GINNINGS TO JAN. 1
WERE 13,333,074 BALES.

Census Bureau Issues Report Showing 1913 Crop.

This is an increase of nearly half million bales up to same time last year.

Washington, Jan. 9.—The eighth cotton ginning report of the Census Bureau for the season, issued at 10 o'clock this morning, announced that 13,333,074 bales of cotton, counting round as half bales, of the growth of 1913 had been ginned prior to Jan. 1, to which date during the last seven years the ginning averaged 93.4 per cent of the entire crop. Last year to Jan. 1 there had been ginned 12,907,405 bales, or 95.7 per cent of the entire crop, 14,317,002 bales or 92.1 per cent, in 1911 and 12,465,298 bales, or 95.3 per cent, in 1908.

Included in the ginnings were 104,265 round bales compared with 77,999 bales last year, 96,277 bales in 1911, 109,292 bales in 1910 and 143,949 bales in 1909.

The number of Sea Island cotton bales included were 74,320, compared with 67,257 bales last year, 105,988 bales in 1911, 89,611 bales in 1909, and 86,528 bales in 1908.

COLVIN MAY BE URGED FOR PLACE ON BOARD

If local financiers are correct there will be five members of the federal reserve board, created by the new currency bill. As is but natural the members of this board will receive more or less of a living wage. That one member of the reserve board ought to come from the Southwest is freely admitted by those who deal in money in a very interesting way. This being the case the name of George H. Colvin has been suggested to Texas men of prominence and influence in Washington as the proper one to be selected for this honor.

There will be no unseemly scramble for this honor. In fact Mr. Colvin would not permit the use of his name in any personal contest, but if his friends could properly throw the light before the appointing powers and he should be appointed he would gladly accept—as would any other banker who has pride of attainment—the place.

Mr. Colvin has been in Fort. Worth for many years. He came here from Colorado, Texas, where he still has ranching interests. He served one term as a member of the city commission and was the first revenue and finance commissioner under the prevailing form of municipal government. He is regarded as being of the best judges of credits in Texas, to say nothing of being one of the best informed men in the South on questions of finance.

Mr. Colvin was a citizen of Colorado but is now cashier of American National Bank, Fort Worth, Texas, coming here in the early 80's and engaged in the mercantile business, and later was cashier of the Colorado National Bank. Mr. Colvin is one of the best known and popular bankers in Texas and has a host of friends in the western counties of the State who would be glad to see him appointed to the position mentioned above.

CITY NATIONAL BANK ELECTS ITS DIRECTORS

Present Officers and Board of Directors were all Retained—G. B. Harness Added.

The City National Bank held its regular annual stockholders meeting Tuesday afternoon at 4:00 o'clock.

According to the stockholders the bank is in a very prosperous condition and the outlook for another year the best in the history of the institution. The meeting was an enthusiastic one and the stockholders thoroughly endorsed the action of the administration of 1913.

COLORADO NATIONAL BANK HAS ANNUAL MEETING

The annual meeting of stockholders of the Colorado National Bank was held Tuesday afternoon as which meeting all the old officers and directors were re-elected, there being no change at all.

The stockholders approved and endorsed the administration for the year 1913 and were very enthusiastic over the prosperous state of the institution. The bank was never in such a good shape, declared one of the stockholders Wednesday morning.

SEVERE WEATHER IS EXPERIENCED

TEMPERATURE 14 DEGREES BELOW ZERO AT DULUTH, MINNESOTA TODAY.

OTHER STATES SUFFER

Sixty-Mile-An-Hour Blizzard at Cleveland Does Much Damage and Hundreds Sheltered in Police Stations at Chicago.

Duluth, Minn., Jan. 12.—The temperature this morning was 14 degrees below zero. Before this storm began, the present winter had broken by past a few hours previous local records for warmth duration.

60 Mile Hour Blizzard. Cleveland, Ohio, Jan. 12.—A sixty mile an hour blizzard here did much damage today. The mercury stands at fourteen above zero.

Chicago People Seek Shelter. Chicago, Ill., Jan. 12.—The temperature here this morning is zero. Hundreds are sheltered in the police stations from the cold.

All this time we hardly needed an overcoat in Mitchell County. Come to Texas.

MARTINEZ MUST PAY WITH LIFE.

Slayer of Saragosa School Teacher After Appealing to United States Supreme Court, Death Sentence, Affirmed.

Washington, D. C., Jan. 12.—Leon Martinez the young Mexican convicted at Pecos, Texas, of the murder of Miss Emma Brown a school teacher, near Saragosa, that county, must hang. The supreme court of the United States today confirmed his sentence.

The young woman was dragged from her buggy and killed, her body being found later by the roadside, her horse wandering nearby, drawing the buggy in which she had been riding. Martinez was arrested because he had been seen in the locality prior to the crime and he had been trying to pay attentions to the young school teacher and had been rebuffed. He was convicted at Pecos, whereupon, Mexican citizens of Texas, alleging that he had not received a fair trial, raised a fund to defend him. They carried the case through all the courts and at one time angered the people of Pecos by asking that Martinez be taken to some other point to be kept in jail pending his final hearing alleging that he was in danger of lynching. He was removed and is now held in jail in an east Texas county.

HOME AND STATE.

Stanton Reporter.—Home and State is coming in for a good deal of censure by the country press over the State. These criticisms are not coming from the anti papers alone, but from the prohibitionists as well. They claim Home and State is unfair and unjust in its criticism and attack on men in public affairs, naming Will H. Mayes, prohibition candidate for governor as one of the men. Personally, we don't believe there is a cleaner man in the State than Mr. Mayes, and all the dirty things Home and State could print about him in a lifetime would not change our views. Will Mayes is standing very much in the way of Home and State's candidate—Cullen Thomas—and this is the sole and only reason for its opposition a dirty criticism of Mr. Mayes. Will Mayes was a staunch and tried prohibitionist, statesman and gentleman. Home and State could be a power for good, but the people won't stand for the assassination of the character of one of her most noble sons. Be just and fair to your enemies, is the right slogan for an individual or newspaper and when we fall in this our throne totters and is sure to fall. The cause which Home and State claims to champion is too big and broad to be given over to ugly and unjust criticism of one of the men who has been, and is, a powerful and potent factor in the realization of its victories and the perpetuation of its future.

WEST TEXAS OFFERS CURE FOR TENANTRY

Statistics have figures on an alarmingly large percent of Texas people as tenants and they say that tenantry is increasing. There is absolutely no necessity for such increase. If people will have the courage to get away from the congested cities and the thickly settled counties they can buy homes in the west and soon pay for them with what they are now paying out for rent. The trouble is, they have heard the stories of the knockers on West Texas and they are afraid. They prefer to eke out a meagre existence where they are than to risk an independent effort in a new country. Of course there is an element of squatters who had rather be serfs, or peons, than to try to conduct a business of their own. That sort would do no good here or anywhere, but intelligent, industrious and self-respecting families could come to West Texas and buy land in any quantity desired and can soon have a home paid for. There is no use to waste sympathy over tenantry, where people could better themselves, but will not. West Texas has homes for them on easy terms and good settlers are wanted here. We are not inviting riff-raff. We have as good society as can be found in the State and we hope to keep it so. We invite intelligent, moral, industrious enterprising people, whether they have money or not. We have fertile land, elegant, healthful climate and home seekers will find here a hospitable people.

SCHIRBAR CORN.

A sorghum designated as "Schirbar Corn" has been extensively advertised in Oklahoma during the past summer and fall. Numerous inquiries have been addressed to the Department regarding it. According to those promoting this crop it was produced by crossing two or three strains of sorghum secured in Southern Europe and Northern India. Samples of this sorghum on exhibit at the International Dry Land Congress, Tulsa, Oklahoma, October, 1913, as well as head samples submitted to the U. S. Department of Agriculture at different times, were indistinguishable from Feterita, a sorghum secured by the U. S. Department of Agriculture from Khartum, Sudan in November, 1906 and now distributed quite widely over Oklahoma, Kansas and Texas. Feterita is very different from any other known sorghum and there is no reason to believe that Schirbar Corn differs from it in any way. Seed of Feterita can be purchased at reasonable rates and there is no need for farmers to pay a fancy price for it under another name.

