MORE PIE FOR THE DEMOCRATS

Leaders Not Pleased at Taft's Desire to Put Fourth-Class Postmasters Under Civil Service.

Washington, Dec. 4.—That an effort will be made to suspend President Taft's executive order of October 15, whereby 36,000 fourth-class postmasters were placed under the civil service, became known today when Representative Hull, of Tennessee, said the Democrats in congress, who are already in Washington, have conferred informally on the subject, and that there was an overwhelming sentiment in favor of having the order revoked. Representative Hull said that President-elect Wilson, under civil service law, would have the power to revoke President Taft's order. He cited as a precedent President Harrison's suspension of an order of President Cleveland, issued January 14, 1889, whereby the employees in the railway mail service were placed under the civil service law. He said President Harrison within a week after his inauguration suspended that order.

"Coming at the time and under the circumstances that it did," said Mr. Hull, "this order of the president is patently steeped in the deepest political dye and constitutes within itself a gross violation of the letter, the spirit and the whole purpose of the civil service law, because it places this immense horde of Republicans—to the exclusion of the Democrats—permanently in office without examination or test as to merit or efficiency. If carried out, this order will make honest civil service a farce and prove the greatest setback to its administration, extension and progress within a generation. I have heard of no demand for this recent order of President Taft, save from the 36,000 Republican postmasters in question. Of the more than 400,000 positions this order of the president's only leaves about 10,000 to be filled by the new administration outside of the civil service."

SNEED ACQUITTED ON FIRST BALLOT

Great Demonstration in Court Room When Verdict Is Announced.

Fort Worth, Dec. 3.—John Beal Sneed was declared "not guilty" of the murder of Captain A. G. Boyce, by the jury at nine-thirty o'clock this morning. When the jury returned the verdict Sneed emitted a cowboy yell of joy, and a moment later Walter Scott and W. P. McLain, Jr., attorneys for the defense, were throwing their hats over the chandeliers.

Both of the attorneys were fined, but Judge Swayne refused to fine Sneed, and he did not censure him.

Sneed persisted in talking to the jurors, and promised them a picture of himself and children.

Mrs. Sneed received the news at a down-town hotel here, her husband telephoning her.

The present trial which has just been brought to a close, is the second in which John Beal Sneed has been tried for the murder of Captain A. G. Boyce in the lobby of the Metropolitan hotel in Fort Worth, on the night of January 13, 1912, the jury disagreeing.

When Leonora Sneed, aged eleven, met her father, she rushed into his arms. "I knew they'd do it daddy," she said, kissing him.

Mrs. Sneed's relatives said that she did not want to talk for publication, but that she was happy over the verdict and that she loves her husband and children.

The only statement that Sneed himself would make was: "I expected such a verdict and got it."

Mrs. Sneed's relatives denied that she had been closely guarded since her arrival in Fort Worth.

RED CROSS SEAL SALE OPENS.

Mrs. J. L. Shepherd, chairman of the local Red Cross Christmas Seal Campaign Committee has received the first consignment of Red Cross Christmas Seals from Mrs. O. B. Colquitt, general chairman of committee of Texas.

The Christmas Seals are sold throughout the United States for the benefit of public health and anti-tuberculosis work. The price of the seals are one cent each.

Last year the sales exceeded \$33,000 in Texas, and the committee is endeavoring to sell 3,000,000 seals this year, of a total value of \$30,000.

The principal part of this fund will be used for the expense of a public health educational exhibit car which will be sent about the state, stopping in every town where the exhibit may be viewed by the public. Lectures will be given and literature distributed. A part of the funds raised will be used for the maintenance of the Walter Colquitt Memorial Children's Hospital at Galveston.

The local campaign promises to be lively and the members of the committee are planning to double up on their sales of last year. The seals are to be placed on the back of all mail and packages and they are also placed on checks, bills and statements, on invitations to social functions, on hotel menu cards on children's school books and are used in many other ways as a reminder of the Christmas spirit of helping one another.

Christmas seals may be secured from any of the following members of the local committee:—Mrs. J. L. Shepherd, Chm., Mrs. N. J. Phenix, Mrs. Jim Allen, Mrs. Sam Majors, Mrs. Edgar Majors, and from the following stores Burns & Bell, dry goods, W. L. Doss, J. P. Majors, J. T. Johnson, Racket Store and Barcroft Hotel.

What will I give for Christmas? If it is for a lady send her the Ladies Home Journal for a year. If it is for a gentleman send him the Saturday Evening Post for a year (52 numbers). Phone 157 and ask about it.—These are two of the leading magazines of the world, and have the largest circulation.

SHOOTING IN "BABYLON."

The Festivities of Thanksgiving Festival Broken up by Repeating Shotgun and Colt's Revolver in the Hands of Two Militant Guests.

Thanksgiving day had nearly drawn to a close without the least untoward incident to mar its peace, quiet or serenity. Those who had expressed their thankfulness either in worship, rest or orderly recreation, had sought the seclusion of their homes and comfort of their couches.

But the day was not done in "Babylon;" (as that segment of our municipality lying along the railroad east from the viaduct to the top of the hill, is familiarly known). The real observation of the national holiday had but just begun with the shades of night. Paul Williams, in the role of host and proprietor of "The Palace of Sweets" had seen proper to give a fitting close to the day of festive aspect, and no function so appropriate as a regulation "festibal," with all the concomitants and appurtenances thereunto pertaining. There was a goodly number of guests and patrons and all apparently went pleasantly enough until two gallants met at cross purposes, who, instead of the traditional razor so appropriate a piece of apparel on such occasions, wore by way of change and far more deadly effect, a repeating shotgun and a .45 calibre Colt.

