EARL MORRISON,

Chairman Democratic Executive Committee, Mitchell County, Texas.

COUNTY DEMOCRATIC EXECUTIVE COMMITTEE MEETS.

The following business was transacted by the Democratic Executive Committee of Mitchell County, Texas, on Monday, the 20th day of June, A. D. 1910; which Committee met at the Court House of Mitchell County on said date at 2:30 o'clock p. m., when the following matters and things were done:

There being present, Earl Morrison, Chairman; F. M. Burns, Precinct Chairman, Precinct No. 1; E. M. McCreless, Precinct Chairman, Precinct No. 2; R. A. Hood, Precinct Chairman, Precinct No. 3; B. L. Wulffjen, Precinct Chairman, Precinct No. 4; and J. R. Eastin, Precinct Chairman, Precinct No. 5. Precinct Chairman A. A. Daniel of Precinct No. 6, and Precinct Chairman, W. H. Henthorn, of Precinct No. 7, were absent.

The first matter that was taken up by the committee was the placing of the names of the several candidates, who had filed with the Chairman their requests to be placed upon the Democratic Official Ballot, in the order in which they should come upon the said ballot, which was done in this manner, by lot: One of the Committee wrote the names of each candidate who had filed their request for the same office, upon different pieces of paper, which names he handed to another member of the Committee, who would place them in a hat, and another member of the Committee would write as many numbers upon different pieces of paper as there were names for the same office, which pieces of paper, with the number thereon, would be placed in a different hat, at the same time. One member would draw from his hat a name, at the same time would another member draw a number from

a hat; this name was pinned to this number, which name would take the place upon the ticket or ballot of this number.

The second matter that was taken up by the Committee, being the decision and determination as to whether or not the nomination shall be by plurality vote or by majority vote, that is, for county officers. It was decided by the Committee that the nomination for county officers shall be by plurality vote.

The third matter that was taken up by the Committee, was the estimate of the expenses of the primary, and the apportionment of the same to the several candidates who have filed their requests.

The committee appointed the following Chairmen that were present, as the sub-committee, known as the primary committee, which committee will meet on the second Monday in July, 1910, to arrange and make up the official ballot, as decided by the Executive Committee and the certified list from the State Chairman.

The Committee appointed the following election judges, to hold the primary election on July 23rd, 1910, as follows: J. W. Bird, Presiding Judge Precinct No. 1, Colorado; C. P. Conaway, Presiding Judge, Precinct No. 2, Westbrook; S. F. Ward, Presiding Judge, Precinct No. 3, Herbert; C. C. Roach, Presiding Judge, Precinct No. 4, Seven Wells; J. M. Jenkins, Presiding Judge, Precinct No. 5, Cuthbert; W. A. Oliver, Presiding Judge, Precinct No. 6, Iatan; T. J. Coffee, Presiding Judge, Precinct No. 7.

Whereupon the Committee adjourned, to meet upon call of the Chairman.

Hon. Ed W. Smith Goes to Sweetwater.

The Record learns with ingenuities regret that Hon. Ed W. Smith and his excellent family will go to Sweetwater to make their home in future. Mr. Smith has been here for six years, and his advancement in his profession has been as permanent as it has been rapid. Beginning by representing the Texas & Pacific road in the Justice and County Courts, he has grown in confidence and esteem in the opinion of the road's officials, until he was given the legal care of all its business between Midland and Sweetwater. By close and careful attention to every detail of business entrusted to his care, Mr. Smith has risen as high in popular esteem as he has made rapid progress in official preferment.

Mrs. Smith is the daughter of Judge William Kennedy, who presided over the district court of this district for nearly fourteen years. Mrs. Ellis Douthitt of Big Springs, being another daughter.

Messrs. Smith and Douthitt have formed a partnership in the practice of law at Sweetwater, where they will represent, not only the Texas & Pacific, but the Santa Fe Cut-off from Lubbock to Taylor county, and the Lamesa branch as well.

Mr. Smith is a progressive citizen, and his residence in any town is a guarantee that something will be doing for its material welfare. He is president of the Colorado Commercial Club, and during his incumbency the Club has been more aggressive than ever, and accomplished more concrete things for the good of the town. The Record heartily commends Mr. Smith and his most excellent family to the people of Sweetwater, as in everywise worthy their highest esteem and confidence.

Death of Mrs. Elizabeth W. D. Roe

Last week's Record announced the serious illness of Mrs. Roe, but when the words of that announcement were written, we had no premonition that it would be our sad duty to chronicle, in one short week, the yet sadder announcement of her death and burial. But such are the dispensations of the providences of God. Her death occurred last Friday night at 1:30 o'clock surrounded by her entire family, save the daughter who is absent in China. The end was as her daily life had been; an example to both the living and the dying. Her funeral occurred on Monday, June 20th, services being held by her pastor, Rev. W. M. Elliott, at the Presbyterian church. The great concourse of people who followed her earthly tenement to its last resting place and the universal expressions of the irreparable loss her death is to the spiritual and moral strength of this community, best attest the esteem and confidence in which she and her memory are held.

We feel that we are unable to pay adequate tribute to the beauty of her character and strength of her influence, and shall give this labor of love into able and more worthy hands. It will be no easy matter to fill her place and perpetuate her influence in this community.

NEGRO BURNED AT STAKE.

Leonard Jackson Confessed to Murder of Young Girl.

Rusk, Texas, June 21.—Leonard Jackson, a negro, was burned at the stake near Lone Star, fifteen miles north from this place last night, after he confessed to the murder of Miss Maude Rodden, aged 17 years, who was found dead with her throat cut yesterday afternoon.

Miss Rodden left home about noon to take her music lesson at Lone Star about a mile away. Three hours later her dead body was found. Her throat was cut from ear to ear.

News of the terrible crime was phoned to sheriff Norwood who, with several deputies set out to investigate and run down the murderer. The sheriff and posse captured Jackson against whom suspicion had been directed and were on their way here with their prisoner when a mob of about two hundred men surrounded them, overpowering the officers and taking the negro away from them.

The mob took Jackson into the wood and after his confession tied him to a stump and burned him.

Sheriff Norwood started on the trail with bloodhounds which he secured from the penitentiary, commencing at the point where the young woman was killed, and after following the trail a few miles succeeded in capturing the negro.

The tracks made by the fugitive fit the shoes worn by the captured negro who when arrested, had but recently changed his clothes.

