Where's the Curfew Law?

Editor Record:
You asked in a recent issue of the Record, "is the curfew ordinance being enforced?" For your information I will answer by citing an instance or two where I know this ordinance was grossly violated. At the depot several nights I have seen half a dozen boys under the age of 21 after the 9 o'clock whistle had blown—in fact it is the rule to see them, not only at the depot, but other places about the town.

Last Monday night, between 9 and 10 o'clock, while the band boys were practicing at the Brotherhood tabernacle, one of the south doors was kept open for ventilation. A number of boys came around and threw rocks at the electric lights, and after the door had been closed they continued to rock the house. The band boys went out to talk with them, but they took to their heels and ran away.

The band has permission from the board of directors of the tabernacle to use the building for practicing and we feel that we are entitled to some kind of protection from such interference by these night-prowling hoodlums. Yes, sir, the ordinance is more honored in the breach than in its observance. A BAND BOY.

Mr. Snowden's Fine Well.

Friend S. S. Snowden promises to be the first on the ground in the proposed new town on the Concho & Colorado railroad. A short time ago he bought 160 acres of land in that locality from the H. S. Witten survey and began to drill a well last week. After going down 30 feet, the drill dropped ten feet and struck hard pan again. In this "cavity," whether it be a lake or river, is six feet of the best quality of water. Mr. Woods, who is drilling the well, tried to pump the water out, but his best efforts made not the least impression on the volume of water. This is an important find and is worth much to a farm or town site, and we hope friend Snowden will find his well a veritable banana. When the railroad is built, this will prove an excellent foundation for a thriving town.

THE RAILROAD STATUS.

E. G. Hammock Returns With Engineer Who Represents Northern Capitalists.

Mr. E. G. Hammock returned to Colorado last Sunday night from the north and brought with him Mr. J. C. Neageley, a civil engineer of Philadelphia, Penn., who represents the capitalists who have tentatively agreed to finance the building of the railroad from Colorado to Robert Lee.

These gentlemen met with a committee of Colorado citizens and made the proposition that Colorado guarantee the bonus asked. This the committee did in the name of the subscribers to the bonus raised some weeks ago. Mr. Hammock and the engineer were to go over the proposed route as surveyed, and if after viewing the route and consulting Mr. Hammock's figures the proposition seemed both sound and feasible, the engineer would so report to the northern capitalists, who agree on these conditions to completely finance the building of the road.

This is the exact status of our prospect for the road. There is in it no feature of discouragement, no element of possible failure. It is purely a business proposition, such as the town of Colorado itself would investigate any kind of investment of money upon. If the proposition appears to the capitalists to be sound and promising of returns for their investment, they agree to put their money into it, upon a favorable report from their engineer. No doubt the same conditions with regard to the bonus being guaranteed will be laid upon Robert Lee, and no doubt the town will readily agree to guarantee it. With this and a favorable report by the visiting engineer, there remains nothing between the present condition and actual work but the final signing of contracts.

This puts the enterprise in a more hopeful condition than ever before, and we feel that things are beginning to assume definite shape upon a mutual understanding. The whole question in a sentence is: if the proposition is one that appeals to investors, the road will be built. No town could expect any set of men to put money into an enterprise that did not promise both safety and a fair return for their money.

The Record feels more hopeful over the matter than ever before. If the investment is not a good one for the capitalists, it would be a poor one as well for the town of Colorado and Robert Lee. To show how the enterprise is regarded by other towns, we reprint from the San Angelo paper the sentiment existing there as to the importance of the road. With such a town as San Angelo in the game, we shall feel still more hopeful of the building of the road:

San Angelo Is Interested.

Actual steps to secure the extension of the Colorado-Concho railway from Robert Lee to San Angelo may be taken by the San Angelo Chamber of Commerce when E. G. Hammock, promoter of the project, reaches West Texas. Shortly after his arrival the railroad committee will have a conference with him.

Hammock is enroute to this part of the state from New York now according to information obtained from Attorney Merchant, of Robert Lee, who was in San Angelo Friday morning. Mr. Merchant stated that it was generally understood that Hammock was to proceed to San Angelo after reaching Robert Lee, for the purpose of submitting his proposition. It is not known what Hammock's plans are—whether or not he proposes to ask for a bonus in San Angelo.

Matters with the Colorado-Concho railway here have been entirely at a standstill. Hammock has spent the past two months or more in New York and other points interesting capital in his project it is said.

Both Colorado City and Robert Lee are enthusiastic over the fact that they will get the road. Robert Lee is especially anxious that the road extend to San Angelo.

The San Angelo Chamber of Commerce will make a strong pull to secure the road. This is the announcement of Secretary Gohlke, who believes that a larger increase of trade in commercial circles would result in the event the territory to the north is opened up via Robert Lee—Standard.

J. T. Burroughs and S. B. Kemp of Robert Lee, came up Sunday to meet E. G. Hammock and accompany him and the northern visitors over the route from here to Robert Lee. They left Tuesday morning. Messrs. Burroughs and Kemp say there is no question about Robert Lee getting a railroad. The people of Coke county appreciate the vital importance of securing connection with the outside world, and if the town hopes to hold its own, the road must be built, and that soon.

Witten Maxfield.

On Wednesday evening Mr. Henderson Witten and Miss Ethel Maxfield were quietly married at the home of the bride's parents, Mr. and Mrs. A. B. Maxfield. In the presence of a few of the friends of the families. The home had been prettily decorated for the occasion. Miss Mary Coe sang "Promise Me," after which the wedding march was played, while the young couple came into the parlor.

The bride was attended by her sister, Miss Christine Maxfield, with the groom's brother as "best man." After the ceremony an informal reception was enjoyed during which the many beautiful presents were displayed and admired. Refreshments were served in the dining room.

The bride was attired in lace-trimmed mull and carried a bouquet of white roses. The bridesmaid was also in white.

The young couple begin life with the best wishes of a host of friends, and with Love as the officiating Priest in their home. May long life, happiness and abundant prosperity be their portion. Is the wish of the Record and their friends.

South's Remarkable Development.

William E. Curtis, writing from Washington to the Record-Herald says in part:

"The most remarkable development of mechanical industries in the country during the last few years has occurred in the southern states. During the past ten years more than \$600,000,000 of capital has been invested in manufacturing industries on the line of the Southern railway and its leased lines alone, and probably as much more has been invested in other parts of the South.

"Memphis has become the greatest center of the cotton seed oil industry, which is a new development of the last twenty-five or thirty years. In 1880 the total value of the products from cotton seed was less than \$2,000,000. In 1909 the total surpassed \$80,000,000.

