CANNON THUNDER NEAR TONGRES SAYS LIEGE ATTACK ONLY FAKE

FRENCH MINISTER TELLS OF CAMPAIGN IN ALSACE—GERMANS LEAVE FORT IN LIEGE—ARMY GOES THROUGH THE HEART OF BELGIUM.

THE NORTH SEA IS SAFE FOR TRAFIC NOW

GERMANS OWN MINE SINKS TORPEDO BOAT DESTROYER—POPE GRIEVES OVER WAR. SMALL UNIMPORTANT ENGAGEMENTS OCCUR—DIPLOMATS TO BRING AMERICANS HOME—OUR ATLANTIC FLEET GO NORTH.

Confirmation of reports that Liege had been taken by the Germans apparently was given by dispatches received from Berlin, although advices coming from Belgium, France and British sources maintain that the forts there were still in the hands of King Albert's men. It was asserted in these dispatches that, although the city was invested, "there has been no serious occupation of the town by the Germans."

An official dispatch issued by the Belgian general staff said the advanced German troops were being pushed back and that the German offensive movement had ceased.

A junction of Belgian, British and French troops in Belgium is reported to have been effected, and a clash between German and French cavalry south of Namur is said to have taken place.

Athens dispatches said large Turkish forces were being concentrated on Bulgarian territory by agreement with Bulgaria.

Emperor William is said to have left for the Alsatian frontier to join the German general staff.

The British Admiralty announces that German submarines attacked a British cruiser squadron, but that the British ships escaped undamaged, while one German submarine was sunk.

France has requested the Austrian Ambassador to explain Austria's intentions in an alleged movement of troops into the French frontier.

Cholera is said to have broken out among the Austrians and Servians.

Paris dispatches say the Germans in Belgium are short of provisions.

A cablegram from Pekin says serious "conversations" are proceeding between the Tokio and London Governments concerning whether Japan will participate in an attack on the German colony of Tsing Tau.

The French and Belgian Governments have directed that the resources of the two countries shall be the common property of France and Belgium.

At Liege the Germans held the town itself but the forts still were fighting strongly. The German main army in the north was reported entrenching itself on the Ourthe, while two large divisions of cavalry had got to Tongres, north of Liege. It was expected that a general advance was in preparation and a battle imminent, in which the Germans would be confronted by the allied Belgians, French and British.

The French at Meulhausen, Alsace, met with opposition after their occupation of that city. A superior force of Germans caused them to leave the palace and take position outside, where a battle was fought, details of which have not been made public. French reports are indefinite, but give the impression of French success.

Many German spies were arrested in Belgium and a secret wireless apparatus was discovered in a German store in Brussels.

Fighting evidently has occurred on the Russo-German frontier as six car loads of German prisoners were reported to have passed through Vilna today on their way to the Russian interior.

Russians have concentrated a considerable army in Finland, thus disposing of German reports of the landing of a German army corps there.

Bulgaria apparently is mobilizing all her forces, to prevent violations of her neutrality.

The United States diplomatic officials in Europe have the further task of looking after French interests in Austria and Austrian interests in France.

A state of war has been proclaimed in the southern provinces of Holland.

Russian funds seized in Berlin banks by Germany amounted to about \$25,000,000.

The German cruisers Goeben and Breslau still are at large in the Mediterranean, according to reports.

Germans are said in Belgian official reports to have lost 2000 killed, 20,000 wounded and 9700 prisoners in the recent fighting in Belgium.

England is said by the London Times to have between 500,000 and 600,000 men under arms without the reserves.

Aviators are at work constantly on the frontiers of France and Germany endeavoring to observe the concentration of the respective armies.

London, Aug. 12.—Dutch dispatches report terrific cannonading today near Tongres north of Liege where it is reported that two divisions of the German cavalry with artillery are stationed.

Paris reports say that the Montenegrins are occupying Tarabosch overlooking Scutari, Albania.

BRIGADE EXTERMINATED.

Rome dispatches say that Cossacks caught Austrian cavalry brigade in Marsh, exterminating it.

FRENCH FOREIGN MINISTER TELLS OF CAMPAIGN.

The French foreign minister says: "A line between Thann twenty-two miles southwest of Kolmar Alsace and Altkirk the first position occupied by the French invasion of Alsace is held by our army."

STEIN TELLS OF LIEGE ATTACK.

The German version of the Liege situation is given in General Stein's official statement denying the loss of twenty thousand men but not estimating the dead.

GERMANS EVACUATE FORT AT LIEGE.

The German army is being detached from its position before Liege and is

advancing through the heart of Belgium. The main body of the German cavalry is making forward movements all along the front of the allies.

GERMANS TO BOMBARD SVENBORG.

A Copenhagen dispatch says that the German torpedo boat destroyer sunk August 5 from reported boiler explosion really sank from coming in contact with a German mine.

NORTH SEA OPEN TO TRAFFIC.

The North Sea was generally announced to be reopened to traffic on the 12th and that no apprehension of the German fleet need be felt.

POPE GRIEFSTRICKEN OVER WAR.

Pope Pius, griefstricken at the war sits listless and silent for hours daily. Grave anxiety is felt over his condition.

DIPLOMATS CHARTER SHIPS.

Authority was given the American diplomats throughout Europe to charter ships to bring Americans home.

ATLANTIC FLEET LEAVE VERA CRUZ.

Washington.—All big ships of the Atlantic fleet will be withdrawn from Vera Cruz and brought north by September the first.

WESTERN ATLANTIC OPEN.

New York.—The British war office officially announces that the western Atlantic ocean is clear of German warships.

GERMANS BRIDGE THE MEUSE.

Amsterdam.—The Germans have successfully built a bridge across the Meuse near Liege for advancing their siege guns.

CUNNINGHAM IS MADE CHAIRMAN BAILEY GETS HEARTY WELCOME

J. F. CUNNINGHAM MADE BEAUTIFUL TALK PAYING TRIBUTE TO MR. FERGUSON AND TEXAS PEOPLE—EX-SENATOR BAILEY SPEAKS FOR MINORITY.

SENATOR BAILEY THREATENS TO BE CANDIDATE AGAIN

Minority Report is Rejected He States He Will Run for United States Senate Again Two Years Hence—Ferguson Forces Are Said to be Sure to Adopt Majority Report of Platform Committee—McLemore Winner.

El Paso, Aug. 11.—The State Democratic Convention convened at noon today in a large tent, which has a seating capacity of two thousand. At a caucus of Ferguson supporters held last night a count disclosed the fact that Ferguson men had 558 votes of the possible 835 and these votes were pledged to follow the Ferguson floor leaders throughout. There is still speculation as to what course Ex-Senator Bailey will pursue, but it is authoritatively stated that Mr. Bailey will endeavor to place his ideas into the democratic platform adopted. George H. Culp, chairman of the credential committee, reported that Ferguson delegates had been seated from Tarrant, Callahan, DeWitt, Coleman and Motley counties, also that the Ball delegates from Taylor county were not seated.

R. P. Coons, Chairman of the returns committee confirmed the election of Jeff McLemore by 159 votes, with seven counties failing to send returns, which is required by law. Mr. Lane appeared before the committee in person and filed his protest, stating that he would carry it to the convention and intimated that he would go to the courts with it. At the Ferguson caucus it was unanimously decided to make J. F. Cunningham of Abilene, permanent chairman of the convention, while S. P. Hardwick, W. A. Hanger and J. F. Wolters would be floor managers for the Ferguson forces. Mr. Hardwick stated that every plank which Ferguson advocated would be placed in the platform adopted.

Ferguson declares that no compromise with the Bailey resolution will be countenanced. Jerome Shield of San Angelo was elected sergeant-at-arms for the convention. Bailey is very active and it is rumored that he is planning to make a campaign for senatorship if he makes a good showing here.

