

LORAIN LOCALS

Brief Mention of the Week's Happenings at Busy Town of Loraine.

The Champion Sunday school extends an urgent invitation to the Sunday schools of Loraine to be present at the celebration of its second anniversary the first Sunday in April. Some prominent Sunday schools will be present. There will be dinner on the ground and everyone is requested to bring well filled baskets.

W. L. Petty and J. N. McCaughren went to Snyder Monday in Pett's Ford auto, returning Tuesday.

W. L. Petty and family, R. A. Henthorn and wife and Miss Isophene Toler enjoyed a pleasant outing last Sunday.

Mrs. T. N. Duncan and son Uriah, who are visiting her son Albert in Florida, write that they are pleased with the climate there and are enjoying their visit.

Miss Loraine Dees entertained the graduating girls last night. A literary game was the special feature of the evening. The house was decorated in the class colors; coral pink and steel gray. Refreshments were served.

Miss Vera Gary has been critically ill this week, but is reported some better.

Mrs. V. D. Payne entertained the Philomath Club last week. Mrs. W. L. Petty is hostess this week.

Samp Wallis of Big Springs spent a few days here visiting the home folks.

It is a confirmed rumor that wedding bells will surely ring in Loraine tomorrow (Sunday) morning. The happy couple will leave on the night train for their future home in East Texas. Never mind who it is, just be patient and you will find out.

Miss Pearl Norman came in from Westbrook and spent Saturday and Sunday with the home folks.

Miss Daisy Dees has embarked in the agricultural line. She is cultivating a garden.

Mrs. A. C. Pratt was called to Cosco this week on account of the serious illness of her brother, John McMurry.

Hubert Tolar attended the fat stock show in Fort Worth this week.

The warm weather this week caused the marble players to get busy and some good games were pulled off.

The O. M. U. met with Miss Annie May Wallis last Saturday. "42" was the chief amusement and delicious refreshments were served. A feature of the evening was the initiation of Messrs. Richie and Samp Wallis into the mysteries of the O. M. U.

Dr. W. B. Farris of Snyder was here Monday on professional business.

J. D. Soper was here Tuesday from Chicago, on business.

S. L. Fleming of Stamford made a business trip to this city this week.

C. G. Duke of Abilene was here on business last Tuesday.

W. F. Altman went to Fort Worth last Wednesday to take in the fat stock show.

A. G. Blankenship came in from Stanton last Saturday and returned Monday with his show cases and other store fixtures.

V. D. Payne and wife left Sunday for Abilene where they will visit relatives for a few days.

Warren Williams has returned from Turkey, Texas, after an absence of several months.

Rev. Merrill of Abilene was here last Thursday and officiated at the ordination of W. H. Howell and T. L. Farris as deacons of the Baptist church.

The Loraine school boys went to Valley View last Friday and matched a ball game with the sluggers of that community. The score was 10 to 16 in favor of the Loraine boys.

The Shepherd school baseball team, dressed in scarlet uniforms came to Loraine last Saturday to play the school boys here. We don't know whether it was the dazzling red suits or the hard hitting of the Shepherd boys that hood-doed our boys, at any rate, the score stood 9 to 11 in favor of Shepherd school.

Ernest Phillip of Abilene spent Sunday and Monday here the guests of A. M. Jackson.

John Hendrix is spending this week in Claytonville, Fisher county, visiting relatives.

Geo. Shaver went to Dallas last week to take a course in Dairy work.

Rev. G. B. Alhart preached here last Thursday, Friday, Saturday and Sunday. His resignation as pastor of the Baptist church here took effect last Sunday. Rev. G. C. Farris has been requested to supply the church here until another pastor can be called.

A. J. Payne and wife of Colorado are spending the week here. Mr. Payne is in charge of his brother's business here during his vacation.

The graduating class of 1911-12 were served with ice cream at the parlors of the Loraine Drug Co. last night. They were presented with artistic souvenirs by the Drug Co. in the form of a dainty cut out, punched and strung, and with the class colors attached, on the back of which was an appropriate quotation.

Jack Frost returned Sunday from a trip to East Texas. Mrs. Frost expects to leave in a few days for a visit in California.

V. D. Payne had a birthday this week, but he declined to permit us to examine his mouth to ascertain his age.

F. M. Coleman and W. A. Allen of Sweetwater came in Wednesday and will spend several days here on business.

Owing to an accident near Clyde, west bound trains, 7 and 3, did not materialize last Tuesday. No. 7 was abandoned entirely and No. 3 passed here about 3:20 a. m. Wednesday. There was a quartette of disappointed souls in the persons of A. J. Payne, W. T. Mullin, Tom Johnson and Austin Altizer who wanted to go to Colorado so bad.

Miss Florence Watlington, who resides with her parents six miles west of here has been on the sick list this week. Capt. Watlington, her grandfather, is uneasy enough about her condition to spend the night with her, returning to his office in the mornings.

Miss Marie Marler has returned home after a protracted visit with relatives in Van Horn.

J. D. Wilson left Wednesday for Ft. Worth. He will also visit points in Johnson county on a business and pleasure trip before returning.

Miss Marie Marler has returned home after a protracted visit with relatives in Van Horn.

J. D. Wilson left Wednesday for Ft. Worth. He will also visit points in Johnson county on a business and pleasure trip before returning.

PROFESSOR WORTH W. HART UNANIMOUSLY RE-ELECTED

Superintendent of the Colorado Public Schools for 1912-13.

Last week was the regular time for election of a superintendent for the public schools of Colorado. But so smoothly had the machinery of the schools worked the past year; so harmoniously had it fitted into the scheme of things for the general good, that few, if any, outside the interested ones, knew of the election. There was but one name suggested, that of Worth W. Hart, and the election was not only unanimous, but carried with it the unqualified endorsement of each individual member of the board of trustees and a vote of confidence.

Despite the inconveniences of the past two terms for lack of room to have the entire school under the direct personal supervision of the superintendent and in the school buildings, no two terms have been so satisfactory to pupils, parents, faculty and trustees. Excellent work has been done in every department, and Professor Hart has so systematized the regime of the school and adapted the best means to the accomplishment of the greatest end that the very best work is gotten from teacher and pupil alike.

The opening of the next session in the fall, when every department will be housed in the two school buildings, will mark the beginning of a new era for the schools, with new life and greater enthusiasm. Colorado is fortunate in having a superintendent of the executive ability of Prof. Hart.

STILWELL RESIGNS.

Builder of K. C. M. & O. Railroad Announces Retirement.

New York, March 19.—Arthur E. Stilwell, president and promoter of the Kansas City, Mexico & Orient railroad, who accused the "money trust" of being responsible for the recent receivership of that property, has written a letter of resignation and deposited it with a committee of bondholders, headed by Samuel Untermyer. It will be accepted it is stated when the committee has ready a plan of reorganization.

Ads show which way the trade goes.—Watch them. Let us have a base ball park.

PUBLIC SCHOOL FUND DEFICIT

THE NECESSARY AMOUNT TO CONTINUE SCHOOLS ASSURED.

Well Attended, Enthusiastic Meeting Tuesday Night.

The circulars distributed last Saturday by the board of trustees announcing that there was a deficit in the public school fund, and that unless this deficit was made good this week, the schools would have to close, created quite a deal of surprise, to say the least of it. Few of the citizens of the town were aware of the fact that for the past six years, the money to run the Colorado public schools the last two months of the session, had been borrowing on the faith of the next year's funds. Although a violation of the law, it had been sanctified from year to year and pushed on for "tomorrow's" settlement. In time the deficit would no doubt, have been worked out, but like practices in other localities having been brought to the attention of the state superintendent, he announced that it would not be allowed longer under penalty of the school losing its appropriation of the state's money.

The money to run the Colorado public schools for an eight month's session, is not in hand, and the only way in which the schools can continue, is to raise the money by subscription. Pursuant to the call of last Saturday, a public meeting was held at the opera house Tuesday night, and although nearly two-thirds of those present were ladies and school children, those present did excellent work.

The meeting was called to order by J. P. Majors, who presided during the meeting.

Mr. S. D. Vaughan explained the financial aspect of the matter, and by facts and figures demonstrated that this deficiency was an inheritance coming down through successive boards and being reduced a little every year. The most rigid economy had been the policy of the board of trustees, consistent with good work in the school, but the time had come when this deficit must be paid if the school was to have eight month's term.

Prof. Hart next spoke on the importance of the school and its relation to the universities of the state, and just what the school would lose in schools of the first class; the school continued for the regular full term. It would lose its affiliation, which is now 14 points, (and listed in the schools of the first class); the present senior class could not be graduated, nor could any of the grades be passed to the next higher, and other disadvantages were enumerated by him, that would result, if the school was not continued.

Dr. Coleman, whose ripe experience and sound judgment are held in such respect by this community that his words—always, on any subject command the greatest consideration, next addressed the meeting. He expressed his pride in our public schools and pointed out their worth to the community. It was a duty, the citizens of the town owed the young, to give the latter the very best, educational opportunities they possibly could. He appealed to the civic pride of the town to maintain the high standard the town had always enjoyed in school matters. It was the duty of every good and patriotic citizen to put shoulder to wheel and pay off this indebtedness, and to do it now. Whereupon, he called for voluntary contributions, on the basis that fifty men give \$30 each, and as the deficit was between \$1,500 and \$1,600 this amount would clear it up. There were several contributions of \$30, and the Doctor then called for combinations of ten, fifteen or twenty dollars to make up the block of \$30. In about forty minutes there had been subscribed \$1,050. Considering the fact that so few business men were present, this was a most creditable performance, and if those who were absent, but will be seen this week, keep up their previous generosity, the balance will be made up without the least trouble. Dr. Coleman gave the evidence the assurance that the Colorado public school would continue for the full term.

The spontaneity with which those present responded to the call of the trustees, was a most encouraging sign and unmistakable evidence of the civic pride of the town. There were contributions by ladies and when little Roy Farmer announced that he would give \$5, the house gave him a rousing round of appreciative applause. The canvass will be continued until the full amount is raised, of which there is not the remotest doubt. Colorado did herself proud, as she always does, when the test comes.

When little Roy Farmer announced that he would give \$5, the house gave him a rousing round of appreciative applause. The canvass will be continued until the full amount is raised, of which there is not the remotest doubt. Colorado did herself proud, as she always does, when the test comes.

Barn Burned.

An alarm of fire Monday afternoon was caused by the burning of the barn of Andrew Cooksey. By the time the hose wagon arrived the building was nearly consumed. The barn was a total loss, together with a quantity of household goods that had been stored there, entailing a loss of about \$500, without insurance. Just here a word of compliment where the word is so richly deserved, comes no amiss. The Record is not versed in the top line performances of the state's crack fire fighters, but if there is any team and driver in the state that can get up, get out and get there quicker than Colorado's team and driver, we hereby challenge them to combat. Although our team of horses is not as heavy as the regulation fire team, and the load they have to pull is very heavy, they never fail to get there in double quick order. The Record is proud of Colorado's fire fighting facilities.

SCOTT WILL IS NOT SET ASIDE.

Declared Contest by Mrs. Townsend of Denver Will Be Taken to District Court.

After hearing considerable evidence in the Winfield Scott will contest Judge Bratton of the County Court declined to set aside the will which was admitted to probate several weeks ago and which leaves the bulk of the property to Winfield Scott Jr., a lad of 10.

The case will next be taken to the District court, it is stated the hearing in the county court being a mere preliminary to the contest which is to follow.

Mrs. Georgia Scott Townsend of Denver, only daughter of Winfield Scott, who is seeking to break the will and claims that her stepmother exerted undue influence over deceased, was the chief witness. She related incidents of her life from the time she was a mere child until she was grown, to show that she and her stepmother were not on friendly terms. When her father married the second time she was only 8 years of age, she said, and soon thereafter Mrs. Scott induced her father to place her in a convent where she remained three years. At one time in Denver, she said, when she was ill her stepmother told her that her father had lost all his property and she had pawned her jewels to enable them to take a trip to Europe. When her father heard of this she says he took paper and pencil and figured out how much he was worth, telling her she could see he was far from being a poor man and that he intended leaving her one-third of his estate.

\$15,000 STOLEN FROM POUCH.

Registered Mail Sack Found Later in River With Only Money Package Missing.

El Paso, Tex., Mar. 15.—Fifteen thousand dollars in currency was taken from the registered mail pouch on the Arizona and New Mexico Railroad at Clifton, Ariz., Tuesday, according to information received here today. The money was consigned from El Paso to the Detroit Copper Company at Morenci, Ariz. When the train reached Clifton the registered pouch was missing. Later, it was found in the San Francisco river with only the money package missing. Mansel Bell, the postal clerk who was arrested and held for investigation, insisted that he delivered the registered pouch to the driver of the mail wagon at Clifton. The driver denies he received it.

Sixteen Thousand Visitors.

The twenty-second annual session of the Fort Worth Fat Stock Show opened Monday morning to the thousands who have been arriving in that city for several days. Sixteen thousand visitors are there, including twelve thousand delegates to the Cattle Raisers Association, and everything is in full swing.

Record and Dallas News \$1.75

ANNOUNCEMENT.

To the Voters of the 121st Representative District of Texas.

I have decided to be a candidate, subject to the Democratic primary, for Representative of this, the 121st District, comprising Nolan, Mitchell and Fisher counties, and in doing so feel that in fairness to the voters I should submit for their consideration my views on some of the most important measures likely to come before the next legislature.

1. One of the most important matters for the next legislature will be the election of a United States Senator. If I receive the nomination for Representative of this district, if elected, I shall cast my vote for the Democratic nominee if there be a nomination, but if there should be no nomination, I shall cast my vote for the candidate who receives a majority of the votes of my district should any candidate receive such majority.

2. I believe our Code of Criminal Procedure should be so amended as to prevent the reversal of cases upon purely technical grounds. Where the defendant has had a fair trial, and justice has been done him, there is no reason why his case should be reversed for purely technical reasons, and I am in favor of wiping out those technicalities that so often result in a miscarriage of justice under our present law.

3. I am in favor of the submission to the people of this state of a Constitutional Amendment providing for the Initiative Referendum and Recall, but favor the submission of the Recall separately from the Initiative and Referendum so that the voter may vote upon each proposition as his best judgment dictates.

4. I shall favor such legislation as may be offered that is remedial in its character, and fair to all interests alike, and shall oppose such legislation as I believe to be unfair to any section of the state, or any interest.

For the benefit of those who do not know me personally, I give this bit of personal history:

I am a native West Texan; am 37 years old, and until about twelve years ago lived and worked on a farm. When a boy I attended the country schools, and all the schooling I have was acquired in that way. I studied law while working on the farm and was admitted to the bar in April, 1902. In November of the same year I was elected County Attorney of Nolan County in which capacity I served four years; was then elected County Judge and am now serving my third term in this position.

Should the democratic party of this district favor me with its nomination for Representative I shall appreciate the honor conferred, and if elected, I promise to be always at my post of duty, working and voting for such laws as I believe to be to the interest of the whole people.

Yours very truly,
JOHN J. FORD.

Mr. Elliott Leaves Next Week.

It is the purpose of Rev. Mr. Elliott and family to leave for their new home and field of labor about the middle of next week. They go to Neosho, Mo., where Mr. Elliott has many friends to whom he preached in Indiana and who have since gone to Missouri. It is with genuine regret that the entire citizenship of Colorado see this excellent family leave. They have been a valuable addition to our citizenship and most zealous workers for the Master's kingdom.

Mr. Elliott has done a peculiarly splendid work in Colorado. Few ministers have the ability to approach young men that he has, and his influence among this class has not been confined to his own church. His work in this presbytery will ever stand as an enduring monument long after he has passed to his reward.

Voicing the sentiment of the whole town, the Record commends Mr. Elliott and his family to the people of Neosho, Missouri, as worthy their highest confidence, esteem and cooperation. May the choicest blessings be upon them and their work wherever they may go.

FOR RENT.—160 acres, Lone Wolf valley, 125 acres in cultivation, 4 room tenant house, good barn, good well of water, to rent for cash; make me an offer.—Kelper Real Estate Exchange.

It's so, if you saw it in the Record Carbon paper at the Record office.

BOILER BLOWS UP AT SAN ANTONIO

TWENTY SIX KILLED AND FIFTY INJURED IN S. P. ROUND HOUSE EXPLOSION

Bodies of Men Blown Into Fragments and Scattered Blocks Away—One Man Hurl'd Thirty Feet.

San Antonio, Tex., March 18.—In one of the worst explosions that Texas has ever known, and the worst that this city has ever witnessed, twenty-six men were killed outright and fifty were injured at 8:20 o'clock this morning, when a locomotive boiler blew up in the Southern Pacific round house. The force of the explosion was terrific and enormous damage was done.

Four buildings were completely wrecked, and the loss will total many hundreds of dollars. People in the vicinity were greatly endangered and it is thought to be nothing short of miraculous that more were not injured. The men who were in the buildings were blown into mere fragments, portions of their bodies were found three blocks away from the place of the explosion. A public investigation has been begun, and will be pushed to a decisive conclusion.

Nothing is left standing of the engine except the drivers and the back plates. The tender shot one hundred and fifty feet along the track and parts of the machinery shot one thousand feet in the air, and rained down on the adjacent buildings.

Inside the blacksmith shop the men never knew what had happened, and were blown into eternity in a second. Fourteen of them were dismembered, their limbs being found jammed in crevices in the roof of the shops or entangled in the machinery. The sight was horrible, and almost unbelievable.