"Dallas has become the greatest market for the distributing of farm machinery in the world.

"Galveston has become the greatest cotton market in the world.

"St. Louis handles more shoes than any other city in the world."

William Brown of Brownsville, Texas, has brought suit for \$5,000,000 damages against his brothers and sisters, alleging that as the result of a conspiracy on their part, he was illegally confined to an insane asylum at San Antonio, in order to deprive him of his part of his father's estate, amounting to more than \$51,000,000. J. B. Well, one of the defendants, was formerly chairman of the state democratic executive committee.

Quite a dirty mess is being kicked up in the Mississippi legislature. Charges that Vardeman when governor failed to account for certain incidental funds intrusted to him for the cyclone sufferers of Meridian. On the other side charges of bribery to secure the election of Mr. Percy to the United States senate are being made and investigated.

Irrigation in west Texas means untold wealth. The soil is a storage battery of fertility, which needs only to be touched by water to give forth every element needed for perfect reproduction.

UNION UNITS.

There has been some fairly good showers, which livened up things considerably; has put the grass to growing fine and our people have done some planting. This (Tuesday) morning has got us a little uneasy on account of a cold snap, but Plunket don't think there is any danger of our fruit crop being injured yet.

Brother Ledger failed last Sunday to put in an appearance on account of having a meeting in progress at his home town, Westbrook. For this we have no censure, but just hate to lose one of his sermons or appointments.

Mr. Compie Pritchett has closed his school at Union. Don't know what he will do next, unless he gets murdered, oh, no, married, I should have said. However, there is not much difference.

Well, Mr. Editor, Citizen's proposition—ain't it a hard one? How does he expect me to write on the subject of a long time ago, when I was 75 years old my last birthday, and if I keep living will be 85 in about ten years from now.

Well, I can only tell you some of Uncle Rufus' sayings, observations and experiences. And as the good road question is a live one and needs attention, I will tell you how he says they used to work roads.

1st. The commissioners would, apportion apportioners in every beat, whose duty it was to view the roads, apportion the hands subject to road duty to the several roads in their respective beats. Then they divided territory each one of the three would ride over their roads when worked and if the road had been in any way neglected they went direct to the overseer, notified him of the deficiency; when he again wanted out his force and righted the wrongs or risked being dealt with by the grand jury. He says limit of age was from 18 to 45, and no exemption fee was known. They just had to work or pay a fine, which amounted to something it didn't make any difference if they had feathers in their hats or tips on their toes.

And Uncle Rufus says such a road system in this country would solve the bond issue question.

Now then, if Citizen is permitted to see this in print he will have to give us a sketch or back down.

Called Home.

Sister Katherine Scown was called home to her reward on March 18, 1910, to her reward on March 18, 1910. She was not sick long, dying of heart failure.

Grandmother Scown was born in England September 9, 1833, where she was reared and married.

In 1871 she moved to Pennsylvania, remaining here until 1877. She came to Texas. Their first year in Texas Sister Scown was called on to give up her husband, leaving her a widow with seven children; and only three surviving. Sister Scown, Mr. Tom Scown, Mrs. George Willingham and Miss Ellen Scown. Sister Scown was a consistent member of the Christian church for fifty years. She was a loving and faithful wife and affectionate mother. Sister Scown was a member of Evergreen Rebekah lodge, 223, of Colorado, Texas. She lived up to its principles. Always found ready to discharge her duty when able to attend or called on.

We deeply regret and mourn the loss of our sister Rebekah. We feel her family has lost a noble mother. The community a cheerful friend and her church a faithful follower. But while "mother nature" causes us to weep and mourn, still we know our loss is her eternal gain; for we feel that we have an assurance that today Sister Scown is at rest beyond the river, where sickness and sorrow never come and angels ever dwell.

WOMAN'S WOES

A Certain Cure for Female Trouble and That Tired, Nervous, Depressed Feeling That Makes Household Work a Dreary Burden.

Work, work;
Nothing but work;
Tiresome drudgery!

Work used to be a pleasure, but now a few minutes effort leaves you weak, discouraged and irritable with a feeling that everything has gone wrong.

The liver and bowels are responsible for this.

The symptoms are, heart palpitation, faintness, suppressed, excessive or irregular periods, bad digestion, bearing down pains in the side and back, nervous weakness, poor appetite, costiveness.

Prickly Ash Bitters sweeps away these troubles like magic, because it strikes at the root of the disease—the stomach, liver and bowels.

Women who take medicine for female troubles that do not benefit these organs are wasting money and valuable time. The liver is diseased because the stomach is unhealthy, and both have produced a constipated habit. This stoppage of healthy action in the liver and bowels has filled the system with impurities which have brought on irregularity in the female organs; it follows therefore, that a medicine which will correct the liver, strengthen the stomach and promote healthy bowel operations is the remedy for menstrual difficulties.

The poor, tired, discouraged woman who has suffered silently and so long with the ailments of her sex soon feels the strengthening and exhilarating influence of Prickly Ash Bitters. It does its work thoroughly, beginning with the stomach and extending its purifying and stimulating influence to the liver and bowels. When the stomach, liver and bowels are active and working in harmony, there must be health and regularity in the female organs. As a result of this improved condition the patient takes a renewed interest in her household duties. Appetite and strength return, the eyes are brighter, the complexion clears, and before long she is transformed into a bright, happy woman with rosy cheeks and cheerful spirits.

"I suffered much from indigestion and constipation. I had a drowsy tired feeling and nervous headaches all the time. I began using Prickly Ash Bitters and it has helped me wonderfully. I now have a good appetite, sleep well and can do a greater amount of work than ever before."

Water Is Capital.

Any community with an abundant water supply has all the necessary elements for a pay roll a mile long, if given sufficient publicity and transportation facilities, and the dollar seeking investment is met half way in a spirit of friendliness and co-operation. The following from the Wall Street Journal well illustrates the point.

"Construction of a 10,000,000-gallon water storage reservoir at Youngstown, Ohio, is expected to result in an immediate expenditure of \$20,000,000 for mills. Water attracts the capitalist—when it is in the right place." Solve your water problem if it peels the hide off and over-drafts the principal treasury."

Colorado has at its very door the most abundant supply of water in west Texas. Without storage, the supply of water at Seven Wells is sufficient for half a dozen industries, carrying a pay roll a mile long. The town has failed, apparently, to appreciate the latent capital it has allowed to run to waste for twenty-five years. The excellence of the water supply along the line of the Colorado & Concho railroad, would justify its building. Good and abundant water will attract capital like a loadstone. Fuel can be transported to any locality but the water must be "on the ground."

