### Mitchell County Singing Convention.

On Sunday next, the Mitchell County Singing Society will hold its annual contest at Colorado. It is expected that at least 100 or 150 ladies and gentlemen will be present, who comprise the singing societies throughout the county. The meeting will be held in the Tabernacle, and each Society will sing in competition with other Societies for a banner, which we understand is now held by the Fairview class.

It has been suggested, and we think very appropriately so, that the Colorado people open their homes to these visitors and see that they are properly entertained over Sunday. There may be 100 or 150, and they will virtually be guests of this city, and it would be too bad to allow them to bring their lunch or compel them to go to the hotels. Somebody ought to see that proper entertainment is furnished and that these people go away feeling that Colorado has treated them right.

The president of the Commercial Club might take up a matter of this kind and see that a proper reception committee is appointed and see that these people are provided homes and well entertained during the day. They are our friends and neighbors, let us welcome them heartily.

### Card of Thanks.

It would be useless to attempt to utter the fullness and depth of the gratitude our hearts feel; only those who have also passed under the rod can feel such sense of obligation. For the kindly ministrations, loving sympathy and the sweet consolations given by our friends during the illness of our husband and father, our hearts melt in appreciation and our prayers shall ever ascend. May such sympathy, love and consolation be theirs, should ever they be called to pass through the valley of the great shadow. May God, in His infinite love and mercy, so keep and bless you all.

### A STARTLING STATEMENT.

#### New York Medical Authorities Claim Dyspepsia to be a Pre-Disposing Cause of Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard. As a result the body becomes a fertile field in which the germs of disease may lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 25-cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexal Remedies in Colorado only at our store.—The Rexall Store, The Colorado Drug Co.

### A Toast to Snyder.

(By A. B. Ingram.)

I'd rather be a Snyder-ite,  
And live in dust and sand  
Than to be a Dallas-ite.

A roasting in the pan,  
I'd rather be a Snyder-ite,  
And work and always sing,  
Than to be in Abilene.

A living like a king,  
I'd rather be a Snyder-ite  
In hope of something new  
Than to be a Stamford-ite

And always in a stew,  
I'd rather be a Snyder-ite  
And live in hope of growth  
Than to be in Colorado,

And moving like a sloth,  
I'm glad I am a Snyder-ite,  
As glad as I can be,  
And live in hope of riding  
On the good old Santa Fe.

—Snyder Coming West.

### A Toast to Stamford.

(By Chas. L. Meaker)

I'd rather be a Stamford-ite  
Pulling hard for something more,  
Than to be a Dallas-ite

A resting on my oar,  
I'd rather be a Stamford-ite  
And never, never learn  
Than to be the greatest potentate  
In the town of Abilene.

I'd rather be a Stamford-ite,  
With all these good things in store  
Than to live in Colorado  
And hope for nothing more.

I'd rather be a Stamford-ite,  
And grow, and grow, and grow  
Than to be a Snyder-ite

And blow, and blow, and blow,  
I'm proud I am a Stamford-ite  
As you can plainly see  
And I'll ride on the Rock Island  
To connect with your Santa Fe.

### A Toast to Colorado.

(By Billiken.)

I'd rather be a Colorado-ite  
And revel in its joys,  
Than to be a Dallas-ite,  
A listenin' to its noise.

I'd rather be a Colorado-ite  
Climbing up the hill,  
Than to be in Abilene  
Standin' perfectly still.

I'd rather be a Colorado-ite,  
With three new roads in sight  
Than to live in Stamford town,  
A sufferin' with the blight.

I'd rather be a Colorado-ite,  
With everything comin' our way,  
Than to move to poor old Snyder,  
And there forever stay.

So, its nice to be a Colorado-ite  
And move along with speed,  
While Stamford's playin' its last card  
And Snyder's goin' to seed.

### ABOUT GOOD ROADS

#### A Bond Issue for Mitchell County Roads the Thing.

The Colorado Commercial Club has been sending out a number of letters to the people throughout the district regarding the issuance of bonds for

the purpose of building county roads. It is expected that a meeting of the Commercial Club will be called about the 10th of February, at which time this matter and the railroad proposition will be taken up.

A great many answers have been received to the letters, that have been written and in every case, with one exception, the answers have been favorable to the issuing of bonds and the building of good roads. If fifty or seventy-five thousand dollars could be brought from New York City and spent on the public roads, under the supervision of a competent government engineer, we believe it would be greatly to the advantage of the farmers, as the work would come about the time of the year when there is not much doing on the farm; say about July or August, and just about that time the farmers will be in need of ready cash. This will put our roads throughout the county in excellent condition and a small amount spent annually would keep them so.

