#### STRUGGLE IN SNEED CASE ON.

#### Jurors Spend Sunday Playing Dominoes, Reading and Sleeping.

Fort Worth, Texas, Nov. 17.—All persons interested in the trial of J. B. Sneed for the killing of Capt. A. G. Boyce spent the Sabbath quietly, apparently resting from the fatigue of last week's session and preparing for the legal struggle which will begin tomorrow morning.

Twelve jurors closely confined in their quarters at the court house whiled away the long hours of Sunday as best they could, sleeping, reading, playing dominoes or conversing. The lawyers resorted to their hotels or homes and consulted once or twice with their clients. Sneed went out of town for the day and his relatives remained most of the time at the Seibold and Messrs. Will, Henry and Lynn Boyce and their relatives and friends were in and about the Westbrook most of the day.

Hon. Cone Johnson, of counsel for defense, has a brother, Dr. Clay Johnson, living in the city and visited him. Senator D. W. Odell of counsel for the prosecution is stopping at the Worth and remained in his room during the greater part of the day. The other attorneys have homes here. These include: For the defense, Messrs. Will McLean, W. B. Scott, Tom Bradley, and Judge William McLean; for the State, County Attorney Baskin, W. A. Hanger and Jordan Cummings.

A number of witnesses in the case arrived tonight from the Panhandle and elsewhere. Many more will come in on the early morning trains, so as to be at the court room in time to answer at roll call. The witnesses number more than 100 and it will require some hours tomorrow to get them in order and prepare for the hearing of testimony, which is the next thing on the program.

Persons who enter the court room tomorrow and thereafter will be searched at the doors by the officers.

No trouble is expected, but as a safeguard, the sheriff and several of his deputies continually keep a watchful eye on the court room and several plain clothes men mingle with the crowd or occupy chairs within the rail Attorney W. B. Scott of the defense said tonight that J. B. Sneed left town last night, presumably for Waco, but would return in time for the opening of court at 10 o'clock tomorrow. The defense will wait until about Wednesday before it will call in its

witnesses from the Panhandle. They will not be needed for some days.

Fort Worth, Nov. 18.—The killing of Capt. A. G. Boyce was again described by eye witnesses in the Seventeenth District Court today at the trial of J. B. Sneed.

The testimony was practically a repetition of that recorded at the former hearing, and while not so long drawn out, covered all details of the tragedy, so far as the actual shooting was concerned.

Witnesses who testified today were in the rotunda of the hotel when Boyce was killed, or in the ambulance, or at the hospital with him after he was wounded. The State will introduce one more witness tomorrow morning and rest, giving the defense an opportunity to disclose some of its evidence. The State will then come back to the stand with witnesses in rebuttal.

The most striking incident of the trial today was the introduction of the clothing worn by deceased at the time he was shot. There were bullet holes in some of the garments and they were stained with blood.

The crowd in attendance today did not fill the court room. No one was searched for concealed weapons on entering, but Judge Swayne stated that he would probably have to put that rule into operation on account of events which had transpired during the last thirty-six hours. He did not explain what these events were.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.

#### League Social.

Friday evening the League held a social with Miss Winnie Crockett that was much enjoyed by all the youngsters and a large number were present. Mrs. Lyon and Mrs. Gary were the ladies present, and they assisted in entertaining the little people. One amusing feature was the mixed menu, which when guessed brought forth refreshments that were strange and queer. Delicious cake and chocolate were the refreshment course, served by the side that had been defeated in the contest just closing and who gave this party to pay up the score.

#### Home Mission Work.

The first meeting of Home Mission Week was held Monday at the Methodist church with Mrs. Lyon as leader. The congregation was led in prayer by Bro. Craig. The scripture was read by the congregation. The subject was the American Indians, Africans and Asiatics. Mrs. Merritt read a paper upon what shall we do with the negro? and Bro. Lyon followed with a talk, Paine College and Annex, the work the Methodist church is doing for the negro was discussed by Mrs. Cromer in a paper. Mrs. Hester told of the Negro Extension work and Mrs. Jackson told most interestingly of the Orientals in the United States. This closed the program for the day.

Tuesday the meeting was again in the Methodist church. Mrs. Riordan being leader. The subject was upon the Frontier and Island Possessions. The Bible Study was religion in action. The opening prayer was led by Bro. Lyon. Mrs. Thomas told of the Presbyterian work in Texas among the Mexicans. Mrs. Root told of the general work among the foreigners. Mrs. Van Tuyl of the work in this presbytery and she later spoke of the work in Porto Rico. Mrs. Riordan spoke of the work in Cuba and Florida. Each paper and talk was most interesting. The meeting adjourned with prayer.

Wednesday's meeting was held at the Christian church. The subject being Immigration. Mrs. Smith presided. The scripture lesson was by Mrs. Craig. Mr. Crowder leading in prayer. Miss Mary Coe sang a beautiful solo, "No Room in the Inn." Mrs. Majors read a splendid paper upon the Immigrant and the Perils of Immigration. Mrs. Pond in a good paper told what the C. W. B. M. was doing for the immigrant. Mrs. Broadus in a stirring paper answered the question, Are these People my Brothers?

Thursday the meeting was at the Methodist church. Mrs. Arnett led, the subject being Rural Regions and our Cities. with papers telling what the church is doing along this line.

#### BIG SPRINGS-EL PASO MEDICAL SOCIETY

#### Open Meeting—Interesting Talks—Banquet and Toasts.

The District Medical Association met here Tuesday and after devoting the morning and afternoon to business, they adjourned at five o'clock to the Christian church, where with Dr. Gage presiding, a very interesting open session was held. Dr. Parsons of San Angelo gave his paper upon Education from an Anatomical Standpoint, which was very fine indeed, and of special interest to parents and teachers. This paper was most ably discussed by Dr. Boyd of Ft. Worth, a specialist in eye, ear and throat troubles. Mr. Stewart spoke to the subject from the teacher's standpoint. After more discussion the meeting adjourned for the dinner served in the Snyder building by Mrs. Nunn.

The table was very pretty, with its decorations of ferns and chrysanthemums. The latter being at each plate. Plates were laid for one hundred and fifty, and an elegant three course dinner served. Dr. Gage was toastmaster for the evening, and toasts to various objects and no subjects at all were given by the following: Dr. Buchanan of San Angelo, Our Hosts; Mr. Hennessy, Christian Healing; Mrs. Merritt, The Club Women; Dr. Cash, Sanitation of the School; Mayor C. M. Adams, anything he wished to say; Mr. Sandusky, to the Doctors from a Lawyer's Viewpoint; Dr. Phenix, A Doctor's Misspent Life; Miss Ellis, The Doctors; Dr. Copeland, the Hostess Town; Mrs. Phenix, A Doctor's Wife; Dr. Boyd, Indigestion; Judge Looney, a good story; Mrs. Coleman, The Doctor's Wife; Judge Earnest, A Lawyer's View; Dr. Rosser of Dallas, What he Most Wished to Say; Dr. Hall, To Colorado.

While listening to all these good things, the good things on the table had been partaken of and the company adjourned to the high school auditorium where the evening session was held.

The meeting was opened with prayer by Rev. Broome, and a quartette, composed of Dr. Marshall, Miss Coe, Mrs. Webb and Reeves Coleman sang a beautifully "Sweet and Low."

Dr. Rosser read a very fine paper upon Preventive Surgery. In this he stressed the importance of early attention to physical deformities, and showed the folly of waiting when any surgical operation was needed. The patient's chances being much more favorable in the early than in the later stages of disease.

Dr. Dildy of Lampasas read his paper upon the Modern Country Doctor, which was indeed a sermon upon helpfulness. This was beautifully prepared and made the audience weep and laugh as he told of the life of a country doctor.

By request Dr. Rosser gave his poem upon the Country Doctor.

Dr. Phenix' poem was one of the most humorous of the papers, but this was read while waiting for the diners and was not heard by the entire audience present, which was a large one, filling the auditorium to capacity.

The meeting adjourned in time for the physicians going east to catch the evening train.

This was one of the best attended and most interesting meetings this Society has had in some time, and it was indeed a red-letter day for Colorado, having as she did, so many prominent physicians within her gates.

#### A Very Distressing Accident.

Last Wednesday morning while Mr. W. R. Hatcock had lighted a fuse for a dynamite blast in a cistern, he glanced in to see if it had gone out, when the explosion occurred, and he was struck in the left eye, lacerating it in a frightful manner. He was hurried to the office of Dr. Willis R. Smith, where his wound was examined and dressed, and the patient carried to his home in South Colorado. It is not yet determined whether he will lose the sight of the eye or not until further developments. This is a most regrettable accident, more because of the fact that Mr. Hatcock was a hard working man and depended upon the labor of his hands as a cistern digger for his livelihood. It is earnestly hoped that he may not lose his eye and that he will soon be able to resume work.

The Baking Powder Question Solved

For daily use in millions of kitchens has proved that Calumet is highest not only in quality but in leavening power as well—unfailing in results—pure to the extreme—and wonderfully economical in use. Ask your grocer. And try Calumet next bake day.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

TAFT PROCLAIMS THANKSGIVING. Rich in Harvest and in Industries So Productive that Overflow Has Prospered Whole World.

