### Noah Was the Founder of Indigestion--He Forgot to Leave the Pigs Ashore

People, in consequence, have ever since been victims of lard-cooked food and ndigestion. Lard-soaked food is not fit for human stomachs because lard is made from greasy, indigestible hog fat, and is bound, sooner or later, to make trouble for ur inner machinery.

Cottolene is the only rational, national shortening. It is a pure, vegetable product, the road being built, and all we can can judge from this end of the line manner in which the teachers had nd its source (the cotton fields of the Sunny South) is in striking contrast to the ource of lard—and there is just as much difference in the healthfulness of the two products as in their sources.

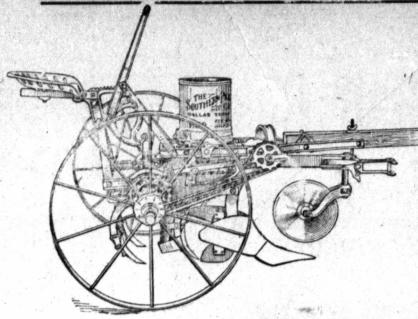

Cottolene makes food that any stomach can digest - palatable, atritious and healthful. If American housewives but knew the periority of Cottolene over lard, both from a practical and health ndpoint, lard would never again enter any well-regulated kitchen.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.