The tax levied would be \$1.50 on \$1000. worth of property, per year. So, if a man owns as much as \$5000 worth of property he would only be taxed \$7.50 and that amount would probably be spent each year on the wear and tear of his wagons on coming to town over rough roads, to say nothing of horse flesh. And moreover, if a farmer will travel over a good road and carry five or six bales of cotton with a single team, he would save considerable over hauling one or two bales with the roads in their present condition, and where a man has to walk his horses all the way to town through the sand, and take all day to make the trip, he could come to town in a jog trot and get home by noon, over good roads.

The Commercial Club would like to know if the farmers would vote for these bonds, as it costs the county \$100 to \$200 to hold an election and it would be too bad to spend this money and then have the bonds voted down. Therefore we are anxious to know how the people feel and will give them a chance to express themselves in a meeting sometime next week; notice of which will be sent through the mail.

### P. G. AVERY.

"The rarest of all rare things—  
A good, true, humble man."

The things that human experience, success and failure, has proven most desirable in the end, are beyond the power of gold to buy, above the bribe of influence and position. Respect, confidence and sympathy, are, when all the vanity and empty glory of life are past, the true measure of the man, the only infallible and uncorruptable index to how he has lived and acted among his fellows. He who has lived quietly, peaceably, honorably and helpfully for 64 years; who has raised an honorable family to fill his place and perpetuate his-

fluence and example; who has added to the great sum of human happiness and usefulness, and at an honorable age, laid down his burden with a steadfast faith that it was well with his soul, and been followed to the "silent city" by a concourse of friends that embraced the entire population of his home town; such a man, we say, bequeathes to his immediate family a legacy richer than all the wealth of Ormus or of Ind, and leaves a benediction upon the lives of all whom he has touched.

Tho' the even, placid current of his life ran in a narrow channel, that knew no great name, yet the evenness of his temper, the charity of his thought and his guileless heart, were like the course of a living stream through the arid desert. The rarest, most valuable type of man is he who is as nature made him—unaffected, honest and faithful.

Such a man, to the fullness of the measure, was "Uncle Pete Avery" as we in the affection of friendship called him.

He was among the early settlers of this county; was here when the hardy pioneers had to band themselves together in mutual defense against the hostile Comanche. He was an active and faithful member of the Rangers in those stirring days. He had lived in Colorado since the town was a straggling camp, and had grown with the town's growth, always supporting in his quiet way, every move that made for its betterment. He was not alone a useful citizen, but a valuable one. He was among the first, always, in the discharge of those humble duties that make us all interdependent in hours of distress and suffering, services which riches cannot secure.

Mr. Avery was taken ill rather suddenly about three weeks ago, and was a seriously sick man from the first. He grew gradually worse, with slight spells of reaction, till the end, last Saturday morning at 2 o'clock. All that science could offer, skill apply and loving hands minister, were powerless against the coming of that "inevitable hour."

On Sunday afternoon his tenement of clay was followed to its last resting place, where, in the glorious morn of the resurrection it shall be raised and become as incorruptable as his soul, as we are.

The last sad rites were conducted according to the burial service of the Masonic Lodge, of which he had long been a consistent member and faithful officer. "A cedar has fallen in our Masonic Lebanon."

### Colorado Choral Society.

Tonight, Friday, the Colorado Choral Society will give their concert, which was postponed from last week. From all that we hear regarding this society we feel that the people of Colorado will be well entertained. The first half of this program will be the Cantata, "Jarvis' Daughter" by the Society, and the second half will be made up of vocal and instrumental solos. The proceeds are for the benefit of the Society, and we hope that everybody will attend.

### CURE YOUR KIDNEYS.

No Need to Take Any Further Risks.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Can Colorado residents demand more convincing proof than the following.

Mrs. M. J. Goughly, of Merkel, Texas, says: "I have had trouble with my kidneys for the past five years. There was a dull ache across my hips and loins which at times extended into my limbs as far as the knees. The secretions from the kidneys were scanty in passage and otherwise unnatural. I used two boxes of Doan's Kidney Pills and they did me a world of good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### RAILROAD TALK.

#### There Will Soon be Something Doing in West Texas—Colorado Wants Two New Roads.

The San Angelo Standard says: News was received in the city Tuesday afternoon that E. G. Hammock, who is promoting the Colorado & Concho railroad, a line to be built from Colorado City to Robert Lee, is in Colorado with several northern capitalists and will sign up with that city Wednesday. Colorado has given a bonus of \$125,000 which was raised several weeks ago, and part of it placed in the bank.

From Colorado Mr. Hammock will go to Robert Lee and sign up with the citizens there for the road. Robert Lee succeeded in raising her bonus of \$50,000 last Saturday.

The construction of this road is to start immediately after the contracts for the line have been signed with Mr. Hammock.

It is understood that in a short time the extensions that the road intends to make will be announced.

