## TO THE FARMERS OF MITCHELL COUNTY.

I am advised by the Department at Washington, D. C. that a serious condition exists in the United States, in regard to the scarcity of food and feed for man and beast.

Let me urge upon you the importance of planting more home gardens, larger potato patches, more beans and peas; increase the number of your poultry, plant plenty of feed for yourself and live stock, and some to sell.

We think that we are paying high prices for food and feed now but present prices are not high at all to what they will be this fall if we fail to raise a crop to feed ourselves and live stock on.

No man can tell what cotton will be worth if the war continues and Germany continues to sink our ships. People can wear patched clothes, but they cannot do without something to eat; neither can our soldiers fight on an empty stomach. The people on the farm that produce something to eat for themselves and some to feed the boys at the front will be just as patriotic as the man at the front handling the gun.

I hope that the farmers of Mitchell county will show their patriotism by growing all the feed they will need for home use and some to sell; raise more poultry and pigs; prepare to can and save all surplus fruits and vegetables and plant what land they have left to cotton.

Some one will be ready to say that I would be glad to do this if it would only rain. Don't be uneasy about rain; we have two months yet in which to plant and then make a crop, in good old Mitchell county. I am a strong believer in Him who rules the universe, and He has promised that when we do our part that He will always do His.

You farmers have your land better prepared than I have ever seen it before, and I am expecting rain in time to make a fine crop.

Yours truly,  
W. A. DULIN, County Agent.

### A GLORIOUS RAIN.

Comes Just in the Nick of Time For This Section of West Texas.

No use trying to deny the fact—the continued dry weather was getting on the nerves of all classes of people in Mitchell county. The cattleman who had been buying high priced feed for the past several months, saw his possible profits consumed day by day. The farmer, who had exhausted all his old feed was beginning to buy feed stuff for his stock. The merchants saw their sales growing less every week, while a spirit of general depression had seized upon the whole population.

Of course, we all knew the rains would come; but whether they would come in time to save the country from bankruptcy, was a matter of serious and growing doubt. When, therefore the gentle and gracious rain began to fall Tuesday night about 7:30 o'clock, a general pean of thanksgiving went up from every heart in Mitchell county.

The first rain came from the West. There was rain reported at Big Spring two hours before it began in Colorado. It was heavier to the west and from Colorado to Abilene grew lighter. The first shower was of only short duration, though one-half inch of rain fell. The next began at 3:30 and continued for an hour steadily, accompanied by more thunder than had been heard in this section for two years.

The government gauge showed a precipitation of 1.40 inches from the night's rainfall. It would be impossible to estimate even approximately, the value this rain will be to this section. The psychological effect was as marked and beneficial as its more material blessings.

### NEW BOARD OF TRUSTEES FOR COLORADO SCHOOLS.

The net result of the election held last Saturday for a full board of trustees for the Independent School District of Colorado was the retention of the personnel of the old board with the addition of R. W. Terrell, appointed some time before to fill the unexpired term of W. W. Porter, who resigned by reason of election to a county office, and also of H. L. Hutchinson in the place of N. J. Phenix, deceased.

As a matter of fact, this result was the conclusion of an alleged irregularity in writing the names of three ladies on some of the tickets and scratching the names of as many men already printed on the ballot. There were about 23 of these mutilated tickets voted, while twelve tickets were voted as printed.

In view of the above facts, the ladies, after the matter had been presented to them, declined to qualify, none of whom had any knowledge of the use of their names. The board then appointed H. L. Hutchinson, Y. D. McMurry and C. A. Pierce to fill the vacancies. This appointment being based on the determination that the mutilated tickets were illegal, and that the remaining straight tickets cast constituted a legal election.

### GERMANY IN MEXICO.

Congress Hears that Teuton Reserves Are Being Mobilized.

