FIFTH YEAR NO. 45.

COLORADO, MITCHELL COUNTY, TEXAS, FRIDAY, SEPTEMBER 23, 1910.

WHIPKEY PRINTING COMPANY.

**WIRE FENCES THAT  
LAST. THEY ARE  
THE GOODS**

Our wire fencing is bull strong, horse high and pig tight. Come in and price our fencing wire, and we'll do business with you. You'll find our wire and our prices right. Whatever be your needs in hardware, you'll find our store the place to supply those needs.

## Doss & Johnson

### MANY GOING TO THE CIRCUS.

Colorado Will Be Well Represented in Abilene on Sat. October 1.

The Barnum and Bailey Greatest Show on Earth is the powerful magnet that will draw thousands of people from Colorado and vicinity on Saturday, October 1, to Abilene. The railroads will make a special low rate and excursions will be run.

A glance at the list of features offered by this circus discloses many wonders. Jupiter, "the Balloon Horse," takes a trip to the dome of the tent and comes back to earth amid a shower of fireworks. Desperado, a rash Frenchman, dives from the top of the arena to the ground, lighting on his bare chest. Charlie the First, a chimpanzee, presents a greater bicycle and acrobatic act than any man ever achieved. A company of fifty clowns creates incessant laughter. A member of the Sigrist-Silbon family of aerialists, blindfolds his eyes and leaps across the entire width of the arena, turns a double somersault on the way and catches the wrist of a comrade who hangs head down from a flying swing. The Abrea family of Mexican gymnasts introduce a great novelty act. Berzac's horses present an amusing play, the scene of which is laid in a country inn. One horse plays landlord and another is the town constable. The other horses make very amusing boarders. Paula Peter's monkey and dog circus holds the attention of the audience for half an hour. A mastiff villian sets fire to the hero's cottage. The dog fire department responds. The captain climbs a ladder and rescues Miss Poodle and an ape detective puts the villian in a cell. Other notables are the Konyot family of riders, the La Falle family of world's strongest men, Winston's equestrian seals, the Dollar family of acrobats, and Victoria Codona, the greatest high-wire artist in the world.

In the menagerie are to be found 1,200 rare wild animals. Among them is Bumbo, the only giraffe ever born or exhibited in America. It is but three feet high and worth its weight in gold. There are forty elephants, 700 horses and 1,280 employees. The show travels on a train over a mile in length. The forenoon parade is the most gorgeous affair ever offered by a circus. It cost \$1,000,000.

W. L. Doss has the finest selection of box candles ever brought to Colorado—its King's. From 5 cents to \$1.

### THE JURY RETURNS UNANIMOUS VERDICT.

(By a Staff Correspondent.)

A jury consisting of some of the most distinguished chemists of America has returned an unanimous verdict of "not guilty" in the case of Knocker et al., vs. Coca-Cola. It will be remembered that some time ago a report was circulated to the effect that Coca-Cola contained injurious materials and was, therefore, harmful to its effects upon the human body.

The rumor was originated by an unscrupulous competitor of Coca-Cola, the popular temperance drink, spread rapidly and found some credence among those who did not know the origin of the report.

The jury finds that not only does Coca-Cola contain nothing harmful, but that it is much superior to tea and coffee in that it is free from tannic acid and, therefore, promotes digestion instead of retarding it. Each of the distinguished chemists reported that he had made a careful chemical analysis of Coca-Cola and found it to contain no "dope" of any kind. If you would like to see copies of these letters, write to the Coca-Cola Co., Atlanta, Ga., for a free copy of a booklet entitled "The Truth About Coca-Cola." The jury was as follows:

1. Jno. M. McCandless, State Chemist of Georgia.
2. B. B. Ross, State Chemist of Alabama.
3. Dr. A. L. Metz of Tulane University.
4. Prof. W. B. Burney of South Carolina College.
5. Prof. C. H. Palm of the University of Texas.
6. Dr. Wm. H. Tayloe, State Chemist of Virginia.
7. Dr. Louis Schaefer, Pres. Schaefer Alkaloid Works, Maywood, N. J.
8. Prof. Emerson R. Miller of Ala. Polytechnic Institute.
9. Dr. J. C. Mims, Chemist of the Board of Health, New Orleans.

One decidedly gratifying feature of this protracted and slightly inconvenient dry spell, is the crimp it has put in the narrative of the "mail order" business with the foreign parasites. The home merchant has never been so clever a personage as during times like these.

For use on Face and Hands  
Dr. Bell's Antiseptic Salve is the best. It is a creamy snow white ointment and one 25c box will last three months.

### SCHOOL RALLY AT THE TABERNACLE

The Exercises Marked by an Enthusiasm That is a Prophecy of a Most Successful Session of the City Schools.

"Ma, tain't no use for me to go—She don't teach nothin' that I know. An' never mentions A B C's, Sings 'bout fishes in the brooks, An' says we needn't bring no books—An' when I told her my name was Ted Whatyer think she went an' said, 'Your real name is Theodore An' we wont call you Ted no more.' So when she marched us out to play I cut it loose for home—to stay. Fer tain't no use fer me to go—She don't teach nothin' that I know."

Pursuant to the call in last week's issue of the Record, a splendid audience, composed of pupils, their parents and friends of education, assembled in the union tabernacle on last Monday night, the former eager to take the burden of cumulative knowledge.

There was not a set program. Rev. W. E. Lyon presided with his usual good spirits and happy remarks. After the reading from the scripture by Rev. W. E. Williams of Abilene, Rev. Lyon stated the object of the assembly, and turned the crowd over to the tender mercies of the featured speakers for the occasion. A short address by A. H. Weston, expressed to those charged with the school interests of the town, the heartiest sympathy and most active co-operation of the business men and every institution and organization making for the uplift of the moral, mental and material interests of the community; assuring them—pupils, teachers and trustees that the whole moral support of the town and independent school district was behind them, and wished them "God Speed."

Dr. N. J. Phenix, president of the School Board, then addressed the audience, and went into the financial status of the school district. He referred to the stringent condition of the funds, owing to the loss by fire of the high school building in the midst of last session and the handicapped condition as to room' it entailed.

He also referred to the obstacles encountered in voting bonds with which to rebuild, but rejoiced that the way was now clear of all legal entanglements, for the carrying through of the project. He reminded all the heads of the families that the election for the issuance of the necessary bonds would occur on the 26th. inst. and exhorted them to uphold the hands of the school board in their efforts to give the children of Colorado the best educational advantages possible with our present means.

He then introduced the faculty, from Superintendent W. W. Hart, to the teachers of the primary grades, reciting their equipment and experience. There are several new faces and names in the roster of teachers for this session, but their prior experiences and successes, auger well for their like accomplishments here.

After Dr. Phenix, the "piece de resistance" of the evening's exercises was presented in the heart-to-heart talk of Superintendent Hart with the pupils and to their parents. He outlined the policy of his regime—kind, but firm, was the dominant note in his address. He dealt in no generalities but confined himself to the personal relations between pupils and teachers. All in all, the impression he made on the pupils and parents was a satisfactory one. He carried the idea to the pupils that they should at all times and in all things, be impartially dealt with; he impressed the parents that his ear was ever open to their honest inquiries and criticisms in all things, that he would take such interest in the children by parents, as a kindness to him and in the interest of justice to all parties. Under such auspices, opens the public schools of Colorado.

### Marketing Cotton

Corpus Christi, Texas.—That the plan of the Texas Industrial Congress to aid the farmers of Texas in solving the problem of cotton marketing, "will result in great material benefit not only to agricultural conditions in Texas, but also to every other line of industry in the State" and that the plan of the Congress in that regard should be adopted by all other cotton growing states, is the opinion expressed by Hon. Harvie Jordan, of Atlanta, Ga., President of the Southern Cotton Growers Association in a letter to Mr. R. J. Kleberg, president of the Industrial Congress.

Mr. Jordan will deliver an address on "The Mistakes of the Present System of Marketing Cotton" at the convention of the Industrial Congress which convenes at Houston beginning November 15th., and he will no doubt bring a message that will be of interest and value to every citizen of Texas.

In the course of his letter to Mr. Kleberg, Mr. Jordan says: "It is particularly gratifying to me to note that the bankers and business interests of your great state are making ready to take an active part in the future handling and marketing of the cotton crop. I thoroughly join you in your views on the subject and am satisfied that the plans you are now laying will result in great material benefit, not only to the agricultural conditions of Texas, but also to every other line of industry in your state. The lead, which Texas is preparing to take upon this important matter, through the medium of your Industrial Congress should be undertaken by all other cotton states in order that there will be in the years to come a hearty co-operation of purpose all along the line.

Cotton is our chief money crop and most valuable financial asset to all of our people and the bad manner in which the crop is handled on the markets each season and the great amount of unnecessary expense and waste attached thereto is a sad reflection upon the intelligence and manhood of the entire Southern people."

Indications are favorable that the November Convention of the Congress will be one of the largest assemblages in the History of the State. The recently announced purpose of the organization to devote its chief attention to questions and problems affecting the farmer, has met with hearty favor throughout the State and the convention is expected to assume the aspect of a common council of Texans representing all lines of activity, for the purpose of devising means and ways of improving the condition of agriculture, the State's Vocation.

Those who witnessed the demonstration went to the Caruth farm upon investigation of and as guests of Theodore H. Price, the head of the Price-Campbell corporation. Four special cars were run over the Dallas-Sherman Interurban line, to a point nearest the cotton field. Most of the crowd went on the railway. Others made the trip in automobiles. Many farmers from the country from the Caruth farm were present. The party was composed of both men and women and was personally directed by Mr. Price.

### CONSUMPTIVE VICTIMS TO BE VAGGED

Indigents Will Be Arrested and Made To Leave El Paso During the Winter.

Transient consumptives and indigent sick are to be vagged this winter. In an effort to prevent the other cities of the southwest from dumping their undesirables upon El Paso to care for and feed during the winter months, this plan will be used. A consultation was held Tuesday morning by Judge A. S. J. Eylar, county Judge, under whose charge the county hospital and county clinic is conducted and Dr. Hugh S. White, county physician.

It was decided by them that all indigent sick who applied at the county hospital or county clinic for medical aid should be arrested on the charge of vagrancy.

Where the physical conditions of the transients will permit they are to be ordered out of town as is customary with the ordinary vag cases which fill so much of the police court blotter during the winter months.

In cases which will not permit of this method of handling because of the conditions of the persons, free tickets will be provided for their return to their homes or to the city whence they came. This will be provided by the county as a measure of relief from the influx of these destitute undesirables.

### Must Have Protection Says Eylar.

"On the face of it the proposed plan looks drastic" Judge Eylar said Tuesday morning, "but we must protect ourselves against the other cities of the section and the only practical method is to dispose of the cases through the police court."—El Paso Herald.

Washington, September 17.—The census bureau today announced the population of New Orleans as 339,075, an increase of 51,971 over the census of 1900.

### COTTON PICKER HAS WORK APPROVED

In Field Near Dallas Machine's Various Uses are Shown to Full Satisfaction of Witnesses

The first practical demonstration of the Price-Campbell cotton picking machine to be held in north Texas was given yesterday afternoon on the Caruth farm northeast of Dallas on the Sherman-Dallas Interurban line, where a portion of W. C. Burden's crop was harvested by means of the mechanical picker.

The demonstration was witnessed by about 500 citizens of Dallas and the immediate vicinity. The opinion of those qualified to know was that the Price-Campbell picker is a great success and that one of the great labor problems that confronts the cotton growing belt today has been solved.

Many of those who composed the party went to the cotton field in a mood most skeptical and expressions frequently heard, indicated that the minds of most of the crowd were filled with doubts as to the practicability of any mechanical contrivance to successfully supplant the negro cotton picker. Enthusiasm, interest and belief in the invention began to grow by leaps and bounds, however, when the motors whirred and the machine started down a cotton row.

