Some late war dispatches.
London. The advance of the Russian in Eastern Prussia has caused the withdrawal of troops estimated at 12,000 Germans from the French front already.

Berlin. The German army entered the province in Eastern Prussia and drove the Russian out of the province and a portion of that province. The Russian army of 200,000 men were repulsed by the German, along with the Prussian army.

London. Along the battle front extending from the Diester valley far into eastern Prussia, the Russian army is fighting the combined forces of the Austrians and Germans. In Lorraine, the strongest fortress in the north, was completely invested by the Russian wing. Three squadrons of German dragoons, supported by the motorcycle column, attempted to pierce the Russian lines, but were annihilated.

London. Survivors of the British victory off Heligoland declared that an official estimate of the German losses of the four ships was too low. Some estimated as high as thirteen, chiefly destroyers.

London. The allies are being pressed to the limit along the northern French border. After a slight rest from active fighting, the great battle for possession of the secondary French line of defenses was renewed. Boulogne has been reported as captured by the Germans.

London. Letters from the wounded in the recent battles tell of the heroism of the British forces. While they were forced back, they inflicted tremendous losses on the Germans and always held their positions until the secondary defense was prepared. After one hand-to-hand bayonet charge near Cambria, the letter said that the roads were piled breast high with the dead and the wounded and the gutters ran with the blood of the slain.

Washington. British Ambassador Cecil Springrice conveyed to Bryan the thanks of the British government to American Ambassador Gerard at Berlin for assisting Sir Edward Goschen and the British Embassy staff at Berlin at the time of the rupture between Germany and England.

Official advices say that France is considering the plan of moving her government from Paris to Bordeaux as a precautionary measure. The fact that the Allies have been driven back before the German advance lends additional strength to the confirmation of this report. The mobilization of a large number of troops in Paris is taken to mean that the residents and officials of that city are becoming more alarmed. Neutral diplomats report that seventy thousand British have checked two hundred thousand Germans in the last three days until French reinforcements arrived. The Germans broke through the British lines in many places but the British stood firm until the French arrived and then retreated in good order.

Berlin. An official announcement given out here says that thirty thousand Russians have been captured by the Germans during the fighting in Eastern Prussia, particularly at Ortelsburg, Hohenstein and Tannenberg.

Many high officers of the Russian army are among those who have been taken. The Germans were forced to cross swamps and lakes to make their attack on these points. Official Austrian sources claim that the Germans have been repulsed over the battle lines of four hundred and twenty miles.

It is reported that the Allies have been compelled to retreat twenty miles nearer Paris before the German advance. An official statement says that the Allies are now in the latter neighborhood, sixty miles from Paris. The remaining Germans are in two divisions, only forty miles apart.

London. The German army has been repulsed over the battle lines of four hundred and twenty miles.

London. The German army has been repulsed over the battle lines of four hundred and twenty miles.

be available in six weeks for service in the French army. The young reserves have been called out.

Berlin. It is announced here that two million volunteers have offered themselves for service in the German army. With the addition of these men, the Germans are expecting to press more vigorously than ever their campaign.

London. Three million are battling on the French frontier, the Germans to repeat their success of forty years ago, and the French to avenge the defeat at Sedan of which this is the anniversary. The heaviest fighting is apparently along the line of defense from Peronne to Vermins. There the Kaiser has gathered the flower of his army to break the British defense. The only points at which the French claim positive success are in Vosges and Lorraine, where the Germans are retreating. A dispatch from Dieppe says that a great battle at Croisilles, the French claim a success over their enemies.

At Guise advices from Paris affirm the arrangements which had been made by the enemy for supplies had been broken down and that the soldiers are now subsisting on horse flesh. It is said that they are unable to get any other food, all sources for supplies having been taken.

The Allies are believed to be engaged in an important battle in the North of France, but a deep veil of secrecy has been drawn closer around the operations of the warring armies than at any time since the war began.

The fact that the same secrecy was observed preceding the battle at Mons last week lends especial strength to the belief that there is a great battle being fought in the northern portion of France.

It is believed that the fate of France hangs on the outcome of this battle. Whether or not the English army is participating in this battle is not known.

DETAILS OF CONSTRUCTION.