#### The Anson Reporter says:

The Estacado & Gulf railway is pointing this way; there are rumors afloat regarding the extension of this road eastward from Roby in Fisher County and some live towns not far from Anson are keeping a vigilant optic on that road. Anson is the most logical point on the route east that the road might probably consider in making a survey, and when you take time to sit down with a map before you and make a study of the matter, taking into consideration Anson's geographical position, you are bound to see the importance of making an effort to secure this road. The following excerpt from an article published in the Roby Banner last week should be sufficient stimulus to prompt Anson business men to action.

"It was the original intention of the promoters of the Estacado & Gulf railway, after completing the road east from McCauley to Stamford giving it a connection with the road now at Stamford, or south to Abilene, connecting with the Tex & Pacific and other roads enter this place, and west to Snyder of Colorado City. These towns realizing that the road is now a certainty are showing considerable activity and The Reporter understands that Stamford and Colorado City are making a pull to have these towns connected by this railroad.

"This road will open up the richest agricultural country in Central West Texas and will make Roby a thriving little city. It occurs to the Reporter that the time is ripe for Abilene to be awakened to the importance of this splendid railroad connection. Get busy without delay and offer all inducements that can possibly be offered to prevent losing out in this important railroad enterprise."

This article appeared first in the Abilene Reporter and it will be seen that Abilene is wide awake to the importance of securing it, hence the pressing obligation resting upon Anson to get busy and protect her own interests. The time has arrived when something should be done; we need better communication with the outside world; a road from Anson to connect with the Orient either at Hamlin or McCauley and extending eastward into the coal fields, would be a great boon to our people. It is not beyond reach, and we sound a warning alarm that if this opportunity shall be lost to us the blow will be disastrous."

Mr. Hammock, the promoter of the Colorado & Concho road is to report to the town about next Monday, when it is understood the town will be busy and sign up for the first road. Steps will then immediately be taken to secure the second road into Colorado.

There are three genders—male, female and those without a poll tax receipt.

You can't fool all the world all the time, but Dr. Cook certainly turned the trick part of the time.

Dr. Rankin is not a candidate for governor, but he certainly holds the middle of the circle as interlocutor.

Twice recently the doors of the penitentiary have closed upon millions—Morse for a fifteen year term, and Walsh for five.

What is a grafter? Well the man who asks a pension for anything save necessity, is a fair sample of one kind.

Mitchell county needs two thousand more small farms and a big farmer, with a big family, with big hearts and big hands on each farm.

Did you pay your poll tax? Of course its too late to grieve about it now, but don't you wish you had paid it?

By withdrawing at this stage of the running, Judge Brooks imperils the reputation of a score and more of indifferent punsters. Why doesn't he go on?

We hope enough peanut enthusiasm was saved over from the harvest of last fall to prompt every farmer in Mitchell county to plant a good patch when the proper time comes round.

### Sight To Valuable

To be neglected. Sutherland's Eagle Eye Salve will cure any case of sore eyes, granulated lids, ophthalmia or any inflamed condition of the eyes. Painless and harmless. 25c a tube at dealers.

Another victim to the cigarette habit fills an untimely grave, in the person of Mrs. Juana Corona, who died of old age at Patagonia, Arizona, last week, at the age of 116 years. She had been a most incessant cigarette smoker since the age of six.

"We hear much about the conservation of our national resources" says Mr. Bailey. "I should like to hear more about the cultivation of individual resources. Our farmers should be taught how to increase the fertility of their soil, with a view to its greater productivity."

But twice within the history of the nation has there been such disastrous floods as recently swept the country. In 1808 and again in the seventeenth century greater floods prevailed, almost depopulating many provinces. The former must have been the one which Louis XVI predicted would come after him.

That Delhart printer who discovered three new comets one night last week while looking through a glass, is no great exception to the rule. Printers have ever been prominent in astronomical discovery. We knew one who for six nights in one week saw not only new suns, moons, planets, etc., but the creeping and crawling things that inhabit them.

Speaking of advertising, did you ever reflect that the chicken and egg industry was the biggest thing in this big state and nation, and that there was a reason for it based on judicious advertising? What merchant so persistently advertises what he has done, or what he has for sale as the hen when she lays an egg? She thoroughly understands the value and power of a good advertisement.

The city of Abilene has filed three suits against Morgan Jones, the proposed builder of the Abilene-Southern Railroad. The plaintiffs ask that Jones be compelled to build the road from Abilene to Rising Star, as his part of the contract. He is alleged to have refused to do so. The outcome of this suit will be looked forward to with interest, and will doubtless have a bearing on future contracts between towns and railroad promoters.

The Herford Brand mentions a new religious sect that has come to that town. Aside from their phenomenal zeal, which takes the form of frenzied eloquence and trance, they claim a peculiar inspiration in the gift of unknown tongues. Even the inspired speakers do not understand what they say, that power being given only to an interpreter, which is usually the person introducing the cult into the community. The followers of this queer sect call themselves The Church of the Apostolic Faith, and receive the interpretations as divine commands.

