EIGHTH YEAR.

COLORADO, MITCHELL COUNTY, TEXAS, FRIDAY, OCTOBER 31, 1913.

Whipkey Printing Company

YOU MAY BE DISAPPOINTED IF YOU WAIT

If you wait till the norther is upon us to buy your heater, you may be disappointed in getting it put up. Buy it now and be ready when the norther comes. I can't serve all at once.

I have the largest stock of Ranges ever brought to Colorado—

Wetter's and Buck's

—which are offered at remarkably reasonable prices. Come examine them before buying.

My stock of heating stoves, both wood and coal, was never larger or cheaper. I can fit you up in any price heater you want.

Don't wait until you need, but buy your heater now.

H. C. Doss

WILL THE TOWN DO IT?

Realizing that patrons of the post-office living in towns of the second and third class, are favored less in getting their mail delivered than any other class of patrons, an appropriation was recently made by congress of \$100,000 to test a system of free delivery in such towns with the help of the patrons. It has been denominated "Experimental Village Free Delivery," and in order to secure a try-out of the system, certain things must be done by the citizens of the town and certain conditions met.

As it is now, patrons living in towns of more than 10,000 inhabitants, as well as those living on rural routes, have their mail delivered to them at their own doors; while patrons living in towns of the second and third class, have to pay rent quarterly and go every day to the postoffice to ascertain if they have any mail.

Mr. Dawkins, connected with the postoffice department, and part of whose duties it is to investigate applications for this experimental system and inaugurate them on conditions imposed by the government, was here last week and met with some of our leading citizens to discuss this and other matters relating to the postoffice here. Application for another rural route from Colorado to Lowe's school house, thence three miles east to the Colorado and Robert Lee road, thence back to Colorado, had been made and every requirement, we understand, met. Mr. Dawkins investigated this proposed route, and it is practically assured.

Another feature of his visit was to renew the lease on the quarters now occupied by the postoffice and open bids for new fixtures throughout, the present ones being a quarter of a century antiquated. If the lease can not be renewed on terms most acceptable to the government, there will be a probability of change in location. As to the fixtures, we understand these were given the government by Martin, Byrnes & Johnson when first installed. The custom of giving the government the fixtures and making unusual concessions in rent, in order to get the postoffice located in certain parts of a town, has somewhat spoiled the government into expecting like favors all the time. If some generous patron does not come forward just at this juncture and donate new and up to date fixtures for this office, Uncle Samuel will have to stand the expense himself or put up with the old ones. The office needs modern equipment throughout, both for the convenience of the patrons and the postal force.

As to getting the experimental free delivery, the citizens asked sixty days time in which to make investigation as to the likelihood of meeting conditions, etc. Mr. Dawkins agreed to return at that time. The conditions are briefly these: The streets must all be named and the houses numbered with metallic signs and figures; there must be sufficient number of blocks so named and numbered to justify the salary and time of the carrier, on the basis of the work and time of any other carrier. There must be continuous and good sidewalks on all the streets served, with safe crossings of streets and alleys. Failure of only one person in a block to meet these requirements, prevents delivery on that block. It will require unanimity of action to secure this system, and all must work together. There will be only one delivery made each day, but the patron can still retain his postoffice box and key and go to the postoffice as often as he will a day. Nor will there be any delivery made on Sundays and holidays.

Whether or not the system would be worth to the community what it will cost to secure it, is a mooted question. Those who have already met conditions as to sidewalks, etc., are, as a rule, those who want their mail oftener than once per day, and are more or less indifferent to the change; while those who likely would favor the system most, are in the most unlikely position and location, to have the conditions met, living in the most sparsely settled portions of the town. However, an investigation will be made as to the cost of meeting all the government requirements; the district in which delivery is desired will be determined; the property owners canvassed, and the results laid before Mr. Dawkins on his return. If the system has proven beneficial to such towns as Elgin and Comanche, it looks reasonable that it would prove so to Colorado.

I have a few Phonographs to trade for any old thing. What have you to trade. See Doss.

Mr. C. M. Stanley of Houston, Texas, who spent a year and a half on the Colorado river, near Bronte, with a corps of 14 surveyors, and who recently finished his work, returned from New York where the project had been financed; laid his plans before the people of Bronte, Robert Lee, Miles, Rowena and Ballinger this week, and asked their co-operation and support of the project. The dam will be two miles below Bronte, will cost \$1,500,000 and the canals, laterals, etc., will cost as much or more. It is proposed to irrigate 300,000 acres on both sides of the river. A lake 23 miles long, reaching from Bronte to Robert Lee, will be formed and in many places will be 50 feet deep. It will submerge the entire Zach Davis ranch; and from one-half to two miles wide. The water from this lake will be available to irrigate the Lipan flats near San Angelo.

Mr. Stanley is not asking one dollar bonus of any community. If the farmers of that section will support the project, the financing will be certain by New York capitalists. The proposition he made to these communities was not published, but he only asks that a certain number of acres of farming land be put under contract for water. The site of the dam has been brought outright by Mr. Stanley, and work will begin, it is understood just as soon as contracts can be closed for taking the water by the different communities. Think of the potential wealth of 300,000 acres of Colorado valley land under irrigation. The product would well high feed and clothe West Texas.

The Record is glad of the prospects our neighbors have of getting this project. It will mean millions where there are now only uncertain hundreds. It would make that section the most prosperous in the state. Bronte has no monopoly on eligible site for such a project. In Mitchell county there is just as good site for an irrigation dam, that would put many thousands of acres of fine farming land under water. A complete survey was made years ago and the project pronounced feasible by engineers, but nothing came of it. Irrigation was not, at that time as important a question as it is today—in fact farming had not become the leading industry of the country. It was still regarded as only a stock raising country, and cotton was out of the question. If interest could be revived in this project, a new survey made and canals made more in relation to the present development of the country, the Record believes enough people with money to put the promotion through, could be found. Irrigation is no longer regarded by people with money to invest, as purely theory, for they have seen the desert made to bloom and yield ton upon ton of the sweetest alfalfa. They can see its marvelous and transforming effects any day, and they realize that it is the only absolutely certain system of farming in this country. No other form of investment is today as safe and certain of return as irrigation systems. The building of such a system on the river in Mitchell county as was one time contemplated, would be worth more to the county than any number of new railroads. Mitchell county will always have the Colorado river bisecting it from corner to corner, and some day people with money looking for a good investment will decide to plant it in a big irrigation industry near Colorado. Then will the day of the county's prosperity really begin.

FOUR MILLION DOLLAR PROJECT.

Big Dam Near Bronte on Colorado River Will Put 300,000 Acres Land Under Irrigation.

Mr. C. M. Stanley of Houston, Texas, who spent a year and a half on the Colorado river, near Bronte, with a corps of 14 surveyors, and who recently finished his work, returned from New York where the project had been financed; laid his plans before the people of Bronte, Robert Lee, Miles, Rowena and Ballinger this week, and asked their co-operation and support of the project. The dam will be two miles below Bronte, will cost \$1,500,000 and the canals, laterals, etc., will cost as much or more. It is proposed to irrigate 300,000 acres on both sides of the river. A lake 23 miles long, reaching from Bronte to Robert Lee, will be formed and in many places will be 50 feet deep. It will submerge the entire Zach Davis ranch; and from one-half to two miles wide. The water from this lake will be available to irrigate the Lipan flats near San Angelo.

Mr. Stanley is not asking one dollar bonus of any community. If the farmers of that section will support the project, the financing will be certain by New York capitalists. The proposition he made to these communities was not published, but he only asks that a certain number of acres of farming land be put under contract for water. The site of the dam has been brought outright by Mr. Stanley, and work will begin, it is understood just as soon as contracts can be closed for taking the water by the different communities. Think of the potential wealth of 300,000 acres of Colorado valley land under irrigation. The product would well high feed and clothe West Texas.

The Record is glad of the prospects our neighbors have of getting this project. It will mean millions where there are now only uncertain hundreds. It would make that section the most prosperous in the state. Bronte has no monopoly on eligible site for such a project. In Mitchell county there is just as good site for an irrigation dam, that would put many thousands of acres of fine farming land under water. A complete survey was made years ago and the project pronounced feasible by engineers, but nothing came of it. Irrigation was not, at that time as important a question as it is today—in fact farming had not become the leading industry of the country. It was still regarded as only a stock raising country, and cotton was out of the question. If interest could be revived in this project, a new survey made and canals made more in relation to the present development of the country, the Record believes enough people with money to put the promotion through, could be found. Irrigation is no longer regarded by people with money to invest, as purely theory, for they have seen the desert made to bloom and yield ton upon ton of the sweetest alfalfa. They can see its marvelous and transforming effects any day, and they realize that it is the only absolutely certain system of farming in this country. No other form of investment is today as safe and certain of return as irrigation systems. The building of such a system on the river in Mitchell county as was one time contemplated, would be worth more to the county than any number of new railroads. Mitchell county will always have the Colorado river bisecting it from corner to corner, and some day people with money looking for a good investment will decide to plant it in a big irrigation industry near Colorado. Then will the day of the county's prosperity really begin.

Mr. Bird Humphrey led the prayer meeting last Sunday night and did it as well as an old timer, he is however a man in the true sense of the word and has the strength his convictions, and that kind of men can do almost impossible things, the first time they are called on to do them, we are quite proud of the young man and we hope that he will stay with us for some time although his home is down East.

We had a heavy frost last Sunday night it caught a good deal of young feed and some cotton bolls.

The party at Mr. Earnest Shirliff's last Friday was a big success everybody had a good time, it was a tackey party and everybody dressed tackey and some of them was sure tackey too.