Beauty of Body.

A healthy body is a beautiful body, and beauty of body is to be preferred to beauty of face. It is easy enough for a woman to have a good complexion if her body is in good health. To insure good health it is necessary to keep the stomach active and the bowels open. This can best be done by the use of Dr. Caldwell's Syrup Pepsin, the great stomach, liver and bowel regulator. It is absolutely guaranteed to do what we claim, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Hesperian Club Notes.

One of the swellest things ever given by the Hesperian club faro was with Madames Payne, Majors, Doss, Stonerod and Hughes hostesses, at the home of Mrs. Annett. The parlor and library were beautiful and fragrant with vases of red and white carnations, and in spite of rainy weather the guests were dainty in near summer frocks and hats. After all had arrived the program was read by Mrs. Majors. It was begun with an overture—Morning Song—Miss Amett pianist, Miss Mary Coe and Vance Phenix, violinist.

Roll call—Quotations on life.
Paper—The Romance of George Washington and Martha Custis—By Mrs. Collier, beautifully written and delivered.

Vocal Solo—Dawn's Gentle Flower—most pleasingly sung by Mrs. Hazzard.

Reading—When Grandma Danced the Minuet—Given by Miss Jo Dry in her own delightful way.

Guitar Solo—Spanish Fandango—So sweetly given by Mrs. Broadbent that she was enthusiastically encored.

Mrs. Gilmore Smith gave two selections on "Love," which were greatly applauded.

Miss Shaw gave a piano solo so charmingly that she was prevailed upon to render another.

A selection—"A Military Duet," was given by Mrs. Smith for Miss Hughes.

Miss Blandford sang so beautifully that she was persuaded to sing again.

Miss Mary Coe's delightful vocal solo also received an encore.

Mrs. Majors finished the program by saying that Miss Jo Dry had an announcement to make.

While Miss Annett played the wedding march Mrs. Arnett and Mrs. Stonerod marched through the library into the parlor, followed by Miss Hughes, led by Elsey Lee Majors and Gusset Collier, who had her firmly caught with chains of violets. They stopped in front of Miss Dry, who while Miss Annett softly played the Flower Song, read the rhymed announcement of the coming marriage of Miss Hughes to Mr. Dick Arnett on April 20. This was in the form of a booklet daintily decorated with wedding bells, true lovers' knots and cupids. This beautiful souvenir Elsie Lee Majors kept, and presented to the bride-elect while Gusset Collier gallantly kneeling presented a bouquet of red carnations. Congratulations and good wishes were showered upon the charming honoree, who has made such a delightful club member, and

FOR CATARRH

Medicine Free in Every Case Where It Fails to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so dissatisfied that we are right, that we supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want everyone to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligations to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of the trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies only at our store, The Rexall Store, The Colorado Drug Co.

who is the last young lady the club has.

A Shakespeare contest, the cards of which were decorated with cupids by the artistic touch of Miss Mary Coe now for a time claimed attention. The prize for all the correct answers fell to Miss Jo Dry. Next menu cards also artistically decorated were now passed and every one asked to select two dishes. When basted duck came in little squares of brown duck with white basting, threads run through and other things quite as unentabable were brought by the waiters, some one shouted "April fool," and then all remembered that it was April 1st. A delicious salad came with veal loaf, and coffee followed by ice cream and cake were now passed and these good things claimed the attention of the company. Other things in honor of Miss Hughes follow shortly.

The club will entertain with a "club room" shower on the fourth evening, while other affairs are being discussed by her many friends.

COLORADO, TEXAS, FRIDAY, APRIL 8, 1910

Circus Poster Journalism.

Distortion and lack of proportion will spoil any picture, however, fair. To be overfed is as hurtful as to be starved. Extravagant claims, superlative advantages and impossible conditions as reflected by the newspapers, have done much to retard the permanent settlement and development of west Texas. Most every town on the map asserts that it is the "best town in the state," the "garden spot of the world," the "coming city of the west," and other variations of hyperbole. Extravagant statements has become the test of one's fealty to town and county, and adjectives have lost their power to qualify.

The Record yields to none in sectional loyalty or civic pride, but believes that God's eternal truth is the only permanent foundation for success in business as well as for growth in morals. Many of the very newspapers that insist that the only effective way to advertise successfully is to keep faith with customers, stultify their convictions by making the most ridiculous claims for their town and country. The reader knows that Buggsuffle it not, cannot be, the "best town in the world or the site of the ancient garden of Eden," and therefore takes every other statement in the paper with as liberal grain of salt as he does that assertion. Such claims discredit the truth, when it is told about the place.

If, however, a prospector, should believe every word of the overdrawn picture, but upon investigation finds things are not as represented, he resents the deception by discrediting even the things that are true and self-evident. Inflation of advantages and fictitious claims of promise, are just as hurtful as inflation of values and fictitious prices. The reaction from the height is correspondingly low. The use of indiscriminate superlatives in describing the attractive features of a section, is like the man who backs up every statement he makes with an oath. Those who have heard him talk once pay not the slightest attention to his most solemn and truthful declarations; they have lost all force and meaning.

As a matter of fact, there is but one "best" town in the state, and any fool knows it is not in west Texas. The wisest man in the world cannot foretell what town will make a city. There are hundreds of good and promising towns in west Texas, but as a rule, one is but little better than another. What the country needs, is fewer promising towns and more paying ones—towns that make good.

"With the grand jury in session, fishing becomes especially good," says the Grand Sabine Journal.

"All fools' day and Bill Collector's day fell together on Friday. There's a fitness about the conjunction after all."

Lillis, the Cudahized banker of Kansas City, was in San Antonio last week, and very appropriately stopped at the Saint Anthony hotel.

Governor Harmon of Ohio and Mayor Gaynor of New York are gradually emerging into the open field of presidential possibilities.

Keep your ear to the ground, not to the gas pipe. If you want to hear the rumbling of the iron horse and pay no attention to the "They say" crowd.

We understand there's a campaign on for the governorship of the state down about Tyler, Cleburne and Austin. We notice mention of the race in the "patent sides."

Buffalo Gap is distinctly on the map and wants the world to know it. Since getting a railroad the town is trying to redeem the years it has lost by being scoured out of its rights about 1880.

Nest eggs at the Racket Store.

The Willis Point Chronicle, always a splendid paper, has added a junior linotype to its office equipment, which improves its appearance. The Chronicle is as much an institution in Van Zandt county as the court house, bank, hotel or jail.

Even with the railroad to Robert Lee but our public dirt roads and bridges in their present deplorable condition, Colorado will lose—but what's the use trying to preach good roads, when we haven't enough civic pride to keep our county capitol building in presentable condition?