**Weak and Sickly Women**  
It is hard to estimate how many women owe their female troubles, general weakness, nervousness, sallow skin, etc., to constipation and indigestion, but doctors whose practice is among women say that 90 per cent would be no exaggeration. It is well for them to know of Dr. Caldwell's Syrup Pepsin, which cures constipation, indigestion, sick headache, heart burn, hot flashes, etc. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Edg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

Try a sack of Glt Edge flour—it is the best sold—at Nettles & Jarnagan.

### After the Publishers

"The government is now sending out inspectors to examine the subscription books of the country newspapers with a view of getting all subscription lists on a 'paid in advance' basis. With weekly papers, subscribers must be paid up within one year of the date of inspection. The Clifton, Ill., Advertiser tells of the appearance of an inspector who is now working in that vicinity. The order was originally made to shut out the papers which had no regular list, but it seems that it is enforced rigidly among the weekly papers of the country. The government realizing that such a ruling would work a hardship among country publishers, has been very lenient so far, in order to give them a chance to adapt themselves to the rule, but as two years have gone by since the order was made the government evidently thinks that enough time has been given and will strictly enforce the rule from now on."—Hereford Brand.

Not in view of the above regulation, but chiefly because we want all of our old friends to stay with us through this and many succeeding years, we would be glad if all would put themselves safely within the deadline. There are but few in arrears, but we want to keep them all on our list—don't want to drop a single subscriber. It is impossible for an editor to write for the same people fifty-two times a year, without coming to feel a personal interest in them; a friendship begotten of ink, paper and type. If there is one of them more than another, an editor grieves to lose. It is the fellow who meets him on the street and tells him he endorses what he has said in the paper. Like Abou Ben Adhem, may his tribe increase.

### Makes a Noise Like Johnson.

The democratic prohibition advisory committee had a meeting at Austin last week to settle on one candidate for governor on whom to concentrate the support of the prohibition vote. The entries were walked, trotted, paced, cantered, singlefooted, half-hammered back and forth, put through their paces generally and gone over from head stall to crupper; but the committee adjourned without making a choice by name, but gave out the following tip:

"The committee finds there is but one candidate now in the field who meets the requirements of prohibitionists. That candidate is one who is pledged to active support not only to the cause of submitting the constitutional amendment, but if it is defeated by the legislature, will insist upon statutory prohibition of stringent character."

We received a private circular last week from our friend, Mr. Hayner, offering a rare bargain in some of his "straight" goods and as an inducement to an immediate order for four full quarts, says he will give, absolutely free, a lock stopper decanter. The stopper has a combination lock, which is a safeguard against children and servants. That's all friend Hayner knows about the average boozier of west Texas. A measly little stopper with figures on it, wouldn't phase him. It takes something more than ownership to protect a bottle of booze in west Texas.

There is more news to be read between the lines of the average country newspaper than in the printed lines. The simple statement that "Jack Brown has bought a new horse" is in itself prosaic and uninteresting; but to one who has known Jack all his life, it starts a procession of memories that may contain the comedy or tragedy of human life—history of success or failure, acts of kindness or cruelty, a life of usefulness or sinful profligacy. A paper from our old home town tells more interesting news in what it does not print than the printed lines.

When such people as Mrs. Hettie Green, the richest woman of America, cannot afford to eat meat on account of the high price, yet the millions of American working men continue to have it at any price, it seems to us that one of the chief causes of the advance in the cost of living becomes apparent. When the rich are provident and economical and the working classes extravagant and improvident, the trusts fatten. If the working class were provident and willing to sacrifice some of their pleasures for a future advantage, the consumption of all those "necessaries" which we now claim the trusts control, would soon fall far below the supply.

### All Skin Troubles

Are overcome by using Dr. Bell's Antiseptic Salve. It is so pleasant to use as pure cream and is guaranteed to give satisfaction. 25c a box.

## KIDNEY DISEASE

A disease that comes on gradually without the knowledge of the victim; its symptoms are so trifling they are misunderstood; hence proper treatment is too often delayed beyond the possibility of recovery.

# PRICKLY ASH BITTERS

Is a Life Saving Tonic.

Used when the trouble is in the early stage it quickly checks the progress of the disease, strengthens the failing kidneys, stimulates the torpid liver and drives out the paralyzing uric acid poison through the bladder and bowels. To those who suffer from kidney disease in the more advanced stage it is of priceless value.

### Shining Example for Emulation.

The spectacle of an ex-president of the United States, the very embodiment of all that is best and highest in our great government and its institutions, congratulating a half gorilla, half nigger, on the issue of his fight with a white chimpanzee, and the easy assumption of equality by the negro and his readiness to turn the incident to his advantage as an advertisement by suggesting the ex-president as a "qualified and acceptable" referee in his coming fight with another white man, is an inspiring example for our young men and boys!