The round house, in which the engine was standing, is a complete wreck, and the copper shops are also demolished so that repairs of a vast extent must be made before they can be used again. Men who were in the shops at the time of the explosion were buried beneath the falling walls, which were blown down by the flying boiler.

Robert Lipscomb, the foreman of the machine shops, was hurled thirty feet from the round house, and arose from the ground in a semi-conscious condition. His injuries may be fatal, and it is considered miraculous that he was not blown into bits.

The engineer who was in the cab of the locomotive, was identified as Walter Jourdan, though he was so badly torn up that there was great difficulty in finding out who he was.

Many of the dead and injured are strike-breakers, who were employed in the shops and round house, by the railroad.

By an experiment just concluded by C. Cooley, a farmer living near Leary, has proved that the value of peanuts is doubled when they are used as a food for fattening hogs. He had a large tract of land planted in peanuts the past season but refused to sell because prices for the nuts were only about fifty or sixty cents per bushel. About six weeks ago Mr. Cooley penned two eight-week old pigs, weighing fifty and sixty pounds. In forty days following they were given nothing but peanuts and water, a total of five bushels of nuts were fed to them. When the hogs were first penned their weight was one hundred and ten pounds and at the end of the forty days the weight increased to one hundred and ninety one pounds, gaining a total weight of eighty one pounds in forty days. Quite a number of farmers are adopting this scheme as a result of the experiment.—Abilene Reporter.

Wednesday was J. W. Shepperd's fifth birthday and his grandmother, Mrs. Q. D. Hall gave him a party. There were a dozen youngsters present, his father and mother, grandparents, great-grandfather, and two grand mothers, and the older folks had quite as good a time as the little ones. Games were played on the big porch, and in the yard, and after awhile all were invited into the dining room where the beautiful birthday cake, with its five candles was the center of attraction. Custard, cake and lemonade were served and much enjoyed. The host and guests are all agreed that it was a most delightful party.

...The... New Spring Merchandise

IN every department we are showing the new things for Spring---new weaves, new models and new patterns. In our Clothing Department we have new shipments in from the House of Kuppenheimer---Suits from \$20.00 to \$25.00. And too the S. M. & S. New York made clothes by Spero, Michael & Son, the best medium price line on the market.

No equal for wear. All the new colors in stock. Try them once, you'll wear no others.

REAL ESTATE NEWS.

A Little Talk From Kelper About His Business.

My advertising in the real estate business has just begun to "take." I have received enquiries from six different states about west Texas lands. I made several good trades last week, and I am shaping up several more which I expect to close up in a few days. I am beginning to get this section of the country before the eastern people, who are the ones looking for good lands cheap. I am in correspondence with over five hundred good real estate agencies scattered over six or eight states. As fast as I can get out the literature I am going to reach every state in the Union. I am spending over \$100 per month to advertise this country---to advertise your land. Get in now, and get the benefit of this advertising. This is a good country and these lands are cheap, but the northern people don't know it. I am going to tell them. Want me to tell them about your land?

Read a few little bargains following which I have just entered on my books. Write me for big list.

No. 74--1280 acres good chocolate soil; two and a half miles north of Finley, in El Paso county. The price is only \$3.25 per acre; one-third cash, balance to suit purchaser.

No. 75--2331 acres chocolate soil, 20 miles north of Van Horn; \$3.50 per acre, one-third cash balance to suit.

No. 76--1690 acres, good sandy soil; 400 acres in cultivation; 75 per cent tillable; well, windmill, surface tank; three sets tenant improvements, sheds lots and outbuildings; 2 1-2 miles north of Dunn, Scurry county. Price \$25.00 per acre. This is a splendid piece of land in a good farming county, and is a bargain. Investigate.

No. 77--320 acres red sandy soil; 90 acres in cultivation; 200 tillable, fenced; well, windmill, running water, 4-room house, sheds and lots; 1 1-4 miles to school; 7 miles southeast of Colorado. Price \$20 per acre; half cash, balance to suit. If you want a dandy little farm in a good section of the country, look into this.

For further information as to any of the above, or a list of a couple hundred other good places in west Texas and New Mexico, see or write KEIPER REAL ESTATE EXCHANGE, Colorado, Texas.

SANTA FE "BETTER FARMING" SPECIAL

Dallas, Texas--It is announced here, that in the future the Santa Fe railroad will run a "Better Farming Special" or diversified farming train through the South Plains of Texas, and northwestern Oklahoma. The train will be composed of five cars, four of which will be used for lectures. The following diversified farming subjects will be discussed by speakers who will accompany the train. "Better Farming", "Importance of the Farm Dairy", "More and Better Hogs" and "Our Farm Poultry".

The train will start from Amarillo covering all points between Canyon and Sweetwater, Slaton and Lamesa, and between Plainview and Floydada. Following this it will cover the territory between Amarillo and Alva, Oklahoma. Dates and schedule will be announced later.

The following article taken from an Amarillo paper, will show how the "special" is appreciated.

The Santa Fe "Better Farming Special" reached Amarillo yesterday afternoon under direction of H. M. Balner, agricultural demonstrator for the Santa Fe system. The special was visited by many citizens, farmers and those engaged in other lines. The fact that no exhibit car was included in the train was something of a disappointment to some of the visitors, although all mention of the character of the train spoke clearly as to the absence of such exhibit.

The lectures were in the hands of experts, and all pointed to ways and means for the enhancement of production on Panhandle lands. In connection with the lectures, tracts and other printed matter, setting forth the principles contained in the speeches themselves were given out to those in attendance. In this manner it is expected that the doctrines of greater production will be carried into hundreds of homes not affected by the address proper.

While Mr. Balner stands at the head of the enterprise, his associates are men amply qualified in their lines. Each of the speakers present facts and figures from actual experience, and it has been conservatively estimated that thousands of dollars will be reaped by the farmers of the Panhandle and elsewhere along the lines of the Santa Fe, by reason of the operation of this special train.

While its benefit is purely incidental, the Santa Fe system realizes that it needs must profit by reason of the betterment of the farmers. The more crops yield, the greater will be the tonnage of the railroads, not only of the Santa Fe, but also of other lines. It is

this incidental interest that is causing primary action, and this train will doubtless be followed as it has been preceded by other trains from time to time, in accentuation of the need for better methods of the outgrowth of more thorough understanding of farming in all its details.

Leaving Amarillo, the train will make other points in and out of the Panhandle for the next two weeks. Some of the stops will be but an hour or so, while others will include half a day. This will be determined by the importance of the stop and the interest that has been created in the work in which the corps of lecturers is engaged.

WEDDING AT CUTHBERT.

Mr. Chester C. Berry and Miss Cora Womack of Cuthbert was married here last Sunday, the 11th, by Rev. W. M. Elliott, at the bride's home, at 5 o'clock p. m. The ceremony was pleasant, as it always is when Bro. Elliott has charge. A beautiful repast was served at 6 p. m. for a few selected friends of the young couple. The next day the young couple returned to their future home on the farm of the bridegroom's parents where they will remain. On Monday a beautiful dinner was given by the bridegroom's parents to the young couple, and a few relatives. Many valuable presents were given by their friends. The young couple start off in life with the best wishes of the neighborhood.

A Few Remarks to the Young Couple.

To my son Chester:--You are now married. I know you could not resist the divine instincts of honest nature any longer, and I know full well that you are married to one of the most loyal young women in intellect, in heart, in soul, in person and in manner, that I have yet seen in my rambles over this world of ours--and I have seen much in my time. I knew you could not stop in your career. You must fulfill that destiny which the almighty has written against your name in the broad letters of life against the walls of heaven. You must now give to the world a pattern of happy wedded life. With all the charities that spring from a nuptial love. You are going to lead to the alter the most remarkable, accomplished, religious young lady of the community. She possesses a fortune, but not a fortune in bright shining gold, or Mitchell county bonds, or Rockefeller's ill gotten gains; but in purity and uprightness she is worth a half million of pure coin; in good sense and elegance, another half million; in soul and mind, millions more--better than all bank stock in the land. But property, and the world's goods you have never had the chance to accumulate as yet; but fame, public good, and to be useful in your day and generation; religious association and female excellence, and the progress of true love--those ought to be your dreams by night and your desires by day. In the new and holy condition in which you are now entered, I hope you will enter with the same reverential feelings as you would heaven itself. For I know some great changes will take place in your views, in your purposes and in your pursuits. What they may be I know not, for time alone can tell. I hope through life you will reach the richest order of human excellence by the shortest route. Mated as you now are, night and day, in sickness and in death, in war and in peace, with a young lady of the highest order of purity, which must produce some curious results in your heart and feelings and the holy state of wedlock which you have entered, I hope you will increase in being useful to God and your fellow man.

May the blessings of God follow you and may the sun of glory shine around you. May the gates of plenty, honor and happiness be ever open to you. May no sorrow disturb your days, or grief disturb your nights. May the pillow of peace kiss your cheek and the pleasures of imagination attend your dreams; and when time makes you tired of earthly joys and the curtain of death closes around your last sleep of human existence, may the angel of God attend your bed, and take care that the expiring lamp of life shall not receive one rude blast to hasten on its extinction. May all your days be spent in bliss. May all your plans succeed; May you both be as happy as I wish. And you'll be blessed indeed.

W. E. BERRY.

This Is So.

We wish to state in as plain and vigorous way as words can express it, that Hunt's Cure will positively, quickly and permanently cure any form of Itching Skin disease known. One box is guaranteed to cure. One application affords relief. All druggists stand behind the guarantee. Ask yours.

HIDES! HIDES!

All kinds of hides wanted--will pay highest market price for all the hides you bring. J. S. VAUGHAN.

CATARRH OF THE STOMACH

Could Hardly Eat. Gradually Grew Worse. Relieved by Peruna.

Mr. A. M. Ikerd, Box 31, West Burlington, Iowa, writes:

"I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief, and finally one of my doctors sent me to Chicago, and I met the same fate. They said they could do nothing for me; said I had cancer of the

stomach and there was no cure. I almost thought the same, for my breath was offensive and I could not eat anything without great misery, and I gradually grew worse.

"Finally I concluded to try Peruna, and I found relief and a cure for that dreadful disease, catarrh. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle of it in my house all the time."

HIS LIFE HISTORY WOVEN IN TWO LOTS

FROM BOYHOOD TO MILLIONAIRE DAYS THOMAS MILLARD YEARN-ED FOR THEM

OMAHA—A deal has just been closed whereby the New York Life Insurance Company sells its ten story building here to the Omaha National Bank the price being \$675,000, including the ground 132x132 feet on Farnam St. and adjoining the retail and business portion of the city. The building is a brick and stone and iron structure erected twenty years ago at a cost of \$1,200,000, including the ground.

Joseph H. Millard, former United States senator from Nebraska is president of both the Omaha National Bank and the Safe Deposit and Trust Company. He was instrumental in securing the property, and thereby a tale hangs in which there is some human interest.

Joseph H. Millard is now a multi-millionaire but when he came to Omaha, fifty years ago he was a penniless boy.

At that time Seventeenth and Farnam Streets were out in the country and lots were worth fifty dollars a piece.

Millard secured work as a clerk and his employer told him that some day Seventeenth and Farnam streets would be right in the heart of the City. He believed this and the first \$100 that he accumulated, he invested in two lots each 66x132 feet at the corner named. In time he saved enough money so that he thought he ought to marry, but he had to borrow in order to erect a modern little cottage on his Farnam St. lots. Here he lived for years and here all of his children were born and reared.

Twenty years ago business commenced to show signs of encroaching upon the Millard location and one day the New York Life Insurance Company people came along and wanted the property. They were willing to pay well for it and paid \$200,000 for what Millard, thirty years ago had paid \$200.

Since then he said he has yearned to become the possessor of the old homestead where he lived when he was a poor man and where his children were all born.

Speaking of the matter he said: "The days spent in the little frame cottage were the happiest of my life. There I had my wife and children clustered about me and was not annoyed with business cares. The only annoyance was in knowing how to get enough to eat and wear and that was not serious for in those good old days when Omaha was a village and we were all on the same footing it did not require very much to support a family."

When the Bank takes possession of the property Mr. Millard will have his private offices over the identical spot where the little frame cottage once stood and in that office he will have a number of articles or furniture that he purchased when he first went to housekeeping.

They have been retained and are now among the treasures in his residence in the aristocratic, West Farnam street district.

Local Traffic Retarded by Snowdrifts.

The first of the month of March saw everything in and around Amarillo with a covering of snow, which is said by old timers to be the largest in the history of this country. On account of the high drifts in some places the snow proved quite an impediment to traffic.

The Amarillo Traction Company by dint of hard labor kept their lines open for the most part and their cars were delayed for only a short while. The Amarillo Street Railway Company were snow bound and it was some time before they got their cars running. Trains entering Amarillo were delayed owing to the undesirable track conditions caused by the heavy snow which fell over the entire country.

Citizens of Glenwood found their way down town with much difficulty and some of them were unable to come owing to the lack of street car facilities. Those who were so fortunate as to reside in San Jacinto Heights or near the line of the Amarillo Traction Company were in better shape and were enabled to reach their place of business without a great deal of inconvenience.

The celerity with which the merchants and business men had the sidewalks cleared of snow in front of their respective business houses was the subject of much favorable comment.

Through their prompt action doubtless a number of what might have been serious accidents were prevented.—Amarillo Negget.

A fine lot of books, and an extra lot of bibles at Doss.

WAX PLANT AT ALPINE

Alpine, Texas—The Rio Grande Wax Company has begun construction of a Wax Plant here, and will begin the manufacture of commercial wax within the next few weeks. The factory will utilize the weed known as the Candelilla, which grows wild over a large section of this country, extracting therefrom a wax greatly resembling bees wax and which is used in the manufacture of phonograph records, electrical insulations, candles, floor polishes, etc. The factory was secured through the efforts of the Commercial club here and its construction and operation will no doubt be of great benefit to this city and surrounding country. The factory will extract one ton of wax per day from the weed, which brings on the Eastern markets from \$600.00 to \$900 per ton.

THE OLD TIMER.

You've built up quite a city here with the stately business blocks, and wires a running far and near and handsome concrete walks. The trolley cars go whizzing by and smoke from noisy mills is trailing to the sky and blotting out the hills. And thirty years ago I stood upon the same old mound with not a house of brick or wood for twenty miles around! I'm mighty glad to be alive to see the change you have made; its good to watch this human hive and hear the hum of trade.

I list to the moans and wails
Of your town, with its tolling hands
But O, for the lonely trails
That led to the unknown lands!

I used to camp right where we stand among these motor cars and silence brooded o'er the land, as I lay 'neath the stars, save when the drowsy cattle lowed, or when a broncho neighed; and now you have an asphalt road, and palaces of trade! We hear the clamor of the host on every wind that blows when people take the time to boast of how their city grows! I do not doubt that you will rise to greater height of fame and maybe paint across the skies, your city's lustrous name!

I list to the ceaseless tramp,
Of the host with its hopes and fears
But O, for the midnight camp
And the sound of milling steers!

By WALT MASON in the Popular Magazine.

JUDGE FOLSOM THRESHES 42 BUSHELS MAIZE TO ACRE

Judge Folsom, one of Potter county's solid and successful farmers has just finished threshing.

He had in thirty acres of maize that made forty two bushels to the acre. His kafir corn made thirty five bushels and his cane was sold for hay and made a good yield.

He sold his maize at \$1.15 a hundred on the car at Folsom switch, which figures over \$24 per acre yield from farming without irrigation in a season of only normal rainfall in Potter county.

It might be added however that the gospel of cultivation is again proven in the yield of Judge Folsom's crops. He is a great believer in good cultivation of his crops and his crops at harvest time always show it by increased yields.

Judge Folsom has raised and fattened many cars of hogs on maize and if you want to be beaten in an argument any time, just state to Judge Folsom that farming by good methods does not pay in the Panhandle. He will give you facts and figures as to what he has done and furthermore he always has the stuff to show to back up his assertion that farming does pay in the Panhandle.

CALOMEL MUST HURT YOUR LIVER

Every Time You Take This Powerful Drug You Are In Danger. Take Dodson's Liver Tone Instead.

Calomel is made from mercury, and while mercury has many uses, it is a dangerous thing to swallow. If calomel stays in the system very long it salivates. Even when it works naturally, its after-effects are often bad. Floyd Beall has a liver medicine called Dodson's Liver Tone which is positively guaranteed to take the place of calomel. It stimulates the liver just enough to start it working, and does not make you sicker than ever—as calomel often does. Dodson's Liver Tone won't force you to stop eating or working after taking it. It is as beneficial for children as for adults.

Try a bottle to-day under Floyd Beall's guarantee. You know this store is reliable.

All kinds of feed, Bran, Oats, Hay, Corn, Chops, Coweta, Alfalfa, Kaffir and Maize Phone. Free delivery.—J. S. Vaughan.

If not satisfied with what you have been getting in the grocery line, give us a trial order; we'll be sure to please you.—Colorado Merc. Co.

AMARILLO-CONVENTION CITY.

GETS CATTLEMEN'S CONVENTION NEXT YEAR—STOCKMEN RETURN FROM EL PASO.

Visitors to the El Paso meeting of the Panhandle Stockmen's Association and now the Panhandle and Southwestern Cattlemen's Association, have returned to Amarillo, jubilant over the procurement of the 1913 convention. The visitors state that the meeting in the Border City was one of the most enjoyable with in the history of the organization, and that El Paso treated every one in great style.