President Taft has issued the Thanksgiving proclamation, setting aside November 28th for the observance of a day of thanks. The proclamation follows: "By the President of the United States of America. "A God-fearing Nation like ours owes it to its inborn and sincere sense of moral duty to testify its devout gratitude to the All-giver for the countless benefits it has enjoyed. For many years it has been customary at the close of the year for the National Executive to call upon his fellow countrymen to offer praise and thanks to God for the manifold blessings vouchsafed to them in the past, and to unite in earnest supplication for their continuance. "The year now drawing to a close has been notably favorable to our fortunate land. At peace within and without, free from the perturbations and calamities that have afflicted other people; rich in harvests so abundant and in industries so productive that the overflow of our prosperity has advantaged the whole world; strong in the steadfast conservation of the heritage of self-government bequeathed to us by the wisdom of our fathers, and firm in the resolve to transmit that heritage unimpaired, but rather improved by good use, to our children and our children's children for all time to come, the people of this country have abounding cause for contented gratitude. "Therefore I, William Howard Taft, President of the United States of America in pursuance of long established usage and in response to the wish of the American people, invite our countrymen, whosoever they may sojourn, to join, on Thursday the

28th day of this month of November, in appropriate ascription of praise and thanks to God for the good gifts that have been our portion, and in humble prayer that His great mercies toward us may endure.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. "Done in the city of Washington, D. C., this 7th day of November, in the year of our Lord One Thousand Nine Hundred and Twelve, and of the independence of the United States of America, the one hundred and thirty-seventh. WILLIAM H. TAFT. "By the President, "ALVA A. ADEE, "Acting Secretary of State."

Notice in Probate. Estate of Frances M. Goodwin, Deceased. Administration pending in Mitchell county, Texas:

All claims for money against the Estate of Frances M. Goodwin, Deceased, must be presented to me for allowance at Colorado, Texas, it being my place of residence and post-office address within one year from the 26th day of October A. D. 1912, the date of the letters of administration issued to me. If not presented within the year as aforesaid payment of the same will be postponed until the claims presented within that time are paid.

Witness my hand this the 28th day of October A. D. 1912. W. W. PORTER, Administrator of the Estate of Francis M. Goodwin, Deceased. 11-22c

There was a tie in every class of towns in the "Cleanest Town in Texas" contest, and before a final decision can be made the tieing towns will be re-inspected. Colorado may be among them; no one knows. It is barely possible, therefore that Dr. Carrick may pay us another visit. If he finds the condition of the town more unsanitary and untidy than he did on his first visit, Colorado will have no ghost of a show.

GOLD DISCOVERED NEAR CANYON CITY Assays Thirty-seven Dollars To Ton; Machinery Coming.

Recently it was learned from reliable parties from Canyon City that there is considerable excitement in that town over the discovery of gold which has been found in the canyon twelve miles east of that town.

It is understood that an ex-miner has been prospecting in that section and the ore found assays \$37 to the ton. This is an exceedingly good assay and can be very profitably worked. A company of Canyon citizens are organizing a company and machinery has been ordered and work will begin very shortly.

It is also learned that some very favorable indications of oil have been found one mile northeast of Canyon and an oil company is now being organized to drill a deep test well. A contract is to be let immediately for a 3600 foot well.

While Amarillo has always considered Canyon City her little sister. She is a town that "does things" as has been proven on more than one occasion. We will await with much interest future developments in the newly discovered gold and oil fields of the Panhandle.

THE STATE OF TEXAS, To the Sheriff or any Constable of Mitchell County, Greeting: Oath having been made as required by law

You are Hereby Commanded to summon J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, and J. S. Cash by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in the City of Colorado, on the 3rd Monday in December A. D. 1912, the same being the 16th day of December, A. D. 1912, then and there to answer a petition filed in said Court on the 13th day of November A. D. 1912, in a suit, numbered on the docket of said Court No. 1389, wherein Chas. J. Canda, Simeon, J. Drake and Alphonse Kleh are Plaintiffs, and J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, W. A. Houser, W. C. McCallum, Marvin Dorn, and W. J. Chesney are Defendants, said petition alleging that on Nov. 1st, 1912, plaintiffs were lawfully seized and possessed of that certain tract of land situated in Mitchell county, Texas, described as the south half of survey No. 67 in Block No. 27, as surveyed by virtue of certificate No. 2-1434, is-

sued to the Texas & Pacific Railway Company, and containing 320 acres, more or less:

That on the day and year last aforesaid, defendants unlawfully entered upon said land, and ejected plaintiffs therefrom, and now withhold from plaintiffs, the possession thereof, to plaintiffs' damage, in the sum of \$1000.00:

That Chas. J. Canda, Simeon, J. Drake, and Sigmund Neustadt were the common source or title to said land: that said Chas. J. Canda, Simeon, J. Drake and Sigmund Neustadt, by deed dated Nov. 26th, 1906, conveyed said land, to defendant, J. C. Paulk, and in part consideration therefor, said J. C. Paulk executed his eight notes, of even date with said deed, each for the principal sum of \$175.00, bearing interest from date, at the rate of 6 per cent per annum, containing the usual clause for the payment of ten per cent attorney's fees in case of default, and payable to the order of said grantors, 1, 2, 3, 4, 5, 6, 7, and 8 years respectively, after date:

That the first one of said notes, has been paid, but that the remaining seven notes of the series, are wholly unpaid, and plaintiffs declare them all due and mature: that said notes are secured by the vendors' lien, which is expressly retained in said deed, and against said land; that therefore, said transaction is and was an executory contract of sale, as between the grantors in said deed, and said J. C. Paulk, and those claiming under him:

That plaintiffs are the owners of said seven unpaid notes: that said deed contains a covenant, to the effect that said J. C. Paulk shall pay the taxes on said land, for the year 1907, and thereafter, and upon his failure to pay such taxes, on or before January 1st, next after the assessment thereof, the said grantors shall have the right to pay same, and when so paid, the amount of such taxes, with all penalties and costs pertaining thereto, shall attach to, and become a part of the purchase money for said land, and bear interest from date of payment, at the rate of ten per cent per annum:

That defendants have wholly failed to pay the taxes on said land, for the years 1908, 1910 and 1911: that plaintiffs have paid said taxes, for 1910, and will be compelled to pay the taxes for 1908, 1911 and 1912, with the penalties and costs pertaining thereto:

That defendants, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser are each claiming an interest in said land, believed to be under a chain of conveyance from and under said J. C. Paulk: that defendants, W. C. McCallum, Marvin Dorn, and W. J. Chesney are now in possession of said land, under some sort of claim thereto, the nature of which, is unknown to plaintiffs:

That plaintiffs elect to rescind the said executory contract of sale, and recover said land, the superior title to which, is yet in them: that the improvements placed by the defendants, on said land, are of far less value than the rental value of the land: that no equities exist, which would render rescission inequitable, but if for any reason the court should hold that plaintiffs are not entitled to rescind said executory contract of sale, then in the alternative, plaintiffs would show that said J. C. Paulk promised to pay said seven unpaid notes, and the interest accrued thereon, and said H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser acquired said land, under said J. C. Paulk, charged with said lien and indebtedness, and though often requested, said defendants, J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser have failed and refused to pay the same, or any part thereof, to plaintiffs' damage, in the sum of \$2500.00: Plaintiffs allege that they have placed said notes in the hands of an attorney, for collection, and brought this legal proceeding, wherefore, said J. C. Paulk became obligated, and said H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser, by their purchase of said land, likewise became obligated to pay said ten per cent attorney's fees on said seven unpaid notes.

Plaintiffs pray that defendants be cited to appear and answer their petition; that they have judgment, as against all of the defendants, for the title and possession of said land, and against said defendants, J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser for their costs; and in the alternative, for a judgment against said J. C. Paulk, George I. Jeffreys, and J. S. Cash, for the principal of said seven unpaid notes, with interest thereon, at 6 per cent per annum, from Nov. 26th, 1906; for ten per cent on such principal and interest, as attorney's fees; for said taxes on said land, and the penalties and costs pertaining thereto, aggregating the sum of \$978.78, with interest thereon from date of payment, by plaintiffs, at the rate of ten per cent per annum, and all costs of suit, and that the vendors' lien on said land, as the same existed on Nov. 26th, 1906, be foreclosed, as against all the defendants: that an order of sale, be issued, and directed to the sheriff, or any constable of Mitchell county, Texas, commanding him, to seize and sell said land, as under execution, to satisfy the judgment prayed for, and in the event said land shall not sell for enough to satisfy said judgment, then that plaintiffs have execution against said defendants J. C. Paulk, George I. Jeffreys, and J. S. Cash, for whatever balance may remain unpaid, after the proceeds of the sale of said land, shall have been applied on said judgment.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Earl Jackson, Clerk of the District Court of Mitchell County. Given Under My Hand and the Seal of said Court, at office in Colorado, Texas, this the 13th day of November A. D. 1912. EARL JACKSON, Clerk. District Court, Mitchell County, Tex. True copy I certify. G. B. COUGHRAN, Sheriff. By Preston Scott Deputy.

