### As to Our Railroad.

From the Robert Lee Observer we learn that Mr. Hammock and Engineer Naegley had gone over the survey from here to that place and that the latter expressed himself as well satisfied with the surveys and estimates made by Mr. Hammock. At a mass meeting of the citizens of the town the bonus was guaranteed by the signatures of thirty of the most responsible citizens of Coke county. Mr. Hammock returned from Robert Lee to Little Rock, Ark., where he will confer with interested parties, and the engineer returned to Philadelphia to report his finding to the capitalists who have agreed to build the road if the report of the engineer showed the project to be a promising one as an investment. The following from the Observer, indicates the feeling at the other end of the line:

"It is now brought right down to the real thing, gentlemen. If we secure this bonus as the company wants it we have a railroad, but if we do not, we have yet one to get. Let every one who has given a bonus come up and sign this contract. The committee wants all. The matter is in the hands of this committee and it depends whether you sign up or not if we have a railroad to Robert Lee. As soon as this is done a copy will be sent east for approval then all that will remain to be done is to assign the Colorado and Concho Railroad corporation over to the parties who will build and operate the line."

The following special to the San Angelo Standard adds weight to the cumulative evidence that the railroad from Robert Lee to Colorado is no wild cat scheme, but is attracting the attention of other towns by the fact that it will develop one of the most fertile valleys of west Texas:

"A telephone message from Robert Lee to The Standard Friday was to the effect that E. G. Hammock was there Thursday and that final negotiations, now under way, will be finished in the next two or three days. Before the final signing, Mr. Hammock went to Fort Worth to look after some few details regarding the financing of the road. He assured the Robert Lee people that the work of grading the Colorado and Concho would begin immediately after the contracts are signed."

Mr. Hammock, while in Robert Lee Thursday, stated that he would be ready to figure with San Angelo just as soon as work is started on the line to Colorado City.

### HERBERT HINTS.

Health in this community is very good at present.

A light shower fell here last Saturday evening, but not enough to do much good.

Preaching Sunday morning at the M. E. church was well attended. The Ladies' Aid Society met Saturday evening.

The farmers are busy planting their crops.

Grandma Roberts and little granddaughter, Claris Maude, spent Friday Saturday and Sunday in Colorado visiting friends.

Prof. Jim Hood and students of the Liberty school visited Herbert school last week.

The party given at Mr. and Mrs. Clarke's last Friday night was enjoyed by all who attended. A few of the Union boys were present.

The party at Mrs. Eddleman's last week was well attended.

Singing at Mr. and Mrs. R. A. Hood's Sunday night was well attended and enjoyed by all.

Miss Mary May visited Miss Gladys Linns Sunday.

Mr. and Mrs. T. W. Farris of Lorraine visited Mrs. Farris' parents, Mr. and Mrs. J. D. Faulkner, Saturday and Sunday.

Mr. and Mrs. H. A. Brown and family visited Mr. and Mrs. W. P. Brown Sunday.

Mr. and Mrs. J. S. Barber and family visited Mr. and Mrs. L. L. Welch and family Sunday.

Best wishes to the Record.

### SWEET SIXTEEN.

### NOTICE:

J. O. McClellan and the Colorado Mercantile Co. are the only houses in Colorado that carry the Euphon Oil. T. J. FREE, Agt. W. P. O. Co.

If you are a reader of the Saturday Evening Post, see Stansil Whipkey, who will deliver it at your house or office every week.

## LORRAINE LETTER

Mr. Knox Lee was the guest of E. M. Kelly the first part of the week. Mr. Lee is from Comanche, and is an old friend of Mr. Kelly. He is out prospecting for a location for an electric light plant. Lorraine has made some overtures to Mr. Lee, but nothing definite has been consummated. He expressed himself as greatly surprised at the advancement made in agriculture and should he decide to turn us down—and happen along here five years hence, he will be more greatly surprised. It has recently become known that Lorraine possesses many advantages over other sections, having a soil that subirrigates perfectly—such fruits as berries, apples, grapes, etc., can be grown with great success and profit, giving employment to the large enrollment of her school children at a season of idleness when work is most needed.

Under the auspices of the Ladies' Aid Society of the Baptist church Robert Owen Smith, "messenger of mirth," will lecture at the Lorraine opera house April 27th. He comes with many words of commendation and praise. We only quote the following:

"Nature and training and experience have fitted Mr. Smith for the difficult task of portraying almost every type and phase of human nature. Mr. Smith, by his power of making people laugh, brushes frowns away and drives care from weary brains and sorrow from heavy hearts. He is welcomed as a spring day."

Miss Irene Garland has been employed by the Lorraine Grocery company until the W. T. Pridgen & Co. stock of goods are sold. We are glad to welcome her presence among us.

D. C. McRae made a trip to Colorado Monday.

Mr. and Mrs. J. C. Holly have returned from an extended trip to east Texas. Mr. Holly is very much improved in health.

Mr. J. A. Summers and wife came in Tuesday morning from Fort Worth. We are informed that Mrs. Summers' health is greatly improved.

G. M. Moody and family will move to California this week. They have two sons living there.

Mr. and Mrs. B. R. Stephens visited Hermleigh Monday.

We regret to state that Mrs. W. A. Adams, whose health has been declining for some time, is not doing well, and will return to Fort Worth this week.

Miss Ida Reeder is teaching a kindergarten class in town.

### Wallace-Blocker.

"There's a bliss beyond all that the minstrel has told,  
When two that are linked in one  
Heavenly tie;  
With heart never changing, and brow  
Never cold,  
Love on through all ills, and love on  
Till they die."

Thursday evening at 8:30 o'clock the Methodist church was filled to its utmost capacity by friends who had assembled to witness the marriage of Miss Annie Laurie Blocker to Mr. Mitchell Wallis.

The church had been decorated for the occasion in artistic style. The chancel rail was interwoven with bands of white ribbon in lattice work, caught up along the top of the rail with loops of white ribbon and Bridesmaid roses, in the center of the chancel was suspended a large white wedding bell by a band of pink ribbon and

## Lovely Presents Of All Kinds

For Commencement; nice Books:

"My Alma Mater"  
"The Girl Graduate"  
"School Fellow Days"  
"The Debutante"

Wedding Presents:

Cut Glass, China, Vases, Statuary,  
Pictures, Silverware

Call and see what we have. Very low prices on all goods.

C. A. ARBUTHNOT  
Manager.

attached to the bell with a bunch of Bridesmaid roses. Pots of lilies, ferns and oleanders lent their beauty to the decoration. As the wedding party assembled in the vestibule Mrs. Klug sweetly sang "Annie Laurie." Then under her skilful touch, as the strains of Mendelssohn's Wedding march pealed forth the bridal party entered. First, Mr. Preston Stowe and Miss Loyal Dorsey; then Mr. Ross Gregg and Miss Isophene Toler, followed by Mr. Mitchell Wallis and Miss Annie Laurie Blocker. They stood beneath the wedding bell while Rev. G. J. Irwin sealed the bond which made them husband and wife. Then to the surprise of all the minister announced: "I also hold in my hand papers authorizing me to unite in marriage. Mr. Preston Stowe and Miss Loyal Dorsey," which was immediately consummated in a few solemn and impressive words.

Miss Blocker wore a draped costume of soft white silk, the drapery being fastened with silver buckles, the long tulle veil was caught back from her fair face with a wreath of orange blossoms. She carried a bouquet of white carnations. Misses Dorsey and Toler each wore dainty white, lace-trimmed, lingerie dresses, and carried bouquets of pink and white carnations. After the ceremony, the wedding party and a large number of friends repaired to the residence of Mr. R. Wallis, where an elegant reception was held. The dining room was prettily decorated in pink and white. A four course luncheon was served by Misses Maggie Joiner, Annie Gregg and Bettie Erwin. Original toasts were offered, first to the brides and grooms, then to the old maids and bachelors. These were quite humorous and provoked much merriment. The many pretty and useful gifts which these young people received testify to the esteem in which they are held. May the wings of time bear unto them all blessings sweet and future hours abundant for them all good gifts abundantly.

Mr. Robert Lee Atkins and Miss Addie Whitten were married Wednesday evening, April 6th. The young couple, accompanied by several friends, drove to the home of Brother Farris, he performing the marriage ceremony, after which they returned to the home of the bride, where a reception was held. Only a few of their most intimate friends being present. This is another demonstration that "Cupid" has been quite busy in our midst and is doing effective work.

Mr. and Mrs. J. Lindsey Long left Monday night for their home in Buchanan, N. M. While we regret very much to lose these good people we wish for them success, and that their fondest hopes may be realized.

The ball game between Lorraine and Coahoma teams came off Saturday afternoon. A large crowd was present to witness this interesting event. Lorraine was victorious, being 14 to 9 in favor of Lorraine.

A large number of our citizens, to Colorado Tuesday to hear Co. Johnson speak, to witness the ball game between Lorraine and Colorado teams, also the match game between the 42 clubs of Lorraine and Colorado, which came off at night.

H. R. Looby left Sunday morning for Galveston and other points, where he goes in quest of health.

Eld. Lawrence was called out in the country to conduct the funeral services of Mrs. Portwood, Wednesday afternoon.

Mrs. Young Thomas in East Lorraine is reported seriously ill. Mrs. J. R. Burdett is also quite sick.

Misses Marguerite Avant, Vera Thomas, Willie Hall and Myrtle Hornman are taking the religious census of Lorraine, this week.

Mrs. Avant and daughter, Miss Marguerite, were shopping in Colorado Tuesday.

Mrs. Yates and daughter, Mrs. Starn, who have been visiting Mrs. Dees and family, returned to their home at Amarillo, Thursday. Mrs. Yates is a sister of Mrs. Dees.

Sydney Boykin and Bob Spence returned from Buchanan, N. M., last week. They were not very favorably impressed with that country; say it is too dry and too cold.

Nine men were killed in an explosion of 18,500 pounds of dynamite at a Santa Fe construction camp near Coleman last week.

It is what people don't know about religion that causes all the argument.

### Readers of the Home Journal

To the Ladies of Colorado:—I have just made a contract with the Curtis Publishing Company for the exclusive wholesale selling agency of the Ladies Home Journal and the Saturday Evening Post. I will deliver either or both of these magazines to you at your residence or place of business, promptly on day of issue. The Journal is a monthly magazine (the best and largest in the world), price 15c. The Post is a weekly publication with over a million and a quarter circulation and sells for 5 cents. Let me have your order for one or both these splendid publications, and I will guarantee that you will not miss a copy. I have gone into this as a business as I am under bond, and a contract for a year. I ask that everybody in Colorado who buy either of these magazines, to give a boy who means business, a chance.

Yours truly, STANSEL WHIPKEY

## NOTICE.

The Texas & Pacific Telephone Co., of Colorado and the Western Telephone Co. of Big Springs, have formed a working connection, and the Long Distance wires of each Company, were connected together at the Big Springs Exchange yesterday. Hereafter, all those wishing to talk West, to Big Springs and points beyond, can get these Exchanges from the local phone at your residence or place of business. A list of the places that can be reached, will be found on this page.

## QUIT.

Gossiping.  
Anticipating evils in the future.  
Faultfinding, nagging and worrying.  
Dwelling on fancied rights against  
wrongs.  
Scolding and flying into a passion  
over trifles.  
Thinking that life is a grind and  
not worth living.  
Talking constantly about yourself  
and your affairs.  
Depreciating yourself and making  
light of your abilities.  
Saying unkind things about ac-  
quaintances and friends.  
Lamenting the past, holding on to  
disagreeable experiences.  
Pitying yourself and bemoaning your  
lack of opportunities.  
Writing letters when the blood is  
hot, which you may regret later.  
Thinking that all the good chances  
and opportunities are gone by.  
Carping and criticizing. See the  
best rather than the worst in others.  
Dreaming that you would be hap-  
pier in some other place or circum-  
stances.  
Belittling those whom you envy be-  
cause you feel that they are superior  
to yourself.  
Dilating on your aches and pains  
and misfortunes to every one who will  
listen to you.  
Speculating as to what you would do  
in some one else's place, and do your  
best in your own.  
Gazing idly into the future and  
dreaming about it instead of making  
the most of the present.—London  
Opinion.

## The Value of a Man's Service.

The value of a man's service to so-  
ciety is in proportion to his ability to  
work for other men.  
He must be willing to give and  
take. He should be slow to anger,  
not see and hear too much, and keep  
a civil tongue in his head.  
He should have faith in himself, and  
have no time to act as an ad-  
vance section of the day of judg-  
ment.  
Superiority is shown in this one  
thing—the ability to meet and mix  
with those of different temperaments  
and tastes, high or low, on a basis of  
equality.  
A man should be at home in any  
very thing for the coming hot weath-  
er.—Doss & Johnson have them

of good cheer; to refrain from inter-  
fering in affairs that are none of his  
and to know that personal misad-  
ventures usually right themselves if  
let alone—these mark the superior  
person. Late hours, strong drink,  
pretense, finessing and falsity all tend  
toward disintegration.  
The very life of a community de-  
pends upon coalition, loyalty and  
truth. In a free society the man who  
is a "rounder" would be instinctively  
shunned by everybody, and more es-  
pecially by women.  
The man who wishes to dictate,  
own, absorb and exclude will remain  
an individualist. In the course of  
time he will evolve enough altruism in  
his nature to fit him for commercial  
life, and then he will enter upon it,  
but not before, any more than the  
savage will enter the stage of compe-  
tition or commercialism without pass-  
ing through the pastoral and agri-  
cultural stages.  
Success consists not so much in  
getting the praises of others as in  
securing the approval of one's inmost  
self.—Elbert Hubbard.

## Human or Devil?

A remarkable freak of nature, ac-  
cording to a dispatch from the city  
of Pine Bluff, Ark., was born to a  
negro couple in that county a few  
days ago, and because of the great  
resemblance of the child to the devil  
himself the negroes of that section  
are greatly stirred up over the freak.  
The couple is named Rogers and they  
live at Altheimer, near Pine Bluff.  
The child is being generally com-  
mented upon by the negroes as being  
the "devil child."  
According to reports the child has  
two well developed horns protruding  
from its forehead a bushy tail, a full  
set of sharp teeth, upper and lower,  
and hair on its head six inches long.  
One light stripe encircles its body at  
the stomach and back. The negro  
couple are the parents of one other  
child, which has no unusual features.  
The negroes of that section believe  
that the birth of the "devil child" is  
of some significance, and hundreds  
are said to have visited the Rogers  
home and inspected the Satan-like  
baby.