The cotton fibre, snatched from the stalks by a battery of rotating metal fingers, was carried upward and deposited in sacks at the rear of the machine and as the waves of the fleecy white staple flowed into the retaining receptacles, those who watched were changed from skeptics to admirers. Complimentary remarks took the place of criticisms that had preceded the exhibition. It was another illustration of the old time and trite expression "seeing is believing." Through the medium of sight, those present realized that a successful cotton picker was an actuality and not an untried scheme.

Those who witnessed the demonstration went to the Caruth farm upon investigation of and as guests of Theodore H. Price, the head of the Price-Campbell corporation. Four special cars were run over the Dallas-Sherman Interurban line, to a point nearest the cotton field. Most of the crowd went on the railway. Others made the trip in automobiles. Many farmers from the country from the Caruth farm were present. The party was composed of both men and women and was personally directed by Mr. Price.

To describe the cotton picker in its mechanical details would take an expert mechanic and such a description would probably mean little except to one familiar with machinery.

The average observer sees a gasoline motor machine of ten or twelve feet in length. It is equipped with alternating rows of interlocking metal fingers, through which the cotton stalks pass. The fiber is gathered into storage bags attached to the rear. The driver, or operator, occupies a seat over the forward wheels and operates the machine, much after the manner of driving an automobile. In action, the cotton picker travels down the row at a rate of between three and four miles an hour. In yesterday's demonstration the stalks were plucked clean of cotton, and upon examination after the machine had passed indicated that unopened bolls and the growing stalk were uninjured.

The picked cotton when removed from the machine showed about as clean, as when gathered in the ordinary manner by hand. A few leaves and slight traces of trash were to be seen, but neither was in greater quantity than is ordinarily found.

In the field where the exhibition was given were shown two bales of cotton, one of which was harvested with cotton picker and the other gathered by hand, and it was notable that although the cotton was picked from the same field, the grade of the bale picked by the machine was the better.

According to the owners, the Price-Campbell machine is not alone a cotton picker, but can be converted to many uses on the farm. Special equipment makes it either a plow, a disc harrow, a cotton chopper or a stalk cutter, to say nothing of the other uses to which the propelling power can be applied. Some of the advantages claimed by the machine are: It will pick an acre an hour and get all the open cotton on the plant; it does not injure the plant nor harm the unopened bolls or delicate blooms; it is operated by one man. Arrangements have been made to exhibit the cotton

picker at the coming State Fair, and a patch of cotton has been planted in the race course infield for this purpose.

### TO THE COTTON INTERESTS OF THE SOUTH

The coming year, in our opinion offers to cotton producers an opportunity, which is perhaps not fully appreciated. Hence the following:

Last season we realized the crop to be a very short one, and fifteen cents appeared to us a reasonable figure under the circumstances. That price, we may say, was maintained against the combined efforts of the entire world, and, indeed, the only reason the price did not rule higher was the fact that the crop then available followed the longest one on record—14,000,000 bales. Accordingly, there were then very large visible and invisible stocks in spinners hands, as well as a large supply of manufactured goods on spinners, jobbers and retailers' shelves.

It would have been impossible to maintain last season's price if that price had not been justified in every particular. All interests fought the advance strongly, so that this season finds spinners, jobbers and retailers with the smallest supply known since the war. In other words, the situation in this respect is exactly opposite from last year, at the same date, and there is absolutely no reserve stock to fall back on to supply any shortage that may develop.

The world would require a supply of 12,500,000 bales minimum, this season, to hold stocks for this time next year in a position no more strained than they occupy today. A crop of 12,500,000 bales would be given away if sold under sixteen cents. The world would have to take it all at even higher prices if it were held for same.

And what crop may we expect? Last year the states, exclusive of Texas and Oklahoma, produced about 7,500,000 bales and there is no reason to expect a larger yield from the same states this season, especially when the crop is three weeks late. In fact any increase must be extremely small, and on the contrary there is a strong probability that instead of an increase there will be a decrease. Texas and Oklahoma certainly do not indicate over 4,000,000 and these figures also are more likely to be reduced than raised. Therefore, the total yield indicated is certainly not more than from 11,500,000 to 12,000,000.

Now at the opening this year, the trade is hovering over the market like a vulture, hoping that the producer will rush to market his crop, as he has in seasons past, even if he can get only thirteen cents for it. In our judgment, those who follow such a policy will not only be robbing themselves, they will be throwing away the opportunity of a life time; and they will also be destroying the value of their neighbor's property.

It is a matter of little concern to us that our efforts to establish a fair price for cotton according to law of supply and demand were neither realized nor appreciated by those interested last season. That is now past history, but to allow this crop to rush to market without first warning the producers of the costly mistakes they may make and the advantages they stand to realize with wisdom would not be just to the cause we espouse.

Nor do we forget the ultimate consumer. He does not believe it is true that the effect of raw cotton affects him but little. Prices remained virtually unchanged to him last year, in the face of the advance recorded on the cotton exchanges, and there is every reason to believe that the actual consumption last year was larger than the year previous. What we must adjust ourselves to is a gradual increase in price to supply new industries and growing population, the world over. But this increase will make itself felt gradually in retail prices. Cotton could advance enormously before the appreciation would be felt by the ultimate consumer. Most of the cost of the finished product bought by the ultimate consumer is accounted for in the many and varied processes of the manufacture, trauashments and re-handlings.

What rules the producer, though, is not the cost of manufacture, but the law of demand and supply and to him, we say that, in our belief, a crop of 11,500,000 bales, would readily be consumed this season at twenty cents.

## LOCAL NOTES

Mrs. M. A. Churchill is visiting in Pecos and Big Springs.

Does has many remnants of fine wall paper at bargain prices. To see them is to buy them.

Mrs. S. A. Jones, accompanied by Mrs. Hal Nelson and little son, are visiting relatives in Brownwood.

For the adopted school books and school supplies, go to W. L. Doss.

A letter from Rev. B. Broome states that he will be here next week, and preach on Sunday, October 2nd. All members of the Baptist church are requested to bear in mind this announcement.

Electric light globes, all voltage and styles; six for the price of five.—Doss & Johnson.

Charles Reems Earnest left Wednesday night for Dallas, where he will work for a while.

Shinola brush and duster for 20 cts. Box of Shinola FREE.—Racket Store.

Mrs. Leatherwood of Fort Worth came in this week on a visit to her aunt, Mrs. Simmons.

Best for the Hands S. L. Chapman, Massac, Ky., says: I used Dr. Bell's Antiseptic Salve on my hands, which were sore, and find it the best I ever tried. It cured them completely.

Mr. and Mrs. Frank Miles of Lorraine, accompanied by Miss Marguerite Spappenfeld of Crandall, Texas, were in Colorado on Tuesday last and paid the Record office a social call and watched the wheels go round.

LOST—In the north part of town, a pair of glasses in the case. The case had the name of W. T. Cox, Sweetwater, Texas on it. Return to Q. D. Hall.

Best ever Used A. B. Heinein, Harrison, Idaho says: I have used Dr. Bell's Pine-Tar-Honey for coughs and colds and it is the best I have ever tried. Look for the Bell on the Bottle.

Rev. B. Broome of Devine, Texas, has been called to the pastorate of the church at Colorado. He resigns.

his work at Devine and will be on his new field by Oct. 1st. Bro. Broome in a letter to this office says: "We close the best year here in the history of the church. While I regret leaving here, yet I feel happy in the fact that the good Father has opened the way for me to cast my lot among the West Texas brethren." Bro. Broome already has a host of friends in this section to welcome him out here. He will have a great body of Baptists at Colorado to labor with.—Western Exchange.

FREE With 20 cents Shinola brush and duster we will give a box of Shinola FREE. Racket Store.

New City Cafe. Having purchased the short order department of the City Cafe and remodeled same, I am now prepared to serve the hungry public with the best the market affords. Short orders, hamburgers, chili, sandwiches and the best coffee kept constantly on hand. You can be served on Sunday as well as week days. Give me a trial. (Stet) O. C. DAVIS, Prop.

Miss Duckworth's Reading. A cultured and responsive audience assembled at the home of Mrs. J. E. Hooper on Monday afternoon to hear Miss Katharine Duckworth, a reader of unusually gifted power. Miss Duckworth has a temperament of almost childish simplicity and with her ready wit and keen understanding of human nature, makes her an able entertainer. Her early education was in Texas, with subsequent training in New York and Columbia Schools of Expression in Chicago. She has made a specialty of teaching courses and excels in this line. Her voice is of such flexible quality that she readily makes a change from poignant pathos to either deceptive flattery or the wholesome talk of the country man; and impersonates equally well the court attendants of Louis, the eleventh and the voluble Mrs. Wiggs.

Miss Duckworth was ably assisted with musical numbers by Miss Byrd Adams, Miss Mary Coe and Professor Dawes.

She wishes to extend her appreciative thanks to them and to the Daughters of the Confederacy for their cordial reception and support.

Shooting at Coahoma

About the middle of the afternoon of Saturday, September 17th, in the town of Coahoma, Howard county, there occurred one of those unfortunate shooting affrays which every now and then afflict a community. It appears that on one side was only Chandler Johnson and on the other were Bill Echols, Price Echols, Jim Hamilton and a man by the name of Fletcher. Just how the shooting began is

not clear, but the general impression seems to be that the Echols side came in town for some kind of trouble and assumed the aggressive toward Johnson in his hardware store.

There was a regular fusillade of shots from both sides and when the smoke of battle cleared, four of the participants, three on the Echols' side and Johnson, were more or less wounded. Johnson received a part of a bullet which struck his own gun and split, in the right eye; Jim Hamilton in the wrist; Price Echols had an arm broken and was wounded in the breast while Bill Echols received a bullet under the right shoulder blade.

On Monday morning, we are credibly informed that those of the Echols faction who had escaped unscathed Saturday, returned to Coahoma and manifested a disposition to renew hostilities, but the citizens most earnestly protested and have sought protection from further endangering the lives of the non-participating part of the community, by requesting the presence of the State rangers.

As district court is now convened at Big Springs, the grand jury is making an investigation of the affair.

The 59th. Rebekah Anniversary.

September 20th, being the 59th anniversary of the founding of the Rebekah auxiliary of the Independent Order of Odd Fellows, the lodges all over the country observed the occasion with ceremonies in harmony with the spirit and aims of the order. Nor was the local lodge, Evergreen No. 223, one whit behind in the enthusiastic spirit of the event. Invitations had been extended the members of the subordinate lodge, and their wives to be present and share in the flow of soul and feast of "things fit to eat."

There were words of welcome from the Noble Grand, Miss Jimmie Dillard; two splendid papers on the principles and benefits of the order by Mrs. W. L. Doss and Miss Willie Smith, both Past Noble Grands; brief addresses by Dr. T. J. Ratliff and A. H. Weston, and other remarks by members of both lodges on the "good of the order."

After these more ceremonial features, ice cream and cake were dispensed with lavish hand to the seated guests and members, which refreshments were enjoyed amid the hum of general conversation and laughter.

It was a pleasant occasion, and impressed those not members of the Rebekah order, that there was in the great moral principles inculcated within the lodge, an iron of kindness, fortitude and charity, that could not but make their impress on the outward lives of those who promulgated and practiced them.

ELECTION IN POTTER

No Legal Election Possible So Long as This is Still in Court Is Opinion of Attorney General.

Austin, Texas, September 14th.—Controller Stephens not only declined today to issue retail liquor license permits for Amarillo, but in effect held that the local option election held in Potter county, August 27th, 1910 and carried by the antis by 61 votes was void. He based his ruling upon an opinion of the Attorney General to the effect that no local option election could be ordered in Potter county until the result of the election held Dec. 3, 1907 had been finally threshed out in the courts.

