#### Your Christmas Printing.

If you are contemplating any special printing for the Christmas holidays, let us ask you not to put it off till the last minute, when every body else wants the same thing done—right now. If you do this, you will be sure to get your own work and make it surer for the other fellow to get his also. And, do a little thinking about your holiday advertising. Many know about what they will give, and can form some idea of what their advertising should be. A little forethought will help us both.

One of the early offerings at the opera house December 16th will be "The Wolf" by Eugene Walter, author of "Paid in Full" and "The East-West Way." It is a romantic play, depicting the adventurous life of the natives of the Canadian Hudson Bay country, whither penetrates a young engineer of some charm and no morals. He tries to throw the spell of his evil fascination over Hilda MacTavish, the daughter of a trapper, and the attempt in the end costs him his life. The action transpires in one day and the period is the present. An excellent cast, headed by Andrew Robinson is promised.

POSTED—My pasture south of Colorado is posted as the law directs and all trespassing will be prosecuted to the fullest extent.

## A Preliminary Meeting

### To Consider the Proposed Railroad from Robert Lee to Colorado.

#### Surveys and Estimates of Construction Finished, Next move is up to Colorado to secure a "Long Felt Want"

A meeting of the Executive Board of the Commercial Club, together with a few prominent citizens was held Tuesday evening of this week in the fire hall to hear the report and proposition of Mr. Hammock from the Colorado-Concho Railway Co. Mr. Hammock is a railway promoter, representing ample capital in the East, including the Southern Trust Co., at Little Rock, Ark., of which Judge Cavanaugh is the head. It is the generally conceded opinion that the great Frisco system is behind Mr. Hammock in this move, and if so, Colorado now has a chance to get an important branch of one of the great trunk lines of the state. Mr. Hammock explained at this meeting his purpose to build a road from Colorado to Robert Lee a distance of 50 miles; that Robert Lee had already pledged \$50,000 bonus, depot grounds and right of way through Coke county, and he asked Colorado to join in with this road. The Robert Lee people explained that they did at least one-half million dollars business each year with San Angelo, and if Colorado would help them get this road, all of it would be given to Colorado. Mr. Hammock's proposition to Colorado is substantially as follows:

If the town and county will give as a bonus \$125,000, with right of way from Colorado to south line of county, depot grounds and land for terminals the Concho Railway Company will agree to build the road from Robert Lee to Colorado—50 miles—make Colorado the division point put the round house, machine shops, and general offices here permanently. To begin the work June 1910, and complete it not later than October 1911. Not one cent of the bonus is to be paid until trains are running into the depot at Colorado. Mr. Hammock was then questioned by those present and it was brought out that this 50 mile road was only a beginning; in fact he pledged that work would begin both north of Colorado and south of Robert Lee long before the 50 miles would be completed, and it was further brought out that there was more in this proposition than appeared on the surface, for it was ascertained that a great railroad system was behind him.

The matter was freely discussed in open meeting and finally the proposition was accepted by the Club in so far as they could accept it, for the people. It is further learned that a crowd of people would be here on Friday from Robert Lee, also from Snyder to talk railroad; so it was decided to hold a rousing railroad mass meeting at the opera house on Friday evening (today) at 3 p. m., and every citizen of Colorado is urged to be present if possible. A preliminary survey has been made of this line, entering this county through the McKenzie ranch, up through the Tuft, Van Tuyl and Ellwood ranches,

passing through Wulfjen's place, striking the T. & P. near the water works, and in all probability the road will pass through East Colorado. It is now up to the town to do its part, and as we have nearly 2 years in which to pay the bonus everybody should subscribe liberally, when the opportunity is given. It is hardly possible to estimate the importance of such a road to Colorado, and its acquisition would well be worth all the time, work and money necessary to land it.

Gail, Tex., Nov. 29, 1909.  
Mr. C. W. Simpson, Colorado, Tex.

Dear Sir and Friend:  
I see by the papers that Colorado is having railroad surveying done. We would like very much to get in touch with those parties if there is any possibility of being able to interest them this far up. We can raise them a nice bonus and the right of way.

I would appreciate it very much if you would give me the names of the parties to write to. We are having a rain today the best in a year, or more. Hoping to hear from you soon, I am your sincerely,  
D. DORWARD.

#### West Texas Development Club.

This organization succeeds the Central West Texas Federation of Commercial Clubs, and each local club will continue the same relation as to the old organization. Its object will be the development of West Texas on broad and definite lines. Every town ought to be in the movement, and Colorado should send a strong delegation to San Angelo on Monday, December 6, at which time the first meeting of the new organization will occur. San Angelo is a live wire and does things right now. Perhaps a Colorado delegation might "catch a vision" by rubbing against a progressive town like

Angelo, and infect the rest of us, by going down to this meeting. President Webb, of the Commercial Club, will doubtless see to the appointing of a suitable delegation to attend this meeting.

#### Mitchell County Teacher's Institute.

The Mitchell County Teacher's Institute was called to order one hour late Monday November 29, on account of the inclemency of the weather. Judge Coe acting as chairman.

After prayer by President, the day's program was taken up.

The organization was held over until the afternoon session.

The following officers were elected: President, J. C. Helm, of Loraine; Vice-President, M. L. Hill, Cuthbert; Secretary, Miss Georgia Mewshaw, of Loraine.

The afternoon session was interesting. A motion was made and lost to begin with the afternoon program. Therefore, the left over number was at Mr. Hill's request, discussed by the Institute.

Miss Terry's paper on Geography was highly appreciated, followed by a short intermission.

