CITY COUNCIL MEETING.

The City Fathers Work While Other People Sleep.

Mayor Adams with Aldermen Burns, Mooser and Cowan present. Minutes of last meeting read and approved.

City Marshal made verbal report regarding oil house, etc.

The franchise tax regarding the Southwestern Telephone Company was passed to next regular meeting.

The new Lone Wolf bridge was accepted and paid for.

The fire company was instructed to test the new fire plug at the corner of Second and Cypress streets, by comparison with the other plugs.

A meeting was called for Monday night, the 16th, to confer with Robt. M. Webb about a number of fire plugs.

The resignation of Judge C. H. Earnest as Alderman was accepted.

A number of small bills were then allowed and ordered paid, when the council adjourned.

Rally Day.

Last Sunday was rally day for the Baptist Sunday school, and it was indeed a success. The superintendent and assistant superintendent welcomed the children in their most hearty manner and each one felt that a special effort had been put forth on the day of days, when he beheld the banners with their appropriate mottoes at the different classes, and a beautiful National flag draped over the piano.

It was a lovely sight to see the little folks (and we were all little that

day) come marching in and take their places. The day was not over pleasant, but that did not matter; they came anyway, and were happier for making the effort. The program was one of songs, talks by pastor and superintendent, responsive readings and roll call of each department. As each department was called they responded with verse of scripture in the nature of a vow, which was very impressive and if lived up to the Sunday school will not need anymore rally days. The members present were two hundred and eighteen, and seven dollars were collected, besides the regular birthday offerings, which go to Buckner's Orphan Home.

This is the season of the year when you are hunting for bargains. Burns & Bell with their page ad this week ask that you come and see their bargains. These people have an immense stock of the latest goods, and take a whole page this week to tell you about it. Read their ad, compare, and make a visit to their store. It will pay you to go and look, whether you buy or not.

Mr. B. F. Johnson of Fort Worth, representing the Commercial Secretaries Association of Texas, was in Colorado this week in the interest of the organization and seeking to get Colorado back in line with the work, and to revive the local Commercial Club and its work for the town.

A sugar mill has been built at Harlingen by Lon C. Hill. It is estimated that the mill will grind sixty thousand tons this season, and has a daily capacity of six hundred tons.

The store of S. N. Sherwin & Son was entered by burglars some time on Wednesday night, by means of breaking the glass in one of the front doors, and a number of window curtains were taken. Nothing else so far has been missed. There is no clue as to the identity of the parties.

The white rock dam has been completed at Dallas after nineteen months work. This will give Dallas a 20,000,000 gallon daily water supply.

The Fort Worth Southern Traction Company, with a capital stock of \$1,500,000 has been incorporated. The purpose of this company is to construct an inter-urban line between Fort Worth and Cleburne. The incorporators are G. H. Clifford, W. C. Forbes and W. A. Hanger, all of Fort Worth.

The Houston Gas Company will make improvements on their plant which will cost approximately one thousand dollars.

The Texas Commercial Secretaries and Business Men's Association will hold their annual meeting in Dallas on October 5th, in the auditorium of the Dallas Chamber of Commerce. All matters of material interest to the development of the state will be discussed and an interesting and instructive program will be carried out.

Longview is making street improvements that will cost approximately Sixty thousand dollars.

Record and Dallas News \$1.75.

Burns & Bell, the big dry goods people of Colorado, are offering, in their page ad this week, some very enticing prices. We would suggest to the Record readers that they read this ad very carefully, and then go to this big store, inspect their goods and prices. This will cost you nothing, and if you decide to purchase your fall bill of them you will save money on it.

THE ONLY GUARANTEED MATTRESS SOLD IN THIS TOWN

It's the **SEALY TUFTLESS MATTRESS**

There are other mattresses sold as cotton, but we know of no other with which you are offered a signed GUARANTEE that it is real cotton. There are other tuftless mattresses but no other is GUARANTEED against becoming lumpy or bumpy in 20 years use. There are other mattresses advertised for comfort, but the Sealy allows 60 nights' trial to prove its comfort. Three Good Arguments

In Favor of the Edison Mazda Lamp

1. —It is strong enough to withstand ordinary usage.
2. —It gives twice the light of the ordinary electric lamp.
3. —It furnishes the nearest approach to sunlight obtainable from an incandescent lamp.

The new drawn wire tungsten filament makes the new Edison Mazda Lamp particularly adapted for use in factories, stores, offices and residences.

Come in to-day and let us demonstrate.

Be Happy!

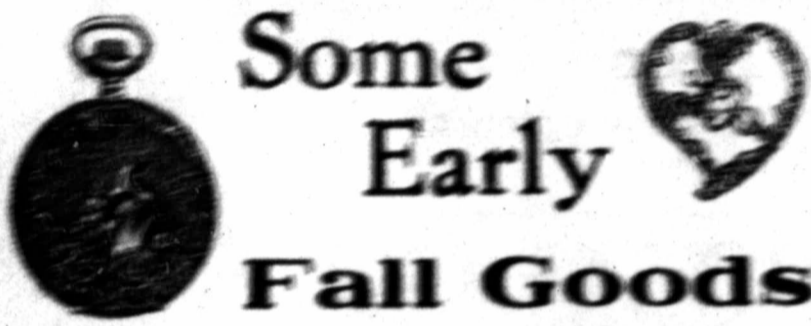

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic so quick as good as Cardui. I used it with the very best result. I had headache and nearly everything a woman could suffer with, until I took Cardui. Now I feel better than I have for two years. I still always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today."

Thomas Baptists—Catechism—Mrs. A. L. Whipple.

Prayer—Miss Mission—Mrs. G. G. G.

Talk: The Meaning and Importance of Association Missions—Mrs. H. H. H.

Talk: Our Missionary Policy—Mrs. G. G. G.

Talk: Evangelistic work—Mrs. G. G. G.

Talk: How the Home is Handled—Mrs. J. E. Hooper.

Closing Prayers—Mrs. H. H. H.

CLUBS.

The Day View Club has string with Mrs. E. Carter. As several members were absent on Monday, a social afternoon being enjoyed. The club are the Day View Club of England and Illinois and are looking forward to an interesting year's work. Mrs. Carter, as usual, had something good to eat, and all felt it was good to be there. Mrs. John Deane is business this week.

