### THE DUKE OF BRABANT.

Fourteen-year-old heir to Belgian Throne Goes to Front.

Photo by American Press Association.

### LEMBERG HAS FALLEN.

#### GERMANS AND AUSTRIANS IN POSSESSION OF IT.

Lemberg has fallen before triumphant sweep of the combined Austro-German armies. The Galician capital, occupied by the Russians since Sept. 3, 1914, is now free of Russians. The Slavs fell back in a northeasterly direction toward Brody.

Capture of Lemberg deprives the Russians of their last military base in Galicia. Several railways center from the town. The important lines were in the hands of the Austro-Germans before the city fell.

The moral effect of the recapture of the city overshadows the military victory. The capital of a great Austrian province has been reclaimed from the enemy. The Russian grip on Galicia has been loosened, if not entirely shaken, and the people of Austria have been raised to a high pitch of enthusiasm over the Austro-German successes.

#### Pool Law Held Invalid.

The Texas supreme court held as unconstitutional the local option pool law of the Thirty-third legislature, when relator in the case ex-parte A. H. Mitchell, from McLennan county, was ordered discharged. The opinion was rendered by Chief Justice Phillips. Associate Justice Hawkins dissented. The act was held unconstitutional on two counts: That it amounted to a delegation by the legislature of its own legislative power, imposed upon it by the constitution,

which must alone exercise, and which it may not commit to any other agency, and that it authorizes the suspension of a general law of the state by vote of a county or subdivision of a county, namely, the statute licensing the operation of pool halls generally within the state in violation of the constitution. After pool rooms had been voted out of Moody opened a pool hall at that place. He was enjoined and it was alleged violated the injunction. Mitchell was fined \$100 and sent to jail for three days for contempt of court. The case eventually reached the supreme court.

#### Unmarried People Taxed.

A bachelor and spinster tax, graduated according to age, has been imposed in a number of Austrian and German villages to meet deficits due to the war. Bachelors and spinsters under thirty years are lightly taxed, but in some instances those over forty years of age are forced to pay \$250.

#### Death Soon Comes.

Dr. G. W. Johnston, aged forty-six years, was found dying in his office at Wichita Falls, Tex., a bullet hole in his head and an automatic pistol near by. Dr. Johnston, who lived an hour, leaves a family. He was a former resident of Corpus Christi.

#### Five Swedish Vessels Seized.

German warships operating in the Baltic sea have seized five Swedish ships carrying lumber cargoes and bound for England, according to information received at Copenhagen.

#### Year Over Century.

Grandma Acres, 101 years old, is dead at Dittot, Tex. She is survived by one son and a host of grandchildren and great-grandchildren and one great-great-grandchild. Mrs. Acres was one of the pioneers of Atascosa county when the majority of the inhabitants were Indians. She was quite stout and could read and sew without the aid of glasses.

#### Pro Election Probable.

Dr. A. Barton, superintendent of the Anti-Saloon league in Texas, says a statewide election in the near future is in the range of possibilities.

#### Doctor Held Under Bond.

Charged at Conroe, Tex., with the murder of Miss Ida Collins, Dr. W. N. Hooper made bond in the sum of \$5,000 and Price Walker in \$3,000 to await grand jury action. John Anthony was held as "accessory before the fact" in \$1,500. Miss Collins, it is charged, died at the railway station at Security shortly after midnight on June 9, following an alleged illegal operation. Walker was the station agent.

#### New State Bank.

First State bank of Lavon, Collin county, Tex., capital stock \$10,000 guaranty fund plan, has been authorized to do business.

## BLACK HANGS SLAYS THIRTEEN

SYD JONES LEAVES AN UNENVIABLE RECORD BEHIND.

SHOULD HAVE BEEN ONE MORE.

Negro Executed at Birmingham in Shadow of Death Regrets Another Victim Could Not Have Been Added to Bloody List.

Declaring that if he had killed one more person and brought his total up to fourteen instead of the unlucky number of thirteen he might have escaped the gallows, Syd Jones, a negro hanged at Birmingham, left a note in his cell confessing to thirteen murders. Jones' note is as follows:

"I killed three convicts while in prison (evidently at Banner mines, in Jefferson county). I also killed Tommie Thompson and Charles Bennett and Deputy Sheriff W. S. Moseley of Crawford, Neb.; Shay White, Tom Spay, Sam Lee, a Chinaman, at Monterey, Cal.; a Mobile and Ohio railway brakeman at Bodwell, Ky.; Bes Humphrey, at Huntsville, Ala.; Yattie Quierno, a Mexican, at Fort Wingate, N. M.; John Littlejohn, an Indian, at Sheridan, Wyo. I am sorry I missed getting Richard Moore, Sept. 12, 1912. Just one more would have made the even number."

### HUERTA ARRESTED.

HE AND OROZCO CHAGED WITH REVOLUTION CONSPIRACY.

Charged with conspiracy to incite a revolution against a friendly country, former President Huerta of Mexico was placed under arrest at Newman, N. M., by United States officers. Similar charge was filed against General Pascual Orozco, who was arrested at the same time. Both were taken before United States Commissioner Oliver at El Paso Sunday. Huerta gave \$15,000 bond and Orozco \$7,500. Their hearing was set for July 1.

Carranza and Villa agencies at the city of Washington had stated Huerta intended starting a counter revolution. Charges were filed by United States district attorney at San Antonio. Huerta denied the charge and said he stopped over at El Paso en route to San Francisco to visit a daughter.

#### Hookworm Work Stops.

Dr. John A. Ferrell, assistant general director of the Rockefeller Foundation and international health committee, conferred at Austin Saturday with State Health Officer Collins. He announced that the hookworm campaign, which has been conducted in Texas the last three years through the commissioner, ended this week because the state of Texas failed to make an appropriation to assist in the work. Appropriations in counties where the hookworm work is desired is all the assistance the commission received.

#### Munition Train Demolished.

British aviators bombarded and blew up a long German ammunition supply train near Roulers, killing fifty German soldiers, according to a Rotterdam dispatch received at the British war office. The detonation was terrific.

#### Due to Wound.

Thomas W. Reynolds, night manager at El Paso for the Postal Cable Telegraph company, died at that city as the result of a bullet wound. His health had been poor. Mr. Reynolds was formerly a New Orleans cotton broker and lost his fortune during the panic of 1907.

#### Carranza Men Defeated.

Official dispatches received at Washington report a smashing defeat of General Gonzales and the Carranza army advancing on the City of Mexico by the Zapata forces.

Tornado Wrecks Canadian City. Radcliffe, Alberta province, a prosperous manufacturing town near Medicine Hat, is in ruins as the result of a tornado that swept over the place. Nearly a million dollars' damage was done. Ten persons were injured at Grassy Lake. Mrs. George Olsen and daughter were killed.

#### Locker Law Void.

Tennessee's new locker club law, prohibiting storage of liquors for individual use in social and fraternal clubs, was held unconstitutional in a decision handed down at Memphis by Judge Jess Edgington in the criminal court. The law became effective June 1 last.

## SIX FISHING CRAFT GO DOWN.

GERMAN SHELLS KILL SISTERS IN HOSPITALS IN FRANCE.

British shipping circles received advice that six fishing vessels had been shelled and sunk off the coast of Scotland by a German U-boat.

Several sisters and nurses have been killed by German shells that fell on St. Sacrament hospital during a heavy bombardment of Arras.

A Finnish schooner has been submerged. It occurred in the North sea while the Leo (her name) was on her way to Canada. The crew was given an opportunity to take to a boat, the submarine towing the boat for three hours until a Danish mail steamer was sighted. The crew was then transferred from the mail steamer to a trawler and landed at Lerwick. The Leo was a small wooden vessel of 369 tons, owned by J. A. Maalen and registered from the Finland port of Ny-stad.

#### Again Attacks President.

The Deutsche Tages Zeitung of Berlin, recently suppressed by the German government because of its articles on the German-American situation, reappeared with an attack on President Wilson. The Tages Zeitung said there were reports that President Wilson had suggested a peace conference, to be held in Switzerland. It asserted that though Mr. Wilson had repeatedly declared America's neutrality he had closed the neutral Panama canal to neutral trade, thus accelerating the shipment of war munitions to the allies, and particularly strengthening Russia. "At the same time," said the Tages Zeitung, "President Wilson is demanding safe conduct for swimming arsenals supplying France and England with munitions."

#### Bomb in Carnegie Home Gateway.

Bomb was placed in the gateway of Andrew Carnegie's palatial residence in Fifth avenue, New York. Police discredited the theory that was work of anarchists or L. W. W. sympathizers. The structure and methods used, they said, were so crude they showed plainly it was the work of amateurs. The Carnegie family was not at home, being at Bar Harbor, Me.

#### Big Zinc Lend Lease.

A zinc mine lease that two months ago was offered for \$8,000, with no takers, sold for \$150,000 at Joplin, Mo., as the result of the zinc bomb. Lowm & Hastings, who held the lease for the ten-acre tract, sold it to the S. Y. Ramage company of Oil City, Pa.

#### Cattle Bring Good Price.

Texas cattle have established a new record at Kansas City. C. O. Keiser of Canyon, Randall county, sold a shipment at \$9.25, \$9.15 and \$9.10, these prices being the highest ever paid for any Texas-fed cattle on any open market in the middle west. The cattle were handled and sold by Clay, Robinson & Co., and were Herefords. They were fed Kafir corn and sorghum silage, ground Kafir corn and milo maize and Kafir corn fodder, as well as two pounds of cottonseed meal a day during the past ninety days.

#### Five Drown.

Five men, four of them negro soldiers at Fort Riley, Kan., drowned in the Republican river at Junction City when a small boat capsized. Private Dorman, Troop I, Thirtieth cavalry, the only survivor, reached shore after an unsuccessful struggle to save his companions in the surging flood.

#### Four Acquitted.

J. L. Hamon, a railroad promoter, Lawton; M. S. Simpson and Morris Trope, merchants of Lawton, and R. E. Banks of Tulsa, were acquitted by a federal jury at Enid, Okla., from a charge of conspiracy. The government's charge involved alleged concealment of assets from a bankruptcy trustee and the case attracted much interest.

#### Noted Authoress No More.

Mrs. Mathilda Coxie Stevenson, a noted writer on ethnological subjects and for the last twenty-six years connected with the bureau of American ethnology of the Smithsonian institute, Washington, died at Oxon Hill, Md., a suburb, aged sixty years. She was born at San Augustine, Tex.

#### Hornbaker Free.

Roscoe Hornbaker was acquitted at Paola, Kan., on charge of killing at Louisburg, that state, George McElheny, the postmaster. Hornbaker, a rural mail carrier, was charged by Mrs. Maud McElheny, the widow, with having a strange power over her. She was the principal witness for the

## OUR Florence Blue Flame Oil Stoves

HAVE GIVEN SATISFACTION EVERYWHERE

—The greatest value in Oil Stoves ever offered.

### OKLAHOMA OCCURRENCES.

Scivally Petroleum company has a new well in the Healdton field.

Several farmhouses were wrecked in the vicinity of Guthrie by a storm and crops damaged.

Oil losses by lightning tanks on fire in the Tulsa district the past few days foot up about \$300,000.

Owing to shortage of funds forty-four clerks in United States Indian agent's office at Muskogee have been laid off.

