. REESE.

Sewing Wanted.
I will do all kinds of sewing. Will do it at residence of P. B. Whipkey or at the homes of those wanting it done. Mrs. W. P. Davis.

When you contemplate a dining, lunch or any kind of spread—why, just tell your wants to Shepperd. He has the wherewithal to supply the simplest or most elaborate menu.

Dick Arnett Jr., came in Wednesday from Meadow.

Mrs. Howard Towle of Snyder, is visiting her parents, Mr. and Mrs. W. P. Ruddick.

All the best perfumes, cold creams, soaps, talcums, toilet waters, tooth powders, etc., at Mrs. Jas. DeMoss.

Mrs. C. T. Harness most pleasantly entertained the Twenty-one Club Wednesday. At the close of a pleasant afternoon delicious refreshments were served. Miss Jo Dry is hostess for the next meeting.

One evening last week Judge Hamner most delightfully entertained the officers and some of the members of the Cattlemen's Association with a course dinner. Covers were laid for ten and while the delicious and tempting prepared viands were being enjoyed a brilliant conversation was carried on. This was a stag affair, but during the evening Miss Katie Warren who had been invited gave some beautiful piano music. It was an occasion to be long remembered by the Judge's guests.

Cotton is likely to bring more than at any time since the civil war.

Several realty transfers were made this week in Colorado. Among the residential property changing hands was Harry Collins to Solon Cowan Dr. W. C. Neal to D. H. Snyder, Gus Bertner to C. C. Bailey. All these are desirable homes and first class investments, and speak well for the confidence the purchasers have in Colorado realty.

Ladies go to Mrs. Jas. DeMoss for toilet articles—you will always be pleased.

Tuesday little Miss Elsie Lee Majors was five years old and a number of little folks were invited to come at four and play with her until six. The weather was most propitious and a big crowd of little ones were on hand at the appointed time with their birthday gifts and such a good time as every one did have. At the close of the evening dainty refreshments were served after which goodbyes were said. Elsie Lee was assisted in entertaining by her mother, grandmother and auntie, Mrs. Majors, Coe and Miss Louise.

Mr. Earnest Keathley is in receipt of a letter from P. F. Paige, secretary and treasurer of the Texas Prohibition Committee to the effect that Mr. Michael Fanning, the Irish orator will be in Colorado on Sunday November 14. He will discuss the prohibition question on that day strictly as a moral issue, disconnected with any political bearing. In referring to Mr. Fanning, the state committee has this to say of him; "Mr. Fanning will make more than good at every step of the ground, and will give you a meeting such as you have not had in Colorado in a long while." Further notice will be given next week.

Mrs. J. D. Brookshire, living 3 miles east of Buford, brought to the Record yesterday a "billy" of as fine turnips as were ever raised anywhere. Once again, is our life preserved by kindly friends.

The Hub of the Body.

The organ around which all the other organs revolve and upon which they are largely dependent for their welfare, is the stomach. When the functions of the liver also become deranged to cure a disease of the stomach, liver or bowels, get Dr. Caldwell's Syrup Pepsin. It is the promptest relief for constipation and dyspepsia ever compounded. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg, Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

You'll find it at Shepperd's—if it's to eat and the best.

FOR NOVEMBER.

Whereas, notwithstanding beef is going upward with a bound, Pork is higher, and our butter costs us forty cents a pound, Hash is doing well, the weevil having spared it, and the prunes are the finest and most filling we have raised in many moons;

And whereas, the reign of terror Mothered by the suffragette is remote from us a matter of an ocean trip as yet, And the polar controversy has subsided for a bit, Leaving us to reassemble our disseminated wit;

And whereas, the railroads have delivered Taft the debonair Here and there, around the country Right side uppermost with care, And the Congress in its wisdom Has arranged a sort of truce By which business and reform have sort of turned each other loose;

And whereas, no one is running Very hard this year for place, And we're neither disconcerted Nor distracted by the race, And the present state of being, Notwithstanding we rehearse Some complaints to keep in practice Might quite easily be worse;

