VILLA AND CARRANZA TO FIGHT IT OUT; U. S. TROOPS WILL NOT LEAVE

WILSON DECLARES "WATCHFUL WAITING" POLICY
GOES FOR LATEST MEXICAN REVOLUTION
WHICH STARTED YESTERDAY.

WASHINGTON, Sept. 24.—It was officially stated at the White House today that the latest troubles between General Carranza and General Villa would not alter the plans of the United States as to withdrawing troops from Vera Cruz or the status of the embargo on arms. No date had been fixed for moving troops.

President Wilson is understood to take the position that Carranza and Villa must settle their differences without interference from the United States and that the presence of American troops at Vera Cruz would not solve the difficulty.

As outlined in official circles today President Wilson will continue to pursue a watchful waiting policy and allow the Mexicans to work out their destiny, providing that rights of foreigners are not transgressed.

After a talk with President Wilson, Secretary Daniels said that the trouble between Carranza and Villa would not change the plans for the fleet in Mexican waters. He added that it has been the intention to keep ships at Vera Cruz until after the withdrawal of the troops and that this course would be followed.

A SIGNIFICANT DEMOCRATIC VICTORY.

Washington, D. C. Sept. 24.—The sweeping democratic victory in Maine last week when Maine elected a Democratic Governor, legislator and a congressman, indicates pretty clearly that the rising democratic tide will sweep the entire country in the congressional elections in November. As "Maine goes so goes the country" is an old saying and a true one. Heretofore when the republican majority in this rockribbed republican state was cut down to 1909 it has always indicated a democratic victory in the ensuing election, so when the entire republican lead is wiped out, and a democratic victory sweeps the state, there can be but little doubt which way the "wind is blowing." If it had not been for the fact that Maine was gerrymandered by the republicans, the democrats would have elected all four of the congressmen, or at least three out of four, as the Democrat McGillivuddy was elected by 6000 plurality and the three republicans were elected by small pluralities, ranging from 690 to 1800. Two years ago Maine elected a republican Governor and the one Democratic congressman by 1200 and this year it elects a democratic Governor and increases the plurality for the Democratic congressman from 1200 to 6000 which shows a fine increase over two years ago when the Democrats elected 291 congressmen to the republican 144, so it would seem that the Democrats will again control the House of Representatives by an overwhelming majority and increase their majority in the Senate from 10 to possibly 25 or 30.

U. S. TROOPS TO REMAIN 10 DAYS.

Wilson and Garrison Have Not Yet Discussed Possible Effect of the Villa Revolt on American Evacuation.

Washington, Sept. 25. Secretary of War Garrison today ordered Gen. Funston not to withdraw the American troops from Vera Cruz within the next ten days.

Secretary Garrison announced that the delay was incident to the details of transferring the customs house and the funds.

It is said that President Wilson and Secretary Garrison have not yet discussed the possible effect of the Villa revolt on the American evacuation of Vera Cruz.

WILL ROMANIA GET INTO THE WAR IS TO BE DECIDED

Cabinet to Meet Thursday to Decide Whether Country Shall Join
Russia—Belgians, Who Are Marching on Brussels, Are
Now Meeting Germans in Battle, Says Rome Dispatch

BORDEAUX, Sept. 28.—2:14 P. M.—An official announcement says: "The Prussian Guard has practically been destroyed in the last three days' fighting at the Aisne. Two battalions have been annihilated."

PARIS, Sept. 28. 12:20 p. m.—An official announcement this afternoon says that there are no important changes in the Aisne battle but that the French have repulsed violent attacks in the Argonne district.

Persistent reports are to the effect that the Germans are now making layonet attacks. This is considered to be significant of important change here. The French believe it shows that General Joffre's strategy has been to force the French lines so close to the German infantry entrenchments that the big guns of the Germans behind these entrenchments cannot be used without a danger of hitting their own men.

In support of the story that the battle has reached the most critical and violent stage, are the reports that the Germans are unable to bury their dead on the field and are shipping bodies by the trainload back through Belgium to avoid an epidemic on the field.

REINFORCEMENTS NOT FROM LEFT WING.

On the Battlefield, (via Paris.), Sept. 28.—The French now claim that the reinforcements sent General von Kluck last week were not from the German left wing, but that they were some regiments which earlier in the war went from France into Prussia and are now brought back.

LONDON, Sept. 28.—(1:40 p. m.)—All advices in Russian Poland are rivaling the battles of Aisne and Marne. The Russian main army is marching on the Posen Germany frontier.

On its right another Russian army appears, trying to screen this main army from the southward rush of the German army, which drove the Russians out of East Prussia recently.

Meanwhile the Russian Galician army is fighting its way toward the combined German and Austrian armies about Cracow. Everything points to a speedy coming of the first vast battle test of Russia's strength.

TURKISH AMBASSADOR WITHDRAWS.

WASHINGTON, Sept. 24.—A Rustem Bey, the Turkish ambassador has informed President Wilson that he does not alter the views he recently expressed in a published interview, and will leave the United States within a fortnight.

The announcement of the withdrawal of the Turkish ambassador, though not unexpected, caused a profound sensation in diplomatic circles. Coming close upon another diplomatic interview yesterday of which the administration at once took cognizance—that of Baron von Schoen, of the German embassy, dwelling upon the possibility of war between the United States and Japan—it was interpreted as an indication of President Wilson's determination to silence comment by foreign diplomatists considered dangerous to the neutrality of this country.

WILSON'S POLICY IS STRICT.

It was understood the administration would let it be known that the president would decline to receive diplomatists who made comments which he considers obnoxious. Although Count von Bernstorff and Baron von Schoen have repudiated the baron's interview, the state department at the direction of the president was today still investigating the matter.

The Turkish ambassador's interview, however, was considered particularly objectionable by the administration, and Secretary Bryan, at the president's direction, asked the ambassador to refrain from such expressions.

WHAT THE TURK SAID.

The Turkish ambassador in his interview had said that the sending of American warships to Turkey in connection with the report of uprisings against Christians would lead to a serious situation. At the same time he said that while massacres had previously occurred in Turkey, they were the same acts as any people might commit under provocation. He cited the lynchings of negroes and the "water cures" in the Philippines as illustrations, reminding the American people of those incidents.

The ambassador later explained personally and then wrote at length. The president directed Mr. Bryan to say in answer that the statements made by the ambassador were objectionable to the American government and but for the fact that a tense situation existed in Turkey which he did not desire to aggravate, the diplomatic impropriety committed by the ambassador might otherwise be a subject for discussion with the Ottoman government. The president asked whether, in view of the situation, the ambassador cared to make any expression. The Turkish envoy declared that he did not wish to alter his view in any way and that he would leave in a fortnight.

The Ambassador refused to discuss his action further than to say he had asked his government for leave of absence which he was certain would be granted, and would leave for Constantinople within ten days.

PARIS, Sept. 29.—3:01 P. M.—An official announcement says that the Germans are attempting numerous attacks on the French left wing, and that the Allies are repulsing them all.

In the center, the Germans have restricted their activity to heavy cannonading, and between Argonne and the Meuse, the French have advanced slightly against the strong positions of the enemy. There are no changes in Lorraine.

The important question in today's battle is whether the unexpected lull in yesterday's fighting was due to the burying of the dead or the further shifting of troops for another attack. The

French yesterday granted a four hour armistice for burials. At the end of that time, the Germans did not renew their attacks.

Some reports assert that the Germans spent the entire day burying the bodies of the dead encumbering their trenches.

From Brussels comes the report, which if verified is one of the most significant of the week, that a large number of battle-weary Germans are concentrating there from the French battlefield. Whatever is the cause of the lull, the French believe that it is loss of valuable time to the Germans.

Although the weather is better than it has been, the rivers are still overflowing, especially in the Vosges and Alsace, where the Rhine and three other streams are making the movement of heavy artillery almost impossible. The French claim that this is an advantage to them because most of their artillery is light.

LONDON, Sept. 29.—The Germans today continued their bombardment of Malines, Belgium. Many of the larger buildings of the city were destroyed today by the shells from the German guns.

5 BRITISH STEAMERS SUNK.

LONDON, Sept. 29.—The official news bureau announced today that the German cruiser Emden, had sunk five British steamers in the Orient.

TOKIO, Sept. 29.—The following announcement was made here today.

"On September 27, the Japanese lost 150 killed and wounded while driving the Germans toward Tsing Tau."

The Japanese army and fleet combined are attacking the Iltis fort.

ROTTERDAM, Sept. 29. (10:40 a. m.)—Indications are that the Germans are planning a siege of Antwerp in a few days. About 150,000 Germans are reported to be concentrating for the attack, including 25,000 naval reserves, who will be used for the sea operations with Antwerp as the base, if the siege is successful.

