The Colonel couldn't be kept in duration longer than Monday. He expressed himself as feeling "fine" and ready to take up the campaign just where he left off. Truly, he is a phenomenon; a veritable freak in physique, mind and temperament. Handicapped when a boy with ill health, a weak constitution, social position and wealth, he overcame the disadvantages of all, and made an athlete of himself. When he assumed command of the regiment of Rough Riders he said if he could not beat the worst outlaw bronco better and quicker than any one in the regiment, he was not fit for the command. When he went to Africa the best medical authority in the world said it was an impossibility for a man of his age to go into the jungles and escape death by jungle fever, if he escaped the hazards of accident and death by wild animals. When Teddy came out he was in better trim and vigor of health than any of the natives who had followed him. Truly, Teddy is a marvel.

The Texas & Pacific road handled 6000 passengers to the Dallas fair last Saturday. No other road entering Dallas has so great a territory to supply without competing lines, as the old reliable, and it is getting in better shape and equipment every month under the new management to serve its patrons.

M. M. Hays, who shot and killed R. E. Roswell, superintendent of terminals for the Gould lines at Fort Worth last May, was convicted in the district court last week and given five years in the penitentiary.

A Bull Moose Killing.
A party formed to further one man's ambitions cannot survive that man's defeat—Baltimore American.
Well, put, and which is to say that some undertaker will have the job of putting away the remains of a bull moose after November 5.

The federal government and the state of Texas are after the moving picture trust with a mighty sharp stick. A receiver has been appointed who will conduct the business under authority of the court until the case is decided. This has been one of the closest trusts in existence

The Manner of Man That He Is.

That Woodrow Wilson is no emotionalist or enthusiast or self-server or politician but a statesman of serious mien facing courageously and declaring boldly the real issues before the American people, and seeking to provoke them to serious thought and wise action, is evidenced by the opening remarks of his speech before a great Chicago audience of cheering admirers, when he said: "I have been greatly exhilarated as I have passed from one part of this great Nation to another by the generous cheers of the people that greet me. The cheers are not going to settle the contest. Steadfast principle, clear vision, fearless thinking are going to save this Nation and nothing else and therefore it is my duty, whenever I have the privilege of facing an audience, to call their attention to the very serious issues which are at stake, for in my judgment, they are nothing less for America than the issues of life and death."

With an audience in rapport with the speaker as this one was, and as most of Woodrow Wilson's audiences are, psychology tells us that the mob mind is stimulated by and quick to respond to the will and words of the speaker. He can play upon their credulity, fan their passions, stir their emotions or stimulate their thought. To the degree that he foregoes the former and applies himself to the last, does he evidence all interest in their welfare rather than in his promotion.

Because Woodrow Wilson has abstained from the beggary elements of political emotionalism and directed his appeal to the thought of the nation, we believe that the American people will recognize in him a leader worthy of elevation to the Presidency.—Evangelist.

The idea of publicly owned newspapers is gaining headway. The advocates of the idea maintain that the expenses of the paper should be paid out of the taxes and that it should be managed and its policies controlled by a board elected by the people. In support of the contention for the publicly owned newspaper, the increasing tendency of the large interests to burrow under and get control of the influential newspapers, is pointed out, thus enabling the interests to use the papers for their own advantage and muzzling the press, when important matters are at stake.

Bay View Club.

The Bay View club was entertained last week by Miss Ellis at the home of Mrs. Gustine. The lesson for the afternoon was carried out and a pleasant social hour enjoyed. Mrs. Gustine will be the hostess this week.

VOTE FOR THE AMENDMENT.

And Help to Remove Our State Institutions from Political Influences.

Be it resolved by the Legislature of the State of Texas:
Section 1. That Article 16 of the Constitution be amended by adding a new section thereto, to be known and designated as "Section 30a" and to read as follows:

Section 30a. The Legislature may provide by Law that the members of the Board of Regents of the State University and Boards of Trustees or Managers of the educational, eleemosynary and penal institutions of the state, and such boards as have been or may hereafter be established by law, may hold their respective offices for the term of six (6) years, one-third of the members of such boards to be elected or appointed every two(2) years in such manner as the Legislature may determine; vacancies in such offices to be filled as may be provided by law, and the Legislature shall enact suitable laws to give effect to this section.

Submitted by the Thirty-second Legislature to the People of Texas by a vote in the House of 105 Yeas and 0 Nays; in the Senate by 29 Yeas and 0 Nays.
Indorsed in Plank three Democratic Platform, 1912 by the Farmers' Congress, the State Association of District and County Clerks, the State Sheriffs' Association and the State Teachers' Association.
A vote for the Amendment is a vote for more practical and business-like management of our Schools, Asylums and Prisons.

THE BULL MOOSE LEADS

"Straws" Which Show the Trend of Public Sentiment Give Choice to Roosevelt.

My dear Sir:
Straw votes don't elect Presidents but they certainly DO show how the wind blows, and those below come from states which a man must carry in order to be elected.
A post-card straw vote has been taken in twenty California counties by the California Outlook. Thus far the returns show: Roosevelt 756, Wilson 314, Taft 199, Debs 133, Chafin 40.
Los Angeles County returns give: Roosevelt 233, Wilson 81, Taft 62, Debs 27, Chafin 18.
In as much as the population of Los Angeles consists largely of people coming from all sections of the United States, this information is valuable as an indication of the sentiment throughout the nation. This has been found so in former experience. For this reason State Chairman Meyer Lisner considers that his former estimate of 100,000 plurality for Roosevelt in California is very conservative.
Americans Not Afraid of Change
I'm a natural born Bull Moose. I'm an experimenter. I believe in change because all progress comes through change. I'm for the recall, the initiative and the referendum, because with them we could have quicker changes. I'm not afraid of change. The American people are not afraid of it.—Thomas A. Edison.
Nothing Odd About These Fellows.
"Talk about test ballots," said a lawyer of Baltimore one day this week. "I'll tell you about one we had last night. We had just finished a meeting of our lodge of Odd Fellows.
"The talk turned on politics, and he said: 'Let's have a vote!' They all agreed and declared their sentiment which I recorded. This is the way they stood:
Roosevelt 11, Debs 3, Wilson 1.
"But here's a point. The three Debs men were registered Socialists, but among the rest were a few registered Republicans and most were registered Democrats.
"The registration counts for very little. I am a registered Republican, but I am for Roosevelt."
At Col. Roosevelt's Home.
In Col. Roosevelt's own district at Oyster Bay there are 700 voters. Out of this number, 460 have signed their names either as enrolled Progressives or on the petitions of the Progressive party. In one of the neighboring districts where there are 200 voters, 180 are on the Progressive list.
How the Steel Workers Stand.
The steel workers in one of the plants near Pittsburgh were canvassed one evening recently as they went home from work. Here is the result:
Roosevelt 120, Wilson 51, Taft 29, Debs 26, Undecided 4.
The Feebly Right.
"It is pathetic to hear the excuses sometimes offered by those who believe in the Progressive principles but will not stand with the only group of men and the only candidates pledged to carry out these principles, simply because they cannot break away from a party label or a party name."
—Prof. Charles E. Merriam of the University of Chicago.
A Set-Back for Gov. Wilson.
In the very presence of Governor Wilson the voters of Illinois indicated on Wednesday of last week that they wanted Colonel Roosevelt more than they wanted the Democratic nominee. While the Governor was speaking in one of the buildings at the Illinois State Fair at Springfield, a straw vote was being taken outside. At the moment that the Governor entered this building, the total figures were: Taft 698, Wilson 1,005, Roosevelt 1057.
The correspondent of the N. Y. Times, which is supporting Governor Wilson, had this to say about the stop of Wilson in Springfield:
"The Springfield demonstration was something of a disappointment. There were 12,000 people in the Coliseum in the fair grounds, but 5,000 of these waited long enough to get a look at the Governor and then started for the doors. They went out in such numbers that it was impossible in the confusion to hear anything the governor said if one were fifty feet away from him. Women jumped over partitions to the ground to save themselves the trouble of finding their