Motion was made and carried that Mr. Rodgers give his discourse on how to teach the adopted Geography which was very instructive. Mr. Rodgers is editor of the Texas School Magazine and a very enthusiastic man on teaching Geography.

Below will give the names of the teachers and where they teach.  
J. C. Helm, Mrs. J. C. Helm, Mrs. Collier Perry, Miss Ida Hale, Miss Lillian Davis, Miss Georgia Mewshaw, Loraine.

J. A. Summerhill, Mrs. J. M. Caton, Westbrook.

#### Our New Methodist Preacher.

Rev. W. E. Lyon and family reached Colorado last week and began his pastoral duties at once. He comes to us highly endorsed as a minister and a useful citizen. Owing to the extreme inclemency of the weather Sunday, services at the churches were not attended, hence our people did not have an opportunity of hearing Rev. Lyon. He must be an able preacher, and an influential man if he is sent to Colorado to fill the place of J. R. Henson, and the Record welcomes him on behalf of the people of Colorado, assuring him that his lot has been cast among a faithful, hospitable people, and responsive to the call of duty, and hopes both he and his family will find their sojourn among such a people, pleasant and profitable unto all good works.

#### Your Kindness is Appreciated.

From the acts of kindness and expressions of sympathy by my friends in my recent loss by fire, I desire to thus publicly express my gratitude and thanks. Such assurances go far to mitigate such adversities. I am temporarily located in one of the Simpson buildings west of my former place, where I shall be pleased to see all of my old customers. Thanking you for your patronage and kindness, I will show my appreciation by greater efforts to please you.  
J. O. McCRELESS, the Grocer.

#### Browne-Ratliff—Infair Dinner.

Mr. John D. Browne and bride, Viola, of Llano City, came in Tuesday evening and found a carriage ready and waiting to convey them to the home of the groom's father and mother, Mr. and Mrs. N. P. Browne, where they found many friends and relatives waiting to greet them and to partake of the nice dinner which was served to taste and had been prepared purposely for the occasion.

The groom is one of Herbert's most noble young men while the bride is one among Llano's fairest flowers and for them we wish a long, happy and prosperous life as they journey down the road of time together.

A FRIEND.

#### You Can't Do It.

You may be able to shingle the roof of your mouth, pick the teeth of a gale, sit on the lap of time, raze a grain elevator, punch the eye of curiosity, shoe the hind feet of fate, gather the stars in a nail keg, hang the ocean on a grape vine to dry, wipe the nose of a cyclone, cut off the tail end of a tornado for a keep-sake, put the sky in the ground to soak, shake the hand of time, unbuckle the corn belt of U. S. and open the sun and the moon as health resorts—but never, never be deluded with the idea that you can get as neat a fit in a tailor-made suit, or get your clothes pressed as well, or cleaned as well unless you take them to the "One price to all Tailor-shops," Jim Coughran, proprietor.

FOR SALE—Half interest in the Scott & Nunn wagon yard, also a 7-room residence in South Colorado on one and a half acre lot, well, windmill, two cisterns, good barn and other improvements. A very desirable home. For particulars see or write A. L. Scott, Colorado, Texas.

Phone your order for wood and coal to T. R. Witten; he has the best—for cash.

**ONCE WASTE—NOW WEALTH.**  
About a quarter of a century ago cotton seed was thrown away as absolutely worthless. Today, products representing an enormous total are made from this once-despised cotton seed. Improved processes of crushing and refining the oil have resulted in a product equal to the purest olive oil in nutritive value. From it is produced a cooking fat (called Cottolene) which is claimed by physicians to be purer and much more wholesome than lard, and it is much more economical as well. As this fact becomes generally known the use of cotton seed oil in the form of Cottolene will be practically unlimited.

**Ladies Bazaar.**  
All those wishing to place articles on sale with the Bazaar to be conducted by the ladies of the Baptist church, will have them on hand at the Club Rooms on Friday, December 10. This is important and those interested will please comply with the request.

**Posted Notice—Keep Out.**

A nice rocking chair makes a most suitable present for your inamorata. It's a pleasure you both can enjoy by sharing. Jas. Greene has them.

Mrs. A. H. Webb left this week for a visit for Round Rock, Williamson county. Mrs. Webb requests us to announce that the parties stopping at her home last spring and taking orders for picture enlargements, are very probably frauds, as they beat her for their board bill and destroyed the original pictures they had collected to copy, and for which they had collected pay in advance. She asks this statement to be made, because the victims are still calling for their pictures, which she says were thrown in the fire and destroyed by the sharpers.

A beautiful and useful article of furniture, makes a Christmas present that will not fail to delight the heart of any—whether old, young, sensible or sentimental. Try a nice rocking chair. Jas. Greene.

**What? Another?**  
While in Sweetwater Monday, we were told by a leading citizen of that town that a most generous offer had been made by that city to Mr. Robt. M. Webb to go there and assume charge of the construction of its system of water works. A bond issue of \$75,000 for this purpose had been provided and an up to date plant would be put in. Believing Mr. Webb to be an expert in this line, this offer had been made him. He was also given assurance that his interests would in no wise suffer if he accepted the offer. Asked about the proposition, Mr. Webb would not commit himself either way. Mr. Webb is a hustler in everything he undertakes, and leaving Colorado would be an actual loss to the energy and vitality of the community. The Record hopes he may see his way to remain in Colorado, for which we believe there are yet many good things in store—if we will but unlock the door.