A railroad from Colorado down the valley to Robert Lee would be the finest watered fifty miles of road in the southwest. It would pass Seven Wells, Silver creek, both of which afford good, soft water, on down the valley, in which good water can be gotten almost anywhere. The road must be built—and it will.

Just after the sun goes down, if you will look steadily just above the point where it sets, Halley's comet may be seen. One gratifying feature about it is there's no one around to tell you how much larger, more brilliant and terrifying this same comet was on its last appearance, 75 years ago.

The Stamford Tribune should keep that list of converts at the recent revival held in that city and publish it again one year from now, to see how many held out. The publication of the list was a solemn pledge by each one whose name appeared therein, to the community and the world, to live an upright, clean and exemplary life.

The Record has taken a second think about the rabidness of the Grand Army post's protests against placing the Lee Statue in the Hall of Fame, since it has read of the fits thrown by the Sterling Price camp, U. C. V., at Dallas, over placing a picture of Abraham Lincoln in one of the public school rooms. There are no more rabid up there than we are down here in Texas, it seems.

The American Vaudeville company, which played at the opera house Thursday night of last week, played chiefly to empty chairs. When this section was new and difficult of access to amuseeent companies, anything would draw a crowd, as the people wanted some kind of amusement. But in recent years, a better class of companies make the towns, and just any old fake con no longer draw.

Colorado is neither the coming city of the west, the colossus of the plains, not yet the best town in the world or even in Texas. But it is a bully town. Not swept off its feet by every wind-capitalized fake that blows down the pike, but pursuing the even tenor of its conservative way, making improvements to the amount of about \$200,000 per year and adding to its population 250 annually. It is not such a promising town as some others, but a paying town.

Colorado at least shares in the prosperity of its several neighbors. Car after car of sand and gravel are shipped out as fast as they can be loaded. A great deal of sand is now being shipped to Anson and Sweetwater, for building purposes. The Colorado river furnishes an inexhaustible supply of the finest gravel and sand, which is continually being drawn upon for building in all the towns along the T. & P. road.

You may talk about your high class opera, your symphonies, oratorios, nocturns and the like, but the most heavenly, seraphic music that tintinnabulate the tympanum of the auricular appendage of the west Texas denizen, is the sound of heavy rain coming down, down, down upon the shingles of the roof. For the past week we have been enjoying a continuous performance of this soul-stirring melody.

Is the issue of prohibition to be slain in the house of its friends? Why can not the prohibitionists unite on one candidate and get together. Unless they can do this, it were time and effort worse than thrown away to make even a pretense at a campaign. Failure just at this time will do the cause incalculable harm and weaken in its friends, confidence in the leaders and fealty to the cause. Unify or we'd better quit. The suspicion will not be difficult to create that there is more dickering with the enemy than appears on the surface.

The mind reader, vault and coffin breaker, blind-fold driver, etc., did his stunts to the marvel of the gaping crowds Monday and Tuesday afternoons. Like the fellow who sells the phony watch chains and gives back the last time—this class of magic worker never fails to excite the wonder of the unsophisticated, who readily attribute supernatural powers to the fakir. Doesn't reason and common sense teach that if they could do these things by the possession of occult powers, they would not be barnstorming around the country for a few dollars per night. Their success lies not in the wonderful powers they possess, but in the ignorance of the public about such matters.

There are many well meaning citizens of a town who do their home town an injustice by failing to notice in it the very things they cite as advantages in other places. A citizen of Colorado had occasion to visit a neighboring town recently the first time in ten years. The place had grown much since then, but is not now as large as Colorado. He came home eloquent over the sidewalks, electric lights and projected water system of the town. The town had grown so much faster than he had imagined, that he gave these advantages undue importance; yet his own town had all these things on a larger scale, but he had never noticed them. The trouble is not with the town—Colorado's all right—but the failure of its citizens to appreciate at their relative importance the advantages the town really possesses. See the good things of your home town; it will make any town a good one.

If, on investigation, it should be proven that overt bribery secured the election of Hon. Leroy Percy to the U. S. Senate and the defeat of ex-Governor Vardeman, the honor and traditions of the entire south will suffer great humiliation. It has ever been a source of pride that the south sent only men of the most impeccable honor to grace that high office. That a most rigid and far-reaching investigation will be demanded by the people of Mississippi that we have not the slightest doubt, nor do we question but that the cancer will be extirpated with no gentle hand or flinching knife. From such a character and figure as Hon. James Gordon, gentleman to the giver or taker of a bribe is a long and hard fall for Mississippi. But whether the charges prove groundless or not, the honor of the state will suffer from the very fact that it has been possible to make them.

The taking of human life goes merrily on. It is now much safer to lie in wait for an enemy and shoot him down from behind than to shoot at him or draw a weapon on him. In the latter case there are a dozen chances for conviction in varying degrees, but when a man is charged with murder, rather than hang him, the average jury will turn him loose. When public sentiment goes behind the law against murder as it is behind that against rape, the statutes against it will have some meaning, and technicalities will cease to open prison doors, cheat the gallows and fill the pockets of "criminal" lawyers. When a sentiment against murder can be created, like that which now exists against rape, our criminal courts will cease to be a farce and human life become as sacred as the chastity of our women.

Give an infant a ball and cube and it will at first prefer the ball, as it is easier to manage; but it soon learns that the cube stays just where it is placed and can always be found just where wanted. So it is with truth and falsehood. The round, easily rolling sphere of falsehood may amuse for a while, but it is not to be found when wanted and is never in the same place twice. The cube of truth may be a little more angular, not so easily to handle, but is always to be found just where you left it. It stays put and can be depended upon. Yet careless and rough handling will after a while wear off the resisting corners, round the flat sides, until ultimately, what was a perfect cube of truth becomes an ugly and lop-sided sphere. We may be carelessness, half-hearted

service and indifference reduce honest effort to the methods of the charlatan and quack.

The Record was forced to leave out good letters this week from Loraine, Herbert, Van Tuyl and several other places. It was unavoidable this week and we ask the writers to not be discouraged, but come again.

As Seen By Others.

At least a dozen of the best class of our citizenship came in this week and congratulated the Record upon its campaign to stimulate county pride enough to demand the repair and proper maintenance of our county court house. To this end, every citizen of Mitchell county is invited to examine the premises, go over the house and see for themselves. That neglect of such public property is noticed by others, we reprint what the Sterling City paper has to say about the court house condition over at Abilene.