Quick meal gasoline stoves are the  
very thing for the coming hot weath-  
er.—Doss & Johnson have them

## FOR APRIL.

To happily preserve me.  
I dreamed that I dwelt in overalls,  
With nature all around me;  
And the smiling countryside in thralls  
Of deep affection bound me.  
I loved to milk and do the chores  
Around the simple dwelling  
And I didn't give a whoop outdoors  
How groceries were selling.

I dreamed that I dwelt in overalls,  
With hired men to serve me  
And sometimes when misfortune falls  
I heard the lowing of the kine  
Asleep toned as an organ,  
And the thrill of ownership was mine,  
The same as Mr. Morgan.

I dreamt that I dwelt in overalls,  
As all the railroads want me;  
And the city and its gloaming walls  
Were nevermore to haunt me.  
I lived on something more than crusts  
With nothing much to fret me,  
And I hopped around, and dared the  
trusts  
To come out there and get me.

April was anciently the second  
month, and it was entirely satisfac-  
tory in that position until the found-  
ing of Rome. This occurred upon  
April 21, and the Romans found it ne-  
cessary to keep the day with one of  
their patriotic parades. After they  
had lost most of their toes and stop-  
ped the parade three or four times  
while everybody went in and got  
warm, they yielded second place on  
the calendar to February, and shoved  
April along to balmy weather.

The name is from the Latin Aprilis,  
or the opener, who was the Roman  
god of power. This was a great pas-  
time with the Romans, and so deep-  
ly impressed upon the national life  
that the Aprilis became in time a  
sort of all around corkscrew for open-  
ing Spring or whatever else pertained  
to the Roman experience. It was  
a form of humor among the Roman  
wits to say that Aprilis had opened  
Spring and let a robin or something  
similarly characteristic, and the  
weather bureau of that time wholly  
confined its conjectures to what  
Aprilis probably held or would draw,  
which made this branch of the Gov-  
ernment a great favorite with the peo-  
ple, instead of something that every-  
body damns as it is with us.

The gentle rain will green the lawn  
and seed the Congressman sent on  
to prove his usefulness to men will  
hazard the insurgent hen. The  
breath of summertime will blow, the  
sap and poetry will flow, and the  
farmer will deny his dog to feed that  
\$30 hog.

The playful colt will pirouette  
And turn the double summersett.  
The festive calf will buck an snort  
And tip up where his hair is short.  
The farmer will get in his corn,  
The meadowlark will wake the  
morn.

And Pinchot will display the welt  
He got to Papa Roosevelt.

For All-Fools' Day you may rejoice  
learn that you will have your  
choice. The first, the sixth and twen-  
ty-ninth have all been beautifully dun-  
ced; but of the three it may be said  
the first is virtually dead, whereas the  
sixth is something new. It is the day  
that Peary drew himself erect and  
said, to-wit: "This is the pole and  
I am it." And likewise on the twen-  
ty-first another great explorer burst  
upon their quiet Arctic nook and  
cried, "Eureka, tally Cook!" Just  
help yourself to either date you care  
to keep and celebrate. It matters not  
which one it set, since nothing has  
been settled yet.

The first of April Teddy lands  
Upon the dock at Naples,  
With lion blood upon his hands,  
And skins and other staples.  
He'll then proceed by easy trips  
To lecture toward New York.  
And add to Europe's scholarships  
The study of the stork.

Upon the night of April 8, or some  
not very distant date, we shall at last  
with naked eye see Halley's comet in  
the sky. It will appear to be a stick  
of living fire and twice as thick as  
that which Roosevelt was wont to  
carry when he made his haunt around  
the capitol. Its head will wave this  
way and that, and dread will seize  
upon the people who have not been  
giving us our due.

Our Uncle John will push his plan  
To elevate his fellow man.  
And as the comet closes in,  
He'll grow impatient to begin.  
Our Uncle Andy will recall

That he has not begun at all  
To give, and Uncle Plerp himself  
Will scatter his abundant pelf.

The Rockefeller fund to date  
Is all there is to demonstrate  
The comet's usefulness, but wait  
Until the money syndicate  
Looks up and sees that awful sign  
Upon the sky. They'll get in line  
To square themselves The trusts will  
all

Go forward to repent, and bawl  
And howl around upon their shins  
Imploping pardon for their sins.

And then the census man will come  
around the house and haw and hum,  
He'll lead at this and lead at that,  
and ask the birthplace of the cat. He'll  
fiddle here and potter there, and take  
a sample of your hair. He'll measure  
you between the eyes, and figure and  
philosophize. He'll make the acid test  
for wealth, and ask of everybody's  
health. He'll count the children and  
the goats. He'll kick his shins against  
his calves, and add and multiply his  
halves. He'll show his star and stick  
around, and finally declare his ground  
and ask the womenfolk their age, and  
exit bleeding from the stage.

Some fifteen million, it is said, will  
go to see how many head there are of  
us, or black or white, or whether we  
can read or write, and what the plus  
of women is that no one yet is calling  
his, and other unimportant facts con-  
cerning our domestic acts, when most  
of us, to all intents, would rather have  
the 15 cents it costs us per, and do  
not care how many of us have red  
hair, or who can read and who can  
write, so long as simply throwing  
light upon the matter doesn't make  
the bachelor spruce up and take the  
pining spinster to his heart, or teach  
unlettered folk the art of writing, or  
—far as we, at least, are competent  
to see, improve our happiness a bit,  
but Congress wills, and so be it.

April will chiefly consist of Taft  
weather, with occasional showers. The  
moon will be in apogee on the 24th,  
which will be the last day the hog  
will jump over it. Mr. Cannon will be  
storm center.

And then the month of May will come,  
Of all the months the worst.  
And forty kinds of bugs will fight  
To see who saw it first.

## CITATION BY PUBLICATION.

### THE STATE OF TEXAS.

To the Sheriff or any Constable of  
Mitchell County, Greeting:  
Oath having been made as required  
by law you are hereby commanded to  
summon J. W. Durham and Mary  
Durham, by making publi-  
cation of this Citation once in each  
week for four consecutive weeks pre-  
vious to the return day hereof, in  
some newspaper published in your  
county, if there be a newspaper pub-  
lished therein, but if not, then in any  
newspaper published in the 32nd Judi-  
cial District; but if there be no news-  
paper published in said Judicial Dis-  
trict, then in a newspaper published  
in the nearest District to said 32nd  
Judicial District, to appear at the  
next regular term of the District  
Court of Mitchell County, to be held  
at the court house thereof, in Colo-  
rado, on the 4th Monday in May, A. D.  
1910, the same being the 23rd day of  
May, 1910, then and there to answer  
a petition filed in said court on the  
15th day of September, A. D. 1909 in  
a suit, numbered on the docket of said  
court No. 1213, wherein C. M. Adams is  
plaintiff, and J. W. Durham and Mary  
Durham are defendants, and said peti-  
tion alleging, that the residence of  
the defendants is unknown to plain-  
tiff; that plaintiff is the owner in fee  
simple of lots three and four, block  
18, in the City of Colorado, in Mitch-  
ell county, Texas, and was such on  
January 1st, 1909, and that on said  
day and date the defendants unlaw-  
fully entered upon said premises and  
ejected plaintiff therefrom, and now  
unlawfully withheld from plaintiff the  
possession thereof to plaintiff's dam-  
age. Plaintiff's claim of title is regu-  
lar from the sovereignty of the state  
down to J. W. Durham and Mary Du-  
rham, and is of common source with  
the claim of these defendants, if they  
have any claim, which plaintiff denies.  
That on the 26th day of September,  
1903, said Mary Durham joined by her  
husband, J. W. Durham, executed a  
deed of conveyance to one J. J. Brom-  
ley, plaintiff's vendor, conveying the  
above described lots, the considera-  
tion therefor being in part two prom-  
issory notes, executed by the said J. J.  
Bromley of \$250 each and secured by  
vendor's lien on said property. That  
said notes have long since been paid,  
but the lien against said property by  
virtue of said notes has never been  
discharged against said property by  
any instrument in writing and this  
part operates as a cloud upon plain-  
tiff's title.

Herein fail not, but have before said  
Court, at its aforesaid next regular  
term, this writ, with your return  
thereon, showing how you have exe-  
cuted the same.  
Witness, Jesse H. Bullock, Clerk of  
the District Court of Mitchell County.  
Given under my hand and the seal  
of said court, at its office in Colorado  
this 11th day of April, A. D. 1910.  
JESSE H. BULLOCK,  
Clerk District Court, Mitchell County.

## Tell Your Neighbors

When in need of cough medicine to  
use Dr. Bell's Pine-Tar-Honey. It is  
the best. Look for the bell on the  
bottle.

Majors cleans watches for \$1.

## Progressive Democracy Is Hope of the Nation.

Joseph W. Folk in Norman E. Mack's  
National Monthly.  
There is a tidal wave of democracy  
rising in the hearts of the people of  
this country. Whether the democratic  
party rides on its crest, or is smothered  
beneath it, depends upon the  
democratic party being democratic. If  
the party is dominated by the agents  
of special privileges, it will not benefit  
by this growing sentiment against  
privilege. If the party anywhere bows  
down to the Golden Calf and prosti-  
tutes itself to the greed of special in-  
terests, this tidal wave will sweep it  
into deserved defeat.

Thomas Jefferson taught that the  
leaders of the party must hold their  
power by heeding the just demands of  
the people, not by hushing them.  
When a breach occurs between the  
leaders of the party and the masses  
in any state, the party must either  
have new leaders or its disaster is  
near. If the democratic party is to  
succeed it must be progressive, not  
reactionary. There is a battle going  
on in this nation today, between pro-  
gress and reaction, between dollars  
and men, between money and morals,  
between privilege and equal rights. If  
the democratic party is true to its  
ideals it must stand for progress and  
put men above dollars, morals above  
money and equal rights above privi-  
leges. It cannot expect the people to be  
true to it.

There has been too much shouting  
of party names and too little teaching  
of the principles that political parties  
are supposed to stand for. We have  
reached the point in this country that  
when a man says he is a Democrat  
or a Republican, it does not necessari-  
ly reflect the principles he believes  
in, and if he expresses the principles  
of government in which he believes  
we cannot tell from that what politi-  
cal party he belongs to. The hope of  
the nation must be in the principles of  
Democracy, and what the Democratic  
party needs is to take an affirmative  
stand for them. There is an independ-  
ent spirit abroad in the land today,  
and it is to this spirit we must appeal.  
The party must convince the people  
not what it proposes to do for itself,  
but what it can do for them. An ag-  
gressive fight for progressive ideas  
will do more in winning political bat-  
tles than all the gold that could be  
poured into the party treasury.

If the Republican party does not  
represent privilege, then it has no  
reason for existence, for the Demo-  
cratic party represents the other side,  
founded as it was upon the maxim,  
"Equal rights to all, special privileges  
to none." This motto embraces every  
essential of real democracy. What-  
ever the political problem before us,  
we may safely seek its solution by  
this rule.

## FAIR EXCHANGE.

A New Back for an Old One. How It  
Can Be Done in Colorado.

The back aches at times with a dull,  
indescribable feeling, making you  
weary and restless; piercing pains  
shoot across the region of the kidneys,  
and again the loins are so lame to  
stoop is agony. No use to rub or ap-  
ply a plaster to the back in this con-  
dition. You cannot reach the cause.  
Exchange the bad back for a new and  
stronger one. Colorado residents  
would do well to profit by the follow-  
ing example:

S. P. Dalley, Big Springs, Texas,  
says: "About two years ago the  
contents of two boxes of Doan's Kid-  
ney Pills relieved me of a severe case  
of rheumatism. Last winter when I  
began to suffer from attacks of back-  
ache and a dull soreness across my  
kidneys, I at once thought of Doan's  
Kidney Pills and procured a supply.  
After using them a short time, the  
pain in my back disappeared and has  
not returned since. I have recom-  
mended Doan's Kidney Pills to sev-  
eral of my neighbors and shall con-  
tinue to do so."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States. Remember the name—Doan's  
and take no other.

## Beauty of Body.

A healthy body is a beautiful body,  
and beauty of body is to be preferred  
to beauty of face. It is easy enough  
for a woman to have a good complexion  
if her body is in good health. To  
insure good health it is necessary to  
keep the stomach active and the bow-  
els open. This can best be done by  
the use of Dr. Caldwell's Syrup Pepsin,  
the great stomach, liver and bowel  
regulator. It is absolutely guaran-  
teed to do what we claim, and if you  
want to try it before buying, send  
your address for a free sample bottle  
to Pepsin Syrup Co., 119 Caldwell  
Bldg., Monticello, Ill. It is sold by all  
druggists at 50c and \$1 a bottle.

Doss' Kidney Pills—Guaranteed.

Mrs. E. C. Everly.

"I FEEL well, never felt better;  
thanks for your attention and Pe-  
runa."

"I will be glad to do all I can in the  
way of advancing the sale of your val-  
uable medicine."

"I do think Peruna the best medicine  
I have tried at any time."

"Since I began taking Peruna we  
have never been without it."

"I really believe that every woman in  
the world ought to have Peruna on  
hand all the time; for if she gets tired,  
Peruna refreshes her; if she gets nerv-  
ous, it soothes her; if despondent, it  
cheers and invigorates."

"It is a constant friend to the nursing  
mother, both for herself and for her  
child, and finally when old age comes  
on, no medicine on earth is of greater  
efficacy to the woman."

"Surely, Peruna is the woman's  
friend."—Mrs. E. C. EVERLY, 2103  
Franklin St., Philadelphia, Pa.

## Stronger Than Years.

Mrs. Caroline Sundheimer, Clarke,  
Louisiana, writes:

"I am feeling quite well now. I can  
work again and am stronger than I  
have been for years, and I do believe  
that Peruna saved my life. I will ad-  
vise all I can to take your medicine."