It would have been impossible for the men from this city to have been better pleased with treatment at the hands of any city or community. The citizens of El Paso formed themselves into a large committee for the entertainment of the cattlemen and nothing was left undone that could have in any manner added to the pleasureableness of the occasion.

Amarillo is now planning for the entertainment of the convention visitors next year, in just as ample a style. They will have a number of novel and pleasing features on the program, and there cannot be the least doubt that the planning already tentatively begun, will lead to developments that will redound to the glory of Amarillo and this entire section of the southwest.

None are more jubilant over the outlook for the Amarillo meeting a year hence, than those who attended the convention. It is stated that many promises of good times were made by Amarillo people in the convention, and that not only these but many others will be fulfilled, when the visitors shall have gathered here not only from the Panhandle but the Southwest.

That the convention next year will be the biggest meeting ever pulled off in Amarillo, goes without saying. Thousands of visitors are expected, and the people of the city are already committed to their entertainment. The program is expected to be exhaustive—replete with things exceptional for the entertainment of the visitors. While this is true, the outline of the entertainment will be purely Panhandle and western in nature.

Before the convention a large invitation list will be sent out, and this will be but one of the means used to bring visitors here from every part of the United States, where cattle interests are considerable.—Amarillo Nugget.

Notice of Sheriff's Sale. (Real Estate).

By virtue of an execution issued out of the Honorable District Court of Mitchell County, on the 19th day of February, A. D. 1912, in the case of Chas. J. Canda, Simeon J. Drake and Alphonse Klob versus T. O. Cowan, Sidney Boykin, et al, No. 1322, and to me, as sheriff, directed and delivered, I have levied upon this 19th day of February A. D. 1912, and, will, between the hours of 10 o'clock A. M., and 4 o'clock P. M. on the first Tuesday in April, A. D. 1912, it being the 2nd day of said month, at the court house door of said Mitchell county, in the City of Colorado, proceed to sell at public auction to the highest bidder for cash in hand, all the right, title and interest which T. O. Cowan had on the 19th day of February, A. D. 1912, or at any time thereafter, of, in and to the following described property, to-wit:

All of those certain lots of land, situated in the Town of Lorraine, Mitchell county, Texas, to-wit: what are known as business lots Numbers 10, 11, and 12 in Block Number 4; Business lot Number 4 in Block Number 6; and Business lots Numbers 2 and 3 in Block Number 13, according to the Map of a part of the said town of Lorraine, which appears of record on page No. 600 of Book No. 16 of the Deed Records of Mitchell County, Texas; Also lots Numbers 5, 6, 7 and 8 in Block Number 22; lots Numbers 5, 6, 7 and 8 in Block Number 28; and lots Numbers 3, 4, 5 and 6 in Block Number 37, of the said town of Lorraine, according to the Map of a part of said town, which appears of record, on pages 488 and 489 of Book No. 24, of the Deed Records of Mitchell County, Texas; said property being levied on as the property of T. O. Cowan, to satisfy the balance due on a judgment amounting to \$308.55, in favor of said Chas. J. Canda, Simeon J. Drake and Alphonse Klob, interest and costs of suit.

Given under my hand, this 19th day of February, A. D. 1912.

G. B. COUGHRAN,
Sheriff Mitchell County, Texas.
By Preston Scott, Deputy. 3-29c

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all druggists.

F. S. Keiper Real Estate Exchange

COLORADO, TEXAS

F. S. KEIPER

AT THE STUDEBAKER GARAGE

Proprietor

We ADVERTISE Your Property

No. 1—A good five-room house in Colorado, close in. This is a nice improved place for sale cheap; will take part trade, or terms to suit. A big bargain.

No. 2—This is 708 acres of good land in Dawson County, near Lamesa and is for sale or trade. This land is on the Santa Fe railroad and offered at a bargain. Small payment and ten years time on balance. Will take any kind of trade.

No. 3—Here is 160 acres of fine land in two miles of Westbrook for sale or trade. I consider this a great bargain and if you want a home this will suit you.

No. 4—Have a good five room house, well improved place in Mineral Wells. Will sell or trade for small tract of land, anywhere, of equal value. Investigate this offer.

No. 5—This is a ten section proposition but is such a rare bargain as to make it sell at once. It is fine land in Borden county, 80 per cent agricultural, 3000 acres sub-irrigated, only nine feet to water, inexhaustible sheet water at 22 feet. Have everlasting springs. Estimated that enough water could be secured if properly developed to irrigate the whole tract. Has two sets of fine improvements, a store and postoffice, school, ranch houses and is an ideal proposition for small colonization project. This land is offered at only \$15 per acre, half cash with terms on balance. There is twelve acres of old alfalfa on the place, cutting four tons per acre, and this alone shows this land to be equal to any of that in the Pecos valley or in California.

No. 6—320 acres of good sandy loam 7 1/2 miles northwest of Colorado, improved. 75 acres in cultivation, 250 acres tillable. Loan of \$1200. Terms one-fourth cash, balance ten years.

No. 7—160 acres sandy loam farm 6 miles from Westbrook; price \$20 per acre; \$900 incumbrance. Will exchange equity for horses, mules or merchandise.

No. 8—480 acres red land soil, 250 acres in cultivation; 460 acres tillable 20 acres grazing land; all fenced; mesquite for fuel; two good wells, windmill and tank; one good four-room house and outbuildings; one two-room house and out buildings; half mile to school; 7 miles of Iatan, Mitchell county, on T. & P. railroad, half mile from postoffice. Price \$16.00 per acre, one-third-cash, balance 2 to 7 years at 9 per cent.

No. 9—320 acres; 75 acres sandy loam, balance red and black land; 75 acres in cultivation; 175 acres tillable; 145 acres good grazing land; all fenced; plenty mesquite timber for fuel; two wells and tanks; 3-room house, good barn and outbuildings; one and a half miles from school; four miles of Westbrook; 7 miles from Colorado (county seat Mitchell county) on the T. & P. railroad. Price \$20.00 per acre, one half cash, balance to suit.

No. 11—9 acres sandy loam, all in cultivation; fenced; good windmill, well and cistern; good 5-room house and outbuildings; joining the city of Colorado, Mitchell county. Price \$2,500, \$1000 cash balance to suit. A fine proposition for poultry farm or truck patch.

No. 14—640 acres deep red sandy loam, all tillable, all good grazing land; a great bargain at \$6.50 per acre. 16 miles south-west of Tahoka, county seat of Lynn county, on the Santa Fe railroad.

No. 15—One of Mitchell county's best improved farms, 194 acres, dark sandy loam; 175 acres in cultivation, all tillable; good well and windmill and tank; good 4-room house, barn 25x60; half mile to school; 3 miles east of

Colorado, Mitchell county. Price \$40 per acre. Half cash, balance to suit at 8 per cent interest.

No. 16—Must be sold. 640 acres, five miles of Colorado; 3 sets of improvements; 320 acres in cultivation, 75 per cent tillable. Make offer: quick.

No. 17—5120 acres. One of the best stock ranches in west Texas. Good valley soil; all fenced; half tillable; all good grazing land; abundance of grass; part of this land had grass on it 18 inches high and would have cut several thousand tons of hay; good 5-room house; large surface tank; 16 miles northwest of Kent, Culberson county, on the T. & P. railroad. Land lays so that you could see a cow almost anywhere on the entire tract. Party not able to stock this ranch and will sell at a sacrifice. \$4.00 per acre one-fourth cash, \$1.00 due to the state, can run 35 years at 3 per cent, balance to suit at 8 per cent. Will exchange. What have you?

No. 18—640 acres soil sandy loam, 440 acres in cultivation; 85 per cent tillable; all fenced; three wells and two windmills; three sets of tenant improvements; one and a half miles of school; 12 miles northwest of Colorado, county seat of Mitchell county, on T. & P. railroad. Price \$21.50 per acre, one-fourth cash, balance to suit.

No. 19—640 acres, sandy loam; 100 acres farm land, one-third agricultural, house, six miles from Colorado; price \$11 per acre. 640 acres, 45 per cent tillable, ranch house, spring, improvements worth \$1000; price \$11.00 per acre. 640 acres, 70 acres tillable at \$15.00 per acre. 640 acres, 50 acres ready for the plow, half tillable, two-thirds sand and shinnery, \$10.00 per acre. 640 acres, 100 acres ready for the plow, fenced and tenant house, half sandy soil, on Colorado river, \$14 per acre. 160 acres, 70 acres in cultivation, all tillable, sandy soil \$15.00 per acre. 320 acres, 70 acres in cultivation, half tillable, on Colorado river, \$12.50 per acre. All of the above tracts lay from five to eight miles of Colorado; one-third cash, balance at 8 per cent.

No. 20—240 acres sandy loam, 70 acres in cultivation, 200 acres tillable, all fenced, two wells, windmill; one mile of school; tenant improvements, three miles of Colorado. Price \$20. two-thirds cash, balance to suit.

No. 21—160 acres, catclaw land 120 acres in cultivation; all tillable, fenced, well, windmill and tank; small house and other improvements; two miles of school; four miles of store; ten miles of Colorado. Price \$23.00 per acre, half cash, balance 10 per cent.

No. 22—160 acres, sandy loam, 120 in cultivation; 160 tillable, fenced; well, windmill and tank; good 4-room house; half mile of school; 7 miles of Colorado. Price \$5000, half cash, balance to suit.

No. 23—320 acres; fenced; catclaw soil 130 in cultivation, 200 tillable, 130 grazing land; mesquite timber; well windmill and tank; 3-room house, two porches; 3-4 mile to church and school four and a half miles of Colorado. Price \$22.50 per acre, \$3100 cash, balance at 8 per cent.

No. 24—160 acres, red catclaw sandy soil; 100 in cultivation; 125 tillable; good grazing land; mesquite timber; fenced; 5-room house with porches; 3 acre peach orchard; 2 miles of school; 5 miles from Colorado, on the T. & P. railroad. Price \$25.00 per acre. Half cash, balance 1 to 10 years at 8 per cent.

No. 25—160 acres, sandy loam soil, 65 acres in cultivation, 98 per cent tillable; fenced; mesquite timber; two small houses and out buildings; two miles of school; two miles of Spade; six miles of Westbrook; Price 20.00 per acre, half cash, balance to suit at 8 per cent. Will trade for anything.

No. 26—176 acres, sandy catclaw soil, 105 in cultivation, 160 tillable; good grazing land; fenced; two wells, creek, abundance of water; 3-room house; 3-4 mile of school, and church; 12 miles from Snyder. Price \$32.50 per acre; half cash, balance to suit. Would take \$1000 worth of horses and mules.

No. 27—317 acres sandy soil; 160 in cultivation; 300 tillable; good grazing; fenced; well, windmill, cistern and on Colorado river; 3-4 acre in fruit trees, bore some last year; small house and other improvements; 1-2 mile of school Price \$18.50 per acre, half cash, balance to suit; 8 miles from Colorado. Would trade for smaller farm in South Texas.

No. 28—Good 4-room house well located in Colorado, lot 100x140; good location; nice shade trees; fenced; and other improvements. The price is right and would exchange for property at Post City.

No. 29—480 acres sandy loam and red catclaw soil, all tillable except 2 acres; good grazing land; good new fence; large surface tank; in Lynn county; 1 1/4 mile of switch, 8 miles south of Tahoka, county seat, Price \$15.00, 1-4 cash balance to suit.

No. 30—160 acres of sandy loam, 80 in cultivation, balance good grazing; fenced; well, windmill and good spring ten acres in orchard and berries 3 to 5 years; good 5-room house, barn and other improvements; 3 miles of Colorado. The price is right; will trade for city property.

Cottolene

is Sunshine in the Kitchen-

Plenty of sun and air have cured more invalids than have the doctors. *Cottolene* is a sun-kissed product. It comes from the cotton fields of the Sunny South,

where the choicest seed is selected, the oil extracted and refined, making a wholesome, healthful, vegetable product that makes "sunshine food."

Lard, on the other hand, never has, never can be anything but hog fat.

You take chances when you use it. It may not injure you; but it may cause indigestion and other troubles.

Cottolene makes food that any stomach can digest, contains no hog fat, and is the most healthful and economical cooking fat on the market.

More Economical than Butter or Lard—Use 1/3 Less

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Mitchell County, Greeting:

Oath having been made as required by law, You are hereby commanded to summon William Neild and the unknown heirs of William Neild, J. B. Watkins, and the unknown heirs of J. B. Watkins, Amelia H. Jones, and her husband, William H. Jones, Amelia H. Jones, a feme sole, and the unknown heirs of Amelia H. Jones, by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof in the City of Colorado, on the 3rd Monday in May, A. D. 1912, the same being the 20th day of May, A. D. 1912, then and there to answer a petition filed in said Court on the 19th day of March, A. D. 1912, in a suit, numbered on the docket of said Court No. 1352, wherein W. A. Cochrane is plaintiff, and William Neild and the unknown heirs of William Neild, J. B. Watkins and the unknown heirs of J. B. Watkins, Amelia H. Jones and her husband, William H. Jones, Amelia H. Jones, a feme sole, and the unknown heirs of Amelia H. Jones are defendants, said petition alleging that plaintiff resides in Mitchell county, Texas, and the respective places of residence of the defendants are unknown to plaintiff:

That on March 1st, 1912, plaintiff was lawfully seized and possessed of a tract of land situated in Mitchell county, Texas, to-wit: all of the north-east quarter of Survey No. 53, in Block No. 26, as surveyed by virtue of certificate No. 2-1379, issued to the Texas & Pacific Railway Company, except five acres, in the form of a square, in the north-east corner thereof, the same containing 155 acres, more or less:

Plaintiff claims said land under the following chain of title, to-wit: Patent from the State of Texas to the Texas & Pacific Railway Company, dated February 14th, 1881; Deed from

the Texas & Pacific Railway Company to Eli Newsom, dated January 21st, 1884; Deed from Eli Newsom (who is the common source of title) to William H. Jones and Amelia H. Jones, dated October 20th, 1884; Deed from William H. Jones to George M. Ihinger, dated May 17th, 1897; Deed from George M. Ihinger to J. D. Wulfjen, dated September 9th, 1899; and Deed from J. D. Wulfjen and his wife, M. J. Wulfjen, to plaintiff, dated January 1st, 1912.

That on March 1st, 1912, defendants ejected plaintiff from said land and unlawfully withheld from him the possession thereof, to his great damage:

That on the date of his ejection plaintiff was the lawful owner, in fee-simple, of said land, by virtue of his record title thereto, and the fact that he, and those under whom he claims title, have had continuous, peaceable and adverse possession of said land, cultivating, using and enjoying it, claiming it under deeds duly registered, and paying all taxes thereon, for a period of more than five years next preceding said 1st day of March, 1912, and next preceding the date of filing this suit:

And by virtue of the further fact that he, and those under whom he claims title, have had open, continuous, notorious, exclusive, peaceable and adverse possession of said land, having it enclosed by a substantial fence, for a period of more than ten years next preceding said 1st day of March, 1912, and next preceding the date of filing this suit; plaintiff specially pleads the five and ten years' statutes of limitation:

And he avers that he believes, and alleges that defendant, William Neild, is claiming said land by virtue of a deed of trust, executed by Eli Newsom and wife, Lydia R. Newsom, on December 1st, 1883, to J. B. Watkins, trustee, to secure the payment of one note, executed by said Eli Newsom and wife, of the same date, for \$700.00 bearing interest from date at six per cent. per annum, and payable to the order of William Neild, five years after date:

That J. B. Watkins is claiming said land by virtue of a deed of trust, executed by said Eli Newsom, and wife, December 1st, 1883, to M. J. Dart, trustee, to secure the payment of ten notes executed by said Eli Newsom and wife, dated December 1st, 1883, the first of which was for \$9.80, and the other nine

of which were each for \$10.00, payable to the order of said Watkins, 6, 12, 18, 24, 30, 36, 42, 48, 54 and 60 months respectively, after date:

That each and all of said notes have been fully paid, thereby extinguishing said respective liens securing them:

That said Amelia H. Jones is the wife of said William H. Jones, and is claiming said land by virtue of having been one of the grantees in the deed dated October 20th, 1884, executed by Eli Newsom, conveying said land to said William H. Jones and Amelia H. Jones; that by said last named deed, said land became the community property of said William H. Jones and Amelia H. Jones, and was not then, and never afterwards became their homestead:

And in the alternative, plaintiff alleges that on October 20th, 1884, said Amelia H. Jones was a feme sole, and was also a feme sole on May 17th, 1897, when said William H. Jones conveyed said land to George M. Ihinger, and that whether she was a married woman, or a feme sole, on May 17th, 1897, whatever right and title she may have had in and to said land, is barred by the five and ten years' statutes of limitation, which plaintiff specially pleads:

That said respective claims of said defendants, William Neild, J. B. Watkins and Amelia H. Jones, constitute clouds upon plaintiff's title to said land; that plaintiff does not know whether said William Neild, J. B. Watkins and Amelia H. Jones are living or dead; he alleges they are living, but joins the heirs of each and all of them, as parties defendant, in order if they, or any of them, are dead, to have before the court, all parties interested.

Plaintiff prays that upon final hearing, he have judgment for the title and possession of said land, cancelling said claims of the defendants against the same, and removing the clouds from his title thereto; for his damages and all costs of suit, and for such other and further relief, as to the Court may seem just and proper.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Jesse H. Bullock, Clerk of the District Court of Mitchell County, Texas.

Given under my hand and Seal of

said Court, at office in Colorado, Texas, this 19th day of March, A. D. 1912.

