ELECTRICAL DEMONSTRATION And Free Scientific Lecture on Electricity and Its Proper Use.

On Wednesday night, at the Shad-dowland theatre, the West Texas Electric Company, furnished free to the public, a scientific lecture on electric lighting.

Mr. J. G. Barrett, an expert illuminating engineer from the St. Louis office, delivered the lecture. Mr. Barrett has lectured all over the South and West, and with his knowledge and experience in this line, had no trouble in keeping his audience interested from start to finish. He talked along the line of bringing out and concentrating the rays of light, by means of the use of proper lamps and shades.

He used in his demonstrations and explanations the different globes, shades, etc. And made it plain to even the children present. He said that the development of the incandescent light during the past five years has been wonderful when one considers that hardly more than five years ago a sixteen candle power carbon incandescent lamp consumed five watts of electricity per hour for each candle power of light which was given. Now the Gem lamp will consume three watts per candle power per hour; the Tungsten consumes one and one-half; the Mazda one; and the new type Mazda, which has only been on the market six months, consumes only one half watt per candle power per hour. When compared with the sixteen candle power carbon lamp of five years ago one can readily see the rapid development made by the lamp manufacturers.

The question today with the light user, Mr. Barrett explained, should not be "Will I use this or that lamp and properly designed reflectors," but "What size will I use?" About 90 per cent of the merchants use unshaded lamps in their windows, thereby calling attention to the lighting company instead of to the goods they offer for sale. Bare or unshaded lamps give their greatest light off to the side so that where unshaded lamps are used the user is paying for lighting the side walls instead of properly illuminating his merchandise. These matters were not only discussed, but practically demonstrated. He showed that the difference between shaded and unshaded lamps is the difference between light and illumination. One is a cause; the other an effect.

He brought out especially the injury to the eyes from unshaded lamps. He said that the lights were being so rapidly improved as to brightness, that it had become imperative that the eyes should be protected from the glare. A camera exposed directly toward the sun would produce on the plate so exposed, nothing but a blur. The same effect is caused upon the eye when exposed to the direct rays of the new

Mazda lamp, if unshaded. He predicted that within a few generations the majority of the American people would be blind, if measures were not taken to concentrate and guide the rays of light to the object to be seen, and away from the eyes.

He showed very plainly, where you could not only cut down your light bill by using the proper globes, but could increase the illuminating power three fold by the use of the proper shading.

He said that the West Texas Electric Co., was not selling these shades or globes, nor anything else except electric current, and that the purpose of this demonstration was that their customers might get the most for their money in the proper and scientific handling of the light rays.

Nothing tends to add to the advancement of a city, both financially and morally as much as well lighted streets and windows, said Mr. Barrett. The Great White Way of New York would be a deserted country road were the lights taken away. Well lighted streets and stores; will raise a village into a town and a town into a city. It enhances the value of your real estate, protects your property and home from the night prowler, and conduces to morality, pleasure and happiness.

There was an immense crowd out to hear him, in fact many people were turned away. After his lecture the regular picture show was produced, free to all who attended.

CONVENTION OF BALL COUNTY MANAGERS.

Delegates Meet From all Over West Texas in the Interest of Thos. H. Ball's Candidacy.

Pursuant to a call by Chairman Walker of Col. Ball's management, the different county managers and supporters of the former's candidacy, from the counties of northwest, west, and central west Texas, convened at Sweetwater, June 16th. The meeting was an enthusiastic one and included delegates from Amarillo to Galveston and from Eastland to the Pecos river. The consensus of opinion was that Col. Ball would sweep this part of the state with overwhelming majorities. After various party counsels and conferences, the following resolutions were unanimously adopted:

BE IT RESOLVED, by the representatives and supporters of the candidacy of Thomas H. Ball, from the counties of northwest, west and central west Texas, assembled at Sweetwater, Texas, June 16th, 1914:

First—We send greetings and cheer to the friends and supporters of the home, the church, and good government throughout the State of Texas.

Second—We promise, based on a careful poll and accurate reports, a majority for Ball in every county represented west of the Brazos river; and by majorities greater than has ever

been given to the cause of good government.

Third—We regret that some of the partisans of Mr. Ferguson, wittingly or unwittingly, as the mouthpiece of the brewers, distillers and saloons, have found it necessary in their last desperate extremity to descend to personal attack, physical intimidation, misrepresentation and demagogic appeal to prejudice and ignorance in order to maintain a semblance of life in a fast waning contest.

Fourth—We marvel at the meagerness of the resources of the anti prohibition followers of Mr. Ferguson which drives them to resort to the thread-bare and long discredited cheap political practice of claiming the possible withdrawal of Mr. Ball, when those who make the charge know as well as the friends of Mr. Ball know that his nomination is assured, and privately conceded by many of his political opponents.

Fifth—We view with mingled feelings of shame and wonderment the misrepresentations and base slanders circulated by the paid emissaries of the liquor business against the character and reputation of Mr. Ball, as being tolerated by any respectable voter of Texas, and we denounce the desperate politicians and their hirelings who resort to such measures rather than discuss the legitimate questions involved in this campaign.

Sixth—In our opinion the \$30,000 which Mr. Ferguson said that he had set apart on which to make his campaign is a mere bagatelle compared with the vast amount of money that is being spent by the liquor interests in an effort to perpetuate its existence.

THE AMENDE COURTEOUS.

There be slips as well as tricks in all trades and professions and the Record claims no immunity from frequent error. In the shuffle and clipping of copy the past few weeks, it laid the blame for several pieces of reprint where it did not belong, and of course drew the fire of the offended papers. But the Record has its regular "back stop" on the job again, and promises such mixups will not occur again. The Snyder Signal repudiates the article in last week's Record concerning the Southern National Highway coming to Colorado, and requests the Record to reproduce the article that did appear in the Signal and send authenticated copy. This request is but fair and in justice to Snyder's ambition, the Record cheerfully publishes the "straight dope" on the matter:

"Snyder Signal, Snyder, Texas:

Gentlemen:—In your last week's issue, was published an article regarding the "Losing of the Southern National Highway" which has proven rather disconcerting, if not authentic.

With a viewpoint to correcting this error, I wish to state that there is but one official route of this highway which has been logged and mapped and published by the American Automobile Association. This can be purchased by all parties interested enough to know the facts in regard to this matter. Further, I enclose herewith a folder which is being mailed to various sections of the country in which you will note that Snyder is named specifically in the route. Further, Col. Potter will be here sometime shortly when those so desiring can learn direct from him as to the authenticity of the route.

Yours truly,
E. J. ANDERSON.

An extract from the folder to which Mr. Anderson refers to above, gives the route of the Southern National Highway, together with the Quebec-Miami International Highway, which is to connect with the Southern National as follows:

"Beginning at Quebec, it passes through Montreal, Albany, New York City, Philadelphia, Baltimore, Washington, Richmond, Durham and Asheville, North Carolina; and Knoxville and Nashville and Memphis; thence by Little Rock, Hot Springs and Texarkana to Dallas; thence by Fort Worth, Abilene, Sweetwater, Roscoe and Snyder to Roswell, New Mexico; thence by the Ruidoso Valley and the White Mountains to El Paso, Mesilla Park, Las Cruces and Lordsburg, New Mexico and on to San Diego California, through Arizona and Southern California." It can be seen from the above that Snyder is on the route as originally designated.—Snyder Signal.

\$25.00 REWARD.

Estrayed:—Two mare mules, one a dark brown, one a light brown, about seven years old, no brand, each about 15 hands high. Notify Sheriff Scott, Colorado, Texas.

DON'T MISS THE INSTITUTE.

The farmer who in this day of progress and better methods, derides book or scientific methods of farming is an anachronism, or in plainer words a back number. Scientific experimenting, soil analysis, better cultural methods and seed selection, have put the old haphazard method out of the game, and progressive farmers everywhere now foregather at stated times to confer and assimilate the best methods. Federal, state and county governments now foster the interests of agricultural education as they do no other specialty.