After being honored by his fellow-countrymen with every official gift, and received by the representatives of the other nations of the world as the "First Citizen of the Land," to pose as a patron of the most brutal, degraded and illegal sport practiced by man, is at best, a sad commentary upon the standards and ideals of American citizenship.

When the whole nation had been listening and waiting for weeks for some news of what ex-President Roosevelt was doing in the jungles of Africa, to be rewarded for their patience and interest in the man, by a congratulatory message to an Ethiopian slugger, was a jerk that will try the tension of the people's admiration and a blow that will draw the temper of public reverence for official honors, however high! Great Nero and Caligula at once! What are we becoming?

### Ground Hog Day.

That the back of winter has been broken, is the undissenting verdict of the weather wise, but it was left for Ground Hog Day to forecast the advent of spring. Of course there are many good people who pretend to have no faith in the instinct of the ground hog, just as there are well informed people who do not believe that it matters in what phase of the moon and sign of the zodiac one plants seed, kills hogs, makes soap, lays a fence, weans calves, shaves, takes a bath or changes shirts. However, the predictions of the ground hog have been justified long after the very names of his discreditors have been effaced from their headstones. And what message had the ground hog last Wednesday at high noon? As he carefully scratched the wadding from the mouth of his hole and cast his weather eye aloft, the scent of spring was in the air. Cautiously he emerged and looked about for his shadow? Did he see it? If he did, back he went with a warning squeal; for he knew there were six weeks more ere the boreal blasts abated. If he did not see it, he left his hibernation nest and is now in search of food. Which did he do? Was the sun shining at 12 o'clock Wednesday.

Shortens your food—Lengthens your life

Physicians today are recommending Cottolene for consumptives, dyspeptic, and others in a "run-down" condition. Never heard of them recommending lard for such a purpose, did you? Cottolene is a product of Nature, clean in source, making and manner of marketing. It makes food which the most delicate stomach can digest.

Cottolene is far superior to lard or cooking butter for all frying and shortening purposes.

## LORAIN LETTER

LOAIE

We regret to chronicle the serious illness of J. C. Holly, who has been sick for several weeks.

Mrs. Will Dunn is on the sick list. Mrs. James Woods who lives two miles south of Loraine, succumbed to the dreaded tuberculosis last Monday. The family has our condolences in their bereavement.

Born to Mr. and Mrs. Ben Morgan a girl baby, the 31st ult.

Miss Emma Aycock of Hamlin is visiting her sister, Mrs. Jesse Montgomery.

Mrs. McPherson has been quite sick for several days, but it is hoped that she will soon be enjoying her usual health.

W. L. Edmondson the banker, is installing a steel cabinet, replete with drawers for various papers, to accommodate his growing business.

Mr. Hiram Toler and family are back from Corpus Christi, where they have been for several months. They report having had an enjoyable time, but saw nothing in their rounds that surpasses old Mitchell.

J. M. Chappell of Roscoe, was a visitor in Loraine last Monday.

H. R. Looby and son, Master Mike, have returned from quite an extended trip to Claremont, Spur and other points. Mr. Looby reports everything lovely and everybody jubilant over the prospects.

Dr. Copeland has returned from a trip to Seminole. The doctor reports everything in good shape. Thus the entire west seems to be jubilant over the future out-look. Good season in the ground; railroad building, and everybody pulling for a bigger and grander West.

The fleecy staple is still in evidence as one of the gins is kept running all the time and another part of the time of the time.

We regret to state that Mrs. S. D. Dunnahoo, who has not been well for some time, is not much better and is contemplating a trip to the coast country in the hope of being benefited by the change.

The Gary & Summers gin caught fire on last Monday, interrupting the work and damaging the gin something like \$100. The fire originated in the thrasher and was carried into the gin stand.

Miss Isophine Toler is back at her accustomed place as chief saleslady at the Loraine Mercantile Co.'s dry goods department.

Miss Irene Garland was a pleasant visitor in our little city Friday. She was soliciting calendar business for the Whipkey Printing Co., of Colorado and reports having been quite successful.

Floyd Thomas, who met with quite a painful accident while playing on the school ground one evening this week, is getting along nicely, tho the little fellow is still confined to his room.

A crowd of our young people attended the play in Colorado, Wednesday night, and report an enjoyable time.

On last Sunday the Home Department was organized in the Methodist Sunday school. Mrs. D. C. McRae was chosen as president. This is a move in the right direction and we hope much good will be accomplished.

Mr. Ben Hart and Miss Bertha Seymour were married last Sunday, the 30th, at Zions Rest, Rev. Tyre performing the ceremony. We wish for them a long, happy and useful life.

A large number of citizens, both ladies and gentlemen, assembled at the opera house Friday night, for the purpose of organizing a business club. Mayor Henthorn was chosen president. W. C. Eastwing, secretary. Much enthusiasm prevailed. A committee of ladies was appointed for Civic Improvement, also various other committees; all for the benefit of a larger and better Loraine.