Mr. Woody McKeiver and family are visiting Mr. Jim Posey and family.

FAREWELL SHOWER.

As a token of the high esteem in which Mrs. W. E. Lyons is held by her church the ladies of the class of "The Daughters of the King" gave her a beautiful farewell shower at the residence of Mrs. D. N. Arnett last Thursday afternoon. The entire class was present and enjoyed the afternoon to the fullest. The guests were welcomed by the hostess and Mesdames Doss, Davis and Cooksey, who had also lovingly decorated the house for the occasion in green and yellow. After all had arrived the honoree was led in the dining room and there a beautiful picture greeted the eye. On the table was a huge pumpkin all decorated in green and surrounded by lighted candles. After a toast to Mrs. Lyons by the vice President Mrs. Van King the top was removed from the pumpkin and a large array of beautiful gifts were presented to Mrs. Lyon by Miss Arnett and Mrs. Floyd Beall. There were very imaginable dainty personal gift and these ladies want her to leave them with pleasant memories and enter her new home in proper style.

After all had examined and admired the gifts the hostess assisted by the daughters of the house served a salad course with hot tea.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour Stomach, Mean Liver and Bowels Clogged—Clean up tonight.

Get a 10 cent box now. Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which soured and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gasses, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Horse Bargain. For Sale two good horses. Will sell cheap if taken now. See CHESTER THOMAS.

School Children. I make it my business to mend your shoes. Bring all your shoes to me. TOM PAYNE.

GREAT TEMPERANCE SERVICE.

Next Sunday, Nov. 2nd has been set apart by our Governor as temperance day, with a request that all churches temperance societies etc, come together for a Union service. The pastors of the various churches of Colorado have arranged such a meeting to be held at the Methodist church at 7:30 p.m. and have also arranged with Bro. Atticus Webb, A. M. of Fort Worth to deliver his popular address on "Science and Alcohol." Mr. Webb has studied scientific temperance probably more than any other man in the South and speaks with all the authority of the scientific world behind him. He has delivered this address to about 75,000 people in Texas this year, and always to the delight of his audience. He will have some of the real stuff from Fort. Worth with him and show by demonstrations just what effect it has upon all the tissues of the body. Recently he delivered this address to a packed house in Alvarado and at its close the Methodist pastor was so enthused that he sprang up and said, "gentlemen, that address is worth \$100 to this community." It will be worth more to our town, if we give him a larger audience. Plainview recently gave him 1000 persons present. Let us do equally as well.

Remember, it is temperance and not prohibition, and deals in facts, not fancies. There is enough humor intermixed to hold the hearer in a close grip from the start.

ESTRAYED.

One dark brown mare about 15 hands high, ten years old, weight about 1050 pounds; has white star in forehead, and foretop clipped. Left Snyder last week and was seen near Buford last Wednesday. Any one knowing the whereabouts of this mare please phone the sheriff of Scurry County at Snyder.

NEW MOTOR INSTALLED.

The West Texas Electric Company received its new motor this week, which will be put immediately into service. It is a 60 cycle machine of the most modern make and the last word in light making equipment. The service already has been greatly improved in the local plant, but when the high power wire is put up from Sweetwater, and the high voltage current is brought over, there will be marked still greater improvement. This will also put Loraine and Roscoe in positions to enjoy as good lights and electric power as any town or city. For, as a matter of fact, the plant which the West Texas Electric Company is installing at Sweetwater, is the equal of any in the state. We understand this company has contracted with the Santa Fe system to furnish all the electric lights and power the road will require at that place.

On the assessment roll of taxable values of Mitchell county, 26 dogs, valued at \$8.50 were rendered as against 826 hogs, valued at little more than \$3,000. Just 800 more hogs in the county than dogs. The proportion should be eight thousand more hogs than dogs. There must, surely be a big leak somewhere; only 26 dogs are supposed to be in the county, but as a matter of fact that many canines may be seen early most any morning caucusing on the street corners of the town without a single tax receipt among them. At night they promenade the town and forage in all the swill barrels and back yards, doing sundry kinds of devilment, that only pawning dogs can do. Its about time another "pestilence" broke out in Dogville.

THICK, GLOSSY HAIR FREE FROM DANDEUFF

Girls! Beautify your Hair! Make it Soft, Fluffy and Luxuriant—Try The Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you see new hair fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it thru your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre and softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet county, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Have You an Unmarked Grave.

Then let me show you my designs and give you my prices before you buy a monument. I have not been in the business long but I have six satisfied customers and two more orders out. Phone me or write me and I will take pleasure in showing you my outfit.

YOUNGEST OPERATOR KNOWN

Dallas, Tex., Oct. —Master Oscar Wade Willard, a 6-year-old boy living at Waggaman, La., on the Texas & Pacific, is said to be the youngest telegraph operator in the country. According to Frank Tremble, superintendent of telegraph, Texas & Pacific Railway Company, and many others who have seen Master Oscar, the youngster can transmit "Morse" perfectly, receiving from ten to fifteen words per minute on the typewriter. He can take messages on the machine, and uses the touch system. At the beginning he did not know six letters in the alphabet. With four months training, not exceeding 30 minutes a day, he can now read and write, and is quite a little artist at handling figures.

A STORY A DAY.

A story a day for the 365 days of 1914—that is part of what you get by subscribing \$2.00 for The Youth's Companion's new volume. The fifty-two weekly issues of The Companion, will contain at least 365 stories, and all the other kinds of good reading that can be crowded between two covers—the best advice on athletics for boys, articles on dress and recreations for girls, contributions by famous men and women, suggestions for the care of the health, etc.

For the year's subscription of \$2.00 there is included a copy of The Companion Practical Home Calendar for 1914, and all the issues for the remaining weeks of this year, dating from the time the subscription is received.

If you want to know more about The Companion before subscribing, send for sample copies containing the opening chapters of Arthur Stanwood Pier's fine serial of life in a boys' school—"His Father's Son," With them we will send the full Announcement for 1914.

THE YOUTH'S COMPANION.

It will require some time for the last of the election returns in Mexico to filter in from the back districts.

Everyone knows the editor of a country newspaper gets ninety nine bickbats to one little flower, however humble.—The Colorado Record.

Another tribute to the liveliness of the country editor. Nobody throws bricks at a dead one.—Lexington Enterprise.

Old Huerta talking for publication to foreign correspondents, is as nice, quiet and mild a mannered man, as ever scuttled a ship or slit a throat.

Insurance on the life of the Czar of Russia commands the highest premium of any policy in the insurance line, and we imagine the premium on a policy on the life of Felix Diaz would come pretty high just at this time, or so long as Huerta is in power.

It is barely possible that the congressmen who are enjoying a well earned vacation before the first of December, may be called back on rush orders if Europe tries to force Uncle Sam's hand to a showdown on the Monroe doctrine.

There is a feeling pervading the atmosphere that the foundation is being now laid for a record breaking crop in West Texas next year. If the rains keep up as they have begun—general rains not local showers—there will be no lack of deep season in the ground next spring to bring up the crop and give it a fine growing start.

The total vote in Mexico last Sunday will not exceed 10,000 votes. If Huerta holds on to the presidency with such a showing as the final count will be, he will stultify his contention that President Wilson was not backed by a majority of the American voters, which he made in the beginning of Mr. Wilson's efforts to arrange a basis for peace.

The big cattle men of the south plains are highly pleased with their experiments with feeding silage. Henry Half, the Midland cattleman has two 200-ton silos, which he has just fed out to baby heaves, and is so well pleased with results that he has ordered another 200-ton silo erected in time to fill it and the other two.

opens up a new avenue to wealth to the farmer as well as the stockman. Next year, the Record expects to hear of hundreds of silos being erected all over this section.

Our neighbor, the Loraine News, announces its removal and establishment in brand new quarters, the past week, with ample room for its growing business. Chekel is making good in that town. No neater, brighter sheet comes to this office than the News.

If Colorado can meet the conditions the government requires for the village experimental delivery, it will speak much and loud for the condition of the town's sidewalks, streets and crossings. Where cities come under the free delivery by reason of their size the system is established without requiring the sidewalks to be first class and continuous, with good crossings.

The Record heard several gentlemen talking this week about the scarcity of available and eligible business houses in the town. One of them remarked that if he could secure a suitable house he would open a new business within one week. When we hear this kind of talk and pass by the site of the old St. James hotel, with its five splendid vacant lots, right in the very heart of the business district of the town, we can't help thinking there is something wrong somewhere.

The transition from bad crop conditions to good ones is not sudden or usually accomplished in one season. That would destroy the idea of recurrence of conditions and repetition of history. The extremes are usually reached by gradual betterment or progressive falling off.

SENATOR GORE SERIOUSLY ACCUSED.

For the second time within the past year, Senator T. P. Gore, member of the U. S. senate from Oklahoma, has serious charges preferred against him by a woman, although in the first instance, the charges were brought forward by the husband of the woman in the case.

Friends of the Senator in Oklahoma claim there is nothing in these charges, as they claim was clearly proven last winter, but that it is again brought to light just at this time to embarrass Mr. Gore in his campaign for re-election to the senate.

An honest, prompt and fair conference between teacher and parent when Johnny or Mary has some trouble at school would save much friction, hard feelings, misunderstandings and be to the benefit of the pupil, as well. A competent teacher is supposed to know what is best for the pupil while in the school room just as the parent is supposed to know what is best for it at home.