How College Men are Becoming Progressives.

The Federation of Progressive College Leagues at National Headquarters Saturday received a number of letters and telegrams indicating that many thousands of college men are engaged in working for the Progressive cause. Nicholas Roosevelt sent a wire from Harvard where there are several hundred active men in the Progressive League, stating "We provide men for ward committees, men for headquarters, men to canvass and men as speakers and weekly smokers for debate and speeches. Things going with a rush."
A letter was received from Harvey B. Stunt, Secy. of the Indiana Progressive State Committee, at Indianapolis, stating that practically every college in Indiana had the majority of its students working for the Progressives, and that the members of the faculties were nearly all Progressives. This letter said:
"In Indiana University we have an organization with close to 400 members."
"At De Pauw University we have an organization of 350 members."
"At Butler College, in Indianapolis, there is an organization of more than 100 members with Robert Armstrong as President.
"At Purdue, we have an organization of 400 members.
At Notre Dame, there is also a large and active organization in charge of D. F. Morgan. There are also organizations at Franklin College and at Hanover College."
The enthusiasm in the State of Indiana is duplicated in the colleges of PROGRESSIVE PARTY—TWO Ohio, Michigan, Wisconsin, South Carolina and in many other states.
A poll at Shurtleiff College at Alton, Ill., brought these results from the sixty students who are old enough to vote: Roosevelt 50, Wilson 9, Taft 1.

Two non partisan polls were recently taken among the Federal employees of the Government at Washington. First poll was taken in the machine shop, United States Navy Yard. In the shop at the time were 62 machinists, and result as follows: Roosevelt 58, Wilson 3, Taft 1, Debs 0. The second poll was taken in the Bureau of Engraving and Printing, by a young plate printer who is not for Roosevelt himself, with following result: Roosevelt 33, Wilson 10, Taft 5, Debs 11, non-committal 14.
Labor seems to appreciate Colonel Roosevelt's support and stands ready to give him its votes. In the works of the American Radiator Company at Buffalo, 3300 men were asked their preference. 2780 of them came out for Roosevelt.
Some further interesting straw votes

from Buffalo brought these results: Larkin Soap Co.—Roosevelt 123, Taft 0, Wilson 2.
Kurtzman Piano Factory—Roosevelt 81, Taft 14, Wilson 5.
New York Steel Plant—Roosevelt 165, Taft 27, Wilson 24.
Smith & Davis, Insurance—Roosevelt 15, Taft 0, Wilson 3.
Buffalo Veneer Co.—Roosevelt 58, Taft 8, Wilson 4.
Buffalo & Rochester Train—Roosevelt 36, Taft 12, Wilson 2.
Buffalo & Rochester Train—Roosevelt 73, Taft 12, Wilson 39.
Crystal Beach Boat—Roosevelt 44, Taft 11, Wilson 7.
Lake Shore Train—Roosevelt 62, Taft 26, Wilson 11.
Lockport Trolley Car—Roosevelt 52, Taft 5, Wilson 1.
Buffalo Southern Railroad—Roosevelt 17, Taft 1, Wilson 0.

Texas Flood Waters.

Irrigation, in its applied sense, means that water is diverted from its normal flow and is made to water otherwise arid land. Were the possibilities of irrigation in the United States worked to do their utmost, the added agricultural acreage would quadruple that already so used and support an enormous increase in population.
As to Texas, more than 4,000,000 acre feet of water are now being wasted annually into the Gulf of Mexico from the Trinity river, 2,900,000 acre-feet from the Brazos and 1,500,000 acre-feet from the Colorado and 5,000,000 acre-feet from the Rio Grande. One-half of this amount of water, if conserved, would serve as a supplementary supply for at least 3,000,000 acres of land. And the watersheds of these rivers are insignificant compared with the mighty basin which is drained by the Mississippi and its affluents.
With such reserve lands brought into cultivation, the floods of today will be matters of unrepented history, and that will be an industrial gain. Further, with the waters of the north-west devoted to irrigation an enormous evaporation acreage would be added, and the rains consequent would make a vast change in the climate of the middle west.
The cactus country, where the clouds of the Pacific are depleted of their moisture by the Rocky Mountains, would become fertile under the influence of rains at all events to the grass stage, and add to the grazing area of the land.

Mr. Coughran Taken to Abilene.

It has been the general opinion, as well as that of Mr. Coughran himself, that he was getting along as well as could be reasonably expected, and that the bullet in his left knee would give little or no trouble. Dr. Smith on last Monday made an incision into the track of the bullet and was surprised at the condition he found had developed. There was pus in considerable quantity and evidence that the bone of his knee had been shattered. It was thought best to take the patient to a hospital in the event an operation had to be performed, and he was accordingly taken to the hospital of Dr. Alexander at Abilene on Monday night, accompanied by Dr. Smith, Judge Coe, his son, Jim and daughter, Roxie.

He was operated on Monday and great hopes are entertained that his leg will be saved. His condition is now quite encouraging.

HAVE YOU EVER TAKEN CALOMEL?