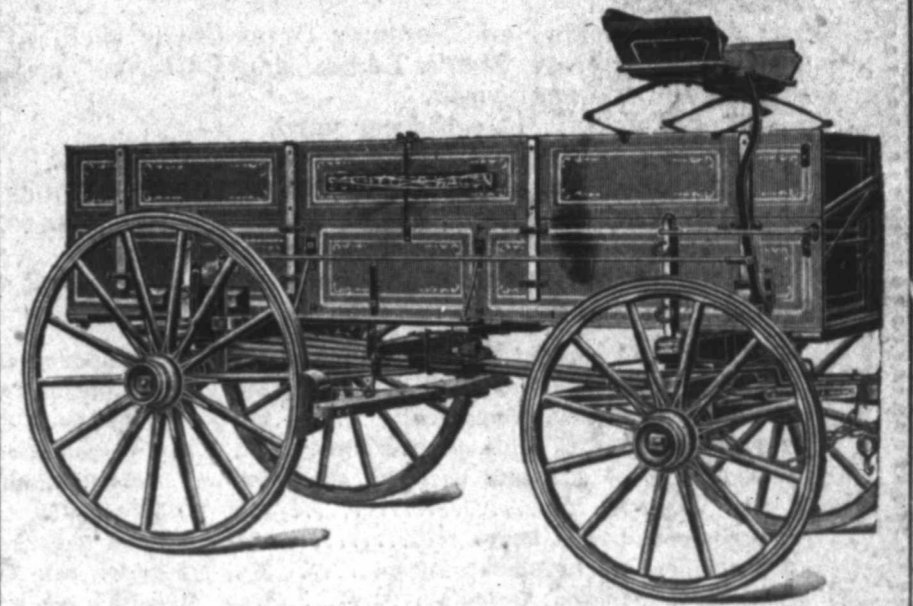

El Paso, Aug. 12, 2:00 p. m.—The second day's session of the Democratic Convention convened this morning at 10 o'clock. After the unanimous adoption of the executive committee's

STRAWS THAT SHOW.

No man ever knows how trifling a thing may prove his utter undoing. Particularly is this true in our intercourse with strangers, and upon whom we often seek to make a favorable impression, and written intercourse is more dangerous than personal. Many a competent man has been turned down in his application for a job or credit because of careless writing, bad spelling or cheap stationery. What would be your impression of a man occupying a responsible bank position who tried to pass on you the following orthographical nightmare: "Dear sir:—I have been in form you are in the green business and would like to no the chance of lining up with you this season. NOTES OF IMPORTANCE TO YOU

I suppose that it is not generally known to my old trade of the Roscoe, Hermleigh, Snyder, Dunn and Colorado territories that we have consolidated our two banks at Loraine and that I have built a new mercantile building, basement floor 50x100 feet, first floor 50x100 feet and decking some two-thirds of the first floor space, very nearly equal to a three story building in space.

The building is in a manner complete and is very nearly filled with a line of general merchandise as follows: DRY GOODS, CLOTHING, HATS and CAPS, BOOTS and SHOES, LADIES' READY-TO-WEAR GARMENTS, GROCERIES—Bought in carload lots—HARDWARE QUEENSWARE, BINDER TWINE, WAGON AND HOUSE PAINTS, LINSEED OIL, PRATT'S STOCK and POULTRY FOOD, LINIMENTS, INSECT EXTERMINATORS; a general and complete line of all articles named; WAGON, BUGGY and PLOW HARNESS; STEEL WINDMILLS that require only one greasing per year. The above merchandise is in a manner all new and bought at the right prices.

I want to say to you that I am the same W. L. Edmondson who sold you goods so cheap, not so many years ago, in Roscoe. The European War is now demoralizing prices but many predict that prices, especially of food stuffs, will be high this fall. I want to say to you that I have my stock of merchandise and you can buy cheap from me despite the war. I want you to watch my ads in the Loraine, Roscoe and Colorado papers. In these papers I will run an ad for some two or three months, naming you prices that I feel sure will justify you to bring your cotton to Loraine and buy your dry goods, hardware and general supplies from us.

We will name you a few specials for the next week proving to you we mean what we say.

All bolt Spring and Summer Dress Goods such as Lawns, Voiles, Crepes, Tissues, Summer Hose, Men's Ladies' and Childrens' low cut shoes, all for **HALF PRICE** for the next week.

.8 oz. Ducking, 11 cents per yard.

WAR'S MENACE TO THE SOUTH.

What the United States Government Can and Should Do To Safeguard the Cotton Industry.

The cotton crop is now in the hands of the farmers. It is beginning to move to market and within three or four months it will pass into other hands. The farmers must have money. Most of them have exhausted both their cash and their credit to make the crop and they must sell, if not at a fair price, then at an unfair price.

If nothing is done to meet conditions southern farmers will lose from \$15 to \$20 a bale, which will wipe out the profits of a year's labor and leave many of them in debt. That means a loss of between two hundred and three hundred million dollars and financial disaster to every interest in the South.

Six months from today cotton will probably be selling at a fair price, maybe at a high price. But if it sells at a ruinously low price in the meantime the south will receive a blow from which it will not recover for many years.

A supreme emergency confronts the people of the cotton growing states—an emergency which challenges the patriotism, the statesmanship and the co-operation of all the people.

The problem to be solved is stupendous, but not complex.

Means must be provided to save farmers from the necessity of sacrificing their cotton at less than cost of production until the return of normal conditions re-establishes a stable and equitable market.

No private interest can do this. State governments may help, but the aid of the general government is imperative.

A committee of southern senators and congressmen is now considering measures of relief and Governor Colquitt of Texas has asked southern governors to meet for conference. The promptness with which these representatives of the people are moving is commendable, but the people themselves must not be idle.

The authorization by congress of a large volume of emergency currency has restored confidence in the financial centers of the north and east and has enabled the great manufacturing and trade interests to escape disaster. But this issue of emergency currency will not save the cotton farmer or those dependent on him for less incident to the disruption of the market for cotton.

The government is depositing millions of money with southern banks to aid in moving the crops, but it is useless so long as crops cannot move along established channels of trade.

Governor Colquitt has suggested that the federal government advance \$50 a bale on cotton stored in warehouses, at low rate of interest, and repayable only when normal conditions are re-established. He would have the advances made direct to farmers without the intervention of bankers.

There is merit in Governor Colquitt's plan as an emergency measure and it deserves the prompt and careful consideration of the people and congress.

If advances are to be made by the government they should be made through banks, because there is not time to organize a competent agency to attend to the details, but the compensation of the banks for this service should not be greater than the cost of rendering it.

To the objection that it is beyond the proper sphere of the government to extend such relief, we answer that vital emergencies sometimes call for and justify revolutionary measures.

Congress has just appropriated two and three-quarter million dollars to bring Americans home from Europe, and nobody has uttered a word of protest.

A bill is pending and will pass authorizing the use of the United States navy to transport freight and passengers between the United States and South American ports. That measure will provide an outlet for the manufactured goods of the north and east.

Wheat dealers have asked the government to buy from twenty-five million to forty million dollars of foreign exchange in order that the wheat crop may be moved to market.

Why should not the government do something for the producers of cotton and the millions who are dependent on them?

For half a century the federal government has fostered trade and industry. Its economic and financial policy has been determined by those who trade and barter, convert and distribute. It has paid scant attention to the interests of the larger class engaged in production.

When panic threatens the money centers of the north and east, the government is prompt in extending relief.

When trade and commerce are threatened, the government responds to appeals for help.

Now that the basic industry of a whole region is threatened, the government should be equally prompt and generous.

Drink this and be refreshed!

THE COCA-COLA COMPANY
 ATLANTA, GA.

