H. C. DOSS

Colorado Postmaster Appointed.

A dispatch from Washington announces the appointment of the following West Texas postmasters and their names sent to the senate for confirmation: John W. Person, Colorado; Wiley Taylor, Midland; E. B. Barnes, Snyder.

COLEMAN DAMAGE SUIT.

The case of A. B. Coleman against the Colorado Electric Light and Power Company, was set for trial last Monday morning. The nature of the suit is for \$25,000, damages alleged to have been sustained by Mr. Coleman while in the employ of the Light and Power Company, caused by the falling of one of the poles of the defendant company, which Mr. Coleman had climbed while in the discharge of his duties. Mr. Coleman is represented by Messrs Sandusky and Shepherd of the Colorado bar and J. B. Howard of Midland; while the defendant is represented by Royall G. Smith of this city.

The testimony was all in, the arguments made and the case given to the jury Tuesday morning. About 4:30 o'clock the jury returned a verdict assessing the damages sustained by the plaintiff at \$5,000. The case will doubtless be appealed in the event a new trial is not given.

MEMORIAL DAY.

At the Baptist church, Sunday, June 1, at 4 p. m. Their fame extends beyond the power of song, To voice their deeds a task too high, too strong, For uninspired lips.

PROGRAM:

Invocation, by Rev. W. E. Lyon. Music, by the orchestra. Address, by Rev. C. P. Craig. Song, by quartette. Presentation of crosses of honor to veterans, by President of Chapter, Mrs. J. G. Merritt. Pinned on Veteran's coats by Confederate children. Remarks, by Veterans. Song—"The Veteran's Cross of Honor," by quartette. In Memoriam, by Miss Mary Terrell. Rec.—Comfort ye my people. Air—Every Valley Shall be Exalted. Handel. Mr. Thos. Dawes. Doxology. Benediction. March to cemetery and place flowers on graves of Gray and Blue alike.

DEATH OF CHARLEY MCGUIRE.

Death at all times and under all circumstances is sad. But saddest of all is it for a young man, just on the threshold of usefulness and in the full vigor and promise of manhood, to be cut down without a moment's warning. There is no time for preparation, for reconciliation and resignation on the part of those who mourn his loss.

One week ago last Saturday, Charley McGuire was apparently in the best of health. He was in town and mingled with his friends in the most buoyant spirits. That afternoon he was suddenly taken with what was decided to be an attack of appendicitis and immediately taken to Dr. Alexander's sanitarium at Abilene, where he was operated upon next day about noon. For several days following the operation, his condition gave promise of an early recovery, but on Thursday last, he began to sink and died on Friday afternoon.

His remains were brought to Colorado Saturday morning and interred in the Odd Fellows cemetery that afternoon at 5 o'clock, Rev. W. E. Lyon conducting the services. Charley McGuire was an upright, industrious young man, liked by all who knew him, and his sudden death is mourned by a large circle of friends. He had suffered, we understand, from two previous attacks of the same trouble, but neither had necessitated an operation. The Record extends sympathy to the bereaved family.

Uncle John Lovelady is reading trouble on the moon and seeing red in the sky these political days. "Bryant" is got Wilson afraid of him and between him and Underwood and the tariff and everything on the free list, he fears the worst is upon us. Woe is the day the lines have fallen to him in such rocky places.

Claude Hooks and sister of the Cuthbert community left this week for Canyon City to attend the summer school.

FOR SALE.—A good piano and some other household articles at a bargain, if sold quick.—Mrs. Samuel Gustine, Colorado, Texas. 11c

THE STATE DEPARTMENT OF EDUCATION.

To the County Superintendent and Members of County Board of Education:—The Thirty-third Legislature enacted a law amending Article 2894, Chapter 18, Title 48 of the Revised Civil Statutes of 1911, so as to permit all pupils over seven years of age and not over twenty-one years of age on the first day of the scholastic year to attend, free of charge, the public schools. The law, however, does not change the manner of taking the scholastic census, and the state apportionment will, as heretofore, be made upon the basis of the enumeration of children between the ages of seven and seventeen.

This law has the effect of making it obligatory upon each common school or independent school district to provide free school privileges for all pupils residing in the district between the ages of seven and twenty-one years. Free high school tuition must be provided either in the school of the district in which the high school pupils reside, or in the high school of an adjacent or convenient district. While the apportionment of school funds to the district will be determined by the number of scholastics in the district between the ages of seven and seventeen years, it should be understood by all school officials that the apportionment made to the district is in law as much for the benefit of all pupils over seventeen and under twenty-one years of age as it is for the benefit of pupils between the ages of seven and seventeen years. In other words, the law makes no discrimination between the rights of scholastics enrolled in the census enumeration and the rights of scholastics not enrolled in the census enumeration. Under no circumstances does the law contemplate that any pupil between seven and twenty-one years of age shall be deprived of the right to attend a public free school of proper classification.

The law in no way interferes with the operation of the rural high school law as it relates to the classification of public schools by the county board of education. On the other hand, it makes more important the necessity for the classification of schools, and the necessity for a careful consideration of the individual needs of each school in connection with its classification by the county board.

Should any school of a common school district be classified by the county board of education so as to exclude high school scholastics between the ages of seventeen and twenty-one years, it would be the duty of the county board of education to negotiate with the district boards of trustees at interest, for the free tuition of such pupils in an accessible high school for so long a time as the school of the district in which they actually reside is maintained; and the county board should order the transfer of the proper amount of funds by the county superintendent. Such negotiations may be done at any time during the scholastic year that there is a demand for it. In fact, the transfer of any pupil of high school advancement in the scholastic age may be made on order of the county board at any time during the year if such transfer is necessary to provide high school instruction for such pupil. If the school of the district, however, is classified so as to give instruction to high school pupils, the law would not authorize the transfer of funds for their tuition by the county board of education. Any school which is authorized by the county board of education to offer work in advance of the seventh grade is required by law to employ a teacher who is the holder of a first grade or a higher grade certificate.

Attention is directed to the law authorizing the county superintendent to transfer, on or before August the first, pupils between the ages of seven and seventeen years from any common school or independent school district to any other common school or independent school district. The county superintendent has no authority to transfer pupils between the ages of seventeen and twenty-one. Arrangements for the transfer of tuition for such pupils must be made by the county board of education.

F. M. BRALLEY, State Supt.

With the 65 horse power oil engine installed and the big dynamo in good condition, we sincerely hope the troubles of the "light men" are over. The service on Wednesday night was uncommonly good and the engine promises to prove all it was represented to be.

...THAT... Garden Hose

We have it---the best garden cotton hose ever made. We sell it on a positive guarantee to last two years and even longer.

—come let us show you ABSOLUTELY the BEST

Winn & Payne

HORSE'S PRAYER TO ITS OWNER AND DRIVER

"To thee my master, I offer my prayer:
"Feed me and take care of me. Be kind to me. Do not jerk the reins; do not whip me when going up hill.
"Never strike, beat or kick me when I fail to understand what you want of me, but give me a chance to understand you. Watch me and if I refuse to do your bidding, see if there is not something wrong with my harness or feet.
Do not give me too heavy loads; never hitch me where water will drop on me. Keep me well shod, and don't use cheap, inferior nails; use the best (CAPEWELL). Don't force me along the slippery streets, and when I fall, be patient and help me as I will do my best to keep up and serve you. Examine my teeth when I fall to eat; I may have an ulcerated tooth. That, you know, is very painful. I am unable to tell you in words when I am sick; so watch me, and I will try and tell you by signs. I suffer pains like you, but cannot speak as you.
"Pet me sometimes; I enjoy it, and I will learn to love you. Protect me in summer from the hot sun. Keep a blanket on me in winter weather, and never put a frosty bit in my mouth, but hold it in your hand a moment first.
I carry you, pull you, wait patiently for you long hours, day or night. I cannot tell you when I am thirsty; give me clean, cool water often in hot weather.
Finally, when my strength is gone, instead of turning me over to a human brute to be tortured and starved, take my life in the easiest and quickest way, and your God will reward you in this life and in heaven. You will not consider me irrevocable if I ask this in the name of Him who was born in a stable. AMEN."

Compliments of
W. M. COOPER,
Capewell Horse Nail Dealer,
Colorado, Texas

News was received here Wednesday evening of the sudden death of Miss Ruth at her home in Ballinger, that day. Miss Ruth was formerly a teacher in the Colorado public schools and had many friends here who will grieve at her untimely death. Miss Ruth was a first cousin of Mrs. A. L. Fuller of this place.

WANTED:—A clerical position, a clerkship in any kind of store (grocery preferred) or abstract work.—W. S. STONEHAM, Colorado, Texas.

"Lustrabrite Social"

The ladies of the Shunnamite Circle will give a Lustrabrite Social at the home of Mrs. N. J. Phenix on Wednesday evening, June 11th from 5 till 7 o'clock. There will be refreshments of ice cream, tea and cake served. The proceeds of this social will be devoted to some mission interest fostered by this circle. Everyone is invited to come and bring a friend.

Every member of the Baptist church

is urged to be present Sunday morning at the church conference, at which time the calling of a pastor will be considered.

D. L. Buchanan Closed.

But a few days ago we were talking with D. L. Buchanan about business conditions in general, when we asked as to his individual business—how he was doing, whether his "spot-cash" system was continuing satisfactory, etc. He replied that his business was growing every day and had found the system "o. k." It was a surprise therefore, Wednesday morning, to learn that he had been closed by an attachment in favor of Smith-Walker Company, who now have charge. His liabilities are about \$800, of which \$700 are due Smith-Walker Company, and something less than \$100 to Radford Grocery Company. We deeply regret Mr. Buchanan's misfortune and hope some way may be found by which he will be able to resume business, at an early date.