Next Time Don't Do It, It's Dangerous Try Dodson's Liver-Tone Instead—It's Safe.

You ought to know what a dangerous and uncertain drug the chemical, calomel is. Perhaps you know several people who have been salivated by what they thought was a very light dose of calomel.

Next time you have an attack of biliousness, or when your liver has gotten sluggish, come to Floyd Beall's drug store and ask for a bottle of Dodson's Liver-Tone. You will find it a pleasant tasted liquid and a perfect substitute for calomel in every respect and without the dangerous after effects of calomel.

Dodson's Liver Tone gives the liver just the amount of gentle stimulation it needs to induce it to do its work properly and thoroughly. Floyd Beall's drug store will give you your money back any time Dodson's Liver Tone fails to prove itself a perfect substitute for calomel.

A Lovely Shower for Miss Ratliff.

Mrs. Myrtle Vaughan and Myrtle Vaughan most pleasantly entertained Thursday afternoon with a miscellaneous shower for Miss Mabel Ratliff. Mrs. John Vaughan's pretty home was prettily decorated in the rainbow colors to be used in Miss Ratliff's wedding. The double doors were festooned with showers and loops of yellow roses. Mrs. Myrtle Vaughan and Miss Ratliff who was entertained in a dainty reception gown of pale blue greeted the guests at the door. A musical program was tired in a dainty reception gown Miss Ruth Buchanan and others. When all had arrived the dining room was thrown open and disclosed the candle lighted table piled high with gifts and prettily draped over head with the rainbow colors. Mrs. Phenix made a little speech saying Edgar would, she kned shower Mabel with kisses and caresses, but we purposed showering her with more substantial things. Just as Mrs. Phenix finished her speech, Mrs. Vaughan pulled a string fastened some where in the chandelier and showered the bride-to-be most thoroughly with rice. This continued to trickle down all the time the gifts were being unwrapped and fell upon the head of maid and matron alike. The gifts were very pretty. The number of showers preceding this one does not seem to have in any way diminished their beauty and especial fitness for the one to whom they are given. When the grateful thanks of the honoree had been spoken the guests were served a refreshment course of cream and cake by little Misses Winnie Vaughan, Ethel Dyas, Bessie Stoneham and Carrie Mae Mitchell. This is the last affair for our October brides, but in November we are to do it all over again for those who are to marry then. We are becoming alarmed at the scarcity of girls and feel sure this cannot continue many months longer.

Aged Citizen Dies.

Mr. D. B. McCarty living north of Loraine, died last Thursday and was buried at Zion's Rest church on Friday by the masonic fraternity, several members from this lodge participating in the ceremonies. He had come from Ellis county several years ago, several sons having preceded him here. He was a good man and exemplary citizen.

Hesperian Club.

Mrs. Phenix was hostess for the Hesperians Friday and an almost full club was present. Mrs. P. A. Hazzard was made delegate to the federation which meets in Ft. Worth next month. Mrs. Shepherd was leader for the study which was Dickens' London. The roll call being a Dickens' Reminiscence connected with London. Through London with a guide was a reading by Mrs. Ratliff. The note book of a Dickens Tourist was given by Miss Jo Dry, as Miss Wulfjen was unable to be present. The questions upon the study, Old Curiosity Shop arranged by Mrs. Shepherd were fine and their answers brought out many points of interest. Mrs. Hazzard sang a beautiful Lullaby, Miss Stoneroad played for her. After adjourning to the social hour the hostess assisted by her guests, Mrs. John Vaughan and Mrs. Sam Wulfjen served a lovely salad course, with peas, mashed potatoes, cranberry sauce and iced tea. And as usual the sun had gone down when all were finally ready to depart. Mrs. Merritt will entertain this week.

Guild Tea.

On Thursday afternoon Mrs. John Doss gave a Guild tea at her pretty home on Locust street. The ladies came early and with their sewing spent the time busily and pleasantly. Several visitors from other Aids and auxiliaries were present and enjoyed the afternoon very much. Mr. Hennessy and Mr. Doss came in later and added their jolly presence. The hostess served sandwiches, stuffed eggs and coffee, and a nice offering was made.

Standard Club.

Mrs. Sherwin entertained both the Standard and Junior Standard Friday, Miss Nellie Riordan being hostess for the latter. Roll call was French settlements in America. Mrs. Sherwin was leader of the study of Macbeth. Mrs. Smith of the Magazine. The parliamentary drill was conducted by Mrs. Coleman, Mrs. Crockett being made parliamentarian. Mrs. George Root was a guest for the social hour which was spent in company with the Junior Standards. A lovely refreshment course was served during this time. The meeting this week is with Mrs. Prude.

Mission Study.

The Methodist ladies met Monday at the church to begin their new Mission study work. "The church of the open country." This is the special study put out by their church for the Home Mission campaign, and deals with the usual problem. It was very much enjoyed in its first lesson, which was upon, Rural Decay and Repair. The scripture lesson was by Mrs. Amett. Talks upon the different topics were given by Mrs. Crockett, Mrs. Lyon, Mrs. Annis, Mrs. Merritt, Miss Dry and Miss Jo Dry. Mrs. Jackson being leader. The next meeting is Monday, the subject being Church and Community.

"I am a retired workman." is what George W. Perkins called himself before the committee investigating the contributions to campaign funds.

"It seems like th' more triffin' a fellow is, the bigger bunch of keys he carries. There's still a few honest folks left, but they never seem to find anything you lose."—Abe Martin.

Col. Roosevelt left the hospital Monday for his home at Oyster Bay surrounded by every precaution against cranks and assassins that the police department of Chicago could devise.

All the Balkan states and Greece have made common cause against the "Unspeakable Turk," who in turn, has hastened to make peace with Italy that he might have one more free hand in his other scrap.

Marse Henri Watterson can eat his crow with as pleasant face and dissembling relish as anyone. In his recent article on Theodore Roosevelt, he says: "while not regarding Woodrow Wilson as a thing of beauty and a joy forever, yet, in our opinion, every argument of wisdom and patriotism under the existing state of the case and the country, urges his election to the presidency." He says again: "It is within the bounds of conjecture that Wilson may carry every state in the union."

We little know the temper of the people of the South and of Texas, could we imagine the big buck negro, Jack Johnson, riding away from court after having given bond for his appearance to be tried for the abduction of a white girl, in a \$5,000 automobile. The bond required of him in this country for such a charge, would be the bond that held him by the neck to the cross-arm of a telegraph pole.