There was the meeting of the two, an exchange of epithets and declaration of war, when the serious business of the festival began. Arthur Waller got action with his shotgun on the abdomen of Jim Whitfield first, and put him out of the ring, but not out of commission as dangerous artillery. After Whitfield fell, he recovered himself on the ground and turning toward Waller, unlimbered his Colt's .45 with crippling effect on Waller's knee, inflicting a serious, though not fatal wound. The negro Whitfield was shot in the left side of the abdomen and groin, inflicting a fatal wound. The boom of the artillery fire was plainly heard over the eastern and southern parts of town, and some supposed a fire alarm was being given.

To say this unprogrammed stunt broke up any further festivities, is putting it mildly. The high society of the colored population dispersed like young quail in high grass, while the wounded were borne from the field of carnage and surgical aid sought. The shooting was done at such close quarters that the wads from the shells were blown into the flesh of the negro Whitfield, which the attending physician, together with many small shot, picked out. The wound of the Waller negro is in the knee, or leg, the bones of which were shattered by the big Colt bullet.

Next morning Esquire M. C. Ratliff held a court of inquiry before a large and expectant audience. His court room was literally packed when the "trouble came on to be heard." He presided with becoming grace and modest dignity, holding with equal poise the balances of Justice; but Justice didn't have anything she wanted weighed that morning, and court was adjourned to await further developments.

The condition of Whitfield was recognized as fatal from the beginning, which prognosis was justified Saturday night about six o'clock, when he died. At this writing the other victim of the shooting is doing as well as could be expected. The bone of his leg is very badly shattered and it is hard at this time to prognose the result. It is highly possible he may lose his leg.

The Methodist Missionary Society met Monday in the church with a program upon The Child at Play. Interesting papers were read upon this subject. A great deal of pledge was paid in. The treasurer reported \$53.00 collected. This brought the pledge up to \$94.00 for the day. The subject of a Christmas dinner for the poor was discussed, but no decision reached.

As an evidence of the successful growth of the Spanish peanut in Mitchell county soil, M. C. Ratliff shipped 23,000 pounds—more than 1,100 bushels of them to Shreveport on yesterday. They brought 60 cents. Mr. Ratliff is only one buyer here; there are others doing the same thing.

The Pitkins & Brooks Chicago Cut Glass is the best. A big shipment comes to W. L. Doss. See these beautiful goods and get prices before the holiday rush.

"QUALITY IS ECONOMY"

H. C. Green, living down on the Tufts ranch, is one farmer who realizes the utter importance of good reading. He came in last week and besides taking his own county paper, subscribed for three more, all the best class of literature—such class of reading as the Ladies Home Journal, Review of Reviews and the Literary Digest. The man who provides such reading matter as this for his family gives them a heritage beyond the price of money; something that no adversity can take away, no misfortune depreciate its value, and that is, the taste for good reading. The example set by Mr. Green is worthy the emulation of every head of a family in Mitchell county.

Another good shower Saturday night did much to keep the grass and weeds growing as well as helping put a season in the ground. What this section of West Texas needs—badly needs—is a regulation, old fashion ground soaker and gully-washer. If the ground can be thoroughly saturated with water, if only one time during the winter season, the crops can be

planted on time and will come up and grow off with vigor and strength. Just such a rain is due in West Texas and its coming all right. We are three years nearer to it than we were three years ago, and it always has come; it always will.

No Calomel Necessary.
The injurious effect and unpleasantness of taking calomel is done away with by Simmons' Liver Purifier, the mildest known liver medicine, yet the most thorough in action. Put up in yellow tin boxes only. Price 25c. Tried once, used always.

Miss Rowena Hester was hostess for the Methodist Young People Tuesday. The lesson was on the Conservation of National Ideals, and an interesting meeting was held. Mrs. Davis and Miss Octavia Allen were appreciated visitors. Delicious homemade candy was served by the hostess and Miss Eva Davis. Tuesday is Miss Erl King's sixteenth birthday and she has invited the society to meet with her on that day.

Mr. and Mrs. Conner from Coke county were up Thanksgiving day trading. Mr. Conner is one of the farmers who makes a good crop every year. It is not by reason of greater fertility of his land than other farms, but because of the intelligent use of the water that would otherwise run to waste. He and his neighbors have constructed levees by which the water at flood in the creeks and draws is made to flood the lands. They have found this system very successful and is the next thing to surface irrigation.

It is a custom at the Baptist Sunday school for each member, on his birthday, to give a penny for each year of his age, and last Sunday the school felt honored to have Col. T. Q. Mullin and his twin sister, Mrs. Johnston, march up and contribute their 74 pennies for the Buckner Orphans Home. It was a pretty sight indeed and many wished them happy returns of the day. Mr. Mullin and his sister have lived in Colorado a long time, and never forget the orphans on their birthday.

Mrs. Shropshire was hostess for the Bay View Club last week, and a full attendance made the meeting especially pleasant. Mrs. Earnest was an enjoyed visitor. Mrs. Harness was the leader for the lesson. The hostess served a lovely salad course, followed by one of mince pie and coffee. Mrs. George Smith will entertain this week.

Special bargain sale of boys' suits at Manuel's. We have 150 of them that have to be sold by January 1st. Remember they are all winter weight, knickerbocker style, and positively all wool, and we are selling them at just one half regular price.

