Straight Talk to Our Customers

There is no sentiment, no thin skin in business. It is "something for something" all the way around the circle.

The time has come when the obligations of the retail merchants MUST BE MET. Our accommodations to YOU, in the way of credit, were made possible by the credit extended us by the wholesale merchants and banks. They are now demanding their money and in order to pay them we must have pay for what we have furnished you. This is a simple and sound business equation.

The depression of the cotton market affects the merchant more vitally and immediately than it does the farmer. If the merchant can't meet his paper, he is discredited or goes broke; the farmer is given another chance.

WE MUST COLLECT WHAT IS DUE US

In order to supply you next year. If you can not pay us the money, bring us your cotton and we will give you top prices for it, or put your indebtedness to us in such shape that we can handle it to our credit with those whom we owe. But it is very necessary that your account be settled in some way.

Do not neglect this matter, as its prompt attention will save both you and us much trouble.

Hoping you will appreciate the necessity of this notice and respond in the same business spirit it is given, we are still

COTTON IN GERMANY IS WORTH 18 CENTS.

New Orleans, Nov. 10.—With important southern spot markets showing advances of from one to three-sixths of a cent a pound today the situation of the cotton trade was centered on the demand for actual cotton in spite of the interest aroused by developments which appeared to point to the reopening of the future markets within the next few days.

It was said that foreign spinners were better buyers than were domestic manufacturers. Exports to foreign countries today totaled 18,946 bales of which 18,446 were for England, while port stocks again showed an increase tonight, 911,031 bales against 758,029 a week ago. The coastwise movement also is being heavier than last week. It is understood that English mills

have taken on large stocks of Indian cotton to relieve financial conditions in that country, but it is predicted from now on England will be a heavier buyer of cotton in the United States. Today's Liverpool imports were 33,619 bales of which 32,035 were American. Liverpool, however, is carrying a large stock of cotton other than American. Friday's report shows 282,000 bales as against 184,000 last year, and 140,000 in 1912.

It is reported that cotton is bringing 18 cents a pound in Germany.

Ferguson's Private Secretary.
Houston, Tex. Nov. 10.—Governor James E. Ferguson today announced John L. Wroe a Houston attorney, as his private secretary.

DR. CARROLL DIES AT 1:30 THIS MORNING.

Noted Texas Divine Succumbs to Long Illness at Baptist Seminary of Which He Was the Head.

Dr. B. H. Carroll, president of Southwestern Baptist seminary, died this morning at 1:30 o'clock following a long illness.

Dr. Carroll had been president of the seminary ever since its establishment, eight years ago. Prior to his appointment to the presidency he served for twenty-eight consecutive years as pastor of the First Baptist church in Waco. He was 71 years old and was suffering from heart trouble. His relatives were notified Tuesday of his illness. Miss Della Carroll, a niece, was at his bedside.

The funeral will be held Wednesday afternoon at 2 o'clock from the chapel at the seminary, and Thursday afternoon at the First Baptist church in Waco at 2 o'clock.—Ft. Worth Record Nov. 11.

CARRANZA DEFIANT.

Says He Will Drive Villa Out if Commission Does not.

Vera Cruz, Nov. 9.—General Carranza today issued a decree promising part of the American demands preliminary to the evacuation of Vera Cruz. Carranza told the Aguias Calientes commission if they were afraid to drive Villa out he would do it himself.

STATE COURT DECISION ON LIQUOR UPHOLD.

Washington, Nov. 9.—The United States Supreme Court today dismissed the attack on the constitutionality of the Oklahoma liquor laws upholding state court decisions. These laws are not applicable to interstate commerce.

Much good it would do over here to argue about who is right, and who is wrong over there.

RAILROAD PROSPECTS GROWING BRIGHTER.

Robert Lee Has a Proposition to Build a Railroad to the County Site—\$30,000 Bonus is Wanted by Promoters.

Hon. James L. Himrod, Fiscal Agent, and Col. Thomas Moore, Chief Engineer and Hon. Chas. M. McLain met with a few of the citizens at the Observer office Monday night to discuss the proposition of building the line of railroad that is to reach from Austin via Johnson City, Mason, Brady, Ballinger, Bronte, Robert Lee and either Colorado City or Big Springs, extending to the coal fields of New Mexico. The amount of bonus asked is \$30,000, right of way and depot grounds. Mr. Himrod stated emphatically that it was his intention to build from Robert Lee to a railroad connection first—wanted one year to complete work—would begin in forty-five days after bonus was raised and prosecute work diligently until it was finished and trains were running into this city, when the bonus was due and payable. He also stated that he is now ready to close up the contract at once.