Representative Miller of Minnesota Republican member of the foreign affairs committee, sprang a sensation during discussion of the war resolution in the house, by declaring that an unpublished paragraph of the Zimmermann note offered to establish a submarine base in a Mexican port, supply Mexico with unlimited quantities of arms and ammunition and send German reservists in the United State to Mexico.

Representative Miller further said

he understood three German schooners had landed on the western coast of Mexico and that Villa was surrounded by German officers who had taken charge of the drilling of his men. Reliable information, he said, also was that the Carranza army was "not much better."

It has been understood but never officially announced that the full text of the Zimmermann instructions to German Minister Von Eckhart was not published with the main portion which revealed the attempt to ally Mexico and Japan in war against the United States. Members of the foreign affairs committee in congress, however, had been supplied with the full text and with other evidences of German intrigues against this government.

The unpublished portion of the Zimmermann note Miller quoted as follows:

"Agreeable to the Mexican government, submarine bases will be established at Mexican ports from which will be supplied ammunition and supplies. All reservists are ordered into Mexico. Arrange to attack all along the border."

Representative Miller expressed no surprise when told that Secretary Lansing denied there was anything like the quotation in the Zimmermann note. Miller said there was a reason for not making it public at first, but that there was no reason to suppress it now.

"I believe the quotation is absolutely correct," he added. "I got it from a man who is in a position to know. He gave it to me as a matter of conscientious duty. That man is one of the highest grade and honorable men I know. Otherwise I would not have been justified in giving that unpublished portion of the note."

### A. & M. LOCATION RULES.

Governor Ferguson, as chairman of the commission to locate the West Texas A. & M. College formulates the following rules to be observed by competing towns and localities:

All cities, towns or communities desiring to have said West Texas A. & M. College located in their midst shall forward, in writing, their proposition to the chairman of the commission at Austin, Texas, not later than June 1, 1917. Said propositions shall contain a complete description of the 2,000 acres of land offered, accompanied with five copies of a comprehensive map of said 2,000 acres of land, showing:

Its exact location.  
The price at which it is offered.  
A written contract from the owners agreeing to convey within ninety days after inspection by said commission said land under the terms of said act, upon demand of the proper authorities.  
The location of the nearest railroad to said 2,000 acres of land. The commission suggests that a complete abstract of title be prepared and forwarded with each proposition, so that there will be no delay in accepting any of the propositions offered.

While the act provides \$50,000 for the purchase of a site, the commission desires it distinctly understood that it will look with favor on land offered at a very low price. As this school soon will bring to any town where it is located an annual expenditure of approximately \$500,000 the commission is of the opinion that the towns and communities interested in the location should see that the land is offered to the state at a very low price.

TEXT OF RESOLUTION ADOPTED BY SENATE.

The text of the war resolution adopted by the Senate follows: "Whereas, The Imperial German Government has committed heinous acts of war against the Government and the people of the United States...

### RURAL SCHOOLS MAY LOSE ALMOST MILLION

Austin.—The bill which appropriates \$2,000,000 for rural schools of the state, as enrolled, carries the words "One thousand dollars," as the appropriation for the first year instead of "One million dollars," as the measure was intended to read, and the bill must have the approval of the governor and a corrective amendment adopted at the coming extraordinary session or it must be disapproved and an entirely new act passed.

### \$7,000,000,000 WAR BILL IS REPORTED TO HOUSE

Provides \$5,000,000,000 in Bonds and \$2,000,000,000 in Treasury Certificates.

Washington, Apr. 11.—The bill for financing the war against Germany and for aiding the Entente Allies providing for \$5,000,000,000 in bonds and \$2,000,000,000 in Treasury Certificates was unanimously reported for passage in the House today by the Ways and Means Committee.

Secretary of War Baker announced today the war department plan to increase immediately the regular army to its full complement of 287,000 instead of 203,000 as was contemplated.

### BIG ARMY BILL IS PASSED.

Washington, April 11.—The Army Appropriation Bill carrying \$287,000,000 for the existing regular army was passed by the senate this afternoon. It was amended so that it can be made available immediately.