The Record received an invitation this week reading:—Rev. and Mrs. Holmes Nichols request the honor of your presence at the marriage of their daughter, Ruth to Mr. Virgil William Gates on Wednesday afternoon November the twelfth, nineteen hundred and thirteen at three o'clock, First Baptist Church, Mangum, Oklahoma.

Up to Thursday morning of this week Colorado had received 4391 Bales of cotton. The gins here had ginned up to that time as follows: Gary Gin Co. 1330, Colorado Gin Co. 1150, Concrete Gin 925.

Young Chas. G. Gates, who inherited millions from his father, the late John W. Gates, and who said that he had "money to burn" died on his private car at Cody, Neb., Tuesday, just as he was preparing to return home from an extended hunting trip in Wyoming.

How often you see an otherwise lovely face spoiled by homely hair—a face that would be most charmingly beautiful if she only had prettier hair. What a pity!—and how foolish! Because that ugly hair, stringy, dull, lifeless-looking though it may be, can be made as glossy, soft, silky and beautiful as the heart could desire if only taken proper care of!

The transition from bad crop conditions to good ones is not sudden or usually accomplished in one season. That would destroy the idea of recurrence of conditions and repetition of history. The extremes are usually reached by gradual betterment or progressive falling off.

ten days; very materially. Had West Texas received that rain two weeks before it did, the cotton crop would have been a bumper one; thousands of tons of feed would have been made more than have been, and the difference in dollars to the farmers would have run into the hundreds of thousands.

Wonder what has happened to our Spade community correspondent lately? We had hardly gotten used to expecting the weekly budget when they ceased. Come get a supply of stationery and postage and begin all over again.

We have known Miss Ruth from a wee tot and know her to be a bright talented young lady capable to adorn any sphere in society. We wish for her a happy and prosperous life. Their future home will be in Dallas.

Showing a total of 3405. This gives a showing of 986 bales received from country gins and Loraine and Westbrook. The yards here have weighed: Public yard 2821, Farmers Union 1570.

How often you see an otherwise lovely face spoiled by homely hair—a face that would be most charmingly beautiful if she only had prettier hair. What a pity!—and how foolish! Because that ugly hair, stringy, dull, lifeless-looking though it may be, can be made as glossy, soft, silky and beautiful as the heart could desire if only taken proper care of!

There is no industry more important to our progress than that of the cotton mills and none more in need of the patronage of our merchants and of the friendship of the people. Texas is on the frontier of the factory zone and the cotton mill is now a pioneer industry. It can thrive only where business conditions are reliable, a public sentiment stable, and the consuming public friendly to its output. The product is a staple one and when it enters the market must meet the competition of the eastern and southern mills where there is an abundance of waste labor, cheap fuel, cheap money, and where conditions are more settled.

We have fifteen cotton mills in Texas representing an investment of \$2,229,000, running 112,404 spindles and having a capacity of 40,000 bales, a yearly output valued at approximately \$2,250,000 and giving employment to 1,000 people.

Our cotton mills use less than one

of our cotton production; the remaining ninety-nine per cent seeks the foreign factory. The people of Texas consume approximately 220,000 bales of cotton per annum and yet out of the 40,000 bales manufactured in Texas, at least seventy per cent of it must find a market outside of the State, due to our failure to patronize home industry. It would require 1,500 cotton mills of the capacity of our present factories to consume the product of our farms, call for an investment of \$250,000,000, give employment to 150,000 people and add approximately a quarter of a billion dollars in value to our cotton crop.

These desirable conditions can only be obtained through co-operation and by fostering and encouraging this important industry.

The cotton mill and the cotton farm are inseparable comrades and in promoting the prosperity of the former we build up the latter.

Demonstration Work and Machinery on Exhibition at the Dallas Fair.

Building a public highway is the most important human event of this age and intelligent construction of roads the greatest triumph in modern science. It is authoritatively estimated that sixty cents of every dollar spent on public highways is wasted through faulty construction or in unwise methods of maintenance.

The exhibits of road machinery and model roads will be a public highway institute that every person who visits the State Fair of Texas at Dallas should attend.

The latest types of the most perfect road machinery will be parked on the Fair Grounds for convenient inspection. There will be model highways and demonstration roads laid out and samples of road materials and construction will be exhibited and their value and utility explained.

The improvement of our public highways is the most stupendous problem confronting the people of Texas today. We have 140,000 miles of public highways and 4,652 miles are surfaced with stone, gravel or similar materials. We spend approximately \$53.60 per mile per annum on public highways. The per cent of public highways improved in Texas is 3.2 and in the United States 7.14. We spend approximately \$7,500,000 per annum on public highways and \$3,000,000 annually on paved streets. Of this amount \$4,000,000 is raised by bond issues and \$3,500,000 by taxation. We spend on an average of \$2.00 per annum per capita on our roads and the average in the United States is \$1.55. We have four per cent of our public highways classed as "improved" and the average in the United States is nine per cent.

There is no better investment than money intelligently spent on public highways and every dollar invested in road improvement adds three times its value to adjoining property and every argument that applies to the improvement of private property will apply with multiplied force to the improvement of public property, and especially to public highways, as every farmer must use the roads.

There are many important lessons that can be learned from the good roads exhibit at the State Fair of Texas at Dallas, Oct. 18 to Nov. 2.

LIVE STOCK MARKET REPORT.

Kansas City Stock Yards, Oct. 27, 1913. Continued heavy cattle liquidation last week forced values 10 to 30 cents lower on everything but the best corn fed animals. Country buying was heavy, 35,000 head, but it ran more to stock grades than heretofore. Choice fed steers advanced 10 to 15 cents last week, and best cows, heifers and yearling held steady. The run of 23,000 cattle here today could be handled at steady prices were it not for a supply of 34,000 head at Chicago, and a 10 to 20 cent break there. Best fed steers are selling steady, tops at \$9.20, and other cattle are steady to 10 lower. Some stock cattle and butcher grades have arrived at Buffalo, and a few trains of Western Canada rangers at Chicago. Beef cattle prices at Toronto have advanced to a parity with Buffalo, and there is no incentive for shipping beef steers across the border. Such Argentine beef as has arrived in this country is middle and low class, corresponding to that which comes from American steers selling at \$7.00 or less. Kansas grass steers are selling at \$6.50 to \$8.75. Some Kansas steers sold in Chicago last week for less than the Kansas City bid on them, for the reason that Chicago killers claim Kansas cattle, which have been fattened on other than a corn ration, produce dark colored meat, which is discount-

ed at Eastern outlets for Chicago beef. The word has been passed along to stop Kansas cattle at Kansas City, as the Southern outlet served from here does not object to the dark colored meat. Colorado cattle are coming freely, good native Colorados selling at \$6.75 to \$7.25, Arizonas and other foreign cattle grazed in Colorado selling at \$6.10 to \$6.60, Colorado cows \$5.50 to \$7.00. Panhandle yearlings sell at \$6.50 to \$7.50 cows \$4.40 to \$5.75 heifers up to \$6.50, calves \$3.00 to \$8.50. Quarantine offerings are largely low grade grass steers selling at \$5.50 to \$6.50, and cows at \$4.50 to \$5.50. Hogs received some hard knocks last week, which are said to be due about this season regardless of supply and demand conditions. Receipts are running a little behind a year ago, and weights are light, 189 pounds average last week. The market is 5 higher today, top \$7.90, bulk \$7.45 to \$7.80. Sheep and lambs have sold strong every day for a week, and are 10 to 15 higher today, run 21,000. Some Colorado lambs brought \$7.25 and choice ones would do better than that. Ewes are worth up to \$4.35, yearlings \$5.50, feeding lambs \$5.90 to \$6.15. Demand from all sources is strong, and if the expectation of lighter receipts ahead is realized, strong markets should rule.

J. A. RICKART,
 Market Correspondent.

An Important Notice.

I have for sale, for the money, good oats, corn, bran, shorts, corn chops, thrashed maize, maize chops, prairie hay, alfalfa hay, cane hay, cotton seed hulls, meal and hulls mixed, Cotton seed meal, Cord wood, stove wood, oak wood, mesquite wood, dry wood, dead wood, Lump coal, nut coal, McAlester Coal, Colorado coal, Strawn coal.

Kerosene oils, gasoline and lubricating oils at wholesale only.

When in the market for any of the above see or phone me at once to avoid the rush. Free delivery while you wait.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

LORAIN NEWS ITEMS.

Miss Lorena Brown left Sunday for her home at Coleman after spending several weeks the guest of her brothers.

W. B. Winters and family have returned from a visit to Roswell N. M. and report a most enjoyable trip.

Mrs. John Johnson returned Monday from Winters where she visited her mother.

Rev. Carpenter a Cumberland minister preached at the Methodist church Sunday.

All the young people enjoyed a singing at Frank Johnson's Sunday night.

M. D. Chandler and wife are enjoying the Dallas fair this week.

W. L. Edmondson was busy in Sweetwater Tuesday.

Mrs. Hubert Toler was hostess for the Philanthropic Club on Friday last.

Alonso Phillips and wife are among those to enjoy an auto, they have purchased a Ford.

Prof. Hood of Westbrook was a Saturday visitor here.

N. W. Pendergrass and family have moved into one of the Henson houses and will be here for sometime yet.

Miss Taul of Midland is the guest of her uncle, A. M. Jackson and family.

C. M. Thompson and daughter Mattie went down to Dallas Saturday to visit and enjoy the fair.

Wiley Thompson and wife are rejoicing over the birth of a daughter to them on the 22nd.

Noah Caswell and wife left this week for Alabama where they are to reside.

Mrs. Jessie Pratt entertained the Ladies Aid Society on Thursday last.