Therefore, Thursday, of November Twenty-fifth, is set apart As a day of thanks and fullness Of the stomach and the heart, When the sacrificial turkey Shall resume its festal sway, And we may rejoice it isn't What it might be, anyway

November gets its name from November, the Latin word for nine. It was anciently the ninth month, but that brought it around at the season when the Roman explorers were getting in from Britain and other parts and raising such a hullabaloo with their claims and counter claims that it was finally made the eleventh month when the atmosphere had somewhat cleared and there really was something for which to be thankful. Incredible in those days it was much worse than it is now. When Caesar returned to Rome and claimed to have

divided Gaul into three parts he precipitated a dispute in the violence of which both his Eskimo were assassinated and the empire rose and fell four or five times.

The countersign for November is supplied by Charles R. Crane, who was for a minute Minister to China. Mum is the word. Mr. Cannon will be soon for the month, with the following cast: Dogs, Mr. Clapp, Mr. Cummins, Mr. Nelson, Mr. Borah; lantern, Mr. Bristow; axes, Mr. Beveridge, Mr. Doliver; gamesack, Mr. La Follette.

From the first to the twenty-second the sun will remain in the constellation of Scorpio, but on the twenty-second it will pass into that of Sagittarius the Archer. This will give the wolf the ball again on our 10-yard line, with only three meals to play. If we can hold them there for downs, the consumer will eat on the ninth, seventeenth and twenty-seventh, as he has been doing; but if they score on us, he will eat only once this month—on the twenty-fifth.

All of us no doubt, remember something of the month of November, when the pumpkin pie is blooming, and the husking bee is on; when the hills are turning amber, and the hog lies down to slumber in the melancholy knowledge that he is to die at dawn.

It is then the apple butter has a tendency to splutter and to radiate a perfume quite a distance from the pot; it is then the orchards beckon, and it's pretty hard to reckon whether father had his senses when he moved to town or not.

Then the pheasant, the great drummer, wakes the morning, and for summer in the sad heart of the forest is a sweet and plaintive wail; and the geese go over flying down the arching heavens crying loud alarms, as if winter fairly had them by the tail.

You would think to hear them hollow that a blizzard were to follow, and that Boreas had stung them where they couldn't stand the pain; but we know them pretty fairly by this time, and it is rarely that we ever look for anything beyond a little rain.

But it's not so bad to seem, Nor amiss to want to be them— They are free, which makes a married Man look at them more than once; And a thoughtful contemplation Of that wedged aggregation Is not, anyhow, exactly What made any man a dunce.

It arouses his suspicions That too many politicians Have to do with the direction In which human kind is bound; And he wishes it were fated

That we might be recreated And begin again at Eden With a new deal all around.

But howeverwise it may be, this November is the baby for that plenty which is pictured with a long Pandora horn from which sustenance is pouring in abundance on the flooring in the shape of sweet potatoes, pumpkins cabbages and corn.

All of us know that old picture, And it's what November's like When the days are soft and hazy And the farmer's on the hike With his corn and his hog killing, Till he's all but out of breath, With exertion lest the people In the cities starve to death.

The November flower is the crysanthemum. To wear a red or pink one signifies love, a white one indicates that you are for Cook, a green one that you are for Peary, and a brown one indicates that you do not know what to think. November's birth stone is the topaz, and it is a good thing to be married in, love pirates being too much occupied with getting into winter quarters to be chasing and boarding occasional bliss.

After Thanksgiving, the greatest day in the month will be the ninth, which is the day the Pilgrims landed. There will be a big celebration at Plymouth Rock, with a parade by the trusts and speeches by Messrs. Aldrich, Morgan, Rockefeller, Cannon and other active friends of liberty.

On the fourth, fifth and sixth Mr. Bryan will make a few short amiverrary dashes around the house for old time's sake.

Notice to City Tax Payers.

The State of Texas, County of Mitchell Notice is hereby given to all owners of property subject to taxation situated within the limits of the City of Colorado, and to all City Poll Tax payers, that on the 1st day of November, A. D. 1909, I will begin the collection of the City Taxes levied for the current year. The total tax levied amounts to 55 cents on the \$100.00 valuation, and the poll tax is \$1.00. All taxes become delinquent on and after the 1st day of February, 1910. See me in my office over Jake's restaurant.