The state of Texas is in the forefront in this good work. County and precinct institutes under the direction of the state commissioner of agriculture are being organized everywhere and much material good is being done. B. L. Nance of the State department, assisted by Mr. W. A. Dullin, farm demonstration agent for Mitchell county, will organize an institute at the tabernacle next Saturday, June 20th, when every farmer in the county is urged to turn out and help improve farming and marketing conditions and the condition of the farmers in Mitchell county.

THE REVIVAL MOST NEEDED.

The recent Presbyterian General Assembly resolved to take steps to "revive family worship in the home with Mother's Knee as the children's altar."

There can be no doubt that it would be a revival that would reach further and count for more than all the revivals engineered by professional revivalists. Most intelligent people generally think out their own form of religion for themselves, but at whatever decision they arrive, the influence of the first few years at mother's knee can never be wholly effaced or forgotten.

"Now I lay me down to sleep" and "Our Father who art in heaven," are remembered by men and women, when all else of the innocence and purity of childhood is forgotten. A kiddle at her mother's knee in her nightie, asking the Lord to take her soul if she should die before she wakes, with all a child's faith that He will do it, makes a picture and sacred memory that all the years of life, though filled with struggles, failures, sorrows and crimes, do not erase.

What man among us so sordid, so dead to what God promises and gives, so tried and weary of the struggle, but wishes he could again worship at that beloved altar, mother's knee, in original innocence and fullest confidence that what Mother teaches about God, the guardian angels and heaven, is exact truth and possible of human attainment. Saint Xavier, the great Catholic prelate said: "If you will give us a child the first seven years of its life, we care not who teaches it afterward." If this be true, the revival of worship at the "children's altar" is about the most important and immediate work a church can prosecute.

The future depends much on implanting in the children an honest love of God and their fellows. For this, there is no more effectual altar than mother's knee. It is an altar whose sanctity cannot be impaired by the erosion of the years.

"Backward, turn backward, O Time, in your flight!
Make me a child again just for tonight."

How the tired heart leaps—how memory stirs the soul—at the mere sound of these words! Once more you put your face into your folded palms and rest your head on mother's knee. Her hand strokes your hair in loving tenderness. Everything is quiet and you are about to enter that mystery called sleep. You are about to become helpless and in the dark. But you have God and Mother, the most faithful guardians on earth and in heaven. Innocence and perfect confidence are with you, as they will not be in the years of maturity; but such innocence from the "children's altar" never wholly loses its sweetness. To even those who have lost most of innocence and faith, it comes as an ennobling memory. Wise the church that promotes worship at an altar in the home.

About the worst crime his opponents seem able to charge to Thos. Ball is that he is a member of a social club that "sells liquor on Sunday." Why not also penalize his church membership because there are to be found hypocrites and other bad men in the church?

Farmers and Stockmen

Are in over this year. Good times are ahead. We are offering a line of groceries that will keep you feeling good. Let us figure your next bill. Fall time to farmers. Our city trade is fine, but we would be pleased to reach even more of this trade and we feel sure a trial order will convince you where your best interests are. Try phoning 63-65. It pleases others—why not YOU.

TIME IS SHORT—ACT QUICKLY.

Miss Mozella Dry of Colorado is one of the leading contestants in the Fort Worth Record European tour contest, and up to last Friday night was sixth in the list in this district. No one is more deserving of winning such an honor, and no one would derive more pleasure and profit therefrom than Miss Dry. It is her purpose, if successful in this contest, to advertise the town of Colorado, Texas, wherever she goes, and none could do it more effectually than she. But the time to work for her is growing short, and if you wish to help her, now is the time to act. Subscribe for the Fort Worth Record and help a most worthy cause. Do it today.

TO CLOSE ON THE FOURTH.

We, the undersigned, agree to close our places of business at the usual hour on July the 3rd, 1914, and remain closed until Monday morning, July the 6th, 1914.

The smallpox situation out near Istan is at this date, somewhat improved. There are several cases that the physician says can not be definitely determined for several days yet. Mr. J. P. Ehrlich and two other immunes have gone out there to nurse the sick. Little apprehension is felt as to the further spread of the disease.

ALL WILL BE REBUILT. The Record is reliable informed that arrangements have been perfected whereby the mill which was destroyed some months ago by fire will be rebuilt at once.

ALL ELECTRICAL. Col. E. G. Wedge, manager of the West Texas Electric Co., Mayor W. J. Weaver, General Engineer, Judge J. G. Barrett, Southwestern Electrical Engineer, all in company with G. E. Ratliff, general appliance man with the Westbrook-Brown Co., were all here several days this week, fully occupied at high voltage and talking electricity to Colorado.

Friend J. C. Bygones, the almost rear foot of West Texas, returned this week from a business trip to East Texas. We cannot understand with what kind of stopper he keeps his poetic effusions bottled up in the inspiring face of the gale conditions of nature. His Pegasus must have a sore back.

"LET THE BOYS GO TO HELL."

Some years ago when a local election campaign was on in Bell county, one of the principal advocates for continuing the session was James E. Ferguson, the present candidate for governor.

The First Methodist Church Bulletin, a paper published by the pastor of the First Methodist Church in Temple, printed a report of one of Ferguson's speeches in which the present session candidate for Governor urged upon his neighbors the economic value of the open season and urged the remarkable language:

"If these citizens wanting to go to hell, let them go. Our business has to be taken care of. My pocketbook is my principle."

It would be interesting to know if Mr. Ferguson still entertains these views, and if not, when he changed them and how much.

If the "pocketbook" is still his "principle," how does he expect to serve his "pocketbook" by standing the \$10,000 which he has loaned to his old uncle to spend in order to become governor of Texas?

If the "pocketbook" will be subserved by this \$10,000 investment, how will it be subserved?

Is Mr. Ferguson still in favor of letting the boys go to hell, if they want to, in order to take care of "our business"?—Lubbock Avalanche.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow eating." If you have formed the habit of eating too rapidly you are soon likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel full and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by W. L. Doss.

The head of one of the greatest steel mills in America walked into a Studebaker store last week and said: "Send me out a Studebaker SIX. Studebakers are the hardest people in the automobile business to satisfy on steels. Judging by their chemical, metallurgical, and physical tests, this must be the best "Six" in the world".

Studebaker SIX \$1575

One of the reasons why Studebakers are the hardest people in the automobile business to satisfy on steels is this:

In no other way than by heat treatment of steels can the strength of a "SIX" be greatly increased while the weight is being decreased.

In no other way than by the scientific distribution of this weight through intensive manufacturing can that balance be secured which results in the superb roadability of the Studebaker SIX.

And the important thing for you to remember is that the Studebaker SIX stands absolutely alone among light "Sixes" in the application of manufacturing methods without which light-weight, strength, balance and roadability are impossible.

How Studebaker SIX Superiority Shows Itself

The Studebaker SIX will glide silently from a standing start on high into a forty mile gait, in a distance of less than 200 yards.

The Studebaker SIX when it is skimming along at a high rate of speed will actually seem to you—from the lack of effort and vibration—to be going at a rate ten miles per hour less.

The Studebaker SIX will stick to a straight line with scarcely a touch on the steering wheel, mile after mile and hour after hour—while other "Sixes" are constantly creeping to one side or the other, and being coaxed back.

The Studebaker SIX will take steeper hills and more of them.

on high, than any other "Six" it takes in a day's run. The Studebaker SIX is not merely motor-silent, but silent all over—its transmission on the rear axle, in addition to its other advantages, contributing to that result.

The Studebaker Proof Book describes and pictures the scientific manufacturing operations of Studebaker. Send for it.

STUDEBAKER Detroit

The difference between a brand-new manufactured Studebaker SIX and a brand-new assembled or semi-manufactured "Six" is immediately apparent in the superior way in which the Studebaker holds the road. And that difference grows more marked month after month. It culminates tragically, in a second-hand sale of the non-manufactured "Six" at a terrific depreciation.

The Studebaker FOUR is characterized by the same manufacturing excellence and quality of material as the Studebaker SIX.

**WE TAKE TWO GAMES
FROM WEATHERFORD.**

Only Two Games of the Series of Five
Were Played With Weatherford
Colorado Won Both.