## Constipation and Catarrh

S. B. HARTMAN, M. D.

You are constipated. You have taken laxatives a great many years. You have tried to select a diet that would keep your bowels regular. In this you have failed and were obliged to go back to your laxatives again. This, I say, has been going on many years.

You also have a slight catarrh in the head and throat. You never imagined that the catarrh had anything to do with the constipation. Suppose I were to tell you that as long as you have that catarrh you will never get better of your constipation. Would you be-

lieve me? Well, whether you would believe me or not it is the truth.

For many years I have been wrestling with the problem of furnishing the public an internal catarrh remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousands of people, yes hundreds of thousands of people, of chronic catarrh.

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Mannin to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna.

Now those who take Peruna will, first, find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And when the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Cathartics and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation. PERUNA IS FOR SALE AT ALL DRUG STORES.

**SPECIAL NOTICE**—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

### A Voice in the Wilderness.

At the risk of being called old-fashioned we are going to make a protest against some of the tendencies of modern society. We have lived long enough to have observed a distressing lowering in social standard, and we hope it may do some good to call attention to some of the particulars in this social degeneracy. Some of these points have been mentioned before by ourselves and others, but we venture to add another reminder calling for a halt by society in its downward career.

The most noticeable change in social standards is a degradation of the standards of decency. Even in theatres plays in which it was considered a shame for persons pretending to respectability to witness thirty years ago are now esteemed very proper, and are too tame for the risqué and base taste of this generation; and the popular plays are many of them of the immoral tone and an indecency in dress which would not have been tolerated in any theatre a quarter of a century ago. The same tendency is almost apparent in fiction. Formerly there were many publishing houses whose standards were so high that it was perfectly safe to put any books issued by them in the hands of ladies or young people, with confidence that they would contain nothing that would offend or corrupt. At present there are but few publishing houses of which this can be said. And some of the most famous publishers have issued novels in the last two years, the plain purpose of which is to corrupt the young and incite to vice.

In illustrations in periodicals, even those of respectable standing, the same lowering of the standards of decency is to be found. The fact is too familiar to require more than a mention. Persons divorced for statutory reasons were formerly debarred from respectable society, but now continue in social functions, after exposure as before, provided they have money enough to gild their vice; and those acquainted with what is called "good society" are aware that there is an alarming amount of secret vice, which appears to be increasing.

Accompanying this increase in indecency and social vice, there is an alarming increase in lawlessness. Time was when persons who considered themselves respectable were careful to keep within the limits of the law. As recent investigations have shown, this can no longer be considered the case. Firms and corporations of high standing in the business world do not hesitate to violate the law for the sake of profit, and hire lawyers to show them how they can evade the law without peril of detection and penalty.

A very familiar illustration of this growth of disregard for law is seen in the speeding automobiles. Persons who would be ashamed to be arrested for any other crime, break laws in regard to the speed of automobiles, are arrested and pay a fine without any sense of disgrace, and in some cases make a boast of it. Since judges have been imposing imprisonment, some check has been placed on this class of misdemeanors.

Persons of mature age can hardly fail to notice the great decrease in courtesy and in regards for the rights of others in these later years. Perhaps street cars and elevators and telephones and the rush and hurry of modern life are responsible for much of this; but the prevalent indecency and lawlessness are much more responsible. The general degradation of moral standards could hardly fail to have a serious effect on the personal relations of men and

women in social intercourse. Jostling on the streets and in public conveyances, smoking in forbidden places, and without regard to objections others may have, and a general lack of the consideration of the rights of conveniences and preferences of other people is a characteristic of modern society.

The degeneration of social standards is said to be more noticeable in the United States than in Europe. Lawlessness and rudeness are the features of social conduct by which Americans are distinguished abroad. Not that all Americans exhibit these undesirable social traits, but they are so general that the exceptions serve only to prove the rule to the Europeans. It is even said that the disregard for law so common in the United States prevents foreigners from making investments in American securities. Perhaps not even the loss of profit on European funds which might be invested here, will serve to check the growing disregard for law and the decencies and courtesies of social life, but we rejoice in the company of those who have not yielded to this degeneration, and hope the number will increase.—The Watchman.

### PLEASANT TASTING LIQUID MEDICINE Acts as Quickly as Calomel, Takes the Place of Calomel, and is Absolutely Harmless.

Dodson's Liver Tonic is the name of the new vegetable tonic which Floyd Beall's drug store recommends as a perfect substitute for calomel. Without causing any restriction of habit or diet, Dodson's Liver Tonic starts the liver to working and cures constipation, biliousness, etc., without any harmful after-effects.

The fact that calomel is mercury has kept many people who are afraid of mercurial poisoning from using it. All persons can use Dodson's Liver Tonic, whether they have been in the habit of taking calomel or not for it is entirely vegetable and cannot do harm. Floyd Beall's drug store will give the money back to any dissatisfied purchaser. Price fifty cents.

### PLAINVIEW POINTS.

Cotton picking is almost over and the stock will soon get the benefit of the remains of the fields.

Mr. Arthur Wilson and wife of New Mexico, were visiting friends here recently.

The party at Mr. Page's was reported by those who attended as a great success.

Thanksgiving will soon be here and Plainview is going to have a program to render on Thanksgiving night; everybody invited.

The party at Mr. Ollie Shirreff's was much enjoyed by all who attended.

The trustees of the Plainview school made a little improvement on the school house last week. Thanks to them.

The norther that visited us didn't last long.

Miss Millie Green was expected to go to Lorainé Sunday to visit relatives STRAW HAT.

### Prominent Socialist Dead.

Kansas City, Mo., Nov. 10.—J. A. Weyland, owner of Appeal to Reason, a Socialist paper at Girard, Kan., shot and killed himself last night at his home in that city, according to a telephone message received early this morning.

So far as is known, Weyland left no word explaining his action, but it was stated by Fred Warren, editor of the Appeal, that Weyland had been despondent for several days.

### Courtesy in Business.

(By Elbert Hubbard)

We are ruled by our habits. First, we form our habits, and then our habits form us.

We are what we are on account of what we have thought, said or done. After having done a thing once, there is a tendency in the brain to do it again. If continued, we get the habit; that is, we do the thing without thinking, just as a matter of course. Thus does habit become second nature.

"What kind of people will be in Elysium?" they asked Socrates four hundred years before Christ. And his answer was, "You will be the same kind of people you are today, because this life is a preparation for the next just as today is a preparation for tomorrow."

Any man with the grouchy habit, the "piker" habit, the frown habit, the cigarette habit, the dope habit, the booze habit, is on the greased chute, and he himself is swabbing the slide. Also, there is a sort of general disposition on the part of everybody to give him a push down the road to Davy Jones' locker.

In the heart of all of us is the tendency to pass back everything that is handed us.

If a man smiles, waves his hand at you as you walk down the street in the morning, you wave your hand back and smile in return unconsciously, and often one little experience like this will keep for you the day joyously.

Courtesy, kindness, good-will, generosity, liberality, are all catching.

Nothing is so contagious as a smile. Try it on the first man you see.

The advantage and benefit of telephone courtesy are beyond computation.

But the use of the telephone requires a certain amount of patience. You must have faith that the man at

## Your Druggist Stops That Itch

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D.D.D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big-profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE it costs you not a cent.

the other end of the line has something to tell you that is worth saying.

Many people, on taking down the receiver will shout: "Who's this?" Then, not getting an answer, will say: "Who are you, anyway?" This is followed up with: "What do you want?" All of which is quite discourteous, absurd and inopportune.

Any one taking down the receiver should announce who he is. If you were a salesman, on entering an office you would not shout at the first man you meet: "Who is this?" or "Who are you?"

When you call on a person you have never met before, you certainly do not demand that he should reveal his identity until you have first revealed yours.

On taking down the receiver, either to answer a call or to put one in, and when you get your party, say: "This is Mr. Brown who is speaking." Just assume a pleasant attitude of mind, and your voice will follow.

I have noticed that trainmen on certain railroads for the most part have pleasant voices. They call the stations in a way so they are understood, and they do not appear to be bawling bad names at their enemies. They are the voices of men who are well nourished, who get eight hours' sleep, who think well of themselves, who are proud of their jobs and proud of the road for which they work.

Thus are they placed on good terms with their colleagues and with the public.

### Farm Demonstration Work in Texas.

Over \$125,000 will be expended in Texas this year in farm demonstration work. The federal government has appropriated \$60,000 of this amount and the balance has been set aside by the different commissioners' courts in this State. Texas has 116 demonstration agents in 116 different counties, fifty-seven of which are located in West Texas and fifty-nine in the eastern section of the State, and according to reports there are 11,900 farmers co-operating with them in this work. Farm demonstration work, as it is termed, consists of showing the farmer how to plant, care for and harvest his crops. This is accomplished by inducing the farmer to set aside a certain area of land and follow government methods of planting, thereby increasing the yields of the crops. The principal methods advocated by the demonstration agents are wide planting and careful selection of seed, and in every case where these rules have been followed the production has increased practically 35 per cent. For instance, in Fayette county the farmers, following scientific methods of planting under government supervision, harvested this season over 600,000 pounds of cow peas which were planted between the corn rows. This vegetable was raised with very little trouble and brought the growers 3½¢ per pound. In Lavaca county, under adverse conditions, but following government instruction, the production of cotton was increased from 590 pounds to 1,110 pounds per acre. Similar results have been obtained in every county in Texas where scientific methods of farming, as advocated by the demonstration agents, have been employed, and it is assured that the appropriation to continue this important work will be substantially increased next year.