Those who wish to give the Ladies Home Journal, Saturday Evening Post or the Country Gentleman (price of each \$1.50) for a Christmas present should notify me before Dec. 8th, I will see that they reach the party on Christmas Day, accompanied with a beautiful gift card, (a reproduction of Maxfield Parrish's painting) with the givers name on it. THE STATE OF TEXAS,

To the Sheriff or any Constable of Mitchell County, Greeting:

Oath having been made as required by law

You are hereby Commanded to summon J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, and J. S. Cash by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in the City of Colorado, on the 3rd Monday in December A. D. 1912, the same being the 16th day of December, A. D. 1912, then and there to answer a petition filed in said Court on the 13th day of November A. D. 1912, in a suit, numbered on the docket of said Court No. 1380, wherein Chas. J. Canda, Simeon, J. Drake and Alphonse Kich are Plaintiffs, and J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, W. A. Houser, W. C. McCallum, Marvin Dorn, and W. J. Chesney are Defendants, said petition alleging that on Nov. 1st, 1912, plaintiffs were lawfully seized and possessed of that certain tract of land situated in Mitchell county, Texas, described as the south half of survey No. 67 in Block No. 27, as surveyed by virtue of certificate No. 2-1434, issued to the Texas & Pacific Railway Company, and containing 320 acres, more or less.

That on the day and year last aforesaid, defendants, unlawfully entered upon said land, and ejected plaintiffs therefrom, and now with-hold from plaintiffs, the possession thereof, to plaintiffs' damage, in the sum of \$1000.00.

That Chas. J. Canda, Simeon, J. Drake, and Sigmund Neustadt were the common source of title to said land; that said Chas. J. Canda, Simeon, J. Drake and Sigmund Neustadt, by deed dated Nov. 26th, 1906, conveyed said land, to defendant, J. C. Paulk, and in part consideration thereof, said J. C. Paulk executed his eight notes, of even date with said deed, each for the principal sum of \$175.00, bearing interest from date, at the rate of 6 per cent per annum, containing the usual clause for the payment of ten per cent attorney's fees, in case of default, and payable to the order of said grantors, 1, 2, 3, 4, 5, 6, 7, and 8 years respectively, after date:

That the first one of said notes, has been paid, but that the remaining seven notes of the series, are wholly unpaid, and plaintiffs declare them all due and mature: that said notes are secured by the vendors' lien, which is expressly retained in said deed, on and against said land; that therefore, said transaction is and was an executory contract of sale, as between the grantors in said deed, and said J. C. Paulk, and those claiming under him:

That plaintiffs are the owners of said seven unpaid notes: that said deed contains a covenant to the effect that said J. C. Paulk shall pay the taxes on said land, for the year 1907, and thereafter, and upon his failure to pay such taxes, on or before January 1st, next after the assessment thereof, the said grantors shall have the right to pay same, and when so paid, the amount of such taxes, with all penalties and costs pertaining thereto, shall attach to, and become a part of the purchase money for said land, and bear interest from date of payment, at the rate of ten per cent per annum:

That defendants have wholly failed to pay the taxes on said land, for the years 1908, 1910 and 1911; that plaintiffs have paid said taxes, for 1910, and will be compelled to pay the taxes for 1908, 1911 and 1912, with the penalties and costs pertaining thereto:

That defendants, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser are each claiming an interest in said land, believed to be under a chain of conveyance from and under said J. C. Paulk: that defendants, W. C. McCallum, Marvin Dorn, and W. J. Chesney are now in possession of said land, under some sort of claim thereto, the nature of which, is unknown to plaintiffs:

That plaintiffs elect to rescind the said executory contract of sale, and recover said land, the superior title to which, is yet in them: that the improvements placed by the defendants, on said land, are of far less value than the rental value of the land: that no equities exist, which would render rescission inequitable, but if for any reason the court should hold that plaintiffs are not entitled to

rescind said executory contract of sale, then in the alternative, plaintiffs would show that said J. C. Paulk promised to pay said seven unpaid notes, and the interest accrued thereon, and said H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser acquired said land, under said J. C. Paulk, charged with said lien and indebtedness, and though often requested, said defendants, J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser have failed and refused to pay the same, or any part thereof, to plaintiffs' damage, in the sum of \$2500.00: Plaintiffs allege that they have placed said notes in the hands of an attorney, for collection, and brought this legal proceeding, wherefore, said J. C. Paulk became obligated, and said H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser, by their purchase of said land, likewise became obligated to pay said ten per cent attorney's fees on said seven unpaid notes.

Plaintiffs pray that defendants be cited to appear and answer their petition; that they have judgment, as against all of the defendants, for the title and possession of said land, and against said defendants, J. C. Paulk, H. F. Paulk, J. H. Godfrey, George I. Jeffreys, J. S. Cash, and W. A. Houser for their costs; and in the alternative, for a judgment against said J. C. Paulk, George I. Jeffreys, and J. S. Cash, for the principal of said seven unpaid notes, with interest thereon, at 6 per cent per annum, from Nov. 26th, 1906; for ten per cent on such principal and interest, as attorney's fees; for said taxes on said land, and the penalties and costs pertaining thereto, aggregating the sum of \$99.78, with interest thereon, from date of payment, by plaintiffs, at the rate of ten per cent per annum, and all costs of suit, and that the vendors' lien on said land, as the same existed on Nov. 26th, 1906, be foreclosed, as against all the defendants; that an order of sale, be issued, and directed to the sheriff, or any constable of Mitchell county, Texas, commanding him, to seize and sell said land, as under execution, to satisfy the judgment prayed for, and in the event said land shall not sell for enough to satisfy said judgment, then that plaintiffs have execution against said defendants J. C. Paulk, George I. Jeffreys, and J. S. Cash, for whatever balance may remain unpaid, after the proceeds of the sale of said land, shall have been applied on said judgment.

Herein I fail Not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Earl Jackson, Clerk of the District Court of Mitchell County.

Given Under My Hand and the Seal of said Court, at office in Colorado, Texas, this 13th day of November A. D. 1912.

VICTIMS OF NEGLECT.

If You Ignore the Warnings Sent up by Ailing Kidneys You are on the Straight Road to Bright's Disease.

When anything is wrong in the kidneys the symptoms are manifest from the top of your head to the sole of your feet.