The Standard met with Mrs. Smart and had an unusually fine meeting for the beginning of the year. The roll call, current events, was very interesting. This was followed by the president's address, Mrs. Smart holding that office this year. Her speech was beautifully prepared and delivered, and full of good thoughts for club women. Mrs. Smart gave a lovely reading, "Talk Happiness," and as this is exactly what Mrs. Smart does the talk was singularly appropriate. Mrs. Smart gave a very interesting address, "Habit Formed as Habit," by Artemus Ward. The constitution and by-laws were read, and this concluded the program. The Junior Standard came in for their social hour, they and Mrs. Webb being the guests. A tempting refreshment course was served and a happy reunion enjoyed. Mrs. Tom Taylor is business next Friday.

The Junior Standard met with Mrs. Edna Hooper and began their Day View study of Holland. The roll call was current events, and, of course, proved very new. The president, Mrs. Thomas, instead of delivering an address, read an exceedingly interesting letter from Miss Eleanor Coleman, written from Amsterdam. Mrs. Hooper had an interesting paper upon the great names of Holland. The Juniors joined their mothers for the social hour, and all closed this most pleasant afternoon together. Colorado should send literature from every part. Four clubs are studying Shakespeare and the splendid Day View course.

The C. S. B. Meeting.

The C. S. B. met Thursday with Mrs. Ben Morgan and in spite of wind and rain a large number of women were present and a happy and interesting time. Each member of the organization represented some foreign country, and the roll call was new to these countries. This month is more helpful and interesting. Mrs. Broadbent had a very fine paper upon the need for prayer. Mrs. Eugene Bond had a fine paper upon increase in membership. Mrs. Majors gave a lovely piano solo. Mrs. Clara Goodwin had paper upon the importance of using the Missionary Tidings, and she certainly convinced her hearers that they should study their church literature. Mrs. Price told of the ideal Auxiliary, every member of the church a member, every member a worker. Mrs. Brown made all think in her beautifully prepared article, "If—" a meditation. After the benediction a delightful social hour was enjoyed. During this time a delightful refreshment course of home made ice cream and cake was served. There was present as guests, Woodman Robinson, Alvin, Super, Frank, Alvin and Edward. The meeting in November is with Mrs. Price. This is the first Thursday.

The G. F. C. were most pleasantly entertained last Thursday by Miss Edna Thomas, four tables being filled with enthusiastic players. So prizes were given, but the afternoon was just as enjoyable as if there had been. A refreshment course of delicious ice cream and cake was served. These young ladies have met regularly each week now for several years, and their social club has proven one of the most pleasant things for the winter.

We have everything in the vegetable line. Give us a trial.

Mail Order

Versus

Home Patronage

We announced last week that we could and would meet the mail order houses on their own ground and fight them with their own weapons, and only asked that you come in and let us demonstrate our claim. Bring your mail order house catalogues and let us compare quality, dimensions, etc., as well as prices.

Several parties did come; some bought and others had the goods put away until they had the cash to pay for them. They were convinced that we could do what we claimed. Notice the following prices on a few standard articles. Note the prices we are compelled to charge by the credit system and the prices at which we can sell for the spot cash.

You know what Hodges' Wool and Fibre Art Squares are. It is standard stuff. We make this offering:

	Credit Price	Cash Price
12x22 Wool Art Squares	\$18.50	\$14.35
12x22 Fibre Art Squares	16.50	12.90
12x22 Wool Art Squares	22.50	10.40
12x22 Fibre Art Squares	11.50	9.35

Compare these prices with those of the mail order houses and see if we do not meet them.

Note the following prices on Library Tables:

24x48 Solid Early English Oak Finish, with drawer, and book shelf underneath, credit price \$11.50, our cash price is	\$9.45
24x48 inch Solid Oak, early English finish, Library Table, same as above, credit price \$9.50, our cash price is	\$7.45

Collapsible Go-Cart, full tickle finish, sold everywhere at credit prices for \$11.50, our cash price..... \$7.35
Collapsible Go-Cart, enameled black finish, sold everywhere at credit prices for \$8.00; our price..... \$6.90

These are just a few of our prices on articles whose price everyone knows. In buying of us you run no risk of breakage or damage in shipment. We put them in your home anywhere in the town of Colorado. Watch this ad next week for other prices. In the meantime come in to see our stock and learn our prices.

Very truly yours for Business,

Hesperian Club Reception.

Friday from six the Hesperians most hospitably entertained their friends at the home of Mrs. Hart. Each club member had a guest and they all spent a most pleasant afternoon.

The roll call was vacation reminiscences, and each had something interesting to relate. Misses Doss and Ratliff gave such a beautiful piano duet that they were persuaded to respond to the encore.

The retiring president, Mrs. Shepherd, gave her valedictory at this point. It was a thoughtful, beautifully prepared address, interspersed with wit enough to drive the thoughts home.

The presidents greeting, Mrs. Majors, was most appropriate and expressive of high hopes for the future of the club, with the co-operation of the members. She made all feel that they can conquer who think they can. Mrs. Hazzard gave a lovely vocal solo. Mrs. Merritt in a club retrospect and prospect briefly reviewed the work already accomplished, and painted a bright picture of the future for the Hesperians. Miss Stoneroad introduced Miss Lone Dulaney, of Sweetwater, who gave two instrumental solos. Miss Dulaney is an accomplished musician and her playing was greatly enjoyed. This closed the program. A refreshment course of ice cream and white and caramel cake was served by the young ladies and the hostesses.

Among the guests present was Mrs. Ford, of Sweetwater, Miss Ellis, Miss Dulaney, of Sweetwater; Mesdames J. P. Majors, W. V. Johnson, Boren, F. B. and A. L. Whipkey, Radford, Spruill, Donaldson, Byron Byrne, Barcroft, Pierce, Henry Doss, Jas. T. Johnson, M. K. Jackson, Roundtree, Coe, Bravis Coe, Vivian Shropshire.

Baptist Church.

Regular services will be held at the Baptist church as follows: Sunday school 9:45. Preaching by the pastor at 11 a. m. and 7:30 p. m.

We have just closed our associational year, and the Lord has graciously blessed us in every department of our work. We closed the year with the finest report in the history of the work in spite of the fact that we have lost a number of our strong financial supporters.

It is the earnest desire and prayer of the humble pastor that more of our people be enlisted in the Master's cause during the coming year. Let's rally ourselves and during the coming year attempt great things for God an expect great things from him. Our people would love our God more and serve him better if they would attend regularly upon the church services. Let's all do our best, the Lord calls to faithfulness.