### NOTICE!

All paragraphs, jokes, bets and guesses regarding the rain are hereby declared off and ancient history. The rain did come and as the U. S. weather bureau predicted—"in unexpected places."

Gardening and truck planting is now the fad among town dwellers. Raise something, if nothing more edible than sunflowers or castor beans.

### HOME GUARDS ORGANIZED FOR MITCHELL COUNTY.

A Large And Enthusiastic Crowd Met At the Court House Monday Night and Organized.

Last Monday a paper was circulated over the town and over one hundred names signed to it, agreeing to go into the organization of a Home Guard Military Company.

Monday evening at 7:30 something like 150 men gathered on the lawn at the court house, to complete the organization. Judge J. L. Shepherd made a talk, explaining the purposes of the organization, the meaning of many of the commands and how to execute them, after which some of the simpler forms of drill were gone over.

Judge Shepherd has charge of the company, but will be assisted by squad captains, composed of Edgar Majors, W. C. Smart, E. B. Pickard, C. H. Earnest, B. T. Daugherty and John Person. All of these men have had experience in military schools, and thoroughly understand the military evolutions and manual of arms.

Letters have been written to the War Department at Washington, and to the Governor of Texas, asking for 200 rifles for use in these drills, also for target practice. If it is possible to get these guns, the drills will be made much more interesting, and the target practice will be an interesting feature of the program.

The articles signed are as follows: Agreement to Organize a Company in Mitchell County, Texas for Drilling and Preparation, in case of need in the Defense of our Country.

Desiring peace with all mankind, and deploring the unavoidable war, which has been forced upon us by Germany, and desiring to aid our President and Congress by some patriotic expression on our part, we agree as citizens of Mitchell County, Texas, to stand by and uphold our common country in the war with Germany, or any other nation brought into the conflict:

To this end we the undersigned citizens of Colorado and Mitchell County, Texas, between the ages of

eighteen and forty years, for the purpose of defense, and becoming prepared, should we be called on to assist in fighting the enemy, and protecting our country from invasion, and for the protection of our homes and property, and for no other purpose, agree to forthwith unite ourselves and form a company of Infantry in the City of Colorado and in Mitchell County, Texas, and to attend drill and other duties leading to a preparation for an emergency, under some competent person. Such drills aforesaid to be attended and taken part in by us at such time and place as may be designated, not less than three times per week nor more than six times per week, such time or times for drilling and preparation to be either at the dinner hour, or after six o'clock in the evening after business hours, or at any time between six o'clock aforesaid and nine o'clock at night.

It is understood however, that the signing of this agreement does in no manner constitute an enlistment in any army of the United States or in the Militia of the State of Texas, nor does the signing hereof force anyone hereon to remain with said company for any specific length of time, but is purely voluntary on their part.

Another paper was circulated, being the same as this, except raising the age limit to 60 years. It is the intention of the commanders to divide the company, putting the older men together, so that they may be favored in the matter of drill, hikes, etc.

Anyone in the county who wishes to join this company, may do so by seeing Mr. Person at the postoffice. Signing this agreement does not bind you to any National or State service, but is just simply an effort to form the citizens into some kind of body that in case of necessity, or emergency, would have a head, and could be handled and controlled.

The number of drills per week, the time and place, formation of squads, and other details will be announced in the Record, by the Captain, later on, as the details may be agreed on.

Come on in, and let us have a company of 300 Home Guards.

### Spring Colds Are the Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

### PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tone your system up with a regular course of this liquid Peruna. Fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.  
Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.