The Antwerp fortifications are believed to be among the strongest in the world. Their rebuilding began one year ago, and though their status has been kept in secret, they are now believed to be completed.

It was reported yesterday that the Germans had begun the bombardment of the fortifications of Antwerp.

LONDON, Sept. 29.—The Exchange Telegraph Company reports that Budapest admits officially that the Russians have entered Hungary, after crossing the Carpathian range.

It is supposed that the Russians have captured Uzsook, which lies in a line extending from Lemberg, the capital of Galicia, southwest to Budapest. There has been nothing to indicate so far that the Russian diversion into Hungary is a very important factor in their strategy, although it may be that they have some very important move in their mind by going into this country.

PARIS, Sept. 30.—An official announcement at 2:57 o'clock this afternoon said that the turning movement of the Allies against the German right wing, north of the Somme River, is developing rapidly. This is accepted as throwing some light on last night's unofficial reports that the German right under General von Kluck has been broken and is in retreat.

Though this unofficial report is not confirmed, official reports today show that the German right wing is now pushed back until it stands at right angles with the remainder of the German line.

Furthermore German official announcements today admit their failure to beat off the heavy pressure against General von Kluck.

The French announce that they have repulsed a German attack on Tracy Lemont with a heavy loss. This fight is in General von Kluck's territory.

ROMANIA MAY GET INTO THE WAR.

LONDON, Sept. 30.—Rome dispatches today say that the Romanian cabinet will meet tomorrow to decide whether Romania would join Russia in the war.

BELGIANS ARE FIGHTING THE GERMANS.

LONDON, Sept. 30.—Amsterdam reports that the Belgians who are marching on Brussels, are now meeting the Germans in battle.

"NOTHING YET IS DECISIVE"

BERLIN, Sept. 20.—Army headquarters today made the following announcement:

"There has been general fighting on our right wing in France but there is nothing decisive. The center is quiet."

"The French advances in the vicinity of Verdun and Toul have been renewed."

BOMBARDMENT ANTWERP STOPS

ANTWERP, Sept. 30.—An official Belgian announcement says that the Germans continued their all-night bombardment of the three outer forts of Antwerp. The bombardment stopped this morning. No Belgian guns were silenced.

JAPANESE OCCUPY HARBOR NEAR CITY TSING TAU TODAY.

TOKIO, Sept. 30.—An official announcement made today said "The Japanese fleet landed a force and occupied the Lao Che harbor, near Tsing Tau."

AUSTRIAN WAR SHIP TORPEDOED.

LONDON, Sept. 30.—A Milan, Italy, dispatch says that an Austrian warship was torpedoed today when it attempted to make a sortie from Catero. It is not stated in the dispatch how many lives were lost.

GERMANS ARE TO LEAVE BRUSSELS.

LONDON, Sept. 30.—Ghent reports today say that the Germans are preparing to move their Belgian headquarters from Brussels to Namur, as if they are preparing for a struggle near their own border.

\$90,000,000 AT WAR.

Considerably more than one-half of the population of the world is at war. The nine nations at war with their territorial possessions include \$90,000,000 of the 1,625,000,000 of the entire world's inhabitants. The forty-four nations that are at peace have a population of 724,000,000 or 175,000,000 less. The Houston Chronicle publishes the following compilation of the world's population which is engaged in war, and the comparative strength of the German coalition and the anti-German coalition.

At war—	Population
Great Britain	45,000,000
Russia	100,000,000

Dear Sir—About eleven months ago I was taken by something I thought to be rheumatism, and lost the use of one leg. I consulted physicians; they told me it was incurable and advised me to have the leg amputated. Unwilling to part with my leg, I commenced using medicines advertised for the above disease, all to no effect, but after taking two bottles of McCroskey's Tonic you left with W. C. Sappington for me, my health was greatly improved, and after taking the third bottle I am able to walk without my crutches. You may use this if you see fit. Anyone doubting this can write to me and I will answer them, provided a stamp for postage is inclosed.

DALLAS LAWYER LOST DAUGHTER WHILE ON MASSACHUSETTS TRAIN; NO TRACE FOUND OF TEXAS GIRL.

Wooster, Mass., Sept. 29.—Up to midnight not a trace had been found of Miss Katherine Keating, daughter of T. H. S. Keating, wealthy attorney of Dallas, Texas, who mysteriously disappeared from a Boston & Albany express train between Boston and this city yesterday afternoon.

Keating, who was taking his daughter to a private school in Peekskill, N. Y., has but one possible solution of the mystery of her disappearance. It is that she was taken from the train at South Framington the only stop made by the express between Boston and Wooster.

Miss Keating and her father started from Boston yesterday bound for Albany, where they were going to change cars for Peekskill. Just previous to the train pulling into South Framington Mr. Keating left his parlor seat to smoke, returning as the train was possibly fifteen or twenty miles from this city to find his daughter gone.

Today the Wooster police and local authorities of South Framington traced the girl to the latter city,

where it was said she boarded a trolley car for Wooster.

No reason for leaving the train or her father is given by the wealthy Dallas attorney, other than the fact that his daughter was unwilling to return to the Peekskill school.

The girl, her mother, who is in a Massachusetts hospital in a serious condition as the result of an operation, and her father had been summoned at Edgartown, Martha's Vineyard.

The father, who is staying in Wooster, adding the police in their search for his daughter, was asked if it was not possible that a romance had been molded during their stay. He answered that as far as he knew there was none.

The Wooster police today sent out some circulars in reference to the disappearance of the Texas girl.

THE MAGIC WASHING STICK.

The Magic Washing Stick is the finest thing in the world. Cleans the clothes without rubbing—makes the whitest clothes I ever saw. I cannot do without it anymore. All you say is true, it does all you say it will. I would give it for nothing I have ever used. Hope every lady will try it," writes Mrs. W. F. Gammill Ashdown, Ark. This peculiar article is sold by grocers and druggists, three 10c sticks for 25c, or by mail from A. B. Richards Medicine Co., Sherman, Texas.

Prof. William H. Taft also has nothing to say, but contrary to his custom, he is not saying it.

Everybody is still asking: "Who started this fool war, anyway?"

Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 139 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Feruna. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Feruna. It surely is the best medicine for colds, stomach trouble and catarrh that I ever heard of."

THE IMPOTENCY OF THE CHURCH

The Carnegie endowed International Church Council for Peace was hustled out of Constance, Germany, by the Carnegie encouraged war monster.

The delegates to the council were warned a few days ago that unless they left at once they might not get out at all. And so they left their baggage and fled to London, where they passed some more resolutions, beginning with the words, "Representing twelve countries, etc." And what influence had this World Church Council on the war? Not the slightest. Scarcely anybody knew it was in session and when it was adjourned nobody seemed to care. It was given "leave to print."

Pope Pius X, head of the 240,000,000 members of the Roman Catholic Church throughout the world, was crushed—heartbroken—because he had absolutely no power to stop a war which is made up almost wholly of his subjects. For the present war in Europe is a Catholic war. It is a war of Catholics against Catholics. In spite of his prayers and his protests the war went on, and he himself became one of its victims.

Every great moral question, confronting the people today—social, economical, political—is a moral question. The labor question will never be settled upon any other basis. In the end there will be, not one answer to the social question, but many, but they will all agree in this—they will all be religious. History has prophesied it. The reform measures that are prove it to be the most effective indicate it. Labor leaders freely acknowledge it. The church makes a specialty of moral and religious principles, and it is presumed that it has within its organization the leading experts on the application of these principles. This is its chief business. It is maintaining schools at enormous expense and supporting costly organizations and institutions to propagate these principles.

But when the leaders in social, economic and political movements honestly want help in interpreting phenomena by which they are overwhelmed, do they refer these matters to church councils and assemblies, so as to secure an absolutely authoritative statement from them? Do they? It would be absurd to say that the church's position on social questions or on matters pertaining to any of the above subjects is regarded with any degree of respect thought by those who should be receiving light from the church as the highest seat of authority on morals and ethics.

It is, of course, true that individual ministers exert considerable influence with individual workers in these fields but who pays any serious attention to the resolutions adopted by the national church councils—excepting, perhaps, those dealing with gross immorality? But we are discussing the finer ethical questions, concerning which honest men are seeking information.

Of what avail have been the resolutions adopted by great church assemblies regarding social questions? Here and there a local church has made effective a program which had in view the reformation of certain conditions, but the great national or international religious bodies are for the most part beating the air. These organizations seem to be but poorly adapted to close modern aggressive fighting. They are better equipped for dress parade, and, no doubt, these are needed.

