Quail Banquet.

Monday evening the elegant home of Mr. and Mrs. J. C. Prude was thrown open to the Gentlemen's Euchre Club, who most delightfully entertained their wives, sweet-hearts and a large crowd of friends, with Mr. John T. Johnson of Sweetwater as guest of honor.

There were 21 tables of euchre players, besides a number of young ladies who punched and some who did not play. Ten games were played amid the wildest merriment and when the last was finished the tables were covered with dainty cloths and the elegant supper of quail on toast, scalloped oysters, pickles, olives and coffee was served. Mr. Adams, President of the Club, presented Mrs. Looney with a beautiful salad bowl, she having won the most games. Miss Stoneroad received the lone hand prize, a prettily decorated plate. Mr. Johnson was then called for and in behalf of the Club, Mr. Adams presented him with an exquisite loving cup of solid silver, appropriately engraved. Mr. Johnson thanked the Club, and said that he came prepared for the quail, but not the cup. After this Messrs Allen and Merritt sang a "classical" composition of their own. They were enthusiastically encored, but had only the one verse of this one song, much to the relief of the musical people present. Mr. Dawes then gave a fine piano solo. After some time spent in telling each member of the Club how much the evening had been enjoyed, good nights were said.

This is the second annual open meeting of the Club, both having surpassed all other social affairs by their brilliancy and elegance, and the next will be looked forward to with great pleasure. The committee on arrangements spent several days hunting last week and the quail that were so much enjoyed were the result of their strenuous efforts.

The lady guests were beautiful in elegant new frocks and did themselves and their hosts credit by their appearance. The whole affair was a splendid social success.

Hogs at \$8.55 and pork chops at cents the pound, give point to the increasing cost of living.

City Council Meeting.

At the regular monthly meeting of the City Council, Tuesday night, nothing but routine business was attended to. Accounts were allowed as follows:

J. S. Vaughan\$ 33.80
W. M. Cooper 2.50
C. H. Lasky 11.40
Light Company 8.50
H. L. Hutchison 15.00

The fire committee was instructed to look over the ground and determine the location of the five new fire plugs that are to be put in. One of them will likely be put near the Webb brick residence in East Colorado and another at the R. O. Pearson residence just west of Lone Wolf bridge on Second street.

The Council decided to have the street work hereafter, done by contract, by the block, which will be let to the lowest and best bidder, so that everybody who cares to bid on such work can have a chance at it, and it gives the city an opportunity to get the work done for less money.

No new business was before the Council.

Choral Society.

The Colorado Choral Society will hold their Musical on the night of the 28th of this month. They are doing some hard practicing, and are holding two rehearsals each week, and no doubt this will be a treat for those who love music. We understand there are some twenty-five or thirty in this society, with a number of applications on hand from those who will join as soon as the present Musical is given. The Society is so far on with the present work, that no new applications can be considered just now, but a new piece will be started as soon as they are through with this one. The Society hopes for forty voices next quarter.

Directors of United Brotherhood.

Owing to failure to meet, Monday night, a meeting of all the directors of the United Brotherhood, both old and elect, will take place next Sunday afternoon immediately after the regular services, and a full attendance is especially desired and is highly important. Bro. W. W. Porter will lead the service at 4 o'clock.

ED S. HUGHES COMPANY WILL EXTEND SCOPE

PIONEER HARDWARE FIRM SEES
TIME IS OPPORTUNE TO
BECOME BIGGER.

PERSONNEL OF NEW FIRM IS SOUND AS A DOLLAR

Reporter Notes With Gratification
Apparent Confidence of Ed. S.
Hughes-Company in This
Section's Future.

It is most gratifying to The Reporter to learn that the firm of Ed. S. Hughes-Co., the pioneer hardware jobbers of West Texas, have quietly formulated new plans of organization in contemplation of an aggressive campaign to care for the hardware situation developed by railroad construction in West Texas.