Miss Lillie Nelson assisted in the Saturday rush at the Loraine Mercantile Co.

L. P. Pryor and wife of Roscoe were guests of Mrs. W. F. Altman the latter part of the week.

The Masons enjoyed an oyster stew and good time on Thursday night at their hall.

H. H. Knott has been quite sick, his wife was called home and his mother also came and will be with them for awhile.

Misses Florence and Mamie Wattington were in shopping Monday.

S. M. Garrett, wife and daughter of Silver were up Monday trading.

Miss Minnie Wattington of New Boston is the guest of her sister Mrs. H. R. Looby and will spend the next two months here.

Rev. Farris performed the double ceremony at Bauman Sunday afternoon for the marriage of the following couples: Mr. Robert Bankhead and Miss Emma Williams of Champion and Mr. Kasey McAdams and Miss May Compton of Bauman, all of whom are well known both in the country and town and have a goodly number of friends who wish them well as they journey through life together.

Mrs. T. A. Martin and children have returned from Dallas.

Mrs. D. C. McRea visited in Dallas this week.

Of all the merry making crowds that have yet assembled at the home of Mr. A. M. Jackson it was the one of Monday evening. At an early hour all the crowd numbering eight auto loads besides some in buggies arrived at this most hospitable home where one is ever greeted with the cherry smile.

Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have used Chamberlain's tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman st., Hornellsville, N. Y. For sale by all dealers.

and welcome. Enchanting music rendered by Misses Hall, Taul and Heuthorn assisted by Messrs. Bennett, Roland and Butler on guitar and violin delighted the crowd for hours and forty-two was played by some. Refreshments were served and with reluctance all departed hoping that they could soon come again where such good times are always had. The affair was complimentary to Miss Taul of Midland who is the guest of her uncle, Mr. and Mrs. Jackson were assisted by Mrs. R. E. Bennett and Miss Lela Bennett.

Miss Myrtle Copeland is home from Simmons College for a few days rest. Dr. Copeland and Morgan made a quick trip to Abilene this week.

Mr. Schyler Farris and Miss Maud Holbrook were married Sunday afternoon at 4 o'clock, seated in an automobile in front of the residence of J. M. Baker, Rev. Carpenter officiating. These young people are representatives of two of the best families and have been reared here and are well and favorably known and have a host of friends who wish them happiness and success in their new life. They have rented a cottage in the West part of town where they will be at home soon.

Mrs. J. W. Baker left this week for San Angelo to visit her brother and attend the Fair.

Mrs. M. H. Taylor of Arkadelphia, Ark., and children are the guests of W. L. Edmondson and family.

Fank Ridens and family came in from Sweetwater to visit relatives.

W. S. Erwin has returned from Mexico.

Hubert Toler is back from Dallas.

Mrs. G. W. Whitten was called to Ford City on account of the death of her brother-in-law Mr. Lindley.

W. R. Charters and wife returned Tuesday from Dallas where they visited and enjoyed the Fair.

Dr. Lindley and wife were over from Colorado Tuesday.

Doc Baker and wife of Lone Wolf have returned from Willis Point.

Messrs Joe and Jirde Bennett Herman Finley, Archie Thompson visited in Coahoma Sunday.

D. S. Filippo and wife are rejoicing over the birth of a daughter on the 25.

J. T. Coffee and family visited in Albany Sunday.

The Ladies H. M. S. will give a Halloween entertainment at the home of Dr. T. A. Martin on the evening of the 31st.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They Love to Take it and It Doesn't Harm The Tender Little Stomach Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative". Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

\$1575 Electrically Started Electrically Lighted Seven-Passenger

No Other "SIX" in the World Near this Price

The new Studebaker "SIX" stands absolutely alone and apart in the entire field of six cylinder cars.

At its price of \$1575—less by hundreds than the price of any other "Six"—it brings you vastly more than the operative advantage of the "Six."

It brings you these advantages, emphasized and enhanced because this "SIX" is not only a manufactured "SIX" but a Studebaker-manufactured "SIX."

Carries Seven in Comfort

It brings you passenger capacity for seven. It brings you the manifest advantages of electric lighting and starting through a two-unit system that has proved itself on thousands of Studebaker cars.

You have never before been able to buy such a car at \$1575.

Today you cannot find such another car, at this price, in the entire world.

Six Thousand Manufacturing Operations

How completely the Studebaker "SIX" is the product of the great Studebaker plants you will realize when you know that its construction requires more than 6,000 manufacturing operations.

We build its motor, from the raw iron and steel, down through the numerous processes of casting, machining, grinding and assembling to the finished product.

We build its full-floating rear axle; stamp the light though tremendously strong housing from the sheet steel we forge, cut and machine the axle and transmission gears.

Throughout the rear axle and transmission, and in the front wheels we use 13 Timken roller bearings for quiet, easy running.

Economical of Fuel and Tires

In fuel consumption we believe the "SIX" will match if not surpass, the economy of any car of equal horsepower. Its motor size is 3 1/2 x 5 inches.

It is economical because, in spite of its 121-inch wheelbase it is light, and easy on its 34 x 4 inch tires; yet it is wonderfully strong.

It is generously roomy and richly upholstered, and carries its seven passengers in utmost comfort.

In design and line, the "SIX" acknowledges no greater beauty and grace.

Separate Electrical Units

The starting and lighting system is the Wagner two-unit, starting motor and generator separate.

Lamps are Gray & Davis' highest quality, parabolic type.

In short the "SIX" lacks nothing in style, beauty or comfort.

Electrically Started Electrically Lighted Five-Passenger **\$1050**

This "FOUR" the Final Word Among Four-Cylinder Cars

This Studebaker "FOUR" has been developed from our experience in building 110,000 "FOURS."

Its price, \$1050, represents the outside limit you should pay for a "Four", because no "Four" can give you more, in actual value or performance, than this one does.

So its price is right. Its capacity is right. Its power is right. It is the right type—the last word among four-cylinder cars.

A Powerful Long-Stroke Motor

Nothing that we can say here will give you an adequate idea of the power possibilities of this car—or of the things of which it is actually capable.

The motor presents the latest approved engineering practice—cylinders cast en bloc, valves enclosed, exhaust and intake manifolds integral.

The intake is very short and direct, placing the carburetor in a most advantageous position.

In fuel, both oil and gasoline, it will give long mileage.

Thirteen Timken bearings reduce friction and wear to the minimum at every point in the transmission and rear axle and in front wheel hubs.

A Car Pleasing to the Eye

The "FOUR" presents the beautiful continuous stream-line effects, with hood sloped upward to a deep cowl.

Running boards are clean and free, with foot plates of aluminum.

The gasoline supply is under the cowl, giving a short, direct gravity feed to the carburetor.

Its rear axle is of the full-floating type, and completely accessible.

The rear springs are full-elliptic, very long and easy, and with the lower member suspended beneath the axle.

Electric Lighting and Starting

It has left hand steering and center control. The electrical starting and lighting equipment is the Wagner two-unit system—two units for greater efficiency and greater dependability.

Headlights are Gray & Davis' best quality parabolic lamps.

The windshield is of new design, ventilating, clear vision and rain vision.

Most Modern and Complete Equipment

Rims are detachable demonstrable, with one extra rim and tire carriers at the rear.

Studebaker-Jiffy curtains are always ready for quick lowering from within the car.

The dash equipment includes illuminated speedometer, oil feed and electric current indicator.

Electric horn, robe rail, tools and tool box are also furnished with the four.

The car can now be seen at the Studebaker garage, and a demonstration arranged.

"Buy it Because it's a Studebaker"

Not because of the price mark; but because of the trade mark.

Not because of the good looks; but because of the good name.

Not because of the outside, but because of the inside.

Studebaker Detroit, Michigan

F. S. KEIPER LOCAL AGENT

CUTHBERT CULLINGS

Rev. Carmack of Westbrook filled his regular appointment Sunday. Owning to the cold several people stayed at home.

The Cuthbert gin, managed by Womack and Saddler has ginned 260 bales of cotton to date.

It is reported that cupid has singled out two young people of the Cuthbert neighborhood but we do not know what progress he is making.

An old time norther came down upon us Saturday night and made us look for extra coats, etc.

SI SLOCUM.

COW BOY BOOTS.

Cow mens boots a specialty. Made by experienced workmen and the best material. See me before you buy your boots. Satisfaction guaranteed I will make close prices and especially ask the stockmen to give me a special trial boot order.

TOM PAYNE. At Fred Meyer's Old Stand.

Certainly if a new feed crop, claiming attention of the farmers of West Texas, can make good in a season like the one just past, when the old standbys hung their heads in the withering and burning sun, day after day, it has demonstrated its claims to be noticed and given a fair honest trial. Reports coming from sections where the new forage crop, feterrita has been tried, and in many places only half tried.

sound its praises as the superior of maize or kaffir as a drought resister, besides making just as valuable feed for stock. It seems to require but little attention, and will remain green and thrifty when other forage crops are wilting and checked in their growth. It will be tested out for silage, and if it turns out as well as its friends say it will, it will afford a sure solution

to the winter feed problem for those who have silos.

Causes Further Talk.

Because so many people are telling of their experience with Hunt's Lightning Oil for Headaches, Rheumatism, Neuralgia, etc. Others are lead to give it a trial and are convinced immediately of its merits as a pain killer. Are you to be convinced? Ask the Druggist.

OUR HOME INDUSTRIES

I—MANUFACTURED GOODS.

We consume \$750,000,000 of manufactured goods per annum and of this amount \$650,000,000 is manufactured out of the State.—Commercial Secretaries.