The following are some of them: Headache, dizzy spells, sluggish brain, drowsiness, dark rings and floating specks before the eyes, sallow skin, bad breath, heartburn, palpitation of the heart, sour stomach, disorder in the urine, backache, weak pulse, constipated or irregular bowels, aching at the knees, feverishness in the feet.

Prickly Ash Bitters is the right medicine for such symptoms; pre-eminently a kidney tonic, system cleanser and regulator. It contains all the necessary properties of a successful kidney medicine in addition to its admirable influence in strengthening and regulating the stomach, liver and bowels.

Prickly Ash Bitters begins right by cleansing the bladder and bowels—thereby driving out the impurities which started all the trouble. After this has been accomplished the healing and restorative element in the medicine will continue the good work, building up anew the weakened kidneys, stimulating the liver to greater activity, purifying the blood, and extending its restorative influence to every part of the body. As a result the appetite and digestion improve, the eyes are brighter, the strength returns, the hollow cheeks fill out, the complexion loses that sallow muddy cast, giving place to a clear skin and the ruddy glow of health.

Much depends on the promptness with which the treatment is commenced. Prickly Ash Bitters has cured many advanced cases that would not yield to other remedies, but it must be remembered that there is a stage in kidney disease beyond which no power on earth can save the patient. Take Warning! If you suspect anything wrong with your kidneys, begin treatment at once. It is your best hope of a cure.

L. G. Zachery, Lodi, Tex., says: "I never tried anything like Prickly Ash Bitters before in my life. It does its work almost in a night. I am now telling all my friends about your great remedy and all who try it speak of the splendid results. It has done me so much good that I will never again be without it in my house."

Mr. Will Seymour who has been a long sufferer with slow fever is reported to be improved, which all will be pleased to learn.

E. P. Kuck and wife spent Thanksgiving day with Mrs. Kuck's parents, Mr. and Mrs. J. W. Wenken, of Hermleigh.

We respectfully ask, what has become of Mark Hopkins? Come again; let's hear from you.

His High Standard.

That the American people have elevated to the highest office of honor and responsibility within their gift, a man, who has proven himself not only a deep scholar and profound statesman, but a devout churchman, who fully appreciates the services the church has rendered civilization, and who can find time amidst the pressing duties as chief magistrate of this nation, to participate in and deliver the principal address of the anniversary of our honored church, is a meaningful fact, not heard abroad, but appreciated by all good citizens cognizant of the comparative value of the forces of civilization. In the course of his oration on the 200th anniversary of the First Presbyterian church at Trenton, N. J., Woodrow Wilson said: "Life without the standard of the church is something like the faltering quicksand. The church is one of the many expressions of the permanent side of life. This church through its 200 years, has witnessed the birth and death of political parties. It has seen everything change except the search for God, and every community should realize that the search for God should take precedence over everything else."

Under the leadership of such a christian man as Woodrow Wilson, this government will be safe, for he thoroughly understands that "righteousness exaltheeth a nation, but sin is a reproach to any people."—Evangeli-

Hesperian Club.

Friday was Grandmother's day in the Hesperian club and Mrs. Collier was hostess. The meeting was held with Mrs. Nettles, who has lately bought the Collier home. The pretty home was lavishly decorated in autumn vines, leaves and branches. The piano, book cases and library table were massed with the beautiful foliage. A big bowl of silver-gray plants was on the center table and the dining room was massed with the same. Each guest had two autumn leaves pinned on their shoulders and the grandmothers were given the seats of honor. Those present were Grandmothers Cooksey, Hall, Ruddick, Vernon, Arnett, Q. D. Hall, Wulffen, Milburn and Mrs. Donaldson. Miss Mary Coe and Miss Whipkey. Roll call was a grandmotherly reminiscence. Mrs. Ratliff and Miss Coe sang very sweetly The Old Oaken Bucket; as an encore they sang Auld Lang Syne. Mrs. Shepherd read a selection, The First Thanksgiving. Miss Jo Dry read a Texas story of Thanksgiving. Miss Coe sang The Old Gray Bonnet. Mrs. Collier read a beautiful tribute to woman. Miss Whipkey played a pleasing piano number and was not allowed to quit, until she had given several others. Mrs. Broadus was equally popular

with her banjo numbers, all of which were beautiful. Mrs. Majors and Miss Wulffen as captains, chose sides for a spelling match, Miss Dry being teacher. The spelling was lots of fun, but as soon as five o'clock struck one of the "little girls" moved to adjourn to the social hour. This was done and the hostess served two courses of old-time dainties, that were just as good as could be. As favors dainty flower cards, the top one bearing the date "Nov. 29, Grandmothers' Day," the lower one "No Nation can fail that has good Grandmothers." The quotation for the day was:

"O, a wonderful stream is the river of Time. As it runs through the realm of tears, With a faultless rhythm and a musical rhyme. And a broader sweep and a surge sublime. As it blends in the ocean of tears. The meeting this week is with Mrs. Allen.

TIMELY WARNING TO CALOMEL USERS

Calomel is a Form of Mercury, and if It Stays in the Human System, It's Effect is Terrible—Ask Your Doctor.

Any physician will tell you that mercury, if it remains in the body, will soften and rot the bones, a disease doctors call necrosis of the bones. Calomel is a form of mercury, and to keep clear of danger it's a safe plan to take no calomel at all, especially as there is a better remedy.

Both children and grown people will find a perfect substitute for calomel in Dodson's Liver Tone, a pleasant vegetable tonic that induces the liver to act and which never has any bad after-effects. In fact Dodson's Liver Tone will do every thing that calomel does without any of the dangers of calomel. A large bottle costs only fifty cents, and Floyd Beall's store will refund your money if you are not satisfied.

The war of the Balgan allies against the Turks is thought to be nearing an end, as the allies have captured all but three Turkish strongholds besides the outer defense of Constantinople and are now hammering at all of the remaining positions.