It appears that the attachment run by Smith-Walker was the result of an old judgment rendered by default of appearance, though he had secured final discharge from bankruptcy. As we go to press Mr. Buchanan is open again for business, though part of the goods are held by the attachment. It is generally hoped this tangle in his business will soon be straightened out.

Baptist Church Conference.

The regular monthly conference of the Baptist church will be held at the church Sunday morning at 11 o'clock, when the matter of calling a pastor, and other important matters will be discussed. This is an important question, one in which every member of the church is interested and has a voice; it is therefore urged by the official board that every member who possibly can, be present at this conference.—Ch'm. Board of Deacons.

SUNDAY SCHOOL NOTES.

Another Sunday school in Mitchell county was graded last Sunday afternoon. The good people out at Shepherd asked the county officers to come out and assist them as they did not want to be left behind in the great work. The Supt., Mr. J. B. Neal with his assistant, Mr. J. R. Lucas, welcomed the visitors and turned the work over to them, and in less than an hour everything was working along graded lines. Miss Ida Neal was put in charge of the beginners and primary department; Mrs. Ola O'Donnel the home and cradle roll department; Mrs. Fannie Burroughs, Secretary, and will keep all records as the envelope and card system was adopted. With this efficient corps of workers we hope to hear good results from this school and wish them unbounded success.

The Baptist children are looking forward with pleasure to the lawn party to be given on the Superintendent's lawn next Tuesday night.

Rev. Mr. Martin made an address to all Sunday school children at the Methodist church last Sunday afternoon.

Standard Club

The Standard club ladies held their closing meeting Friday with Mrs. Smith. This was a social affair, all bringing their sewing at four o'clock and spending the time most pleasantly and restfully. There was no roll call, but all were asked to tell a joke. Two contests relieved the occasion. The first a Shakespearean one, was won by Mrs. Coleman who was given a dainty prize for her wisdom and brilliancy. The second was an advertising one, and Mrs. Crockett proved herself the best business woman in the club and was also rewarded for her ability. The hostess served a fried chicken course followed by an ice. The ladies of the club will proceed to rest from their labors and spend the time in an effort to keep cool.

Bay View Club.

Mrs. Gustine entertained the Bay View club last week most pleasantly. She had as her guests Mrs. Bromley, Mrs. Pierce, Mrs. Phenix, Mrs. A. L. Whipkey, Mrs. Earnest and Mrs. Hutchinson. Roll call was responded to with current events, a Shakespeare quotation being also given. The lesson upon As You Like It was led by Mrs. Smith, the Bay View Magazine having been furnished the week before. The hostess served a refreshment course of cream and cake. The club's closing meeting will be held this week with Mrs. Adams.

500 Club.

Mrs. Stoneham Beal was hostess for the 500 club Tuesday. There were three tables of players, the guests being Mrs. Burns, Mrs. Bailey, Mrs. Myrtle Vaughan and Miss Greenwood. The prize was won by Miss Hooper, a silver shoe hook. The hostess served a delicious two course luncheon. Mrs. Stoneroad is hostess next week.

Birthday Party.

Wednesday was Miss Martha Earnest's birthday and Mrs. Bailey gave her a surprise birthday party. There was one table of 42 players and three of 500. The 42 prize was won by Miss Coleman, the 500 by Miss Shropshire, both were silk hose. The honoree received a pretty cut glass perfume bottle. A big birthday cake with the candles upon it was brought in and the candles blown out by the laughing girls. A refreshment course of cream and cake was served. Birthdays are indeed to be desired when one's good friends will celebrate them so pleasantly.

\$138 For the Orphans.

The Baptist Aid packed a splendid box for Buckner Orphans Home last Thursday in the Sunday school rooms. There was a fine showing of new garments and the Aid felt proud of the box when ready for shipment. Its value was \$138.00.

Phone 35 for meats.

Christian Church Services.

There will be the regular services at the First Christian church Sunday morning. Sunday school at 9:45; communion and sermon at 11. There will be no service at night, owing to the meetings in progress at the Methodist church.

The young people of the Methodist church invite you to an entertainment at the home of Miss Katie Buchanan Tuesday evening from six to nine o'clock. Ice cream and cake 15c for benefit of pledge.

The Christian Aid met Thursday with Mrs. Price and collected the garments for a box for their orphans home, which was sent this week. The meeting today is with Mrs. Stowe.

A NEW "25."

Mr. Ed Jones decided that his Flanders "20" auto was not fine enough for him, so he has traded it off and bought a brand new Studebaker "25." Ed says it is a peach. Mr. Jones was one of the first in Colorado to buy a Studebaker car, several years ago, and he was so well pleased, that as soon as the new 1913 "25" came out he wanted one. Mr. Kelper of the Studebaker garage has several cars in stock, and can make immediate delivery to purchasers. See the new "35" operate.

You can always get the freshest vegetables at Hall's grocery store.

Jerry Williams of Lou, was circulating among his old time friends here this week.

THINK OF IT.

30,000 Persons Publicly Recommend Our Remedy, Some are Colorado People.

Over one hundred thousand have recommended Doan's Kidney Pills. For backache, kidney, urinary illa. Thirty thousand signed testimonials are appearing now in public print. Some of them are Colorado people. Some are published in Colorado.

No other remedy shows such proof. Follow this Colorado man's example John W. Cooper, blacksmith, Colorado, Texas, says: "Whenever I use Doan's Kidney Pills they do me a world of good. Several years ago I took them for pains in my back and they did me more good than any other remedy I ever used."

Mr. Cooper is only one of many Colorado people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills the same that Mr. Cooper had—the remedy backed by home testimony. See all stores Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

NEW RESTAURANT.

My restaurant is now fitted up and I am ready to serve the hungry with the very best the market affords. Short orders are my specialty and a trial will convince you that I have solved the problem of eradicating the high cost of living. It has no terrors for those who patronize the "Pure Food" restaurant. 5-2-c.

BASCOM BROADBENT'S.

The annual milk production of Mitchell county is 540,425 gallons and 288,766 pounds of butter is made annually. The reports show 1,829 dairy cows in this county that have an aggregate value of \$112,000 and there are 1,236 yearling heifers in the county, which will make excellent milk cows.

NOTICE.

I still have Methane Triumph cottonseed for sale at the Farmers' Union Warehouse at \$1.00 per bushel. 5-20c. E. M. MCNEEL.

From the amount of soda water used in Colorado and the inland villages, peninsulas, etc. It looks like a small and well managed bottling works would pay someone. Such an institution dig here once and we cannot see for the life of us, why it would not pay again. But maybe, we are as ignorant (sic) about the bottling business as we have proven to be about the ice manufacturing business in Colorado. If conditions are as we have been told they are, in Colorado, the only thing needed to make an enterprise pay IN COLORADO, is to establish it in some other town and supply the citizens of Colorado.

If we send you anything that is not good we are only too glad to make it good if you give us the chance. BEAL BROS.

IMPROVEMENT Order of the Age

The Arthur Cotton Chopper is next to the gin and cotton picker, the greatest aid to the production of the cotton crop.

A Perfect Chopper

has been invented and is offered at a price that puts it in reach of every farmer. It is simply an attachment adaptable to any cultivator; quickly put on and off; leaves cotton any distance apart; clears top of any row; will chop any row that can be planted.

ONLY \$17.50

for the attachment complete; fully guaranteed with 5 days' trial. Will save its cost in one chopping. For prices and further information, address,

Geo. P. Arthur (Inventor) MIDLAND, TEXAS 4-12-9

ANOTHER CURE.

Dr. Sevier Warren of San Angelo has, in common with thousands of other medical men, been searching for a cure for tuberculosis, and has an article in the Virginia Medical Monthly magazine describing his treatment and giving results. The remedy is a very simple and common one, and can be administered by any practitioner. We make the following extracts from his article:

"To claim that any drug or mode of treatment is a cure for tuberculosis one must necessarily have the data and statistics covering a reasonably long period to substantiate that claim. It is this fact, alone, which precludes my making as bold a claim—for the success that I have had, and the almost miraculous changes observed in the clinical picture of the hopeless cases that have come about after the short periods of treatment with the phenol-petroleum of a one-half per cent., given hypodermically, almost tempts me to claim for it the cure that it seems to bring about after a three or four month's treatment.

Bacteriologically, my findings in the blood changes and the absence of bacilli from all secretions is proof positive that I not only get an arrest of the pathological conditions, but that I actually get a return to a normal physiological and an upbuilding process.

The clinical picture is so markedly changed in the cessation of the cough, the disappearance of the fever, the increased appetite, the gain in weight and in fact the obliteration of the hopeless and pathetic picture that these unfortunates present, that it almost tempts me to boldly assert and proclaim this simple remedy as the cure for tuberculosis.

"However, as I say, my records and observation of cases have not covered that period of time which is essential, and a necessary proof to back up one's claim to the credit for the cure, for which the scientific world has labored so earnestly, and seemingly so hopelessly.

"My object in presenting this treatment to the profession at this time is to invite co-operation in the study of this remedy by scientific men and institutions interested in the treatment and cure of pulmonary tuberculosis; and that sufficient data and statistics may be gathered to prove its effectiveness in bringing about a cure for all times—under any climatic advantages or disadvantages—in contradistinction to what we term an arrested cure that is sometimes obtained in the early stages."

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Dennis Dowser of Newberg Junction, N. E. writes: "My wife has been using Chamberlain's Tablets and finds them very effective and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

HONORING RIGHT MAN.