FATHER OF PARCELS POST FAVORS GOVERNMENT TELEGRAPH LINES NOW

David J. Lewis member of the House of Representatives from Maryland, has introduced a bill for the government ownership of telegraph and telephone lines. He was the author of the bill for the parcels post, which now works successfully.

This action was taken by the Maryland congressman following the announcement by Attorney-General McReynolds that an arrangement had been made by him and officials of the American Telephone Company for it to give up its stock in the Western Union Company. The ownership of Western Union stock by the telephone company was believed to be in violation of the Sherman act, but the attorney general and President Wilson undertook a peaceful settlement in preference to a fight in the courts.

The bill of Mr. Lewis is in line with the report of Postmaster-General Burleson, who advocated government ownership of the wires. Dispatches from Washington however, indicate that the president will not endorse the recommendations of his cabinet officer.

A VISIT TO LORRAINE.

Last Saturday Mr. and Mrs. Gustine and Mrs. Phenix motored to Lorraine to spend the day with their friends Mr. and Mrs. T. J. Davis. When they arrived they were greeted also by old time friends Mr. and Mrs. McRea and Dr. and Mrs. Copeland and they all enjoyed together one of Mrs. Davis' famous turkey dinners. Mr. Bruce Phenix and Miss Exie Campbell came down in the car for them and after spending the evening pleasantly together they enjoyed a moonlight ride home.

THE BIG SHOW IS READY.

Everything in Shape for Opening of National Stock Show January 19.

Entries for the coming big Stock Show at Denver have closed, and Secretary Johnson reports that if everything comes that is entered every available inch of space in the show and stock yards will be occupied. Every department of the show is filled to overflowing and it will be the most wonderful interesting and educational exposition of the kind ever held in the west. The railroads are reporting indications of a very large attendance. While the "Big Snow" at Denver was a handicap in the work of preparation a small army of men and teams, have been busy hauling snow away and the warm winds lately have put things in good condition. Weather Clerk Brandenburg at Denver reports a special consignment of regular Stock Show weather en route for Denver. Denver is expecting to entertain in the neighborhood of forty thousand outside people during Stock Show week.

C. W. B. M.

Mrs. Stowe was hostess for the C. W. B. M. in the first session of the new year, last Thursday with Mrs. C. P. Gary as leader. The subject was "A visit to the headquarters of the Christian Women's Board of Missions" in which all were deeply interested. By closely studying this subject they were well informed as to the working at headquarters which is located at Indianapolis, Ind. and they are better prepared to enter into and pray for these workers. The meeting was opened by singing "Blest be the Tie that Binds."

Mrs. Eugene Pond gave an instructive paper on Purpose of College of Missions" also Mrs. Geo. Marshall gave an interesting one as "Women of the Bible" (old and new testament characters).

The Bible questions were on Nehemiah.

The guests of the afternoon were Mrs. Kelper and Mrs. Tolar of Lorraine.

At the social hour the hostess served sandwiches, pie, and coffee. These meetings are quite an inspiration along all lines of Christian work and every lady member of the church who is not active in the C. W. B. M. is missing an opportunity of getting

They succeeded in getting him in the middle of the room and from all quarters come a shower of packages and-out rolled ties, socks and etc. in every direction. They then joined the ladies and delicious fruit salad, wafers and coffee were served by the hostesses. Miss Carter has only lived in Colorado a few years but has a host of friends who wish her a long life of happiness.

KINGS DAUGHTERS

The Kings Daughters which is the organized class of married ladies in the Methodist Sunday School met with Mrs. J. W. Shepperd last Thursday afternoon. Almost the entire class was present on this the first meeting in the new year. A lively interest was taken in all things. The regular business was attended to and they decided to sew for one of their members who is sick also on open meeting arranged for in February at the home of Mrs. John Vaughan. These open meetings are held annually in honor of their husbands and a special effort is put forth that they may be a success. A most delightful social hour was enjoyed and a number of guests of other denominations were present to enjoy it. The hostess, assisted by a number of her friends served most perfect fruit salad, small cakes and coffee.

RESOLUTIONS.

The following resolutions were offered by Dr. P. C. Coleman, president of the Mitchell County Sunday School Association at the Institute on last Friday night and were unanimously adopted by a rising vote.

In our appreciation of the faithful laborers of Mr. R. M. Webb who has been the secretary of the Mitchell County Sunday School Association since its organization we would submit the following resolutions and request that copies of the same be sent to Mr. Webb and furnished Colorado Record for publication.

We would bear testimony to the fact that at all times Mr. Webb has been faithful in the discharge of all the duties peculiar to the office as secretary, and while the labors have often been burdensome, at no time did he fail to come up to the high standard, we fixed for him, and whatever success the association has had has been owing largely to his ability and unremitting labor of love for the work.

While we regret to be deprived of his counsel, his help, his consecrated life in the great cause of Sunday School work in our midst, we pray God's blessings upon him and his most estimable wife in their new home, and we shall ever remember with gratitude their christian association and fidelity to every trust.

COLORADO BOY HONORED.

Mr. Letwith Shepherd, who has been teaching in the Seymour High School has been elected to the principalship.

The principal having resigned he was moved up.

This is not to be wondered at when we remember he stood at the head of his class all of his life here and graduated with honors. He also made fine records for the three years he attended the State University, hence he is capable of filling the place Colorado is justly proud of her young men.

PRESBYTERIAN CHURCH.

The installation service at the Presbyterian Church, last Sunday morning, was a very impressive one. Rev. W. L. Downing preached an excellent sermon on the subject, "Who-soever calleth upon the name of the Lord shall be saved," after which the vows, consummating the pastoral relation between pastor and congregation, were taken. Rev. F. S. Henderson delivered a very impressive charge to the pastor, stressing the worth of a soul. Rev. Downing charged the people, in a short but pointed charge. The music was good especially the duet by Mrs. Hough and Miss Hooper.

At 7:30 p. m. Rev. W. L. Downing delivered an excellent lecture, to a large and appreciative audience, on his travels through Palestine and Egypt laying special emphasis on the need for the gospel of Christ and the large results for good, of Foreign Missions. This lecture was a rare treat to all who heard it.

The regular services will be held next Sunday. Sabbath school at 9:45 a. m. Mr. J. M. Thomas, Supt. We want to see every member of the church, in some way connected with the Sabbath school.

Preaching services by the pastor, Guy B. Duff, at 11 a. m. and 4:30 p. m. Every body is most cordially invited to all these services.

SUNDAY SCHOOL CONVENTION

Last Friday and Saturday the Sunday school workers of Colorado enjoyed a Sunday School Convention held by the officers, Rev. and Mrs.

Hulton and Mrs. W. N. Wiggins of Dallas. They are all efficient workers and much help and inspiration were gained by Sunday School workers here.

Rev. and Mrs. Hulton had charge of the Intermediate and Adult work and Mrs. Wiggins the Primary, Beginners and Cradle Roll Department. On Sunday afternoon an up-to-date Primary program was carried out in full with the little tots here as the school.

Baby Lucile Duff was the baby entered on the cradle roll and acted a perfect little lady throughout. Little Exa King and Leslie were glad to play like it was their birthday to get to sit in the little chairs. No one seeing them could fail to feel that it is an honor to teach little folks.

Rev. and Mrs. Hulton are not only splendid in their work but they both are fine musicians and sang many times to the delight of the audience.

All officers teachers and workers are the better by this visit and hope for this pleasure again in the future.

500 CLUB.

Mrs. Tom Stonerod was hostess for the 500 Club Tuesday afternoon. The prize, silk hose was won by Mrs. Snyder. The guests were Mesdames Robert Brenand, Raymond Johnson, Dick Arnett and Miss Arnett. A two course luncheon of salad peas chicken croquets, olives and gelatine and cake was served.

U. D. C.

The Daughters held their regular meeting on Tuesday this week with Mrs. W. L. Doss.

Roll Call was Southern Women. Mrs. G. W. Smith and Mrs. Gustino each gave splendid papers on the women of the South during the war.

Music was furnished by Miss Doss.

The next meeting with Mrs. John Doss on the first Saturday in February instead of on Monday. A salad course and coffee were served by the hostess and her charming daughter at the social hour.

QUIET HOME WEDDING.

On Wednesday evening at nine o'clock Miss Willie Carter and Mr. Thomas Cummings were quietly married at the home of Mr. and Mrs. Henry Doss, by the Rev. Mr. Clemens, pastor of the Methodist church.