Three hobos took possession of a freight train on the T. & P. road last week out near Allamore. When the conductor attempted to put them off, they all attacked him, one of the tramps beating the conductor over the head with a big revolver.

Quite a large amount of peanuts have been raised in Mitchell county this year and they are commanding a fairly good price. There is now a peanut factory in Abilene which is paying top prices for the nuts in good condition. The little Spanish variety has been almost altogether raised here, being very prolific and hardy. We saw a bunch last week with nearly one hundred sound and well matured nuts on it. If you don't want to sell the nuts, they can easily be turned into pork which will command a still better price.

Mr. Taft, in conjunction with state chairman McDowell and national committeeman MacGregor, is giving the Roosevelt adherents in Texas something to keep 'em a thinking. Postmaster Sloan Simpson, of Dallas, and both United States Marshals have been summarily dismissed and Taft men appointed in their room and stead. The charges preferred were "pernicious activity," and their removal was for "the good of the public service." It is understood that axmen McDowell and MacGregor have quite a long list of postmasters whose heads will ere long drop in the sawdust basket beneath the guillotine.

"Be sure and put it in the Record if there are good crop prospects in Mitchell county next year, for I am certainly coming back to old Mitchell when things get to coming her way again," said one of our subscribers who is leaving the county temporarily. Said he, further, "I've found the people here the very best I have ever met and only dire necessity forces me to go where I have the assurance of doing better. I'm not going from choice, and when the Record reports that good times have returned in old Mitchell you'll see me talking back in the first bunch. Mitchell county is all right and never a knock will I ever give it."

The Record man took a little trip into the country Sunday to ascertain the condition of the roads and look around generally. The roads of Mitchell county are in first class condition and it is a pleasure to ride over them in a buggy, wagon, automobile or to walk. The money spent in making these same roads was the best investment the county ever made. We wish there was some way by which to estimate the saving in time, horse power, repairs and the longevity of vehicular stock, by reason of the easier, quicker and larger haul the farmer is now able to make to and from market. We are sure the sum aggregate would more than equal the amount of money required to fund the bonds and pay interest on same. This deduction is self-evident to anyone who has ridden over the county roads before and after their betterment.

While the parcels post will help the business of the foreign mail order houses, it will help the local merchant just as much if he will go after the business in the same manner and as persistently as do these mail order houses. By the regulations of the law governing the cost of transportation, the rate depends on the distance. So, the local merchant can deliver his goods to the people out of town for less than it would cost the Chicago and St. Louis houses. "Fight the devil with his own fire," if you want to whip him. Go after the business just as persistently and steadily as

the mail order fellows do, and there is no doubt but that you'll mix things with them considerably in this parcels post business.

The stocks of holiday goods in West Texas will not be so large as they have been heretofore. The merchants realize that the money is not in this section to justify a big stock of such goods, and bought accordingly. Although the farmers received more for their cotton this year than last they have been applying it to the obligations contracted last year, as well as providing for making a crop next year. It is a healthy sign when the farmer foregoes buying of the non-essentials and applies his money only to those things necessary to the successful prosecution of his work. When times are better no class of people will respond more generously to the offerings of our local merchants than the Mitchell county farmer. Universally they are people coming from other sections of the south and southwest, who believe in living well, but who also believe they should be just before they are generous.

Brother—sister; whenever you are inclined to quarrel at fate, the lack of opportunity, education, money or whatever else, just consider for a moment the achievements of those who are shut out from the beauties of the world by loss of sight, hearing, sometimes speech, and crippled besides; lacking the media of communication between their minds and the material world. Yet these people, of no wise better minds than you possess, have triumphed over these hindrances and obstacles and done more than the majority of those blessed with every physical sense, position, opportunity and means of gratifying their every wish. Whenever you are inclined to grumble at your lack of progress or success, just think of Helen Keller. Though deaf, dumb and blind from her infancy, she has acquired an education rarely attained by the most favored ones of earth; she has mastered several languages, by the sense of touch alone, and has recently given a public exhibition of her vocal powers by lecturing and singing in two different languages. And despite her handicaps, she is always cheerful and optimistic. If you have the opportunity, read her article in the last American magazine on "The Hands of the World." It is good for the grouch, the blues and the chronic belly-ache.

The Record has on several occasions suggested the great service some one competent to do the work, would render the county, to write a dependably accurate history of the county. There are many things well worth the record for the benefit and convenience of coming generations. An authentic record of the chief incidents of the county, would save in after years much work and uncertainty about matters that must have an important bearing on events that will transpire. The compilation of such a history would be no child's play. The material would have to be gathered from records already existing and thoroughly corroborated testimony of the people who have lived here since the first pioneers pushed their way into this section to hunt the buffalo. There are yet living in this section many who came here in the seventies and early eighties, who could give just the needed data and information. Such histories of other counties have proven not only valuable as records, but profitable to those who compiled the work. Who—What patriotic citizen will volunteer to do this needed work?

BUFORD BREEZES.

Did you miss the Breezes last week? Well, there was too much to do in town for the writer to get them out. Teachers' institute week.

Our school opened Monday with an enrollment of fifty the first day. Others are entering every day. Everything promises a fine year of work.

Since the last edition of Breezes, there have been several moves made in our neighborhood. Every house will soon be full for the next year.

N. J. Rogers has moved to the Redman place, and Len Bodine is moving into the house Mr. Rogers vacated. Mr. Prentiss Witt is moving to the Shephard place.

Messrs. Newman and Edna Free and E. J. Callaway in company with the Misses Hula, Annie, Millie and Malie Bodine attended the West Side Singing Convention at Westbrook last Sunday. They seem to have had a very enjoyable time.