The Weatherford bunch which was billed for five games commencing Monday, did not arrive until Tuesday, and the immense rain of the night before had put the grounds in fearful condition. Manager Scott, however, had men and teams at work on it all day Tuesday, and got it in shape so that they could play.

The Colorado fans expected a strong team from Weatherford, and looked for a close game, and were much surprised when the Short Horns romped all over them, and made a race track out of the diamond. In the first inning Colorado scored six times, three of these were walked in by the pitcher, with bases full. Anderson was in the box for the first three innings, but as he struck out 9 of the 12, and nobody saw what the first base looked like, Capt. Frank Hughes got sorry for them and put in a substitute pitcher, who still held them out until the ninth inning when they got three tallies. The Colorado bunch in the meantime having lots of fun hitting 'em out, and had piled up 19 scores on the board.

The crowd was small on account of the weather, very few ladies being present. On the second day Weatherford got two players from Colorado, one of them being Jack Farmer, who was put in the box, and as he has been playing with T. C. U., he pitched a good game for Weatherford. While Colorado used their weakest pitchers, and three or four of their players were out of the game, some on account of injuries, and some layed off to rest up for the bout with Big Springs the last of the week.

This was somewhat an ameturish game all round, but was considerably closer than the day before. Weatherford started off with five scores in the first, but Colorado kept gaining on them until at the beginning of the ninth the score was 6-3 in favor of the visitors. But the Short Horns rallied in the last half of the ninth, after two men were out, and made three scores, which won the game by one tally, the total being 8-3.

The crowd at this game was very small, because of the game on the day before and on account of the weather. What few were present enjoyed the game just the same, and did as much cheering for the visitors as for the home boys, except in the last inning.

The other three games were canceled as the boys had to return home, and the Colorado boys had a contract to play Big Springs a series of three games, commencing Thursday.

Manager Scott and Capt. Hughes hiked the boys out to Big Springs yesterday (Thursday) morning, and as Big Springs is the only team that has won the big end of a series from the Short Horns this year, they expect to have a close fight for two of these games, but here's hoping that they win them all, and cover themselves with glory.

Anson, who has a first class team, and has been winning games right along in their territory, will be here Monday for a series of three games, which really promise to be interesting to the most critical fan, and as the weather promises to be good, and the diamond in good shape, it is hoped that there will be a large attendance. Come and help the boys out of the financial hole in which they find themselves.

SHERIFF'S SALE.

The State of Texas, County of Mitchell—Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, of the 9th day of June, 1914, by Earl Jackson, Clerk of said Court, for the sum of Four Thousand Three Hundred Nine and 10-100 Dollars and costs of suit, under a Judgment in favor of Missouri State Life Insurance Co., in a certain cause in said Court, No. 2653 and styled Missouri State Life Insurance Company vs. Charles E. Sprull, Georgia Sprull, Texas Nursery Co. and W. H. Neely and G. Neely, placed in my hands for service, I, Preston Scott, as Sheriff of Mitchell County, Texas, did on the 9th day of June, 1914, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit:

First Tract—The South-west One-fourth of Survey No. 17, in Block No. 26, originally surveyed by virtue of Certificate No. 2-1261, issued to the Texas and Pacific Ry. Co., and patented to said Railway Company on the 22nd day of February, 1881, by patent No. 161, Volume 52, and containing 160 acres of land, more or less.

Second Tract—The West One-half of Section No. 20, in Block No. 26, originally surveyed by virtue of certificate No. 2-1362 issued to the Texas and Pacific Railway Company and patented to J. S. O'Keefe on the 17th day of April, A. D. 1901, by patent No. 10, Volume No. 20 and containing 80 acres of land, more or less;

And levied upon as the property of Charles E. Sprull, Georgia Sprull, Texas Nursery Co., W. H. Neely and G. Neely, and in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

The State of Texas, County of Mitchell—Notice is hereby given that by virtue of a certain execution issued out of the Honorable Justice's Court of Precinct No. 1, Mitchell County, of the 9th day of June, 1914, by Justice of the Peace of said Court, for the sum of One Hundred Two and 52-100 Dollars and costs of suit, under a certain judgment in favor of W. N. Brown in a certain cause in said Court, No. 2805 and styled W. N. Brown vs. A. H. Payne and H. J. Free, placed in my hands for service, I, Preston Scott as Sheriff of Mitchell County, Texas, did on the 9th day of June, 1914, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit: Being the North-East One-Fourth of Survey No. 18 in Block No. 25, as surveyed by the Texas and Pacific Railway Company for the benefit of the Common School Fund of Texas, under and by virtue of Certificate No. 2-1313 issued by the Commissioner of the General Land Office of the State of Texas, containing 160 acres of land, more or less, and levied upon as the property of A. H. Payne, and that on the first Tuesday in July 1914, the same being the 7th day of said month, at the court house door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of Charles E. Sprull, Georgia Sprull, Texas Nursery Co., W. H. Neely and G. Neely; and in compliance with law, I give this notice by publication in the English language once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 9th day of June, 1914.

ECHOS FROM NORTHWEST TEXAS CONFERENCE.

This annual meeting, which is always enjoyed by the women of Southern Methodist, was one of special interest, so many of its members having attended the Council at Ft. Worth and the General Conference in Oklahoma City; and because of its number of delightful social affairs.

The subject of the president's message was "The Child of the New Territory." She showed the lack of symmetry in United, Home and Foreign Societies and made an earnest plea for larger development upon the foreign side of the child; increased interest in foreign work was the burden of every session.

Messages were brought from the Council and General Conference. It was decided to allow the Conference officers to hold office only four years. Funds were appropriated to print literature on laity rights. The constitution as changed by the Council, was adopted. This makes all societies united, and changes the third and fourth vice-presidents to superintendents. The officers elected were: President—Mrs. Stephens. Corresponding Sec.—Mrs. Rollins.

Some Colorado People Have Learned That Neglect is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small neglected troubles that so often lead to serious kidney ailments. That pain in the small of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows:

W. H. Moore, painter, Big Springs, Texas, says: "For several years my kidneys caused me much suffering and I couldn't lift without my back giving out. Black spots floated before my eyes. I tried several remedies without success until I used Doan's Kidney Pills. Two boxes completely rid me of the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Moore had. Foster-Milburn Co., Props., Buffalo, N. Y.

COLORADO, TEXAS, JUNE 23, 1914

A WORD OF GRATITUDE.

After an absence of nearly six months, which time was spent in a southern city in Dallas, I am again at the typewriter grinding out such graces as I can for the members of the "Progressive of Mitchell County." My general health was never better, but am still unable to go without crutches.

I seize this opportunity to thank the multitude of friends who so kindly remembered me while confined to the hospital. For the flood of sympathy poured out of christian hearts upon a comparative stranger in their midst, I can find no words to express my gratitude. Words are clumsy vehicles in expressing the sublimation of feeling that swells at the human heart. I can only urge to be spared to work out in helpful service to my fellows, the great debt of gratitude resting upon me.

The Record will continue to stand for the things that are clean, righteous and progressive in city, county and state governments, fostering every move looking to the advancement mentally, educationally and spiritually of our local citizenship, particularly. And to this end it asks the co-operation of every citizen of Mitchell County, without which the paper will be ineffectual.

For some weeks past I have not been at the Record office, but will do much writing as is possible at the home of Mr. F. E. Whipkey, who with his good wife, have embraced me with kindly attentions and most helpful service. My southern sanatorium (the weather permitting) will be on the lawn under the spreading china trees, where I shall be delighted to see my friends, if only to pass the time 'a day with them.

Gratefully,
A. H. WESTON.

The trip from Dallas to Colorado is like a six feet film of "Peace, Plenty and Contentment."

We trace many lives by their scars. Destiny, marching on by a thousand painful steps, leaves its usual mark—a footprint on the naked soul.

If the Wilson administration is to bear all the predicted ills by the calamity howlers, why not credit it with all the blessings that will accrue from a bumper crop and the opening up of the national pursestrings.

The withdrawal of the charges "temporarily" by Judge Stanton against Judge Smith, is but confession of Stanton's own doubt of them. Had he spoken by the card and with the conviction that the truth carries, he had stood by his utterances.

