HUERTA FAILS TO SALUTE SHIPS READY FOR ATTACK

Tuesday Morning's Press Dispatches.]

SALUTE NOT FIRED.

Washington, D. C. April 21—Huerta refused to salute Sunday by six o'clock. His final word was to offer a salute provide that the United States would first agree in writing to return a salute afterward. This was refused as it would be equivalent to a recognition of Huerta. President Wilson told O'Shaughnessy to again warn the Americans to get out of Mexico.

Washington, April 20.—(12:01 P. M.)—Congress has agreed to meet in joint session to hear the President at three o'clock this afternoon. Wilson announced his message would not require more than ten minutes. He wrote it on the train while en route to Washington.

Although Huerta's time limit, last night, expired; any retraction from him will be accepted up to the time congress meet.

Significant patriotic demonstrations by people in the streets occurred here last night. This was also the occurrence in New York and Denver. No orders have been issued to the army, but Texas troops are ready to move on one hour's notice.

DEMANDS TO BE MADE

Washington, April 20.—(11:30 A. M.)—It is understood that demands which the President's message will ask Congress to authorize are:

- Seizure of Tampico and Vera Cruz.
- Seizure of Mexican gunboats in those waters.
- Seizure of the railroad at Vera Cruz.
- Probably appropriation for the expenses of these measures.

WILSON'S SPEECH.

Washington, April 20.—3:30 P. M.—President Wilson today answered Huerta's defiance by asking congress in joint session for approval to use armed forces of the United States in such a way and extent as may be necessary to obtain from General Huerta and his adherents the fullest recognition of the rights and dignity of the United States.

The President did not ask for any appropriation of money at this time, nor for authority to call out the national guard.

"There can be no thought of aggression or of selfish aggrandizement," declared the President to the to the somber faced senators and representatives who packed the hall of the house. "This government can, I earnestly hope, in no circumstances, be forced into war with the people of Mexico. If an armed conflict should unhappily come as a result of his (Huerta's) attitude of personal resentment towards this government, we should be fighting only general Huerta and those who adhere to him and give him support and our object would only be to restore to the people of the distracted republic the opportunity to set up again their own laws and their own government.

"There can, in what we do, be no thought of aggression of selfish aggrandizement. We seek to maintain the dignity and authority of the United States only because we wish always to keep our great influence unimpaired for the uses of liberty both in the United States and wherever else it may be employed for the benefit of mankind."

WOOD COMMANDING FORCES.

Washington, April 20.—Secretary Garrison announces that if war comes Major General Leonard Wood will command the American forces. President Wilson was relieved with cheers as he returned to the city today. Army officers say that a formal declaration of war is impossible because the United States does not recognize Huerta as head of Mexico. They do not expect Huerta to resist.

HUERTA WANTS NO DEMONSTRATION.

Mexico City, April 20.—President Huerta advises Mexicans to refrain from demonstrations against Americans. Many Americans will remain there unless Mexicans order them out.

TELLS WHOLE STORY.

Washington, April 20.—(1:15 P. M.)—Republican Leader Mann announced that he will vote against the President's request for any armed force to compel Huerta to apologize. Underwood after the conference with Clark announced that congress would do whatever the President asked.

The cabinet after a special meeting announced that they would give congress the "whole story". The Navy Department has chartered the steamer "Mexico" for Tampico as a refugee ship. Senator Chamberlain introduces a bill to appropriate \$50,000 for Mexican expenses. Bryan announces that Carranza and Villa are not expected to cause complications.

A new message was received from Huerta today. But it is nearly the same as that of last night. The offer through Charge O'Shaughnessy was declined. Its terms cannot be accepted, which include a written agreement.

WHITE HOUSE STATEMENT.

Washington, April 20.—(11 A. M.)—The White House gave out this statement today:

"Do not get the impression that we are going to have war with Mexico. Under no circumstances would we fight the Mexican people; we are their friends. The President is going to Congress to tell of the special situation. This is only an issue between this government and the person calling himself the President of Mexico. We have never conceded his right to call himself the President of Mexico. In no circumstances would we fight the people of that country.

We want to help them in every way that we can. "The President got a feeling of uneasiness today when he read newspapers and found them filled with enthusiasm for war. He wants justice. This may not exentuate war if Mexico takes the wise course."

Wilson said that plans for the seizure of Tampico and Vera Cruz are certainly not war."

HUERTA QUIBBLED.

Washington, April 20.—(1:30 P. M.)—General Huerta has ignored the demand for the salute and has invited war. Early today Huerta wired for

COLQUITT GRANTS RESPITE TO MAY ELEVENTH.

Austin, Tex. April 20.—Mr. Tom Harrison, Sheriff of Reeves County, Pecos, Texas: Attorneys from Leon Carreras Martinez have filed application for writ of habeas corpus with Judge Maxey of the Federal District Court. At suggestion of Judge Maxey and on recommendation of Attorney General Looney I have granted a respite to Martinez until Monday, May 11, to give Judge Maxey time to consider the application for writ of habeas corpus with the understanding that if Judge Maxey dismisses the application for writ of habeas corpus that the law will be allowed to take its course and Martinez will at that time be executed in pursuance of the mandate of the state and federal courts. I am giving you this full information in order that any public apprehension may be allayed.

TO BRIDGE SAND HILLS.

When the West Texas Automobile Air Line was logged from Dallas to El Paso along the T. & P. road, the greatest difficulty encountered on the route was the sand hills in Ward and Ector counties. Since that time meetings have been held and these Counties have agreed to vote bonds and bridge these sand hills. This will make the route complete and one of the best in Texas.

Before district Judge W. W. Beall in this city, on last Saturday afternoon came on to be heard the habeas corpus proceedings wherein O. L. Wood, held here on a charge of rape, had petitioned for a reduction in the amount of his bond. After hearing the evidence submitted, Judge Beall rendered his decision, refusing the petition.—Big Spring Herald.

OPENS CAMPAIGN.

Judge A. J. Coe, County Judge and candidate for re-election will open the County Campaign at Buford on Friday night May 1st. The Judge will divide time with his opponent and also invites all candidates to be present and speak if they so desire. The Judge is reading up on his opening speech and will quote poetry in his eloquent perorations. A hot time is promised in Buford on that night. Everybody is invited and especially the ladies.

PUBLIC SPEAKING.

We will have Mr. Metcalf of the United States Department of Agriculture Bureau of Animal Industry with us on April the 29th and 30. Wednesday and Thursday of next week. He will speak Thursday at court house at 3 p. m.

I would be glad to have every Stockman and farmer in Mitchell County come out and hear Mr. Metcalf as I consider stock farming and the silo the salvation of West Texas.

Respect, W. A. DULIN.
Agent for Mitchell County.

NATURAL GAS FOR BIG SPRINGS.

A proposition has been submitted by the Arkansas River Bed Oil and Gas Co. of Tulsa, Okla., for a franchise to extend a main to Big Springs for the purpose of supplying natural gas. They place their rate at 50cts per 1000 cubic feet for residence purposes and 35cts for municipal purposes.

They propose to begin laying their main within three months and to reach here within nine months. They will supply Amarillo and other towns in Northwest and West Texas; expect-

ing to extend their main as far West as El Paso.

The rate proposed is a most reasonable one according to the views of those familiar with the usual charge made for natural gas in other cities and it will be a great thing for our city if the proposition is carried thru.

This will give us a bigger pulling power to secure additional factories as a reasonable cost for power is one of the big items to be considered.

FIRST BALL GAME OF THE SEASON

COLORADO OPENS NEW PARK IN A GAME WITH BIG SPRINGS.

A Good Attendance—Slow Game—Big Springs Wins Game Easily.

It had been advertised that on Tuesday Colorado's new base ball park would be opened by a game with the Abilene Bankers, but on Saturday evening Manager Scott received a wire saying they could not come, so he immediately got busy and matched a game with Big Springs.

The day was not an ideal day to play ball, being cloudy, chilly and the wind blowing a gale.

At 4 o'clock both clubs and a great many citizens, led by Colorado's brass band, walked out to the park, to try out what the boys could do on the new diamond.

The grounds had been cleaned and dug down, and the diamond sprinkled, so that there was no dust. The ground's were in first class condition and the park and grand stand added much to the comfort and satisfaction of the fans who were present.

The occupants of the grand stand had a kick coming because people were allowed to stand up along the right foul line, obstructing the view of first base. Also those occupying autos, which were backed against the fence had the same objections to offer, and as they paid for reserved seat privileges they were entitled to a clean view. However Manager Scott says this will not be allowed to occur again, as they will put up some bleacher seats on left side which will have to be used by those who do not patronize the grand stand or enter in vehicles.

In the absence of Mayor Adams, Col. F. M. Burns, announced the batteries, and tossed the ball to the umpire.

Andrew Cooksey was selected to umpire the game, and everybody knows that he did it fairly and impartially as he always does.

The game started off in fine shape and was a pretty good game up to the first half of the 8th inning when the Short Horns seemed to make all their errors at one time with bases full, allowing four scores, in both 8th and 9th.