Only a few intimate friends were present to witness this sacred ceremony.

The house was simply and tastefully decorated with ferns, palms and cut flowers.

In the center of the room was suspended a beautiful wedding bell of lilies of the valley, under which the bride and groom stood. Miss Ruth Buchanan played the wedding march as the party advanced from the rear. Miss Ruby Oliver and Mr. Jessie Barnes were the only attendants. Master John William Doss acted as ring bearer and looked cunning indeed, carrying it in the heart of a white carnation.

Miss Oliver wore a blue coat suit with blue trimmings.

The bride looked her prettiest in Brown with accessories to match. The gentlemen were in the conventional black.

Miss Carter has only been living in Colorado the past two years but has by her womanly ways won her way into the hearts of those with whom she has come in contact. Besides being a business woman of the highest type she has many domestic talents which will enable her to fill any sphere.

The groom is a man of sterling worth and has risen to a responsible position by his close application to honest business principals. He was manager of the Western Union Telegraph office here, and now holds a like position at Kingsville where they will make their future home.

After the ceremony Mrs. Doss assisted by Miss Lena Key served ice cream and cake to the party.

They left immediately on the east bound train for Venus to visit the bride's relatives.

Many were the beautiful gifts of cut glass, silver and china the bride received as tokens of the high esteem in which she is held here.

The Record with the entire community wish for them a long and happy life.

The service is prompt, the work is satisfactory and the cost makes it a real economy. Colorado Steam Laundry.

D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-saving preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less

than one month."—Prof. C. J. Budlong, South Lyme, Conn. Ask any druggist today for D. D. D. Prescription. He'll tell you it always the itch instantly—and soon there are signs of cure. We have handled the remedy for years and regard it as the specific for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, also about D. D. D. soap especially for tender skins. We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

WANT FULL RENDITION.

WHEREAS, in a great many counties in this State the assessed value of property for taxation for 1913 was grossly under the reasonable cash market value thereof and so far below its true value as to indicate a flagrant violation of the law governing the assessment of property for taxation; and

WHEREAS, it is the duty of the State Tax Board to investigate into and aid in the enforcement of the revenue laws concerning the rendition and assessment of property for taxation; and

WHEREAS, the systematic and gross undervaluation of property for assessment for taxation in any county works an injustice and hardship upon the counties where property is fairly assessed in accordance with law;

THEREFORE, BE IT RESOLVED by the State Tax Board that said Board will do all it legitimately can to enforce the law governing the rendition and assessment of property for taxation and will report to the Attorney General of the State of Texas any case of flagrant violation of said law which may come to the knowledge of said Board during the year 1914, in order that suit may be against such officer or officers so offending as, as provided by Article 7574 of the Revised Statutes of Texas, 1911.

RESOLVED, FURTHER, that the State Tax Commissioner be and he is hereby directed to mail to each tax assessor and county judge in this State a copy of these Resolutions.

I hereby certify that the above and foregoing instrument is a true and correct copy of the preamble and resolutions adopted by the State Tax Board on January 3, 1914, as set out and shown in the Minutes of said Board on pages 242-3 of the Minute Record of said Board.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify your Hair! Make it Soft, Fluffy and Luxuriant—Try The Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you see new hair fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it thru your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet county, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

PRAISES PRESIDENT.

Senator Vardaman of Mississippi lectured at Simmons College a few days ago and among other things said:

Wilson Greatest President.

Asked as to what he thought of President Woodrow Wilson, the Senator declared that in his estimation the school teacher was the greatest president of the United States since Thomas Jefferson. He had found the president embodied not only theory, but practically. He is not only a dreamer, but makes his dreams realistic. Though he was thought of as a theorist before he began to do things that appellation has since been submerged under the knowledge that Wilson has a way of making everything of which he dreams come true.

Tariff Bill Monumental Success. When he was approached on the new tariff question and the banking

measures, the senator was at home. He said that they were monumental successes. He believes that with time, for the system to work out, the tariff will show its great benefit to the people. As to the new currency legislation he believed that it was one of the best that could have been evolved. Though most of the bankers opposed the measure before its passage, he thought that they now see the wisdom of such legislation and were co-operating in every way. He declared that the bankers had been running the United States, distating as it were how to operate the government. Wall Street gave instructions for former presidents to pursue. But when Wilson was inducted into office there was a magical change. Old things had passed away, behold, all things had become new. Wilson "spanked the money interests," declared Senator Vardaman. He has defied them to bring on a panic. Wilson, according to my mind, said the Senator, is a monumental success. As days go by he is becoming more and more popular with the people. And his true greatness is being realized. He may be the savior of the United States.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapepsin" Digests 3000 Grains Food, Ending all Stomach Misery in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or internal griping. This will all go and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

AMUSEMENTS.

The attraction at the opera house last Friday night was "The Thief" and notwithstanding several other very important attractions in the town that night, they drew a large crowd. The company was away above the ordinary attractions and the play was well rendered and well received by the audience. Major Bros. are to be congratulated on securing for Colorado such shows as this and so long as they do so they will have no trouble in securing a good attendance. We are informed that they have "The Virginian" booked for an early date and the "Virginian" is a high class show playing all the larger cities. The Virginian will not fail to draw a large house. They inform us that they have also secured the talking moving pictures, which will be here at an early date.

The Preacher.—"Do you know where little boys go who fish on Sunday?"

The Kid.—"Yes, sir; all us kids around here go down ter Smylie's creek below the bridge."

For Cold on Lungs.

Rub the chest well with Hunt's Lightning Oil. You will be really surprised how soon the soreness leaves. Cold on lungs is dangerous, often developing pneumonia. The use of Hunt's Lightning Oil in time is important. Sold by all reputable druggists everywhere in 25c and 50c bottles. Sold by W. L. Doss.

CITY COUNCIL.

The City fathers met on Monday night last being their regular monthly meeting. Mayor Adams, with Aldermen, Barnes, Moeser, Davis, Wheeler, and Avery all present. Also city marshal Stell, City secretary Costin and City Attorney Coffee were on hand.

The general routine of business was gone through with, bills were ordered paid etc. The city secretary was ordered to purchase water meter boxes, and the fire committee was instructed to put in good repair all the fire plugs. Street grading was discussed and the grading of 9th and 10th streets will be the next street work taken up. Two men and teams are now employed on the streets. After further discussion on Tax paying and other things for the good of the city the Council adjourned.

WEAK KIDNEYS OFTEN THE RESULT OF OVERWORK

On several occasions I have been unable to work and suffered severe pains in the back, due to my kidneys. I called on a doctor of Ripon, Wis., but received no relief.

I tried Dr. Kilmer's Swamp-Root which gave me instant relief. I was then able to resume work. Swamp-Root is the only relief I can get from kidney disease which I am subject to in the spring of the year. I am writing this testimonial through my own free will that sufferers of kidney and bladder diseases will know of the wonderful merits of Swamp-Root. I recommended Dr. Kilmer's Swamp-Root whenever I can and always have a bottle of Swamp-Root in my house.

I purchased Swamp-Root of Mr. C. J. Burnside, Druggist, of 202 Main Street, Ripon, Wis.

Yours very truly,

THOMAS J. LYNCH.

525 Newbury Street, Ripon, Wis. I have read the above statement that Thomas J. Lynch bought Dr. Kilmer's Swamp-Root at my store and made oath the above statement is true in substance, and fact.

It pays to be prompt in the settlement of your accounts. Many men will compel their merchants and other creditors to wait from five to ten days for their check, when they have the money lying in the bank doing nothing. The merchant is not able to discount his bills because his debtor paid a day or so too late; consequently he has to charge more for his goods next month than he would, could he have discounted his bills. The consumer pays the difference in his next month's check.

REPORT FROM DR. WESTON.

On Friday last he writes, a part of his letter reading:

"The surgeon says I am improving every day. Will operate for removal of toes next week, after which it will simply be a matter of skin reproduction. I now set in rolling chair part of the day, can read with comfort and suffer scarcely any pain at all. While my appetite and ability to sleep nights are growing daily. Mr. Webb, Mrs. Jackson, Ruth Nichols and my friend Taylor of Lancaster, have visited me this week. These visits help much to keep off the blues.

I grow a little impatient at times, but when I reflect that getting well is now a debt I owe my friends I am content to wait and wait for a complete recovery.