**Letter to John I. Doss.**  
Colorado, Texas.  
Dear Sir: A bank messenger lost a small coin. He set his bag down and looked for it. Found it, but somebody else had run off with his bag. A man who is going to paint had better look-out for his gallons. Devoe is the least gallons paint.  
It's gallons that cost; it isn't the price of a gallon. With one paint, 10 gallons is plenty; another, 11 or 12 or 13 and so on to 22 gallons; and every gallon has to be paid for and painted—\$2 to \$4 a day for painting paint stuffed out with some sort of white-wash. The less the price of a gallon, the more the gallons.  
Bank messengers better look out for their bags and not stop to hunt for small coin; and property owners better look-out for the gallons that make the expense, and not for the price which has nothing to do with it.  
Yours truly,  
F. W. DEVOE & CO.  
P. S.—W. L. Doss sells our paint.

**For Sale or Trade.**  
Good residence in Snyder, also a good home in Colorado, for sale, small cash payment, balance long time. Will take good team. See or write A. J. Herrington, Colorado, Texas.

**The Needle Work Guild.**  
The Needlework Guild of Colorado closed its year's work with the first week in November, and the garments which had been collected were distributed among the various charities in time for Thanksgiving. Three hundred and ninety-four garments had been contributed, and they were sent to the following charities: Buckner Orphan's Home, Dallas; Juliette Fowler Home, Grand Prairie; Methodist Orphanage, Waco; Presbyterian Home for Children, Flies Valley; Rescue Home, Dallas; St. Mathews Home Dallas; Union Benevolent Home, Ft. Worth.

While the directors are gratified that the collection is larger this year than last, they are very anxious to increase it for the coming year. Anyone wishing to join the Guild can do so by contributing two new garments. Those suitable for winter wear are preferred.

The following ladies are directors, and anyone of them will be very glad to receive a new member's name, or give any desired information regarding the Guild: Mesdames D. N. Arnett, A. A. Bailey, Q. D. Hall, J. E. Hooper, C. T. Harness, H. Landers, T. H. Roe, M. B. Smoot, S. N. Sherwin, B. S. Van Tuij and Robt. M. Webb.

**THE ALARMING INCREASE OF BRIGHT'S DISEASE.**

"He died of Bright's Disease." Hardly a week passes that this statement is not made in reference to some prominent citizen.

The increasing prevalence of this disease makes the present time seem most opportune for discussion in the hope that some who are unconsciously afflicted with this dreaded disease may receive timely warning.

A prominent citizen residing in a nearby town informs us that he suffered for nearly a year from Bright's Disease, but that he recently affected a complete cure.

"What seemed to be the first indications of the trouble," was asked.

"They seemed hardly worth noticing. My digestion bothered me at times, my stomach seemed out of order, and I had occasional backaches, but I thought it was due to too much work."

"Did you take anything?"

"I did not. Later, my strength failed me, I had severe pains in the back and noticed some irregularities of the urine, I couldn't sleep well at night. I then used some simple remedies, but without benefit."

"Did you realize that your trouble was Bright's Disease?"

"I never thought of such a thing. Finally, my condition became serious. My back ached all the time, I had shooting pains in my joints and a weak tired feeling at the knees, a little work played me out completely. I then began doctoring for kidney trouble but did not improve very much."

"Did you have any trouble with your heart?"

"Yes. I had spells of heart throbbing and a nervous faint feeling. I thought I had heart disease and treated awhile for that. Nothing seemed to help me. I had to give up trying to work."

"How did you affect a cure?"

"A friend of mine persuaded me to try Prickly Ash Bitters. I bought a bottle of my druggist. After taking it a week I began to feel some better, my urine became more natural and there was a gradual lessening of my misery. I kept on taking Prickly Ash Bitters for several weeks and I could feel my strength returning—slowly at first—but increasing daily. I am now entirely cured of my trouble and able to do a full day's work without the least fatigue. I consider Prickly Ash Bitters the grandest kidney medicine in the world."

Thousands of people attest in like manner to the wonderful benefit derived from Prickly Ash Bitters. It is a time tried and successful remedy for Bright's Disease or any disorder of the kidneys.

Prickly Ash Bitters is an invigorating system tonic and regulates all processes important, properties for clearing ailments of the stomach, liver and bowels in addition to its great power in the kidneys. It is a valuable article to keep at home, where a dose or two can be taken whenever needed. When used for any disorder in the kidneys, stomach, liver or bowels it is the right medicine in the right place.

When the people of Sweetwater realized that they could secure the shops and other utilities of the Santa Fe system by spending money to secure them, went down in their pockets and dug up. They paid to Mr. Jim Dulaney, brother to our "Doc," Dulaney, the tidy sum of \$61,000 for a section of land on which to build the railroad improvements. That's what they thought the enterprise would be worth to them.

We carry a nice line of Queensware. H. L. Hutchinson.

Gardner Harness showed us an abstract this week he had just finished. We know little of such things in a technical way, but if neatness and painstaking accuracy go to make perfection, it was perfect. It comprised 35 typewritten legal size pages and contained plats that would have done credit to an experienced surveyor.

# Santa Claus:

I want you to please bring me a gun—two guns—one popgun and one with markers to shoot at and a train and a well that you wind up and Nellie wants a set of furniture and a washing outfit and a big doll, of course, and I want a harp and a champagne bottle, whistle and a long horn and the baby wants a blow rattle and a negro baby with a nurse bottle and I want an iron race cart and an automobile and Sallie wants a set of dishes and a doll bed and a stove that cooks and a handkerchief box and Tom wants a tie rack with a pretty girl on it and a cigar case and Kate wants a christy picture and a writing pad and a pencil box and mama wants a Japanese chocolate set and a hand painted berry set and Papa wants a traveler's set and smoking set and Kate would like a new hat and a coat suit and a scarf and a new row of puffs and some cold cream and face powder to make her pretty when Bob Smith comes and I wish you would bring the baby one of those pretty new coon skin coats and Mama a fur collar and muff.