Whenever you see an Arrow think of Coca-Cola.

An advance of even \$50 a bale on cotton properly stored and insured will involve no element of risk. The security is intrinsically worth more than that amount and it is only a question of time until it will become as saleable as gold bars.

With such an advance the farmers could hold until demand reappears and avert loss and bankruptcy. Meanwhile the money advanced would go into general circulation and nourish all lines of business.

If help is to be had, the people must ask for it. Every community in the south should make its voice heard at this time. Co-operation is necessary to avert harm to all.

If congress does not act promptly we should consider what the state may do for its own citizens. An emergency issue of state bank notes based on cotton security would be as sound as national bank notes based on commercial paper.

Where there's a will, there's a way. The people themselves must find the way and find it now.

DEMOCRACY AND THE BOGY MAN.

Farmers have votes and use farming implements. It follows that politicians can bid for the votes by attacking any large corporation which makes the implements. Therefore it is that for years past many Democratic candidates have been assailing the Harvester Trust and promising to smash it. This procedure is much more useful down south than attacking peonage or child labor, and it fits in very nicely with the underlying democratic campaign doctrine that a big business enterprise located in some other state is quite necessarily crooked and oppressive. This buncombe is so thoroughly ingrained in the democratic consciousness that even President Wilson exhibited a streak of it in that curious letter wherein he spoke of Mr. Jones as joining the Harvester Company "to reform it"—a mistake which the nominee himself speedily corrected. The plain truth is that nearly all of the present congressional leaders of the democratic party have for years been participating in and profiting by a sham agitation of the trust problem, an agitation based on what President Wilson very justly described as "discriminations against particular classes of men." This was all very well so long as these statesmen were merely a critical minority, but the test came when they attained power and had to work constructively. The Jones incident seems to show that they have not the moral courage to follow the President, but feel compelled to keep up their old reliable campaign cries. This does not endanger very much the Wilson ascendancy over congress, and the President has probably strengthened himself by sharply calling attention to the pernicious smallness of the opposition; but it does endanger the usefulness of the democratic party to this country. Above all, it threatens to delay for partisan political advantage the establishment of social justice in the United States. The peanut jugglers may or may not reap the consequences of their folly at the polls, but the worst of it is that we must for

some years at least, rely for fundamental statesmanship upon a party insincerely holding a sham creed. —Collier's Weekly.

THE TWENTY YEAR TEST.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

CASE OF L. L. CANTELOU.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all druggists.

SALT RIVER CORRESPONDENCE.

(Delayed from last week).

No doubt you are anxious to hear from the Salt River crew, and I will write you a dot or two, though my head is in a whirl, having been for the last two months trying to talk to suit the ideas of 1100 voters which you know is a difficult task, and calculated to scatter a man's thinker.

There were seventeen on board when the whistle blew, rather a full set, and each one anxious to tell how it "was done." After we were organized we agreed to commence at

the head of the ticket and hear from each one.

Judge Coe.—"A majority of the voters could not see through my glasses. That Irish story of Jesse's did the job."

Williams.—"The people of Mitchell county don't know a good thing when they see it."

Smith.—"I didn't get enough votes. Something hit me at Westbrook."

Womack.—"Oh, if they had all been Cuthberts and kinsfolk!"

Costin.—"Trade, trade, trade, that breaks many good men."

Porter.—"Got a good vote but Kay got into my preserves."

Kay.—"Ate lots of chicken and had a good time, but fell shy on votes."

Wheat.—"Did not have time enough in my speeches to fully explain the case, and it is too dry for wheat anyway."

McGehee.—"Will keep at the law and I may be district attorney yet."

Fred.—"Had Mike scared and ran him off until he heard results."

Wulfjen.—"The south end of the county don't know a good road when they see it."

Olenbush.—"Byrne and Smiley failed to reach the boat in time to embark."

Coleman.—"Don't see what was the matter, I was the only candidate from my precinct that had a platform."

Morrow.—"It don't pay to talk when running for office." (His opponent was a mute).

We will take the first boat home. Water is bad up here and all of us being strict prohibitionists and not expecting to make the trip of course we are not prepared to make out with bad water. Even I would not object to three fingers of mint julep (I think that is what they call it in Ky.) although a dyed in the wool prohib.

Now, Mr. Editor, if I have misquoted any of my brother Doiefuls I apologize right now, before I am called on. Respectfully,

E. PLURIBUS UNUM.

GOING TO THE EXPOSITION!

GOOD ROADS AND AUTOS.
AS FACTORS OF PROGRESS.

Since the time when mankind has gone about afoot, on hoofs or on wheels, he has recognized the force of the truth that good roads are essential to the easy and quick accomplishment of his purposes and attainment of his desires. A nation, state or community is civilized and progressive in direct ratio to the thoroughness of its highways of travel. Revolutions, seditions nor moonshine liquor are never hatched in countries of easy passibility. It is only in countries and sections that are isolated by the impossibility of their roads, that these cheerful and strenuous diversions are made the serious order of everyday business. It is only necessary to mention our next door neighbor to the south for proof of this statement. The gentle art of revolution and assassination has flourished there for the past four hundred years. The future statesmen of that country would show a rare wisdom if the first five years of peace (which means any condition short of nation-wide revolt and rapine) were devoted to the making of good public highways and the general introduction of the automobile. These civilizing agencies would cost infinitely less than the ravages of continual internecine war. The Balkan states, the Isle of Crete, even the Highlands of Scotland and the more mountainous regions of our own country, add the weight of their testimony to the argument that peace, happiness, prosperity and progress are in proportion to the ease and comfort with which their citizenship can communicate with each other and the outside world. The comparative development of the great Plains of the United States with that of the mountainous regions of the eastern part, emphasizes this fact. Consider the states of Kansas and Vermont; Iowa and West Virginia; West Texas and the northern part of the state of New York. The rapid development and "civilization" of Arizona and other mountainous sections of the Southwest and West has been due more, I dare say, to the building of good roads, than to any other one factor, save possibly, the railroads. And no one agency has so stimulated the building of good roads in these sections as the introduction and general use of the automobile. As a civilization and energizer it stands high up on the list.

Recognizing these facts, the Mitchell County Automobile and Good Roads Association was organized about one year ago with a good membership and when the registration of automobiles in the county had reached the number of more than 100. At this time there are more than 150 machines registered in Mitchell county, while the membership of the Association will soon reach 75. With the fulfillment of the present crop promises in this county, I have no doubt the number of automobile owners will be increased at least twenty-five per cent over the present number.

This Association is open for membership to every advocate of and worker for good roads. The two elements are inseparable and make the perfect equation of Progress with contentment and pleasure. Hence, the following formula might with happy application, be used to represent the civic and social conditions of any community, state or nation: C-P-AR, which interpreted in longhand means that the civilization of a community is equal to its population divided by its roads plus the number of automobiles owned by its citizenship.

But good roads and autos must serve some other purpose than merely meeting. The two prime ends of transportation are business and pleasure. Without serving both these ends the automobiles would be but the servant

of the business needs of professional men and those of utilitarian vocations. Pleasure is as necessary to the progress and happiness of the human race as the living it earns "in the sweat of its face." When on pleasure bent, the autist must not only have somewhere to go but something to do and see when he gets there. Merely gliding along even on a good road in time becomes monotonous; the landscape, however entrancing, grows commonplace and without beauties. The machine, in its secondary power for pleasure, becomes a quick and easy means to an end.