A. S. Payton, for several years Secretary and General Manager, has been promoted to the position of vice president and general manager. Mr. Payton entered the firm at 14 years of age, and has won his position by loyalty to his work, study of the hardware requirements of Texas, and concentration on one line of activity until it was mastered. He is recognized as one of the best posted hardware men in the state.

Mr. Robin Jones, of Memphis, Tenn., who has been a citizen of this city for a year, has concluded to cast his lot permanently with Abilene. He has connected himself officially with the firm in the capacity of vice president and sales manager. He has also become a stock holder and director. Mr. Jones brings to the firm broad experience and unquestioned ability for the successful accomplishment of these new plans. He was for nearly twenty-years associated with the management of one of the largest jobbing hardware houses of the South. He is a town-builder, as well as a business builder, and feels great interest in every factor that promises a commutation of the bright future he sees for Abilene. Mr. Jones and the firm are to be mutually congratulated on the benefits the association promises to each.

Mr. Clyde Newberry has had charge of credits for four years, and has made good. He has been promoted to the position of treasurer and manager of credit sales, and has become a stockholder and director.

Joe T. Perry has been made Secretary and Manager of the retail department, and has also become a stockholder and director. Mr. Perry has

been manager of retail for several years, and has proven his ability to give the service which is the test of successful merchandising.

The Reporter notes with satisfaction that this firm's success proves the ability of West Texas boys to make good when opportunities are presented. Their plans contemplate a large increase of the merchandise stock to be carried in view of the larger volume and demand they anticipate West Texas to require.

Their expectation is to merit a larger share than ever of the trade by having the goods on hand and the ability to distribute with promptness and dispatch.

While not intending to mention all the personnel of the firm, the Reporter can but feel that such a foundation stones for success as Bob Ayres, Bishop Ford, Comer Clay, T. A. Milner, F. J. Wood, as well as others more recently connected with it, have contributed largely to the firm's commercial strength, and account in part for their many friends and patrons.—Abilene Reporter.

Married.

Not only the community at large, but the most intimate friends as well, of Mr. Allen Soper and Miss Pansy Robinson, were surprised Tuesday morning to learn that this young couple had quietly married the night before and slipped away to Abilene for a short trip. It was their intention to take an automobile to Lorraine after the ceremony and there take the train for their journey, but the machine refused absolutely to be a party to such a surprise to their friends and denied its brilliant acetylene rays whereby the journey could only be made; so they were compelled to run the gauntlet of possible questions as to their destination, as they suspiciously took the train at the depot.

Both these young people have a multitude of friends in Colorado, who wish for them: all the blessings and prosperity that can come to true and strong hearts. "May they live long and prosper" in the words of our old friend, Rip Van Winkle.

J. A. Crunk, a respected citizen of the Ira community, about 50 years old committed suicide last week. He tied a string to the trigger, put a loop in the other end, then placed the gun muzzle just over the heart pulled the string with his foot. He was found by his wife soon after the report of the gun, but death was evidently instantaneous.

ROBT M. WEBB,
Secretary.

To the Farmers of Mitchell County:

How are the roads about your part of the county? Do you consider the roads over which you have to travel, in good condition as good as they ought to be, or do you think they could be improved?

What do you think of the idea of issuing some bonds, say \$50,000.00 and build good roads? Couldn't you haul twice as heavy loads to and from town? Couldn't you drive twice as fast and not hurt the team over good roads. If you come to town in one day and return the next now, couldn't you come and get home again the same day if the roads were good. By a good road we mean a hard, graded, dirt or clay, properly drained and kept in good condition. Please write the Secretary, your views on the question. We would like to know what you think on the subject.

Keep Up the Work.

To the Colorado Choral Club:—

I want to say to the members of the Choral Club, that I have heard the singing as you have been rehearsing from week to week, and that you are making great improvement. I think this is one of the best institutions that has been taken up in Colorado in a long time, and sincerely hope you will not let it discontinue. Of course there will be some discouragements, and some adverse criticism. There always are to any good thing, but don't mind the criticism. Go on with the good work. You are doing splendid work, and we feel sure the Society will grow.

