\$150,000,000 POOL TO HANDLE COTTON

St. LOUIS, MO., Oct. 5.—A \$150,000,000 pool with which to handle the cotton situation in the South is planned by National banks belonging to the Federal reserve system in St. Louis and the South, according to reports circulated this afternoon following a conference of Festus J. Wade, president of the Mercantile Trust Company of St. Louis, and George Simmons, also of St. Louis, head of the Simmons Hardware Company, with a score of other business men.

Wade and Simmons returned here Sunday night from a conference with Secretary of the Treasury McAdoo at Washington at which plans for floating the cotton crop were discussed.

C. G. Pierce of Little Rock, Ark., president of the Southern Trust Company, also attended the Washington conference and the local meeting. He represents the Southern bankers.

Secretary McAdoo is said to have assured the conference that their warehouse receipts would be met by a sufficient issue of emergency currency in the event they undertook to relieve the cotton depression.

None of the financiers who attended today's meeting would discuss the meeting or the plan said to have been outlined.

R. H. Stewart, president of the Dallas Clearing House Association, is in St. Louis, presumably to attend the conference of Southern bankers, who are working on a plan to raise a fund of \$150,000,000 to aid in handling the cotton crop.

Until the St. Louis conference has ended, it will not be known what share of the fund Dallas banks will be asked to furnish.

The plan of raising the fund originated among Southern bankers and is being worked out by them.

TRUSTING EACH OTHER.

Most financial difficulties that have passed over this country were possible because the people of the country lacked confidence in each other. During the panic a few years ago the bankers were frightened and held the money closely. The depositors, distrusting the bankers, withdrew their deposits. One man was afraid to take a check because he was not sure the bank would pay it. As a result, the country was thrown into a terrific financial panic, although there was money in the country and the people were prosperous.

Fortunately, panics hereafter will be very rare, if they are not impossible, because our banking laws have been changed to remove the causes of panics. But we need more confidence in our fellow-men and more readiness to accept good security. The cooperation shown in uniting to take it possible to hold cotton when prices are depressed is commendable and it should relieve any one of fear as to the outcome when our staple crops are threatened with ruinous prices.

We have great resources in the Southwest and what we need to develop our country and use our natural advantages in agriculture, manufacturing, transportation, etc., is cooperation where each is willing to do his part in sustaining our industries

Look.

Take it in 10 pound chunks or more. We will sell you a No. 1 good beef for 12 1/2 and 15c per pound.—BEAL'S MARKET. 10-16

and be satisfied with his share of the profits.

We are a united people, at peace with the world and among ourselves. We have rich lands, growing cities and towns; good transportation facilities, in most instances. Our young men and young women will compare favorably with the young people of any section. We should therefore encourage ability, skill and originality and make it possible to manufacture many of our products and keep our skilled people and their money at home.—Farm & Ranch.

TEXAS POST OFFICE STATISTICS.

Washington, D. C. Sept.—According to a recent government report, there are 2,600 post offices in Texas and of this number 16 are first class, 95 second class, 318 third and 2,171 fourth class. These institutions employ 9620 persons and their annual pay roll is \$5,046,000.

The annual receipts of the Texas postoffice is approximately \$7,000,000, while five years ago the aggregate income was \$5,465,000.

VIOLENT FIGHTING ON LEFT; PRZEMYSL BEING BOMBARDED BY RUSSIAN HEAVY ARTILLERY

OPPOSING FRONTS NOW VIRTUALLY ON BELGIAN FRONTIER—IN WOEVRE DISTRICT GERMANS HAVE BEEN REPULSED—NOTHING NEW FROM THE FRONT.

GERMAN TOTAL LOSSES ESTIMATED TO BE 300,000

Zeppelin Believed to Be Preparing for Attack on England—14 Killed by Bomb at Rheims—German Cruiser and Two Gunboats Sunk—German Torpedo Boat Destroyer Sunk in North Sea—Japanese Occupy Island of Yap, 1000 Miles from Philippines.

SUPREME FEATURE OF FIGHTING IN FRANCE BELIEVED IMMINENT.

LONDON, Oct. 7.—The conflict in Northern France today shows less signs of an early end than it did two days ago.

General von Kluck, who then appeared dangerously threatened by the Allies, enveloping movement has in some way obtained heavy reinforcement, and apparently is trying to outflank the Allies. This counter-stroke is viewed here as the supreme feature in the fighting in France, neither side yet claiming decisive results.

The Austrians and Germans still claim they have checked the Russian offensive on the east. The Russians still claim victories.

BERLIN, Oct. 5.—12 noon—An official announcement made today says: "The Germans have taken the forts of Lierre Waelhem, Konigshoyck, thus rendering an attack possible on the inner forts and on Antwerp itself."

"Near Augustowo, the left wing of the Russian army on crossing the Riemann River, was defeated after a furious two days' battle. More than two thousand unwounded Russians and a quantity of cannon and machine guns were captured."

"British ships have arrived at Lisbon, probably destined to transport Portuguese troops. Portugal's co-operation in the war is imminent. A mobilization of the Portuguese forces has been ordered, and it is believed that this has been done on a demand by Great Britain."

"England is sowing mines in parts of the North Sea. "The Rumanian crown prince has been severely rebuked for his Russophile agitations. The leaders of the Rumanian parties have declared for Rumanian neutrality."

ITALIAN PARLIAMENT IS CALLED ON.

ROME, Oct. 5.—Italian citizens from Trient in Austria have petitioned the Italian Parliament to take from Austria, Trient and Trieste, former Italian provinces.

In Milan, Signor Battisti, Socialist deputy from Trient advocated the same thing, and was cheered at a mass meeting. The police were unable to stop the demonstrations.

PARIS, Oct. 6.—12 noon.—An official announcement was issued today as follows:

"On our left wing the front is extending more and more widely."

Important masses of the German cavalry have been reported in the environs of Lille, coming from the forces of the enemy who are reported to be making a movement northeast and northwest of Lille.

"Near Arras and on the right bank of the river there have been little changes. Between the Somme and the Oise, there have been alternate advances and withdrawals."

"Near Lasigny, the enemy undertook an important attack which has failed."

"The French, with British co-operation, made a slight advance on the right bank of the Aisne north of Soissons. They also progressed some near Berry-au-Bac."

"There is nothing to report from the rest of the front."

"In Belgium, the Belgians defending Antwerp occupied strongly the lines between the rivers Nupel and Nethe and the German attacks there have failed."

DESPERATENESS OF SITUATION SHOWN IN LETTERS.

COPENHAGEN, Oct. 6.—Letters from German officers in France, appearing in German papers sent here, admit that the situation is desperate and give vivid accounts of the fighting and hardships.

One says: "Officers and men have been rendering superhuman services for the past thirty-seven days in the trenches, chiefly filled with water. None is able to retire from the fighting life for rest. Bad weather is causing much sickness. The army chaplains have accompanied the troops to the front and pray and preach in the trenches."

BRITISH OFFICIAL BUREAU SILENT.

LONDON, Oct. 6.—The British Official Bureau is silent today. The public is optimistic, but impatient.

There was no confirmation today of last night's Amsterdam report that the Emperor had deposed General von Moltke as chief of the German general army staff.

AUSTRIANS AND GERMANS' SITUATION VERY HOPEFUL.

BERLIN, Via Wireless to Sayville, L. I. Oct. 6.—It is officially announced today: "The Germans have captured Fort Camp des Romaines on the Meuse near St. Mihiel, taking five French officers and more than five hundred men, the remainder perishing in the fort."

"The Germans took three thousand prisoners, eighteen cannon and numbers of machine guns when they defeated the Russians at Augustowo."

"The situation is hopeful everywhere for the Germans and Austrians."

BORDEAUX GETS "MOST ENCOURAGING" NEWS.

BORDEAUX, Oct. 3.—News, described as "most encouraging" was received here today from Antwerp. It was said that the German attack was slackening in its intensity.

German forces reported near Lille indicate, according to offi-

If you want your house to burn that is your business.

If you want to prevent that by having your place examined and repaired if necessary that is our business.

Phone

and we will attend to it.

WE MANUFACTURE OUR OWN
STOVE PIPE AND CAN FURNISH
YOU AN EXTRA HEAVY PIPE OF
THE BEST QUALITY

Winn & Payne

cial here, that the Germans have been forced to withdraw their forces from Antwerp to relieve the German right in France. British Admiralty, is at Antwerp.

PARIS, Oct. 7.—12 noon—An official announcement made today was as follows:

"Violent fighting continues on the left wing. The opposing fronts have been lengthened by the masses of cavalry, which are fighting virtually on the Belgian frontier."

"In the Woerve district, the enemy has made a new effort to stop our progress, but was repulsed."

"There is nothing new on the front between the Somme and the Meuse."

PRZEMYSL IS BEING BOMBARDED BY RUSSIANS.

PARIS, Oct. 7.—A Petrograd dispatch says that it is reported from Lemberg that Przemysl, a strong Austrian fortress fifty-one miles west of Lemberg, is being bombarded by the Russian heavy artillery.