Crops around Durant are abundant and in excellent condition.

N. B. Schutter, who has a small fruit farm near Tulsa, has seven acres in fruit. His berries have netted him \$3,000 and he expects net returns of \$7,000 for his season's labor. He is the pioneer fruit grower of that locality. A number of fruit farms around Tulsa are bearing for the first time this year and others are to be started in the fall.

A feature of the convention of fire insurance men held at Tulsa and well attended was a moving picture exhibit of fire prevention methods and fire hazards.

The five-day Chautauqua course at Durant had a large attendance.

In the recent bar examination at Oklahoma City the greatest number of very low grades received by participants was found to be in the study of equity.

### GENERAL HAPPENINGS.

The Mississippi river steamer Belle of Calhoun, plying between St. Louis and Riprao Landing, forty-five miles above Grafton, Ill., struck a snag and sunk in Mosier's slough, about forty miles north of Grafton, in twelve feet of water. The packet Dubuque rescued those on board and conveyed them to St. Louis.

In the presence of thousands of visitors from all over the state the cornerstone of the new Missouri state capitol being constructed at Jefferson City at a cost of \$4,000,000 was laid by Master T. W. Cotton of the state grand Masonic lodge. So great was the crowd that hotels and restaurants were swamped, and the commissary department of the state penitentiary fed hundreds, who were seated at tables on one of the main streets.

Richard H. Lacey, southern passenger agent of the Pennsylvania railway line, headquarters at Nashville, Ky., died at his home in Franklin, Ky. He was widely known in railroad circles.

Thefts of motor cars in three years worth \$300,000 are charged to a band of thieves at Kansas City, four being arrested. It is also alleged they operated in other cities and towns.

Mrs. Virginia Clay-Clopton, a notable figure in Confederate history, died at Huntsville, Ala. Her first husband was Clement C. Clay, who was in pris-

on with President Jefferson Davis. She was a belle at Washington during the administration of President Pierce and the first president of the Alabama Suffrage association.

Estimates of damage done by recent series of earthquake shock in the El Centro (Cal.) section reach \$500,000.

National Association of Real Estate Exchanges, in session at Los Angeles, elected Walter C. Piner of Detroit as president.

#### Daylight Bandits

At the point of revolvers three masked men entered a restaurant in San Antonio and secured \$110. The robbery occurred at 3 o'clock in the morning, the three attendants in the place being covered by revolvers while the robbers extracted the contents of the cash register and iron safe, after which they fled. While officers were attempting to arrest a man in a hotel shortly after the robbery the latter shot himself in the heart.

#### Italians Destroy Large Fort.

Fort Hensel, one of the main works of the Austrian fortress of Malborget, has been destroyed by Italian shell fire. General Cadorna reported at Rome. He also announced the capture of the Austrian town of Girona, north of Plava.

#### Aeroplane Sinks Submarine.

For the first time in history a submarine has been sunk by an aeroplane. German airmen bombed a Russian submarine in the Baltic sea near Gotland island. Positive advice received the German war office from Petrograd that the submarine had been sunk thus.

#### Drainage Bonds Voted.

Establishment of Victoria county (Tex.) drainage district No. 3 and the issuance of \$190,500 bonds for its improvement carried by 175 to 84. The district to be drained comprises 73,500 acres of fine farming land.

Irvin Gallamore, a boy, had a leg cut off above the ankle by a mowing machine near Rice, Tex.

#### Lynched in Barn.

John Strando, charged with killing Edward Chapman, a retired farmer, near Johnson City, Ill., and seriously wounding his daughter, Mrs. J. L. Schnill, was taken from jail by a mob and hanged from the rafter of a barn. A fight occurred at the jail, in which several persons were hurt.

#### Former Banker Dies.

J. J. Shaver, aged about fifty years, died at his home in Chappell Hill, following a long illness. He was the former president of the Chappell Hill State bank and had landed in Washington county and in Alabama. He leaves a widow, one daughter and a couple of sons.

\$1.75 for Record and Dallas News.

### Two PURE Cinnamons— One strong, the other weak— Why?

Cinnamon is the bark of a tree. It gets its flavor from a volatile oil in the bark—the more of this oil the better and stronger the flavor.

The amount of oil varies according to the age of the tree, the soil, climate and the cultivation of the tree itself. Later, the handling of the bark must be such as to preserve the oil from evaporation, and finally the grinding must be so done that loss of oil will not occur during that process.

Thus you see that from the very start it is much more than purity that must be preserved for you—it is flavor and strength which can be lacking even in perfectly pure Cinnamon.

White Swan Cinnamon is made of high-grade, relatively high-priced and most carefully selected bark from young trees. In every step of handling and manufacture the greatest care is devoted to keeping the strength and flavor (the oil) intact. It is packed with the same care. We recommend it and guarantee its flavoring strength to be at least four times that of ordinary "pure cinnamon."

Ask your grocer—he can tell you what White Swan means to quality.

Waples-Platter Grocer Co.  
Wholesale Grocers  
TEXAS

### THE FARMERS SHOULD USE WAREHOUSES.

The statement below is taken from an interview in the Dallas News with Beverly D. Harris, a Texas man who is now Vice-president of the National City Bank of New York, the largest bank whose deposits reached \$473,086,000.

"Cotton will be moving in this State in ninety days. That is the great source of our wealth in this state. With war conditions uncertain, the question is how fast will this cotton move? There is plenty of cheap money in New York to carry this cotton, but Texas is lacking in warehouses where-in to store it. You don't want to throw this crop on the market as 'distress cotton' when it will have to bring low prices. Texas owes it to herself to build warehouses so the cotton can be stored and safeguarded, so the banks can advance money on it, as they are anxious to do, enabling the farmer to hold the crop for good prices. Eventually the cotton will sell for a good price, but that won't do Texas any good if the farmer sells low and a middleman somewhere makes all the profit. We can't lend money on cotton lying around a farmer's back yard. But my bank and others in New York are anxious to lend money on cotton and grain and other Texas crops if warehoused and we can deal with responsible people."

### SHORT COURSE SCHEDULE.

#### A. and M. Team Will Visit More Than Forty Communities this Summer

Four teams of experts will carry the gospel of better farming to more than forty communities this summer, preparations for that many short courses in agriculture and domestic economy having been made by the extension service of the A. and M. College. Two teams will be present at each short course, one to instruct the farmers and the other team to give instruction in domestic economy to the farm women. The biggest short course is that which is being planned at the A. & M. College by Dean E. J. Kyle of the school of agriculture, and which will be in session July 26-31, inclusive. Instruction at this sixth annual farmers' short course will include work in agronomy, animal husbandry, dairy husbandry, horticulture, poultry husbandry, agricultural engineering and domestic economy.

This school will be held in Colorado August 9, 10 and 11.

### WEST TEXAS LOG ROLLING ASSOCIATION.

All of West Texas should bear in mind that the West Texas Log Rolling Association will hold its annual session in Colorado on August 19th and 20th. It is hoped that all W. O. W. Camps contiguous to the T. & P. R. R., between Ranger and Pecos will have delegates at this meeting. Colorado never made a failure along this line, so you may count on two days of real pleasure. Efforts are being made to get a good speaker to represent Woodcraft. Watch the papers for full particulars. All papers in this territory are kindly asked to copy.

ERNEST KEATHLEY, Clerk.

### AUTOMOBILE TO CARRY MAIL.

Beginning Monday, August 2nd the most modern of Uncle Sam's rural mail services will be inaugurated from Loraine. Such was the announcement received by postmistress Allie M. Erwin, Tuesday. On the date above Route A will be opened. This will include all of the present Route 1 and will cover the district south, which has been surveyed for a new route. The carrier will travel by auto the service over the north side being from 8 a. m. to 11.30 a. m., and on the south side from 12 m. to 3 p. m. The service will be six days a week the fifty mile route. The carrier will receive a salary of \$1500 per year.

The establishment of this route with an auto service is a new departure. Postmistress Erwin labored diligently for the establishment of a rural route south and is entitled to the lion's share of the credit for the establishment of this modern service.—Loraine News.

### ENDORSED AT HOME.

#### Such Proof as This Should Convince Any Colorado Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Colorado adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

J. W. Nunn, Colorado, says: "I suffered terribly from disordered kidneys and nothing did me any good until I saw Doan's Kidney Pills advertised and got a box. Their use, as directed, soon helped me. Since then, on several occasions, I have taken Doan's Kidney Pills and have always found them effective."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nunn had. Fotser-Milburn Co., Props., Buffalo, N. Y.

### HUGE SHIPMENT OF OVERLAND AUTOS

What is probably the largest single shipment of automobiles ever made leaves the big Toledo factory of the Willys-Overland Company Friday.

The entire shipment, which has a total valuation considerably in excess of one-third million dollars, is consigned to the C. T. Silver Motor Company, Overland distributors for Greater New York and the metropolitan district. The longest through freight train known in the history of railroading will be required to carry the automobiles. It will consist of more than 125 freight cars and from end to end will be more than a mile and a quarter in length. Two of the largest modern Mogul engines will be used to haul the train. The tremendous shipment is indicative of the growing demand for cars which the Overland Company is striving to meet. During the week ending May 29, shipments were made of 1906 cars from the Toledo plant. During the present week it is probable that this number will be exceeded by at least 100. Reports from the company state that orders now on hand for immediate shipment are approximately 17,000 in excess of shipments. This is in spite of the fact that many departments of the factory are working both day and night in an effort to make the supply meet the demand. More than 9,200 men are now being employed at the Overland factory. New buildings which are just being completed will add seventeen acres of floor space to the plant, giving it a total area of 79 acres of floor space. With this additional space available, John N. Willys, president of the company, declares he will be able to build and ship an average of 600 cars per day. This will be the production of the Willys-Overland Company during the coming season.

### Watch for "The Goddess."

Hon. T. F. Baker, of Snyder has tendered his resignation as representative of the 105th district to take effect immediately. Some time ago Don Biggers, of the Lubbock District turned his commission back to the people. In each case it is stated that the compensation is insufficient and that they could not afford to make the sacrifice to longer hold the job. There is evidently something wrong with the proposition. We believe more pay should be given the representatives and there should be fewer elected. The body appears to be too large and cumbersome, and by thinning it down and paying better salaries, the people would likely get better service and not be out any more.—Sweetwater Reporter.

### COULD NOT SERVE LONGER.

Hon. T. F. Baker, of Snyder has tendered his resignation as representative of the 105th district to take effect immediately. Some time ago Don Biggers, of the Lubbock District turned his commission back to the people. In each case it is stated that the compensation is insufficient and that they could not afford to make the sacrifice to longer hold the job. There is evidently something wrong with the proposition. We believe more pay should be given the representatives and there should be fewer elected. The body appears to be too large and cumbersome, and by thinning it down and paying better salaries, the people would likely get better service and not be out any more.—Sweetwater Reporter.

### STORK ASSISTS A DEFENDANT GETS A SUSPENDED SENTENCE IN A COURT AT DALLAS.

Before the criminal court at Dallas Judge Seay the stork took a part and a suspended sentence was given Jack Parkerson after the jury had set his punishment following his plea of guilty to the theft of \$200 from a tool box in a milk car.

Parkerson had been a father nearly a week. He is nineteen years old and his wife seventeen. He had a previous trial the week before, when the jury failed to agree.

In the second trial he got four years and the suspended sentence.