A LOVER OF MUSIC.

County Sunday School Convention.

On the 27th and 28th of this month the regular County Sunday School Convention will be held in Colorado. Bro. Wiggins and his wife will be here. Bro. Wiggins to take charge of the Intermediate and Adult Departments, and Mrs. Wiggins to take the Beginners and the Primary Departments. We have never had Mrs. Wiggins with us before and this will be a rare chance for the teachers of the little people to get some good points. Word has been sent to every teacher in the town, and to every superintendent in the county. It is earnestly hoped that all will avail themselves of this opportunity and come to this Convention. We want and invite every Sunday school worker in the county to come and be with us.

Lightfoot, who has been confined in the county jail here for the past six months, was taken to the penitentiary this week. He had been convicted of horse theft and recently an effort had been made to get him a new hearing, failing in which, he was taken to the pen.

Rising Star is now a proven oil field, a 100 barrel well was brought in there last week and others are going down apace.

We are heartily in favor of the railroad and every other economic improvement, but say, we do want to live long enough to see our poor old neglected, dilapidated court house fixed up and the entire premises kept in apple pie order.

Resolutions by the Christian Church.

Whereas, Dr. W. R. Smith, who has served us and the cause of Christ so faithfully as an Elder in this church, has resigned his Eldership and has moved to El Paso, be it

Resolved, That we, his brethren, while feeling our own loss deeply, commend him to the El Paso church as one upon whom they may rely at all times. One worthy of their confidence and esteem, and be it

Resolved, That a copy of these resolutions be spread on our record and given to the Colorado Record, and a copy be sent to the pastor of the El Paso church.

Mitchell county Lands For Sale or Exchange

If there is a piece of land in Mitchell county for sale or trade we want a chance to make the deal.

If you have a twenty-five foot front town lot that you want to sell or exchange list it with us.

If you have one or more sections of Mitchell county land that you want to sell or exchange, list it with us.

We will try to sell or exchange anything you have for anything you want of equal value.

We do not ask you to tie your property up with us for any certain time, but we get busy and if the other man sells or exchanges your stuff before we do, there is no kick to be made by us.

Eastern people are headed this way and we are doing all we can to stop them in Mitchell county. They want homes and are going to get homes. If you have more land than you want now is the time to get busy. Don't wait until some one else has made a good sale and wish it was yourself.

If you want to sell or make some kind of an exchange, put a fair price on your property, give us a full description of it and leave the balance to us.

Land description blanks and full particulars will be mailed to any address upon application.

Any letters of enquiry in regard to any of our propositions, be it large or small, will be promptly answered, that is what we employ a stenographer for—and full information will be cheerfully given.

We have set aside \$2,500.00 for advertising in various ways, for the next three months, and our customers get the benefit of this. It will do the business. If you don't believe it let us list your property, and if it is a reasonable proposition we will sell or exchange it for you.

Pale-Faced Women

You ladies, who have pale faces, sallow complexions, dark circles under eyes, drawn features and tired, worn-out expressions, you need a tonic.

The tonic you need is Cardui, the woman's tonic. It is the best tonic for women, because its ingredients are specifically adapted for women's needs. They act on the womanly organs and help to give needed strength and vitality to the worn-out womanly frame.

Cardui is a vegetable medicine. It contains no minerals, no iron, no potassium, no lime, no glycerin, no dangerous, or habit-forming drugs of any kind.

It is perfectly harmless and safe, for young and old to use.

Take CARDUI

The Woman's Tonic

"After my doctor had done all he said he could for me," writes Mrs. Wm. Hilliard, of Mountainburg, Ark., "I took Cardui, on the advice of a friend, and it helped me so much. Before taking Cardui, I had suffered from female troubles for five years, but since taking it, I am in good health. I think there is some of the best advice in your book that I ever saw." Your druggist sells Cardui. Try it.