MILLION BARRELS OF FOREIGN FLOUR IS SOLD IN TEXAS ANNUALLY.

Texas Millers Heavy Purchasers of Oklahoma and Kansas Wheat.

Industry Susceptible to Marvellous Development.

The flour mills of Texas constitute one of the most important industries in the State. According to the Federal census report of 1910, we have 238 mills, employing 1,899 people and representing an investment of \$13,219,000. The industry has shown an increase of 118 mills and an increase of investment during the past decade of \$9,236,000 and now ranks third among our industries as to capital and second in value of its output.

We have a flour milling capacity of 7,800,000 barrels annually. The average consumption per capita is about one barrel per annum or approximately 4,000,000 barrels, leaving 3,800,000 barrels to seek an export market. A few mills not able to enter the export trade have been compelled to shut down for want of a market, although a million barrels of foreign flour are sold in Texas each year. The patronage of home industry would open these mills and give employment to 500 people and increase the demand for wheat raised by the Texas farmers.

The miller is perhaps the only manufacturer in Texas that has outgrown the raw material produced on our farms. We produced last year 11,025,000 bushels of wheat which is 25,000,000 below the annual capacity of the mills. The Texas millers are heavy purchasers of Oklahoma and Kansas wheat. A number of the Texas mills have built up an extensive export trade with Central America, Cuba, Porto Rico, and quite a few of them go to England and the Continent with a considerable bulk of their output.

The opening of the Panama canal will enlarge the marketing zone of the Texas output and call for an increase in the area of our wheat fields, but both the farmer and the miller need the friendship of the consumer in building up our flour industry.

25 cents in the Record classified ads will turn the trick.

WATER! WATER!

The Discovery of Subterranean Lakes and Impounding of Rainfall Reclaiming Arid Regions.

The cry of Water! Water! as it echoes throughout the arid regions of the state and this abundant liquid gushes to the surface to moisten the parched earth, is a welcome sound to every farmer. Subterranean lakes are so frequently discovered and rainfall so easily impounded, that water has become largely a question of effort.

Water has caused more trouble by its abundance or scarcity and has more often become a welcome or a disagreeable guest, than any other element in nature. Its proper distribution has baffled even the skill of divinity and getting it in the right place at the right time is one of the greatest problems that confronts the people of today.

The solution of this important problem insofar as human ingenuity has been able to solve it, will be demonstrated at the exhibits of irrigating machinery at the State Fair of Texas at Dallas, Oct. 18th to Nov. 2nd. Machinery adapted to every need and condition from pumping water into the kitchen sink to irrigating a league of land will be shown and its utility proved.

These exhibits are as interesting to the housewife as to the ranchman. Drawing water from the well is one of the most back-breaking of household duties and the shifting of this burden to machinery is one of the educational features of the Fair. There are a million homes in Texas that should be equipped with the latest modern conveniences in these labor-saving devices.

We have 5,238 farms under irrigation in the State, containing 451,000 acres. The bulk of our irrigated lands is devoted to the culture of rice, the total acreage devoted to this crop being 287,000. Alfalfa is the second important irrigated crop and 13,780 acres are devoted to its culture while corn takes third place with 9,068 acres. The cost of construction of Texas irrigation systems is estimated at \$13,500,000 by the Federal Census Bureau. It costs approximately an average of \$3.50 per acre to irrigate land, depending upon the character of the crop. The yield per acre of crops under irrigation approximates 45 per cent higher than that of those raised under natural methods.

Trimmed hats from \$1.50 up Saturday at Mrs. B. F. Mills.

KING COTTON WILL SIT ON HIS THRONE AT THE TEXAS COTTON PALACE.

The Fleecy Staple Shown in All Forms From Planting to Making Cloth.

Cotton shown in all its forms from the plant to cloth will be one of the leading educational features of the Cotton Palace at Waco opening November 1st and closing November 16th.

All the subjects of King Cotton will assemble at the Palace; The by-products of both lint and seed will sit around the throne in the order of their importance and the manufacturing processes will be demonstrated in important instances. It is here all subjects will give an annual account to their king and the record will be one of glorious conquest and achievement. By visiting the throne room of King Cotton, one will be convinced that the half has never been told.

In the production of cotton per capita we excel any other country on the globe, and without our cotton the world would go naked and shiver with cold. Civilization has assigned to Texas the monumental task of clothing 300,000,000 people. To perform this gigantic mission, a half million plows must turn 12,000,000 acres of fertile soil per annum and over 2,000,000 people cultivate myriads of plants whose tiny looms weave from earth and air a fleecy staple that runs 4,600 gins, operates 113 compresses, runs 194 oil mills that crush 2,000,000 tons of seed, runs 30,000,000 spindles and fills the counters of two hemispheres with the most serviceable raiment the world has ever known. The story of the growth, utility and power of the world's greatest industry will be presented in a most convincing and unforgettable manner.

The whir of the machinery as it takes the fibre from the boll and transforms it into a beautiful garment for the wardrobe of mankind, is one of the most instructive and important lessons in Twentieth century civilization.

The turning of cottonseed from waste into profit is the most wonderful industrial achievement of the age. The seed, considered worthless a quarter of a century ago, now brings the Texas farmer \$40,000,000 per annum. The by-products of this marvelous seed are legion and they will be on exhibition at the Palace, each telling a simple story of usefulness and power.

Pattern Hats, the latest designs at Mrs. Mills.

Eaves-Webb Sanitarium

As our second week's business closed we had examined and treated more than twenty people, suffering from almost as many different diseases, and we are proud of the fact that every one has been more than pleased with results. Not one has come that hasn't been benefitted even more than they anticipated. We are here for results and we are getting them.

Don't be deceived by reports that we will soon be gone, or the "Fake" scare. We are permanently located and are financially and every other way able to take care of our business. If you are suffering from any diseases—acute or chronic—come. As your neighbor has been healed, why not you? Come and get the benefit of a scientific application of Nature's Remedy—i. e. Drugless Treatment.

This is no faith cure, but the scientific application of remedies that have effected cures, and it certainly will again; and remember, about ninety-eight per cent of our patients have tried many other doctors and medicines without a cure, and you have their word as to the benefit they got. Many cases we have had have been pronounced by others incurable. Their evidence is, "We have cured where others failed."

TESTIMONIALS

This is to certify that I have had chronic inflammatory rheumatism for five years and tried almost everything I could hear of without relief, and since last fall have been unable to use one of my hands for any purpose, it being badly swollen and stiff. I couldn't even hold a paper to read. After two weeks treatment at the Eaves-Webb Sanitarium, swelling has almost gone. Can use my hand fairly well. Can lift several pounds, in fact I have improved from the first treatment. I have gained eight pounds in weight and feel much better in every way. I heartily recommend these people to any one suffering from this trouble.

(Signed) A. J. HAMILTON.

Colorado, Tex. Oct. 21, 1913. This is to certify that last March I was stricken down with nervous trouble and since that time have been unable to do work of any kind. Having several of these nervous spells every day and I was in constant fear of them and suffered untold agonies. I tried every doctor and medicine I could find. Doctored myself, in fact, did every thing I could do without relief. These nervous spells continuing every day. One week ago, I began treatment at the Eaves-Webb Sanitarium and haven't had another nervous spell. Have eaten all I wanted of any kind of food, and I feel like a new man.

Signed, L. W. JONES.

Colorado, Tex. Oct. 21, 1913. This is to certify that I have been afflicted with nervous and stomach trouble, not being able to eat a great many things without giving me a great deal of trouble. I have tried almost everything I could hear of without relief. I have taken ten days treatment at the Eaves-Webb Sanitarium, and have received a great benefit. I can eat anything I wish to and it doesn't hurt me at all. My nerves are quiet, all the time and I feel greatly relieved and benefitted. I could realize a benefit from the first treatment I can eat and sleep well now and feel good.

MRS. MYRTLE CHAPLIN.

Sept. 24, 1913. J. E. Eaves, Colorado, Texas. Dear Sir—Replying to yours of recent date will say: That I had suffered several hard attacks of appendicitis and the Drs. told me I would have to be operated on. So hearing of your place and seeing a party that had been in the same condition and had been cured there without an operation I decided to try it although at that time I hadn't the least confidence in drugless methods. I was cured sound and well haven't had a return of the trouble. I now believe in your work and any one who will try it as I did will believe also. Hoping you much success in your new location, I am Respectfully,
MISS ALMA HARRELL

Sick man or woman, lay your prejudices aside; come as others have come; you have their words for what they received; why not you the same? Come as a child to its father—lay your burdens on our shoulders; we are able to help you. Why suffer when health and happiness may be at your door? Come talk your case over with us; it costs you nothing and it may lead you to health and happiness. It will surely do you no harm.

We use means known to the medical profession for your relief or cure. See what our patients say—i. e. "We have cured where others failed." Consultation Free.

+++++
GOOD ROADS BRING PLEASANT
JOURNEYS.
(By Homer D. Wade.)
+++++

To bond or to bog,
that is the question.
The lane that never
turns is the muddy
lane.
Quit spending
money on roads, try
to invest it.
A road tax means
patch work. Road
bonds spell perman-
ency.

An improved highway is the shortest
distance between two given points.
Good roads is a question that involves
the happiness of the home. The per-
petuity of our Government.

Economy in all its phases is em-
braced in the construction of good road
and good streets. Advocates of good
highways are the heralds of prosper-
ity.

A large portion of ignorance in our
State is due to a lack of improved high-
ways. Good roads beget wisdom and
is an evidence of good citizenship.

A good way to keep the boy on the
farm is to have good roads, and make
rural life as attractive as city life. An
effective way to reduce the cost of liv-
ing is to cheapen the marketing of
the products.