Big Springs brought first blood in the second inning when they scored one, and in Colorado's half of the 9th they went them one better and marked up two. Third and fourth innings were shut out, but in the fifth Colorado marked up one more, and in the seventh one, which gave them a total of four.

The Big Springs bunch got down to business in the seventh plugged the ball into the back corners of the park, scoring four times and repeating in the ninth, giving them nine.

The Short Horns changed pitchers in the 8th, which helped some, but it was too late as the game was already lost.

This being the first game, of course the boys were not in form, and it seemed to us that every man in the team made errors, which would not be probable after they have played a few games. Anyway the boys were beaten 9 to 4 and they have no kick coming, saying that they will get it back on them the next time they play Big Springs, as they feel sure they can beat that team with "half luck."

Our boys are good losers, and if they could play every game without an error and win every game played they would soon all be in the big league and we would have no team at all.

The Big Springs boys played a good game of ball all right, and showed better team work and more practice than Colorado had.

We hope to see these teams try it over again soon.

Next Monday, Tuesday and Wednesday there will be a series of three games with Rotan, and the boys better practice up a little as Rotan has a team above the ordinary this season, and will give them all they can do.

The management hopes for a liberal attendance on these games and as-

sure the fans that they will give them the "best they've got."

After Saturday morning tickets will be on sale at Floyd Beall's drug store. Manager Scott says they have arranged to give all ladies attending the games, free transportation to the grounds, from C. M. Adams corner.

ANNUAL CONVENTION.

State Convention of the State Volunteer Firemen, Victoria, Texas, May 12, 1914.

At the annual convention of the State Volunteer Firemen's Association held at Wichita Falls last year, Victoria was selected as the next meeting place. The Association could not have chosen a city better able to take care of them, and already elaborate preparations are being made at an expense of thousands of dollars, to entertain the thousands of visitors who will be our guests during the three days of the Convention.

As all are aware, Victoria is known all over the country as the City of Roses and Millionaires, containing more wealth than any other city of its size in the United States. No expense is being spared in preparing a parade and other features that will be in keeping with the wealth of the citizens. A committee is busy securing accommodations for any number of visitors who may attend the convention, and no one need have any doubts as to the reception when they arrive.

The local officers are receiving numerous inquiries from people all over the State, and judging from the general tone of them, more interest is being manifested in Victoria's celebration than has been in any other similar attraction ever staged in the Gulf Coast Country.

The Convention will be in session for three days, beginning Monday, May 12th, and on the last day it is planned to take the visitors to some seaport on the Coast for an evening's outing. Upon arrival here all visitors are requested to report to the Information Bureau at the railway station.

For some time farmers of Taylor County have been figuring on erecting silos, and when the question came down to building a certain kind they did not know just what kind to build. A recent investigation of four Panhandle counties shows that there are 67 silos in those counties, distributed in number and percent of the total as follows:

Pit	27	40
Wood Stave	23	34
Others	3	4

FARM TERRACING IN WEST TEXAS

Farm-terracing was an unknown art in Parker County until 12 years ago when W. N. Reed, living eight miles south of Weatherford, read an article by Frank Carpenter, telling of his travels and observations in China and Japan. In this article the terraced fields on the mountain slopes of Japan and the enormous crops they produced were described. Mr. Reed conceived the idea of applying this to his own farm, especially on a forty acre field that had become badly washed since it had been put in cultivation fourteen years before. Ditches had washed across the field until it was impossible to cross them with a team and the soil had become impoverished until it did not produce one half the yield originally produced.

Mr. Reed with the aid of a home-made level, ran his lines and threw up his terraces. The first few years considerable trouble was experienced by their breaking when heavy rains fell; however as the terraces were gradually built higher and broader this trouble was overcome. The "made-ground" back of these terraces, extending in many cases one half of the distance to the next terrace above also, has helped to take care of this excess water, and by plowing the land early and deep, this soil absorbs all the water falling upon it. In heavy rains, what little runs from the soil on the upper part of the terraced spaces, is caught and held by the terrace below and the deeper soil built there. Mr. Reed has all his fields (160 acres) terraced now. The last ones were put up some four years ago. He has fields located on hill-sides, which have not had a drop of water run off of them for four years. The original 40 acres produces double the amount of crops that it used to, with the same rain-fall.

The writer examined the soil carefully in this field and found it rich and loamy. The old ditches have disappeared.

Mr. Reed said that some farmers were talking hard times, but they had not commenced to see hard times yet if they did not terrace their fields to save their land. Some of Mr. Reed's neighbors said he was crazy, when he first started this work, but many of those who came to scoff have remained to pray, and have accepted his faith.

Nearly all adjoining farms are terraced, and unsightly, ragged hill-side fields are being rebuilt into productive soil.

Mr. Reed came to Parker County thirty years ago, and for the first few years farmed on the "halves" His fine farm with forty head of stock, among which, are five fine brood-mares are concrete examples that it pays to farm with your brains as well as your muscles. Mr. Reed has one of the few Texas Farms that are not for sale.

Farm terracing in Parker County is also receiving much encouragement and aid from R. L. Banks, County Demonstration Agent. Mr. Banks has run the terrace lines for a great many farmers and aided them in their construction.

O. E. S. ADOPT RESOLUTIONS ON THE DEMISE OF JUDGE J. E. HOOPER.

Whereas in His wisdom the Great Ruler of the Universe has removed from our Chapter Bro. J. E. Hooper, one of our charter members, who for a number of years gaced the highest office in our order.

Whereas by his long and continued faithfulness, we ever found in him, "one among thousands all together lovely." That he deserves to be forever held in grateful recollection by the order.

Be it resolved by the members of Colorado Chapter that we deplore most profoundly his untimely death; That in his death we recognize that the O. E. S. of Colorado and state of Texas have suffered an irreparable loss, that this community has lost an unselfish christian gentleman of the highest type whose noble character and purity of life have never been questioned.

Be it further resolved that his death brings with it a sense of personal loss and that he will be sadly missed by every member.

That we extend to his wife daughter and relatives our deepest sympathy and condolence in the loss of a devoted husband and father offer them the consolation that he died loved, honored and respected by all who knew him, that his record through an upright and useful career may always be contemplated with pride and satisfaction, and that the halo left behind by his exemplary life will ever guide and direct to the light that faitheth not.

Resolved further that this resolution be spread on the minutes, and a copy of same be furnished his family.

RESULT OF DROUTH-RESISTANT SEEDS.

Feterita and Sudan Grass Especially Demonstrated Their Great Worth to the Southwest.

The Department of Agriculture during 1913, under an appropriation of congress, distributed approximately 27,000 packages of drowth-resistant field seeds. Each of these packages contained a sufficient quantity of seed to plant 1 acre, and this when successful supplied the grower with seed for a much larger area the following year. The crops included in this distribution were improved hardy and drowth resistant alfalfas, new varieties of field peas, improved strains of millets, feterita, and Sudan grass. Those in charge of this distribution have rendered the following report as to the results obtained from the planting of these seeds:

Feterita, a grain and forage sorghum similar to kaffir and milo, and Sudan grass, wild form of sorghum, somewhat coarser than millet, demonstrated beyond a doubt their immense value to the country. Notwithstanding the extreme drowth which occurred throughout almost the entire growing season, these crops came to

maturity and furnished forage where practically all other crops failed. Seeds of these varieties are at the present time greatly in demand and command a price far in excess of the ordinary sorghums or millets. The Amraoti and Bangalia varieties of field peas demonstrated their superiority over the common strains for dry-land farming and have created for themselves a strong demand in sections where they were tested. New millets also proved very promising and, so far as can be determined from one year's results, this improved alfalfa will go far toward establishing this crop in sections too dry or too cold for the common strains.

In addition to alfalfa, feterita and Sudan grass, the distribution this year will include field peas, millets, improved strains of sorghum, wheat and Tepary beans. The last named crop is especially drowth resistant, and is very promising in the southwestern portion of the great plains region as an article for human food.

The most promising and immediate results that are expected from the distribution of seed of dry land field crops are the establishment in general use of two valuable crops—feterita and Sudan grass; the making available of hardy and drowth-resistant strains of alfalfa which virtually will make this crop a success over large areas where it can not now be grown successfully; and the introduction of new and highly promising crops, among which may be mentioned a new sorghum, the Freed variety, a semi-sweet sorghum, which is highly drowth-resistant and valuable both for grain and forage, and the Tepary bean for human food.

Seeds of these new crops are not as yet staple commodities on the market, and a distribution such as has been conducted will go far toward making them generally available to farmers in the dry land sections.

As for the broader aspects of the project, it is largely to the crops just indicated that the farmer must look for success in dry land farming.

Hunt's Cure is the name of the remedy which is absolutely guaranteed to cure all forms of skin disease or the purchase price promptly refunded. Wonderful results are obtained by its use, curing cases that would not yield to other treatment. Ask your druggist.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

FAIRVIEW FANCIES

The stork made a visit in our community on the 11th at the home of B. F. Simpson and left a fine baby boy. Mother and baby are doing well.