INTENSIVE FARMING PROFITABLE

It Means Science and System as Compared with Negligence and Confusion—Better Yields, Better Quality, Better Profits.

The fact that intensive farming is the most profitable farming is proven by the fact that it is the only method by which the man who farms land valued at \$50 to \$300 an acre can make money, especially if the land belongs to another. This is done in innumerable instances, as, for instance, near the larger cities and in the denser populated sections of this and other countries. If intensive methods of farming can be made to pay on land of the value suggested, they can of course be made to pay on land of proportionately lower price.

A campaign has been inaugurated by The Galveston-Dallas News for the purpose of impressing upon the people of Texas and the Southwest generally the importance as well as the satisfaction and profit that are the results of intensive farming. For many years the News preached in season and out of season the necessity for the diversification of crops. The press of the State generally took up the slogan with the result that the farmers of the state are much better off than they otherwise would have been.

Intensive farming necessarily includes diversification, as The News has stated for the reason that to intensify it is necessary to grow as many crops on the same land in a season as possible. This of course necessitates the planting of different crops; so that diversification is a part of the intensive system of farming, and is not farming, or, as The News defines it, "getting the largest yields and greatest profits from a given area of ground at the smallest cost."

In order to assist in getting the best of information on the subject of intensive farming, The News is offering to the farmers of Texas—those actually engaged in farming—cash prizes to the amount of \$300 for articles on the subject of intensive farming. The first prize is \$100, second \$50. Then there are five prizes of \$10 each and twenty prizes of \$5 each. It is hoped that many splendid articles, full of valuable information, will be received, not only in the competition, but aside from that.

Since the beginning of this movement in October The News has received many endorsements of the idea from a great number of the best farmers in the state, as well as from the government agents of the department of Agriculture, National and State, and the press of the state is supporting the idea. These articles have been published, and have proven interesting not only to the farmer, but to men in every walk of life, for they see in the intensive farming methods greater prosperity for the farmer, and they know that whatever causes the farmer to prosper causes everyone else to do so.

It is said by those who are in a position to know that the present yield of crops in the State of Texas, and in most of the other states, for that matter, can be easily doubled by intensive methods. There is no reason to question this statement. At the same time it is also possible to make the quality of the product twice as good.

This is an important matter, and if the people will take hold of it in the right spirit and with a determination to double their yields and income, it will be the greatest step ever taken by a state toward greater material welfare, progress and prosperity.

KIDNEY DISEASE

A disease that comes on gradually without the knowledge of the victim; its symptoms are so trifling they are misunderstood; hence proper treatment is too-often delayed beyond the possibility of recovery.

PRICKLY ASH BITTERS

Is a Life Saving Tonic.

Used when the trouble is in the early stage it quickly checks the progress of the disease, strengthens the failing kidneys, stimulates the torpid liver and drives out the paralyzing uric acid poison through the bladder and bowels. To those who suffer from kidney disease in the more advanced stage it is of priceless value.

A VALUABLE MAP.

The Texas Commercial Secretaries' Association has issued a map showing the number of acres of cultivated and uncultivated lands in the state by counties. The purpose of the map is to enable settlers and immigrants coming to Texas to locate the uncultivated lands.

