FIRST DEGREE MURDER BEATTIE JURY VERDICT

DEFENDANT SENTENCED TO BE ELECTROCUTED IN NOVEMBER WILL STAY DURING APPEAL.

Chesterfield Court House, Va., Sept. 8. Twelve Virginia farmers knelt at dusk tonight in the obscurity of the small jury room of the Chesterfield court house, praying fervently that they might pass judgment airtight on Henry Clay Beattie, Jr., indicted for the murder of his wife. Grimly determined a moment later the arose and silently one by one, reworder a unanimous verdict of "guilty."

Pausing in solemn contemplation for fifty-eight minutes, weighing carefully the meaning of their decision and once more on bended knees seeking Divine assistance that they might not err, they field into the hushed stillness of a crowd depart room and with startling suddenness twelve voices, instead of the usual one of the foreman spoke the single word "guilty." It was almost a shout. Execution was set for Friday, Nov. 24.

BETTER DAYS FOR COLORADO.

A New and Stupendous Enterprise.

There is, in a mysterious and vague way, something brewing in the pot of progress for Colorado. It is a proposition of considerable magnitude, and seems to be backed by men of financial and executive ability, and should it materialize so as to become tangible and the proposition put up to the town in the form of a contract, Colorado will take hold and pull it through. At present we are not allowed to say anything except that our business men have the matter in hand, and will investigate and report later.

Mrs. Majors' Sister Dead.

Relatives here today received a telegram from J. P. Majors, who, with Mrs. Majors, is at Attalla, Ala., where they were called by telegram to the bedside of Mr. Major's sister, stating that she died Wednesday night after their arrival Wednesday morning. Her death was a great shock to Mr. and Mrs. Majors, and seemingly more so because of the fact that she was Mr. Majors' only sister. The numerous friends of the family here deeply sympathize with him in his great bereavement.

CAMPBELL-LIGHTFOOT CAMPAIGN BE UNDER SAME MANAGEMENT

EX-GOVERNOR TO BE CANDIDATE FOR SENATE; LIGHTFOOT AFTER COLQUITT'S JOB.

Austin, Tex., Sept. 11.—That the political fortunes of former Governor T. M. Campbell, as a candidate for the United States senate, and of Attorney General Jewel P. Lightfoot, as a candidate for governor, during the coming campaign, will be closely associated and practically under the same management seems to be practically an assured fact.

Campbell and Lightfoot partisans held a meeting Saturday night whose design was, it is understood, to boost the two men's candidacies, and another is scheduled for tonight. Neither Campbell or Lightfoot will make a statement for publication on their political aspirations.

Austin, Tex., Sept. 10.—The general impression here tonight is that former governor T. M. Campbell will be a candidate for the United States senate to succeed Senator Bailey. The impression has been created by the arrival of Mr. Campbell and his conference with such friends as Jewel P. Lightfoot, J. R. Bowman, Chas. B. White and others. Tomorrow he will see Judge W. F. Ramsey and other men.

Mr. Campbell himself is unwilling to make any definite announcement. He says that he is receiving hundreds of letters urging him to run for the senate, but that there are many matters to be considered and other things to be looked after in Texas, which are of vast importance. One could easily infer that he speaks of opposition to O. B. Colquitt for governor, and his conference with Judge Ramsey and Jewel P. Lightfoot, two possibilities, as opposing candidates in his own estimation, indicates this more fully. Mr. Campbell also says that whether he is a candidate for any office next year, he will be active in Texas politics, and at this time he seems to be merely sizing up the situation. He will attend the prohibition meeting at Dallas Saturday.

The Daily Oklahoman says: The special train furnished by the Studebaker Company to convey its Southwestern dealers to Detroit on a sightseeing trip is speeding northward toward Detroit with approximately 100 enthusiastic E-M-F dealers aboard. The train, which is composed of three standard Pullman sleepers, a buffet car and one compartment car, was made up in Dallas, and with the Texas dealers aboard reached Oklahoma City Saturday afternoon at 5 o'clock, where forty Oklahoma Dealers joined the party. The trip is offered by the company purely for the pleasure of its dealers, and two days devoted to the enjoyment of the beauties of the popular northern city will be spent by the southwesterners as guests of the big automobile makers. What is undoubtedly the biggest 'stunt' of its kind ever attempted by any concern is that now being performed by the Studebaker Corporation E-M-F factories in bringing 2,600 dealers from as many cities and towns throughout the United States by special train to Detroit and return. When it is considered that some of these trains come from as far points as San Diego, Calif., Tampa, Fla., Seattle, Wash., and that each train consists of six sleeping cars, dining cars, buffet, smokers, library, observation cars, it will be understood that the stunt was a rather expensive one. In fact, General Manager Flandrs admits that it will cost the company from \$75,000 to \$100,000.