When we read in exchanges from other sections of the state about the abundant crops and flush times and pursue the government reports to the effect that General Prosperity is simply promeneading up and down the country, particularly in Texas, we can't help but read of it with a wry face. For West Texas is not just now enjoying a lion's share of this ubiquitous prosperity.

If the statements to that effect are true, it looks as if Sweetwater had fallen down about as badly on the Santa Fe shops, terminals, etc., etc., as it did on the Orient headquarters. Brownwood seems to have secured the plum, and without having to buy it. We sympathize with our neighbor if she loses the Santa Fe terminals, shops and division.

Plainview has shipped 37 car loads of hogs to the packing houses during the past nine months. Why can not Colorado do the same thing? It can if it only will. We are under the bondage of the one crop idea, and when that crop fails, it utterly fails, and nothing is left on which to fall back. The people of Plainview would not be shipping hogs either, if they pursued the one crop fallacy as we do. It is the same everywhere people depend solely on one chance; they have to buy everything they use and consume, while trying to supply one thing to others.

A complete stock, full lines and very reasonable prices, are the chief features of our millinery display this fall.—Mrs. B. F. Mills.

The cancelling of all his speaking appointments by Gov. Wilson during the time Mr. Roosevelt was incapacitated, was a delicate regard for the highest amenities and ethics. It speaks for the stuff that's in the man—inherently.

Ten silos have been erected in Tom Green county the current year, in preparation for feeding cattle during the winter months.

We're going to butt in because we believe we will be able to scratch out, though confessing first, that's its none of our business. We know San Angelo is a good and growing town; we know that the plant of the San Angelo Standard is as well equipped for getting out a jam-up newspaper as any in Texas; we know further that J. G. Murphy can get up as readable paper as any man need want; we believe the people of San Angelo would appreciate a paper ahead of the town and support it. Knowing these things and believing the other, it has been a source of abiding wonder to us why the Standard didn't make a better showing for its capacity and opportunity.

Texas' most celebrated criminal case, as illustrating the delays of the courts and the technicalities which hedge about the trial of one accused, is at last in a fair way to get off the boards and out of the limelight of national and even international criticism. In other words, Burrell Oates is condemned to hang, by the court of criminal appeals, which has refused a rehearing in the case. Oates, a negro, participated in the murder of a Dallas storekeeper several years ago. His white companion was convicted and hanged, but Oates' attorney succeeded in saving his client's neck time after time, after juries would condemn him to death. Six times the case was tried and in five of the six trials, Oates was condemned to hang, while in the sixth trial there was a mistrial. The higher courts would reverse the case each time, on technical errors, and these frequent hair-splitting decisions have had great influence in arousing popular indignation against the class of judges who would try the law instead of the criminal. Burrell Oates has cost the state much money in its effort to hang him, but it is a cheap price to pay for the good that is resulting in the restoration of sane methods in court procedure.—Temple Telegram.

Beyond a doubt, the greatest material advancement made in our system of education the past half century, and one productive of most immediate benefit, has been the introduction of the industrial feature in our school curricula. Forty years ago, if one had suggested that the boys and girls of this day would be taught the fundamental principles of agriculture, soil analysis, etc., he had been dubbed a crank or worse. The farmers continued year after year to take from the soil without any thought of putting back the fertility that would make the next crop, until their land was impoverished to the extent that it would not yield a living from it. Under the present system, boys and even girls, who never expect to farm, are taught the very rudiments of soil culture and preservation. Under the patronage of a generous government, demonstration farms have been established over the country and the farmers taught improved methods of doing all kinds of farm work, increasing the yield with less expense of production. Farm life will ere long become the ideal life of the independent, patriotic American citizen.

The popular vote for Wilson should be as large as the sentiment favoring his election, and if it is not, it will be largely due to the apathy of the democrats in those states that are safely democratic, which means the South. It is not only desirable that he receive a majority of the electoral vote, but that he receive also a larger popular vote. As never before, democrats should go to the polls and vote. It is not enough that Wilson receive a barely safe majority; he should receive such an overwhelming popular vote that it will give notice to the entrenched interests that the people are in the saddle; there should be in Wilson's election, not only a political victory but an ethical awakening as well. Every individual democrat should not only vote himself, but see to it that Woodrow Wilson receives on the 5th day of next November, every vote to which he is entitled. If Wilson and Marshall are elected by a plurality vote only, it will encourage both wings of the republican party to get together next time and increase the chances of a republican victory. But if the democrats have a majority over both Taft and Roosevelt, the opposition four years hence will find it difficult to give the democrats much trouble. "Now is the time for all good democrats to come to the aid of the party."

The participation of Felix Diaz in the revolt against Madero in Mexico, is taken to indicate that matters will soon be straightened out and that peace, security of property and safety of life will again obtain in that bandit-ridden country. Young Diaz has much of the iron of his uncle in his blood, tempered by one more crossing of Caucasian strain. He is thoroughly acquainted with political conditions in Mexico and has been all his life in touch with the administration of the country. Advantages none of the other revolutionists possess. He is also supported by all the adherents of the old Diaz regime, and advocates reforms that are compatible with Mexican temperament and Mexican civilization. He can more nearly unite all the warring elements in the country than any other leader; besides, he is a tested and successful military commander, in whom the best element in Mexico, have confidence. His actions so far indicate that his plans have been carefully thought out with a view to providing a source of support for his army and of avoiding all international complications. Developments will be watched with much greater interest in that country since young Diaz has taken an active hand in the rebellion against the Madero government, which seems to be doomed to overthrow.

The Texas & Pacific Railway is publishing a Quarterly which is devoted to the advertising and exploiting the territory adjacent to and served by that company, and is anxious to secure from merchants, secretaries of commercial clubs, and all others, contributions and photographs which will accomplish this end. Short articles from farmers explaining the Texas; what funds they came with; what investments they made; what price they paid for their land; what that land is worth now; crops found best adapted to this section and land; in fact a short story as to how they have fared in West Texas. The Record has sent to the Quarterly numerous contributions and miscellaneous articles, photographs, etc., relating to this section, both on its own account and for others, and we will gladly continue to do so, if the articles and photographs are brought to this office with the necessary postage. If any Record readers have photographs of any good farm products, farm scenes, water reservoirs, pumping wells, etc., or any article they wish published in the Texas & Pacific Quarterly, we will take pleasure in forwarding them to the proper authorities.