The total crop acreage, as furnished by the government Department of Agriculture at Washington has been accepted as correct and the slight difference between the totals furnished by our correspondents and that of the government estimate has been adjusted by advancing the cultivated area in the black land belt two per cent. The term "cultivated land" embraces all lands growing a crop in 1909 including domestic pastures, forage crops, etc., and the total is 24,496,100 acres. The term "uncultivated land" embraces all land not included under the term "cultivated area," and the total is 11,372,000 acres. It was first attempted to show by counties the area of water surface; the acreage of standing timber; the area of town and city property and the mountainous acreage so as to accurately give the number of uncultivated acres in each county now ready for the plow, but the task proved too difficult for the limited facilities and the effort had to be abandoned. We have 2,118,000 acres of water surface. The proportion of the town and city acreage to the total area of each county is relatively small, with possibly a few exceptions. For example, Harris county (Houston) has an uncultivated area approximating the total area of the state of Delaware, and Bexar county (San Antonio) has an uncultivated area exceeding that of the total area of the state of Rhode Island. The percentage of the mountainous region is also relatively small and the remainder of the land is susceptible to a high degree of cultivation.

The map is accompanied by four forms which give interesting features of agricultural conditions and inventories, the developed and undeveloped agricultural resources of the state and points out the respective localities.

Form No. 1 gives a list of all counties in the state having 10 per cent and less of their area under cultivation. There are 109 counties in this class divided as follows:
26 counties less than 1 per cent.
12 counties 1 per cent.
12 counties 2 per cent.
5 counties 3 per cent.
1 county 4 per cent.
10 counties 5 per cent.
6 counties 6 per cent.
3 counties 7 per cent.
1 county 8 per cent.
4 counties 9 per cent.
19 counties 10 per cent.

The list shows 3 counties. There are 13 counties having a larger uncultivated area than the total area of the state of Delaware. There are 2 counties that have a larger uncultivated area than the area of the state of Connecticut and El Paso county has an area approximating that of the state of Maryland, Massachusetts, New Hampshire, New Jersey or Vermont.

Form No. 3 gives a list of counties having 75 per cent and over of their lands under cultivation. The list comprises nine counties as follows: Collin, Ellis, Rockwall, Dallas, Hunt, McLennan, Johnson, Fannin and Lamar.

Form No. 4 gives a list of counties having not to exceed 500 acres of cultivated area in 1909. The list comprises five counties as follows: Terrell, Brewster, Hardin, Bailey Cochran, Hockley.

Terrell county, with an area of 2,432,000 acres, reports no land under cultivation, and Collin county, with an area of 529,920 acres, leads the other extremes with 94 per cent of its area growing a crop in 1909. The uncultivated area of Texas exceeds the total area of the thirteen original colonies, excepting Georgia and North Carolina. The uncultivated area of Texas exceeds the total area of all the states bordering the Atlantic ocean from Maine to North Carolina, inclusive. The uncultivated area of Texas can support all the people in the United States, using as a basis of calculation, 2 acres of cultivated land per capita, which is the world's average. The total increase in real estate values in Texas approximates one million dollars per day.

The maps are for free distribution and will be furnished to any address on receipt of postage. The map will also be printed in the next issue of the "Commercial Secretary" and will be distributed among all the Commercial Clubs of the United States, Immigration bureaus and libraries throughout the United States and Europe.

First come, first served. It is a valuable book.

Don't forget that the Mitchell County Singing Convention will meet in Colorado the first Saturday and Sunday in February, and a good attendance is expected. If you want to hear good singing, attend this meeting. Mitchell county has as good singers as any other county in west Texas, and they will all be at this convention. The banner is now held by Fairview class, but Loraine and several other classes are after it and will make the present holder do some mighty good singing to retain it. Come and meet with them at that time—first Saturday and Sunday in February.

WANT CONCRETE WORK.

In view of the recent ordinance passed by the City Council, you will doubtless want some concrete work done. If so it will be to your interest to see me before making a deal with anyone. I am prepared to do any kind of concrete work on the shortest notice and according to the latest and best methods, and as cheap as is consistent with first class material and good workmanship. In any event see me before closing a deal for your work.

GREEN DELANEY
Colorado, Texas.