Seventeen years ago, a convalescent, the like of which no man had ever seen before, was hauled to a secluded spot on the Potomac river near Washington, whence, after much tinkering, it rose from the ground, took a short sail in the air and crashed to the ground, a total wreck. The man who had made it, looked on with disappointment, while the world laughed at him for a half-brained fool. Soon afterward he died from a broken heart caused by the ridicule heaped upon him because he thought he could make a "flying machine." The man was Prof. Samuel P. Langley, and the machine was the first heavier-than-air machine ever made.

Last week at the Smithsonian Institute a group of the leading scientists of America met to do homage to the memory of the man who only 17 years before insisted that a machine heavier than air could be made to fly, and to unveil a tablet to his memory. Since that fateful day on the Potomac the air has been practically conquered and today flights are made in these machines from ocean to ocean, while many are daring enough to believe that ere long the Atlantic ocean will be crossed in a flying machine.

SUMMER MUSIC CLASS.

Miss Whipkey announces that she will conduct a summer class in piano commencing June 1. Those who wish to take advantage of the school vacation to improve their music, would do well to see Miss Whipkey for time terms, etc. She will teach at her home in North Colorado, near high school building. Phone 157.

TWO TEXAS CONGRESSMEN DENIED ANY PIE.

Announcement has been made by Postmaster General Burleson that in considering recommendations of Representatives for the appointment of postmasters, he does not regard a Congressman-at-large as having any patronage of this character. As Texas has two Congressmen-at-large, this eliminates both Representatives Garrett and Summers.

Phone McNulty for your groceries.

CITY TAXES DELINQUENT

List of lots and blocks delinquent for the taxes of 1912 only in the City of Colorado, Mitchell County, Texas, as reported by Ernest Keathley, Tax Collector:

Table with columns: NAME, Original Owner or Addition, LOT, Block, Total Taxes. Lists various property owners and their delinquent tax amounts.

THE STATE OF TEXAS, COUNTY OF MITCHELL: I, E. Keathley, Tax Collector of the City of Colorado, State of Texas, do hereby certify that the within lands and town lots assessed on the Tax Rolls of said City for the year 1912, are delinquent for the taxes for 1912, and that I am entitled to credit for the taxes as shown thereon.

THE STATE OF TEXAS, COUNTY OF MITCHELL: We certify that we have examined the within report of lands and town lots assessed on the tax rolls of the City of Colorado, Texas, for the year 1912, which are delinquent for the year 1912, and find the same correct and that E. Keathley is entitled to credit for the taxes as shown thereon.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE The CARDUI Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women. Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. J 58

GOING TO PAINT?

I have handled paint many years and believe I know good paint when I see it. I now have the agency for the celebrated

RUCHTER'S DURABLE PAINT

which goes further, covers more square feet, with a pretty, heavy body, than any paint made. Comes in all the popular colors and is warranted to give perfect satisfaction and service. One gallon of Ruchter's Durable Paint and a gallon linseed oil makes 2 gallons of the best linseed oil paint in the world. Come see color cards and let me demonstrate merits of the paint.

CONSTIPATION.

Its Cause and How to Cure it.

Rat too much,
Stomach feels bloated,
All out of sorts,
Don't feel like work to-day. Guess
I've another case of biliousness.
"Take anything?"
"Yes; some pills, but no results; suppose I'm getting ironclad. Sometimes I double the dose, then they physic me so hard I'm too weak to work. Think I'll have to try something new."
"Ever try Prickly Ash Bitters?"
"No; I've heard a good deal about it, but never tried it."
"Well, you'll be pleased with the results."

The purgative action of Prickly Ash Bitters not only removes hard impactions, gas and impurities, but it strengthens the muscular action of the bowels which causes them to move regularly. Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It promotes daily evacuations, establishes healthy movements and is the best known remedy for disordered digestion, flatulence and a constipated habit.

D. M. Blackwelder, of Litchfield, Ill., says in the *Litchfield News*: "I am perfectly willing, in fact glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed anything of the kind for the last fifteen years and it has always given satisfaction."

Get the genuine with the figure "3" in red on front label.

ANNOUNCEMENT.

West Texas Summer Normal at Colorado, June 3 to July 17.

Faculty.

E. A. Watson, Conductor, Superintendent of Public Schools, Snyder, Texas. Twenty years successful experience in the Public Schools of Texas. Several years conductor Summer Normals and five years County Superintendent of one of the most progressive educational counties of East Texas. Member Summer Normal Board of Examiners 1911.

J. W. Hale, Superintendent of Roby Public Schools. Mr. Hale holds a high place as a school man, having had several years experience as teacher and Superintendent of some of the best schools of West Texas, and has been conductor of Summer Normals for several years.

L. E. King, Principal of Sweetwater High School, graduate of Sam Houston Normal and of the University of Texas. Mr. King has had six years experience as teacher and ample experience as member of Summer Normal faculty. Mr. King has charge of Science in the High School and will have that subject in the normal. Pupils may count themselves fortunate in having an opportunity to take the sciences under Mr. King.

G. L. Farrar, Principal of Loraine High School. Mr. Farrar will have the mathematics in the Normal. That is his subject in the schools where he teaches. He has had several years work as teacher and was chosen by the teachers of Mitchell county as a member of the faculty of this Normal.

Miss Sallie Hutton, Primary Supervisor of Colorado Public Schools. Miss Hutton will have charge of Primary methods and comes to us with several years successful experience. She is a graduate of Southwestern University and has taken extensive courses in Primary Methods at the Summer School of the South at Knoxville, Tenn. Miss Hutton will give actual practice work with pupils of Colorado showing exactly how to apply the latest and best methods in the primary department. This feature of the work alone will be worth the cost of the

course to any primary teacher.

Work Offered.

The work offered will be all that outlined by the State Department of Education for all grades of Certificates. Examinations will be held at the close of the session for all classes of certificates.

Text Books.

The newly adopted books will be used as far as possible. Arrangements are being made to have the books in the hands of the dealers at Colorado by the opening of the Normal. All persons attending should bring with them all the texts they may have on the subjects they expect to study. They can be used with great advantage for reference. In Methods and Management use Sutton and Horn School Room Essentials. In Reading use Briggs and Coffman. In Solid Geometry use Wentworth Smith, Revised. In History of Education use Monroe Brief course. In fact the books selected will conform to the recommendations of the State Superintendent who will doubtless base the examinations upon the texts suggested. All teachers will have access to the High School Library at proper times and that will be a great help.

Equipment.

The Colorado High School is recognized as one of the best equipped schools in the State. Plenty of material for laboratory work in science and ample apparatus. Fine library, plenty of room; all seated with the latest model of single desks.

Location.

Colorado is situated on the Colorado river and the Texas and Pacific railroad. It is easy of access from all points east, west, north and south. The climate is delightful in summer, being out of the mosquitos and flies and yet not in the windy belt where it would be uncomfortable. The people of Colorado are enlightened and progressive. They are generous and hospitable and it will do you good to spend a few weeks in their midst.

Expenses.

The expenses have been reduced as low as is consistent with efficient work. Tuition will be six dollars for the term of six weeks or one dollar per week, but in no case will a fee of less than five dollars be accepted. The fee for examination will be one dollar, which goes to the State Board.

Good board can be had in the best homes at reasonable prices ranging from \$4.00 per week up. This does not mean dormitory board, but good substantial board with the best people of Colorado.

Advantages.

1. Every member of the faculty a specialist in the work he will do.
2. Every member of the faculty a teacher or Superintendent in one of the best schools in West Texas.
3. The records show that a greater per cent. of applicants receive certificates from the small normals than from the larger ones. This is due to the fact that larger numbers are distracting. We will not have a "big" normal and each pupil will come in direct personal contact with every teacher.
4. Good positions are easily obtained in West Texas by worthy teachers and while we do not run a "teachers agency" every member of the faculty will help worthy pupils to secure better positions and better salaries.
5. Healthful climate and progressive people. Excellent student body.
6. No distracting elements attending the final examinations. We guarantee that no pupil of West Texas Summer Normal shall be disturbed and hindered by others from doing his Normal TWO best work. Every opportunity will be offered for successfully passing the examinations.
7. Expenses are as low as can be had where the work is done well. We prefer to give the very best service and win approval rather than cheapen the work and have you go away dissatisfied.

Who Should Attend.

1. Those desiring to improve their scholarship and render themselves better qualified to teach.
2. Those who desire to receive State Certificates of any grade.
3. Those who desire to build upon their certificates to higher grades.
4. Those who desire to get better positions and better salaries.
5. Those who desire the assistance of the best school men in West Texas.
6. Those who desire to spend a pleasant summer in study rather than waste it or spend it where it is uncomfortable.

Remember the place and date. The place is Colorado, Texas. The date is June 3rd, 1913.

Eyes Sunken With Pain.

Three years ago I had a very bad spell of neuralgia which caused my eyes to become bloodshot with pain. Hunt's Lightning Oil was recommended and after using the pain left and has not returned; says A. M. Coffey, 316 Van Buren Street, Litchfield, Ill. This wonderful medicine is sold by all druggists everywhere.

We predict the new design of the nickel will soon be a curiosity and be worth more as a freak than as a coin of the realm. Nobody seems to want it. The banks don't take it, while it is non persona grata with all the slot and vending machines. It will not work them. It looks more like an embossed metal gunwad than money. Even the old buffalo, set in the bowl of the coin looks sick and dejected, as if apologizing for such a picture of himself, while the Indian head is a joke. It takes a magnifying glass to read the lettering which reveals the fact that it is a coin of the realm instead of a new kind of tobacco tag. However, twenty of them gets the Record one whole year. And there never was a better time to subscribe.