Yours in His service,
 B. BROOME, Pastor.

OVERTAXED.

Hundreds of Colorado Readers Know What it Means.

The kidneys are overtaxed; Have too much to do; They tell about it in many aches and pains—

Backache, hip pains, headaches, Early symptoms of kidney ills, Urinary troubles, dropsy, Bright's disease follow.

The statement below shows you how to avoid them.

Mrs. C. A. Millikin, of Merkel, Texas, says: "My opinion of Doan's Kidney Pills can be expressed in a few words. They are the best remedy that I ever used during the fifteen years with the kidney secretions. My back ached constantly and if I sat for any length of time, I had difficulty in getting up. I finally procured Doan's Kidney Pills and since using them, I have felt better in every way. My rest is refreshing, my appetite has returned and my entire system has been toned up."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents of the United States. Remember the name—Doan's—and take no other.

Birthday Party.

Friday was Master A. F. Curry's fourth birthday, and as he decided he was getting "most grown he had better" vite his Sunday school teacher and the class to which he belonged and have a party with everything that went with a birthday celebration. So the little guests were invited, the birthday cake with four candles prepared and when the appointed time arrived and the children were on hand, each with their pretty little gift, games were played out in the yard. Mrs. Floyd Beal assisted Mrs. Curry in entertaining the youngsters. After a little while ice cream with lady fingers and macaroons were passed to everybody by Master McCall Merritt. When the refreshments were disposed of more games were played before the good-byes were said. It certainly was a nice party and everybody had a mighty nice time.

Cuthbert Cullings.

Claude Womack, presshand for the Cuthbert gin, happened to a very painful accident last Tuesday. While helping put a bale of cotton on a wagon, he fell across the wagon and the bale fell upon him. He was able to go back to work again Thursday.

D. T. Bozeman brought out 1000 lbs. of telephone wire from Westbrook last Saturday. We are now awaiting the arrival of some porcelain insulators to begin work on the telephone lines which will bring in 12 or 15 more subscribers.

Bro. Shaw preached at the Cuthbert church last Sunday. There was a large crowd present. The regular quarterly conference was held also.

Nollia Smart and wife of Admiral, Texas, are visiting Mrs. H. R. Rogers. SI SLOCUM

FOR SALE—A good four-room house and lot, on Cypress street west of court house. Cheap for cash. Well improved. See 10-13-c MRS. ROSA GOODMAN.

The Daughters of the Confederacy met Monday with Mrs. John Doss in her new home. A goodly crowd was present and much business was transacted. The committee on marking the graves of Confederate veterans reported the purchasing of ten markers, which will be placed the first of November. It was decided to send a thanksgiving box to the Confederate Woman's Home. This was the day for the election of officers. Mrs. Merritt was re-elected president. Mrs. Reese first vice-president, Mrs. Haley second vice-president, Mrs. Loony third vice-president, Miss Dry recording secretary, Mrs. Annis corresponding secretary, Mrs. John Doss treasurer, Mrs. Shepherd historian, Mrs. Smith custodian, Mrs. F. B. Whipkey registrar. During the social hour delicious ice cream and wafers were served. The November meeting is with Mrs. Gustine, who resigned from the chapter, but insisted upon entertaining the Daughters once more. It is hoped that at this meeting she will decide to return to the fold.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

Lunch.

The East and North East circles of the Baptist Ladies Aid Society will serve sandwiches, pie and cake and Sandborn coffee next Saturday at the Colorado Mercantile Company store. All the papas that have to look after the children at the circus, are invited to eat with them.

WINSTON NEWS.

Cotton picking is the order of the day.

We had a cool norther which was fine for the farmers. Quite a crowd from here attended the funeral of Mrs. John Griffin at Loraine, Sunday.

A. J. Mahoney and Miss Tessie Zorn were quietly married at Snyder Tuesday. We wish for this young couple a long and prosperous married life.

Mrs. Wenken and Mrs. Mahoney visited Mrs. Beal Monday. Edgar Ward and Miss Blanche Wenken attended singing here Sunday.

Miss Emma Wimberly of this community is visiting at Snyder. Little Oscar Norman is quite sick at Mrs. Mahoney's.

E. P. Kuck and wife attended the Roscoe fair. Miss Marchie Narrell is attending school at Loraine.

Mrs. Alfred Hallman is on the sick list.

Mrs. Sallie Baker visited her mother Mrs. Haggerton.

Rev. Leslie filled the pulpit at Pleasant Ridge Sunday.

Mrs. Osteen has relatives visiting her from Austin.

Ed Mahoney and Owen Leggett attended the party at Mr. J. W. Turners at Wastella Saturday eve. SUNSHINE.

Safe Food for the Little Ones

The delight of children is pastry, cookies, cakes, doughnuts, and other dainties, in many of which a cooking fat is used. Lard is risky; it is simply hog fat, sometimes impure, often indigestible. To use butter is expensive and often impracticable. However, Cottolene—the pure vegetable-oil cooking fat—can be used in every way the same as butter or lard; it makes light, digestible, healthful food, and at less expense, too, one-third less being required than of either butter or lard. If you value the health of your children, shorten their food with Cottolene.

LORAIN LOCALS

Brief Mention of the Week's Happenings at Busy Town of Loraine.

Mrs. Blankenship and daughter, of Stanton, are the guests of her son, A. G. Blankenship. They will probably spend the winter here, and may locate permanently at Loraine.

W. R. Davidson has just completed improvements on the John Mahon place two miles north of town. These improvements represent an expenditure of about \$600.

M. K. Jackson, of Colorado, was here Tuesday.

B. P. Myers, of Kansas, a brother-in-law of Mrs. W. E. Erwin, has been a delighted visitor in Loraine for the past two weeks. The fleecy staple was a novel sight to Mr. Myers, it being the first he had ever seen growing.

The four-year-old son of Mr. and Mrs. W. R. Griffith, who lives six miles north of here, died of diphtheria last Saturday and was buried in the Champion cemetery last Sunday.

Mrs. A. L. Whipkey was among the Coloradans who attended the association last week.

Drs. B. F. Chambers and T. A. Martin attended the Mitchell county Medical Association at Colorado last Monday.