T. M. Hawkins, Kansas.

It is surely considered a recommendation of an article when the proprietor of the store uses it. With regard to medicines, the range of choice is especially large. Yet when Druggist J. M. Hawkins of Mound City, Kas., got ill and needed a reliable laxative and tonic for his stomach trouble he selected Dr. Caldwell's Syrup Pepsin, which he naturally considers the best. This remedy is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Building, Monticello, Ill. It is sold by all dealers at 50c and \$1 a bottle.

Mr. Merchant,

The Record has secured the finest line of calendar samples for next season, that will be out and we ask all business men to hold their calendar orders for us this year.

More than \$500 worth of calendars were shipped here this year that the home printer ought to have had. Why not give us these orders? We have employed a first class solicitor, a lady who will call on you in due time and in justice to all parties concerned these orders should be given to the home printer. Early in January the Calendar agents will be around and when they come, tell them you will give your order to the home man. Try it.

Master Stensel Whipkey did so well selling the Saturday Evening Post that he has been given the position of exclusive district selling agent. Phone or leave orders at Record office, he will deliver it each week to you.

MAY PROVE FATAL

When Will Colorado People Learn the Importance of It?

Backache is only a simple thing at first; but when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience.

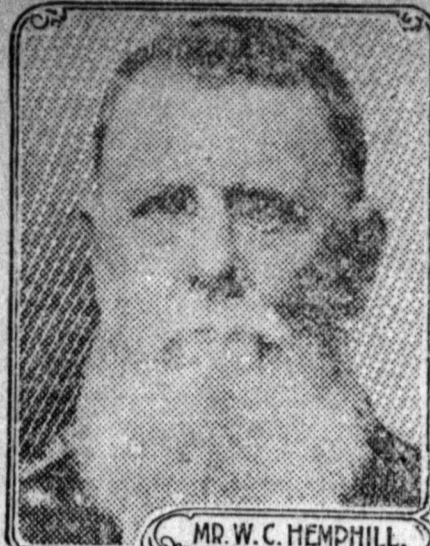

'Tis the honest statement of a sufferer who was cured.

Frank Polacek, of Big Springs, Texas, says: "It was two years ago that I first used Doan's Kidney Pills. I was then working in the shops and from continual drinking of too much ice water, my kidneys became disordered. The most severe pains darted through my back, causing intense misery. The kidney secretions were too frequent in passage and annoyed me greatly. I was unable to get anything that would relieve me until I procured Doan's Kidney Pills. After taking the first few doses I felt better and two boxes made me as well as ever. Whenever I have the least symptoms of kidney ailment, I use Doan's Kidney Pills and am soon all right."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"I CAN recommend Peruna as a good medicine for chronic catarrh of the stomach and bowels. I have been troubled with it severely for over a year, and also a cough.

"Now my cough is all gone, and all the distressing symptoms of catarrh of the stomach and bowels have disappeared. I will recommend it to all as a rare remedy."

"I HAD catarrh of the stomach, bowels and lower internal organs. Had a great deal of pain in my right hip, which felt like rheumatism. Also, pain in my internal organs. The water was highly colored, my back was weak, was constipated, and very restless.

"I began to take Peruna according to directions, and began to improve. I have taken ten bottles of Peruna and think I am cured."

MRS. H. G. GREEN and family of Lewis Creek, Ind., write: "We cannot express to you our thanks for what Peruna has done for mother.

"When she began your medicine she was not able to be up all day, but now she is helping with the work and at present has gone on a visit. Her health is improved in general. No discharges. Good appetite. Sleeps well and looks well."

"By following your instructions and taking your Peruna and Manilla I am cured of catarrh.

"I had catarrh for twelve years and quite a bad cough so I could not sleep nights. I do not have any cough now. If I feel anything in the throat I take a swallow of Peruna and I am all right."

LORAIN LETTER

J. L. Long has rented his nice home to T. J. Kelly for the year, and has moved into the Jones cottage near the Methodist church. Mr. Long expects to go to New Mexico in the spring to live, as he and Mr. Jack Wimberly purchased land there in the fall.