We have a progressive people who are ready and willing to do their part towards the rebuilding of our town, not only in reaching out for greater trade territory, but also in beautifying our homes; having ornamental grounds, parks, etc., making our little city one of the most beautiful and attractive in west Texas.

Miss McComas visited her sister, Mrs. Blume, this week. Miss McComas is an artist of rare talent and will probably teach a class in Loraine.

Rev. Cull, Sunday school secretary of U. S. A. Presbyterian church of the Abilene district, was a pleasant visitor at the home of I. R. Wallis, this week.

Mr. John Prude was in Loraine Thursday.

Miss Nora Johnson attended the old time singing at Zions Rest Sunday and is visiting at her brother's, Joe Johnson, this week.

Grady McRae, principal, and Archie Martin, assistant of North Champaign school, spent Sunday with home folks.

The masquerade party given in honor of Miss Marguerite Avant's seventeenth birthday, was one of the most enjoyable affairs that has ever occurred in the social realm of Loraine. Promptly at 8:30 the young people assembled at the residence of Mrs. A. J. Blume, donned their masques and proceeded to the pretty home of Dr. and Mrs. Avant on Gunn Heights. They were received at the door by their hostess, invited into the hall which was beautifully decorated with tiny red bells suspended from the ceiling, thence to the parlor.

The young gentlemen wore long black dominoes, and the young ladies wore costumes representing Night Winter, Gipsy Queen, Flower Girl, and many others, all of which were unique and well gotten up. One of the masqued figures presided over the piano, while the others kept time to the music by silently marching round the room. After enjoying this for some time, wondering all the time "who is my partner?" they were permitted to unmask; then "confusion worse confounded," each recognized his partner. Then a good social time was had, and amid the hum of happy voices, music and laughter, supper was announced and the guests were invited into the dining room, which was also beautifully decorated. Pas-

toons of green foliage with tiny red bells were suspended over doors and around the table, in the center of which was an exquisite vase of white American Beauty roses. Delicious refreshments of cake and float were served by Mrs. Avant, assisted by Mrs. Blume and Mrs. T. J. Davis.

The guests remained until a late hour, loth to leave this charming home, where they had spent one of the most pleasant evenings in their happy lives. Miss Marguerite was the recipient of many presents as a token of the love and esteem of her young friends who sincerely wish that each succeeding birthday may be as happy as this one.

A letter received from Mrs. Frank Miles states that they are now in east Texas, near Palestine; she says: "I am enjoying my visit here very much. The weather is as warm as we have there in June. The birds are singing, the hillsides are donning their coat of green, the woodland flowers are beginning to come, and everything betokens the stir and bustle of spring life. Yesterday eve I watched the moon rising among the pine trees, and repeated Longfellow's 'Hiawatha' to myself. I always loved the poem but it seemed that I understood Letter than ever before how he could write it. This is truly the poet's country. Send me the Record."

"The world has always wanted and honored honest men, and at no time in its history was the want more urgent than now, for they are more required. The nation needs honest statesmen, not merely politicians whose chief occupation is "wire-pulling" to carry the next election and filling their pockets, but men who have at heart the best interests of their country, not afraid of the power of any wields; who had rather die than to sell their talents and ingenuities for murderers and impostors to evade the law. It was the duty of physicians to devote their talents and time to the alleviation of human suffering, instead of fattening on the ignorance and fears of the unfortunate. It needs honest preachers, whose pulpits are not cowards' castles, men who are prophets and not parrots, men with messages for the masses instead of pious and unctious platitudes for hypocrisy."

Home Cure for Eczema.

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25-cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25c offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market on any special offer.

If you want relief to-night try a bottle at 25c on our personal recommendation. W. L. Doss, Colorado.

Asthma is a distressing disease. Dr. Bell's Pine-Tar-Honey relieves almost instantly. We guarantee it to give satisfaction.

### NOTICE TO CUSTOMERS

Inasmuch as the price of cement and all else that enters into the construction of concrete work has risen considerably in the past few days, it is necessary that we raise our prices for the work.

For our work. Heretofore we have been charging 9 and 10 cents per foot, the price hereafter will have to be 13 cents, to one and all. This is as reasonable as good work can be put down, and we believe our customers will be willing to meet us half way.

The friends of Fred Meyer announce him this week for re-election to the office of Justice of the Peace for this Justice precinct. See his announcement elsewhere. He has filled the office two terms, and we take this opportunity to say in this connection that there is not a more important office in the county; one demanding more integrity, a keener sense of what is right and what is wrong, or more inflexible fidelity. It is a highly important office and should be filled only by our best men.

**PE-RU-NA TONIC FOR  
COUGHS, COLDS, CATARRH.**

JOSEPH H. CHASE.