The Westheimer Transfer Company of Houston, will begin at once the construction of a ten-story warehouse on San Jacinto and Commerce streets. The structure will be 30 x 100 feet long, and the entire structure will be used exclusively for the company. Given Away. A \$5.00 book at Doss'. Ask him about it. The Gulf Refining Company will erect a storage and warehouse near the Texas Midland tracks at Cooper, J. E. Pratt will be manager of the new branch. Ira A. Braden, of Hereford, has shipped his clip of wool, amounting to over forty thousand pounds, to St. Louis, where it brought from sixteen to eighteen cents.

to bring the twenty-two special trains to Detroit and back. "It is impossible to estimate what the cost will be, because we pay every detail of the dealers expenses from the time he leaves home to the time he returns there. He is at liberty to order anything on the bill, as it were. In fact, these trains are as luxuriously appointed as any special service that ever carried a coterie of railway magnates on an inspection junket." Our own Mr. Kelper is in the bunch. Mr. Lane, writing from Floyd, N. M., says: According to your statement I presume that if we are to read the Record longer you would like to see the dollar, so we enclose check for another year's sub. I note by reading your paper that there has been quite a number of changes taking place in Mitchell county since I left there, and as we have lots of friends in Mitchell county and would like to keep posted on that county and her progress, of course we have to read the Record. S. F. LANE, Floyd, N. M.

REEVES COUNTY DRY BY MARGIN OF 200

BALMORHEA DISTRICT, WHICH WAS WET, TURNS PRO BY TWO TO ONE.

Pecos, Tex., Sept. 10.—With only two small precincts unreported, and the vote of which cannot change the result, Reeves county is shown to have voted 203 dry in the local option election yesterday. The Balmorhea district, previously wet, voted two to one dry.

THE TEXARKANA BOARD OF TRADE IS PLANNING THE CONSTRUCTION OF A PUBLIC HIGHWAY FROM TEXARKANA TO DALLAS TO CONNECT WITH THE RED RIVER TO THE GULF ROAD.

What is it? The married man needs it because he is exposed to death. The single man needs it because he is exposed to marriage. A MISSOURI STATE LIFE POLICY. Surveyors are in the field for the purpose of surveying the proposed railroad through McMullen and Live Oak counties. The road will extend from Beeville west and will traverse several counties in the Neuces valley. Jesse Jones, a prominent Texas Capitalist, is financing the enterprise and it is estimated that the road will cost two million dollars.

Notice to Buyers of Lumber.

Mr. Cowan, manager of the Kelsay-Hawes Lumber Company, (A. J. Roe's old yard) has been handling over all the stock, carefully taking out all the low grades. In order to move these low grades quickly they are offering them at very attractive prices. They also have a large stock of first class lumber, shingles, posts, etc. Mr. Cowan says the stock must be reduced. Go and see him.

SMALL PRO LEAD DEVELOPS IN MAINE

NUMEROUS SURPRISES COME AS WORK OF COUNTING VOTES PROCEEDS OVER THE STATE.

NEITHER SIDE IS ASSURED

Official Canvass May Be Necessary to Determine one of the Closest Contests Known.

EARLY MORNING COUNT.

Portland, Maine, Sept. 13.—Revised returns on the question of the repeal of constitutional prohibition at 1 o'clock this morning reduced the majority against repeal to 295. The total vote stood: For repeal 60,216, against repeal 60,511.

Since 1857 Main has had a statute prohibiting the sale of intoxicating liquors, and since 1884 prohibition has been a part of the constitution. In that year (1884) the question of placing prohibition in the constitution was placed before the people and prohibition won by a majority of 45,998, carrying every county in the state.

Texas Needs Great Men

III. MISTAKES.

THE statesmen of China have fought back civilization for four thousand years and today it is the most benighted nation of the globe. The Mohammedan government ordered the world's greatest library at Alexandria burned and the followers of the prophet are to this day bound in fetters of ignorance. The dark ages were the result of nations fighting back the tide of civilization. Since the beginning of government, some of the leading statesmen of all countries have become badly frightened at the processes of civilization.

MOHAMED'S MISTAKE.

The smoke of a factory has been distorted into the visage of a terrible ogre; the whistle of a locomotive has been mistaken for the war whoop of an Indian and the approach of capital has scared many of our amateur statesmen into fighting a duel with civilization. Texas needs leaders who will not become frightened at the torch of knowledge or stampede at the forces of progress. Texas needs great men.

Nothing Doing at Gall.