With this idea in view, the Mitchell County Automobile and Good Roads Association, at a recent meeting in Colorado appointed a committee to investigate the conditions at Seven Wells and the possibility of acquiring that great natural attraction by purchase or control. Nowhere in all West Texas has Nature cut more fantastic tricks with rocks, water and setting, than at the confluence of the two Champion creeks, seven miles south of Colorado. There are seven veritable wells overflowing with sparkling water of slightly mineral taste, bored deep in the rocky bed of the creek by the force of swirling waters and the attrition of pebbles. Just below these wells the united creeks run between solid rock walls in a narrow channel—an ideal place for a dam that would impound the waters, and convert what is now a waste place into a beautiful and useful lake, which could be stocked with fish and provided with boats. Such conveniences as shade trees, an ample pavilion and refreshment booths would come as a business sequence, and concessions for providing for visitors could be easily sold.

It would require but little capital compared with the sums other places spend for like conveniences, to make Seven Wells one of the most attractive pleasure resorts in West Texas; and the auto-birds of passage that flit across the state, would seize the opportunity when in this near locality, to make this delightful side trip to Seven Wells. It has been the only abiding outing place for short excursions of pleasure, since the town was organized, yet nothing has been done for the comfort and convenience of visitors or to invite their return. It has been a matter of "Take it as you find it. If you don't like it pour it back in the jug."

But the time has come when the entertainment and amusement of its citizenship is just as vital to the prosperity and progress of a community as the conservation of its purely business interests; and if the home community neglects to provide for this need, some other community will reap the rich rewards. Again; there is a moral aspect to the question of pleasure that can not be overlooked. If healthy people and young children are not provided at home with clean and elevating pleasures and amusements, the will certainly seek the other kind elsewhere.

The distance of Seven Wells from town is ideal for an auto ride. Long enough to get all the physical pleasure of the ride and short enough to get there and back on moonlight nights by the usual retiring hour. A dance, party, public speaking or other function, public or private, could be had there at night, and the people could reach their homes almost as soon, and with a more delightful ride, than if the entertainment occurred in town.

To the making of Seven Wells an attractive resort for pleasure; entertainment and amusement, the Mitchell County Automobile and Good Roads Association has set both head and hand, and the Association appeals to every citizen of Mitchell county who

now owns a machine or contemplates the purchase of one in the future, as well as every advocate of good roads in the county, to come with us, cooperate with the good work and help make Seven Wells a green spot stop in the memory of every automobile owner who shall visit that delightful place.

MRS. LATHAM GIVEN A FIVE YEAR SENTENCE

Anson, ug. 8—The jury in the Mrs. Lee Latham case, charged with the murder of John Y. Stewart, returned a verdict at 2:40 this afternoon, finding the defendant guilty of manslaughter and assessing her punishment at five years in the penitentiary. They did not recommend a suspended sentence, and none was given by the judge. The killing occurred some months ago at Snyder, and the venue was changed to Jones county. District Judge Thomas, overruled a motion for a new trial and the defendant received her sentence from the court and notice of an appeal was given by her attorneys. Bond, pending action by the higher court was set at \$5,000 and J. L. Latham, C. N. Latham and W. L. Wright qualified as sureties.

ALL EUROPE AT WAR.
The greatest nations of the world are engaged in deadly conflict. The whole map of Europe may be changed in a few months. Brain is pitted against brain, brawn against brawn. Millions of soldiers are fighting. Thousands of war machines are in use. The scythe of death is mowing the eastern hemispheres. Everybody everywhere is reading of the greatest international war of all time. For a postage stamp a day you may have the most accurate and complete reports of the happenings, which each day are given in the southwest's greatest newspaper, The El Paso Daily Herald. Special European War Offer:—As a special inducement to subscribers at this time, we will send the El Paso Herald for three months and The People's Popular Monthly, a whole year for only \$1.80.—EL PASO HERALD, El Paso, Texas.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky. "It certainly has no equal for la grippe, bad colic, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy. If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

Again the country has called "Enough" and would like that Old Jup stay his sprinkling hand.

More than one billion dollars are to be added to the circulating medium of the United States. This should help some.

If President Wilson should succeed in getting the job of mediation between the warring nations of Europe he would put the whole world under obligations.

In featuring the chairman of the Brewster county delegates to the state convention, the El Paso Herald unblushingly uses the handsome striking picture of our former fellow citizen, A. B. Robertson and shamelessly labels it J. D. Jackson. "Sum quique."

The news services should "doctor" their European war pictures or get real ones. Many of the scenes represent soldiers swathed in great overcoats and marching in the snow, while the pictures of King George and Nicholas II are used for king or czar whichever is handiest.

All sections of our nation, without distinction of creed, race or denomination, poured their sorrow into a common crucible of sympathy for the president of these United States in the hour of his affliction.

The Record heartily endorses the candidacy of Hon. John W. Woods of Fisher county for the position of speaker of the lower house of the legislature. Mr. Woods has made an enviable record as a legislator and has a keen insight into the material and educational needs of the state. He is conservative and entertains no fanatical ideas on any issue. The Record hopes to see Mr. Woods land the office.

The nation is doubly fortunate in having at its head just at the present time a man of the soundest judgment, matchless poise and the wisdom of a true statesman. Upon his shoulders will doubtless devolve the final adjustment of the European trouble; and judged by his past performances, he is the one man among all the nations best equipped for so gigantic an undertaking. Woodrow Wilson grows bigger with every emergency he meets.

THE NOISELESS PULLMAN. The Texas & Pacific is to be heartily commended for initiating this movement for noiseless Pullmans, remarks the Evening Journal of Dallas, in commenting editorially upon recent orders given to trainmen that they talk and give orders in a low voice in and around sleeping cars at night and that engineers and switchmen make as little noise as possible so that patrons might enjoy rest while on trains. These orders have been given on all parts of the road, and there has been a large influx of expressions of approval from the traveling public, indicating that the passenger department has taken another step in the right direction in behalf of patrons.

The Mexican kettle of fish has boiled over again. Carranza refuses to accede to the terms of President Caballero who insists on amnesty for all federal and federal sympathizers and the security of property before turning over the government to the Constitu-

that both France and Prussia had a contest for the Spanish throne, throne, which had been shortly before abdicated by Queen Isabella. Germany was prepared for the war and within forty-eight hours after Napoleon's declaration, a German army of nearly half a million was on its march to Paris. The war lasted only forty days, during which time the people at Paris and the chamber of deputies were led to believe that the French army had been signally victorious and were about to invest the city of Berlin. The battle at Sedan, with the complete route of the French and capture of Napoleon, was the first intimation that the French people had of the defeat of their armies. The investment of the City of Paris and the Commune soon followed, and to rub it in, William I. was crowned Emperor of Germany in the royal palace at Versailles, one billion dollars war indemnity exacted, the province of Alsace-Lorraine taken and German troops quartered on French soil until every dollar of the indemnity was paid.

For forty-four years every Frenchman has dreamed of the day when France would be able to wipe out this humiliation and regain its lost territory. With the largest national debt per capita of any nation in the world, the French people have borne enormous rate of taxation to support its military and every boy who reaches the age of 18, whether pauper or millionaire, must serve three years in the army. They will fight as they fought under the great Napoleon and die in the last ditch before being humiliated by the Germans again.

MEETING OF DIRECTORS OF FARMERS' UNION

At a called meeting of the board of directors of the Farmers' Union Co-operative Warehouse Company, the following preamble and resolution was unanimously adopted and ordered published in the Colorado Record.

Whereas, we realize the fact that the Farmers' Union Warehouse is an important factor to every farmer and his family in Mitchell and adjoining counties, and Whereas, it is an institution calculated to benefit every line of legitimate business belonging to our section of the country; be it therefore

Resolved, that we respectfully ask the hearty co-operation of every good citizen of our town and county to the end that we will be able to build up a business of which all may be proud.

SCIENTIFIC MESSAGE.