"Over at Abilene, the District Judge and the five members of the commissioners' court of Taylor county, are having a jaw contest. Last week, a jury in the District Court at Abilene were obliged to spend a night on the imaginary folds of their "Tucson" blankets. Next morning when this jury rendered their verdict they complained to the judge of the airiness of their sleepless couches; whereupon Judge Blanton gave his opinion about a set of men whose saving proclivities had led them into forcing jurors to roost on chairs all night while considering their verdict. The judge said some sarcastic things about the tepee that served as a court house for Taylor county, and said that Jones county had torn down a better court house to make room for a new one.

"And then came the County Judge and four Commissioners and plead general denial and special exceptions. In their defense they said the judge had stated that the three last grand juries had been after them, when in fact only one grand jury had raked them. They also informed the judge that they had some iron rods put through the house to keep it from falling down; and they had been told by experts that by walking carefully over the floors, there would be no danger of the building tumbling down for quite a while."

Colorado Has 'Em.

"Go along the streets of our city and you can point out the boys who in the next decade will be the grumblers and growlers. You will see them sitting idle on a dry goods box, swinging their feet and squirting tobacco juice. In ten or twenty years from now they will be doing the same thing and declaring this world has been made all wrong. Never having made an effort to do anything for themselves they do not like those who have; having nothing themselves, they look upon every man who has gained property or high professional reputation through unceasing toil and economy of time and means, as having wronged them in some way, and as an enemy to be denounced in season and out of season."

School Bond Election.

An election has been ordered by the Board of Trustees of the Colorado Independent school district, to determine the issue of \$10,000 of bonds for the purpose of rebuilding the central school building.

The election has been ordered for May 7th, 1910, at the court house in the town of Colorado, between the hours of 8 a. m. and 6 p. m. All the qualified electors within the corporate limits of the City of Colorado will take due notice hereof and govern themselves accordingly.

This is not an official notice, but an item of news merely. The official notices are posted seven or eight feet up on the telephone poles. This is published for the information of the voters.

The City Election.

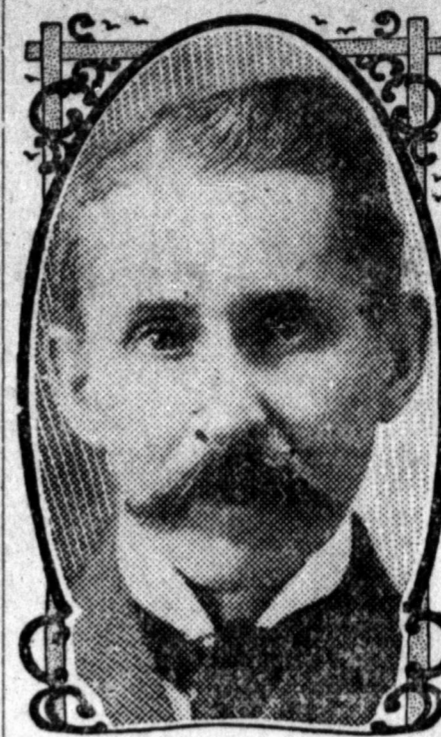

The election on Tuesday for the selection of two aldermen was held with a very small vote and the following results:

J. W. Bird	47
Solon Cowan	45
W. H. Moeser	42
A. J. Payne	10
B. Dobbs	5
Con Harness	5
J. W. Bird and Solan Cowan having received the highest number of votes were declared elected aldermen of the City of Colorado for the term of two years.

CATARRH DESTROYED MY APPETITE.

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world. Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appetite in such cases. To prod the digestive organs with medicines that are merely stimulants is a poor way to remedy such cases.

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectively and restored my appetite. My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery." —Mr. Joseph H. Conlan.

Removed Catarrh, Restored Appetite.

Mr. Joseph H. Conlan, 487 7th Ave., Brooklyn, N. Y., writes: "I suffered from catarrh which completely destroyed my appetite and weakened my entire system. I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectively and restored my appetite. My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."

Torpid Liver, Stomach Trouble.

Mr. James O'Byrne, 629 Madison St., Topeka, Kas., conductor Sante Fe Railway and member Order of Railway Conductors, writes: "I suffered with a torpid liver and stomach trouble, which made my complexion very sallow, and I felt miserable and tired all the time. An aunt wrote me that she was taking Peruna with such good results that she advised me to try it, and I finally bought a bottle, although I disliked to take patent medicines. However, I found Peruna very agreeable to take, and effective, as I felt better in a week. I took only five bottles in all and I found that was all I needed. I am most grateful to you for what your medicine has done for me."

Dysentery Entirely Relieved.

Mr. W. N. Casey, Leamington, Ill., writes: "In two weeks after beginning your treatment I was well. I used nine bottles of Peruna. My case was bowel trouble or dysentery. I also tried Peruna for a cough, according to directions, and it exceeds any cough syrup I ever used. I wish every one afflicted would give Peruna a trial."

Pe-ru-na as a Tonic.

Capt. R. B. Smith, Greensboro, Ga., writes: "After using several bottles of Peruna I can recommend it as one of the best catarrh medicines on the market. As a tonic it has no equal. Peruna is all that is claimed for it."

Catarrh of Stomach.

Mr. Henry Neely, First Lieutenant, Co. "F," 86th Regiment, O. V. I., Box 623, Trenton, Mo., writes: "I suffered for years with catarrh of the stomach. Seeing an advertisement of Peruna, I bought a bottle and every dose made me feel better. Seven bottles completely cured me."

LOCAL NOTES

Doss' Kidney Pills—Guaranteed.

Captain Sam C. Wilks of Post City was a visitor to Colorado last week. He reports that husky young town as having on its "seven league boots" in the march of progress.

Watches cleaned or main springs fitted for \$1 by Majors.

County-Judge-Candidate R. B. Hood was circulating among the mighty holders of the poll tax receipt Saturday.

Be sure to get some of that tender meat the Palace Market is selling.

Fred Woodmansee and wife leave the last of this week for their new home in Upton county, where they will hold down their three sections of school land.

Doss' Kidney Pills—Guaranteed.

Mr. J. T. King from El Paso is the new expert workman at Major's jewelry emporium. His family came in Saturday night and are occupying the old Martin Byers residence on the hill.

If you want the best chill and females made in west Texas, come to see me at my new stand. W. H. Smith, (Chile Bill).

J. B. Annis went over to Mineral Wells to see his father Sunday. He has been in bad health recently and is just recovering from a severe spell. The Rev. Annis has during his life as Methodist preacher, had charge of every church between Weatherford and Midland, on the T. & P. railroad.

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all dealers.