Again on Monday of this week he writes:

"Every day now the new skin can be seen creeping slowly but surely over the ulcers. My fight now will be against impatience and nervousness. The doctors say my case is progressing remarkably well and this ought satisfy me.

Yours,
WESTON."

County Judge L. W. Ainsworth of Upton County in an interview was enthusiastic over prospects in his section, stating that conditions were better and the outlook brighter than in over five years.

SEEK FOR GOOD IN ALL.

The superintendent of one of the most successful industrial schools in the South, whose especial work is the training of head-strong unmanageable boys, is found of giving as his method the finding of the good points of the boys that come to him and working from these outward. It is a method which seldom fails, as many hundreds of boys can testify who have been under his instruction.

A writer in one of the daily papers tells a story which illustrates this method. A father and mother appeared at the institution one day with their son, whom they seemed unable to control. They were splendid people of wealth, culture and refinement, but they were heart-broken over their son, and appealed to the veteran superintendent for help. The visitors were asked to stay for dinner and while that event was proceeding they began to discuss the son. The mother desired to put the superintendent in possession of the facts about the weaknesses of their son, probably also his good points. But she had only gotten so far as to say that he smoked cigarettes when the superintendent stopped her with the remark that he did not care to hear anything about the boy, preferring to start with him with a clean slate, and declaring that he would not have any boy who came to him with a string of bad points. The result was that that particular boy kept his slate clean and so added his proof to the efficiency of the method.

Will not this method work outside of an industrial school? Will it not work in the home as well? In many homes the most frequent word that the children hear is "Don't". And along with the endless prohibitions there often goes a repetition of the bad things they have done. Some parents do not seem to be able to forget the naughty things their children do, and ever and anon they remind them of them. It would be infinitely better if a larger emphasis were laid upon good traits, and if these were made the basis of operation instead of the bad traits. If this plan were followed there would be less need for industrial and reform schools to help the parents to do their duty.

One reason for the failure of parents in the training of their children is that they do not realize that it is a difficult task, requiring thought and prayer and infinite patience and forbearance. Far too many parents allow their children to grow up according to the will of the child, forgetting that the child is, in no sort of position to know what is right and expedient until he is carefully taught, and, what is more, sees it illustrated in the life of his parents.

The method is of great value in the world of men. We see in others much of what we want to see. It is better to make the good we see in our fellowmen the basis of our treatment of them. Then we may hope to overcome evil with good.

CULBERSON'S SENATORIAL SHOES

Senator Culberson is to have as an opponent a man whom he appointed to high office, but that is politics. There are few men who appear to be bound by any rules of proper conduct when their ambition is at stake in a political way. Thus speaks Editor Ellis: "From what we can learn Henry is about to get his consent to represent the State in the United States senate beginning in March 1917. Mr. Henry is a patriot. He has been such since Governor Culberson was elected in 1894 and appointed the Waco congressman assistant attorney general. Since that time he has shown a perfect willingness to serve his country in almost any capacity. And if it be the wish of the voters of Texas that the mantle of Senator Culberson shall fall on the congressman's shoulders, far be it from him to shrink any responsibility or refuse to hear the call of duty. And there are others equally as unselfish as Bob. Patriots? Why we have practically as many patriots in Texas as we have voters. 'On with the battle.'—Greenville's Banner.

We are not an authorized spokesman for the Waco Congressman.

But we undertake to say that if Senator Culberson regains his health and is a candidate for re-election, the only opponent he will have from Waco will be Samuel Palmer Brooks.

Thomas Mitchell Campbell would long ago have announced his candidacy for the Senate but for a dread of offending the Culberson sentiment in the State—a sentiment that is quite strong over in East Texas, created by Old Dave and inherited by Charity.—Waco Times Herald.

If you haven't already attended to it cull the flock of hens and get ready for the spring chickens. It means more eggs and better chicks.

Some people are so fond of borrowing trouble that they never get out of debt.

A STRANGER'S IMPRESSION OF MITCHELL COUNTY COURT HOUSE

A visitor to Colorado, some time ago a prospective resident, went out to view the town. Starting from the depot he walked north to Second street, then east through a portion of the business section continuing north and east through the resident section on the hill, then returned to the business section; well-pleased with what he had seen. From the hill he had espied the Court House, (or what he took to be the Court House for he understood that Colorado was the county seat of Mitchell Co.) so he decided to go over and see the place where the business of the county, is transacted.

He approached from the South, his first thought, when hearing the building was, "It is vacated. They must be preparing to build a new one." This thought remained in his mind as he ascended the dilapidated steps at the entrance; was more fully confirmed on entering the hallway, observing the old style of architecture, and finding the plastering fallen from the walls; tables, chairs etc. piled up in some of the rooms, and the North porch almost rotted away. Said he, "Surely this is not where Mitchell County does her business."

But turning back to egress via the east door, he beheld an office door open a typewriter at work, and men transacting business.

He walked to the street, turned, and looked back and said to himself, "No I shall not locate in Colorado under any circumstances. There is too little public spirit and public pride here. That court house is not fit nor safe as a good barn. If this be a criterion of the interest that Mitchell county citizens take in public business, I don't care to become one of them."

Tax payers of Mitchell County if this is the impression made upon one visitor, may it not be the impression made upon many, who otherwise would be attracted to our town and county by good public buildings? Men are here every week, who might become investors, farmers, merchants, ice men, (of which we need one now) or take up some other line of business, thereby bringing money and good citizenship into our midst.

Mitchell county is well able to afford a court house that would be a credit to any county in the state. Let the taxpayers demand it and we shall have it.

WEST TEXAS IS SETTLING UP SWIFTLY

Mr. D. F. Baker who lives in the Lone Wolf Mountain community was here a few days ago and said that his part of the country had become almost depopulated in the past two years because of the drouth and the consequent crop failure, but now the people are coming back and new people are coming in.

There had been thirty two vacant homes within twelve miles of his place and now there is only one place unoccupied. This shows that people are looking to West Texas for homes and there is no country anywhere that offers more solid advantages to settlers.

West Texas has suffered more in reputation than was just. The fact is that conditions have been no worse here than in most other parts of the State, but because this region is set down as semi-arid, people are apt to magnify a dry season into a blighting drouth and when a fellow gets away dissatisfied the people over east listen to his tales of woe.

The West is coming out now into the open. A few home seekers venture out here and look around. They find fertile land to be bought cheap, mild climate and abundant of the best water in the State, good society everywhere. Barns filled with provender, smokehouses full of meat, fine orchards growing and they decide here is a good place to locate.

One good feature is that our people are not putting the land up at boom prices, but figures are made liberal, terms easy and the real estate men are not trying to load the home seeker up with too much land. In this way we will get satisfied home owners and our population will build up on solid lines.

In view of the fact that we have less than ten candidates for Congressman at large up to this good time, we feel constrained to remind some hungry office seekers that may be they are overlooking something. The jobs pay \$7500 a year and mileage. Get in the game while the pot is shimmering when the thing gets really "hot" somebody may call time.—Austin Statesman.

There is about 'steen patriots carried over from two years ago who think the game is not worth the candle.—Snyder Signal.

Plenty of time yet. The 'steer left over and about 'steen more 'll be in the running.

Are You One Of Those Who Habitually Catch Cold?

Investigation Shows That Certain Occupations and Professions Are Constantly Prolific Causes For Frequent Colds. What Can Be Done About It?

We read a lot of medical literature that only entertains, but does not instruct. In this strenuous period, when life is put to such a severe strain, we need light and facts how to prevent disease more than talk that entertains.

Do you know that the clerk and the shop girl, the merchant and the professional man, confined to sedentary work, are daily creating those conditions that conduce to colds?

Mental fatigue, worry, heavy strain, nervousness resulting from desk or store work are the easiest means for the development of colds. The average life of a clergyman is less than that of a farmer—cause, sedentary work. Sedentary life, especially where it means the consumption of brain tissue, often leads to over-eating; there is no more common cause of colds than over-eating.

When the digestive organs are weighed down with an excess of food, the liver and kidneys and other important vital organs are overworked, vitality is lower and there is less resistance; slight exposure, which under ordinary conditions causes no harm, results in a bad cold.

To relieve a cold, a good expectorant or cough remedy such as PERUNA should be conveniently at hand to be taken at the very first attack of the cold. But what can be done to stop the frequency of colds to such people that are confined to sedentary work?