### The Three Graces and Justice.

Herman Tiedjens in the Public.

Once upon a time the Three Graces made a Poor Man the object of their solicitude.

Faith thought that the main trouble was with his soul and preached to him.

Hope opined that he was afflicted with acute pessimism, and sought to relieve his condition by presenting to him the bright side of things.

Charity put a patch on his pants, and congratulating him, said this would keep the cold out for a while, anyway.

These well-intentioned ministrations were repeated from time to time, until the Poor Man was well-nigh stark naked and about all in, whereupon a sense of delicacy and a feeling of utter helplessness prompted the three Old Ladies to retire.

Just then Justice appeared on the landscape. He saw the awful predicament of the Poor Man, and without any ado, took an acre of land from an agent who was holding it for speculation, put the Poor Man on it and told him to scratch. And behold! in a season's time the Poor Man was strutting about in the pride of self-respect and a new suit of clothes.

"You are an anarchist," cried the speculative land agent. "You have confiscated the property of my client."

"Oh, piffle!" replied Justice. "Wake up! Come to! Go to! The title was vitiated when the first man was separated from his inheritance of a place to live, move and have his being."

"Why didn't you do it long ago?" said the Onlooker.

"Well," said Justice, irreverently, "that bunch of fussy old women wouldn't give me a chance."

Look out for the cars! The Fords are coming two hundred thousand strong—and stronger. The fact that it is the most thoroughly tried and tested car in the world is the best guarantee of the Ford's reliability and superior worth.

## Pumpkin Ridge Oil and Gas Field CLAY COUNTY, TEXAS

We are opening up the largest Oil Field in Northwest Texas. It is situated on Pumpkin Ridge in Clay County, near the Petrolia Oil and Gas Fields which has wells producing 50,000,000 cubic feet of gas per day, having an economic value (coal being estimated at \$4 per ton) of over \$10,000.00 per day.

We propose to drill 16 wells for oil and gas under conditions named in our prospectus. We guarantee to put our first well down to a depth of 1850 feet unless oil is found at a less depth, and to test each oil sand as we go down. Our drilling crew of five men are now actively engaged in setting up the drilling machinery under our 84 ft. derrick, preparatory to drilling our first well. We propose to keep continuously at it, until oil or gas is found.

ALL of the earmarks showing this to be the largest Oil Field in America are present. Gas is coming up through the ground that will burn on applying a lighted match. An analysis of the gas made by Prof. Phillips of University of Texas shows it to be NATURAL GAS. Asphalt and oil are also found near by.

We will sell you (it is a shame to say sell) we will GIVE you a block of land in the vicinity of one of our wells containing 70 lots, each lot being 620 sq. ft., for 36 cents per lot. We said cents; think of it! The 70 lots will cost you \$25.20. You get all the oil, gas and mineral rights now held by us as grantee.

Your check is good. Send same by first mail for \$10 and say how many blocks you want us to keep for you. We will mail out full information on receipt of check and if you do not find everything exactly as represented by us we will return your money immediately. You can have 10 days to make an investigation. If you are pleased with your investment you may send us the balance of one-half of the purchase price, the remainder to be paid in 30 days. Should you buy 5 or more blocks we will give you 30, 60, and 90 days on deferred payments. You can sell 10 lots, get your money back and keep the balance. The number of Blocks for sale is limited; send your check today. You take NO RISK WHATEVER IN DOING SO. The earlier you send the closer you get to the first well. If you doubt our honesty write to our bank references.

We can use a few good agents.

COLORADO, TEXAS, NOV. 22, 1912.

Cass Tarver lost his fight with Carl Morris at Shreveport last week on a foul, which though accidental lost him the winning. They are trying to arrange another fight.

Those who imagine that because Governor Wilson has not had a long and thorough training in politics and methods, he will be easily imposed upon, will have another guess coming when he gets fully in action.

Our editorial and general news-gathering department has been much on the ailing list the past week, so that the Record does not contain its usual amount of original matter, either of editorial or local nature. But he will be himself again next week.

On his departure for Bermudah, President-elect Wilson put a most effectual stopper on the whole breed of importunate office hunters by remarking that those who came to bother him while on his vacation, would certainly get what they didn't ask for or want.

In the various cabinets being made for President-elect Wilson, there seems to be a unanimity of opinion on the assumption that Mr. Bryan, Wm. F. McCombs of New York and A. S. Burleson of Texas, will be included. Mr. Bryan is universally assigned the portfolio of state; Mr. McCombs that of war, and Mr. Burleson that of Postmaster General.

The proposition of congressman, Jack Beall of the fifth district to have the postmasters nominated by the patrons of each office, is meeting with some strenuous opposition from the simon-pure bourbon-and-ham-sandwich democratic war horses of that district, and they publicly give a reason—some dozen of them—for their dissent.

Shrank, the would-be assassin of Col. Roosevelt, when arraigned in court, plead guilty of attempted assassination and expressed his utter indifference as to what was done with him. The court appointed a committee to investigate his sanity. He was sane enough to attempt the murder in a state where there was no capital punishment.

"Our Joey" gave it out while at Fort Worth this week that during the course of the coming congress he would also sing his swan song and peter out. His subject will be "Sisms," and intimates that he will put into the preparation of this last speech, the accumulated energy and concentration of all his powers. It will be a high-water maker for retiring speeches.

The great siphon, by which the water is taken from the west side of the Colorado river at Yuma, taken by a huge tunnel under the bed of the river to the east side, and there distributed over the fertile lands for miles around, has been completed and the water turned into it. On its completion last week, a banquet was given by the contractors and the spread had in the tunnel, fifty feet under the bed of the Colorado river. This siphon will deliver the water for the irrigation of 150,000 acres of citrus land tributary to the city of Yuma. Thus does modern science again repeat the miracle of smiting a rock in the midst of the desert and living water gushing therefrom. Faith was in the accomplishment of both.

Attention is directed to the law card of Judge Jas. L. Shepherd in this issue of the Record. It were like carrying coals to Newcastle to write

words of introduction of Judge Shepherd to the people of Mitchell county or the counties forming the old 32nd judicial district. Prior to his elevation to the district bench, Judge Shepherd practiced his profession here for twelve years, with singular success, and with a reputation for professional probity and painstaking industry, that he easily became the successor of Judge W. R. Smith, when the latter left the bench for the halls of congress. The Record predicts that though Judge Shepherd has been on the bench ten years, his re-entry into the practice will mark his progress to still greater eminence in the jurisprudence of this state.

Business Rivalry.

In a small town two undertakers—one the old, the other the new man—were keeping watch upon a dying woman. Each day, being friends of the family, they called and asked how she was. Other people became much interested in these calls. Finally, one night, the woman died and in the morning a citizen driving along the street met a friend, also driving. They slacked up a little and one of them leaned out over the dashboard and anxiously asked: "Well, who got her."—Contributed.

Statement of President-Elect.

"I shall call Congress together in extraordinary session not later than April 15. I shall do this not only because I think that the pledges of the party ought to be redeemed as promptly as possible, but also because I know it to be in the interest of business that all uncertainty as to what particular items of the tariff revision are to be removed, and should be done as soon as possible."

HE'S CERTAINLY DEAD.

Several parties have seriously doubted the statement in this paper last week to the effect that J. A. Wayland, owner and publisher of the "Appeal to Reason" was dead. They alleged the report to be but another attempt to discredit the man, the paper and the cause. We take the following from the columns of that paper, written by its editor, Fred D. Warren: Girard, Monday, Nov. 11.

J. A. Wayland, founder of the Appeal to Reason and the Coming Nation shot himself at his home in Girard Sunday night, hounded to his death by the relentless dogs of capitalism. As this is written no arrangements have been made for the funeral which will likely take place Wednesday or Thursday of this week. This is the tragic end of the career of a man whose life has been devoted to making this old world a better place in which to live. The Appeal will continue its work until the dreams of our departed comrade have been realized.

We Thank You, Friends.

The Record management wishes to thank its subscribers for so generously responding to the invitation in last week's paper to square up their figures. They have done well the past week and will continue to do so. We are confident, no paper ever had a more loyal class of subscribers than has the Record. They have always responded promptly and generously to every request we have made for a little timely help at a ticklish point in the Record's affairs—and what business or institution does not have such points—when just a little pull or lift will help them over the hill. We deeply appreciate such loyalty, and shall ever be found doing all in our power to help them and their interests.

There are a few sets of the scissors left for those who pay up to date and one year in advance. They won't last long, however; so if you want a set,

you'd better hurry.