SHERIFF'S SALE. THE STATE OF TEXAS, County of Mitchell. Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Dallas county, of the 1st day of October, 1912, by H. H. Williams, Clerk of said 68th Judicial District Court of Dallas county for the sum of Six Hundred Ninety-two and 50-100 Dollars and costs of suit, under a certain judgment, in favor of McDougle, Cameron and Webster in a certain cause in said Court, No. 11242-C and styled McDougle, Cameron and Webster vs. H. Behrens, placed in my hand for service, I, G. B. Coughran as Sheriff of Mitchell county, Texas, did on the 17th day of October, 1912, levy on certain Real Estate, situated in Mitchell county, Texas, described as follows, to-wit: All that certain lot, tract or parcel of land lying and being situated in Mitchell county, Texas, known and described as a part of Section No. 23, in block No. 25, Texas and Pacific Railway Company's Survey, under and by virtue of certificate No. 2-1316 issued to said Railway Company by the Commissioners of the General Land Office of Texas, said land described by metes and bounds as follows: Beginning at the NW corner of said Section No. 23, in Block No. 25, thence N 77 Deg. E. 882 1-7 yrs. to stake for corner, the same being the NW corner of W. H. Finley tract; thence S. 77 Deg. W. 882 1-7 yrs. to a point in the West boundary line of said section, the same being 1065, 3-4 yrs. from the SW corner of Original Thompson tract; thence N. 13 Deg. W. 831 1-4 yrs. to the place of beginning, containing 130 acres of land, and levied upon as the property of H. Behrens and that on the first Tuesday in December, 1912, the same being the 3rd day of said month, at the Court House door, of Mitchell county, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said H. Behrens.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell county. Witness my hand, this 17th day of October, 1912. G. B. COUGHRAN, Sheriff Mitchell county, Texas. By Preston Scott, Deputy. 11-8-c

STRICTLY FOR THE CASH. I am opening a line of staple and fancy groceries, fruits, candies, cigars, country produce, etc. in one of the Lasker store rooms two doors from the east corner. I will keep a full stock of the very best brands of goods, will sell them for the very lowest price possible on which to do business, and Strictly for the Money Nobody's credit will be good with me; the cash only talks; but your dollar will go farther here than you ever sent it. Give me a trial. D. L. BUCHANAN, The Spot Cash Grocer.

An Attractive Souvenir. It was the purpose of the national democratic committee, as well as the personal wish of the candidate himself, to have the funds for the campaign provided by the people at large in small sums; that every patriotic democratic citizen of the nation might be able to claim a share in the expense and burden of electing a democratic president, and that the president might go into office with hands untied and unobligated to the few rich individuals and corporations; in short that the funds for the campaign should come from the people in representative sums. To this end appeals were made to every democrat and all the banks and newspapers were authorized to collect contributions to the campaign fund. Only one dollar was asked from each democrat. Lists were circulated in Colorado and the sum of sixty-odd dollars collected and forwarded to the national committee. This week every contributor to that fund received from headquarters a beautiful lithographed receipt certifying that he had paid the sum of one dollar (some more than this amount) and signed by all the national committee. It makes a pretty souvenir, and whether Woodrow Wilson is elected president of these United States or not, it will be a testimonial to the fact that the contributor had part and lot in the effort to place at the head of our national government such a peerless citizen, unselfish patriot and distinguished statesman as Dr. Woodrow Wilson. As Lincoln said in his Gettysburg speech, it will be a memorial that the spirit of government for the people by the people, has not perished from the earth.

No Decision Yet. Up to the time of going to press with this issue of Holland's not quite all the towns entered in the Cleanest Town Contest had been inspected and second inspections will be required in some instances to determine the winners, so that the awards can not be announced this month. Many towns in the state which failed to enter the contest have applied to Holland's for information as to the best methods for conducting clean-up campaigns and we feel assured that the good results of this contest will not be confined to the competing towns, but will extend throughout the state of Texas.—Holland's Magazine.

Blood Was Wrong. All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine. TAKE CARDUI The Woman's Tonic. Mrs. Jane Callehan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women. Whether seriously sick, or simply weak, try Cardui. A Pure Cream of Tartar Powder

Dr. Wm. Sedgwick Saunders, Medical Officer of Health of the city of London, Eng., was good enough to say that a long and universal experience has proved a cream of tartar powder the most efficient, safe and economical, making food which could not be deleterious to the most delicate stomach.

In England the sale of baking powder containing alum is absolutely prohibited.

Majors-Ratliff Wedding.

And once again have lovers found 'Tis love that makes the world go round.

Love in Heaven's tongue means immortality of youth and joy.

Another beautiful wedding occurred Wednesday evening when Mr. Edgar Majors and Miss Mabel Ratliff were married at the Baptist church. The pretty church had been beautifully decorated in rainbow colors to carry out the color scheme of the bride's maid's frocks. The back of the church was covered in white hung with trailing vines and white roses. From either side of the choir rail extended the rainbow which reached almost to the ceiling. This was made of roses, a row of red then orange, green, blue and pink, the last forming the top of the bow which was especially effective. Down the full length of the church on either side ropes of cedar were festooned to the projecting ceiling corners. Where these were fastened were placed shower bouquets of white roses and smilax tied with loops of tulle. About the altar a drapery of white was also fastened to these knobs and brought to the center of the church to form a canopy. From the center of this depended a shower of large and small bells, covered in white and green, and fastened into the airy canopy with loops of ribbon. Under these wedding bells the bride and groom stood. The choir railing was draped in white with a tracery of green and shower bouquets of white roses depending from the ends of the choir stand which was further adorned with pot plants. The ends of the rainbow were concealed by pots of ferns and palms, with possibly the proverbial pot of gold. Pretty ferns and palms were on the organ and filled the space inside the choir rail not occupied by the minister and those who sang. The electric globes were shaded to throw a soft light over this bower of beauty and color, and this was further enhanced by the white coverings of the aisle and floor around the pulpit. The seats reserved for the bridal party were marked by shower bouquets of white with an aisle marker of maline.

A few minutes before eight o'clock the choir under the direction of Mrs. V. O. Marshall rendered, an exquisite musical program. This was begun by an Organ Prelude by Mrs. Marshall, "The Voice that Breathed O'er Eden" was next sung by the quartette. This was followed by "My true love hath my heart" sung by Mrs. Hazzard, Mrs. Webb and Dr. Marshall. Miss Mary Coe sang beautifully "Because I love you dear." The singers were Mrs. P. A. Hazzard soprano, Mrs. R. M. Webb alto, Dr. Marshall tenor, Mr. R. M. Webb bass, Mrs. Marshall accompanist.