W. A. Adams made a business trip to Colorado last Friday.

Mrs. W. M. Walker, of Fort Worth was a pleasant visitor at the home of Mrs. T. J. Davis last Saturday. Mrs. Walker has been visiting her sister, Mrs. Brady Porter for the past few weeks and returned to her home Sunday night. Mrs. Walker was one of the early residents of this country and a near neighbor of Mrs. Davis, so all enjoyed talking over old times.

The Adams Mercantile Co. has completed its move into the old Loraine Mercantile Co. building, amidst sandstorms and blustery weather. They are now ready to receive customers at their new stand.

Quite a number from here are attending court this week as jurymen.

The teachers of the Loraine public school in order to discuss with their patrons, the work and methods of procedure in the school room, called a teachers' and patrons' meeting at the Baptist church last Saturday night. Quite a large crowd was in attendance and the papers prepared by the teachers were instructive and entertaining. Mrs. Helm's paper on Politeness and Kindness was appreciated by everyone, for it brought home little kindnesses committed by us and made us resolve to be more careful for "There is nothing so Kingly as Kindness."

Miss Mershaw gave a splendid, practical illustration of the good to be derived from primary helpers; while Mrs. Perry showed the necessity of maps, globes, and physical apparatus in teaching political and physical geography; also the need of other helps in grade subjects. Mrs. Phillips' paper on "Environment" and Miss Hale's paper were enjoyed by all; while Mr. Helm's excellent paper "The Pedagogue" defined the qualifications of a good teacher and his relation to the child in the school room. The object of these meetings is to draw the patrons and teachers more closely together and help them to better plan for the welfare of their children, for each are dependent on the other to make a school just what it should be.

Charlie Thomas was down from

Colorado last Sunday. Mrs. Petty and little son Lewis, who have been visiting Mrs. Henthorn left for their home at Hico last Friday night.

One of the best musical entertainments of the season was that given by Miss Ruth McRae's music class. The entertainment had been postponed from time to time on account of the weather, but on Monday last, the weather gods were propitious and gave a fitting evening for the occasion. Homer McRae displayed decided musical talent in the renditions of his violin solos, and all enjoyed the sweet song by Miss Marguerite Avant. Louise Kelly and Allen Avant sang, "When We Were a Couple of Kids" in a most charming manner, and were encored till the building shook. The final tableau "Consecration" was beautiful, and a fitting close for the interesting program. The proceeds of the evening were kindly given to the Ladies Home Mission Society.

J. R. Hall is on a visit to relatives in Terrell.

Will Allison and family left Tuesday morning for Roswell, N. M., where they will make their future home.

Dr. and Mrs. Copeland recently received a letter containing the sad intelligence of the death of Mrs. S. D. Rutherford, whose husband was once depot agent at this place. She died at Fort Worth, Dec. 15th. By her many amiable qualities, she had endeared herself to the people of Loraine, and we are very sorry to hear of her death.

Miss Stella Britton and Mr. Manly Hudgins were united in marriage at the home of the bride, last Sunday afternoon. Rev. Wilson Bennett officiating. The bride was becomingly attired in a white net dress and looked very sweet and pure as she stood beside the man she had chosen for life. Her sweet and amiable disposition endeared her to all and we feel that the groom is indeed to be congratulated in winning her. Mr. Hudgins is a young man of thrift and industry and has many good qualifications. We wish for them all the happiness and prosperity that life can hold. A number of the friends and relatives of both parties were present. After the ceremony the guests repaired to the dining room where an elaborate wedding supper was served. The young people will live on the "Jim Turner" place, east of the mountain.

Mrs. Henthorn has received news from her sister, Miss Isophene Toler, who left for Corpus Christi last week. She reports a pleasant but rather tiresome journey. She is very much pleased with the town and surround-

ings and promises to write an account of her stay, later.

Gary & Summers have installed a threshing machine at their gin for the purpose of threshing out unopened cotton bolls. Quite a number of the farmers are carrying their cotton bolls to have them threshed.