Judge Seay, while announcing that he believed the suspended sentence law is frequently abused, said the case of Parkerson was one in which it could well be used.

Sentencing Parkerson, he told him that the suspended sentence is not effective into scaring a man to be good, but that one who has lived rightly for the period of such a sentence will like right living so well that he will continue in it.

### MANUFACTURES' DEPARTMENT. THIS IS SUGGESTED BY STATE LABOR COMMISSIONER WOODMAN.

A state department of manufactures was suggested by State Labor Commissioner C. W. Woodman at the By-J-Made-in-Texas conference held at Dallas.

Commissioner Woodman was referring to the magnitude of the manufacturing interests of Texas, and said that he believed with proper effort on the part of those interested a department in the state department for the welfare of the manufacturing interests could be obtained at the next regular session of the state legislature.

The suggestion seemed to meet with the approval of the manufacturers at the conference.

"I believe that by the next legislature it would be possible to have established a state department of manufactures," Mr. Woodman said. "This department would look after the manufacturing interests in Texas. There ought to be such a department. Many other important phases of activity are represented by their departments."

### HAIL KILLS MISS RUBY MEARS

#### TAHOKA SECTION VISITED BY A TERRIFIC TORNADO.

A severe wind and hail storm raged in the Tahoka, Tex., section. Miss Ruby Mears, sixteen years old, who resided near Tahoka, was felled by hail stones and killed. Four other members of the family were injured when the house was blown over, one, perhaps, fatally. Miss Mears was fleeing to safety when killed.

A number of farm houses were demolished. A heavy rain followed the hail and wind. Crops were damaged to a large extent.

The wind, which was not cyclonic, came from the northwest.

### John G. Hunter Dies.

Colonel John G. Hunter of Dallas, long a prominent citizen of that city, died at El Paso, where he had gone for his health. Colonel Hunter was a native of Richmond, Va., being born July 2, 1840. He rendered valiant service to the Confederacy. He was a Mason of high rank, being a thirty-second degree and Shriner, long being the recorder of Hells Temple, Dallas. Interment was at the latter city.

### Squirrels Eat Corn.

Charley Timbo, an Indian, residing on Red river, said at Sherman that squirrels are more numerous in the woods which skirt the river this year than for many years. He says they have already commenced to invade the cornfields along the river and are damaging the roasting ear crop to a large extent.

### Owns Costly Bulldog.

Probably one of the most expensive bulldogs ever brought to the south is the one owned by W. P. Marey, Dallas. This animal, Dreamwold Dragon, is one of the dogs bought by T. Lawson, the copper magnate. Mr. Lawson gave \$40,000 for eight dogs. Dreamwold Dragon is valued at \$2500. Mr. Marey is to ship him to the Exeter bulldog kennels at Glencoe, Ill., to be conditioned for the dog fall shows. He also owns a very fine female of the same breed.

### Carnegie Gives to Waco Library.

Officials of the public library at Waco have received notice from Andrew Carnegie that he will give \$12,500 for an addition to the library at that city.

### Hit by Projection.

Howard Rogers, seventeen years of age, was instantly killed a few miles from Waco when a projection from the cowcatcher of an interurban car. He was asleep near the track. He awoke just in time to see the headlight, but not in time to escape. His head was split open.

## 646% Increase Tells the Story of Nation-Wide Chandler Demand

### Chandler History and Convincing Increases

Chandler Light-Weight Six, the first high-grade six-cylinder car weighing less than 3,000 lbs. and selling for less than \$2000, introduced to the public during the Chicago Automobile Show, January, 1913.

Ground broken for Chandler factory, April 6th, 1913.

Delivery of Chandlers in quantities began July 30th, 1913. Selling price, \$1785.

The year 1914 brought very general recognition to the Chandler Car. Leading dealers sought the Chandler sales-agency and sales leaped forward. Selling price, \$1595. The Chandler Light-Six Idea was now thoroughly established.

Official tests by Chicago and New York Automobile Clubs proved Chandler economy beyond shadow of doubt.

Year 1915 opened with the announcement of the new Chandler price, \$1295, a record-making low price for a high-grade six.

Such a car at such a price stampeded the trade toward the Chandler.

Two new factory buildings and a large addition to the main factory completed by March 1st to take care of added production.

Chandler production increased rapidly. By April 1st we were shipping 40 cars per day, by May 5th 50 cars per day, by May 20th 60 cars per day.

**April shipments showed 233% increase over April, 1914.**  
**May shipments showed 493% increase over May, 1914.**  
**June shipments showed 646% increase over June, 1914.**

These Figures Tell the Story of Chandler Success

**Roadster or Seven-Passenger Touring Car, \$1295**

Arrange for demonstration

**C. H. EARNEST, Local Salesman**  
 Phone 13  
**CHANDLER MOTOR CAR COMPANY, Manufacturers, CLEVELAND, OHIO**

### Facts to Remember about the CHANDLER SIX \$1295

What is the reason for this tremendous growth in Chandler demand? Just ask yourself this question. The answer is obvious when you know the Chandler car.

It's simply because, regardless of price reductions, regardless of new models, there is no other car of such superior character at a similar price.

No other car selling for less than \$2000 possesses all these high-grade features of design, construction and equipment found on the Chandler:

- The marvelous Chandler motor, of Chandler design and built in the Chandler factory. A powerful, quiet, economical, beautifully finished motor any man may well be proud of.
- Bosch Magneto, and Bosch Spark Plugs.
- Gray & Davis Electric Starting Motor.
- Gray & Davis Electric Generator.
- Rayfield Double-Jet Carburetor.
- Mayo Genuine Mercedes Type Radiator.
- Warm-bevel Rear Axle, smooth-running and silent.
- Cast Aluminum Motor Base extending from frame to frame.
- Three Silent Chains, enclosed and running in bath of oil, for driving motor shafts.
- Genuine Hand-buffed Leather Upholstery.
- Auxiliary seats in tonneau of touring car are instantly adjustable, folding away entirely out of sight into the back of the front seats.
- The greatest improvement in seven-passenger construction.
- Prestone Demountable Rim.
- Stewart Vacuum Gasoline Feed.
- Imported annular ball-bearings.
- Goldie Patent One-man Top, covered with genuine Neveerick.
- Jiffy Curtains.
- Hair Patent Top Holders.
- Motor-driven Horn.
- Stewart-Warner Magnetic Speedometer.
- Instantly Adjustable Tire Carrier (no straps) at rear of tonneau.
- All the usual incidental equipment.

### ROGERS DISTRICT SCHOOL TAX ELECTION

The citizens and property owners of the Rogers school district, known as No. 7, will hold an election on the third Saturday in July, the 17th, to determine whether the special school tax of 25c on the \$100 property valuation voted by that district some time ago, shall be abrogated or not.

The scholastic census of that district is 23, which, without the special tax and with only the state apportionment of \$8.00, would yield a revenue of only \$184.00. Supplemented by the present special tax, the revenue is sufficient to run the school more than six months. If this special tax be abrogated, not only will the length of the school term suffer, but the quality of the instruction can hardly escape deterioration. It would be a decided step backward in education, and the children of that district would be the most direct sufferers.

The Texas & Pacific railroad runs through a part of the district and bears no small part of the tax burden of the special levy. Many of the largest property owners of the district—non-residents, in fact, are anxious to keep the tax and maintain the long term of school.

### Occupied by Zapatistas.

With an estimated force of 25,000 the Zapatistas are holding the City of Mexico. The situation is critical.

### Breaks Neck Diving.

Diving in three feet of water off a bathing pier at Corpus Christi, Tex., a young man named H. C. Maddox had his neck broken, soon dying.

### THE MARKETS.

Dallas Cotton and Grain.  
 Dallas, June 28.—Cotton—Strict good middling, 9.40; good middling, 9.05; strict middling, 9.; middling, 8.55; strict low middling, 7.95; low middling, 7.65.  
 Grain—Corn: 85 to 88c per bushel, delivered in Dallas; northern white, 85 to 87. Wheat: 95c per bushel, No. 2 basis soft. Oats: Texas red, 35 to 37c per bushel in sacks.  
 Fort Worth Livestock.  
 Fort Worth, June 28.—Cattle: Cows, \$4.00 to \$7.00; heifers, \$5.00 to \$7.75; bulls, \$4.50 to \$5.50. Calves, \$4.00 to \$8.00; heaves, \$6.50 to \$8.35.  
 Hogs: \$7.00 to \$7.75; pigs, \$4.50 to \$5. Sheep: \$5.25 to \$7.25; lambs, \$7.00 to \$9.00; goats, \$2.50 to \$4.00.

### CITROLAX CITROLAX CITROLAX

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome. Ask for Citrolax. W. L. Doss sells it.

### No Baking Powder More Wholesome Than Alum Powders.

Washington, D. C.—Alum baking powders are no more harmful to a person than any other baking powders.

Such is the conclusion of the referee board of consulting scientific experts of the department of agriculture as the result of experiments to determine the influence of aluminum compounds on the nutrition and health of man. The report gives the results of three sets of extensive experiments on human subjects conducted independently by members of the board and was in response to questions put to it by the department of agriculture. The board's report was unanimous and was signed by Ira Remsen, president of John Hopkins university, Chairman; Russell H. Crittendon, professor of physiological chemistry in Yale University and director of the Sheffield Scientific school; John H. Long, professor of chemistry in Northwestern University; Alfonso E. Taylor professor of physiological chemistry in the University of Pennsylvania, and Theobald Smith, professor of comparative pathology in Harvard.

This important decision makes it apparent that it is unnecessary to pay an exorbitant price to get pure and wholesome baking powder—which has been proven best by test and which is pure in the can and pure in the baking—can be purchased for the moderate price of 25 cents per pound.

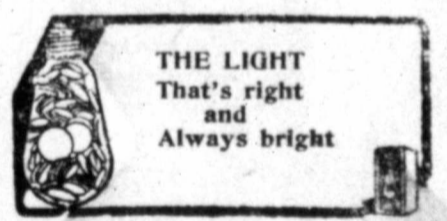

See those new patterns 9x12 congo-loom Rugs, laid on your floor for \$9.00—Sherwin & Son.

### HERRINGTON GARAGE.

For all kinds of car repairing go to Herrington's Garage; everything done that's possible to please you. Herrington keeps a full line of Tires and all accessories; the best oils and gasoline. Big stock of FORD parts. Don't pay unless you get a receipt. Herrington gives a receipt for every nickel paid. Ask for it when you pay him money.

### NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Scott & Bowne, Bloomfield, N. J.

# Maxwell

New 1915 Model  
**\$695**  
17 New Features

We have, right here, the car for which you have waited.

It holds the road perfectly at 50 miles an hour. It carries five grown people comfortably. It has left hand drive with center control—selective sliding gear transmission. It has a Sims high tension magneto. It rides as easily as any \$5000 car—1/2 elliptic springs on rear.

It has a famous make of anti-skid rear tires and the same size tires 30x3 1/2 inch all around. It is fully equipped—top, windshield and speedometer, etc.

This "Wonder Car" is the 1915 model of the Maxwell—price \$695.

With Electric Starter and Electric Lights only \$55 extra.

### RABBIT BOUNTY.

The rabbit bounty law goes into effect on June 20th and at the meeting of the commissioners' court in July they will pay bounty on all rabbits and wolves killed on or after June 20, \$2.00 for wolves or coyotes, 5 cents for jack rabbits.