Severe Rheumatism.

Grave Hill, Ala.—Hunt's Lightning Oil cured my wife of a severe case of Rheumatism and my friend's toothache. I surely believe it is good for all you claim for it.—A. R. Stringer, 25c and 50 a bottle. All dealers.

The acid test of a christian is his financial relation with God. No matter how much he prays no matter how loudly he groans, no matter how sonorously he sings, no church member is a missionary who does not give regularly, cheerfully and liberally of his means to all the interests of Christ's cause.

Country Produce.

Hall's Grocery buys all your country produce. Bring me your chickens, butter and eggs. Highest market price. Bring me your country produce.
J. B. HALL, The Grocer.

A local option election will be held in Runnels county on the 28th inst. Whiskey was voted out of the county two years ago by a majority of 331 votes. In that election the town of Ballinger voted wet by 15 votes.

Calomel is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields, biliousness goes. A trial convinces. (In Yellow Tin Boxes.) Tried once used always.

SHORT CROP IN COKE COUNTY.

Monday at the session of Commissioners' Court was a great day for scalps. The court received and issued warrants at 6 1/2 cents per pair for 24,118 jack rabbit scalps, for rabbits killed in Coke county, the past two months. The total amount paid out for this item alone was \$1004.91. The number of rabbits killed was immense and we doubt not if Coke does not lead the entire state in the number killed.

Special Notice

I have moved to the McCord-Collins warehouse, east of passenger station.

Have added to my fuel and oil business a complete line of feed, consisting of Hay, Corn, Oats, Chops, Bran and Cow Feed.

I have also enlarged my storage room and will be glad to figure with any one having anything to store.

Thanking the public in general for past favors and asking a liberal share of business in the future, I am
Yours to serve,
W. W. PORTER.

Talking with several parties who have orchards, we learn that there will be a very fair crop of fruit unless some future calamity overtakes it which is not reasonable. Much of it came out after the last killing frost, and some varieties were hurt very little. Every can of fruit put up means a saving of just that much in the cost of living. Every family having an orchard of a hundred trees should have a home canning outfit. It will pay for itself over again the first year it is used.

Now is the time to paint your home. Does has the best and cheapest paint made.

IRRIGATED LAND.

At Ballinger, Mr. Farmer paid \$17,000 for 340 acres of land, and the first year's crop brought the neat sum of \$23,160, the rent alone making the owner a net profit of \$7,580. Dr. Phenix is now offering a small tract of his farm for only \$50 per acre, including water right, pumping machinery and all. The first year's crop will more than pay for the land. When he makes one more sale the price is to be raised to \$75 or \$100 per acre.—Adv.

STOCKMEN, NOTICE

I have two stallions which will make the season at my place, south of Westbrook. One is a draft horse and the other is a good combination horse. Services reasonable. Will not be responsible for accidents, but will take all care of mares entrusted to my keeping.

COLORADO, TEXAS, MAY 30, 1913.

Even with our present conditions, it would require a calamity unprecedented in the annals of misfortune, to prevent west Texas making a good crop.

The lobby now gathered at Washington, working to defeat the tariff bill pending before the senate, is one of the most powerful and aggressive ever gathered in that city. Every device, resource and expedient will be exhausted by the republicans to secure its defeat or emasculation.

Next to the banking business that of writing life insurance must be the most surely and quickly profitable of them all. We have never met an agent who was not doing well—very well, mightily well, particularly if he were from somewhere else and working for a new company in the community.

West Texas deserves—and richly—the bumper crop of everything put into the ground and cultivated, this good year. We have "stayed by the stuff" with patience, confidence and fortitude, believing that the embarrassments of the past few years would be conserved to us with good measure, shaken down and running over. See if this prediction is not fulfilled; for "The Record is its Prophet."

Now that the weather is growing hot, every precaution should be taken to keep things clear around your premises. It is much easier to prevent unsanitary conditions than it is to make unsanitary conditions sanitary. Not only sweat the fly wherever and whenever you find him, but starve him out so that it cannot multiply, by leaving nothing around in which flies can breed, which means every kind of filth.

It is certainly good to see a smile on the face of every farmer and merchant you meet. It is like brethren dwelling together in unity. It is like the oil upon the head that ran down upon the beard, even Aaron's beard, that went down to the skirts of his garments. It is like the dew upon Hermon—upon Mt. Zion, for there the Lord commanded the blessing, even life forevermore.

Mr. Underwood has shown himself abundantly possessed of all the qualities that inhere in a born leader of men and parties. His refusal to adopt the steam roller process or invoke the cloture rule in behalf of the tariff bill, but preferring to have the bill discussed solely on its merits and left to individual judgment, shows what kind of leader he is. We cannot see how any combination of circumstances, cliques or opposition, can defeat his nomination for president when Mr. Wilson retires. Underwood's defeat for the nomination last time has given him the opportunity to make his claims invincible next time.

The local option question has been so effectually laid in Mitchell county that we do not believe the advocates of that measure would themselves sign a petition for another election. And may the good Lord grant that it shall ever remain dead as a door nail. The prohibition sentiment of Mitchell county is a valuable asset and well worth considering when a home is to be selected.

Everyone rejoices that the light plant is now running and giving good service. We never appreciate such utilities until some accident puts them out of commission and we have to revert to what we once thought was good enough light for anybody. Mr. Webb has the sympathy of all the community in his troubles, who, realizing that he was "up against it" bore patiently with the inconvenience of poor lights until the plant was put in good running order again.

Legal Blanks of all kinds at Record

Public sentiment has much to do with creating panics. Let the people once begin to talk about panics, predicting hard times and a scarcity of money and it will create a sentiment to that end, even when there is absolutely no cause for the slightest disturbance of the money market. Hearing hard times discussed by those who are supposed to be in touch with the financial condition of the country, one man after another who does a little money lending, will be convinced a panic is upon us and begin to draw in his loans and make harder conditions for borrowing. This will soon affect the larger lenders and the local banks and without anyone being able to explain why, a real money panic is on so far as that immediate community is concerned. Multiply this local condition by the nation, and we have a panic of national proportions.

If a man comes into your office and mildly as a sucking dove makes some little explanation of something he has said, and straightway goes out upon the street and spreads the report that he has "rounded you up good and plenty," what should be said about him? The truth would be more than ample.

Colorado ought to be a desirable location for manufacturing enterprises of all kinds. We have plenty of raw material, much of it lying around loose and very "raw."

WIFE-MADE GARDENS AND HUSBANDS.

While in the Justice of the Peace's office one day this week, His Honor, the Justice-friend Mike Ratliff, asked us just to step to the back door and take a slant at his garden and miniature alfalfa crop, which occupies the lot in the rear of his office. We stepped and took a slant, and while we always have known that Mike was the most diversely industrious citizen of the town or precinct, and had even seen the products of his horticultural skill fetched from the valley of the Pecos yet we never knew he was a gardener—never associated him with gardening, because lazy men have from the beginning of time, contended and justified their own laziness by the self-asserted proverb, that only lazy men made good gardeners and fishermen. But Mike had the goods. There were rows of the most vigorous onions; there was first one "yarb" and then another, all growing to perfection, showing thorough cultivation and careful attention. The small space given to alfalfa justified the statement that it could be cut five or six times a season. It was, in fact, a fine showing, even for a full grown man, and we expressed our admiration of it in no uncertain words, with a few words in praise of such industry, and were leaving by the front door, when we saw signs of sprinkling in Mike's front yard. Looking cautiously around the corner, we saw Mrs. Ratliff wielding the nozzle of the hose, and then we knew how much "Big I" there was in Mike's garden story. It was Mrs. Ratliff's garden. This set us to thinking to the conclusion that if you would scratch any "self-made" man deep enough, you'd find he was "wife-made" instead.

The tuberculosis cure promulgated by Dr. Warren of San Angelo is attracting wide attention from both the medical profession and laity. He is being swamped with inquiries from both, asking how to use his remedy. He has published a card giving general instructions to the afflicted, but advising them to consult some reputable home physician about using it. He asks patients not to expect anything sudden or miraculous; that the result of years can not be arrested and repaired in a few days, weeks or months. The remedy will arrest the disease and prevent further progress, but nature must do the repairing and

building up. There is a vast difference between the methods of Dr. Warren and Dr. Friedman. The former is only too glad to give out all he knows to profession and laity, asking his brother physicians to investigate for themselves and give him the benefit of their experiences. Dr. Warren knows if he has hit upon a cure for tuberculosis, the honors and financial remuneration will take care of themselves. The very simplicity and inexpensiveness of the remedy, together with facility of administration are prophetic of its merit. We devoutly hope Dr. Warren has hit upon a simple remedy for this dread scourge. His methods and spirit of honesty commend his remedy.

If competition tends to make things cheaper, meat ought soon be within reach of the average man. A world wide war is now on between the big packing interests of North and South America. There is a triangular fight between the Eastern packers, the Argentine and Australia packers and a five million dollar combine in California. The Australian and Argentine packers have had a monopoly of the European meat trade heretofore. Recently the St. Louis, Chicago and Kansas City combine invaded England and tried to root the South American and Argentine packers out. In retaliation, the latter sent a cargo of dressed meat to California and sold it for 15 to 20 cents less a pound than the California packers had been getting. This stirred up the Californians and they organized a five million dollar cattle and meat syndicate at Los Angeles and will run out the foreigners and the eastern packers also. With dressed meats on the free list, a merry war may be anticipated.