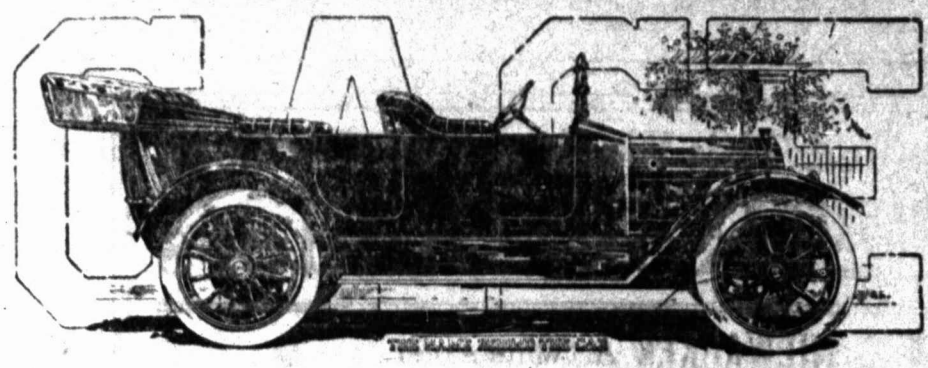

To you who want a small car we have just one thing to say. Know this Case Twenty-five, and then know every other car which you think is in the same class. Take the qualities of this car complete, take the qualities of other cars, add the price that you would have to pay to equip others as this one is equipped. Compare the results. You want a car to be less than fully equipped. This Case Twenty-five is ready for a transcontinental tour. The only things for you to buy are "gas and oil." We believe we have produced a wonderful car in this Twenty-five at its price. Automobile purchasing is a peculiar situation. So much surface appearance is taken for genuine. One of our engineers sized up the situation the other day when he saw from across the street a car which sells for somewhat less than this Twenty-five. At a distance he was attracted by its appearance, and wondered how we could expect to compete with this car. When he looked at it more closely he found his answer. His conclusion was doubly emphasized, when, later in the day he talked with the representative of the manufacturer of their cylinders. Such material as is used in this car we could not for a moment consider using in Case cars. It is far below our standard. But he did not know it from across the street. Many automobile buyers would not know it first-hand. You must take the word of the manufacturer for the value which you expect to get—the value which you can not see. Our standards for Case machinery have been set for over seventy

years. You can buy in ignorance, relying on our word, and you will never have a worry regarding the substantial operation of any Case car. The chassis of this small car bears all those characteristics of Case construction, namely, simplicity and honesty to the smallest detail. It is some of these small things which count in the ultimate value of your car. Where the value has been skimmed by some manufacturers, you possibly will not discover for six months. But when the break comes it will come suddenly. The memoranda of your supposed economy is from that time, on your desk the first of each month. Not so with this car. It is constructed throughout with the same attention to detail, the same thoughtful application of scientific design and honest construction that characterizes our large cars. It sells for less money, not because it is cheaper, but because it is smaller and lighter and does not have some of those ultra refinements which are found in the larger sizes. Those qualities of excellence of material and excellence of workmanship which determine the fundamental goodness of any car, are found as conspicuously in this Twenty-five as in the Forty contains those refinements which are more expensive, and which naturally are not contained in the Twenty-five. But it has nothing on this smaller car so far as the real comparative worth is concerned. We cannot impress this too strongly. Our point is substantiated in the chassis its simplicity and genuineness of construction are not to be duplicated in

any other car we know at this figure. THE MOTOR of this car, built in the Case shops with other Case motors and designed by the same men, is of T-head design, rated at 25-horsepower. It will however, develop from 30 to 35. You know that the T-head motor has been accepted by the automobile world as the best type of motor. You further know that it costs more to build a good T-head motor than one of any other design and the result of the additional cost in its construction is shown by the economy of its operation and the power which it develops. Do you know of any other car in the class of this Case Twenty-five that has a T-head motor? This is where we spend in those departments where others must save. To you, therefore, who want a car not expensive to buy, with the very lowest operating costs and the maximum length of life, surely this Twenty-five warrants your closest scrutiny, in fact you owe it to yourself if you would buy wisely.

manufacturing absolutely reliable machinery for over seventy years. We plan to continue. The only way that we can continue is by gaining the absolute confidence of the buying public. This is gained only after the sincerity and reliability of the Case Company as the manufacturer of automobiles has been demonstrated. The best way to sell our cars, we believe, is to make them so that they will sell themselves. This may sound somewhat utopian, but it is no uncommon fact in the experiences of our salesmen. We can point to many instances where purchasers have bought Case cars, never having seen one, solely on the reputation of the Case Company. Fathers and grandfathers of those who are now using Case cars knew Case machinery. Sons, grandsons, great grandsons, we hope, will continue to know and to trust it. In order to gain this confidence, our automobiles, like all other Case products, must maintain the reputation which, for over seventy years, has been built into each machine bearing this name.

Have we been successful in convincing you that Case cars are like no other cars on earth? That they represent values which cannot be duplicated, for reasons easily understood? We are very earnest in our belief that we have produced cars of extraordinary worth. Our purpose in so doing, if you please, is wholly selfish. We have been

LOCAL HAPPENINGS and PERSONAL MENTION

PER POUND—NOT BUSHEL.

A clerical error consisting with our own ignorance of the value of Sudan grass seed, caused the Record to state last week that Mr. J. R. Ledbetter made 1000 pounds of the seed from four acres of the grass and that he had the seed for sale at \$1.50 per bushel. The Record was in error both as to the amount of seed made and the price. The amount of seed made was 1389 pounds to the four acres and the price should have been \$1.50 per pound instead of bushel. The paper had hardly been distributed before Mr. Ledbetter was besieged with telephone calls for the seed at the price quoted in the paper. The Record apologizes to Mr. Ledbetter for lowering the amount of seed he produced, and to the seed themselves for so greatly underestimating their intrinsic value.

GOOD NEWS.