Get your flashlight ready for the grand procession of prosperity this country will put on this fall. The knockers, kickers and bellyachers in general, will sit on the top rail of a barb wire fence and see the cheery rows of honest, tall waving grain.

The man who joins a fraternal order to further his selfish interests or, indeed, his ambitions and ambitions, is as much a prostitute to the strict woman who "eats the bread of misery upon the wage of shame."

For self-erecting humility connect us to CARROLL Stanton. How true, I could grant that you had in every

way fulfilled the wishes of your constituents in this respect, (concerning possible appointments) and still doubt you on your long inactive incumbency.

Never have we seen the old town look prettier or more inviting as a home. All kinds of vegetation is running riot and the citizen who has not allowed his wife a free hand in making a garden and having flowers, needs to be told out of the best society in a loud, stentorian voice.

There is no more important office in the county than that of commissioner. The commissioner's coat more directly touches the interests of the people of the county than any other law-making body. Good men—men of sound judgment and business acumen should be elected to fill this office.

The Fort Worth Record calls Pete Radford "an humble tiller of the soil." In view of the salary he is said to draw from the Texas Welfare Commission, and his defiant attitude toward power, we should not call him humble. He looks more like a soldier of the old-Comanche Vanguard.

W. H. Nell informs us that during his recent visit to Abilene he heard complimentary remarks about the News and the stand it has always taken in behalf of Judge W. R. Smith for re-election to congress. Will predict overwhelming majorities for Mr. Smith on July 15th.—Chilbertson Co. News.

It will be up to the city of Colorado to look to her own coming fall. When the crop begins to move the town should be in a position and condition to reach out for a lion's share of the business. Other towns will be after what rightly belongs to Colorado, and she must guard her interests well to retain her own.

The good old times are coming back you bet! It looks natural to see a dozen prospectors get off each train coming into our town. This is the way they are coming now. They are coming from the ice-covered North and from the flooded South and meeting on the happy medium in the Colorado country, the best country on earth, where the restless land, and the landless men come together. Better times are ahead for Colorado and her people. Watch her grow!

Shackelford and Ligon boxcars are the only ones so far that have gone back on their local option prohibition. After remaining dry for twenty years the former put on the collar of the whiskey gang again, while the latter county held prohibition for about ten years. The ants claim that this is the direct result of the Allison law. They charge that most good prohibitionists want their town clean of booze but are anxious to retain a handy neighborhood place where they can get it at short notice. And rather than have the booze in neighboring towns wiped out they are willing to put up with it at home.

We notice that a number of our exchanges are advertising the value of the crops that will be gathered on their respective communities, and

the amount of the crops raised. There is no way to estimate the yield in the Colorado country, for with the season now in the ground and the stage of the crops at this season, one cannot tell how much the yield will be. The only safe guess would be that there will be much more raised than can possibly be gathered within the crop season. The country is in fine shape and our people are hopeful of general prosperity during 1914. Come to Mitchell County.

Those hopeful and industrious citizens who have stayed by the staff the few past years—who have faithfully labored and tended, Pullen-like, what Paul had planned—are now reaping their reward in beautiful lawns, flower yards and umbreous shade trees, under the shadow of which they now make their ease and ramble upon the immobility of all things mundane, like wild cat and concealed mine. If you haven't planted shade trees around your home, your wife has justifiable grounds for action in the divorce court. If you haven't done so, do it now. Anything green stuck into the ground now will grow. Of course this statement refers only to things vegetable.

TOO MUCH CARRANZA

A few weeks ago it was too much Huerta, but now Carranza seems to be rocking the boat. Huerta appears willing to retire from the dictatorship of Mexico, and apparently is endeavoring only to save as much as possible of his face. But Carranza has shown his hand. He's a bully horse. He is the fly in the ointment of peace, and unless he is summarily swatted he will upset every effort in that direction. If the United States government wants peace in Mexico it must clip Carranza's wings, for that belated patriot has his optics firmly focused upon the lattered presidential chair of the land of the Montezumas. Swat Carranza.

The Orient railroad will soon serve more generous and enterprising owners. Arrangements are now being perfected for its taking over by a syndicate, largely of English capital, which will complete the road from Wichita to Kansas City, complete projected lines, build ample terminals and otherwise round out the road's full equipment. There is no more important railroad in the Southwest than the Orient, and it is fortunate the road is to fall into the hands of people amply able to equip and run it. When the Orient is completed to its Pacific terminus, it will constitute the shortest haul in the west, and southwest to pacific tidewater, and it is claimed will be less effected by the traffic through the Panama Canal than any other road in the United States.

The people of West Texas have long time to promote railroads just now. They have more important and immediate business to get off their hands before taking much fish in the various good things outsiders are always ready to share with us. The West Texas farmer will be a replica of his Kansas brother, who for many adverse years stood out against criticisms, debt and the arrogant decisions of the country banks—say nothing of the grasshoppers and Populists. But one good year, the stored-up and withheld blessings were poured from the "horn of plenty" upon the long suffering Kansas farmer man, and Nature has kept up the performance till this day. Now the banks of Kansas borrow money from the once despised farmer, while the latter has forgotten how a buggy rides. Watch West Texas cut the very same identical caper.

West Texas has again donned her gala attire, and is robed like a bride awaiting the coming of her bride groom. Conditions and crop prospects have never been better, nor more encouraging for investment and permanent improvement than now. The prodigality with which nature has blessed this section, is now to be seen in all its beauty and subtle charm. Yet the present pleasing prospect is but an earnest of the full fruition of its promise. Already has an unprecedented small grain crop been made and gathered. The cattle industry was never more flourishing nor prosperous; the agricultural interests never more potential, while the sheep business has taken on newness of life and unwonted profit, despite the free wool schedule and the croakings of the prophets of calamity. In short, west Texas is showing her potentialities in a full program and invites the world to come and witness the show.

Says Looking-in Blanton to Judge Looking-out Smith: "Don't overestimate your strength in Taylor county (Blanton's own backyard). Everyone here understands the reason of my reputation. I sit point blanklike type have told court in the interest of all the people, and have refused to grant special favors." Are, verily, and show by some evidence who understand the reason of the opposition to Judge Blanton in the same county.

Accepting his own statement as to his "overwhelming" majority in his district for the office of district judge, it constitutes no argument as to his fitness or acceptability for congress. If Judge Blanton has labored so effectively in the interests of the people, he is now in better position to do his philanthropic work with more direct and immediate results, than if advanced to a wider and more indefinite field. He is, by his own confession, one good and valuable a judge to be ruined by sending to congress. His ambition outruns his altruistic duty, but we charge him to fling it away, for by that sin the angels fell.

Another good man gone wrong, Peter Radford, erstwhile the chief exponent of the Farmers' Union and attached to the globe, has been situated on the hog train siding. The commercial secretaries gang seem to have gotten him neck and crop, if the stuff they send out with Radford's name signed to it can be read aright. The man who plays the typewriter in the office of that Association is a word juggler of the first water, and the wreaths of rhetoric he hangs on poor Peter and the sesquipedalian droning out at the mouth he attributes to Peter, runs hard counter to Radford's everyday talk and evident education. As evidence that Peter has been warped from his former views, a recent philippic against preachers who "meddle in politics" is conclusive to any fair minded voter. And when ministers of the gospel present such restriction, Peter's nature is again signed at the tail of an article justifying the first one. The signature may be Peter's indeed, but the voice is the raucous thrash of the whiskey gang. Alas, poor Peter. We knew well, Huerta, he was keeping bad company.

The old adage about putting a beggar on horseback and the certainty of his falling to the devil finds emphasis in the latter days of the small negro boy near Willis Point, who last year was awarded a Carnegie medal for heroism. The newspaper story went that he volunteered to be let down into a 90-foot holed well to rescue a little child which had fallen inside it last first. The negro made two attempts to rescue the child before succeeding, being lowered into the well head foremost twice. When awarded the medal, it seems the people of that community made quite a lion of the young negro. He grew to look upon himself as something above the common run of folks and even illume from the laws of the land. At the winter term of the district court in Van Zandt county, this selfsame hero was sent to the penitentiary for ninety-nine years for criminal intimacy with an imbecile white girl on the county poor farm. In a recent conversation with a citizen of Van Zandt county, we referred to this case as a miscarriage of the purpose of the hero fund. He said that the negro only "volunteered" to go down into the well after looking into the business end of a Colt's .45. Sic transit gloria mundi.