Since its institution more than six years ago, the Record plant has been energized by four different kinds of power. It has tried gasoline, electricity, steam and kerosene; the last just recently installed. The cost of power is no inconsiderable one, and is growing more expensive every day. The great development and widespread use of the automobile and other internal combustion engines, has put gasoline in the same class with meat—prohibitive to poor folks. But, no sooner was the kerosene oil engine developed than it was found that kerosene oil could be used in autos just as well as gasoline, and away up goes the price of kerosene. Fame and fortune await the genius who shall give us a power developed from the air, or sun; an energy that can be stored and kept on tap. And it will come some sweet day.

WHAT ABOUT IT!

Inquiries are made almost daily as to what is being done about the test irrigation well. People seem interested in the project and are waiting to see the results of the test well before venturing one themselves. If it can be shown that water in sufficient quantity to irrigate 40 to 100 acres of land can be gotten at a depth not prohibitive, there are several citizens who will likely put down a well on their land. As we have said before, time and again, it will be worth all the test will cost to be sure one way or the other as to the quantity of water under us. We believe if the matter were pushed and not allowed to drag, the necessary funds for the experiment could be gotten in a short time. Suppose we take a fresh hold on the thing and push it.

A WHOPPING BIG PUMP.

Some weeks ago Dr. Phenix purchased a 75 horse-power steam engine and installed it at the pumping plant on his irrigated farm down the river. This week he took us over to the freight depot and showed us the centrifugal pump he had bought and which had just arrived. This was the first pump of the kind we had ever seen and had no idea as to size and power of the critters; still we realized this one was a whopping big one of any type. It weighs 2050 pounds disconnected and looks exactly like a rotary fan used in girls and for ventilation purposes. It has a 12 inch intake and discharges a solid stream of water 10 inches in diameter, its capacity being the delivery of 4100 gallons every minute. With abundant water and the pump running at full capacity, 3 1/2 acres of land can be irrigated in an hour. The entire lift of the water at the Doctor's plant is 28 feet. The pump will be placed about 18 feet above the water, in which position it will deliver four thousand gallons of water every minute and easily irrigate a farm sufficiently large to support any family in Mitchell county, and then some. We look for great things to develop from this beginning. Dr. Phenix has been the exponent of scientific irrigation in this county since first the system was agitated. He has persisted in the face of prophecies of failure, almost ridicule, and by adding little more at a time, has brought his place and plant up to a state of efficiency and productiveness that demonstrates its success. With the installation and operation of his

new equipment, he will begin to get returns on a scale commensurate with his zeal and tenacity of purpose. He has an ideal farm for surface irrigation; he has abundant power and fuel; a pumping capacity of more than 240,000 gallons of water per hour. There is, therefore, but one element of chance in the certainty of always making a fine crop. If the water in the Colorado river should ever get so low that sufficient water were not available for the pump, and it were needed at just that time, the crops might suffer; but this is a very remote and doubtful contingency. There has always been water at that particular hole in the river. We refer to this as the only element of chance in the Doctor's farming operations. The Record will watch the development of irrigation on this farm with much interest, as it regards Dr. Phenix and his plant as the nucleus and backbone of the irrigation system of farming in Mitchell county. May he have abundant success and profitable returns, as our wish.

BIRTHDAY PARTY.

Friday was the Hesperian Club's twenty-first birthday and Mrs. Collier was hostess, so the club of course expected something nice, nor were they in any way disappointed. Each was asked to invite a guest, and then the hostess included in her invitation all who had formerly been members, not already invited. "The Ledges" looked so cool and inviting from the distance that one forgot that it was not easy to get there and hurried off gay and happy to arrive hot and tired, but soon to be refreshed by the cooling breezes and beautiful scene spread out before them. The house was decorated with the wild blossoms that grow on the hills. A big bowl of yellow cactus flowers was on the porch. Flowering cat-claw was prettily arranged in the dining room, while yellow flowers surrounded by greasewood berries adorned the parlor. A short business meeting was held. It was decided to close the club year Friday with a business meeting which will be held with Mrs. Ratliff and later on to have a club picnic. Mrs. A. B. Coleman was elected a member of the club, which fills all the vacancies.

The roll was called by Miss Wulfjen. This was a good wish for the club's birthday. The responses were very flattering and pleasing. Mrs. Ratliff gave an especially interesting historical sketch of Mitchell county. Mrs. Broadus did not read a Colorado romance, but it was so truly western in character that she might have written it for Colorado if she didn't. It was quite thrilling and while we were sorry they didn't marry add live happy ever after, we had to take her word for it that the technique would have been spoiled, and enjoy it as it was.

Miss Dry gave the club's history and future. She read from the first federation minutes as given in the Galveston papers, where it met and showed pictures of herself and Mrs. Smoot, the two delegates from Colorado. Her vision of the future was most flattering. It was not a distant future into which she was looking. An interesting thing connected with her talk was the display of all the future into which she was looking ed to the last; another was the announcement that Mrs. Carter was the club's first president, a fact which has been forgotten by some.

Mrs. Merritt paid a glowing and well deserved tribute to the memory of Mrs. Martha B. Smoot, the mother of the club and everything else good in the town.

Mrs. Collier read a pretty little poem saying she gave her encore first and there would be nothing else. This closed the program.

Mrs. Collier passed cardboards upon one side of which there was a picture representing something to eat and this she said must be guessed before anyone could get anything to eat. On the same side of the card was a name, and all the animals mentioned were told to find the animal to which they belonged. Mrs. Cat had the lions, tigers and leopards as well as the maltese and plain cats. Mrs. Dog had a big family of wolves, hyenas, spaniels and all the rest. When all had found their tribe they were told to look on the opposite side of the card, go through the kitchen, get a glass and follow their leader. The young son of the house stood at the kitchen door with a horn, and he started blowing it down the hill and around the cedars. The card read "Trees Delicately Served." Suddenly a cedar decorated with paper napkins and butter trays came into view. Beside it a dainty kimono sat Elsie Lee Majors, a typical Japanese maiden. On passing each one was given a tray and napkin. The next tree was breadfruit, under the hill it was found. Here Roddy Brooks Merritt, in white cap and apron, handed out of a big bread box the most tempting sandwiches. The egg plant, produced besides a nest of eggs the most toothsome stuffed ones. The olive tree

bore, not only olives but pickles as well. The prune had the best stuffed prunes imaginable. The next tree was the chestnut, but to reach it the company had to pass a spring from which a little fairy, Mary Broadus, dipped iced tea, and here the glasses were used. The company seated themselves on the rocks and proceeded to enjoy the feast they had acquired upon their trip. All were told to tell a chestnut, but most were too busy exclaiming over the beauty of the scene and the goodness of the luncheon. Soon the leader, Master Gressett, appeared and by a devious path led the way to the top of the hill where the coconut tree was found, filled with coconut macaroons; after plucking one the lemon tree came next. Here the hostess served the very best lemon ice that ever was eaten. The last tree was the date. On this were cards which read Mrs. Carter 1892, Miss Jo Dry 1913; and so we were right in front of the house and the sun was almost down. Autos were coming up the hill and it was time to go home. 'Twas hard to say good bye, hard to leave the beautiful spot, where such a delightful afternoon had been enjoyed, hard to say good bye for the summer to the club members, soon to enter upon their vacation. But all were glad of one thing, that Mrs. Collier would spend the summer on The Ledges and all were invited to return. Her hospitality is the kind that makes one wish for more, so we are sure all will accept.

A number of guests were present, among them Mesdames A. L. Whipkey, J. L. Shepherd, Henry Doss, Rountree, A. B. Coleman, Phenix, Hazzard, Carter, Bromley of Plainview, Stoneroad, Jim Greene, Arnett of Lubbock, Wulfjen of El Paso, Leslie, Nettles, Dolman, M. C. Ratliff, W. Mitchell; Misses Dera Wulfjen, Mattie Shuford, Rountree of Plainview.

Dr. and Mrs. Willis R. Smith, accompanied by their little girls, and chaperoning several couples of young people took supper on Champion, and report that they had fish for supper—didn't say how much.

The Vital Point.

This is the printing point. Paper or card held rigidly up to tympan to the very edge; no slipping; no fingers to adjust or batter type faces.

No other machine handles all sizes and kinds of cards like the ROYAL No. 5.

Distinctive Features

1. Three positions of ribbon giving double service.
2. Tilting paper table with margin gauge. Adjustable bale holding sheet tightly against tympan, doing away with bunglesome fingers and clamps.

A. H. WESTON, Agent

We have seen more new farm machinery, particularly cultivators, going out the past month, than for several years. This is a good sign; it indicates that the implements of last year and several years gone, are not equal to the demands of the present crop already pitched. More land has been put under plow; more stuff of all kinds has been planted, and with the keeping up of present conditions, more stuff will be gathered into barns this fall, than ever before in the history of Mitchell county.

Mr. and Mrs. Harry Hall of San Diego, Calif., are visiting the family of Q. D. Hall.

LORAIN NEWS ITEMS.

Invitations are out to the marriage of Mr. Charles Blackshire Reeder to Miss Pearl Norman, on the evening of June the 4th at her home.

Miss Joyle Longbottom and brother and sister have moved back to the ranch.

Mr. Tom Johnson's friends will be pleased to know that he was married recently and will be back on a visit to his parents soon.

Mr. Ritchie Wallis made a business trip to Snyder Saturday.

Mr. J. E. Stowe and son were visitors here Friday.

Rev. Dortch held services at Union Chapel Sunday.

Mr. R. E. Ballard and children will leave for Lewisville, Texas, Saturday.

Mr. N. J. McCaghen and family have returned from Matador and other points.

Mrs. Meushaw has gone to Canyon City where she will spend the Summer.