All efforts of the Austrian field forces to aid have been unsuccessful and they have retreated. Many houses have been set afire in Pzempsl from the shrapnel.

GERMAN TOTAL LOSS GIVEN AT 300,000.

LONDON, Oct. 7.—A Rome dispatch says that an official Berlin list gives the German dead and missing up to September as 117,000, but authorities admit that the total losses to date are 300,000.

FOURTEEN KILLED BY ONE GERMAN BOMB.

LONDON, Oct. 7.—An Epernay, France, dispatch says that refugees from Rheims report that fourteen persons were killed there by one bomb from a German aeroplane.

GERMAN CRUISER AND TWO GUNBOATS SUNK.

TOKIO, Oct. 7.—The belief was expressed at the war office today that the German cruiser, Comoran, and two German gunboats have been sunk in Kiso Chow Bay.

The Japanese army has advanced along the Shan Tung Railway.

GERMAN TORPEDO DESTROYER IS SUNK.

LONDON, Oct. 7.—An Amsterdam dispatch says that a German torpedo boat destroyer has been sunk by a mine in the North Sea in an estuary of the River Ems.

JAPANESE OCCUPY THE ISLAND OF YAP.

PEKIN, Oct. 7.—It is reported that the Japanese have occupied the Island of Yap, which the Germans bought from Spain in 1899, and which is the most important of the Island of Caroline group. The Yap lies a thousand miles east of the Philippines.

DESTROYER'S CREW IS SAVED FROM DEATH.

LONDON, Oct. 7.—The dispatch said that the German cruiser arrived in time to save the destroyer's crew. The destroyer sank at 11 o'clock this morning. Observers say that they saw two periscopes, presumably of German submarines appear momentarily.

TO LEND \$150,000,000 ON COTTON PROPOSED.

Amounts to Be Proposed Among Banks Joining in Proposition as Soon as It is Indorsed.

St. Louis, Mo., Oct. 5.—A plan for raising a cotton loan fund of \$150,000,000 proposed by a conference of St. Louis bankers, was ratified here today by a delegation of bankers from the cotton growing States and now awaits only the approval of Secretary of the Treasury McAdoo and the Federal Reserve Board before it is carried into effect.

The plan as approved "in general essence" by nine Southern bankers, who had been asked by Secretary McAdoo to attend the conference with St. Louis bankers, provides for the rais-

ing of the fund by subscriptions from national and State banks, trust companies and mercantile and manufacturing companies throughout the country.

"It must be definitely understood declares Festus J. Wade, chairman of the St. Louis Clearing House Association, and originator of the plan "that this is not a movement for the purchase of cotton. It is simply a movement to make available a fund of \$150,000,000 to loan on cotton at not to exceed 6c per pound miding basis. The establishment of this fund will make the cotton crop a liquid asset, stabilize its price and bring about normal business conditions in all lines of trade."

ST. LOUIS

PRICE OF WAR—AN ENGLISH LAMENT.

Chronicle. Russia calls a sixteenth century peasant the fields, and Germany mows down. Another million take place. Death again. Another million. And yet another million of sixteenth century peasants. And when it is all over, those who are left will go back to their fields.

But Germany, France, England, particularly England and Germany, where will they turn when the million dead are shoveled under bloody soil? The bricks and mortar of industry may be still standing, but where will credit be found? And what will the millions of starving factory hands be doing? Happy the Russian peasant who will go back to his sixteenth century and his field, telling the sun's shadow, Industry, Europe, with other things of the date, will lie in ruins.

Armaments have broken the back of the laborer; and with the fall of the laborer all things fall, all things come to earth. Because of the war lords, and only because of the war lords, the science is paralyzed and civilization stops. Humanity has been too late to discover it.

Remember this, too. Among the young conscript soldiers of Europe who will die in thousands, and perhaps millions, are the very flower of civilization; we shall destroy brains which might have discovered for us in ten or twelve years easements for the worst of human pains and solutions for the worst of social dangers. We shall blot those souls out of our common existence. We shall destroy utterly those splendid burning spirits reaching out to enlighten our darkness. Our fathers destroyed those strange and valuable creatures whom they called "witches." We are destroying the brightest of our angels. At least, then, let us not sing boastful songs. Honor may call us to fight, self preservation may force us into the slaughter house; but let us wear on our sleeve the crepe of mourning for a civilization that had the promise of joy, and strike our enemy without a hiccup or a curse. Never shall we know again what is now perishing. And we shall want all our strength for tomorrow.

"CASCARETS" RELIEVE SICK, SOUR STOMACH.

Move Acids, Gases and Clogged Waste From Liver and Bowels.

Get a 10 cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache means a disordered stomach, which can not be regulated until you remove the cause. It isn't your stomach's fault. Sour stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Looking for Ranch.

J. H. Gage of Colorado, Texas, one of the pioneer West Texas cattlemen having sold his ranch and cattle north of Colorado, is prospecting for a ranch investment in the San Angelo country.

Mr. Gage is a very desirable citizen and it would be an honor to us if he decided to locate in this section—San Angelo Standard.

COLORADO FOLKS ASTONISH DRUGGIST

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, is the best we ever sold. Colorado folks astonish us daily by telling how quickly Adler-I-ka relieves sour stomach, gas on the stomach and constipation. Many report that a single dose relieves these troubles almost immediately. We are glad we are Colorado agents for Adler-I-ka. W. L. Doss. 8-14

Swifts Premium Ham, Breakfast. Ten Acorn, Chile and Billed Ham at Beale's.

COTTON SEED OIL IN DEMAND FOR ARMIES.

Value Enhanced by Its Concentrated Character—Shipments to Germany and Elsewhere.

Manufacturers of products of the cotton seed are by no means discouraged over the outlook for their line of business in the coming year. They are not apprehensive of an unfavorable effect of the European war. They speak with some hesitation; apparently resulting from an inclination to suppress an optimism which might possibly be disappointed, rather than pessimistic anticipations regarding the distant outlook. In regard to the conditions today, they admit that there is an improvement compared with the period immediately following the outbreak of hostilities; but they do not look for much change in the immediate future, although it is evident that they are decidedly hopeful of much better conditions at a somewhat later period of the season.

It is contended by the crushers of cotton seed that the oil made from that commodity is, as a general rule, the cheapest edible-fat, and one of the most concentrated and valuable food products known to the world of commerce. It is not the cheapest edible-fat in every season, the oil extracted from peanuts being cheaper at times; while in years of a shortage of cotton and of large yield of corn—the latter the chief food of the hog in the western country—the competition of lard can not be successfully met. This, however, is a great cotton year, while the corn crop is under the normal, and, under those conditions the position of the manufacturers of cottonseed oil is relatively advantageous.

Shippers Buying the Oil.

There has been evidence for some time past, and the signs are daily growing stronger, that shippers of products largely used in supplying the commissariat department of armies, are buying cottonseed oil for the purpose of shipping it to Europe. With these shipments the manufacturers have nothing whatever to do. The steamship Chicago which sailed for France some time ago with a large supply of flour, took 1,000 barrels of cotton oil, and smaller consignments have been sent on a number of other steamers. The fact that considerable supplies are being shipped to the Scandinavian countries suggests that at least a portion of that product is finding its way into Germany and Great Britain is taking substantial amounts, probably for use in the preparation of concentrated foods which are especially convenient in providing for the maintenance of a large army in the field. South America has already been a heavy user of cottonseed oil, and trade with that section of the world will not be permanently impeded.

Of this country's entire production of cottonseed oil about 25 per cent is exported, but on account of the impossibility of getting large quantities into some of the countries which are at war a somewhat smaller portion of the product of the present large crop may go over seas. Extension of the war into Turkey would tend to curtail the trade, for the Bosphorus has been taking a considerable amount, and in the improbable event that Italy entered the conflict on the German side, the export business would be further affected injuriously for the Italians are large consumers of the product, which to a very considerable extent, has replaced olive oil, on account of the lower prices at which it can be obtained.

Exports \$20,000,000 Yearly. Exports of cottonseed oil amount in value, to about \$20,000,000 a year. Last year they were smaller than in 1912 high prices having caused a re-

Splendid Medicine Stomach Trouble

I Suffered for Several Years Peruna Restored My Health

Mrs. Elizabeth Reuther, No. 503 Twelfth St., N. W., Washington, D. C., writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies."

Over Ten Years Ago. "I would not be without Peruna. Although it was over ten years ago that I first gave you my testimonial, I am of the same opinion as when I wrote it, and give you the privilege to use it as you see fit. I still use Peruna when I think it necessary. I am recommending it to my neighbors whenever a chance occurs."

this year exports corresponded close to those of 1913. Prior to the war usually the trade in cottonseed oil is conducted on the basis of long credits, but at present business is being done only for cash at the point of purchase. This complete change in business methods has tended to restrict the demand, but trade interests feel confident that conditions will adjust themselves to it, because cotton oil is a necessity; and as the surplus in hands of consumers becomes depleted ways must be found of replenishing it. Were it a luxury the world might, get along for a time without it but being a necessity, and one peculiarly adapted to present conditions, on account of its concentrated form, the demand for it can not be long suppressed.