Mrs. Frank Johnson entertained the Ladies Aid Society on Wednesday afternoon. The ladies quilted three quilts during the time and spent a very social time together.  
Mr. Kidd, and son, Chess, of Roswell, N. M., were here this week on business. Mr. Kidd went to Sweetwater and purchased a Federal truck

which he will make good use of.  
A very interesting Easter program was rendered at the Methodist church on Sunday morning. At the close of the program an offering was taken and will be used to help purchase a piano for the church.  
The Orpheus Trio Concert Co., played here Thursday night at the Dreamland to a goodly number, and all were delighted with the entertainment. The Mothers' and Teachers' Club received \$12 as their part of the proceeds.  
Little Raymond and Ruth Johnson entertained quite a number of their little friends on Friday afternoon with an Easter party. Among the most amusing things enjoyed was a hunt for eggs, rabbits and chickens, in which Kenneth Martin was the lucky one. Refreshments of candy cake and punch were served.  
W. L. Edmondson & Co. gave their second Style Show Saturday. A large crowd was present and enjoyed seeing the pretty spring showings, as well as a program consisting of music and readings. Mr. Will Pettite was very becoming attired in a Palm Beach suit and white shoes, and represented spring. Among the ladies who were in the \$1 dress contest were Mrs. Malcom Blakley, Miss Ida Sharp, Miss Lura Miller; in which Mrs. Blakley won the prize, \$2 in silver. In the \$2.50 dress contest were Mrs. A. C. Pratt, Miss Wilson Hurd—in this Miss Hurd won the prize, \$3 in silver. In the prettiest and most expensive dress, were Mrs. Charlton Brown, Mrs. A. C. Pratt, Mrs. J. W. Fairbairn, Mrs. J. S. Rives, Miss Dorris Mullin. In this contest Mrs. Brown won the prize, \$5 in gold.

### SAFE MEDICINE FOR CHILDREN

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effectual in relieving coughs, colds and croup. Obtainable everywhere. Mr. Clarence Gross received the prize, while Mr. E. B. Wingo got the prize for pinning the donkey's tail on at the right place. All had a good time.  
Mr. and Mrs. Will Henderson entertained with an Easter egg hunt Sunday afternoon.  
Singing at the home of Mr. and Mrs. Henderson Sunday night was enjoyed by all.  
Mr. and Mrs. O. B. Porter were visiting in this neighborhood Sunday.  
Mr. G. T. Warner of Westbrook was visiting in the home of Mr. and Mrs. Horn Saturday.  
The bible study class is progressing very nicely indeed.

### TRY IT! SUBSTITUTE FOR NASTY CALOMEL.

Starts Your Liver Without Making You Sick and Cant Not Salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.  
"Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness, and constipation, you have only to ask for your money back.  
Dodson's Liver Tonic is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work. Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition.

"NOW" is a time, shorter even than the word itself, but it holds the ONLY opportunity ever given to man to repair the past, or shape the future. A Complete Protection Policy with the State Life is the best way and the only sure means of improving the opportunity.—M. K. Jackson, General Agent.

### WHY CONSTIPATION INJURES.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. Adv.

Some of us members of the Flat Wheel Guild are manifestly unfit for the more active duties of military service. Whenever commanded to "march" we would necessarily "halt."

Well, it didn't rain on Maunday Thursday, nor on Good Friday, nor yet on the full moon last Saturday, nor on Easter Sunday—a succession and combination of mighty inductive occasions. We absolutely pass up the next best guess to some one who knows more signs and lucky conjunctions than we.

Judge Blanton's committee assignments in congress were on those of claims, irrigation of arid lands, education, railways and canals. We wonder what hours of the 24 the Judge intends giving his committee duties, if he goes to work in the house at 8 o'clock and keeps it up all day.

New England, the land of witchcraft and home of wooden nutmegs, the very womb of fakes and tomb of Mary Baker Eddy—cold blooded New England, is giving the rest of the nation cards, both casinos and spades, in its war sentiment and contributions. Massachusetts and Vermont have voted a million dollars each, while New Hampshire comes in with half a million for military purposes.