At a meeting of the school board Saturday Prof. Crutcher of Robert Lee, was elected Superintendent and Prof. Elliott of Abilene, Principal.

Miss Ethel Coffee entertained the graduating class with a dinner Sunday.

Mrs. M. D. Cranfill and Miss Pearl Templeton visited in Roscoe Friday.

Mrs. Wharton and Mrs. Pryor of Roscoe attended the commencement exercises here Wednesday.

Mr. and Mrs. Alonzo Phillips left Sunday for a visit to their old home in Tennessee.

Prof. G. L. Farrer has been elected to the Superintendency of the Trent school. His many friends and acquaintances here will be pleased to know this and predict for him success in his new place of work.

Dr. Copeland and Mr. and Mrs. Thomas Hall left Monday night for Temple where Mrs. Hall will probably undergo an operation.

Dr. Copeland will also attend the graduation of his daughter at Baylor college.

Mr. H. H. Knott and family left for Arkansas Saturday where they will spend a month.

Misses Gean Hall and Sloan Erwin left Saturday for a visit of some time. Miss Sloan went to Mexia and Miss Gean to Temple.

Miss Grace Baker had as guests Sunday Miss Myrtle Norman and Messrs Claude Muns and Joe Jackson.

Mr. W. H. Hurd left Saturday for Georgia where he will visit his father.

Mrs. Hubert Toler and two youngest sons are visiting her mother at Arlington.

Mr. and Mrs. Jim Hatton of Rotan write to friends here that they are rejoicing over the birth of a son.

Mrs. I. W. Baker was called to Roscoe this week on account of the serious illness of Mr. Baker's sister, who had an attack of appendicitis and was taken to Abilene to the sanitarium.

Mesdames Norrell and Jarrett of Roscoe were guests of Mr. J. H. Greig and family Tuesday.

Mrs. Dell King was busy at Sweetwater Tuesday.

Mrs. W. T. Mullin made a quick trip to Roscoe Tuesday.

Miss Libbie Lee will leave Saturday night for her home in Louisiana. She has finished her season here for the Loraine Merc. Co.

Mr. R. B. Pratt has returned from Terrell where he has been on a visit to his daughter; Mrs. Pratt stopped off at Hico where she will stay a month.

Mrs. Dell King gave her final recital on Friday night at the opera house. A large audience greeted her, and the program was well rendered and enjoyed by all. Mrs. King has been here four years as a teacher and has turned out two graduates of the Zorn course. She has given satisfaction and will be greatly missed in many ways. She has a large number of friends who wish her well in her new home and work.

Rev. Craig of Colorado delivered the Baccalaureate address Sunday at the Baptist church. A large crowd was present and enjoyed the discourse which was given in a most eloquent and befitting manner and which should have been an inspiration to anyone who heard it, and especially to the graduates. Sweet music was rendered by the choir which added much to the occasion, and all felt better by having

attended the service, and expressed many happy wishes and hopes for the future of the four boys and four girls who have finished the course and are entering on life's duties.

Mr. Graham of Midland who is Relief Agent for the T. P. is filling Mr. Knott's place here this month. He and wife are boarding at Mrs. J. M. Baker's.

Miss Lettie Miller left Thursday for her home at Sweetwater where she will spend a week and then go to Abilene where she will have a special course in expression and return here in September and resume her work. Miss Lettie has given satisfaction and her patrons will be glad to have her return.

Mr. S. W. Altman was busy in Hermleigh this week.

Mr. Arlie Martin and wife were Sunday visitors here.

FAIRVIEW FANCIES.

Crops are in fine growing condition. Mrs. Bird Williams was on the sick list this week.

Mr. Ralph and Claude Hix went to Snyder one day last week.

Bro. Wells was with us again on the 18th and preached some interesting sermons for us.

The stork made his appearance in this community last week at the residence of Mr. Strains, and left a fine baby girl.

Mrs. W. C. Berry and Miss Bessie Berry made a business trip to Colorado on the 22nd.

Bro. Carmack, the Methodist minister was visiting his members here last week.

Mr. W. E. Berry and wife, sons and their wives, went fishing on the 22nd and spent a pleasant day. Caught all the fish they wanted and plenty to spare.

The W. F. C. class of young ladies will give a box supper and entertainment for missionary and other purposes on June 7th at the Fairview school house.

Don't forget the Sunday school basket picnic here on the 29th at Mrs. McGuire's grove.

RAMBLER.

Don't You Owe Yourself Something?

For beautifully illustrated literature descriptive of the numerous splendid, home-like and not unreasonably expensive resorts throughout Wonderful Colorado and along the Pacific Coast, including the Great Colorado Chautauqua at Boulder—the beautiful, address A. A. Glisson, General Passenger Agent, "The Denver Road" Fort Worth Texas. Little vacations in those directions are always worth more than they cost. Aug15c

"Freedom" unfortunately, is a word much hacked about. The truth is, those of us who lead an ordinary life, made up of joys and sorrows largely external, know very little about it. Success does not buy it; neither wealth nor poverty insure it. Only those who have passed through some keen and tragical adventure of the soul and come out safely on the other side, know what freedom really means. The woman who loves and is doomed to see her idol crumble to dust in her hand, yet does not become embittered; the man who has fallen like a shot through all the layers of society, yet finds his soul still alive in the darkness at the bottom of the pit—it is they who know the real meaning of freedom.

Our delivery leaves shop at 8:45, 10 and 11 o'clock a. m. Place your orders accordingly and you get good service. Delivery leaves shop for last time at 6 p. m.

BEAL BROS.

A "FORTY-NINER"

Last Sunday was the 49th birthday of J. P. Majors, which was made the occasion of a family reunion. Sam Majors and family; Oscar Majors and family; Mr. and Mrs. Myrtle Vaughan; Mr. and Mrs. Edgar Mejors, went down from Colorado. The occasion was a very happy and auspicious one. A big dining was served and every one enjoyed the day without measure. The Record wishes that J. P. may live to celebrate the centenary of the same occasion.

Mesdames R. F. Franklin and M. E. King, of south of town, left this week for a visit with relatives at Shreveport and other Louisiana points.

PIANO RECITAL.

Tuesday evening the friends of Mrs. Marshall and her pupils gathered at the high school auditorium where they very much enjoyed the program that had been arranged for the evening.

The stage was prettily decorated with pot plants and cut flowers. Mrs. Marshall's own piano had been moved over for the occasion. The program was begun by Nellie and Lola Bess Smith playing a duet, Zu Ross, Op. 110 No. 5; Lois Warren followed with Busy Bee Waltz; Frances McMurphy played Voice of the Heart; Lola Bess Smith, Rondo. These were the beginners and all did nicely. Juanita Pond's number, A Fragment, was one of the very best things of the evening.

Nellie Smith gave Chapel in the Mountain, very prettily. Miss Jessie Person, who plays very nicely indeed, gave Pluie D'Etoiles. Miss Jeanette Earnest had two numbers, both of which were greatly enjoyed by the audience. Miss Martha Earnest also gave two beautiful numbers. Miss Ruby McGill played prettily Valse Caprice, which concluded the first part of the program. Each young lady received pretty bouquets and baskets of flowers from friends, causing all to look like animated flower gardens. The second part of the program was by Mrs. Marshall, whose splendid technique and finished manner of playing is a delight to all lovers of music. She gave first Two Etudes, Basket of Flowers and Faschngsschwank, then Moment Musical, Barcarole Ballad, Op. 47. Each was a gem, fully appreciated by the audience.

O. O. Shurtleff's Indian Runner ducks are thoroughbred—eggs for sale.

As soon as the Greeks and Bulgarians had no common enemy to fight, they have begun fighting each other and war exists between the two countries which a few weeks ago were allies.

Fresh consignment of East Texas ribbon cane syrup; the finest ever in Colorado, at Hall's.

In the collapse of a big pier at Long Beach, California Saturday, 35 were killed outright and 75 seriously injured. Ten thousand people were celebrating British Empire Day when the accident occurred.

O. O. Shurtleff's Indian Runner ducks are thoroughbred—eggs for sale.

CEMENT WORK WANTED. All kinds of cement work done right and fully guaranteed. Cistern work sidewalk and curb building made a specialty; also do all kinds of plastering. If you need anything in this line let me figure with you before placing a contract. 6-6p

GEORGE TRIPP.

If you want the best there is in coffee and teas, go to Hall's.

Ben Morgan handles the best and freshest line of candies in town.

CUTHBERT CULLINGS.

A number of Cuthbert people met some Ira people at the river and fished last Friday.

G. W. Womack attended court last week.

A base ball game is to be played at Cuthbert next Thursday between Cuthbert and Ira.

One of G. B. Coughren's sons was in Cuthbert Sunday.

Rev. Carmack preached at Cuthbert Sunday morning. A large crowd was present.

Mr. Chas. Gunn and wife, and Miss Maude Burrus of Ira visited friends and relatives in Cuthbert Saturday and Sunday.

The Woodmen held their regular meeting Saturday night.

All the farmers are busy as can be with their crops.

Miss Gladys Westfall visited her sister, Mrs. J. W. McNew last week.

J. H. Gage and family, who live at the Bush ranch have moved to Colorado.

Mr. Thomas of Colorado has bought the mail route running from Colorado to Cuthbert, from E. J. Callaway.

SI SLOCUM.

Ruchter's paint is the cheapest, because it's the Best. Doss has it.

Read Doss' message about Paint in this issue of the Record.

Young Peoples' Meeting.