JESSE H. BULLOCK

A New Concept of the Farmer.

If we are to expect young people to take up farming as a vocation give them good roads with the wider horizon and the larger social life that ensues. They must have better school education and live at home on the farm instead of going to a nearby city and getting the town microbe along with their education. Scientific Agriculture, which will make farming more interesting, more profitable and dignified, will do much to check the drift from the farms to the city.

We must recast our concept of the farmer. He is no longer the "Hayseed," the "Gawk" and the "Ignoramus." The rural mail delivery, the daily paper, the telephone and other instrumentalities have worked wonders. We are approaching a time when the public will recognize the farmer as our first and most important citizen and that farming is every bit as high a calling as banking, manufacturing or preaching. Then the farm boy and girl will be proud of their father's business.

The newspaper cartoonist and the vaudeville stage, in years past, in holding up the farmers to ridicule have been big factors in driving the young man away from the farm home. The farm boys and girls have been drawn to the city by the glare and excitement to be found there, and they came to the conclusion that a clerkship in a store or a job in the factory was better than to plow corn or milk cows.

One of the most encouraging signs of the times is the large and increasing numbers of students in our agricultural colleges; and the fact that many of them come from city homes is significant and augurs well for the future.—Oklahoma Farmer.

**SCHOOL TRUSTEES
ELECTION APRIL 6
COUNTRY-WIDE SCHOOL TRUSTEE
ELECTION IS TO BE HELD IN
MITCHELL COUNTY.**

County Superintendent A. J. Coe is in receipt of the following letter bearing upon the question of school trustees and the trustees for all independent and common school districts. The letter follows:
State Department of Education, Austin, Texas, F. M. Bralley, State Superintendent; T. H. Shelby, Chief Clerk.

February 12, 1912.
To the County Judge and the County Superintendent:

The law provides that common school district trustees be elected on the first Saturday in April, 1912, and that at the same time in each county five county school trustees shall be elected. Sections 142 and 150, School Laws of Texas, issue of 1911, which are Sections 4 and 12 respectively of Chapter 26, Acts of the Thirty-Second Legislature, provide for the election of the five county school trustees. The order for the election of common school district trustees, who are, according to law, county officers, and the order for the election of the five county school trustees. The commissioners court, by judge at least thirty days prior to the date of the election, and notices thereof must be posted in the several school districts. In each independent school district, however, the election order and notices shall be for only the five county school trustees, while in each common school district the election order and notices shall be for either one or two common school district trustees, as the case may be, and the five county school trustees. The commissioners court, by law, is required to appoint three persons to hold the election in each common school district for common school district trustees, and the same three persons should be appointed by the commissioners court to hold the election in each common school district for the five county school trustees, separate ballots and separate poll lists being used in the election of common school district trustees and county school trustees; and for each independent school district the commissioners court should appoint three persons to hold the election at each of one or more polling places, to be designated by the commissioners court for the five county school trustees.

If at the time and appointed place of election the persons appointed to hold the election are absent or refuse to act, the lectors present should select of their number, persons to hold the election, who should proceed with said election as the law provides, the polls at each election being opened at 8:00 o'clock a. m. and closed at 4 o'clock p. m. The law does not provide that the officers holding the election shall be compensated for their services.

If no election be held for common school district trustees the county superintendent should appoint trustees for the full or unexpired term; if no election be held for county school trustees, the county school trustees in office will continue to serve until the election for county school trustees on the first Saturday in April, 1912.

F. M. BRALLEY,
State Superintendent.

Hesperian Club.

The Hesperian club met Friday with Mrs. T. J. Ratliff and a good meeting was held. Mrs. Hazzard was leader of the Shakespeare lesson, the last act of Coriolanus being studied. Roll call was, is the retirement of Volunna, also of Menenius satisfying? Mrs. Hart gave a good paper. Mrs. Hazzard reviewed the character of Volunna. The second part of the lesson was modern inventions, which was the roll call. Miss Mabel Ratliff told most interestingly of the invention and development of the aeroplane. Mrs. Broadus had a fine original story of love and war, her subject being the possibilities of the aeroplane in romance and war. Her hearers were kept breathless until the couple were safely settled on terra firma, and the hero had told the heroine of his love and been accepted. The hostess served delicious apple and chocolate pie with hot coffee. Miss Wulfjen is hostess this week, and the club will hold election of officers.

Friday evening James McEntire entertained about twenty-five of his boy and girl friends with a very pleasant play party. They had music and games, and everyone had the very best kind of a time. His mother looked after the comfort of his guests and served them with the most delicious gelatine and cake imaginable. It was late before good nights were said everybody was having such a good time.

Are You Going to Do Any
Painting

this Spring? If you are, we would suggest that you write us at once for Color Cards, Prices and Terms. It will cost you nothing to investigate. You can save money by buying direct from the Manufacturer.

We manufacture a full line of Ready Mixed House Paints, Barn Paints, Roof Paints, Factory Paints, Bridge Paints, Shingle Stains, Varnishes, Dryers, etc.

Notice of Sheriff's Sale.
(Real Estate)

By virtue of an order of sale issued out of the Honorable District Court of Tarrant county, Texas on the 4th day of March, 1912, in the case of I. H. Burney versus C. A. Goodwin et al, No. 32444, in the 67th Judicial District of said county, and to me as sheriff directed and delivered, I have levied upon this the 5th day of March, 1912, and will, between the hours of 10 A. M. and 4 P. M. on the First Tuesday in April, A. D. 1912, it being the 2nd day of said month, at the court house door of said Mitchell County in the City of Colorado, proceed to sell at public auction to the highest bidder for cash in hand paid, all the right, title and interest with C. A. Goodwin, G. E. Goodwin and Mrs. F. M. Goodwin, Independent Executrix of the Estate of W. H. Goodwin, deceased, or any of them, had on January 30th, A. D. 1909 or at any time thereafter of in and to the following described property, to-wit:

All of survey No. Sixty-four (64) in Block No. Ninety-seven (97) of the Houston and Texas Central Railway Company surveys, located for the Public Free School Fund under and by virtue of Certificate No. 27-1632, issued to said Railway Company, and sold by the State of Texas to W. H. Goodwin June 11, 1900 at \$1.50 per acre, situated in Mitchell county, Texas, containing 640 acres of land, being situated about 11 miles from the court house in said county, a little west of north thereof, and being known generally as the Charley Goodwin place;

Said property being levied on as the property of C. A. Goodwin to satisfy a judgment amounting to Eleven Thousand Five Hundred and Forty-six and 45/100 Dollars, with ten per cent interest thereon from December 4th, 1911, and all costs of suit with a credit of Three Thousand One Hundred Sixty-seven and 20/100 Dollars (\$3167.20) thereon of date of February 6th, 1912, in favor of the said I. H. Burney.

Given under my hand this the 5th day of March, A. D. 1912.
G. B. COUGHRAN,
Sheriff Mitchell County, Texas.
By Preston Scott, Deputy. 3-29c

Wanted—Three Million Farmers.

The federal department of agriculture states that the Texas farm has decreased in size during the past decade from 377 acres to 262 acres, which shows that the Texas farmer is learning lessons in diversification. The Texas farm is still too large; one farmer cannot cultivate more than 50 acres unless he employs help, which would mean another farmer. On this basis, Texas needs 3,000,000 more farmers, which would mean an increase in population of 15,000,000 people, and these farmers would bring with them \$1000 each in property, which would make an increase in property values of \$3,000,000,000 or more than the value of all property in the state.

The disturbances in Mexico are costing foreigners, particularly Americans, about as much as the Mexican government. In the state of Chihuahua alone, there are invested at least \$75,000,000, which the conditions render very insecure. The very incompetency and lawlessness of the so-called revolutionists is arousing among the best class of Mexican citizenship, a patriotic feeling that will sweep Orozco and his gang of brigands from that country. He and his followers have proven themselves nothing better than bandits and deserve summary shift at the hands of Madero and his government.

The Record has for sale or trade a nearly new 3-horse-power Fairbanks-Morse Gasoline Engine. Cost new \$225. Will sell at nearly half price. Guaranteed in all its parts, and is a bargain for anyone who wants an engine. See it at this office.

COLORADO, TEXAS, MARCH 22, 1912.

The associated press is not making as great profit out of the finding of the south pole as it did with the Peary-Cook row.

The West Texas farmer who expects to be in the procession of prosperity, will build a silo and have green feed for his stock all winter.

Ex-governor Campbell now says the defeat of Colquitt is a public necessity, and that his coat is off to help compass it.

As the weather warms warmer, the candidate begins unfolding the more. Many of them will now walk across the street to shake you by the hand and ask "what's the news."

Good roads are doing much to make boys and girls contented on the farm. When the young people can go to the lectures, the theatre, church, etc., in town and return in a few hours and rest in comfortable rooms they are not anxious to leave the farm.

"Towns never grow except as the country grows," said Col. Yoakum. "They do not grow of themselves. No one has ever seen a good town in a poor country, and the town's prosperity depends upon one thing, and that is the soil. Farming is the biggest question today in the United States."

During the month of February alone, at least a dozen Texas counties voted on and carried bond issues for the building of good roads. The sum of \$2,500,000 in bonds was voted. This is a greater sum for that purpose than has ever been voted in the same length of time.

A newspaper has but one thing to sell outside its advertising space—truth. A subscriber has as much right to a guaranty of truth from the publication to which he pays his money as he has to a guaranty of true weight from the grocer who sells him sugar. It is a simple proposition and involves only common honesty.

The cost of living is no higher now than heretofore, we just want more and better stuff. The present generation wants to begin just where their forefathers left off after a century of struggle and denial. They want to begin at the top. Of course, it comes high and always will.

The entire issue of \$100,000 road bonds voted by Howard county has been taken by W. S. Hughes & Co. of Brady, Texas. The commissioners court cancelled the two previous orders of issues and passed an order authorizing the issuance of bonds in accordance with the election held last year.

The subject of good roads should never grow stale. Listen to this: "One of the curses of country life is muddy and impassable roads. Good roads are now being built throughout the country, and these will do much toward making country life attractive, because they mean ease of access and more intimate association, as well as economic advantages."

The prohibition by President Taft of the exportation of arms and all war supplies from this country to any country on the American continent where violence exists, will cripple the revolution in Mexico to the extent of destroying its source of supply. The willingness of Americans to sell munitions of war to the revolutionists, has kept the trouble in that country going thus far.

The short shift in which express messenger Trousdale on the Southern Pacific road disposed of the two bandits who attempted to rob his safe last week, will likely put a crimp in the hold-up industry for some time to come. Few men, under the circumstances would have had the presence of mind to do what he did. When a robber sticks a pistol in one's face with the preeminent order of "hands up!" the law of suggestion gets in its subtle work and up they go, while two minutes afterward a dozen things can be thought of that might have balked the robber.

J. C. Williams, a Confederate Veteran, living at Lewisville, Denton County, determined to attend the reunion this year at Macon, Ga., and is a good lap on his way. He crossed the Louisiana line last week, having covered 225 miles in ten days. He is taking the trip by easy stages and expects to visit a few days at his old home in passing through Mississippi.

The Texas & Pacific road has issued a book of new rules for its employes in all departments. It is very comprehensive and covers every detail of the business. Among other things stressed is politeness and civility to patrons, on which the management places a premium. The time has passed when a railroad employe teets that his first duty to the public is to be incivill as possible. That was when railroads were far apart and no competition. The railroads have found that politeness and civility pay as great dividends as quick time and fine equipment.

With the pushing of the railroads into new country, new industries are created. Thousands of tons of bones are laid bleaching in the sun for years which, upon the advent of the railroads are gathered up and sold to junk dealers who ship them to the sugar refineries, where they are used in the refinement of sugar. Old bones now bring from \$150 to \$200 the ton. The country around Fort Stockton is now doing a thriving business in old bones.

In the death of Captain Sidney Smith, the Dallas Fair loses one of its most faithful sevitors. It was through his untiring efforts more than anything else that the fair association has reached the importance and dignity it now enjoys. This fair is now regarded as the largest institution of the kind in the United States. During the past few years it has been a great financial success, clearing more than \$100,000, all of which has been put back in improvements.

The safety of the fruit crop in Mitchell county and all West Texas, will mean a great saving in the "high cost of living." Its value is never appreciated until it falls. More trees are planted every year, and more attention is being given to the "home acre." The spectacle of a farmer living five miles from town buying from the grocery stores vegetables raised in south Texas and shipped in here by way of a Dallas or Fort Worth jobbing house, demonstrates a very anomalous condition, a condition that can never go hand in hand with successful farming.

The whirligig revolutions in Mexico bring to mind that hoary story of the Irishman who landed at Castle Garden being asked if he was a democrat or a republican.

"Which wan iv thim is in office," he asked.
"The republicans, just now."
"Thin, I'm a dimmyerat. Fr I'm afe the government."

Former U. S. Senator Burton of Kansas is at the head of a Kansas City syndicate that has just purchased 40,000 acres of irrigated land in the Fort Stockton country, paying therefor \$1,125,000. Half a million dollars will be immediately expended on improvements.

Did you know there is a sentence in the English language that cannot be written? Well, there is; but if you dubt it just try to reduce the following to writing: "There are three 2s in the English language." You can't write it "two," that would be a paradox. No more could you write it "too" than you could put it "to," because that would be untrue. Of course the difficulty could be bridged by expressing the meaning of the sentence by writing it "there are three words with the sound two, (too or to) in the English language," but the first form is unwritable.

The man who owns his land and consumes what he raises on it, and raises most of what he consumes, is a farmer. The man who leases large bodies of land, raises a crop of one thing, sells it to buy what he consumes is a planter. The fellow who owns no land, rents what he cultivates, raises nothing he consumes, but just what the landlord dictates he will raise, is neither a farmer nor a planter; he lacks the self-supporting independence of the farmer, and the profits of the planter, while handicapped by the drawbacks of them both.

Unless all signs and the experience of ages fail, West Texas should enjoy the most prosperous year in its history during 1912. From all sections come reports of abundant rains and crop prospects. Although the price of cotton was distressingly low the past season, the farmers made feed enough to carry them over the present year. With good grass during the spring and summer, much less other feed will be required. From present indications, this section will have a good fruit crop, which in itself will go far toward cutting down the living expenses, say nothing of what can be sold in the market. Good grass also means milk and butter, which help very greatly to reduce the family expense bill; while every year witnesses greater activity in the poultry business. West Texas is just beginning to learn the importance of "living at home" instead of paper bags from hand to mouth. When the owner of every home in Mitchell county shall have a garden, an orchard a few good cows, hogs and poultry, this country will begin to come into its own and be what nature intended it should be—the best all-purpose farming section in the great southwest. And the year 1912 will prove a long step toward the consummation of that destiny.

Beginning June 1st, the Texas & Pacific road will standardize its service. Just what this means to the uninitiated in railroad affairs, is not very clear. In the abstract it means that everything will be brought up to the very latest wrinkle in running a railroad. The "red ball" system of handling freight means that perishable stuff, when offered in sufficient amount, will be rushed through, even if it goes in a car alone and requires a special train. There will be no more laying out of freight, or having it sidetracked, or waiting for car load lots. In short, the Texas & Pacific road will be brought up to the highest standard of efficiency and equipment. It has enjoyed a monopoly of the business of this section so long, that much laxness crept into its methods. It was the "Texas & Pacific" or nothing but with the coming of other trunk lines into this territory, equipped with the very latest methods, and making it to the advantage of the shipper to patronize them, the "Old Reliable" has waked up, shook itself and gotten into the competitive game with earnestness. The road bed will be greatly improved, heavier steel laid in some places, bridges filled in, new and more powerful locomotives purchased and steel cars provided. When all the improvements now contemplated have been effected, the T. & P. will be second to no road in the state. Already, since the new management has taken control the earnings of the road have picked up materially. For the first two months of 1912 both the freight and passenger business has shown marked gains. All this spells improved conditions in west Texas. Reports from all along the line of this road indicate that the country is fast recovering from the effects of the past two years of business depression.

where a second or even a third class job would be best, and cheapest, but where the greatest good of all is concerned, not only of the present generation, but of generations to come, is to be considered, only the best should be done. If coming generations are obligated by the present generation, to bear the greater part of the expense of the improvements, then, it is still more our duty to give them the greatest value for the taxes they will have to pay. The best is not only cheapest for those who will inherit both what we build and part of its cost, and it is the part of good business, justice and patriotism, that we build the best we can. It will be cheaper for us and for them as well.

His "Fighting Wages."
Houston, Tex., March 17.—David A. Trousdale, the express messenger who killed two armed train robbers last week on the Southern Pacific, near Sanderson, was the recipient today of a letter of commendation and a voucher for \$500 from President Thornwell Fay of the Sunset-Central lines. The letter and check were mailed to Trousdale on Saturday.

When a man wants to use you he usually tries to make you believe that you are entitled to more than you are getting, or that you have been mistreated by someone. He is very careful not to let you know that he wants you to turn his grindstone.—Ex.

Philosopher, Abe Martin, says: "The great trouble in running a country newspaper seems to be to keep the social doings and court proceedings separated."

The meningitis, though much better in the larger cities, has appeared in many rural localities over the state. It misses the advertising given it by the daily press in cities, but it is still with us, and too much care cannot be exercised in preventing it.

Equal to "Madam Guillotine."
London, March 18.—That a thousand decapitations have taken place at Peking and Tien-Tsin in the past week is officially admitted, says a Peking dispatch to the Daily Telegraph. Only the brush of Gustave Dore could do justice to the hideous picture the streets present. Bodies lie in groups in agonized attitudes, the heads literally hacked off, lying where they rolled. The very mules and ponies snort and refuse to approach the terrible objects over which the rabble stands and gloats.