Many Colorado Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with this tested remedy. Here is an example worth reading:

J. J. Burnett, Snyder, Texas, says: "I have used Doan's Kidney Pills for the past five or six years, whenever I have had any symptoms of kidney trouble and I have always been benefited. I suffered every year from rheumatic twinges and weak kidneys. Seeing Doan's Kidney Pills advertised, I got a box. They strengthened my kidneys and cured the rheumatic trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Burnett had. Foster-Milburn Co. Props., Buffalo, N. Y.

HELPED AT THE LOG ROLLING

Quite a delegation represented the Colorado Camp and Circle at the Woodmen Log Rolling held at Axtell last week, and are loud in the praises of our neighbor on the east for its wholesome hospitality and spirit of fraternalism. The local camp was represented by Marion Daugstrey, Jim Lavell and Doc Baker, while the Circle sent as delegates, Mrs. W. M. Cooper and Miss Isla Tilley. Several other members attended in the capacity of visitors. The delegation from here succeeded in bringing the next annual Log Rolling to Colorado, which will occur in August, 1915.

COLORADO DRUGGIST HAS VALUABLE AGENCY

W. L. Doss has the Colorado agency for the simple mixture of buckthorn bark and glycerine, etc., known as Adler-ika, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that just one dose relieves sour stomach, gas on the stomach and constipation almost immediately. The quick action of Adler-ika is astonishing.

DROWNED IN BEAL CREEK.

On Wednesday of last week, a young man about nineteen years of age and a son of Dr. Collins of Coahoma, was drowned in an attempt to swim his horse across Beal creek on the H S ranch, while the stream was in a swollen condition. He had engaged to work for the H S ranch and had gone down to begin his work, but on arrival was informed that he would not be needed for a day or two, whereupon he and a companion decided to return to Coahoma and return to the ranch at the appointed time. On reaching Beal creek they found the stream much swollen, but young Collins determined to swim his horse across. He had reached the opposite bank, when in attempting to climb out, his horse lost its footing and fell back into the water bearing young Collins under him. The remains were taken to Coahoma for interment.

BYRON BYRNE MEETS WITH SERIOUS ACCIDENT.

While riding an unruly and intracitable horse last Monday, down on his ranch, Byron Byrne sustained quite a serious accident, when the horse reared and fell back on him, dislocating his left shoulder and seriously injuring several ribs. Mr. Byrne was immediately brought to town to receive prompt medical attention. His mother, who was visiting in Arizona, was wired to return home. At this writing Mr. Byrne is resting easy and hopes are entertained that his injuries are not so serious as at first supposed.

ACUTE INDIGESTION.

"I was annoyed for over a year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by all dealers.

FARMERS' MASS MEETING.

A mass meeting of the farmers and business men is called to meet at the tabernacle Saturday afternoon, for the purpose of discussing the gathering and handling of the crop. Every farmer in the county should be present.

Managers of the ball team expect a big crowd out to see the Short Horns clean up the Dallas Giants next Thursday, Friday and Saturday. The stores ought to close on Thursday and Friday afternoons, about 4:30 and all go to see these games. They will be worth the money, as Manager Scott says he has a line-up that will make the Giants sit up and take notice.

RAINFALL FOR COLORADO THE LAST TEN YEARS.

This record was made from the Government Gauge, now in charge of Rev. H. G. Hennessy.

Table showing rainfall data for Colorado from 1904 to 1914, with columns for Year, Jan., Feb., Mar., Apr., May, June, July, Aug., Sep., Oct., Nov., Dec., Total.

COLORADO, TEXAS, SEPTEMBER 4, 1914.

Emperor Wilhelm of Germany is now more than ever convinced that "Me und Gott" are going some in Europe.

Peter Radford is still trying to take himself seriously. He is now allowing his name to be signed to articles "defending himself" against the attacks made upon him by the prohibition members of the legislature.

In the name of God, in the name of reason, justice and humanity, we ask what is our civilization, our schools, our colleges, our books, Bibles and all worth if through the rolling centuries past we have not yet been led away from the brutalities and cruelties of savage warfare?

HE'D GREASE WITH THE SAME OLD OIL.

Senator Bailey was the most powerful reactionary on the Democratic side when he delivered his resignation speech in the American House of Lords, and as there has appeared no notice of his conversion to Democratic doctrines since his retirement into private life, we take it that if he should be elected to the Senate again that he would line up as of old with the reactionaries and the big business crowd.

Never before in the history of this country have crops of all kinds been so abundant; never before perhaps have the people been in better general condition and greater prosperity; and yet despite abundance at home and the inability to export to foreign markets, the price of the very things we have produced in superabundance, has been artificially forced up by leaps and bounds by gamblers in control of the situation.

C. A. Ricks, editor of the Huntington Herald, announces himself as the "Peoples' Candidate for Governor," and asks that his name be written on the ticket for that office in the November election. Besides having passed through all the diseases and vicissitudes common to the lot of average poor folks, he recounts as follows: "I have voted for every democratic nominee for president since the days of Hozeze Greeley; have been a common laborer, farmer, mechanic, tie maker, saw mill owner, and in August 1911 bought out the Huntington Herald, Huntington, Texas, with 120 subscribers and without experience, with my two boys—12 and 15 years of age—have built it to 750, and believe it is read by 1,000 people each week, our motto being 'the right at all costs. I have made many failures in life, but have never given way to despair.' The Record wishes for Bro. Hicks the very best of luck.