Senator Henry Cabot Lodge of Massachusetts is 60 years old, but when a prominent pacifist called him a coward in the corridor of the capitol last Monday morning, because Senator Lodge will not support President Wilson's war policy, Mr. Lodge promptly called the pacifist a liar; whereas the pacifist struck at Mr. Lodge and immediately afterward struck the tiled floor of the lobby, back-of-head-first. Hurray for Henry Cabot!

The United States navy immediately needs 38,000 men. Where should they come from except from the homes of the American nation. In our opinion, the navy offers to the ambitious young man, more and quicker opportunities of advancement than any other avenue. In three years he is given a trade or a profession, and is paid for his services while acquiring it. He is put and kept in fine physical condition, while the lessons of obedience and discipline will be worth much to him in after life, even though he elects to quit the service.

If a crisis confronts this nation—and every thinking man will admit the fact that it does—it behooves every patriotic citizen, regardless of party affiliation, to stand unitedly behind the man who represents the national policy and its potentialities. He is the president of every individual citizen, the exponent of no particular party—the dispenser of no spoils. The United States has done all in its power to avert war, short of accepting national insult; but now that war appears inevitable, the spirit of '76, of 1812 and of 1898 should be in evidence. We are a united people—peaceful by preference—but mighty and fearsome when forced to the wall.

### EASY LIVING IN TEXAS.

The very best and most provident farmers of the county are getting to the end of their old feed and will have to buy feed from now till grass comes and more feed stuff is raised. The very productiveness of our soil and the abundance of our crops when conditions and seasons are right, tend to beget a prodigality of consumption and waste impossible for the farmers of the colder climates and shorter seasons to bear. We come to depend more upon the generosity of nature than upon our own foresight and prudence. We proceed on the principle of "Oh, what's the use, we'll make it all back next year," than upon the taking thought for the morrow. It must be the result of the climate. The most thrifty and frugal people come here from the north and even from European countries, where necessity has forced them to conserve everything in an economic way, and seeing the openhanded and wasteful methods of the people of the Southwest, have imagined it an easy matter to become rich quickly, as much from the habits of their neighbors as from the bounty of the soil and favorable conditions of living.

May be, for the first year or possibly two, they have struck a livelier lick and lived with more thought for tomorrow than their neighbors. But soon the great law of average got in its work and the leveling force of equilibrium toned down their surplus energy to the gait of their competitors and neighbors, and moulded their habits of life and business to the general type of their environment. It is a very difficult matter for any one man or a few men, to live much above or different from the level of their surroundings. As long as farming conditions are as easy as they are in the southwest and abundant production comes with every favorable year, the farmer will continue to rely more upon these things than upon his economy and foresight.

Judge Thos. L. Blanton made a mighty rousing speech in support of the president's war resolution. He declared the suppressed paragraph of the Zimmerman communication furnished a provocation nearer home than the barred zone fixed by Germany, and, speaking for the people of Texas, he declared they were weary of intrigue that made life and property insecure. He did not charge that border raids were of German inspiration, but he said, if such occurred when the country was at peace, what could be expected with diplomatic relations with Germany severed?

One of the most interesting side issues of the war is the attitude taken by socialists. As a class, they were supposed to be opposed to war, but when the world conflict began their position was seen to be somewhat modified. In Parliament socialist majority groups voted war credits, and in belligerent countries socialists responded to the call of duty as readily as any party. Now the announcement comes that Russia's new Minister of War is a socialist of the first rank. Surely the contention that socialists are necessarily opposed to war needs some modification.—Christian Science Monitor.

President Wilson finds himself a war President physically and mentally fit to cope with the big problems ahead. His war address to congress is looked upon by the foremost statesmen and critics of the world as one of the most sublime papers ever penned and one that is certain to live in history throughout all times. It made Wilson an immortal and should democracy triumph over autocracy and the principles enunciated by him win a firm foothold in every land under the sun the name of Woodrow Wilson will live in history as one of the greatest benefactors of his fellows that the world has ever known. Woodrow Wilson is a man of destiny as well as "the man of the hour."—Ft. Worth Record.