For some time the people throughout the state have known a good thing when they try it. A great many have tried massage, and when they get a dose of scientific massage they don't want any more operating. Operations have become quite a fad, but only rich people can afford such a luxury. Give scientific massage, in the hands of an experienced Masseuse, a trial and you will be astonished at the results, aside from avoiding dangerous operations and gulping nauseous medicines. W. J. C. GERMANY, Masseuse, Germany Hotel, Roscoe, Texas.

SO DECEPTIVE.

Many Colorado People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing.

Learn the cause—then cure it. Possibly it's weak kidneys. That's why Doan's Kidney Pills are so effective.

We present the following case as proof:

A. A. Princes, Sweetwater, Texas, says: "I had weak kidneys, causing my back to ache and I had other pains common to kidney sufferers. A friend told me of the wonderful good Doan's Kidney Pills did him, so I got a box and used them as directed. In a short time I was cured. I haven't had any need of a kidney medicine since." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Princes had. Foster-Milburn Co., Props., Buffalo, N. Y. 8-14-21.

D. N. Arnett left this week for the plains.

SICKENED BY CALOMEL.

If you ever saw anyone made sick by calomel you won't want any more calomel yourself. There's no real reason why a person should take calomel anyway, when fifty cents will buy a large bottle of Dodson's Liver Tone—a good remedy that perfectly and safely takes the place of dangerous calomel, which is only another form of deadly and poisonous mercury.

Dodson's Liver Tone is a pleasant-tasting vegetable liquid which will start the liver just as surely as calomel, and which has absolutely no bad after-effects.

Children and grown people can take Dodson's Liver Tone without any restriction of habit or diet. Floyd Beall sells it and guarantees it to take the place of calomel, and will refund your money at once if it fails in your case.

AN EPILOGUE

You can steal a man's ideas That have cost him years of toil; Pluck his plans and calculations, Make his inmost spirit boil. You can swipe the illustrations That have energized his ad; Lift verbatim, liberally, Every argument he had. You can bribe his gilt-edged salesman, Fix his confidential clerk, Swipe no end of information Telling all about his work; But the law of compensation Brings this stern and sure redress: You can never, never, never, Steal the other man's success.

TENNIS AND BREAKFAST

Misses Lela and Irene Whipkey honored Miss Nora Blandford a former Colorado girl, and Miss Pauline Wynne, guest of Miss Fannie Farmer, with a tennis party, followed by a nine o'clock breakfast at their home, last Friday morning. Covers were laid for ten. The personnel was: Misses Pauline Wynne, Nora Blandford, Jessie Person, Jeanette Earnest, Hazel McKenzie, Elsie and Baby Campbell, Fannie Farmer and Lela and Irene Whipkey. The serving was done by little Miss Lois Whipkey, who made a charming and accommodating little maid. The favors were hand painted tennis racquets.

BIRTHDAY PARTY

Mrs. V. O. Marshall delighted the little folks in her neighborhood, and a number of other little friends by inviting them to help celebrate the second birthday of her little niece, Baby Virginia Crook, who is spending the summer with her. The little folks all came on time, each bringing a little gift for the tiny lady. She showed her appreciation by saying, "Oh, my, my," as each one was presented to her. After an interesting contest of plucking the tail on the donkey, Master A. C. Beckner was awarded a French bubble pipe for his skill in this game. Games were played and bubbles were blown to their hearts content, and the pipes were given the guests as souvenirs of the pleasant time. Baby Virginia may not remember the occasion very long, but the guests will treasure it as one of their good times. Ice cream cones with a bright red cherry on top were served as refreshments.

BAPTIST MEETING

The meeting at the tabernacle, conducted by Dr. C. E. Williams is still in progress, and will continue until after Sunday. Brother Williams is doing some fine preaching at every hour, and is putting his very life into his sermons. If the unsaved do not accept the Saviour it will not be his fault. Christians are having an opportunity of a lifetime in being taught how to make their lives more effective in christian service. A great deal of interest is being manifested by the unconverted, and a number of professions, and several additions have already resulted. Everybody is urged to attend these services of the closing days of this meeting.

MEMORIAL SERVICE

The citizens of Colorado bespeak their deep and sincere sympathy for the Nation's Chief in his great bereavement, in the death of his noble, loving and devoted wife, in a memorial service, held at the tabernacle Monday afternoon from 3 to 4 o'clock. All the banks and business houses were closed and a great crowd gathered to pay this tribute of respect to the memory of the first lady of the land.

The church bells tolled from 2:45 to 3:00 o'clock. Favorite hymns of the President and Mrs. Wilson were sung by leading singers of the choir of all denominations, and the following program was rendered:

America was sung by the entire audience and appropriate passages of scripture were read by Rev. J. N. Campbell, and prayer was offered by Mr. T. H. Roe. Brief addresses were made by Rev. R. A. Clements, Hon. L. W. Shandusky and Dr. P. C. Coleman, on the life and works of this great and noble christian woman.

Dr. C. B. Williams of Fort Worth, who is now conducting a series of meetings at the tabernacle, talked on lessons to be learned and applied to our own hearts from the life of this woman of such gentle manners and sweet spirited nature.

The entire audience sang "Abide With Me," and the benediction was pronounced by Rev. R. A. Clements.

The United States flag over the post-office, as well as several others in town were put at half mast on Friday evening and so remained until after the funeral.

ALL SAINTS' CHURCH (Episcopal)

Rev. H. G. Hennessy, Priest-in-charge.

Services for August 16, the Tenth Sunday after Trinity are as follows: Holy communion 7:30 a. m.; Sunday school, 10 a. m.; Morning Prayer and sermon, 11 a. m.

42 PARTY

Miss Nellie Smith entertained with 42 last Friday in honor of Misses Jennie Rix Humphrey, and Louise Bolton of Plainview, who are the guests of Miss Marion Adams. Boxes of candy were given as prizes, and Miss Marion Adams received the one for the most games, and Miss Juanita Pond carried away the one for the lone hand. Refreshments of ice and cake were served.

500 CLUB

Miss Bessie McMurry was hostess for the 500 club Tuesday. The only guests were Mrs. Bailey, Mrs. Stoneham Beal and Miss Juanita Shropshire. Mrs. Bailey won the club prize a dainty handmade handkerchief and Mrs. Floyd Beal the club prize, a lovely ivory stick fan. A two course luncheon was served. Miss Nell Ruth Arnett entertains next week.

A GREEN GREEN MARRIAGE

There is a time worn adage to the effect that the surest way to win a girl is to disagree with her father on politics and with her mother on religion. Yet even this method sometimes fails to win parental favor and sanction. Then it is that Dan Cupid proves himself a strategist of no mean ability. Obstructions like the above constituted the only rough sledding in the true love course of Mr. Oscar Lee Simpson and Miss Bertha E. Goodwin, both of the Cuthbert community, so the young couple decided to effect a coup. To this end they came to Colorado last Monday evening, secured the necessary authority and submitted themselves to the official mercies of County Judge A. J. Coe to tie the conjugal knot that made the twain one flesh. The Judge remembering that in his green and salad days he was both young and tender and loving himself, was complaisant, and after the ceremony took the happy, if not repentant couple back to the parental roof, where confessions, explanations, forgiveness, rejoicings, the fattened calf and finger rings, figured according to the time honored rule.

The bride is the daughter of Mr. and Mrs. George E. Goodwin, one of the most prominent and prosperous families of Mitchell county, and a young lady of exceptional worth. The groom is a highly respected young man of that community; both well qualified to make a happy home.

The Record offers congratulations and wishes for them a long, happy and prosperous life.

CENTRAL CIRCLE

The central circle of the Methodist ladies met with Mrs. Q. D. Hall Monday afternoon with Mrs. J. G. Merritt as hostess. A very large number were in attendance. Mrs. M. K. Jackson, the first chairman, was present after the absence of several months. Dues amounting to ten dollars were received. The guests were Mesdames J. P. Majors, of Sweetwater; S. F. Annis of Merkel; Robert Terrell; Misses Anderson of Fort Worth, and Minnie Burlingame of Stamford. After the business was transacted, light refreshments were served. The next meeting is with Mrs. W. P. Riddick.