J. A. Wayland Dead, But Alive

We are always perfectly willing to accord every right to others we claim for ourself. The paragraph in last week's Record relative to the death of Jas. A. Wayland, elicited the following article which we are asked to publish, and to which we cheerfully give place:

"With much regret and great sorrow, we learn of the tragic death which ended the career of one of earth's greatest men, and a life that had been devoted to the making of this world a better dwelling place for men. We cannot defend or justify an act of suicide any more than we can the inhuman and ungodly social order which so naturally propagates wrongs and crime that leads to despair, suicide and death! But, the Principles and the Cause for which our departed comrade stood, will live forever, a Cause that will stand under the scrutiny of the great God of Truth, Right and Justice. His words speak the living voice of the poor, the now doomed and damned of earth! Yes, these principles are alive the world over, and will continue to live till the want of liberty and all love with its noble aspirations will have throbbled their last in the human breast. THOS. MCGUIRE."

Hail Muse; Thy Help!

When the divine afflatus (or affluvia) strikes our friend and fellow townsman, L. C. Dupree, and he bestrides his neighing, prancing and cavorting Pegasus, he usually tears it off in such spondee and dactylic hexameters or iambs, that in the excess and exuberance of the torrential rush of ideas for expression, his otherwise limpid and oleaginous verse becomes a trifle mixed in rhythm and measure. Nevertheless, friend Dupree gets there every time in saying what he sets out to say, whether he loses sight of his verb-nominative or not. But in his contribution to the Abilene Reporter last Monday, in his "pome," "Come to Texas," we rise to a question of information. It begins: "Six thousand years ago mid sweat and toil, The Almighty ceased making soil."

We only want the authority for the figure that Jehovah experienced such travail. We have always been taught to believe that He spoke it into existence "by the power of His word."

THE BALKAN WAR.

The latest news from the Turko-Bulgarian war is that the latter are at the walls of Constantinople, though the Turks are making a most determined resistance in the hope that if the advance of the Bulgars can be checked before they actually enter the capital, more likelihood will there be of effecting an armistice and more favorable terms of peace. The powers of Europe are watching the development of events with a jealous eye. Austria can hardly keep her hands from the throat of little Serbia, and yet Russia must be reckoned with if Austria should make too great demands of Serbia. The city of Constantinople, which is the key that unlocks the door between Europe and Asia, has been looked upon with covetous eyes by all the nations since it fell into the hands of the Turk in the 15th century. Each nation wants it, and they all want it not to fall into the hands of Russia. It is likely that in the end the Ottoman empire in Europe will be distributed among the nations which looked on and grumbled while the little Balkan League killed the Turkey. However, if the Balkan states gain nothing more than freedom from the persecutions of Turkey, the war will have been a great victory for them. So imminent is the fall of the city of Constantinople that all the nations having citizens there have dispatched war ships for their protection in the event of a massacre by the Turks of christians, which they have threatened. The United States has two men 'o war on the way there now.

THE EASTERN SITUATION.

The Khedive in his harem gets While thing goes harem-scarem; Insultant notes the Sultan gets, But has to set and bear 'em.

Just think of it, folks—a man left Alpine, Texas, last week for some swamp in Arkansas. Winkleman it was, for the benefit of his health. The only reasonable hypothesis on which such a move can be accounted for, is that it was on the prescription of the sheriff of Brewster county.

If business interferes with your city building intentions quit your business.

Five-Hundred Club.

Mrs. Henry Doss was hostess for the 500 Club Tuesday and a lovely time was enjoyed by the members. The prize was won by Miss Elsie Hooper, this was a beautiful cake plate. The hostess served hot veal loaf, a salad and a sweet course, all of which were most satisfying to the inner man. Mrs. Hooten will entertain next week.

A Line From the Fire Department

The time of year has arrived when fires are more likely to occur and faulty flues are the cause of a great many that might be averted by a timely investigation. Are yours in good shape? Are unused flues properly stopped? LOOK AND SEE! It may save you a serious loss. The department now has sufficient members to manage the hose and ladders and we make urgent request that no one but members ride the wagon to and from fires. It overloads the horses and hinders the firemen.

WASHINGTON NEWS LETTER.

Things Doing In and Around the National Capital.

Washington, D. C., Nov. 21.—With the "tumult and the shouting" over the result of the late election, the carpenters and the joiners will begin the construction of a cabinet for President-Elect Woodrow Wilson and the names already suggested, give some indication of how the various leaders view their tremendous victory.

William Jennings Bryan, the "Warwick" of the incoming administration, is most generally "touted" for Secretary of State although there are those who believe that the "Commoner" would rather be a free lance than attach himself to the person of the President in a ministerial capacity, believing that he could do the party greater good in the open than by holding down a cabinet position. Undoubtedly Bryan can have the choice of any position should he so desire.

Louis Brandeis of Boston, is among the favored ones suggested for attorney General, although William F. McCombs, chairman of the National Democratic Committee must also be reckoned with, as he has been a tower of strength for Wilson, and as he is a lawyer of repute might find the Department of Justice to his liking.

It is generally believed that Congressman Albert S. Burleson, of Texas, will be accorded a cabinet position possibly may accept the Interior portfolio although it is known he has longings toward the Secretaryship of Agriculture. But Dr. Harvey S. Wiley, late chief chemist of the Department of Agriculture is seriously mentioned for the head of the Department with which he has been connected so many years.

Josephus Daniels, of North Carolina, editor of the Raleigh News and Observer, who had charge of the publicity end of the Wilson campaign may possibly become the "headman" of the new administration more generally known as the Postmaster General. Daniels is a "live wire" and undoubtedly would take rare pleasure in relieving the "bated" republicans of their post office jobs.

Then, too, one hears the names of Rolla Wells of St. Louis, William G. McAdoo of New York, Walter Huddspeth of New Jersey and even Senator Robert M. LaFollette for cabinet places and the "carpenters and the joiners" have just begun the construction of President-elect Wilson's official family.

The forth coming Convention of the National Rivers and Harbors Congress which will be held in Washington on December 4th, 5th and 6th gives promise of bringing together a larger number of influential business and professional men than ever before participated in the deliberations of this great Congress organized for the purpose of securing annual appropriations for the improvement of the rivers, harbors, and canals of the country and to bring about a fixed policy of waterway betterments on the part of the general government.

The convention which is ninth in numerical order, will be of intense interest to the nation as it is hoped President-elect Wilson will be present and in an address to the delegates define his position on many of the questions relating to the water highways of the country. President Taft will open the convention with an address while with him on the program are a score of the ablest men of the country who are down for addresses during the days of the Convention.

"There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.

Let outsiders know your town can compete with any other in the country, are not afraid of competition, and then by co-operative buying make good the claim. Make friends with farmers, capitalists, traffic men, bankers and others and invite them to visit the town, and thus get them to having an interest in your propositions, especially if you can sell them a town lot, for where a man owns some soil, there his heart is liable to be also.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

# MY FATHER Had Eczema 10 Years OVELMO CURED HIM

### Test Course Given Free

My father was a sufferer for years from Chronic Eczema. He tried doctors and everything else without relief. Nothing did him any good. He grew worse and worse each year. It seemed there was no hope for him. In utter despair of ever securing any real help from others, I determined to work out a treatment myself, as I am a Registered Pharmacist, owning a drug store in Ft. Wayne, Ind. I studied practically all known medical authorities on Eczema and Skin Diseases, and finally resorted to my own laboratory the OVELMO TREATMENT. It is designed to remove the cause of the disease, by working on the system internally, while the itching, smarting, burning and unsightly appearance are relieved by a soothing, healing cream applied to the affected parts.

### Completely Cured

OVELMO worked like magic. My father and I hardly dared to believe our eyes. The itching ceased—you no longer formed—the scabs were replaced by new, clean, smooth, healthy skin. His general health improved—he could sleep well at night, and in a short time was completely cured.

His case was well known, and his cure was so remarkable that the news spread all over the surrounding country. A little boy, whose feet about the ankles had sloughed away almost to the bone, was next cured by OVELMO, and the demand for it became so great around my home town that I was urged on all sides to place it before the general public. It is just as good for cuts, burns, bruises and chilblains as it is for Eczema and Skin Diseases.

### 1000 Treatments Free

I want to prove to every interested person, free of charge, what OVELMO will do in all cases of Skin Disease. I want to introduce it everywhere, and to give away 1000 Test Treatments Absolutely Free of Cost and Postage Paid to those needing treatment who write me for its remedy.

You can stop scratching—you need not be afraid to be seen in public—you can sleep well at night. The matted crusts—the greenish crusts—the scaly, bleeding, itching skin can be restored to health, made clean and smooth again. Just write a postal or a letter stating the Skin Disease for which you want the treatment and the age of the sufferer and I will send you a Test Course by return mail, in plain wrapper, free and postage paid.

Mr. Lake Chitwood, from Tye, Tex., was a visitor at W. E. Cunningham's home Sunday attending church at Plainview.

Mrs. Maggie Hodge from Snyder was a pleasant visitor at Mrs. Miles Curry's. Mrs. Hodge is Mrs. Curry's sister.

Just let me say a word to the young folks: Don't indulge in the same kind of musical relations on Sunday nights that you do on other occasions. Singing is always in order, but rag-time instrumental specialties are—well, they sound more appropriate on other occasions. Let us not fail to show due respect for the feelings of people regarding the sacredness of the day.