But even the local organizations have often had their teeth drawn. When a minister is flattered into opening with prayer a business meeting composed of well known opponents of working people's rights when he permits his name to be used as a "honorary member" of a militant employer's association which plainly states that it is unalterably opposed to organizations of labor of every kind—excepting those which are of no real value to men of any sort, or when a minister allies himself with an organization composed of laboring men who are narrow and bitter and censorious, when ministers have their tongues tied and their mouths closed because of other affiliation—then the church will suffer shame because it has prostituted a glorious mission.

When the church was established by its founder, it was his purpose that it should conquer the world—nothing short of this will fulfil its commission. The church was most powerful when it was poorest in this world's goods. Riches has become its embarrassment. This with the great endowments which are daily being added to the church's treasury. When it was remarked that the church could no longer say with Peter, "Silver and gold have I none," the reply came quickly. Neither can it say, "take up thy bed and walk."

The impotency of the church is largely due to its marvellous prosperity. Nothing would help the church so much as to be "persecuted for righteousness sake." It isn't being persecuted for anything. It is being ignored. And that is the worst thing that

can possibly happen to it—CARLES STELZLE in the Dallas News.

GOOD SUGGESTION TO COLORADO PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowels so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Colorado agents for Adler-i-ka. W. L. Doss.

THEY WHO PAY.

Mary Boyle O'Riley wrote of the agony of the suffering that stalks in the trail of the charge, of the anguish of the shot-torn, hoof-beaten soldier lad as he lay prone when the smoke of battle had drifted heavenward with his dying prayers. She gave a graphic account of the carnage, the red ruin, the weltering moil of riven flesh and bone that shuddered out the breath of a thousand lives after the machine guns had sowed their spawn of death in front of Liege.

But there is a greater tale of suffering and anguish yet to be told. It is the tale of the women who wait at home.

Strictest censorship prevails in all of the war bound countries. Not a word has come of the fortunes of the armies to the press of Europe.

Only rumors of battles come, of the greatest battle in history. Over a million men on each side will be engaged in operating the greatest human abattoir the world will ever know.

And the wives, the sisters, the sweethearts and daughters of victims are waiting in greater numbers than ever before, for the black tidings of sorrow.

In the American Civil war the number of men engaged seldom was more than 100,000 on a side. And the bloody toll at Gettysburg did not exceed 45,000 men on both sides.

Magnify these figures by 10 and you will have an idea of what the present war means to Europe. And remember that the instruments of death at the hands of modern armies are far more destructive than those wielded by the men of Grant and Lee.

that soar with tons of compressed slaughter, wireless gun controls that direct with uncanny precision the fire of unseen batteries—all combine to snuff out lives over those scarlet meadows of the Franco-German frontier.

No wonder the rivers run red with blood.

And back in the provinces, where great black trains of youths go clattering by on their way to the front, never a word is flashed back of their fate, wait the women.

Listlessly they go about the work of the house and farm; sadly they watch while little bother marches in the doorway proudly waving his tiny flag and chanting in a childish treble a battle hymn.

And when they can spare a moment from the work in factory or home, they

weep for the men who have gone away to meet death.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

FOUNDER OF SEARS, ROEBUCK CO. DEAD, WORTH \$25,000,000.

Retired in 1895 From Active Life and Devoted Himself to Farming.

Chicago, Ill., Sept. 29.—The fortune of Richard W. Sears, founder of Sears Roebuck and Company, who died yesterday, is placed at \$25,000,000. He died at Waukesha, Wis.

Mr. Sears was born in Minneapolis in 1863. He began his business career in a humble capacity in St. Paul. He organized Sears, Roebuck and Company at Minneapolis in 1890, and transferred the business to Chicago in 1895. In that year he retired from active business and devoted himself to farming.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidneys or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing down feelings, head ache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value should be a blessing to thousands of nervous over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

SHEPPARD PROPOSES TO REDUCE SALARIES.

Washington, Sept. 23.—Reduction of salaries of government officials including senators, representatives, army and navy officers and the president himself was proposed in a resolution today by Senator Sheppard of Texas as a means of meeting the "enormous strain put upon the federal treasury by the war in Europe." The reduction would vary two per cent on salaries of \$1200 to 12 per cent on salaries of \$6000 and would be effective for one year from November 1, 1914.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

This Is Urged by Speaker at New Orleans Convention—Some Believe Acreage Should Only Be Cut to Half.

Washington, Sept. 29.—The cotton conference here today appeared unanimous in the opinion that the acreage should be cut in half next year. Whether this will be accomplished had not been decided on at this morn-

ing's session of the conference.

"Plant No Cotton at All" New Orleans, Sept. 29.—The Southern Cotton Convention began its sessions here today. Representatives from all the Southern cotton growing states are present.

Marvin Jordan, one of the prominent members present, said that he believed that no cotton at all should be planted next year.

All speeches delivered this morning favored an acreage reduction.

No Specific Relief Plan.

Washington, Sept. 29.—The cotton conference ended here today without any agreement on any specific relief plan for the cotton growers of the south.

How To Give Quinine To Children.

FEBRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for 2-ounce original package. The name FEBRILINE is blown in bottle. 25 cents.

DON'T DELAY.

Some Colorado People Have Learned That Neglect Is Dangerous.

The slightest symptoms of kidney trouble are far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back that urinary irregularity; those headaches and dizzy spells, that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. None need to experiment.

Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows: W. H. Moore, painter, Big Springs, Texas, says: "For several years my kidneys caused me much suffering and I couldn't lift without my back giving out. Black spots floated before my eyes. I tried several remedies without success until I used Doan's Kidney Pills. Two boxes completely rid me of the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Moore had. Foster-Milburn Co., Props., Buffalo, N. Y.

WHEN IT LOOKS DARK to any weak or ailing woman, Dr. Pierce's Favorite Prescription comes to her help.

For "female complaints," pains, internal inflammation or ulceration, bearing-down sensations, and all chronic weaknesses and derangements, this is the proven remedy. It's the only one so sure that it can be guaranteed. "Favorite Prescription" will benefit or cure in the case of every tired and afflicted woman.

Mrs. John Fong, 100 South Washington Ave., Dallas, Texas, says:

"It has been some ten years since I used Dr. Pierce's Favorite Prescription but I can't say too much in favor of what it did for me and have spoken highly of it many times as I am a nurse and have used it in many cases myself. Hope this may be a help to some one who needs relief."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

ALL READY FOR STATE FAIR

Splendid Programme of Events Will Be Witnessed.

ACRES OF FINE EXHIBITS.

Amazing Novelties and Features, Educational, Entertaining—Some Wonderful Improvements Will Be Noted in Buildings and Roadways.

Dallas: During the sixteen days of the State Fair of Texas, which opens Saturday, October 17, under the most auspicious conditions, with such splendid preparation, increase of exhibits and with a whirlwind of amusements of the highest order, every promise made by the fair management to make this year's fair and exposition the best of its kind ever held in Texas or America will be fully carried out and demonstrated.

Every department will be filled to overflowing with an array of exhibits demonstrating the marvelous development of Texas and the Southwest in every field of human endeavor. Exhibitors and the general public throughout the Southwest as well as visitors from other sections of the country will find at the State Fair of Texas a rare educational, as well as a vacation opportunity—an enterprise of vital importance and value for the success and betterment of every enterprise and industry in the state.

Indeed, declared the fair management, we are getting in fine shape for "A Different Fair" this year, a greater fair in every way, and one that will appeal to the sound sense of every man, woman and child in Texas, one where instruction and recreation will be blended in perfect harmony and conducted on lines of the highest order.

In the cattle division and champion contests, more entries have been made for the State Fair this year than ever before.

Stall exhibits and demonstrations of traction and road machines, road graders, cement mixers, hay presses, gas engines and fixtures, farm implements, vehicles and other machinery.

BIG DISPLAY THIS YEAR.

In Vehicles, Implements and Machinery at State Fair of Texas—A Big Educational Feature.

Dallas: "Never have farmers and visitors had such an opportunity as will be presented at the State Fair this year to see such an interesting display of machinery, farm implements and vehicles of every description, as these exhibits will be made on a larger scale than ever before," declared Mr. J. C. Duke, director in charge.

Judging by the amount of space already signed up for exhibits in this department, these displays will be of exceptional interest and many new ideas and improvements in machinery, implements and vehicles will be shown.

As Josh Billings quaintly said: "Tain't no use arguing again a success." This division of the State Fair of Texas has always been a success and keeps on growing bigger every year. It gives farmers an opportunity of studying the latest and best inventions in farm machinery and vehicles, and a constant demonstration will be on hand to explain the merits of their exhibits.