W. H. Redden, father of the girl, was in town to-day attending the meeting of the democratic executive committee, and had just left town before the news reached here.

A little hardship won't hurt you—it's the crucible through which untried strength must pass to get it's temper—but don't let it give you the wrong sort of temper. Men learn how to command others by first controlling themselves. If you can't stand misjudgment, you weren't strong enough in the first place to justify confidence.

G. W. CARNES ANNOUNCES.

Colorado, Texas, June 11, 1910
To the Voters of Mitchell County:

I take this method of announcing myself as a candidate for the office of County Attorney of Mitchell County, subject to the action of the Democratic Primary to be held July next, 1910.

Therefore, in presenting my candidacy before the people, I deem it advisable to acquaint you briefly of myself. I am a native Texan and was born and raised in Nacogdoches county, Texas, and have resided there continuously until four years ago, when, owing to failing health I was forced temporarily to abandon the practice of law, which I had successfully followed for the period of twenty-seven years, and seek that priceless boon, "health" in the western part of the state, and about four years ago I emigrated from Nacogdoches county, Texas to Scurry county, Texas, near the town of Dunn in said last named county where I have since resided until last winter when I came to a farm four miles east of the City of Colorado, near Looney's Chapel, where I now reside, and I now desire to say that I have regained my health and feel anew my desire and fixed purpose is to again re-establish myself in the practice of law at the end of this year. I am a Jeffersonian Democrat and a firm believer of equal and just rights to all as was expounded and taught by Jefferson and his followers. I believe in the enforcement of the law and believe that the only guide for the protection and safety of the people is the enforcement of the law throughout the state.

I love the law and I like to obey its commands and should I be the choice of the sovereign voters of this county and elected to the office of County Attorney, I will be the County Attorney of the people and for the people, one and all alike and I will carefully and diligently guard and protect the interest of the state wherein it is my duty to do in the premises. I therefore respectfully refer you to the people of Nacogdoches county at large and to the people in and about the town of Dunn in Scurry county, some of whom about Dunn have known me dealing and my ability as a lawyer. also refer to Mr. O. E. Broyles who resides at Iatan in Mitchell county as to my character for honesty and fair dealing and my ability as a lawyer.

Very respectfully,
G. W. CARNES.

A Profitable Deal.
From the Dallas News of the 18th inst. we note the following realty deal, and congratulate our fellow townsman on his fortunate investment:

"The Lumberman's Plaining Mill property, 90x210, corner of Orange and Hord streets, has been sold by H. C. Doss of Colorado, Texas, to A. R. Reeves of McAlester, Ok. The consideration was \$17,500. The deal was made by R. E. Adams Realty Co.

C. W. Post has offered to Mr. Roosevelt, the position as president of the labor arbitration board, at an annual salary of \$100,000.

Grand Jury Report.

To the Hon. Jas. L. Shepherd, Judge of the 32nd Judicial District of Texas:

We the grand jury, for this term of court, have been in session twelve days and have made diligent inquiry into all violations of the law that have come to our knowledge, and have found sixteen bills, four felonies and twelve misdemeanors.

We have visited the jail and inspected the condition of the court house, and in our judgment they are both badly in need of repairs, and we would suggest that the Commissioners' Court take up the matter of repairing these two buildings, as we believe a few thousand dollars judiciously expended would change the appearance of these buildings and save them to us for many years to come.

Respectfully submitted,
W. W. WATSON, Foreman.

CARNIVAL LOCATION CHANGED

At a call meeting of the Carnival committee of the Colorado Commercial Club Saturday, the matter of certain correspondence between Judge Ed J. Hamner and the committee was considered. It appears that Judge Hamner recently had put a fence around the grounds in West Colorado that the committee wished to use, and he asked that he be paid \$50 for the use of the grounds, and that everything be put in the same condition after the carnival that it was before.

After carefully considering the matter, the committee declined to accept his tender on the above conditions, and decided to use the grounds in South Colorado, just beyond the river, on the east side of the street. There is ample ground there for the purposes of the carnival. The grounds, we understand, belong to the Continental Cotton and Oil Company, and have a fence around them.

All in all, the consensus of opinion is that the change is for the better, being just as near the business part of town, and better facilities being nearer at hand. Let's all begin now with renewed enthusiasm to work to the end that this may prove the biggest and best blowout ever promoted in this section of the state.

We the undersigned agree to close our respective places of business all day Monday, July 4th, 1910.

COLORADO, TEXAS, FRIDAY, JUNE 24, 1910

VALUE OF ODD MOMENTS.

There are multitudes of men and women, who having passed the years of youth without acquiring an education, bemoan the fact that it is now too late. They imagine an education can not be gotten without setting aside several years for that special purpose, in a school room, and the idea of self-improvement appears to them impracticable. They fail to realize the potentiality of spare moments. One hour spent in study and reading each day will give a man or woman of average intelligence a classical education in ten years; two hours a day, will accomplish the same result in five years. How many of them spend that much or more time in their idleness or unprofitable amusements?

It is wonderful what can be accomplished in improving the odds and ends of time in keen thinking, reading and observation. The time most of us throw away would afford an education if devoted to systematic study and reading.

There is a wealth within the reach of the poorest boy or day laborer, that kings in olden time could not possess, and that is the wealth of a well read and cultured mind. There is no excuse in this enlightened day for ignorance, a coarse, uncultured mind. The printing press has put an education within the reach of every one who will have it and is willing to pay the price in application and determination.

Today none are so handicapped, if they have health and an average mind, who cannot possess themselves of wealth that will enrich their lives; no one is so poor but that it is possible for him to lay hold of that which will broaden, which will inform and improve him, and lift him out of the stage of mere existence into the god-like realm of knowledge.

It is little short of a sin to waste these odd moments of time, when He, who by the power of His word could create the loaves and fishes to feed a multitude, was careful that the fragments be taken up till nothing be lost. How much more carefully should we, His humble creatures conserve every moment of time, improve every opportunity.

Some of the best read and highly educated persons we ever met, never saw the inside of a school house, but applied themselves with an appreciation of their lack and need of knowledge. In this day, the boy or man who tries to excuse his condition on the ground that he had no opportunities, but confesses his lack of the determination and manhood required to attain an education. There was never a greater mistake than to assume that one had to attend a college to become educated. A desire and a determination to know, will acquire an education anywhere.

If You Haven't, Do It Now.