Of course, the prospect for a cost-saving garden just now looks a trifle slim; but the rains will come, as they always have come; and it is incumbent upon us mere mortals to do our part and meet the beneficent forces of nature at least half way. A garden, good, bad or indifferent, will save somewhat, the table cost of living during the summer months, and every dollar thus saved is a dollar made in the financial philosophy. A plot of only 50 feet square, regularly tended and watered, can be made to do wonders in the production of greens, sass and other truck that costs money at the grocery store. We saw a lady last week pay 10 cents for only four onions no larger each than a common hen's egg, and we straightway went and made a good garden—in our intentions.

### A SUBJECT TO BE REMEMBERED.

Neither rumors of war nor war itself should be permitted to divert the attention of the people of the United States from the food question. If through several years, passed under peaceful conditions, the study and correction of faults and abuses in the production, distribution, and cost of foodstuffs have been deemed necessary to the welfare of the Nation, how much more necessary will intelligent and stringent measures, looking to the control of the food product, be to the country if it shall summon tens of thousands, perhaps hundred of thousands, of workers from the soil to the colors; whilst, in addition to feeding the civil population, it must supply a great army and a great navy; and when, furthermore, it must assume, with other responsibilities, a large measure of the task of feeding the people, the armies, and the navies of some of the nations with whose cause it seems likely to cast its lot.

In the event of the United States entering the war, it will be just as essential to national safety that there shall be an adequate and steady supply of food as that there shall be an adequate and steady supply of munitions, and he who would tamper with the supply of munitions would be no more treacherous and no more dangerous an enemy of the country than he who, for private gain, in a time of national peril, would tamper with the supply of food.

Several of the nations now at war have been forced sooner or later to do what the United States has the opportunity of doing at the beginning, that is, of exercising a strict supervision over food production, distribution, and supply, and the United States will simply be exercising a precaution which experience has taught is wise, and finally unavoidable, when it shall undertake to regulate, in case the emergency that threatens shall actually arise, through its Agriculture Department, the area to be put under cultivation, the manner in which the crops shall be distributed and stored, and the maximum prices which the consumer, whether it be the Government or the people, shall be compelled to pay for foodstuffs.

It lies within the power as well as the ability of the Federal Government now, at the very beginning of spring, to determine, as far as human calculation can go, what acreage planted shall be, what the character of the harvest shall be, what compensation the husbandman, the transportation company, the middleman, if there must be one, the packer, the miller, the baker, the general retailer, shall have in return for the labor, time and capital invested. Booms in food prices, food panics, artificial shortage, destruction of surplus crops, should be made impossible by a thorough-going system of Federal inspection. It is nonsense to say that the Nation cannot carry on this inspection successfully. It has only to issue a call for expert help, and the response to it, from every department of industry, will be prompt as will be a call for volunteers for the Army and Navy in the event of war.

Whether there shall be war or peace, the food question should not be forced to the background and forgotten. If the experiences of last winter are not to be repeated, and perhaps magnified by reason of less prosperous times and lower wages, in winters to come, the system that runs food up to famine prices in one of the most fertile and fruitful countries of the world must be radically reformed.—Christian Science Monitor.

The above article was written before war was declared, and it is the more applicable since that condition now exists. In this connection we refer our readers to the Government bulletin, appearing on the first page of this issue.—Editor.

The federal government has been keenly alive to the great importance of an abundant food supply in this country for home consumption, pointing out the fact that the prevailing record prices are due to the neglect of raising these things in the prosecution of other lines of business that gave more and quicker returns. The nation waked up at last to the fact that a serious food and feed shortage stares us in the face. We have been so busy making money from the exportation of the food stuffs we have raised that we have forgotten to restock our own larder and graneries. The Washington government has sounded a note of alarm and calls upon every patriotic farmer and owner of even a garden plot and orchard, to make the most of every yard of ground. The outlook is that food stuffs of all kinds will be worth more than 100 cents on the dollar the coming months. The shortage is the result of neglect and management more than of any adverse condition.