NO "MURGENCY MONEY FOR NIGGER" AND POOR WHITE FOLKS

I am just a plain country nigger who am just like lots of white folks. I depends on my hands stead of my head to figger out bout all dis talk in the daily papers bout murgency money. Las sunday our paster sho preached a powerful sermen on dis instating subject and the members who am indicated said he was sho powered wid selusion and judgment. He say:

Brederns and sisterns, the time is at hand dat the bible say they shall be wars and roomers of war, dat dont mean the peaceful-waiting war wid mexico dat means the all-iles war over yonder near Jesulam, the fulfillment is staring you in the face, dis book say they shall be weeping and wailing and snapping of the teeth, now my cristans dat dont mean a thing but a hungry nigger, and I pray dat dis entire conegation will hear the justification of the wise pronouncement and supply yo needs wid chickens dat belong to yosef. It say earthquakes and pestes will sho bound in divers places, the fulfillment ob dis passage am demon-strated in the cotton patch, aint the groun done crack open? Aint the pestes done eral out ob the cracks and youing all the cotton? I hates to spress moself bout dem divers for it will sho cause confusion in the foles ob dis church anyway dey aint nothin cepten white folks in the north who runs the cotton market to suit deyself, dem hi tone yankees aint thinking bout freeing you niggers ob dis financial compression, der aint no more Abraham Lin cons up thar, all dem divers care bout you niggers and poor white trash is to keep you in the cotton patch, so dey can buy the cotton cheap and sell back to you at figuration prices for a calico dress. the right and the goats to the left. Now, in my pious judgment dat man Gabriel will look out after the sheeps and the debil will take care of the goats.

Brederns and sisterns, my expulshon of the facts concerning the disturbance and the separation ob dese animals is basted on the fulfillment ob the warnings which am layed down in the good book. Dat man Gabriel is Ivin dis minit down in Georgy, when he tooted the trumpet it say—buy a bale! buy a bale! the sheep all flocked to th right side. The goats dey all staid in der north and telegrams the people from Washington dat the confusion will soon-be over Mister Mackydo done issued a billion dollars murgency money—all the niggers and poor white trash dat raises cotton run to the post office to get some ob the money on dey cotton and the man say we hafter go to the Natnal Bank. The Natnal bank man say, nigger you owe the bank now and your cotton will pay us at 6 1-2 a pound. Sell it and bring us the money. We aint got no murgency currency. Who am going to get all dis money? the man dat dont ned it dont want it and the nigger that do need it cant get it.

My dear Brederns and Sisterns, dese goats am foolin' the poor nigger as well as the white folks, dat murgency money is at the end of the railbnd and dats where all dese Natnal banks is wid a sign on the door, "we loan money at ten per cent."

In closing dis sermon I wants to express on you all to tend to you own business cause you aint goin to git no money from Washington, de Democrats is afraid to hep you and the republlicans dont like you.

Peaceful waiting and watching be unto you all. Amen.

WAR COSTS.

Colliers: Those who predict a ruined Europe after the war must remember that this depends partly upon whether or not the present struggle settles the armament question. Europe now spends over one thousand million dollars per annum on the war business. If part or all of this can be saved it will go far more, war is a tremendous inspirer of energy, as France proved after 1870, and as we proved after the Civil War. Science and industry will go forward even faster when freed of some of the burden of the military fanatics: Our civilization is not to be overturned.

What Would You Do.

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by All Dealers.

ANOTHER DICTATOR IN THE SADDLE.

In Mexico the expected happened to all men who are familiar with the history of the Latin-Indian republics and their people. Francisco Villa is the foremost fighting man of the Aztec republic.

Months ago it was predicted in these columns that this war god of the peons would never permit another to outrank him should the rebels win and drive Huerta from power.

It was also predicted that Villa would form or attempt to form a republic of his own in the states of northern Mexico.

These predictions have come true. General Villa has denounced Carranza as a traitor. He has organized a revolt in order to regain control of northern Mexico.

He has renounced Carranza as commander in chief of the constitutional army in charge of executive power.

Villa is the Napoleon of the peons. He is their idol and their god.

He made Carranza all that Carranza is today. For it was Villa and his soldiers who wrested the control of the Mexican republic from Huerta and the old followers of Porfirio Diaz.

Villa is a man of force, a man of action, a man of iron will and a man of boundless ambition.

Peon born, uneducated, his prowess as a fighter won for him his present high position and the mastery of his fellows.

Carranza has education. He has statecraft. He is resourceful. But he is neither a soldier nor a leader.

A ruler in a Latin-Indian nation must be a man of iron. Latin Indians are not ripe for constitutional government.

They must fear as well as respect the man who rules them. They fear and respect Villa, who began life as a bandit and a cutthroat and in a few short years became the best known fighting soldier in the republic of Mexico.

This firebrand of Mexico has an army of 40,000 men who will do his bidding.

General Carranza has an army but he intimates that he will not attack General Villa but will order his soldiers to be on the defensive and resist attack.

President Wilson, it is officially announced, will continue to pursue a watch and wait policy and allow the Mexicans to work out their destiny providing that rights of foreigners are not transgressed.

Unless all signs fail it is to be the old, old story under Aztec skies.

Some day an army of intervention will be ordered to Mexico. Some day the soldiers and sailors of Uncle Sam will pacify these Latin-Indian Neros of lust and loot and conquest.

Some day all the territory lying between the Rio Grande and the Panama canal will be American territory.

Some day Old Glory will be the flag of the free in Mexico and then 12,000,000 penniless and friendless peons will bless the coming of the emblem of American liberty and their children and their children's children will be trained in the ways of the intelligent, peaceful and prosperous citizens who have made this republic first and greatest and most humane among the world powers of this or any age.—Fort Worth Record.

PROCLAMATION AGAINST WEARING STRAW HATS.

September is the month for the passing of the old summer hat. Good bye and good luck; we are done with you; we bid you adieu. We now don the delectable new styles of hats that mark the incoming of the fall. We bow to the dictates of Miss Fark and purchase a brand new hat. By virtue conferred on me by the merchants of Colorado, especially those dealing in men's hats, I hereby set aside and declare Thursday Oct 1st. to be the last day upon which straw hats shall be worn by men in Colorado who desire to dispense with them. Colorado boasts of being an up-to-the-minute town and we should conform to the dictates of Dame Fashion and wear seasonable costumes, so far as head-wear is concerned. Dated at Colorado, Texas, this the 1st day of October, 1914.

C. M. ADAMS, Mayor.

Many of our dollars lured by the siren voice of speculators, have left Texas and formed unholy alliances with outside capital and must now, for a season, undergo the mental anguish of daily witnessing magnificent opportunities for investment go by in their native land. There is no more pitiful sound known in currency than that of a Texas dollar chained to an outside investment sadly singing "Home Sweet Home."

The state of Virginia went dry last week by a majority of 20,000. Only four cities of that commonwealth gave a wet majority.

The only utterance of Governor Colquitt with which we have ever agreed, is when he said, "I told you all the while there would be another revolution in Mexico." The ex post facto element of this bit of prophecy in no wise effects its wisdom and statesmanship.

The three Madero brothers, Felix Diaz and former Provisional president Carbajal all gratifying toward a common point in Mexico at the same time in conjunction with the newest rebellion by Villa, may portend more than appears in their peaceful interviews.

Also the price of peace has gone up

No person of humane disposition will give the Red Cross the double cross.

There is nothing a married woman enjoys more than helping a spinster get into the same kind of trouble.

War to give the definition another twist, is a mean advantage that calculating ambition takes of the enthusiasm of youth.

Colonel Roosevelt arrived in Louisiana in the thick of a fierce battle in the Progressive party of the state. It used to be that there was never a fight unless the Colonel started it.

General Sherman would not revise his opinion of war, if living today, but would likely confess that the brand he dispensed fifty years ago was a peace picnic by comparison with the present slaughter in Europe.

Verily the Laird of Skibo is a canny Scot. He gives it out that the Kaiser is in no wise to blame for the ruction in Europe, and that peace is now impossible. It may be noted in this connection that Mr. Carnegie sets up peace palaces with dividends and makes a large part of his principal from selling steel to the manufacturers of cannon and bayonets and guns.

A court for the study of vice conditions was established at Chicago last week as a branch of the Morals Court. It is planned to investigate the life story of every woman defendant for the purpose of discovering the cause of prostitution. The tribunal is the first of its kind in this country. Any investigation seems superfluous. Only ask, "Who was the man?"

The assertion that conditions are the natural result of the law of "supply and demand" is neither an explanation of the present situation nor an excuse for it. Any fool with enough gray matter or bacon rind in his skull to grease a gimlet knows that supply and demand are conditions created these days by the gang that hold the whip hand. If you don't know this, ask the brewers, the makers of enslaving drugs or any of the big advertisers of this country. They can not only create a demand for their stuff, but after the demand is created, they control the supply. Consider the olds of the cold storage crowd. The old chestnut of supply and demand being invoked just now by the fellows whose interests are to down the price of cotton while in the farmers' fields is as rotten as their methods.