Now Santa you will find all these things and anything else you might want to bring at Mrs. Jas. DeMoss' across the street from the Alamo Hotel. I have seen them all and know you can get everything you want right there.

I've been good all this year. Please go before the stock is all picked over.

YOUR FRIEND,  
P. S.—I nearly forgot to say at Mrs. DeMoss' they give trade checks on all cash purchases good for their face value in toilet articles. For example when you get a trade check, say for \$1.00 go to the toilet article counter and add \$1.00 to it and get \$2.00 worth of these goods. Premiums also go with these goods. Remember these trade checks are good only until Saturday night, December 11th. Call for the trade checks, at the De-Moss Store.

Friends of the Contracting Parties Give Material Evidence of Good Wishes.

A most delightful and original "shower" was given Miss Nell Rudick Wednesday afternoon at the home of Mrs. Crockett; she and Mrs. McKenzie being the hostesses for the occasion. At four o'clock a large crowd gathered and were greeted by the ladies and their little daughters while the packages each brought were hidden away. Miss Graves delighted all with her beautiful solos and at the right moment a wedding march was begun and the blushing bride-elect, beautiful in braided old rose satin with picture hat of white was led into the parlor by the tuxedoed groom, Mr. Greene. He and Judge Crockett being the only grown gentlemen allowed present. Behind the honoree there entered a wagon wreathed with flowers and autumn leaves drawn by a goat with W. P. Crockett as driver. Miss Reaville stepped forward in the hush that followed and thus greeted Miss Rudick:

We've been told in a poet's pride, That marriage is an empty dream; But from these glad surroundings, An ardent falsehood it would seem.

We have met today a happy, merry little band with light hearts and heavy laden hands.

With gifts of sweet friendship that should ever tell of bright hopes and best wishes for our little Nell. May her life be a string of pearls so fair, With never a shadow of doubt or care. She will never forget this house or scene. For in her heart of hearts will be ever—Greene.

Now the packages were opened, Miss Majors assisting and reading the good wishes and Mr. Greene aiding in taking care of them. There were all kinds of articles, beautiful dainty and useful, and more beautiful. At last the bottom of the wagon was reached and the exquisite things were heaped on every table a speaking testimonial of the love borne by all for Miss Nell.

Delicious salad with coffee was now served by the young ladies present and a few minutes chat was enjoyed before good-byes were said. This is only the beginning of a round of social affairs planned in honor of this sweet dainty young lady who has been raised among us and is loved for her sweet Christian and social graces.

Saturday afternoon Miss Ethel Majors entertained the young ladies 42 club in honor of its bride, Miss Nell Rudick. This entertainment took the form of a "linen shower" and was most artistically carried out. After all had arrived the doors of the parlor were opened and the bride led the way while a wedding march was played. The room was decorated in holly and the bride-elect was seated in front of the fire place a big screen slumped aside revealing a chimney filled with holly with a jolly little Santa Claus with a pack on his back. The pack contained the linen which was "showered" at the feet of the honoree. It may have been little Lillian Majors who was Santa Claus, but the gifts were surely real and each very beautiful. Three young ladies from Snyder who came down for the wedding were among those present. When all the packages had been opened a delicious salad course was served by the hostess. The Colorado girls certainly are encouraged by their friends to say yes to their lovers, in witness of this think of the lovely affairs given in honor of our brides. Those in honor of Miss Rudick, because, of her sweetness and popularity have been especially elaborate.

Saturday evening the same gay crowd met at the home of Mrs. Jim Johnson to make fudge. This was a "secret" meeting but from what has leaked out this was one of the gayest and jolliest affairs of the week. If any gentlemen were admitted we are sure they found lots of sweetness of lots of kinds.

Friday afternoon at the home of Mrs. J. L. Shepherd the Hesperian Club very pleasantly entertained in honor of Mrs. John T. Johnson who is soon to leave the Club and the town. The regular program for the day was given. Mrs. Dolman being leader as well as presiding officer in the absence of Miss Dry who was in Roscoe at a Teachers meeting. Fine papers upon the Venetian Artists under discussion were given by Mesdames Collier, Shepherd and Payne. After which Mrs. Hazzard sang so very prettily that she was heartily encoered and sang a sweet little lullaby. This closed the program and now the visitors and club members were invited into the sitting room

where a table decorated with the club colors and filled high with packages as a surprise for the departing member awaited her. Miss Jo Dry in a pretty little speech presented Mrs. Johnson with a pretty Texas Spoon, with "Hesperian Club, Colorado, Texas," engraved in the bowl. This was the club remembrance. Next the dainty packages tied with white and green were opened. These were the individual expression of the love felt for Mrs. Johnson by the club and her friends present. The gifts were dainty, useful and pretty. When all were opened Mrs. Johnson sang most beautifully after which Mrs. Arnett craved while refreshments of deviled crab, tomato aspic, pickles, cheese, beaten biscuit, mince pie and coffee were served by Mesdames Shepherd and Merritt who had arranged this much of the afternoon's entertainment. The guests present were Mesdames Bell, L. C. Dupree, J. P. Majors, Jim Smith, Lupton, Bass, Pierce, Raymond Johnson and Miss Arnett. The club will have an open meeting Friday with Mrs. Brennan, she, with Mesdames Collier, Hazzard and Dolman being hostess.