The last Sunday was election day for the singing class at Plainview. We decided that our efficient president was entitled to a second term. That's Democratic, isn't it? Accordingly by the aid of a steam roller the opposition was duly flattened out and W. E. Cunningham was elected to succeed himself in the president's office. Mr. S. H. Rogers was elected vice-president and Miss Annie Lee O'Neal was chosen secretary-treasurer. Some one suggested the need of a critic, accordingly the class elected Mr. Frank Redman to that office for the ensuing term.

The members of the Buford Baptist church have fully repaired the church house at Buford. This was a much needed piece of work. The houses of public use are many times a matter of reproach to the communities in which they stand.

Patrons of Buford school are asked to meet at the school house on the afternoon of November the 30th to repair the school house for the beginning of school December 2nd.

The Primitive Baptist people held services at Buford Wednesday night of last week. Pencil Pusher sends in the Breezes not later than Wednesday afternoon, so no mention was made of the meeting last week. Elder Broome preached the first night, and Elder Moore the second. These meetings were very well attended for the busy time. Mr. D. T. Bozeman was at the meeting the last night.

School will begin the first Monday in December. It will be a great advantage to both teachers and pupils if the patrons will arrange to start their children the first day. An even start is justly due each child. Some have been under the mistaken idea that the newly adopted books must be used this year. The lately adopted books will not be put into use till next session. Your child's old books will be in use his year. We will appreciate the presence of as many of the patrons as can be with us the opening day. Your co-operation is needed to make the school what it should be. Let us all pull together and we will have another good school. The old house need not prevent the other matter of more importance. Some great man once said that all that was needed to have a university was a pupil on one end of the log, and the proper teacher on the other end. We have a little better accommodations for our pupils than a log. Let us have the school work in spite of the old house.

Put it in the Record; it'll go.

It Always Pays. Advertising is merely giving publicity to any fact. It may be done by the printed page, the decorated fence, by word of mouth, by exhibiting the thing itself, or by any other of a hundred and thousand ways that are employed to attract attention. Sometimes more than one method is employed with great success—the printed page and the spoken word going well hand-in-hand.

These observations were elicited by the success of the auction sale just conducted by H. L. Hutchinson Furniture and Hardware Company of this city. For two weeks a page ad was run in the Record, besides which 2000 circulars were distributed over the county. On the day of opening of this auction sale, an adept in this line of publicity did the actual selling, which was but the spoken form of advertising. The goods sold like hot cakes. The sale was closed Monday night, and some rare bargains were secured, all which was due to getting the goods and the people who wanted them together, and printer's ink had a large part in the bringing of them together. It does pay to advertise, in any way, in any medium and at any time. The above sale proves it.

The more you study a problem, the more apt you are to carry it to a successful destination. A careful research into any progressive movement ought to convince the most stupid of the good to be devised by co-operation.

Idle money and idle citizens are a bane to any community.

The sight of workmen busy around a building site, revives confidence in your city and attracts the skeptical investor.

# DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

# FURNITURE Big Auction Sales!

## LORAIN, - - - TEXAS

Saturday, Nov. 23 } 2 P. M. and 7 P. M.  
Saturday, Nov. 30 }

On the above dates I will sell furniture at my store to the highest bidder. So if you are in need of anything in this line, it will pay you to attend this sale. I announced sometime ago that I would close out my stock during this month. This may be your last chance to buy furniture cheap, so lay in a supply while you can get it at a great bargain. Come to town and do your shopping early and don't miss the Auction Sale. Come prepared to stay for the night sale.

I am going to give away a nice prize at the close of each night's sale. The prize will be worth at least \$10.00 at regular retail.

Each party attending the afternoon and night sale, will be given a Free Ticket and one extra ticket for each purchase they make. After the night sale, everyone holding a ticket may deposit same in a box, retaining stub. The tickets will be thoroughly mixed and the lucky ticket drawn out in the usual way. Remember you will be given one Free Ticket whether you buy anything or not, providing you attend the sale. The house will be kept comfortably warm and seats provided.

# STILL SELLING at COST

You can buy furniture AT COST any time you call until further notice, regardless of the auction. Everybody come and share in the great bargains. You can do me a favor by circulating this over your phones and in conversation with those you meet. Say,

DEMOCRATIC PATRONS SHOULD SELECT POSTMASTERS.

Congressman Jack Beall, of the fifth district of Texas, is out with the suggestion that the Democratic patrons of each postoffice, where a change in postmasters is to be made under the reign of the Democrats, be selected by a properly guarded primary election.

It is the conclusion of this paper that the idea expressed by Mr. Beall is good and worthy of adoption. This plan was adopted in Abilene by our friends, our Republican opponents last year and resulted, according to our observations, most satisfactorily. There were three popular and well qualified candidates for the position, and we can conceive of no other way in which the wishes of the greatest number of those to be served could have been expressed.—Abilene Reporter.

Representative Beall says: "If I am given the privilege of submitting recommendations for postoffice appointments in this district, my purpose will be to conform to the wishes of the people to be served. At the proper time I shall call upon the qualified Democratic voters who receive their mail from or through any office where change of postmaster is to be made to select by a properly guarded and conducted primary election the person they desire for postmaster. The postoffices were established for the convenience of the people and the postmasters are appointed to serve the people. In my judgment they are better prepared to select these servants than the Representative in Congress or any official at Washington. One of the slogans of the recent campaign was "Let the people rule." Here is an opportunity to put that slogan into effect, and so far as I can control the situation the Democratic voters of this Congressional District will have the right to select postmasters."

TRUMBULL OPPOSES REPEAL OF STOCK AND BOND LAW.

Frank Trumbull, Chairman of the Board of Directors of the M. K. & T. Railway Company, agrees with Senator Culberson that the stock and bond law should not be repealed. Friends of Mr. Trumbull have directed attention to this statement before the Texas Welfare Commission in session at Houston on April 30th, in which he said in part:

"My own conviction about this stock and bond law is that it would be a great mistake to repeal it. I think the good in it ought to be preserved. I think it ought to be supplemented with permissive clauses; first, so that there would be no difficulty whatever about getting securities for improve-

ments. If we should announce, for instance, that we wanted to spend \$5,000,000 on the M. K. & T. lines in Texas, I think that your laws should be such that we can get a mortgage lien for that five million dollars regardless of what the previous capitalization of the railroad was."

Mr. Trumbull also suggested that any company which had obligations outstanding prior to this law, should be permitted to issue new obligations to take their place as they matured, and a third amendment suggested by Mr. Trumbull was that new lines be permitted to issue bonds prior to completion of construction.

Mr. Trumbull commended many good features of the law.

NO SUCH THING AS POSTING LAW IN TEXAS

According to a ruling announced recently by Assistant Attorney General Funderburk there is no such thing as a "posting law" in Texas; that where inclosures include 2,000 or more acres there is no law in force in this state making it unlawful to hunt or fish therein. On tracts under 2,000 acres the consent of the owner is necessary.

Judge Funderburk made the ruling at the request of Mat Cramer, acting county attorney of Frio county. It is as follows:

"We are in receipt of your letter of October 21, in which you asked to be advised as to our opinion of the present status of the law relating to hunting and fishing on enclosed lands and the law of posting lands. Your question arises mainly of the effect, if any, of the late codification of the criminal statutes.

"In reply, I respectfully advise that in my opinion the 1911 codification of the criminal statutes very much simplifies the law relating to the provisions mentioned. The whole of the law on the subject named, so far I can ascertain, is comprised in articles 1255 and 1256 as the latter article was amended by chapter 50, general laws of 1911. I understand the law to be that it is unlawful for any one to enter upon the enclosed land of another without the consent of the owner, proprietor or agent in charge, and therein hunt with firearms or therein catch or take any fish from any pond, lake, tank or stream, or in any other manner deplete upon the same. The penalty is not less than ten dollars nor more than one hundred dollars. The enclosure mentioned are enclosures including less than 2,000 acres, and there is no requirement that such enclosed lands be posted for the penalty to apply. This law is effective in every county in Texas except Upton county. Where enclosures include 2,000 acres or more there is no law in force in this state, in my opinion, making it unlawful to hunt or fish therein without the consent of the owner, proprietor or agent in charge. There is no law providing for the posting of such enclosures and thereby making it unlawful to hunt or fish therein."

IN EVERYTHING GIVE THANKS

Knowledge of God's Love and Power Is the Supreme Cause for Thanksgiving.

Abundant harvests, national prosperity, peace and security under a government of our own choice—these are certainly grounds for thanksgiving in which every citizen can and should take part. But it is quite possible—in fact it is a common mistake—to accentuate these and other outward blessings in such a way as to make it appear as if, without them, we would as a nation have little or no ground for thanksgiving; whereas the strongest reason for universal thanksgiving would still remain if none of these were present.

The knowledge that God loves the world, that he reigns supreme and controls all forces, and is overruling all events to the ultimate overthrow of everything that is evil and establishment of absolute righteousness—that is the supreme cause for thanksgiving in as far as the things of this world are concerned.

But national thanksgiving can never be anything more than a hollow sham unless the hearts of the worshippers are warmed by personal gratitude to God for his personal love and care and protection, and for the precious and exceeding great promises which he has given us. No heart can be truly grateful to God that has not learned to trust God and so see his hand and his love in all the experiences of life.

Securing His Salary.