Mrs. P. V. Callaway is moving to the city this week. We shall surely miss these good people from our community. Our best wishes go with them. We shall expect them in our midst occasionally at any rate. They cannot forget old acquaintances very soon.

Mr. Rush will occupy the Callaway farm for another year.

Mr. Rucker and family are moving to Ada, Oklahoma, this week. Our very best wishes go with them, and we heartily commend them to the good people where they go. Better try West Texas another year, Bro. Rucker. Next year we may raise a bumper crop.

Mrs. Twilla Prentiss is away on an extended visit to her mother who lives at Rising Star, Texas.

The young people enjoyed a "snap party" at Mrs. Callaway's last Thursday night.

Mr. A. C. Gist, who has been away on an extended business trip for several weeks will soon be at home again.

Mr. E. J. Callaway has been "on the road" for several days last week. He has already begun to look considerably like a salesman. Good luck to you, E. J.

Mr. Frank Redman and N. J. Rogers took a "bird hunt" in the fatan country last Saturday. We saw no game, but they say they bagged the birds alright. Mrs. Rogers went along to visit Mrs. Jenkins, who recently moved from our neighborhood.

A very attractive young lady ar-

rived at the home of Mr. and Mrs. O'Neil. It seems she will be entirely satisfied to stay with the folks. Mother and babe are doing well.

The patrons and trustees met at the school-house last Saturday and repaired the old house for school. When we get that new house next winter, well—we just can't keep from saying something about it. We must have it, just as soon as possible. Our motto is More Teachers, Better Teachers. Fewer School Houses, Better School Houses. This will mean in the golden years to come, Better Homes and Better People.

Mr. Tom Alford and wife from Jones county have recently moved into our midst. They will occupy one of the Hagler houses next year.

Rev. A. D. Leach filled his regular appointment at Buford last Saturday and Sunday. Fairly good audiences were in attendance at these services.

Mr. Fred Bodine and Miss Reader were married last Sunday. Mr. Fred and the bride were served to a sumptuous repast at the home of the groom's parents Monday. We wish the young people great happiness and long and useful lives. They will make their home on the Elder Bodine place.

PENCIL PUSHER.

The pardon of Albert T. Patrick by Governor Dix on Thanksgiving day, was, in our opinion, not only a magnanimous act but one of simple justice. The agreement made between district attorney Jerome and the real, confessed murderer and would-be suicide, Jones, to turn state's evidence, thereby escaping himself and making Patrick the victim, was as much a plot to compass a man's death, as was ever hatched. Jones was set at liberty after swearing away the life of Patrick, and his identity lost under the guise of an assumed name. Patrick resisted the commutation of the death to a life sentence, on the plea that if he were guilty of the murder of old man Rice, he should be electrocuted; if not guilty, he should be set free. But he has never lost hope of final freedom, and his pardon truly justifies his hope.

Why can't "Our Joey" resign without all this press agent work preceding it? However, this stamps the resignation as genuinely "Balfy-esque." When he comes to take the ultimate trip with old Charon, his press agent will be found on the job.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness. If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. Dr. W. C. Neal is Painfully Injured.

Dr. W. C. Neal met with quite a painful and unfortunate accident Saturday night about ten o'clock as he was returning from Simmons College where he had been as one of the judges in an oratorical contest which was held at the chafel for the T. C. Campbell gold medal. On reaching North Fourth street, opposite his residence he attempted to alight from a south bound street car which he thought had stopped on the switch and was thrown to the ground. In the fall one of the bones of his right arm was broken just above the wrist. Medical aid was immediately summoned and the injured parts given proper attention. The doctor suffered greatly Saturday night and Sunday, but is resting well today and is able to be down town and hopes to be able to resume his practice in ten days. He does not blame the street car company in any way for the accident as he did not ring to be put off and says that he carelessly stepped off while the car was in motion without having noticed that the car was still moving.—Ablene Reporter.

The Colorado friends of Dr. Neal will regret to learn of his misfortune and wish for him a speedy recovery.

The Christian Aid will meet Thursday with Mrs. Coe to make the articles that are being made for the bazaar. Besides the many things on sale as Christmas gifts the Red Cross Christmas seals will be on sale. **Pumpkin Ridge Oil and Gas Field
CLAY COUNTY, TEXAS**

We are opening up the largest Oil Field in Northwest Texas. It is situated on Pumpkin Ridge in Clay County, near the Petrolia Oil and Gas Fields which has wells producing 50,000,000 cubic feet of gas per day, having an economic value (coal being estimated at \$4 per ton) of over \$10,000,000 per day.

We propose to drill 16 wells for oil and gas under conditions named in our prospectus. We guarantee to put out first well down to a depth of 1850 feet unless oil is found at a less depth, and to test each oil sand as we go down. Our drilling crew of five men are now actively engaged in setting up the drilling machinery under our 84 ft. derrick preparatory to drilling our first well. We propose to keep continuously at it, until oil or gas is found.

ALL of the earmarks showing this to be the largest Oil Field in America are present. Gas is coming up through the ground that will burn on applying a lighted match. An analysis of the gas made by Prof. Phillips of University of Texas shows it to be NATURAL GAS. Asphalt and oil are also found near by.

We will sell you (it is a shame to say sell) we will GIVE you a block of land in the vicinity of one of our wells containing 70 lots, each lot being 620 sq. ft., for 36 cents per lot. We said cents; think of it. The 70 lots will cost you \$25.20. You get all the oil, gas and mineral rights now held by us as grantees.