Hesperian Club Entertained.

On last Friday afternoon, Mrs. J. L. Shepherd, assisted by Mrs. J. G. Merritt, entertained the Hesperian Club and many visitors, complimentary to Mrs. Jno. Johnson who is soon to leave us for Sweetwater. The regular program of the day was embellished by Mrs. Hazzard and Mrs. Bell, Mrs. Hazzard looked beautiful in a new gown and bonnet, and sang one of her most delightful selections. For an encore she gave the daintiest of Slumber Songs. Mrs. Bell, whose singing never fails to please, gave a beautiful song, the closing lines of which were made adaptable, and addressed to Mrs. Johnson. Her encore was equally pleasing.

After the program a nearby door was thrown open, revealing a room prettily decorated in the Hesperian colors of white and green. The invitations being given to enter, Miss Jo Dry begged Mrs. Johnson to go with her to lead the way. On entering a table loaded down with parting gifts of love, met the bewildered gaze of the delighted honoree. Uppermost among them was a Texas Spoon from the Hesperian Club which Miss Jo Dry presented with a pretty speech all her own, expressive of the love the club bears Mrs. Johnson, and the grief felt at her departure. Next the packages were opened. They were found to contain all sorts of "pretty things. There were dainty little powder "bags" for her face, handkerchiefs for her nose, collars for her neck, linens for bed and dining rooms toilet articles for her dresser, aprons hinting at work, dainty affairs for her personal adornment, even books for her brain, and best of all some of the loveliest little pictures by home talent. One by Miss Riordan was a dainty and exquisite woodland scene. Mrs. Dupree's was a booklet entitled "Where the Colorado Winds Its Way." It was a beautiful work of art, and contained two pictures, familiar scenes, which will with their loveliness, we trust, woo the receiver to return to gladden our hearts.

Of all our farewells none were sadder than this. Mrs. Johnson has so endeared herself to the Hesperian Club, and others of the town, that to give her up fills our hearts with aches and dims our eyes with tears. We do not know how we are to do without her. The time has come when we realize she is one of our necessities, and at the same time a wherever she goes our love will be round about her and each recurring Friday afternoon will find us wishing for her influence.

After the packages were all opened and our dear departing friend had endeavored to express her delight in words as we had already seen it in her face, the guests returned to the parlor to be refreshed by things as pretty, as good, and as good as pretty and all surpassingly pleasing.

So loth were all to say good-bye that the evening shadows had grown long, so long as scarcely to be discernable, ere all had taken their leave.

Long live Mrs. Shepherd and Mrs. Merritt for making possible so delightful an occasion. Delightful? Yes, though inexpressibly sad, it was a delight to be so charmingly entertained in a company of which one we hold so dear was a member.

What could make a nicer Xmas present than the Ladies Home Journal?

Pleasant Housewarming.

Friday evening the elegant new Prude home was thrown open and Mr. and Mrs. J. C. Prude were "at home" to their many friends. They together with Mr. McComas, Mesdames Love and Blume and Miss McComas, brother and sisters of Mrs. Prude greeted the guests who viewed the entire beautiful house aglow with lights and the pretty dresses of ladies of the party, while stately chrysanthemums of unusual size in vases and pots nodded from mantle and window. The arrangement of ferns and white and red chrysanthemums in the library was especially pleasing. Delicious punch was served in an angle of the hall by a bevy of pretty girls from a table dressed in a cloth of drawn velvet painted in grapes. On this rested the punch bowl garlanded in grape leaves and grapes. The young ladies, Misses Hooper, Adams and Hanner were kept busy filling the cups with this refreshing beverage. During the evening Mrs. Bell and Miss Adams each gave beautiful vocal numbers while Miss Reaville delighted the company with her instrumental solos. In the dining room dainty slices of white, pink and green cream was served with marshmallow cake. It is seldom that a more enjoyable social evening is spent than this. Mrs. Prude's sisters are old friends of many Coloradans and it was especially nice to have them present, Mrs. Love, Miss McComas and Mr. McCo-

mas are from West Virginia, while Mrs. Blume lives in Loraine. It is a joy to have this beautiful home in our town for with Mr. and Mrs. Prude's well known hospitality it is known that it will also be shared with and enjoyed by their friends.

The ladies of the Hesperian Club desire to thank the public for the liberal patronage received Wednesday night. It was a splendid audience and greatly helped them on the fund they are raising. The receipts were \$45 over and above the pro rata of the season tickets.

Texas and Pacific Teachers' Association Meeting Held at Roscoe.

On Friday morning the 26, eleven of Colorado's teachers, Misses Miller, McLure, Routh, Dry, Graham, Perkinson and Kennard, Messrs. Newley, Lowrey, Payne, and Superintendent McDonald made an able chaparone for this jolly crowd of teachers.

On arriving at Roscoe, there was a committee headed by the most efficient Superintendent of the Roscoe school, Mr. Hill, who assigned homes to all and we found Roscoe indeed in gala dress, and ready to entertain her guests that numbered something over three hundred teachers, basket ball pupils and visitors.

The first meeting was held at 11 a. m. (Friday, 26) at the Methodist church, with Mr. M. B. Johnson of Sweetwater, President of the Associ-

ation, presiding. We were formally welcomed by Hon. R. R. Haley, President of the school board, who was ably responded to by Superintendent Hudgins of Merkel.

The most interesting number on the program was that of Professor O. C. Button on Athletics in our schools who has founded the Button school for boys at Cisco.