YOUNG PEOPLE

The Young Peoples' Missionary Society of the Methodist church had their regular meeting Tuesday afternoon. The time was spent in rehearsing their play, "Young Doctor Devine," which they are to give next Tuesday evening on the parsonage lawn. They have put quite a lot of work on it and will appreciate their friends' patronage. Come and see what the young doctor does.

A private letter from our friend, Cliff Ethridge, who is sloshing 'round the circle of kinfolks and friends in the good old state of Alabama, persuades us that he is having a royal time on his vacation. When he reads in the Record this week that a good rain has fallen over the fair face of Mitchell county, he will wish to hasten back to be at the beginning of the fall killing. Knowing his warlike and sanguinary spirit, we feared he had gone to Europe as a soldier of fortune and laid his trusty butcher knife on the altar of the most needy country; but his recent letter relieves our fears and composes our mind, concerning him.

A card from T. B. McConnell asks that his paper be changed from Big Springs to Tyler, to which place he and his family moved Wednesday.

Misses Maud and Thelma Leiter of Big Springs are the guests of Miss Ewell Gary.

J. B. Annis has returned from a recuperating visit in Oklahoma, much improved in health.

Mrs. Boren returned to Sweetwater Wednesday, after a visit of several days with friends here.

Miss Minnie Burlingame of Stamford is the guest of Mrs. Robert Terrell and other friends. Miss Minnie was once a resident of Colorado and has many friends here who are glad to see her.

Mr. Marion McClellan of Denton county is visiting his brother, E. M. McClellan and other relatives.

Carlock Annis left Monday for a visit with his grand-parents in Mangum, Oklahoma.

Mrs. E. B. Morgan and her three children are home from a visit with relatives and friends in Sweetwater and Plainview.

The big public road working will be pulled off next Monday. Be sure to go.

A card from Mr. J. D. Wulffen written from Round Rock assures his safe arrival at that place. He reports being rained on every day and night en route except one. He was stuck in the mud once in San Angelo before learning the art of negotiating the same, and now claims he is able to pull two sulkey plows. He has "waded water three feet deep and had as much as a ton of mud hanging to the car wheels." He bumped one car and was bumped once, thus evening up the bumps. His car is a 40-horse Case, and Mr. Wulffen regards the experience of the trip as a good advertisement for the car.

Dr. and Mrs. Chapman and the children of Sweetwater, were the guests of Mr. and Mrs. James T. Johnson this week.

To keep the record straight, it will be well to keep an eye on Brer Peter Radford and mark the soft place where he falls after Ferguson is governor. Does anyone think Lewis or Radford served the liquor interests and tried to hump the farmers of Texas for naught? "The ox knoweth his owner and the ass his master's crib."

Mrs. Bryan of Sweetwater visited her brother, Mr. Bruce DeGarmo, last week.

Mr. Cooper and family of East Colorado, have moved to Dunn.

Mrs. John Loveless is on the sick list this week.

Hall DeGarmo has returned from his visit with relatives in Sweetwater.

Mrs. F. E. McKenzie and Miss Hazel returned to their home on the ranch Monday.

The Misses Mable and Maudie Anderson of Fort Worth, were here this week on a visit, the guests of Mrs. Andrew Cooksey.

Prof. and Mrs. W. W. Hart are home from their summer vacation at Cloudcroft.

All the El Paso delegates and Shriners returned home Wednesday night and Thursday morning. Some of them look the worse for wear. The delegates to the convention say that the Ferguson steam roller was in good working order, and did its duty without a hitch!

FORD THE UNIVERSAL CAR

Buyers to Share in Profits Lower Prices on Ford Cars

Effective from August 1, 1914, to August 1, 1915 and guaranteed against any reduction during that time:

Table with 2 columns: Car Model and Price. Touring Car \$490, Runabout \$440, Town Car \$690.

F. O. B. Detroit, all cars fully equipped. (In the United States of America only.)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyer's share from \$40 to \$60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914, and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or Dealer.

Mrs. Gore, wife of U. S. Senator Gore of Oklahoma, is visiting her sister Mrs. J. W. Kay.

C. C. Wyatt enjoyed the visit last week of his brother, J. W. Wyatt of Dickson, California, also his friend Ellwood Peters from that place. J. W. Wyatt is the second largest sheep man in the Golden State, and Mr. Peters owns 40 acres near Dickson, for which he has been offered \$1500 per acre.

Mrs. J. P. Majors and children of Sweetwater are visiting relatives and friends in Colorado this week.

Mrs. J. B. Coe and children returned Sunday morning from a several day's visit to friends and relatives at Colorado.—Blackwell Bulletin.

Sam Curry was in this week with samples of the corn he has raised this year. He has about 22 acres, all as fine as the samples (he claims) and expects to gather 35 to 40 bushels from every acre.

Transportation and dinner free to the big public road working next Monday. Be there.

Miss Glenn of Roscoe is the guest of Miss Lorena Jones, this week.

THE NEW Studebaker AUTOMOBILES

ONE-PROFIT CARS BECAUSE THEY ARE STUDEBAKER MANUFACTURED CARS

Today—or tomorrow—go to the Studebaker store and see the new Studebaker models, FOUR and SIX.

Two types of each—five-passenger SIX and seven-passenger SIX; FOUR Touring Car and FOUR Roadster. You will find them competing with cars that sell at prices \$500 higher; and you will also find them showing higher quality throughout.

Studebaker prices are lower because these cars are completely manufactured in Studebaker plants, carry but one profit, and impose no middleman's tax on the buyer.

There is only one way by which Studebaker quality can be put into a "Four" or a "Six" to sell at Studebaker prices.

That is the Studebaker way, which means complete manufacturing and elimination of the parts middlemen and their extra profit; not the assembled of semi-manufactured way.

Complete manufacturing, its economies and the excess value it puts into the cars represent the Studebaker ideal.

In the case of the Studebaker millions of dollars are invested in plants, machinery and special equipment.

Our huge production and sales turn our investments into manufacturing economies—we can well afford equipment the cost of which must be prohibitive to any producer whose output is smaller than Studebaker.

For example, we maintain the largest and most completely equipped laboratories in the automobile industry, which not only work out the special formulae for Studebaker steels, but test and analyze the steels to be certain they are up to specifications.

We maintain huge heat-treating

plants for the heat-treatment of vital parts, like gears, axle shafts, front axles, etc.

We make our drop forgings in our own forge shops.

We cast and machine and build complete every Studebaker motor.

We make our springs in our own spring plant.

We make our bodies and tops in our own body and top factories.

In short, we make a greater proportion of the parts for Studebaker cars than any other producers make for their cars.

And being complete manufacturers, we can and do make the parts of Studebaker cars of better, stronger, longer wearing materials; and put better value into the cars at a stated price.

Ride in the new Studebaker and you will see the result of Studebaker complete manufacturing.

If you are not expert enough to appreciate this value, ask the advice of some man who is expert.

He will tell you that the way the Studebaker sticks to the road is due to its perfect balance, and that, in turn is due to scientific design—complete manufacturing.

But we do not want or ask you to consider Studebaker Cars solely on price.

If you ask why they are better—why they give and always have given thorough satisfaction—consider the aims, ideals and honesty of purpose behind them; the quality of Studebaker materials; the vast extent and intensiveness of Studebaker manufacturing methods; the excellence of their engineering design; and the fact that in each and every important or vital particular these cars welcome comparison with the highest priced.

He will tell you that the lack of vibration is due to perfect fit and alignment of parts—again the result of complete manufacturing.