It seems that the election of Dec. 3, 1907, which has been declared null and void by the District court and the court of Civil Appeals is still pending in the Court of Civil Appeals on motion for re-hearing.

Some time ago, prior to the holding of the election of August 27, 1910 the Attorney General's department advised County Judge Jeter of Potter county that no local option election for Potter county could be ordered until the question as to the validity and result of the election held Dec. 3, 1907 had been finally determined. However the election was held. In his ruling to H. H. Cooper, declining to issue the permits, the Controller declares that at the time the August 27 election was ordered, the result and validity of the election held Dec. 3, 1907, "was not and had not yet been finally determined."

While in the formal ruling the Controller makes no reference to a second opinion from the Attorney General, it has been learned that Assistant Attorney General R. M. Rowland has also advised the Controller that the election held in Potter county, August 27, 1910 was illegal.

Ants Won by 61 Majority.

This is another chapter in the history of the Potter county local option troubles. For several years there have been disagreements there as to the outcome of the local option election of Dec. 3, 1907. Rangers have been stationed there to fight "bootlegging" and there have been other troubles. Now the ants have

won by 61 votes, but the Controller has declined to issue liquor license permits.

SAN ANGELO FAIR

Horse Races, Automobile Races, Etc.—Big Purses Offered on All Events

The annual fair and carnival at San Angelo will be held October 3rd to the 8th, inclusive. Racing purses aggregating \$7000 are hung up. The stake races which closed to entry on September the 1st, are well filled, there being sixteen entries of high class horses for one running race for a purse of \$500.00. Eight \$500 purses and seven \$250.00 purses scattered among the runners, pacers and trotters, besides a number of \$100 and \$150.00 purses, will be contested for by the ponies. At the track at this time, a number of the best horses in Texas and Oklahoma are in training, getting ready for the fastest and highest money races west of Fort Worth.

Autoists will compete for prizes, aggregating \$1075, there being five events, commencing October 4th, or one each day. The cattle, horses, swine, sheep, goat and poultry departments each have attractive premium lists. Agricultural products will also stand to carry off a heavy list of premiums.

There will be a matrimonial department, a baby show, bronco busting and other features. As a fitting climax to each day's program, a large and well known carnival company will hold the boards on the down town business streets, in fact San Angelo will be turned over to the pleasure seekers.

A special feature will be the trial flights of two aeroplanes now being contacted in San Angelo, by two local amateur aviators, Noah Smith and Ben G. Campbell. A woman's building which is being erected by the ladies of San Angelo at a cost of \$3500 will contain the ladies work department as well as providing a rest room for the women and children. Cheap rates on the Santa Fe and Orient have been announced.

The referendum theory as applied to legislation could have been beautifully illustrated by the fourth called session of the legislature called to deal with the reforms of the penitentiary system and uniform bill of lading. There has been nothing to prevent continuous session should the governor have fallen in with the idea of the practicability of the referendum law. Any old thing might have been sprung and as the governor under such law would have had no particular say in the matter, he would have had to call the legislators in session to see what was to be done in the matter. The referendum is a pendulum that swings both ways.

A Scranton, Pa. artist says that the hobble skirt destroys the beauty of the human figure. It may be a matter for regret that Scranton does not set the fashions for the nation.

Senator Root has been so subdued with the spirit of peace at The Hague that he declares that he will not take any part in any political fights this fall.

# PUBLIC SALE

No Auction Selling at Retail  
Selling Starts Saturday Morning 9 a. m.

Like a thunder bolt from a char sky comes the announcement of this grand Public Sale, striking tenor to the hearts of competition, astounding the buying public with such tremendous bargains, causing ordinary sales to sink into insignificance when compared with this Monster Public Sale, for which no argument is needed but its extraordinary values to convince you that it will eclipse any mercantile move ever attempted in the City. The importance of this sale is of such vital interest that it can not be over estimated. A grand cut price sale including every article in the immense stock. Entire stock goes at prices cut so deep you will be compelled by the thrift endowed you by nature to anticipate your fall and winter needs, providing them now at these wonderful money saving prices. Bargain prices will prevail lower than you ever dreamed of in your wildest moments of exalted agitation. **BETTER COME SEE.**

## FACTS

Last spring when prospects were fine for an immense crop this fall we made our purchase from eastern manufacturers in proportion to the bright prospects, in other words we bought heavy expecting a boomer crop and a large business this fall. The crop failure and the long drouth finds us with these new goods in stock, with our already large stock, they must be sold, there is but one way to sell it; this we have done which is cutting prices at and far below cost. We are forced to sell, so out with the goods at some price.

Saturday Morning  
**SEPTEMBER**  
**24th**  
Promptly at the  
**HOUR OF NINE**

## PREPARE

Procrastination is the thief of time, make all your preparations to attend this gigantic **MONEY SAVING SALE** at the earliest possible moment and as often as possible. Bargains placed on sale one day may be gone the next, do not delay and see your friends and neighbors carry all the bargains away but be on hand to receive your share. Study what your needs will be this fall as well as the present and purchase now while the saving is great enough to more than pay to borrow money if need be, consider the saving; better buy now.

## Fair Warning to the Entire Buying Public

We have just put forth our greatest effort to place a large circular in every household for a radius of 20 miles of Colorado, issuing a fair and impartial warning to the public. to secure your share of these wonderful bargains you must be on hand, for just as fast as the bargain tables and bins are stript clean by eager purchasers, new bargains will replace them until the shelves are stripped to the naked walls, placing in the hands of the public \$21,000.00 worth of brand new, clean merchandise at less than it cost us.

## FREE

As an inducement to attend early we are positively going to give the first thirty persons who purchase 25 cents or over the opening hour a handsome present free. Come see the fun and secure a nice present free.

"Great is Mitchell County, and The Record is its Prophet!"

COLORADO, TEXAS, FRIDAY, SEPTEMBER 23, 1910

More than 100,000 cases of Cholera have occurred todate in Russia.

The valley of the lower Rio Grande suffered from another flood this week.

Chicago is now the fourth city of the world in population, having 2,185,282 souls.

Taylor county, precinct No. 1. voted a good road bond issue last Saturday of \$150,000.

The aggregate value of the broom corn crop of Texas this year, is reported to be \$1,000,000.

Anticipating a clear working majority in the next congress, the democrats are already distributing the pie.

One of our esteemed contemporaries of the plains refers to him as "Teddy, the Nepolian of the Republican party." If he can survive that spell—

The genius who shall succeed in crossing the catapilla with a frying size chicken, will have Burbank bluffed clear back into the dog house.

Why is it that nine people out of ten will ask when the birth of the "first" is announced: "Is that so; how long have they been married, anyhow?"

Your Uncle Joe Cannon was returned to Congress by a safe and sane majority, but his henchman Buotelle was snowed under an avalanche, and now threatens to run independent.

The road bed of the Coleman-Texas cut-off of the Santa Fe system is now finished from the Cap Rock in Lubbock county to Sweetwater. With the completion of the bridges, the laying of steel will begin between those two towns.

The city man may not bite at a gold brick quite so quickly as a country chap, but he goes right along paying good money for country fruits, eggs and vegetables that like good on the outside.

The cotton crop is turning out much better than the most sanguine expected or predicted. There are several farmers, for the most part renters, who say they will make fifty bales. A few of them have already marketed half that number.

A man only begins to be a man when he ceases to whine and revile and commences to search for the justice which regulates his life; and as he adapts his mind to that regulating factor, he will cease to accuse others as responsible for the failures that have come to him, and begins a constructive life that makes good.

Sure; the Hon. Joe has heard the rumblings of the approaching storm and he is cutting across lots to get to the tariff-for-revenue-only cellar. He hasn't the time to explain his votes in the Senate and he is letting the Galveston platform float out to sea without so much as waving to it, a good bye.

Caleb Powers, the man who for complicity in the murder of Gov Goebel of Kentucky, was tried and convicted three times of murder, and eventually pardoned with all the other conspirators, was nominated for congress by the Republicans of his district, by a large majority over Congressman Stewart. The nomination is conceded equal to election, as the district is safely republican.

The recent legislature passed a resolution providing for the removal of the body of Stephen F. Austin to the capital. When this is accomplished, the next session of the legislature, in January will make an appropriation for a suitable monument to mark the last resting place of this hero and pioneer, under whose leadership the State of Texas owes its origin, to a great extent.

The Census man gives Dallas a population of 92,104, which is just 13,304 better than he did for Houston. This means that Dallas will rank as the best city in Texas for the next ten years, it not being likely that San-Antonio will pass the 92 mark.

Editors as a rule are kind hearted and liberal. An exchange tells of a subscriber who died and left four years subscription unpaid. The editor appeared as the lid of the coffin was being screwed down and put in a linen duster, a thermometer, a palm leaf fan and a recipe for making ice.

The opening of the townsite of Plateau was pulled off as a counter attraction to the dinkey doling down in Mexico, which country, doubtless took advantage of the low rates offered by the T. & P. for the blowout in El Paso county. The band from Snyder was taken out to blow in conjunction with the 'way-above-the-derrick' oil spouters.

The disappointment that the big Barnum and Bailey five-ring show will light no nearer Colorado than all the other big aggregations have heretofore, is in some measure atoned for by the recollection of the ecstatic enjoyment of the remembrance of Mollie Bailey's last visit and the further pleasure anticipated at the coming of Jones Brothers' descent upon the town on about the 15th. proximo. There are a few franchises attaching to quiet village existence, after all.

On October 1st, service will begin on the Pecos and Northern Railroad, from Lubbock to Lamesa. There are fourteen young stations between the two places, having scarcely yet any greater assets than prosperous sounding names. But they will all come to be good towns. It takes greater calamities than drouth, lack of water and malignings of the whole posse comitatus of the east Texas press, to keep a bully country like this down. No sir—it can't be did.

For the 'steenth time we ask contributors to sign their names to the articles sent in intended for publication. The merit or timeliness of the article makes not the slightest difference; it will positively not be read unless the writers own name accompanies it, not for publication, but as a guarantee of good faith and responsibility. Don't waste good paper, costly postage and valuable time writing and sending anonymous articles; they only feed the insatiable maw of the three-bushel waste basket.

I believe in party government, but the moment a question of honesty is involved I recognize no party distinction. If I make any party distinction it is that it is a little more my business to hunt out of public life a crook who claims to belong to my party than if he claims to belong to another. Distrust above all other men the man who will inveigh against crookedness only if he finds it connected with somebody not connected with his own party.—Theodore Roosevelt.

The man who pays his bills when presented and never says "come back some other time," is the man who is appreciated by the business world. A reputation for paying promptly is one of the very best assets a man can have. Ask your banker or any other good business man if these statements are true. Such a reputation is worth a great deal to any man. Take care of your obligations promptly, preserve your credit by all means.

An eminent German physician left at his death, the secret of a long useful and successful life securely locked in a ponderous tome, which was to be opened after his death and the secrets given to the world. When he died, the book was opened with ceremony in the presence of the assembled medical profession and with due official authority. In the center of a page

midway of the big book this sentence was inscribed: "Keep the feet warm, the head cool, the bowels open and in the fear of the Lord."

Despite the objections of the district attorney to the contrary, license was issued by Judge W. M. Jeter at Amarillo this week, to open a saloon at that place. The validity of the local option election held two years and was still hung up in the courts, when the recent election was held, which was declared void by the comptroller. They of Amarillo, are surely preparing a pretty kettle of fish.