Man-a-lin an Ideal Laxative.

## THE VARMINT.

By Owen Johnson, starting in the  
issue of the Saturday Evening Post,  
Dated April 9th.

"The Varmint" is a serial novel  
and will be wanted by every student in  
every boarding and "prep" school and  
college in the country, every old  
"grad" and every father and mother  
whose son is attending any kind of  
an educational institution.

"The Varmint" is the greatest story  
of American schoolboy life ever written.  
The author, Owen Johnson, is known  
to thousands of schoolboys and col-  
lege students and graduates of these  
institutions. His short stories about  
the Lawrenceville School, published  
in the Post during the last year or  
two, made a big reputation for him.  
But "The Varmint" will eclipse any-  
thing he has done. It is the story of  
a fresh, young schoolboy, and how his  
work and associations in the Law-  
renceville School made a man of him.

"The Varmint" is humorous from  
start to finish, but under the humor  
of it there is that peculiar quality  
which all Mr. Johnson's stories have  
and which will lift this one to the  
top ranks of American fiction.

"The Varmint" will undoubtedly be  
to America what "Tom Brown at Rug-  
by" has been to England.

Parents who have boys who are  
away at school, and business and  
professional men will find in "The  
Varmint" much of the same life they  
knew when they were students at  
school and college.

"The Varmint" starts in the issue  
dated April ninth, and will run for  
three months.

## Lost His Faith in God.

A small boy, new to the Sunday  
school, was greatly pleased with his  
picture card and its text, "Have faith  
in God." On the homeward way, how-  
ever, the precious possession slipped  
from his fingers and fluttered from the  
open street car and immediately a cry  
of distress arose. "Oh, I've lost my  
'Faith in God'! Stop the car! Please  
stop the car!" The good natured con-  
ductor signaled and the car was re-  
gained amid the smiles of the passen-  
gers. One of them said something  
about the "blessed innocence of child-  
hood" but a more thoughtful voice an-  
swered: "There would be many truer  
and happier lives if only we older  
were wise enough to call a halt  
when we find ourselves rushing ahead  
some road where we are in danger  
leaving our faith in God behind an  
Exchange."

# TRADE EXCHANGE

No. 24—320 acres at Car, Mitchell county, Texas, school and postoffice on place. The living house cost \$1,500 to build and there is another house on this place with four good rooms. This place has good barns, lots, etc., 150 acres in cultivation and every acre of this tract can be put into cultivation; has small orchard, and an underground cistern, capacity 750 barrels; located 8 miles from Westbrook on the T. & F. railroad. Price \$25 per acre. Must have one-half cash, balance 8 years at 8 per cent interest.

FOR SALE OR TRADE—One of the best quarter sections in this county, four miles from Colorado, 160 acres, 140 in cultivation. Rented for this year on third and fourth. 115 acres to be planted in cotton, balance feed. One 5-room house and one 2-room. Barn, well and windmill, good water. Will take good house and lot in Colorado and give one, two and three years on balance. Price \$30.00 per acre. No. 10

FOR SALE—Six-room house within one-half block of Baptist church. Price, \$1,500.

For Trade for Mitchell County Improved Farm Land.—Eight sections of smooth open prairie land in the center of Terrell County, Texas, with railroad station of Eldridge located upon this tract of land. Will trade for well improved Mitchell county farm land. Price of Terrell county land \$3 bonus, 97 cents due the State.

No. 46—One section of land in Nolan county, 10 miles south-west from Roscoe, 90 acres in cultivation; one 8-room house, one 2-room house, good barns, fences, good well water, everlasting spring, 425 acres tillable, balance fine grass. Price \$15 per acre Will trade for western land if price is right.

No. 26—160 acres of as good farm land as is to be found in Mitchell county for \$22 per acre. 100 acres of this place is in cultivation, has a good 5-room house, small orchard, good barn, lots, etc., and in half mile of good school. \$1,500 cash will handle this deal.

FOR RENT—Nice 4-room house, four blocks north of the court house, good well water, piped right to the porch; Price \$10 per month. Western Trade Exchange.

FOR SALE—2-room box house with one acre of land, small cow barn, hen house, 1/4 acre in garden, fenced with Ellwood garden wire. This place is at the Salt Works east of town and belongs to J. W. McCoun. Price \$350, terms, \$150 cash, balance \$10 per month at 8 per cent interest.

FOR RENT—3-room house, barn lots, etc., water piped to lots and house; price \$9 per month water free.—Western Trade Exchange.

62 and 3/4 acres of land in Grimes county, Texas, 2 miles northwest from Singleton, a station on two railroads. This place is all tillable except about two or three acres which is taken up by a running branch of water. This place belongs to Mr. J. H. Lambert here in Colorado and he wants to trade it for some Colorado property of about the same value. Mr. J. L. Dreher, postmaster at Singleton, knows this place and will describe it to you if you enclose stamped envelope for reply.

No. 40—50 acres of good tillable land in Hardin county, Texas, unimproved pine timber land, 3 miles from railroad station. Price \$25.00 per acre, will trade for Mitchell county property or property in Colorado. There is no incumbrance whatever on this land. Will put it in as first payment and assume difference.

FOR SALE—320 acres one and one half miles from New Lattan, all under fence, 65 acres in cultivation and all tillable. Good well and windmill, water at 14 feet. This is the best place in this country for alfalfa. Price \$20 per acre, and worth \$30, but party must have money now. No. 11

FOR SALE—160 acres of fine farming land, every acre tillable, 70 acres in cultivation, all fenced and cross fenced, 2 everlasting tanks of water; soil a mixed sand and tight loam, color is red, dark and black; 2-room house, small barn, one acre in orchard fenced hog proof. This place belongs to Mr. J. W. Free and is the northwest quarter section 89, in block 27, T. & P. survey; 10 miles southwest from Colorado on the Sterling City road. Price \$23 per acre.

160 acres of as fine mixed sandy loam as there is in Mitchell county for sale at \$22.50 per acre. The place belongs to Mr. W. L. Waggoner and is the northeast quarter of section 89 in block 27, T. & P. railroad survey, lying about 10 miles southwest from Colorado on the Sterling City road. Improvements consists of 80 acres in cultivation, every acre tillable, 3-room house, small barn, all fenced and cross fenced, tank of everlasting water, and in one mile of the Liberty school house.

179 acres of fine farming land, not one acre of this place is shirney, 90 acres in cultivation, 130 tillable, balance good grass, well watered; 4-room house with 2 galleries, good cistern, water can be got at 18 or 20 feet. This is strictly a Colorado valley farm and the right place for the right man. Located as follows: Subdivision 21 in section 3, block 27 T. & P. Ry. survey, 9 miles up the Colorado river from Colorado City, belonging to S. N. Palmer.

No. 23—160 acres of land, 2 miles north of Colorado, every foot of this place can be put in cultivation and the soil is tight shirney sand; 90 acres now in cultivation and will be planted as follows this year: 25 acres in cotton, 25 acres in pea nuts, 25 acres in corn, and the balance in feed. Five room house, small barn, good well of good water with windmill; about 75 fruit trees 1, 2 and 3 years old. The owner of this place is in good circumstances but will go to the north-west part of the United States for his wife's health, and wants all his possessions in money or good land notes. Price \$25 per acre, part cash, balance in notes to suit at 8 per cent.

Will take a house and lot in on this place if price is right.

No. 27—One quarter section of fine agricultural land, well improved; a well of the best water in the county only 18 feet deep, good mill. This place is 9 miles from the nearest railroad station and right at a school. Price \$22 per acre, \$1,500 cash, balance to suit.

FOR SALE—6-room house and 4 lots in one block of New School house. Price, \$1,600; \$200 cash and balance \$50 per month.

For Sale or Trade—1120 acres of rough, well watered, well grassed grazing land, three and a half miles South of Big Springs. Improved by being all fenced and cross-fenced, a frame house 16x16, small sheds, lots, etc., an everlasting well of good water with mill. Will trade for Colorado city property to the amount of \$4000 and give \$4000 time at 6 and 8 per cent. Price of land \$7.50 per acre.

**I**F YOU want to Trade, Sell or Exchange your land in any size tracts, or if you have Merchandise of any thing you want to Sell, Trade or Exchange in any way come to see us. Every thing will be strictly confidential. We want some large tracts of land to sell and can turn some large and small stocks of Merchandise.

**Western Trade Exchange.**

FOR SALE—4-room house on lot 5 in block 26, west of the court house. This place is new and in A-1 condition Price \$940. See G. T. Waller or the Western Trade Exchange.

Four quarter sections of the best sandy land in Mitchell County to trade for stock of dry goods. This land is well improved and lies inside of two miles of the city of Colorado, Texas. Price \$25.00 per acre. Goods must be first-class stock or a per cent allowed off from invoice price.

160 acres of Colorado River bottom land to sell or trade. 55 acres in cultivation; 50 per cent tillable, balance fine grass; well watered; small house etc.; Price \$11.50 per acre.

FOR SALE—Lots number 1, 2 and 3, in block 79, Colorado City proper. Improvements consist of a nearly new 5-room house, two galleries, double chimney, well finished, etc.; fine well and mill, good barn and out-houses, shrubbery, garden, on graded street, located on corner, east front. Price, \$2,900. This can be paid in installments or part can be paid in good trade or first lien note, balance at the rate of \$25 per month.

For Trade or Sale—320 acres of as fine mixed black, tight and sandy soil as there is in Mitchell County, located 7 miles north of Westbrook. All fenced and cross-fenced, 200 acres in cultivation; good four-room house, small barn, lots, etc. Good well and surface tank. Will trade for land in Garza county lying along the proposed new railroad.

FOR SALE—320 acres of fine Lone Wolf creek bottom land, every acre tillable, with 250 acres under the plow. This place belongs to Mr. W. A. Kennedy and is located six miles north of Lorraine, Texas. Improvements consist of one five-room and one three-room house, good barn, lots, etc. Two good wells of good water. Price \$33 per acre.

FOR SALE—Three lots well located on the hill. Price \$600.

FOR SALE—100 acres adjoining the City of Colorado. 50 per cent in cultivation, balance ranch pasture land. \$2,000 worth of improvements. Price, \$4,000. Will trade for anything that can eat grass and have an outcome. Stock cattle preferred

## NOTICE TO THE PUBLIC.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Record will be gladly corrected upon it being brought to the attention of its publishers.

"Great is Mitchell County, and The Record is its Prophet!"

COLORADO, TEXAS, FRIDAY, APRIL 15, 1910

Don't ever lose your grip on the idea that the Colorado-Concho railroad will be built and that right soon. Its a foregone conclusion.

Banker Jerre Lillis is contemplating locating in San Antonio. The local papers speak of him as a kindly, affable and clean-cut gentleman.

Already the advance sale of seats for the Jeffreys-Nigger prize fight amounts to more than \$100,000. We do not take this as indicating the level of the American people's enjoyment. It is not the average standard of amusement. It simply means that there are more of the Jeffreys-nigger sort in the country than the other kind.

The Record has talked with a score of farmers from all parts of the county this week about the rain and their prospects. They were a unit in expressing the greatest confidence in the continuance of the present splendid conditions. They were making preparations for a big planting and harvest in this fall. The very confidence they have in an asset in the country's prosperity.

Captain P. K. Mayers, editor of the Pascagoula, (Miss). Democrat-Star, after more than fifty years of active service, has sold his paper and retired on account of the increasing infirmities of age. Forty-one years ago, this writer began learning to read, with the aid of McGuffey's first reader and the Handbook Democrat, owned and edited by Capt. Mayers. He was then a man of "uncertain age." How time does fly!

Hear what the wise man sayeth: "Three things, my son, never do and you will have the respect and confidence of your fellows. These are the words of wisdom out of an experience and observation of many years: "Never play with a puppy in the back yard; he will want to play with you on the street." "Never joke with a fool once; he'll think you can do nothing but joke." "Never let a child or a fool see an unfinished job; they'll say it's a failure."

The law allowing ten cents per mile for legislators and other officials when riding on a railroad, is obsolete and an unnecessary expense to the State. Equally obsolete and inefficient is the law allowing the posting a legal notice in three conspicuous places in town or county, to be equivalent to a legal publication. These laws are relics of the days of the stage coach and before every town had a newspaper. Why are they kept on the statute book? Is it because no legislator has the nerve to move their repeal?

Look to your honors, ye multitude of land agents of the windy west! It is up to you to wipe out the insult put upon us boomers, by the emissaries from Florida. The bare fact that a lang agent from Florida came to west Texas and had the nerve to sing his little song—much more bodily take back a dozen or two home-seekers with him, is enough to make us wear hair cloth britches and eat the loco weed. Such things will never do. And us the "garden spot of the world," the future New Jerusalem and Greater Paradise." Shame on us.

It is certainly "carrying coals to Newcastle" for Florida land boomers to come boldly into west Texas and take good people away. Is it possible there can be anything in the devious turnings of the land business that our west Texas boomers haven't learned yet? It is unthinkable; yet good men have been inveigled from our very midst to the "good thing" down among the mosquitoes and the crocodiles. Smoke up, friends in the land business. If there's a better bait than you now use, for the good

of the entire western end of the state, get some of it, if you have to go down to Florida after it.

There is no bigot quite so hopelessly and helplessly fettered as he who is always finding bigotry in other people. There is none so creed bound as he who is always bragging that he has no creed. Like everyone else, he has a creed but his belief leads him nowhere, while the belief of those who rejoice in their creeds lead to a definite somewhere. The believer's creed is a possession of great value, the result of thought and conviction; it is a working leverage and an anchor, and it seeks to build. The creed fighter's creed is an obsession, such as is found in the disordered minds of lunatics. In seeking to destroy others it only destroys itself.

Unlike many professions, there are no jealousies, heart burnings, or enmities among weather prophets—in fact we always stand ready by testimony and corroborative prophecies to help a brother out of a close place. Because the Record has several times predicted the very day a rain would fall, it is in no wise puffed up or chesty over it. If one loses in reputation as a prophet one gains just that much prestige as a liar; so honors are about evened. Brother Killian has had in mind a rain on the 9th of April for three weeks, and on the 9th it rained. Between Brother Hicks, the Gander Bone, Brother Killian and the Record's forecaster, the meteorological condition of Mitchell county will be kept in a satisfactory condition during this present year. When you feel that you must have a rain, just drop us a line.