Your check is good. Send same by first mail for \$10 and say how many blocks you want us to keep for you. We will mail out full information on receipt of check and if you do not find everything exactly as represented by us we will return your money immediately. You can have 10 days to make an investigation. If you are pleased with your investment you may send us the balance of one-half of the purchase price, the remainder to be paid in 30 days. Should you buy 5 or more blocks we will give you 30, 60, and 90 days on deferred payments. You can sell 10 lots, get your money back and keep the balance. The number of Blocks for sale is limited; send your check today. You take NO RISK WHATEVER IN DOING SO. The earlier you send the closer you get to the first well. If you doubt our honesty write to our bank references.

We can use a few good agents.

"The Rosary."

At the present day when so many plays are being presented which deal with questionable subjects, it is a relief to turn to drama which breathes purity and good fellowship and leads the way to a brighter view of life and humanity.

Such a play is "The Rosary," written by Edward E. Rose, expressly for Messrs. Gaskill and MacVitty, and produced by them.

The theme of the play concerns a man and a woman happily married and surrounded by every luxury that money and culture can secure. But the husband is an unbeliever, an athlete, without faith of any kind.

There is a jarring note in the household harmony; a personality at war with the peace and love of its members. No one notices this until a

friend of the husband comes, Father Kelly, a priest of the modern world with a deep insight into human nature and a divine love for his fellow men. And when stress and trouble come, when the home is wrecked and husband and wife are brought to the depths of suffering agony, it is the priest's calm courage and faith that saves them, drives away the clouds of suspicion, doubt, mistrust, and brings

them both into the sunlight of hope and love.

The play will be seen at opera house next Thursday night, December 12th, and will be produced exactly as seen during the famous three months' run in Chicago, two months' in New York City, and two months' run at the Globe Theatre in Boston.

A Toy Worth While.

In the big show window of the H. L. Hutchinson Furniture & Hardware Company, is a doll house that has attracted much attention the past week. It is two stories, with double story front porches, with fret work bannisters on both, window with curtains, the whole surrounded by a neat white picket fence, with grass in the front yard and a gravel sidewalk in front of the entire premises; the whole being mounted on a solid foundation, so that it can be carried anywhere. The rear of the house is open, giving access to the rooms and hallways, and closed with a hinged back. It is a most attractive plaything, well and substantially made, and is offered for sale for only \$7.50. On the front is a card bearing the announcement that the house "was made by Stansil Whipkey." It is wholly hand made, and would make a most acceptable Christmas present for any child. Besides its usefulness as a toy, it is an ornament to any home.

PEARSON SYNDICATE BUYS MUCH LAND

Hale County Land Owners Have Received Many Checks This Week; More to Follow.

One million for real estate—not bad is it, especially in a country where ten years ago the land might be purchased at \$1 to \$2.50 an acre.

During the summer the Pearson Syndicate began buying up Hale county land, through their agent, M. D. Henderson, of Plainview. They continued to buy until 60,000 acres had been purchased, and now they are paying for it.

During the past week more than \$800,000 have been paid out in cash according to Judge H. C. Randolph, attorney for the Pearson interests. Including the money paid out at the time of purchase, this makes more than \$1,000,000 brought into Hale county since last June through Mr. Henderson's influence. And the checking will continue until \$1,500,000 has been paid to Hale county land owners.

All of this land is being developed into irrigated farms.—Hale County Herald.

NOTES FROM ROUTE TWO

After an absence of some weeks we will try to tell you what the folks are doing along the line.

Considerable moving business taking place; all of us trying to get along. B. C. Murphy has moved to Dr. Phenix irrigated farm, his place being taken by T. H. Holburt, whose place is not occupied.

T. W. Plaster has moved to the Gary place, taking the place of J. L. Cornwell, who went to Bosque county.

Mr. A. A. Dorn has moved back to his farm from Westbrook, and W. C. Hart will move this week to Gall, where he has accepted ministerial work for next year.

L. L. Welch of Spade is moving to near Artesia, New Mexico.

The remodeling of the school house at Spade is completed and is as good,

if not the best country school house in the county.

Mr. Editor, you are a good roads man; can you tell us why our good road that cost about \$300 a mile to build, has been allowed to go to pieces until it is almost as bad as in the beginning. It seems to me bad policy on the part of the Hon. Commissioners Court to spend so much in building a road and then neglect it until it is ruined.

Rev. J. W. Plant who is in charge of Colorado mission, preached last Sunday morning at Spade and in the afternoon at Plainview.

W. L. Joyce entertained a number of his neighbors last Sunday with a turkey dinner. There were present Judge W. C. McCallum and wife, J. J. Joyce and wife, T. J. Plaster and family and T. H. Holburt and family.

Emmet McCallum's little son, who was recently operated on for appendicitis is fast recovering.

Cotton is about all picked and school opened at Spade, Cogaway and Plainview Monday.

PLAINVIEW POINTS.

The Thanksgiving exercises were a success. It was well attended and greatly enjoyed.

The entertainment at Mr. Costin's was a good one.

Bro. Plant preached at the school house Sunday evening.

School began on Monday morning with a good attendance.

A box supper will take place at the school house Friday night, Dec. 13.

Miss Susie Bird of Lorraine was visiting relatives here Saturday.

STRAW HAT.

Studebaker

Three automobiles splashed along a rough, muddy road in Southern Michigan, and paused near a fork. A horny handed tiller of the soil was leaning on a nearby fence.

"We're going to Lansing," called out one of the tourists, "which is the best road?"

"Turn to your right," replied the rustic. "You'll have good gravel road after you've gone forty rods. That left road is mud, rock and sand and all the way."

The cavalcade moved on into the fork. "The leading car turned to the left. The others followed.

"Hay!" yelled the farmer; "you're going wrong!" But the only answer he got was a wave of the hand. The three cars splashed along through the tough going, and out of sight.

It was just a daily incident of the campaign that has been going on for the months during which the Studebaker Corporation has been testing out the Studebaker "25," "35" and "Six." The man who had asked the road direction was Chief Engineer Hesslet. At his side was Sales Manager Benson. Another passenger was Assistant General Manager Booth.