Cottonseed cake and cottonseed meal are valuable foods for livestock. They are fed chiefly to cattle and sheep, but it is found that in time of war the belligerent nations increase their consumption of those products, probably using them to help in maintaining horses, in good condition, and it is possible that if the seas are kept open, the export demand for cake and meal will be very large. The next year is expected by cotton oil manufacturers to be one of large demand and good prices for all food supplies, and while they do not apply that expectation to their own products, there is no reason why they should make a reservation in the case. High prices for cotton oil, cottonseed cake and cottonseed meal probably will be seen notwithstanding the great volume of the year's cotton crop.—Wall Street Journal.

What Would You Do.

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by All Dealers.

UVALDE HONEY.

Producers of Uvalde Honey—Comb and Extract. Write for prices, they are reasonable.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—An interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today. Only a quarter.

SMALL BEGINNINGS.

It is the small beginnings that count. It is the easiest thing in the world to put by a penny any day, but it is not worth while. It is easy to add two more pennies to it on the following day, but that is not worth while. It is easy to increase the sum by four pennies on the third day, eight on the fourth day, sixteen on the fifth day, thirty two on the sixth day, and so on but even this is not worth while. These little things are too small to challenge the attention of the ordinary mind but if the system of doubling were kept up for thirty days, which of course would be impossible excepting to the very rich man, the sum aggregated would amount to nearly six and a half million dollars. It is these small savings that count; but the trouble with most people is that they despise the day of small things, and never make a beginning because they do not feel able to make a beginning worth while.

—Memphis News-Scimitar.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidneys or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing down feelings, head ache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent: it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

THE LOCALIZATION OF VIRTUE.

Our friends in various parts of the United States are hereby asked, apropos of the New Haven, Rock Island, Frisco, and other business troubles, to remember that honestly and success are personal, not geographical. The chances are that more money has been sunk in fraudulent mining stock of the Pacific Coast and Rocky Mountain regions than in any two railroad embarrasments. The old Union Pacific Credit Moblier and star-route mail frauds of the seventies were worse than any financial scandals of today because the Government was directly involved. The greatest suffering and loss of all were probably caused by the untimely boom settlement of the dry lands of the western Kansas region in the later eighties and early nineties. Wall Street does not blow all the bubbles.

How To Give Quinine To Children.

FERRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for 2-ounce original package. The name FERRILINE is blown in bottle. 25 cents.

THOROUGH WORK.

How Colorado Citizens Can Find Freedom From Kidney Troubles.

If you suffer from backaches—From urinary disorders—Any curable disease of the kidneys, Use a tested kidney remedy.

Doan's Kidney Pills have been tested by thousands.

Grateful people testify.

Can you ask more convincing proof of merit?

W. Y. Brice, Snyder, Texas, says: "My kidneys were weak, obliging me to get up often at night and I also suffered from rheumatic twinges. As I had heard of the good results to be had from Doan's Kidney Pills, I got a box and in a short time after I began taking them, my kidneys were all right and the rheumatic pains were removed. I highly recommend Doan's Kidney Pills to anyone suffering from weak kidneys."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brice had. Foster-Milburn Co. Props. Buffalo, N. Y. 4-3

BOOSTING THE SILO.

The Texas Industrial Congress is ready to begin its work of promoting the dairying industry in Texas under the "Moser Plan," which was endorsed by the farmers Congress and the State Dairymen's Association at College Station. The Moser Plan, named for C. O. Moser of Dallas, who devised it, provides for financing the purchase of Animals, silos and equipment necessary for any town to have a dairying industry, for seeing that the purchasers get good cows, etc, for their money, and for the dairying to be carried on in the most modern, profit-earning way. Every town that wants an industry which will change its farmer trade from a credit to a cash basis is interested in this proposition, and the congress will send a copy of the Moser Plan to every person who asks for it. The Congress will go further—it will send a man to any town, whose business men desire to have the matter gone over at length with a view of promoting dairying there, and who will assist in organizing guarantors' associations, and in the other steps necessary to get the proposition under way.

A dairying industry will automatically bring about hog raising and poultry growing, because the skimmed milk that is not used in raising calves can be marketed most profitably in the form of pork or poultry. Every dairyman can raise two hogs a year for each cow he keeps, and sour milk is one of the best poultry feeds in the world.

The dairy promotion work of the congress will be under the direction of C. O. Moser, president of the State Dairymen's Association and who was for several years the representative in Texas of the United States department of agriculture, dairy division. He is probably best known to the people of the state through having been for years in charge of the dairy show of the state fair at Dallas. Mr. Moser is, of course, by training and business experience, an expert in the work he will have in charge.

What town will make the first application? The Texas Industrial Congress has headquarters in Dallas, Texas.

FEEDERS PROMINENT

Farmers National Congress Will Attend Fort Worth Show.

Feeder cattle probably will play a big part in the National Feeders and Breeders' show, which will be held in Fort Worth October 10 to 17. This will be due in a large measure to the Farmers' National Congress, which will be held in that city during the great livestock exhibition.

At least 2,000 to 3,000 farmers and stock-farmers, gathered from every section of the United States, will gather in Fort Worth on that date. These men are of the most progressive type, who long ago realized that diversification was necessary to continued success on the farm. They are always in search of good feeder cattle and the ranchmen of Texas have the product with which to fill the bill. Feeder exhibits, therefore, are expected not only to lead to immediate sales but to open an avenue for increased business with these men in the future.

No detail for making the fall exhibition the greatest in the history of the National Feeders and Breeders' show has been overlooked. Not only has every class of livestock that is produced in the Southwest been given ample consideration but numerous forms of entertainment, not allied with the stock exhibit, have been secured. It is the aim of the management of the show to make it one of general entertainment as well as education in livestock lines. Carnival attractions of the best have been secured. Many free acts of a diverting nature will be furnished in the vast arena of the Coliseum building, which is the home of the Fat Stock show. An industrial exhibit of superior merit will be furnished and a poultry show, hitherto unsurpassed in Texas, will be held in an adjoining exhibit hall. Last fall, birds from every section of the country competed for honor and prizes and the Texas-bred kind carried off most of the money.

The seventeen railroads which make Fort Worth the virtual center of the state have offered splendid rates, which will afford everyone a chance to visit the show. Special excursions will be run along many lines, exclusive of the regular rate arrangement. County fairs are showing an exceptional interest in the Fat Stock show this year and their choicest livestock will be sent here.

The boys and girls features, both in the baby beef and hog divisions, will be better than ever. The entries in many classes will be ten times as numerous as in previous years.

Only One "BROMO QUININE"

To get the genuine, call for full name, LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day. Stops cough and headache, and works off cold. 25c.

The man who says he caught that big fish last summer will soon be telling how many birds he killed at one shot.

Some very fine fruit jars to close out at a bargain.—W. L. DOSS.

One of the grand openings for bright young men in Europe after the war will be in the claims and damages departments.

Dumdum bullets. are barbarous. So is war.

TO RESIST THE ATTACK—of the germs of Consumption, Scrofula, Grip, Malaria, and many other diseases—means fight or die for all of us. These germs are everywhere in the air.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spot" or soil for germ-growth.

We claim for Dr. Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself. It cures troubles caused by torpid liver or impure blood. "The Common Sense Medical Adviser," latest edition, in French cloth binding, will be sent free on receipt of 31 one-cent stamps to pay the cost of wrapping and mailing only. Address: Dr. Pierce, Buffalo, N. Y.

F. M. BURNS

THE STORE OF QUALITY

REPORT OF W. A. DULIN.

Gentlemen: I beg to report the following work done for the month of September. Advised farmers not enrolled .. 147 Farmers visited 68 Letters written 54 Bulletins sent out 24 Letters and literature to Club members 50 Miles traveled by team 441 Miles traveled by rail 40 Meetings attended 2 I am advising all the farmers to raise more live stock and poultry on the farm and to prepare for better gardens. We have some black leg among the cattle, and some damage done by the boll worms. Crops are as fine as could be desired, but the farmers are having trouble in getting hands to gather the crops. Respectfully submitted by W. A. DULIN. Agent for Mitchell County.

THE MAGIC WASHING STICK.

"The Magic Washing Stick is the finest thing in the world. Cleans the clothes without rubbing—makes the whitest clothes I ever saw. I cannot do without it anymore. All you say is true, it does all you say it will. I would give it for nothing I have ever used. Hope every lady will try it," writes Mrs. W. F. Gammill Ashdown, Ark. This peculiar article is sold by grocers and druggists, three 10c sticks for 25c, or by mail from A. B. Richards Medicine Co., Sherman, Texas. 08-01

Isn't it time you sent us those blankets and quilts to launder? You will need them soon and be sure they are sweet, clean and sanitary before using them—THE LAUNDRY.

MINERAL WELLS GOES DRY.

Mineral Wells, Oct. 3.—The prohibition election here, taking in this justice precinct, resulted in the drys winning by a vote of 530 to 355. The election passed quietly.

Grady, I. T., Nov. 29, 1898.