The 10th of last March was the day set by the State Health officer for a general cleaning up. Whether the order was observed by the people generally or not, we do not know; but we do know that something, somewhere, needs cleaning up again. Colorado has been singularly free from that class of diseases which depend for their continuance upon unsanitary conditions, not because, so much, of the scrupulous cleanliness of the town, but because of the climate and altitude.

The recent and present excessively hot weather, in collusion with the flies, affords an ideal condition for the breeding and spread of typhoid and kindred fevers. As you value the lives and health of yourself and those dependent upon you, see to it that your premises and manner of living are clean. Look after your own, and the premises of your neighbor will look after themselves.

Will Colorado lie down on the railroad proposition?

The question is asked by people who have hoped, dreamed and subscribed for another railroad for Colorado for years—"Is the road dead?" Who can answer that question.

It matters not how prosperous times may be, there will always be a class who are hunting work and hoping they will not find it.

Good water is at all times capital—as sound a basis of permanent prosperity as money. With an abundant supply of water, Colorado would be in a position to attract enterprises.

The University of Texas has added a department for the testing of clays and soils of all kinds, and asks that the people of the state avail themselves of its services.

Don't neglect any opportunity to boost the coming carnival; we want the biggest crowd here on the three days of its progress that ever assembled in west Texas.

The men whom I have seen succeed best in life have always been cheerful and hopeful men, who went about their business with a smile upon their faces, and took the changes and chances of this mortal life like men, facing rough and smooth alike as it came.—Kingsley.

A man who knows the world will not only make the best of everything he knows but of many things that he does not know; and will gain more credit by his adroit mode of hiding his ignorance than the pedant by his awkward attempt to exhibit his erudition.—Colton

To those who really desire the advancement of the town of Colorado and Mitchell county, greeting: Does it not seem the part of wisdom that we bend every hour, dollar and energy to secure first, the thing that will attract all others, rather than pay a good price for the things that we could otherwise get for nothing? Railroads and abundant water are capital in themselves. If we have an abundant supply of good commercial and domestic water, and another railroad, we shall be in a position to invite, instead of offer bonuses for the location of other enterprises.

The people of Robert Lee are determined to build a railroad, whether Colorado joins them or not. San Angelo is only thirty miles distant and is ready to extend the hand of co-operation to Robert Lee in this important enterprise. If the road is of enough importance for San Angelo to join in its building, how much more important it appears to be to Colorado. We heard a man say, while discussing the road, that he was glad the project was dead; that if it was secured and values enhanced, "just look at the extra taxes we would have to pay."

The Fort Stockton Pioneer, under the guidance of Geo. T. Spears, has installed a new plant and gone into larger and new quarters. It will soon be an all-home print. The pioneer has been one of the greatest factors in the development and advertisement of Fort Stockton. When the Orient road is completed to that place, it will have a marvellous growth.

A young man by the name of Schafer living about 20 miles northwest of town, was kicked by a stallion, Wednesday evening, sustaining a severe fracture of the jaw. Dr. Dupree being called to see the injured man, dressed his wounds and reports him doing nicely.

This is the last issue before the carnival begins, the next issue being on the second day of the festivities. Let everyone to whom has been assigned anything whatever that makes for readiness, be sure to do his part by the opening day. The success of this occasion will mean much to Colorado as an advertisement. The fireworks have already arrived by express, and all other features are well under way.

It is with the deepest grief that the press of Texas learns of the tragic death of T. E. Streight, editor of the McGregor Mirror, one of the brightest newspaper men in the state. The details of the tragedy are as yet vague and uncertain. From the best information, it seems there had been some estrangement between himself and his wife. They were sitting on the front gallery Saturday evening, when a shot was heard by those living near, and on repairing to the scene, Mr. Streight was found to be shot in the forehead. His wife was arrested and taken to the county jail at Waco. We sincerely hope the matter will be cleared up and that no guilt will attach to the wife.

How useless, how senseless it is to be continually grumbling at what is beyond our power to foresee or prevent. If the people of West Texas are going to continue to keep the spectre of possible drouth in their homes, if they inject the "if it rains" proviso into every promise, contract and plan they make, we shall soon have become slaves to a contingency rather than masters of our condition. Miracles no less than those by which Jehovah preserved and prospered his people of old, are being wrought every day around us. Science, which is but God working through the immutable laws He made in the beginning, is smiting the rock as veritably as did Moses in the desert, and the life giving waters are gushing forth in our own desert places. Why keep the sword of Damocles suspended always above our heads? Why drag in the skeleton to grin at every feast? Let us dismiss both once for all and take with cheerfulness and a measure of contentment, the providence that our Father dispenses.

School Bond Election.

Owing to the fact that the petition on which an election for the issue of \$10,000 bonds by the Independent School District of Colorado, was ordered, failed to be circulated for signatures, as required by law, the election was vitiated. In view of this fact, another petition was circulated and signed by the necessary number of qualified electors of the school district. On this, an election was ordered to be held on the first Tuesday in July, it being the 5th day of said month, to determine whether or not the Colorado Independent School District shall issue bonds to the amount of \$10,000 for the rebuilding of the high school building. Keep this date in mind and be sure to go to the polls and exercise the most sacred right you have as a free American citizen. Tuesday, July 5th is the day and date.

ROBERT LEE TO BUILD RAILROAD

A committee of citizens from Colorado City will meet with the people of Robert Lee within a few days, according to S. B. Kemp of the latter city, to discuss ways and means of connecting the two points by rail.

In an interview Monday, Mr. Kemp, who is in the city, said that both Coke and Mitchell counties were ready for business and were fully determined to construct the railway with home capital if satisfactory guaranteed contracts could not be secured from a promoter.

"When E. G. Hammock was in Robert Lee about six weeks ago he seemed ready to go to work," Mr. Kemp said, "but when June 1 came, the date for construction to begin under the bonus contracts between him and Robert Lee and Colorado, he wanted more time. Neither city felt disposed to grant an extension, and so Mr. Hammock was dropped from our string."

"Robert Lee is strongly in favor now of the residents of the two counties subscribing a sum sufficient to build the road without assistance. Mr. Hammock figured that the 43 mile line would cost \$6,500 per mile or a total of about \$280,000. Working on his proposition, Robert Lee raised a bonus of \$50,000 and Colorado \$125,000, the total being slightly over half the estimated cost of the road. We have employed an expert Philadelphia engineer to submit further figures, and expect to present his report at the joint meeting at Robert Lee this or next week."