## Any Fool Can Do It.

Men who make newspapers sometimes believe that their profession is an exciting one. They are wrong. It is the simplest calling. Making a newspaper is an easy task. Anybody can do it.

A lawyer with only a diploma and a brass sign who would lose a suit even if the other side were ready to confess judgment will tell you how to run a newspaper. A physician who would send his patient to the morgue before the prescription has been filled will know all the fine points of making a newspaper. An actor who never earned any other plaudits than a soft tomato will give instructions in handling the world's news. Then a society person, who never paid anything but a call, or made anything but a visit, or did anything but a tailor, knows how stupid those men are who write "stories," edit "copy," wrestle with "heads" that won't fit, and get the paper out on time.

One reason for the universality of perfection in this trade, among those who do not work at it, is that everybody has been employed in it. It is a most unusual thing to meet a man who, when the occasion seems ripe, will not say, "I used to be a newspaper man myself." Every time a man works his country editor for a puff on the strength of a big pumpkin, he graduates in journalism. When he writes a "piece" for "The Squash County Clarion" about "a most enjoyable entertainment" he completes his post-graduate course in newspaper work, and when he writes a communication on both sides of the paper to the editor he becomes a thirty-third degree member of the Tribe of Scribe.

That so many men have abandoned literature for the law, medicine and other easy walks of life simply shows that many men would rather fail in one thing than another—Washington Star.

When you buy postage stamps again notice that they are shoved through the window gummed side up. The government believes fewer microbes are thus gathered and disseminated than in putting them out face upward.

## The Candidate's Song.

Suggested to a rhyming listener to the speech of Hon. Cone Johnson last Tuesday, but equally applicable to the whole tribe: Air—"Pony Boy."

Votes I need,  
Votes I plead—  
Plant for me your voting seed;  
In the race I'm far behind,  
Votes I seek and cannot find.

Vote for me,  
Tote for me—  
I chief magistrat would be;  
Oh, get wise, all you dyes  
For I feel I'm just your size.  
Say! (spoken) Vote for me.

The census taker begins work today. The law requires you to answer all the questions he may ask you. If you refuse to tell him he can have you arrested, and if he tells anything you tell him, you can have him arrested; so it will be safe to tell him facts. There will be 70,000 enumerators for about 90,000 people.

It may be a matter of surprise to many, that no southern colony or state ever had a vessel engaged in the slave trade. That industry was exclusively owned and controlled by the abolitionists who were the most implacable foe to the horrors of slavery until they had sold every slave north of Mason and Dixon's line.

Dr. Frederick Cook is again branded a fakir. The Fairbanks expedition to Mount McKinley, the tallest peak in America, reached the summit April 5, after a climb of one month from the base. The expedition was provided with the maps of Cook and the route which he claimed to have traveled, but failed to verify a single claim of Cook.

You can tell a man by the way he treats those whom he regards as below him. If there is a streak of yellow in him as large as a hair it will show itself in his treatment of those who serve him. The fellow who smiles and smirks with his betters and equals, but adopts a tone of contempt towards those whom he regards as his inferiors, he's a scrub. The gentleman is a gentleman to the hothouse and washwoman as easily as to the millionaire or a governor. Even-handed justice and kindly consideration mark the man who is above the littleness of this little world.

## Hon. Cone Johnson Speaks.

Last Tuesday at 2:30 o'clock the tabernacle was comfortably filled by representative people of Mitchell and other counties to hear the speech of Hon. Cone Johnson of Tyler, candidate for governor of the state of Texas. He did not appear to be at his best and the continuous speech-making of the past several weeks seemed to tell upon his voice. However, he gave a splendid account of himself and made a host of converts and strengthened the loyalty of those who were already his supporters. His speech of about two hours was given the closest attention by everyone present, and his climax greeted with rounds of hearty applause. Judging by the spontaneous expressions on the streets, we are of the opinion that the man who beats Johnson in Mitchell county, will be the next governor of the state of Texas.

The pardon of Duncan Cooper, the assassin of E. W. Carmack by Governor Patterson of Tennessee, just after the supreme court of the state had confirmed the sentence of twenty years in the penitentiary by the trial court, will serve to clinch the opinion that Governor Patterson knew more about the killing than appeared on the surface. The case against Robin Cooper was reversed by the higher court. Just such abortions of justice as this lies at the root of mob law. When the trial court does its duty and is substantiated by the superior court, the governor saves his friend by his pardoning power. No wonder people have no confidence in the execution of the law. This act of Gov. Patterson will bear a rich harvest of mob violence in the future.

As long as the federal government receives 90 cents per gallon for the manufacture of whiskey and there is the present profit in the retailing of the stuff, just so long will people be found who will run any risk, resort to any crookedness in order to supply the demand of those who will have it at any price. We have known men who on the some day that they could not raise money enough to pay for a cheap little coffin for his dead baby, was able to get enough money to buy a quart of booze. Make the whiskey traffic unprofitable, and its backbone has been broken. Until this is done the efforts to suppress the legal and illegal sale of whiskey, will be about as efficient as the old woman's help to drown the whale, when she spit into the sea.

## ABOUT THE BLUE BUG.

College Station, Texas, April 5, 1910. Mr. G. L. Wallace, Western Trade Exchange, Colorado, Texas.

Dear Sir:—Your favor of March 21, to the A. & M. College, accompanied by a bottle of "Blue Bugs" from chickens, has just been referred to me for reply.

The "Blue Bug" is more ordinarily spoken of as the Chicken Tick. Its Latin name is "Argas miniatus." As you state, this tick infests the chicken houses and roosts and comes out and attacks the chickens while they are roosting at night. It is a severe pest and its eradication calls for persistent, thorough work.

The habit which the ticks have of leaving the chickens and stowing themselves away for the day, can be taken advantage of by the construction of roosts, within the hen house onto which the ticks cannot get. This would, of course, furnish only temporary relief. It is necessary to have "tick-proof" roosts as well as to take measures which will destroy the ticks themselves. I would proceed as follows in the case of infested hen houses.

First of all remove all roosts and nesting boxes from the building. Clean out all manure, litter, straw, etc., as well as all straw in the nests and BURN IT. If the roosts and nesting boxes are old and of little value, I would burn them also. If, however, it is necessary to use the old boxes and roosts again, spray them well with Beaumont oil or with kerosene.

After cleaning out the hen house thoroughly, spray the cracks and corners with kerosene. For this purpose a good spray pump is desirable, but plenty of kerosene should be gotten into the cracks where the ticks are hiding.

Next construct a roost or perch, made in the form of a framework, so that it can be removed from the building at any time. Suspend this framework perch by smooth wire from the top of the building, being careful that the framework does not touch the sides or floor. This is important, for the ticks will not crawl along the smooth wire. Wire the size of that used in baling hay, or smaller, should be used, and it should not be rusty.

Prof. W. D. Hunter, of the U. S. Dept. of Agriculture, Bureau of Entomology, strongly recommends the use of tick-proof houses in localities where the "blue bug" is prevalent. These can be made entirely of iron, malleable iron being used for posts and rafters, bolted or riveted together, and the roof and sides covered with corrugated iron. In such a building the ticks could be easily destroyed by using an ordinary gasoline plumber's torch and directing the flame into all cracks and corners.

Fumigation of hen houses is not usually practical. A very strong gas is required for destruction of the ticks and the average hen house cannot be made gas tight.

Parties who do not have the blue bug among their fowls, or who have cleared their premises of the pest should be careful not to secure fowls from flocks where the blue bug occurs. It is safest, when securing chickens from elsewhere, to keep them in a "quarantine" pen, by themselves, until one is sure that they are not infested by the ticks.

I should perhaps add that, after spraying the interior of the poultry house with kerosene, as suggested above, plenty of ventilation should be allowed for a few days, so that the odor of the kerosene will not be annoying to the fowls at night.

If your people will follow out the above measures persistently and carefully, I see no reason why each poultry owner should not be able to entirely free his premises of the tick and keep them permanently free.

Awaiting your further commands I beg to remain

Very respectfully yours,  
WILMON NEWELL,  
State Entomologist.

## St. Elmo Production Coming.

St. Elmo has been a book for many thousands. Its romance is bewitching, its religious spirit fervent. Its power to thrill grows as the story progresses until the most casual listener finds his attention enchained and himself wrapped in the lives of the folk who move in and out of its action. The perfect and copyrighted dramatization of this remarkable story will be seen at the Colorado theatre for one night only, April 21st. The play has aroused considerable interest, not only among the regular theatre goers, but equally so among those who may be inclined, through mistake, but honest belief, to look askance at the stage. Do not miss this event of the season.

You can be as well served now as before the Easter rush. Come see what we have to offer in the newest and most approved millinery. Mrs. Mrs. B. F. Mills.

## A TRUE BOWEL CLEANSER

A remedy that purifies the bowels mildly yet thoroughly, strengthens the bowel channels and promotes regularity.

## PRICKLY ASH BITTERS

Is an effective system regulator and bowel tonic. Persons of a constipated habit find it to be just what they need to re-establish regular bowel movements and to correct the evil effects of the disorder in the skin and blood. It drives out the impurities that have accumulated in the system. Removes sallowness, bad breath, pimples, skin eruptions, and restores the ruddy hue of health to the complexion.

Get the Genuine with the Figure "2" in Red on Front Label.  
Price \$1.00 per Bottle.

## NOTICE.

My Registered saddle horse REX PENNINGTON will make the season at my farm five miles north of Loraine.

Terms: Once served Five dollars, or Ten dollars the season, Twenty dollars to insure living colt.  
Route 1.  
F. Johnigan,  
Loraine, Texas.

## HAVE YOU TRIED TO LIVE WITHOUT IT?

If you have you will know how necessary meat is for health and strength and to fit you for the work you have to accomplish. Good meats give you energy and vitality, and you can always get the prime and most delicious cuts at

### Tinning & Plumbing

Colorado - - - Texas

## LOCAL NOTES

### Doss' Kidney Pills—Guaranteed.

Dr. Coleman and T. H. Roe attended Presbytery at Cisco this week.

Watches cleaned or main springs fitted for \$1 by Majors.

George, the eldest son of Rev. and Mrs. W. M. Elliott, has been quite ill for several days.

Be sure to get some of that tender meat the Palace Market is selling.

### Doss' Kidney Pills—Guaranteed.

The protracted cold weather and hard freezes of last December killed a great many of the shade trees in the town. It is also noticed that great areas of the mesquite trees have been killed.

If you want the best chili and tamales made in west Texas, come to see me at my new stand. W. H. Smith, (Chile Bill).

Thos. Hubbard and family of Sweetwater, spent several days with Colorado friends.

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all dealers.

Mrs. McClendon, living on the Goodwin place, up near Cuthbert, was brought in to the Alamo hotel Sunday and operated on by Drs. N. J. Phoenix, Ratliff and Duree, for appendicitis and complications. It was a very serious operation and Mrs. McClendon is yet in a critical condition, but with chances in favor of her recovery.

Majors puts in guaranteed main spring for \$1.

Why toil and sweat over the wash-tub when you can have your family washing done by the Colorado Steam Laundry, saving all the worry, work and money besides.

A. B. Robertson of Fort Worth, was looking after his business interests here this week.

If your watch is worth repairing it is worth repairing right. Have it done by Majors, the Jeweler.

Chamberlain's Stomach and Liver Tablets assist nature in driving all impurities out of the system, insuring a free and regular condition and restoring the organs of the body to health and strength. Sold by all druggists.

Friend Fred McKenzie has a beautiful new buggy horse.

Cooper leads in price and also leads in quality of work. Try him on your next watch job.

Let every man who attends the meeting at the tabernacle next Sunday bring his bible with him. The 11th chapter of Hebrews will be discussed. J. O. McClellan will lead the services.

Get the habit, and trade at Jno. W. Person's.

The wife of Mr. W. W. Stricker and little son came in from Waco Saturday night and will soon be at home in their own home.

Still more business the past year for which I thank those who have spoken well of my work. Cooper, the watch specialist.

The inimitable and incorrigible Marcus Jones, who has been effacing the hirsute appendages from the maxillaries of the unshaven denizens of Roswell, N. M. came home last week and gives it out that it is for keeps. Welcome home, Hec!

This is an age of specialists. Cooper is a specialist on watch repairing and adjusting. "Better work for less money."

Dan McCuningham and F. M. Boren went to Odessa Sunday, where they will load a lot of cattle for the grazing grounds of Kansas.

The worst drudgery in the family economy is doing the washing: more drudgery than all else. Let the Colorado Steam Laundry save you all the worry and work, besides doing it for less than it can be done for at home.

Gardner Hammock went to Sweetwater Sunday to visit his parents.

In the novelty line our stock is unique—no other showing like it in town. Mrs. Jas. DeMoss.

Mrs. J. T. Johnson and her niece, Miss Mary Risinger, of Sweetwater, spent last Sabbath in Colorado, much to the pleasure of their old friends.

Diarrhoea should be cured without loss of time and by a medicine which, like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all dealers.

D. S. Kirk, manager of the Colorado Concrete works, is superintending the foundation work for the big sheds being erected by the Higginbotham-Harris Lumber company here. Mr. Kirk has just completed laying some pretty concrete walks for Messrs. Harp and Fitzgerald and informs us that he has about concluded contracts for a long stretch of sidewalks for Sweetwater. Sweetwater Reporter.

No doubt you wish to make your money go farthest; then go to Jno. W. Person's.

Over ten years repairing watches—Cooper.

R. S. Brennard, of Colorado, was with us last Sunday, having just returned from a visit to his ranch 75 miles south of here. He reports a good rain last week from his ranch to within fifteen miles of the city, and that grass is coming finely—Midland Reporter.

If you want to buy it for less go to Jno. W. Person.

The "Microbe of Love" at the opera house last Friday night by home talent under the direction of Miss Clara Reaville, was a success from start to finish. Many of the best amateur actors in town were in the cast and acquitted themselves with credit. Mr. Van Tuyl as O'Hooligan was very clever for a Dutchman; and this by the authority of the posters was his last public appearance. A nice sum was realized which is for the benefit of the Home Mission society of the Methodist church. About \$100 was realized.