Start with a cold water towel bath, walk to your place of business, or devote an hour of each day to outdoor life, take a dose of PERUNA before each meal to tone up your system, eat moderately, retire early and sleep in a room full of fresh air.

Mr. L. A. Richardson, a substantial druggist from Marine, Illinois, commenting on the merits of proprietary medicines, writes as follows:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Those who wish to begin the cold water towel bath should have a copy of the Ills of Life. Sent free by the Peruna Co., Columbus, Ohio.

WILL BE OF BENEFIT TO TEXAS STOCKMEN

Says J. Boog-Scott, Who Was Organizer Of

FIRST BABY BEEF CLUBS.

Letter Says the National Corn Exposition, to Be Held at Dallas Feb. 10-24, Will Be of Great Value to Live-stock Farmers.

J. B. Scott, who organized first Baby Beef Club, Coleman, Tex., says National Corn Exposition, Dallas, Tex., Feb. 10-24, will benefit stockmen of the state.

"On account of the shortage of beef," Mr. J. Boog-Scott, well known breeder of fine stock, who organized the first Baby Beef club in Texas, and later raised the money among the cattle raisers to send some of the Baby Beef club boys to Washington, D. C., on a fact-finding tour, maintains that a one-crop country with only its own little ideas will never become great. "Farmers and stockmen," he argues, "should get together at a great educational institution, like the sixth National Corn Exposition, coming to Dallas in February, 1914, and learn more about diversified farming and better stock breeding as practiced in other states, which will bring their best exhibits to this gathering. The ground round-up is going to be worth our close attention and study.

"On account of the shortage of beef," Mr. Scott quotes Prof. Beresford, beef specialist of Iowa, who has made a study of beef on the farm: "Twenty-four farms where baby beef was being grown, showed an average profit of \$7 per head for beef after the keep of the cow and calf was charged at regular market prices. The average profit in 1913 was \$14.10 per head. The average beef farmer showed an increase of 25 per cent crop gain per acre over the best exclusively grain farmers in the same neighborhood. They not only made more money on the cattle, but grew bigger and better crops from the fertilization of the land with the manure furnished by the stock."

As the average cotton farmer knows all too little about the raising of live-stock, its value to his farm, so too many of the old stockmen do not yet realize their relation to, and dependence on, agriculture and the agriculturalist. Conditions are changing so that our coming men will have to be farmers as well as stockmen, and so should be educated in farming as well as stock raising.

"All school teachers," thinks Mr. Scott, "who are to instruct children of farmers should attend this National Institute of Farming, to be held at the Fair grounds in Dallas. They should learn all the newest facts in scientific farming and how to present them in an attractive and interesting way to their pupils, as agriculture is now being taught in the best of our country schools."

"We don't need Latin and French in the schools of Texas half as much as we need to have the children trained to be intelligent, independent, contented producers, tillers of the soil from which all our wealth must come. We need in this country more trained farmers and fewer doctors and lawyers. The more real farmers we have, the fewer doctors and lawyers we will need.

"Our boys are ready for the right kind of teaching to make them more efficient. Last year, when our Baby Beef club was organized it was a dry year, and we had only eleven head of baby beef exhibited from the whole state. This year, of the thirty entries for prizes, twenty came from Coleman and they sold on an average for 2 1/2 cents a pound, which shows the increased interest of the boys in raising baby beef.

"To have the very best products of the land from the whole United States brought to Texas as in this Corn Exposition gives an opportunity for learning which no stockman or farmer or his boy should miss.

ELIMINATE CYCLONE.

Texas Democrats are to be deprived of the services and brain power of the distinguished leader and lifelong friend of the "common people" The coming of Cullen F. Thomas as a gubernatorial candidate means the passing of the Hon. Cyclone Davis, the original chaser of the money devil, in its Texas haunts. The Hon. Cyclone declared that he would run if Brother Thomas failed to respond to the call of the people. As Brother Thomas has responded the agile and eloquent Cyclone will continue to belabor the money devil and bludgeon the booze devil as one of the rank and file. It was the opportunity of a lifetime for Cyclone to show his mettle and to demonstrate to the satisfaction of the O'calla demanders and all those who have come after them just what he could do under the big dome in the city of Austin. Opportunity and the man will not meet again during the lifetime of that distinguished son of East Texas who sports the finest alfalfa bush on his chin to be found between two oceans.

His Stomach Troubles Over.

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion and liver complaint until I used Chamberlain's Tablets, then my trouble was over." Sold by W. L. Doss.

POSTMASTERS TO PAY TAX.

Postmaster B. M. Burgher of Dallas has received official notice that postmasters are not exempt from the payment of the income tax. All postmasters drawing a salary of over \$3,000 a year are subject to the same. Why shouldn't they pay an income tax? A postmaster isn't a privileged person. He should be willing to pay his share of the freight. Postmaster Burgher is a very wealthy man. There are old-line Democrats at Dallas who are willing to be postmaster, but the Hon. Charles A. Culberson overlooked a fighting Democrat and recommended a noncombatant who took down the prize. The Fort Worth postmaster will pay a tax on his income. All the postmasters in the large cities of Texas must come across. Uncle Sam needs the money. Uncle Sam must have the money. Just step up to the captain's office and roll the simoleons into the public treasury.

Acute Sore Throat.

There is nothing better for sore throat than Hunt's Lightning Oil. Put it on at night, and next morning the soreness is usually gone. Rubbed on chest is fine for sore lungs, often preventing pneumonia. Hunt's Lightning Oil is sold by all reputable druggists in 25 and 50 cent bottles. Sold by W. L. Doss.

MACHINERY FOR OIL WELL EN ROUTE

Machinery for the oil well in the Spado pasture has been shipped and will soon be on the ground. These oil lands lie partly in Sterling, Coko and Mitchell counties, and are the most likely in the State.

At this time, we cannot state the exact location, but it is very likely that it will be on Sterling territory if those people are acquainted with the outcroppings.—Sterling City Record.

Oil operations will soon begin on the Ellwood ranch as well as at other places, south of Colorado. A local oil expert positively asserts that there is oil under the ground on the ranches south of town.

DON'T LET CONSTIPATION RUIN YOUR HEALTH

It Deadens the Brain and Weakens The Body. Nature Needs Rest and Harmonious Aid to Overcome It.

Nature does her best to fight constipation and its evil effects. She fights to the last atom of her strength but usually she has to have assistance. To avoid the sluggish brain and weakened body, the sick headache, coated tongue and biliousness, it is unwise to use unpleasant calomel, a medicine so strong that it leaves most people "all knocked out." Don't take chances with your health.

A great number of people have learned that Dodson's Liver Tone (50c) makes one brighter, healthier and happier in a perfectly easy and natural way, with no pain nor gripe and no bad after-effects. Floyd Beall guarantees it without condition and will refund purchase price if you are not entirely satisfied. Dodson's Liver Tone is an absolutely safe, pleasant tasting vegetable liquid and a wonderful liver stimulant which takes the place of calomel, but be sure you get Dodson's.

PRINCE CHARMING

APPEAL TO THE PRESS.

By direction of the Executive Committee at Dallas in their meeting last Saturday, I call for a mass meeting of democrats who favor statewide prohibition to meet in Ft. Worth on Saturday, Jan. 24, 1914, at 10 a. m.

It was thought by the Committee, in view of the many false charges that have been made through some of the press of the State, that our efforts looking to a concentration of our forces behind some one man for governor, had not been altogether in good faith, but that parties were endeavoring to push the ambition of some individual. Nothing could be farther from the truth. The supreme purpose of the Committee and all who have been connected with its work, as well as the mass meeting that created it, had in mind, and now have in mind, but one purpose, and that is the concentration of our forces behind some one man, and only one man, for governor to be voted upon in the July primaries.

The ambition of any man who is in truth and at heart in favor of statewide prohibition, should be secondary to the great principles for which we stand. So the Committee decided that we should again make one supreme effort to get our forces together for common counsel and see if we cannot harmonize the situation and agree upon some one man for governor. To this end, it is earnestly desired that every man in Texas who is a democrat and favors statewide prohibition including all announced candidates and all parties whose names have been suggested as probable candidates, will meet with us at Ft. Worth to make a great effort, through common counsel, to eliminate all selfish ambitions and agree upon some democrat that we may elect as governor.