Miss Rowena Hester was hostess for the Young People Tuesday. The lesson was upon China. This being studied from leaflets and the book "China's New Day." It was decided to have an ice cream supper at the home of Miss Katie Buchanan Tuesday from six to nine o'clock. A program of music and songs will be rendered and refreshments served for fifteen cents. Before adjournment the hostess served cream and cake that were very much enjoyed. She had as her guests Mrs. Terry and Mrs. Bodine. The next study meeting is with Miss Gertrude Schroeder.

Go to Hall's and get a gallon of pure ribbon cane syrup; it's the best ever in Colorado.

MORNING PARTY.

Miss Greenwood delightfully entertained Wednesday morning in honor of her friend Miss Heath of El Paso with a 42 party. There were three tables of players and all had a lovely morning, which was closed by serving elegant refreshments. Miss Heath was a teacher in Snyder during the last session of that school, and was enroute home.

La France Flour took the prize at Dallas state fair. Hall handles it.

All Fourth-Class Postmasters, except those paying less than \$180 a year, were thrown open to competitive examinations by an executive order issued on May 7 by President Wilson. These positions are retained in the classified service, but about 50,000 incumbents who were "covered" into the classified service by executive orders of previous administrations will have to meet all comers in competitive examination in order to hold their positions with civil service protection. In a statement making this order public Postmaster General Burleson announced that it was the purpose of President Wilson and himself to extend the classified service to include presidential postmasters of the second and third classes probably within a year. This may require legislation by Congress, he said. His plan, which will Fowler, the aviator who passed through Colorado in his flight from the Pacific to the Atlantic ocean, in December, 1911, successfully flew over the route of the Panama canal recently and made many pictures of the canal and the cities of Panama and Colon. Several attempts had been made before to fly from ocean to sea over the canal route, but it had never been successfully accomplished owing to the difficulty of a landing place and the contrary air currents of Culebra cut. Fowler's craft was a hydro-aeroplane and he alighted in the water near the Colon entrance to the canal.

NURSING AND SEWING.

I will go into homes and sew for \$1.50 per day or will nurse for \$2.50 per day. Address Mrs. Margaret Hall, Colorado, Texas. 5-23c

Now that the case is settled concerning the Radford switch in the alley, would it not be a good time and move to do something toward getting the switch extended to the ice plant and Scott's grain warehouse? The operating expenses of both the ice plant and Scott's mill and warehouse would be greatly lessened if the switch ran to their doors. We believe the chances of either selling the ice plant or running it would be multiplied thereby. If there is any way by which the switch could be gotten to both these industries, there will never be a better time to do so than now.

Dr. Dulaney who is the local agent for the Indian Motorcycle, received a new double cylinder, seven horse power machine this week and sold it to R. T. Manuel before it was put up. The motorcycle, as compared with a \$250 saddle horse is easily winner, in expense of keep, in care and speed of travel; besides, it can go most anywhere a horse can go.

Try Record want adds for that lost

Miss Julia McLure has been elected to a position in the public schools of Dallas for the coming year. Miss McLure has taught the past three years in the schools of Amarillo and has been tendered the place there for another year.

Seed potatoes at Hall's.

Not Fit For Ladies. Public sentiment should be against it and we believe it is, there can be no reason why ladies should have to suffer with headache and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25cc and 50c bottles.

CORBETT BACK FROM WOLF TRAPPING EXPEDITION.

John Corbett, the veteran wolf trapper of West Texas, has returned to the city from a trip to New Mexico border where he played havoc with the wolves of that vicinity. Among other animals he succeeded in getting is one that, he says, is at least 75 years old. Near the place where he captured this beast he found twelve dead cows that had been slain by the animal. On his return he stopped at Water Valley where he captured 14 wildcats, 27 coyotes and five gray wolves. He also found two dens of pups, seven in each, and captured the young creatures. His last trip has been one of the most successful that he has made in a long time.—San Angelo Standard.

Quite a showing has been made this week on the pile of St. Jaes rubbish. More wagons have been secured to haul away the broken brick and mortar, while the kids are stacking the whole brick in growing piles.

Phone 35 for meats.

SPECIAL TRAIN EXCURSION TO YELLOWSTONE NATIONAL PARK. Join the Southern Methodist University's Second Annual Personally-Conducted, Special-Train Excursion to Yellowstone Park. It is easily America's Greatest Scenic and Health Getting trip and will leave Ft. Worth July 4th. Total expense \$110 to \$140. For particulars, including literature illustrative of the numerous interesting sights and unusual experiences to be enjoyed, write Frank Reedy, Manager, Care Southern Methodist University, Dallas, Texas 6-27c

be laid before the president, will provide for a qualification test for incumbents and applicants "in keeping with the importance of the offices." Under President Taft's order of October 15, 1912, fourth-class postmasters were divided into two classes, class A, those drawing more than \$500, and class B, those drawing less than \$500. Competitive examinations were prescribed for future applications for class A appointments, while the class B positions were to be filled upon recommendations of post-office inspectors.

A WOMAN'S WORK sometimes reduces her strength to the depths of weakness—her devotion to household cares prevents sufficient rest and recreation. Thousands of women in this condition find Scott's Emulsion exactly what they need; it is predigested body-food so medically perfected that every drop yields direct returns in strengthening the organs and tissues and in making healthy, life-sustaining blood. Scott's Emulsion is devoid of alcohol or any harmful drugs, and overcomes tiredness and nervousness in a marvelous way.

President Wilson is after the scalp of the negro collector of customs at Beaufort, S. C. The republican senators threaten reprisals if the coon is removed.

Gov. Johnson affixed his signature to the alien land bill last Monday which now becomes a law, operative August 17th next.

BETTER SCHOOL HOUSES ARE BADLY NEEDED.

The Record hopes that the success of the Buford community in voting bonds for the building of an up to date convenient and sanitary school house, is but the beginning of a like awakening in every school district in Mitchell county. Nothing in the world reflects the status of a community intellectually, morally and industrially, so truly as the kind of church and school houses it builds. With an attractive school house and grounds, the pupils naturally take greater interest in their studies and all else relating to school affairs. It encourages the formation of debating societies and other social meetings. The grade of the school moves higher while every scholar feels a personal and a sort of proprietary interest in it, inciting to better lessons and standing for himself. The new school house will prove the best investment the people of Buford ever made. Good school houses and good roads go hand in hand. Given one, the other will soon become an insistent demand. Would that every school district in the county would do like that of the progressive community of Buford.

High-Class SERVICE With the only Double-Deck Three-Trains make "The Denver Road" the Superiorly Attractive Route from Texas to Colorado and the Northwest. Ask Me for Literature A. A. Gilman, G. P. A. Fort Worth, Texas

Every Automobile Buyer Should Know the Studebaker Line

It will repay buyers everywhere to keep their eyes on the Studebaker line. Both for sheer, positive value and for tremendous selling-power, Studebaker cars will bear watching. The demand since these cars were announced has been overwhelming and by every sign will continue heavy for months to come. Studebaker dealers before the year is done, will have taken their profits on 50,000 cars. One reason for the big value offered by the Studebaker line is the new and remarkably satisfactory motor design. It provides both for accessibility and efficiency. And in this day of assembled cars of very similar features, the original and undeniably desirable Studebaker design opens up new and distinct advantages. The most important points of Studebaker motor design lie in the bloc cylinder casting, the position of the pump and magneto on a transverse shaft in front of the cylinders, and the positive oiling system contained in the removable pressed steel base of the crankcase. The monobloc cylinder casting has been developed by the advance of foundry methods, until in the hands of skilled and well-equipped manufacturers, both here and abroad, it represents higher efficiency than can be obtained by any other method. The placing of the magneto and pump on a transverse shaft in front of the cylinders has successfully solved the problem of accessibility both for the magneto and pump, and also for the valve adjustments. The oiling system is simple, easily reached when desired, and is at the same time positively efficient. And the excellence of motor design is only one of the many points of superiority to be found in Studebaker cars.

The buyer who has not studied these cars is, we believe, overlooking a matter of vital importance. STUDEBAKER "25" \$970. STUDEBAKER "35" \$1400. STUDEBAKER "50" \$1665. ALL CARS COMPLETELY EQUIPPED

MINERAL WELLS NEAR HOME.

Why Go Away to Some Resort Which Will Cost Much Money, When You Get Same Results Near Home?

Heretofore those who have felt the need or the desire to go to some Mineral Wells for the benefit of the waters and baths have been compelled to take long, tiresome trips and go to large expense in order to get only a few days at whatever resort they have chosen.

The Grogan Wells and Boone Institute of Massage, whose advertisement appears elsewhere in this issue, recently opened up at Sweetwater, Texas, has accomplished these results and they will gladly write anyone making inquiry of them.

Rapid progress is being made in the construction of the new steel bridge over the Brazos river at Waco, for the Dallas-Waco interurban.

Every article essential to correct dressing for any and all occasions at Coughran Bros. They are headquarters for the latest in everything to wear. Phone 154.

Work on the new \$10,000 Santa Fe roundhouse at San Angelo is scheduled to commence within a few days. Every modern facility for handling engines will be installed.

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

At Blessing within the past week a local firm has disposed of a full car load of silos to the farmers in the adjacent territory.

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

Silos seem to be the order of the day in the Hereford country, as several have been erected recently.

If you are thinking of buying a silo, be sure you examine into the merits of the "Galvanized Steel, Cypress Lined," before paying out any money. It will pay for itself in one year. See A. C. Gist.

The first car of Texas new potatoes were shipped from Wharton to Kansas City and found a ready market at \$2.75 per bushel.

Pure California honey in sanitary glass jars at Hall's.

Grasshoppers by the tens of millions are devastating crops in eastern New Mexico.