Although the European war has caused a sharp and immediate pinch in commercial and industrial conditions in this country, we cannot but believe that it will work out greatly to the advantage of the United States in the end. Shipping conditions have already been greatly relieved and consignments are being handled to all open ports of the world.

More ships under the flag. For many years there have been complaints that the American flag is never seen in foreign ports. The nation has looked back with regret on the days when American ships contended with England for the supremacy of the seas.

MORE SHIPS UNDER THE FLAG.

But under the stress of war the nation has taken the short cut to bringing back the flag to the high seas. The president has just signed a bill permitting, under certain limitations, American owners to register foreign-built ships under the American flag.

As American built ships are much more expensive than foreign built ships, and as the provisions for Americans in the crew make them more expensive to run, they have generally been unable to compete with ships of foreign registry.

It is evidently to the advantage of the American people as a whole to have their ocean carrying done as cheaply as possible. The bill extending the privileges of American registry, although a war measure, is good business as well as good morals for a permanent policy.

It is infinitely better than the special privilege plan of the steamship tax to all the people in order to pay men a bonus to operate American ships.

THREE SHUT-OUT GAMES CREDITED TO COLORADO

BIG SPRINGS TAKES THREE GAMES FROM COLORADO BUT ARE SHUT OUT THREE GAMES IN RETURN.

EIGHTEEN GAMES 9 EACH

In a Series of Eighteen Games Between Big Springs and Colorado, Honors Are Even. Nine Games Are Credited to Each Team.

Last week after playing one game of a series here, the big rains came and the Big Springs boys went back home taking the Colorado boys with them, to play a series up there while waiting for the Colorado diamond to get in condition.

The Short Horns forgot to take their rabbit's foot along, and on Thursday lost the game 3-2. On Friday some difference of opinion came up over a decision of the umpire, and Manager Scott refused to finish the game, thereby forfeiting it to the Coyotes. But an exhibition game of six innings was played for the benefit of the fans who were present, resulting in a row of goose eggs for both teams, 0-0.

This was the first and only game of the season where Colorado failed to score.

Big Springs came down, to finish up the interrupted series here, playing Tuesday and Wednesday.

Colorado had won the first game 9-0 and proceeded to shut them out in both the other games, the second one of the series, played Tuesday being 1-0, and the third one 7-0.

Tuesday's game was a hum-dinger from the very start. Nobody got in sight of the home bag until in last of the eighth Colorado scored one, and side went out with bases full. We give this game as played by innings:

First inning:—Big Springs—Rosemond was first man up and struck out; Tanner sent a little grounder out to Stewart, who threw him out at first; Ezell struck at three good ones but he could not make connection.

Colorado—Busby flew out to Ezell. Anderson hit a grounder out to Shell who failed to get in front of it, and made first; Dishrom grounded to Tanner, and went out on first while Anderson advanced to second. Moore hit out to Ezell, and the side was out.

Second inning.—B. S.—Scroggins let three go by and retired; True made first on hit to third; Shell grounded to Dishrom to Moore to Crockett, which completed a double play, and sent the Coyotes to the field.

Col.—Farrer flew out to Tanner; Milan struck out; Crockett trotted to first on four balls; Dobbs went to first on a hit, Crockett advanced to third; Dobbs tried to steal second, but did not get by.

Third inning.—B. S.—Maxfield hit to Dishrom, who sent it over to first with so much smoke that Crockett failed to hold it. Hall flew out to Farrer; Riggs flew out to Busby. Rose-

mond went to first on a hit and Maxfield advanced to second. Tanner hit to Dishrom who made a wild throw to first. Rosemond advanced to third on Maxfield who was forced off and tried to steal home but was thrown out by a mile.

Col.—Stewart struck out; Busby went to first on Shell's error, and stole second; Anderson flew out to Riggs; Dishrom grounded to Tanner, and went out on first.

Fourth inning.—B. S.—Ezell struck out; Scroggins flew out to Busby; True went to first on hit; Shell waived at three of them but it was no use.

Maxfield was taken out of game on account of being sick and Myers took first base for Big Springs.

Col.—Moore grounded to Riggs; Farrer flew out to True; Milan went to first on a hit, but Crockett hit a high fly which dropped in Ezell's mit.

Fifth inning.—B. S.—Myers went to second on Farrer's error; Hall grounded to Milan, but Myers went to third; Riggs lined a hot one out to Dishrom who picked it out of the air, and run to third before Meyers could recover the bag, making a double unassisted.

Col.—Dobbs went to first on a hit; Stewart flew out to Hall; Busby grounded to Riggs; Dobbs advanced to second and tried to steal third, but was put out.

Sixth inning.—B. S.—Rosemond hit a little one to Stewart; Tanner grounded to Dishrom; Ezell struck out.

Col.—Anderson flew out to Tanner (foul ball); Dishrom struck out; Moore grounded to Shell.

Seventh inning.—B. S.—Scroggins grounded to Milan; True went to first on hit. Shell flew out to Stewart on fly bunt. Myers went on four bad ones but it did no good as Hall grounded to Milan and they retired.