"Idleness," says Dr. James Stalker, "is one of the greatest enemies of character." The devil tempts other men, but the idle man tempt the devil. Who-soever else you may envy, do not envy the idle man. You may have too much to do, too many things to think about, still, do not envy the man who has not enough to do and is thrown back upon himself. The basest passions of human nature break loose in idle men and wander over forbidden places, seeking what they may devour.

When the Democratic party throws overboard its "protection" politicians and purges itself of its plutocratic element, it will win a national election and solve the corporation problem in the interest of the people. The solution is simple: Tariff for revenue only and enforce the Sherman anti-trust law; but for Roosevelt, who gave Morgan permission to absorb the steel trust's principal competitor, during the panic, to pose as an anti-trust champion is as laughable as his belated appearance as a tariff reformer, subject to the advice of a tariff commission which will be protectionist as Nelson B. Aldrich, himself.

The Quanah Tribune Chief says: "For sentimental reasons few Texans want to see their state divided, cumbersome and unwieldy as it is, but the state, eventually will be cut in two or four, and that this is going to happen within the next twenty-five years, we firmly believe. Take the Panhandle and see how little is has in common with East and South Texas. Absolutely nothing! We know, however, that politicians from those parts of the state whence has come the bulk of our population are consumed with envy, and neglect no opportunity to harm our section. As long as they can run Texas politics, the Panhandle is up against it. If East Texas does not want a division, she must let up in her fight against the only part of the State that is showing signs of vigorous growth."

"Reverent" Potts, a sanctification rater occupied the corner of Second and Walnut Streets last Friday night to a small but attentive audience. We say "occupied" advisedly; he combining the functions of exhorter with the skill of the acrobat and sprinter. He called the ministers of the town and of the orthodox cloth generally, such christian names as "damnable wolves, who were leading the people to Hell." He made his ranting talk the occasion for such sacrilegious sentiment and profanity, that had the same kind of indecent scene been made by any other than an alleged preacher, he had been deservedly thrown into durance vile—just where his unctious "Reverence" belonged. The general verdict as that he sought immunity from molestation while "on the hog" over the country, in thus assuming "the livery of heaven."

Several citizens of Colorado, who have been over the country, report that there is an active interest among the farmers as to when he creamery will begin operations. They are anxious to bring their milk and have it handled by the plant here. Of course the creamery cannot begin operations until the ice plant has begun to turn out its product. Due notice will be given the public and farmers urged to bring every gallon of milk they possibly can and give the plant an honest trial. The promoters did not expect that there would be offered enough milk the first few months of the creamery's existence to keep the plant running, nor did they hope the creamery of itself would prove a profitable investment at first; but run as an adjunct to the ice plant, the additional expense chargeable to the creamery would be comparatively little. There needs to be much educational work and experimenting before the dairy and creamery business will be upon a paying foundation in West Texas, but this can be easily done if the friends of the enterprise will rally to its support and provide sufficient cows to keep the plant running. As much depends on outsiders as upon the stockholders.

John Hays Hammond, whom the Guggenheims paid \$500,000 per annum for his exclusive expertness as a miner, should have stuck to his graft. He has gotten into the cotton game with Daniel J. Sully, the "Cotton King" and the twin have struck a snag already.

It is in connection with an alleged patent of one of Lemuel Greene, inventor of a process for cotton grading. Greene was to receive \$50,000 cash and a like amount in stock for his patent rights. He received for the latter, but the cash is not yet in evidence—hence this paragraph. Evidently, Mr. Greene is not just the color the two grafters thought him.

If you would have the best the world has to come to you, you must freely give the very best you have. Deal with the world in generous measure, and it will so deal with you. This law is as fundamental in business as in morals and spirituality. "With what measure ye mete, it shall be measured to you again." Deal with your neighbors chinchily, grudge them every kindly act that their necessities demand, and they will deal with just such measure with you. Take all you can, keep all you can is the most profitless investment in the world. In time of trouble, the only things that can do any good, are the things that money cannot buy. Sympathy, respect, love and confidence are jewels as far beyond the power of all the wealth of the Rockefeller's, Morgans and like ilk, to buy, as the stars are above the earth.

In order to secure admission into the union, Oklahoma and the Indian Territory had to join issues and consent to state-wide prohibition. Indian Territory, as long as it remained as such was under federal prohibition and Oklahoma did not care to risk admission as a state by itself and the Territory did not want admission as prohibition state with a wet neighbor; so they joined issues to secure admission and accepted Statewide prohibition, although it is reputed that a great majority of the people were opposed to the measure. But there was a rift in the lute. Cheek-by-jowl with the prohibitive article of the constitution was the provision for an initiative and referendum, by which State prohibition could be repealed; and so now, after an experiment of two years, with the prohibitory law, the voters of the State, under the powers of the initiative and referendum, have demanded that the question be again remanded to the vote of the people, and an election on the question is near at hand.

"A man is rich in proportion to the number of things he can let alone," was a favorite maxim of Thereau. On this basis, surely there were never such opportunities for wealth as at the present, when we are surrounded by beautiful, attractive and tempting objects, which are freely bought and used by our neighbors and friends. To be able to resist temptation to buy things, which we are just as well off without, and to indulge in amusements and recreations, which are not for our physical or mental well-doing; to be able to limit ourselves in regard to creditable indulgences—these are evidences of a strong and self-reliant character. One of the first and most important lessons which the mother of today should teach her child, is to let things alone. When the baby has learned to admire the flowers without picking them, to see candy, fruit and other things it knows are "good to eat" without putting them in its mouth when a boy or girl has leaped to not do things simply because the other boys and girls do them—then they can be trusted to go out into the world alone; for they can resist temptation. When such a self governing boy grows to manhood, his wants will be so few his desires will be indeed, what Thereau would call, "a very rich man."

When Hens Have Teeth—Maybe. New York, Sept. 17.—Victor L. Berger of Milwaukee declared tonight that Roosevelt was becoming a Socialist.

Berger, who returned to this country yesterday from the International Socialist Congress at Copenhagen declined tonight to state whether his opinion of Roosevelt's Syracuse speech stamped him as a Socialist, because he declared that he had not time to analyze the colonel's utterances.

Colonel Roosevelt is an exceedingly clever politician, and for the fact that he doesn't go to the bottom of things I am certain that he would never have taken the stand he has in the past against our party. I believe, however that he is drifting our way and that after awhile he will openly advocate a modified form of socialism."

FOR BETTER ROADS. The Board of Directors of the Agricultural and Mechanical College of Texas recently established a department in which highway engineering is to be taught, and the professor in charge is instructed to confer with commissioners, courts, goodroads clubs, commercial clubs and other organizations seeking to better the highways. The college has taken the initiative in what is believed to be a most important matter and sentiment is now crystallizing in favor of the establishment of the office of state highway engineer.

## LOCAL NOTES

The Colorado Gin Company turned out twenty bales of cotton on Saturday, with only half its capacity working. With two plants in town, each with eight seventy-saw gin stands on the job ten hours the day, the fleecy would have to come pretty middling neat to keep them both extended—and that's the way it's going to roll into Colorado and all other West Texas tons—next year. Keep your eye on this prophesy.

I will do dress-making, also plain sewing at my home, second house west of Lone Wolf bridge; also have a nice selection of embroidery designs for which I will transfer patterns.

MRS. JESSIE JOHNSON.

Mrs. L. C. Dupree has an oil painting on exhibition in the show window of C. A. Arbuthnot, which has attracted much attention and complimentary comment. It is her own interpretation of the story as told by Spencer in the "Farle Queen." The painting is a noble conception of a concrete expression of the domination of intellect and kindness over brute force and sheer strength. We have seen other productions from Mrs. Dupree's brush, all which evince talent of no inconsiderable order. Had she the opportunity of acquiring the technique of one or more of the recognized schools, she would attain high place as a creative artist.

**Sore Eyes of Three Years Standing cured.** Miss Effie Faulkner, New Castle, Pa., writes: Sutherland's Eagle Eye Salve cured me of a case of sore eyes of three years standing. I cheerfully recommend it to any one in need of such a remedy.

The people of Colorado, and the stock-holders of the Ice and Creamery plant, in particular, have increasing reasons for congratulating themselves on the well of water brought in last week. There is no doubt that it will stand continuous pumping with even a pump of greater power than the one now installed. This one well, in the opinion of those versed in hydraulics, would supply the town of Colorado with its present consumption of water. Such a supply of good water, in itself, worth all the entire Ice and Creamery plant will cost.

The Western Trade Exchange will advertise your place as for sale until it is sold. It costs you nothing unless a sale is made.

J. S. Johnson and family returned last week from a trip to Minnesota, Illinois and Dacotah.

Electric light globes, all volts and styles; six for the price of five—Doss & Johnson.

Judge E. J. Hamner returned Sunday triet court at Snyder last week.

Judge E. J. Hamner returned last night from an extended business trip East.

Dr. B. F. Dulaney attended the meeting of the District Dental Association at Snyder last Saturday, and reports a pleasant as well as profitable time. He invited the next meeting to be held in Colorado and landed the honor. It will occur the first part of January. There ought to be something doing on that occasion, when a crowd of the gentlemen who are so skilled in "drawing," "singing," "music and dancing," get together for a good time.

Doss' Kidney Pills—Guaranteed.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all Druggists.

The Record acknowledges receipt of two of Elder Larimore's books—"Letters and Sermons" and "Larimore and His Boys" the later written by Srygley. They are interesting reading and we return thanks to the authors for the kindly remembrance.

I have been writing fire insurance more than two years. Have I written any for you? I shall be pleased to write some of yours and since we all charge the same rate, why not let me renew one or more of your policies.

—Ernest Keathley, over Jake's restaurant.

**Best in the World**  
J. W. Hyatt merchant of Warren, N. C. writes: Please send enclosed order by mail. Sutherland's Eagle Eye Salve is the best eye remedy in the world. 25c.

**Woods meets all trains, day and night. Service sure and prompt. Phone the Livery Stable.** 5-6c

L. C. Johnson of Coahoma was in Colorado Tuesday to get his eye examined by Dr. Phenix. It is thought the sight of his eye will not be lost.

You carry fire insurance.—I WRITE fire insurance.—Let me WRITE your NEW Business or RENEW your OLD business.

ERNEST KEATHLEY,  
Over Jake's Restaurant

F. R. Wallace of Dallas is handling the key at the Western Union Telegraph office until a regular operator is secured.

One and one-fifth fare round trip to San Angelo Fair, October 3rd to 8th. Bigger and better than ever.

Masons, as a rule, are not regarded as generally "batty" but the fact developed this week that they harbored in their hall, aside from the proverbial bucking and butting goat, more than 100, (but to be accurately truthful in the matter—106) bats of various ages, sizes and temperments. We dare not say that they had "bats" in the belly; but sure it is, there was a plethoric plentitude of them almost everywhere else. Ask Mr. Fields, if you doubt this chronicle.

**A GOOD POSITION** Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, S. C.

Harry Stephens, who has been the Western Union Operator at this place since July 3rd, resigned the position last week and left this week for Palestine, where he has a position with the I. & G. N. road. While here he made many friends and attended to the duties of his office with regularity and fidelity.

Olin F. Hardy of Snyder, and for the past year connected with the Western Light, has accepted the position of Operator-machinist on the Record, and when his better half is come, will be at home in Colorado.

If you want the best of harness, the kind that is shop made and made on honor, see Annis the saddle man. He makes and keeps them.

We are turning out quite a lot of printed forms to be used in abstracts These are time savers, gotten out by G. B. Harness. One of the prime essentials in the abstract business is to get it out quickly and neatly and Mr. Harness is fixing his office so that he can get out work in almost incredible time.

Bed—wood or iron, at low prices.  
SHERWIN & SON.

Mrs. A. B. Spain and son, Robert, returned Tuesday from Weatherford, where they were called by the illness and death of Mrs. Spain's sister, Mrs. J. A. Pickard.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all Druggists.