At the conclusion of Miss Coe's song, the quartet began singing The Wedding Song from Mendelssohn and the bridal party entered, the gentlemen came from the vestry. The minister Rev. B. Broome, Mr. Sam Majors, an usher, Messrs. Barnes, Thomas and Major, groomsmen, Mr. Myrtle Vaughan, an usher, Mr. Jim Coughran best man, and the groom, Mr. Edgar Majors. The gentlemen arranged themselves in bow shape upon the pulpit platform, while the groom and his best man awaited the bride at the steps of the altar. The ladies entered from the door and marched gracefully down the center aisle. Misses Stokes, Blandford and Whipkey the bridesmaids, Miss Majors the maid of honor, Mrs. Myrtle Vaughan, the matron, Elsie Lee and Lillian Majors the flower girls, Mary Broadbudd the ring bearer and the bride upon the arm of her father M. C. Ratliff. The ladies grouped themselves most effectively making another rainbow with their grouping and their vari coloured dresses. The bride was given in marriage by her father and the sweetly solemn service which made the young couple one was quickly ended. Mendelssohn's wedding march was played as a recessional, the little ring bearer leading the way out. Next came the two little flower girls who from their baskets of blossoms cast rose petals for the bride's feet to tread up-

on. The bride and groom were next, the matron of honor, the maid of honor and Mr. Coughran, Miss Whipkey and Mr. Major, Miss Blandford and Mr. Thomas, Miss Stoner and Mr. Barnes. The two ushers, Messrs. Vaughan and Majors and the families.

A delightful reception was held at the Ratliff home immediately after the ceremony. The guests were received by the house party composed of Mrs. M. C. and F. J. Ratliff, Mrs. Coe, Majors, Broadbudd, Carter, Merritt James Johnson, J. L. Allen, John Vaughan and Jones.

The bridal party formed a receiving line in the parlor where they were congratulated, embraced and admired. After they had received the greetings of everyone they repaired to the dining room where an ice course was served. The dining room table was tastefully adorned with white and green, the center piece being white carnations and ferns. In another room Miss Thomas and Miss Wulfsen served punch from a pretty arranged nook. Another room was filled with the beautiful gifts. The display of lovely china was unusually large. There was also quantities of cut glass, linen and silver. Some rugs, chairs and an oil stove, covered with the gifts received at her kitchen shower. The home on Oak street was a gift from the bride's father and it was furnished by relatives of the bride and groom. To that they were driven and began housekeeping at once. With all the useful and pretty gifts and the elegant new furniture housekeeping will prove a pleasure not a task.

The bride's dress was especially pretty. It was of white satin with trimmings of shadow lace and pearls. Her veil was full length and was caught with a wreath of orange blossoms. She carried an arm bouquet of bride's roses showered with rosebuds and ferns. The little ring bearer was as dainty as a fairy in her pretty frock of lace and lawn trimmed in hand embroidery. She carried the ring on a silver tray. The two flower girls were in dainty frocks of lawn and lace and carried pink and white baskets filled with roses. Miss Majors' dress was of yellow messaline draped with dew drop net and trimmed in yellow roses and pearls. Mrs. Vaughan wore her own wedding dress with pearls in her hair. Miss Blandford was in pink, with pearl trimmings. Miss Whipkey in green with silver trimmings. Miss Stoner in blue with gold lace; all had trains except the maid of honor, and all wore the embodiment of grace and beauty. All carried arm bouquets of carnations.

The gentlemen wore the conventional black, and were as handsome as it is possible for masculinity to appear. The ladies who sang were all in white except Miss Coe, who was attired in a handsome brocaded satin, corn color, trimmed in white lace. In cutting the bride's cake, Miss Hooper got the ring, Miss Stokes the dime and Mr. Barnes the needle.

COMING TO SWEETWATER THE UNITED DOCTORS

An Association of Prominent American Specialists Giving Free Medical Services to the Sick. At Hotel Grogan Friday, November 15 and Saturday November 16, two days only. Startling disclosures relative to the most remarkable treatments known. The United Doctors are visiting the principal cities throughout the United States. Licensed by the states for the treatment of diseases, deformities, ailments and maladies of various forms without surgical operation. By this developed system no more operations for appendicitis, gall

stones, kidney stones, tubercular glands, tumor, goitre, piles, or cancer. They were among the first in America to do away with the knife, blood and pain in the treatment and cure of these serious and dangerous diseases.

Rheumatism, diabetes, bed-wetting, leg-ulcers, sore eyes, and diseases of the stomach, liver, heart, kidneys, bowels, bladder, all treated by their successful methods, developed after years of special practice and experience.

Patients with cancer, tumor or tubercular glands not larger than one to two inches can be cured with their hypodermic injection method, used in hundreds of cases with entire success.

These Doctors and nerve specialists treat successfully neuralgia, constant headaches, epilepsy, sciatitis, nervous debility and other diseases related to the nervous system.

Because of their vast experience in the treatment and cure of chronic blood diseases, scrofula, diseases of the skin, falling of the hair, hydrocele, varicocele, swelling of the limbs, enlarged veins, paralysis, and all diseases of men, women and children they are eminently fitted for the high position they have attained in the extensive practice of their profession.

If your case is incurable, the doctor will give you valuable advice that will relieve you and stay the disease. They are curing the diseases they undertake and you may some day regret it if you don't give them a chance.

The United Doctors will give free treatment (except a small charge for medicines) on this particular visit, and this only to those who are interested and really sick.

In as much as these doctors are giving their valuable services free to the sick they will expect of those treated to tell the results to their friends.

If you have kidney or bladder trouble bring a two-ounce bottle of your urine for analysis.

Married ladies must come with their husbands and children with their parents.

Important Things to Consider Before BUYING AN AUTOMOBILE

Has the car you are figuring on buying been tried out in your midst and made good, or is it an experiment?

What is the weight of the car? Overweight is expensive on tires and uses more gasoline and oil, making your expenses thriffler or double.

Is the car you are buying a standard or assembled car.

Right here is where you can buy Studebaker parts from 1 to 300 per cent less than any car on the market. Compare price lists.