Many towns of West Texas are holding "Loyalty Celebrations." What's the matter with Colorado and Mitchell county doing the same thing? A certain day that would suit the convenience of the majority of our people could be designated, not necessarily at Colorado—and the people of the county would come together and give expression to the patriotic sentiment of their nature more than to the mere material and economic. The Record would like to hear from some of its rural constituents on this matter.

There was an eight-inch snow at Philadelphia and five inches in New York City on the 9th inst. This exceeded any snowfall of last winter.

While no direct bonus will be considered in locating the West Texas A. & M. "While the act provides \$50,000 for the purchase of the site, the commission desires it distinctly understood that it will look with favor on land offered at a very low price." If this is not a bid for a bonus from such big land owners and promoters as the Swenson and C. W. Post interests, we don't know a laited hook from a pot pie.

We learn that the postoffice at Iolanthe will be discontinued at the expiration of this quarter. The reason given is that no one can be found to serve as postmaster. It is said that efforts will be made to establish a rural route between Sterling and Colorado.—Sterling City Record.

### UNION ITEMS.

Miss Cora Stamford of Waco is visiting at the home of Mrs. Irene Moore.

Miss Sadie Lewis of London, Texas, is visiting at the home of Mr. J. B. Pickens in the Plainview community, and Mrs. O. R. McCreless of the Union community, she being a school mate and chum of Miss Annie Pickens and Mrs. McCreless.

There are at this time some live questions springing up in our country. The agricultural question is taking on new vigor and forethought. The rural school improvement problem is before us in full bloom. The chicken or poultry question is taking its place where it belongs, in the forefront.

The Westbrook writer last week wants to know where Eli will take his stand.—Where the most chickens are of course. Fried chicken, chicken pie, etc., still tastes good to us, and probably always will, so there is great encouragement to push the poultry industry.

Eli will always be found on the right side of all good issues, and while there is no fancy pens in this community as yet, every family, so far as I know, is improving its flocks.

Last Saturday a school election was held at Union and resulted in the election of two new trustees, Mr. R. D. Hart and Mr. A. L. Moore, which, headed by Mr. George Plaster makes a good board.

### YES, LIFT A CORN OFF WITHOUT PAIN!

Mcinnis Authority Tells How to Dry Up a Corn or Callus So it Lifts Off With Fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezeone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time. Adv. 4.

At the social hour an Easter dinner had been prepared by the hostess. The house was decorated with Easter eggs and spring flowers. An egg contest was provided and after this an egg hunt was held to search for a basket of eggs bearing their names. The prizes proved to be little baskets of candy eggs for favors. Another search brought to light stuffed sure-enough eggs, which were served with sandwiches and punch for refreshments. The hostess had a number of her friends and neighbors as guests. She was assisted in serving by Mrs. D. S. Nettles. The meeting this week is with Mrs. Riordan.

Mrs. Leslie Crowder was hostess for the Merry Wives. The guests were Mesdames D. C. Byrne, Sam Majors, Ralph Hensen of Merkel, Sam Shelton of Abilene and Edna Coughran of Sweetwater. The hostess served a salad course and ice tea. The meeting next week is with Mrs. Dolman.

## MARRIED.

Mr. Horace Cox of Fort Worth and Miss Oma Hastings were married Sunday afternoon at the residence of the bride's parents, Mr. and Mrs. J. R. Hastings, in West Colorado.

This was a quiet affair, only the family and a few special friends being present. The ceremony was performed by Rev. Bond of Abilene.

The bride is the oldest daughter of Mr. and Mrs. J. R. Hastings and has held a responsible position with the Southwestern Telephone Company at this place for several years. She is known and loved by many.

The groom is a young business man of Fort Worth, holding the position of Manager of the S. W. Telephone Co., in that city.

The bride wore a blue taffeta coat suit with accessories to match, and carried an arm bouquet of white carnations.