### AMERICANS IMPLICATED IN HUERTA CONSPIRACY

El Paso, Tex., June 28.—More arrests including Americans will be made by the Department of Justice in the alleged conspiracy to start a new revolution in Mexico.

The arrests of Gen. Huerta and Orozco here yesterday were only the beginning of a nation wide prosecution of the leading Mexican exiles and some Americans of more or less prominence who became interested in the latest attempt to establish a government south of the Rio Grande by bloodshed.

Clifford Beckham, a young lawyer of Fort Worth, was the special agent of the Department of Justice who arrested the former president of Mexico and his chief aide in the projected revolution. Since April 22 Beckham and a corps of secret service operators have been working on the El Paso end of the alleged conspiracy.

Beckham stated today that more arrests undoubtedly would be made, probably today. The Americans are citizens of Texas, he said.

He refused to confirm reports that prominent New Yorkers, alleged backers of the Huerta party, also would be arrested.

At Thursday's hearing before United States Commissioner George Oliver, Huerta and Orozco will be represented by the El Paso firm of Lea, McGrady & Thomason, among the leading lawyers in this section of the country. Lea is Mayor of El Paso.

According to Beckham, the government will be prepared Thursday to prove its charge that the two defendants conspired to invade Mexico at the head of an armed force gathered in the United States in part, a violation of American neutrality laws.

The lawyers for the Mexicans are expected to ask for a postponement, after attempting to obtain their release without a test of the government's case.

Beckham admitted that his agents are watching Huerta and Orozco to prevent their crossing the border and jumping their bail bonds of \$15,000 and \$7,500, respectively. The others to be arrested also are under espionage, and any attempt to escape will be blocked. The authorities believe the arrests have broken up the new revolution.

The escape of General Jose Iniz Salazar from the Albuquerque, N. M. Jail Nov. 20, 1914 was the first step in the Huerta conspiracy, according to Beckham. Salazar was detained there by

the government, after he led his troops across the border to escape capture following his defeat at Ojinaga. Beckham investigated Salazar's escape and what he learned led him on to the conspiracy that culminated in yesterday's arrests here.

"The government would not have moved in this case unless it was sure of its ground," Beckham said. "I can't tell what our evidence against Huerta and Orozco is, but I may say it is conclusive. There will be other arrests."

It was stated on the highest authority that the Department of Justice is collecting evidence against the conspirators in at least a dozen cities, including New York, Washington, San Antonio, Galveston and New Orleans.

In reply to a series of written questions sent to Huerta at his apartments here, the former dictator wrote in Spanish and sent out by a messenger the following reply:

"At the present time I can not answer. As soon as I have the opportunity I will procure it."

### WANTED NOW.

Right now, when hay fever is attacking its victims and when asthma is causing so much distress, there is a demand for Foley's Honey and Tar Compound—the remedy that brought relief to thousands in previous years. Don't continue to suffer. It will help you. Contains no opiates. Sold by W. L. Doss.

### MUST STERILIZE DISHES.

R. H. Hoffman, state pure food commissioner, has announced that he proposes to vigorously enforce the act of the thirty-fourth legislature which requires hotels and restaurants to sterilize dishes in boiling water after use, to change the water after every two hours and to provide fresh napkins. Mr. Hoffman said he had instructed his inspectors throughout the state to keep special watch for violations of the law which became effective June 20, and to file complaints in each case. The penalty is \$5 to \$100.

### BE SURE TO ATTEND THESE MEETINGS.

The short course in Co-operative Extension Work in Agriculture and Home Economics, by the A. & M. College force, secured through the efforts of the Colorado Chamber of Commerce, will be of tremendous benefit, not only to the farmers and their wives and daughters, but also to the large number of town men and women who will attend. There will be 42 of these short courses throughout the state, and the Chamber of Commerce is to be congratulated in securing one of them for Colorado and Mitchell county. A large attendance is expected, not only of the farmers and their families of Mitchell county, but farmers from near by counties will be in attendance.

Fortunately this course which practically is the same as the numerous short courses at College Station, is absolutely free for all who will attend, the Chamber of Commerce taking care of the entertainment of the lecturers, which is the only expense incident to their coming.

Following is the personnel of the corps of instructors who will be on hand:

- J. W. Ridgway (leader) Dairying.
  - J. A. Edwards, Pecan Budding.
  - J. E. Boog-Scott and C. C. French, Animal Husbandry.
  - Miss Kate Lee Henley, Home Economics.
  - Mrs. Beulah A. Marshall, Poultry.
- Program for Local Short Course for men:
- First day.—9:30 to 10.—Registration
  - 10 to 11:15—Horse and Mule Judging.
  - 11:15 to 12—Soils and Soil Fertility.
  - 1:30 to 2:15—Poultry.
  - 2:15 to 3:30—Hogs and sheep.
  - 3:30 to 4:30—Soils and Soil Fertility.
- Night program to be arranged by local people.

- Second day.—9:30 to 10:30—Silos, Feeds and Feeding.
  - 10:30 to 11:15—Dairying.
  - 11:15 to 12—Horticulture.
  - 1:30 to 2:15—Horticulture.
  - 2:15 to 3:30—Cattle Judging.
  - 3:30 to 4:30—Agronomy.
- Night program to be arranged by local people.

- Third day.—9:30 to 10:30—Co-operation.
- 10:30 to 11:15—Dairying.
- 11:15 to 12—Crops.
- 1:30 to 2:15—Poultry.
- 2:15 to 3:30—Hog Cholera.
- 3:30 to 4:30—Farm Management.

The program for Home Economics especially for women, will be of special interest. The program follows:

First Day.—Poultry, Cooking Demonstrations; principles of cooking and canning demonstrations. Lecture on Demonstration Work, at night.

Second Day.—Poultry, Milk and Butter in the home. Care of cow. Care of milk. Washing vessels. Weighing and testing. Cooling devices. Bad and good points. Cooking Demonstration. Eggs. Quiche or roast in fireless cooker.

Third Day.—Poultry, Milk and Butter in the home. The churn. Ripening of milk. Judging butter. Molds. Cartons. Butter parchment and where to get them. Cooking Demonstration. Breads. Vegetables and cereals in fireless cooker.

The Record has received a new supply of typewriter ribbons for all the most popular machines—old and new style Remington, Underwood, Oliver, Fox and Royal. 75c each.

### MANUAL TRAINING IN PUBLIC SCHOOLS.

Open air manual training is an innovation which O. A. Hansen, instructor in manual training in the University educational department is advocating for rural schools.

"The great difficulty about manual training in the public schools," says Mr. Hansen, "is that it is given only in city schools where the need for it is not so urgent as in the country. But the problem of installing manual training departments in rural schools is one of money. A separate room has been deemed necessary, and such an extra room cannot be provided in most instances for under \$200.00. This has been found to be practically prohibitive. We have therefore devised a manual training bench, water-proof, and adapted to use out of doors, and we shall recommend that rural schools provide themselves with these desks and conduct the work under cheaply constructed arbors, or under trees, or in the shade of the school building itself. We are in a position to furnish designs for such benches free of charge and the construction of them costs but \$7.00 or \$8.00. Following this plan, therefore, any country school may start its manual training work at a trifling cost. I am demonstrating the use of this bench to many rural school teachers who are attending the summer school at the university this summer, and will soon publish a bulletin giving complete instructions for the work. I look to see a great impetus given this important work in the rural

schools where it is most needed, just as soon as these communities realize that the practical difficulties in the way of installing manual training have been overcome by the open air plan. Of course, such a plan would be impossible in a climate less temperate and equitable than that of Texas.

### FARMERS NOTICE.

A car load or more of hogs will be shipped from Colorado on or about July 10. Any farmer in Mitchell county having hogs and wanting to get in this car, will report at once to T. H. Roe, secretary of the Chamber of Commerce. Here is a chance for a market for your hogs.

### PAY THE INTEREST ON YOUR SCHOOL LAND.

General Land Office, Austin, Texas, June 25, 1915.

To the Editor:—Permit me, through your columns, to advise those of your readers who have not paid their last year's interest due on their school land that it will be necessary for them to pay by about the middle of August if they desire to prevent a forfeiture of their land. This is necessary on account of the importance of getting the money into the State's Treasury before the close of the present school year on August 31st in order to help prevent a deficit in the school fund apportionment. No one should wait for a personal notice before sending in his payment.

J. T. ROBINSON, Commissioner.

# Many Years Ago

on a glorious day in July, our forefathers gathered and decided no longer to grumble at the oppressive laws laid upon them by England, but to meet the situation with the determination to conquer. Thus was formed the Declaration of Independence and although a struggle followed and our country suffered temporarily, still it was the beginning of our nation's prosperity. Now we are once more nearing a Fourth of July and as of yore a bloody conflict is in progress. While not primarily interested, still our country has suffered from this war. But listen: This is just another case wherein "history repeats itself" and after the war clouds have disappeared we will find that our land will blossom forth brighter and better than before, for have we not once more had to assert our independence and show the world that the United States are self sustaining.

Then again while nations deal with war questions, communities and individuals have to overcome disasters wrought by the elements. But in this the same principle holds good, and so let us today declare our independence from the habit of complaining and set out one and all to overcome every obstacle in our path towards prosperity. This section of the country has suffered severely from storms and we feel as did Christian in the Slough of Despond, that there is little use to try again. But let us all remember the teachings of the old Pilgrim's Progress, and pull together to get out of the slough.

To show our sincerity we wish to say, that although we have sustained heavy losses from the recent storms, we will still continue to quote the low prices which have characterized our business thus far and have made our stores a haven to the people of this vicinity. Come and let us show you our money saving bargains.

It pays to do things and that is why we are sending you this letter or ad through Uncle Sam. We want you to know that we are doing things in these stores of ours, and every day of our lives we work harder to do better things for you than we did the day before. Now we want you to know that we appreciate you as a citizen, and we do truly appreciate your business, let it be great or small. Would you mind encouraging us by an expression of your personal opinion as to whether or not our constant endeavors to protect you from the high cost of living have benefitted you?

Below we name you a list of prices prevailing for the entire week and in addition to these prices here is a further treat we offer:

Beginning Saturday, July 3rd, at 3 P. M., and Lasting Until 4 P. M.

for one hour only during each day of the sale for next week ending Friday, July 9th, with each dollar cash purchase during this one hour, you will be entitled to a dish of ice cream and a glass of lemonade. Arrange your want list and call during this one hour. When your wants have been satisfied, you are invited to remain and enjoy a social hour while we take pleasure in serving you with cooling refreshments.

RAINFALL FOR COLORADO THE LAST TEN YEARS.

This record was made from the Government Gauge, now in charge of Mr. Joe Earnest.

Table showing rainfall for Colorado from 1904 to 1915 by month (Jan to Dec) and total. Columns include Year, Jan, Feb, Mar, Apr, May, June, July, Aug, Sep, Oct, Nov, Dec, Total.

COLORADO, TEXAS, JUNE 25, 1915.

The Keeper of the Dove of Peace wanted to address the Germans of Chicago on the great desirability of peace, but the Germans of Chicago told him they had rather hear him discourse upon the exportation of munitions of war.