Miss Carrie Miller, representing the Girl's Industrial Home of Abilene, lectured at the Zellner school house last Sunday night. A large crowd of young folks from town attended and report an enjoyable time, an interesting lecture and a neat subscription secured for the home.

It is rumored that a new Baptist church will soon be erected in the Zellner community.

Mr. and Mrs. Matthews, of Sweetwater, were the guests of Mr. and Mrs. V. D. Payne for an outing on the Champion last Saturday night and Sunday.

Miss Marie Marier is visiting relatives in Toyah and Van Horn this week.

Mrs. T. R. Wallis went to Big Springs Saturday night to attend the meeting of Evangelist Lockett Adair.

W. A. Adams leaves tonight for Dallas to take in the fair, and will return via FortWorth where he will visit his wife and babies.

H. E. Standifer has returned from a business trip to Barstow and Pecos.

President Standifer, of Simmons College, made an interesting address during the meeting of the association here, and submitted a report on the work and progress of that institution.

The members of the Baptist church of Loraine are grateful to our citizens for the hospitable manner in which they throw the doors of their homes open to the visitors and delegates.

Robt. M. Webb and wife and J. E. Hooper and wife, of Colorado, were among those who attended the meeting of the association here last week.

J. H. Peters, of Ruby, was a visitor to Loraine this week.

N. L. King was here from Dallas this week on a business trip.

A. D. Leach was here this week from Colorado.

Farm Home Burns
 The farm home of J. T. Robinson was destroyed by fire last Tuesday morning at seven o'clock. The family had breakfasted and all gone to the fields when the house was discovered in flames. They reached the scene just in time to save a few things out of one of the rooms.

Mr. Robinson says he has no idea how the fire originated unless it was from the kitchen fire. He carried no insurance, and the loss falls rather heavily. His home was four miles west of town. A subscription was circulated and about \$75 contributed by our liberal hearted citizenship.

Mrs. Petty Entertains.
 Mrs. W. L. Petty entertained the little folks on October 5th in honor of her two children, Lewis and Elma.

The birthday table was beautifully decorated, the color scheme being pink and white. Ice cream and cake were served and the little folks enjoyed themselves to the limit.

About twenty little guests were present besides the members of the family.

Mrs. Griffin Dead.
 Mrs. Francis Armenta Griffin died at her home near here last Friday night. Her remains were buried in the Loraine cemetery last Sunday afternoon. Rev. G. C. Ferris conducting the services.

Mrs. Griffin was born in Daveston, Alabama, December 29th, 1859, and was married July 9, 1882. In August, 1884, she united with the Baptist church, and has lived a life of unflinching devotion to the church and home.

Her father died when she was only two years old, and she is survived by an aged mother, husband and four children to whom the condolence of the whole community is extended in this the saddest hour that comes to a home.

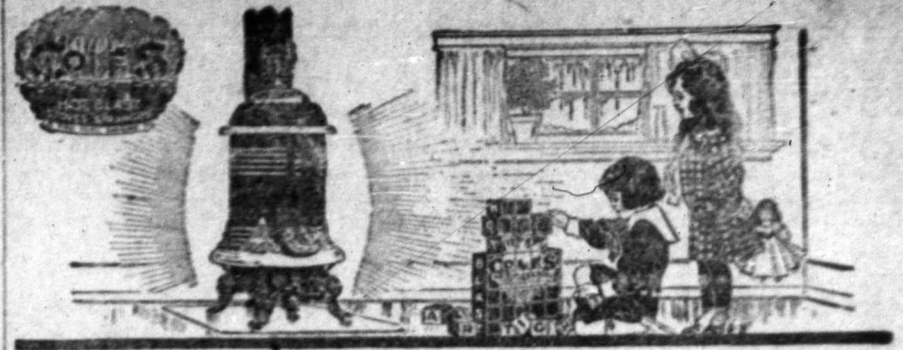

Death of J. N. Groves.
 Although it had been known for several days that the end was near, a pall of sorrow spread over our town last Sunday night when the announcement was made that J. N. Groves was dead. Mr. Groves had only been a resident of Loraine a few months having moved here late April when his son took charge of the hotel, but during his sojourn among us he drew many warm friends to him who admired and loved him for the grand and noble man that he was.

James Nelson Groves was born near Springfield, Illinois, in 1842, and came to Texas at the age of nine years. He was married September 12, 1886, to Miss Harriett Parks. Nine children blessed this happy union, eight of whom—six sons and two daughters—survive him. In early life he was a member of the Cumberland Presbyterian church, but moved to a community where there was none and joined the Methodist church and for twenty years preached in that church, and was at his death still a licensed preacher. Old age and bad health caused him to give up his work in the ministry. He leaves no brothers or sisters, being the last of his family to answer the great summons. When he knew the end was near he called his family around him and bid them goodbye and told them he was ready to go.

The surviving members of the family besides his wife, are: W. L. Groves, E. M. Groves and Elga Groves, of Broomfield, Terry county; Dick Groves, of Loop, Gaines county; Alvin Groves, of Fort Worth; Bunk Groves, of Loraine; Mrs. Ola Smith, of Brownfield, and Miss Maud Groves, of Loraine. To this sad and stricken family the heartfelt sympathy of our entire community goes forth.

Warm Floors and Healthy Children Make Happy Homes

There is no better way for you to avoid worry and expense than by insuring your children's health.

Warm floors in the home, which is the children's play house in winter, are assured when using Cole's Original Hot Blast Heater.

The steel base and body construction allows the heat to be radiated to the floor keeping it warm during the coldest weather.

Cole's Original Hot Blast Heater
 The Cleanest—Easiest to Care For

Burns Soft Coal, Lignite, Hard Coal, Crushed Coke, Wood and Cobs.

Users of coal must remember that the ordinary heater is a big care to operate. That its smoke and ashes entail dusting, curtain washing and carpet sweeping. Think then of the ease of operation and the cleanliness of Cole's Hot Blast.

Cole's Hot Blast has a guaranteed smoke-proof feed door—open the feed door and the current of air draws the smoke directly across the top of stove to the stove pipe—away from the opening. Contrast this simple, cleanly feed with the side door in an ordinary heater. The side door used on other stoves permits escape of dirty smoke, unpleasant gas and accumulated soot drops from it. If you overfill a side door stove, coal falls to the floor. And note this, you cannot make a side door heater air-tight—an everlasting advantage in favor of Cole's Hot Blast which is air-tight and guaranteed to remain so always.