An exchange tells how a New England home missionary out in Colorado secured his salary from a church which promised but would not pay. It was a salary which the church was able to pay and he was able to live on it. But when the members became so delinquent that he was forced to go into debt for his living expenses, he noted in a local paper that the section boss on the railroad was advertising for an additional hand. "The determined preacher marched down to the railroad station and offered himself for the position. He was promptly employed and proved able to shovel dirt fast as any man on the gang. But, of course, he could not do this without throwing the whole community into fits of excited gossip. Everybody agreed it was a shame. The second day the banker of the town went down to the railroad and shoved \$25 into the preacher's hands, telling him that this business must stop. But the preacher did not stop until as many as sixty of his fellow citizens and parishioners had called at the manse and paid up what they owed on his salary. Then, with a week's sturdy work to his credit, the preacher resigned from the railroad, and since then has been able to attend

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Colorado People to Neglect

The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, head ache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease, follow in merciless succession. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in this locality.

Mrs. W. S. Johnston, Snyder, Texas says: "I used one box of Doan's Kidney Pills and they cured me of kidney trouble. Some months ago I noticed that my kidneys were weak and I think that the trouble was caused by the drinking water here. I used one box of Doan's Kidney Pills and received a permanent cure. I can highly recommend this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The suggestion has been made President Wilson that the selection of first, second and third class postmasters be made by local nomination or primary election. It is a measure that has been advocated by many for years and it would be a long step toward the emancipation of the public service from the politician and the spoilsman. The plan suggested is outlined in another article if this issue, and it strikes us a happy solution of a vexed question. It insures the job to the person preferred by the patrons of the postoffice and relieves the congressman of great worry and the certainty of making an enemy of every disappointed office hunter, under the present practice.

One can hardly toss a stone without striking an applicant for federal appointment.

strictly to his spiritual occupation without any worry about insufficiency of salary." Quite likely such delinquencies are not frequent. But when they occur the church needs such heroic treatment to shame them into doing their duty to God's servant, the minister.

BEWARE OF THE LANDS OF THE EVERGLADES

Farm and Fireside, an authoritative agricultural paper published in Springfield, Ohio, makes the following statement about the Florida Everglades in its current issue:

"We have been asked a great many questions as to whether or not the lands now in progress of drainage in the Everglades of Florida are safe makers. We have advised our readers to wait until the lands are ready for the plow before investing. Frankly, we have had doubts as to the success of the project. Many engineers have all along maintained that the slope from Lake Okechobee to the ocean is not sufficient to carry off the water which the State and private drainage projects contemplate drawing off. These engineers say that most of the land involved can be drained by pumping, which under present conditions is impracticable, and by no other method. It is also urged that the shores of Florida's great peninsula are gradually rising and that the problem will from decade to decade get more difficult. And now comes that high authority, the Engineering News, with a powerful attack on the whole project. It makes the statement that the State of Florida is proceeding without any sufficient knowledge of the matter and that no lands should be sold until after the drainage plans have been submitted to a commission of competent engineers. People who see great volumes of water flowing out through the canals already cut may be tempted to trust their eyes rather than the computations of disinterested engineers, but this is scarcely the part of wisdom. The wise men will wait for more knowledge, and for actual establishment of conditions making cultivation possible.

It is no uncommon thing for cotton buyers to buy all day in small towns remote from cotton centers on limits of the day before when the market for the day the spot buying is done is \$1 or more up. "Yes; some pills, but no results; suppose I'm getting ironclad. Sometimes I double the dose, then they physic me so hard I'm too weak to work. Think I'll have to try something new." "Ever try Prickly Ash Bitters?" "No; I've heard a good deal about it, but never tried it." "Well, you'll be pleased with the results."

The purgative action of Prickly Ash Bitters no, only removes hard impactions, gas and impurities, but it strengthens the muscular action of the bowels which causes them to move regularly. Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It promotes daily evacuations, establishes healthy movements and is the best known remedy for disordered digestion, flatulence and a constipated habit.

D. M. Blackwelder, of Litchfield, Ill., says in the Litchfield News: "I am perfectly willing, in fact glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed anything of the kind for the last fifteen years and it has always given satisfaction."

"The Great Announcement of the Year"

This is what they are saying about the big announcement by The Studebaker Corporation concerning its new "25," "35" and "Six." It is a big announcement in more ways than one. In the first place this advertisement in the Saturday Evening Post is the largest ever placed—it cost for that one issue just \$20,000—and that \$20,000 is only one item in CAR SELLING HELP FOR THE DEALER. Then it is a big announcement that the Studebakers have produced a "25" that is a wonder among moderate size cars for \$885—a "25" with electric lighter and starter, seating six and seating them in the lap of luxury, for \$1290—and a splendid "Six" of fully forty horse power that brings all the smooth speed, power and efficiency of a "Six" into the low-priced zone at \$1550. It is a big announcement to dealers and prospective owners that the Studebakers are putting forward these new types of cars at prices that are so astonishing—or that would be astonishing if you didn't stop to think of the number of them that will be sold while a million dollars is being spent to tell the people about them. It is a big announcement which every dealer recognizes as being a big thing, done in a big way by the biggest organization in the world. It means to the dealer cars that have selling qualities that stand out above anything that automobile development has yet produced. This \$20,000 single advertisement in the Saturday Evening Post is but the opening of a great national campaign of advertising to give the Studebaker dealers SPECIAL HELP IN SELLING THESE NEW CARS.

Bargains—in remnant and new wall paper at W. L. Doss'. 10-18tc

The indications last Saturday were all to the conclusion that a regular cold, wet norther of the blizzard type was due and might be expected and prepared for, by Sunday morning. The wind prevailed strongly from the direction of Amarillo, while an intermittent drizzle continued throughout the afternoon, growing harder toward nightfall. But greatly to the pleasant surprise of all (save the coal man) Sunday morning broke with the promise of a fine, though cool day, which promise was literally fulfilled. It was an ideal West Texas fall day.

T. J. Davis, the sage of Loraine and irrigation expert, paid this office a pleasant call Tuesday. Mr. Davis is always ready to talk entertainingly and instructively on all phases of agriculture and horticulture, and the force of what he says has its basis in the fact that he has already accomplished everything he preaches, on a demonstration scale. He is one of the few—very few—farmers in Mitchell county who have made money every year farming in combination with garden and orchard. He is a valuable citizen in any community. Wherever he halts for ever so short a while green things begin to grow and the earth is made to yield the riches in her bosom. Mitchell county ought to have a thousand such citizens as Davis—barring the dignity and glory of a few years.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. This case is out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for prospectus, free. F. J. CHEELEY & CO., Toledo, O. ### Hesperian Club.

Mrs. Jim Allen was hostess for the Hesperian Club last week and an interesting study was enjoyed with Mrs. Jim Johnson as leader. Roll call was A Critic's Comment Upon Old Curiosity Shop. A debate between Miss Shuford and Miss Wulfjen, Resolved that Grandfather Trent was a gentleman, was very fine, both being so convincing that it was hard not to take both sides. Mrs. Phenix led the round table upon Dickens' extraordinary power of observation is the cardinal quality of his art. This she made very interesting. The hostess had a drill in pronunciation which was most instructive, but showed how far behind the members were on the latest shades of pronunciation. Misses Ella and Jo Dry received the most points for correct words and were given pretty handkerchiefs. The hostess had as her guests Mrs. Myrtle Vaughan and Mrs. M. K. Jackson. She served two delicious courses of refreshments, and 'twas dark before goodbyes were said. Mrs. Edgar Majors entertains this week.

### Not Fit For Ladies.

Public sentiment should be against it, and we believe it is, there can be no reason why ladies should have to suffer with headaches and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25c and 50c bottles.

### Change in Schedule.

Effective last Sunday morning, the "bob-tail" both east and west bound changed schedules, the early morning eastbound train passing here at 6 o'clock and the evening westbound at 7:05 o'clock. This will give visitors to Fort Worth, Dallas and all intermediate towns an earlier arrival at their destination and a longer stay.

### Birthday Party.

Thursday was Jessie Stell's ninth birthday and after school she gave a jolly party to her friends in the fourth grade. They played games and had just the most fun imaginable until almost sundown. Then Mrs. Stell passed a big pan filled with nuts. The girls made aprons of their dresses and the boys filled every pocket, then they all sat down and ate and ate. All were sorry when it grew so dark they must go home for it was indeed a delightful occasion.

### School Exercises.

The literary societies of the school held a joint program in the auditorium of the high school. President Lee Phenix and Secretary Miss Thelma Warren most gracefully presided. The program was splendid. There were readings, songs, dialogues and some excellent music by the school orchestra. A number of visitors were present and all very much enjoyed the occasion. President Phenix expressed his pleasure at having the visitors and invited them to come again which they will be sure to do if they know of the next open meeting.

### Eyes Sunken With Pain.

Three years ago I had a very bad spell of neuralgia which caused my eyes to become sunken and bloodshot with pain. ### To the Citizens of Colorado.

The City Council takes pleasure in announcing to the citizens of Colorado that the Southwestern Telephone Company has rescinded its recent order forbidding the telephone operators from turning in fire alarms direct. We are sure that all citizens will be much gratified at this action of the Telephone Company and it is desired that the rescinding of this order be given the same publicity as the order itself received.