Do it now—phone Hall's grocery for a gallon of ribbon cane syrup.

Carbon paper and typewriter ribbons at Record office.

The best and cheapest irrespective of price, is the verdict of all who have ever used the Royal typewriter. See it work at this office.

The Record is agent for the New Master Model Royal typewriter; the machine that's built right and handles all kinds of cards as easily as a sheet of paper. Come see the latest model demonstrated.

Don't think of buying a typewriter till you have examined the "Master Model Royal" at the Record office. It handles any card as easily as a thin sheet of paper.

Trespass Notice. This is to warn all parties against trespassing in any manner on my pasture, either cutting or hauling wood, pasturing stock or watering same. Those caught will be prosecuted to the fullest extent of the law.

Cleaning and Pressing Neatly Done

WILL WRIGHT, The TAILOR

LOCAL NOTES

Bravis Coe was up from Blackwell to see his family this week.

Every kind of Vegetable grown, nice and fresh, received at Hall's Grocery every day. Phone 100.

The lack of litigation in Mitchell county is an evidence of the peace, sobriety and harmonious adjustment of its citizenship.

Use the La France Flour—the very best made—Get it from Hall.

Mrs. C. E. Sprull returned from her trip to Corpus Christi Tuesday night, where she went as a delegate to the state meeting of the Pythian Sisters.

Everything and anything to eat can be had at Hall's grocery.

Our "Sunny Jack," the irrepressible, unturndownable, only M. K., made a business trip to Hermleigh this week for the ultimate benefit of the widows and orphans.

McMurry wants your produce—pays top prices.

Rev. McKinstry filled the pulpit of the First Presbyterian church last Sunday morning and night, much to the edification of the congregation and all others who heard him.

Phone McMurry for Queen of the Pantry Flour.

Juley Florida oranges at Hall's.

A woman speaker held forth on the street last Saturday afternoon on Socialism.

Phone McMurry for Queen of the Pantry flour.

Friend L. C. Dupree brought to this office last Saturday, little Guy Crowder, living six miles northwest of town and exploited him as the youngest "plowboy" in the county. The little fellow is not eight years old and had driven a planter to put in the entire crop on his father's place. He is small for his age, and it looks hardly possible that so small a boy could control a team and direct a planter. We look for him to become a successful farmer in a few more years.

Fresh strawberries received daily by J. B. Hall.

Arthur Callen who has been living at Menardville visited his parents a few days this week. He left Sunday night for California, where he will reside.

Highest prices for chickens and eggs paid by McMurry.

Howard Cooper, who has been in San Francisco, California, the past year, is expected home about the first for a visit with his parents.

June corn, kaffir and maize seed at Hall's grocery.

A. B. Maxfield has returned from Barstow, where he visited his daughter, Mrs. Witten. He informed us that he had made application for admission to the sanitarium at Carlsbad, Texas. We hope that he will be admitted and that he will soon be wholly recovered.

McMurry pays highest prices for country produce.

"Want to sell? Try the Record"

THIS WEEK

We call the attention of the ladies to our Spring display of

SILKS

All the latest weaves and fashionable colors at moderate prices. We suggest that you make your purchases early. The

Ladies' Low Cut Shoes

are also on display. We have your size and trust we may have the pleasure of attending to your shoe wants.

Shoes For the Men

We have Edwin Clapp and Walk-Over low-cut shoes, the best on earth for the money. Get you a pair while we have your size.

CHAS. M. ADAMS

We were shown this week a jar of Elberta peaches put up two years ago by Mr. A. C. Gist, living north of town on the Snyder road. They were in perfect condition and were beauties. He said he had fruit, canned and preserved, made four years ago, in as perfect condition as when put up. Mr. Gist has never failed to have fruit and says his crop this year is unusually fine. To have an abundance of good fruit all through the year, is a long step toward solving the expense of living question.

No oil like the Eupion; get it from Hall.

Mr. Shipman of Miami, Arizona, is visiting his wife and baby, who have been here some weeks on a visit with Mrs. Shipman's parents, Mr. and Mrs. L. C. Dupree.

McMurry wants your country produce.

Leslie Crowder returned Saturday from a business trip to Carlsbad, N. M. He reports conditions out there as very promising.

Typewriter supplies at Record office.

The summer normal begins next week and the town will have the teachers as its guests for several weeks. Help to render their stay pleasant, that they may wish next summer's session of the normal held in Colorado also.

Full line of up-to-date wall paper at Doss. 2-14-c

J. B. Cranfill, the insurance man, was indemnifying the widow and orphan her about last week.

Fresh vegetables always on hand at McMurry's.

The delegates to the recent Episcopal convocation held at this place took away from them a most favorable impression of the hospitality of our citizenship. Colorado may be a trifle slow and cautious in some things, but in open-handed and ingenuous hospitality—the brand that makes all visitors and strangers within her gates feel perfectly at home—the town knows how to do the hospitable in the most gracious and generous manner. Come to Colorado with your conventions.

Mrs. Jos. Key and Miss Lena returned from El Paso last week and will spend the summer in Colorado.

Beal Bros. want and will appreciate your trade.

We understand Col. Mullin had an incipient strike among the boys who are cleaning the brick in the St. James rubbish, which was finally adjusted to the satisfaction of both sides. They thought the margin between what they and the contractor were getting, too wide and demanded more. Owing to the inability to get teams to do the work, removal of the debris will be slow. But what a vast difference in looks there will be when it is all cleaned off.

I keep the famous Blanke-Wenneker chocolates on ice—always fresh and crisp—J. B. Hall.

While attempting to ride a burro Monday morning, the animal pitched and threw Paul DeGarmo to the ground, dislocating his shoulder and breaking the collar bone. His injuries are painful but not serious.

Everything to eat at McMurry's; prompt service.

Mrs. Maggie Fowler has been confined to her bed for some time, quite ill. She is suffering from a complication of rheumatism and has to be waited on.

Just received, full line of Blanke-Wenneker chocolates and keep them on ice—J. B. Hall.

Mr. and Mrs. L. W. Jones of Monument, New Mexico, are here on a visit to their daughter, Mrs. Ed. Jones.

Hall keeps chocolates and other candies on ice.

While playing about the back yard of their home late Monday afternoon the little son of Mr. and Mrs. R. O. Pearson stepped into a bed of ashes, which, though not hot enough to do any injury, made a very painful burn.

California honey in sanitary glass jars at Hall's.

Bring your produce to McMurry.

The best fed beef at Beal Bros.

Little Miss Mary Broadbus is one of the victims of measles this week.

Missionary Society.

The Methodist Missionary Society met Monday at the church with a program upon Korea. The business consisted only of the payment of dues and the decision to help Miss Bess Hall of Sweetwater, the members of the Society being asked for 50 cents each, and the other ladies of the church for whatever they would give. Mrs. Doss read a fine leaflet, Korea's Message to the World. Mrs. Merritt told of the work of our missionaries in Korea. Miss Jo Dry told of the non-Christian faith in Armenia. Mrs. Annis read a pretty poem. The session was closed with a prayer for the meeting.

BONDS APPROVED.

Judge Coe received information from the Attorney General's office last week that the \$2000 school bonds voted by the Buford district were approved. As these bonds will yield 5 per cent interest, they will be bought by the county, with money from the road bond sinking fund, which pays only 4 per cent. The money will become immediately available and work of erecting a nice, comfortable and modern school building at Buford will soon begin.

MONEY REFUNDED WITH A SMILE

Leading Drug Store Will Give Money Back Should There Ever be a Case Where Dodson's Liver Tone Fails.

Dodson's Liver Tone is a mild vegetable Liver Tonic which operates so successfully in cases of constipation, torpid liver or biliousness that it has practically taken the place of calomel—the drug which is so often dangerous. Floyd Beall, who sells Dodson's Liver Tone, recommends it as a reliever of constipation, sour stomach, biliousness and sluggish liver. It works gently, surely and harmlessly. If a bottle should ever fail to give satisfaction Floyd Beall will refund the price paid without question. The price of Dodson's Liver Tone is 50 cts. per bottle. Be sure you get Dodson's Liver Tone and not some medicine put up in imitation that is not backed up by a guarantee and that may contain harmful drugs.

Queen of the Pantry Flour at McMurry's.

Try Beal Bros. Market.

WESTBROOK HOTEL

I have taken charge of the Westbrook Hotel and am giving the best service possible.

I Make a Specialty of Sunday Dinners

relieving church goers of all worry and work about dinner. Special Auto service for inland points. Ample sample room for drummers and the best table the market affords.

E. T. PHILLIPS, Proprietor

G. F. C. MEETING.

Mrs. Vivian Shropshire was hostess for the G. F. C. Thursday. She had as her guests Miss Dry, Miss Jo Dry, Miss Terrell, Mrs. Stonerod, Mrs. Spalding, Mrs. Herd, Mrs. Mitchell, Miss Shropshire and Mrs. Jones. The usual delightful games of 42 were played. The royal prize, an embroidered towel, was won by Miss Jeanette Earnest. The lone hand, a fan, by Miss Nunn. The guest prize, a tatted handkerchief, by Miss Shropshire. The hostess served a lovely salad course. Miss Stokes will entertain this week at the home of Mrs. John Vaughan.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Prayer Meeting.

Thursday the organized Sunday school class of the Methodist church met with Grandmother Cooksey in a prayer meeting. The Sunday school lesson was studied, Mrs. Merritt being leader. Plans were discussed for the meeting and a good meeting held. Friday there was another at the home of Mrs. McGill. This was a workers' meeting of those interested in God's work, and much has been accomplished since.

Phone 35 for meats.