**FOR SALE**—Thoroughbred Duroc-Jersey, pigs, best strain, ready for delivery. Address, A. C. Gist, Colorado, Texas, Route No. 1.

**Southern Inventors.**

The following patents were issued this week to Southern Inventors, reported by D. Swift & Co., patent lawyers, Washington, D. C. who will furnish any of our readers with copies of the same for ten cents each.

Oklahoma—Arthur G. Byrd, Oklahoma, window scaffold; Andrew B. Cooper, Okoos, Trammel; Addison Moore, Heleta, Stock Fountain.

Texas.—Ned E. Barnes, Willis, Indicator or bulletin; Joseph A. Cates, Mason, insulation applying device; I. F. Harris, Forrester, Vending apparatus; Andrew M. Lacey, Batson, Nutlock; Andrew G. Lott, Camden, Car door; C. W. Mitchell, Floydada, Oil Burner; W. F. Rape, Woodsboro, broiler; E. S. Scheby, Cleburne, coin controlled machine; Harry J. Stoops, Houston, cotton picking machine; Chas. W. Weber, McGregor, cotton chopper; James Worrel, Humble, Water chase.

**School of Art.**

Miss Stowers has returned from her summer's study at Waco, and will open her school of art next Monday, September 26th, in the Dulaney building, rooms 3 and 4.

She is fitting up her studio in splendid shape with plaster casts, models, etc. and will also install a fine kiln for firing china as soon as it can arrive from the factory.

The studio has splendid light, is quiet and private and she is much better equipped than ever before for satisfactory work in her lines.

She will teach drawing in pencil, crayon or charcoal, oil painting, water color and china painting and decorating.

She desires all of her old pupils back again and as many new ones as possible. She will be ready for work Monday, September 26. See her for terms, hours of study, etc.

**Class in Piano.**

Miss Lucile Stonerod has returned from Chicago (Conservatory of Music) and will be ready for her class on next Monday, September 26th.

She will teach at the residence of A. L. Whipkey, one block north of the Central ward school building. She desires that all her former class and as many new pupils as desire to take music will come on Monday. Lesson hours will be arranged to suit the Public School schedule. Miss Stonerod has taught piano here for several years and has given perfect satisfaction in every respect. She is not only a brilliant performer herself but knows how to impart her knowledge to the pupil.

She has taken several courses at the Chicago Conservatory of Music and is well prepared to teach in any branch of the art.

**Ice and Creamery Plant Completed**

The plant of the Citizens Ice and Creamery Company is now fully completed and is ready for its initial run and practical demonstration.

On Monday, September 26th, the plant will be put in operation and fully tried out. To the end that as many of its future patrons as possible may see the actual process of both departments of the plant, every stockholder in the enterprise, friend of home development and farmer who may deal with either creamery or ice plant is earnestly requested to be present on that day and bring all the cream they possibly can. Be sure and be on hand Monday, September 26th.

Mr. Williams will be present on that day and give full instructions as to the dairy industry and operation and management of both ice plant and creamery.

Mr. Williams has been in the business for nearly twenty years and is fully competent to give instruction on these heads.

The matter is now up to the stockholders and the people of this community. It will be a failure or a success just as the people desire. There is no tenable reason why both departments of this plant should not be a profitable investment from its initial run.

The crux of the whole question will be in proportion to the ability and policy of its personal management. It is therefore indispensable that a thoroughly capable manager be secured to take charge of the entire plant. Let there be no "prophets of evil" connected with the enterprise, but every loyal citizen of the town and community do all in his power to make the business a signal success. Do not damn the enterprise with faint praises: if you cannot help it, for the sake of patriotic citizenship keep your mouth and failures out of it.

**As to a Bond Issue For Additional Parts of the County.**

As some of our people are anxious to know whether a bond issue in the interest of good roads, for the western and northwestern part of Mitchell County and whether a tax could yet be levied for that purpose, I addressed such an inquiry to the attorney general, and his reply below fully explains the situation:

W. M. GREEN,  
Com. Precinct No. 1,  
Austin, Texas,  
September 19, 1910.

Mr. W. M. Green,  
County Commissioner,  
Colorado, Texas.

Dear Sir: Replying to your favor of September 14, 1910, on the question of whether or not it is too late to levy a tax for the purpose stated by you, beg to advise that this depends altogether upon whether or not the rolls for this year's taxes have been approved by your County Commissioners Court.

Yours very truly,  
SEB F. CALDWELL,  
Ass't. Attorney General.

Furniture, new and second hand at low prices.

SHERWIN & SON.

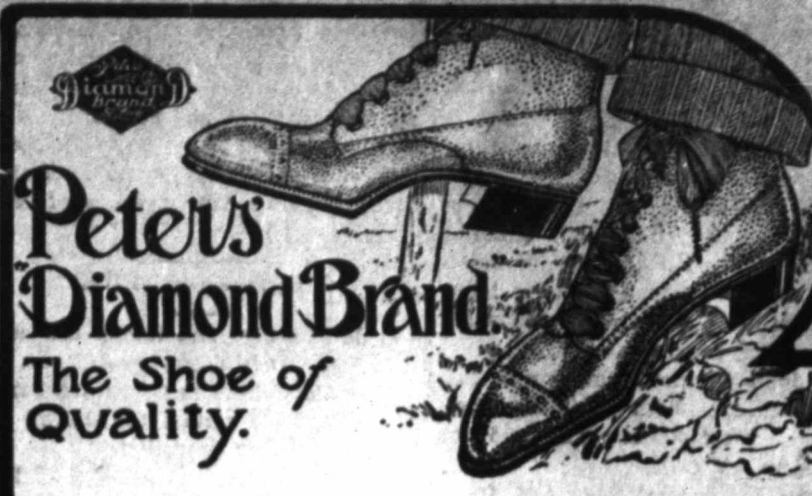

Mr. Caevitt, an expert engineer of Creamery and Ice Plants, came in from El Paso Sunday morning and will assist Mr. Jesse Barker in making the test run next week.

San Angelo Fair—Bigger than ever. October 3rd to 8th. Cheap railroad rates.

Window shades, fit any window.

SHERWIN & SON.

Mrs. Henry Grantland and the children returned from an extended visit with relatives at Gatesville, and other Central Texas points Tuesday night.

**Peter's Diamond Brand**  
The Shoe of Quality.

When you spend your money for a pair of shoes you want everything you pay for. You want a shoe that will "stand up" under wear; that will hold its shape; that will fit from the start. That's what you get when you buy a pair of Peter's "Diamond Brand" Shoes.

Investigate, ask your dealer to show you a pair the next time you pass his store.

If he don't keep them, write us.

Lumber and  
Building Material

# LORAIN LETTER

W. J. Marler has taken charge of the Newton hotel.

Ben Montgomery and father of Howard County with their families have moved back to the Loraine country. They have rented the John Johnson farm near Lone Wolf Mountain for the next year.

Mr. John Seymour and son-in-law Lon Beach are both building residences on their places a mile and one half north of town.

Victor Payne has returned from Winters where he has been for the last two weeks putting on a sale in his business at that place which he reports a success, though he prefers Loraine to Winters for many reasons.

Mrs. I. W. Baker, after several weeks visit to her parents in Southern Texas returned Friday night to the great joy of our post master.

Mr. and Mrs. Zellner of Abilene came down last Wednesday to attend the Lawrence-Hensler debate. Mr. Zellner contemplates moving back to his farm a few miles northeast of Loraine this fall.

Irl Zellner who has been spending the summer with his brother Henry accompanied his father home Saturday morning, to again enter school at the Christian College.

Marshall Hollingsworth of Big Springs came down to see his mother and sisters at this place Monday.

Chief Dispatcher Fluellen for the T. P. R. R. was the guest of J. E. Stowe Monday night.

Miss Isophene Toler came in Wednesday from quite an extended visit at Brownwood.

Mrs. Hollingsworth will move to Midland in the near future and her son Marshall will enter school at that place.

Prof. A. C. Tate and wife of Hermleigh were the guests of the family of A. R. Lawrence Monday and Tuesday. They came in to attend the debate, which closed Sunday evening. Prof. Tate united with the Christian church and was immersed on Monday by Elder Lawrence.

Mr. J. N. McCaghren with his mother and sister of Odessa are comfortably domiciled in the Dunn residence near the Methodist church. Mr. McCaghren has recently purchased the telephone exchange at this place, and in conversation with him he stated that he would, in the near future install a new and up-to-date switchboard, which would enable him to render first class service to the public. We find him to be an affable young gentleman, and he impressed us as displaying good business acumen.

Mrs. J. B. Hopson and children from Ross, Oklahoma came in Tuesday morning for a month's visit to her mother, Mrs. A. S. Dees.

Mr. and Mrs. Frank Miles have returned home after an absence of eight months. During their absence they spent several months in New Orleans which they greatly enjoyed—they also visited a number of Texas towns. Having had their wedding tour they have now returned to keep house for their parents, while the latter go on a wedding tour to California some time in October. And why shouldn't they take a tour now, as they were denied this pleasure in their younger days.

Mr. and Mrs. Miles were accompanied home by their nephew, Ben Gossett & Palestine, who will attend school here.

Mr. Burdette, our cotton weigher, gives out the information that up to September 20th, 1910, 460 bales of cotton had been weighed, whereas only forty bales had been weighed to corresponding date in 1909.

Mrs. T. J. Davis and sister, Mrs. Sappenfield visited friends in Colorado Wednesday.

Mrs. R. E. Estelle is enjoying a visit from her mother and sister, Mrs. M. R. Mathis and Miss Lavina Mathis of Hillsboro.

Mr. Grady McCullough and Miss Rosa Smith were quietly married at the home of the bride Sunday evening. Justice R. H. Watlington officiating. Mr. McCullough is an enterprising farmer and Miss Smith is the daughter of our townsman Joe Smith. The young couple will make their home in Bowle County. We extend congratulations.

Mr. and Mrs. J. C. Flanniken came in from Lamesa Friday, where they have been visiting their son, Joe, and will visit relatives and friends here for a few days before going to their home in Waco.

J. A. Davis of Rannels county paid his brother T. J. Davis a visit Sunday and Monday. He was accompanied by his cousin, Miss Martha Jenkins.

Mr. Willis Brown and Miss Adeline Howell were happily married at the residence of the bride's parents Tuesday evening at 8 o'clock. Rev. A. R. Lawrence performing the ceremony. Mr. Brown is one of our worthy and successful business men and is well known in this community. Miss Ade-

line is a daughter of our townsman J. D. Howell, and possesses many womanly graces. Mr. Brown has just completed a neat and cozy cottage in the suburbs and they will begin keeping house at once. We wish for this young couple a full measure of happiness.

## WESTBROOK NEWS.

J. R. Hastings and family are now domiciled in the Yonkita residence.

Judge McCallum has returned home and will soon return to Abilene to undergo another operation.

The Big Springs Baptist Association will meet here September 22 at 10 a. m. and continue over Sunday. Annual sermon by Elder A. D. Maddox of Abilene.

Frank Nessmith and family have moved here from Colorado and now occupy the Morton residence on the East side of town.

S. E. Parkinson and family have moved on the Bob McNairy place south east of town so as to be nearer our school.

John Adams and Prof. Summerhill have set four wolf traps around a coop which contains a chicken, but up to this writing, his wolfship has refused to favor them with a call.

The "housewarming" at the new school building last Friday night was largely attended by our school patrons which showed that they were much interested in the success of our school. The teachers gave an outline of the courses of study, and asked the help of every patron to make this session of school even better than the last. Talks were made by the president of the board of trustees and several of the school patrons and the crowd seemed to enjoy the well spent evening.