Dr. D. C. McCauley of Sweetwater, father of Mrs. Brooks Bell, visited his daughter and family last week.

Majors puts in guaranteed main spring for \$1.

Miss Ina Wulfjen returned from Fort Worth Sunday, where she has been attending the Polytechnic college.

We sell the Free Sewing machine. Let us explain the insurance policy to you. J. H. Greene.

Judge P. F. Brewer and family are occupying the M. C. Ratliff home on Oak street.

Why toil and sweat over the wash-tub when you can have your family washing done by the Colorado Steam Laundry, saving all the worry, work and money besides.

The Record regrets to learn that M. C. Ratliff and family have decided to move to their recently acquired property near Roswell, N. M. While we regret to lose this most excellent family, we wish for them in their new home a full measure of health, happiness and prosperity.

If your watch is worth repairing it is worth repairing right. Have it done by Majors, the Jeweler.

J. R. Ledbetter, the electrician, is carrying his head a trifle high these latter days, and when asked the reason, informed us he was only joking over the arrival of a son and heir. Good looking, to be sure; the image of his pa.

Chamberlain's Stomach and Liver Tablets assist nature in driving all impurities out of the system, insuring a free and regular condition and restoring the organs of the body to health and strength. Sold by all druggists.

Mr. Tim Hardy is filling up the holes and low places in the streets, and otherwise putting them in fine shape. People who have not been to Colorado during the past two years would hardly know it for the same town. It is the universal remark of visitors and strangers that Colorado has more concrete sidewalks, more shade trees and cleaner streets than any town in west Texas. Not only the streets, but the alleys are clean also.

Well rooted geraniums for sale by Mrs. Jim Smith, 10 cents each.

Coloradoans Abroad.

(Sweetwater Signal.)

John Campbell left yesterday for Colorado to make his future home.

Mrs. Barcroft of Colorado City was in the city yesterday for a location for a hotel.

Mrs. Judge Sheppard returned home yesterday to Colorado, after a visit of several days with friends in this city.

Roy Dozier of Colorado City has accepted a position with the Orient barber shop in this city.

J. H. Hubbard is absent from the city this week at Colorado, conducting a large merchandise sale.

Dr. J. Gilmore Smith, evangelist for the El Paso Presbytery, spent yesterday in the city in the interest of the Home Mission work. He spoke at the First Presbyterian Church, South, last night.

J. S. McCall of Fort Worth was here Saturday and purchased J. D. Dulaney's entire bunch of one-year-old Hereford steers at \$21. This is the highest price ever paid for cattle of this age in this country.

For Sixteen Years.

Dr. Bell's Pine-Tar-Honey has been used by millions of people with perfect satisfaction. For Coughs, Colds, Asthma in fact all throat and bronchial troubles. The ingredients are on the carton. Dr. Bell's Pine-Tar-Honey contains no habit producing drugs, and always gives satisfaction. Look for the bell on the bottle.

The wedding of Mr. Dick Arnett and Miss Sadi Mae Hughes is announced for Wednesday, April 20th, and several pre-nuptial functions have been held in connection with that happy event.

The Palace Market kills the choicest of meats, which are fed in their pens; and are very reasonable in their prices. They want your business and guarantee satisfaction.

Even the high sheriff himself is not immune from the spirit of April 1st. He received underground information last week that a keg of beer had been surreptitiously gotten into the town, against the peace and dignity of the great commonwealth of Texas and contrary to the statutes for such cases made and provided, and that the conspirators only waited for the shades of night to regale themselves therewith. But the sheriff had smelt a mice before and refused to be fooled; so the keg of innocent water had to be emptied through the bung hole.

Cooper leads in price and also leads in quality of work. Try him on your next watch job.

West Allen and John Lovelady, of Colorado, both prominent cattlemen of that place were here this week looking to the purchase of some spring steers, and probably some bulls.—Midland Reporter.

The worst drudgery in the family economy is doing the washing; more drudged than all else. Let the Colorado Steam Laundry save you all the worry and work, besides doing it for less than it can be done for at home.

Sheriff Coughran of Colorado was here yesterday to bring over Ed Glover, who was re-arrested on a charge of theft of the city wagon.—Sweetwater Signal

Diarrhoea should be cured without loss of time and by a medicine which, like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all dealers.

This is an age of specialists. Cooper is a specialist on watch repairing and adjusting. "Better work for less money."

After three or four days of drizzling weather, the gracious rain again poured down Friday night, doing as much good to the feelings of us all as to vegetation. No estimate can be placed on the benefit of these rains. It's the difference between success and failure, progress and stagnation. "Great is Mitchell county (if it rains) and the Record is its Prophet."

Still, more business the past year for which I thank those who have spoken well of my work. Cooper, the watch specialist.

Rev. B. F. Tatum, of Merkel, filled his appointment at Buford Sunday.

Wednesday Mrs. Pierce entertained the Twenty One club. There were eight tables of players. The score cards being pretty yellow lilies, the work of the hostess. The afternoon was a most delightful one and at its close an elegant salad course with ice tea was served. Mrs. Vaughan entertains next. Mesdames Blandford, Shaw and Arnett went over to Snyder Thursday and held a Foreign Mission rally. A reception was held Thursday and the ladies otherwise delightfully entertained. Mrs. Eugene Clark sent her auto down for them and had them brought home.

There is no other microbe like that of Love.

No doubt you wish to make your money go farthest; then go to Jno. W. Person's.

Hon. Cone Johnson will speak in Colorado on Tuesday, April 12.