CLASSIFIED ADS.
Wants, For Sale, For Rent, Lost Found And Numbers of Other Items in this Column that Will Pay You to Read Over.

FOR SALE—Girl's Bicycle, good as new. A bargain for cash. Phone 141.

TO TRADE.—Good Eastern land to trade for West Texas lands. A half section of land in Mitchell county to trade for El Paso county land. See A. M. Bell, Westbrook, Texas.

FOUND.—Two keys on small ring were brought in this week looking for owner. 25 cents get them if you own them, at this office.

LOST.—Solid gold hunting case watch, Waltham movement, 18 size, 21 jewels engraved with violets on both sides; stirrup fob. Reward if returned to Bob Cooper, Colorado, Tex.

LOST.—Large cameo breastpin, oval shape, with woman's head design, somewhere about the fire at Mr. Cooksey's Monday afternoon. Reward on return to this office.

FOR SALE.—A good hack and double harness for sale at a bargain. In good condition, will sell for cash or trade for good stock. Apply at Record office.

HORSE CLIPPING.—Will clip your horses while you wait; thorough work on all jobs; nothing helps a horse so much as a good spring clipping. Bring them to fire station.—Tom Payne. tr

NEW SHOE SHOP.—I am prepared to do all kinds of shoe work on shortest notice and most satisfactory manner. Work done while you wait. See me at fire station.—Tom Payne. tr

A SPECIAL MESSAGE FOR THE LADIES

NO message is more welcome to the careful and thrifty housewife than one which indicates a saving in household expenses, improvement in the quality of the goods, and at a price no higher than they pay for inferior goods. This is my message:

I am again occupying the house where I have done business for many years, refitted, made perfectly sanitary, and carrying a stock of goods to which I wish to call your attention. I can sell you the very best brand of goods on the American market for prices you have been paying for inferior quality. You are acquainted with such famous brands as

LIBBY'S CANNED MEATS—HEINZE'S PICKLES AND PRESERVES—BEACHNUT FRUITS AND PRESERVES—CLUB HOUSE GOODS AND "VER-A-BEST" FLOUR

No finer goods than these are to be bought. Heinz's goods comprise 57 varieties of fruits, pickles and preserves. Libby's line of canned meats is the standard of merit. The Beachnut line of fruits and preserves cannot be excelled. The Club House brand includes a full line of fruits and vegetables of every kind and climate. The Palmetto brand of California fruit cannot be surpassed. The "Ver-a-best" flour stands at the top for quality and satisfaction; while the Club House and Cook's Pride brands of Coffee are all that any taste can desire—they make a perfect drink.

Better goods than these lines comprise, cannot be found. I want you to come and see what I have and investigate the merit of the goods I handle. I am grateful for the liberal patronage accorded me in the past and hope to merit its continuance by giving you the best that can be gotten. A cordial welcome awaits you, knowing that one trial of these goods will secure your patronage in the future.

Very respectfully yours,

Y. D. McMURRY

CAMPAIGN OF TEXAS' GOVERNOR

For Second Term Discussed by Number of Friends.

AN ADDRESS IS PREPARED

Two Hundred Citizens Present a Document Setting Forth Record of Mr. Colquitt and Urging That He Succeed Himself.

Fort Worth, Tex., Feb. 10.—An enthusiastic meeting of Colquitt supporters, at which about 200 were represented in person and by letters, was held at the Westbrook hotel today.

Colonel R. M. Johnston of Houston called the meeting to order and stated its object—that of aiding the campaign of Governor O. B. Colquitt for re-election. He expressed gratification that in view of the quarantines now prevailing the attendance was so large and that so many sections of the state were represented.

The conference was organized by the election of G. H. Culp of Gainesville as chairman and W. P. Hobby of Beaumont as secretary.

Many speeches were made indicating that the interest in Governor Colquitt's re-election is general throughout the state and that an aggressive campaign will be waged in his behalf from the counties and sections represented. Each speaker predicted the renomination of Governor Colquitt by an overwhelming majority.

A committee on ways and means, consisting of Paul Waples of Fort Worth, Gus Shaw of Texarkana, F. W. Cook of San Antonio, Royal A. Ferris of Dallas and B. F. Bonner of Houston was appointed to consult Governor Colquitt with a view to aiding him in the promotion of his campaign.

A committee was appointed to prepare an address to the Democrats of Texas in behalf of Governor Colquitt, and the adoption of the views as outlined by this committee setting forth the achievements of Governor Colquitt's administration and presenting his claims to the support of Democrats in the forthcoming primaries ended the work of the conference.

Address to Texas Democrats.

The address and the signatures of those offering it was as follows: To the Democrats of Texas:

We present Governor O. B. Colquitt for renomination at your hands, because we believe he is worthy of your trust; because the practical policies which he has executed have operated to the benefit of our citizenship, and because he is clearly entitled to the enjoyment of a second term under the time-honored custom of our party.

He is a man of fair dealing and unflinching courage in the performance of duty; he has not deceived you; he has not disappointed the expectations of his friends; he has not played politics, but has met every issue promptly, with adherence to conviction and with a patriotic purpose to serve the state and uphold its laws. His private life is blameless; his public career of twenty years is an unbroken record of devotion to the public welfare; he has given the best energies of his life to the service of the state.

Benefited Public Institutions.

His administration has been marked by economy and businesslike methods; to meet a deficit caused by a tax rate which was manipulated for political purposes and which failed to yield a sufficient revenue, he had the courage to recommend and the legislature wisely made provisions sufficient to maintain the government with efficiency but without extravagance. As a consequence the state's education and eleemosynary institutions, which had been inadequately maintained and impoverished, are now decently supported, buildings which had suffered damage almost to the point of destruction have been repaired; needed improvements and equipments have been provided and in the erection of new buildings fireproof construction has been required.

In proof of the fairness of this statement we refer to the reports of the several committees appointed by the general appropriations committee of the last legislature to personally inspect the state's eleemosynary and educational institutions and specially to the report prepared by Hon. C. M. Gureton on the intolerable physical conditions which were revealed at the Agricultural and Mechanical College.

Tuberculosis Commission.

He has won the approval of the whole people by his helpful aid in the cause of humanity and curative sci-

ence in the matter of creating the tuberculosis commission as a means of arresting the ravages of the great white plague. Equally prompt and efficient has been the action of this state health department with respect to the prevailing visitation of meningitis and in all other matters of public health.

Upon his recommendation the most liberal appropriation in the history of the state was made for the livestock sanitary commission and that body has administered the law with exceptional efficiency, not only with respect to cattle quarantine and cattle inspection, but with respect also to the suppression of diseases among farm animals. As a consequence, millions of dollars have been saved to the livestock industry of the state.

His prompt and wise action in protecting the Texas border from marauders and from perils threatened by the recent Mexican insurrections has brought approval and applause from the entire nation.

The New Prison System.

The new prison system under the direction of his commissioners has become merciful and reformatory as well as punitive; cruelty has been abolished and prison life has become tolerable and wholesome without sacrificing discipline. Notwithstanding

ing a heavy financial obligation imposed by the law allowing pay to convicts; notwithstanding heavy loss of revenue by the unavoidable freezing of a large part of the state's cane crop, and notwithstanding a disastrous fire at the Huntsville prison, the system has been maintained upon its own revenues and provision has been made for needed repairs and reconstruction.

By his express recommendation or by his cheerful approval, the state's educational institutions are more generously sustained than for many years past; the normal schools have been placed under a single board of regents, removed as far as possible from political control; rural high schools have been established and an improved text book law has been enacted with provisions for the prevention of political influence.

Opposed Political Spoils System. His administration is notable for the high character and efficiency of his appointees. Appreciative of his friends, he has refused to regard the public service as the spoils of political war.

In so far as he has been able under the stressful circumstances of factional strife, he has directed his energies toward making the government more serviceable; his policies have been constructive; he has sought to bring prosperity to business, improvement to agriculture, and peace to the people. He has refused to permit extended and repeated sessions of the legislature to harass the state with adventurous legislation for political or factional ends.

The opposition to his re-election is an appeal solely to prejudice growing out of the late prohibition campaign. For four years the state has been embroiled in this controversy, which was submitted to the people last year. If the people desire, it submitted again they have full opportunity in the appointed way and they can be neither hindered nor helped in this purpose by the governor, whoever he may be. Until the people order another submission the question ought to be eliminated from our state affairs as irrelevant and as hurtful to our peace and prosperity.

Signal Service for Temperance. In the meanwhile Governor Colquitt has rendered signal service in the interest of temperance and in the enforcement of law by suppressing many so-called social clubs which were saloons in disguise.

Four years ago the country suffered a financial panic; for three years following there has been distress in agriculture and in commerce on ac-

count of deficient rainfall, and the passing winter brought an infliction of epidemic disease which has distressed the people and caused serious injury to business. Meanwhile economic problems press for solution. Our commerce, our agriculture, our industries and our social conditions demand the most intelligent and the most considerate care which a dutiful government may bestow in the interest of prosperity, health and happiness.

Governor Colquitt's re-election will insure an administration free from harassing legislation, alert to material affairs and pledged to salutary and practical reforms in response to the universal demand for progressive limitations of the liquor traffic and for the strict enforcement of the law.

Re-Election Means Political Rest.

Courage in office upon the part of an executive or upon the part of a legislative body always develops more or less opposition by those who are disappointed in failing to obey action which they seek in their interest. Selfish business on the one hand and zealous labor on the other are constantly striving for advantage or benefit or betterment. As a consequence no faithful administration can hope to escape criticism of some kind. Upon the whole the administration of Governor Colquitt has aroused less opposition in these respects than might have been expected, for he has been compelled under his view of constitutional duty and sound public policy to resist some measures favored by commercial interests and some interests favored by labor interests. Every fair man who is apart from personal interest in such measures will accord to him good conscience and unselfish conduct for the manifest reason that he has dared to do his duty as he saw it at the hazard of his political fortune. After all is said however, it is plain to thinking minds that the welfare of business and the welfare of labor alike at this time demand a cessation of strife in order that commerce and industry may recover from the distresses of drouth, disease and disturbance and that every man of commerce and every man of toil may have opportunity to employ his capital or his labor. We appeal for at least two years of rest from turmoil and we admonish the people not to be misled by personal ambition, political spite or factional strife.

We believe that aside from prohibition, which is not a pertinent issue, the masses are one in approval of Governor Colquitt's administration and we confidently rely upon their sense of justice and fair dealing to give him an opportunity to perfect the policies which he has so wisely adopted and to bring to Texas a short season of "legislative rest and political peace."

The people of Texas are a just people. While swift and sure in their rebuke to unworthiness in the public service they are none the less generous in their approval of loyalty to public trust. They have never permitted the factional spirit of an hour to belond their judgment of obscure their course of action. At this time, when every patriotic impulse is for the prosperity of the commonwealth and contentment of its people, in advocating the renomination of Governor Colquitt we appeal to their sense of justice in behalf of competent administration and the maintenance of solemnity, fairness and integrity in the conduct of public affairs.

OBITUARY.

Mrs. Martha A. E. Parker was born Dec. 25, 1833 in Georgia; died March 2, 1912, at Westbrook, Texas. She went to Louisiana in 1843 with her parents, David and Rebecca Henry. Married Milton Parker in 1847; her husband died 1869. Grandma Parker was converted and joined the Missionary Baptist church in 1872, in Collin county, Texas. She was the mother of eight children, two of whom, E. M. and J. H. Parker, are still living.

She made her home with her son, E. M. Parker, and passed to her reward in that home, where she was tenderly cared for until the last.

All that fond children, grandchildren and dear friends could do, was done, but to no avail; God was ready for her to come home.

On account of continued ill health in her last years, she could not attend the church services regularly, but her life was such, that she made her christian-influence felt, with all of her acquaintances. Everyone who knew her, remarked of her devoted christian life; always ready to lend the helping hand, and speak a word of cheer to the lonely. May her pure, devoted christian life be a constant reminder to the bereft ones of God's goodness, and may they ever be ready as she was, to do their master's bidding. Truly, she was 'like Paul, when the call came, for she could have said: "I have fought a good fight, I have finished my course, I have kept the faith; henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous Judge, shall give me at that day."

Her body was tenderly laid to rest in the Westbrook cemetery; the funeral being preached by Rev. J. H. Wood, who paid many loving tributes to "Dear Grandma."

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today."

THE BEST IN THE WEST
Colorado Record . . \$1.00 per year

The Most Important Things to Consider in Buying an Automobile

- 1st. Be sure you are getting your money's worth when you buy a car.
- 2nd. What kind of a guarantee am I getting—one year or 90 days?
- 3rd. Can I get repairs for my car without sending to the factory and what will they cost me?
- 4th. What is the best clutch and transmission?
- 5th. What is the best oil system?
- 6th. What will the up-keep of my car be?
- 7th. Is my car a standard make, or does the model change each year?
- 8th. After I buy a car it will need care and attention—is the man I buy from capable and willing to take care of my car; can I depend upon him; will he be willing to come to my assistance when I need help; does he carry parts in stock or at the branch house, or am I compelled to lay aside my car until the parts can be shipped from the factory; will he show me the same courtesy after buying my car as before?

Consider the above, call and see the E-M-F "30" and Flanders "20," put us to any test. We are willing to enter any contest against any of our competitors. Give us a trial. If you are figuring on buying a car put your order in early, as when the summer rush comes you won't be able to get the car you want.

AT ADAM'S STORE

SUPREME COURT GRANTS WRIT OF PROHIBITION

FIRST DOCUMENT OF KIND MADE BY TEXAS TRIBUNAL.

Orders Judge Not to Interfere in Anywise with K. C. M. & O. Removal of Shops.

So far as known, the Supreme Court of Texas granted for the first time in its history a writ of prohibition commanding District Judge Shepherd of the Thirty-second District not in anywise to interfere in a final judgment recently entered by the Supreme Court in upholding the right of the Kansas City, Mexico & Orient Railroad Company to remove its general offices and shops from Sweetwater to San Angelo. The order which is most unusual, was made on the 14th in the chambers, and commands Judge Shepherd to refrain from granting any of the relief sought or in any manner by any judgment or decree, interlocutory or final, within its jurisdictional power to grant, interfering with the judgment and decree of the Supreme Court in the Orient case.

The protracted fight by citizens of Sweetwater to compel the Orient to keep its shops at that place has been in the courts several years, and is well known to the reading public. The legal battle has been a strenuous one, with varying success in the several courts. But recently a final decision was rendered in the Supreme Court sustaining the railroad company.

Certain citizens of Sweetwater, however, who are stockholders in the railroad company, again brought injunction proceedings to prevent the removal of the shops and offices, and the hearing therein was set by Judge Shepherd for March 18th. The Supreme Court now steps in and directs the Judge to take no action in the premises and cites him to appear in Austin on April 22 to show cause, if any, why the writ of prohibition should not be made permanent. It is expected that Sweetwater citizens will appear before the Supreme Court on that date and seek to justify another injunction.

Smith Bill For Enlarging Fort Bliss.

Washington, D. C., Mar. 5.—Representative W. R. Smith has introduced a bill in the house to provide that "Secretary of war be authorized to enlarge Fort Bliss, the army post at El Paso, into a regimental post and that "For the purpose of the enlargement of the same to accommodate and quarter a regiment of troops, there is hereby appropriated out of any money in the treasury not otherwise appropriated, the sum of \$500,000, or so much thereof as may be necessary for this purpose."

Among the many friends of Hon. James N. Browning, of Amarillo, candidate for Congress from the state at large, is a Justice of the Peace in one of the East Texas counties, who writes Judge Browning as follows: "Dear Sir:—Yours of 24th inst. received, together with endorsements and your position on measures, and as you address me as J. P., would say that I gave judgment in favor of J. N. Browning and will execute same on primary day; and if you have a lien on the office I will foreclose the same." From the above it appears that our candidate has a cinch on winning his race.

A. B. Robertsons, who has a large ranch near Slaton, and who was Windfield Scott's associate in business transactions before the latter's death, is the administrator of the Scott estate and considerable of his time is being occupied at the present looking after the estate. Only a short time before Mr. Scott's death he and Mr. Robertson sold to Kerr & Moore, of San Antonio, 9,000 acres of partnership land lying within a few miles of Slaton. Owing to the threatened contest of the will there has been some delay in closing up the papers and making the transfer.

Well Equipped Office.

The Double U Company's office moved this week to their new quarters in the office building on Main St., east of the postoffice. This is probably the best built and furnished set of offices in Western Texas. All rooms are steam heated and every modern convenience or labor saving device is used. The office of Board of Managers is furnished in solid mahogany and the walls are ornamented with one of the finest pictures in the state. —Post City Post.

MESQUITE MURMERS.

Rev. G. C. Farris will preach here Saturday and Sunday. Everybody invited to attend.

Mr. and Mrs. Webber spent last Sunday with G. W. Younger.

Simpson Webber was the guest of William Porter last Sunday.

Mr. and Mrs. John Hawkins visited J. O. Leach and wife this week.

Thurman Bailey of Goode was a visitor to the Sunday school last Sunday.

Miss Irma Adkins visited her sister, Mrs. Arthur Adkins one day this week.

The M. L. Club gave an entertainment at the school house last Friday night. Misses Georgia Meushaw and Annie Gregg of Loraine attended the club meeting and were accompanied home Saturday morning by Miss Oma Gregg.