Born, to Mr. and Mrs. A. L. Carpenter, September 14th, a boy. Dr. Lindley reports all doing well.

Mr. G. H. Dornhoefer, who owns a section of land northwest of town came in from Burton Wednesday to look after his property. He reports crops short in his county and all the cotton has been gathered. He reported a fair crop of corn.

F. T. Stokes returned Saturday from Duncan, Okla., and loaded a car with his household goods and implements and left for Duncan Tuesday. He said he likes his location, but wants the News sent him so as to keep posted about Mitchell county.—Mitchell County News.

## CRYING FOR HELP

Lots of it in Colorado, But Daily Growing Less.

The Kidneys cry for help. Not an organ in the whole body so delicately constructed.

Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the finest indications of kidney trouble.

It is the kidney's cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

G. E. Ward, photographer, Opera House building, Abilene, Texas, says: "Doan's Kidney Pills rid me of a pain in the small of my back which has caused me considerable suffering. As I used no other remedy at this time, I give Doan's Kidney Pills the entire credit for bringing this relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Company, Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## HERBERT HINTS

The health of our community is very good at present.

We were visited last week with a good shower, which was greatly appreciated by everybody.

The writer thinks now that there will be some feed stuff raised in our community.

The prayer meeting at the Baptist church was well attended Sunday night.

The visitors at J. D. Falkner's Sunday were: Misses Manda Clark and Rosa Lane and Messrs. Hardy and R. B. Hood. The visitors at J. S. Barber's were: L. L. Welch and family, H. A. Browne and family.

J. S. Barber and wife are the proud parents of a fine nine pound boy which was born to them the 7th of this month.

Miss Lizzie Welch and brother Poke made a flying trip to McKenzie last Sunday.

A crowd of young people from Her-

bert attended preaching at Union on last Saturday night.

There will be preaching Saturday night, Sunday and Sunday night at the Baptist church by our own Pastor, Brother Leech.

"Sweet Sixteen."

## Settling an Old Score

In his swan song yesterday, Governor Campbell said of the International and Great Northern statute: "It was designed to prevent the highway robbers from abroad from plundering the people of Texas." In 1895-96 Governor Campbell was the General Manager of the International and Great Northern and fought to a finish the fellow-servants bill. He had a fine old time in those days with "the highway robbers from abroad." One day in 1897 he lost his job and all the world knows the rest.—Dallas Times-Herald.

Dr. Brooks May Be Candidate For Senator.

Dr. S. P. Brooks, president of Baylor University, who has just returned from a trip to California will likely be asked to be a candidate for United States Senator to succeed Bailey in 1912, following the action of the Galveston convention proposing Bailey for the presidential nomination. His friends have not yet approached Dr. Brooks on the subject, but an announcement of his attitude is expected soon.

Phone us or tell us the local news.

## Dry Farming Congress

United States Senator Gore of Oklahoma, says in a telegram to John T. Burns, secretary-treasurer of the Dry Farming Congress, that while he cannot attend the convention in Spokane, October 3 to 6, he is deeply interested in the movement, which is for the betterment of agricultural conditions. The full text of the message follows: "I regret the impossibility of accepting your kind invitation to attend the fifth dry farming congress at Spokane. I feel the deepest interests in the objects of the congress and in the great good already accomplished. The system will revolutionize the farming of the West and will react beneficially upon the farming of the whole country. I hope to see your entire section as fruitful as a garden. Dry farming is good farming. Whenever I can be of service, command me."

Commenting on the foregoing, Secretary Burns said that when Senator Gore declared dry farming to be good farming, he sounded the keynote of the modern method of tillage in semi-arid and so-called arid districts, adding:

"It has been demonstrated in Oklahoma and other states that profitable crops can be grown successfully if the principles of dry farming are faithfully carried out. There is nothing mysterious about this system of agriculture. It calls for deep plowing, discing and frequent harrowing to open the soil, thus conserving the largest

percentage of natural moisture and precipitation."

## Boy's Corn Clubs.

"There are one hundred boys in Texas who will make one hundred bushels of corn to the acre this year" was the encouraging statement of J. L. Quicksall of the United States Department of Agriculture who attended the Annual Institute of Commercial Secretaries here recently. Armed with arguments, statistics and general information concerning agricultural conditions in this state, Mr. Quicksall came to the convention to assist the secretaries in laying out plans for the betterment of agricultural methods and to offer the co-operation of his department to this end.

Mr. Quicksall is strong on Boy's Corn Clubs and the data furnished to the convention on the success of the Clubs so far, forever closes the door on doubt as to the feasibility of the Boy's Corn Club Movement which has become so popular in this state during the past year.

"Everywhere, the Boy's Corn Clubs are meeting with encouragement," continued Mr. Quicksall, "and I am prepared to say that the movement to organize the boys of the country has been a signal success. Down in Williamson county, this year, one of our boys, seventeen years of age will average on seventy five acres of land, 65 bushels of corn to the acre, while just across from his land, his father, a man of fifty, who has farmed all of his

life, is hoping to pull through with twenty seven and a half. The farmer's reply in answer to a question as to why his son was more successful than himself was: 'O, well, he's learned how to cultivate from them there corn clubs and in my day there war't none of 'em.'

Mr. Quicksall is accomplishing great good through the medium of his department and suggests that when the boys of the state have become thoroughly organized and realize that the farm, instead of being a place of harrowing toil is the only safeguard against panics and the foundation of all substantial prosperity, that the cry of "back to the soil" will have to be supplemented by the slogan of "Back to the City" in order to keep our cities and towns from being depopulated.

## Doan's Kidney Pills—Guaranteed.

GRADE CARDS—The Record has printed and in stock the regular grade cards for public schools. This form of the card was adopted by the State and also by the county. Every teacher in the county is required to use this card, and you can now get them here and save the trouble and expense of

Young Cockerels—Full blood Rhode Island Reds—for sale. Mrs. A. L. Whipkey.

# TEXAS STATE FAIR BEGINS OCTOBER 15

Great Preparations Being Made  
For Twenty-Fifth Meeting.

## SUPERB IMPROVEMENTS.

Coliseum, Industrial Arts Building,  
Kennel and Dairy Structures Among  
Those Erected This Year.

Dallas, Texas.—In making its  
twenty-fifth annual bow to the citi-  
zens of the Southwest the manage-  
ment of the State Fair of Texas takes  
pride in the announcement that for the  
exposition of 1910, which begins Octo-  
ber 15 and continues sixteen days,  
great preparations are being made  
than for any previous meeting.

It is a herculean task—that of pre-  
paring for each annual event of the  
State Fair of Texas. Not only do  
President E. J. Kiest and his directors  
contribute their time and effort gratis  
for the benefit of the institution, but  
they do not hesitate to spend money  
out of their own pockets for its suc-  
cess. Why? Because they realize that  
the State Fair of Texas now ranks at  
the head of institutions of its kind in  
the country. But, in order to keep up  
with the marvelous development of  
Texas and the entire Southwest, it is  
necessary to expend a vast sum of  
money each year for permanent im-  
provements, the installation of new  
departments and to keep the already  
superb State Fair plant in good repair.

### Task a Vast One.

Few people realize the vast amount  
of labor there is to this task of getting  
in readiness for each annual meeting.  
President Kiest has divided this into  
three parts under the head of improve-  
ments, entertainments and exhibitions.  
Assisted by his directors he adopts a  
general plan, covering each depart-  
ment and prepares a budget for ex-  
penses from that of erecting a hun-  
dred thousand dollar building to that  
of the prize to be awarded in the ex-  
hibition of women's handwork.

Secretary Sydney Smith and Asst-  
ant Secretary Ben E. Cabell are in di-  
rect charge of the details of all im-  
provement work. Both are well known  
to State Fair patrons. The former has  
been with the Fair almost continuously  
since its initial meet. He is deemed  
the best authority on State Fair top-  
ics in America, and it is no unusual  
thing for him to receive a letter from  
Virginia, New York or Washington  
asking for the details of the organiza-  
tion of the present State Fair of Tex-  
as. Many Fairs have been modeled  
after the Dallas plan, and among them  
may be mentioned the Louisiana State  
Fair.

### Nature of Monument.

One can easily understand the pos-  
sion of President E. J. Kiest and his  
directors. The Fair is in the nature  
of a monument to them. It will live  
long after they are gone, hence their  
desire that it prosper and improve  
each year. The personnel of the board  
of directors is: Alex Sanger, F. F.  
Silney, J. C. Duke, J. J. Eckford, W.  
I. Yopp, W. H. Gaston, A. P. Tenison,  
Sam P. Cochran, Royal A. Ferris,  
James Moroney, R. E. L. Knight and  
Sam T. Morgan.

### A Great Coliseum.

In listing the improvements this  
year the coliseum, as a matter of  
course, comes first in importance.  
Built of steel, face brick and ornate  
cement stone, it is one of the  
handsomest buildings on the grounds.  
Visitors to the Fair of 1909 will re-  
member that the Fine Arts and Textile  
building occupies an admirable site  
between the Main Entrance and the Ex-  
position building. Upon entering the  
grounds this year they will find that  
a structure costing \$110,000 has been  
erected between the Fine Arts building  
and the Main Entrance. It is 150x  
250 feet in dimension. It has an arena  
50x150 feet in size. It can be used for  
conventions, music hall, attractions,  
horse shows, and, in fact, assemblages  
of various kinds.

In the coliseum during the Fair will  
be given band and operatic programs  
three times daily—morning, afternoon  
and evening. A long list of the Music  
Hall attractions have been secured,  
and, in fact, the very best obtainable  
in America.

### Industrial Arts.

The Industrial Arts building at the  
Fair grounds is now completed. It will  
fill a long needed want. It is 20x200  
feet in dimension, and is constructed  
of cement and brick. Every foot of  
space in this new structure has al-  
ready been secured by various man-  
ufacturing concerns of the state. With  
the aim of impressing Texans with the  
advancement of the manufacturing in-  
dustry of the state, miniature facto-  
ries in operation will be exhibited and  
the State Fair visitor will have an op-  
portunity of inspecting the making of  
shoes, brooms, harness, etc.

As a great dairy state Texas is rap-  
idly forging to the front. The man-  
agement last year realized the neces-  
sity of erecting a special building for  
this department. This need is met this  
year with a handsome structure locat-  
ed near the dairy cattle division. The  
latest in dairy machinery will be in-  
stalled and will be seen in operation  
each week day during the Fair. The  
newest and best ideas in the industry  
will be demonstrated here. There will  
be many new features, including a  
demonstration and contest in butter  
making, short essays on timely topics,  
dairy photographs, and dairy build-  
ings.

There is to be a show at the

Fair this fall. It promises to be the  
Mecca of many visitors. A new build-  
ing is now in the course of erection,  
to house this show. It will be fitted  
with every convenience known to the  
dog show world. Benches, sufficient  
to take care of three to five hundred  
representatives of the finest-blooded  
cane families in America. Some of  
the most famous kennels in America  
will be represented.

### Rich Premium List.

Premiums that will be awarded in  
the various departments this year will  
total in the neighborhood of \$95,000.  
Purses and stakes in the racing de-  
partment, with the tournament prizes  
added, will be between \$45,000 and  
\$50,000. In the livestock department,  
in addition to the rich gold and silver  
trophies that will be awarded, the  
awards will exceed \$25,000 in value.  
For the four night horse shows alone  
\$5000 has been appropriated. The cash  
prizes for Herefords amount to \$2180;  
for Shorthorns, \$2070; for Red Polled,  
\$1115; for Polled Durhams, \$1265; for  
Aberdeen Angus, \$760.

Every pen in the swine division of  
the livestock department has been ap-  
plied for. The exhibitions promise to  
eclipse that of any previous Fair.  
Eight breeds will be well represented.  
In addition to the special prizes and  
trophies, they will receive \$415, respec-  
tively.