No fires to build—the fire is never out in this remarkable heater from fall until taken down in the spring.

Better select one today—surely it is the heater you need—

TEXAS TENANT FARMERS ORGANIZE Sending Delegates to State Meeting at Waco, October 31.

(By W. P. Connelly.) Austin, Tex., Oct. 2.—The question of "Landlords and Tenants" has of late been a fertile topic of discussion in the farm papers. It is recognized as a very important phase of the much-discussed subject of "Conservation," which, with relative subjects, was the theme of the National Conservation Congress recently held at Kansas City.

That there is something radically wrong with our farming methods and that this wrong contributes to the high cost of living, has been growing in evidence.

Our crude methods of cultivating the soil were criticised at Kansas City—methods by which the lands have been robbed of their virgin fertility, as indicated by the decreased production. Many related topics came in for attention, and many wise and proper suggestions were made; but, as a rule, rather superficial in nature, not going very deeply into the underlying causes that produce the effect noted. The subject of land speculation, and the relation of landlord and tenant were scarcely alluded to.

"A tenant on a hundred acres with a single team, one or two cows and a dog, can exhaust the soil croppings, but cannot farm." Thus tersely did a Texas farmer and able writer on agricultural subjects state the truths that go to the bottom of the evils of present day farming methods in the South. Persistence in this system of "cropping" instead of farming means practical impoverishment, at no distant day, of both country and town.

The statesmen and scientists assembled at Kansas City correctly insisted on putting in practice many good and needful things. Crop rotation; live stock feeding on the farm (to promote fertility of the over-cropped soils); good roads; good schools, more amusements for the country folks, to make country life attractive circulating libraries; shorter work days; more holidays and more opportunities for cultivating the social, mental sides of men, women and children; these and kindred suggestions were plentifully made. But the question of means by which the farmer, more especially the tenant farmer, may be able to put these glorious means into practice, the orators of the great conservation Congress left untouched.

Can tenantfarmers, subject to the present and growing exaction of the land owners, put into effect these very desirable reforms? Is it practical even for the land-owning farmer to do it?, with over half of his neighbors poor tenants, struggling for the necessities of existence?

A recent Texas writer on this subject of landlord and tenant has suggested that the state should regulate the conditions of land tenure by a code of laws, as is done in some of the countries of Europe. But such a suggestion presupposes an established land-owning class on the one hand, and an equally firmly disestablished land tenantry class on the other—a system of things that will yet hardly be tolerate in Free America, where the average man is supposed to be possessed of a chance to own a farm, improbable as that may seem to be for the great majority, at least, in view of the rapid march toward concentration of ownership in fewer and still fewer hands.

The result of tenant farming is not farming, but "cropping." Farming, in the true sense of the word, means the accumulation, year by year, of values that are more or less permanent,

or at least not annually cashable, and includes the storing of elements of fertility in the soil. But this is not practicable under the tenant system of the South, with the insecure land tenure now in vogue. The tenant has no interest in the accumulation of property not cashable on short notice, or in crop rotation, fertilization or anything except "cropping," and that by a method that saps the soil of what virgin fertility he finds it to contain.

The landlord, too, is usually indifferent to these same needs of his lands, his purpose in their ownership usually being the annual returns from the tenant's operations.

Thus, more than half the actual tillers of the soil in Texas being tenants, the question of "Landlord and Tenant" is correctly attracting considerable attention. In its consideration there may be said to be three parties at interest: the landlord, the tenant and the public as a whole.

The public are interested vitally, because the high cost of living, so acutely felt these days, stands directly related to the question of increased or decreased productivity of the farms. The interest of the other two parties named is too obvious to need further mention.

The subject of landlord and tenant will be considered from the standpoint of one of the parties at issue—the tenants—at a convention to be held at Waco, Texas, on the 31st day of the present month.

A call for the meeting at Waco on October 31st, to effect a state organization, and for preliminary local and county meetings throughout the state to elect delegates thereto, was issued about September 1st, and fairly well circulated by the press of the state.

At a meeting of farmers near Reockdale, on the second day of the month, attended by about one hundred farmers, held for the purpose of organizing the tenant farmers of Milam county, reports were made by the proponents of the state organization that twenty-two local and county organizations had been organized up to that time, and that about one hundred and seventy additional counties and communities had been heard from with applications for information about preliminary organizations. Mr. A. G. Maxey, of Lorena, McLennan county, is in charge of the correspondence.

Lorraine's Trade Day Pic-Nic.

It has waxed into a proverb that to whatever the citizens of Lorraine lay their hand, success is assured; and from our own experience with the enterprises undertaken by Lorraine whether an old fashioned picnic, barbecue, confederate reunion or whatever, to getting together and going after some needed industry for the town it demonstrates its pedigree as of the "Tribe of Eli"—it always gets there, and generally first.

So it was, when the people of that hustling municipality said they were going to inaugurate a trades day for the territory tributary to the town, everybody knew success was a foregone conclusion, and laid their plans to be there on that day. Last Wednesday was the day, and its success was in keeping with everything else undertaken by the town.

A record representative was among the number who went down from Colorado, and gave a good and sufficient account of himself at the table. The occasion was enlivened by the presence of a genuine brass band composed of boys around Lorraine, who did great credit to themselves. About eleven o'clock Dr. Henthorn, who was master of ceremonies and general Post Bah of the occasion, mounted the rostrum and announced the purpose and

spirit of the day and bade all a most cordial welcome. He was followed by J. J. Patterson of Colorado, who spoke to the sentiment of "Fraternity." Mr. Z. T. Zellner, the first bona fide settler in the Lorraine community followed in a most excellent and helpful speech which was largely reminiscent and prophetic. He expressed the most abiding confidence in Mitchell county and the Lorraine country in particular and drew a most encouraging picture of the future results of agriculture in that section under scientific irrigation. Such cheerful optimism as Col. Zellner expressed, is as great an asset to any community as the capital stock in the banks. His remarks were listened to with marked attention, because all knew that he spoke "by the card."

After Col. Zellner, Judge Coe of Colorado, made a talk in the interests of our public schools and the economical condition of the county. W. L. Edmondson followed with a short talk on the development of Lorraine, particularly from a business point of view.