Judge R. N. Grisham, the very efficient district attorney of this district, returned last night from Gall, Borden county, where district court convened Monday. The term of court convened and adjourned the same day, having no business to attend to. Judge Grisham says there was not a bill returned by the grand jury, which speaks mighty well for that county. He said rains had fallen and that the people were feeling too good to get mixed up in the turmoil of the law.

Looks Like Good Grain Crop Will be Sown.

From the information that we can gather the largest fall wheat and oat crop in the history of the country will be sown around here this fall. There is quite a demand for seed wheat and some farmers have already sown, expecting to pasture the wheat some time later on.—Roscoe Times.

Will Clayton has a service car. Phone the Rambler garage for a ride.

The Public Schools Will be Opened Monday, September 18.

The respective grades will be located as follows: First and second grades at the primary building, the third grade at the court house and all other grades at the Central Ward building.

Examinations will be given during the second week of school for pupils who failed to be promoted, but no pupil who failed in more than two subjects will be allowed to take them. No exceptions will be made to this rule, for if a child is not competent to pass on a majority of his subjects in one grade he is not qualified to do the work in the next higher, although he may have studied for a few weeks during the summer. Many parents make the great mistake of considering that they have better judgment regarding the classification of their children than the teacher has, but inasmuch as we have the children the greater part of the year, do the teaching and make the study of classification a specialty, we expect to exercise the prerogative of determining the classes in which they can do the best work.

Every child in these schools falling in one or more subjects last spring was given from one to three special examinations with the hope that they would finally pass, and having made a failure after having been continually in school, there is scarcely a possibility that they can pass an equally hard examination after having been out of school all summer, or, perhaps in some cases, having studied an hour or two per day during a part of that season. It is a serious mistake to expect of a child a higher class of work than he is capable of doing. In the first place, you do the child a great injustice; in the second place, it is absolutely impossible to maintain a system of graded schools where no standard of efficiency is maintained, and where children are promoted according to age and time spent in school rather than the amount of work accomplished or degree of efficiency acquired.

There is nothing wrong in keeping a child in one grade two years if that is where he can do the best work. There is cases where a child is not to be blamed for a failure; for instance, where they have not been allowed to attend the full term. Again, where the parent allows the child to absent himself from school for a day or two several times a month, thereby causing him to lose the connection in his various branches of study.

I hope I may be pardoned for dwelling at length on this matter of classification, for it has caused me a good deal of trouble. I am always pleased to consult with anyone regarding the classification of their children, yet I wish to have it borne in mind that each child has received my personal attention, as well as that of his teacher, in fixing his rank.

We hope that, so far as possible, all children will be put in school at the beginning, so that no one will work at a disadvantage with reference to promotion, etc.

Cordially soliciting the support of every citizen of the town, and trusting that this term will be successful in every respect, I am, Respectfully,
W. W. HART.

BIG UPTON COUNTY CASH LAND DEAL.

Local Real Estate Man Acts for Both Parties in a \$122,300 Trans. action.

W. C. Cline, of Cleveland, Ohio, recently purchased a 15,000-acre ranch down in the southwest corner of Upton county. He purchased this of R. S. Brennan at a consideration of \$122,300, and the deal was pulled off through the agency of H. N. Timms, of Midland. In signing the contract of sale both parties expressed themselves as well pleased with the manner in which Mr. Timms handled it, and both express themselves as well pleased with the transaction from every point of view.

Bob left on Tuesday night for Cleveland, Ohio, to close up the deal and get his money and says when he returns he expects to stay in Colorado and take a well earned rest. The Record believes he can rest all right with \$122,000 in the bank.

CAMPBELL-LIGHTFOOT CAMPAIGN BE UNDER SAME MANAGEMENT

EX-GOVERNOR TO BE THE SUPPORTER FOR SENATE; AFTER COLQUITT AS A RIGHT TO KNOW BY READ-

Austin, Tex., Sept. 11

Political fortunes of former M. Campbell as a candidate for United States senate, and General Jewel P. Lightfoot as a candidate for governor, in the coming campaign, will be interpreted and practically what it means management seems of the big issue of these plenty of these Campbell is not exempt; but held a name. The American citizen, accused of being unable to human intelligence to their political affairs. They are willing to drift along with this party or that, though he knows that the good of humanity is largely left out, or, if retained at all, is largely incidental. One scientist has recently said that we apply more science to the breeding and raising of a litter of pigs than we do our own posterity. Good government is not easily obtained.