Dr. A. H. Weston, editor of the Colorado Record, who has been in wretched health for over a year on account of an injured limb, has returned to the Sanitarium for treatment, with the assurance from his physicians that he will be permanently cured.

THAW SCORES STRONG POINT.

Expert alienists have pronounced Harry Thaw perfectly sane. Dr. Streeter, chairman of the commission which examined Thaw, said: "Thaw seems to have been a spoiled child. Like many children of the rich, he was brought up without discipline; given his own way generally and lacked occupation—circumstances that inevitably lead to failure."

MORE RAIN.

Mitchell county was again blessed last week with rain—a big rain—and that, too, all over the county. On Thursday evening and night heavy clouds came up with considerable wind and good rains fell in various portions of the county, but none, or very little in Colorado. Again on Friday evening the clouds gathered and about dark rain began to fall in great sheets of water, drenching the entire county with from two to five inches of rain.

The Times is indeed sorry to learn that Dr. A. H. Weston, editorial writer for the Colorado Record, has been compelled to return to the Baptist Sanitarium at Dallas for medical treatment. Dr. Weston wields a facile pen and he has made the editorial page of the Colorado Record one of the most readable and charming that it has ever been our pleasure to peruse.

Dr. Weston returned home Saturday night almost cured and a changed man. He is now able to walk without using crutches, for the first time in eighteen months, and after about a week's rest, to recover from the treatment, will be able to resume his position as editor of the Record.

TEN AMERICANS ARE KILLED

Another English Ship Torpedoed by a German Submarine with American Passengers Aboard, of Which Ten Are Lost.

Washington, D. C. June 30—Twenty nine lives were lost and ten Americans missing when a German submarine torpedoed and sank the big Dominion liner Armenian near Cornwall, England. The American Consul at Bristol, England reported the facts this afternoon. The ship sank June 28. The Armenian was a British ship and left Newport News for Avonmouth, England on June 17th.

STORMED AND CAPTURED.

AUSTRO-GERMANS HAVE HALICZ AND CROSS THE DNEISTER.

Austro-German troops stormed and captured Halicz, north of Stanislaw, and crossed the Dneister river. Heavy howitzers wrecked the Russian position at the Halicz bridge head and forced the czar's troops to retire in some disorder.

Capture of Halicz and the railway crossing the river north of Stanislaw is perhaps the most important Austro-German victory since the winning of Lemberg.

Two British Vessels Sunk. British coasting steamer Lucina was sunk by a German submarine off the Irish coast near Bally Cotton. Her crew was picked up by a trawler and taken to Queenstown.

The London Daily Mail suggested editorially that the British government attempt to secure the services of Orville Wright, American aeroplane inventor, to direct the great air fleet Great Britain is now mobilizing.

SPO PEE DIES.

NOTED INDIAN COULD NOT SURVIVE RESTORED LIBERTY.

Information has reached Washington that Spo Pee is dead. This message bore tidings of a tragedy of an Indian of the Blackfeet tribe unparalleled in redskin lore.

Unaccustomed liberty, to which the aged Indian could not adjust himself, caused his death after one short year of liberty following confinement in prisons and insane asylums for about thirty-five years.

Over thirty-five years ago he killed a white trader in northern Montana. A death sentence was commuted to life imprisonment. He was confined first in the Leavenworth, Kan., federal penitentiary, later at Detroit and until a year ago in the government insane asylum at Washington.

Unaccustomed to liberty and unable after thirty-five years of confinement to adapt himself to the modes of life of a free man, since his return to Montana, the charge of a daughter, Spo was almost a mute. He became then known as "Silent Spo Pee."

FORTY-TWO PAIRS OF TWINS. NATIVE POPULATION OF TEXAS ADDED TO LARGELY.

During May twenty-five homicides and twenty-eight suicides occurred in Texas, according to the monthly report issued by Dr. W. A. Davis, state registrar of vital statistics. The births numbered 3,782, including forty-two sets of twins, and there were 2,559 deaths.

Tuberculosis of lungs caused the greatest number of deaths, 306. Smallpox claimed seven victims out of 153 cases reported. Seventy-nine died from pellagra and thirty-nine accidental drownings were reported.

June School Apportionment. The Texas school apportionment for June, as announced by Superintendent of Public Instruction Doughty, is 25 cents per capita, approximately being \$250,000. The total per capita for the year is \$8.

Trying to Invade Home. W. P. Moats, an American, shot to death at the City of Mexicans who Mexicans who were trying to break into his residence. The state department was so advised.

Fatal Ice Plant Explosion. As a result of an explosion in the plant of the Ponca City (Okla.) Ice company Herschel Edwards and Geo. Robinson, who were repairing a pump sixty feet below the surface, through the roof were blown. Two more men were seriously hurt.

Slain Mowing Lawn. Ed Parnell, twenty-five years old, a negro, was mowing a lawn at Dallas, when an unknown man of his race slipped up behind him, shot him once in the back of the head, fired another shot at his body and fled. Parnell staggered into a servant's house and fell dead.

CARD OF THANKS.

I wish to adopt this method of expressing my sincere and heartfelt appreciation of the manner in which my good friends came to my assistance on the night of the big rain. But for your timely aid what finally resulted in a minimum loss, would have amounted to a serious calamity.

Gratefully yours, CHARLES M. ADAMS.

MATINEE, JULY FIFTH.

All the stores will be closed on that date. Come to the Opera House Movies and enjoy yourself. Four big reels of motion pictures—"The Girl Who Might Have Been" in two parts and "Love and Armour (Keystone), by far the funniest comedy ever made.

LOUISIANA JITNEY BOND UPHELD.

New Orleans, June 28.—The supreme court of Louisiana today upheld a New Orleans city ordinance designed to regulate jitney traffic which requires that an indemnity bond of \$5,000 be furnished for each passenger carry-

ing conveyance. Each of the 525 cars of the New Orleans Railway and Light Company are affected by the ordinance. The total amount of the company's bond is \$2,625,000.

TOMATOES ROT IN FIELDS.

Thousands of crates of fancy tomatoes are being left to rot in the fields of East Texas, according to reports, because prices slumped below cost of production and cost of picking, packing and marketing.

The same day tomatoes sold wholesale in Dallas at 60c to 75c per crate and sold to the consumer at 20c per basket, or at 75c per crate.

The freight on tomatoes, car lots, Jacksonville to Dallas, is 17 1/2c per 100 pounds and 18c per 100 pounds from Tyler. Per crate, carload lots, it is between 5c and 6c.

WEST TEXAS STORM KILLS TWO.

Big Spring, June 29.—Tahoka, 90 miles north of here, was visited by a terrific wind and hail storm last night. Two women were killed, several were

injured and a number of houses were unroofed. The storm was quite general in that section of Texas and follows a long dry spell. The ranges were beginning to need rain badly.

LED BY AN ITALIAN MAIDEN. GIRL AWARDED A MEDAL BY KING FOR HER BRAVERY.

Maria Abbrani, a dark-eyed Italian beauty from a mountain village along the Tyrolean frontier, is the "Joan of Arc of the Austro-Italian war."

King Victor Emmanuel awarded her a decoration for her bravery in leading a company in a bayonet attack on the Trentino village under heavy artillery fire. With the decoration went a personal telegram of congratulations from the king from his headquarters at the battle front.

Maria lived with her father, an aged Italian, in the village, under Austrian rule. With other Italians she went out to welcome the king's troops, when they entered the village from the south. Austrian batteries opened fire on the Italians at the outskirts of the village.

For eight hours she was in the thick of the fighting. In the final attack she actually led a squad of Bersaglieri in a bayonet charge that swept the Austrians out of the village. A complete Bersaglieri uniform was given the girl as a

**A BIT OF PHILOSOPHY  
FROM  
THOUGHTS FOR THE DISCOURAGED FARMER**  
By  
**JAMES WHITCOMB RILEY.**

They've been a heap o' rain,  
but the sun's out to-day,  
And the clouds of the wet spell  
is all cleared away,  
And the woods is all the greener, and the  
grass is greener still;  
It may rain again to-morr', but I don't  
think it will.

Then let us, one and all, be contented  
with our lot;  
The June is here this morning, and the  
sun is shining hot  
Oh! let us fill our hearts up with the glory  
of the day,  
And banish ev'ry dobt and care  
and sorrow fur away!  
Whatever be our station, with Providence fer guide,  
Sich fine circumstances ort to make us satisfied;  
Fer the world is full of roses, and the  
roses full of dew,  
And the dew is full of heavenly love  
thats drips fer me and you.

**REVIVAL MEETING CONTINUES.**

The revival meeting at the tabernacle, conducted by Rev. Frank Wright and the singer, Mr. Good, is still in progress, and will continue this week.

The services have been of the deepest spiritual kind and much lasting good will be the result. Mr. Wright seems to be led to present the right subject at the right time and one subject dovetails into another, making perfect harmony.

On Sunday morning he preached a wonderfully inspiring sermon to christians, on "Worldly Amusements" presenting the very highest ideals why christians should "come out from among them, and be ye separate;" and that in all things christians should be able to say "The love of Christ constraineth us;" and to be so conscious of being "our brother's keeper" that when any doubts arise that might be an occasion for a weaker one to stumble, we would say with Paul, "If meat make my brother to offend, I will eat no flesh while the world standeth, lest I make my brother to offend."

At the evening hour he preached on "Excuses," and to every thinking person, there could be no excuse, only the stubborn heart that is at enmity with God. He answered every one that could come up, it seemed, with the word of God; showing that if one accepted Jesus Christ as their personal saviour all difficulties would be removed and that we were kept by the Father through faith in His Son, and nothing could separate us from Him—"I give them eternal life; and they shall never perish, neither shall any man pluck them out of my hand."

On Monday evening the topic was "Marred Lives Made New," and he used Jeremiah 18-4 and Second Cor., 5-17. In part he said, "It is a terrible thing to be out of harmony with man, but it is a more terrible thing to be out of harmony with God, and to be so that God cannot use you." He told of how Belshazzar, after he had had the warning and example of his father, had to be rejected of God, and of King Saul because of disobedience; he was also rejected because these

men would not let God make their marred lives in His likeness, and he could not use them. He also spoke of the marred lives of Jacob, David, Peter and Paul and after they were made "new creatures," were used of Him and for Him. He also told of men whose lives were all marred and scarred with sin, in the present generation and after they were born anew were wonderful channels of blessings, using the noted Jerry McCauley as an example as what God could do for the lowest if they would only let Him make them into his likeness.

On Tuesday evening the subject was "Ye must be born again." He said this is not a natural thing that is to take place in the heart, for naturally the heart is at enmity with God, and it must be a supernatural thing. Culture and education are not enough, for some of the greatest sceptics and infidels come from homes of culture and education. It is not reformation. That is good enough as far as it goes, but is not, nor will not, take the place of regeneration—"Ye must be born again." I cannot and need not try to explain it, but like the blind man that received his sight, "One thing that I know, that, whereas I was blind, now I see." Regeneration is letting Christ in and letting Him do His work. He will give power to become sons of men the moment you surrender to Jesus, "and by this shall all men know ye are my disciples, if you have love one for another." Simply joining the church is not enough to save you; baptism will not save you. The moment you surrender to the Lord Jesus you are saved, and join the church and are baptized because you are saved. It is not a creed; it is a life—"Ye must be born again."