The Fairview Public school closed here on the 17th with a picnic and base ball game between Westbrook and Fairview, which wound up with 3 to 4 in favor of Westbrook. An old fashioned dinner was served on the ground at Miller Springs. Miss Carey Mahone the teacher of the school has given perfect satisfaction to patrons and pupils and as she goes to her home the best wishes of the community go with her.

Mr. Will Berry gave the young folks a social on the 17th with play games good music and singing the time passed swiftly away.

The Fairview Sunday school will give their annual Picnic on April the 29th a good time is expected.

Mr. G. Goodwin and family is making a flying trip to Portales, New Mexico, visiting old friends out there.

COLORADO, TEXAS, APRIL 24, 1914.

An Oklahoma newspaper advertises as follows: "Full blooded cow for sale, giving milk, three tons of hay, a lot of chickens, and several stoves." That is a cow worth having.

Politics is a funny game. Johnston, Kirby, Wolters, Bailey, Colquitt, Sheb Williams and other big guns used to sing Ball's praises, up and down in Texas, but now, it must be all off.

On these balmy days of April sunshine and showers when "Spring with dewy fingers cold" comes to plant violets about the doorway and to throw a garniture of beauty and bloom over the earth, it is well to turn from politics and politicians and take a view of the broad field of agriculture, its extent, its conditions and its promise of harvest.

The advertiser, while benefiting himself, helps the town. A town in which the business men advertise in the newspapers is always a live town. The merchants who use printer's ink are always the progressive spirits of the place, and deserve the patronage of the community they help support and push forward. Deal with business men whose advertisement you see in the newspaper and you will make no mistake.

The field of politics will always be well cultivated by those seeking political preferment and official station. It is a field that never fails to yield a big crop of politicians anxious to serve their country. It is not necessary, therefore, at this time, or any other time, to point our readers to the "political outlook." Orators galore and candidates on every hand will keep the "dear people" advised of the "political outlook" and they will furnish all the promises heart can desire.

The boy who has the freedom of the streets after nightfall, without business or permission, is cultivating a very dangerous habit. Any place where a boy has no business is a very dangerous place for him, whether it is on the street, in the store or elsewhere. A boy that is all right likes his home, friends, books, or newspaper in preference to the class found on the streets without business. Business men of all kinds look upon the boy loafer as a dead beat of the future.

If you have had company, or a dinner party, or know of any other news matter that is of interest to the community, bring or telephone it in to the Record. We are always glad to get news matter of all kinds, and if something you are interested in is not mentioned it is your own fault. Frequently some one gets peevish because they have had company or a party and nothing mentioned about it in the paper. It is impossible for us to get all the news unassisted, and if you will make an effort to inform us of these things we are glad to publish them and will appreciate the favor.

FARMERS CALL A HALT.

In a recent statement to the press, the officials of the Farmers' Union deplore the fact that they have too

long permitted the destinies of the farmer to be shaped by men with personal ambition, and call upon their membership to insist upon "State-wide Prosperity" being made the paramount issue in the coming legislative and gubernatorial campaigns. Their statement says, in part: "The farmers have never taken much interest in governmental affairs. Candidates have been groomed and issues framed up, as a rule, by city men and the farmer has had no alternative, in many instances, but to choose between two or more evils. The politicians have been ordering the farmer to cry aloud for the sins of the cities and we have cried. The politicians have told us how to vote to save the country and we have voted, and after the election was over the legislatures have told us to stand aside until special interests were served or chastised, as the case might be, and we have obeyed. Let us unite in this campaign in fighting for men in the executive and legislative branches of government who will stand by the farmers."

A FLASH IN THE PAN.

The Much Discussed Conference of Constructive Democrats with anti-prohibition appendixes failed to materialize at Fort Worth on the 14th as advertised.

Not having a quorum present the Constructive decided that they could not construct a party with the limited material at hand.

The rebels, under the command of Gen. Ferguson, were able to block the game of Col. J. Sheb Williams, Col. Waples, Col. Wolters, Col. Fulton and other leaders.

Ferguson was the Villa of the rebellion and Col. J. Sheb Williams the Huerta of the regulars.

Gov. Colquitt was in at the finish. The net result of the conference is that there will be no "elimination" of Anti candidates by concerted action. Each candidate must now eliminate himself or stay in and run the race set before him with one eye on Ball and the other eye on the goal.

To a man up a tree it looks like the battle will be between Ball and Ferguson, with strong probability that the paramount issue will not be the governorship, but the question of submission of a Constitutional Amendment for State Prohibition.

This will transfer the contest from one of a personal character to one of State policy. The control of the Legislature will then be of more importance than the governorship. Whatever the sovereign people decree at the ballot box must be observed by the Legislature, and they can instruct their Legislators as to their wants and wishes in the matter of State-wide prohibition.

GARDEN PLANTIN' TIME.

Wen that lazy sort o' feelin' Gets to playin' down your spine, An' you get a sort o' itchin' Fer a fishin' hook and line, An' the bees begin their hummin'—As they do in early spring, An' the mockin' birds out yonder In the trees begin to sing; When you're lovin' all creation With a love that's most sublime, Strikes me that its gettin' somewhere Close to garden plantin' time.

TWO DOWN, ONE UP—NEXT.

When the Anti-Prohibition wing of Texas Democracy cast about for a shield behind which they might fight the most vital issue of all time and yet appear to be evangelists of public weal, they selected the big, high-sounding term Constructive. Some wag with a brilliant and exhilarating sense or humor, lopped off the two last syllables and dubbed them Con-Dems the implication being that the intelligent citizenship of this splendid commonwealth was unwittingly to engage in a sort of political confidence game.

It now appears that some of the leaders opposed to the candidacy of Tom Ball are first to be "conned." Editor Ousley gracefully withdrew his name, Sam Sparks either heard a voice or had a vision, for he quit the game.

From this angle and at this juncture Messrs. Ousley and Sparks appear to be buried in the debris of houses built by their friends and, incidentally, replicas of the hard luck story of the man:

"Whose horse went dead and his mule went lame,

And he lost his cow in a poker game; And a cyclone came of a summer day And blew the house where he lived away.

Then an earthquake came when that was done, And swallowed the ground that the 'house stood on;

Then a tax collector, he came 'round And charged him up with the hole in the ground."

Meanwhile the Con-Dems find themselves with a plethora of candidates, or at least candidates in the field, one of whom they must support or vote for Tom Ball. Since the last named has an organization unified as to the paramount issue of the day, an issue that will not be downed by the glittering and unstable charge that it has no place in politics, it behooves Col. Johnston, Col. Jake Wolters, and the pilot crew of the Anti ship, to do some tall and quick eliminating if they are to be in the July running.

With Ousley wrecked by uncharted political reefs, but before Mr. Sparks heard the wee voice or saw the vision—it is not of moment which—along came Attorney Sinclair Taliaferro, of Houston, and in seven columns, of cold, 8 point type, declares he is the one Moses needed to lead Texas out of the mire of mistakes and slough of burdensome laws into which sundry and various legislatures have plunged her. But Mr. Taliaferro is not at all boastful; to the contrary he makes a handmaiden of modesty when he says:

"I have no special claims to urge upon the people or the Democratic party, for their or its support, beyond those which can be urged by many thousands of Texas Democrats."

Satisfied with the delicacy of the compliment paid his neighbors the Houston attorney gives twenty-three reasons for his election to the office of Governor, and then, that these reasons might not be understood, he makes side excursions into many of them, stamping each in order—Exhibit A, B, etc.

In the Pro, wing of the Democratic party no one is living in a fool's paradise. The followers of Tom Ball are "hitting the ball" for every ounce in them, passing the affirmative of Ish Ga Bible to their opponents. JAMES WESTERN LOGAN.

TEXAS FACTS.

Complimentary to the National Editorial Association, which is meeting in Houston this week, the Texas Business Men's Association has compiled a book of "TEXAS FACTS" which the editors will carry away with them as a souvenir of our great state.

The industrial and commercial possibilities of Texas are told in short, crisp paragraphs and the lines of industry in which we excel are presented in a convincing manner.

All Texas feels honored in extending a welcome to the editors who have three times chosen Texas as their meeting place.

MR. SMITH TO PUSH BILL.

Congressman Smith has announced that he will push the bill which he introduced in Congress creating a new U. S. Court in western Texas, and while he agrees to leave Abilene in the Northern District of Texas he will probably include El Paso in the new district. Considerable interest was manifested at the Committee hearing which took place in Washington on the 8th Judge Leggett, of Abilene was among the Texas citizens protesting against the placing of Dallas in the Eastern District, thus forcing Judge Meek to move from Dallas.

Judge Meek is one of the most popular and capable jurists on the bench in the southwest and the people of Abilene would count it a distinct loss to be transferred from the jurisdiction of his court.

San Diego, April—What is doubt-

less the greatest movement ever inaugurated with the purpose of beautifying and adorning a city, was begun here at a mass meeting called by the officers of the San Diego Federation of State Societies this week. Representatives of every commercial and civic organization in the city, the schools, churches, fraternal societies, city and county officials and directors of the San Diego Exposition all pledged support for the movement, which has been systematically planned by experts in city beautification work.