If you would prosper, make wise in-
vestments. In road building the best
investment is to have the proper ma-
chinery, with the application of busi-
ness judgment in the expenditure of
road funds.

I had rather live in a hovel on the
side of a permanent road than to reside
in a palace where there is no such
highway. I had rather be an advocate
of good roads than be King on a throne
and oppose them.

I would not discourage foreign mis-
sionary work, but I am rather envious
of the permanent highways that have
been constructed in some of the coun-
tries to which we are sending Christian
missionaries.

MEN WHO HAVE CREDIT.

Credit is a great asset for farming,
where it is so important to have capi-
tal. Of course those who have the
cash to improve their farms are for-
tunate, for then they can get interest
on the investment as well as profit in
greater production. But there are
many who have not the capital, but
whose intelligence and experience are
such that investment in equipment
would greatly increase the income and
provide better profits. It is for this
latter class that a system of rural cre-
dits is needed.

But character is the best security
for credit. There are many men
whose property affords only a small
portion of the security for loans they
are able to secure and for capital that
they use profitably. It is the man's
character, after all, that makes his
credit good regardless of his property.

Young men who begin farming first
for themselves should be very careful
about their responsibility. Confidence
of business men, especially bankers,
is highly desirable; it is indispensable
in progressive agriculture where farm-
ers buy in quantity and advertise
their products. And this kind of ag-
riculture offers more inducement to
young men than any other.

There is great satisfaction in having
the confidence of business men whose
influence is worth while. And the on-
ly way for one to have the respect and
esteem of one's neighbors is to merit
it. We must prove ourselves prompt,
trustworthy and financially responsi-
ble before we will be thus considered
by business men.—Farm and Ranch.

**OUR AGRICULTURAL PRO-
DUCTS CROSS OCEAN TO
REACH FACTORY.**

Each Consumer Should Call for
Texas-Made Goods.

Texas Farmers Produce \$600,-
000,000 of Raw Factory
Material Annually.

The farmers of Texas produce
\$600,000,000 worth of raw material
per annum which must pass through
the factory before it is consumed,
and \$100,000,000 is the raw material
capacity of the Texas factories. The
balance must journey to the foreign
factory and a large per cent of our
agricultural products cross the ocean
to reach it. These statistics present
a startling necessity for more facto-
ries and in defense of our growing
country we must have them, but
many of the factories we now have
are compelled to seek out-of-state
markets for their output and a few
have had to shut down for want of
a market.

Every consumer is a market-mak-
er and can become a powerful fac-
tor in building up the manufactur-
ing industry in Texas by calling for
Texas-made goods. If we would pa-
tronize home factories, it would call
for an investment of \$500,000,000
in the manufacturing industry, give
employment to 400,000 people and
provide a home market for the prod-
ucts of the farm, ranch and mine.

The federal census reports show
4,588 manufacturing establishments in
Texas. The capital invested is
\$216,876,000, there are 84,575 em-
ployees engaged in the business; the
factory value of the annual output
is \$272,896,000 and the value added
to the raw material by manufactur-
ing is listed at \$94,717,000. The
four leading industries in the order
of the value of their annual output
are:

Slaughtering and meat packing,
\$12,530,000; flour and grist milling,
\$32,485,000; lumber and timber prod-
ucts, \$32,201,000; cottonseed oil
and cakes, \$29,916,000.

During the past five years we show
an increase in establishments of 1,-
130; in capital invested an increase
of \$101,211,000 and an increase in
employees of 26,683.

Consumption Takes 350 People Every Day

in the United States and the surprising truth is that most cases are preventable with timely, intelligent treatment.

These pills should warn us that our nerves, cells, over-work by any other means upon strength, Scott's Emulsion should be promptly and regularly used because tubercular germs thrive only in a weakened system.

The tested and proven value of Scott's Emulsion is recognized by the greatest specialists because its medicinal nourishment assimilates quickly to build healthy tissue; aids in the development of active, life-sustaining blood corpuscles; strengthens the lungs and builds physical force without reaction. Scott's Emulsion is used in tuberculous camps because of its rare body-building, blood-making properties and because it contains no alcohol or habit-forming drug. Be sure to insist on Scott's.

Scott's Emulsion, Bloomfield, N. J. 13-76

Fresh vegetables at all times at McMurry's.

E. B. Gregson, manager of the W. L. Foster pasture, south of Iatan, was a business caller this week. He is taking precaution to head off the hunters from the pasture, and posted all the Foster lands. He says he intends to strictly enforce the law this fall against trespassing.

Now that school has begun you mothers will have so much to do. Why not lighten your work by sending your washing to the laundry. We will iron your flat work, starch and dry the wearing apparel for 35 cents per dozen or four dozen for \$1.00—Colorado Steam Laundry.

Nelson Vaughan was a Dallas fair visitor this week and had a great time taking in the sights. Nelson said he saw the whole show.

Mrs. R. Franklin and her sister, Mrs. T. J. Corley were appreciated visitors this week and renewed for the Record and Dallas News. These are the two best papers in the state and rank in the order named above. Mrs. Franklin is a staunch friend of the Record and always keeps paid in advance.

For Sale or Trade—Three small farms near Colorado. Also one 2-section and a 12-section pasture in Sterling county. Will sell or trade for Mitchell county property. What have you? L. C. DUPREE. 10/10/10c

Horse-shoeing a specialty at Spaulding's Blacksmith shop.

Jerald Roldan was a Dallas Fair visitor this week.

Logan Spaulding has secured the services of Lee Green expert horse shoer.

The Dallas News of last Friday contained a special dispatch from Goree, Texas stating that Rev. J. P. Chambliss fell dead at that place, supposedly from heart trouble. Mr. Chambliss was formerly stationed at Colorado, and has many friends here who will mourn his sudden death.

Now that you have so much fall sewing to do you can lighten your work so much by sending your washing to the Laundry.

Mr. F. B. Whipkey, who has been at the Torbett sanitarium at Marlin, the past two weeks, is still quite feeble, though improving slowly. The hot water baths, in driving the poison from her system, caused other complications. Though her general condition is better than when she went there, her building up will be slow. Her friends here at home deeply sympathize with her in her afflictions, and hope for the speediest recovery.

DO YOU WANT TO JOIN?
If you want to join the Woodmen of the World or the Woodmen Circle see Ernest Keathley and he will take your application.

Send your washing to the Colorado Steam Laundry and keep cool.

Chafing Dish Party.
Misses Lela and Irene Whipkey entertained a number of their friends last Saturday evening with a chafing dish party. They made divinity and wench rarebit and ate until we imagine they had the dreams like unto "Nemo." in the funny papers.

DEDICATION.

Mr. and Mrs. J. L. Doss spent Sunday in Abilene to be present at the dedication of a Brass Tablet in the Episcopal church in memory of Miss Elizabeth Lee, aunt of Mrs. Doss. Miss Lee had lived in Abilene since the beginning of the town and had been a member faithful and true, hence it was a sacred privilege in which the congregation was glad to partake.

For Sale.

I have two good Jersey milk cows for sale, both fresh in milk and are good young cows. Price \$40 and \$50 see or phone.

RAYMOND JOHNSON. 11.

The current issue of the Ladies Home Journal, marks its thirtieth birthday. Mrs. A. L. Whipkey informs us she has been taking it with this issue just twenty one years and has never missed a single copy. She has been their representative for twenty years and would be glad to add new names to her list who will enjoy it as she has done. Ring 157 and let her talk to you about it.

YOUNG METHODIST MISSIONARIES

The young people of the Methodist church will give a missionary program on "living pictures of missionary work" at the church Nov. 16th. They are now at work on it and hope not only to entertain but to edify on missionary work.

For Sale or Trade—One Ford auto, good running order. Go anywhere and always get back. See W. R. Euday. 10/10/10c.

We carry a variety of packing house goods. Phone us and see what we have. BEAL'S MARKET. 10/31/11

We appreciate your trade and want more of it. Lee Green is with me now to shoe your horses.

LOGAN SPALDING.

Arrested.
Further arrests are being made daily—not of persons, but of pain. 'tis Hunt's Lightning Oil that so many people are talking about because it arrests and stops pain, and affords almost instant relief in cases of Neuralgia, Rheumatism Headaches, Burns, etc. Just try it if you want pain to quit quick.

G. F. C.

Miss Ura Wulfjen entertained in her hospitable way, the G. F. Club last Thursday.

The club has now been converted into a sewing club and the girls have as good a time as they did at "42". Every member brought her sewing and many Christmas presents are now under headway. They had as guests, Messdames Stoneham Beal, Henry Doss, M. K. Jackson, Shipman, Leslie Crowder, W. W. Hart and Towle of Snyder, Misses Hutton, Ellis Aldrick, Russel, Leathers, Ely, Burk and Exie Campbell. She served a salad course with hot coffee for refreshments. The meeting this week is with Miss Irene Whipkey.

LET THEM GO.