On Wednesday evening the subject was "What is Faith?" using the 16th chapter of Acts as a foundation for the discourse, showing that there must be a desire for faith, just like the jailor who asked in great earnestness, "Sirs, what must I do to be saved?" A deep conviction of sin; a confession of sin; then the blessing comes immediately. Or, we must admit we have sinned, confess our sins, for if "we confess our sins, He is faithful and just to forgive us our sins," and submit ourselves to Him, who said "commit thy ways unto the Lord; trust Him, and He shall bring it to pass." Then right living will follow as naturally as the budding of leaves on a live tree. "Without faith it is impossible to please God."

The morning talks have been addressed specially to christians and along lines to inspire and instruct.

The music throughout has been exceptionally fine. The instrumental parts have been played by Mrs. M. K. Jackson, piano; A. J. Payne, organ;

Ed Jones, violin; Lee Jones, cornet; J. B. Annis, cello. The choir has been made up of the best singers in the city and under the direction of Mr. Good, has rendered some fine music. Mr. Good and Rev. Mr. Wright are both splendid singers, and their solos and duets have been greatly enjoyed.

**RIORDAN-HUTTON  
WEDDING A SURPRISE.**

A Quiet Affair at the Home of the Bride's Parents, Dr. and Mrs. M. C. Hutton, in This City.

On Wednesday morning at 10:10 o'clock, relatives and intimate friends of the families witnessed the marriage of Mr. Jerold Riordan and Miss Sallie M. Hutton. Mendelsohn's wedding march was played by Miss Mittie Hutton, a sister of the bride, as the happy couple marched through the hall into the parlor. Here they were met by Dr. M. C. Hutton, the bride's father, who performed the beautiful and impressive ceremony during which Miss Mittie Hutton played softly "Melody of Love." During the congratulations and good wishes punch was served by Miss Agnes Griffith.

The bride wore a beautiful blue Ottoman silk coat suit, and her bouquet was bride's roses showered with lilies of the valley. The home was beautifully decorated with Shasta daisies, snowballs, gladiolas, cannas, ferns and palms. Many beautiful presents were received.

The groom is a prosperous merchant of Colorado City, and is remembered by many of our citizens, he having visited here during the meeting of the Old Settlers Reunion last summer.

The bride is a daughter of Dr. M. C. Hutton, and has spent nearly all her life in Georgetown, where she has many friends who wish her many years of happy married life. She is a graduate of Southwestern University and of the State Normal at San Marcos, and for the past two years has been a teacher in the primary department of the Colorado City public schools.

Mr. and Mrs. Riordan left on the 10:32 M. K. & T. train for their future home in Colorado City, Texas, carrying with them the best wishes of a host of friends.—Georgetown Sun.

Mrs. Riordan has a warm place in the hearts of many here, both old and young, who welcome her to her new home, because of her untiring efforts in the school at this place for the past three years, and because of her sweet christian character.

Mr. Riordan was born and reared here and needs no words of commendation. His life speaks for itself.

We congratulate you, Jerold, on winning this accomplished and talented young lady for your bride. May you have many, many years of happiness together.

**SANITARIUM BENEFIT.**

Under the auspices of the Baptist ladies there will be a benefit on the court house lawn, next Friday evening July 9th, for the Phenix Sanitarium.

Ice cream and cake will be served; band concert and a beautiful patriotic drill given by about fifty little girls in white. Other amusing and interesting features will be given, such as fish pond, fortune telling, etc.

It will be an evening of pleasure and the ladies are striving to make it one of profit for this much needed public institution.

Help all you can; find out about it; talk it up, and bring your family and friends out with you; loosen up and enjoy the evening in a social way.

**EPISCOPAL CHURCH.**

Sunday services at All Saint's Church will be as follows: Holy Communion at 7 a. m. and 11 a. m.; Sunday school 10 a. m. There will be no evening service.—G. C. Rafer, Pastor.

**HOUSE PARTY.**

Little Miss Dorothy Burns is entertaining with a house party Little Misses Anna Bell Gray of El Paso, Lillian Smith, Madaline Looney, Eleanor Thomas, Mary Snyder and Annie Mary Mann. A delightful time is being had by these young ladies.

Miss Lois Whipkey honored her guests Misses Dimple Gross and Doris Marshall of Snyder by having a few guests for a feast on the lawn Thursday evening. A delightful time was had by all and the feast seemed to be done justice to.

**BETTER THAN LIFE INSURANCE**

Twenty-five cents invested in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy will enable you to protect your family from any serious consequences resulting from an attack of colic or diarrhoea during the summer months. Is that not better than life insurance? Buy it now. It may save life. For sale by all dealers.

Best canning and sweet pickle peaches on the market at McMurphy's

**OFFICERS INSTALLED.**

On Thursday evening last the Order of the Eastern Star installed their officers, after which refreshments were served, and a good time enjoyed by all. The following are the new officers:

- Mrs. F. B. Whipkey, Worthy Matron.
- Dr. W. R. Lindley, Worthy Patron.
- Mrs. Tillie Shropshire, Associate Matron.
- Miss Ella Dry, Secretary.
- Mrs. G. W. Donaldson, Treasurer.
- Mrs. Henry Grantland, Conductress.
- Miss Sallie Herrington, Associate Conductress.
- Miss Ethel Mann, Ada.
- Miss Cleo Pritchett, Ruth.
- Mrs. Jo. R. Sheppard, Esther.
- Mrs. Nellie Schroeder, Martha.
- Mrs. J. R. Sadler, Electra.
- Mrs. W. R. Lindley, Warder.
- Mr. G. W. Donaldson, Sentinel.
- Mrs. Gene Pond, Marshall.
- Mrs. Jas. L. Shepherd, Chaplain.
- Mrs. Obie Avery, Organist.

**SPECIAL NOTICE TO LADIES.**

Mrs. Kate Smith representative of the World's Star Hosiery and Underwear Co., will call upon the ladies of Colorado to supply their needs in this line. Look up your wants and be ready to place an order with her. 7-9p

The preacher has a hard time of it. If his hair is gray he's old. If he is a young man he hasn't had experience. If he has ten children he has too many. If he has none he should have and isn't setting a good example. If his wife sings in the choir she is presumptuous and if she doesn't she isn't interested in her husband's work. If a preacher reads his notes he is a bore. If he speaks extemporaneously he is not deep enough. If he stays at home in his study he does not mix enough with the people. If he is seen around on the streets he ought to be at home getting up a good sermon. If he calls on some very poor family he is playing to the gallery. If he calls at the home of the rich he is an aristocrat. Whatever he does some one could have told better. He has a fine time living off donations which never come in and promises that never mature. Next to being an editor the preacher has the world bested for a quiet, peaceful (?) slide down the toboggan of time.

See the fun at the "Country Store" Opera House every Tuesday night.

**STOMACH TROUBLE  
FOR FIVE YEARS**

**Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.**

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try **Thedford's Black-Draught**, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking **Black-Draught** for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what **Black-Draught** has done for me."

**Thedford's Black-Draught** has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today. Only a quarter.

**"THE GODDESS."**

The Record has made arrangements with the publishers, to run the continued story, "The Goddess" through the paper for fifteen weeks, and at the same time the pictures will be shown at the Shadowland theatre. The opening chapters will be published on Friday July 16, and on the following Thursday, July 22, they will appear at the Shadowland, and so on each week for fifteen weeks. A page will be run each Friday in the paper and shown at the Shadowland the following Thursday. Read the opening chapters on July 16, and you will want to finish the story and to see the pictures. The Record and the Shadowland have gone to considerable expense to produce this feature and we want every reader to start the story.

You should see the fireless cooker oil stove we are selling.—Colorado Mercantile Co.

Beware of the "Clutching Hand"—Shadowland Theatre.

**MARY PICKFORD.**

America's Sweetheart, Mary Pickford, is to be seen for the first time in Colorado at the Opera House Movies in "Cinderella," Tuesday July 13, in a special four part feature. Little Mary is equally as good, if not better, than any of her former successes.

**I Want**

To swap new cotton seed meal and hulls or coal for cotton seed or maize. I will also buy and pay cash for these articles. I will exchange threshed maize for heads, or thresh your grain when brought in big enough lots to justify starting engine.

**LORAIN NEWS ITEMS.**

The Farmers' Co-operative Gin Co. has secured its stock certificates and by-laws and will soon have its gin completed. They held another meeting at the opera house on Saturday afternoon.

Mrs. S. G. Meushaw and Miss Elizabeth Meushaw will give a minstrel show Friday (tonight) at the Opera house.

Misses Oma and Annie Gregg write to friends that they are having a delightful visit at Alvin and Palacios.

Messrs Tim Garland and Willie Martin will leave Wednesday for the Panama Exposition. They will make the trip on their motor cycles and expect to be gone several months.

Misses Ethel and Willie Gregg visited in Sweetwater last week and attended the Ham-Ramsey meeting.

Mesdames W. E. and R. M. Erwin and B. F. Myers and Miss Hall visited in Colorado for a few hours on Thursday.

Mr. and Mrs. Barna Haney and Miss Irene Garland left Sunday for Lamesa where they will visit their brother. Mr. Haney returned Monday.

Mesdames F. Miles and T. J. Davis entertained quite a number of ladies on Friday evening with a Talent social.

Miss Berta Butler is out again since her recent illness.

Mr. R. E. Bennett and family motored over to Sweetwater and attended the Ham-Ramsey meeting on Thursday.

Mrs. J. H. Holder of Dallas was a guest in the D. M. Vinson home last week.

Mr. J. R. Coon of the Lowe community was up Saturday shopping and interviewing old friends and reports good crop conditions.

Messrs Chris Hall and D. K. Nelson worried the "finny tribe" a few days this week.

**WITHIN THE REACH** of every woman—health and strength. They're brought to you by Dr. Pierce's Favorite Prescription. Take this medicine, and there's a safe and certain cure for all the chronic weaknesses, derangements, and diseases peculiar to the sex. It will build up, strengthen, and invigorate every "run-down" or delicate woman. It regulates and assists all the natural functions. At some period in her life, a woman requires a special tonic and nerve.

If you're a afflicted woman turn to "Favorite Prescription," you will find it never fails to benefit.

Sold in tablet or liquid form.

Mrs. Lucy E. Yoakum, of 2222 Clinton Avenue, Fort Worth, Texas, says: "I was in such bad health and so dependent at times that I couldn't do my work. Tried everything I could hear of. Doctors treated me but I only got relief for a short time until I tried Dr. Pierce's wonderful medicine. Have been in much better health since using 'Favorite Prescription' and 'Golden Medical Discovery.' I weighed 107 at that time now I am well and hearty and weigh 130 pounds."

Mr. and Mrs. C. B. Reeder and daughter left Thursday for a visit with Mr. Reeder's father in Arkansas, and they will also visit in East Texas.

Mrs. I. W. Baker entertained a few couples of young folks in a social way on Tuesday evening.

Mr. and Mrs. Frank Johnson have moved out to their farm and will remain until after their crop is gathered.

Messrs Joe Bennett and Herman Finley left Wednesday for Hico and other points to visit friends and relatives.

Misses Imogene and Sallie Neely visited their brother, Mr. Claude, on Tuesday.

Mr. Tim Garland made a quick visit to Lamesa on his motorcycle the earlier part of the week.