"Eternal vigilance is the price of liberty." This has always been true and will always remain true. We allow our public servants to drift away from our written and adopted constitution. Even the Supreme Court, the greatest tribunal known to our constitution, is not above just criticism. We must remember that, being appointed a judge, the man is not materially changed, though his salary may be. These judges and their findings are not respected as they were in the earlier days of the Republic. Anybody can tell you why, with the possible exception of Mr. Taft. He may wake up some time in the future. He appointed several of the Supreme Court Judges. It is supposed that he had his reasons. He is a great stickler for commission reports, but there is no evidence that any commission was called on to help him find trust attorneys to be transformed into Supreme Judges. The writer don't blame him as some may. His actions were perfectly natural. He was raised that way. Then, that "judicial mind" of his was his guiding star. Supreme Judges are such by the authority of our constitution, and there is no recall. They are appointed for life and none of them die young. Mr. Taft, however, in a recent speech made at Boston, said that there was some reforms needed by the various kinds of judges, and with that "judicial mind" of his, suggested that supreme court judges should have their salaries increased to \$25,000 per year. The dispatches did not say whether this was suggested by a commission or whether it was a direct emanation from Mr. Taft himself. If it is an original thought we suggest that he at once have the same patented. It may come in handy for future use. The increase salary, it will be remembered, took place a few years ago in this state. You will remember that district judges had a salary of \$2,500 per year and the same was increased to \$3,500 per year. The argument was that the people would get a better class of judges. The facts were, as a rule, that the holding judges were reelected. Such fakes are common. The people seem to like them. Which only proves that the best of us are not more than half civilized.

There are some fundamentals we should remember: Exodus 23:8 "And thou shalt take no gift, for the gift blindeth the wise, and preventeth the words of the righteous." A special to the Dallas News, published Sept. 4th, says: "Judge B. L. Jones, of Sherman, candidate to Congress to succeed the Hon. C. S. Randall, opened his campaign here Saturday. He spoke to a fair sized audience here (Sherman) last Saturday. He was opposed to reciprocity with Canada; also the Randall bill, which seeks to prevent public servants from receiving remuneration, while in service, saying that he was a deacon in the Methodist church, and that this bill would force him to resign his office, etc. Yet this man claims to be a Jefferson Democrat, and to be a deacon in the Methodist church, etc. Well, he is another variety of the very many kinds that make up the so-called Democracy in Texas. It would seem that this Brother Methodist and Judge is out for the stuff, and he makes it public. Well, he may be an honest man; we are not his judge, and were we called upon to advise, would suggest that he read his Bible more.

These are lively and exciting times in which we find ourselves living. Graft, graft, graft everywhere. We will not stop to discuss Wall Street. It is a synonym of American graft. Wealth. "He shall live on the blood and sinews of his fellow man, if he will; and what his eyes lust for his hand shall have."

Our duty is to move forward on a

to bring the twenty-two spry to Detroit and back. "It is to estimate what the cause we pay every ers expense. The home of an all wise Creator no alluring shade; no alluring summer resort. By our actions may we be worthy of those who have gone before us, an dtrue to those who are to come after us.

Practical politics should teach statesmanship to all the voters. Soon the voters will be arranged in hostile camps. A President is to be elected in 1912. In this state we notice Harmon and Wilson clubs forming. Which will you belong to? Harmon is considered a reactionary, claiming the "sun do stand still." Wilson, on the other hand, claims "the sun do move." There are other candidates of presidential size, viz: Joseph W. Folk and Champ Clark of Missouri. There is no higher political standard developed than that made known by this ex-governor. He has physical, moral, mental and other qualifications that makes him a great leader. Champ Clark is no less qualified: backed by a sublime moral courage, he fights graft in high places as well as in low.

With such material the voters among the common people are wondering why Harmon clubs are forming in Texas. The writer of these lines has his own ideas, and believes that those who read his views can also read between the lines why there are Harmon clubs in Texas. When Judge Parker was a candidate for the Presidency he was extolled to the Heavens by the political highbrows of Texas Democracy. The sequel showed how little they knew about it. Possibly Harmon would carry Texas, but by no fat majority.

We must remember that LaFollette has a fighting chance to beat Taft for the Republican nomination, and that no stand patter Democrat can beat LaFollette. J. T. HARNES.

When the back aches and throbs. When the housework is torture. When night brings no rest or sleep. When urinary disorders set in. Women's lot is a weary one. There is a way to escape these woes. Doan's Kidney Pills should be used. Have benefitted thousands. Read this woman's testimony.

Mrs. C. Scharbauer, of Midland, Texas, says: "I consider Doan's Kidney Pills to be a very effective remedy. I suffered from a severe attack of kidney trouble and backache for several years. There was also a dull pain across the small of my back, and the secretions from my kidneys were disordered. I tried several remedies, but was unable to find anything that would give me relief until I procured Doan's Kidney Pills. I take great pleasure in recommending this remedy to anyone afflicted with kidney trouble." For sale by all dealers. Price 50 cents. SOUTH PLAINS TO COME INTO ITS OWN.