You will learn that heat-treatment of parts makes them stronger and last longer.

And you know that light weight means economy of gasoline and oil and tires.

Through motor refinements and up-to-date designing these cars have power in excess of all requirements.

You will be delighted with the clean simplicity of the motors; their perfect accessibility; and you will see that you can care for a Studebaker with the least time and effort.

We would advise you to waste no time in seeing the new cars.

Delivery can be had at once of either model; and the best motoring season is before us.

When you shop around, keep your mental impressions of Studebaker value always before you for comparison; and remember that this value is the great result of Studebaker volume and Studebaker complete manufacturing.

THE NEW Studebaker AUTOMOBILES

ONE-PROFIT CARS BECAUSE THEY ARE STUDEBAKER MANUFACTURED CARS

Today—or tomorrow—go to the Studebaker store and see the new Studebaker models, FOUR and SIX.

Two types of each—five-passenger SIX and seven-passenger SIX; FOUR Touring Car and FOUR Roadster. You will find them competing with cars that sell at prices \$500 higher; and you will also find them showing higher quality throughout.

Studebaker prices are lower because these cars are completely manufactured in Studebaker plants, carry but one profit, and impose no middleman's tax on the buyer.

There is only one way by which Studebaker quality can be put into a "Four" or a "Six" to sell at Studebaker prices.

That is the Studebaker way, which means complete manufacturing and elimination of the parts middlemen and their extra profit; not the assembled or semi-manufactured way.

Complete manufacturing, its economies and the excess value it puts into the cars represent the Studebaker ideal.

In the case of the Studebaker millions of dollars are invested in plants, machinery and special equipment.

Our huge production and sales turn our investments into manufacturing economies—we can well afford equipment the cost of which must be prohibitive to any producer whose output is smaller than Studebaker.

For example, we maintain the largest and most completely equipped laboratories in the automobile industry, which not only work out the special formulae for Studebaker steels, but test and analyze the steels to be certain they are up to specifications.

We maintain huge heat-treating plants for the heat-treatment of vital parts, like gears, axle shafts, front axles, etc.

We make our drop forgings in our own forge shops.

We cast and machine and build complete every Studebaker motor.

We make our springs in our own spring plant.

We make our bodies and tops in our own body and top factories.

In short, we make a greater proportion of the parts for Studebaker cars than any other producers make for their cars.

And being complete manufacturers, we can and do make the parts of Studebaker cars of better, stronger, longer wearing materials; and put better value into the cars at a stated price.

Ride in the new Studebaker and you will see the result of Studebaker complete manufacturing.

If you are not expert enough to appreciate this value, ask the advice of some man who is expert.

He will tell you that the way the Studebaker sticks to the road is due to its perfect balance, and that, in turn is due to scientific design—complete manufacturing.

But we do not want or ask you to consider Studebaker Cars solely on price.

If you ask why they are better—why they give and always have given thorough satisfaction—consider the aims, ideals and honesty of purpose behind them; the quality of Studebaker materials; the vast extent and intensiveness of Studebaker manufacturing methods; the excellence of their engineering design; and the fact that in each and every important or vital particular these cars welcome comparison with the highest priced.

He will tell you that the lack of vibration is due to perfect fit and alignment of parts—again the result of complete manufacturing.

You will learn that heat-treatment of parts makes them stronger and last longer.

And you know that light weight means economy of gasoline and oil and tires.

Through motor refinements and up-to-date designing these cars have power in excess of all requirements.

You will be delighted with the clean simplicity of the motors; their perfect accessibility; and you will see that you can care for a Studebaker with the least time and effort.

We would advise you to waste no time in seeing the new cars.

Delivery can be had at once of either model; and the best motoring season is before us.

When you shop around, keep your mental impressions of Studebaker value always before you for comparison; and remember that this value is the great result of Studebaker volume and Studebaker complete manufacturing.

HEALTH PAST FIFTY

Careful diet is of utmost importance to men and women past fifty years of age. It keeps up their strength, and the food in Scott's Emulsion is a nourishing food, a curative medicine and a sustaining tonic to regulate the functions. It contains the medicinal fats of pure cod liver oil and science proves that they furnish twice as much energy as other foods—then too, it creates pure blood, sharpens the appetite, relieves rheumatism, strengthens the body and alleviates the ailments due to declining years. Scott's is free from wines, alcohol or harmful drugs. Beware of substitutes.

NOTICE TO OWNERS OF AUTOMOBILES.

Filling station has been established at my garage, for the advantage of the general public, where gasoline can be had at the lowest price. The plan upon which this station will be conducted is the same as in all the larger places. Coupon books will be sold for the cash, and the coupons will be accepted in payment for gas as the consumer uses it. Those who buy the coupon books will get their gas at 10c per gallon, while it will be 13c to all others. This difference is made from the fact that when you buy a coupon book it is the same as buying gasoline by the barrel, giving the purchaser the barrel or wholesale rate.

I have been working for a long time to get this station established here for the benefit of my customers, and users of gas will find it not only a great saving, but much more convenient.

This plant will be ready for business August 1st, and we ask that not only our regular customers, but the public in general will take advantage of it.

F. S. KEIPER.

JERSEY BULL FOR SERVICE.

I have a fine Jersey bull subject to registration for public service. See me or phone 101.—O. E. Avery.

COLORADO FOLKS ASTONISH DRUGGIST

We sell many good medicines but we are sold the mixture of buckhorn bark, glycerine, etc., known as Adler-I-ka, is the best we ever sold. Colorado folks astonish us daily by telling how quickly Adler-I-ka relieves sour stomach, gas on the stomach and constipation. Many report that a single dose relieves these troubles almost immediately. We are glad we are Colorado agents for Adler-I-ka. W. L. Doss. 8-14

POSTED.

The Landers Bros. Pastures are posted by law and all wood haulers and trespassers will be prosecuted. Keep out. LANDERS BROS. ff.

\$8.00 Set of GRANITE AND COPPER WARE FREE WITH EVERY MAJESTIC RANGE SOLD

Special Demonstration and Sale

\$8.00 Set of GRANITE AND COPPER WARE FREE WITH EVERY MAJESTIC RANGE SOLD

MAJESTIC RANGES

ONE WEEK ONLY

COMMENCING MONDAY, AUGUST 24—ENDING SATURDAY, AUGUST 29

ONE WEEK ONLY

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here. Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Which Shall It Be

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove? You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

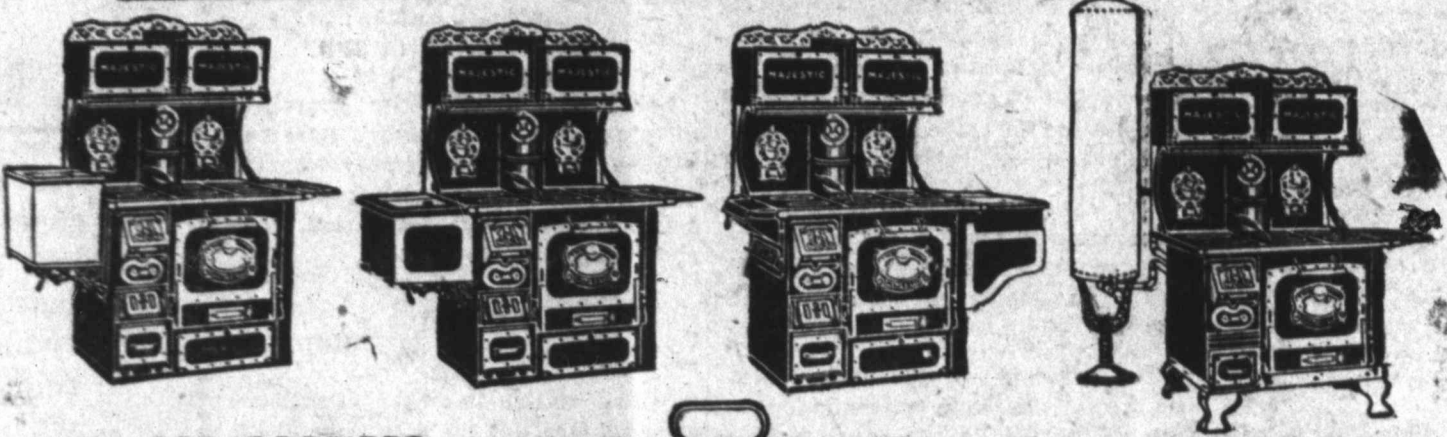

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

THE GREAT MAJESTIC MALLEABLE AND CHARCOAL IRON RANGE

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 200 per cent stronger than other ranges where most ranges are weakest.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