The Essex and Berkshire breeds  
promise to be the best represented,  
judging by the applications already in.  
In fact, the livestock exhibition  
promises to be of far-reaching benefit  
to the industry in the Southwest.

### AUSTIN LETTER

Governor Signs Penitentiary Bill—  
I. & G. N. Bill Stops Railroad  
Building.

The Governor signed the Peniten-  
tiary bill on the 17th, which clears  
the docket and the acts of the fourth  
called session of the 31st. Legislature  
passes into history. This law will  
take effect on January 20th and Gov-  
ernor-elect Colquitt will have the ap-  
pointment of the Penitentiary Com-  
missioners and the re-organization of  
the Penitentiary system.

The most important news illuminat-  
ing the horizon during the past week  
was a letter written by Col. B. F.  
Yookum and published in the Daily  
Press of the State indicating that rail-  
road construction had been halted on  
account of the enactment of the law  
commonly discussed as the I. & G.  
N. bill. Those who have felt that the  
cry against this law was hysterical,  
are now confronted with authoritative  
statement and are facing a condition  
of actual suspension in railroad con-  
struction. No one doubts the sincer-  
ity of the I. & G. N. officials in their  
futile efforts to find a means of paying  
off their indebtedness and likewise no  
one questions the purpose of the legis-  
lature in dealing with the subject, but  
legislative errors shine like comets  
and it is unfortunate for the State  
that a more skillful solution of the  
problem could not have been found  
or that legislative operation could not  
have been confined above the margin  
of endurance. Those who are inclin-  
ed to trust with blind simplicity the  
State's destinies in the hands of men  
in high places should bear in mind  
that Nero fiddled while Rome burned  
and that time is an important element  
in empire building. In addition to the  
local needs for railroad construction,  
the Panama canal which is nearing  
completion will make Texas, the logi-  
cal gateway for Oriental trade with  
the Western hemisphere and will call  
for a tremendous investment in rail-  
road property. This is the time and  
the place for sagacious legislation and  
community activity in railroad con-  
struction. We may all exercise the  
right of an American citizen and phil-  
osophize and theorize on this law but  
one can best rate a burden when it is  
on their back and the man who buys  
bonds is a prime factor in the rail-  
road development and one we cannot  
eliminate from railroad construction  
not even by an act of the legislature.  
In discussing the State's progress in  
railroad construction it has long been  
the habit of those who feel responsible  
for conditions to follow the custom of  
the man who put on magnifying glass-  
es to eat cherries and at the least pro-  
vocation to drift out surlily on the  
billows of ecstasy, but a careful com-  
parison of what we have with what  
we need, leads one to the conclusion  
that our accomplishments are far be-  
low our opportunities and the sub-  
ject becomes one of unquestionable  
importance to every citizen.

The Fire Rating Insurance law  
which increases the jurisdiction of the  
Fire Rating Board has received no  
authoritative comment from Fire In-  
surance Companies and its effect up-  
on the insurer can only be deter-  
mined when the law is in full force, but  
the fire rating board regards it as an  
improvement over the old law.

The new bill of lading law is receiv-  
ing the consideration of the foreign  
bankers and appears to nearly par-  
allel their requirements as it requires  
the railroads to validate bills of lading  
on which foreign bankers are asked  
to advance money.

COLORADO, TEXAS.

### CITATION BY PUBLICATION.

THE STATE OF TEXAS:  
To the Sheriff or any Constable of  
Mitchell County, Greeting:

You are hereby commanded to sum-  
mon the heirs of A. E. Dalley deceased,  
who are all non residents of the State  
of Texas and whose names and resi-  
dences are unknown, and to all per-  
sons interested in said estate by mak-  
ing publication of this citation once in  
each week for four consecutive weeks  
previous to the return day hereof in  
some newspaper published in your  
county, if there be a newspaper pub-  
lished therein, but if not, then in any  
newspaper published nearest the court  
house of said county, to appear at the  
next term of the County Court of  
Mitchell county, Texas, to be held at  
the Court House thereof, in Colorado,  
Texas, on the third Monday in Octo-  
ber, A. D. 1910, the same being the 17th  
day of October, 1910, then and there to  
answer an application filed in said  
court on the 13th day of September, A.  
D. 1910, by R. H. Looney of Mitchell  
county, Texas, for letters of adminis-  
tration of said estate of said A. E.  
Dalley, deceased, alleging in substance  
that said A. E. Dalley is dead, having  
departed this life on the 6th day of  
September, 1910, intestate; That prior  
to the death of the said A. E. Dalley he  
had his domicile in the County of  
Mitchell, in the State of Texas, and at  
the time of his death he was seized and  
possessed of certain property of the  
probable value of \$2,500.00. That there  
is a necessity for an administration up-  
on the estate of the said A. E. Dalley  
for he was at the time of his death in-  
debted and among others to the Colo-  
rado National Bank, of Colorado, Texas,  
of which Bank your petitioner is presi-  
dent; That all the heirs of said intes-  
tate are non residents of the State of  
Texas and the names and residence of  
such heirs are unknown to applicant:

Herein fail not, but have you before  
said court, on the first day of the next  
term thereof, this writ, with your re-

turn thereof, showing how you have  
executed the same.

Witness my hand and official seal at  
my office in Colorado, Texas, this 13th  
day of September, A. D. 1910.

JESSE H. BULLOCK,  
Clerk of the County Court of  
Mitchell County, Texas.

A true copy, I hereby certify.  
G. B. COUGHRAN,  
Sheriff Mitchell county, Texas.  
By Preston Scott, Deputy.

### CITATION BY PUBLICATION.

THE STATE OF TEXAS:  
To the Sheriff or any Constable of  
Mitchell County, Greeting:

Oath having been made, as re-  
quired by law, you are hereby com-  
manded to summon M. G. Harding by  
making publication of this citation  
once in each week for four successive  
weeks previous to the return day  
hereof, in some newspaper published  
in your county, if there be a news-  
paper published therein, but if not,  
then in any newspaper published in  
the 32nd Judicial District; but if there  
be no newspaper published in said Ju-  
dicial District then in a newspaper  
published in the nearest District to  
said 32nd Judicial District, to appear  
at the next regular term of the Jus-  
tice's Court of Precinct No. 1, of  
Mitchell county, to be held at Colo-  
rado in said Mitchell county, on the  
26th day of September, A. D. 1910,  
then and there to answer a petition  
filed in said Court on the 11th day of  
March, A. D. 1910, in a suit numbered  
on the docket of said Court No. 2289,  
wherein W. H. Gossage is Plaintiff, and  
M. G. Harding is Defendant, and said  
petition alleging that the defendant  
is justly indebted to plaintiff in the  
sum of \$125.00, as is evidenced by prom-  
issory note dated Jan. 1, 1909, and  
due Oct. 1, 1909, with interest there-  
on from date at the rate of ten per  
cent per annum until paid, together  
with ten per cent as additional to be  
taxed as attorney's fees in the event  
of suit and suit is brought hereon and

the attorney's fees expressed in said  
note are reasonable, as is more fully  
shown by note on file in said court.

Witness my hand and official seal at  
my office in Colorado, Texas, this 13th  
day of September, A. D. 1910.

JESSE H. BULLOCK,  
Clerk of the County Court of  
Mitchell County, Texas.

A true copy, I hereby certify.  
G. B. COUGHRAN,  
Sheriff Mitchell county, Texas.  
By Preston Scott, Deputy.

with ten per cent as additional to be  
taxed as attorney's fees in the event  
of suit and suit is brought hereon and

to be discharged from said Guar-  
dianship. You are hereby commanded  
that by publication of this writ for  
twenty days in a newspaper regularly  
published in this, Mitchell County, Tex-  
as, you give due notice to all persons  
interested in the account for final set-  
tlement of said estate, to file their ob-  
jections thereto if any they have, on or  
before the October term, 1910, of said  
County Court, commencing and to be  
held at the Court House of said County  
in the City of Colorado, Texas, on the  
third Monday in October, 1910, it being  
the 17th day of October, 1910, when  
said account and application will be  
considered by said court.

Witness, Jesse H. Bullock, Clerk of  
the County Court of Mitchell County,  
Texas.

F. P. BREWER,  
Sworn to and subscribed before me  
this 5th day of September, A. D.  
1910.

FRED MEYER,  
Justice of the Peace, Precinct No. 1,  
Mitchell County, Texas.

Herein fail not, but have you be-  
fore said Court, at its aforesaid next  
regular term, this writ, with your re-  
turn thereon, showing how you have  
executed the same.

Witness, I, Fred Meyer, Justice of  
the Peace for Precinct No. 1, Mitche-  
ll County, Texas.

Given under my official signature  
at office in Colorado, this 13th day of  
September, A. D. 1910.

FRED MEYER,  
Justice of the Peace, Precinct No.  
1, Mitchell County, Texas.

G. B. COUGHRAN,  
Sheriff Mitchell County,  
By Earl Jackson, Deputy. 10-7

### ALL ABOUT TEXAS.

For information about Texas see the  
TEXAS ALMANAC & STATE INDUS-  
TRIAL GUIDE. (350 pages.) Gives  
detailed description of every county in  
the State, price of land, etc. Also  
contains railroad and county map of  
the State. Price, postpaid, 30c. Ad-  
dress THE DALLAS NEWS  
Dallas, Texas.

There is an evident determination  
to bring the Indian up to a degree of  
civilization that will enable him to re-  
cognize a gold brick as soon as he  
sees it.

Tom Watson may get a good deal of  
satisfaction from thinking on what  
would happen to any assassin who  
tackled him in one of his war-like  
moods

# Colorado Mercantile Co.

## HEADQUARTERS FOR

# EVERYTHING GOOD TO EAT

# Colorado Mercantile Company.

### LOCAL HAPPENINGS and PERSONAL MENTION

The moon was full Sunday night, but not with noticeable "wetness."

Now is the season for canopy tops for your buggies. Annis has a large stock and sells them at the most reasonable prices. See him.

Little Tommy McCreeless is convalescent from an attack of membranous croup.

Mrs. Emmett Morgan of Big Springs visited the families of W. R. and Ben Morgan, on her return home from a visit at Baird.

If you are an admirer of cut glass, here is your opportunity—genuine cut glass water glasses, six for \$1.00 at Doss & Johnson.

Judge J. L. Shepherd suffered this week from the effects of a heavy cold, but was able to go to Big Springs and hold the fall term of the district court.

Mrs. J. R. Collier and little son, returned from an extended visit to East Texas Tuesday morning.

**FOR SALE**—Brand new Peanut Thrasher, at a bargain. See Colorado Mercantile Company.

Mrs. R. P. Price and the children are visiting friends and relatives in Northeast Texas.

If needing wall paper, see W. L. Doss. He has it in endless variety.

Chas. Lasky shipped about ninety-five head of graded cattle to the Fort Worth markets last week.

The Baptist church called Rev. B. Broom, of Devine, Texas at a meeting of the congregation, last week.

Mr. Scott Green and family have returned from their ranch at Vincent, and are now at home in Colorado.

Let me renew that Fire Insurance policy of yours—all losses paid promptly. Ernest Keathley, over Jake's restaurant.

A car of Big Springs watermelons were sidetracked here last week and they sold like hot cakes at a lunch counter.

Myron and Breedlove Smith and Anthony Van Tuij left last week for Sherman, where they will enter Austin College.

**WANTED**—Two men to sell nursery stock. Phone or write The Snyder Nursery, or come to see me. One mile Southeast of Snyder on the Colorado road.—J. A. PERRY.