"All of our citizens mean to get busy right away and see that the line is built, one way or another. Mr. Hammock's forfeiture of the contracts signed, dampened the ardor of some of our enthusiasts for a short time, but in the long run it has stimulated greater interest in the project, and I am of the opinion that before many more months the road will be under construction."—San Angelo Standard.

Boatright-Nunn.

Invitations have been received by the intimate friends of the family, asking them to be present at the home of J. W. Nunn and wife, in south Colorado, on June 28th, at 8 o'clock p. m. to witness the marriage of Mr. William Boatright to their daughter, Sudie. Mr. Boatright was formerly a citizen of Colorado, and has a host of friends here who congratulate him on the fortunate choice he has made in the selection of a life mate. He is a prosperous hardware merchant of Mary Neal, Nolan county, besides possessing considerable landed interests.

Miss Sudie has been reared from infancy in Colorado, and her charm of personality, accomplishments of both head and heart, have made her a favorite with all who have had the pleasure of knowing her.

The Record in common with the large circle of friends of the family, congratulate them both, and wish their united lives may prove a perennial realization of that ideal happiness of which mind ever dreams to which the heart ever aspires.

L. L. Franks has bought the feed and grain business of S. S. Snowden, and will be glad to see his friends and all the old customers of Mr. Snowden. Mr. Franks has been a resident of Colorado about twenty years and has many friends, who will see to it that he does well.

The Record is requested by Mr. Jake Maurer to state that all the birds' nests have been cleared from the trees in his yard, and there is now no occasion or excuse for people to recklessly shoot into them. Hereafter complaint will be lodged against those doing so.

Colorado has at least fifteen up-to-the-minute automobiles in the public garage, and there are more kept in private ones. The town is becoming so accustomed to the things that only a flying machine could now attract attention.

John L. Sullivan on the Fourth of July.

It is the duty of every man to celebrate a day like this and to buy fireworks for his family. I am in favor of allowing the children to set part of them off in the morning of the Fourth, for nobody knows how a boy suffers if he has firecrackers and can't set them off.

No country can celebrate a day as well as we can. We have got more money than anybody else, and we certainly have got enough speakers.

I suppose there are a hundred thousand men thinking up Fourth of July speeches at this minute, and it is not too many. I hope every one of these men will remind the boys who listen to him that this is the greatest country on earth and that it can lick any other.

That is the great truth to keep hammering home. Confidence in yourself and confidence in your country should be every American's motto, and while he has that motto he can laugh at kings and tyrants, because he knows they stand no living chance.

As for the so-called Americans that bow down to English royalty and turn up their pants without any cause, I have no excuses to make for them. They are unworthy of their country, and, while I have known dudes that could put up a pretty good fight in a corner, I advise no man to rely on them.

My advice to Americans, young and old, is to be patriotic all the time. Yell for your country and think of George Washington every time a firecracker goes off. Invite your friends to share with you in moderation whatever you have and, without being boisterous, remind every foreigner you see that America can lick his country, whichever it is. This drives the foreigners to naturalization, which is only right, and it keeps the sacred flame of patriotism alive.

As a matter of fact, this is the only country on earth, for if China is bigger it makes no difference. It takes all the good in a hundred Chinamen to make a bad American, anyhow, and, besides, they don't know what to eat.

The Russian nation is big, but it is a mixed up crowd. I'm told they sleep on stoves, and there isn't a day in any week that we couldn't lick Russia.

The other nations don't count. Ireland is part of America. The Germans and the French can speak foreign languages, but fighting is not in their line and never has been. In all history you cannot find even a good middle-weight among the French. What is more, they fight with their feet, and, as poor old Topsy Maguire used to say, a man that will fight with his feet will think with them.—John L. Sullivan in New York World.

His Farewell Sermon.

On Sunday night Rev. Holmes Nichols will preach his last sermon to the people of Colorado before he goes. He is very anxious that every member of the Baptist church be present and hear what he has to tell them. Everybody is cordially invited to attend all the services Sunday, and particularly the service at the tabernacle at 4 o'clock in the afternoon, when he will give a special talk to the men of the town.

"Come now, Pat," said a Cockney tourist, to an Irish peasant, whom he had encountered in Connemara, "I'll give you a sovereign if you tell a bigger lie than you ever told before." "Faith, sir, you're a real gentleman," Pat responded, and the company unanimously declared the sovereign earned.—Exchange.

W. D. Baker, living on the Looney place, southeast of Colorado, brought to this office Monday, a fine specimen of cotton. He is cultivating this year 100 acres of land, sixty of which he planted to cotton. He says his entire crop is as fine as the sample. The plant he brought in has blooms and squares fully developed.

The Record omitted to mention that Miss Ora Long of Merkel is the new shortland teacher in the Roberts Commercial college. During the week two new students have been added to the list, W. R. Witt and Miss Essie Green, both of this county.

Tom Hughes, who has been in Paul's Valley for nearly a year, in the tailoring business, returned home this week and will likely settle down in his home town for business. Tom is a first-class, deserving boy, one who needs not go away from home to do well.

Take this pointer from the Record: During the carnival, there will doubtless be many questions asked by visitors to the town. If you can not say a good word for your own home, say nothing beyond directing the inquirer to some real man with the spirit of cheerfulness, who can tell them what they wish to know. Whatever you do in the name of decent citizenship, don't begin to whine and knock. Did you ever reflect that an evil bird that defouls its own nest?

Mr. Streight of the McGregor Mirror Slain While Sitting on the Porch at his Home.

Waco, June 9.—Shrouded in mystery which deepens as time passes, it is scarcely probable that any definite statement can be obtained as to the killing of Editor T. E. Streight at McGregor late last night by his wife, until the latter has her preliminary hearing, which may take place tomorrow.

Sheriff G. W. Tilley went to McGregor in an auto early this morning, returning this afternoon with Mrs. Streight, aged about 35 years, who is in jail here.

She was in an excitable and hysterical condition this afternoon, declining to make any statement. Mrs. Streight was accompanied to Waco by her attorney, W. C. O'Bryan of McGregor. Her cousin, a lawyer, who resides at Llano, is expected here tomorrow.

McGregor was thrown into a fever of excitement as a result of the killing, due to the prominence of the parties connected with the tragedy. The dead newspaper man came to McGregor five or six years ago, establishing the Mirror. He was an editorial writer of note, and was widely known in this

section of the state. He was the father of two children, a son aged 13, and a daughter, 15 years old. The latter was visiting her father's parents in Oklahoma when the killing took place.