Dear Sir:—About eleven months ago I was taken by something I thought to be rheumatism, and lost the use of one leg. I consulted physicians; they told me it was incurable and advised me to have the leg amputated. Unwilling to part with my leg, I commenced using medicines advertised for the above disease, all to no effect; but after taking two bottles of McCrosky's Tonic you left with W. C. Sappington for me, my health was greatly improved, and after taking the third bottle I am able to walk without my crutches. You may use this if you see fit. Anyone doubting this can write to me and I will answer them, provided a stamp for postage is inclosed.

S. W. M'LELAND.

For Sale By W. L. Doss.

Cotton pickers are wanted still, let your washerwoman and her family go to the cotton patch and send us your laundry. You will know when to expect us to come for it when it will be returned and you can be sure it is sanitary as well as clean—COLORADO STEAM LAUNDRY.

Table showing rainfall data for Colorado from 1908 to 1914, with columns for months and total rainfall.

COLORADO, TEXAS, OCTOBER 2, 1914

ON THE TENTH LAP.

With this issue of the paper, The Record completes the ninth year of its publication and begins the tenth lap with greater confidence in the town and county it serves than ever before.

In season and out; in drought and prosperity; with encouragement and without it, the Record has worked to one single end—to be a model country newspaper, devoted to the interests of the town of Colorado and Mitchell county.

The editorial policy has been to print nothing about anyone we would not consent to have printed about us; to say the encouraging word at all times; to cheer the despondent, hearten the weak and help in a sympathetic and material way, the brother who is down and out.

But the accomplishment of all these ends depends upon the co-operation of those whom the paper tries to serve. We can make the paper no better than its friends will help us make it.

No further evidence is needed of the Kaiser's war madness than the dismissal of his Chief of Staff, Gen. Von Moltke, because the latter did not agree with the Kaiser's plans of attacking England immediately, regardless of the consequences.

By reference to the published resume of the assessor's roll in this issue, it will be seen that there are only 896 hogs rendered for taxes in the county valued at \$3,360, as against 26 dogs valued at \$815.

The melancholy days are come. Stop picking cotton long enough to bring us a load of wood. It has gotten to the point where we can't go home unless we send a load of wood up first.

The Mexican war situation is the thing of most importance now before the public, so the news that West Bros Big Show, "A Texas Ranger," is soon to be seen in our city is of great interest to all.

THE HELP THAT COUNTS.

Managers of the U. W. Post estate have announced that they would pay the farmers of Garza and surrounding counties ten cents a pound for enough cotton to run the cotton factory at Post City two years.

THE HAZARDOUS CROP OF THE SOUTHERN FARMER.

Middling cotton sold in Dallas Monday at 7 1/2c. On the same day and in the same market No. 2 corn was quoted at 83 cents per bushel.

It is the prophecy that they give, that ought to be heeded by the farmers of Texas. They can not now change the existing conditions. These conditions are the inevitable and irrevocable consequence of their mistake in having grown too much cotton and too little of wheat, corn and oats.

are certain to command profitable prices next year for the reason that it is highly improbable, not to say impossible, that the supply of these commodities, will exceed the demand for them.

The path of wisdom and common sense lies so plain and clear before the gaze of the farmers that to suppose that they must be put under constraint to reduce their cotton acreage is to pre-suppose that they lack ordinary intelligence.

WHAT THE PANHANDLE FARMER THINKS OF THE SILO.

Farmers in the Plainview country do not question the value of silos. Experience here with the big fireless cookers has created much enthusiasm.

Farmers in this country are convinced that intensive stock raising pays largest profits. They will develop high grade livestock and the silo side by side.

Eighteen silos are going up in Hale county at this time. Eight of these are pits and will be lined with cement.

There are now more than fifty silos in the county. All of them have been built during two years. The largest crop yield in the history of the Shallow Water Belt will furnish incentive to more than double this number before another year.

HUMANITY MAY SHIVER FOR LACK OF FUEL.

A world wide coal famine is predicted this winter. The mines of Europe have been closed by the war which is raging over there, while the foreign coal miners have laid down the pick and shovel to shoulder the rifle and the bayonet.

There are many lessons to be learned from the present conflict, one of the most forcible of which is the need for development of our own mining industry.

The world's yearly coal requirements is a little more than a billion tons and our estimated supply would last the world for a quarter of a century on the present basis of consumption.

We produce enough cotton to clothe the world, enough meat to supply the demand of both hemispheres, so why not furnish civilization with fuel and keep humanity from shivering with cold.

BURDENS OF THE POOR.

The Christian Register: The heaviest burdens laid on the general public by the warfare now raging in different parts of the world will be laid on the poorest classes.

Let the people of this country put behind them such pessimism and such narrowness, and in a spirit of enthusiastic optimism carry forward the work of the day, without hesitating or halting and then there will be business enough for all and room enough for all when the temporary disadvantages of the present situation have passed away.

STATEMENT OF OWNERSHIP, MANAGEMENT ETC. Required by the Act of August 24th, 1912.

Of the Colorado Record, published weekly at Colorado, Texas, for October 1st, 1914.

Editor—A. H. Weston, Colorado, Texas.

Business Manager—F. B. Whipkey, Colorado, Texas.

Known bond holders, mortgages, and other security holders holding one per cent or more of total amount of bonds, mortgages or other securities—None.

(Signed) F. B. WHIPKEY Business Manager.

Sworn to and subscribed before me, this 30th day of September 1914.

G. B. HARNESSE.

Notary Public, Mitchell County, Tex. My commission expires June 1st, 1915

not cross the threshold of the humble home. By doing everything within their power to keep the wheels of business in motion and using every effort to prevent the raising of prices and the scarcity of money by hoarding much can be done in this land of plenty to ward off everything that threatens famine or even the loss of comfort.

Don't let those big rains wash your farm away. One large rain often costs the farmer more than the expense of building terraces that would save his soil from washing away.

PUT PESSIMISM BEHIND YOU.

The following optimistic editorial appeared in the August 6th issue of the Manufacturers Record of Baltimore, and because of its splendid tone we reprint it in these columns, hoping that every reader will ponder over it and be benefited thereby.

"Humanity may be staggered by the horrors of Europe's war, but civilization will not be destroyed. Millions of men and billions of treasure may be lost in this devilish work; thrones may totter, and new maps of Europe may be necessary before the end is reached; but mankind will, on the wreck of these ruins, build a better civilization—one in which the people, and not a few unscrupulous men who feel that they have been Divinely appointed, will rule.

"As the people of this country view the horrors of the European situation they may well take courage and thank God that they live in a land free from such conditions as those prevailing in Europe. While moved by profound sorrow for the awful tragedy that is being enacted on the battlefield and the greater suffering of broken hearts in homes made desolate by war's destruction, we yet have a right to lift up our hearts in thanksgiving for the blessings of this country in material things and in the freedom from the conditions prevailing in Europe.

"In the light of the contrast between the blessings which the people of the United States are now enjoying, with the magnificent crops of the year and all other privileges vouchsafed to us, how small and petty seem our thoughts when we mourn because business is not quite as good as it might be and because our chances of making money are for the moment not quite as abundant in times past.

"Let the people of this country put behind them such pessimism and such narrowness, and in a spirit of enthusiastic optimism carry forward the work of the day, without hesitating or halting and then there will be business enough for all and room enough for all when the temporary disadvantages of the present situation have passed away."

Have you a peeg? Then get one.

All the Old Guard Republicans, including Uncle Joe Cannon won in the Illinois Republican primaries, which again proves that the regular republicans are anti-progressive.

A town of 4,000 inhabitants in Peru has been wiped out by an earthquake, but very few newspapers found room for an item about it on the front page.

Thus far no voice has been raised against the horrible slaughter of

TEXAS RAISES MORE DOGS THAN HOGS.

Wonderful Resources Going to Waste or Lying Dormant—Startling Figures Given.

(By W. S. Taylor, Professor of Agricultural Education, University of Texas).

There are few states in which farmers enjoy such great opportunities as in our own state. Texas is a land of wonderful agricultural possibilities. Nature gave her large areas of the most fertile soil man ever cultivated. She also endowed her with vast stretches of forest and broad fields of green pasture. The wealth of the state lies almost wholly in her soil.

And this is not what we are doing in Texas at the present time. We have a large number of soil robbers where we should have soil builders. We attempt to grow cotton where we should grow feed. We have cotton gins where we should have silos. We raise dogs when we should raise hogs. We have the reputation of being a great meat producing state and we are. But we haven't begun to realize our opportunities.

The following optimistic editorial appeared in the August 6th issue of the Manufacturers Record of Baltimore, and because of its splendid tone we reprint it in these columns, hoping that every reader will ponder over it and be benefited thereby.

There are a few conditions in the state that are radically wrong and wholly opposed to soil conservation and successful and permanent agriculture. Our farming is not diversified enough. We depend too much on our cotton crop. Every day a large number of farmers drive into town and buy feed for their livestock. Feed is much more easily grown and is a surer crop than cotton always.

There are a few conditions in the state that are radically wrong and wholly opposed to soil conservation and successful and permanent agriculture. Our farming is not diversified enough. We depend too much on our cotton crop. Every day a large number of farmers drive into town and buy feed for their livestock. Feed is much more easily grown and is a surer crop than cotton always.