Mrs. Merchant visited Mrs. R. M. Daily last Friday.

Mary and Jeff Porter spent last Saturday in Roscoe.

BACHELOR GIRL.

Union Chapel Briefs. Singing was well attended here Sunday evening.

We have Sunday school every Sunday morning at 10 o'clock; everybody invited to attend.

Jim Hagood and family, also Robt. Vaunds and family visited J. N. Smith and family Sunday.

Mrs. Edna Thomas and children were visiting in our midst Saturday night and Sunday.

Mr. J. O. Dandy is reported improving after several week's illness with typhoid fever.

Mr. Nelson and family of Snyder visited his sister Mrs. J. S. Muns a few days last week returning home Sunday.

Mrs. E. O. Britton is improving fast after a few days illness.

Ola and Odessa Smith were the guests of the Richardson girls Saturday night.

Mr. Elbert Britton and wife also Mrs. L. T. Britton and little daughter, left Wednesday morning for Runnels county where they will visit relatives and friends for a few days.

Miss Annie Gregg spent Tuesday night at J. N. Smith's.

Adell Hudgins is visiting friends in Snyder this week.

L. T. Britton went to Colorado Tuesday on business.

BROWN EYES.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Colorado People Appreciate This

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They help sick kidneys. They relieve backache, kidney and bladder trouble.

Here is reliable evidence to prove it.

J. H. Chapman, Sweetwater, Texas, says: "Doan's Kidney Pills have done me a world of good and I believe they are the best remedy to be had for kidney trouble. Some years ago I had severe pains across the small of my back and in my sides. I was growing worse all the time and fortunately I saw Doan's Kidney Pills advertised. I got a box and in a short time after I used them, I was cured. I heartily recommend this excellent remedy."

For sale by all dealers. Price 50c Foster-Milburn Co., Buffalo New York sole agents for the United States. Remember the name—Doan's—and take no others.

St. Patrick Luncheon.

Saturday from four to eleven, the Methodist ladies served a delicious luncheon at the home of Mrs. Crockett. The house was gay with pots of ferns and shamrock. Artificial shamrock covered the electric light globes

CONSTIPATION.

Its Cause and How to Cure It.

Eat too much, Stomach feels bloated, All out of sorts, Don't feel like work to-day. Guess 've another case of biliousness. "Take anything?"

"Yes; some pills, but no results; suppose I'm getting ironclad. Sometimes I double the dose, then they physic me so hard I'm too weak to work. Think I'll have to try something new." "Ever try Prickly Ash Bitters?" "No; I've heard a good deal about it, but never tried it." "Well, you'll be pleased with the results."

The purgative action of Prickly Ash Bitters no. only removes hard impactions, gas and impurities, but it strengthens the muscular action of the bowels which causes them to move regularly.

Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It promotes daily evacuations, establishes healthy movements and is the best known remedy for disordered digestion, flatulence and a constipated habit.

D. M. Blackwelder, of Litchfield, Ill., says in the Litchfield News: "I am perfectly willing, in fact glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed anything of the kind for the last fifteen years and it has always given satisfaction."

Get the genuine with the figure "3" in red on front label.

Sold by druggists. Price \$1.00.

and were fastened on the curtains. A green flag with the harp of Erin with "Erin go braugh" was fastened over the double doors. Mrs. Carter, Mrs. Blandford, Mrs. Arnett and Mrs. Jim Johnson greeted the guests in the parlor, while Mrs. Davis pinned hand painted shamrocks on all the guests.

Mrs. Jackson had a musical program, and during the afternoon Mrs. Gerald McCreeless and Mrs. Floyd Beall gave numbers of beautiful piano selections. In the dining room Mrs. Ruddick Mrs. Vaughan and Mrs. Cooksey served a delicious salad course, with potato chips, peas in patty cases, cheese wafers, bread and butter, pickles and hot coffee; mints were also passed. A large number of both ladies and gentlemen were present to enjoy the good things served and meet each other.

In the evening Mrs. Donaldson, Mrs. Payne, Mrs. Dyas and Mrs. Hall assisted in entertaining. Miss Byrd Blandford sang several delightful Irish songs, Mary Jackson gave several pretty ones. Then Winnie Crockett, Winnie Vaughan, Mary and Anthony Lyon sang any number of old favorites while Mrs. Jackson played for them. The ladies made about \$20 from their efforts.

There will be a regular meeting of the Eastern Star lodge next Thursday night, the 28th. All members are urged to attend.

Mrs. Pierce has as her guests a brother from Lancaster, and an uncle from Virginia.

The Standard club met Friday with Mrs. Riordan, and a very interesting St. Patrick's Day program rendered aside from the regular program. There were Irish banners and Irish favors with the refreshments, the social hour being shared with the Juniors who were meeting with the Misses Riordan.

NOTICE TO STOCK RAISERS

I have a fine jack of the Black Warrior stock, which will make the season of 1912 at my place in Loraine. This jack is 16 hands high, black, and is a beauty; he must be seen to be fully appreciated. There is no better stock in West Texas.

Will make the fees for his services \$10.00 to insure fold. Bring your brood mares and commence raising good stock; it costs no more than the scrub.

J. H. GREGG

LORAIN, TEXAS

DUCHESS D'AOSTA.

Italian Princess Aiding in Red Cross Work at Tripoli.

REACHES SOUTH POLE.

Captain Scott, British Explorer, Arrives There.

Captain R. Amundsen, the Norwegian explorer, sent the information to Wellington, New Zealand, that the South Pole had been reached by Capt. Scott, the British explorer.

There are—were—five different parties of explorers seeking the South Pole. They included the Scott and Amundsen parties; one under Dr. Douglas Mawson, an Australian; one under Lieutenant Wilhelm Filchner, a German; and one under Lieutenant N. Shirase, a Japanese.

News of the discovery was cabled to the London Daily Express from Wellington.

LIFE FOR WOMAN.

Mrs. Gentry Is Convicted of the Murder of Her Husband.

Mrs. Alberta B. Gentry was given at Oklahoma City, life imprisonment. She was tried for the murder of Thomas J. Gentry, her husband, at their home on the night of Jan. 6 last.

When the verdict was returned the woman was seated in a big arm chair provided her by a court bailiff. She did not even turn pale when the full import of the verdict struck her.

Maurice Weightman, brother of the woman, is yet to be tried.

Jesse K. Mackey, who turned state's evidence, will probably be given ten years, it was stated at the office of the county attorney.

NARRATED IN NOTES.

For the first time in Massachusetts court a woman, Mrs. Lena Cusumano, has been sentenced to death in the electric chair. Judge Quinn in the Plymouth superior court sentenced to death in the electric chair the woman and Enrico Mascoli, whose name has been Anglicized into Harry Marshall, jointly convicted on charge of killing Frank Cusumano, the woman's husband, in September, 1910. Both are to be electrocuted in the state prison at Charleston during the week beginning June 2.

Fire at Marietta, Okla., of unknown origin, destroyed one of the largest brick blocks in the heart of business section, occupied on the ground floor by drug and grocery companies and offices above. Loss is \$32,500; about half covered by insurance. The law library of Eddleman & Graham, valued at \$6,500, was also destroyed.

President Taft was endorsed and national convention delegates elected and instructed to vote for him by the Alabama Republican convention, in session at Birmingham. Six delegates were elected Little frigten developed, the president's friends being largely in the majority.

Mrs. Jessie Chapman of Lynn, Mass., shot and killed her neighbor, Mrs. Florence Leggals. Mrs. Chapman said her victim ruined her life. Six shots were fired. Mrs. Chapman is believed insane.

Lieutenant General Sir Frederick Walter Kitchener, governor and commander in chief of Bermuda, died at Hamilton after an operation for appendicitis. He was fifty-eight years old and a brother of the famous British field marshal, Viscount Kitchener of Khartoum, now British agent and consul general in Egypt.

Mrs. Jennie Collard, the wife of a Philadelphia glove manufacturer, was shot to death at her home by John Leichte, fifty years old. It is alleged the woman, who had been the wife of Leichte, deserted him eight years ago and married Collard Leichte, after shooting her, ended his own life with a bullet from same weapon.

Lena Stocklist, twenty two years of age, threw herself from the top of a New York apartment house, after she had quarreled with and seriously injured her sweetheart, Henry Horwege, with a hatchet. She was killed instantly.

Near Little Rock three negroes took George Wotherly, a boy, bound him to a tree, ransacked the house and set it on fire. The was unhurt.

AMUNDSEN AT POLE.

Denies Wiring About Scotchman Reaching It.

Papers at Christiania, Norway, have received dispatches from Captain R. Amundsen, the Norwegian explorer, announcing that he reached the South Pole Dec. 14, 1911.

The dispatches were sent from Hobart, Tasmania, as soon as Amundsen reached there and read: "Pole reached, 14-17 December." This evidently means that he remained three days in the vicinity of the pole, possibly for the purpose of taking accurate observations as to his position.

Captain Amundsen denies having telegraphed anything regarding Capt. Robert Scott or the British expedition. Amundsen was the only one of the Antarctic expedition who landed from the Fram. He says he is pleased with the results of his expedition, but otherwise maintained absolute silence while at Hobart.

He goes to Australia and gives lectures, afterward departing for Europe via Buenos Ayres, then around Cape Horn, up to Behring Straits and then through the Northwest passage and the Arctic ocean.

The explorer finally stated that he remained at the pole three days. He pronounced the climate less frigid than expected.

FIVE MILLION DOLLARS.

This Is Estimated Cost of New Interurban System.

Cost of the proposed interurban line between Greenville, Wolfe City and Dallas and the extensions to follow will foot up \$5,000,000. It is expected that it will cost \$1,500,000 to build the part of the system reaching from Greenville to Wolfe City and Dallas.

Charter authorizes the road to pass through Garland, Rockwall, Fate and a number of villages between Dallas and Greenville. Several cities have granted fifty-year franchises.

Road is chartered for \$2,000,000. The Dallas-Greenville line is to be first constructed. Fast express service is to be maintained on the line.

AMERICAN CLAIMS

Against Mexico Are to Be Apart From All Others.

Representative John N. Garner of Texas, representing the house foreign affairs committee, conferred with Assistant Secretary of State Wilson in regard to the claims of American citizens who suffered damages as the result of the fighting in Mexico during the revolution last summer.

As the result of that conference the state department wired our ambassador at the City of Mexico to take up the claims of residents of Texas and have them segregated and ascertain what steps can be taken for their immediate adjudication.

ASKS CHLOROFORMING

In the Event That He Is Taken With Meningitis.

Walking briskly into the office of United States Marshal Green at Dallas a stranger asked a deputy: "Is this the office of the United States marshal?"

"Yes," was the answer.

"Then you received my letter and know what I came for?"

"Your letter? What is your name?"

"August Schaffelsky de Mukeael de Castellane Seymore. I wrote a letter to the United States marshal in which he is authorized to chloroform me in case I catch spinal meningitis. I want to die as painlessly as possible. I am an English nobleman." The letter lay upon the deputy's desk.

"But we can't kill you," the deputy expostulated.

"Sir, do you see that insignia?" Across the letter a British stamp "That empowers and enjoins you to carry out my request."

The letter was handed the man and he solemnly left.

Women Eligible.

Grayson county, Tex., has two lady candidates for office—one for county clerk and the other for justice of the peace. In answer to an inquiry C. E. Mead, assistant attorney general, says the law does not require that a person must be a qualified voter to be eligible to the office of county clerk, and any person not otherwise disqualified who can make a legal bond is eligible to hold the office.

Railroad Station Robbed.

Cashier of the Texas Mexican railway at San Diego, Tex., was held up by two highwaymen and at the point of a revolver compelled to go to the station; open the safe and allow the thieves to get away with about \$600 in money and checks.

Much Whisky Confiscated.

Seven wagonloads of whisky, also the wagons, harness and horses, were confiscated at Bartlesville, Okla.

More Stock Losses.

Snow of the latter part of last week in the Panhandle caused more loss of stock. Cattlemen say this has been the hardest winter on stock for several years.

Immense Congregation.

Ten thousand persons heard Gipsy Smith preach Sunday afternoon at the fair grounds Coliseum, Dallas.

CHILD TAKEN FROM A SCHOOL.

Peculiar Case! Happens in Dallas Institution.

WOMAN TAKES GIRL OFF

Female Forcefully Carries a Little Pupil From Her Teacher and Comrades and Goes to Eastland, but Uncle Rescues Her.

Excitement was occasioned in the vicinity of the Cumberland Hill school at Dallas and also a few blocks away when it became known that a mysterious woman had called at the school and taken Ruby Walker, ten years of age, from that institution. As soon as teachers of the school notified the child's relatives officers were called and immediate search begun. An uncle residing at Fort Worth rescued the child at Eastland and returned her to Dallas.

Driving up to the schoolhouse in a hack and after driving several times around building he finally went in and inquired for Ruby Walker. As the little girl, in the fourth grade, came down the steps from the second floor, she was met at the bottom of the second flight by the woman.

"Your mother is dying and I have just come to take you to her," said the woman.

The little girl did not want to go with the woman, but despite this fact the latter caught her by the hand and led her out of the building and putting her into the hack instructed the driver to depart.

A little girl who overheard the conversation said the stranger's voice sounded like that of a man.

Judge E. L. Walker, formerly the county judge of Stephens county, resides with his wife near the school. Ruby lives with an aunt, Mrs. Myrtle Line. A few blocks from the school, but spends much of her time with her grandparents.

"As soon as I heard of the matter I was almost sure who had taken Ruby," said Judge Walker. "Her mother has been in very bad health for some time, and her father, Lee J. Walker, who is my son, is now in South Dakota. The mother resides at Eastland, Tex."

"As soon as possible we called up another son, who resides at Fort Worth, and told his wife of the matter. She communicated with her husband, who happened to be in Ranger on a business mission. He went from that place to Eastland and at midnight he telephoned that he had Ruby and was on his way back to Dallas with her." Ruby has a brother, younger than herself who also makes his home with their aunt.

Now a Fire.

Nearly a year from the time a cyclone almost swept the town of Big Heart, Okla., from the face of the Osage county map, killing five people and injuring more than a score, a fire wiped out of existence about half of the business section, causing damage to the extent of \$50,000. All buildings burned had been erected since storm of last April. Included are the post-office, a confectionery, grocery, meat market, novelty store, restaurant, several rooming houses and the new Midland hotel. Little insurance.

George Hamm Dies.

George Hamm, for many years one of the most prominent German-American citizens of Dallas, but for past four years a resident of Pasadena, Cal., where he went in an endeavor to regain his health, died suddenly. Mr. Hamm, who came while a child with his parents from Germany, located in Dallas thirty-seven years ago, being engaged in the meat and butcher business, in which he was successful. He leaves a widow, two sons and a daughter. A brother, Frank Hanna, is a prominent citizen of Dallas. Burial was at Dallas.

Nursed Many Soldiers.

Mrs. Keronica Ennison, seventy-five years old, honorary member of the National Red Cross Nurses' association, vice president of the National Army Nurses' association and also a member of the Woman's Relief Corps of the Grand Army of the Republic, died at her home in Dallas after a lengthy illness. Mrs. Ennison served throughout the civil war in the capacity of a Red Cross nurse and attached to the Army of the Tennessee under command of General Grant. She enlisted as an army nurse in Sixteenth Wisconsin infantry at Camp Randall, Wis., and was present at the battle of Shiloh, ministering to the wounded as they were taken to the crude hospital tents in the rear from the firing line. She even assisted in the burial of the dead. Mrs. Ennison, who was born in Alsace-Lorraine, came to this country in 1841 and had resided at Dallas since 1857. Five daughters and two sons survive. George Bond, a brother, lives at San Angelo, Tex.

Shot Three Times.

Finis Hunt was shot by an unknown party in the rear of Allen's feed store at Lometa, Tex. Hunt, who was a butcher, was hit by three bullets and killed.

Fuel gas will soon be piped into Waco, arrangements to that end being perfected.

MRS. SNEED NOTIFIED

That She Must Remain Within Sight of Court.

The wife of J. B. Sneed will have to remain at Fort Worth during the progress of the next trial of her husband. A subpoena instanter was issued and served upon the woman and she was placed under the supervision of the Seventeenth district court. This move was made to prevent Mrs. Sneed leaving the jurisdiction of the court and prevent any possible continuance in case her presence is required at the second trial.

Subpoena was served upon the woman by a deputy sheriff during a recent visit by her to Fort Worth.

WHITE SLAVE TRAFFIC

Is Alleged to Be In Existence at City of Dallas.

According to a man in close touch with the workings of grand jury No. 2 of the criminal district court of Dallas county that inquisitorial body is investigating alleged white slave traffic in Dallas and arranging plans to eradicate houses of ill fame from the residence and business districts of the city of Dallas. Doubtful cafes and also wine rooms are also to be looked into, it is said.

It is declared that ample evidence has been secured which will result in the indictment of several parties. The statement is made that proprietors of questionable resorts and owners of the property will also be indicted.

It is said that girls will be called on to give testimony in the criminal district court regarding circumstances in connection with their downfall in reports that are questionable.

That the grand jury has no intention of harrassing the inmates of the reservation is the statement also made in this connection. But the grand jury proposes to rid all other parts of the city of disorderly houses and compel their inmates to move within boundaries of the restricted district.

TEXAS AND TEXANS.

Interstate commerce commission has suspended proposed advances in rates for the transportation of coal in carloads from Galveston to points in Louisiana until July 6. The rates were to have become effective on the 8th instant.