About this time dinner was announced and the crowd fell to with a zest that delighted the heart and soul of every good cook present, and who had contributed to the feast of good things. The barbecued meat was a little the best (the crowd averred) that had ever graced a like occasion. There were home-spun light bread, pies, cakes of a dozen varieties, pickles, salads, and so many of the refinements of the culinary art, that the head as well as the stomach of the average picnic fiend fairly swam in ecstasy instead of gravy. Everyone ate to repletion and still there was to spare more than enough to feed another crowd of like size and appetite.

After dinner there were a few short exhortations, the burden of which was the unstinted and foundering hospitality of the people of Lorraine. An old-time jig dance with fiddle and "pattin'" accompaniment next held the boards, which raised both dust and yells of laughter. There were the steps and figures that our grandfathers danced in the days of lang syne, and as the strains of the "Arkansas Traveller" were rasped out, the dancers warmed to their work and made things hum with the back step. Sally in the low ground, black snake shuffle and all other steps that would make the devotees of the modern ball room

faint. The next features on the program were races—horse, driving, bicycle and other means of locomotion; all of which were entered into with the greatest zest and applause.

The Record man had to leave before the program of events was completed, but knows that everything was pulled off with the same precision and ease the first features were.

If you are in ten miles of the next picnic or public occasion that the people of Lorraine promote, be sure you go, if you have to walk. It will pay you, and long linger in your mind as one of the most pleasant memories of your life. If the Record representative is alive when the next one is pulled off, his name may be counted in the pot. Long live the people of Lorraine, bigger grow their picnics.

BAPTIST ASSOCIATION.

THE SWEETWATER BAPTIST ASSOCIATION CONVENED AT LORRAINE LAST WEEK.

Good Attendance—Favorable Reports, Showing the Association in Fine Shape.

The earliest arrivals to the thirty-seventh annual session of the Sweetwater Baptist Association, which convened in this city Thursday morning, were L. E. Masters and I. W. Archer. They constitute the committee on statistics and letters, and had letters and statistical data compiled by the time the committee opened, a new feature eliminating much tedious work usually incident to the first day's session; and made it possible for the association to get right down to business the first day.

The immense volume of work coming before this association is shown by the numerous committees, as follows: Finance, Nomination of Next Executive Board, Christian Education, State Missions, Associational Missions, Home Missions, Foreign Missions, Minister's Relief, Temperance, Religious Publications, Simmons College, E. Y. P. U. Work, Buckner Orphan Home, Woman's Work, Ordained and Licensed Ministers, Daily Program, Sunday Schools, Ministerial Education, Baptist Memorial Sanitarium, Nominate Trustees Simmons College, Auditing Committee, Time, Place and preacher of Introductory Sermon Next Association, Nominate Ministerial Education Board, Correlated Schools, Theological Seminary, Girl's Industrial Home, Obituaries and Resolutions of Thanks.

Rev. M. E. Hudson, of Sweetwater, was selected by the last meeting of the Association to preach the introductory sermon at this meeting. Rev. J. M. Reynolds, of Abilene, presided as Moderator at the opening session. Earnest Keathley, of Colorado, secretary. J. H. Couch, of Abilene, treasurer.

Delegates and visitors were met at the depot Thursday morning by the local committee and carried to the Dallas Hotel for breakfast, after which they were assigned to homes where warm welcomes awaited them during the stay in the city.

All of the various sessions of the Association have been fraught with much interest and great good is being accomplished at this meeting.—Lorraine News.

Notes from the Woman's Meeting at Lorraine.

There was quite a representative crowd of Colorado Baptist Ladies attending the Woman's Meeting of the Sweetwater Association at Lorraine last Thursday. There has been bigger crowds and better weather, much better, but we doubt if there ever has been better reports, especially considering the drought of the past two years; than were given from the different societies this year. Something like \$5,000 was given by the ladies of this Association, which includes Mitchell, Nolan and Taylor counties. When we think that Abilene, Sweetwater and Colorado were the main ones we felt proud of our work. The address of the honored president, Mrs. Paxton, was an inspiration for more prayer, more work and more giving, and which she pleaded so earnestly for.