Eighth inning.—B. S.—Riggs missed connection with three of them; Rosemond went to first on a hit, and stole second; Tanner grounded to Stewart, while Rosemond went to third. Ezell bunted to Stewart, thrown out on first.

Col.—Dobbs grounded to Shell. Stewart struck out. Busby sent a beauty to center field and made two bags. Anderson got a long drive into right field on which he went to first and scored Busby from second base. Dishrom went to first on a hit and Anderson to second. Moore was hit by Riggs, which choked the bases, and as Farrar, the hard hitter went to bat it looked like two or three more runs, but Farrar fanned the air three times and could not find the ball, so three died on bases. But this one score won the game.

Ninth inning.—B. S.—Scroggins flew out to Busby, which was difficult one to get; True went to first on hit; Shell struck out, but True stole second; Myers hit a foul out by the back fence, but Dobbs was on the job and gathered it in.

Wednesday's game and the third one of the series, was played as follows: Batteries:—Big Springs, Baxter and Rosemond; Colorado, Daniels and Anderson. Umpires, Dutch Henry and A. Cooksey.

CHURCHES, CLUBS AND SCHOOLS

ENTERTAINMENTS, PARTIES AND SOCIETY'S DOINGS

BY MRS. A. L. WHIPKEY

You will confer a favor upon the Record and the editor of this department if you will phone her (No. 157) any announcement or news item

MISSIONARY MEETING.

The ladies missionary society of the Methodist church held their regular meeting Monday afternoon, Mrs. J. G. Morrill, First Vice-Pres., presiding. The subject discussed was "Christ, a Medical Missionary." Afterward a business meeting was held and plans completed for the Tom Thumb wedding which is to be given at the Methodist church tonight (Friday). On the third Monday in September a Social Service Program will be given, with Mrs. Hester in charge.

WATERMELON FEAST.

On Saturday afternoon the teachers of the Primary Department of the Baptist Sunday school entertained their classes on the lawn at Mrs. A. L. Whipkey's. More than fifty bright-eyed happy little folks were there and spent an hour playing games and then enjoyed a watermelon feast, prepared by their teachers. It is needless to say they enjoyed it, but for awhile silence reigned, only a low, sucking noise. But they made a picture dear to their teachers hearts, as they were seated on the lawn and looking the picture of happiness. Every one of them were at Sunday school the following day. There may be bigger Sunday schools in Texas, but there is not another one where there exists more love between teachers and pupils. Every teacher in this department is always found in her place every Sunday morning, and without there is sickness or they are out of town, the pupils are there in a responsive, happy mood. May their like increase.

METHODIST CHURCH.

Every Sabbath Sunday School at 9:45 a. m.; Preaching at 11 a. m. and 7:30 p. m.; Junior League 2:30 p. m.; Senior League 6:30 p. m.; Prayer meeting every Wednesday 7:45 p. m.; Choir practice every Wednesday following Prayer Meeting; Vesper Service every 4th Sunday 7:30 p. m. A cordial invitation is extended to all. R. A. CLEMENTS, Pastor.

ALL SAINTS' (Episcopal) CHURCH.

Rev. H. G. Hennessy, Priest-in-charge. Services for September 6th, the 12th Sunday after Trinity: Holy Eucharist, 7:30 a. m.; Sunday school, 10 a. m.; Holy Eucharist and sermon, 11 a. m.; Evening Prayer and sermon, 8 p. m. After the morning service there will be an important business meeting at which all members of the parish are urged to be present. All are welcome to worship here.

CHORAL CLUB.

Last Monday evening the Choral Club, which has been under the direction of Mr. Thomas Dawes, had their final meeting, as Mr. Dawes leaves in a few days for Arkansas where he is to be director in music in a college at Batesville. Quite a number of visitors were present to enjoy the evening. The club enjoyed singing the different numbers they had learned, with Miss Lela Whipkey as accompanist, and then several of their number delighted their visitors with vocal solos. Misses Louisa Roe, Bird Adams and Mrs. Royal G. Smith always delight their hearers with their singing and this occasion was no exception. Mr. Dawes gave a piano solo that was highly related. After the musical feast enjoyed a feast of sandwiches, cake, tea, etc., was served by the young ladies in honor of their director, and Mr. and Mrs. Robt. M. Webb, who have always been faithful members, and who will leave in a few days for Fort Worth, after spending the summer with their old friends.

This was quite a pleasant surprise to the honoree and enjoyed by all. Mr. Dawes is a gentleman of culture and has spared neither time nor talent in bettering the musical talent of Colorado. In every place where good music was wanted he has graciously rendered his assistance and Colorado has been made the better by his few years living in it. We highly commend him to the good people of Batesville.

CHAMBERLAIN'S LINIMENT.

If you are ever troubled with aches, pains or soreness of the muscles, you will appreciate the good qualities of Chamberlain's Liniment. Many sufferers from rheumatism and sciatica have used it with the best results. It is especially valuable for lumbago and lame back. For sale by all dealers.

If murder is a crime what is needless war?