Witness my hand and seal, this the 21st day of October, A. D. 1909. ERNEST KAATHLEY, City Tax Assessor and Collector, City of Colorado, Texas.

Why waste time seeking it elsewhere?—Shepperd has it and at prices that are right.

Gus Bertner Leaves Colorado.

When the Robertson Insurance Law became effective two years ago, the New York Life Insurance Company withdrew from the state of Texas, and many of its most productive agents had either to seek other fields or go over to other companies. Of the former, Gus Bertner, who by virtue of his past success, was given choice of territory in other states. He chose Arkansas, and since that time his success in that state has been, if possible, more pronounced than it was in Texas. His family and home have remained in Colorado; but his business now demands so much of his time, that he has concluded it best to remove to Little Rock, where they will hereafter make their home.

It is with no small regret that the people of Colorado bid adieu to Mr. Bertner and his most estimable family. They have grown with the town and become an integral and important part of its history and activities. Coming here in 1885, when the town was in the heyday of boom, he has taken the good with the ill and won out most signally. In 1906 he went into the insurance business and rapidly rose to the responsibility of a prosperous agency, and acquired a most substantial competence. Aside from his land and town realty holdings he holds a generous amount of stock in the Colorado National Bank, one of the strongest financial institutions in West Texas, being on the honor roll of national banks. He will retain his seat on the board of the directors.

There are more than 200 agents of the New York Life, who have a record of writing \$200,000 insurance per annum, and a club of these favored few has been formed for the promotion of still greater records and the securing of both honors and substantial premiums. Mr. Bertner was honored at the last meeting of this club with a position on its board of directors.

He will leave this week and his family will follow him to their new home about December 1st. The Record, in behalf of the entire citizenship of Colorado, expresses the sense of loss the community feels, and heartily commends this most excellent family to the people of Little Rock, as in every wise worthy their highest esteem.

Any community where Gus Bertner casts his lot has acquired not only a public spirited, generous handed citizen, but an active factor for morality and good citizenship.

The best goods we could buy. That's the kind you will find in our place. Let us make your suit by Thanksgiving. Manuel, the Home Tailor.

Hesperian Club's Entertainment

The first number of the Midland Lyceum course under the management of the Hesperian Club was given Friday night at the opera house. This was the Rachel Steinman Concert Co. and proved to be one of the finest musical productions Colorado has ever enjoyed. The house was filled, and when, as an encore, she gave Dixie, nothing more could be desired. Her grace, ease and exceptional power held her audience from the first. Miss Veitch with her piano and 'celo solos was certainly an able second to Miss Steinman and each of her numbers were heartily enjoyed, and her 'celo rendition of Annie Laurie will remain always with lovers of that dear old ballad. The reader, Mr. Winters, was the very best our town has ever had. His interpretations were so natural and personal that each one in the audience felt as if they were being addressed separately. Personally all three were delightful socially and the Club ladies consider themselves extremely fortunate to have had the pleasure of meeting and hearing three such artists. The next number of the course "The Eurika Glee Club" will come the first of December.

Van Tuzal Ranch.

Mr. Editor: Uncle Andrew is awful busy but will take time to write some of the news to the Record.

Our community is progressing nicely—prospectors are among us often. Mr. Citizen I think your proposition for the Record correspondents is all right. I would be glad to see some of the best writers take the lead. I believe there can be much benefit derived by discussing such a proposition especially by those who follow farming as their occupation.

Mr. Harry Landers sold 80 acres of land lately to an Eastern man. Mr. Harry Langford is having a well drilled on his place by a steam drill. S. S. Gardner had a fine Jersey milk cow to die. The cow was valued at \$75.00.

J. M. Bailey has received into his home a young lad about 17 years old. The lad is from a Rescue home in Fort Worth. We extend to him a welcome in our community.