Quite a discussion prevailed on the street one day this week as to the date of the last visit of the Gentry dog and pony show to this place. Some contend it was here five years ago; some thought it had been six years; while others yet were sure eight years had elapsed since its last visit to Colorado. The Record is positive the show has not exhibited in Colorado since the paper has been running under its present management—February 1906. Likely it was here during the fall of 1905. But whenever it was, the show is not the same class it was then. By combining and enlarging, it is today one of the largest of its kind on the road, and the Record regards its coming as a treat to the people of Colorado and Mitchell county. It is not often that a first class circus comes to Colorado, and our people will not fail to see it. So far as carrying money out of the country goes—people who spend money in going to circuses and taking their children, will spend not one cent less with Colorado merchants because of going to the show. Those who won't spend money to see the show, will not spend one dime more at home. Its the very people who patronize shows and circuses that support the home merchants. A boy or girl without the experience of shows and circuses, is not a natural one; they have missed something that goes to make childhood a pleasant memory. No first class circus or show ever did a community harm by coming into it. The harm is done by the horde of villainous fakes and imitations that go over the country with nothing more attractive than their advertising pictures, which they buy by the ton. The disreputable gang of thugs, thieves and harlots that usually go with these fake shows, are the factors that take good money from the country. A show such as Ringling and the Gentry's spend all as much money in a community as they take out; and they pay good prices for all they buy. Seeing the Gentry circus when it comes here next week, will remain a red letter day in the lives of hundreds of boys and girls of Mitchell county. If your boy or girl needs half a dollar to see this circus, it will be money well spent to let them have it.

Weather Forecast.

Colder with rains causing rheumatic pains. Hunt's Lightning Oil stops all aches and pains whether from Rheumatism, Neuralgia, Cuts, Burns or Bruises. The quickest Liniment known. 25c and 50c bottles. All Druggists.

THERE'S A REASON.

Many people wonder how it is that F. S. Kelper sells so many Studebaker cars, while other dealers complain of slow sales. Well, there's a reason—in fact, two of them. First and foremost, Kelper handles a first class car; no man's money can buy a better one at same price; they are not made. The fact that an automobile factory can sell every car it can possibly make; and more of they had them, enables the factory to sell them at rock bottom figures, because there are no losses or left-overs to be charged off the books. Every car is sold before it is finished. A second good reason is, he tells prospective buyers about his cars. Calls attention to their great points and explains what the layman does not understand about them. He keeps his cars before 2,000 people by carrying an ad in the Record. Every word he says is read with interest. How long think you, wouldn't require a non-advertising dealer to tell these things by talking to individuals—one man at a time. Where and how could he get them together? When he runs his ad in the columns of the Record, he reaches the fireside of 85 per cent of the people of Mitchell county. These are the reasons that he sells the cars, and always to satisfied customers.

Notice County Trustees.

A meeting of the County school trustees will be held at Judge Coe's office on Monday next, Nov. 3rd and every trustee in the county is urged to be present. Business of grading schools etc, will come before the meeting and it is important that all are present.

TO THE BAPTIST LADIES.

The ladies of the Baptist Church will pack a box for Buckner's Orphans Home next Thursday at the church at 3 p. m. and the president of the Aid Society is very anxious that every lady member be represented with at least one new garment and any good out grown garments. Won't you please do your part.

TRY THE NEW COAL MAN.

I am now prepared to furnish you with the best grades of McAlester and Strawn coal at right prices, and solicit a trial order.

I am still prepared to take care of your needs for horse, cow and chicken feed, as well as pay the highest price for cotton seed, maize and kafir corn. Phone 346. 11/24.

A. L. SCOTT.

Lunch With Excellent Coffee.

The popular grocery store of A. J. Payne, was the scene of refreshment and enjoyment last Monday. Mr. Payne is the local agent for the justly famous "Maxwell House Blend" coffee, and the travelling representatives of the Cheek-Neal Coffee Company, Mr. and Mrs. R. C. Ledford, were here to give a public demonstration of this particular brand of coffee. Accompanied by a full line of Brown's fancy cakes and cookies, for which Mr. Payne is also local agent, the delicious brew was dispensed to all who came—as much as was wanted, and after taking one cup of this most exquisite coffee, it was almost impossible to refuse another. There was but one class of criticisms on the coffee—that it "was about the most delicious ever drunk."

In this day of imitation and substitute, a first class article of coffee is not to be had everywhere. Merchants will frequently sell as the "best" coffee they know to be of inferior grade. So, when a real article of genuine first class coffee is found, it is wise to stick to the merchant who introduces and handles it. His profit is less on a first class article than on the inferior grades; but he wisely argues that a satisfied and pleased customer on one article will become a customer on other lines. Coffee is the chief feature of the morning meal. A cup of delicious and fragrant coffee will do much to excuse all else; while a cup of imitation stuff will spoil an otherwise perfect meal.

Mr. Payne is handling the "Maxwell House Blend," and invites everyone to test its merits. Include a package in your next order for groceries, and you'll use no other kind. Remember the name—"Maxwell House Blend"—there's none better made.

They Make You Feel Good

The pleasant purgative effect produced by Chamberlain's Tablets and the healthy condition of body and mind which they create make one feel joyful. For sale by all dealers.

L. C. Dupree, assuming to speak for many more, asks the Record to register an ardent, piercing, back-breaking kick against the useless habit of blowing the whistles at the various industrial plants very early in the morning. The sleep disturbing power of the whistles is what he objects to. We told him the whistles were blown at that hour to wake the hands who worked at the different places and prepare for the day's business, generally. These whistles are a kind of time marker and many people come to depend on their blowing to begin work. We were surprised to hear this kick on the part of friend Dupree. We had always imagined him an exceedingly industrious man; and at the hour the whistles blew, thought of him as up and stirring—cutting stove wood, working about his home at some odd job—never in bed at the late hour of 5:20.

Weather Forecast.

Colder with rains causing rheumatic pains. Hunt's Lightning Oil stops all aches and pains whether from Rheumatism, Neuralgia, Cuts, Burns or Bruises. The quickest Liniment known. 25c and 50c bottles. All Druggists.

LOCAL NOTES

Phone for fresh peaches to McMurry. He has 'em every day.

Dr. W. R. Smith and family left Wednesday night for Dallas to spend a few days at the fair.

Don't fail to see those cheap hats at Mrs. B. F. Mills before buying—Saturday only.

McMurry pays highest prices for all kinds of country produce.

Mrs. J. W. Bird returned from Waco last week where she had been attending the last illness and death of a sister. The Record with her friends extend sympathy.

Why not send those quilts that you have been using in the yard all summer to us to be laundered, 25 cents a piece or five for one dollar—Colorado Steam Laundry.

Specialty new designs in Millinery at Mrs. B. F. Mills.

The Christian Aid Society had a meeting this week and are hard at work on bazaar things which will be some time in December.

Ben Morgan will begin serving all kinds of hot drinks soon as the weather permits.

McMurry has the exclusive agency for Queen of Pantry Flour. Best flour made, every sack guaranteed.

The Methodist ladies are anticipating a pleasant time Hallow'een. The tickets are on sale at Mrs. Barcroft's where the procession will be formed and go from there to Mrs. Arnett's then on to Mrs. Earl Jackson's from there to Mrs. Sam Wulfjens—Some thing interesting will be had at all places and all their friends will be heartily welcomed. The entire circuit can be enjoyed for twenty five cents.

Good Bain Wagon For Sale—Only slightly used, good as new. If you need a wagon this is your chance for a bargain. Come talk to me about this. BEN MORGAN, 10/24c

Fresh Fish, 15c the lb. at Mac's Cafe at all times. 10/31tf.

Mrs. McGuire of the Union community, spent the present week with her old neighbor, Mrs. E. M. McCressless.

Highest prices for chickens and eggs paid by McMurry.

All the newest and latest designs in Millinery at Mrs. Mills.

Miss Mable Denman, the professional nurse from Abilene, who has been here nursing Idell Hart, operated on several weeks ago, left for her home Wednesday night.

McMurry wants your produce—pays top prices.

School supplies, inks, tablets, pencils, pens, chalk and everything used in the school room at Doss's.

Messrs House Fly and Amos Keeter who have been spending the summer and early fall in our midst, and who have been the recipients of much attention, being received in the homes of the best people of the community; announced their early departure this week, but will return next summer. From this time till their final departure, neither will be met in general social gatherings, but will spend the interval in the house, packing their trunks and settling their long due bills. Tata, Amos; O you, Mr. Fly.

Fine peaches every day, eating and cooking varieties, at McMurry's.

Our millinery stock is complete. Order your winter hats now and have them designed and trimmed to suit. MRS. B. F. MILLS

Tonight the spooks will be abroad and turn all things topsy-turvy unless they are bolted down or chained. Don't feel a bit surprised to go out tomorrow morning and find your buggy on top the barn or your neighbor's front gate at your own door. About the only things that will be perfectly safe from disturbance will be a bulldog and the electric dynamo.

How's This?
We offer One Hundred Dollars Reward for any cure of Catarrh that cannot be cured by Hall's Catarrh Cure.

Take Hall's Catarrh Cure for constipation.

Mr. and Mrs. J. R. Hastings returned from Dallas Tuesday.

Registered Poland China Boar is now ready for service at my place. See or phone No. 8. 18-14pd.

Misses Rena Key and Essie McGuire returned from the fair Tuesday.

Fresh Fish at Mac's Cafe at all times 15c the pound; cheaper than beef or pork. 10/31tf.

Mrs. J. L. Allen, Misses Eva Jackson and Hazel McKenzie spent Monday and Tuesday in Sweetwater the guests of Mrs. Walter Carter.

Ben Morgan's for fine package candies.

We have a few good number in trimmed hats that will sell cheap—Saturday only. MRS. MILLS.

Mrs. J. W. Smith left Monday night to spend the week in Dallas.

Special prices in trimmed hats for Saturday. MRS. B. F. MILLS.

For Sale—Nice young horse, broken to drive and ride, gentle for women. Come see me about it. 10/24c BEN MORGAN.

Mrs. J. J. McLure and Frank spent part of the week in Dallas with Mrs. Nelms, and Miss Julia and Jay and incidentally taking in the fair.