After dinner we repaired to the high school building where we were divided in four different departments, Superintendents, Principals, Intermediate and Primary, each repaired to their respective rooms to do department work. After finishing the work in these rooms for the afternoon, all repaired to the ball ground, for a most interesting game of basket ball and other field amusements.

In the evening a most delightful reception was given at the home of Mr. and Mrs. McAdams, the decorations were of the West Texas wild ivy with its profusion of red berries. Here all were royally entertained. An intellectual feast in the address of Professor J. L. Henderson, of the University of Texas, Austin, was heartily enjoyed.

Saturday morning departmental work was concluded at the high school building. In the afternoon at the Methodist church, the following gave able addresses:

Hon. C. E. Evans, General Agent Conference for Education in Texas, Austin; President J. D. Sandifer, Sim-

mons College; President J. Duncan, Stamford Collegiate in Dun- Miss Daniels charmed all with her vocal selections and this kept the lengthy program from being long.

The Association closed by selecting Cisco as the next place of meeting Superintendent B. W. Hudgins of Merkel as the President of the Association.

The following resolution were adopted by the Association.

Since the overcrowded conditions of the primary rooms throughout the state make good teaching impossible and knowing that the best schools of our country allow only 20 to 30 pupils to the teacher, we, the teachers of the primary department of Texas and Pacific Teacher's Association beg leave to submit the following resolution:

Resolved that the maximum number of pupils in the primary grades should not exceed forty.

## Mr. Joseph Murphy.

The number of people who suffer from stomach trouble is beyond telling. Often, too, it is the strongest and most robust who suffer in this way. Joseph Murphy, 1726 W. Market street Indianapolis, Ind., was so afflicted and for years tried everything, but he was not cured until he took Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, which also cures constipation, indigestion and all liver and bowel troubles. It is absolutely guaranteed to do what is claimed, and if you would like to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

## Plainview Points.

Thanksgiving was spent by the people of this community very pleasantly.

Mr. T. J. Free and family, Mrs. G. C. Winchester and son, H. J. and J. A. Frey of Colorado spent Thanksgiving with H. J. Free. T. J. and J. A. were engaged in the sport of hunting.

Cloy and Vera Costin of this community spent Thanksgiving in Loraine Thursday with relatives.

There is no school at this place this week on account of the teachers attending the Institute.

Ella Free, daughter of T. J. Free, of Colorado, stayed a few days with her grandmother, Mrs. H. J. Free.

We had a fine rain Sunday and Monday. Will put a good season in the ground. We had some cold weather with the rain.

Wonder how Citizen is getting along with his proposition on modes of farming, etc. Hope he is progressing all right. I expect he needs some advice on that line. It is all right for a man to try to make his farm attractive but I don't believe this soil is suitable for broom corn. If anybody raises any broom corn tell us, I will throw in some on building a broom factory.

### LORRAINE LETTER

(Miss Lillian Davis)

The Thanksgiving services conducted by Rev. J. A. May were well attended.

Pearson Wallace who has been employed at the depot here has accepted a position with the T. & P. railway company at Kent.

Mr. and Mrs. Ab Pratt of Sylvester are visiting relatives and friends here this week.

Miss Annye Scott of Dallas, who has been visiting her sister at Portales, N. M., stopped off here Saturday night to visit her aunt, Mrs. T. J. Davis. Loraine is Miss Scott's childhood home. She having attended the first school ever taught in Loraine in 1892-93, her teacher was Mrs. Samuel Gustine, now of Colorado. Her parents then lived at the old white house now occupied by Miss Barkley and brothers. The principal mechanic who participated in the erection of the school building was alphabetical F. D. S. Pond, of Colorado. Mr. Pond then lived where Mr. Joel Porter now lives, he having first bought and settled that farm, and was a patron of the school. He was assisted in building the school house by his son Eugene who was then a school boy and has since become quite a noted architect.

The structure in those days was considered elegant and commodious. The little house has been moved from its original site, and now stands about fifty yards to the south of the depot. It has served various purposes other than school and church, having served as restaurant, butcher shop, photograph gallery and is now serving as a mill house. R. Estelle having a grist mill there, and grinding for the public.

The sight of this house brings back memories of other days. Once when the parents of your correspondent were coming over to Loraine to attend a school entertainment given by Mrs. Gustine and pupils, the first ever given in Loraine, they could plainly see the vivid flashes of lightning of the cyclone which destroyed Cisco.

Miss Scott left Monday night for her home in Dallas after having spent two very pleasant days with her relatives, talking over many happy reminiscences of the past, and setting out once more in her old home now occupied by Miss Barkley.

About twenty went from here to Roscoe Thursday night to attend the Minstrel given by the Girls Library Club. They pronounced it a great success. The girls intended to bring the play here Monday night, but failed on account of the inclemency of the weather.

All of the Loraine teachers, quite a large number of the students and others of our citizens attended the T. and P. Teachers' Association which convened at Roscoe the 26 and 27. On our arrival at the depot we were required to register; there were something over two hundred teachers who registered. Then we were assigned homes. It fell to our lot to be a guest in the home of our friends Mr. Tim Garland and sisters, and we truly enjoyed the hospitality of this pleasant home.

From our homes we were driven to the Methodist church where the morning session was held. After listening to the welcome address and response, we felt glad that we were a member of the T. and P. Teachers' Association. The paper on Athletics by Prof. Betton, of Cisco, was fine. The athletic games in the afternoon were enjoyable and we, of Loraine, felt proud of our boys, who won six out of the nine contests they entered.

Friday night there was a grand reception given the teachers at the elegant home of Mr. and Mrs. McAdams. While there, J. L. Henderson of the State University addressed the teachers in a very interesting and instructive manner.