When in need of a new suit on short notice, don't fail to see us. With our present force we can make your suit in three days. Manuel the Home Tailor.

B. F. Carter, a good citizen of the Isten community, was in Monday and had the "Prophet of Mitchell county" sent to a friend. He said his community had plenty of rain to bring up the crops and make the grass jump itself.

"Chile Bill" invites the hungry to come see him at his new stand just north of the light plant.

The wreck of a cattle train last Friday near Baird delayed the westbound passenger train about five hours. We learn that twelve cars of cattle were ditched and a shipper by the name of Stewart from Monahans was right seriously hurt.

Oscar Majors the optician fits spectacles as they should be, from \$2.00 up.

We are informed that a young son of Mr. Luster, who formerly lived here and worked for C. L. Grable, had been committed to the reformatory from Snyder.

It costs no more to have your watch repaired by a reliable and competent workman than by a botch. I use only genuine material.—J. P. Majors.

Mr. Williams of Bay City, brother of Miss Susie Williams, the efficient and obliging Western Union operator, visited his sister this week.

The lower story of the Dulane building is up and the carpenters this week put in the joists for the second story floor.

George Root is now selling town lots in the new town site of Burnham.

Doss & Johnson carry the best make of electric light globes—all powers and voltage. Try them once.

At last Sunday's meeting of the United Brotherhood, the building committee made its final report, which was received, the committee discharged and given a rising vote of thanks for the faithful, patient and efficient performance of an arduous work. The tabernacle is without a dollar's indebtedness, save for the fuel and stoves which were added by a separate subscription, and will stand for many years as a testimony to the Samaritan spirit of its promoters.

If you want the most approved thing in hats, see Mrs. Jas. DeMoss.

### Another Good Rain.

On last Saturday night about 7:30 o'clock the clouds which had been lowering for the preceding few days, sent down the gracious rain for more than half an hour. Those in position to know, estimate that nearly three-quarters of an inch of water fell during that time. One can almost see the grass grow since then. The farmers are jubilant over the prospect. Not since the introduction of farming into this section has there been a more promising outlook than now obtains. With the present good season in the ground, it will require but little rain to make good crops. If we only get as much from this time on as we received last year, abundant crops will be assured.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### Dr. Duncan Resigns.

Stamford, Tex., April 8.—At a meeting of the board of trustees of the Stamford Collegiate Institute, held yesterday afternoon, the resignation of Dr. Jerome Duncan, who has been president of the institution since its opening, three years ago, was tendered and was accepted by the board. Rev. Dr. Griswold of this city was elected to the presidency of the school and will assume his duties June 1. Rev. T. J. Griswold of this city was of this district and is well known throughout the state.

Mrs. D. O. Portwood, living about eight miles north-east of town, died Monday and was buried in that community on Tuesday afternoon.

"The price is the thing." If so, trade with Jno. W. Person.

Sterling Price of Big Springs, an ex-newspaper man, but now in the government service of the cattle industry, paid us an appreciated visit Tuesday and talked over "the tricks of the trade."

Mr. C. A. Goodwin has been confined to his bed for some time with a very severe attack of sciatic rheumatism. Several of his friends have gone out to see him and report that he is having a hard time. The Record deeply sympathizes with friend Goodwin and hopes he may soon have a full recovery.

Stop paying rent. We will build you a house and let you pay it out like paying rent. ERNEST KEATHLEY, Agt.

We are sorry to learn that Mr. J. D. Wulfjen met with quite a serious accident this week while piling some rock in a gulley. A large rock fell and mashed two of his fingers very badly. This is certainly a warning for any man rash enough to try to work with malice aforethought.

FOR SALE—6-room house and 4 lots in one block of New School. Price \$1,600; \$200 cash, balance \$50 per month.—Western Trade Exchange.

Since the recent rains the face of the earth has been carpeted in green, and all nature as well as the human kind rejoices. We have an excellent prospect for both grass and crops.

Majors cleans clocks for 50 cents and up.

### New Blacksmith Shop.

I have opened a blacksmith shop in connection with my wagon yard, with W. A. Whitley in charge, and solicit a share of the public patronage. I still pay highest prices for hides. 4-Stt WM. DEBORG

The taking of the siren whistle from the light plant made the sounding of curfew hour impossible last Friday night. It depends wholly on who did it whether it was merely a joke or something else. It has been located and doubtless will soon be doing duty again.

### Five Ways to Cheat.

There are these five ways of badness in paint: (1) Stuffed out with chalk or something like that; (2) barytes, better than chalk, but no covering to it; nobody knows it's there; (3) benzine in the oil, or water, or other such stuffing; (4) too thin—too much liquid, whatever it is, for the solid; (5) short measure. Now will you buy by the price per "gallon"? We have a state chemist's certificate of analysis that tells what's in Devco.

### W. C. CULP.

Again has the last roll call sounded to one of our camp and has been answered by Comrade W. C. Culp, who died at Bront, Coke county, Texas, March 25th, 1910, age 68 years.

Comrade Culp was born May 18, 1842, in Goldhill, North Carolina. Was a member of Company H, 6th North Carolina regiment. He was one of the immortal six hundred who were placed between the guns of both sides near Charleston in the hot sun and sand without shelter, food or protection to shield themselves as best they could from the shot and shell of friend and foe alike.

Comrade Culp was a kind, loving and affectionate husband, a devoted father, a brave and true soldier, a good citizen and member of Albert Sidney Johnston Camp No. 113, U. C. V.

Resolved, that the members of the camp extend to the widow of our deceased comrade our sympathy in this her sad hour.

Adopted by Albert Sidney Johnston Camp No. 113, U. C. V.

D. G. FIELDS,  
H. Q. MULLINE,  
Committee.

### For Sixteen Years.

Dr. Bell's Pine-Tar-Honey has been used by millions of people with perfect satisfaction. For Coughs, Colds, Asthma in fact all throat and bronchial troubles. The ingredients are on the carton. Dr. Bell's Pine-Tar-Honey contains no habit producing drugs, and always gives satisfaction. Look for the bell on the Bottle.

### FREE.

I do all kinds of drayage and transfer work. Will call for your trunk day or night. Business and residence phone 248. Give me a part of your hauling. T. J. FREE.

### Announcements.

We are authorized to announce the following named candidates subject to the action of the Democratic primary, July 23.

#### REPRESENTATIVE.

J. J. DILLARD.

J. S. BARBER, Precinct No. 3.  
U. D. WULFJEN, Precinct No. 4.

#### PUBLIC WEIGHER.

J. W. DAVIS.  
C. E. FRANKLIN.

#### CONSTABLE.

J. M. WESTBROOK, Precinct No. 1.  
W. R. EUDY, Precinct No. 1.

### SPRING DAINTIES

Light and appetising, will now replace the heavier foods of Winter, and you will find in our grocery stock a very attractive variety of toothsome food products for cakes, pastry, etc., which when prepared for table will be a source of unalloyed delight to those who love good things that are really good.

J. W. Shepperd.

### After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.

"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.

"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

# Take CARDUI

### The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use.

It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it.

Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you? Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free.

### Sermon Born of Experience.

"Restraint" is the subject of the following article which appeared in the Monitor, published by the convicts at the Huntsville penitentiary:

"There are in this institution, approximately 900 inmates undergoing what we are pleased to speak of as a term of 'restraint.' And, sometimes of an evening, free from perplexities and cares of the day, when I am having a quiet hour communing with my own thoughts, I propound this question: 'Why are so many of us here?' It seems a pity that such a number of young men should be compelled at this golden, glorious period of their lives, to undergo a term of imprisonment—be confined in a penal institution, 'restrained.' In that one word, 'restrain,' will be found the answer. Had we each one of us, but put 'restraint' upon our every thought and action, when we occupied our place in the everyday life, then but few of us would have made it necessary for society to place 'restraint' upon us now."

That is the very lesson society desires to teach by placing law violators in restraint for a term of years. The above hits the nail on the head. It always pays to keep the hand of restraint on our thoughts and actions.

### ITAN ITEMS.

The people of this section enjoyed a good sermon last Sunday, delivered by Bro. Hart.

Farmers are anxiously awaiting sufficient rain to begin work in earnest.

Owing to unfavorable weather, the Literary Society at New Hope last Friday night was not well attended.

It is announced that there will be singing at this place next Sunday afternoon.

Mr. Sullivan and his pupils went on an outing last Friday. His school closed that day. All seemed to have a real nice time.

The young men around Itan are getting to be well up in playing 42.

Messrs Stephen, Beard, Harlow and Shuford went to Colorado on business this week.

This letter was delayed last week, with several others.—Ed.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all druggists.

### THE STATE OF TEXAS.

To the Sheriff or any Constable of Mitchell County, Texas, Greeting:

Oath having been made as required by law

You are hereby commanded to summon William Cheek, Samuel Cheek and Thomas Cheek by making publication of this Citation once in each week for four successive weeks previous to the return day hereof. In some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there is no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, on the Fifth Monday in May, A. D. 1910, the same being the 23rd day of May, A. D. 1910, then and there to answer a petition filed in said Court on the 19th day of August, A. D. 1909 in a suit numbered on the docket of said Court No. 1212, wherein Hardie Caesar individually and as executor of the last will and testament of Maria Caesar, deceased, is plaintiff, and William Cheek, Samuel Cheek, Thomas Cheek and Mary Robb are defendants, and said petition alleging that plaintiff's testatrix was the owner, and plaintiff, as the executor of and sole beneficiary under her last will and testament is now the owner of an undivided one-half interest in and to a certain tract or parcel of land, lying and being situated in Mitchell county, Texas, known and described as all of lot No. ten (10) in block No. thirty-five (35) of the town of Colorado, the value of said whole tract being six hundred dollars (\$600.) That the defendants, William Cheek, Samuel Cheek and Thomas Cheek, are the owners of an undivided interest in said property, which plaintiff believes and alleges to be an undivided one-eighth (1-8) each, and that the defendant, Mary Robb, plaintiff believes and alleges to be also the owner of an undivided one-eighth (1-8) interest therein, while plaintiff is the owner of an undivided one-half (1-2) interest therein. That said property was the community property of Richard Cheek and Maria Cheek, both deceased. That said Richard Cheek died intestate, leaving the following children: William Cheek, Samuel Cheek,

Thomas Cheek and Sallie Garcia, wife of Martin Garcia, who thereby, under the statute of descent and distribution each became the owners of an undivided one-eighth (1-8) interest in said property. That said Maria Cheek, afterwards Maria Caesar, as the surviving wife of Richard Cheek became the owner of an undivided one-half (1-2) interest in said property, and died testate, as alleged, bequeathing all her right, title and interest in said property to plaintiff. That the defendant, Mary Robb, became the owner of all the right, title and interest of her mother, Sallie Garcia in and to said property by a certain deed of gift from said Sallie Garcia and her husband, Martin Garcia, dated June 29th 1909 and recorded in Vol. 29, pp. 91-92, Deed Records of Mitchell County, Texas. That said property is not susceptible of partition in kind in a fair and equitable manner. Premises considered plaintiff prays that the several defendants be cited in terms of law to appear and answer this petition, and that on final hearing the court do ascertain the respective interests of the plaintiff and the several defendants in said realty, and determine whether or not said property is capable of fair and equitable partition in kind, and if it be not found so, that the same be sold through a receiver as ordered by law at either a public or private sale as the court may deem best and the proceeds of such sale be divided or in the alternative if the said property can be partitioned in kind that the same be done, and for a decree which will afford plaintiff such other and further relief both general and special legal and equitable as he may be entitled to, for an equitable taxation of the costs hereof as in duty bound he will ever pray.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Jesse H. Bullock, Clerk of the District Court of Mitchell county. Given under my hand and the seal of said Court, at office in Colorado this 29th day of March, A. D. 1910.

JESSE H. BULLOCK,  
Clerk District Court, Mitchell, county.

### THE STATE OF TEXAS.

To the Sheriff or any Constable of Mitchell county, Greeting:

Oath having been made as required by law, you are hereby commanded to summon S. L. Baggett by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said district, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell county, to be holden at the Court House thereof, in Colorado, on the 4th Monday in May, A. D. 1910, the same being the 23rd day of May, 1910, then and there to answer a petition filed in said Court on the 11th day of October, A. D. 1909, in a suit numbered on the docket of said court No. 1197, wherein Canda, Drake & Kloh, a firm composed of Charles J. Canda, Simeon J. Drake and Alphonse Kloh, are plaintiffs, and S. L. Baggett and Fred Morris are defendants, and said petition alleging that on January 29th, 1906, said S. L. Baggett made, executed and delivered to Canda, Drake and Sigmund Neustadt his two promissory notes for \$80.00 with six per cent interest thereon from date until paid which were given as part of the purchase money for lots 11, 12, 13, 14, 15 and 16, in block 12, in the town of Loraine, in Mitchell county, Texas, as per plat of said town of record in book 16, pages 602 and 603 of the Deed Records of said Mitchell county, on which property a vendor's lien was retained to secure the payment of said notes and interest and attorney's fees and costs of suit, said notes providing for ten per cent on the amount due as attorney's fee, if collected by an attorney or suit, that said notes are lost past due and though often requested the said Baggett and Morris have failed and refused to pay the same or any part thereof; that plaintiffs had to bring this suit to collect their debt; that the attorney's fee provided for in the note, they have contracted to pay their attorney for legal services in this case; that the ten per cent is a reasonable charge; that the said Neustadt died April 19th, 1909; that said Kloh succeeded to rights of said Neustadt in said note; that said Baggett had sold said property; that there are several deeds of general warranty from said Baggett down to

said Fred Morris who is now the owner of said property; that on Jan. 4th, 1910, the amount of principal and interest on said notes was \$197.76, and as attorney's fees, \$19.77, making a total \$217.53; defendants are notified to produce the original deeds or secondary will be introduced on the trial to show the contents of the same; plaintiffs pray for judgment against each of the defendants for the amount of said notes, interest, costs of suit and attorney's fees alleging their damages at \$675., for foreclosure of vendor's lien on the property described, for order of sale, a writ of possession and for general and special relief in law or equity to which they may be entitled.