A Section of Panhandle Land Sells for \$75.00 per acre.

Recently a section of Panhandle land was sold for \$75 per acre. Ten or fifteen years ago this same land could have been purchased for \$5 per acre. A profit of \$70 on each acre of a section of land in ten years time is not bad according to our way of looking at investments, and if the party who owned it had done nothing more than keep the taxes paid, he was much the winner. The future of the Panhandle has been questioned ever since the stockman began to give way to the farmer, but so far it has grown in valuation faster than any other country that ever was settled.—Panhandle Post.

The section referred to in the above is the Faulkner place, five miles north of Plainview, which was bought this Spring by Dr. J. C. Anderson. The above paper states that if Mr. Faulkner had done nothing more than keep the taxes paid he would have reaped a rich reward. Suppose he had made no improvements and suppose again that everyone else had followed his example. The land would have been almost as low today as it was ten years ago. But he improved his land. And his neighbors, that is, some of them, improved their holdings, and you see the result. The development of agriculture and irrigation has been the cause of the increase in land values and we are fortunate in having few parasites who hold their land and depend for the enhancement of the value only upon the push, money and perspiration of their neighbors. And if we continue to develop our agricultural resources in the future at the same rate that we have in the past few years, Dr. Anderson's section, which is to be put under irrigation, and all the land of Hale county, will be worth more than twice as much in

1921 as it is today.—Hale County Herald.

And this teaches a lesson that we are but beginning to learn in the Midland country. Fifteen years ago when the above land could have been had for \$5 per acre, just as good could have been had in the Midland country for \$1 per acre, and even less. The same land has advanced to \$10 and \$15 and up to \$25 and \$35, by reason of but very slight improvement and admirable location. Development and improvement has hardly begun at all in the Midland country—mere dabs at experiment has been all.

Now, we are going to do more, much more. It is proven unquestionably that we are in the shallow water belt of the plains country. No wells of ir- rigrable proportion have as yet been tested out, and we cannot say with absolute assurance just what we have along this line. We know beyond peradventure of immense quantities of easy access, and developments are now going on, which in a few more weeks, may, likely will, be startling.

However, the future will care for itself. "The Reporter" urges the home-seekers to come now. The time will never be so opportune again, in our candid opinion. Were not our confidence of the utmost, not only would we not urge development, but we would pick up and go to a country which would give free rein to our propensity to boost.—Midland Examiner.

The same condition prevails in the Colorado country. The greatest opportunity in the west is irrigation. We have the water, and the man who puts down wells and will take care of the ten and twenty acre tracts is the man who will succeed. Mr. Doby, south of town, has demonstrated what can be done, and what has been done at Plainview can be done here.

RINGLING BROS.

World's Greatest Show Will Exhibit at Abilene on Saturday, September 30.

Announcement is made that on Saturday, September 30, Ringling Brothers' World's greatest shows will give two performances in Abilene.

As in past years Colorado will send its percentage of the surrounding country to swell the throngs. This is the greatest of America's circuses in every sense of the word, and an event not to be overlooked by the lovers of wholesome amusement.

For many years the Ringling Bros. have maintained the most popular as well as the best show. This year they are more than ever giving patrons their moneys worth. Among the many great attractions under the twelve acres of canvass are Prof. Emory's troupe of twelve baby elephants, the wonderful Schuman performing horses from the Circus Schuman, Germany, "Toque" the dog marvel of England which does a somersaulting performance on the back of a swiftly running horse, the wonderful Alex family of French aerialists, the great Croker family of Gypsy riders, the Deltorelli family of Hungarian clowns, once entertainers in the court of the Sha of Persia; the Bonsett family of Italian acrobats, the Costrellion family of Spanish Acrobats, the Hodgini family of Italian equestrians, and the 50 greatest clowns on earth.

In the managerie is found Tiny Tom Tinker, the smallest elephant ever seen in America. In all there are 40 elephants and over 1,200 other wild beasts, comprising the rarest of zoological specimens. The morning parade is the greatest street spectacle ever devised for circus purposes, are three miles of it, and every mile a mile of wonders. Ringling Brothers' Circus is 28 years old. It began its career as a one-horse affair in Barboo, Wis., when the now famous brothers were scarcely more than children. In the face of the bitterest opposition it grew into the greatest amusement institution in the world. It has offices in every capital of Europe and Asia and foreign workshops near Liverpool. It employs over 2,000 people, 1,286 of whom travel with the show.