500 CLUB.

Mrs. Bailey entertained the 500 club this week in honor of her granddaughter, Mrs. W. W. Campbell, of Yoakum. Besides the members a number of friends enjoyed the afternoon. The out of town guests were Mrs. W. W. Campbell, Yoakum; Mrs. Nell Sue McMurtry, Nashville, Tenn.; and Miss Jean Fligh of Dallas. Miss Lily Allen won the club prize, two individual salts and spoons. Mrs. Richard Pearson the guest prize, a brass vase. The honoree was presented with cut glass individual salts and spoons. A two course luncheon of pressed chicken, sandwiches, jelly, wafers, olives, ice tea, and ice cream and cake, was served. The meeting next week is with Miss Bernice Terrell.

PRESBYTERIAN CHURCH.

Regular services, Sabbath school at 9:45 J. M. Thomas, Supt. Let every pupil and teacher be in their place on time. Preaching services at 11 o'clock. Union services at the tabernacle at 8 p. m. Everybody cordially invited to attend these services.

LAWN PIC NIC.

Wednesday evening the Eastern Star Ladies of Security and Woodmen Circle gave a picnic supper on the lawn at Mrs. Will Cooper's in honor of Mrs. Dawson who is visiting her sister Mrs. Green Delaney. After a feast of everything good, a program of music and recitations was enjoyed. Mrs. Kromer and Miss Rita Bell Cooper gave readings that were especially enjoyed as well as the piano music by different young ladies.

MISS LOONEY ENTERTAINS.

Miss Marguerite Looney entertained all the friends who had called on Mrs. W. W. Campbell, Wednesday afternoon, with 42 and bridge. There were five tables of each and a very pleasant afternoon was spent. The house was beautifully decorated with cut flowers. Mrs. Looney Miss Looney, Mrs. Herman Harp, Mrs. John Daniels and Miss Allen received the guests. Mrs. Edwin Pulkes won the bridge prize, a hand painted vase. Mrs. Richard Pearson was the lucky one in a cut for the 42 prize, which was a cut glass vase, while the honoree was presented with a lovely hand painted china bon-bon dish. The guests who did not play were Mrs. R. L. Bowen and Mrs. V. W. Allen. The out of town guests were Mrs. Herman Harp and Mrs. R. L. Bowen of Sweetwater; Mrs. John Daniels of Merkel. A delicious two course luncheon of pressed chicken, potato chips, olives, sandwiches, wafers, ice tea, home made ice cream and cake, was served.

FIVE O'CLOCK TEA.

Miss Bird Adams entertained informally a few friends Wednesday afternoon with a five o'clock tea, in honor of Misses Ruth and Amelia Rix of Big Springs. The time was spent in playing 42 and bridge and pleasant conversation. Most delicious refreshments were served.

LUNCHEON.

Miss Marguerite Looney entertained in honor of Mr. Leftwich Shepherd last Friday afternoon, before he left for his school in Mexico, with a five course, one o'clock luncheon. Covers were laid for Mrs. W. W. Campbell of Yoakum, Miss Lily Allen, Mr. Chas. Thomas, Mr. and Mrs. Looney, Miss Looney and the honoree.

ELECTION OF OFFICERS.

August 31st was the time for the annual election of officers for the Cemetery Association, and on Monday afternoon a meeting was held for that purpose at the residence of Mrs. V. W. Allen. Mrs. S. Gustine was reelected president; Mrs. V. W. Allen, first vice-president; Mrs. C. H. Earnest, second vice-president; Mrs. G. W. Donaldson, third vice-president; Mrs. G. W. Smith, secretary; Mrs. J. L. Shepherd, treasurer. Mesdames J. G. Merritt John Vaughan, Shropshire and Donaldson were made the collectors. The regular business meeting was held Wednesday afternoon at the residence of Mrs. V. W. Allen. The regular business was transacted and they had an account of the shortness of funds, discontinuing the services of the man they had employed. They are more than anxious that those who have loved ones buried there come to their rescue now, and enable them to have the weeds all cut and the grounds put in good condition for the winter. The county is now grading the drives, and with just a little assistance from each one, the place could be made beautiful. Won't you come up to the help of these good women who are really under no more obligations than the rest of us, to keep this sacred spot in a condition that we will not be ashamed for strangers to see it? Help now!

HENRY OFFERS A BILL FOR RELIEF OF THE SOUTH

He Would Authorize Twelve Cents per Pound Advance in Federal Reserve Notes.

Washington, Aug. 31—Representative Henry of Texas, today introduced a bill in the House which would authorize an advance of twelve cents a pound in Federal reserve notes on cotton. Mr. Henry's reason for the introduction of the measure is that cotton growers of the country, particularly in the South, may be relieved of their present uncertain feeling about the disposition of the cotton crop.

MR. DAWES GOES TO ARKANSAS

Prof. Thomas H. Dawes, who for the past five or six years has taught music in Colorado, will leave this or next week for Batesville, Ark., where he has been given charge of the musical department of the Presbyterian College of Arkansas. The departure of Mr. Dawes will be a distinct loss to this community. Aside from his personal excellence as a refined and christian gentleman, he has done more perhaps, than any other to create a sound and permanent musical atmosphere in our midst. He has taught music fundamentally correct and the effects of his work will endure long after he is forgotten. The Choral Club composed of many of the best voices of the town, is the highest monument to his labors. As a director and trainer, Mr. Dawes is an artist, and the Record predicts a greater success in his new and wider field.