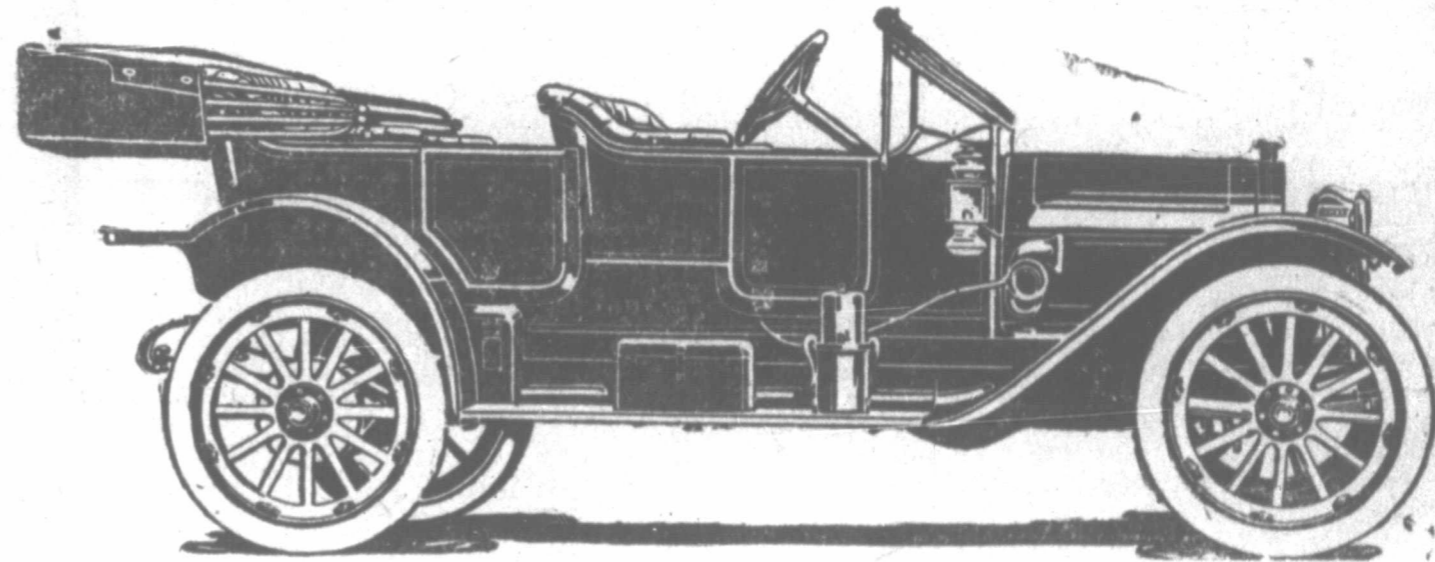

Who are the makers of the car? Where can I get parts? Where do they keep parts, and how long will it take to get new parts. All cars must have them. We claim we have the best car on the market for the money. We back them up this way.

If you buy a car from me I will take care of it for you a year FREE.

I protect you the same as you do your property or your family by taking out insurance.

Do you see why I can do it? Simply because we have a car with a record—one that has thoroughly been tried out, and backed by the largest manufacturers in the world.

We learn that Mr. J. L. Killian has about traded his farm for land in Henderson county. The deal has been consummated but the papers have not yet been perfected. This is one of the most desirable section farms in Mitchell county. Situated only six miles from the county seat, on the most generally traveled road, on daily mail and telephone lines; with a splendid residence, it could be made an ideal country home. The Record regrets to see Mr. Killian leave, believing he can find no better piece of land or more desirable home anywhere.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

Bruce Phenix went out to Arizona on a prospecting trip and liked the country so well he has decided to cast in his lot with that state. We learn he filed on a piece of land with an eye to the future, and awaiting its appreciation, has taken a job in Bisbee.

Let us have your lace curtains; they will rot unless laundered annually, at least—Colorado Steam Laundry, 10-11

FOR TRADE—Who wants to trade cattle for a city residence, or vacant lots? One good horse or mare would be taken.

C. W. SIMPSON.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers.

Mrs. Anderson, wife of agent Anderson of the T. & P., came over with the children last Sunday from Sweetwater to see the latter.

Don't let 11 o'clock come without ordering your meat. Give us a show and we will get the meat to you.

BEAL BROS.

There is a bread war on just now in Fort Worth—not a riot for the possession of the staff of life—but a war among the big bakeries as to which can sell bread cheapest and still exist. Thirty-two loaves for a dollar was the last quotation. The feature in these wars that affects the public most, is not cheaper bread, but what is put in it to compensate for the loss.

No use to go to larger towns for your fall millinery; our stock is just as complete, just as cheap, just as good quality as can be found elsewhere.—Mrs. B. F. Mills, Leading Milliner.

FOR SALE—For cash at a great bargain if sold at once. Two extra good work horses, one wagon and harness. Will sell cheap as I am leaving the county. I can be found at Y. D. McMurry's or Frank & Hale—R. L. Benton.

LOCAL NOTES

We can do a little more rough-dry work cheaper than you can do it yourself at home. Figure it out yourself and compare the cost of the laundering. Colorado Steam Laundry.

Miss Esther Ayres left Saturday for Sulphur Springs where she goes seeking health. She was accompanied as far as Dallas by her father and will remain all winter.

Phone 35 for meats.

Mrs. McCall returned last week from a three month's visit to Alabama and says West Texas looks mighty good to her.

The stock of Franks & Hale is fresh and their prices can not be beaten.

Mr. and Mrs. Cummins of Van Horn father and mother of Mrs. Stoneham Beal, are visiting her.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Willson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

Mrs. J. L. Dow of Plainview, en route to the Dallas fair, visited relatives here last Friday and Saturday.

Franks & Hale are headquarters for feed stuff. 11-18c

Some very fine turnips home grown at that, are now on the local market. It does look as if the average citizen, barring natural laziness, with a small plot of ground and an average well, could manage to raise enough turnips every fall to keep him in touch with the staste and smell of the palatable "yarb."

It has been a matter of utter impossibility to keep tab on all who have gone to the great Dallas fair, but they have been numerous. The old reliable T. & P. has been put to its utmost and then some, to get the West Texas crowds to the fair. Saturday night two sections were run. The first section reached Abilene with seven coaches jammed full and locked. More than 700 more prospective fair visitors had bought tickets at Abilene and neighboring towns, and by standing in the aisles, sitting on the floor and other shifts, the crowd reached Dallas in some kind of shape.

Dr. and Mrs. Phenix took in the fair last week.

A set of \$1.50 scissors free for every dollar paid in advance on the Record. Begins November 1st.