RAMSEY CANDIDATE AGAINST COLQUITT FOR GOVERNOR

ASSOCIATE JUSTICE OF SUPREME COURT TO ENTER LISTS SOON.

CHAMPION OF THE PROHIS

Plans are Shaping in Camp of Drys to Put Out Many Aspiring Campaigners.

Austin, Tex., Sept. 7.—From a reliable source the information came tonight that Associate Justice W. F. Ramsey of the supreme court will soon be an avowed candidate for the governorship in opposition to O. B. Colquitt in his contest for re-election. Judge Ramsey was booked for a political conference with T. M. Campbell and other friends in Dallas during the early part of the week, and it is said that this meeting was for the purpose of perfecting plans for his candidacy. It is also said that the meeting of the prohibitionists at Dallas Sept. 16 will probably find him to the fore.

Judge Ramsey has been known to have an ambition to be governor of Texas for some time. In fact his name was only recently mentioned when the pro state convention met here during the session of the legislature, and at that time he spent much time at the hotel corridors shaking hands with "the boys." He has realized his ambition to be a member of the supreme court of Texas through the appointment of T. M. Campbell, and it is now said that he will aspire to the governorship at the insistence of his friends. It is also said that he will not resign as a member of the supreme court to allow Governor Colquitt to appoint his successor, but will continue on the bench during the campaign, simply allowing the Democratic party to nominate his successor, and retiring next January regardless of his success in the governor's race.

At the Dallas conference which Judge Ramsey was booked to attend, Judge T. M. Campbell was present. This was taken by many to mean that Campbell will be a candidate for the United States senate as a running mate for Ramsey, and has called up the old theory that Cone Johnson and Poindexter might both be offered places on the supreme court by the pros, one to succeed Ramsey and the other to oppose Dibrell, Colquitt's appointee. Later these two men have been mentioned as pro candidates for congressmen at large, but they might like a place on the supreme court. Still, according to the general idea at the time the pro meeting was held here, it will be remembered that Thomas B. Love, who was also in the Dallas conference, was mentioned for the railroad commission in opposition to John L. Wortham, another appointee of Governor Colquitt's.

Notice.

W. H. Gardner is now employed to weigh cotton at my cotton yard. Mr. Gardner asks that his friends bring their cotton to this yard. Honest and correct weights guaranteed. C. E. FRANKLIN, Public Cotton Weigher.

The A. N. Kellog Company, of Battle Creek, Michigan, makers of breakfast foods, has established a house in Texas with headquarters at Fort Worth. A contract has been made with a warehouse for the storage of supplies. The location of this branch was negotiated through the board of trade.

The great white rock dam at Dallas, to hold seven billion gallons, built at a cost of \$300,000 will be ready to turn over to the city in a few days. The pumping plant, the largest in the South, will cost \$175,000 when completed.

McKinney Nursery.

Fruit, Shade, Nut Trees, Grapes, Berries, Roses. Cosmopolitan magazine clubbing arrangement with 5,000 publications. The Commoner two years for \$1.00. J. T. HARNES, Agt.

The Conanche High school has decided to take advantage of the State's offer to appropriate \$2,000 a year to schools that will establish courses in agriculture, domestic science and manual training.

What Time is It!

Abstracts and Insurance.

The Guild of the Episcopal church held their regular meeting at the church last Thursday. Besides the regular business, the treasurer reported \$9.50 from the tea at Mrs. Henry Doss'. The ladies will give a tea some time this month, the place to be decided on later. The sad note of the evening was that they are soon to lose one of their valuable workers, when Mrs. Marshall moves away.

What could make a better birthday bridal or Christmas present than the Ladies Home Journal. Mrs. A. L. Whipkey, agent. Phone 157.

Sacred Concert.

As a fitting climax to the union meetings that have been held at the tabernacle during the last three months, in such harmony and Christian fellowship, the choirs of the different churches gave a splendid sacred concert last Sunday night. The noble service breathed of praise and adoration, and showed that not only had much thought and preparation been given it, but that a spirit of love and good fellowship prevailed that will bring up many pleasant memories.

The first number on the program was a treat of itself—a sacred melody of the orchestra. As the first notes of the orchestra, composed of Messrs. A. J. Payne, Chas. Jones, Lee Jones, Canute Bloom and J. B. Annis, struck up the dear, sweet song of "Joy to the World," till the last sweet strains of "Crown Him Lord of All," the audience was entranced. We have always felt proud of our orchestra, but they seemed to more than do their best on this occasion. In fact, it was all splendid. The little children in the "Glorious Song" was much enjoyed, as children's singing always is. The solo given by Mrs. Brooks Bell was appropriate, and sung in her own sweet style. "He Knows," sung by Miss Mary Coe, with Mrs. Sam Majors accompanying, was especially pretty and comforting, and sung so distinctly that the hearers could catch every word.