Miss Maxfield was the recipient of a lovely shower Saturday at the home of Mrs. Sherman. Many beautiful and useful articles were received and a most pleasant afternoon spent by her friends, who expressed their good wishes for her happiness and wished for her a continuation of it through all the years to come. Delicious punch was served during the affair. Miss Maxfield's wedding occurs Wednesday evening.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Level Stomach Indispensable!
Cure for the removal of the stomach in a Chicago hospital recently, promoted discussion among the surgeons whether the stomach could be removed and the patient be none the worse for it. Before the discussion had well died out, the patient had died. It demonstrated he could not live without his stomach. To keep the stomach in good condition, and cure constipation, indigestion, etc., use the great herb laxative compound, Dr. Caldwell's Syrup Pepsin. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Sweetwater Wants Salt Water.
Mr. Carrington, one of the owners of the Grand Saline Salt works, as well as a stock holder in various other salt works in the state, was here again this week and closed up a deal with J. F. Newman for land on which he will drill some ten wells at once to determine whether sufficient salt can be obtained to justify him in putting in salt works here.
Mr. Carrington has been here before and has become convinced that an abundance of salt can be secured here, and has decided to make a thorough test.—Sweetwater Signal.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Mitchell County, Texas, Greeting:
Oath having been made as required by law.
You are hereby commanded to summon William Cheek, Samuel Cheek and Thomas Cheek by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there is no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, on the Fifth Monday in May, A. D. 1910, the same being the 23rd day of May, A. D. 1910, then and there to answer a petition filed in said Court on the 19th day of August, A. D. 1909 in a suit numbered on the docket of said Court No. 1212, wherein Hardie Caesar individually and as executor of the last will and testament of Maria Caesar, deceased, is plaintiff, and William Cheek, Samuel Cheek, Thomas Cheek and Mary Robb are defendants, and said petition alleging that plaintiff's testatrix was the owner, and plaintiff, as the executor of and sole beneficiary under her last will and testament is now the owner of an undivided one-half interest in and to a certain tract or parcel of land, lying and being situated in Mitchell county, Texas, known and described as all of lot No. ten (10) in block No. thirty-five (35) of the town of Colorado, the value of said whole tract being six hundred dollars (\$600.) That the defendants, William Cheek, Samuel Cheek and Thomas Cheek, are the owners of an undivided interest in said property, which plaintiff believes and alleges to be an undivided one-eighth (1-8) each, and that the defendant, Mary Robb, plaintiff believes and alleges to be also the owner of an undivided one-eighth (1-8) interest therein, while plaintiff is the owner of an undivided one-half (1-2) interest therein. That said property was the community property of Richard Cheek and Maria Cheek, both deceased. That said Richard Cheek died intestate, leaving the following children: William Cheek, Samuel Cheek,

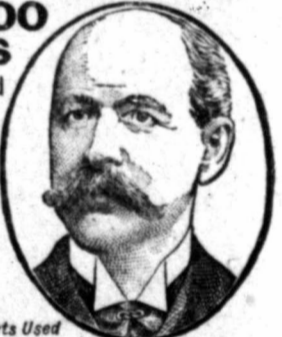

Thomas Cheek and Sallie Garcia, wife of Martin Garcia, who thereby under the statute of descent and distribution each became the owners of an undivided one-eighth (1-8) interest in said property. That said Maria Cheek, afterwards Maria Caesar, as the surviving wife of Richard Cheek became the owner of an undivided one-half (1-2) interest in said property, and died testate, as alleged, bequeathing all her right, title and interest in said property to plaintiff. That the defendant, Mary Robb, became the owner of all the right, title and interest of her mother, Sallie Garcia in and to said property by a certain deed of gift from said Sallie Garcia and her husband, Martin Garcia, dated June 29th 1909 and recorded in Vol. 29, pp. 91-92, Deed Records of Mitchell County, Texas. That said property is not susceptible of partition in kind in a fair and equitable manner. Premises considered plaintiff prays that the several defendants be cited in terms of law to appear and answer this petition, and that on final hearing the court do ascertain the respective interests of the plaintiff and the several defendants in said realty, and determine whether or not said property is capable of fair and equitable partition in kind, and if it be not found so, that the same be sold through a receiver as ordered by law at either a public or private sale as the court may deem best and the proceeds of such sale be divided or in the alternative if the said property can be partitioned in kind that the same be done, and for a decree which will afford plaintiff such other and further relief both general and special legal and equitable as he may be entitled to, for an equitable taxation of the costs hereof as in duty bound he will ever pray.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
Witness, Jesse H. Bullock, Clerk of the District Court of Mitchell county.
Given under my hand and the seal of said Court, at office in Colorado this 29th day of March, A. D. 1910.
JESSE H. BULLOCK,
Clerk District Court, Mitchell, county.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Mitchell county, Greeting:

Oath having been made as required by law, you are hereby commanded to summon S. L. Baggett by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said district, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell county, to be holden at the Court House thereof, in Colorado, on the 4th Monday in May, A. D. 1910, the same being the 23rd day of May, 1910, then and there to answer a petition filed in said Court on the 11th day of October, A. D. 1909, in a suit numbered on the docket of said court No. 1197, wherein Canda, Drake & Kloh, a firm composed of Charles J. Canda, Simeon J. Drake and Alphonse Kloh, are plaintiffs, and S. L. Baggett and Fred Morris are defendants, and said petition alleging that on January 29th, 1906, said S. L. Baggett made, executed and delivered to Canda, Drake and Sigmund Neustadt his two promissory notes for \$80.00 with six per cent interest thereon from date until paid which were given as part of the purchase money for lots 11, 12, 13, 14, 15 and 16, in block 12 in the town of Lorraine, in Mitchell county, Texas, as per plat of said town of record in book 16, pages 602 and 603 of the Deed Records of said Mitchell county, on which property a vendor's lien was retained to secure the payment of said notes and interest and attorney's fees and costs of suit, said notes providing for ten per cent on the amount due as attorney's fee, if collected by an attorney or suit, that said notes are lost past due and though often requested the said Baggett and Morris have failed and refused to pay the same or any part thereof; that plaintiffs had to bring this suit to collect their debt; that the attorney's fee provided for in the note they have contracted to pay their attorney for legal services in this case; that the ten per cent is a reasonable charge; that the said Neustadt died April 19th, 1909, that said Kloh succeeded to rights of said Neustadt in said note; that said Baggett had sold said property; that there are several deeds of general warranty from said Baggett down to

said Fred Morris who is now the owner of said property; that on Jan. 4th, 1910, the amount of principal and interest on said notes was \$197.76, and as attorney's fees, \$19.77, making a total \$217.53; defendants are notified to produce the original deeds or secondary will be introduced on the trial to show the contents of the same; plaintiffs pray for judgment against each of the defendants for the amount of said notes, interest, costs of suit and attorney's fees alleging their damages at \$675., for foreclosure of vendor's lien on the property described, for order of sale, a writ of possession and for general and special relief in law or equity to which they may be entitled.
The said Fred Morris by answer in said cause brings in the said S. L. Baggett and sues him on his general warranty to said property and asks judgment over against the said S. L. Baggett for whatever amount the plaintiffs may recover against the said Fred Morris and S. L. Baggett.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with our return thereon, showing how you have executed the same.
Witness, Jesse H. Bullock, Clerk of the District Court of Mitchell county.
Given under my hand and the seal of said court, at office in Colorado, this 5th day of April, A. D. 1910.