GIRL RUNS DOWN PROFESSOR JENKINS.

We take the following account of the serious accident which befell Prof. Jenkins last week from the San Angelo Standard of the 3rd instant.

The accident happened in the business section. Prof. Jennings came here a few days ago.

Professor Jenkins was in Colorado just before going to San Angelo, endeavoring to get up a music class, but was unsuccessful.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

A Notice to All I KEEP NOTHING BUT SELL WOOD, COAL AND FEED. Plenty of oak wood in 4-foot, cook stove and heater lengths.

COAL NOW is the time to buy your winter coal. I will have some cars of best grade coal to arrive latter part of August and want to book orders now.

JUST CONSIDER THAT CAT.

(By Harry L. Marriner, News Staff Poet.)

Whenever you feel there is nothing on earth
 Worth living, since all is so bad;
 If ever you feel there is nothing of worth,
 Cheer up; there's no cause to be sad.
 Consider the way that he went through his life—
 The Cat that my Grandmother had.
 We'd kill him on Sunday and bury him Monday;
 On Tuesday we'd break the sad news.
 On Wednesday he'd sneak through a hole in the screening
 And utter self-pitying mew.
 We'd shut the door on him, and dump gravel on him.
 And though he was injured always,
 He'd always come back when we got off his track
 To live with a smile through his days.
 Consider that cat when you're trampled out flat;
 He'd nothing in life to expect.
 Except we might catch him, and hogtie and stretch him
 To some picket fence by the neck.
 His future, it's certain, behind the drawn curtain.
 Held nothing a cat calls worth while.
 So don't be forgetting the blessings you're getting.
 And that the cat lived with a smile.

OPENING OF THE CLUBS.

The different literary clubs of the city had their first meeting last Friday. Mrs. C. M. Adams was hostess for the Bayview. Their course of study for the year will be Coriolanus and George Elliott's work. The first to be studied is Adam Bede. The guests were the hostess's sisters, Mrs. Humphrey, of Plainview and Mrs. Morroy of Los Angeles, Cal., Mrs. John C. Moor of Dallas, Misses Eleanor Coleman, Eleanor Van Tuel, Juanita Shropshire and Louise Moor.
 A two course luncheon was served at the social hour.
 The Standard had their introductory meeting with Mrs. Smoot.
 In the absence of the President, Mrs. Coleman, Mrs. Riordan made the president's address, and then the year's work was begun. Their Shakespeare study is to be Cymbeline. Ice cream and cake were served at the social hour.
 The Hesperian Club had an open meeting with Mrs. M. K. Jackson. The house was decorated with the Club's flowers. Each member had a guest. The Roll call was summer reminiscences. All the guests taking part. After a program of music and readings the retiring president, Mrs. W. L. Doss gave her farewell address in her usual pleasant style. Thanking the officers and members for their co-operation and urging that they be loyal to their new president. The keynote of her message was concentration. The incoming president, Mrs. J. R. Collier had a message of inspiration filled with practical plans for the year. Besides urging the ladies to be true to the unfortunate girls of Texas and help in securing a home for them that they might be cared for and protected also plans were given the members whereby they might benefit their sisters in the rural districts. After the program the hostess had a very interesting contest "Among the Authors," that was very interesting to all. Mrs. Burk, Miss Jo Dry and, Mrs. Y. D. McMurry proved to be the most familiar with them and were given beautiful bouquets of roses, carnations and goldenrod for their superior knowledge. At the conclusion ice cream and delicious white and black homemade cake were served. The retiring president was presented with a Colorado souvenir spoon—presented by Mrs. Jas. T. Johnson.

CLUB WOMAN'S CREED.

Some extracts from an address as given by Mrs. Jno. R. Collier to the Hesperian Club, Friday afternoon, Oct. 2nd.
 "Keep us, God, from pettiness; let us be large in thought in word, in deed."
 "Let us be done with fault-finding and leave off self seeking."
 "May we put away all pretense and meet each other face to face without self-pity and without prejudice."
 "Help us to forgive and forget in-

juries and always to remember benefits.

"May we never be hasty in judgment and always generous."

"Impress us with a sense of individual responsibility for every interest of the club."

"Let us take time for all things; make us grow calm, serene, gentle."

"Teach us to put into action our better impulses, straightforward and unafraid."

"Lead us to see and appreciate the good in others to as sacredly guard and defend the character and good name of each member of the club as those of the family, and to remember that the use of dishonorable political methods in club life for women will be the death-knell of all pure womanly organization."

"Grant that we may realize that it is the little things that create differences; that in the big things of life we are as one."

"May we strive to touch and know the great, common woman's heart of us all, and, O Lord God, let us forget not to be kind."

"Guide us in the development of a spirit of mutual sympathy and appreciation."

AUXILIARY.

The Auxiliary to the C. W. B. M. met with Mrs. C. T. Harness this month with Mrs. Willis R. Smith as leader. They had their first lesson from their new year Book. The subject being Africa.

The Roll Call was names of Missionaries in Africa.

Mrs. Stowe gave a very interesting sketch on the life of David Livingstone.

The Bible Questions were on Lamentations and Ezekiel. Mrs. Keiper was a guest. Light refreshments were served at the social hour.

G. F. C.

Mrs. Myrtle Vaughan was hostess for the G. F. C. last week.

The guests were Mrs. John Vaughan Mrs. Sam Majors, Mrs. Oscar Majors and Miss Winnie Vaughan. Miss Irene Whipkey carried off both the lone hand and club prizes while Miss Winnie Vaughan won the guest prize.

The hostess served fried chicken, olives, hot rolls, potato chips, peach salad and wafers, and ice tea. The meeting this week is with Mrs. Everett Winn.

WOMAN'S EXCHANGE.

The Woman's Exchange is now open to the public at the residence of Mrs. V. V. Allen. Last Saturday, Mrs. Allen and her assistant served tea and little cakes to those who came and also showed the many useful and dainty articles that are ready for sale. The ladies are cordially invited to call on them when they want any thing to eat, wear or give as presents. They have towels, aprons, big and little, mittens, pillow cases, centerpieces, baby caps and many things of like nature. They will be glad to take orders for cakes, bread and etc., at any time. When in need of anything in that line leave your order to Mrs. Allen.

PRAYER FOR PEACE.

According to the proclamation issued by the President of the United States that all churches set aside Sunday Oct. 4th, as a day of prayer that peace may soon come to the warring nations the citizens of Colorado after services at the various churches in the morning met in a union service at the Methodist church in the evening. The house was packed and each one seemed to feel the sacred solemnity of the occasion. The different choirs of the town led the music appropriate to the occasion and the Scripture was read by the leading members of the different denominations. Short addresses were given by Pastor R. A. Clements and Dr. W. F. Fry of Abilene. The people were much the better by approaching the throne of Grace in intercessory prayer. The offering taken will be sent with other offerings over the State to relieve the distressed and suffering on the battle field.

SCHOOL PICNIC.

Last Friday after school the sixth grade chaperoned by their teacher, Miss Johnnie Collins took a lunch and hied to the bluffs to eat it.
 After they exercised awhile by climbing the rocks a fire was built, bacon broiled, onions peeled and the rest of the lunch spread, the real picnic began and ended. A tired but happy crowd reached home about dark.

FIDELIS CLASS.

The Fidelis Wesley, organized class of young married ladies of the Methodist Sunday school with Miss Jo. Dry as teacher met at the church last week and elected their officers.

Mrs. Floyd Beal—President.
 Mrs. W. W. Hart—Vice President.
 Mrs. W. P. Leslie—Secretary.
 Mrs. Preston Scott—Class Secretary.

Mrs. Henry Doss—
 Mrs. Earl Jackson—Treasurer.
 Mrs. Sam Wulfjen—

The Chairmen of the different committees are absentees Mrs. Myrtle Vaughan. Soliciting, Mrs. Stoneham Beal; Missionary, Mrs. Grantland; Sick, Mrs. Dodson; Social, Mrs. Sam Wulfjen.

The first work they will do will be to make and send scrap books to the hospitals in foreign lands, and to sew for their orphan homes. They will help in different ways with their church work.

The meetings will be held monthly at the homes of the members.

BIRTHDAY PARTY.

Little Melba and Margaret Bullock have the distinction of having their birthdays so close together that they can both celebrate together. Margaret was five on Sunday and Melba was seven on Monday. So on Monday they had their friends come in and play with them in honor of this happy event. The yard was full of happy little folks and all kinds of games were played, winding up with a "Moving picture play". They then marched in the dining room where two birthday cakes, surrounded by West Texas flowers, and with the proper number of candles on them were cut and served with ice cream.

Misses Minnie Lawless and Allene Davis assisted the mama in entertaining this bevy of fifty nine children.

Many appropriate gifts were left these little lassies as a souvenir of this never-to-be-forgotten event.

LADIES' AID SOCIETY.

The Ladies' Aid Society of the Baptist church held their regular business meeting at the church house last Thursday.