"Jesus, Lover of My Soul" was sung as a duet by Miss Elsie Hooper and Rev. W. M. Elliott, with the choir joined in on the course in a manner that made one feel the presence of the Refuge indeed, and that the singers felt the inspiration of this glorious, old, but ever new, song as they sang it.

Miss Lucile Rogers, of El Paso, but who was reared here, delighted her friends by singing The Vespers Prayer in a very sweet, simple manner.

Dr. A. H. Weston's address on "Music: its Influence and Associations," was given in the Doctor's own individual style, and he made a strong appeal for the old-time songs. He gave, from his own experience, of the many times in his life of hearing the songs his mother sang in his childhood keeping him from yielding to temptation, or, if he yielded, the power they had to drive him to the true confession. He said that if all the old songs were swept into oblivion and only one remained, let it be "Praise God From Whom All Blessings Flow."

As the choir sang so sweetly the "Good Night Song," we felt that we voiced the sentiment of the pastors and the congregation when we asked these good ladies who so ably managed this concert, to give us one of like manner at least once a month during the winter months.

Watermelon Party.

The little Whipkeys of the Record force of "The Tribe of Abraham," entertained with a watermelon party last Saturday from five to seven.

They wanted to have one good time before going to jail (school) and invited all their friends they could think of to help them play games and eat the nice juicy melons, that only Mitchell county can produce and only Mitchell county children know how to enjoy. About a load of melons were secured, and at the proper time these little children were turned loose on them. Master Robert received the guests in a new watermelon suit made for the occasion—a roomy pair of rompers with two sets of button holes in the belt—and told them to go on the shady side of the house, where many interesting, and we suspect the neighbors thought, noisy, games were enjoyed. Master Stansil and Robert and little Miss Lois were assisted by their big sisters and uncle and auntie in the entertainment and serving. If a good time is to be judged by noise and the amount of watermelon juice running down chins, these youngsters had a good time.

Married.

Sunday, August 10, 1911, it was my appreciated privilege to preach for the good people of Plainview.

Just following the sermon I was invited out in front of the house where I met Mr. J. E. Shelton and Miss Emma McDonald, who asked that I give them advice in regard to marriage vows. This pleasant duty had scarce been concluded when Mr. M. F. Shaw and Miss Eula Adams appeared on the scene, manifesting a very strange desire for the same instructions, whereby they too might steer clear of the breakers of the sea of life.

Now may I indulge the hope and breathe a prayer that they, two and two, may have many pleasant dreams and happy days, ere the Master shall say come sit ye here where the anxious cease from traveling and the weary are at rest.

R. W. THOMAS.

Will Clayton has a service car. Phone the Rambler garage for a ride.

Swimming Party.

Mrs. G. D. Adams greatly endeared herself to her class of boys in the Sunday school by giving them a swimming party Tuesday afternoon. Each boy was invited to her house and told to bring his swimming suit. They came. The large cement pool in the yard had been filled for the occasion, and each boy told to don his suit and jump in. They were not long in obeying, if all their suits were not of the latest fashion. The boys enjoyed all the stunts that a boy can improvise upon such an occasion. After they had splashed to their hearts content they were served to their fill with nice watermelons, and each felt more in love with his teacher than ever.

Among the Churches.

At conference last Sunday Miss Vera Cooper was elected organist for the Baptist.

All the pastors of the different churches are back from their vacations and filled their regular appointments Sunday morning.

The Baptists are to have Rev. Geo. Truett, of the First Baptist church of Dallas, to conduct a series of meetings for them some time in October.

Thursday at the regular meeting of the Ladies Aid of the Baptist church, the following officers were elected: Mrs. H. B. Smoot, president; Mrs. A. L. Whipkey, vice-president; Mrs. G. D. Adams, secretary; Mrs. J. L. Shepherd, treasurer and corresponding secretary. A committee was appointed to round up the collections for the Association's Missions. Mrs. Sallee, one of our missionaries to China, who is at home on a furlough, and who is in this part of the state, was invited to give an address on the work there. The address was delivered at the Baptist church last evening, and was a treat for all interested in that country. A box valued at \$129.75 was packed for Buckner's Orphan Home. Nearly all the garments were new and well made, and lots of loving stitches in hand work were seen on many of them as a token of mother love for those dear children. Besides these garments there were a number of quilts to keep them "comfy" while they sleep. These good ladies have the satisfaction of knowing that quite a number of the little ones will have new dresses for the first day of school.