Holding of the San Diego Exposition during the entire year of 1915, which is expected to attract hundreds of thousands of visitors from all over the world to San Diego was the incentive for the movement, which has now passed such form that those at the head of it feel safe in asserting that by January 1, 1915, the date of the opening of the San Diego Exposition, there will not be an unsightly spot in all San Diego. Fences and outhouses are to be overgrown with flowers that bloom the year around, houses will be freshly painted, streets cleared of all weeds and rubbish, bare walls adorned with window ledge flower boxes, and hanging baskets from roof ledges, and flower gardens will appear everywhere, until San Diego becomes one great, fragrant, beautiful bouquet.

Already arrangements have been made whereby property owners can secure a certain number of small ornamental trees in pots, cuttings of creeping vines and packages of flower seeds for the asking.

TOM.

Every man named Tom or Thomas in Texas was invited to a Tom dinner given in Dallas this week by Tom Love. Every Tom or Thomas except our O. P. Thomas out at Abilene, he alone was overlooked. Perhaps its as well for we are sure our friend O. P. would have felt lonesome in this crowd, as he is an anti and all the rest are Pros. Here is a list of those present.

Thomas H. Ball, Houston; Tom M. Scott, Paris; Tom Rodgers, Collinsville; Tom Durham, Longview; W. Thomas Morris, Farmersville; Tom Donohue, Dallas; Tom W. Perkins, McKinney; Tom Cobbs, San Antonio; Tom Maconey, Dallas; Tom Conally, Marlin; Ed Tom Randle, Dallas; Auser Thomas, Bonham; Tom Henderson, Jr., Cameron; Tom Campbell, Palestine; John Thomas Jones, Garland; Tom F. McClure, Anson; Tom Jones, Tyler; Thomas H. Hall, LaRue; Tom Finny, Jr., Dallas; Cullen F. Thomas, Dallas; Tom Gooch, Dallas; Tom Slinger, Duncanville; Tom Napier, Dallas; Tom Bradford, Dallas; Tom Jones, Dallas; Tom P. Scott, Dallas; Tom B. Burnett, Bradford; J. Tom Jones, Garland; Tom Camp, Dallas; Tom H. Hood, Dallas; W. S. Thomas, Texarkana.

PRAISES OUR DIRT ROADS.

A letter from C. H. Verschoyle, Secretary and Treasurer of the Texas State Automobile Association writes Jesse H. Bullock, who is Secretary of the Mitchell County Automobile Association a very nice letter in praise of our dirt roads. The letter follows:

"We have recently received a visit in this office from the Messrs. Dazey of St. Louis, who report "The West Texas roads were the best natural dirt roads that we encountered on our trip of 15,000 miles" and who also said "tell them we said so."

This is a big feather in the cap of the Texas good roads boosters.

But we cannot sit back and say to ourselves "Aha! We now have roads that are attracting the attention of interstate tourists!"

There is a lot of work to be done in the way of club organization and automobile legislation, to say nothing of more good roads. There is a lot of publicity to be given to the people in other states regarding Texas.

These matters can all be handled more satisfactorily and expeditiously by a central organization in which all clubs are represented. It is for this reason that we want all the clubs in Texas to work together through the Texas State Automobile Association for these things, so that they may be brought about speedily and surely.

Be sure that your club is well represented at the annual convention to be held on April 23rd in Dallas and remember that Pres. John A. Wilson, of the American Automobile Association, will be present. We are trying to get other officials of the A. A. A., as we want this to be the most successful convention that the Texas State Automobile has ever held.

Very truly yours,
TEXAS STATE AUTOMOBILE ASSN.

PLANT SUDAN GRASS
SAYS DR. FOWLER.

Our farmers are not yet aware of the fine qualities of Sudan Grass as a hay making crop for this climate. It is a sweet miniature sorghum of solid stem, abundant foliage, drouth resistant and will produce three to four cuttings each year from five to seven feet tall. It is a sure grower and stock are fond of it. It is harmless, will not reproduce itself by root, stock like Johnson grass. It yields best planted in three foot rows, cultivated and harvested by foot binders.

On April 25th, 1913, I planted two and two-thirds pounds on one and one-tenth acres of thin, stony land in spite of the hot dry summer and thin land I harvested two tons of cured hay out of three cuttings, and a fourth smaller cutting was heading when the frost came. This year I am planting only one and one-half pounds per acre on better soil.

Plant Sudan and you will have the best of hay. Be sure you do not plant it near Johnson grass, and thus contaminate your own seed.

VERA CRUZ, April 21.—Many Americans left Mexico City today.

AMERICANS WARNED.

CHIHUAHUA, April 21.—Washington notifies Americans in this city to leave as a precaution.

REBELS AGAINST UNITED STATES.

EL PASO, April 21.—Americans arriving here say that Chihuahua believe the Rebel leaders expect to be compelled to join President Huerta in resisting the American blockade.

PLAN FOR SEIZURE.

WASHINGTON, April 21.—(1:55 P. M.)—Officials here said that Admiral Fletcher might act in several ways at Vera Cruz. He might wait until the steamer had landed her cargo unmolested and then seize the customs house before the steamer arrives, so that if any arms are landed they must come into the possession of the United States.

USE 23 CUTTERS FOR BLOCKADE.

WASHINGTON, April 21.—(1:45 P. M.)—The War Department is arranging to use twenty three revenue cutters in the Mexican blockades.

QUIBBLED FOR A PURPOSE.

WASHINGTON, April 21.—(12:01 P. M.)—The navy department officials declared their belief that President Huerta had quibbled about the salute merely to gain time to get his ammunition shipment for which orders have been sent to seize.

RESOLUTION CHANGES.

WASHINGTON, April 21.—(12:01 P. M.)—The White House said today that the President approves the change in the joint resolution which the Senate committee made last night. This change eliminated the name of Huerta for the purpose of guarding against the appearance that the United States was singling out Huerta as an individual for punishment.

MEXICAN TORE DOWN A FLAG.

SAN ANTONIO, April 21.—(2:45 P. M.)—A Mexican tore down an American flag last night from a building in the Mexican quarters of the city.

FOREIGN OFFICE PLEASED.

PARIS, April 21.—The Foreign Office here is pleased with President Wilson's action.

STILL DEBATING AT 3:30 P. M.

WASHINGTON, April 21.—(3:30 P. M.)—At three-thirty this afternoon the Senate was still debating. Many rumors are afloat that Admiral Fletcher had acted at Vera Cruz, but these could not be confirmed.

WAR APPARENTLY DESIRED.

(Thursday morning Dispatches.)

WASHINGTON, April 22.—(8:00 A. M.)—The Senate This morning passed the "administration" resolution declaring the "President is justified in urging armed force" to enforce the demands for Amends for affronts to the United States by Mexico. The vote was 72 to 13.

VERA CRUZ BATTLE.

WASHINGTON, April 21.—(9:00 P. M.)—Four American sailors were killed and twenty wounded late this afternoon, when the gunboat "Prairie" seized the custom houses at Vera Cruz.

The dead include a coxswain, a corporal and two privates, the Americans were allowed to land without opposition, but afterward the Mexicans opened fire upon them from the house tops.

The firing continued until eight o'clock, when the Mexicans retreated

and evacuated. The Americans now hold the Custom Houses and the fort. Federal General Maas was requested to help keep order. But he refused to assist. Admiral Badger and his fleet arrived at Vera Cruz after the Battle.

DETAILS OF THE LANDING.

VERA CRUZ, Mexico, April 21.—(11:00 P. M.)—The Americans have captured Vera Cruz, but at the cost of the lives of several men and a much larger number wounded. The Mexicans under General Gustave Maas, the commander at Vera Cruz, put up a stubborn resistance. General Maas challenged the advance of the Americans almost from the first and made it clear that the Mexicans do not propose to permit a peaceful occupation.

Less than a half hour after leaving the side of the United States Transport Prairie, the marines had landed and the absence of resistance at the waterfront and failure of Mexicans to contest the taking of a position somewhat in from the waterfront, caused the curious spectators in the street to laugh. When one Mexican peon ran for cover, having had the temerity to shout at the top of his voice, "Viva Mexico," loud gurgles came from the onlookers. But the lull was not indicative of compliance. A few shots came within a few minutes, and later a brief exchange. After another brief interval, fighting in earnest began, and an hour afterward the Mexicans continued to oppose the Americans fiercely in some quarters although the main body apparently seemed ready to quit. Most of the fighting was done by outpost parties from the roofs at various points of the waterfront. The guns of the Prairie assisted the landing party.

Towards evening the fighting continued, but it was more of a house-top character than a determined organized resistance. Finally the Mexican soldiers who had not been captured, killed or wounded, retreated westward.

THE BROKEN ROSARY.

Base ball has been introduced into stage offerings on many occasions, but never so deeply and with such good results as in "The Broken Rosary," a powerful play from the pen of Kirkpatrick Boone, which will be seen for the first time in this city at the Opera House on Wednesday April 23 produced under the management of The Syndicate.