The program Saturday was especially instructive. Talks were made in the different rooms of the school building on each department of the school work. The next association will meet at Cisco.

C. B. Beville of DeKalb, Texas is visiting his brother-in-law, Dr. Hays. Mr. J. L. Long and Jack Wimberly are off on a prospecting tour in New Mexico.

Will Jackson will leave soon for Yesso, New Mexico.

The merchants report fine results from their special sales; people coming from quite a distance, having heard of Loraine's fame as a trading point.

Rev. Irwin was rained out at the Methodist church Sunday and Sunday night.

Mrs. I. R. Wallis who recently purchased the J. H. Allen residence will take possession of his new home in the near future. We extend a hearty

welcome to this most estimable family.

Two cars containing merchandise were turned over on the track Monday and the wrecker had to come to assist in getting them back. The wreck was caused from the rails spreading.

The ladies of the Home Mission Society will have the box supper at the opera house Friday night December 3. Each box will contain a nice supper for two, and a card with the name of the young lady who prepared the supper contained therein. The boxes will be sold for 25c each. An interesting program consisting of music, readings, etc., will be given in connection. Everybody come and enjoy yourselves and help the ladies in this laudable cause.

Mr. Ed. Merritt of Lewisville, Denton county, is visiting his sister Mrs. J. M. Baker.

The family of Rev. J. L. Elliott will move to Lubbock next week. We regret to lose this good family, but our loss will be Lubbock's gain.

Miss Opal Templeton entertained a number of her young friends Friday night. After enjoying music, instrumental and vocal, and having a general good time, dainty refreshments of chocolate and cakes were served, and all these young people thanked their fair hostess for one more pleasant evening added to their happy young lives.

Mrs. Templeton is visiting her mother at Dunn.

Mrs. Wiley Altman went to Roscoe Monday to visit her mother, Mrs. Horton.

Mrs. I. W. Baker, who presides over the telephone office, leaves Tuesday for a visit to her mother at Johnson City, Blanco county, Texas. Already the genial smile has disappeared from our Postmaster's face, and a sad forlorn look has taken its place. Miss Parker of Roscoe will take charge of the Central office while Mrs. Baker is absent.

Mrs. Jim Galloway of Big Springs, is visiting her sister, Mrs. E. P. Galloway, of this city.

The rain, the glorious rain, has once more fallen—a good omen for the future.

The belief that is entertained by some that our moisture in these parts is dependent upon the snowfall of the Rockies is erroneous. Last winter was a record breaker in the Rockies for big snows, and also for a heavy precipitation in the summer, while

our Plains country was notoriously dry.

There are two conditions that must exist before precipitation can take place. First, there must be moist laden strata or currents of air. Second, these moist currents must come in contact with cold strata or currents which act as condensers. The moist currents must be chilled to the dew point.

The rainfall of a country is dependent largely upon the altitude and prevailing winds; our prevailing winds being from southwest they come to us dry, and we can only count on a precipitation when the winds have come to us from the southeast. There are places in New Mexico that have a precipitation of fifty inches, while not many miles distant the rainfall is meager and uncertain.

#### Fairview Facts.

"Sunshine" failed to shine, last week, but will burst forth in splendor (?) this week because for the temporary absence.

Again "It rains and the wind is never weary," and the day is "dark and dreary" enough to try the sunny spirit of even the most optimistic; especially since the rain prevented the fulfillment of Bro. Calloway's engagement to preach at Fairview today. The Fairview people intended to take dinner and have all day services, and enjoy themselves in the good old-fashioned way, but we were made to forebly realize the truth in the saying "Man proposes but God disposes," by the rain that has housed most all of us today.

Thanksgiving Day passed without any special recognition. We think the time honored custom of setting apart a day of special Thanksgiving, a beautiful one, still, each day we are permitted to live and enjoy the comforts of inspiring association of our fellow men; should be a day of devout thankfulness to our all-wise creator.

Mrs. Webb, and Misses Viola Ellis, Ella Bayes and Rosalie Webb, came down from Snyder to spend Thanks-

giving with Mr. and Mrs. J. M. Donk and remained the rest of the week.

Professor C. S. Martin, who will teach at Seven Wells this year visited at Mr. J. M. Casey's this week.

Mr. George Goodwin and family spent Thanksgiving in Colorado with relatives. Miss Christie Maxfield came home with them to stay awhile. We are very glad to welcome Mr. Tom McGuire home from college, where he has been the entire fall.

Mr. Paxton Evans is also expected in today from College. Fairview is glad to have her boys back.

Guy Casey came in to see home folks Friday. As the river got up he will have to prolong his visit longer than he intended. He left Sunday afternoon to take his sister Veleria and Professor Martin to Colorado to attend the Institute.

A number of our lads and lassies attended a party at Mr. Nathan Womack's in the Cuthbert community Thursday night.

Mr. and Mrs. Tom Smart entertained with a 42 party Saturday night in honor of their sister, Miss Vivian Smart who is visiting them.

Mr. Ladd, a former newspaper man of San Angelo, who conducted the Press-News, was doing business last week in Colorado. He is one of the few who reform and lead law abiding lives after once getting printer's ink on their clothes and the smell thereof in their nostrils. He is now a commercial traveler and tells us in confidence, that he finds the strain on the conscience in his present vocation about the same as in the newspaper graf—er trade.

Going to paper? See the bargains in beautiful remnants at Doss' drug store.