On last Thursday the Ladies Missionary Society closed their year's work with good reports from all the officers, at the residence of Mrs. A. J. Coe. The year book committee, Mesdames Harness and Broadus, made a report on the course of study compiled for the next year and it showed an interesting and profitable course of study. The committee was given an unanimous vote of thanks for their splendid work. The following officers were elected for the ensuing year: President, Mrs. Eugene Pond; vice-president, Mrs. R. A. Jeffress; secretary, Mrs. Chas. Goodwin; Treasurer, Mrs. W. W. Porter. These ladies will commence their regular aid work this week, as they had adjourned during the hot weather months. The meeting this week will be with Mrs. Sam Majors. Mrs. R. E. Bean was received into the membership of this happy working body. After the working meeting the hostess served delicious lemonade and cake.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

Mrs. Will Morrison entertained very prettily on Monday afternoon in honor of Miss Lois Prude, with a "St. Mary's Party."

The color scheme was the colors of St. Mary's College. The score cards were cute little penants. There were five tables of players, and each one had a royal good time. The out-of-town guests were Mrs. Wascom, of Dallas; Miss Lucile Rogers, of El Paso; and Miss Daniel, of Merkel. The honoree received a lovely pin as a souvenir of the occasion. The guest prize was also a beautiful pin, won by Mrs. Wascom. All the girls cut for the other prize—a handsome scarf—and Miss Joannette Earnest was the lucky winner. Delicious ice cream and cake was served as refreshments.

A Pointer for Insurance Men.

Monday of this week, M. K. Jackson, District Manager for the Missouri State Life wrote one man for a policy for \$20,000. This editor saw the application and the settlement for it. The annual premium was about \$800. Jackson says it is a direct result of the ads he has been running in the Colorado Record.

Out of an agency force of more than 300 in 1910 at the close of the year Mr. Jackson was No. 10. At the close of 1911 he hopes to be still nearer the top.

The First Christian Church.

With the union services over we begin next Sunday to have both the regular services, and we have the promise of special music. The whole membership is urged to be present at all services next Sunday, and let us all start in together for a great campaign this fall an dwinter.

Sunday morning the theme will be "The Power of Simple Kindness," evening the theme will be "Masters and Servants." If there are any labor organizations in Colorado they should hear this sermon; it treats of how to harmonize labor and capital. All are cordially invited.

M. S. DUNNING.

Methodist Church.

The usual service will be held next Sunday.

Preaching at 11 a. m. and 8 p. m. Sunday school at 9:45 a. m., Prayer-meeting Wednesday evening at 8 o'clock.

As there are only six more Sundays in this conference year it is the earnest desire of the pastor that these remaining Sundays may be the best and most fruitful of the year. Let all the church, as far as possible, be present, and by their prayers and sympathy, help to secure the desired result.

W. E. LYON, P. C.

Joe Smoot and Cary Prude left this week for Sherman, where they will reenter college.

City Council Proceedings.

The city council met in regular session Tuesday night with Mayor C. M. Adams and Aldermen F. M. Burns, W. H. Moeser and Solan Cowan present. Minutes of previous meeting read and approved.

The fire plug order in July was received and placed near the Franklin cotton yard. The wooden building in the Lasker block in the rear of Roy Dozier's barber shop was ordered moved by the city marshal.

The secretary was instructed to enquire into the matter of the franchise of the Southwestern Telephone Company.

The matter of having the water cut off from the well at the light plant was passed.

Messrs H. Broadus, W. D. Fox, John Hays, C. H. Nelson, Arthur Taylor, J. M. Terry, L. B. Paschall and Henry Hill each paid a \$2.00 penalty for not working the streets when warned out. Alderman C. H. Earnest, as alderman, offered his resignation, which was tabled.

A petition from the colored folks was read, asking for a foot bridge across Lone Wolf Creek, south of the railroad bridge. The bridge was ordered built.

Marshall Ayers salary was fixed at \$60 per month. Half of it is for city marshal and half for street commissioner.

The tax levy for 1911 was fixed as follows: 25c for general fund, 25c for street fund and 15c for road and bridge fund, making a raise of 10c on the \$100 valuation over last year.

Bills were allowed as follows: C. H. Lasky, \$1.65; F. S. Keiper, \$1.10; Doss & Johnson, \$1.10; J. S. Vaughan, \$36.90; W. M. Cooper, \$4.50; R. M. Webb \$16.00; Whipkey Printing Company, \$27.60; W. L. Delany, \$44.72. All bills paid by the council were then ratified by the council.

Council adjourned.