Mr. J. T. Bennett of the Union Chapel community reports 95 acres of fine cotton and all his feed ruined by the recent storm. Out of 165 acres he has only about 25 or 30 left of stubs. He has replanted.

Mr. Wm. Richards of Bauman, also reports heavy loss from the big rains of last week.

**Two Weddings.**

Another simple, pretty home wedding occurred on Wednesday evening at eight o'clock at the home of Mr. and Mrs. J. K. Mahon west of town, when their daughter, Miss Cary, was given in marriage to Mr. Curtis C. Reeder, Rev. C. E. Jameson officiating. The fair girl bride was very prettily attired in white silk crepe de chine, with forget-me-not trimmings. Her veil was also caught with them. She carried a bouquet of white roses. After the ceremony the guests assembled in the dining room and were served with cream and cake. The bride is another of our home girls and graduates and teacher. The groom is a home boy, son of Mr. and Mrs. J. F. Reeder. Both represent two of our best families. They have a goodly number of friends who will wish them success and happiness in their new life. They will continue to make this their home.

Cards are out this week announcing the marriage of Miss Myrtle Norman to Dr. Wm. F. Chambers of Bronte, Texas, on the evening of the 23rd, at 8:30 o'clock at the residence of Mr. and Mrs. J. D. Norman. The marriage was a simple, quiet affair, only the immediate relatives of the bride and a few friends were present. When these had assembled in the parlor Miss Wanda Altman played Mendelssohn's, the bridal couple entered unattended and faced Rev. C. E. Jameson, who, in brief and impressive words tied the nuptial knot. After congratulations, cream and cake were served to the guests by Misses Nellie Norman and Wilson Hurd. The bride's dress was of white tulle with pearl and bead trimmings. Miss Myrtle is another of our home girls who has been reared here and graduated from the school, and has taught several terms. She will be missed from the social circles and elsewhere. The groom is a prominent young physician of Bronte. Dr. Chambers and his bride left on the midnight train for Bronte, where they will make their home.

14x20 Circassian Walnut and Gold Bronze oval frames, with convex glass, latest patterns at Sherwin & Son.

**SHERIFF'S SALE.**

State of Texas, County of Mitchell. Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Mitchell County, on the 29th day of June 1915, by Earl Jackson, Clerk of the said District Court, for the sum of Four Hundred and Eighty-three and 15-100 Dollars and costs of suit, under a judgment in favor of S. E. Brown, in a certain cause in said Court, No. 3010 and styled S. E. Brown vs. S. H. Johnson, placed in my hands for service, I, A. W. Cooksey, as Sheriff of Mitchell County, Texas, did on the 30th day of June, 1915, levy on certain Real Estate, situated in Mitchell County, Texas, as described as follows, to-wit:

All of Lot No. Ten (10) in Block No. Nineteen (19) in White's Residence Addition to the town of Loraine; and levied upon as the property of S. H. Johnson, and that on the first Tuesday in August, 1915, the same being the 3rd day of said month, at the court house door, of Mitchell County, in the town of Colorado, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said S. H. Johnson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 30th day of June 1915.

A. W. COOKSEY,  
Sheriff Mitchell County, Texas  
By J. B. Holt, Deputy. 7-16c

Ever see how carefully an experienced trout fisher selects his fly to suit the weather, the season and the time of day?

He studies the conditions, then chooses the right bait.

We have studied problems in the use of petroleum products for all purposes under conditions obtaining in many parts of the globe. Knowing these conditions we can give you a

**TEXACO PRODUCT**

suiting to your purpose in whatever activity you may be engaged. That is the only bait we use—and it is right.

Our rapidly growing business in all parts of the world has been built upon this foundation. Our line of products includes all that may be required from petroleum.

**WITH OUR SUBSCRIBERS.**

Mrs. Geo. W. Beal at Elida, New Mexico, is a new one this week.

T. J. Runyan renews this week. Lee Moore, Colorado, Route 3, is a new one.

B. B. McGuire out on route 2 sends in a dollar for the Record as a new subscriber.

R. N. McIntyre of Loraine came in and renewed. S. L. Brown of Cuthbert "keeps it coming."

W. V. Allen of Colorado also renews. D. M. Vincent at Loraine sends in three dollars on the Record account.

Dock Nettles, the jitney man, now reads the Record as a new subscriber. Mrs. W. R. Motley, (formerly Miss Doss) is a new reader of the Record, at Marshall, Texas.

Among the appreciated subscribers coming in this week was E. B. Gregson of Iatan, who left two dollars, and reports everything in good condition in his part of the county.

Prof. W. Claude Hooks is now attending the normal at Canyon, and sends for the Record to keep him posted.

Mrs. Lillie Hamilton out on route 2, is a new reader of the Record.

**EVER SALIVATED BY CALOMEL HORRIBLE.**

**Calomel is Quicksilver and Acts Like Dynamite on Your Liver.**

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Those desiring to take piano lessons next term, please remember that I will be ready in my new studio, opposite the high school building, to open my class, with or before the beginning of the school term.—Lela Whipkey.

**EL PASO TO CELEBRATE FOURTH OF JULY.**

For the first time in many years that city will celebrate the Fourth of July in what is popularly known as "the good, old fashioned way," with a military parade in which two regiments of United States infantry, a regiment of cavalry, several batteries of artillery, a number of machine gun sections and a company or two of the signal corps will participate. In addition there will be balloon ascensions, air ship flights, baseball between El Paso and Albuquerque, patriotic addresses, etc., the whole show to wind up with a display of fire works in the evening with set pieces showing the Elephant Butte dam, the battle of Torreon and other stirring scenes in border history.

As the fourth falls on Sunday this year the celebration will be held the following day.

For those who may want to take advantage of the two days holiday to see the big dam at the same time enjoy the military features of the celebration on Monday there will be run on Sunday an excursion to Elephant Butte for which a rate of \$5.00 for the round trip has been made. The cost of the ticket will cover the cost of a basket lunch furnished by one of the leading caterers of the city.

**CURED OF INDIGESTION.**

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers.

**BORDEAUX MIXTURE.**

To make the Bordeaux Mixture, take four pounds of copper sulphate (blue stone), dissolve in twenty five gallons of water. Take four pounds best lump or stone lime, slake into a smooth cream by adding water slowly as the slaking develops; dilute the cream of lime to twenty-five gallons with water. Mix the two dilute solutions together, measure by measure, which makes the spray mixture as soon as well stirred. Spraying should be done with sufficient pressure and suitable machinery to give a moderately fine spray, which should have considerable power of penetration into the foliage of the plants sprayed; the spray is protective only to those parts it comes in contact with, so it must reach all spots.

**NOTICE TO ALL**

**I KEEP NOTHING—BUT . . . SELL WOOD, COAL AND FEED.**

Plenty of oak wood in 4-foot, cook stove and heater lengths. I have and will keep plenty of McAllister, Coolrado, lump and nut coal. Also have a good line of Blacksmith coal.

For feed of all kinds see or phone me. Free delivery. Will furnish meal and hulls at mill prices.

Wholesale oils and gasoline for The Texas Company.

W. W. PORTER.

Read it in the paper and see it the next Thursday at SHADOWLAND

**STATUTES OF TEXAS  
LAWS NOW EFFECTIVE**

Eighty-two general acts of the Thirty-fourth legislature in regular session become laws of Texas and effective as statutes this month. These are the acts of general importance that because of the failure to pass both houses by a two-thirds vote were carried for ninety days after adjournment. Aside from these general acts, there are nineteen of local importance that also became effective, making a total of 101 acts of the entire number of 156 acts passed at that session.

Although the compulsory attendance law becomes effective, there is a provision in the law itself stipulating Sept. 1, 1916. Other educational measures require the teaching of agriculture in summer normal schools and in farmers' institutes; providing for the printing of text books for schools in Texas; increasing the scholastic age from 6-16 to 6-17 years, inclusive; providing that common and independent school districts may provide free text-books for public schools.

One law that becomes effective prohibits betting on elections in the state under a penalty of fine upon conviction of from \$100 to \$1,000, and confinement of from twenty to sixty days in the county jail, or both fine and imprisonment. Another law that is of importance allows corporations to contribute to Chambers of Commerce, bona fide Commercial Clubs and associations.

A bill becomes effective which makes it compulsory for restaurants, boarding houses, hotels, etc., to sterilize their dishes, utensils, etc., in boiling water.

Other laws which became effective are:

Requiring fire escapes on all buildings over two stories in height used as schools, dormitory, lodging houses, manufactory, wholesale or retail department store or in any place where five or more persons may be assembled. Residences exempted. Penalty \$50 to \$200 fine.

Preventing railroads from changing location of roundhouses, general offices, machine shops, without the consent of the railroad commission.

Defining loan brokers, providing they shall give bond, record all transactions, pay annual tax of \$50, etc.

Providing for the incorporation of towns of 600 inhabitants or more.

Authorizing the railroad commission to require railroads to construct and operate switch connections with spur tracks to prevent discrimination.

Placing the general management and control of public free schools in common school districts in the hands of five trustees.

Empowering county commissioners to provide for county parks.

Woman's fifty-four hour law.

Preventing obstruction of highways, crossing of streets at railroad crossings for more than five minutes.

Providing for fish ladders where any obstruction is placed across any regular flowing stream.

Requiring section foremen and hands on railroads to take description of animals found dead along railroads.

Authorizing consolidation of electric light, gas, steam, water or street railway companies upon consent of the people of a city, given voice in an election.

Requiring that agriculture be taught in summer normals and institutes, and defining subjects to be taught in common schools.

Providing for recording of tax receipts.

Providing for the establishment and maintenance of a state farm colony for feeble-minded.

Applying nepotism law to members of the legislature.

Allowing corporations to contribute funds to bona fide commercial organizations.

Providing for taking appeal in criminal cases by giving notice in open courts.

Making it possible to prosecute for theft of auto by imprisonment in county jail not less than six months or more than one year.

Prohibiting the use of any call, whistle, decoy, horn, pipe or reed in the hunting of deer.

Regulating and providing for licensing of employment agencies and placing them under commissioner of labor statistics.

Providing for printing of text-books for schools in Texas.

Providing county commissioners may establish free libraries.

Providing for elections to determine whether free text-books shall be provided in common and independent school districts.

Creating state board of forestry.

Providing that tax collectors shall mail notices of delinquent taxes to owners of real estate, and providing for perfecting records of the various counties, and making penalties.

Extending power of state inspector of masonry to public works in counties municipalities, cities and other political subdivisions.

**NEW  
TIN AND PLUMBING BUSINESS**

**I HAVE PURCHASED**

The Tinning and Plumbing business of Fred Harris, together with the good will that accompanies, and will endeavor to so enlarge the business and increase both its capacity and scope that patrons will be better served than ever before.

**All Kinds Plumbing and Sheet Metal Work**

will be done on shortest notice, with best materials, highest skill and at the most reasonable prices. I will specialize on prompt repairs, metal water tanks and all manner of pipe fitting.

Mr. Fred Harris will continue with the business, and will conduct same in its present location until about May 1st, when the plant will be moved to my present business location—the Brick Garage, on First Street—where it will be run in conjunction with my auto and garage business.

Give me a share of your future patronage and get satisfaction in every detail of the work.