A prophet, and particularly of the weather-wise tribe, may not be loaded with honors in his own town and county, but the politician and the fellow who runs counter to the law, usually pass current at their true worth at home and among their own neighbors and profession. If one wanted to know the professional qualification of a doctor of medicine, one would hardly apply at a blacksmith shop, but to his professional brethren; nor would one consult a corn doctor as to the standing and character of a minister of the gospel. By the same parity of reason should a voter pay closer heed to the testimony of his professional fellows as to the fitness and qualification of a lawyer and jurist, than to a "cloud of witnesses" upon whose backs the burden of the machinery of the law rests. If you wish to get the true measure of a man, never go to those in position to do him a favor or whose good opinion he craves. He keeps his best side always turned to his banker, his doctor, his merchant, his pastor and the voter, when running for office. But go to those who serve him—his servants, employees or those whom he exercises authority over. If there be a streak of yellow in his makeup as broad as a hair, it will come to the fore in his treatment of those he governs.

Individually, we have little confidence in the Latin-American nations, and entertain scant hopes of any permanent arrangement between the United States and Mexico by which peace, safety of life and security of property, can be secured in that yesty country. It will require five or six generations of hard owning and honest making people to eliminate the instinct of revolution.

Try one sack of LaFrance flour from A. J. Payne you will then use no other, plenty in stock, fresh from the mill.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life. The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter

from the blood and drive it out of the system. It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases. It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and rigging the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions. You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

THE STATE OF TEXAS, County of Mitchell.

Notice is hereby given that by virtue of a certain order of Sale issued out of the Honorable District Court of Johnson County, of the 31st day of May, 1914, by E. Jay Jackson, Clerk of said District Court for the sum of Two Hundred Ninety One and 11-100 Dollars and costs of suit, under a Judgment, in favor of The American Freehold and Land Mortgage Company of London Ltd. in a certain cause in said Court, No. 8932 and styled The American Freehold and Land Mortgage Company of London, Ltd. vs. E. J. Leggett, G. W. Jordan and D. W. Gunnells, placed in my hands for service, I, Preston Scott as Sheriff of Mitchell County, Texas, did on the 3rd day of June 1914, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit: 340 acres of land in Mitchell County Texas, off of the south side of Survey No. 12 in Block No. 25, Texas and Pacific Railway Company lands, described by metes and bounds as follows:

Beginning at the Southwest Corner of a tract of 100 acres out of said survey conveyed by E. J. Leggett and wife to Jeff Ison by deed dated November 4th, 1907, thence North 13 W 84 1/2 varas, to a point in the West line of said 100 acre tract for the S. E. Corner of the 200 acre homestead tract out of said survey set apart and designed on April 26th, 1910 by E. J. Leggett and wife, Emma Leggett, Thence 77 W with the south line of said homestead tract 1305 varas to a point in the west line of said survey No. 12, Block No. 25, Thence S. 13 E with the said West boundary line 1034 1/2 varas to the S. W. corner of said survey No. 12, Block No. 25, for the S. W. corner of this tract. Thence N. 77 E. 1900 varas to the S. E. corner of said survey No. 12, Block No. 25, thence N. 13 W. 950 varas to the S. E. corner of the 100 acre tract deeded to Jeff Ison for corner of this. Thence S. 77 W. 595 3-4 varas to the S. W. corner of said 100 acre tract the place of beginning. Being all of said survey No. 12 Block No. 25, except the 100 acres sold to Jeff Ison and the 200 acres designated as said Leggett homestead as herein above recited and levied upon as the property of E. J. Leggett, G. W. Jordan and D. W. Gunnells and that on the first Tuesday in July 1914, the same being the 7th day of said month, at the Court House door, of Mitchell County, in the City of Colorado, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said E. J. Leggett, G. W. Jordan and D. W. Gunnells.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published

in Mitchell County. Witness my hand, this 3rd day of June 1914.

WHEN THE COLORADO COUNTRY WILL COME INTO ITS OWN.

We have all been dealing in futures for many years and we will continue to do so as long as the world stands. The world is being built by the optimists, they continue to preach better things for the future. Education has played a leading part in this work. The United States Government is doing a great work in educating those who will take it, relative to better methods of making more out of their soil, also they are playing a prominent part in feeding of stock and in teaching the owners how to grade the animals to a higher degree each year. The business world as a whole are doing their part, giving their time and money to help everybody. The man who is progressive is in favor of good roads, finer farms, better cattle, horses and all kinds of stock. To be progressive you have to place your money into the methods of living just the same as you place your optimism. In all towns and counties that are forging to the front we find on close investigation the home people are all helping in every way to develop the new enterprises that want to come to these towns and cities. The larger cities in Texas are building interurbans, railroads, factories and large office buildings, they go so far as to make up what you call a factory fund, of say, \$100,000 and this fund is ready to be given to any company that will come to them with a legitimate enterprise. Now where do the business men come in who give to this fund. You know as well as any one the wages paid out to the working people is what these business men get. Suppose any large city in Texas would not help to get these legitimate enterprises, how long would the city stay on the map? Why are the business men in large cities so ready to give their money to all these things, such as railroads and railroad shops, factories and the like? They know the money put into these will come back fourfold.

We often sit and wonder why Dallas and other large cities grow so fast. We are like some of the cities in the recent contest for the twelve regional banks. But if you care to investigate the reason why Dallas was given one of the twelve banks, you find it was because the citizens of that city have been at work getting everything good they could for Dallas for the past 20 years. What the great cities have done can be done right here in Colorado or in any other small city in Texas. It may be done on a smaller scale, but nevertheless we can get many good things for our city and country if we will only wake up and quit waiting for someone to come along and hand us something. The point is, are we using our many advantages for the best? Have our

home people investigated what we can do? Will they back up a good proposition as it should be? Will we tell others of the great wealth in store for them if they will only come with us?

Have we always done this in the past? Do we give the proper credit to those who have placed their money into the new developments of our country? Do we shake their hands and offer them a word of encouragement? Do we try to help them in their work? I want to say right here the majority of us never see them or do not even offer a word of encouragement to them. If they spend their money we all get some of it and in the end that is about as far as we are interested. Now is this the right spirit to show our more progressive citizens? Can we expect our city and country to grow unless we are all of one mind and all stand for one purpose, that purpose to make Colorado and the Colorado Country the most prosperous part of the West? How can we do this? First, tell those of our home citizens that do not believe in pump wells and dam irrigation—they should get busy and investigate this great matter. This is the secret of all our future. It is here to stay and while no great things have been accomplished as yet, the time will come when pump wells and dams will be dotted on every side of Colorado. The country will have nice homes all over it. The people will be prosperous. Why? Because they have good insurance each year on their crops. The crops grown by irrigation will be fed to good stock of all kinds and no month in the year will pass by without those who own these great pump wells, having something to market. When they market it the money will go right into the regular channels of business and everyone will get a little of it. Now to the subject. When will Colorado and the Colorado Country come into their own? Answer: When all the pessimists turn to full fledged optimists, and every man in the Colorado Country pulls for progress. Not only with his time but his money. Foreign capitalists will get busy here when they are satisfied the citizens of Colorado and the Colorado Country are believers in the country themselves and will do a little to get the proper development.

SHERIFF'S SALE.