According to what the boy told Sheriff Tilley, the former retired about 8 o'clock last night, leaving his parents conversing on the front gallery. The one shot fired from a pistol, which penetrated Streight's forehead, did not arouse the boy, who was awakened later by a crowd of neighbors in the front yard.

A report was current at McGregor that Streight was killed while asleep, but this is denied by Mrs. Streight, who says he was awake at the time she fired the fatal shot.

From parties living at McGregor it is learned that strained relations had existed between Streight and his wife for a week, the cause of which could not be ascertained.

It has not yet been determined whether the remains will be buried at McGregor or shipped to Oklahoma.

Mrs. L. A. Costin and children are spending a vacation with relatives at Cahoma.

MILLINERY SLAUGHTER.

UNTIL our stock of summer Millinery is reduced we will offer the entire stock at prices that will be sensational in the history of the business in Colorado. We are determined to carry nothing over from the present season and in order to accomplish this must cut the prices to figures so attractive that they will compel their moving. Our stock is new, up-to-date and meets fully the very highest demands of the edicts of Dame Fashion.

This announcement is not a bait to get you into our store, and then ask you the same old price for the goods. It is a bona fide slaughter of first class merchandise. Neither is it the leavings of the season's picking over. Every article is as fresh and classy as when it came from the hands of the manufacturer.

Remember the Date of Sale

We could not afford to make statements up to which we did not intend to live. Our business is an established institution in Colorado, and the confidence of the public is our most valued asset. We have always kept Spartan faith with our customers in all our advertisements, and perform just what we promise.

Begins Sat. June 18

AND Lasts till Sat. July 2

We will offer this unbroken stock of Millinery to the people of Mitchell county at just about cost, carriage and the necessary expenses to do business. Having gotten our cost out of the stock, we are willing to give the buying public the advantage of securing the remainder at a cost far below what they otherwise would have to pay.

As to our Prices

Our space is far too limited and the list too numerous to try to enumerate the articles individually, but you may rest assured that the stock is both full and new. If prices will move the goods, we know they must go.

Goods at these prices during this sale only
June 18th to July 2nd.

If you have any doubt as to the fruit crop in Mitchell county, go out and see what is doing in the orchards. Though it could be better, there is much of it, and the crop will save many hundreds of dollars in the cost of living during the prevalence of altitudinous prices. A. L. Whipkey has some as fine fruit on his home place in Colorado, as can be found or raised anywhere (without a drop of irrigation). His plums are particularly magnificent. As to their delicious flavor, we can bear cheerful testimony to that.

If you have a son or daughter, don't send them off to some commercial school. Right here in Colorado is as good business college as can be found in the state. Its guarantee is not so strong as getting the student a job, as in qualifying him to hold it—to make good.

WULFJEN-HENSON WEDDING.

On Wednesday night in the Methodist church at Quanah, Miss Myrtle Henson, second daughter of Rev. and Mrs. Jno. R. Henson, and Mr. Sam. O. Wulfjen of Colorado, Texas, were married. Rev. Stewart, presiding elder of the Vernon district saying the ceremony.

Just at nine o'clock the family and close friends came in and took the seats reserved for them. Then Mrs. Frank Stille of Quanah and Mrs. Harwood Boville of Clarendon, were ushered to the choir stand, when Mrs. Boville sang, "To the End of the World With You."

Mrs. Stille began playing Mendelssohn's Wedding March and the bridal party entered at three different doors. Messrs. Ernest Henson and Sim. M. Shelton, leading the way. Then came the bridesmaids, Misses Ruth Gage of Clarendon, and Ina Wulfjen of Colorado and Mrs. Simmons of Quanah. Then Miss Kathryn Hickman, of Baird, Maid of Honor. Two very pretty little girls preceded the bride and matron of honor, the bride's sister, Mrs. M. S. Sheldon, and scattered rose petals along the way. The groom, with his best man, U. D. Wulfjen of Colorado, entered by the back door. The party met in the flower bedecked pulpit stand, the bride and groom standing under a large flower bell. Rev. Stewart then said the words which made them one.

The bride wore a dress of white satin trimmed in pearls and lace. She carried a "shower" bouquet of roses and lilies of the valley, the groom wearing the conventional black.

The young people were the recipients of man, beautiful and useful gifts from many friends.

A reception was tendered the bride and groom at the home of the bride's parents.

After the reception Mr. and Mrs. Wulfjen left for their home in Colorado City, where Mr. Wulfjen is in business.

There are many friends in Clarendon who join the News in wishing these young people much happiness in life.

The above was taken from the Clarendon paper, where Rev. Henson was formerly pastor. Mr. and Mrs. Wulfjen, pending the completion of their home are living with Mr. J. D. Wulfjen.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by all druggists.

Will Singleton is on the sick list this week.

ORDER FOR BOND ELECTION.

The State of Texas,
County of Mitchell.

On this, the 30th day of May, 1910, this court being in special session, came on to be considered the petition of W. W. Watson and 128 others, praying that bonds be issued within the hereinafter defined district in Mitchell County, Texas, in the sum of thirty thousand dollars, bearing five per cent rate of interest, per annum, maturing forty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof. Ry. Co. survey, to the N. W. corner of said survey No. 15, block 27, aforesaid.

Thence S. 13 degrees E. along the W. boundary lines of surveys 15, 22, 27, 34, 39, 46, 51, 58 and 63 of said block 27 of the T. & P. Ry. Co. survey, to the S. W. corner of said survey No. 43, block 27, aforesaid.

Thence N. 13 degrees W. along the eastern boundary lines of surveys 61, 60, 49, 48, 37, 36, 25, 24, and 13, in block 26 aforesaid, to the place of beginning being an area 9 miles square of said Mitchell County, with Colorado as practically the center, which said defined district shall hereafter be known as "Road District No. One, of Mitchell County, Texas."

And it appearing to the Court that said petition is signed by more than fifty of the resident property tax-paying voters of said Road District No. One, and that the amount of the bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of such Road District No. One.

It is therefore considered and ordered by the Court, that an election be held in said Road District No. One of Mitchell County, Texas, on the 9th day of July, 1910, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. One of Mitchell County, Texas, shall be issued in the amount of thirty thousand dollars, bearing five per cent rate of interest per annum, and maturing forty years from date thereof; and whether or not a tax shall be levied upon the property of said Road District No. One, of Mitchell County, Texas, subject to taxation, for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity.

VAN TUYL RANCH.