The said Fred Morris by answer in said cause brings in the said S. L. Baggett and sues him on his general warranty to said property and asks judgment over against the said S. L. Baggett for whatever amount the plaintiffs may recover against the said Fred Morris and S. L. Baggett.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with our return thereon, showing how you have executed the same.

Witness, Jesse H. Bullock, Clerk of the District Court of Mitchell county.

Given under my hand and the seal of said court, at office in Colorado, this 5th day of April, A. D. 1910.

JESSE H. BULLOCK,  
Clerk District Court Mitchell county.  
By Addie Avery, Deputy.

### Doss' Kidney Pills—Guaranteed.

### This contractor got results.

Some years ago a contractor building a railroad in a warm climate was troubled a great deal by sickness among the laborers.

He turned his attention at once to their food and found that they were getting full rations of meat and were drinking water from a stream near by.

He issued orders to cut down the amount of meat and to increase greatly the quantity of Quaker Scotch Oats fed to the men.

He also boiled Quaker Scotch Oats and mixed the thin oatmeal water with their drinking water. Almost instantly all signs of stomach disorders passed and his men showed a decided improvement in strength and spirits. This contractor had experience that taught him the great value of good oatmeal.

Packed in regular packages and in hermetically sealed tins for hot climates.

### To the Farmer.

We pay the highest price and will give this week and next week 15 cents per dozen for eggs, \$3.50 to \$5 a dozen for poultry; 25c per pound for butter, and we keep the very best of meats. We want your business and will treat you right.

PALACE MEAT MARKET.

### Not Only is Scott's'

the best place to buy corn and crushed feed, but keeps re-cleaned milo, kaffir and cane seed for planting.

### Grinds Meal every Saturday

Fresh meal for sale. At the old Graves lumber yard stand. Phone 346

### J. R. Bryant ARCHITECT.

Sweetwater . . . . . Texas

Will be in Colorado every Tuesday and Saturday and can be found at Dr. B. F. Dulaney's office.

### "The Wind Mill Man."

HAVING BOUGHT THE WESTERN WINDMILL STOCK IN COLORADO, CONSISTING OF BOWSER FEED CRUSHERS, SEVEN DIFFERENT KINDS OF WINDMILLS, ALL KINDS OF PIPING, WATER SUPPLY MATERIAL, BRASS AND STEAM GOODS, BLACKSMITH COAL, ETC. I AM NOW READY FOR BUSINESS. ALL KINDS OF LUBRICATING AND WINDMILL OILS BY GALLON OR IN BULK.

YOU WILL FIND CHARLEY FRANKLIN WITH ME, WHOM EVERYBODY KNOWS TO BE AN EXPERT AT WINDMILL WORK, READY TO SERVE YOU.

COME TO SEE US AT THE SECOND DOOR NORTH OF HUBBARD'S ON OAK STREET.

## Home Course In Live Stock Farming

### I.—Pastures and Forage Crops.

By C. V. GREGORY,  
author of "Home Course in Modern  
Agriculture," "Making Money on  
the Farm," Etc.

Copyright, 1909, by American Press  
Association

**T**HE cheapest gains on farm animals are made with green feed. Plans should be made to have a plentiful supply on at all times. There will be the meadows, of course, which will be principally for hay. Occasional there will be a luxuriant growth of feed on them which can be used to advantage. This is especially valuable for calves and hogs.

**ent Pastures.**  
The pasture should be rotated where a four year rotation of the cultivated grass each year.

more than is in case part of the year. In addition, usually some land is too wet or too anything but pasture. In a few cases, the pasture is too wet or too anything but pasture.

ture in good condition. Any thin spots which appear can be reseeded at the same time. A few trees scattered here and there throughout the pasture protect the stock from heat and flies.

**Summer Forage Crops.**  
With the best of pasture, however, some additional green feed is necessary, especially during the midsummer months. At that time of year, when flies and heat are worst, a slackening in the food supply means a loss in gain on young stock and in milk production from the cows. A well planned supply of forage crops at this time will give larger returns for the land used than almost anything else that can be grown. Forage crops can often be used to good advantage as catch crops where other crops have failed to grow or after something else has been harvested. Forage crops by keeping the land occupied with a rank growing crop help to keep weeds in control. They also enable more stock to be kept on the farm than would be the case otherwise.

One of the best forage crops is rape. It yields heavy crops of excellent feed. It is especially valuable for hogs and sheep. They make excellent gains on rape, particularly if a little grain is given in addition. Rape should be sown in the spring at the rate of about four pounds to the acre broadcasted or two and one-half pounds drilled. The seed bed should be well prepared. The greatest amount of feed per acre is obtained if the rape is cut and fed. A more economical way of handling it, as far as labor is concerned, is to have small movable pens or a pasture divided into small lots and change the stock frequently from one to the other. If left too long in one place they eat the rape down so closely that it is killed or the growth seriously checked.

Sweet corn is a valuable forage for all classes of stock. A variety which stools considerably should be selected, and the planting should be thick. It is cut and fed fresh every day it is greatly relished. It is especially good for milk cows, often doubling the yield.

Sorghum and Kaffir corn are also used considerably as forage crops, especially in the southern states. About fifty or sixty pounds of seed to the

acre are used when sown broadcast or half as much when drilled. It can be sown with a grain drill by stopping up every other hole. The saccharine varieties make the best feed. If all the sorghum is not used as green feed it can be cut and shocked for winter use. It will have to be left in the field until needed for feeding, as it spoils when stacked.

**A Good Forage Crop.**  
Indian corn makes good forage if sown thickly enough. The largest planter plates should be used, together with the fastest drill attachment, as thick planting makes small and tender stalks. Corn which has well developed ears is often used as a combined grain and forage crop for "hogging down." The hogs are turned into the field in the fall and left until ready for market. A few shots turned in later will clean up all the corn which the fat hogs have missed. Lambs get a great deal of feed out of the cornfield in the fall, especially if rape has been sown at the last cultivation, and do little damage to the corn.

Excellent fall feed can be obtained by sowing rape or a mixture of rape and clover with the small grain in the spring. If there is moisture enough in the ground after the grain crop is removed a splendid crop of fall forage will be available in three or four weeks. Often the fall feed is worth more than the grain.

An excellent forage crop for pigs is Canada field peas. They should be sown in the spring at the rate of one-half bushel to the acre, together with two bushels of oats. If sown alone the rate of seeding should be two bushels to the acre. The hogs may be turned on when the peas are in the dough stage. In the southern parts of the United States cowpeas and soy beans may be used in the same way.

Millet yields heavily and makes a good quality of hay. It is also used occasionally as a green feed. Millet is a dangerous feed for horses, but may be fed to other classes of stock with safety.

**Succulent Crops For Winter.**  
While not strictly forage crops, root crops, pumpkins and squashes answer the same purpose. Sugar beets, mangels and turnips yield heavily, but require considerable attention during the growing season. Carrots are especially good as a horse feed. Squashes yield as many tons of dry matter to the acre as roots, are just as good feed and are much more easily grown. Pumpkins can be grown in large quantities in the cornfields with little extra labor.

## CULP.

Brother W. C. Culp was born May 18 1842, in Cabarrus county, North Carolina. He died at his son's home near Bronte, Texas, March 27, 1910, and was buried Sunday, March 27th. Rev. C. D. Span conducted the funeral services.

Brother Culp was converted and joined the Lutheran church at the age of 22 years. He came to Texas about 22 years ago, and there being no Lutheran church convenient, he joined the M. E. Church, South, and remained a consistent member of this church until the day he departed this life.

He was happily married to Miss Mattie J. Barnhardt, Nov. 13, 1866. To this union were born six sons and three daughters.

One of the daughters, Mrs. Daisy Cook, preceded him to the Heavenly home.

He served in the Confederate army four years in company H, 6th North Carolina regiment.

Brother Culp moved to Colorado, Texas, about three years ago. It was the pleasure of the writer to be the pastor of the deceased for a short time only; but we consider it an honor to have known him and to have been his pastor.

He was a quiet, courteous, Christian gentleman. While it is true that he had been in bad health for several months, yet the end came rather suddenly. He remarked just a few minutes before his death that he had felt better that day than he had for several weeks.

While it is a fact that death came suddenly it is also true that he was ready to meet and grapple with the grim monster, and the peaceful expression which is said to have rested on his face after death was only typical of the rest of the soul of the departed one.

So I would say to the sorrowing wife and children that you do not

mourn with uncertainty with reference to the departed spirit of the loved one, and some sweet day if you are faithful to the truths that have been committed to your keeping, you will see him in his glorious immortality.  
W. E. LYON.

Your tongue is coated.  
Your breath is foul.  
Headaches come and go.  
These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by dealers.

At the 34th annual convention of the Cattle Raisers' association of Texas, resolutions of respect were adopted relative to the death of Mr. A. P. Bush, Jr., who died August 22, 1909. Mr. Bush came to Colorado in 1882 and organized a cattle company and soon became an extensive raiser of cattle. For twenty-five years he was a leading spirit in the development of that industry and was most instru-

mental in having established the quarantine line across the state of Texas. He was well known to all the pioneers of this section and was held in the highest esteem for his many qualities and business sagacity. We regret to have not sufficient room to publish the resolutions of the conference.

**Every Bottle Guaranteed**

## Feathers Make the Bird.

Lawyer, linguist, anti-meat crusader, suffragette, fresh-air apostle and social reformer, Mrs. Alma Webster Powell has long been known as "the busiest woman in Brooklyn." Her pet theory is that the social barrier consists merely in the difference in the size of bank rolls—that, given the wealth and raiment of a social leader, any poor girl of average intelligence can gain as much prestige in "society" as a woman worth millions. Recently she decked her maid, Mary Corrigan, in her choicest selection of clothes and gave her free run of the drawing room for an evening. Mary Corrigan was introduced as the daughter of a wealthy Irish landowner. Along came a count from Austria. Miss Corrigan was fine of figure and of commanding presence. The count was smitten and paid marked attention to her. She was the success of the evening. When the story came out the next day, the count was so vexed that he disappeared from his hotel. Mrs. Powell is satisfied—she says that she has proven her point. Miss Corrigan is satisfied—with her position as maid. She likes not the artificial restrictions of the drawing room. The count—well, he is not satisfied.

## Notice of First Meeting of Creditors.

In the District Court of the United States for the Northern District of Texas, at Abilene.

In the matter of J. D. Norman, Bankrupt, No. 195 in Bankruptcy.

Office of Referee, Abilene, Texas, April 4, 1910.

To the creditors of J. D. Norman of Lorraine in the county of Mitchell and District aforesaid, a bankrupt. Notice is hereby given that on the 11th day of April, A. D. 1910 the said J. D. Norman was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in Abilene, in Taylor county, Texas, on the 25th day of April, A. D. 1910, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

K. K. LEGETT,  
Referee in Bankruptcy.

For Fire Insurance. To rent a house. To make a bond. To buy city real estate, see ERNEST KEATHLEY.

## City Council Proceedings.

At a regular meeting of the City Council of the City of Colorado, April 11, there were present, Mayor C. M. Adams and Aldermen F. M. Burns, W. H. Moeser, C. H. Earnest, and H. F. Wheeler.

The vote of the city election held on April 5th, was canvassed and it being found that J. W. Bird and Solon Cowan received the greater number of votes they were declared to be elected aldermen of the city of Colorado, by the Mayor; whereupon J. W. Bird and Solon Cowan took the oath of office and entered upon the discharge of their duties as such.

A vote of thanks was tendered retiring Aldermen W. H. Moeser for his untiring efforts these years for the welfare of the city and the faithful discharge of every duty imposed upon him.

Considerable discussion was indulged upon the fire insurance "key rate" promulgated for the city of Colorado, and G. B. Harness was asked to look into the matter and report to the council.

The report of recorder, W. H. Smith was read and adopted, \$16.20 were paid by him and \$5.00 on the Will Clayton case on appeal; \$1.00 uncollected on Sam Brown and \$1.00 on Jim Bellah.

The following bills were allowed and ordered paid.

W. M. Cooper	2.50
E. Keathley (for dog tags)	1.55
Whipkey Printing Co.	19.05
W. G. Delaney	60.80
A. L. Scott	3.82
J. S. Vagghu	22.65
H. Wright	2.00
J. B. Pond	2.00
J. T. Payne	2.00
W. H. Smith	2.00
Francis A. Carr	1.50
Burton-Lingo Co.	17.55

F. M. Burns, C. H. Earnest and J. W. Bird were appointed on the street and alley committee, and J. W. Bird, H. F. Wheeler and Solon Cowan on the fire committee.

Don't imagine that because Easter is past that there is nothing new or worth while in the millinery line. We are receiving new goods by every day's express and keep right up to the minute on the latest things out. Mrs. B. F. Mills.

It's so if you saw it in the Record.

## For the Town's Benefit.

Citizens of Colorado:

The Colorado Commercial Club takes this method of saying to the people that a letter recently sent out by its Secretary regarding the sub-

irrigation and the watering of trees was intended as a benefit to the people and not as a benefit to the Water Company. The Commercial Club is anxious that the citizens beautify the city by planting trees and shrubs. Heretofore it has been considered a little expensive to do this on account of using water through a meter, and it was for the purpose of showing the people that they could have trees and shrubs and still have a very light water bill, that the letter regarding sub-irrigation was sent out. At the same time we would say that the Water Company has an ample supply of water on hands and expects to be able to furnish all the water necessary for any purpose in abundance to those who have meters.

The new trees, which have been set out are coming along in good shape and will certainly help to beautify the town and we wish that everybody would follow suit.

Very respectfully yours,  
COLORADO COMMERCIAL CLUB

## A Bold Burglary.

Last Friday night someone entered the home of L. A. Costin and relieved his pants pocket of about \$4.50 and also lightened the pocket-book of Jim Lee Hart, a nephew of Mr. Costin, who boards with his uncle's family, to the tune of \$29.00. On that same night some prowler went through the kitchen of County Judge Coe, and appropriated two pounds of first-class steak which he had procured the evening before. This latter fellow was hungry for the "high necessities of life" while the other one banked for the "long green." Both got what they wanted, but it yet remains to be seen if that is all they'll get. Bud Chaney was arrested for the burglary of the Costin home and in a preliminary trial in Justice Meyer's court was placed under bond to await the action of the grand jury.