The program was completed for the W. M. U. to be held this week at the Methodist church building. The following annual financial report was read and adopted.

Incidentals	11.25
Expense for Protracted meeting	6.00
Given to Pastor	25.00
Pledge to Simmons College	25.00
Total	\$742.85

MISSIONARY SOCIETY.

The Ladies Missionary Society of the Methodist Church had their regular meeting Monday at four o'clock.

After the Scripture lesson conducted by Mrs. D. N. Arnett, reading of the birth of John the Baptist. The first Chapter of "The Child in the Midst" was studied. It dealt with the helplessness of the child and many good things were learned from this one Chapter. The class is large but the teacher would be glad if others would enlist now and get the benefit of the whole book.

STOP SICK HEADACHE OR NEURALGIA PAIN

Dr. James' Headache Powders Relieve At Once—10 Cents a Package.

Nerve-racking splitting or dull throbbing headaches yield in just a few moments to Dr. James' Headache Powders which cost only 10 cents a package at any drug store. It's the quickest, surest headache relief in the whole world. Don't suffer! Relieve the agony and distress now! You can. Millions of men and women have found that headache or neuralgia misery is needless. Get what you ask for.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Foster's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

MOVING.

Mrs. J. E. Hooper has moved in her new home. Mr. and Mrs. Preston Scott moved in the house they vacated while, Mr. and Mrs. J. B. Reese returned from their meanderings and are now at home in their home vacated by the Scotts.

While Mrs. Hooper and Miss Elsie were attending their church societies last week a crowd of Miss Elsie's young lady friends took possession of the new house cleared the dining table and spread an elegant lunch and were awaiting to receive the mother and daughter when they arrived. There was every imaginable good thing to eat that young ladies know so well how to prepare. Such thoughtful kindness lightens life's burdens and strengthens the ties of friendship.

CHURCH OF CHRIST.

Rev. W. W. Brewer of Roscoe will preach at the Church of Christ Sunday morning at 11 o'clock and evening at 7:30. Morning subject, "God so loved the world." Evening subject "Gospel of Christ."

METHODIST CHURCH.

Every Sabbath Sunday School at 9:45 a. m.; Preaching at 11 a. m. and 7:30 p. m.; Junior League 2:30 p. m.; Senior League 6:30 p. m.; Prayer meeting every Wednesday 7:45 p. m.; Choir practice every Wednesday following Prayer Meeting; Vesper Service every 4th Sunday 7:30 p. m. A cordial invitation is extended to all.
 R. A. CLEMENTS, Pastor.

FALL FLOWERS.

Mrs. Jim Smith will have beginning the first of next week, a line of cut flowers also bulbs, Chinese lilies, Narcissus, hyacinths and would be pleased for her friends to give her an order

U. D. C. PROGRAM.

The Chapter will meet Monday Oct. 12 with Mrs. R. N. Gary and Mrs. Samuel Gustine at the home of Mrs. Gustine at 4 o'clock. All members are urged to be present as there will be an election of officers.

W. L. EDMONDSON & CO., Loraine, Texas

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Pick me up something to knock the malaria, doctor," remarked a sallow-faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine cabinet, took down a couple of bottles, mixed a quantity which he handed to the patient with the customary advice to "take well and follow directions," and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The rainy days and damp, chilly nights are in malaria breeders and are most common in those who have neglected to keep their stomachs, liver and bowels in good condition. Such persons are full of the impurities which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation, a few doses is all that is needed to make them feel well and hearty again."—W. H. McWilliams, Nicksburg, La.

Sold by druggists. Price \$1.00.

SUGGESTIONS FROM DR. KNAPP.

To Farmers and Business Men in Cotton Territory:

In every emergency plan of action is a great help. The prices of food products are high and there is every indication they will remain so during the next year. The war in Europe has disturbed production abroad and has interfered with consumption and with markets and financial conditions in this country. This state of affairs familiar to every one, makes it imperative that every farmer and every community should plan for next year's work accordingly.

The Department suggests to the cotton farmers the following important things to consider for the next year.

1. A home garden for every family. The home garden is one of the most important means of cutting down expenses and producing the living of the family on the farm. Set aside a good rich piece of land near the house for this purpose. Prepare it with extra care and supply manure liberally. Secure from your County Agent, your Agricultural College or the U. S. Department of Agriculture, directions for the making of a garden, not only in the summer but early and late in the year. Proper attention to the garden will give the farmer wholesome food during a large portion of the year. Get in touch with the Girls Canning Club Work and arrange to can the vegetables and fruits for winter use.

2. Produce all the Grain for your Own Use. Get good seed and follow the instructions of your County Agent in raising a good crop next year. Figure how many bushels you will need for your own use and some to sell, and put your acreage in accordingly. You will need grain for the feeding of your livestock and your family, and a reasonable surplus.

3. Produce your Own Hay and Forage Crops. If you can obtain seed at a reasonable price sow crimson or bur clover, vetch, or some other winter legume. If unable to do this put in oats or rye this fall, peas or beans in the spring, or use sorghum, Kaffir corn, milo maize or some other crop adapted to your climate and soil. Consult your County Agent, your Agricultural College or the U. S. Department of Agriculture.

4. Produce Enough Chickens and Hogs to Make your Own Meat. As a rule our southern farmers have too few chickens. Pay some attention to them. With a little work they can be produced cheaply, and enough of them will save the necessity for purchasing meat. Every family should plan to raise a few head of hogs and the crops necessary to feed them. The County Agent will help you with plans in this direction. Save your brood sows and hens and pullets. You cannot afford to sell any breeding stock. Market a part of your corn crop and your peas and peanuts through hog

and chickens. Do not be tempted to sell heifers or cows; breed them to good beef type bulls and grow your own meat.

Landlords should see that their tenants follow instructions and grow as much as possible of their supplies, as suggested above next year is the important year for all farmers in the cotton territory to make up their minds to "Live at Home" as nearly as possible. Every dollar saved of advances will be so much gained at the end of the year; every dollar borrowed on advance has to be paid back out of the cotton crop.

6. Plant less acreage in Cotton. Why? Because food products will remain high and cotton will probably remain low if the war lasts. Do not run any chances. Follow a safe plan. You will need the extra acres to produce the food crops. It is estimated that between three and four million bales of cotton will have to be carried over out of the present crop. A normal acreage in cotton next year, and no increase in food crops, will certainly mean high priced food and low priced cotton. You cannot afford to be compelled to purchase high priced products out of a very narrow margin or profit in the cotton crop. Economy in raising what cotton is planted is of supreme importance. The best economy is in good farming and living at home.

To bankers and merchants we would say that with their cooperation much can be done to make our own supplies for next year. In many counties in boll weevil territory bankers, merchants and farmers have united to sustain credit. In such cases farmers have agreed to produce home supplies and do good farming and bankers and merchants have limited advances by insisting that the farmers must reduce the acreage in cotton to make way for the necessary food crops. A little of that same cooperation will help the whole cotton territory next year. Will our bankers and merchants be cooperators?

Suggestions and instructions on all of the subjects mentioned in this letter may be had on application to your County Agent, your Agricultural College, or the U. S. Department of Agriculture.

This letter will be followed by other suggestions from time to time.

Very truly yours,
BRADFORD KNAPP,
Special Agent in Charge Farmers' Co-Operative Demonstration Work.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue Is Coated or If Cross, Feverish, Constipated give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat, sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

NEW TRICK JUST DISCOVERED.

A great discovery has just been announced, according to the New Orleans Picayune. It is a new method of capturing the elusive angle worm and is thus described:

"It has been estimated that during the past twenty years there has been enough dirt removed and labor expended in the quest of fish bait to have completed the Panama Canal, and it now appears to have been a useless expenditure of labor, profanity and perspiration; the angle worm with the proper coaxing will crawl right out of the ground and into your bait gourd. All that is necessary to turn the trick is two sticks one inch by two, two and one-half feet long. One of the sticks is driven firmly in the earth, then by sawing with the other stick across the top of the upright stick just like playing a fiddle every bait worm within a radius of twenty feet will crawl right out. The only labor necessary then is to pick them up and put them into your can."

Get ready for frost and the fall election.

THE BABY BEEF SHOW

This Class Will Play Prominent Part at Ft. Worth Exhibition.

From its inception in the mind of a famous livestock expert only two years ago, the baby movement has spread like wildfire throughout the Southwest and today it is recognized as one of the most potent factors in the work of saving the country from meat famine. A most comprehensive knowledge of the progress of this great movement, so all-important to the cattle industry of the future, may be gained by a visit to the National Feeders and Breeders' show, which will be held in Fort Worth October 10 to 17.

At the last spring show in Fort Worth, in March, 1910, baby beef had its first recognition at the hands of Texas' great live stock exposition. There were only twelve entries. The date of the show was changed to fall and baby beef was again included in the prize list. This time there were about sixty entries. In the meantime, the boys' and girls' baby beef club movement had been spreading throughout the state. The total membership in this state alone of youngsters between the ages of eight and eighteen was more than 1,000. This fall's show will see at least 500 to 600 entries in the baby beef classes, for which liberal prizes have been offered. The baby beef clubs of Brown and Coleman counties alone have asked for 100 entry blanks each. The baby beef club membership in Texas now mounts into the thousands and bankers, merchants and progressive stockmen are furnishing the means whereby the youngsters of the community may start in business with a calf or so.