J. M. Wilcox, Sr., a leading citizen of Collin county, died at his residence in McKinney, aged eighty-three years. He located in Collin county when but sixteen years old. For over forty years Mr. Wilcox was engaged in the lumber business. He was a Confederate soldier.

L. W. Savage, a Dallas grocer, was fined \$5 in city court on charge of cruelty to animals. Miss Elizabeth Baker, secretary of the Dallas Humane society, testified that Savage did not properly feed a horse.

B. M. Wright and wife of Gainesville have celebrated their golden wedding anniversary, having been united in marriage in Henry county, Mo., in 1862. Numerous handsome presents were given them. They have resided in Texas over thirty-eight years.

Serum laboratory of the health department of the state is about ready for operations.

Texas welfare commission meeting, which was to have been held at Houston 8th, was postponed till April 15 in order to better prepare for the work in hand.

Morris Faulkner of Waco, one of the best known horticulturists of Texas, has sold to New Orleans parties three bales of long staple cotton at 19 1/2 cents a pound. Seed was secured in Torreón, Mex., where United States government has been making some experiments in developing the seed. He says he will plant more extensively this year and says that long staple cotton can be easily raised in the Waco section.

Lightning did much damage in the eastern portion of Marshall. Mrs. Maloney was critically shocked. Walter James was knocked off a ladder. A team of horses, frightened by a bolt, collided with a telegraph pole and the animals were killed.

An automobile driven by W. F. Murdock collided with a street car at Ciudad Juaraz. Driver deliberately turned his machine into the street car to avoid running down a boy named Luis Artana, five years old. Machine was badly damaged, but the occupants escaped injury. The boy was hurt slightly.

Hundreds of acres in the territory contiguous to Waco which had been planted in corn prior to last week's rainy and cloudy weather will have to be replanted, the corn having rotted in the ground. Farmers, however, are cheerful, and say they will replant and yet make plenty of corn.

Employees of the Houston and Texas Central railway freight office at Ennis were greatly surprised and excited when upon opening a freight car from Galveston twenty cats were found of all colors and sizes.

A. A. Jackson, a prominent Dallas business man, was arrested upon two indictments on the charge of renting property for gaming purposes. He gave \$1,000 bond in each case.

E. C. Tarrant, connected with the San Antonio and Arkansas Pass railway over twenty years, past few years as treasurer, has resigned to engage in private business at San Antonio, long his home.

Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimetre of blood.

A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherry bark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. Jas. F. Lively, of Washburn, Tenn., Route 2, Box 33. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advise blind people to take Dr. Pierce's medicines before their diseases have run so long that there is no chance to be cured."

Dr. Pierce's Medical Adviser, 31 stamps, to pay for wrapping and mailing only.

BACK IN HARNESS

HAVINNG arranged my Sweetwater business so that it will no longer demand my immediate personal supervision, I will return to Colorado and give my entire time to the business here.

I shall be pleased to greet all my old friends and customers and prepared to make new ones in offering the public the best line of jewelry, watches, diamonds, etc., ever seen in Colorado. I have come back to stay.

TRANSACT A GENERAL BANKING BUSINESS.

To the Voters of the 121st Representative District

Composed of the Counties of Nolan, Mitchell and Fisher.

Having announced as a candidate for the Democratic nomination for Representative for this district and believing that my attitude toward such questions as will probably come before the next session of the Legislature should be known to the voters of this district, I herewith submit for your consideration my views concerning same, which I will favor if elected:

1. One of the most vexatious questions confronting the people of Texas today is our laws' delay in the miscarriage of justice in failure to punish criminals on account of technicalities. I favor simplifying our code of procedure so as to prohibit our courts from granting new trials, setting aside verdicts, or the reversal of any case, civil or criminal, on account of technicalities, or for any error complained of unless the substantial rights of the defendant or parties litigant have been jeopardized.

Believing that the control of our government should be in the hands of the people and that the laws should be "of the people, for the people and by the people," I favor the initiative, referendum and recall.

3. I am a statewide prohibitionist, and if the question of submission is before the next session of the Legislature, I will, if elected favor it.

4. The constant increase in crime is due, in my opinion, to our lax laws regulating the carrying of deadly weapons. I favor so amending the law as to make it a penitentiary offense to unlawfully carry a pistol.

5. I favor more stringent laws governing abduction and the so called white slave traffic.

6. I favor a law that will protect the public against fraudulent promotion schemes, would require all corporations to be duly incorporated and legally authorized by the state before their stock is sold or offered for sale to the public; else requiring all promoters or agents thereof to show conclusively what per cent of the proposed capital stock is actually paid in cash and what per cent is to be used for agents' commissions or organization purposes.

7. I favor a law requiring all conveyances to show the true consideration therefor, and to set forth all outstanding liens, and providing for a penalty for failure to do so.

8. I favor the increase of Confederate pensions and the enlargement of

the Confederate home so as to care for those worthy old soldiers who are entitled to its protection.

9. Our institutions for the care of the insane of this state are inadequate—a number of these helpless charges of the state are now confined in the jails of Texas. I favor enlarging such institutions so as to meet the demand for room, that these unfortunates may receive proper care and treatment.

10. In addition to the foregoing I will, if elected, favor and support any measure that may be offered that will be to the interest of the masses of the people of Texas, and as the campaign progresses, will give to the voters of this district my views and position on any question that may arise that affects the public welfare.

My slogan shall be as few laws as possible and "Let the people rule," and to give publicity to all my views on such questions as are to the interests of the people. I shall, if elected, be the servant and representative of the entire district, open at all times to suggestions for our common good.

Thanking you for a careful consideration of my candidacy, I am,
Very truly yours,
JNO. W. WOODS.

SIXTEEN THOUSAND ACRES TO BE SUB-IRRIGATED.

Gigantic Enterprise Being Put in by Kansas Syndicate.—Will be Watched with Interest.

The Bob Brennan ranch of 16,000 acres lying in Pecos, Crockett, Upton and Crane counties and through which the Orient road runs, has been taken over by a Kansas syndicate, organized as the Kansas Sub-Irrigation Company, who will immediately begin the work of sub-irrigating the entire tract with water from shallow wells. The promoters claim that the land has practically all been contracted for by colonists from the north and northwest. A town to be known as Edvera will be established on the property and an effort made to have the county of Upton, in which it is situated, organized and the county seat located at the new town. This is the most gigantic sub-irrigation scheme ever undertaken so far as we know, and the outcome will be watched with interest. The promoters claim that at least 60 per cent of the moisture is wasted by the surface method.

BILL TO ABOLISH COMMERCE COURT REPRESENTATIVE SMITH AMONG THOSE WHO OPPOSE THE COURT.

Washington, Mar. 15.—When the vote was taken in the interstate and foreign commerce committee of the house this morning on the Sims bill to abrogate the commerce court, Representative Smith of Texas was with the Democrats who voted in favor of the bill.

In discussing his vote tonight, Mr. Smith said he had always been opposed to the court and had opposed it when its creation was first proposed. He believes this court serves to concentrate business in Washington to a too great extent. "I am in favor of taking the control of that litigation out of the hands of the attorney general," he said, "in order to give all parties concerned in the litigation a better opportunity to obtain justice. I believe the country would be better served if this litigation

were distributed among the district courts instead of being centered in the court of commerce. Such distribution will tend to bring the courts closer to the people."

It is known that Congressman Smith along with a majority of the Democrats in the house, believes the commerce court tends to nullify the orders of the interstate commerce commission. If the action of the committee is sustained by the house and the Sims bill should happen to get through the senate, it would be vetoed by the President, it is now deemed certain. However, the house may refuse to make an appropriation for the court, and in that event they could deal it a death blow. The members of the Texas Cattle Raisers' Association, who have a claim for Texas freight paid the railroads totaling \$250,000 now pending on appeal in the commerce court, will object strenuously to any legislation that will do away with the court.

CATTLE RAISERS PROTECTIVE ASSOCIATION OF MITCHELL COUNTY, MEETS AT COLORADO.—GOOD ATTENDANCE.—RESOLUTIONS.

Mitchell County Cattle Raisers Protective Association met last Saturday afternoon at 2 o'clock at the Colorado National Bank. F. E. McKenzie, president, Brooks Bell secretary. Quite a number of members were present and two new applicants made members, Dan McCuningham and C. P. Conoway.

The meeting was made interesting by the presence of Mr. Will Waddel, an old time Colorado boy and now chairman of the Texas Live Stock Sanitary Board.

The question of tick eradication was discussed at length, short talks being made on the subject by Dr. Coleman, D. N. Arnett, U. D. Wulfjfen, Ben Van Tuyl, C. P. Conoway and Dan McCuningham. Mr. Waddel also made a splendid talk in advocacy of a bill on which he and others are working and which they propose to have enacted into a law, making the matter of tick eradication purely a question of local option with the counties. If a majority of the voters in a county favor tick eradication, it was up to the owner of every pasture to clean it and if he failed to do so the sheriff will take charge of the situation and do it for him, the cost being taxed against the owner of the infected pasture.

The meeting unanimously adopted the remarks of Mr. Waddel and the following resolutions were adopted:

Colorado, Tex., Mar. 15, 1912.

We, the members of the Mitchell County Cattle Raisers Protective Association, do most positively condemn the action of any one who violates the rules and regulations of the Quarantine Laws in the movement of livestock as set forth by our Livestock Sanitary Commission, and we pledge our support to the authorities in the enforcement of these laws, both State and Federal.

The purchasing of cattle, horses, mules, jacks or jennets, below the quarantine line and moving them into an infected pasture above the line without dipping them under the rules and regulations is a direct violation of the law, and the man who does this is as much a violator of the law as the man who moves his stock into clean pastures above the line. The usual excuse that is given—that his pasture is already infected, and that he hurts neither himself nor any one else—is not a good one; it shows a want of appreciation of what he owes his neighbor, who is called upon to suffer for his conduct, by his still renewing the virus.

Realizing as we do, the many advantages growing out of no longer being under quarantine in the movement of our stock, we urge those of our people below the Texas & Pacific railway to use every means in their power to eradicate ticks from their pastures. The State and the Federal authorities are ready, at any time, to aid you in this work, and when we remember that a large part of our county, both above and below the railway was infected up to a recent time, and is no longer so, because of successful effort to clean up, we feel confident, and in fact, sure you can, in a comparatively short time, destroy all ticks.

Signed
P. C. COLEMAN,
DAN MCCUNNINGHAM

CUTHBERT CULLINGS.

Last Friday the Fairview baseball nine came and played the Cuthbert nine. The score came out 13 to 19 in favor of Cuthbert.

Last week's Record said "the Cuthbert played the second nine" but did not say where. It was at Fairview.

The singing at Fairview was well attended Sunday. They spread dinner on the ground and everybody had a fine time.

Last Sunday made everyone feel that spring was coming.

SI SLOCUM.

ALL-PANHANDLE FAIR PLANS ARE SHAPING

Negotiations are pending looking to the perfecting of plans for the proposed All-Panhandle Fair. That there will be such a Fair in Amarillo this fall is agreed upon by all who are acquainted with the progress made by the committees to this point, but some of the details as to the plans and dates are to be arranged.

Those chiefly in interest are in line with the belief that the first fair should not cover a greater range than four days. It has been determined that the exhibit shall be located at the Glenwood park, and it is not improbable that the Panhandle Auto Fair Association will be one of the more liberal shareholders in the new fair enterprise, though details have not been announced with regard to this matter.

From all sections of the Panhandle country letters have been received voicing unqualified endorsement of the Fair project. The people of the Plains Country are anxious not only to endorse, but likewise to assist with this scheme which means so much for the development of this portion of the great state of Texas.

THE DIFFERENCE.

That a new era in the annals of the Plains country is just beginning is apparent to any observer who is giving the matter any thought whatever. That the real and abiding development of this vast domain is now under headway, there can be no doubt.

Thousands of home seekers, genuine homeseekers, have been thronging across the borders during the last few months, and lands, the aggregate values of which run into the hundreds of thousands of dollars, have been purchased.

The difference in the average size of the tracts covered by these purchases, as compared with those of former days, has a real significance, for whereas, a few years since, the purchaser bought from one to five or six sections, and usually for the purpose of holding for higher prices, these later comers, impelled by the true and genuine home desiring spirit, were contented with quarter sections, for while a very few purchased half sections or better, the sales of the smaller tracts are greatly in the majority. In practically every instance, whether a quarter section or a larger tract, these sales were made to actual bona-fide settlers who began, or will begin in the near future, the improvements necessary for the creation for themselves and families of homes of the most desirable nature.

These purchasers have not been confined to any special locality, but perhaps are the heaviest in the territory tributary to Amarillo and around the smaller towns close in touch with our city.

It is with great pleasure and satisfaction that the Nugget notes this movement, and perhaps, when fully analyzed, a little pardonable selfishness may seem to actuate our feelings, for we know beyond peradventure that every quarter section sold on the Plains, no matter where located, every acre put under the plow and increasing the producing average, every family added to the population of our magnificent territory, can have but one meaning, and that is, a Greater Amarillo.

We extend to all these new comers, and to all those to come, a cordial welcome, and an honest and hearty assurance of our good will.—Amarillo Nugget.

What applies to your country, Br. Nugget also applies to the lower plains as well.

Western Texas and the lower plains in particular, is just now entering upon the year 1912 with the best prospects in its history. There has been a great deal of new land broken and the large amount of rain and snow which has fallen through the winter has put a fine season in the ground, which assures us a fine oat and wheat crop, with a fine outlook for other lines.

Much more new land would have been broken had it not been for the fact that so many of the farmers had not finished gathering and threshing out their 1911 crops. In going over the Plains today great quantities of maize and kafir corn may be seen shocked in the fields, notwithstanding the fact that many farmers in this country were paying \$2.00 per day and board for farm hands to help harvest the crops.

Oil has been found at a depth of two hundred and fifty feet in Brewster county.

All kinds of garden seed. Come and select what you want. Colorado Mercantile Company.

Let us have a base ball park.

IMPROVE THE QUALITY OF YOUR STOCK

My fine German Coach Stallion.

"FRED"

will make the season at Westbrook, where he will serve your brood mares at a reasonable price. No finer horse than this has ever been brought to this section and it will be money to you to have a few of his colts, which are uniformly large and sound.

I Have Also 2 Good Jacks

which will make the season at the same place. Mules were never in greater demand and good ones bring fancy prices. Colts from these Jacks make fine mules. Pasture for mares, but will not be responsible for accidents.

If you are in the stock raising business it will pay you to see me.

I have for sale also 22 head well bred mares just suitable for breeding purposes. I will sell them cheap.

JOE B. NEEL

"The recollection of quality remains long after the price is forgotten"---

This is very true, and the quality of our

Garden Hose IS THE VERY BEST

We have just received a very large shipment of Hose and we ask that you remember us when you need to buy.

LOCAL NOTES

Phone us your wants in the eating line every day, and it will be at your door in a few minutes—Colorado Mercantile Co.

Judge and Mrs. J. E. Hooper spent the day in Abilene, Sunday.

When you have rheumatism in your foot or instep apply Chamberlain's Liniment and you will get quick relief. It costs but a quarter. Why suffer? For sale by all druggists.

Ed, we told you so, time and again, that you would find no better town than Colorado, anywhere in West Texas. We're glad to see you coming back. All of which means that Ed Jones came up from Ballinger Sunday and on Monday bantered Harris to sell him the old shop back Harris is the kind of man who just naturally can't stand a dare that looks good to him, and business picked up in the barber shop line then and there. And so it happened to the end that Ed's gentle voice and genial smile will be a familiar sound and sight to patrons of that shop again.

Trade with Ben Morgan in his new place of business under the St. James—the old Vincent stand.

J. W. Lovelady left for the stock show Wednesday overland in his little "Flanders 20." Uncle John will get there all right if the road holds out.

When you feel that you want something to eat, but can't tell just what it is, come to our store; we've solved that question. Colorado Mercantile Company.

If you can't find just what you want to eat elsewhere, come to our store; you'll find it here.—Colorado Mercantile Co.

Mr. Walter Snell of Fort Worth came up for a few days last week to see his wife, and Mrs. Mayerle and family, and returned home last Friday night.

If you have never been a customer of ours, come in and let us show you what we carry. We are sure of an order after that. Colorado Mercantile Company.