Born, to Joe A. Powell and wife a girl on the 17th of October. Landers school house people have purchased some new song books and they are talking about getting an or-

gan. Mr. A. P. Moore attended a burial of his nephew in Colorado this week, the remains were shipped from New Mexico to Colorado.

A horse fell with W. R. Powell while riding after a cow Saturday. The result was a pretty bad bruised face on W. R. but not serious.

Mrs. Clara McCasland visited Mrs. Emma Powell Saturday evening.

Mr. L. T. York and family visited Mr. S. S. Gardner and family Sunday. Mr. Sam Hale and family visited Mr. Cook and mother Sunday.

Clyde and Miss Bula Gardner visited at Mr. Wimberly Sunday.

The visitors at Joe A. Powell Sunday were Mr. Clarence Bagwell and family, Mr. Fred McCasland and family, W. R. Powell and family and Miss Carrie and Willie Bailey.

A nice singing was held at the Landers school house Sunday evening.

Health of our community is excellent. "UNCLE ANDREW."

LOCAL NOTES

Miss Ruth Nichols and little "Marty" went to the Dallas fair last Friday.

Why don't you get your hat at Mrs. Jas. DeMoss?

H. C. King, who was to have gone to Seminole, Gaines county, this week has been suddenly attacked by inflammatory rheumatism, which has laid him up for a spell.

We carry a nice line of Queensware. H. L. Hutchinson.

Tom Morris came in from Roswell Saturday and reported all the former Coloradoans there doing well.

To show our line of window shades means a sale. H. L. Hutchinson.

B. F. Hall, the blacksmith, has gone to Snyder and Post City, where he will work for a while.

We want you to call and inspect our rockers. H. L. Hutchinson.

To Trade—House and lots for land; will pay difference in cash. Address Lock Box 687, Colorado, Texas.

W. L. Doss returned Saturday night from a business trip to Dallas and the fair.

What is the newest thing in neckwear? Go to Mrs. Jas. DeMoss and you will find the latest novelties in the pearl neck chains.

Col. A. B. Robertson of Fort Worth, came out Monday to look after his extensive interests in West Texas.

Don't let your hair look lonesome. You can get an elegant suit very reasonably at Mrs. Jas. DeMoss.

Tobe Crawford of somewhere in Jones county—oh, yes, of Hamlin or Hambling, and an earstwhile resident of Colorado, was circulating among us this week.

Commissioners court meets in regular session next Monday.

The fire horses are getting on to their job right along. When the bell taps, they don't wait for a slow coach, but get under the harness in a jiffy and are off like a flash.

T. R. Witten has the best oak wood and McAllister coal and good oak wood—but its cash.

J. S. Crumpton, a leading attorney of Lamesa, Dawson county, was a Colorado visitor last week. The Record had just finished a brief for him, in which quite an important case was involved.

If you don't buy of me we both lose money. Come around and see how you can improve your appearance by wearing one of our classy one-price dresses or tailored suits Mrs. Jas. DeMoss.

The parents of Dr. Theo. C. Merrill of Cornell, New York state, are here and will spend the winter with their son. The Record welcomes them to the healthiest city in the great southwest, and trusts their stay will prove both pleasant and beneficial.

For Rent—Good 5-room house, well located and in good repair. Will rent cheap to good and permanent tenant. See J. S. Vaughan at Feed Store.

The entire Lasker block on the south side of Second street has a splendid new concrete walk in front of it. It adds much, not only to the looks and value of the property, but to the convenience of everybody as well.

See the new belts at Mrs. Jas. DeMoss.

C. P. Connoway, living south of Westbrook, and an old timer in this county, was in town Saturday, and reports that his crop was just "a leetle short" but that he hopes to pull thru with the mules and cattle he has raised.

For Sale—At a bargain; four head good horses, seven head choice milk stock. See M. T. Crawford, Colorado, Texas.

Earl Morrison spent Tuesday in Abilene on business connected with the trustee work of the Arbuthnot stock.

Going to paper? See the bargains in beautiful remnants at Doss' drug store.