Peruna Drug Co., Columbus, Ohio, Gentlemen: I have used Peruna and find that it cannot be equaled as a tonic, as well as a cure for coughs, colds and catarrh.

You are authorized to use my photo with testimonial in any publication.

801 Tenth St., Washington, D. C.

**Cold and La Grippe.**

Mr. C. Happy, Hardin, Ray Co., Mo., writes: "I can safely recommend Peruna as a remedy that will cure all catarrhal troubles."

"It was of great benefit to me, as it cured me of catarrh of the throat, and I took a very bad cold and had a gripe last February. It settled in my throat and lungs. I took three bottles of Peruna and I cured me."

"I highly recommend it to all who are sick, and I am glad to add my endorsement to that of others."

**Pe-ru-na for Colds.**

Mr. L. Clifford Figg, Jr., 229 East Marshall St., Richmond, Va., writes that when he gets a cold he takes Peruna, and it soon drives it out of his system. For several years he was not entirely well, but Peruna completely cured him.

People who object to liquid medicines can now secure Peruna tablets.

**Fairview Facts.**

Last Thursday the people of this section were busily engaged digging the sand out of eyes and mouth.

We wonder if the sand can blow worse in March—the windy month—than in January. If so I fear the Last Rose of Summer will wither away.

The health of the community is not so good as usual, as there are several cases of colds and coughs.

However there is no one seriously ill.

Fairview is expecting to be well represented at the Singing Convention at Colorado, next Saturday and Sunday. However, the singing class has put in almost no time practicing.

Sunday school is progressing first-rate: have an enrollment of near 100. The school is devoting some time to the discussion of biblical questions. The question for discussion last Sunday was, "What is sin against the Holy Ghost?" Several different opinions were expressed.

Miss Creath and Mr. Osie Green of Rogers attended singing at Mr. Berry's Sunday night.

The phone line connecting Cuthbert and Ira is now nearly completed and several of the Fairview people are preparing to put in phones. Fairview realizes this is a progressive age, and she has always been a feather in the wing, not a weight in the claw, of progress.

Mr. and Mrs. Samples of Snyder were visiting friends and relatives here last week and this.

Last Saturday evening several of the neighbors assembled at Mr. J. M. Doak's and spent the evening in playing games and conversation. Dairy refreshments were served, and all present expressed themselves as spending a very enjoyable evening.

**LAST ROSE OF SUMMER**

**Colorado Could Use the Same.**

The streets in Grand Saline are receiving a new coating of salt scale, which was first tried as an experiment last year. The experiment appears to have been a success, as the scale produces a hard, firm surface, doing away at the same time with mud and dust.—Grand Saline Journal.

We remember that the streets of Grand Saline where treated with such coating of salt, were hard, smooth and free of mud and dust. The salt works being located within a stone's cast of the business center of the town made the hauling of the material a small matter. In Colorado, whatever material is used, must be hauled, and the use of the salt scale here, would necessitate only a longer haul. The matter might profitably be looked into by our city authorities. In letting the contracts for street work, we evidently have the salt scale.

Our stock of queensware is the most complete, and the prices are the lowest.—J. H. Greene.

**Poll Tax Receipts**

The number of poll tax receipts issued in Mitchell county for the year ending January 31, 1910, were respectively apportioned as follows:

Colorado, Precinct 1	570
Lorraine, Precinct 7	301
Cuthbert, Precinct 5	94
Westbrook, Precinct 2	147
Herbert, Precinct 3	62
Seven Wells, Precinct 4	57
Daniels, Precinct 6	34
Total	1305

This comes materially below what Mitchell county should have. We fully expected at least 1600 citizens of the county to pay their poll tax and qualify as electors. Some failed to pay purely from lack of interest. We believe there are all of 2000 qualified electors in the county subject to poll tax, and regret to know that the great franchise is held so lightly.

That is the chief reason why the machinery of the government gets into hands of corrupt demagogues and public office become a private snare. Good citizens refuse to do their duty or to qualify to do it. They neglect to vote and the spoliator gets in. Then the good people kick and deplore the graft and rottenness in politics; when they alone are responsible. They have slept on their right, and despised the greatest and most powerful weapon our great charter has placed in their hands, wherewith to defend themselves against the corruption of demagogues and the aggressions of the predatory interests. We hold the right too lightly and it is not impossible, if we do not awake to its value and our duty, to lose it entirely by such indifference. Let's wake up neighbors.

**Mr. Miller, Moweaqua.**

The best way to form an opinion about an article is to use it yourself, yet the testimony of others should carry much weight. M. H. Miller of Moweaqua, Ill., says that the only thing he knows of that will surely cure stomach trouble, indigestion and constipation is Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, which is safe and also pleasant to taste. It is absolutely guaranteed to do what is claimed for it, and if you want to try it before buying send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

**Planting the Home Orchard.**

Editor Record:—In a recent issue of the Record, Ex-Farmer comes to the readers with some wholesome advice to farmers about family orchards.