State of Texas County of Mitchell: Notice is hereby given, that by virtue of a certain order of sale, issued out of the Honorable District Court of Mitchell County, Texas, on the 10th day of June, 1914, by Earl Jackson, Clerk of said Court, under a judgment for the sum of Four Thousand, Six Hundred and Eighty One and 23-100 Dollars, rendered in said Court, on May 19th, 1914, in favor of C. A. O'Keefe, in a certain cause in said court, No. 2652, styled C. A. O'Keefe vs. Z. T. Farmer and M. McGuire, and placed in my hands for service, I, Preston Scott, as sheriff of Mitchell County, Texas, did, on the 10th day of June, 1914, levy on certain Real

Estate, situated in Mitchell County, Texas, described as follows, to-wit: The west half of Survey No. 137, in Block No. 3, as surveyed by and for the Houston & Great Northern Railway Company, by virtue of Certificate No. 9-1804, issued to said Railway Company; it being a part of the same survey of land which was patented to Texas Land Company—Assignee of said Railway Company—by Patent No. 397, Volume No. 66, containing 320 acres, more or less; and also the usual and customary rents, to-wit: one-fourth of the cotton and one-third of the feed and forage, out of the crops on said land for the year 1914.

Said land is situated about seven miles north of the City of Colorado, is known as the Farmer and McGuire place, and was levied on as the property of Z. T. Farmer and M. McGuire: And that on the first Tuesday in July, 1914, the same being the 7th day of said month, at the court house door of said Mitchell County, in the City of Colorado, Texas, between the hours of 10 o'clock a. m. and 4 o'clock p. m., by virtue of said order of sale, and said levy, I will sell said above described property at public vendue, for cash, to the highest bidder, as the property of said Z. T. Farmer and M. McGuire.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a weekly newspaper published in Mitchell County, Texas. Witness my hand, this 10th day of June, A. D. 1914.

LEARN STOCK FEEDING IN TEXAS CONTEST.

INDUSTRIAL CONGRESS

The date of entering the livestock section of the Texas Industrial Congress better farming contest closes June 5. Prizes aggregating \$16000 will be awarded for the best steers, baby beefs, and hogs shown at the Fat Stock Show at Fort Worth in October, the animals to be judged there in connection with the cost of feeding. The feeding period lasts 120 days, long enough to get a very valuable and useful experience in meat production and make a good net profit on the animal or animals entered in the contests, and by faithful study and work there is an opportunity to win cash prizes up to \$200.

There is no charge connected with entering the contest in any way, and the only person who makes any money by so doing is the contestant. There must be a great increasing production of livestock on the Texas farms in the future, and the man, woman, boy or girl who neglects an opportunity to learn how to put the most meat on livestock at the least expense, and in so doing loses the chance to earn prize money for the learning by experience how best to do it is merely standing in his or her own way. Parents can do no better thing for their children than to give them calves or pigs and help them by study and advice to produce the best animal at the least cost.

Any of the young stockfeeders in this contest will become the most producers of the next generation, and they are going to do this simply because they will be interested in this work through the Industrial Congress contest. The more people interested the better for themselves and the locality they live in, and every man is doing the boy or girl and his town also, a favor who interests him or her in the livestock contest. to enter the contest should be sent to the Congress at Dallas, before June 5.

On account of the recent heavy rains all over the State, and the consequent delay in farm work the officers of the Texas Industrial Congress have decided to extend the time in which entries may be made in the \$10,000 crop and livestock contest to June 6.

There is yet time enough for those who wish to enter the contest to plant corn, cotton, kaffir, milo and feterita, and the Congress especially urges the farmers of the state to plant forward crops to meet the annual drain of \$50,000,000 or more, used in buying corn and forage crops raised outside of Texas.

Boys and girls who are feeding a baby beef or a pig for marketing next fall can enter the contest for one of the cash prizes offered for these animals. Every member of a hog, baby beef, corn or cotton club can enter the contest as well as those who are not members of such clubs. All that is necessary is to write at once to the Congress at Dallas and ask to be enrolled. No charge or cost of any kind is made, and helpful bulletins of advice and instruction are sent to every contestant.

SUNDAY SCHOOL CLASS PARTY.

Mrs. W. R. Lindley entertained her Sunday school class of girls with a party on her lawn last Friday evening. Each pupil invited a guest and a pleasant evening was spent playing games. Afterward they were chaperoned by their hostess to the drug store where ices and cold drinks were liberally served.

LAWN PARTY.

Last Thursday evening the ladies of the Episcopal church entertained the public with an ice cream festival on Mrs. A. A. Bailey's beautiful lawn. It was a picture of loveliness with its electric lights and snowy white tables with their centerpieces of beautiful flowers, with charming young ladies and little girls to serve at them. A splendid program of music, both vocal and instrumental was rendered by the best talent in the city. Then a delightful social time was had with friends, as the evening was warm and the lawn was the most pleasant place to meet one's friends. The ladies feel repaid for their labors by having a nice little sum in their treasury, and their friends had a delightful evening.

NOTICE.

At the tabernacle at 8:45, June 19, 1914, there will begin a series of revival services under the direction of the Methodist Episcopal Church South. We cordially invite all other denominations to attend and co-operate with us in the advancement of the cause of our common Lord.

R. A. CLEMENTS, Pastor.

The Baptist Baraca class invites you to come out next Sunday as this will be the day for election of officers. We had a good attendance last Sunday. Bro. Miller of Big Springs was with us and taught the class, as Bro. Campbell was at Big Springs. Let each one try to get one new member for the class. Strangers are always welcome. At the parsonage, 10 a. m.—Reporter.

PIANO RECITAL.

Mrs. V. O. Marshall's music class gave a recital last Friday evening at her home on Fourth street, the parents of her pupils being the guests. The program was as follows:

FIRST BAPTIST CHURCH.

(J. N. Campbell, Pastor). Regular preaching service on Sunday at 11 a. m. Sunday night services called in on account of the protracted meeting, also Wednesday night prayer meeting. Teachers meeting Wednesday evening at 8:30.

CHILDREN'S STORY HOUR.

Mrs. Harry Shipman will give a Children's Story Hour each week and devote the time to reading and telling stories to children from the ages of 5 to 12. The meeting on Friday will be on Mrs. Annis' lawn, from 5:30 to 6:30 price 10 cents.

COLORADO BABY HONORED.

Master John Thomas Merritt, Made a Member of the Conference.

The Evening Herald of Plainview, Texas, under date of June 5th, has the following:

"A most impressive part of the Sunday morning service was the baptism of our conference baby, little John Thomas Merritt. The baby is the son of our Second Vice President, Mrs. J. G. Merritt, of Colorado, and when he was presented to the Conference, Saturday afternoon, he was at once made a life member of the Conference. Rev. Kiker inquired if he had been baptized, and learning that he had not, it was arranged to have that a part of our service Sunday morning.

Truly it was an impressive scene, as Rev. Kiker requested all officers and a few chosen friends to come forward and stand with the mother during the ceremony. Mrs. Rollins presented him the baptismal certificate, closing her remarks with the wish that all there present could be present on another occasion when he be dedicated a Methodist Bishop. Mrs. McKoewn, First Vice President of our Conference, presented him the life membership certificate, which henceforth makes him a member of our Woman's Missionary Society.

POSITION OFFERED.

Since Harvey Phillips left for the University, he has been notified that a position in the Amarillo public schools has been offered him. This is a first-class school of more than forty teachers, and is a compliment that Harvey deserves. The Record congratulates both parties and believes that this Colorado young man will make good, should he accept.

OLD TIME DINNER.

FOR OLD TIMERS.

Mrs. Jim Fulkerson entertained the old time neighbors of the Seven Wells community Tuesday, with a noontide dinner, served in the old style of cooking and serving. It was given in honor of her aged aunt, Mrs. Pugh, this being her 97th birth day. There were meats, vegetables, pies, cakes, preserves, and ices, all served in a way that bespoke the true hospitality of the early western days. Those who enjoyed the dinner were, Mr. and Mrs. Arnett, Mr. and Mrs. Wulfjen, Miss Wulfjen, Mrs. Ruddick, Mrs. Jas. T. Johnson, Mrs. Evert Wynn, Mrs. C. H. Earnest, Mrs. J. G. Merritt, Mrs. Jim Jackson, Mrs. Chatman, Mrs. Franks and Mrs. Johnson. The day was spent in talking of the good old days when they were all neighbors; of how they borrowed and loaned and exchanged all kinds of things with each other. In the afternoon ice cream, cake and sherbet was served. Many little gifts were left this aged neighbor, as a souvenir of a pleasant day and with the wish that she may yet have more happy birthdays.