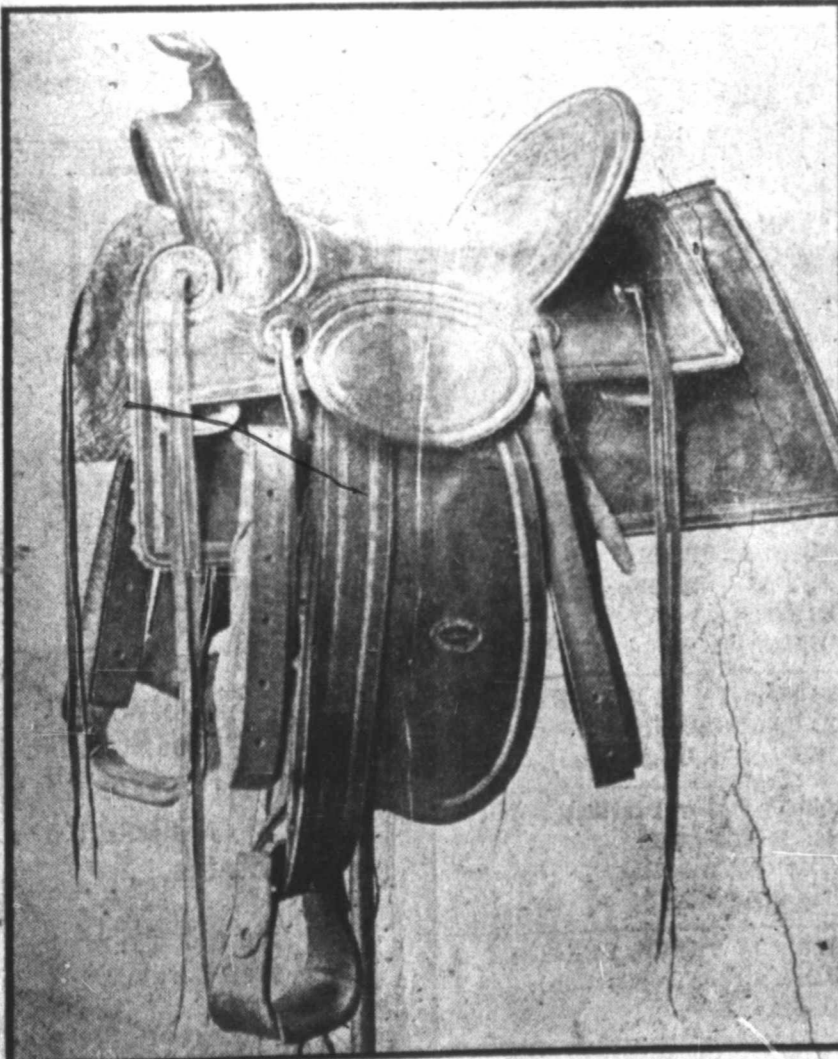

John Holt returned from Arkansas last Sunday night, where he had gone to attend his brother, who was to be operated on for appendicitis. The operation was performed but he was not strong enough to rally and died last Friday and was buried Saturday. Mr. Holt reports that everything considered, West Texas is getting along about as well as any section he saw while gone. Southwest Arkansas is going into the fruit raising business on an extensive scale and options are being secured on all the farming land at from \$40 to \$100 per acre to put in orchards.

We want your patronage and are willing to give you the very best of quality in goods and promptest of service to secure it while the price is as low as is consistent with first-class goods.—Colorado Mercantile Co.

Rev. Mr. Elliott will speak at the men's meeting at the tabernacle next Sunday afternoon at 4 o'clock. This is the last Sunday Rev. Elliott will be with us before leaving for his new pastorate in Missouri.

We carry the best selected stock of staple and fancy groceries to be found in the city. We consult the tastes of our customers and keep what they want. Colorado Mercantile Co.

Colorado is all right for anything that touches the best interests of her people.

12¹/₂ PURE HOG LARD. —BEAL BROS.

Rev. W. M. Elliott attended a meeting of El Paso Presbytery at Midland this week, when the relation of pastor and congregation between him and the Colorado church was dissolved.

Come into see us before you buy your spring hat and let us show you the beautiful patterns and prices.—Mrs. Mills.

Earl Morrison went down Tuesday night to help cut the show at Fort Worth.

Beautiful line of spring millinery at Mrs. E. F. Mills.

Mr. Cook of Colorado City, brother of our townsman, W. J. Cook is in the city visiting his brother and looking around with a view of locating here.—Baird Bulletin.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all druggists.

Jim Mills of Plateau, the only genuine, simon pure settler and homesteader in West Texas, spent a few days with home folks this week. He reports a very unusual condition in that section now. There is an abundance of the finest grass, but no cattle to eat it. Last year was a very disastrous one for cattle in that section. Many died, and the others were sold or moved to better grazing, so that very few cattle were left. The stockmen expected to get cattle in Mexico this spring to restock their pastures, but the troubled conditions in that country has made that unsafe and uncertain.

The most common cause of insomnia is disorders of the stomach, Chamberlain's Stomach and Liver Tablets correct these disorders and enable you to sleep. For sale by all druggists.

Mrs. Smith of Cuthbert visited Mrs. McAfee over Sunday.

A. K. Hawkes original glasses at Doss.

The Methodist ladies are under great obligation to the Colorado Mercantile Company for the delicious Chase and Scoborn coffee donated by them for the luncheon Saturday. It certainly adds to the goodness of any kind of refreshments.

If you want the best, it is here. We are headquarters for everything good to eat. Fresh vegetables kept in season. Try us with an order.—Colorado Mercantile Company.

Mrs. Allen Payne is spending the week in Lorraine keeping house for Mr. and Mrs. V. D. Payne, who are taking in the Fort Worth fat stock show.

Phone 35 and get what you want, when you want it.

This is the week the cow men spend in Fort Worth taking in the numerous attractions of the stock show, and having a good time generally.

A fine lot of books, and an extra lot of bibles at Doss.

The Methodist Sunday school had 226 present Sunday, and no special effort had been made to get out a crowd. Several new scholars joined that day.

Get your cold drinks, cigars and candy of Ben Morgan.

A crowd of boys went up the river Saturday night on a "hike." They were provided with an abundance of bacon, coffee, onions, bread and canned goods. They cooked and ate all night—returning home at daylight, going to Sunday school, then returning home and going to bed.

John W. Sickel Smith, Greensboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy. Sold by all druggists."

Ben Morgan spent Sunday in Abilene.

A big lot of cut glass and handsome china at Doss.

Col. T. Q. Mullin asks us to announce that all Confederate Veterans who wish a cross of honor must hand or send their names to him. This applies to all veterans in Mitchell county.

Beal Bros. will appreciate your trade.

John Holt brings a half dollar from Arkansas to have the Record go to C. D. Bacon, Nashville, Ark. Mr. Bacon was a resident of Mitchell county up to about three years ago, but concluded to go back to Arkansas. But he wants to keep posted on things here and we will not be surprised to see him returning to Mitchell county next fall.

Keeper can sell or trade your property if you will list with him.

The latest classic music, ballads, ragtime—all kinds of music from 10 cents up at Doss.

A. M. Jackson of Lorraine, was a business visitor to the county capital Monday.

Cotton Seed Meal and Hulls delivered free by A. L. Scott, the grain man. Phone 346.

Mr. A. V. Bell of Westbrook remembered the Record this week in a substantial way.

Uncle John Haley was afraid he'd get behind with his subscription, so he called by and moved it up a notch.

A. J. Herrington sold an Overland car to S. E. Brown, president of the First State Bank at Lorraine, last week.

Miss Olive Greenwood returned from Snyder, where she has had a class in art the past session.

Rev. W. M. Elliott will fill the pulpit of the First Presbyterian church the last time before he leaves next Sunday. He expects to leave about the middle of next week for his new pastorate at Neosho, Missouri.

A dense smoke arising from the river just east of the oil mill on Sunday afternoon about 2 o'clock, brought out the fire fighting forces of the town in double quick time, and only to find that a quantity of greasy waste floating on the water had been touched off by the ubiquitous small boy just to see if it would burn.

Read the classified want ads for lost and found articles. You may get a reward. There is offered in this column each week some fine bargains, also.

Mr. W. L. Doss president of the Mitchell County Singing Convention, requests the Record to urge upon all classes to elect delegates to the next convention which meets at Colorado on the first Sunday in May—and elect them now, in order that arrangements can be made for their entertainment and a program more easily arranged. Send the names of the delegates to Mr. Doss soon as possible. The presidents of the district conventions should also get busy and decide on what part they shall take. President Doss wants this to be the most enjoyable convention in its history, and if all the delegates will come in on Saturday and transact all business matters that day, the entire day on Sunday can be given to singing.

Potato Pancakes

(Recipe by Mrs. Helen Armstrong)
Here is something in pancakes a little different from the ordinary: One quart of raw potato, either grated or run through a food chopper, add four eggs singly, beating each one in thoroughly. Add salt and pepper and a little flour, only enough to bind the mixture; the amount will vary owing to difference in potatoes. Fry by the spoonful in drippings or Cottoleone and serve promptly.

Pancakes, doughnuts, fritters, etc., fried in Cottoleone come out light, crisp, and free from grease. You will find it more satisfactory than lard—more economical, too—and, remember, there is no indigestion in Cottoleone.

Yesterday was the vernal equinox. The sun crossed the equator and the days and nights are of equal length. Spring, theoretically, begins on that day, but it seems to have slipped a cog this turn of the wheel, thus verifying the prediction of the ground hog, which on the 2nd day of February told us by his hasty return to hibernation that six more weeks of bad weather were due to come. The first full moon after the vernal equinox will occur on April 1st, and the first Sunday thereafter will be Easter Sunday.

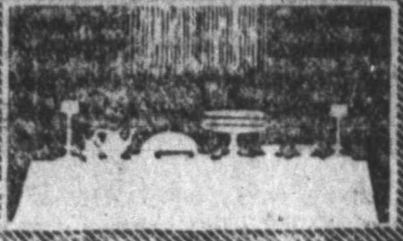

Oble Avery, who is the local McGraw in base ball circles, is very hopeful of getting up sufficient funds to build the ball park. If interested in the sport, see him and give him a contribution.

Superintendent Whittington and General Manager Everman of the Texas & Pacific road spent several hours here Friday inspecting the work done on the spur west of town where the dirt will be taken out to fill in the bridges on this division.

The G. F. C. met Thursday with Miss Elsie Hooper, and dainty summer garments were adorned by the handwork of these expert needle women, whose gay chatter kept time with their needles. During the social hour delicious custard and cake were served by the hostess, Miss Lillie Allen will entertain this week.

A letter from Billie Butler, who is now at Marfa, requests that his Record be kept coming, and so informs us that he is doing very well at that place but he never expects to find another town where the wood, water and work say nothing of the girls, will agree with him as they did in Colorado.

It is nothing unusual now to hear compliments passed on our public roads—that part of them that has been worked and put in shape.

The streets of Colorado would do credit to a town of ten thousand population. We are fortunate in having right at our door an inexhaustible supply of the finest material for street worth more than many gold mines.

Capt. R. A. Jeffress made a business and road making, a mine of wealth visit to Dallas this week. It is barely possible he stopped over in Ft. Worth to see that the boys behaved themselves during the stock show.

Wednesday night at 9 o'clock the mercury stood at 70 degrees; at 6 o'clock next morning it registered 28—a drop of 42 degrees.

Postmaster Hazard made a business trip to Dallas this week.

Sunday, Monday and Tuesday were balmy enough to suit the most capricious critics. The thermometer pranced up and down in the eighties.

Mrs. E. B. McGuire returned from Dr. Alexander's sanitarium at Abilene last Tuesday, where she underwent a serious operation. She is fast recovering.

The equinoctial storm came promptly on time this year. The mercury fell far and hard, dropping more than fifty degrees in sixteen hours. The early gardens must have suffered more from the sand storm than from the cold.

The Pricilla Club met Wednesday with Mrs. Sandusky. The Constitution and By-Laws of the Eastern Star were studied while the ladies busied themselves with their finger work. Mrs. Clint Mann was leader and a very good crowd was in attendance.

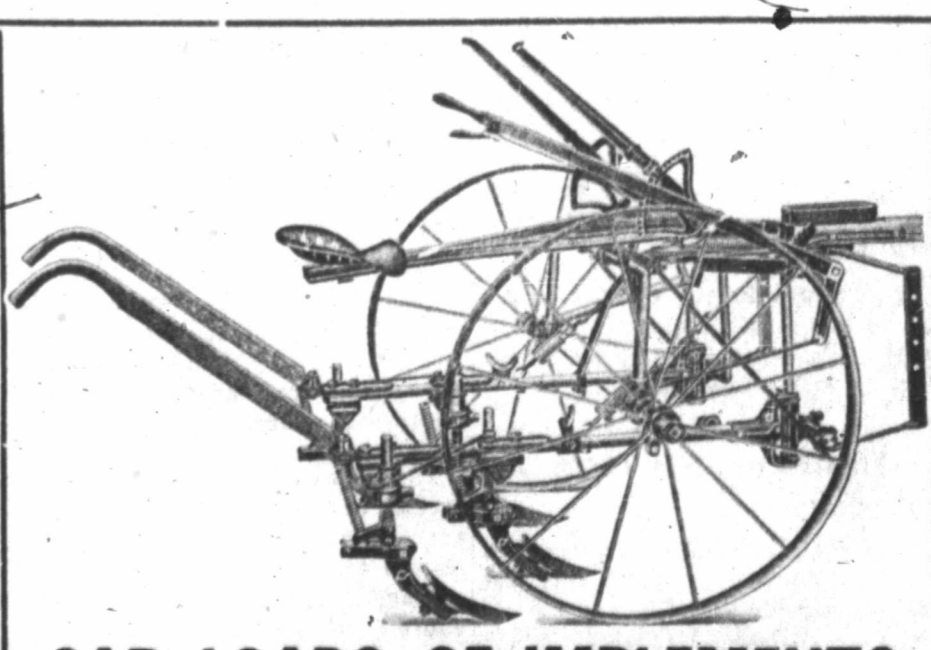

The Mission Study tea of the Baptist church will be held Thursday with Mrs. Gustine.

The Junior Standard Club met Friday with Miss Mamie Riordan. Roll call was favorite paintings. Miss Elsie Hooper read a short story from O. Henry. The lesson was on Raphael. Several Irish songs were sung and then the club held their social hour with the Standard club. In honor of the near approach of St. Patrick's Day, an Irish banner was displayed on the piano, and cute little Irish flags were passed on the refreshment plates. During this time each one told an Irish story or joke, and brought to mind the dear old saint. Miss Bess McMurry, who has a number of times been entertained by the club, will be hostess for the next meeting.

For a good cigar see E. B. Morgan.

We have noticed, this spring a peculiarity of fruit trees, peach trees especially, and we ask that some fruit raiser explain the matter. If you will notice the peach trees you will at once see that there are no blooms or fruit buds in the center of the trees; all of them are on the tip end of the limbs, running back perhaps ten or twelve inches from the end. The balance of the limbs are full of leaves, but contain no blooms. Can some one tell us wherefore the why?

Wednesday Doss Ingram was four years old and his mama invited some of his little friends and a few older ones in for a lovely birthday dinner. There were lots of good things to eat and a beautiful cake with four candles on it, as a table centerpiece. When the desert was served this was cut and eaten. After dinner the children played with the marbles and balls that had been brought as gifts, and spent a lovely afternoon enjoying themselves as only children can.

Mr. C. E. Sprull, who raised between 2500 and 3000 bushels of first class peanuts last year, says he will plant at least 200 acres the present year and expects to do even better with them than he did last. Aside from the nuts, he gathered an immense amount of good hay for his cows and after the nuts were harvested, hogs were turned on the land, from which they foraged a good living, being fed nothing else up to the time they were ready to kill or sell. Sprull seems a natural born farmer.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. See Take Hall's Family Pills for constipation.

Weather Forecast.

Colder with rains causing rheumatic pains. Hunt's Lightning Oil stops all aches and pains whether from rheumatism, pneumonia, cuts, burns or bruises. The quickest Liniment known 25c and 50c bottles. All druggists.

In this issue of the Record Mr. L. E. Ayers announces for the office of City Marshal. Mr. Ayers has served the city in this capacity for fifteen months, and has striven to do his duty in every instance as he saw it. In doing this, he had of necessity to give offense in some quarters, but no officer can do his whole duty without making enemies. He has shown himself competent in the past which is the best guaranty for his future faithfulness. He will talk to you about his candidacy.

Everybody will be glad when actual work begins on the Lasker block. It will not only stimulate economical conditions by giving work to many of our citizens, but it will make such an improvement in the looks of the town, not to mention the good-sense it will prove, to that contingent who have nothing harder to do than stand round and suggest to the fellow doing the work just how it ought to be done, and just how it was done when "I used to work at the trade."

For a good cigar see E. B. Morgan.

No one can answer the question yet. What question? "When will work begin on the Lasker block?"

Why Take Calomel.

When Simmon's Liver Purifier is so easy and pleasant, yet acts just as thoroughly as those harsh purgatives. (In yellow tin box only). Price 25c. Tried once, used always.

Ain't the Record a humdinger this week? Read it; compare it.

Cold in Chest and Throat.

I use Hunt's Lightning Oil for colds rubbing it on my chest and throat as a counter irritant, and am so enthusiastic concerning its virtue, I always keep a bottle of it in my house. Mrs. Ida B. Judd, W. 87th St. N.Y. All druggists sell and recommend Hunt's Lightning Oil. 25c and 50c bottles.

There is one common ground on which we can all meet, whether democrat, republican, anti or pro, Bailey or anti-Bailey Ramsey or Colquitt, Coe or Patterson, Coughran or Cooksey—let's go a-fishing.

Card of Thanks.

Inasmuch as it seems to have gotten rumored that we were not to get the insurance on our home which burned Jan. 6th, we take this means of letting the public know, and expressing our thanks to Mr. Keathley and The Germania Insurance Co. for full settlement of same, which we received the 8th inst.

MRS. M. H. BELLAH
MINNIE BELLAH.

The fire boys deserve a great deal of credit for their effective and prompt work at the Cooksey barn fire Tuesday afternoon. There were several barns within a few yards of the burning one which undoubtedly had burned but for the timely work of the fire brigade. The barns of Wulfjen, Dr. Smith, Coughran and the one on the place where Mr. Eudy lives, were so close to the burning barn that all would have gone up in smoke. The services of the fire boys are worth much to the property owners of Colorado, and whatever can be done to help them, should be done as a matter of value received. Colorado is proud of its fire fighting department.

ANNOUNCEMENTS

Subject to the action of the Democratic primary in July.