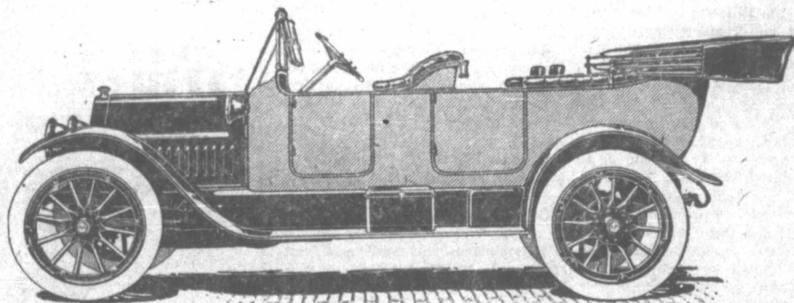

If there is one feature, which more than any other, has made the three new Studebaker models remarkable it is the thorough, painstaking test to which these cars were put, before The Studebaker Corporation formally accepted them. In the chemical and physical laboratories, on good roads and bad; under the eyes of engineers and manufacturers alike, these cars have been handed grief and cruelty. They have come through with results that are truly striking.

The first of the trio to be assembled was the "35." This car was turned over to Max Hegelstein of the experimental department early in the summer. Max climbed in, and started for Cleveland. He made 500 miles and returned without making an adjustment.

The new Studebaker "25" was ready on his return. With Mr. Hesslet in charge of the expedition, the two new cars headed for Northern Michigan, North of Clare the trip developed into an exploring expedition. Along several of the sandy stretches the settlers had never seen a motor car before. Three miles out of Harrison both cars amazed the natives by going over a steep sand hill a mile long, which had come to be regarded as impossible except to four-horse teams.

On account of the fact that so many points of the "Six" were covered in the tests of the other cars, the biggest of the new trio was built last. For several weeks it too has been in daily use. In every detail its performance has been strictly up to the standard to which a Studebaker "Six" should conform.

It is an interesting fact that, in all the experimental work, but once has one of the three cars been towed home. And in this case the disablement was caused by the breaking of a piece of temporary construction—a bronze casting that was doing duty on the "25" in a place for which a much stronger construction was being awaited.

Fifty-Ninth Anniversary.
Fifty-nine years is many more than the average span of human life. The person who has attained to this age is regarded as an old man or woman; more remarkable is it, therefore, to find a couple who have lived in wedded happiness this length of time.

On last Sunday "grandfather" and "grandmother" Hall, as they are affectionately called by all their intimate friends, reached the 59th milestone on their journey to eternity, as husband and wife. Fifty-nine years ago, on that date they were married near Seabrook, Illinois (1853), and their wedded life has been a model one. Today, both are hale and hearty, giving promise, under the providence of God, of many more years of usefulness and exemplary living.

Sunday, December 1st, was also the eighth anniversary of the marriage of their grand daughter, Miss Hall, to James W. Shepperd. It was made the occasion of celebration of both a fine turkey dinner, with a few neighbors and friends as guests. It is needless to add that a most delightful time was passed by all amidst such surroundings.

The Record voices the prayer of the entire community in its wish that these good people may be spared in health and strength to celebrate their 75th anniversary.

Thanksgiving Service.

The regular Thanksgiving service was held at the First Baptist church last Thursday morning at 11 o'clock. The service was opened with prayer, by Rev. Lyon. Rev. Hennessy read the scripture lesson. Dr. Coleman read the President's Proclamation. Miss Mary Coe sang a beautiful solo, "Just for Today." Special music was had, with Mr. Lee Jones, cornet; Miss Hunt, violin; Miss Whilkey, piano. The sermon was preached by Rev. C. P. Craig pastor of the First Christian church. The meeting was dismissed by Rev. Broome. The collection which on these occasions is devoted to the needy of the community, amounted to \$12.25, which was turned over to J. L. Doss, the treasurer of this fund.

Stands Ahead.

There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for, and more. For sprains, cuts, bruises, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf.

Yours truly, T. J. Brownlow, Livingston, Tenn.

Mrs. P. A. Hazard returned last Friday night from an extended visit with her sister, Mrs. Davis, in Fort Worth. She was a delegate to the state convention of federated women's clubs, and while there had the pleasure of hearing several world-famous singers, among them, Gadsdi and Lillian Nordica. She expressed herself as having had a most delightful and instructive visit.

Rev. William C. Hart came into this office last week and ordered his paper changed from route 2, Colorado, to Gail, Borden county, where the recent Methodist conference sent him for the next year. Rev. Hart has lived and worked in the immediate vicinity of Colorado for a long time—long enough to try out the man on all parts of the field, and he has been found lacking nowhere. He is a hard worker in the interests of his church; a man with the courage of his own convictions; a power for good and decent living in any community, and the people of Borden county have made a valuable acquisition to its citizenship in his going there. He will make his presence and good influence felt wherever he goes. The Record wishes him success and prosperity in his new home, while Mitchell county parts with him with regret.

Sprained Back.

Sprained back and sore muscles throw off their soreness when Hunt's Lightning Oil is applied. For relieving pain of any kind there is nothing better, and those people who have tried it for Neuralgia and Rheumatism are loud in its praise. For wire cuts Hunt's Lightning Oil is especially fine and it takes away the inflammation and causes rapid healing.—25c and 50c bottles.

A pure, healthful, Cream of Tartar Baking Powder

When buying an article of food you are entitled to know exactly what you are buying—its quality and ingredients.

If this information is refused don't buy it. Some of the low grade baking powders are advertised, but the ingredients of the powders are scrupulously concealed.

A housekeeper would not use a baking powder containing alum if she knew it.

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it. Dr. Price's baking powder is absolutely free from alum.