The National Feeders and Breeders' show keeps well in touch with the trend of livestock advancement in the Southwest. Nothing worthy fails of recognition. Magnificent exhibits of Jersey and feeder cattle are anticipated, exclusive of the usual show of beef cattle.

All of the old exhibitors and many new ones will be on hand with their herds this year, according to information received by the management of the show, and the stall-space in the vast stables is being taxed.

Hogs, sheep and horses will be on hand in even greater number than in the past. The aristocrats of the feeding pen and the product of the range have been provided for.

The Fort Worth Fat Stock show is the "exhibition of magnificent distances." It draws exhibitors from perhaps a larger area than any like exhibition in the country. Its field is the Southwest, but it reaches far beyond these confines.

Special excursions will be run along many railroads and the largest attendance in history is confidently expected.

MITCHELL COUNTY'S ASSETS.

County Assessor, Callaway has finished his tax rolls and is preparing to forward them to Austin. From them we glean the following details:

Total number of acres	578,315.00
Assessed value of same	\$3,364,680
City real estate values	740,325
Bank assessment	231,500
Railroad assessment	1,019,174
Telegraph and Telephone assessment	31,000
4784 horses and mules	203,860
12,343 head of cattle	259,635
38 goats	95.00
69 jacks and jennets	4,100
896 hogs	3,360
26 dogs	815
1135 vehicles	53,105
Merchandise	145,065
Manufacturing tools and implements	31,930
Engines	200.
Money of banks etc.	12,160
Money on hand or deposited	27,660
Amount of credits other than banks	84,900
Miscellaneous property	91,845
Total values	6,301,034
Total taxes due the state	23,600.30
Total taxes due the county	31,514.62
Number of poll taxes	1,400

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and builds up the Whole System. 50 cents.

TEXANS PROUD OF THEIR STATE FAIR

Different Policy Being Pursued by Management This Year.

\$80,000 IN PREMIUMS.

Features That Stand For Best in Recreation and in Education Only Are Considered.

Dallas—Go to Fair Park and you will be impressed with the magnitude of the work now under way in preparation for the twenty-ninth annual meeting of the State Fair of Texas, which begins Saturday, Oct. 17, and continues sixteen days.

You will see that the "Different Fair" policy of the management this year is being carried out in every detail. You will find that the deadwood stuff of previous years has been eliminated and in its place the very latest in features that stand for recreation and for education installed.

Texans are proud of their State Fair and they have a right to be. No other institution in America is so splendidly equipped in grounds and permanent buildings or in conveniences that add to the comfort of those in attendance at each meeting.

Prizes the Richest.

Furthermore, there is no other fair on the American continent that offers richer and more generous prizes with the possible exception of one than the State Fair of Texas.

The catalogue for the 1914 meeting lists prizes amounting in the aggregate to \$75,000. Added to this are specials and trophies bringing the grand total up to \$80,000.

The demand for space is unprecedented. Secretary W. H. Stratton reports more exhibitors signed up than ever before at this time. With rosette crop prospects there should be big crowds at the fair.

Superb Park Improvements.

Thousands of dollars are being expended this year in park improvements. Roadways are being widened, improvements are being made in all public buildings, new and ornamental drinking fountains are being placed in various sections of the grounds, new sidewalks are being built and hundreds of other improvements being made.

It will be a million-dollar enterprise. The grounds and buildings alone are worth twice that amount. The exhibits of industrial arts, fine arts, livestock, implements, vehicles and machinery, automobiles, amusement enterprises in intrinsic value will reach a sum that is staggering to conceive.

Prominent Men at Helm.

Those at the helm of affairs are all men of prominence, builders of Dallas and of Texas, men vitally interested in the success and the betterment of every industry in the state. They are as follows: W. I. Yopp, president; Royal A. Ferris, first vice president; Edgar L. Flippen, second vice president; J. B. Adoue, treasurer; W. H. Stratton, secretary. Directors: E. J. Kiest, William Doran, E. M. Kahn, A. A. Jackson, H. A. Olmsted, J. C. Duke, J. S. Kendall, R. E. Knight, J. J. Eckford, S. I. Munger, John N. Simpson, Louis Lantz, S. T. Morgan, P. F. Silney, Alex. Sanger, W. H. Gaston, R. A. Ferris, Edgar L. Flippen and W. I. Yopp.

A. AND M. WILL HAVE SPLENDID EXHIBIT.

Latest Answers Obtainable on Different Farm Topics.

Dallas—When a farmer visits the 1914 State Fair of Texas, Oct. 17, Nov. 1, he should go to that fount of good, practical information, the exhibit booth of the Agricultural and Mechanical College of Texas, where he will find the latest answers obtainable on different farm topics.

If a problem presents itself in the way of plant diseases he can ascertain the proper ways of treatment. He will also find samples of adulterated seeds and how to guard against them.

The work of the students of the college will be illustrated in all its various details. Photographs of the experimental work in progress will be shown. The proper methods of keeping dairy records will be exhibited, and there will be charts showing the relative value and cost of different rations, the qualities to be sought in building up a good dairy herd, the comparative value of milk with other foods, and the milk and butter fat production of some of the college cows.

Results of investigational work in experimental agronomy, such as the yielding power of different varieties of corn and oats and diversified farm, will be of unusual interest.

The right and wrong methods of pruning, grafting, the proper method of training young trees and vines, these all will be shown.

It is the most important exhibit ever assembled by the college for the State Fair.

MILK TESTING CONTEST.

Students of A. and M. College Will Show Expertness at Coming Fair.

Dallas—When the students of the Agricultural and Mechanical College of Texas gather at the 1914 State Fair of Texas, which begins Saturday, October 17, there is going to be some real milk testing demonstrations and students' judging contests. Already a good-natured rivalry is in evidence, and although the cash premiums are not so large, the honor of winning first is what really appeals to those who will take part. Milk will be tested for added water, added skim milk preservatives, and butter will be tested for moisture, salts and the presence of other fats than butter fats. Cash prizes, totaling \$70 will be awarded in the judging contests which will consist of judging two classes of dairy products.

Factory Exhibits at Fair.

Dallas—Miniature factories in operation promise to be one of the big features of the 1914 meeting of State Fair of Texas, which begins Saturday, October 17, and continues sixteen days. S. I. Munger, director of this department of the State Fair, has already closed negotiations for a thread manufacturing plant exhibit, as well as various other industrial plant representations. It is especially planned to show the handling of cotton from the field to the gin and thence to the mill, an exhibit that will deal with the importance of developing the cotton manufacturing industry of Texas.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" ends stomach Misery, Indigestion in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out of order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat, besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

By taking your cotton to W. F. Crawford's yard to be weighed, you stand a chance to get a cash premium of \$5, \$3 and \$2. See his circular.

Some people try to laugh at Mr. Bryan's peace moves, but the nations continue to step up and sign his peace treaties.

GETTING BETTER AFTER SICKNESS

Nothing has ever equaled or compared with the medicinal fats in Scott's Emulsion to arrest the decline, invigorate the blood, strengthen the nervous system, and the appetite and restore the courage of better health.

Scott's Emulsion is pure health-building food, without alcohol or opiate.

TRY IT

Pickens and Reeder wants your meat trade. Give them a trial.

Mrs. Vincent's home for sale on terms at \$1600 by ERNEST KEATHLEY.

The paramount issue just now in West Texas, is to get the cotton crop gathered.

I have pleased others, let me please you. Phone 341.—Chas. Taylor, Painter and Paperhanger.

It seems to the Record that the part of wisdom and good management would be to make sure of the feed crop and afterward attend to the cotton. At the present price of cotton and the expense of gathering it, feed is the more profitable harvest. But cotton in the obsession—the veritable fetch of the southern farmer, that often as otherwise keeps him handicapped.

Fire Insurance written and Tombstones erected by Ernest Keathley.

An alarm of fire turned in from the concrete gin Tuesday about noon, proved to be the result of some kind of friction in the ginning process. No material damage was done, however, and the boys made a good run.

Wall paper 7 1/2 cents per ROLL at Doss'. Don't order before you see it.

Mr. Murphy, who owns eighty acres of the Phenix irrigated tract, fifteen miles south of town, brought fifty gallons of molasses to town last week, which found a ready sale at a good price. He has enough cane on his place to make 1000 gallons of syrup, but the facilities for grinding and cooking the juice are not sufficient to justify the work.

All that Europe has to do to make this a memorable war, is a regiment of rough riders with a strenuous colonial capable of writing all about it.

Kings would be more popular if it were not for the fact that so many of them have been knaves.

Better Biscuits Baked With

You never tasted daintier, lighter, fluffier biscuits than those baked with Calumet. They're always good—delicious. For Calumet insures perfect baking.