Four wagon loads, averaging 25 bushels each, of sacked peanuts were brought in Friday and found a ready market at a good price. Every farmer who has planted the nut this year has nothing but praise for its performance, no matter what the yield. Considering the conditions the past year, the peanut has paid a better net dividend than any other crop planted. If it will do well under such conditions, what does it promise when the seasons and other conditions are all in its favor? Again, we say, from the experience of all who have tried it, and who have purchased the right

to speak—plant peanuts next year, but don't forget that little patch of broom corn, either.

Why waste time seeking it elsewhere?—Shepherd has it and at prices that are right.

Since putting down the concrete floor, lowering the awning and painting the interior and otherwise refurbishing up, the engine and motor room of the Light and Power plant looks neat and prim as a spinster's sitting room. Again the Record wishes to call attention to the efficient work of the volunteer fire company and the excellent pressure of water in the mains. When the boys get to the burning they do sharp and efficient work. With such a spirit among the boys and our splendid fire team, in the hands of that skillful driver, Will Fox, property owners of Colorado can feel that they enjoy an unusual degree of protection against the fire fiend.

Our old friend J. D. O'Daniel returned Monday from a protracted visit to relatives near San Angelo. He went to be treated for what he thought was a cancer of the face, which we are glad to say appears to be entirely healed.

The Episcopal ladies served an elegant dinner Thanksgiving day in the Shepherd building. There was everything good to eat, well cooked and daintily served. After dinner was over it was decided that enough was left for supper so a good hot supper was served for 25c and as the public know a good thing it was well patronized. The ladies made about \$60.00.

It was with genuine and universal regret the public learned this week of the business difficulties of Mr. W. H. Moeser. Continued in Office.

Dr. Phenix returned from the meeting of the Big Springs-El Paso Medical Association last Friday, and reports the best attended meeting in the history of the association. The meeting was at Stamford, that growing "giant of the West," where they lay out all their plans with a telescope and seven-league stick. The Doctor was re-elected secretary-treasurer by unanimous acclamation, and Midland was selected as the next meeting place. Colorado may be just a trifle conservative in taking a sleeping bull by the horns, or biting off more than she has proven she can well masticate, having learned that last laughing is the most enjoyable—but the men she usually sends up to any kind of convention, ecclesiastical, scientific, political, wise or otherwise, need no apology or credentials from their home town. Not a bit.

Women's Weas. Colorado Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps kidneys and is endorsed by people in this locality.

Mrs. Z. Mullins, near Court House, Big Springs, Texas, says: "I suffered from kidney trouble for several years and the doctor who examined me, pronounced it a severe case. However, I managed to drag along week in week out but no one knows what misery I endured from a dull bearing-down pain in my back. The secretions from my kidneys were also too frequent in passage and caused me annoyance. Seeing Doan's Kidney Pills advertised I procured a box and they did me a great amount of good. I believe that if I continue with the remedy it will completely cure me. I unhesitatingly recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Hurray for Our Band. The Colorado band under recent organization made its initial appearances at the Majestic Theatre last Friday night.

To say that they did well, were a compliment dubious as it is trite. They did more than well, without "considering the time they have been at practice." In short, they "done bully" and Colorado has a splendid showing of having just as good brass band as any town in West Texas, not excepting Lubbock, which makes it a rule to have the best of everything in West Texas.

Such a band will help the town in more lines than giving it publicity. It will be a material help. As the personnel is made up of boys mostly who have been reared and have their homes in Colorado, the chances of their keeping together are better than is usually the case with older men.

The boys deserve to be encouraged by the town and we believe they will be. They have been to all the expense of equipment and instruction themselves, asking nothing of the public, until they show they can deliver the goods. Then they deserve all the encouragement and support the town can give. This is but fair,—common justice.

Just here, we would burn a pinch of incense to the devotion and ability of him who has taken this bunch of boys, (many of whom could not at first carry a tune if it were bottled and locked in a suit case) and made musicians of them in only a few months. The largest part of the credit and reward is due him—Professor Lee Jones, Band Master.

Mrs. Frenbee of Tennessee

The stomach is such an easy organ to get out of order. One is troubled with it in the form of indigestion, another constipation, another heartburn, flatulency, etc. Mrs. Frenbee of Cumberland Furnace, Tenn., suffered for seventeen years from sour stomach. Naturally she tried "everything" and she says nothing ever benefited her until she took Dr. Caldwell's Syrup Pepsin, and that cured her. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Two Fires.

About 4 o'clock Sunday morning an alarm of fire called out a few light sleepers, to a fire out beyond Lone Wolf creek. It proved to be a small house occupied by a colored family. The loss was nominal.

Again on Monday morning about 2:30 the wild cat whistle at the light plant, made the echoes ring, while a few scattering pistol shots, told the tale of a fire. Those living any distance from the scene of the fire, had difficulty in locating it. The flames did not shoot up into the sky as is usually the case and because of the dense clouds and rain, which was falling at the time.

The fire was soon located at Dozier Bros. barber shop and McCreless grocery store. After the boys got upon the scene, they quickly had two streams of water, under high pressure, playing fore and aft upon the burning building; and it was but a short space before it was out. The inside roof, front and contents of the barber shop and grocery store, were destroyed, but the contents of Mr. Glisson's furnishing store were more damaged by smoke and water than by fire.

We understand that both McCreless and the Dozier Bros. were protected by insurance.

Owing to the heat pressure the shut up building and the wooden partitions, the smoke filled the space under the roof and damaged the stocks in every The heat was so great and the smoke so dense in the store that the apples in barrels were partly cooked, while the smoke settled over everything. We are glad to learn that every loss is approximately covered by insurance as was the block of buildings.