OX IN THE SPELLING BOOK.

The Houston Chronicle criticizes the democratic congress for doing just what democrats denounced the Republicans for doing a few years ago. It points to the time when Speaker Tom Reed counted absentees as voting and now democrats do the same thing. Reed was right then and democrats are right now.—Snyder Signal.

The right and wrong of the thing depends on who is doing the obstructing in congress. Mr. Reed only invoked a rule of the democrats' own making; only trouble was the democrats didn't know how to use it until Mr. Reed showed 'em.

Open Season for Lineshaft and Set Screw.

So far this season we have read of the death of three people by the deadly line shaft and set screw, which annually collect a heavy toll of human life. There should be standard specifications for the erection of all line shafting and a projecting set screw should be held as conviction of a felony. Why all set screws in revolving shafting are not countersunk is more than we can comprehend. In the Record office alone we have seen the line shafting and the set screw strip one man and one boy in the twinkling of an eye, to a collar and a fearsome grin. Loose buttons and old cloth did the miracle of saving both.

HE'S THE RIGHT STRIPE.

Judge J. H. Knowles, who had served the county of Midland as its county judge for several years, was a little late in coming under the wire in the July primary election, and by the uncertain fortunes of a free-for-all race, relegated to the shades of private life. The nominee of that primary, Judge L. M. Murphy, died soon after his nomination thereby absolving the county democracy from obligation to any candidate for that office. In view of this fact, Judge Knowles has decided to make the race for the office independently, submitting his fitness to the voters of the county. Judge Knowles made a model county judge, achieving singular distinction three years ago by adjoining court for the pious and peaceful purpose of whipping one of his commissioners (which he did) and then imposing a fine upon himself for the misdemeanor.

COLORADO HAS ON ALIBI.

Robert Lee citizens are wrestling with another railroad proposition. A meeting Saturday was held there Saturday night and the promoter was heard and his proposition considered. He wanted a bonus of \$50,000 and was offered \$30,000, which he will likely accept. It is understood the promoter is in Robert Lee now and excitement is running high over the steenth chance of a railroad. As we are told, the proposed line is to start somewhere in the southeast, run to Ballinger, thence to Robert Lee and Colorado City, or perhaps Big Springs. It is backed by some established road, but the promoter is mum on this branch of the subject—Bronte Enterprise.

"Twan't us, Mr. Enterprise; Colorado's got an alibi in this indictment. We done built that railroad from here to Robert Lee some several years ago. And if you don't believe it, come up and we'll show you the office the chief engineer occupied during the building and some paper just like the kind he used in building it. No sir, not us; Big Springs is smuggling the "goods" this time. Lay it on her.

Pastor Russell is again trying to throw a scare into the nation by his predictions of the near-by Millennium. He sees in the European war and divers other signs that fast approaching epoch. We take no stock whatever in any man's signs of the coming of the world to its end. Read the last chapter of Ecclesiastes—that wonderful allegory of the end of man. It is no less typical of the end of this planet. When all the hidden resources in the bosom of the earth shall have been discovered and used up; when the soil and its usufruct shall no longer be able to support the teeming millions of human beings; when "desire shall fall" and all living things no longer bring forth after their kind; when all natural laws of which we are now ignorant shall have been discovered and applied for the good of the race; when the medicinal property of every herb shall be known and applied to the healing of disease; when the human race shall have retrieved its pristine glory of health, morals and intellectualty; when the earth shall be full of His knowledge and glory as the waters that cover the sea;" then, and not till then shall we consult the Sunday papers for a bargain in resurrection robes, regardless of the fulminations of Pastor Russell and all his advertising tribe.

A MERCHANT MARINE.

The bill to give this country a merchant marine has passed the Senate and the House. Under it, foreign-built ships, of whatever age, are to be admitted to American registry. The provisions of the old law, under which none but American can constitute the watch officers of American ships in foreign trade, and the survey, inspection and measurement of ships admitted to this trade are required, have been stricken out. With the introduction of a bill, to provide Government war risk insurance, which has the President's approval and is thus assured of early passage (the way will be open for the United States to acquire by bona-fide purchase all the ships that are needed to transport our products to South America to the Far East and even to certain of the warring countries of Europe.

On August 21 the Senate passed the bill to create a Bureau of War Risk Insurance in the Treasury Department. The bill carries an appropriation of \$5,000,000 to cover losses. Its provisions make it mandatory on the President to terminate the Bureau when the necessity for it disappears. The bill was sent to the House on August 22.

President Wilson in consultation with Democratic leaders of the Senate and House, approved a project contemplating the expenditure of approximately \$25,000,000 for the purchase of ocean-going vessels, to be operated under the direction of a Government Shipping Board for carrying on foreign trade of the United States.

VALUE OF PUBLICITY.

Through publicity the greatest business successes of this country have been achieved. Publicity made John Wanamaker the "Merchant Prince." Publicity beguiled hundreds of thousands of people into eating "Grape Nuts" as a brain food, and into drinking "Postum" as a coffee substitute, and "there's a reason" why C. W. Post died recently worth \$20,000,000.

In the same way publicity made "Shredded Wheat" and "Cream of Wheat" national necessities, and transformed "Ivory Soap" into golden nuggets. When Henry Ford was on his uppers, publicity plus nerve created one of the greatest, if not the greatest automobile industry of this country with an annual revenue of \$20,000,000.

A man always wants to go to a party when he hears a woman say she hasn't got a "thing to wear."

REV. WARREN DODSON.

Rev. Warren Dodson Presiding Elder of the Sweetwater District preached at the Methodist church last Sunday night. His sermon was a gem of oratory and forceful, compelling illustrations, stressing that Christ "draws all men unto Him." His congregation was deeply moved by his eloquence and pathos, and many pronounced his sermon the best thing they had heard in years.

Rev. Dodson delivered his famous lecture "Aladdin's Lamp" to a crowded house at the Baptist Church Monday night, and our people were treated to another intellectual feast.

Rev. Dodson is a cousin of ex-County Superintendent J. R. Dodson of Saultillo, County Tax Collector elect, T. C. Dodson, and John Dodson, of this city, and was here for a visit to them.

He is a man of brilliant mind and finished education, and is unquestionably doing a great work in the "Master's Vineyard."

The Gazette Editor enjoyed his sermon and lecture very much and we herewith extend him a standing invitation to visit Sulphur Springs as often as his duties will permit.

—Sulphur Springs Gazette.

The above article is taken from the Sulphur Springs Gazette, and has reference to the Rev. B. W. Dodson, former pastor at Colorado, Texas, but now presiding Elder of the Sweetwater District. Bro. Dodson seems to have made a fine impression on the people of the town where he spent his boyhood; but that is no more than his West Texas friends expected of him.

Virtue still collects its own reward in kind. A saloon keeper of Central Texas with patriotic motives bought a bale of cotton and proudly placed it on exhibit in front of his place of business to attest his interest in the buy-a-bale movement. That night the bale of cotton was stolen.

Nothing seems to be able to get by our doughty governor. Having solved the cotton surplus problem, established a central state bank, he now proposes to suspend the payment of debts for a period yet to be determined by his wisdom.

Old Julius Caesar was right. You remember in opening his famous (and very difficult-to-read) history of the Gaelic Wars he said after telling us "All Gall was divided into three parts" that one part was inhabited by the Belgians—and that "they were the fiercest of all." If the Kaiser ever writes of his present mad-cap venture, he will agree with Julius C.—Arlington Journal.

"Cyclone" Davis was in Washington last week getting the lay of the land, the pull of the ropes and arranging for gas fixtures in his room that could not be blown out. He evidently recalls the experience of "Howdy" Martin.

Mr. Secretary McAduf may plant and the big eastern banks may water, but the help to the farmer in getting hold of a little "emergency money" depends almost wholly on the little banks near the cotton patches. They are the One-eyed Cyclops who have the final say. And so far, they have not lain themselves liable to indictment for criminal generosity or accommodation.

FOOD FOR PARENTAL THOUGHT.

School has opened. Every parent may have a natural desire to see their child progress, unless you are thoughtless, unless you are ignorant, unless you are unaware of the responsibilities of parenthood, you have by this time had your family physician look your child over carefully. That child may be stupid backward in his studies, and fall to pass at the end of the term. Of course an idiot will blame the teacher. A wise parent will have remedied all this by having sought and heeded the physician's advice with reference to the proper treatment for adenoids, trachoma, astigmatism, and kindred curable ailments that retard a child's mental progress. And, the dentist should be consulted. Start the youngster and little sister using a tooth brush—it's as necessary as teaching them to pray. There is a vital relation between the stomach, teeth and brains. If you will take this precaution, your children will make a better school record this year. One thought more. Don't display an unadulterated gall by asking public school teachers to take a Sunday school class. They are pestered enough five days in the week at paltry salaries, trying to civilize your young ones. You take the Sunday school class yourself. Don't shirk a job that belongs to you. Then, don't ask the new teachers where they go to church, if they attend moving picture shows, etc. That is none of your business. Better ask them this question: What can I do to help you turn out brighter boys and girls and assist you in your school work?