A SURPRISE WEDDING.

Mr. and Mrs. Guy B. Duff invited a few friends to the Manse to spend Tuesday evening with Miss Pauline Shepherd, the charming sister of Mrs. Duff. The guests were in no way prepared for the surprise which awaited them, even after one or two songs suggestive of the sentimental covenant about to be entered into. Mrs. Duff sang to Mr. Dawes' accompaniment "Without Thee," and Miss Roe "I Love You Truly." Still no hint dawned on the young people assembled as Mrs. Duff had announced that "her sister would be in presently."

MISCELLANEOUS SHOWER.

On Tuesday afternoon Mrs. Barcroft entertained with a miscellaneous shower, at the home of her niece, Mrs. Oscar Majors, for the coming bride, Miss Isla Smith.

The house was tastefully decorated with cut flowers, while above the dining table were hearts suspended, falling from Cupid's hands.

The hostess was graciously assisted by Mesdames Hart and Oscar Majors, to receive the guests, and Misses Dry and Mrs. W. L. Doss going about making them feel at home. A program was given.—Solos by Mrs. Royall G. Smith, Mrs. Brooks Bell and Mrs. Jno. Daniels of Merkel, whose singing is always enjoyed. A piano solo by Miss Whipkey, and instrumental music was also given by Mrs. Floyd Beall and Miss Ruth Buchanan. Toasts were given. Mrs. Willis R. Smith gave one to the bride; Miss Dry one to the groom and Miss Coleman one to the girls left behind. At the conclusion all the girls sang "Merrily we Roll A'long." "Where there is nae Man to Bother Us," etc.

Then Miss Doss toasted Cupid and he immediately appeared in the person of Baby Marvin Majors, looking for all the world like Cupid, or at least like he is supposed to look, too cute for anything, perched saucily upon a loaded wagon drawn by little Nell Harper Greene, with John William Doss going before as a herald to announce the important event. The loaded wagon proved to be filled with dainty articles for the coming bride. There was a sure-enough load of useful and dainty things for her personal pleasure and use, and also for her new home.

A dainty bridal register was presided over by Mrs. Broadus, where all kinds of good wishes were registered for the bride. Orange ice and cake were served by the hostess, assisted by a number of her friends.

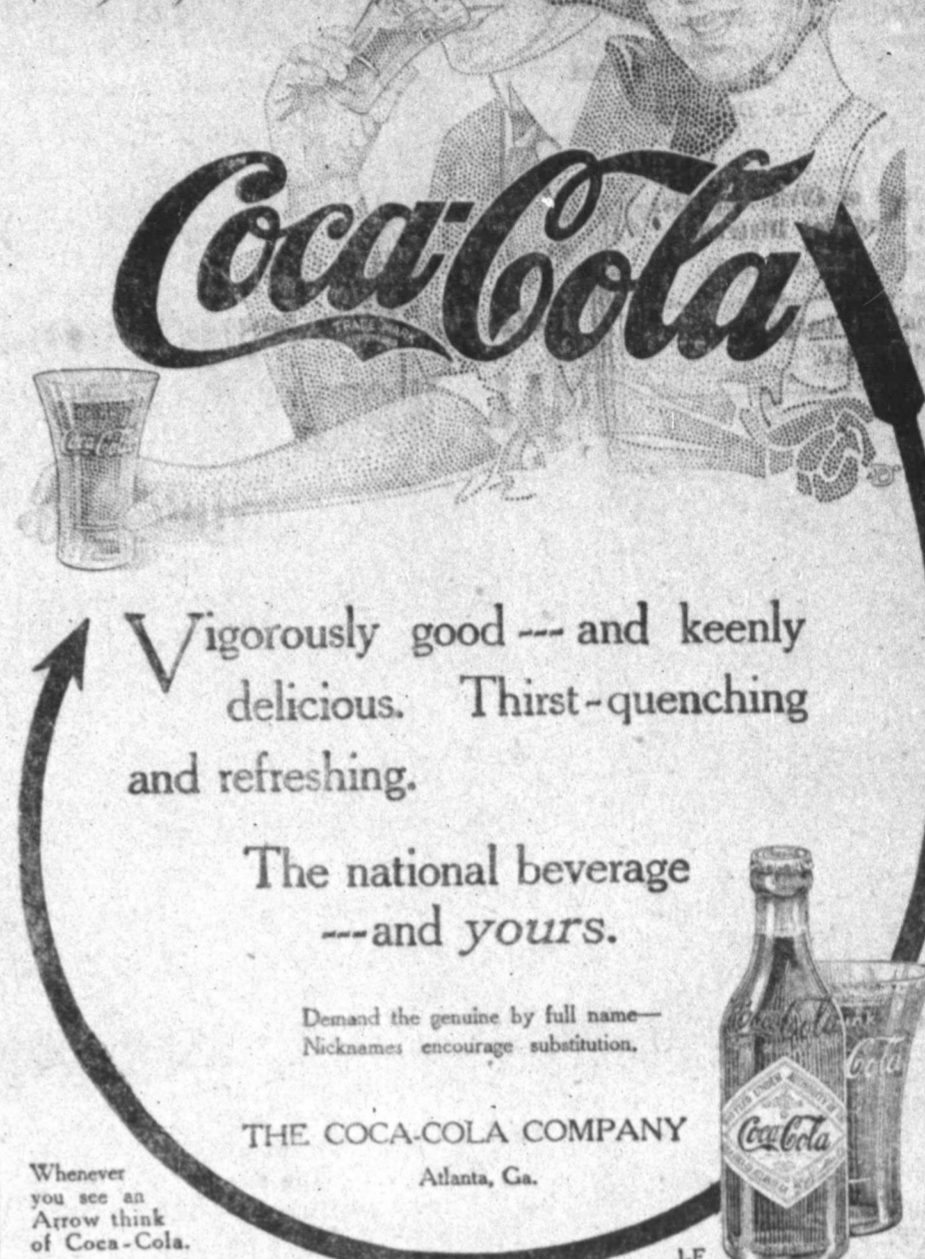

Miss Isla was becomingly attired in salmon colored crepe de chine trimmed in net, with tiny roses for artistic fastenings of the drapery.

This was one of the most joyous occasions of the season, and will ever be remembered by the bride to be.

Miss Isla was reared in Colorado and comes from one of the oldest families. Her grandfather, Rev. Mr. Rogers was one of the first settlers and one of the most staunch and faithful preachers of the gospel, who always gave it in purity and simplicity.

Thus Colorado is to soon lose another one of her fair daughters.

TENNIS BREAKFAST.

Mr. and Mrs. Gordon, who were married on Tuesday evening at the home of the bride's sister, Mrs. Guy B. Duff, were the guests of honor Thursday morning at a tennis breakfast given by Mrs. J. Max Thomas for the wedding party, the personnel of which was as follows:—Mr. and Mrs. F. W. Gordon, Mr. and Mrs. Duff, Miss Van Tuyl, Miss Roe, Misses Coleman, Mr. Dawes, Eleanor Thomas and Mr. and Mrs. Thomas.

500 CLUB.

Mrs. F. M. Burns was hostess for the 500 club Tuesday afternoon, complimentary to the club. The guests were Mrs. Richard Pearson, Mrs. Looney, Mrs. Bailey, Mrs. D. N. Arnett, Jr. and Miss Moor. The out of town guests were Mrs. John B. Gray, of El Paso, Mrs. Harvey Lindsey, of Oakland, Cal. and Miss Weary of Texarkana. Miss Martha Earnest won the club prize and Mrs. Looney the guest prize. A salad course followed by grape ice was served.

In Justice to the Studebaker Cars

Reports have been circulated that the Studebaker cars use too much water, and get too hot. Such is not the case. We are willing to refer to any Studebaker owner. Take the Ed Jones car for example—this car did heat, but it was because of a defective radiator, which was replaced by the factory, eight months after his guarantee had expired, free of charge, and this car now runs without heating, all of which can be verified by Mr. Jones, the owner.