The young girl in the play is a base ball enthusiast and is deeply in love with a pitcher named Lanty Belair. Their devotion receives a rude shock when the girl's mother announces that a millionaire named Bixton has been selected as the bridegroom. The girl doesn't love Bixton but the mother is in such dire financial straits that the marriage is necessary from her point of view. The young base ball player appeals to the parish priest, Father O'Day who sets himself at the task of preventing the loveless marriage and sacrifice of the young girl. How this is accomplished is admirably brought out by the play which is replete with thrills and filled with comedy passages.

No expense has been spared in making the production one of the most pretentious on the road. The cast is headed by Montgomery Brewster, the handsomest man on the American stage and Miss Irene Daniel, who is known as the natural American beauty.

See the ball games next week between Rotan and Colorado, Monday Tuesday and Wednesday.

HOW ABOUT PYRON?

Last week Scurry County held a road bond election and the bonds carried by a small majority.

Up at Fluvanna out of a possible 100 vote only two votes were cast for the bonds and the Snyder Signal suggests that these two move to Snyder. Out at Pyron out of a possible 60 vote not a single one voted for the bonds and the Record desires to ask the Signal what about Pyron moving to Snyder.

**Don't Sleep Well
No Good Reason
Just Can't Sleep**

Some people can't sleep. They seem to be no special reason. They have no disease of the nervous system. Digestion is fairly good. Their habits are pretty good. They may smoke a little or drink a little, yet their habits are fair. Still they can't sleep well.

Just a little unbalanced in the nerve centers. That is all. They should have a little "righting up."

A tonic will generally do this. The right sort of a tonic. Peruna is exactly the tonic. Digestion is hurried by Peruna. The stomach is empty and ready to rest for the night. The circulation is equalized. The brain is relieved of all congestions and irritations.

The Peruna acts on every blood vessel in the system. It acts on all of the nerve centers. One begins to sleep and hardly knows why.

Take a teaspoonful to one tablespoonful of Peruna before each meal. Sometimes another tablespoonful at bedtime is necessary, where the sleeplessness is very pronounced.

Just try it, neighbor. You will be glad if you do. One bottle will convince you. Peruna is no sleep medicine. It is not a narcotic. It contains no narcotics. It is nothing of that sort. It is simply a regulative tonic.

Every home should be provided with the last edition of the "Ils of Life," sent free by the Peruna Co., Columbus, Ohio.

VACATION WILL COME.

(By Nancy Byrd Turner.)
It's mighty nice that nine times nine
Make eighty-one forever,
But, oh, I know a place that's fine
For bathing in the river!
A place a hundred times as cool
As any spot in this whole school.

It's very interesting to know
Eight furlongs make a mile,
And in a little week or so
I'll prove it, barefoot style.
I'll stride those furlongs, gay and free,
Nor care how many there may be.

Those noble streams, the Rhone, the Nile,
The Rhine, the Amazon—
They're great, of course; but all the while
I keep remembering one
Where minnows dart, from June to June—
And where I'm going fishing, soon.

Geography, Arithmetic,
And all the books are splendid,
But you will see me shut them quick,
When school at last is ended,
And range them in a solemn row,
And give one jolly whoop, and Go!

IN CLUB LAND.

Hesperian

Mrs. W. L. Doss was the hostess for the Hesperian Club last Friday and carried out this program.

Roll Call—What Have You Most Enjoyed in the story.

Talk—In what sense is the Tale of Two Cities Historical—Mrs. Hart.

Why is it said not to be Characteristic of Dickens—Mrs. Edgar Majors.

Why is it the Most Thoroughly constructed of his Stories—Mrs. Johnson.
Give Passages Suggesting a great crowd, and what was Dickens Purpose in using this Suggestion?—Mrs. Merritt.

What is the Literary Force of Repetition Illustrated from Poe's Poetry—Mrs. S. L. Majors.

Social hour—Refreshments.

Bay View.

Mrs. H. G. Hennessy was hostess for the Bay View Club last Friday with Mrs. Gustine as leader. This program was carried out:

Roll Call—Current Events.
Brave Little Holland, Chap. 29
Quotations from Shakespeare,
Anthony and Cleopatra Act II scenes 3, 4, 5.

Miss Louise Webb, Miss Earnest and Mrs. Earnest were guests at the social hour. A two course luncheon was served by the hostess.

G. F. C.

The G. F. C. met with Miss Ethel Stokes last week. The time was spent in playing "42". The Club prize went to Mrs. Mirtle Vaughan, a box of correspondence cards. The lone hand was awarded to Mrs. Jim Coughran also a correspondence card and the guest prize was given to Mrs. L. C. Dupree, a beautiful corsage bouquet of violets. Mrs. John Vaughan and Mrs. L. C. Dupree were the guests.

Refreshments of pink and white brick ice cream and pink and white cake were served by the hostess. Pink and white being the club colors. The meeting this week is with Mrs. Coleman Smith.

SCHOOL PROGRAM.

Last Friday evening the Boys Literary Society of the High School, assisted by some of their friends, gave a program at the school auditorium. The entire program was carried out as announced in last week's Record. It was all first class. Enough classical work to show that the school is doing fine work and enough fun to give all a hearty good laugh. The Anvil Chorus. Song by the boys was uplifting and inspiring and then, the quartette, that Doggone Dog of Mine, sung by Willie Doss, Joe Roddy, Frank McClure, Lee and Vance Phenix was cute as the boys themselves and heartily encored. The piano number given by little Laura Altizer was encored again and again and each time the little lady graciously responded. When her repertoire was exhausted she resorted to pices that she had learned by ear and captivated the audience.

Also Miss Lula Mae Dulaney played several numbers very sweetly. It was a success in every way and Miss Ellis, the pupils and Miss Whipkey deserved a great deal of credit for such a good program for the time

they had to prepare it. It was repeated on Monday evening and enjoyed by all present as much as it was on Friday evening.

MESDAMES BERT AND SAM WULFJEN AT HOME.

Nearly every lady in town was honored with an invitation to the residence of Mrs. Sam Wulfjen 801 Walnut St. where Mesdames Bert and Sam Wulfjen were at Home Monday afternoon from 4 to 6 and nearly every lady in Colorado responded with her most gracious manner. The guests were received at the door by Mrs. W. L. Doss and introduced to the receiving line. First came Mrs. Sam Wulfjen then Mrs. Bert Wulfjen, Miss Dera Wulfjen, Mrs. J. D. Wulfjen, Miss Ina Wulfjen, Miss Coecheam of San Angelo, Miss Abbie Thomas, Miss Ione Burk, and Miss Etta Doss. After passing down the line with many pleasant greetings the guests were shown in the punch room by Miss Hutton where Misses Katie Buchanan and Madeline Shepherd gracefully presided at the punch bowl and filled cups again and again of most delicious punch. In the front rooms were seen most beautiful cut flowers and ferns by the soft mellow light of many candles here and there over the rooms.

The guest were led to the dining room by Mesdames Arbuthnot and W. W. Hart and M. Carter where a vision of beauty and loveliness greeted the eye. From the chandelier white tulle was suspended to four parts of the dining table and caught by huge pink satin bows while on the table was an exquisite center piece of lace and standing on that was a vase of most beautiful calla lilies, emblems of purity, with here and there snowy white candles in snowy candle sticks. Here and there on the table were sparkling cut glass nappies filled with pink and white mints. Here the guests were served with dainty pink and white bricks of ice cream and angel food cake by the bright faced hostesses, Misses Winnie Vaughan, Carrie Mae Mitchell, Lorena Smith, Lucile Hightower and little Louise Wulfjen. As they left the dining room, Mrs. Earl Jackson handed each one a card which bore the inscription.

Wulfjen-Winn.

May 6 1914, with a little bag of rice fastened at the center and top. Then was it known to all why Miss Dera looked so exceedingly happy. As she stood by her saintly mother clad in a becoming gown of Nile green crepe de chine beautifully trimmed in shadow lace and brilliants being taste fully draped and held in place by the brilliants, and every one tried to be first to wish her a long life of happiness for Miss Dera ranks as one of Colorado's sweetest, purest and most popular young ladies.

All this time sweet music was furnished by Misses Lula Merrill, Lela Whipkey and Ethel Stokes. A lull was made in the merry conversation when Mrs. Royal G. Smith sang in her sweet tones, "A Little Pink Rose" and was encored then sang "Blue Bird Time". The Wulfjens and Winns are both leading families of Mitchell County and all Colorado will be looking forward to this happy event with much interest.

FISHING PARTY.

Misses Annie Beal, Lilly Allen, Nell Ruth Arnett and Vera Gary of Lorraine, Messrs John Arnett, Charley Thomas, Claud Mitchell and Chester Thomas with Mr. and Mrs. Floyd Beal left Saturday morning for the Champion to try their luck with the finny tribe. On Sunday Mr. and Mrs. Dick Arnett and Mr. and Mrs. Tom Stoneroad spent the day with them and they all claim that they caught enough fish for the crowd as they never brought any to the Record we can only take their word for it. They returned Monday a browner but happier crowd.