THAT'S THE DOCTRINE.

The peanut growers of Howard County are not worrying about the low price of cotton as they have a money crop which beats the fleecy staple all hollow. Peanuts, Sudan Grass, Black Eyed Peas, Feterita, Maize, Kaffir Corn, Wheat and Oats are going to be planted on a larger scale than ever and more attention is going to be given the raising of hogs and fat cattle on our farms. A one crop section will have to hump to beat the combination Howard County has to offer.—Big Springs Herald.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SWEETWATER BAPTIST ASSOCIATION.

Meets at the First Baptist Church of this city on next Thursday, October 8th, 1914 at 10 A. M.

A large attendance of both messengers and visitors is expected. There will be preaching at the evening sessions by strong visiting preachers and the public is especially urged to come to the evening sessions. But all will be welcome at all the sessions. Let all Baptists attend every session possible.

This Association is one of the largest and strongest in Texas.

MRS. BLOODWORTH'S VISIT.

On last Thursday the Methodist Ladies were honored with a visit from Mrs. J. T. Bloodworth, of Polytechnic who is employed by the North West Texas Conference to explain the new bylaws and constitution and assist the ladies in regulating their work. Mrs. Bloodworth is a woman of education and culture and thoroughly understands the work and all the ladies who were not there indeed missed an opportunity for getting larger visions of the work. Her talk in the morning was on Christians' Duty to their work. Reading the 12th chapter of Romans. In the afternoon a much larger crowd was present and all got a clearer conception of their duties after having them explained.

The ladies pledged themselves to get forty new members by Jan. 12th. After the meeting a reception was held at the parsonage. Sandwiches and "the cup that cheers" were served.

MISSIONARY SOCIETY.

The ladies Missionary Society of the Methodist church met in regular business session Monday afternoon with a large attendance.

The regular business was transacted and five new members were received as a result of Mrs. Bloodworth's visit a few days before.

G. F. C.

Miss Olive Greenwood was hostess for the G. F. C. last Thursday.

Besides the members the players were Misses Mabel Smith, Jeanette Earnest, Lela Whipkey, Fannie Farmer, Ione Burk, Hazel McKenzie, Ethel Greenwood and Roberta Scott, of Palestine.

Miss L. Stokes won the royal prize for bedroom slippers. Mrs. James Hughan, the bone hand, a dainty handmade handkerchief and Miss Scott carried away the guest prize also a handkerchief.

After the games a delicious salad course was served.

CALL MEETING.

A call meeting of the Hesperian Club was held at Mrs. W. L. Doss' last Friday for the purpose of planning for their open meeting today to be held with Mrs. M. K. Jackson.

On account of bad health, Mrs. S. L. Majors tendered her resignation and Mrs. Everett Winn was elected to fill the vacancy.

BIRTHDAY PARTY.

Saturday September 26 was little Miss Jewel E. Collier's seventh birthday. Her mama surprised her by inviting some of her little friends to come play with her from 4 to 6.

Each little guest that came brought some little token. After all the little gifts were looked at, games were played. Then they were invited into the dining room where they were served with ice cream and cake. Then more play time more cake and cream and such a good time all had. The good-bys had to be said all too soon. All left with happy good wishes for many more birthdays.

STOPS HEADACHE NEURALGIA ONCE.

Don't Suffer! Get a 10 Cent Package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

LADIES' MINISTRELS.

Last Thursday evening the people of Colorado were given an evening of genuine pleasure by twenty five of Colorado's most refined and talented ladies at the opera house. It was a sure enough up-to-date ministration with the latest songs as well as the old ones that are ever new and popular.

It was given under the direction of Mr. F. E. Peyton, who is an expert in his line of work and for the benefit of the base ball Association. After splendid music by the orchestra, the curtain rose, presenting an interesting sight. Miss Adams as interlocuter and a stage full of ladies as black as night and looking so much like the genuine article that everybody was trying to see if they could recognize any of them. They were of all kinds, the impudent looking, the fat, the lean, the short, the tall; the kind that had always lived in town and the country 'nigger' just come to town. Their music was fine, the dancing good and the jokes new and funny. The audience was delighted from the very beginning and there was not a single wait or balk in the whole program.

The sextette, of young ladies in white with red girdles on big red hats as they gave fancy drills while Miss Adams sang was very pretty, and Miss Omedel Payne with her six Indian maidens was also much enjoyed. The girls went through some fancy Indian dances while she sang.

Mrs. Lee Jones "took the house down" with her stump speech.

The vocal quartet by Mesdames Bell, Hough, Whipkey and Miss Roe was heartily encored and they very graciously responded with another number equally as funny. In fact every number was encored and each was responded to.

The program concluded with a cake walk.

As each couple appeared and performed their "stunt" the applause grew louder and louder until a big fat saucy 'lady' with paniers on her skirt that made her look like a balloon rolling around on the stage appeared with her partner which proved to be Mrs. F. B. Whipkey and Miss Louisa Roe and they took the cake.

It was an evening of genuine fun and the public wish to thank the ladies for the good hearty laughs they had.

CIRCUS.

On Saturday a big crowd took advantage of the excursion rates to attend the circus at Abilene and besides others motored through for this great annual event that is just as interesting to the grandparents as to the children. In fact, everybody is a child at a circus.

Those who could not go there attended a smaller affair at Sweetwater Tuesday and report a good enough time to repay them for time and money spent.

There were not enough free tickets for all the newspaper people to go but in a few years they will all have gotten to see it by going in installments.

HONORING MR. AND MRS. McLURE.

Monday evening Mrs. C. C. Formwalt had her immediate friends and neighbors to supper in honor of Mr. and Mrs. J. J. McLure, who left this week for their new home in Dallas. The supper was perfect in every way and every guest felt honored to have partaken of this true hospitality.

The evening was made more pleasant by the two charming daughters assisting their mother in entertaining her friends.

SURPRISE PARTY.

Monday afternoon the Misses Rioridan invited a few special friends to bring their work and spend the afternoon with their mother. The ladies responded joyfully and a very pleasant time was had. Dainty refreshments were served by the daughters. The surprise was the greater to the honoree when little birthday gifts were left as souvenirs of the pleasant occasion.

Dr. and Mrs. Smith and Dr. and Mrs. V. O. Marshall motored to Sweetwater Monday to attend a missionary rally of the Christian church. Seven speakers of ability from the different fields spoke of the missionary and educational work and of their various needs. They told of the "Men and Million Movement" which was launched less than a year ago, with a view to raise a million dollars for mission-

ary work. It has grown so remarkably fast that now the mark is set to raise seven millions. Six million three hundred and fifty thousand have now been raised and still the work goes on. This money will be for missionary work and endowing the denominational schools.

BRIDGE PARTY.

Mrs. W. R. Smith entertained the bridge club last week before she left for the winter in Washington.

After the games the guests were invited in the dining room, which had been decorated with cut flowers. An elegant buffet luncheon of creamed chicken, croquets, potato chips, olives, beaten biscuits and hot coffee was provided. Mrs. Smith was assisted by Miss Lilly Allen. The out of town guest was Mrs. J. W. Pearson of Hot Springs.

Cotton pickers are wanted still, let your washerwoman and her family go to the cotton patch and send us your laundry. You will know when to expect us to come for it when it will be returned and you can be sure it is sanitary as well as clean—COLORADO STEAM LAUNDRY.

BAPTIST LADIES.

The Methodist have kindly offered the use of their church house to the use of the Baptist Ladies to hold their meetings in during the Association hence the W. M. A. meetings will be held there on Thursday Oct. 8th. Every Baptist is expected to be there and others are cordially invited.

METHODIST CHURCH.

Every Sabbath Sunday School at 9:45 a. m.; Preaching at 11 a. m. and 7:30 p. m.; Junior League 2:30 p. m.; Senior League 6:30 p. m.; Prayer meeting every Wednesday 7:45 p. m.; Choir practice every Wednesday following Prayer Meeting; Vesper Service every 4th Sunday 7:30 p. m. A cordial invitation is extended to all. R. A. CLEMENTS, Pastor.

AT THE BAPTIST CHURCH.