We wish to add a few suggestions as to preparation of soil and planting, as Ex-Farmer did not treat of this phase of the subject.

First, we would suggest the orchard site should be located on the best part of the farm, selecting the higher ground if possible. We would have it just north of the dwelling, making a good wind-brake in the winter.

Now, as to preparation of soil. We want a small turning plow, 9 or 10 inch, with good team. In addition to this we would improvise a Georgia stock with a long narrow bull tongue for a sub soiler. Use one mule or horse to Georgia stock. We want two men who know how to plow to carry on the work. We want a good season in the ground, such as now prevails, and now we are ready for work.

Start the turning plow and follow in bottom of turning plow furrow with subsoiler, running both plows as deep as the teams can pull them. When plot of ground is plowed, turn and cross plow in like manner. If the work is well done you will have the soil stirred to a depth of 12 to 15 inches, the only preparation for a successful orchard in West Texas.

Experience teaches that close planting is not the thing in a dry country. Twenty-five feet each way will give better results than 20x20. We prefer well developed one year old trees with a straight stem.

Check the land 25x25, excavate holes where furrows cross, sufficiently deep to receive trees. If subsoil is hard use one-fourth stick of dynamite in bottom of hole. Trim all mutilated roots, set tree a little deeper than it grew in the nursery. Fill in around the roots with top soil, use no manure in planting. Fill the hole two-thirds full, pressing the soil well to the roots with the foot. Now put two or three gallons of water to the tree, according to dryness, then fill in, after the water soaks up, with dry dirt. Lean the tree forty-five degrees to the south west and cut back tree to 20 or 24 inches above the ground, leaving a straight stem. As the buds begin to grow pruning must begin. Right here is where the orchardist has power to shape the tree as desired. To make a well-balanced, symmetrical tree we leave four or five buds to grow well proportioned around near the top of the tree, keeping all others below

rubbed off. As the tree grows the north side will grow faster than the south and must be kept pruned back. When the tree is grown it will be straight and well proportioned. If the tree is set in a haphazard way and allowed to grow like some children the tree will be leaning to the north, exposing the trunk of the tree to the scorching summer's sun, thereby causing sun-scald, greatly impairing its usefulness.

The deep preparation is essential for here is where success lies. As the roots begin to reach out for food they will take a lateral direction and follow along on top of the undisturbed subsoil and out of way of any future cultivation, and unaffected by ordinary drouth. This preparation will cause the soil to drink up a hard rain, whereas as is commonly prepared the water will run off.

The cultivation of the soil must be shallow and intensive. Those who do not feel warranted in buying the improved implements, can do good work with a one horse turning plow and section harrow.

If the above directions are carried out, success will crown the efforts of the operator, for orchards thus treated raise some fruit in off years. We remark incidentally that the soil must be cultivated for forty feet beyond the outside row of trees, and no mesquite should be left standing within fifty yards of an orchard. We have traced the lateral roots of the peach forty and fifty feet from the

**EX POLITICIAN**

Remember the Palace Market will meet all competition on all qualities of goods handled in their lines, and believes in living and let live.

**NATURE'S GIFT FROM THE SUNNY SOUTH**

During the Civil War, cotton growing was so profitable that it is said the natives of India purchased silver plow-shares with which to till the cotton fields. Yet, under the stimulus of highest prices, India could raise only three million bales; the South produces over twelve million bales each year. It will be seen therefore that in this product of nature, the South stands supreme.

Not less important is the oil of the Cotton seed which, when refined, ranks in purity and wholesomeness with the choicest olive oil and, in the form of Cottoleone, yields a cooking fat superior to lard.

Cottoleone is vegetable—so pure, wholesome, economical and efficient, that it is truly one of Nature's best gifts from the South.

The Palace Market sells the best meats you can buy, and at reasonable prices, and will sell you a 13-ounce loaf of superior bread for 5 cents. Call and give them a trial.

R. E. L. Culp, who lives at Coleman, and who is a son of our old friend W. C. Culp, passed through Colorado Tuesday morning, with a party of hunters from Coleman, who had been down in old Mexico the past month. They report killing 35 deer and turkeys without number.

### CLASSIFIED ADS.

Rates:—Ads in this column will be inserted at 5 cents a line, but no ad less than 25 cents per week. They must be paid for, cash in advance, as we cannot open up an account of 25c and have the trouble of carrying it on our books and collecting. No ads taken over the phone unless money is sent, or the advertiser has an account with us. We have been forced to make this rule and will treat all alike. Articles found and left here to be called for, will be held until the ad is paid for. If you have an ad you want inserted in this column, write it out plainly, send it in with 25c for each week that you want it to appear—don't phone it in, as there is liability of mistakes. These ads get results every time.