BOX FOR ORPHANS HOME.

On Thursday, May the 7th the ladies of the Baptist Church will pack a box for the B. O. H. in Dallas. It is hoped every lady will esteem it a privilege to have part in this worthy cause.

TO WED.

Cards are out announcing the marriage of Mr. E. H. Winn to Miss Dera Wulfjen Wednesday evening May 6th at 8:30 P. M. Methodist church. Reception 511 Chesnut Street immediately after the ceremony.

SERMON TO YOUNG LADIES.

Last Sunday evening the pastor of the Baptist church, Rev. J. N. Campbell preached especially to young ladies. The Philathea and Fidelis classes and a large number of their friends came in a body almost filling the north side of the building. The sermon was on the character of Ruth, Theme: "Steadfastness of purpose" and the text Ruth 1-16-17. The crowd and the sermon were an inspiration and may much good be the result.

Mrs. W. L. Doss, Mrs. E. A. Barcroft and Miss Etta Doss left last night for Abilene as delegates to attend the Federation of Womens Clubs.

The annual session of the First District, Federation of Women's Clubs will begin at the Carnegie Library in Abilene, Thursday morning, April 23rd at nine o'clock and a magnificent program covering two days will be given. Extensive preparations have been made for the meeting and the delegates and visitors are expecting a great meeting. The Abilene Committees have worked with great enthusiasm to make the meeting a success and the delegates to feel at home

The Ladies of the Christian Church will give the Operatta "Bul Bul" on Tuesday night May 12.

Mr. Man every day that your wife is without a Hosiery costs her miles of steps. H. L. HUTCHINSON & CO.

The Short Horns promise to do better next week, than they did last Tuesday. Go out and yell for them.

DISTINGUISHED VISITORS.

On Friday last Mr. and Mrs. W. L. Ellwood and Mrs. Ellwood's sister who lives at Brooklyn, New York, together with Mr. and Mrs. Sam Arnett and the boy all motored down from the upper Spade ranch and spent Saturday and Sunday here at Rendonbrook returning to the plains Sunday evening.

DR WESTON IMPROVING.

The Sanitarium at Dallas now reports that Dr. Weston will probably be able to leave there about the middle of May. He is slowly improving and now only takes time.

We believe that we have if not the best as good as there is made in oil and gasoline stoves they are the kind that reduces your fuel bill. H. L. HUTCHINSON & CO.

Sanitary Creamery.

We have the only Sanitary sterilizing system in the world and we are proud of it. Our cans and utensils are first washed in hot water, then are placed in boiling water and left stand while steam is coming through a perforated pipe at the bottom under high pressure, the cans are then placed in the sunshine. This makes them thoroughly sanitary.

THE WONDERS OF SURGERY.

Old Mother Shipman, 460 years ago made some of the greatest prophesies know at that time, and the greatest number of them have already come to pass. She was a country woman of mine born in the same county in old England and there is a village there now called after her by the name Shipman Mallet, this is where she was born. Her prophesies ran something like this. "Carriages without horses shall go, autos and airships will be all the go, science and surgery will yet more wonders do and a man will live after being sawed in two, those things has already come to pass, and is in use today. They say wonders will never cease until this old world is blotted out of existence. For its universe is a mighty sod, we cannot fathom it or bound it, but our lives are upheld on its bosom and we need not drift without aim or hope, for there are currents of spiritual power whose flow is constant and to which our spirits respond and some of those currents of imagination and powers, cannot be hidden and what I am about to tell you will lead you to believe that there is imagination powers in the world today. There was an institution called the Eaves Sanitarium in the City of Colorado, Mitchell County, Texas where medical and surgical science bloomed more freely and being a bigger crop of sensations than anywhere else in the world. That is they have moved the Peg one notch higher. They can whittle a man all up fine and put him back together with his head in his mouth, and he will never know the difference unless he gets choked on hair. This Eaves Sanitarium has got limb grafting down as fine as frog hair and nowhere can they carve up a man so successfully as they can at this Butcher Shop and the fame of this institution has drawn together a great number of the half and the lame and among this number there was a preacher, a lawyer, a farmer, a dude, a drummer, a blacksmith and editor and a tramp. Those men for the most part was complete physical wrecks, but it happened that each one had just one sound limb or part, and each mans sound place was in a different part of him, so those wise M. D.'s got those poor fellows on their carving tables and began to carve and saw like a butcher cutting up a dead carcass. They cut out and threw away all the diseased parts and when they took the inventory, they had just enough remains to make one whole man. They were a little short on brains and had to put in some of the germs that they had cast aside. Then they began to assemble the parts. They took the head of the Preacher and put in all the brain matter they had, and then made it fast to the chest of the drummer and tied it with a leather string. Then they took the heart of the Lawler and the stomach of the Farmer and put them in place. Then took off arms consisted of the left arm of the Blacksmith, and the right arm of the Editor and these were quickly put in place. Now they had one leg of the Dude, and one leg of the tramp, and it took just 5 minutes to get them spliced in place, and now the sliced up man was finished, and all the M. D.'s gathered around and look on this great work with the greatest admiration. This great new creation of things was just a little out of proportion in places, but this would be alright in a few days when the flesh grafting would be complete, so they took an oil can and oiled his bearings thoroughly. Then they put some clothes on him and told him to get up, he yawned a little then sneezed 3 times then sat up on the table and looked around the room, and strange thoughts began in his mind. How do you feel said one M. D. I feel like a fool with a bowl of mule mush with the hair on, replied this wonderful man. "Do you know who you are asked one of the doctors." "No I have not been introduced to myself yet said the man. Then they put him in bed for 24 hours and after that he felt better, and after a few days of rest he was well enough they told him to go home, and where in thunder is home asked the man. My head lives in Boston, my heart lives in Halifax, my stomach lives in New York, my left arm lives in Colorado City, and my right arm lives in Dallas, my left leg lives in Baltimore and my right leg has no home. Now I suppose you fellows think you are awful smart to get me in this hell of a fix, then this fixed up man was mad as a march hare, marched out of the room cursing a blue streak, and the next day the Papers stated that he had killed himself by trying to follow all his trades at once. His mouth wanted to preach, his heart wanted to tell lies, his stomach wanted to plough and eat corn bread and bacon, his left hand wanted a hammer, and his right hand was crazy for a pen, his left leg wanted to dance the Tango, and the turkey trot and his right leg wanted to stand still, and thus all those desires being in this piced up

man he flew all to pieces, and they buried him just back of the oil mill and the doctors took pity on him and on a gray slab that now marks the spot they chiseled those solemn lines: "Poor Mr. Piced up Man, His fate is hard to tell, Perhaps some of him went to heaven And maybe some to hell." **RAMBLER.**

Newspapers From Distant Lands—Oddities of the Foreign Press.

The Chamberlain Medicine Company, Des Moines, Iowa, manufacturers of Chamberlain's Cough Remedy, advertise not only in this country but in foreign lands. A copy of each issue of every newspaper containing their advertisements is sent to the office of the Chamberlain Medicine Company as a proof of the insertion of the advertisement. Some of the papers bear names of places, which require one to recall forgotten geography or refer to the atlas to locate. Some of them are particularly curious as they are published in the vernacular or native languages which might be likened to the carefully written notes of a shorthand writer. Here are the well known Chinese characters arranged in vertical lines reading from top to bottom, the lines arranged from right to left. The Burmese languages, as printed is composed principally of a combination of circles. Some one wittily suggested that for this reason circulars would be properly printed in this language.

Cingalese, the language of Ceylon, is also survilinear. Javanese and Siamese are composed largely of vertical lines connected by loops at either top or bottom but rarely at both. These languages bear some resemblance to the vertical writing now practiced in our public schools.

The four hundred million people of India have nearly fifty different dialects or vernaculars. The Chamberlain Medicine Company advertises in ten of the principle ones as follows: Bengali, Gujarathi, Hindi, Kanarese, Malayalam, Marathi, Sindhi, Tamil, Telegu and Urdu. The Sindhi and Urdu are written from right to left in the Hebrew fashion. The Urdu is a sort of script and is so chaotic in shape that it is impossible to reduce it to the movable type form. Papers printed in the Urdu language are therefore first written out by hand and a plate made with the lithograph process. The "Oudh Akhbar," a fifteen page daily published at Lucknow in this language, claims a circulation of about 5,000. It is said that in order to handle this circulation it requires an office force of about 200. Fortunately for the managers, the wages paid to natives are only a few cents a day.

The Chamberlain Medicine Company, advertises in newspapers printed in thirty-two languages. Besides the vernaculars and the well known European languages, French, Spanish the list embraces a number of languages which until comparatively recent times possessed no alphabet but for which the Roman alphabet has been adopted. Among these are the native Hawaiian, Samoan, Tagalog (Philippine Islands), Kaffir, Zulu and Basuto, of South Africa. There is also a modern form of the Malay language using Roman characters, known as Romanized Malay. This is used in Java and the East Indies.