All the regular services next Sunday. Altho the pastor will be absent the pulpit will be ably filled. Either Dr. J. D. Sandefer, President of Simmons College or Dr. W. F. Fry, or Prof. Arnett will supply for the pastor. Colorado will be delighted with any one of these three.

YOUNG PEOPLE'S SOCIETY.

The Young Peoples' Missionary Society of the Methodist church met with Miss Courtney Formwalt Wednesday afternoon.

After the missionary lesson a business meeting was held and their pledge for the Stamford school was paid. Misses Mabel Earnest, Ella Mae Reese and Pauline Root were guests.

The hostess served light refreshments at the social hour. The meeting next week is with Miss Rowena Hester.

500

Mrs. Henry Doss was hostess for the 500 club Tuesday. The players besides the members were Mesdames Richard Pearson, Staten Hamner, Misses Byrd Adams and Margaret Comas. Miss Nell Ruth Arnett won the club prize and Mrs. Pearson the guest prize. After the games a delicious course and gelatine and cake were served. The meeting next week is with Mrs. Stonerod.

SPECIAL EXAMINATIONS.

To the County Superintendent: In view of the fact that many teachers desire special examinations during the month of October, and since it consumes as much time of the State Board to prepare a special examination for one applicant as it does to prepare an examination for all applicants who take the same examination, I have decided to hold a special examination throughout the State for second and first grade certificates on October 16 and 17 of this year. Place this announcement in your papers and write me on or about October 1 how many sets of questions you will need.

Sincerely,
W. F. DOUGHTY,
State Superintendent.

Mr. Man— Did you ever think what a load it lifts from the house wife's shoulders to save her the labor of washing and ironing each week? If you don't think its hard work do it yourself one week then we know you will say send it to THE LAUNDRY.

9 OF 12 KENTUCKY COUNTIES GO "DRY."

Louisville, Ky., Sept. 28.—Nine out of the twelve counties in Kentucky in which local option elections were held today went "dry." A big vote was cast in each of them.

The three to remain wet are Henderson, Fayette and Anderson, all of which have distilleries in their boundaries. It was announced tonight that a movement for Statewide prohibition will be begun at once.

THE GREATEST HORROR OF IT ALL

We have a habit of mentally summing up the horrors of war by the number of dead left upon the battlefields. But a Russian reservist, on his way to his station, has directed attention to a more horrible phase of warfare by a simple remark. "I don't care for my life, but I am sorry for the children."

There are the children who will be orphaned. There are the women who will be bereft of their bread-winners and left to a one-sided struggle in

finding a way to feed themselves and their babies. And then, too, there are the poor unfortunates who will be doomed to eke out their future existence minus an arm or leg or blessed eyesight.

The greatest sufferers from war are not those who meet death, quickly upon the battle-field, but the vast army of innocents who must experience the pangs of sorrow and hunger for years afterward.—Arkansas Gazette.

STRIVE HARDER! BE UP AND DOING!

Under present world conditions it appears on the face of things rather discouraging to attempt to do anything. I am sure that you, like we, are as strong-minded and self resolved as human beings could be. As to crop conditions for a comparison: You are starting to travel on an unknown road; you know not when you may come to a bridge. You well know you cannot cross a bridge before reaching it. Apply this comparison to your cotton crop. You can't sell same until you get it into a marketable condition. I give you this thought as applied to my own business: We are buying more goods, buying at cheaper prices, striving harder and advertising more extensively to sell these goods, build up our trade, encouraging the people of the surrounding country, making better prices at smaller profits to satisfy customers than we have ever before striven to do at any previous period of our business existence. The world has become so advanced in all lines of thought and endeavor that we no longer walk but run. The race is before us to run. Will you enter this race? And strive your level best and encourage others around you to win the prize bestowed by our beneficent Master—this immense feed and cotton crop. Even if the price is low—give God the praise for his blessings of a bountiful harvest.

We are striving very hard to keep our stock and lines of specialties supplied. It requires quite an effort on our part to keep our stock supplied with these specials—that is bargains. Watch these ads closely. Come see the goods advertised.

DOG SHOW AT STATE FAIR.

New York Expert to Judge Kennel Show at State Fair of Texas This Year.

Dallas: In accordance with information received by W. H. Stratton, Secretary State Fair of Texas, Mr. James Mortimer of New York has been secured to judge the Dallas Kennel Club show, which will be held October 22, 23, 24 and 25.

Mr. Mortimer is one of the oldest judges in the business and is the man who has superintended the New York dog show for some thirty years. He has also directed the management of the Danbury, Connecticut dog show for about twenty years. He will judge the Winnie, Manitoba, show October 13 to 16 and will come direct to Dallas from Winnipeg. An exceptional exhibit of fine dogs may be looked for at the State Fair of Texas.

Individual Exhibit Farm Products. Dallas: "All one can say of this splendid feature at the State Fair this year," says Secretary Stratton, "is that it will bring out a fine lot of individual exhibits from farmers who will show what the individual farmer of Texas can do."

The awards of cash prizes are liberal for these exhibits as offered by the State Fair of Texas, besides the additional special awards as offered by the Texas Land and Mortgage Co., Ltd., of Dallas, will tend to spur on interest in these exhibits and many entries have been made.

Big aggregation of amusements. Racing at State Fair this year will afford the most brilliant turf program ever provided. The greatest and speediest horses in America will participate and contest for \$50,000 in purses and stakes.

A BRILLIANT PAGEANT

State-Wide Society Event Will Open Great Exposition.

Unequaled in brilliancy by any like event that has been held in Texas will be the "Pageants of the Months and the Seasons," which will officially open the week's round of entertainment at the National Feeders and Breeders' show on the night of October 10. The day stock show will open in the morning and will last until October 17.

The "Pageant" might be termed a crowning effort on the part of Fort Worth society women to offer a state-wide society event to inaugurate the great exposition. It is declared by those who have aided in the planning of this magnificent color and fashion show that it will outclass easily the "Kirmess" and the "Horse Show Pageant," now famous in the history of opening nights at the National Feeders and Breeders' show.

Most of the details are being worked out secretly but the idea in general is a display of the seasons and the months and their attendant brilliances, represented by young men and young women, attired in costumes appropriate to the part they play. At least 500 people will take part in the event. Dances of weird nature and of the latest innovation will be given.

According to custom, a Queen of the Horse Show Pageant will be crowned. She will be a prominent Fort Worth society girl, whose identity will be kept secret until the night of the show. Princesses and duchesses from more than fifty cities and towns in Texas have been invited to become members of the royal party and take part in the ceremonies that surround the august event. These ladies will be entertained by a round of social activities during the week.

Every arrangement has been completed for the stock and horse shows, which now promise to be the most brilliant in history, both from the point of exhibits and of attendance. The Coliseum building has been put in the best of condition and comfort is assured the vast throngs, no matter what weather conditions may be.

The event will be educational as well as entertaining. Those who come for enjoyment will receive it. Those who come for education will witness the finest and most representative showing of livestock that has ever been assembled in Texas.

Many free acts of absorbing interest will be staged in the big arena of the Coliseum building. A carnival will operate constantly on the grounds.

THERE'S NO SENSE IN TAKING CALOMEL.

Dodson's Liver tone will fix up your liver safely and won't "knock you out" a day. A man feels very little like working and a child don't want to go to school when bilious or constipated. If you try calomel to cure you, the chances are that you will be so weakened by its after effects that you will be laid up for two or three days more. So we say "Don't take Calomel!" You can get a perfect remedy to take the place of Calomel at Floyd Beall's that is guaranteed to relieve constipation and live up the liver just as quickly as calomel, but without any of the bad after-effects of calomel. The name of this medicine is Dodson's Liver Tone. It is a pleasant tasting vegetable tonic that mildly stimulates the liver and causes it to work just right without any danger of salivation. If it doesn't fully satisfy you, you may have your money back from the store where you bought Dodson's.

FARMERS OF TEXAS WELL CARED FOR

State Fair Offers Rich Premiums in Agricultural Classes.

A MAMMOTH DISPLAY.

Awards in Individual Farm Exhibit Class Increased to \$300—Uncle Sam Will Judge Cotton.

Dallas.—Farmers of Texas are well cared for this year by the management of the 1914 State Fair of Texas, which begins Saturday, October 17. Thousands of dollars have been set aside for awards for exhibits of farms, orchard and garden products.

The mammoth agricultural building has been equipped with new and modern exhibit booths for the farm and mill, cotton, corn and other divisions. As usual cotton comes in for a rich share of the prizes. It will be assembled and judged under the supervision of the United States Department of Agriculture. Cash awards around \$300 and diamonds cover the prize offerings for exhibits of short and long staple cotton.

In the corn division, open to Texas only, prizes aggregating \$500 are offered for all varieties of corn, corn, Laguna or June corn, prolific corn and gourd seed corn.