Lorraine reports three gins running day and night with 16 stands each, turning out about 100 bales per day. Lorraine will ship more cotton this season than last year and it is reported that two thirds of the county crop will be raised in the Lorraine territory. The Record congratulates our sister city on its good fortune.

Manicure specialties are a bargain if gotten at Doss' drug store.

The C. A. Arbuthnot stock of drugs was sold by order of the federal court last Monday, and was bought by the Meyer Bros. Drug Co., of Dallas, for one H. V. Johnson, for \$1,510 cash. This will give the creditors about 25c on the dollar. It is not yet known whether the stock will be reopened here or moved away.

Special bargains in remnants of wall paper at Doss'.

The error was not wholly the Record's. We can only tell it as its told to us. We had the notice in type that Dr. Phenix was called up to the Slaughter ranch to attend its distinguished proprietor, but was positively assured that it was all a mistake—that it was a horse's shoulder instead that needed mending. Hence the mistake.

McAllister coal and good oak wood at the Witten yard; but its cash.

Mr. M. E. Moore, son of Mr. and Mrs. W. M. Moore, who was raised in Colorado, died at Roswell last Friday and the remains brought to Colorado for interment, which occurred in the Old Fellows' cemetery Sunday afternoon at 3:30 o'clock. He was an engineer at the time of his death, on the Santa Fe road, and was 25 years of age.

Manuel's phone is 56—Your clothes called for and delivered.

The address of Rev. Norman F. Marshall at the tabernacle Sunday afternoon, was a most excellent and timely one. His subject was "What is a Man Worth to the Community?" It had been well if every man and boy in Colorado heard this practical and helpful talk. The Brotherhood hopes to have Mr. Marshall speak for them again. The welcome accorded Mr. Marshall and his family by the people of Colorado, has been more than justified by his ability as a preacher and his example as a man.

If you don't get your suit from us come around and let us match it in a hat, veil, gloves, waist, drop skirt, collar pins, etc. Mrs. Jas. DeMoss.

Mr. Frank Free of the Plainview community and Mrs. Nora Yates of Lorraine, were married at that place Sunday afternoon at 3:30 o'clock. Mr. Free is the Record's esteemed correspondent at Plainview, and the Record congratulates him on winning so estimable a lady as Mrs. Yates. In common with the friends of both we wish for them all the joys and an absence of any of the trouble that may accompany the blissful state of matrimony.

Don't fail to get your hat from Mrs. Jas. DeMoss for neither of you will be satisfied.

The interest of S. T. Shropshire in the Colorado Gin Company was sold last week to Ward Gross. This is the oldest and most popular gin in the county, having done an immense business since the first season it was opened for business. The acquisition of this interest by Mr. Gross will bring into the business an even greater popularity and business experience, which will make themselves felt in the increased business of the gin, as Mr. Gross' connection with any business is a synonym of success.

Oh you Turkey, November 25th. Order your Thanksgiving clothes now. Manuel, the Home Tailor.

B. L. Cooper and family returned from the Dallas fair Sunday night.

Rev. M. Phelan, financial agent for the Stamford Collegiate Institute, paid his Colorado friends a visit this week. He reports the Institute as in the most flourishing condition of its history, having 300 more students than at this time last year.

\$1.00 for cleaning your watch. COOPER.

Pastor W. M. Elliott of the Presbyterian church being absent in a meeting at Toyah, the pulpit of that church will be filled next Sabbath night and morning by Rev. Gilmore Smith. All are invited to worship with them.

For Rent—3-room house with free water. C. C. Graves.

Jim Bellah returned this week from a circuit around the state, and reports no place like Colorado.

20 per cent Discount for Cash

The season is advancing and we find that we are overstocked on certain lines in our different departments. To convert this stock into CASH we propose to inaugurate a 20 per cent discount sale on certain lines. These goods are excellent values at the present prices but our profit will be sacrificed in this 20 per cent discount sale.

It is not our purpose to conduct a big "Hulla-ba-lo-sale" with a loud blowing of horns but instead a straight, legitimate 20 per cent discount sale on certain lines of dependable merchandise.

Our goods are always marked in plain figures and positively one price to all is the rule we adhere to strictly at the store of