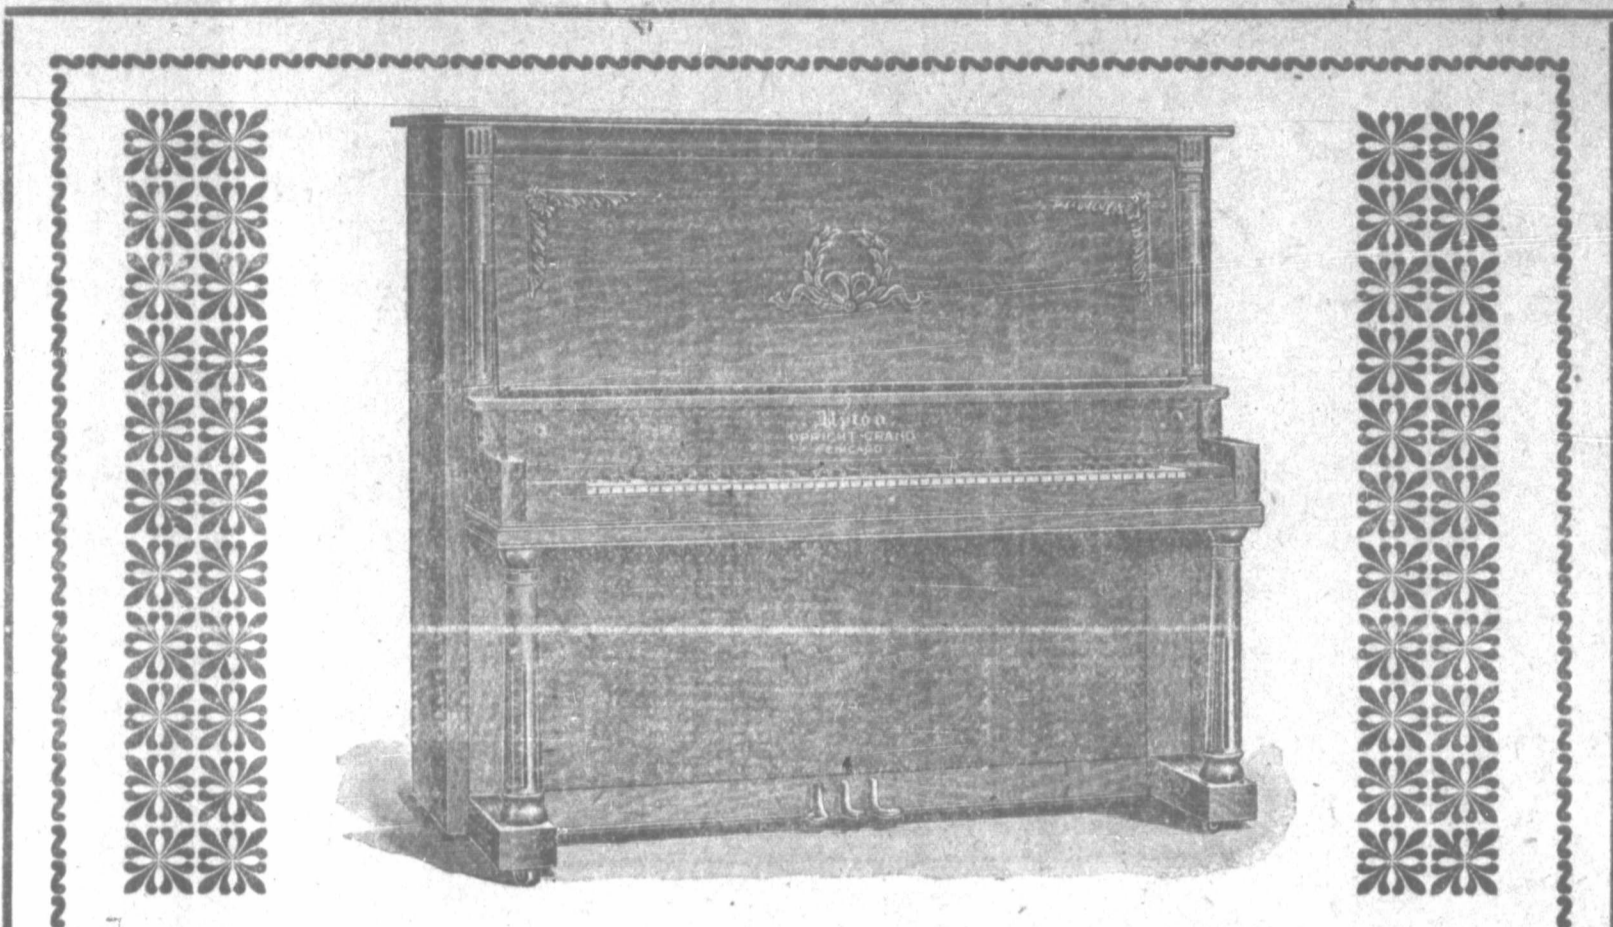

For Trade.
I am prepared to trade Winkler County ranch land in any size tracts for unincumbered property anywhere. See me at residence, 506 Hickory St., or address me, box 525, Colorado. 11-8pd. J. M. KAYSER.

Removal Notice

I am now located in the east corner of the new Lasker Block, on second street. Here I am better prepared than ever to serve my friends and customers. Come select that new suit. I still call for and deliver clothes. Just phone 154 and I'll do the rest.

JIM COUGHRAN, - The Tailor

Franks & Hale have moved to the room next the east corner of the Lasker block. 11-18c

A prominent cattle man while in Fort Worth last week, was discussing the present high price and scarcity of beef. In the course of his remarks he said it was up to the farmer, who had taken this country from the cattle men to supply the country with beef and hogs. He pointed out that there were numbers of pastures having good grass without any cattle to eat it. In the good old cattle days of the open range such a condition had been impossible as now exists.

Remember the place—next the east corner of the Lasker block; that's where you'll find Franks & Hale. 10-18c

A Mr. Anderson living west of Dunn was in town one day this week with a quantity of as fine pecans as we have ever seen, and which found a ready sale. The quality of the nut is good this season, while the crop is said to be abundant.

The attendance upon the Dallas fair from Colorado has not been as multitudinous this year as is usually the case.

See Mrs. Glisson about that fall hat. Beautiful patterns.

Read the Record's free scissor ad, this week. Begins November 1.

The attendance at the Dallas fair last Sunday broke all previous records, the number of entrances being more than 140,000 as against 125,000 on the previous day. Truly, the Dallas fair has come to be the greatest state fair in the United States. Since the corporation has been taken over by the city of Dallas, it has proven a great financial success, frequently clearing more than \$100,000.

The estimate of the New York Herald as to the outlook for the various candidates, is held in the highest opinion by politicians. Just before every national election the Herald publishes its forecast of the result. The Herald forecasts the election of Wilson and thinks Taft is gaining strength daily.