**Byron B. Byrne** THE STUDEBAKER (BRICK GARAGE)

**BAPTIST PASTOR RESIGNS.**

Rev. Bartow Broome, who has been pastor of the Baptist church at Granger for a year or more, has tendered his resignation which was reluctantly accepted. The News feels justified in saying that Rev. Broome is a minister of ability, a man of deep convictions and who possesses numerous qualifications. As a theologian he was well versed and as a friend and neighbor was without a peer.—Granger News.

**ARE YOU FEELING FIT?**

Do you envy the man or woman of untiring energy, strong body and happy disposition? All these depend upon good health, and good health is impossible when the kidneys are diseased. Foley's Kidney Pills help the kidneys cast out poisons that cause backache, rheumatism, and other symptoms of dangerous kidney and bladder troubles.—Sold by W. L. Doss.

**STATE-WIDE PROHIBITION ELECTION MAY BE HELD.**

A state-wide election in Texas in the near future on the prohibition question based on recent gains made by the pros, is entirely within the range of possibilities, said A. J. Barton, superintendent of the Anti-saloon League in Texas, in an interview given out. Dr. Barton believes that if the democrats next year declare against national prohibition if the question is raised and the republicans favor it, and nominate a prominent pro for president, that they will sweep the democrats from the face of the earth.

It is planned to conduct automobile tours from various sections of the state to the annual meeting at College Station on August 5, 6 and 7 of the Texas Good Roads Association and the state organization of county judges and commissioners. More than 1,500 visitors are expected. Experts are to discuss different phases of road construction and highway legislation.

**BEST DIARRHOEA REMEDY.**

If you have ever used Chamberlain's Colic, Cholera and Diarrhoea Remedy you know that it is a success. Sam F. Guin, Whatley, Ala., writes, "I had measles and got caught out in the rain and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer, but thanks to this remedy, I am now well and strong." Sold by all dealers.

## COTTON SITUATION PROVING OF INTEREST

CONE JOHNSON SHOWS NECESSITY OF ENABLING FARMERS TO HOLD THEIR CROP.

Secretary Houston in Recent Bulletin Estimates Visible Supply on June 11 at 6,224,454 Bales.

Within forty-five days the 1915 cotton crop will begin to move in the South, and with the trade routes either closed or so badly hampered by operation of the British order in council as to occasion losses to shippers, fears are expressed that marketing of the new crop will be retarded more than usual. Cone Johnson of Tyler, Solicitor for the State Department, expressed the view that it was of great importance that arrangements be perfected to protect the cotton raiser from the necessity of putting the crop on the market as it comes in sight. Mr. Johnson said:

### Great Britain Has Cotton.

"I am told by cotton exporters that Great Britain has already purchased of last year's crop an unusual supply and this will be augmented by the large amount of cotton which Great Britain is proceeding to take over under the so-called cotton arrangements, relating to shipments of cotton after March 1 upon contracts that have been entered into prior to that date. When the new crop begins to move Great Britain will probably be found with quite a large supply on hand. Many of the spindles in France, I understand are rendered idle; shipments to the neutral countries of Europe will be difficult through delays and detentions, while the markets of Germany, Austria or Turkey will be shut out if the British order in council remains.

"It is manifest, therefore, that it is of desperate importance that the cotton raiser be protected against the necessity of dumping his crop on the market as soon as it is gathered and that arrangements be perfected in due time by which he will be able to carry over until the marketing situations are more favorable. The producer sold last year's crop at around 7c average, largely because he was under the necessity of turning his cotton 'loose early in the season. It will be a pity if he is again compelled to let the crop go at that, or a less price, through the lack of arrangements and facilities for holding while it is worth around 16c on the other side of the water."

### Visible Supply 17,509,000 Bales.

The visible supply of cotton for 1914-1915 was 17,509,000 bales. The crop was 15,873,000 bales instead of approximately 14,000,000 as figured upon. There were carried over of the 1913 crop 1,228,000 bales, and there were imported up to May 31 last 307,400 bales, according to figures in a statement made by Secretary Houston of the Agricultural Department. The condition of the new crop is reported good, but the acreage is not yet known. From August until the end of May, 1914, the exports amounted to 8,596,226 bales, while for the same period ending in 1915, they were 7,629,303 bales.

The number of bales consumed in the United States for the ten months ending with May was 4,585,522, nearly 200,000 bales less than the same period the year before, but more than was expected when the European war started. Figured as in June 11, 1915.

Secretary Houston says that the visible supply of cotton was 6,224,454 bales of which about 4,500,000 are American cotton. The total stock in Great Britain was 1,050,000 bales, and on the continent 1,044,000 bales, and American cotton afloat was 447,000 bales.

### Principal Market Factors.

Domestic consumption, Secretary Houston says, has been about as much as was expected, the exports larger than expected, and the price received higher than most people predicted last fall. The statement points out that during the last few weeks the principal factors affecting the Liverpool market were abundant stocks at Liverpool and elsewhere, deliveries at Liverpool in excess of speculative contracts, lack of full revival of normal trade conditions in manufactured products, and good conditions reported for America's new crop. Other factors, according to Secretary Houston, are uncertainty as to the duration of present conditions, the quality and disposition of prize cotton in England, entrance of Italy into the war, and the disturbing of shipping both of belligerent and neutral countries.

Reports to the Department of Commerce show that some of the countries producing cotton, other than the United States, are increasing their acreage this year. Japan last year planted 51,000 acres to upland cotton, producing a grade used extensively by its factories, and this year the acreage under governmental benefits has been increased about 60 per cent. Japan had taken more cotton from the United States this year than ever before, and profited by the low price of the early part of the season. The indications are that her mill capacity has not been increased in keeping with the increase in acreage, and that Japan, with anything like fair returns from this year's planting will probably take less American cotton next year.

### Little Increase in Russia.

The fact that Russia was able to obtain from this country only 33.9 bales between August and March, compared with normal exports of \$9.00 bales, and the exhaustion of the crops of some of its chief districts producing cotton, has caused attention to be given to increasing the acreage, but to increase up to expectations, will not make an appreciable impression upon America's supply. The last report the government had as to conditions in Russia was in May. At that time a large amount of cotton exported from the western ports was reported tied up at Vladivostok, awaiting land transportation. The government promised not to exceed ten cars daily and since Russia's choicest crop was nearing exhaustion, the mills faced a shut-down.

There seems to be little prospect for emancipation of Russia from American cotton, since the land is more valuable in the production of foodstuffs, and with no attention being paid to crop rotation it is growing sterile. It is predicted that the United States will carry over at least 3,500,000 bales of the last crop, although the State Department has hopes of getting the trade routes to neutral countries open so that American cotton can find a safe market. Norway and Sweden can use considerable if deliveries can be made. Switzerland has negotiated loans amounting to \$15,000,000 for the purchase of American goods, and much of this will be cotton. There is opportunity to supply the demand through France. Reports from the countries at war, however, show that considerable of Europe's cotton industry is at a standstill.

About 2,000,000 bales of American cotton was put into Germany up to the time Italy declared war, and much of it is believed to have been through that country. As it is, there is a large amount of cotton held in Italy, some of it destined to Germany and surrounding countries.

Credit is given W. L. Harris, formerly of Texas, now in charge of the Harris-Irby Cotton Company's office in New York, for opening the cotton market in Germany shortly after the general declaration of war. A government agent told young Harris that cotton was not contraband, and that it could be shipped. "Then I will ship it," he replied. He sent 6,000 bales to Germany via Sweden. The banks would not finance the transaction, so he took \$300,000 of the firm's money to do so. The delivery was made without difficulty. Harris next chartered a vessel and put a cargo of cotton into Bremen, carrying the marine insurance himself to the extent of \$172,000. The ship arrived safely, and is said to have been the first ship under the American flag that touched Bremen in forty years. The incident was related by Senator Ransdell of Louisiana in a speech showing the necessity for the shipping bill.

"Pete" Avery has the agency for the Federal tires; also the Lees Puncture Proof Tires—money back if one of these tires puncture. Tell your tire troubles to "Pete."

## CITY TAXES DELINQUENT

List of lots and blocks delinquent for the taxes of 1914 only in the City of Colorado, Mitchell County, Texas, as reported by L. A. Costin, Tax Collector:

THE STATE OF TEXAS, COUNTY OF MITCHELL:  
I, L. A. Costin, Tax Collector of the City of Colorado, State of Texas, do hereby certify that the within lands and town lots assessed on the Tax Rolls of said City for the year 1914, are delinquent for the taxes for 1914 and that I am entitled to credit for the taxes as shown thereon.  
L. A. COSTIN, Tax Collector, City of Colorado, Texas.  
Sworn to and subscribed before me this 4th day of June, A. D. 1915.  
Notary Public, Mitchell County, Texas  
(Seal)

THE STATE OF TEXAS, COUNTY OF MITCHELL:  
We certify that we have examined the within report of lands and town lots assessed on the tax rolls of the City of Colorado, Texas, for the year 1914 which are delinquent for the year 1914 and find the same correct and that L. A. Costin is entitled to credit for the taxes as shown thereon.  
Given in open meeting this 14th day of June 1915.  
Attest:  
L. A. COSTIN, Secretary.  
C. M. ADAMS, Mayor.  
F. M. BURNS, J. T. DAVIS, O. E. AVERY, R. O. PEARSON, R. L. SPALDING, Aldermen.

In most families there is little agitation over what father is going to wear this spring.

The car, No. 186, will leave the Barcroft hotel every day promptly at 12:30 for Snyder, via Dunn and Ira, and will leave Snyder at 4:30 returning to Colorado.

EAST SIDE SINGING

The East Side Singing Convention will meet with the North Plainview class on Sunday, July 4th and the Saturday night before. All singers are invited to meet with them, as an enjoyable time is promised.

SUMMER ACHES AND PAINS.

A headache that cannot be explained by having "sat in a draft is more than likely the result of disordered kidneys. Foley Kidney Pills promptly relieve backache, sore or stiff muscles and joints, rheumatism, and sleep disturbing bladder ailments. They put the kidneys in sound, healthy condition. Sold by W. L. Doss.

Just phone us when in need of either a O-Cedar mop or a bottle of O-Cedar Oil.—H. L. Hutchinson & Co.

Fresh peaches every day at McMurry's—Try some of them.

You should see the freless cooker oil stove we are selling.—Colorado Mercantile Co.

Everything good to eat at McMurry's

We Wish to Announce

That this store sustained but a very slight damage during the heavy rain-storm of last Friday night, the total loss incurred being less than \$50.00. That such is the fact is due to the combined and very efficient efforts of my friends and my sales force, whose invaluable services I wish to gratefully acknowledge. The handful of damaged goods will be sold at prices commensurate with their present value.

In the mean time we are preparing to inaugurate a July clearance sale of spring and summer goods, due notice of which will appear in the columns of this paper. As a starter we are placing in one of our show windows a 50-cent value in Men's Athletic Underwear at 38 cents per garment. All sizes in shirts and drawers. This is a bargain and will not last long.

CHAS. M. ADAMS

Good Dinners at Jake's Restaurant

Phone McMurry for fresh vegetables

Don't buy a motorcycle until you have seen the three speed Harley-Davidson. New shipment just received by Ratliff & Cook.

Special matinee Monday, July 5th at 4 p. m.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Catarrh cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Just received, a full line Blue-Bell and White Enamelware—come in and look it over.—Colorado Merc. Co.

Paramount Opera... House Movies!

Plan to See Photoplays