MISS BELLAH GOES TO ABILENE.

It was with a sense of regret this community learned Monday that Miss Minnie Bellah was to be transferred to Abilene by the Southwestern Telephone Company and advanced to the position of manager of the traffic department. Miss Bellah has been local manager of the telephone company's business in Colorado for nine years, six of which were for the old Texas and Pacific Telephone Co., and three for the Southwestern, since its absorption of the old company. Her record for efficiency, affability and general trustworthiness has been highly esteemed, not alone by her employers, but by the patronizing public. The Record congratulates Miss Bellah upon her preferment and commends her to the people of Abilene as in every way worthy their respect and confidence. She will be succeeded as local manager here by Mr. E. J. Callaway, who is a young man thoroughly qualified and fitted for the responsible position.

RESOLUTIONS OF RESPECT

To the Master, Wardens and Members of Mitchell Lodge, No. 563, A. F. & A. M.:

Whereas, it has pleased the Grand Creator of the universe to call Brother W. M. Merrell from labor on earth to rest and immortality in the Grand Lodge above, where the Supreme Master himself presides; therefore, be it

Resolved, That we acknowledge the wisdom and goodness of our Supreme Grand Master, and bow in humble submission to the inevitable edict from the Supreme Grand East; yet we mourn the death of our brother as of one whom we shall never more meet at the altar of Masonry until we gain admission into the Celestial Lodge on high, where he has preceded us; and we deplore his loss to the fraternity, to his esteemed family and to the community in which he lived.

Resolved, That in token of our sincere friendship and sympathy in the dark hours of this great affliction, and as a pledge of our fidelity to the memory of our deceased brother, we extend to the bereaved wife and children, the fraternal right hand of Free and Accepted Masonry; and with it the assurance that the Great Light given of God to man, will guide them and us safely to the spiritual building, that house not made with hands, eternal in the heavens, where the broken circle shall be reunited never again to be parted, and where we shall dwell together in peaceful happiness forever and ever.

Be it further Resolved, That these resolutions shall be read in open lodge, spread upon the minutes, a copy furnished the family and a copy to be published in the Colorado Record.

Fraternally submitted, W. W. PORTER, EARL JACKSON, J. L. DOSS, Com.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

According to this it would seem that a medicine for the kidneys, possessing real healing and curative properties, would be a blessing to thousands.

Dr. Kilmer & Co., Binghamton, N. Y., who prepare Dr. Kilmer's Swamp-Root, the well known kidney, liver and bladder remedy, claim that judging from evidence received from druggists everywhere, who are constantly in touch with their customers, and also indisputable proof in the form of grateful testimonial letters from thousands of reliable citizens, this preparation is remarkably successful in sickness caused by kidney and bladder troubles. Every interesting statement they receive regarding Swamp-Root is investigated and no testimonial is published unless the party who sends it is reported of good character. They have on file many sworn statements of recoveries in the most distressing cases. They state that Dr. Kilmer's Swamp-Root is mild and gentle in its action and its healing influence is soon noticed in most cases.

Swamp-Root is purely an herbal compound and Dr. Kilmer & Co., advise all readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—50c and \$1.00. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure to mention the Colorado Record. 9-4-18

LOCAL NOTES

Let's all close our places of business next Thursday and Friday evening and take in the big ball games between the big leaguers and Colorado.

Last week Mr. J. J. McLure sold his home in the north part of town to Mr. H. W. McSpadden. The McLures will leave in a short time for Dallas to make their future home.

It is requested not only by Manager Scott, but by the public in general that the stores close at 4:30 next Thursday and Friday evenings, so that the clerks and all the fans may see the big games with the Dallas Giants. The initial game will be played next Thursday.

Mrs. S. A. Lindley of Berkett is visiting her son, Dr. W. R. Lindley.

Carbon paper, the best at the Record office.

Mrs. R. M. Hammock, of Ballinger visited friends in Colorado this week.

F. S. Keiper made a business trip to Hico this week.

Mr. and Mrs. Nick Anthony of Roscoe and Mrs. Sam Lidia and children of Stephenville were the guests of Mr. and Mrs. Van King last week.

1600 acres of land in Stephens county, 1000 acres in cultivation, 13 sets of improvements; will trade for cheap ranch not too far west.—A. R. WOOD, Colorado, Texas.

It has been estimated by military experts that it costs from \$15,000 to \$21,000 to kill a man in war.

The big question of gathering the cotton crop will be discussed at the mass meeting Saturday. Every farmer in the county should be there.

The finishing work is being done on the cotton oil mill, and manager Jas. Guitar says they will be ready to do business with the opening of the season.

Fish and Oysters at Jako's Restaurant.

Mrs. Sallie Donnell, an aunt, and Mrs. Erwin Cunningham, a cousin of Mrs. Ernest Keathley, both of Ellenville, are visiting Mrs. Keathley this week. The Record acknowledges a pleasant call from these ladies, who called to see the Linotype machine in operation.