Special rates will be had, we feel sure, for this meeting. J. T. Penber-ton, Vice-President of F. & M. National Bank, Ft. Worth, was selected by the Committee for the purpose of arranging rates.

The time has arrived in the condition of affairs that now confront us calls for patriotism and self-sacrifice if we expect to drive the saloon, with its attendant evils out of our State. So all democrats who are in harmony with us in this matter are urgently invited to attend this meeting.

ALL HAVE TROUBLES.

Tax Collector Scott has his share of troubles. As the time for paying taxes draws near the rush increases, many are coming up now to square up with the government for protecting them from Huerta and other warriors.

The tax-payers can save time and turn a great favor for the collector if he will be prepared to answer certain questions when he applies for his tax receipt. Especially is this true with the man who is writing to the collector about his taxes. The collector gets many letters that he must read, but he is no wiser when he peruses the letter than before it was written.

Tuesday Scotty received a letter like this.

"Mr. Tax Collector, will you tell me what the taxes are on a piece of land that I bought from John Smith last year?"

On Wednesday he received this letter:

"I want to pay my taxes on a lot in Loraine that I got in a trade in which I traded some notes to a man for a

EXPOSITION IN FEBRUARY.

Sixth National Corn Exposition Opens in Dallas February 10th—Two Weeks of Instruction and Entertainment.

Texas, next February, will be the host to the Sixth National Corn Exposition. This Exposition is not a mere display of large or small, good or poor or freakish ears of corn; it is not merely an assemblage of samples of grains, forage and other crops, nor is it a hand-show exploitation of any particular section or sections of country. An exposition not in name only, but also in scope, magnitude, its purpose and its lasting effects. Dallas is extremely fortunate in securing the co-operation of the National Corn Association in promoting and conducting this national agricultural congress of educational exhibits and entertainment features.

Mr. T. F. Sturgess, manager of the Third National Corn Exposition, held at Omaha, in 1909, states that Omaha and the state of Nebraska received more developmental benefit from the holding of the second and third National Corn Expositions than from any other one undertaking. If it did no other good than that of showing the close dependence and inter-relationships between the city or town and the surrounding rural districts, it would have been worth the cost, but it did vastly more; it taught the city man agriculture, showed him the scientific importance of the calling, and taught the farmer better methods by which he could improve his farm, his crops, his stock and his home.

Mr. Gonzalez, editor of The State, Columbia, South Carolina, said: "That the Fifth National Corn Exposition was worth more than a million dollars to the state of South Carolina."

Thirty-seven states with educational exhibits and the mammoth exhibit of the U. S. Department of Agriculture will be worth the price of admittance, says the Texas Press, but those who have been with Expositions before know the visitors will be given more. Thousands of ears of corn, samples of wheat, oats, barley, flax, potatoes, hay and other forage will be brought from all parts of the United States and Canada, there will be dairy exhibits and a butter-scoring contest, Canadian Grand Opera, bucking broncho contest, aviation, addresses each afternoon, by men and women of national reputation, track meets, stock sales and many amusement features, to instruct and entertain the visitor.

We will prepare a special program some time soon (will announce date in next week's issue) to which we extend a cordial invitation to all. REPORTER.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

December.

You've a very narrow skirt.
Little girl.
Are you sure it doesn't hurt.
Little girl?
That's a mincing little stride
Where the street is wild and wide.
Are you sure there's room inside.
Little girl?
What will happen if you slip.
Little girl?
Aren't you fearful it will rip.
Little girl?
You would better take a sack.
So if anything should crack.
It would serve you coming back.
Little girl.
Does your mamma know you're out.
Little girl?
We're afraid to go about.
Little girl.
If we met you in the sun
With your skirt so thinly spun.
Why, we might all have to run.
Little girl.
Let the bottom out a bit.
Little girl.
It is much too tight a fit.
Little girl.
As the matter sadly stands.
You'll be walking on your hands.
And in that event—my lands!

December was the last month in the old Roman calendar, and gets its name from the Latin decem (ten). The agitation for more months began in the time of Lucullus, and was directly due to the difficulties between Rome and Mithradates the Great. Lucullus was displeased with the manner in which Mithradates had become dictator of Phrygia, and refused to recognize him. Mithradates then called an election, in which he was himself re-elected. This caused the Greek and some of the others to laugh at Lucullus, who commanded Mithradates to resign the office upon peril of war with the Romans. Mithradates intimated that he would resign, but he kept putting it off until he had Lucullus, who hesitated to oppose so small a country as Phrygia with the legions of Rome, trying to pad time in every way that he could. Among other things, he added two months to the year, making it 12 months long instead of 10. While all the other big countries were backing Rome up in this controversy, the whole was nevertheless convulsed. Lucullus got so touchy about it that whenever he gave one of the celebrated Lucullian banquets he always banished from the table anyone who laughed between jokes or seemed to be amused by something on the side. Mithradates finally brought the thing to a climax by demanding that Lucullian resign and then taking to the brush. This amus-

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ed even Lucullan, so everybody had a good laugh.

The festive calf will sniff the air
And deftly do the castle walk.
And the last mosquito in its liar
Will perish with a dying squawk.
The cold north wind will come to moan.
Around the flickering firelight.
The old loose shutter will intone
Its crack and clangor on the night.
The prancing colt will cast its eye
Upon the sheltering corral.
And the wild goose will go down the sky.
To see the Panama canal.

The still reforming democrats will raise their terrifying cries, and the plumes upon the winter hats will poke themselves in people's eyes. The hired man will bawl for more and thicker blankets on his bed, the bibernating bear will snore, believing Roosevelt is dead, the suffragettes will whoop it up to keep their feet from getting cold, the germ within the drinking cup will perish as becomes the bold, the turning cider will defy the best of us to walk a crack, the wild duck that went up the sky in pleasant times will whistle back, the great king winter will be here, with all his consequential joys, and the early shopper will appear to knock the paint off the toys.

The heart of humankind will dance for thought of holiday delight, and father will conceal his pants beneath the bureau every night. The college man in quarter shoes will dance to circulate his blood, the hard-shell turtle will amuse itself with sinking in the mud, the golden luster of the sky will turn a hard and steely blue, the harried quail will try to fly upon the bias and the skew, the mule will show a heavy suit of red velvet for winter wear, the snow will mingle with the soot to render desolate the air, the boy will wear a flannel shirt against his cold and twitching hide, and the woman in the narrow skirt will slip and bust it down the side.

The winter furs will venture out to make of womankind a zoo, and great disputes will rage about the income tax and when it's due. The drays will lift their battle cry while no one cares about his beer, the hardy doodlebug will sigh and perish with the passing year, the cow will burrow in the stack until her tail is all that's left, the fervid poet's voice will crack, of Autumn's loveliness bereft, the coal man, tooling up the street, will raise the droll old cry of "ice, the winter bride, demure and sweet, will disappear amid the rice, the eager fouling piece will prow around to bag the watchful grouse and the dismal wolf will come to howl and wear a groove around the house.

The grand exchange will then begin. A necktie for a pair of stocks, Or twenty-seven things in tin
For four varities of clocks,
A bath robe for a parlor vase,
A box of stogies for a knife,
And those still droller things in case
The husband tradeth with the wife.

Such great fun as it has become! It makes the season very sweet. It makes the merchant's business hum, and all things else are good and meet. It does grow laughable at times, but when the season looms ahead, we still can hunger for the chimes and all the gewgaws green and red. Though one may get superlily stung, as one will every now and then, the hearts of us are ever young, for all we do grow into men. There is no other season quite so full of good old human cheer. The sorrows of this earth despite we all feel good this time of year. Though Rockefeller has a sack almost as wide as ocean is, and anything we got, alack! is just what bounces out of his.

we still hang up our hopeful nose, and while the gladsome paeans peal, we find some small thing in the toes or else reposing in the heel.

On December 21 the sun will cross the tropic of Capricorn and the winter solstice will begin. This will probably cause Huerta to resign. As soon as the sun goes over the line, goal will be kicked by Capricornus, the Goat, yet has run back one of the kicks of Capricornus, and Huerta will not do it, either. He will go down in his tracks the moment he lays hands on the ball, with the whole zodiac on top of him.

The moon will be full on the thirtieth, the twenty-first will be the shortest day of the year, and Christmas will come on the twenty-fifth. Kris Kringle will wear his beard long, with side curtains attached. There will be something from the 10 cent store for father.