Singing at Rogers Sunday.
There was an all day singing out in the Rogers school house community last Sunday, and as is the custom on such occasions, dinner on the ground, and that in superabundance. The occasion was in the nature of a return compliment to the Cuthbert people for the pleasant day recently at Fairview. The crowd was larger than the capacity of the house, but everyone seemed to find just the particular enjoyable feature he or she came to find.
Those who have never attended one of these old fashioned, all-day singings with eating on the ground, have missed much that is pleasant in country life and a treat yet awaits them, particularly if they are fortunate enough to attend one given in the Cuthbert or Rogers community.

Gaston & Alexander, who did a cot-

ton business at Bowie, Texas, sold 800

bales of cotton to a Galveston firm,

to weigh 550 each. When the ship-

ment arrived, there were but 499 bales

weighing 200 pounds each. The Gal-

veston firm lost \$27,000. The swin-

dlers have left the country.

LOCAL HAPPENINGS

PERSONAL MENTION

Best eggs at the Racket store.

Mrs. F. B. Whipkey returned from a visit with friends at West last Friday.

I use no cheap imitation material in my watch repair department.—J. P. Majors.

Mr. Canterbury, living on Mr. Ham Cook's place near the water works, brought in an egg Saturday that was evidently laid by a first cousin of an ostrich. It was 6 7-8 inches around its short axis and 9 1-2 inches around its long axis and weighed 5 1-2 ounces. How's that for a Plymouth Rock egg? Mr. Canterbury said the hen that laid the egg had the habit of laying only eggs with two yolks. Even Brother Jud Riley's famous Van Zandt dominecker hen would have to hump herself to beat that egg.

If you have sore eyes of any kind use Sutherland's Eagle Eye Salve. It is good for nothing but the eyes. It is painless and harmless, and is positively the best. If you don't say so we will refund your money. Try it and then tell your neighbor. Sold everywhere. 25c a tube.

L. C. Dupree and wife left this week for a three week's visit to Miami, Florida, and other points about the everglades.

Our stock is still large, our lines varied, and at less than ever before in the season. The Vogue is the Place of Fashion.

Query—What would be the result of a hen setting on two dozen lumps of coal three weeks? W. R. Morgan can furnish the answer to this riddle.

The Detroit oil stove is king of its class. Doss & Johnson have them and will gladly show you their merits.

T. C. Mullin was visiting his parents in Colorado last week.

For Fire Insurance. To rent a house. To make a bond. To buy city real estate, see ERNEST KEATHLEY.

The T. & P. Telephone Co. has put out a new local directory.

Flower seeds of all kinds at the Racket Store.

Now is the time to get your summer millinery. The rush is over, the urgent demand has been supplied, but we are as well prepared to serve you as before, and for less money. Mrs. B. F. Mills.

The local lodge of Odd Fellows have arranged to have Frederick H. Wilson who is a platform lecturer of national reputation, give an entertainment at the tabernacle on May 10th. He gives in monologue the drama of "David, Jonathan and Saul," one of the most interesting stories of Biblical times. Don't fail to hear him. See further advertising matter.

We guarantee Sutherland's Eagle Eye Salve to cure common sore eyes in 24 to 36 hours. This seems strange but it is backed by our guarantee. You run no risk and it only costs 25c.

The case against Jerome Hester, for violation of the curfew law ordinance, was tried in Justice Myers' court last week after the Record went to press, which resulted in an acquittal.

Hon. Cone Johnson will speak to the citizens of Colorado and Mitchell county at 2 o'clock p. m. April 12th. His dates will be advertised further before that time.

Rev. W. E. Williams preached at the Christian church Sunday and addressed the men at the tabernacle at 4 p. m.

Why send off for anything in the millinery line? We can serve you as well as the market of Fort Worth or Dallas. Mrs. B. F. Mills.

Congressman Smith is sending bags of cotton seed to the Runnels county farmers. Let's be patient; Mitchell county's turn will come by good planting time.

We are making a specialty of family washing in the rough dry. You can not do it at the price we are charging, besides the saving of time, work and worry.

Have you begun a garden since the rain?

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all druggists.

Keep your ear to the ground if you want to hear the rumble of the wheels.

Miss Ethel Majors returned this week from a visit with friends at Big Springs.

You can be as well served now as before the Easter rush. Come see what we have to offer in the newest and most approved millinery. Mrs. B. F. Mills.

Williamson county voted a \$200,000 bond issue last week for the improvement of its public roads.

A. F. Curry returned to Midland Tuesday night.

BORN—To Mr. and Mrs. Leslie Crowder of Sweetwater, on the 4th, a girl.

For tetter, ringworm, eczema, running sores and all skin diseases Dr. Bell's Antiseptic Salve is guaranteed to give satisfaction or you get your money back. 25c everywhere.

Clean up your premises—front yard and back—before the coming of hot weather. A little lime and labor will cost less than a doctor or undertaker bill a little later on. Clean up and keep clean.

Bring your boots and shoes that need halfsooling and repairing to W. E. McKinney, at Annis' saddle shop. He'll fix them right and cheaper than you ever paid.

Surely the lists are not complete. Fewer candidates are announcing for office than usual. Don't be timid, neighbors; the people expect it will feel a sense of disappointment if there are less than a dozen aspirants for every office. The holder of the mighty poll tax receipt must be wooed and won with as much persistence and assiduity as a coy maid. They want to see a good test for their vote.

Quick meal gasoline stoves are the very thing for the coming hot weather.—Doss & Johnson have them.

Messrs Wells and Gains, two young gentlemen from Chicago, have been prospecting in Colorado this week.

MILD LIQUID CURES ECZEMA.
Skin Sufferers! Drop Greasy Salves and Nasty Medicines.
That mild soothing liquid, D. D. D. Prescription, stops the awful itch with the first drops. A prescription of acknowledged value.
Get a trial bottle at 25c. It will take away the itch right away and you will sleep soundly. We assure you personally of the merits of this remedy; for we know. W. L. Doss.

Don't imagine that because Easter is past that there is nothing new or worth while in the millinery line. We are receiving new goods by every day's express and keep right up to the minute on the latest things out. Mrs. B. F. Mills.

See the "Microbe of Love" at the opera house tonight, if you want to laugh and grow fat.

The Palace Market is the place to sell your butter, eggs, chickens and turkeys, and all kinds of fat stuff. They pay the highest cash price.

Mrs. Moore Murdock could not fill her appointment at the tabernacle on Thursday on account of illness, but hopes to visit Colorado soon.

A large variety of palms and ferns for sale by Mrs. Jim Smith.

BORN—To Mr. and Mrs. D. H. Snyder on April 3rd, a son.

Have your eyes tested and spectacles fitted by Oscar Majors.

A new microbe has been discovered—the microbe of love. Come out and see this peculiar bug and what fantastic tricks it makes men and women cut when it inoculates them.