The three gentlemen accompanied by J. B. Burroughs walked over the line from here to Bronte Saturday and are well pleased with the route.

Arrangements have already been made for the finances to complete this section of the road and tentative contracts made for the steel and iron. Mr. Moore, the consulting engineer of the Company, behind Mr. Himrod, is here to pass the route and it is very probable that his report will be favorable as he has already expressed himself in the highest terms.

At this meeting, a committee was appointed aggregating thirty citizens, who will solicit the bonus and attend to the preliminary work.

Mr. Himrod and his associates visited Bronte Tuesday afternoon, where a meeting of her citizens was held and the proposition put up to Bronte to secure the line. We understand the proposition to Bronte was for right-of-way from county line west 5 miles and a bonus of \$20,000. We understand the Bronte citizens got busy at once and named a committee to canvass the matter and see what could be done to fulfill the requirements asked. They will meet again Wednesday afternoon with the promoters, looking towards fulfilling their part of the contract.

The promoters state emphatically that there will be no fall down on their part. That all financial arrangements have been made and they are ready to begin throwing dirt as soon as the bonuses asked are raised.

Robert Lee should have this road and can't afford to lose it under any circumstances. The bonus is very

low considering the benefits and it behooves every citizen to push the raising of the bonus with all possible speed. Let every citizen get busy and sign up, then help this committee in every possible way. We ought to raise that bonus in ten days.

We understand the second meeting at Bronte developed the fact that the Bronte citizens were not interested in building the line and in fact did not want it. Mr. Himrod states the proposition to Robert Lee still stands. Bronte not accepting the proposition made them, will have no effect. deal, that we can secure raising the bonus asked, either make the road connect north at Colorado City, or cross the Orient at another point Robert Lee Observer.

MRS. LATHAM'S CASE AFFIRMED.
Austin, Texas, Nov. 11.—The court of Criminal Appeals today affirmed the sentence of five years imposed on Mrs. Minnie Latham by the court term of Jones County District Court for the murder of John Y. wart at Snyder in January of 1913.

The case against Mrs. Minnie Latham's husband, Will Latham, charged with complicity in the murder of wart was set for the November term of the Haskell County Court and probably be heard sometime about last of November or first of December.

Indicative of what can be done in the time of gardening with just a little attention and a trifle more water, it place of Mr. Ed Dupree is a notable instance in point. He has now in his garden, the finest turnip, tomatoes, carrots, egg plants, salady and various other truck good for the high cost of living.

Lon Smith of Sweetwater, representing the Radford Grocery Co. was a business visitor here yesterday.

To other horrors of peace should be added the man who brings with him to the restaurant table his dead and decomposing cigar.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gender-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

How To Give Quinine To Children.

FEBRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for 2-ounce original package. The same FEBRILINE is blown in bottle. 25 cents.

\$455,000,000 Cotton Loss.

Washington, Nov. 7.—The department of agriculture estimates that the European war is causing a loss to American cotton and seed farmers of \$455,000,000 this year.

POSTED.

The C. P. Conaway lands and pastures at Westbrook are posted as the law directs, and all trespassing (hunters and wood-haulers) will be prosecuted without fear or favor. Better look out—C. P. CONAWAY. 11-27p

THRASHED IT FIRST.

A young man arrived here last Saturday who had come all the way to Texas from "Boston" Mass., for the sole and direct purpose of picking cotton. He landed first at Groesville, Texas, and on applying for work as a cotton picker found a job waiting for him. The farmer showed him where to go to work, telling him he would come by later and see how he was getting along.

The young man worked industriously for half a day and when the farmer came to weigh up his picking, found no cotton in the sack, the young man explaining that he had spent the time "thrashing it off with a club and thought he had as much knocked off as he could pick up by night." Before laughing at him reflect how many people raised in cotton growing sections would know whether to take along a ladder or a spade to gather cranberries.

But this young man was hep to the process after his first experience and now drags in a hefty sack betimes. He went out with Mr. Kay to ply his newly acquired vocation.