It is difficult to conceive how the readers of some of the papers manage to handle them. Imagine a man on a crowded street car trying to read a paper whose pages are thirty eight inches long and twenty nine inches wide. This is the size of the "Hitadabi" a Bengali weekly published in Calcutta, India. Some of the English dailies published in South Africa, are almost as unwieldy, the pages of one measuring twenty-seven and one-half inches in length and twenty-five inches in width.

To an American newspaper man it is interesting to note the manner in which the colonial English newspapers are made up. They still cling to the methods which were practiced in this country fifty years ago, the advertisements being upon the first few pages, followed generally by the heavy editorials, then a few meager cable and telegraphic items, afterwards the local news. The local news consists principally of the proceedings of the legislative bodies, town council school board, etc. Contributions by the readers are numerous and lengthy.

The editorials are generally of a more dignified and serious nature than American productions. The daily papers devote more space to book reviews and detailed reports of scientific progress than American newspapers do. Humor is not so noticeable, and cartoons are used more rarely than with us.

Very few, if any, of the colonial papers issue a "pink sheet," but they supply this omission by devoting a large proportion of every issue to the sporting news. This is especially noticeable in the African papers.

With few exceptions the advertis-

ing pages would give our "ad" writers the nightmare. They seem to have little conception of the value of space or of attractive methods of presenting either the text or the illustrations. A pleasing relief to this monotony is afforded by the "ads" of American advertisers which are rather numerous on their pages.

Marlin to Be Heralded to World As Finest Health Resort

Marlin, Tex., Apr.—The local Commercial Club is making preparations to wage an extensive campaign in the advertising of this city as a health resort. Several hundred dollars will be expended in this direction and the city is expected to derive a great deal of good through this publicity. Marlin will be heralded to the world as one of the best health resorts in the South, including Hot Springs, Ark. The wells at this place contain wonderful curative powers and the facilities for taking care of patients are declared to be unsurpassed.

Wagon Factory to be Re-Organized.

Port Worth, Tex. Apr.—J. W. Mitchell and associates of this city have purchased the plant of the Ft Worth Wagon Factory for a consideration of \$60,000. The plant is located two miles north of here and plans are now on foot by the new owners to completely reorganize the industry. Application will be made for a new charter and the capital stock increased. The factory will be enlarged considerably and will be equipped with facilities for the making of a higher grade wagon than heretofore turned out by the company. The capacity of the enterprise will also be increased materially.

THE BROKEN ROSARY.

Lovers of drama in which truth prevails and in which right triumph in the end will do well to see The Syndicate's production, "The Broken Rosary" which comes to the Opera House on Wednesday April 29.

In the play there is a character which reminds one strongly of the late John Jacob Astor the millionaire whose marriage to Madeline Force brought lot of joy to the eyes of scandal mongers all over the world. The subject of marriages between elderly men and young girls is gone into at great length and the incompatibility of such couples is described by the author taking common rules of the church as criterion, this new dramatic offering shows how unwise as well as how sinful such a marriage becomes.

The dramatist has paraphrased the incidents in the Astor-Force experiment which culminated in the terrible tragedy of the sinking of the Titanic. The play-write takes stand that such an unhappy ending to the mismatched is in reality the demonstration of the wrath of heaven.

"The Broken Rosary" by Kirkpatrick Boone, is a powerful object lesson of the many temptations thrown in the paths of young girls and the various pit-falls set before them by designing and unscrupulous men of wealth are so vividly portrayed as to form the most convincing arguments over rational marriage ever pictured upon the American stage.

BUFORD NOTES.

Everything moving along nicely. Work will begin on the road running from W. H. Bodine to the Plainview church by the county teams and hands we are very proud to hear of it as it is very sandy.

Elder J. S. Newman preached at Buford Sunday night to a large crowd. Dr. Shook of Loraine will lecture

at Buford next Sunday at 11 o'clock. Everybody is looking forward for a joyous day at the Convention at Colorado the first Sunday in May we learned that Prof. Free and others of Abilene will be there.

In spite of the sand storm last Friday the Buford school visited the Longfellow school and they had a nice little program which we enjoyed very much hope they will pay the visit back on the last of our school. Mr. A. C. Gist left Sunday morning for Northern Texas on business.

The young people enjoyed an entertainment at Uncle Bill Cunninghams Saturday night. Several of the town boys were there and rendered some music. Come again boys you are always welcome.

Singing was well attended Sunday eve. Messrs. Will and John Doss and several ladies of Colorado were there which was a great help in the singing. We are always glad for them to be with us.

Miss Annie Palmer who got her foot sprained some time ago is not able to walk yet hope she will be all right soon as she is mised at school.

Outselling them, because it outvalues them. Not merely charging less, but giving more. An inventory of features, inside and out, proves it. A demonstration settles the question beyond dispute.

A seven-passenger "Six—not a five—or a six-passenger. So comfortable that mind and body pronounce it perfect. So light that it skims the road as a swallow skims the air. Weight so well distributed that it sticks to the road-way as though it were a rail-way. So free from friction that vibration is reduced to the vanishing point. So powerful that no condition it meets can daunt it. Nothing left to be desired—size, beauty, roadability. And still—a lower price.

Judge it, first, by its own superb steadiness, smoothness and power. Then, by comparison with cars costing more.

Full Floating Rear Axle with pressed steel housing. Studebaker-Wagner separate unit starting and lighting. Full equipment of Timken bearings. Two disappearing auxiliary seats in the tonneau. Gears of our own heat-treating and cutting.

Springs of our own make and testing. Our own drop-forged front axle. Our own beautifully designed and finished body. Our own special crowned fenders. Our own steel stampings and castings throughout.

MISSIONARY COLUMN.

Famine conditions now prevail in the northern districts of Japan, including the island of Hokkaido.

The scarcity is due to the unseasonable weather, which prevailed last summer and autumn and resulted in the almost entire failure of the rice crop.

In a report given out as official, it was stated that "9,375,325 people were in need of food". This was explained to mean that, in order to tide over until the new crop came in, rations sufficient for that number of people must be provided.

In the train of distress from the failure of crops there has followed a paralysis of business, besides which the population is menaced in certain localities with the spread of epidemic diseases.

REPORTS NOT EXAGGERATED.

The reports of those who are on the ground leave no doubt as to the pitiable condition of the people. Writing concerning the famine district in the Hokkaido, Rev. W. T. Johnson, says:

"I have seen the official report and have talked with others who sent a committee to visit the worst places mentioned and I know that the official report is very conservative and pertains to the suffering at present.

A summary of that report is as follows: There is a famine district in Hokkaido covering an area of 456,231 cho or 1,141,577 acres. Of this district 50,249 cho are devoted to rice culture and 405,982 are devoted to general farming (bata). The estimated loss is 20,491 yen. There are 12,334 households or 66,670 persons in need of help.

Men Eating Straw.

"Men are subsisting on straw, the bark of trees, un-matured daikon, acorns powdered and made into gruel, buckwheat chaff powdered and made into gruel by pouring hot water.

"Mothers living on such food have been unable to feed their babies and have made a milk substitute for the babe out of the bulls of rice which they beat into a powder and mix with boiling water. The young men have left home in search of work, while the aged and the children are left behind to freeze and starve, unless outside relief is brought to them.

"Dempun, a starch used by confectioners, is made out of Irish potatoes. When the starch is taken from the potato, very little nourishment is left in the dregs: still one of the delicacies of the famine district is a dumpling made out of straw and this dempung dregs. To flavor, and the food certainly needs flavoring, brine of last year's pickles is used while the dregs of the daikon pickle, takuan no nuka, is a delicacy."

Writing from Sendai concerning conditions in the province of Miyagi, Rev. E. K. Miller makes the following statement:

900 Families Starving.

"There are nine hundred families,

2,800 people, with absolutely no means of living. Having some means, but insufficient to maintain life, there are 3,700 families or 9,800 people. Without work, and if uncared for who will soon be destitute, there are 8,900 families, or 47,300 people. As far as possible, work will be provided for these people. It is manifestly the purpose of the Ken provincial government to do its best to look out for these people without outside help, which will not be possible on the whole.

Writing from Morioka to one of the local newspapers, Rev. J. C. Ambler gives to the public the following information concerning the epidemic of typhoid fever.

"On January 27, the Rev. Mr. Shiga was informed that there were thirty families in distress, for want of rice, at the village of Shikawa in Minami Tsugaru Gun. Also, in addition to the scarcity of food an epidemic of typhoid fever is raging in the same village, there being as many as sixteen persons afflicted in this way, with the probability that the disease will spread throughout the village."

Japanese Government Helps.

It is difficult to form an accurate estimate of the amount needed for the relief of the sufferers from famine. It is safe to say that the funds contributed will fall far short of the amount needed to tide over until the summer season. The Japanese government has appropriated 6,000,000 yen. This will be used, however, not for direct relief, but in supplying funds to public corporations and banks in order that work may be given to people in the famine district, and that capital may be provided with which to prepare for future farm work.

About 700,000 yen have been contributed in response to an appeal made to the public by the business men of Japan. The foreign community and the missionaries have also collected funds which have been sent to the relief committees. The contributions made through charity organizations by private individuals will not be sufficient to meet the needs of the afflicted people. For this reason it has been deemed necessary to appeal to the churches abroad for help.