ON LEGS IF DESIRED

MAJESTIC NEVER-BURN COOKER-STEAMER-COLLENDER-AND-DRAINER-HEAVY STAMPED IRON MARBLEIZED KETTLE-18 OZ. ALL COPPER-TEA-KETTLE-14 OZ. ALL COPPER-COFFEE POT

HEAVY MARBLEIZED PUDDING-PAN-PLURICE-NEVER-BURN WIRE-DIPPING-PAN-2-3/4 ALL NEVER-BURN WIRE-DIPPING-PAN-2-5/8 ALL DIPPING-PAN-CAN ALSO BE USED AS ROASTER

Don't Overlook the Date, This is a Special Invitation to You and Your Friends and Neighbors.

CHILDREN

SOUVENIR DAY 100 TANGO HOOPS FREE

The first 100 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p. m. TUESDAY written answers to the following questions, will receive a "TANGO HOOP Souvenir" FREE.

- 1-What range is your mother now using?
- 2-Do you know anyone needing a new range? Who?
- 3-Why should the GREAT MAJESTIC RANGE be in every kitchen?

\$1.00 ARTICLE FREE

The one giving nearest and best answer to the last question may select any \$1.00 article from our stock, in addition to the SOUVENIR.

Don't be discouraged if you are not one of the 100 to get a Tango Hoop Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

Don't fail to get one of these Tango Hoops. It's a new and wonderful toy—amuses the old as well as the young. The Hoop dances forward, hesitates, and returns to the operator. Children, it's great, and will be the talk of the town.

Be sure to have your answers ready to hand in at our store TUESDAY AFTERNOON, between 3 and 5. They must be written answers—OTHERWISE YOU WILL NOT get a souvenir.

SPECIAL All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come, If You Intend to Buy or Not

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

LOCAL NOTES

JAKE FURBISHING UP.

On an average of every two years Jake Maurer overhauls his place from cellar to dome. Everything is made spick and span with fresh paint and new paper in readiness for the fall business. This rehabilitation is now in progress, and, on September 1st "Jake's" will open its doors better prepared than ever before to cater to the hungry and the wayfarer. A new and up to the minute range has been installed and the old one retired to the pension list on account of faithful service, having fried, broiled, baked and biled for more than twenty-two years. He thanks his friends for their past patronage and assures them he is now better equipped to serve them a la mode than he has ever been.

Oce Lambeth, formerly the merchant prince of Ira, has purchased the Wheeler gin in this city and taken active charge. Mr. Lambeth is an experienced gin as well as successful business man, and will doubtless make a success of his new acquisition. The Record welcomes him to the citizenship of Colorado.

Mr. and Mrs. Paul B. Sorenson are the happy parents of a fine girl that came to their home the 3rd inst.—Sweetwater Reporter.

Home made ice cream \$1.25 per gallon.—Ben Morgan.

Miss Clara Inkman of Big Springs is visiting her cousin, Mrs. F. E. McKenzie.

Rev. Guy B. Duff is attending the Presbyterian encampment at Kerrville.

Amalie Rives visited her aunt, Mrs. H. L. Hutchinson over Sunday on her way from El Paso to her home in Brookston.

Misses Lula May and Elnora Dulaney returned Sunday morning from a pleasant visit with relatives and friends in Sweetwater. They were accompanied home by their cousin, Miss Fay Dulaney, who will visit relatives and friends here for a few days.

Mrs. C. A. Pierce and the children have returned from their visit with relatives in Lancaster.

Huerta did not salute the flag, he ducked under it.

James Thomas, of Dallas is the guest of his uncle Dr. Willis R. Smith.

The Colorado Short Horns left yesterday (Thursday) morning to try another series of three games with the Big Springs Coyotes. It will be remembered that these teams have played nine games, Colorado won four and Big Springs five of them. Manager Scott has some new timber in his team and says he is going with the avowed purpose of taking all three of these games, if good ball playing will get them. Quite a number of fans went up from here today, and others will go tomorrow.

Misses Mary and Sarah Watson left last week for a few weeks visit with friends and relatives at Roby and Rotan.

Mr. Jess Rogers of Jayton visited friends in the city Sunday.

ROAD WORKING NEXT MONDAY

Work on the McKenzie road has been put off until Monday on account of the rain.

Over 30 cars and 100 men have signed up to work this road next Monday. Bring a little lunch and meet at the garages Monday morning at 7 o'clock. Big barbecue at noon. Every car owner and merchant should come or send a man.

Mrs. King, sister of Mrs. J. L. Shepherd, of Huntsville, is visiting the family of Judge J. L. Shepherd.

H. L. Hutchinson & Co. uses a half page of our space this week to make their announcement of a special sale of ranges. This is one of the best offers ever made for a range. This is the only exclusive furniture and hardware firm in the city and owing to their advantageous buying facilities, are able to offer unusual opportunities for economical buying. This firm wants the patronage of the buying public and will appreciate it enough to ask for it. Read their ad and inspect their prices.

Misses Thelma and Maude Leeper and Frances Sanderson of Big Springs are visiting Miss Enel Garey.

Mrs. Allen Soper visited in Lorraine this week, the guest of Mrs. I. W. Baker. She was accompanied home by Mrs. Baker who is her guest here for a few days.

Mrs. J. E. Stowe and the little Stoves, are visiting in Lorraine, the guests of Mrs. Hubert Toler.

Miss Vera Gary spent a few days this week in Lorraine.

Mr. and Mrs. T. Y. Cox of Houston came in yesterday on a visit, the guests of Mr. and Mrs. M. M. Callan. Mr. and Mrs. Cox formerly lived here and are enjoying the visit. Mrs. Cox is Mr. Callan's daughter whom he has not seen in six years.

Mrs. Dr. Copeland of Lorraine, visited her daughter, Mrs. J. N. Campbell, Tuesday, and attended the protracted meeting at the tabernacle.

Mrs. J. L. Shepherd, who has been with her brother at Ashville, N. C. returned home Thursday night.

NOTES FROM BOUT TWO.

It has been some time since this writer has heard from this field and will send in a few items. The election has come and gone

and so far as I know fewer hard feelings were aroused than ever before. Many of us were disappointed in many ways but it seems everybody accepted the result with good grace and a determination to make the best of it.

Mr. Robert Northcutt of Spade has entirely recovered from typhoid. It seems the serum treatment has eliminated a great deal of the danger from this disease.

Mrs. T. J. Plaster who has been quite sick with typhoid fever is much better at this writing.

Mr. Percy Dorn has a new girl, and is now the proud father of two little playmates, a boy and a girl.

Mrs. Fannie Plaster is visiting her father in Hamilton county.

The Baptist meeting at Spade resulted in the church being much revived and six additions. The church called, the same pastor, Bro. A. D. Leach for next year.

The meeting is now in progress at Plainview and will report results later.

Mr. Marshall Webb and family are visiting in Eastland county