And the new Year will appear,
With none loth to begin it,
For we never want another year

With 13 sandwiched in it.
The above has been delayed and should have been published in Dec. 1914.

"CARCARETS" ALWAYS STRAIGHTEN YOU UP

If Costive, Headachy, Bilious Stomach Sour, Breath Bad—Clean your Liver and Bowels.

Get a 10-cent box now.
You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

For Sale—two good horses.—Colorado Mercantile Co.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" Best For Tender Stomach, Liver, Bowels—Tastes Delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physics simply don't realize what they do. The Children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

MAYES AND LANE "GET TOGETHER" PROPOSITION

Cullen Thomas asks Candidates to Submit to all Prohibition Democ.

Dallas, Texas—Another "get together" proposition for Texas prohibitionists was submitted to Lieutenant Governor Mayes and Comptroller Lane by Cullen F. Thomas. Thomas proposed first for Mayes, Lane and himself to submit their candidacies to all prohibition Democrats of Texas, adding "Should I fail to be the choice I will cheerfully withdraw" second, if Mayes and Lane still refuse the "get together" plans. "that we all step aside in favor of some worthy leader acceptable to all prohibition Democrats." Thomas mentioned among such latter, T. H. Ball, W. P. Ramsey and S. P. Brooks.

HUNNICUTT AND DODD TO RESURVEY CAPITOL LANDS

Austin, Tex.—R. G. Hunnicutt of Marlin and R. S. Dodd of Alpine, were made chief and assistant engineers, respectively, to resurvey the tract of land given by the state of Texas to the capitol syndicate some years ago for the construction of a state capitol here, the last legislature having made an appropriation to cover this matter. It has been alleged that there was a great excess allowed and the state is desirous of recovering the same, if this be true.

NOTICE OF TRUSTEE'S SALE.

STATE OF TEXAS, County of Mitchell.

Whereas, I have been named and appointed Trustee in a certain deed of trust recorded in Vol. 8 page 78 of the Deed of Trust Records of Mitchell County, Texas, executed and delivered to me on the 21st day of May, 1919 by Raymond Johnson and Sue W. Johnson, his wife, for better securing of the payment of the following described notes, to-wit:

Three principal notes dated May 12 1910, due and payable to the order of The Missouri State Life Insurance Company at the Home Office of said Company in the city of St. Louis, Missouri, the first two of said notes being for the principal sum of \$500.00 each, due respectively January 1st, 1912 and January 1st, 1913, the third of said notes being for the principal sum of \$2000.00, due January 1st, 1918, all of said notes bearing interest from their date at the rate of 8 per cent per annum, payable annually and evidenced by coupon interest notes attached to said principal note, said coupon interest notes each bearing interest after its maturity at the rate of 8 per cent per annum; each of said principal notes providing that upon a default in the payment of the interest due thereon, then the principal note with the interest due and accrued shall at the option of the legal holder, become at once due and payable; said three principal notes signed by Raymond Johnson and given for a loan of the amount represented by their face and secured by a deed of trust upon the following described land, situated in Mitchell County, Texas, and being 640 acres known as Section or Survey No. Sixteen (16) in Block Twenty-Seven (27) of the Texas & Pacific Ry. Co. survey originally located by virtue of Certificate No. 2-1408 and patented to J. S. O'Keefe on the 17th day of April, 1901, by letters patent No. 19, Vol. 20, the same being recorded in the Deed Records of Mitchell County, Texas, in Vol. 5, page 208.

And, Whereas, the said Missouri State Life Insurance Company is the holder and owner of said notes, and the said Raymond Johnson has made default in the payment of said \$500.00 note above described, due on January 1st 1912 and has made default in the payment of the second principal note for \$500.00 due on January 1st, 1913, and also on an interest coupon note for \$40.00 attached to the principal note last above named due on January 1st, 1913. And has made default in the payment of an interest coupon note attached to the third of said principal notes, and being for \$240.00 due January 1st, 1913, and all of same are now past due and unpaid, and by reason whereof and as provided for in each of said notes and in said deed of trust, the said Missouri State Life Insurance Company has declared each of said notes and all of said indebtedness immediately due and mature, and has heretofore so notified the said Raymond Johnson in writing; and, whereas each of said notes are now past due and unpaid, now aggregating principal notes, interest coupon notes and interest on said coupon notes the sum of Four Thousand Six Hundred Sixty Five and 60-100 (4665.60) Dollars and, whereas, I have been requested by the said Missouri State Life Insurance Company to enforce said trust, I will by virtue of the authority conferred in me as Trustee aforesaid, offer for sale between the legal hours thereof, to-wit: between the hours of 10 o'clock a. m. and 4 o'clock p. m., at public auction, to the highest bidder for cash, on the First Tuesday in February, A. D. 1914, (the same being the 3rd day of said month) at the Court House Door in the town of Colorado, in Mitchell County, Texas, all of the above described real estate together with all the rights, members and appurtenances thereto belonging.

Witness my hand this 3rd day of January 1914.

M. K. JACKSON,
Trustee.

BETTER BABIES NOTES.

The one and only way to prepare a baby to score high in a contest is to make it a better baby, a healthier baby by systematic intelligent care every day of its life. A prize Baby is correctly proportioned as to weight, height, circumference of head, chest and abdomen, and length of arm and leg; it has a good muscular development and circulation, breathes and digests its food properly, has firm smooth flesh, possess the use of all its senses and has a mental development in keeping with its age and physical development.

The six most important considerations in making babies better are: the food they eat; the air they breathe the sleep they get; the exercise they are allowed; the clothing they wear; and the intelligence and common sense of their parents at every turn of life.

A strong baby should have strong vital organs which is more important than big muscles, fresh air is necessary in order to have good blood upon which vital strength depends. Give the baby as much fresh air as possible. No weather in this climate is too cold if the baby's body is properly covered. A dirty scalp means an unhealthy scalp. Milk crust or scabs or sores of any sort count against a child. Scanty hair does not count against the score until the child is one year old.

HONEST WITH THE DEBTOR

Reading in last weeks Record an article on being "honest with the creditor" which article was most fair and well said, I have no desire to criticize this article but the thought occurred to me why was an article never written on the other side of the question. "Being honest with the Debtor". I have never read or heard of anyone reading an article on this subject and the desire to present this side is my humble aim.

Some debtors think that to beat the merchant is perfectly alright and that they have the right to shun him whenever the opportunity presents itself. I have no desire to defend this sort of people by any means but the honest man that does pay his debts, has to pay the merchant enough profit to cover the loss made by the man that does not, and has no desire to pay his debts this burden is unjust and should be removed from off his shoulders. Why does the honest man have to pay the debt or debtor into fellowship with the debts of the fellow that won't pay? That is the problem that we must solve in order to bring the consumer merchant or creditor, who is a necessary cog in the great machine of civilization.

To give you an illustration of what this burden amounts to I will say this, that I had occasion to buy an article at one of our stores and went in and asked for it, when I found what I wanted I asked the price, was told \$2.25 and I suggested that that was too much and the clerk asked if I wanted to pay cash for it or get it on time and I said that I wanted to pay cash, and was told that I could have for \$1.50 that was one third of the credit price now if a man was to run an account at that store for a time and pay \$300.00 worth, he would have to pay \$100.00 more than if he had the cash to pay as he gets the merchandise, now of course the merchant made a profit on the cash price if he had not made profit, he would have wanted more, so you see that he would have made 75c on that one article, by selling it on time, or charged you 33 1-3 per cent for running your account.

And last but not least the Merchant is given a mortgage to be used as collateral and the creditor has to pay 10 per cent interest on that then pay the merchant 33 1-3 or thereabouts for running his account adding them together makes 43 1-3 per cent above cash.

AUTO NEWS.

F. S. Keiper of the Studebaker garage has been worried for several weeks, because he could not get cars; but on Tuesday a car load arrived and were immediately unloaded, cleaned up and put in shape for delivery. To show how anxious people are for these popular cars, Mr. H. G. Towle of Snyder came down Tuesday evening, arriving about 11 o'clock at night, went up to Mr. Keiper's house, got him out of bed and went down to the garage, rolled out a new car, wrote his check, got in and pulled out for home. This is the third Studebaker car Mr. Towle has bought, having sold his others. This goes to show that he believes in the Studebaker—in fact he says he prefers it to any other car, regardless of price, make, power, color or condition. On Wednesday another Studebaker was sold to Jno. T. Johnson at Sweetwater, which makes the second Studebaker for him. Mr. Keiper has two others sold, and says the rest of them won't last long.