A good rain would be highly appreciated by all in this community. Crops are looking well considering the weather.

Most everyone is talking about the big carnival at Colorado, and some are hauling wood to town to get some money in order to attend.

Most all the farmers are up with their work, and are taking a rest, while waiting for a rain.

Mrs. Eva Powell and children visited at Joe Powell's Wednesday.

Mark Hale returned home from a few days visit to Andrea, Texas, where he visited relatives.

Mrs. Emma Powell visited Mrs. Hattie Langford Friday and Saturday. Mrs. Langford formerly lived in this community but has recently moved to Colorado.

A singing was conducted at Mr. Joe Gill's Saturday night.

Rev. Dawson of Loraine will preach at the Lander's school house the first Sunday in July.

Rev. Lynder did not fill his appointment on the second Sunday, on account of being very ill at that time. We enjoy such sermons as Bro. Lynder preaches, and we extend to him an invitation to come some other time in the near future.

A singing was conducted at our school house Sunday evening by Prof. Wilson of Colorado and we cannot express the appreciation of his fine singing and we only wish we could hear him sing oftener. Mr. Wilson was here in the interest of a union singing school to be composed of Silver, Barnett and Landers communities. We hope he will succeed in securing this school as it is greatly needed.

LETTER FROM THE PHILIPPINES.

Roscoe Self, whom the people of Colorado will recall as an employe of A. L. Scott and J. S. Vaughan, is now with the army at Cebu, P. I. He boarded with Mr. Jim Altizer, to whom he writes the following:

Warwick Barracks, Cebu, P. I.
May 12, 1910.

Dear Friend:—I wrote you a card a day or two ago, and I don't have any idea that it has ever left the postoffice yet, but will write a letter anyway, for I couldn't tell you much on a card.

This is a great place. Everything looks funny here, the money, the people, the clothes they wear and everything else. And speaking of clothes, you ought to see the way the poor class of natives dress. The men wear pants (some of them) and the "Ladies" wear a short skirt and a smile. And the smile is almost as long as the skirt. But the well-to-do natives wear the very finest of Japanese silks, but there isn't but very few of them that are well to do.

Most everything is cheap in this town. Bananas are 5 cents a dozen, and you can get all the pineapples and coconuts you want if you are not too lazy to climb a tree. But it is awful hot—and the mosquitos!!!—Honest, they are as big as bats, and can bite through your shirt just like you didn't have any shirt on.

The "booze" is cheap here, vino is 2 centavos (1½ cents) a drink and three drinks will make a fellow drunk, and four drinks will run him crazy. Tube is still cheaper than vino. You can get a cocconut shell full of tube for one centavo (one half cent) and it don't take very many drinks of that to make you drunk. A friend of mine and I went up town a few nights ago to celebrate. We stayed up town till we could hardly walk home, and treated the boys a time or two and next morning we counted our money and found that we had spent the enormous sum of 17 centavos (8½ cents). How is that for an expensive "jag" for two men?

The houses are most of them built of bamboo and nipa, and are two stories high. They keep the pigs, chickens and dogs staked out on the first floor and the good citizens live

The little write up in last week's paper brought out such a good attendance that I feel it worth while to write these few lines. Sovereigns, Goodwin and G. I. Jeffreys were reported on the improve. Herleigh Camp requested that we unveil the monument of the late Gov. G. P. Davenport for them and the last Sunday in this month was set aside to do it, but, having learned that Mrs. Davenport had been called east on account of sickness, the managers postponed the unveiling indefinitely. The Clerk was ordered to send aid to Morgan Camp to assist one of their members who has been stricken with a cancer. Sov. L. L. Chaplin resigned as Sentry to take active part in the team, and Sov. J. C. Mason was elected in his place. The following officers were then installed: A. J. Cos, Manager; J. S. Vaughan, Adv. Lieut.; J. C. Mason, Sentry. Our regular meeting nights are the first and third Thursdays in each month. On Thursday night, July 7th, business of importance comes up and you are urged to be present. Remember the night—July 7th. THE CONQUERING HERO COMES.

New York, June 18—Former President Theodore Roosevelt, Mrs. Roosevelt and the children, returning to the United States from Liverpool, where welcomed here this morning by upwards of two million people who on crowded thoroughfares and waterways cheered madly for the nation's "best beloved," as he is called by a New York newspaper this morning.

The Hamberg-American steamship, on which the Colonel made his return voyage, arrived off the port of New York on schedule time, after a voyage of five uneventful but beautiful days and nights. This morning Col. Roosevelt was transferred to a revenue cutter, where he breakfasted with his family. Later he was transferred to another cutter when he met the reception committee three hundred strong, headed by Cornelius Vanderbilt.

Roosevelt set foot on American soil at 10:55. He stepped from the Androscoggin at the Battery and walked to the speaker's stand, accompanied by Mayor Gaynor, who was smiling broadly at some witticism of the Colonel. It is estimated that a hundred thousand people massed in Battery Park when Roosevelt arrived.

Col. Roosevelt faced the crowd very seriously, but his eyes sparkled brightly behind his glasses. He was dressed in a long Prince Albert coat and black trousers and was browned from exposure. In a few appropriate words the former president expressed the gratification he felt at the reception accorded him, then said he desired a rest from politics, and would spend the greater portion of his time writing. He was cheered to the echo. When he finished his address and turned toward his carriage the shouting lasted nine minutes.

Then the long parade started up Broadway at twelve minutes after eleven o'clock. Roosevelt, Mayor Gaynor, Cornelius Vanderbilt and Collector Loeb rode in the first carriage. A picturesque feature in connection with the parade was the presence of three hundred Rough Riders, attired in khaki, and astride horses from Troop C. from the Brooklyn yards.

The water parade was a brilliant affair. With an official escort of police boats, decked in flags, the parade turned at Fifty Ninth street, on North river, at ten-forty and keeping the same formation started on the return trip to the Battery. The Androscoggin was saluted the entire distance by blasts from steam whistles on vessels and factories. The din was terrific. Colonel Roosevelt stood on the main deck, with his hat off.

Thirty minutes after the address in Battery Park the land parade turned up Broadway. The streets were lined with cheering thousands and Roosevelt was kept busy acknowledging the huzzahs of the admiring populace. The march extended for five miles along the main thoroughfare of the city. Everywhere Roosevelt met the same whirlwind demonstrative greetings. The Colonel stood erect in his carriage most of the time, his silk hat in his hand, waving responsive greetings to the crowd. His broad teeth flashed in a pleasant smile. By noon the welcome was practically concluded and Roosevelt joined his relatives preparatory for lunch before returning to Oyster Bay later in the day. Throughout the march the returning hero was closely guarded by detectives under the chief in person.