The Studebaker cars are the only cars in the world where three entered a 200 mile race and won 1st, 2nd and 3rd prizes. This happened at Savannah and is the only incident of this kind that ever occurred. If it was true that they get too hot, how could they win. Here is an incident of a car running 21 miles without water:

When A. W. Smith, of Lockhart, Texas, went to take delivery of his Studebaker car, fresh from freight, he was in a hurry. Like many impulsive Texans, water was furthered from his mind. So he filled with oil and gas, cranked, and drove off.

The distance was 21 miles from San Marcos, and there he stopped. Being in a liberal frame of mind, he ordered a garage attendant to "fill 'er up."

The filling process was conducted successfully until the radiator was reached. Then the water ran in at the top and out the open cock at the bottom, all unchecked. Not a drop of water had touched the cylinders since the car left the factory. Had the pistons seized? Not a bit. Was the motor hot? A little.

"Gee, some camel!" said the garage man.

We can demonstrate to anyone that the Studebaker cars are the best.

HEALTH PAST FIFTY

Careful diet is of utmost importance to men and women past fifty years of age; keeps up their strength, and the oil of cod in Scott's Emulsion is a nourishing food, a curative medicine and a sustaining tonic to regulate the functions. It contains the medicinal fats of pure cod liver oil and science proves that they furnish twice as much energy as other foods—then too, it creates pure blood, sharpens the appetite, relieves rheumatism, strengthens the body and alleviates ailments due to declining years. Scott's is free from wines, alcohol or harmful drugs. Beware of substitutes.

All such smiles as "bee in a tar bucket," "cranberry merchant" and the like, fall short of expressing the activity of the farmer these days. They have cut out coming to town only for the barest necessities, are worrying little about whose going to be the next governor of Texas or get on the county official pay roll. They are attending to business strictly, from morn till night, but when the day of the primary rolls round, they will take time to vote their convictions.

Mrs. A. J. Culpepper and Miss Lilla Caldwell left Tuesday morning for Springdale, Ark., to visit their mother, Mrs. Caldwell.

You can enter Hart's Business School at any time. There are now forty attending.

Mrs. J. R. Altizer and daughters, Sallie and Zora, spent Sunday in Sweetwater.

Ask a Hesperian member about our ice cream. She will know for she saw it made and knows that its made from pure sweet cream direct from the separator, not by way of the pump, so it contains no water.—Colorado Creamery.

Miss Marguerite Beal returned this week from Sinsinawa, Wis., where she has been in Ste. Clara College.

We make the only PURE ice cream, so do not have any but the Colorado Creamery ice cream—Flem McSpadden

Miss Oliver, the popular saleslady at F. M. Burns, is away on an extended vacation.

Plenty of Pure Hog Lard at Beal's market.

Wootan Jeffress is home from Dallas on a visit with his parents.

Oat Meal paper at 20c per ROLL. **W. L. DOSS.**

It will be gratifying to the friends of Walter Whipkey to learn that he is making good in his chosen profession. He has been in Waco the past several days and purposed paying his parents a visit this week, but just on the eve of his leaving, he was asked to accept a very responsible position with one of the leading firms of architects of Waco, to begin work immediately. It was an opportunity not to be deferred for pleasure, and so he put off his visit home till a more convenient season, and pitched in. The Record congratulates Walter on his advancement and stickability, which in the equation of success is a greater factor than ability alone.

We want your trade and we certainly have the lines that should merit same.—H. L. Hutchinson & Co.

Mrs. Hough left Sunday morning for San Angelo, where she will spend her vacation. She is expected to return in the early fall.

Carbon paper, the best at the Record office.

Owing to our crowded condition the Fairview letter was omitted last week. This was unavoidable.

Phone us, not some one else, about the ice cream—ours is the best—its pure.—Colorado Creamery.

The big rain Monday and Monday night was the last stroke that killed the socialist party and the spineless cactus in Mitchell county.

Wall paper 7 1/2 cents per ROLL at Doss'. Don't order before you see it.

We note in the San Antonio Express that Geo. L. Callan, a former resident of Colorado, was recently appointed a clerk in the railway mail service of that city. He will move from Del Rio, his present home, to that place. Mr. Callan is the son of our fellow townsman, M. M. Callan, and is an industrious and deserving young man, who will make good in the duties of his new appointment.

Try Burbank's Spineless Cactus Record will take your order. Give this new plant a trial. The Sacramento (Cal.) Bee says:

"That the millions of acres of desert land overgrown with cactus may be made a source of large revenue seems almost incredible, but stranger things have happened. Unless Burbank's is badly mistaken the spineless cactus is destined to become one of the most useful of plants, furnishing abundance of food for man and beast in regions which have been regarded as too sterile and desolate for any form of stock raising or farming. And the profitable conversions of the common form of the plant into alcohol seems even better assured."—The Sacramento (Cal.) Bee."

PHENIX WITHDRAWS, HELTON ANNOUNCES.

Mr. Preston Phenix withdraws this week from the race for County Commissioner for precinct No. 2 (Westbrook). He thanks his many friends for their promise of support and appreciates their words of encouragement. J. M. Helton, who was defeated last election by the narrow margin of two votes, shies his castor into the ring for the candidacy vacated by Mr. Phenix, and while thanking his friends for the support accorded him two years ago, asks them to rally just a trifle more numerously this time and land him in the commissioner's office.

Mr. Phenix desires to thank all his friends for their past support and says he withdraws rather than have a scramble for the place; in other words the place pays so little that it does not pay two men to run for it.

NOTICE TO CAR OWNERS.

THREE GAMES NEXT WEEK

The base ball fans of Colorado are promised a veritable glut of enjoyment on the local diamond next week. Arrangements have been perfected whereby the Anson huskies will contest the claims of the Colorado bunch to the championship of West Texas, and if they sustain the reputation that precedes them, they will cut out a full man's job for the local talent. Be sure you see all three games. The boys need the money and patriotic citizenship should impel your going.

BIG FEES FOR SEVEN DOCTORS.

High-Priced Physicians Endorse Dodson's Liver Tone. It Takes the Place of Calomel.

America's best known and highest priced physicians—seven of them—were paid very large fees to pass on the formula of Dodson's Liver Tone, and all of them heartily endorsed this remedy as a perfectly safe and reliable one. It takes the place of dangerous calomel in cases of constipation and torpid liver.

Dodson's Liver Tone has none of the disagreeable after-effects of calomel, which is in fact a poison, a mineral, a form of dangerous mercury. On the other hand, Dodson's Liver Tone is a strictly vegetable liquid, containing nothing harmful. It acts pleasantly, easily and naturally, without pain or gripe and without interfering at all with your regular habits, diet or occupation. Dodson's Liver Tone is guaranteed by Floyd Beall who will cheerfully refund purchase price (50c.) at once if you are not entirely satisfied with it. A trial has benefited many people and probably would help you.

The wet weather and heavy roads seem to cut little figure in the sale of autos. Mr. Kelper has sold two cars this week. A 20 roadster to A. C. Gist and a five passenger "four" to Earl Morrison. To be sure they were Studebakers, as both parties insisted on getting only the best car made, and Kelper was caught with that very kind of goods on him.

The rain Monday night interfered with the usual success of the old reliable Molly Bailey show, which exhibited here Tuesday night. Molly and her show are regarded as peculiarly West Texas possessions, as it is the only amusement of the kind thousands of children in this section ever get to attend. Like the immortal Punch and Judy Molly's performances never change with the passing years, but it gains new interest to the kids with every recurring visit. The show is clean in its program and unattended by that crowd of thieves and tricksters which usually make up the camp followers of many more pretentious shows. Long may Molly and her show continue to amuse the kids and grown-ups of Texas. The weather conditions were quite unfavorable Tuesday for a good attendance, and there was no performance in the afternoon, but a very good attendance at night.

A CHALLENGE TO ALL WEST TEXAS

The Colorado Short Horns issue a challenge to all West Texas. Colorado already has the same kind of park that Big Springs is trying to build and if Big Springs will send her amateur team over here Colorado will put them out of business. Manager Scott has tried to match a game with Baird, Ballinger, Coleman, Aptlene, Brownwood, Angelo and Big Springs but they are all afraid to come. So they issue an open challenge to all West Texas.