NOT MADE BY THE TRUST

Notice to Illegal Hunters.
Complaints are being made by land owners about the illegal shooting of quail and other birds on their property. The law is plain on this point. Shooting quail before November 1st is an offense against the law and offenders will be prosecuted where reported. There will be no open season for plover till 1918 and the shooting of all kinds of migratory birds between sunset and sunrise is against the state laws. Hunters will do well to take due notice and govern their practice.

LOCAL HAPPENINGS and PERSONAL MENTION

Rev. B. W. Dodson, presiding elder of this district held quarterly conference with the Methodist church Wednesday.

R. O. Pearson sold one of his patented silos, a 30x16 size to Sam Dilsen of Scurry county.

Earnest Pickens came in this week from Uvalde County on a visit to his parents, Mr. and Mrs. J. A. Pickens.

Miss Kate Justice who is head nurse in the operating rooms at the Baptist Memorial Sanitarium at Dallas and who has been here for her vacation had to leave this week to enter the Sanitarium for an operation on her nose.

The messengers of the Baptist Sweetwater Association arrived yesterday and today to attend the meeting now in progress here.

Mrs. W. L. Reese returned Wednesday night, from a visit with relatives in Arkansas.

Mrs. R. H. Looney is visiting her daughter, Mrs. Snyder in Pecos.

Somebody will get the cash prizes to be given by W. F. Crawford; why not you as well as anybody? Read his circular.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy and Luxuriant at Once—No More Falling Hair.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubtless the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp, the hair roots flake, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine if eventually—why not now?

11 CENT COTTON.
I will give any farmer an Insurance Policy in the Missouri State Life Insurance Co., and take cotton for the first year's premium at 11 cents per pound.

MODERN AMERICA.
America is modern in her ways, therefore be modern and have your clothes cleaned and pressed, in the new way—**COUGHRAN BROS.**

CARD OF THANKS.
To the people in and around Colorado and especially the doctors, we wish to extend our bereft thanks for their attention during the sickness and death of our dear husband and father, May God's richest blessings rest upon them. They will ever have a warm place in our hearts.
MRS. JIM GORDAN and FAMILY.

Why Not Publish It!
When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by All Dealers.

COTTON REPORT.
Up to 10 o'clock on Thursday morning, October 8th Colorado has ginned as follows:
Gary Gin 712
Cook Gin 531
Lambeth Gin 366
Concrete Gin 431
Total 2040
Of this number there has been weighed as follows:
Public Yard (Crawford) 1539
Warehouse Yard (McCreeless) 758
Total 2297
Thursday morning cotton selling from 6 3-4 to 7c.
Seed selling at \$15 per ton.
More cotton is selling than a week ago. 257 bales more have been weighed here than has been ginned in Colorado.

THE O. LAMBETH GIN CO.
The Wheeler old Gin has been bought by Q. Lambeth of Dunn and is now known as the O. Lambeth Gin Co. The gin has been thoroughly overhauled. New brushes, New saws and practically New stands put in. It is admitted by the buyers that this gin turns out as good samples as can be made. Mr. Lambeth is ready and anxious to gin your cotton and will guarantee satisfaction.

European spies of each army should get together and spy out a good place to quit.

THE GARY NEW GIN.

South of the railroad, near the river at the south bridge has been running full blast for some time, and is getting a liberal share of the ginning business.

I guarantee as good sample output as any gin in the country, being equipped with the very latest improvements and accessories in this industry, and employing only skilled and experienced help in all departments of the work.

If you have not seen the output and workings of my gin, bring your next bale of cotton here and you will bring all your others. My motto is "Satisfaction in every Detail."
C. P. GARY, Proprietor.

57 POUND KERSHAW PRESENTED TO FREE.

W. H. Free's Father Raised It Near Colorado. Will Exhibit It at Fair Here.

Reposing nicely upon the First State Bank and Trust Company's ten cent bale of cotton in the bank building is a fifty-seven pound gooseneck kershaw a present from father to son. The son is Cashier W. H. Free of the First State Bank and the father is H. J. Free, residing about four miles north of Colorado. The mammoth Kershaw was received by express by Mr. Free and its a whopper, as any one will say after seeing it.

Asked what he intended to do with it, Mr. Free declared that he would probably take it out to the fair grounds and there exhibit it along with the other agricultural exhibits. After the people have seen it he will have it brought home and worked up into delicious "eats."—Abilene Reporter.

Toned Up Whole System.

"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Mae Baker, Spencerport, N. Y., "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headache, and that tired out feeling, but toned up my whole system. For Sale by All Dealers.

NOTICE.
A rally meeting of the Colorado Choral Club will be held at Mr. Dawes' Music Room on Monday evening Oct. 12th at 8 o'clock. All former members and any new ones who desire to become members or are interested in the work are asked to be present.

SIXTEEN ARRESTED FOR FRAUDULENT SCHEMES.

Fort Worth, Tex., Sept.—According to records on file in the Post office Inspector's Department there were 16 persons arrested for fraudulent schemes in connection with the handling of United States mail in Texas during 1913 and 12 of them were indicted. Of this number 7 have been convicted and 5 are waiting trial.

The Federal Government employs 390 inspectors whose duties are to maintain a general watch over the handling of United States mail; to investigate alleged violations of the postal laws and to aid in the prosecution of criminal offenses.

NO MORE SALOONS.

Austin, Sept. 30.—It was said here today that Comptroller Lane does not propose to grant any more saloon licenses if possible during the remainder of his term of office, and that he will make a special examination before granting a single application. The comptroller claims there now are more saloons in Texas than there should be in accordance with the law which fixes the number of saloons on a basis of the scholastic population.

It is the consensus of opinion that there is nothing polite about this war.

LOHAINE NEWS ITEMS.

Prof. W. C. Elliott helped in Saturday's rush at the Lohaine Mercantile Co. Store.

J. C. Prude of Colorado was busy here Saturday.

T. P. McCauley and family of Ellis county came in this week and will locate here. Mrs. McCauley is a sister of W. E. Watson and Mr. McCauley a brother of the ginman. Mr. J. D. McCauley.

Mesdames J. M. Baker and F. Johnson entertained the Priscilla Club at the home of Mrs. Baker on Wednesday afternoon. Quite a delightful time was enjoyed as well as some pretty work done.

Mrs. Whorton of Roscoe visited Mrs. W. F. Altman Sunday and little Helen Altman accompanied her home to visit awhile.

Cotton is coming in fast all three of the gins running day and night on Tuesday there were over 200 bales ginned by all three of the gins.

Mr. Sheppard of Colorado was busy here Wednesday.

Miss Phency Altman will be hostess for the Philamath Club this week.

THE MAGIC WASHING STICK.

"I cannot speak highly enough in praise of the Magic Washing Stick. It saves half the labor in washing. Makes the clothes sweet, clean and white as snow without the use of rub-board," writes Mrs. R. M. Cardwell, Forney, Texas. Sold by grocers and druggists three 10c sticks for 25c, or by mail from A. B. Richards Medicine Co., Sherman, Texas. 10-30

WEST BROS. BIG SHOW.

Everybody likes to see an exciting show and that is the kind West Bros. Big Show, "A Texas Ranger," will be when it is shown here next week in their big water proof tent, which seats more than 2,000 people. This show is on the spectacular order and shows the dash of dare devil bravery; the cunning of the redskin and the treachery of the Mexican; the many startling surprises of the Texas Rangers and the Cowboys and the scenes in the camp of the Indians and the big battles during the attack, defense and rescue of the stockade fort. As this show comes well recommended from other towns where it has recently played, it will doubtless have a big crowd here. The Cowboy Band is to play two concerts on the day of the show. Colorado, Wednesday Oct. 14.

COMPETITION SLAUGHTERED TO MAKE A CASE HOLIDAY.

Its a dull day when D. H. Snyder, local agent for the celebrated Cass cars does not stir up something doing in the case line. He usually slaughters competition in order to pull off a Case holiday.

He returned from Dallas this week with three new cars—a forty for himself, a thirty-five for Marcus Snyder at Pecos and another thirty-five for Henry Arent also of Pecos. With these three new cars and the four already owned in and around Colorado there were seven assembled in a bunch today and Mr. Snyder had a picture made of the group on the east side of the Kelper garage.

The owners and sizes of the Cass cars already sold by Mr. Snyder in this community are as follows: J. D. Wulfjen, a 40; D. N. Arnett, a 40; Ben Plaster, a 25; Mrs. Payne, a 40. In this connection the Record wishes to correct a statement in last week's issue to the effect that Mr. Wulfjen's car was other than a Case. Of course it is a Case.

Which brand of European "culture" is more effective at butchery?

All kinds of Typewriter ribbons at Record office.

Wanted!

Watches and Clocks That Won't Keep TIME !!!

YES, we want you to bring us your watches and clocks that won't keep time and let us look at them, tell you the reason they won't, and the cost to have them put in first class condition. We employ no tinkers, but first class workmen, and we cheerfully guarantee all our work, as we do not allow a watch or clock to leave our bench without first having been tested and regulated.

No matter how fine a movement you have, we can put it in shape. Step in occasionally and have your watch regulated.

NO CHARGE FOR THIS

—thus you will always have the correct time.