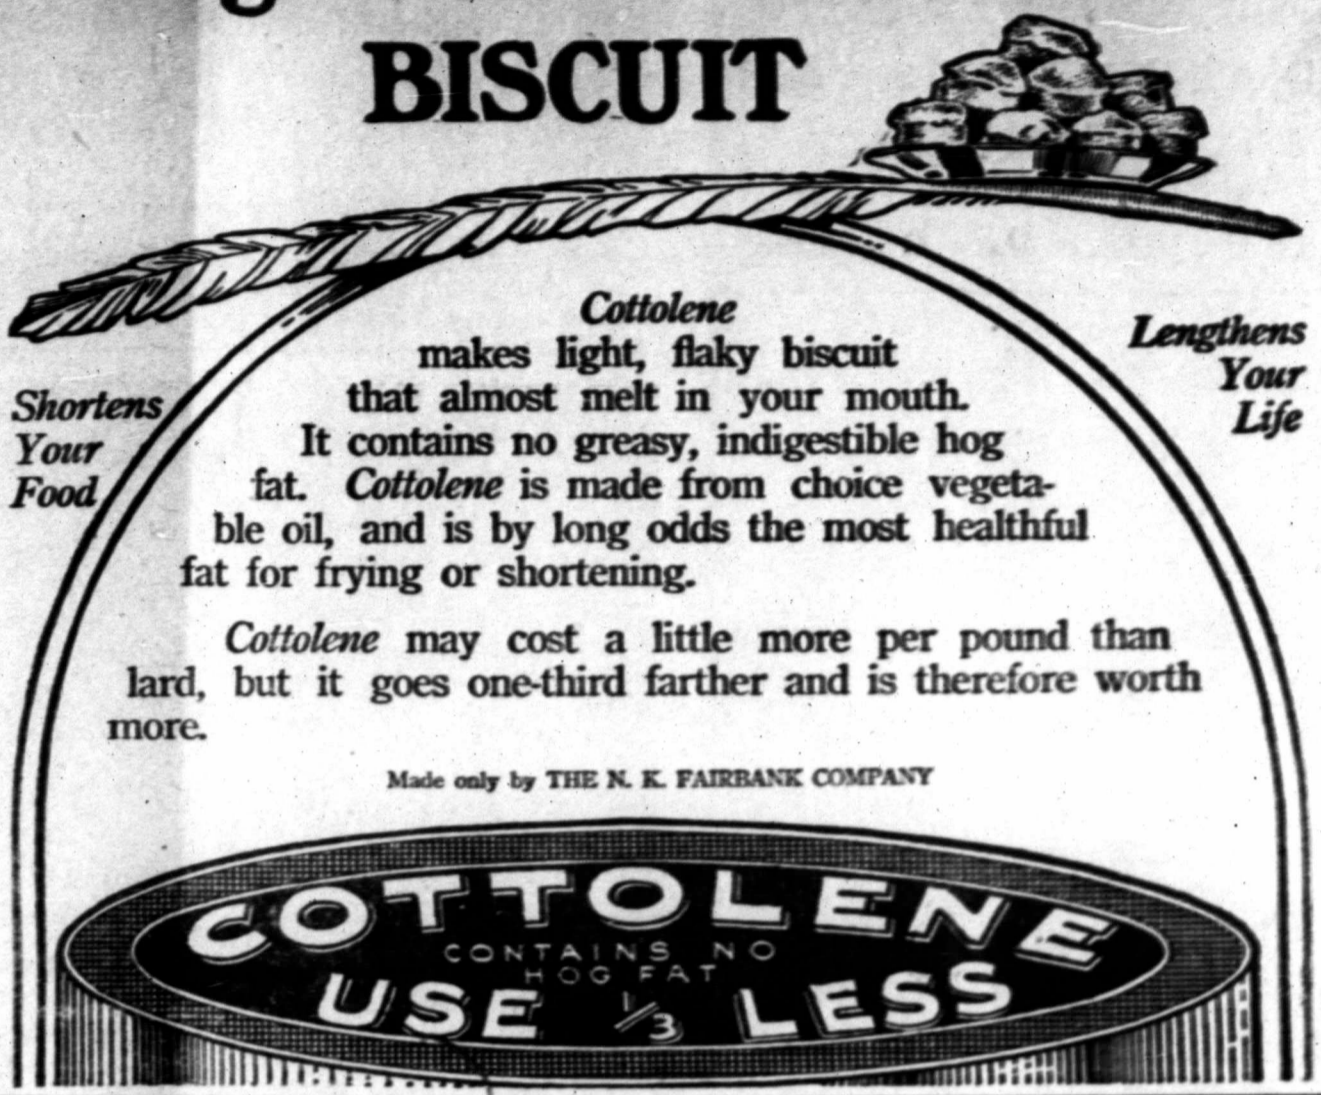

The motto this year is Enlistment—enlist the unaved for Christ and the saved for service. One noticeable thing about all the reports was the boxes and offerings for Buckner Orphan's Home. Some might, and did, fail to contribute to other objects fostered by our home board, but they did not fail there. We could hear the Master's voice saying, "Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me." We wish to thank the Lorraine ladies for their hospitality during our pleasant stay, and only wish that we can return their kindness in the same way soon, but we doubt if the biscuits and fried chicken could be equalled.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cure of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

FOR SALE—I have 150 acres of shinnery land three miles north of town to sell. Will sell in 40 or 80 acre tracts, or will sell altogether. Will give a bargain to someone for a truck farm. Good house and well of good water. See C. M. COSPER, on the place, or get particulars at this office. 16-29-c

A Distressing Accident.

One of the most distressing accidents that ever happened in the town overtook a young man by the name of Joe McDaniels, an employee of the concrete gin at this place, last Thursday afternoon, too late for that issue of the Record.

The young man, so we learn, had raised the breast of the gin to clear the saws of a clog which had gotten around them. While he was working among the saws the gin was started up and his arm was caught and drawn down onto the saws. Before the gin could be stopped the arm was literally cut to pieces and had to be amputated about four inches below the shoulder joint.

Another distressing feature connected with the accident is the fact that he had only been married for less

than a week, and had come directly to Colorado to work in the gin. The young couple had just set up house-keeping. At this writing he is getting along very well, but with the loss of his arm the whole purposes and plans of his life will have to be changed.

In this connection it is not out of place to mention the heavy toll that the cotton gins and the innocent looking set screws in shafting take of human life. There is not a ginning season but that accidents of this kind are numerous, while the set screws gather in their harvest at all seasons. It has always seemed to us that there should be a law compelling the manufacturers of machinery to counter-sink all set screws, and especially those in line shafting. It would save many a human life.

In patronizing the lyceum course, you are not only getting the worth of your money, but are helping a worthy organization, that is the most important thing. You are encouraging its efforts to give the town something in the way of entertainment really worth while, which all classes can enjoy without the prejudice that sometimes attaches to the average run of entertainments.

PAPER MEN ARE ORDERED BROUGHT HERE.

Editor and Editor of Wichita Daily News to appear before Judge Blanton.

Abilene, Texas.—In District Court afternoon Judge Blanton issued order to the sheriff of Wichita County, Texas, to place under arrest, their appearance here, C. A. Bush, business manager of the Wichita Daily News, of Wichita Falls, and the editor of that paper.

This action followed publication in paper of an editorial entitled "Enjoining Publication," in which Blanton's legal right to prevent the Abilene newspapers from publishing the evidence in the Tate Cowden cases was questioned. The defendants are ordered by the court to be placed under \$500 bond to answer their appearance here, on Friday, October 9, at half past eight o'clock when they will be required to show why they should not be deemed guilty of contempt of court and punished accordingly.

Judge Blanton's order was issued in court in the presence of about 50 spectators.

District court at Abilene Monday morning H. W. Gaston, editor of the Wichita Daily News, at Wichita Falls, was arraigned before Judge Blanton on a charge of contempt of court. The conclusion of the hearing the court imposed a thirty minute jail sentence on the defendant making the sentence light, as he said, because he

CONSTIPATION.

Cause and How to Cure it.

Get too much, stomach feels bloated, all out of sorts, don't feel like work to-day. Guess another case of biliousness. "Take anything?" "Yes; some pills, but no results; suppose I'm getting ironclad. Sometimes I take the dose, then they physic me so I'm too weak to work. Think I'll try something new." "Ever try Prickly Ash Bitters?" "No; I've heard a good deal about it, never tried it." "Well, you'll be pleased with the result."

The purgative action of Prickly Ash Bitters not only removes hard impurities, gas and impurities, but it strengthens the muscular action of the bowels which causes them to move regularly. Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It induces daily evacuations, establishes healthy movements and is the best remedy for disordered digestion, biliousness and a constipated habit.