Of course these cars are all 1914 models, with electric starter, ignition, lights horn etc. with all modern improvements—the perfect car.

The Studebaker garage is a busy place these days. Several new mechanics have been added to the force, so that all repair work can be done promptly, customers not having to wait days or maybe weeks for their car.

In the garage they have all the modern machinery for Auto repairing, such as compressed air cleaner, a fine tire and tube vulcanizer, air compressor for free air to their patrons, automatic gasoline pump, machine to charge storage batteries, etc.

The men are experts in this line and "know how."

Free demonstration of the Four or the Six gladly given at any time, and see the new cars and take a ride, whether you intend to buy or not. "Buy it because its a Studebaker."

MAKING GOOD.

Wellington Hester is now making good at the Western Union Telegraph office. Last February he started in as messenger boy and so closely did he apply himself to the work that on this January a little less than a year he is holding down the job as manager. Although being deprived of a father since early childhood, he has had a mother who was willing to undergo any sacrifice that her boys might have proper training and as they grow up they are all making good. Much to the joy of a deserving mother.

TRADE FOR GOOD LAND.

Another man for Tax Assessor. Mr. J. H. Williams announces this week for the office and asks the voters to consider his claims. Mr. Williams says he needs the office and asks a fair consideration at the hands of the voters.

WORK COMMERCIAL.

The West Texas Electric people are low at work on their new line and say the high cable will be in Colorado in less than 60 days. Work on the big power plant at Sweetwater is being pushed, wire and poles are being unloaded at Roscoe Loraine and Colorado.

The entire system in Colorado will be overhauled, new poles erected and new wires put up practically all over the town. A building has been rented next to Sherwin for Storage room and a pole and wire yard rented near Porters feed store and Material is now coming in. The main pole yard for the high cable is at the salt works. When this new line is up and the new wiring done in the town they promise first class service both day and night, and will then be ready to run a line to any farm or ranch or up and down the river for irrigation etc.

Best Cough Medicine for Children.

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy" writes Mrs. Lida Dewey, Milwaukee, Wisconsin. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by W. L. Doss.

F. M. Burns, White sale Monday and Tuesday. Read ad.

FIND OUT YOUR WEIGHT WHILE YOU WAIT.

How much do you weigh? Many people, ladies especially, are curious to know just how much they weigh, but hesitate to put anyone to the inconvenience of ascertaining for them.

A Fine new scales are now installed at the depot. All you have to do is to drop a penny in the slot and get your weight.

You merely step on it and the indicator tells your weight, and tells it truly. No one need have the slightest hesitancy for fear of injuring the apparatus in any way, for it is entirely devoid of springs, and what is more it has a capacity of one thousand pounds.

To Owners of Cars With Self Starter.

If your Starter fails to start your car, you are liable to burn out your Generator and ruin your Storage Battery, by letting same run down. I have just purchased a \$65.00 Battery charger, and am prepared to keep your Starter in working order. Do not neglect your Starters. They will do the work, but they must not be neglected.

The most important thing in buying an Automobile is being able to get parts. The Studebaker Corporation has lately set aside one complete plant, that makes nothing but parts for the old models, and they say that just because your car has run from 75,000 to 100,000 miles that you do not need to throw it away because you can not get parts, that as long as there is an old car left you will always be able to get parts.

And the parts can always be bought in pieces at original cost of the car set up. Price list and parts book are free to the public at the Studebaker Garage.

Miss Christie Maxfield, who has been assistant chief operator here for some time, for the Telephone Co., has accepted a position as chief operator at Sweetwater. This is a deserved promotion, and her many friends will regret her leaving, but rejoice in her advancement in business.

Miss Lulu Merrell spent Wednesday in Sweetwater on a visit, the guest of Mr. and Mrs. W. E. Caperton.

Mrs. Crist of Abilene has accepted a position with F. M. Burns, to fill the place made vacant by the marriage of Miss Carter.

AN ACCIDENT AT LIGHT PLANT

Cylinder Head Blows off, Goes Thru Boiler Room, No One Hurt

Thursday morning about 6 o'clock, Mr. Roland, an engineer at the light plant noticed that his engine was not running right and walked around in front of it to cut off the steam, thinking he would start the other engine to finish the run. Just as he got in front of the engine the cylinder head blew off, missing him about an inch. It went through the door into the boiler room, and having a clear road traversed the building, and striking the concrete was cracked across its face. The piston rod had become disconnected at the cross head and of course something "had to come."

It was certainly a narrow escape for Mr. Roland who would have been instantly killed had he been an inch further over.

Repairs will be made at once in the meantime the other engine and dynamo will furnish the "juice."

DISTRICT COURT.

District Court met again on Wednesday and took up the civil docket. Wednesday the court went into the trial of the case of John W. Lovelady vs. G. B. Coughran, sheriff et al before a jury.

This is the case wherein Alvin Bell had secured judgment against Mr. Lovelady and had levied on a house in Colorado. Mrs. Lovelady claimed the house as her property and home-stead and this suit is to try the rights of property.

Will S. Payne and attorney from Snyder also T. P. Perkins of the law firm of Perkins & Perkins of Snyder are here attending district court.

Mr. Dodson, court stenographer from the 72nd district (Lubbock) is acting for Walter Carter this week, Mrs. Carter being very sick keeping Walter at home.

Saturday the only criminal case before this court will be tried, this is a Mexican with an unpronounceable name charged with boot legging whiskey.

The jury in the case of Lovelady vs. G. B. Coughran et al reported Thursday morning that they could not agree and were discharged by the court and the case set again for next Tuesday.

THE ROYAL ARCH DEGREE.

On Friday night last the Royal Arch Degree was conferred by the Masonic brethren on team of thirty travelers over the burning sands etc. Quite a crowd was present, after the work a banquet was spread and all enjoyed the occasion very much. Besides a large attendance of local Colorado Masons we noticed from Snyder:

C. L. Ezell, J. W. Warren, H. L. Davis, Joe Stinson, Rufus Mitchell, G. W. Brown, R. L. Burdett, Chas. Harless, A. N. Harkrider, W. H. Stamps.

From Loraine we saw:
A. K. W. D. and J. G. McCarley, J. M. Templeton, W. E. Watson.

From Westbrook there were present
B. C. Kitchen, W. E. Smith, M. F. Nessmith, J. M. Page.

From Dunn came:
G. W. Hanson, J. W. Kay.

From Robert Lee:
D. R. Campbell.

From McKenzie:
Sam Snowden and G. F. Adams.

Again on Tuesday night this lodge was called to Dunn to confer the degrees in the Blue Lodge. Dr. Phenix with Vance as driver together with C. M. Adams, J. E. Hooper, J. A. Buckman, J. S. Vaughan, Lee Jones, H. E. Grantland and Joe Smoot all went up and was met there by the Snyder bunch, called by some (The Snyder outlaws) and all had a royal good time and a sumptuous feast at Dunn.

The work of the Colorado lodge was pronounced perfect, and the Snyder boys received compliments.

THE GERMANY HOTEL.

Board and rooms \$3.00 per day. I give massage to all boarders free. If you are sick anyway come to see me. Massage removes the cause and aids nature; nature effects your cure. Strong drugs is against nature and poisons up your system. I never use any drugs to poison your system up. No Xrays to burn you and injure your system. No knife to butcher you with. A great many operations are performed now for the money. If they don't kill you when they operate they leave you crippled up for life. No harm can be done by Massage properly given. I have had over twelve years experience and study as a masseur.

LATE NEW YEARS DINNER.

Mr. and Mrs. J. R. Altizer saved their New Year's turkey until their son, Austin, could come out and help eat it. Last Thursday the newspaper man and wife were invited over and such a New Year's dinner we had never seen before. Cake, pie, Turkey and all the fixins and served so nicely in home-like style that we really ate too much. We certainly did enjoy the day with these good friends.

DIED.

On Sunday last Mrs. E. H. Ferrell died at her home near Union. Rev. A. D. Leach held the funeral services at the residence on Monday and the remains were laid to rest at Union Cemetery. Mrs. Ferrell had been sick a long time she was the daughter of Mrs. C. C. Witt.