DEATH OF MRS. HALE.

The hearts of the relatives and friends of Mrs. Rosebud Delling Hale, were saddened Friday morning when they received the sad intelligence of her death, which occurred at St. Paul's Sanitarium in Dallas, Thursday noon. While she had been in poor health for years, yet her family and friends were not aware of her dangerous condition. She was visiting relatives at Dallas and was on her way to Kansas City where Mr. Hale had a responsible position. She was taken ill suddenly on Wednesday and was carried immediately to the sanitarium. Everything, was done for her that could be done, but death claimed her, and loving hands had to yield. Her husband was wired for but he did not reach Dallas until after her death. Mrs. C. H. Earnest of this city, her only living sister, was in New York, but Miss Martha, her daughter, left immediately for Dallas. The remains were brought here for interment, accompanied by her husband H. C. Hale and a brother, M. G. Delling of Cotulla.

Mrs. Hale was born and reared and married here, so had a large number of friends here who sorrow with her loved ones. She leaves a husband, a baby four years old, Hazel James, a brother, Manoah Delling, one sister, Mrs. Earnest, and many friends to mourn her loss.

The funeral services were conducted by Rev. H. G. Hennessy at the Episcopal church Saturday morning and the body laid to rest in the I. O. O. F. cemetery beside her father, mother and loved ones to wait the resurrection morn.

The Record extends sincere sympathy to the loved ones in this sad hour.

DEATH OF W. E. BERRY.

A phone message to this place last Saturday morning brought the information that W. E. Berry, a highly respected and prosperous citizen of the Cuthbert community had drowned himself in the Colorado river the evening before, and that his body had just been recovered.

From the most coherent account obtainable, it appears that Mr. Berry had worked in his crop Friday forenoon and on returning to work in the afternoon, had left a note on the bed stating his purpose of self-destruction and indicating where his body would be found. This note was not found, however, until late Friday afternoon, after search had been made for him upon his failure to return home at the usual hour. After finding the note the searching party repaired to the place indicated in it, but were unsuccessful in finding the body until early Saturday morning, when it was located and brought up by a diver. A sealed note was found in one of his pockets, but its contents have not yet been made public. Whether or not he assigned any reasons for his deed is not known. His remains were interred at Teville last Saturday afternoon.

Mr. Berry had been a prominent and useful citizen of Mitchell county for many years and was known to have no serious troubles of any kind. He was an industrious farmer, a peaceful citizen, a kind husband and affectionate father. He had but recently returned from a trip to his old home in Ludington, Michigan, after an absence of 31 years, and up to the day of his death appeared to be in the best of spirits, soundness of mind and health.

Mr. Berry had been a very active man all of his life. He had served years before the mast, worked in the fisheries of Labrador and in the lumber camps of the far north; yet with these experiences and great risks, we learn that he could not swim. He had no mean literary taste, and frequently contributed accounts of his varied experiences to the columns of the Record and was also its regular correspondent from the Cuthbert community. As to the causes that impelled this mysterious death, the world may never know; that his mind was temporarily aberrated, is assumed from his act of self-destruction. The Record extends sympathy to the family and friends in this unfortunate hour.

The following biographical sketch was written by a close friend of the deceased:

W. E. Berry was born in Somersetshire, England, November 27, 1843. He became a member of the Episcopal church when a child, and still held his membership in that church. He came to America when thirteen years old. He was always a great traveler, having crossed the Atlantic ocean five times, going once entirely around the world.

He was married to Miss Mary Baker of Ludington, Michigan, March 1879. After several years residence there he moved with his wife and family to a new home in Maryland, 70 miles east of Baltimore. Five years later he moved to Texas, settling on a farm six miles east of Terrell in Kaufman county. He has always lived on a farm since his marriage. He came to his present home in 1901, where, by his honest, sincere life he has endeared himself to all who knew him. He departed this life August 28, 1914, leaving behind a devoted wife and five children, two boys and three girls, all of whom were in the home at the time of his death.

We think not of him as dead, but only gone on before to heaven, there to await the coming of his loved ones left behind.

The funeral service was conducted at the residence Saturday evening at 4 o'clock by Rev. C. F. Carmack, and Mr. Carlos Jenkins. We put him away in the Teville cemetery to await the morning of the resurrection. A great multitude of friends and neighbors from Westbrook, Red bluff, Cuthbert, Fairview and Rogers, gathered to pay tribute of love to the deceased and to sympathize and comfort the bereaved family.

The social league is broken; the Sunday school union is broken; the home circle is broken; but let us look above and beyond earthly trials and sorrows for "Eye hath not seen, nor ear hath not heard the good things which God has prepared for those who love Him."

PERFECT SATISFACTION.

RYAN, O. T.
I take pleasure in testifying to the great merits of G. W. McCroskey's Tonic. It is really better than he represents it. I have been afflicted with rheumatism for several years. I am seventy-two years old, and can walk as glib as a boy. I have also prescribed the tonic in my practice for obstructive and painful meneses, and can truthfully say that it has given perfect satisfaction.