W. K. Beckwith, of Litchfield, Ill., says in Litchfield News: "I am perfectly willing, in glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed it of the kind for the last fifteen years and it has always given satisfaction."

admired the defendant's spirit in backing up a conviction.

The matter was the outgrowth of the publication a few days ago of an article in the editorial columns of the News entitled "Enjoining Publication" in which Judge Blanton's legal right to enjoin the newspapers of Abilene from publishing the proceedings of the Jeff Cowden case was questioned. The tone of the editorial, Judge Blanton indicated, was to the effect that the court acted as he did in the restraining matter at the request of local citizens, which, he said, was not a fact.

The court stated that it was within the power to impose a three day jail sentence and a \$100 fine on the defendant, but that for various reasons, one of which was his respect for the daily press, he would make the sentence light; and he accordingly made it a thirty minute term in the county jail. He did this, he said, in order that the defendant might carry the case to the Court of Criminal Appeals.

The Thanksgiving services will be under the direction of the United Brotherhood again this year, and the program will be published soon in this paper. There will be special music for the occasion, music by the orchestra and several ten-minute talks by laymen on the different aspects of thanksgiving. As is generally known a voluntary offering is always taken up on that day to be devoted to the indigent, sick and other occasions of charity in the community, and it is the wish of the Brotherhood that a generous offering be made. Colorado may be a bit conservative in industrial matters, but one thing can be said to its eternal credit; its ears are ever sensitive, its heart ever warm and its hand always open to the cry of distress, of body, mind or estate.

Thrown and Hurt by Horse.

Word came Friday that Guff Beal, while on the ranch, 25 miles south of Toyah, was thrown from his horse and seriously hurt. Mrs. Beal was wired for and went out Saturday night. A telegram was sent Sunday stating that the fall was not serious, but that he would be laid up for some time. Smoky says he guesses the old gentleman was making some of his keen cutter dashes on the ranch when he was hurt.

An Apology.

The Record was in error last week in the number of baskets sent out by the Colorado Steam Laundry; it should have been 50 baskets instead of 15 as stated. This is one of the most successful industries of West Texas and the fame of its work has gone out into all the country round about. Nor is it because there are no other laundries to patronize, but by reason of the liberal policy of the management and the quality of the work turned out. Both Mr. Davis and Mr. Avery are perfect gentlemen and thorough business men. They accord everything they ask and make good every mistake or shortage. They deserve the success they have achieved.

BRING YOUR COTTON TO COLORADO

THIS is the Very Best Cotton Market in all Texas. Our
buyers have the best facilities for handling cotton and
strong financial connections that enable them to pay
the market price in cash.

Colorado has strong banks, with ample means to do
all that is proper and necessary for your accommodation
in a financial way, should you need assistance, in case you
do not wish to market your cotton when ginned, but wish
to hold for better prices.

Our merchants are buying in large quantities, knowing
that we are to have a great trade this fall. We will thus
be able to supply you with everything you need at prices
that will please you, as the greater the volume of business
the cheaper we can sell you goods.

We have several large, up-to-date gins that will give
the best service at reasonable price. There will be no ne-
cessity for waiting on the part of the farmer who hauls his
seed cotton here.

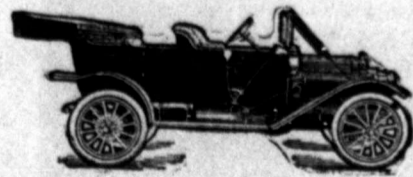

Colorado has splendid hotel facilities, livery stables
and wagon yard accommodations and an abundance of
pure water for man and beast. The public watering
troughs are a blessing to all dumb animals.

Colorado merchants are anxious to serve the farmers of
all Texas. Courtesy, promptness and fair dealing will be
their watchwords.

THE RECORD urges its readers to visit Colorado, sell
your products here and buy from any of the advertisers in
this paper. They will give you a square deal and in our
opinion save you money on every purchase.

Backache

Is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:
"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. I suffered a great deal with nervous headaches, in fact, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

The Presbyterian Meeting.

The series of services conducted by the Presbyterian church were concluded last Sunday night. Rev. O. G. Jones, of Howard county, at one time pastor of this church, did the preaching. Whereas the visible result of the meeting were not such as had been prayed for, yet they were most gratifying in reviving the spirit of the church and the christian element of the community as well.

Never have there been a series of plainer, more practical or helpful sermons delivered in Colorado, than Mr. Jones preached; this was best attested on the last night of the services by the public testimonies of the other ministers of the town, who spoke in commendation of the work. That much good was done the community as well as the local church many quickened and strengthened hearts will testify. We hope to have the pleasure of hearing Mr. Jones again in this city. He and Rev. W. M. Elliott, pastor of the Presbyterian church here, are half brothers, and is quite

well known to all of our older citizens.

Best for Biscuits

A prominent teacher in one of the Domestic Science schools in Mississippi writes that she is using Cottolene with excellent results. She says:

"For biscuits Cottolene is all that could be desired. The biscuits are light and flaky, with none of that disagreeable odor often found in foods shortened with lard. Cottolene is also an excellent medium for frying croquettes and doughnuts. It gives them a clean, crisp, brown crust."

Other noted experts, such as Mrs. Rorer and Marion Harland, have given similar testimony to the merits of Cottolene. It not only gives better results than lard but is much more wholesome and economical as well.

Wednesday afternoon at Mrs. Peterson's, she and Mrs. Jackson gave a lovely church tea from four to six. A large number were present and every one greatly enjoyed the occasion. Beautiful piano solos were given by Mrs. Floyd Beal, Jeanette Earnest, Mabel Smith and others. As each person entered the room they were given the name of a family and when the family was complete they were taken into the dining room and served to a lovely salad course. While there they were told to prepare a stunt to give for the benefit of those in the parlors. Speeches were said, charades acted, songs sung, and all sorts of laughable stunts performed for the amusement of those whose turn came next. A large number were present and all thoroughly enjoyed the afternoon, but most important of all, a goodly sum was raised for the church.

NOW IS THE TIME TO SELECT YOUR HEATER We offer Cole's Original Hot Blast Heating Stoves with confidence; they are the best made. You have perfect control over the fire at all times, thus the coal does not waste away and you don't have to kindle a fire in the morning as with other stoves. This truly great heater is growing in popular favor year after year. We expect to double our sales on them this year. Come now and make your selection. We will have your Heater ready for you when you wish it put up. (B-12)