When the parade broke up Roosevelt was driven to the home of Mrs. Douglass Robinson, his sister, where he took luncheon. At three thirty the party left by motor to Long Island ferry where a special train was waiting to take them to Oyster Bay. At that place the home coming will be celebrated by the former President's neighbors. A hullabaloo time has been arranged and the former chief executive has been set down on the program for an address.

No untoward incident occurred to mar the happiness of the day. The authorities say the crowd was the best handled in years and the most orderly. Hundreds of visitors who came especially for the occasion, and who were making their first trip to New York, are leaving this afternoon for Washington to watch congress at work.

BUNKO WEST TEXAS

More than \$100,000 Said to Have Been Obtained.

San Angelo, June 9.—It became known here this afternoon that for several months past an organized band of swindlers has been operating in San Angelo and West Texas, bunking unsuspecting people and others through various schemes, the principal one of which has been the selling of bonds and vendors lien notes. By this means it is estimated the band has obtained \$100,000 in this part of the state, yet so subtle has been their work; so open and bold their dealings that none has been inveigled in the coils of the law. In many cases the victim has been worked so smoothly that he is inclined to conceal the trickery rather than let it be known that he was duped.

The local officers are on the alert for the swindlers and the banks have sent out warning to the public to be careful in the purchase or acceptance of vendor's lien notes. It is believed arrests will be made in the next few days.—Fort Worth Record.

Almost every town in west Texas has its victims of the vendor's lien note frauds, men who have given up hard earned money or good property for what was represented to them to be gilt edged securities in the shape of vendor's lien notes but which afterward turned out to be worthless.

It is strange how these frauds can be worked on intelligent people, but they are just the same. No person should trade for a vendor's lien note without looking carefully into the title of the property and seeing the land for himself, unless he knows exactly who he is trading with. We are of the opinion that \$100,000 is but a small part of the amount that has been lost on bogus paper in west Texas.

Our Citizens.

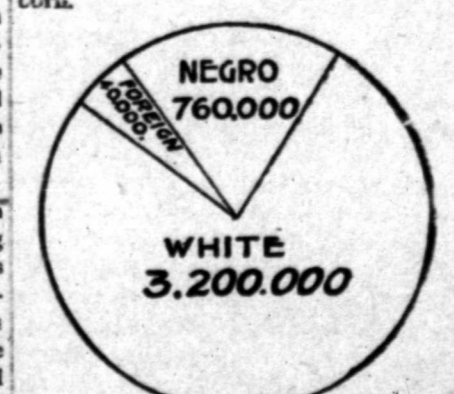

The density of population and the activity of the citizenship has largely to do with the prosperity of a community. We must look to the stork and the immigration agent to increase our population. Texas has the largest families of any State in the Union. The size of the average Texas family is 5.25, and the size of the average family in the United States is 4.75. We have in Texas 122,000 births annually, which is a birth every four minutes.

Texas Stork.

We have 43,734 deaths, which is one death every twelve minutes. We have a net gain in population of nine per cent, or 78,266 per annum. Our birth rate is 33 per 1,000 population per annum, and the death rate 11 per 1,000 population per annum, making a net natural gain of 22 per 1,000 population per year. We find that 30 per cent of the people born in Texas go to other States, which leaves us a net gain in population of 16 per 1,000 population per annum, or a total of 56,900 per year. It would take the stork sixty-five years to double the population of a community, says the Texas Commercial Secretaries' Association. The stork is a splendid bird, but too slow for the Commercial Club work.

Ninety-eight per cent of the population of Texas speaks English. We have 107,110 more males than females. Seventy-one per cent of our population is native born white; 19 per cent is negro, and 10 per cent foreign born.

Race Comparison.

There are 325,000 unmarried women in Texas of marriageable age, and any one desiring a wife should not investigate our opportunities and advantages along matrimonial lines. We have 869,864 children of marriageable age. In 1900 Texas ranked fifth in population in States of the Union. We had twelve counties that show a population of less than 100 people in 1900. The annual increase in white population is relatively 2 per cent greater than the colored population.

The stork can travel faster over good roads, and the improvement of our public highways will encourage an increase in population.

LORAINE LETTER

Misses Annie Gregg and Maggie Joyner came in Friday night from Snyder where they are attending the Normal. They report 112 in attendance and a very interesting session. They returned to Snyder Sunday morning. Miss Joyner came home to see her brother Walter, who has been dangerously ill, but is, we are glad to state, gradually improving.

Dr. Wimberly and wife of Sweetwater were guests of their parents, Mr. and Mrs. W. B. Wimberly, Sunday.

Mrs. J. L. Stowe of Waco is visiting the family of J. E. Stowe.

Tom Bennett and Wiley Thompson two of the Loraine Mercantile Co.'s efficient clerks, are taking a well deserved recreation on the Thompson ranch, south of Loraine.

Miss Sallie Boone and Misses Addis and Blanche McMurry of Roscoe are guests of Mrs. Abbie Pratt this week. These young ladies were pupils of the Daniel Baker College at Brownwood the past session.

Rev. Shell, a young Presbyterian preacher, was here last week visiting his people. He will preach for them here during his vacation, and in September will resume his theological course.

Mrs. J. R. Hall and little daughter, Marguerite, left Tuesday morning for a visit to relatives and friends at Terrell.

About twenty young people were invited to the pretty home of Mrs. H. R. Looby Wednesday evening to a most pleasant social affair in honor of Miss Ruby Seymour, who was a guest of Mrs. Looby the past week. The young people took advantage of the moonlight and indulged in merry games out in the yard, enjoying themselves exceedingly. Dainty refreshments were served by their kind hostess, and all declared that they had had a most enjoyable time.

Mrs. Marie Reed of Grand Saline is visiting her relatives, the Blakeley Brothers.

Mrs. J. R. Collier of Colorado visited her father, J. G. Holmes, Sunday.

S. J. Lockhart of Godley, Johnson county, is the guest of J. C. Holly. Mr. Lockhart is prospecting and will probably take a trip further west.

The Masonic Lodge which has been recently organized with a membership of twenty-five, have no suitable place of meeting, hence the necessity arises for the erection of a hall, and they have appointed a committee to take the matter under advisement.