Frank Lupton shook the dust of Colorado from his number tens Sunday morning. In token of the business paralysis of the town and hid himself, flying light as to baggage and bag, to the hustling scenes and strenuous activity of Burnham, where he will proceed to put on a few more dabs of paint, and hit red.

### A TRIAL ORDER

The Snyder Nursery has a beautiful lot of evergreens, roses, berries, grapes etc., all acclimated and very fine. Give the Snyder Nursery a trial order. Address, Snyder, Texas.

It having been decided to take the remains of A. E. Dally to his former home at Brooklyn, N. Y., funeral services were held last Friday afternoon at 5 o'clock at All Saints Episcopal church, conducted by Rev. Norman F. Marshall. The remains accompanied by A. A. Dally, a brother, left on the 9:08 train for Brooklyn.

**LADIES!**—My fall samples of the Chas. A. Stephens goods, consisting of ladies' tailored suits, skirts, etc., are now in and I would be glad to show them. Phone No. 481.

MRS. Q. D. HALL, Agt. 10-7

Mr. Gruel, the chief engineer and general inspector of plants manufactured by the Chicago Creamery Package Company, was here last week and made a thorough inspection of the plant just completed. He told a Record party that he had never seen a construction of a similar plant so absolutely adhering to the specifications of the blue prints; that Mr. Barker had taken special care and exercised unusual supervision in the minutest details, and that a better constructed or more fully equipped plant did not exist in the state.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Honorable Royall Smith spent a few days this week, on legal business at Abilene.

G. B. Harness looks after the interests of his insurance clients at all times.

**FOR SALE**—Registered Poland China and Duroc Jersey pigs, ready for delivery. See C. H. Earnest, or J. R. Leebetter, Colorado Texas.

Congressman W. R. Smith left Saturday night, accompanied by his daughter, for Washington, D. C., near which place he will enter the latter at school, whence he will proceed to Indiana, on a matter of political business.

D. F. Gibson left Saturday night for Fort Worth and Dallas where he will replenish his stock of dry goods to meet the fall trade.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and adults. Sold by all Druggists.

**SHADE AND FRUIT TREES.**  
Order your shade and fruit trees from the Snyder Nursery; grown in the same soil and climate in which you set them; adapted to this western, dry, windy section; guaranteed by a home man. Give this Nursery a trial order. Snyder Nursery, Snyder, Texas.

San Angelo Fair, Oct. 3 to 8, inclusive. Over \$8000 in horse and auto racing purses. Street carnival at night.

**Blood Poison.**  
Is prevent by applying Dr. Bell's Anti-Pain to cuts, scratches and bruises. It destroys all septic matter enables the wound to heal without soreness. Be sure to get Dr. Bell's.

The protracted services conducted by Elder Larimore of Nashville, Tenn., were concluded Sunday night, and on Monday morning he left for his home. On Sunday afternoon, there were four candidates for admission to the church baptized in W. W. Watson's pasture, and after the night services he went there again to baptize another. No man in that denomination has the specific faith to which they subscribe, more perfectly at his command than Elder Larimore. Every scriptural authority for their faith and practice, is at his tongue's end, both defensive and aggressive. He preached a really remarkable series of sermons and greatly strengthened the denomination at this place as well as augmented its numbers. The Record trusts that his stay among the people of Colorado was such that he may feel impelled to return at some future time.

There were many Coloradans, representing every Sunday School of the city in attendance on the District Convention at Sweetwater, the three days of its continuance.

When in need of insurance of any kind, call on G. B. Harness, that's his specialty.

John T. Johnson was over from Sweetwater this week looking after the collection of accounts and notes.

**WANTED**—Gentle buggy horse for its keep during the fall and winter. Telephone 267.

Mr. Paul Sorrenson of Sweetwater, spent another pleasant Sabbath in Colorado.

M. C. Ratliff—the indomitable, irrefragable and incorrigible Mike, blew off the east bound passenger train Sunday morning, and hit the gravel of the depot promenade, telling about his wonderful well of water out at Roswell. Why sir, Alladin's wonderful lamp was nothing in comparison; if he wishes for four crops of alfalfa, a bumper crop of apples, pertatties, oil or whatever else the salubrious climate of that delectable country can produce while consorting with the fructifying soil, behold, it lies bountiful, plenty before him. On the side, his place is not for sale. He brought with him, merely to show what some other fellow could do in this line, a car of apples, upon which he imposed a price so low that it seemed a shame to take 'em. That's Mike, all right.

**Doss' Kidney Pills—Guaranteed.**  
Charlie Lasky shipped two cars of cattle to the Fort Worth market last week.

**Twin Boys.**  
Mr. and Mrs. Jim Lovelace are receiving congratulations over the advent of twin boys at their house on Friday last. Jim immediately rented more land for next year and will plant an extra large cotton crop.

**Lieut. Keator, Spanish War.**  
Eating canned food and leading the rough life of a soldier, with its hard work and privations, often result in loss of weight and strength and indigestion. Harry F. Keator, a lieutenant in a Chicago Company during the Spanish War, became dyspeptic and lost weight to the danger point. He took Dr. Caldwell's Syrup Pepsin and cured his indigestion and gained 42 pounds. The remedy will do all we claim, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all Druggists at 50c and \$1 a bottle.

Center tables, wash stands, cheap. SHERWIN & SON.

My FIRE INSURANCE BUSINESS has grown gradually for more than two years. All losses have been settled promptly and satisfactorily. Please give me a share of your business—phone me and I will call for your business at once.

ERNEST KEATHLEY, Over Jake's Restaurant

If you are an admirer of cut glass, here is your opportunity—Genuine cut glass water glasses, six for \$1.00, at Doss & Johnson's.

Gardiner Harness now has nearly all of the larger insurance companies represented in the State in his insurance office.

Editor F. E. Whipkey of the Colorado Record came over last Friday and remained over till Monday visiting friends and looking about the city.—Snyder Western Light.

Be on hand Monday, September 26th to witness the demonstration of the new creamery plant. Bring all the milk you can in order to make the initial run as large as possible.

G. B. Harness says that the abstract business has been pretty brisk with him for the last few days in spite of the dry times.

The series of revival meetings, under the auspices of all the churches began last night at the union tabernacle. There will be services twice daily—10 o'clock in the forenoon and 8 o'clock at night. There will be splendid singing by the union choir and a hearty welcome to everyone.

Three good wardrobes, extra size. SHERWIN & SON.

The cotton is coming into town in increasingly surprising quantities. The bay of the "wolf" will not be heard in many sections of this "stricken" country. Not this year, maybe some other.

Henderson Bros. wish to announce that from and after this date they will maintain a delivery wagon in their business and will deliver meat to any part of the town, at any hour of the day.

Misses Louise Roe and Mildred Coleman left Monday night for Milford where the former will teach in the Texas Presbyterian school for Girls and the latter attend as a student.

**Merchants Praise**  
Dr. Bell's Pine-Tar-Honey. J. W. McDaniel, Etherton, Ill., says, "There is no medicine which equals it for coughs, colds, Grippe, asthma and Bronchitis. Look for the Bell on the Bottle."

Rev. W. E. Williams of Abilene is preaching to the congregation of the Christian church for the next two weeks.

Tom Griswold was called to Arkansas this week as a witness in court.

Mr. Sam S. Snowden, the sage of Southeast Mitchell, and the prophet of the Silver Creek country, was in town Tuesday with a bale of cotton. Since he has retired from the strenuous activities of urban life and the fierce competition of business, he has evidently taken time to sacrifice to the Graces, as is evidenced by a fierce Rooseveltian mustachio which adorns his upper lip.

Mrs. Austin Rountree is visiting relatives at Cisco.

**Maud Tyner, St. Louis, Mo.**

So many women suffer from constipation and stomach trouble that they should pay attention to the statement of Miss Maude Tyner, 838 McLarenave., St. Louis, Mo. She suffered in that way for many years, but finally took Dr. Caldwell's Syrup Pepsin and was permanently cured. She recommends it to American womankind. She considers it the best laxative and tonic obtainable. It will do all that is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all Druggists at 50c and \$1 a bottle.

A little Mexican girl about twelve years of age was run over by a wagon on the Van Zant ranch Monday and killed. The remains were brought to town Monday night and interment occurred on Tuesday.

"Judge" and "Jerry" are Dead

The skill of the Borgias and the poisoned bait have not passed. From time to time a human life or a valued pet pays tribute to their prowess. Of all the methods of revenge and murder that of poison has ever been the most subtle, effective and cowardly. The poisoner seeks to destroy that which he dares not openly attack and is held by all grades of people as the most dangerous element of all criminal classes. He who mixes the poisoned chalice or injects death into natural food of man or useful beast, is infinitely lower in the scale of human degradation than he who applies the torch to the habitations of sleeping men, women and little children. Twice during the past ten days, valuable dogs have been poisoned in town, dogs as well known as are their owners, and valued as faithful friends.

The fine bird dog of Wes Allen was poisoned first and on Saturday night the thoroughbred fox terrier of Ben Simmons, a dog that possessed more intelligence than some men, and a heart and loyalty more human than those who conceived and compassed his death. The tie of friendship between these two dogs and their masters was as close and surely written as any words ever written in a book. The men who owned these dogs, and the children, whose playfellows they were, believed in their hearts that Jerry and Bob had gone to a better place than those who murdered them.

**Program of B. Y. P. T. Sept. 25.**  
Subject—Missionary Meeting "World Survey"  
Leader—Miss Mabel Smith.

1. Song.  
2. Prayer.  
3. Song.  
4. Scripture Reading.—Two Parts (1) Isa. 5:24-6, The Suffering Christ, C. A. Pirce, (2) Isa. 2—The Triumphant Christ by Walter H. Owens.  
5. Special Music—Lela Whipkey.  
6. Paper on Missions by Prof. T. L. Hamilton.  
7. Business Meeting.  
8. Song.

We are anxious for all workers and visitors to come and help us in the work.

Sunday Evening, 6 o'clock at Baptist church.

J. E. MERSEREAU, President  
WALTER OWENS, Sec.

**International Fair**

### \$50 Reward.

I will pay a reward of \$50 for any information leading to the discovery of the party who put out poison and killed my fine bird dog last Sunday night.

V. W. ALLEN.

**SCHOOL SUPPLIES**—I keep a full stock of all the adopted school books and the elective high school books; writing material of all kinds and grades, pens, pencils, etc.—W. L. Doss.

**CHICKENS**—I have a few full-blooded young Rhode Island Red cockrels for sale at \$1 each. Their colors are perfect, and they are from Dr. Sneed's prize winning flock. Only a few left. Phone or call on Mrs. A. L. Whipkey.

## An Eye Opener.

### What an East Texas County Can Do.

Smith county shipped this year 1916 cars of fruit and vegetables or 100 solid train loads. In addition to this, it shipped by express 207,200 crates of fruit and vegetables, or over 230 solid cars.

Grew 29,500 bales of cotton in one season. Twenty-three forage crops have proven a success on our soil.

Our mild climate enables us to produce these crops nine months of the year. Our grasses are unsurpassed and will sustain two head of cattle per acre.

A splendid water supply from running streams and springs, abundant supply of the various hardwood timbers. For health the county ranks as one of the first in the state, and its altitude is higher than that of the city of Ft. Worth.

School facilities unsurpassed. Twenty-one modern school buildings erected during the past year. Eleven hundred ninety-five scholastic increase during the past year. Values of land vary from \$5.00 per acre to \$30 per acre, according to improvements and distance to local market.

Our farmers are in a prosperous condition as a result of being able to market money producing crops nine months in the year.

Our splendid bank deposits throughout the county are conclusive evidence of the prosperity existing among our people.

Fill in your name, address, and what you are interested in, mail to Commercial Club, Tyler, Texas and receive pointed facts and figures that will convince you of Smith County's wonder possibilities.