As regards methods of raising funds locally and applying relief, W. T. Johnson, speaking of the work of the Christian community in Sapporo, says

Christian People at Work.

"Let me add one word about the way the Sapporo Christian community went to work to aid the sufferers. A committee composed of members of the different churches of the city, met and organized itself into the Hokkaido Famine Relief Society, and opened headquarters in the city Y. M. C. A. building. This committee took the official figures pertaining to the famine districts and sent a subcommittee to verify the facts. This committee returned and reported that the conditions were worse than the official report revealed. It was then decided to block off the city into sections which would be visited by volunteers. Each church was made responsible for the collection to be taken in a certain district. The canvass was made on six consecutive nights. Before beginning the nightly canvass a prayer meeting was held in the Y. M. C. A. rooms, and then the volunteers went to the district to be canvassed that night. Sometime fifty or sixty and more would engage in this canvass. People were asked to give rice, barley, clothing, bedding and money as they chose. Viewed from a distance the committee looked like a small lantern procession. The houses visited were taken by storm, and people who thought they could give nothing soon learned that they could fill a small bag with one sho of rice. The first complete canvass resulted in

a collection of rice, clothing, etc., and money to the value of nearly one thousand yen."

As soon as the collection was completed the rice and various grains were sent to the Sorachi district to be distributed. The clothing and bedding were disinfected, and this, too, has been sent. The money will be turned into food supplies and sent to the famine district. This is the first canvass, but there will be others as the season advances.

A famine relief committee has been appointed by the conference of federated missions, an organization comprising some thirty or more missions working in Japan. All funds entrusted to this committee will be used, in co-operation with others engaged in the same good work, in bringing aid to the famine sufferers.

Contributions should be sent to Rev. H. K. Miller, 9 Tsukiji, Tokyo, the newly elected treasurer of the conference of Federated Missions.

ORGANIZE TO HELP FARMER.

Denton—For the purpose of studying problems of interest to the tiller of the soil, a Denton County Farmers Association was formed here last week. T. W. Buell was chosen as President of the new organization and N. M. McGinnis, Secretary. Regular monthly meetings will be held.

TO COLONIZE LARGE TRACT.

Jourdanton—A large tract of land consisting of some 4,000 acres and lying between this place and Charlotte on the San Antonio, Uvalde & Gulf Railroad has been purchased by the Hagelstine Bros. from T. H. Zanderson, for a consideration of \$100,000. The property will be cut out into small tracts and colonized and work of making roads and sinking wells on the land is being pushed to an early completion.

Packing House Loan Brood Sows to Fort Stockton Farmers.

Fort Stockton—The movement started some time ago by the local Commercial Club to increase the hog production in this section of the State had its culmination last week when the packing houses of Fort Worth shipped for free use thirty-eight head of registered Duroc Jersey hogs to this city for distribution among the farmers at this place. Another consignment of brood sows is destined to arrive here next week.

RAINS HELP CROPS.

Rowena—The recent rains have greatly benefited the crops at this place, and especially the oat fields. According to a number of prominent farmers here the oat production is expected to be heavy.

THE CALIFORNIA EXPOSITION

San Diego, April.—Action by the Transcontinental Passenger Association at its recent meeting in San Francisco, on railroad rates to California during 1915, the exposition year, has caused officials of the San Diego Exposition, which opens on January 1, 1915, and continues open the entire year, to feel assured of a large attendance of visitors from eastern states at this exposition.

A one way fare for the round trip to the Panama-Pacific Exposition in San Francisco, to Los Angeles and the Panama-California Exposition at San Diego, from all points west of Chicago was agreed upon by the Transcontinental Passenger Association.

Tourists to or from either of the California expositions will be given the opportunity of being routed thru Los Angeles, and the visitors will be able to take in both expositions on one ticket.

The rate agreed upon are the same as those allowed during the Alaska-Yukon Pacific Exposition at Seattle, and are practically the rates asked by the directors of the Expositions.

The destinations named on the tickets will be Oakland, San Francisco, Los Angeles and San Diego. The rates will go into effect March 1, 1915 and will end November 30. The tickets will have a return limit of three months, with the proviso that no return will be good after December 31, 1915.

From Missouri River points, which include Omaha, Kansas City, St. Joseph and Atchinson, the round-trip rate will be \$50. Other rates from railroad centers are fixed as follows: St. Louis, \$57.50; Chicago \$62.50; Denver, Colorado Springs, Pueblo \$45; Peoria, 59.25.

Proportionate rates from points not mentioned will be offered.

IT PAYS TO BELIEVE.

That the United States of America is the grandest country on which the sun shines.

That this government is the most perfect known to man.

That in our land as in no other the greatest good to the greatest number is a verity.

That the best time the world has ever known is with us right now.

That the people you meet every day are the very best people on earth.

That pessimism will never make the world one bit better than it is.

That adversity and sorrow are God's tried and sure remedies for the most serious of human ills.

That the greatest obstacle in the way of your own success is yourself.

That the most glorious earthly victories are achieved through peace rather than conflict.

That nothing as surely tendeth to poverty as the grouchy habit.

What Cures Eczema?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D. Prescription, can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter

from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

Our Creed

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by W. L. Doss.

PLEASANT WAY TO STOP CONSTIPATION.

Dodson's Liver Tone Takes the Place of Disagreeable Calomel and its Often Dangerous Afterwards.

You probably know that calomel is a poison, a form of mercury, very dangerous to a great many people and sometimes causing disagreeable after-effects for nearly everyone who tries it.

Dodson's Liver Tone is recommended as a perfectly safe and reliable remedy to take the place of calomel. This is exactly what it is made for and has been made for ever since the first bottle was put up and sold.

Dodson's Liver Tone is pretty widely imitated. But be careful to judge between the loud boasts of the imitators and the plain truth of the original.

Dodson's Liver Tone is sold and guaranteed by Floyd Beall who will refund purchase price (50c) instantly with a smile if you are in any way dissatisfied.

Dodson's Liver Tone is a palatable vegetable liquid. Its action is easy and natural, with no gripe, no pain and the after-effects are pleasant instead of disagreeable. Dodson's Liver Tone does not interfere with your regular duties, habits and diet, but builds and strengthens instead of weakening you or "knocking you all out" for days. Try Dodson's and feel better and brighter as thousands have.

Will Develop Citrus Fruit Industry.

San Benito, Tex. Apr.—A number of citizens of this place have formed a stock company with a capital of \$250,000. The new company has for its purpose the developing of the citrus fruit industry in the San Benito District. Arrangements have been made for the planting of 2,000 acres of land near here to be devoted to the growing of different kinds of citrus fruits, principally oranges and grape fruit. This is considered to be the biggest development project attempted in this county in some time and it is the promoter's plan to greatly increase the acreage a little later on.

NOTICE SINGERS.

We again call your attention to the approaching annual meeting of the Mitchell County Singing Convention which convenes on May 2nd, and 3rd, next, and we ask that all classes in the County kindly notify us at once, how many Song books they can bring for use in the convention on Sunday, May 3rd, and the names of such books. We also wish that all communities having Sunday Schools, but no organized Singing Class, elect from their Sunday School, two or three delegates to this convention. And will state further that special provisions will be made for the entertainment of such delegates on Saturday Night, May 2nd. We trust that, as heretofore, we will have the co-operation of all the Ministers in the City in making this Convention as great a success as in the past. W. L. DOSS, President. EARL JACKSON, Secy.

THE STATE OF TEXAS. To the Sheriff or Any Constable of Mitchell County—GREETING:

You are hereby commanded to summon Mrs. M. J. Brady, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; to appear at the next regular term of the District Court of Mitchell County Texas, to be held at the Court House thereof, in Colorado, Texas, on the third Monday in May, A. D. 1914 the same being the 18th day of May A. D. 1914, then and there to answer a petition filed in said Court on the 18th day of November A. D. 1913, in a suit numbered on the docket of said Court, No. 2536 wherein The State of Texas is Plaintiff and Mrs. M. J. Brady is Defendant; the nature of plaintiff's demand being as follows:

An action by Plaintiff praying for judgment against the Defendant for the sum of Seven and 17-100 Dollars, on account of State and County Taxes, interest and costs, to-wit: for the taxes, including school taxes, with penalty and interest, assessed and due on each tract or lot of lands herein-after described for the following years to-wit: 1912, that said taxes with interest, penalty and costs, are a lien upon each tract or lot of the following described lands, situated in Mitchell County, Texas, to-wit:

All of lot No. 12 and the North one-half of Lot No. 11 in Block No. 7, in the City of Colorado in said Mitchell County, Texas.

And Plaintiff further prays for the foreclosure of its said lien, for an action of sale, a writ of possession, costs of suit and for general and special relief, all of which will more fully appear from Plaintiff's Original Petition now on file in this office.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you

have executed the same. Witness my hand and Official seal at my office in Colorado, Texas, This 10th day of April A. D. 1914.