Dr. Avant and wife attended the Big Springs-El Paso District Medical Society at Midland, Tuesday.

W. L. Edmondson made a business trip to Cisco Tuesday.

J. S. Crumpton of Lamesa made a very dignified address at the Methodist church Saturday night in the interest of prohibition. One of the points the speaker made on statutory legislation was that, if the legislature has power to create (which it has) it also has the power to destroy. The address was well received.

Mrs. J. R. Wallis returned home last week after an absence of about two weeks. She reports a most delightful visit at Fort Worth, Bonham and other places. She met with many relatives and friends, some of whom she had not met for more than thirty years. The happiness it was to those old friends to once more meet and talk over the sweet reminiscences of the past, language is inadequate to express. Mrs. Wallis was accompanied home by her niece, Mrs. Keeton and her little daughter, of Bonham.

Mrs. D. C. Hazlewood who has been quite sick for the past week, is improving and we hope for her speedy recovery.

Homer McRae has been sick with fever for several days.

Charley Duncan returned home last night to spend a while with home-folks.

Mrs. W. T. Pridgen and mother spent Monday with Mrs. Wallace in Colorado.

Dr. Chambers and wife are visiting in Tyler, and will be away two or three weeks.

Miss Reaville, as stated last week, came in from Colorado Monday and is now quite busy training those who are to take part in the play, "The Microbe of Love," which will be put on at the Loraine Opera House Friday night, June 24th for the benefit of the Womans Foreign Missionary Society. This will be one of the best plays ever given in Loraine, and we hope to have a full house. Come and enjoy the play, and help a worthy cause. Admission, adults 35c children 15c.

Mr. B. R. Stephens is on the sick list this week. Dr. Hays was called to see him Tuesday.

Alonzo Phillips went to Roscoe on business Monday and Tuesday; Mrs. Baker assisted in the postoffice during his absence.

Health is a valuable asset for rich or poor. Mrs. J. Morgan of Neosha Falls, Kan., says she would not take \$500 to go back to where she was before taking Dr. Caldwell's Syrup Pepsin. She suffered from chronic indigestion for fifteen years and last winter she thought she would surely die, but she took this great herb laxative compound and was cured. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

Your ad in the Record will get results.

Our postmaster and wife report a delightful visit to the country. Leaving here about 7:30 Saturday afternoon they reached their destination about 9:30, which was the hospitable home of A. J. Compton, nine miles north of Loraine. After enjoying conversation, music—piano, violin and banjo—and partaking of ice cream and cake, they retired about 12:30. Sunday morning they were ushered into the dining room and enjoyed a delicious breakfast, and at dinner the table fairly groaned under its weight of good things. They returned home late Sunday evening, after having had the best time they have ever enjoyed since they were young, so Mrs. Baker expresses it, and she says "if you want to have a real good time, and plenty to eat, just visit Mr. Compton."

Mr. and Mrs. G. W. Garrett have been visiting their son, B. M. Garrett in the country the past week. Luther Garrett and wife occupied their residence while they were gone.

The following officers were duly installed at the meeting on May 31st:

Mrs. Mamie Mann, Worthy Matron; J. A. Buchanan, Worthy Patron; Miss Ina Wulffen, Asst. A public installation was held, and an elegant banquet was served. Mrs. Belle Vaughan installed the officers. Everything was splendidly conducted, and it was an enjoyable occasion for those who attended.

HERBERT HINTS.

This vicinity is very dry and we would appreciate a good rain.

The picnic given by T. H. Halbert and his school was simply fine. The lemonade and dinner were free to all, after speaking by J. J. Patterson, and our present county attorney, W. P. Leslie. There was one of the finest dinners this writer has sat down to in many a day. They could have fed three times the crowd. There was something like three or four hundred people present. After dinner the rest

of the candidates, who were present, spoke—Earl Jackson, Jack Smith, Ruell Bradford, W. H. Gardner, R. Womack, R. B. Hood, A. J. Coe, and Mr. Carnes—all spoke to the people. J. S. Barber acted as chairman of the speaking.

There will be preaching next Saturday and Sunday at the Baptist church by the pastor, Bro. A. D. Leach. Mr. and Mrs. Northcut and family visited relatives in Colorado Sunday. Mr. and Mrs. J. S. Barber and family visited Mr. and Mrs. P. P. Browne Saturday and Sunday.

SWEET SIXTEEN.

Emancipation Day Celebration.

The 18th of June is the Fourth of July of our colored friends, and they always, as becomes patriotic citizens, observe the date of their emancipation. True to this rule and spirit, the colored population of Mitchell county celebrated the occasion last Monday instead of Sunday the 18th. They repaired to the pasture of W. D. Wallace about twelve miles southeast of Colorado, and spent the day in the observance of the patriotic aspects of citizenship. There was a good crowd present, enough and to spare for the inner man, besides speeches in harmony with the spirit of the occasion by prominent speakers. A general time of festivity prevailed unmarred by anything that could detract from the auspiciousness of the occasion. Such occasions can but tend to give this contingent of our citizenship higher ideals of the American citizenship and increase their respect for both sides of that great company of patriots who for four years contended on ensanguined field to settle the question, not clearly set forth in our great magna charter—their freedom. The civilized world now realizes, that the only way any nation can keep liberty and freedom, is to give it.

Tell everybody you see about the big blowout at Colorado June 30, July 1 and 2nd. Come yourself and bring your mother-in-law and the pup. A good time is in store for all sorts and conditions of folks. Erratic indeed, must be the taste that will not be pleased with the doings that will be here during those three days.

Mr. Nic Anthony, father-in-law of our fellow townsman, Van H. King, is visiting the family of the latter.

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or to eat he isn't paying enough attention to food values when it comes to his own table.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Scotch Oats."

Quaker Scotch Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Scotch Oats means getting more work out of them than if you feed them on anything else.

PERSONAL MENTION

It's so, if you saw it in the Record

Mrs. Roy Lockland, niece of Mrs. R. W. Hester died at her home in Terrell June 15th. Two years ago she and her husband spent some time in Colorado and other western towns for the benefit of his health.

Don't be Annoyed

With skin troubles, chaps, pimples, black heads, eczema or sores. When one 25c box of Dr. Bell's Antiseptic Salve will cure you. Try it once. L. W. Jones returned Saturday from a trip to Wyoming, and reports everything booming in that section.

That Prince of Good Fellows and popular commercial traveller, Chas. C. Blandford, returned home this week from a trip to the plains.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J.