Now is the time to get your summer millinery. The rush is over, the urgent demand has been supplied, but we are as well prepared to serve you as before, and for less money. Mrs. B. F. Mills.

## THE PEANUT AS A FARM CROP.

By W. B. Mercier.

The peanut has perhaps come into prominence more rapidly than any other of what has been regarded as the minor farm crops. This has been especially true of the Southern tier of states where the cotton boll weevil has forced the people to look about for other things to partly take the place of cotton as the cash crop. When the remodeling of agricultural conditions has been fully made in this section, we are confident this valuable plant will play even a greater part in the system that must be adopted to meet the exigencies.

The real value of the peanut has never been recognized by even our best farmers. It possesses the good qualities of many plants and the bad qualities of but few. It will grow over a much larger area than is commonly thought. It produces a profitable crop on land too poor to make corn or many other crops. It can be planted and cultivated more easily than many other crops. The large yield of hay and nuts that can be obtained, the high feeding value of both nuts and vine and the power to enrich the soil, give to the peanut qualities that are combined in but few other plants to such an extent.

The peanut will grow on almost any except wet, stiff soils, in the latitudes in which it can be planted. Light colored, sandy loams are preferred where the nut is grown for market. This gives the hull a bright, clear appearance, desirable when roasted. For agricultural purposes, that is, feeding, seed or milling for oil, it does not matter what color the lands are upon which they are grown. In fact many of the darker soils will give the heaviest yields. Upon very fertile soils or upon new, rich lands, the vine will usually grow too rank to be well filled with nuts. It has been found that the richer soils produce more pods—that is, empty hulls or pods.

There are three well defined varieties that are most generally grown in the regular peanut sections. The Virginia White, with others similar to it with local names; the Tennessee Red, and the Spanish variety. The White is the ordinary nut of the markets, though some of the Red and Spanish will be found, the Spanish being extensively sold of recent years as salted peanuts.

For stock food or for oil mills the Spanish is superior and the Red comes second for this purpose. The last two named are also easier to gather, from the fact that the entire crop of nuts bunch about the center or tap root. The White varieties spread out and the nuts are scattered about the roots, making them tedious to harvest.

The larger varieties are usually hulled before planting, though they can be planted with hull left on. There is, however, a greater risk in getting perfect stands, due to faulty nuts or destruction of the seed by birds and other agents before they sprout.

The Spanish peanut is easily planted in the hull and owing to the difficulty in hulling them, this method is recommended.

The rows should be about three feet wide and the larger varieties planted from one to two feet in the drill. To insure perfect stand two nuts to the hill is most satisfactory. It requires two pecks of seed, hulled, of the large varieties. The Spanish variety should be planted from nine to twelve inches apart and it will require about two bushels per acre for seed. The seed should be well covered and if crust forms before seed germinates, harrow should be used to break it. It is assumed that no one will attempt to plant peanuts without first making good preparation; hence, we will not treat upon this feature. It is advised, however, to wait until all danger of frost is past so the young plants can come up and grow off rapidly. The planting season may be extended from April 1 to June 10 in the Southern States and get good crops of nuts. The harrows can be used regularly on the land before planting to kill all young weeds or grass that sprout. It will be found a splendid plan to run a harrow over the land after the nuts are planted, but before plants come through, as at this stage they are very tender and will be broken off if disturbed for several days. After the plants are well above ground the cultivators can start, or even a harrow can be run over them without very great danger of destroying the stand. It will depend a good deal on conditions whether the planting should be on slight ridges or on level. Personally we prefer light ridges, and especially is this preferred on land not well drained or rather sandy. The cultivation should be shallow, but frequent and in the early growth of the plant the plow should run closely enough to the plants to cover up all small weeds or grass. This will save hoeing, a very expensive proposition in making any field crop. As the

plants grow the cultivation can be done so as to throw slight ridges to the vines and care must be taken not to disturb the pod stems as they turn toward the ground where they form the nuts.

While peanuts will make a fair yield on poorer soils than many other plants the judicious use of fertilizer is highly profitable. Being a legume, fertilizer with a small per cent of nitrogen can be used. Stable manure should be avoided unless well rotted. PEANUTS Galey TWO. . . . . as it produces vines rather than nuts. Some soils are benefited by the use of lime, which should be applied early in the fall before planting the peanuts. Wood ashes are also good, supplying both potash and lime.

The time of harvesting depends on variety and time of planting. The vines should be removed from the ground when the greatest number of nuts have reached maturity and before the leaves begin to shed. This will prevent loss from nuts dropping in soil or leaves falling, both of which need to remain to get the best results in quantity of nuts or quality of hay. The method used in harvesting will depend on amount to be gathered. When there is only a small area, a plow to throw dirt from the plants, after which they can be lifted out by fork and put in small shocks. Where large areas are to be gathered, some one of the digging machines can be had; the ordinary potato digger is said to do fairly well for this. It throws them out so the hands with forks can easily pile or shock them. Care must be exercised in shocking to have the shocks not too large or packed together too hard. Stakes eight or ten feet high are placed in the ground with two slats, nailed on twelve or eighteen inches from the bottom to prevent the vines touching the ground. Shocks should be made three or four feet in diameter and capped on with hay to prevent rain soaking in and spoiling hay or coloring the nuts. They should stand in the shocks until well cured before picking or threshing. Several machines are now made to take them off the vine, but this can be done by ordinary oat or wheat threshers, by adjusting the teeth of the of the cylinder and running slowly. These machines break a small per cent of the nuts, which can be screened out, or if for oil mill purposes, it will not make any difference.

When the nuts are planted for hogs they should be allowed to gather them from the field. The yield will vary with soils, manner of planting, cultivation, variety, etc., from 60 to 100 bushels is a fair yield, although as much as 150 bushels have been grown per acre. The market price ranges from 60 cents to \$1.00 per bushel. A bushel of 28 pounds produces one gallon of oil. The cake is about as valuable for stock feed as cotton seed oil cake.

Aside from the increased demand for this wholesome nut for human food in the numerous forms now known, its value as stock food cannot be over estimated. The place it can be made to fill in the cotton states as an oil producing plant and to help restore fertility to the worn and washed soils of that section opens up unlimited possibilities for the future of the peanut on the farm.

## NO REASON FOR DOUBT.

### A Statement of Facts Backed by a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will supply it free. That's a frank statement of facts, and we want you to substantiate them at our risk.

Reckall Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic, that are eaten like candy. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily, that they may be taken by any one at any time. They thoroughly tone up the whole system to healthy activity. They have a most beneficial action upon the liver.

Reckall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Two sizes: 12 tablets 10 cents and 36 tablets 25 cents. Remember you can obtain Reckall Remedies in Colorado only at our store—The Reckall Store—Colorado Drug Co.

## WASHINGTON LETTER.

Not in many years has the Agricultural Department issued a pamphlet which has been in greater de-

mand than the Farmers' Bulletin No. 391, now universally known as "Jim" Wilson's Cook Book. It is indeed, as the latter designation of it explains, a cook book filled with many hundred recipes to guide housewives in the preparation of the various standard meats. It was prepared with a view of showing the housewife how she may economize and save the waste of really good meats which, before high prices confronted the consumer, were frequently consigned to the garbage can in cities or in the country to the dogs. One of the leading daily newspapers of Washington is printing from day to day two or three recipes from the cook book of Secretary Wilson. Such action has created a great demand for it in the states contiguous to the capital and the first edition has almost been exhausted. However, it is said that a new edition is now in press and anyone desiring a copy may receive it gratis by writing to Hon. James Wilson, Secretary of Agriculture, asking for a copy of Farmers' Bulletin No. 391.

The River and Harbor bill which passed the House, February 15, and which has been under consideration by the Senate Committee on Commerce since that time, when reported to the Senate will carry approximately \$52,000,000, but of this amount between \$7,000,000 and \$10,000,000 are not properly chargeable to the revenues collected during the present fiscal year for they are authorizations in a sense, which must be taken care of by future bills, but the system of bookkeeping in the Treasury Department demands that these authorizations should be chargeable to the bill in which they are carried, hence the large appropriation referred to above.

Senator F. M. Simmons of North Carolina, a member of the Commerce Committee, said in an interview the other day, that he believed the bill would receive most general endorsement and, in his judgment, it was one of the most scientifically constructed bills ever drafted by committees of Congress. He said every large project, looking to the improvement of rivers and harbors of the United States had received generous consideration and that the minor, the less important streams, were taken care of to the end that in the course of ten years the United States will see the restoration of commerce upon the waters and a very substantial aid given the railroads in lifting freight congestion. In a way the bill will carry out one of the cardinal planks in the platform of the National Rivers and Harbors Congress, an organization made up of thousands of members scattered throughout the United States and by its commercial bodies, together with waterway associations, and other specific projects.

This plank provides that there shall be an annual appropriation bill for rivers and harbors and that there shall be a fixed policy for waterway improvements, instead of the piecemeal appropriations which have characterized former congresses. Senator Simmons in this connection said: "It is my judgment that at least one-fourth of the money which Congress has appropriated from time to time for rivers and harbors has been lost because of the failure to appropriate annually for the projects under way."

New Orleans, Washington, Los Angeles, San Diego and San Francisco are already in the field as candidates for the Panama Canal Exposition, so called, to fittingly celebrate the opening of that great water highway. To many it would seem that the Capital City of the Nation would be the most fitting place to hold such a celebration and certainly no city in the country offers greater possibilities. New Orleans has many things to be said in its favor, for no city, in all probability will be more greatly benefited by opening of this great international waterway than that great entrepot to the South and West. The cities on the Pacific Coast are waiting expectantly for the completion of the Canal on the ground that they too are to be greatly benefited. But as this exposition is to be international in its character, Washington seems to be peculiarly situated for such an exposition. It has within its limits all the demands of a patriotic people and the Federal resources necessary to make a complete exhibit, namely: the National Museum, Navy Yard, Art Gallery, Congressional Library, Medical Museum, Fisheries Aquarium, Postoffice Museum, Bureau of Printing and Engraving, together with the vast storehouses of knowledge and information that would be vouchsafed the visiting public. And with the erection of four or five exhibit palaces for manufacturers and liberal arts, foreign and oriental and territorial buildings, Washington itself could be made an exposition city for a season that would bring millions of visitors here many times greater than could possibly be induced to go to any of the cities yet mentioned in connection with the celebration.

## LOCAL HAPPENINGS and PERSONAL MENTION

I use no cheap imitation material in my watch repair department.—J. P. Majors.

HM. Horton of Midland was here Tuesday to hear Cone Johnson speak.

If you have sore eyes of any kind use Sutherland's Eagle Eye Salve. It is good for nothing but the eyes. It is painless and harmless, and is positively the best. If you don't say so we will refund your money. Try it and then tell your neighbor. Sold everywhere. 25c a tube.

Mrs. J. L. Doss has been quite ill this week.

Our stock is still large, our lines varied, and at less than ever before in the season. The Vogue is the Place of Fashion.

Mr. and Mrs. J. T. Bearden of Clis. co. visited friends in Colorado this week. Mr. Bearden for some time held one of the tricks at the T. & P. depot and by his gentlemanly deportment won many friends in Colorado who will always rejoice at his success.

The Detroit oil stove is king of its class. Doss & Johnson have them and will gladly show your their merits.

Mr. A. Petty and daughter, Miss Hattie, of Westbrook, were shopping in Colorado on Tuesday.

Special designing and manufacturing of jewelry, and remodeling and repairing of old jewelry, like new.—at Majors, the Jeweler.

Mrs. R. T. Berry of Loraine spent today in Colorado, the guest of Mrs. rs. T. J. Free.

Beautiful new spring goods are on display. You are cordially invited and inspect them. R. T. Manuel

Invitations bearing the following inscription were received by the friends of the contracting parties this week: "William Franklin Hughes invites you to the marriage of his daughter, Sadie May to Mr. Dick N. Arnett, Jr., Wednesday evening, April the twentieth, nineteen hundred and ten, at eight o'clock. All Saints church Colorado."

credibly informed that our quorum was not met, and, collaborating in the Fourth Estate, J. A. Fore, has recently closed a spirited campaign for office in the city of Stamford.

We are making a specialty of family washing in the rough dry. You can not do it at the price we are charging, besides the saving of time, work and worry.

Wednesday morning from ten to twelve Mrs. J. B. Humphreys most pleasantly entertained at 42 in honor of Mrs. Vinta Knott, who is visiting her from Plateau. There were seven tables of players and a jolly game was enjoyed. At its close delicious cream and cake was served. Mrs. Knott will remain until Sunday.

Why send off for anything in the millinery line? We can serve you as well as the market of Fort Worth or Dallas. Mrs. B. F. Mills.

Mr. and Mrs. Gus Robertson visited in the city the first part of the week.

We guarantee Sutherland's Eagle Eye Salve to cure common sore eyes in 24 to 36 hours. This seems strange but it is backed by our guarantee. You run no risk and it only costs 25c.

Dr. Phenix operated last Sunday, assisted by Mrs. Ratliff and Dupree on Mrs. McClendon, who lives on the Goodwin place near Cuthbert. It was a major operation, appendicitis with other complications. The operation was a success, but owing to the fact that the trouble had made great progress, the patient was left in a critical condition. In this connection the Record reiterates that every operation of this nature or of equal importance but emphasizes the urgent demand for a hospital and sanitarium in Colorado. We hope the day is near when such cases can find the benefits and advantages of a well equipped hospital with skilled nursing in Colorado. It would save much time and expense.

Bring your boots and shoes that need halfoiling and repairing to W. E. McKinney, at Annis' saddle shop. He'll fix them right and cheaper than you ever paid.

D. N. Arnett Jr., came in Monday from Garza county.

We have two ranch buggies, three traps and seven wagons, all new, in first class condition and just set up, that we offer for sale at very low prices, which cannot be beat, this side of the factory; we bought this stuff at a reduced price and we expect to sell them at a bargain, within the next ten days. We will take secured notes, and give the best of terms, we will also take good trade in exchange for this stuff.