THE LEADING JEWELER

### Daughters of the King.

Mrs. Van King was hostess for the Daughters of the King Sunday school class Thursday afternoon and the very biggest meeting ever had was held. The regular business was transacted and it was decided for the Sunday school to send a Thanksgiving box of provisions to the orphans' home at Waco. The program for Monday's prayer meeting was assigned, Mrs. Lyon being leader. The lesson upon the books of the Bible was next studied, then the class adjourned to meet in December with Mrs. McCall. The hostess had as her guests Mrs. Formwalt, Mrs. McClure, Mrs. Ray and Bro. Lyon. Miss Eri King and Miss Courtney Formwalt served a lovely refreshment course of bananas, gelatin and cake. All left feeling that there was indeed inspiration in numbers.

### Married.

Last Sunday at the Christian parsonage, Mr. J. J. Paulk and Miss Clara Hudson were quietly married by the pastor, Rev. C. P. Craig. These young people have a host of friends in this community who wish for them in their new life, all the happiness, health and prosperity that can fall to the lot of mortals.

### Bay View Club.

Mrs. Richard Pearson was the hostess for the Bay View Club last week, and Mrs. Gustine was leader. Mrs. Earnest, Mrs. Henry Doss and Mrs. Will Morrison were the hostess' guests. She served a lovely salad course most temptingly. Mrs. Moore entertains today.

### Standard Club.

Mrs. Bailey entertained the Standard Club last Friday most hospitably. The lesson in Macbeth was conducted by Mrs. Hooper; the Magazine lesson by Mrs. Looney. Mrs. Prude gave a paper upon Rousseau which closed the program. Mrs. Bailey served a very elaborate two course luncheon. Mrs. Prude is hostess this week.

### THE FIRST STATE BANK OF WESTBROOK CLOSES.

The First State Bank of Westbrook closed its doors this week and liquidated all its affairs. The bank is not closing its doors because of any distressed financial condition of its own, but because the financial condition of the country is not such as to justify a continuance of same as a business proposition. The bank is not indebted to any bank or banker, and it now has on hand and in other banks an amount of cash considerably more than will be required to pay all the bank's depositors. J. O. McCreless and family left Wednesday night for Wichita Falls, where they will make their home. Mr. Mac will work at whatever he can find to do until the first of January, when he will be able to secure a house and will again embark in the retail grocery business. The Record regrets to see McCreless and his family leave Colorado, but they will be a distinct gain to any community in which they cast their lot. We wish him well, for he deserves it. He is absolutely "square" in his dealings with everyone and his word is as good as his written bond in every affair of life. Mac is one of the few referred to in the 115 Psalm, who will "swear to their own hurt and change not," or, in common parlance, will "stand without hitching." He had the Record to follow him to his new home.

It is cheaper, more sanitary, more satisfactory and better every way for us to do your laundry work. Phone us to call.—Colorado Steam Laundry. 11-22

Our good friend A. M. Jackson of Loraine, who always drops in when around, paid this office a visit this week and brought in his brother from Quanah, to inspect the Record plant. They both expressed much surprise at the extent and equipment of the plant.

### The New Dozier Barber Shop.

The Dozier barber shop is now fully installed in its new location in the Lasker block. It would be hard to find a more completely equipped barber shop outside the large cities than this one. Everything is spick and span as a brand new pin. The floor is covered with a thick linoleum in tile pattern, while the furniture, settees, coat and hat trees, shaving chair etc., are of Flemish oak finish. The barber chairs and wall mirrors are the same as were used in the old shop, but they were just recently bought and could hardly be improved on for looks and convenience. The lavatories and bath tubs are of white marbled iron of the most modern and sanitary types. The bath rooms are large, comfortable and with the partitions raised from the floor for better sanitation in scrubbing the floor. It is indeed, an attractive and comfortable place, while the personnel of the force and the service given, can hardly be improved upon.

### Pounding for Rev. Mr. Craig.

Monday evening the members of the Christian church gathered in the church, laden with packages, filled with good things to eat. Mr. and Mrs. Crowder went over to the parsonage to make a call and to make sure the minister and his family remained at home. It was not long before the company arrived, and marched to the dining room where they placed their packages upon the table. After shaking hands it was suggested that when people were "showered" they opened their shower gifts, so this was done and the many good things gave a promise of splendid meals for the next few weeks. Several of the men of the church made snort talks, then the conversation became general, and pastor and people equally enjoyed the occasion and the pounding. We are sure Bro. Craig feels that his lines have fallen in pleasant places.

"Will it be necessary to call in the police?" "No." "I suppose, then," said Wadsworth bitterly, wondering, too, over the strange animosity of this young man he did not know—"I suppose I must do just as you say?"

anne, whose hand was reaching out toward the table. "Don't shoot, Percival; I want only a final glass of wine." Ryenne calmly took the slender stem of the glass between his fingers, lifted it and drank. He set it down empty. From his outside pocket he drew a handkerchief and delicately dried his lips.

CHAPTER XXII.

The End of the Puzzle. The elder brother tried to push past George, but old Mortimer caught him by the shoulders and dragged him back. "Let me go!" he cried, his voice nasal and high. "Do you hear me? Let me go!"

Neither Fortune nor her mother had stirred in all this time. A quality of hypnotism held them in bondage. The mother could not lower her glance and the daughter would not. If there was a light of triumph in Fortune's eyes, it was unconsciously there. And no one will know the full bitterness that shone from the mother's. She could have screamed with fury; she could have rent her clothes, torn her skin, pulled her hair; and yet she sat there without physical sign of the tempest.

and the desert, and the moon in the date-palms. By-by!"

And presently they were gone. A moment later those remaining could hear the chug-chug of the motors as they sped away. The banker was first to recover from the spell. He rushed for the hall, but George stopped him rudely.

"Two hours, if you please. I never break my word. Your money is all there. If you do not act reasonably, I'll throw you down and sit on you till the time is up. Sit down. I do not propose that my future wife shall appear in court as a witness against her mother. Do you understand me now?"

The banker signified that he did. He sat down, rather subdued. Then he got up nervously and inventoried the steal. He counted roughly a million. A million! He felt sick and weak. It would have wrecked the bank, wiped it out of existence. And saved by the merest, the most trifling chance! A bottle of wine! He resumed his chair and sat there wondering till the time-limit expired.

The public never heard how nearly the Merchant-Mechanic had gone to the wall; nor how six policemen had worked till dawn carrying back the gold; nor that the banker had not even thanked them for their labor.

"I Am Going to Give You All Two Hours' Time."

The first impulse of the banker had been to send the story forth to the world, to harass and eventually capture his brother; but his foresight becoming normal, he realized that silence was best, even if his brother escaped. If the depositors heard that the bank had been entered and a million taken from the vaults, there would naturally follow a terrific run.

When the last bag had been taken out of the library and the banker and the police had gone, the bell rang. George went to the door. A messenger handed him a small satchel and a note. There was to be no reply. The note was from Ryanne. Briefly it stated that the satchel contained the emeralds. There had been some difficulty in forcing the Major to surrender them. But that much was due to George for his generosity. Later in the day he—George—might inform his—Horace's—brother that the 'coup' hadn't been a total fizzle. They had already packed away in suit-cases something like two hundred thousand dollars in bills of all denominations.

"Tell that dear brother of mine to charge it to our account. It will be less than the interest upon a million in ten years. To you, my boy, I add: Fortune favors the brave!"

"George," said Mortimer, "you will not mind if I forage round in the kitchen? A bottle of beer and a bit of cheese would go handy. It's almost my breakfast time."

"Bless your heart, help yourself!" And George turned to Fortune.

"Ah," she cried, seizing his hands, "you will not think of me?"

"And for what?" astonished.

"For not speaking to my mother. Oh, I just couldn't; I just couldn't! When I thought of all the neglect, all the indifference, the loneliness, I couldn't! It was horribly unnatural and cruel!"

"I understand, heart of mine. Say no more about it." And he put his two hands against her cheeks and kissed her. "Never shall you be lonely again, for I am going to be all things to you. Poor heart! Just think that all that has passed has been only a bad dream, and that it's clear sunny morning; eh?" He held her off a ways and then swept her into his arms as he had done on board the ship, roughly and masterly. "And there's that old rug! Talk about magic carpets! There never was one just like this. But for it I shouldn't even have known you. And, by Jove! when the minister comes this afternoon—"

"This afternoon!"

"Exactly! When he comes, you and I are going to stand upon that beautiful, friendly old rug, and both of us are going to be whisked right away into Eden."

"Please!"

Silence.

"How brave you are!"

"Oh, pshaw!"

"Would you have shot one of them?"

"Girl, your Percival Algernon couldn't have hit the broad side of a barn." He laughed joyously.

"I knew it. And that is why I call you brave."

And when the pale gold of winter dawn filled the room, it found them, hand in hand, staring down at the old Ylberdes, the magic old Ylberdes from Bayreuth.

THE END.

**WRITE IDEAS FOR MOVING PICTURE PLAYS**

**We Will Show You How**

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary experience necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMIT, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

**We are selling photoplays written by people who "never before wrote a line for publication"**

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,