O. Welburn is moving into the house vacated by Will Allison. Malcolm Blakeley will move into the house vacated by Mr. Welburn.

Herbert Hints.

Bro. Ledger filled his appointment here Sunday morning at the M. E. Church, with a good attendance.

Sunday school last Sunday evening was well attended.

We were glad to see our Sunday school superintendent, L. L. Welch, able to fill his place again Sunday evening.

Mr. Robert Northcut and Miss Clara White were quietly married Sunday evening at the home of the bride's parents, Mr. and Mrs. Charley White. Rev. Ledger performed the ceremony. Mrs. N. P. Browne has been quite sick the past week.

Mr. Berry Joyce went to Sterling City Monday on business.

Miss Pearl Faulkner visited Miss Gladdis Linn Sunday.

Mr. and Mrs. L. L. Welch and family visited Mr. and Mrs. J. S. Barber and family Sunday.

Mr. and Mrs. H. A. Browne and family and Mr. and Mrs. Emery Enyart and family were visitors at Mr. and Mrs. N. P. Browne's Sunday.

SWEET SIXTEEN

GRINDING, THRESHING, ETC.

My grist mill will be grinding next Saturday and will run on every Saturday thereafter. Threshing will begin on next Monday and continue through the season. Bring me your grain of all kinds. Am prepared to handle it in most up to date manner.

A. L. SCOTT, Elevator Man.

FROM UNION

Nothing strange has transpired here of late; although several newcomers have moved into our community, but that is not strange, for this is a good country, and a fairly good community to live in.

Preaching twice a month; Sunday school every Sunday; good church building; good, average literary school; excellent school building; rural mail route under headway; several telephones in the community, and if the country people could get the same advantages that the town people get, methinks there would be lots of them put in; and last but not least, we have a fine lodge of Farmers' Union people in this section.

By the way, Citizen agreed to take up the subject of Farmers' Union the first of the year, and if I fail to hear from him in his next article, I will consider him backed down.

A Mr. Hamner, relative of the McGuffe family, has been visiting in our midst the past few days. He is from Alabama; the fair land of the yellow-hammer. (I've been there too).

Our people are about done gathering and if the weather does moderate we'll be caught farming.

PLUNKET.

EXPERT TAILOR.

R. T. Manuel has secured the services of a fine tailor from Dallas which enables him to give his many customers better service than ever.

Trees are a beautiful thing. Bell's corner all the way to Jackson's residence. This is Elm street one of the prettiest streets in town. The committee of ladies who were appointed by the Commercial Club to look after this matter, have done good work. Probably a thousand trees have been set out on the curb lines of the different streets, and in the summer, when they all leave out, even though they may be small for a year or two, they will add considerably to the looks of the town. The other streets of the town should follow this example. Let every property holder (whether he lives on the place or rents it) put out trees around the property. It will not only add to the looks, but will add to the value of the property ten times its cost. A few shade trees are not expensive, and it will take you only a short time to put them out, so let us all put out the trees and make our town, and private property beautiful. We will soon have concrete side walks all over the town and we should have the trees also. Let the ladies' committee keep up the good work.

What Can We Say.

The STORE of "QUALITY"

THE HOLIDAYS are over and another year is here. We wish to thank our many friends and customers for their liberal patronage during the past year and now invite you all to come again and help us to make 1910 a banner year for the store of quality. As is our custom we are offering our entire stock of fall and winter merchandise at extremely low prices in order to make room for our large spring shipments which will soon arrive. Remember the store of quality is the home of Francis T. Simon's guaranteed kid gloves, Royal Worcester and Bon Ton corsets, also the celebrated Gassard Electrobone front lace corsets. Edwin Clapp and Walkover shoes for men. Ultra and Brockport shoes for women. Hart, Shafner and Marx Clothing, second to none in the Clothing world.