J. R. HASTINGS  
and EARL MORRISON

People who are not regular theatre goers are universally attending the performance of "St. Elmo" for the dramatization of Augusta J. Evans' great story appeals to them in many ways. A new charm has been added to the beautiful romance of the South by transferring it to the stage. The play will be presented here soon by an exceptionally clever cast of players.

Will be seen here on Thursday night April 21.

For better, ringworm, eczema, running sores and all skin diseases Dr. Bell's Antiseptic Salve is guaranteed to give satisfaction or you get your money back. 25c everywhere.

Miss Etta Doss is on the sick list.

Mrs. Adamson, mother of Mrs. Q. D. Hall has returned from a visit to El Paso.

The line of collars we carry is not surpassed in any place. Every taste can be suited—endless variety. Mrs. Jas. DeMoss.

Rev. Norman P. Marshall went out to Pecos and Barstow Tuesday morning.

Mrs. Will Hubard of Sweetwater is visiting Miss Hughes.

The New Store and the New Idea, is Jno. W. Person's.

Will Ellwood of DeKalb, Ill., is visiting his Rendrebrook and Plains ranches this week.

Fishing tackle, the best and cheapest—greatest assortment at Doss & Johnson's.

If the fish are not now biting, they never will this summer. Would we could go.

The Vogue is headquarters for Dame Fashion. She there pronounces her edicts and signifies her approval. Whatever you get at the Vogue is stamped with her hall mark.

On Tuesday Mrs. Bailey delightfully entertained the Bridge Club. There were a number of outside guests and all had a most pleasant time. At the close of the game Miss Hughes was presented with a beautiful piece of cut glass and an elegant salad course with iced tea was served.

Have your eyes tested and spectacles fitted by Oscar Majors.

The Baptist ladies served tea at Mrs. Gustines Tuesday from four to six. A very pleasant afternoon was enjoyed by those who attended. Miss Lela Whipkey gave some lovely piano solos, and dainty custard and cakes were served the visitors. The treasury was not filled but a mite was added to its contents.

By reason of the hard times I have made big reductions in all lines. Watch cleaning \$1. main spring \$1, other repairs in proportion—J. P. Majors.

The Microbe of Love, given by Miss Reaville last Friday night was a success in every particular. The music was splendid, and the play is said to have been the best amateur performance ever given here. The Methodist ladies received \$58.00 as their part, Miss Reaville getting one-third of the net proceeds.

The Palace Market is the place to sell your butter, eggs, chickens and turkeys, and all kinds of fat stuff. They pay the highest cash price.

C. Hanson, traveling freight agent for the I. & G. N. railroad spent Tuesday in Colorado. He made minute inquiries concerning the probable building of the Colorado & Concho road.

Quite a number of the good people of Loraine came over to hear Hon. Cone Johnson speak Tuesday.

Pastor Holmes Nichols conducts a cottage prayer meeting each week in addition to the regular prayer meeting at the church. The last meeting was with Denton Wheeler, at which forty-seven devout worshippers were present.—Western Evangel.

J. S. Johnson of Iolanthe was here this week. He reports things O. K. in his section, since the rain.

## FRESH VEGETABLES.

I have for sale all kinds of fresh vegetables—lettuce, mustard, onions, spinach, beans, etc. Send the children with a basket and see what you get for 25 or 50 cents.

MRS. JAKE MAURER  
at Residence.

Mr. J. S. Tilley and Mrs. M. A. Watson of Dustin, Oklahoma, brother and sister of our fellow townsman, L. R. Tilley, paid their brother a visit this week. It was their purpose to have a family reunion, but one of the brothers could not be present. J. S. Tilley returned home Wednesday.

The first real ball game of the season was played Tuesday afternoon between the Colorado and Loraine fans on the Colorado grounds. Manager "Magraw" Scott has not his team in first-class shape yet, and is only trying them out with a few games with neighboring towns. When he has them fit as a fiddle he will issue his defy to the base ball world and go about with a ball on his shoulder. As it were, daring any bunch to take a swipe at it. The result of the game Tuesday was 8 to 2 to Loraine's credit.

At this writing, Mrs. McLendon, the lady who was operated on Sunday, is much improved and will, unless some unexpected trouble supervenes, be able to go home in a week or ten days.

The Colorado friends of Rev. T. J. Griswold will be glad to learn of his elevation to the presidency of Stamford Institute. He will assume the duties of the office June 1st. The resignation of Dr. Duncan was surprisingly sudden.

F. P. Murphy of the Carr community came in this week and moved his Record figures up one year. He says the recent rains put everything in first class shape and the people are expecting a splendid crop.

Hon. Cone Johnson was listened to by a very large crowd and given the strictest attention. He has many supporters here.

The smokestacks at the east salt works are being raised this week and a new brick oven put under them.

Mrs. Ross, sister of Mrs. Harry Landers, who has been visiting the latter, returned to her home at Stanton, Wednesday morning.

J. A. Berry and wife of Oklahoma, are visiting the family of Mr. Hale near the water works. Mrs. Berry is a daughter of Mr. Hale.

Mrs. Pearl Shaw went to Coahoma Wednesday to visit relatives.

## Christian Church Services.

Elder H. C. Ford of Big Springs writes that he will fill the pulpit of the first Christian church at Colorado on next Sunday, morning and night. All the members are urged to attend these services.

The damp, cloudy weather of the past several days are just the thing to keep the moisture from the recent rains in the ground. Mitchell county has every assurance of an abundant crop this fall.

After all that has been said about the peanut industry, very few, we imagine will have the foresight or conviction to plant much of a crop. The market is now right at your door. As good prices will be paid by the local agent of the oil mills at Colorado, as you would get at the mill. The Record would be glad to have the names of all who plant any amount of the nuts this season. Give us your name or send in by postal card; we want to keep tab on the industry.

In our announcement column we have been running the name of W. R. Eudy and had it spelled Eudw, which has been corrected this week. Spelling his name wrong did not in any way check his running.

## Most Popular Place.

My stock of confectioneries will be here in a few days, also a fine line of cigars and smokers' accessories. My fount is now in full blast. No pain will be spared to make the City Caf the most popular place in town. Come to see me. CHARLEY THOMAS.

J. T. Robinson, land commissioner of the State of Texas, was here Wednesday and made a trip into the country.

## For All Skin Diseases

Misses Mary Risinger and May Siebert of Sweetwater spent Saturday and Sunday in Colorado, guests of Misses Lela and Irene Whipkey.

For coat suits, see what Mrs. Jas. DeMoss has before you buy.

## NOTICE.

Tom, the Lasky Horse, will make the season at my place, four miles North-east of Colorado on the Lasky ranch.

ALSO  
JUNO, the Lasky Jack will make the season at the same place.  
4-29c J. N. BURK.

Tuesday evening the Commercial Club entertained a number of the "42" players of our neighboring city, Loraine. These gentlemen came over and heard Cone Johnson speak and were entertained by the club members at the St. James for supper, the match game having been arranged previously. At eight o'clock all repaired to the home of Mr. C. M. Adams and the fun began. Six match games were played, resulting in a score of two in favor of Colorado. Then all mixed up and 42 was played and played again there being over eighty games before all had enough. Delicious cream and cake were served and the best time on record had by both club members and guests. It was one o'clock before goodnights were said and it was much later before the men reached home, so the wives say. There were fifteen gentlemen present from Loraine and they seemed to thoroughly enjoy the whole affair.

## 23 Present—Skidoo.

Tuesday was Mr. T. J. Free's birthday, and a sort of family reunion was held. There were twenty-three Freees present—all the family of J. H. Free except two. A free and good time was enjoyed.

Our line of hair goods is full and varied; can match any shade or color. Mrs. Jas. DeMoss.

Wednesday afternoon Mrs. Stonerod Misses Hamner and Arnett entertained at cards in honor of Miss Hughes. There were seven tables of players, the game was euchre and the score cards dainty little Puritan maids. Few games were played and at the close Miss Ammons received the guest prize, beautiful picture, Miss Hooper the club prize, a pretty hat pin, and Miss Hughes was given an elegant hand made, negligee—white cream with a pink heart in the center of each block with "Hand A" also in pink, together with white cake, iced in pink was most daintily served. Mesdames Hubbard and Vinta Knott were the out of town guests. Mrs. Stonerod's cosy home was used for this lovely affair and all thoroughly enjoyed the delightful affair. The charming honoree was beautiful in a gown of pale green foulard, with lace and pearl trimmings. She was guest of honor at a shower given by the Hesperian club Thursday at Mrs. A. J. Payne's.

## Home Cure for Eczema.

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25-cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25c offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market on any special offer.

If you want relief to-night try a bottle at 25c on our personal recommendation. W. L. Doss, Colorado.

In one-piece dresses we have the very latest edicts of Dame Fashion. See them at Mrs. Jas. DeMoss.

List of the Telephone Exchanges that can be had to Big Springs and the west. These places can be reached from your residence or place of business:—

TEXAS & PACIFIC TELEPHONE CO

Saturday Evening Post at this office, also back numbers.

The Junior class of the Colorado High school entertained the Senior class at Prof. McDoniel home on last Saturday evening. Although it rained, quite a number came and a pleasant evening was spent by games, contests and music.

The house was decorated with pennants and the four class colors. Mrs. McDoniel endeared herself to the pupils as a hostess. Delightful refreshments of cream and cake was served. Miss Risinger and Miss Seibert of Sweetwater were guests of honor.

Dr. Bell's Antiseptic Salve is the best. It is a creamy snow white ointment pleasant to use and every box is guaranteed. Price 25c at all dealers.

## FROM UNION.

No strange thing has transpired for the past few days. The health of this section is good which is only characteristic of this, a health region of coudition.

On last Saturday night we again had a fairly good planting shower and our farming people are making use of their time and opportunity.

Mr. E. M. McCreless succeeded in rallying a sufficient crowd today to put our new road in good order for the rural route inspector.

Well, Mr. Editor, for Plunket's satisfaction I will endeavor to say a few words about a long time ago.

While I may not be as familiar as Uncle Rufus was I do know that some of us did live a long time ago. In the old cabin home, same situated on the hilltop; some in the valleys, some on the hillside and some in the back ground. Yet most of these homes were independent homes. Why, because their cribs were in the the lot and their smokehouses in the yard. Their looms were kept in the most suitable place. The operator was generally the housewife and when we got a pair of copers breeches we sure did have something.

Right here I want Plunket in his next writup to tell what he knows about how our mothers used to make cloth. Now, Plunket I don't want you or anyone else to get the idea that I want to drop back in the old ruts for I am far from it, yet along many lines these has been little or no improvement.

I must close by asking Plunket to give us something good next time. Good wishes for the grand old Record CITIZEN.

## RAILROAD PROSPECTS.

Mr. W. J. Newcom, who is associated with Mr. H. J. Johnson in promoting the railroad north out of Midland via Andrews, Shafter Lake, Seminole, etc., came to Midland from Dallas, and was interviewed by a representative of the Examiner.

Mr. Newcom is an old railroad man, having served as special claim agent of the Texas Midland road for sixteen years.

Mr. Newcom said: "I am going up to Andrews, Shafter and Seminole and will remain up there until Mr. Johnson arrives from Dallas, which will be about April 18th."

"Mr. Johnson has been hindered from coming to Midland, on account of the death of his mother, which occurred March 28. He is at present with his aged father in Dallas. He will come on to Midland and meet with the railroad committee just as soon as he can leave his father. Mr. Newcom is enthusiastic over the railroad prospects. He expressed himself as pleased with the progress made by the various towns in raising the bonuses. He states with emphasis that the road will be built, and that he believes arrangements can be made for the beginning of construction within ninety days.

Mr. Newcom does not pose as a capitalist, with sufficient money to finance the road. He frankly admits that his province is largely to interest and enlist sufficient capital to promote the road. He stated that no definite action would be taken until the arrival of Mr. Johnson, who would take up the matter with the committees of the various towns through which the road will pass.

We may confidently expect matters to begin to assume tangible form, since it has gone out that these towns are sufficiently interested to raise the amounts toward the securing of northern railway connections. More than one concern now have their eyes on Midland and this immediate section. An attractive bonus speaks eloquently, and capital is not slow in responding to so substantial an invitation to take up negotiations.

Our people have in the main done well towards the bonus raising for Midland, and yet there are some who have not manifested sufficient interest in the project. In looking over the list of subscribers we were surprised at the lack of liberality on the part of some as well as delighted with the very liberal donations of others. Each one should give according to the benefits that will accrue from the building of the road into Midland.

While commendable progress has been made, let not our citizens cease

their giving until every property owner and public spirited individual has been seen.

There is but one way to insure a larger and more permanent growth; that is to put up liberally for the enterprises we would attract.—Midland Examiner.

## Van Tuyl Ranch.

Mr. Goodson and wife spent the past Sunday with Mr. H. C. Langford and family.

Mrs. Langford and children spent Monday at Mr. J. L. Moates'.

Mrs. Emma Powell spent Tuesday at Mr. H. C. Langford's.

W. R. Powell went to Loraine Wednesday.

The prospect is fine for a good crop. We truly hope that a bumper crop will be made in west Texas this year and especially in Mitchell county.

The good rain that fell Saturday night put a smile on the farmers' faces that won't wear off.

The grass is looking fine in the pastures. The rain Saturday night completed a very good under ground season. The farmers had their land in fine condition to receive the best benefits from the rain.

Some work has been done lately on the Robert Lee and Colorado road between this community and Colorado, the same will be highly appreciated, by many people who travel this road going to Colorado. Lots of stumps were taken up which made the road much better for the traveller.

Health of our community is excellent.

## Fredrick H. Wilson.

Don't forget that Fredrick H. Wilson will appear at the tabernacle on May 7th in his incomparable lecture on "Saul, Jonathan and David." No admission will be charged and a good audience is requested. 4-22c

## Fruits and Vegetables.

Thanking the people for their patronage in the past, I will try to serve them better in future. Fresh fruits and Vegetables at my stand, at all times. Wagon will call at residences. Phone No. 20, for prompt delivery. C. E. SLOAN.