For Sale—New second hand bed for sale. This bed is to a \$40.00 suit of furniture and can be bought at your own price. See R. O. Pearson at Burton-Lingo Lumber yard. 11/24fc.

Mr. Roland Burchard of Abilene is the guest of Mr. and Mrs. Ben Van Tuyl.

Fresh vegetables always on hand at McMurry's.

Miss Anna Mary Belt of Tyler is visiting her aunt, Mrs. G. W. Smith.

Best flour on the market—Queen of the Pantry at McMurry's.

Mrs. V. O. Marshall left last Friday night to visit her mother in Paris and incidentally will visit the fair while gone. She will return next Sunday morning.

Colorado will send quite a big delegation to Abilene next Tuesday to witness the game between the New York Giants and Boston White Sox. There are many who care nothing for the game, but are anxious to see some of the individual players. A rate of \$2.75 for the round trip has been made for the occasion, and if the game is called early as scheduled, those going down Tuesday morning can return the same night.

Avoid Sedative Cough Medicines.
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

The Record regrets to learn that the condition of Mrs. J. R. Ledbetter, who suffered quite a shock and fall in attempting to board the train at Dallas, on her way home from Cooper, Texas has not mended since last week. She was recovering from an operation for appendicitis.

Phone McMurry for your groceries.

Wanted to Rent—A place conveniently near town, good sandy land, containing about 100 acres of tillable land and sufficient pasturage for work stock. Want to make arrangements early. See W. R. Morgan at Doss's Drug Store. 10/31c.

The kids are already devising ways and means to raise the where-withal to see the Gentry show. We heard one little fellow say as he saw a wagon back up to the pavement to deliver some coal, this week: "O mister; who is that coal for? I want to strike him for the job of carrying it up stairs to get my show money." We hope that kid got the job, as he had the right kind of spirit in him—self reliant. No doubt his father would have cheerfully given him the quarter for the show, but he wanted to earn the money himself; may be he felt that he could enjoy it better.

Mr. John Sisler of Willis Point, Texas, after a week's visit with his daughter, Mrs. J. T. Davis, returned to his home Wednesday morning. Mr. Sisler is now more than 81 years old, yet his walk is as spry and his look alert as most men of thirty-five. His is apparently a happy as well as "green old age." And may he abide long in health and strength to enjoy the blessing.

You can get fresh fish at Mac's Cafe, at 15c pound; the cheapest eating. 10/31tf.

Phone McMurry for fresh vegetables.

Road workers wanted for Nov. 5 and 6. Good wages. See Dr. Coleman or F. S. Kelper.

Fred Meyer took a vacation and visited the Dallas fair. He returned on the belated train Tuesday.

Northern standard oysters received twice a week at Beal's Market get them from us and you get them fresh and clean. 10/31tf.

Mrs. C. H. Earnest returned from her visit to the Episcopal Convention Monday morning. She was gone eighteen days visited in Dallas, Pennsylvania, Washington and New York cities in that time. She reports a very pleasant trip in every way.

Fresh home grown peaches daily at McMurry's.

Master Joe Earnest took in the fair last week and met his mother on her return from New York.

Miss Hattie McKell who has been visiting relatives in Mississippi returned to Colorado this week.

Mrs. R. D. Ingram returned from Weatherford Wednesday morning. Her friends will be glad to know her mother, Mrs. Mullens is improving.

Judge, Mrs. and Miss Looney returned from their trip in the north and east Sunday. They report a delightful trip.

Mrs. Myrtle Vaughan returned Wednesday from Sweetwater where she had been to visit her parents Mr. and Mrs. J. P. Majors.

Fancy stationary and visiting cards for the ladies at Doss's.

Double Wedding.
Justice of the Peace, Mike Ratliff had the distinction of performing a double marriage ceremony in his parlor Wednesday afternoon.

Mr. W. G. Reed and Miss Mettie Reeder and Mr. M. L. Robinson and Miss Alexander were the happy couples.

To Those Who Want Seed to Sow.
I have (100) Bushels of seed rye and (50) bushels of Mediterranean seed wheat. All from the seed house of Pittman & Harrison, Sherman, Tex. 11-14-c Wm. DEBUSK.

Anything to trade? Try the Record.

RED SHOES

For Ladies and Misses

We have just received another shipment of the popular

RED SHOES

All sizes. They won't last long, so you had better get yours now.

Also Gray, White and Brown

Buck Shoes, as well as Gun Metal and Patent Leathers.

CHAS. M. ADAMS

W. A. CROWDER HAS A BIRTHDAY.

Mr. W. A. Crowder passed another milestone in his life last week and as the custom of his church is, he celebrated by entertaining the officers and their wives with a dinner. He is perhaps the oldest officer and his good wife rose equal to the occasion with a four course dinner. There was turkey with all the good things that go with it and more good things followed.

The table was prettily decorated with roses and ferns and the proper number of candles added to the decorations.

After dinner Mr. Crowder started the conversation by giving a talk on his life and what his church had meant to him. Then followed toasts of the host and hostess by Rev. P. C. Craig, Dr. Smith and Mr. Sandusky after which they adjourned to the parlor and held a business session of the church.

Mrs. Crowder was assisted by two charming maids who knew all about serving who proved to be Mrs. Leslie Crowder and Miss Ina Wulfjens.

A SURE REMEDY FOR LAZY LIVER

Go to Floyd Beall for this Safe, Reliable Remedy and Get Your Money Back if it Fails.

There are very few remedies that gain the confidence of druggists as Dodson's Liver Tonic does. Floyd Beall sells it and backs up the sale of every bottle with the money back guarantee that the price will be refunded if it fails to give complete satisfaction.

Dodson's Liver Tonic costs 50 cents a bottle. It is the safest and best remedy for torpid liver, constipation, biliousness, etc. that has ever been sold in this city. It takes the place of dangerous calomel and does not lay you up as a dose of calomel often does. A bottle in the house is as good as fifty cents in the bank. If you or your family need a liver tonic you have the medicine ready. If it fails you get your money back.

Be sure you get Dodson's Liver Tonic when you ask for it. There are imitations of it that may disappoint you.

Typewriter supplies at Record office.

Try Record want adds for that lost

or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped very ornamental bottles, with sprinker tops. Harmony Hair Beautifier \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—W. L. Doss.

FIRST BAPTIST CHURCH.

(J. N. Campbell, Pastor)
Sunday School 10 a. m. Robt. M. Webb, Superintendent; Morning Worship 11 a. m. Dr. W. F. Fry of Slimmons College will preach. This is a rare opportunity to hear a great man of God. At the evening hour let all our people go to the Methodist church to hear Rev. Atticus Webb of the Anti-saloon league.

Normal Class will be merged with the Prayer Service, 7:30 p. m. Wednesday. This will complete the "Normal Manual".

Choir Practice 7:30 p. m. Friday.

Ladies Aid 4 p. m. Thursday at church.

FIRST CHRISTIAN CHURCH.

(C. P. Craig, Pastor)
Bible School 9:45 a. m. Preaching 11 a. m. Subject: "Tent Dwellers of Faith"; Christian endeavor 6:30 p. m. On account of the Anti-Saloon League meeting at the Methodist church, there will be no preaching service at 7:30 p. m.

"C. E." Young People's Society.

Meets every Sunday afternoon at 6:30 sharp, at First Christian church. Come out and give your better-self a chance. Exercise that Self, or it will become "minus" through disuse. The presence of visitors inspires and they are certainly always welcome.

Subject for November 2nd will be "The Ideal Christian; His Heavenly Helper."—Hebrews 5:15. Leader—Mrs. Leslie Crowder.

JACK FARMER, President.

Ring 298 put your clothes where the driver can get them. We do the rest. Colorado Steam Laundry.

IN CLUB LAND.

Mrs. John Doss was hostess for the Bay View Club last Friday. Their regular program was carried out with Mrs. G. W. Smith as leader.

Mrs. Robt. Brennand and Mrs. A. L. Whipkey were guests for the social hour at which time delicious refreshments of cream chicken and pastry cases potato chips, peas, hot buttered biscuits, with coffee were served. The meeting today is with Mrs. M. Carter.

Standard.

The Standard Club had this program last week:

Roll Call—Musicians of France. King John, Act 11, Scene 1-2.—Mrs. Gary.

How to look at Pictures, Chapter 15.—Mrs. Hooper.

The Potteries of France—Mrs. Rior-dan.

Social Hour—Refreshments.

Hesperian.

Mrs. Collier was hostess for the Hesperian Club last Friday and carried out this program.

Roll Call—Passage on Honor.

Paper—Lover life in merry England. Mrs. Doss.

Talk—The Development of verse in general—Shakespeare in particular—Miss Dry.

Text Study—Act 11, Scene 4.

Federation Committee Conference.

Social Hour—Refreshments.

The meeting today is with Mrs. Broadus.

Everything to eat at McMurry's; prompt service.

MISS COLEMAN ENTERTAINS.

Miss Eleanor Coleman entertained with an informal musical last Friday evening in honor of Miss Anna Mary Bell of Tyler.

Besides the splendid music, many charades and games were enjoyed. Refreshments of ice were served ere the pleasant evening closed.

HICKELL'S OINTMENT
Cures Eczema, Erysipelas, Barber's Itch, Pimples, and all skin eruptions. Immediate relief in Itching, Ringworm, Sunburn, etc. Price 50c. at all Druggists.
Send for sample and book. "Health and Beauty."
JOHNSTON, HOLLOWAY & CO., 1720 Spring Garden St., Phila., Pa.