The big feature and one in which much interest is manifested is the individual farm exhibit class. The management regards this of such importance that the prize offerings have been increased to \$300. Every farmer in Texas has a chance at this rich purse and by assembling a fine lot of corn, cotton, small grain and other products grown on his farm this year, his chance of winning a rich share of this purse is as good as the next one.

ANGORA GOAT DISPLAY.

Record-Breaking Showing Promised For Coming State Fair.

Dallas.—Texas furnishes half the mohair produced annually in the United States, or more than 3,000,000 pounds. The grade is just as fine in texture as the imported article, and there is about 4,000,000 pounds imported into the United States each year.

The management of the 1914 State Fair of Texas is going to impress upon visitors the fact that Texas can produce twice as much mohair if more attention is given to the Angora goat industry.

Hence the rich prizes offered not only by the fair management but by the American Angora Goat Breeders' Association and the American Milch Goat Record Association.

The Angora exhibit last year was conceded to be the best since the St. Louis World's Fair and the exhibit this year promises to eclipse even that of 1913.

BABY SHOW AT FAIR.

Five Hundred Youngsters Will Participate in Scientific Test.

Dallas.—Five hundred babies all in a row, going through scientific inspection and a test that is bound to make some of them mad, is a unique exhibit for the coming State Fair of Texas, which begins Saturday, October 17 and continues sixteen days.

It is held for the good of the babies of the state, our most precious asset, and great physicians in attendance will tell the mothers what is best for their little ones in the way of proper feeding, clothing, exercise and hygiene.

BUSY BEE AT FAIR.

Exhibit of Great Educational Importance Is Now Being Assembled.

Dallas.—Down there in Southwest Texas, where the flowers are ever blooming, beekeepers are getting up an exhibit of bees and bee products that will be one of the most instructive features of the 1914 State Fair of Texas, which begins Saturday, October 17. All the various varieties known in Texas will be shown to State Fair visitors in glass observatory hives, where their habits can be studied with the greatest of ease, and, while one is doing this, the expert in charge is adding other information that will convince the hearer that Texas is the home of the bee industry.

No department of the Fair is of more interest than this. The various uses that can be made of honey will be exceedingly instructive to the housewife. There will be a miscellaneous display, bees in every conceivable shape, curio hives and beekeepers' supplies.

COUNTIES AFTER CUP.

Silver Trophy Up Again at State Fair For Best Showing.

Dallas.—What county is going to win the much-sought trophy cup awarded at each fair for the best and most diversified county exhibit? Cooke, Hunt and Hopkins, winners of previous years, are all getting their exhibits ready for the 1914 State Fair of Texas, which begins Saturday, Oct. 17. Each has sent in word that the cup is already won. Meantime thirty or more other counties of the state are making the same preparations, not only to win the cup but to get a look-in on more than \$1200 in cash prizes offered in the county exhibit division.

Saddle horse classes at the 1914 State Fair of Texas, Dallas, Oct. 17, Nov. 1, are exceedingly rich and will comprise the greatest quality exhibit in the annals of the fair. The American Saddle Horse Breeders' Association \$100 trophy will bring out the cream of the bunch.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION.

"Pape's Diapepsin" Settles Sour, Upset Stomachs in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, grassy or out of order stomach surely within five minutes.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

Charlot race, drivers Dr. Henthorn and C. A. Wade, race won by Wade, purse \$25.

Why Not Publish It?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They helped my digestion and regulated my bowels. Since using them I have been entirely well." COTTON REPORT.

Up to 10 o'clock on Thursday morning, October 1st Colorado has ginned as follows:

Gary Gin	422
Cook Gin	333
Lambeth Gin	230
Concrete Gin	256
Total	1241

Of this number there has been weighed as follows:

Public Yard (Crawford)	827
Warehouse Yard (McCreeless)	443
Total	1270

Thursday morning cotton selling from 7 to 7 1-4.

Seed selling at \$14 per ton. More cotton is selling than a week ago. 29 bales more have been weighed here than has been ginned in Colorado.

ABILENE

Abilene reports 1228 bales up to date.

FIRE IN COTTON YARD.

About 2 o'clock Thursday morning fire was discovered among the bales of cotton in the yard of the Farmers' Union Warehouse, and promptly on the alarm being given the fire department was "Johnny on the spot". At the time there were something like 300 bales of cotton but only 37 were touched to any damaging extent by the fire.

The fire boys did their usual good work. Besides playing a powerful stream of water in the cotton, the team was unhooked from the hose wagon and used to drag the burning bales from the yard and to places of safety.

Mr. E. M. McCreeless, manager of the warehouse and yard, estimates that there will likely be fully fifty per cent salvage from the burned cotton, though it is claimed by the buyers that the grade will be materially lowered.

As to the origin of the fire, nothing definite is known. The presumption, being that there was fire in the cotton when packed at the gin, which only required time and exposure to the air to develop on the outside.

Of the 37 bales damaged part were insured and part were not. Mr. McCreeless was not, at the time of going to press, able to give an estimate of the loss, names of owners and amount of insurance.

Tuberculosis leads as the cause of death in the state of Texas, but a large per cent of the fatal cases come to Texas from other states in the hope of betterment. The August report of the board of vital statistics showed that pelagra was greatly on the increase in the state.

Mesdames Woodard and Knox of the Roscoe community were shopping here Wednesday.

Mrs. C. P. Gary and daughter, Miss Vera of Colorado were over last Friday.

Miss Wanda Altman will go to Hermeleigh this week to remain as she is to teach music in connection with the public school.

Prof. Dawes of Colorado was here this week renewing his class in music. He was the dinner guest of W. F. Altman.

J. Boyd and wife of Sweetwater were here Tuesday he was looking after some cotton while she visited her friend, Mrs. S. W. Altman.

Up to the night of the 30th, Oil Mill Gin 300 bales; Farmers' Gin Co., 615 bales; McCarty & Hart 600 bales. Cotton price has run from 7 1-4 to 7 1-2.

The jolliest and most enjoyable social event of the season was held on Tuesday evening from 7:30 to 1:00 o'clock on the College grounds. At the appointed hour the boys and girls arrived. The first thing they did was to build a huge camp fire on which they broiled bacon and boiled coffee which was added a bounteous spread already prepared by the girls. Soon supper was ready and all were seated around the table partaking of every thing good from a sandwich to an onion when Fred Isom appeared on the scene like a whirl wind jumping over the fire and landing in the midst of the merry-makers and eatables, causing quite a commotion which resulted in burnt tongues, mashed noses and fingers, however Fred soon began to eat and of course quieted down.

After supper was ended various games such as snap, handkerchief and cat and mouse were enjoyed. After these all sat around the camp fire and told tales and listened to Miss Garland's readings which are always good and suited to the occasion.

Mrs. Allie Erwin was chosen as chaperone of the crowd but no one would ever have guessed that she was.

Those who composed the crowd were Misses Irene Garland, Oma, Annie and Ethel Gregg, Isophene Toler, Nola Baird, Bessie Van Wie, Elizabeth Menshaw, Lucile Henthorn and Maud Smith; Messrs. T. Garland, C. Farris, C. Wilson, C. Fairbairn, R. Martin, J. Bennett, H. Wimberly, F. Isom, and Mrs. Allie Erwin.

THE GARY NEW GIN.

South of the railroad, near the river at the south bridge has been running full blast for some time, and is getting a liberal share of the ginning business.

I guarantee as good sample output as any gin in the country, being equipped with the very latest improvements and accessories in this industry, and employing only skilled and experienced help in all departments of the work.

If you have not seen the output and workings of my gin, bring your next bale of cotton here and you will bring all your others. My motto is "Satisfaction in every Detail."

C. P. GARY, Proprietor.

THE O. LAMBETH GIN CO.

The Wheeler old Gin has been bought by O. Lambeth of Dunn and is now known as the O. Lambeth Gin Co. The gin has been thoroughly overhauled. New brushes, New saws and practically New stands put in. It is admitted by the buyers that this gin turns out as good samples as can be made. Mr. Lambeth is ready and anxious to gin your cotton and will guarantee satisfaction.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR.

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise For You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanser." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you will have doubled the beauty of your hair. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowton's Danderine from any druggist or toilet counter, and just try it.

The Telephone "S. O. S." Saved the Farm

"One day last fall my wife and I started for a drive, leaving the house deserted. A short while after we'd passed Jones' place, Mrs. Jones saw smoke coming from our roof.

"She ran to the telephone—Got Mrs. Reed who operates the switchboard located in her home. Mrs. Reed called all the nearby people on the line (two long rings—the emergency signal,) and they put the fire out with little damage."

A Telephone on the Farm connected with the Bell System is a protection and safe-guard in all emergencies.