Mr. and Mrs. Cox left on the east bound train for Fort Worth, their future home.

Best wishes and congratulations are extended by the Record, and the many warm friends of the happy couple.

## RUBBER TIRES ADVANCING.

Stopping into Herrington's place of business this week, he informed us that there had been a sharp advance in the price of automobile tires—something like 25 per cent. That means a great deal of money on the amount of his stock. He bought nearly \$4,000 worth of tires before the advance—has 'em in stock—and is not going to take advantage of the present advance in prices. He will continue to sell at his former figures on the same basis of cost.

But, any auto owner can readily see the economy of buying tires now against future needs, when he can do so at so great a direct money saving.

Another car of Fords is looked for any day—it is now en route. If thinking of buying a car, and experience has proven that a Ford car is cheaper for the pleasure of your family and your business as well, than a buggy and span of horses, not counting the risk by death of the horse and their continuous consumption of feed. Now is the time to buy. Your Ford costs only when it works or earns.

Herrington has a six-cylinder Overland, a Maxwell and two Fords—all second hand, but in fine condition (the Maxwell just repainted) for sale at genuine bargains. It will pay you to see these cars if contemplating buying a car soon. They are all real bargains.

## CHURCH SOCIAL.

The Woman's Bible Class of the Baptist Sunday school entertained with a social at the Sunday school rooms last Friday evening. The rooms had been decorated with lilacs and other pretty flowers and greenery. As the guests arrived they were asked to register in a book which was presided over by several near young ladies. The entertainment began by all singing America. Then readings were given by Misses Leonora Ehrlich Mattie Conaway, Lela Watson and Myrtle Barber. Miss Ethel Mann sang. Their contests of different kinds were enjoyed. An a b c biblical contest soon came to a close because all sat down on the first round. The manager was lenient and gave another trial but all were down again before Z was reached. Familiar songs were torn into and passed, and after they were matched were sung as duets. Old fashioned games were played and old fashioned Southern songs sung until a late hour.

Ice cream and cake were served and buttoniers of lilacs given as favors. Souvenirs of white candy rabbits were given.

Mrs. Williamson is teacher of this class and was ably assisted by Mrs. T. J. Ratliff, Mrs. Bradshaw, Mrs. Lasky and others. All thank them for the pleasant evening.

## VISITING PREACHER.

In the absence of the pastor of the Baptist church last Sunday Rev. Bond of Abilene preached at both hours. He preached in the morning on Burden Bearing, and at the evening hour from Philippians 4-8. Good congregations were present at both hours.

## "WIN-ONE" CLASS.

The "Win-One" Class of the Methodist Sunday school met on Friday evening, April 6th, in the basement of the Methodist church. After a regular business meeting the class adjourned for the social hour. Several guests being present a short address of welcome was made by Cloize King, followed by a timely talk by Rev. W. F. Garvin, the pastor. Afterward the time was spent in general social diversion and other means of passing the time. At the close of the evening, refreshments were served by Misses Carrie Mae Mitchell, Winnie Vaughan, Lottie Pritchett, Lorena Smith on behalf of the "Win-One" Class.

## CENTRAL CIRCLE.

The Central Circle of the M. E. church met with Mrs. Myrtle Vaughan Monday. The regular business was transacted. Dues and offerings amounted to \$12.50.

Mrs. J. P. Majors and Mrs. Linebaugh of Sweetwater were appreciated guests.

The hostess served a salad course. The next meeting is with Mrs. D. N. Arnett.

## GIRLS OF EPWORTH.

Misses Loree and Clarice King were hostesses for the Girls of Epworth last Friday. After a business meeting a social hour was enjoyed. Sandwiches and ice tea were served.

## PACKAGE TEA.

The package tea at Mrs. Ben Morgan's Tuesday afternoon by the Christian ladies was well attended and besides being remunerative to them, they had the satisfaction of having been able to provide a pleasant hour for their friends. Like Christmas times, everyone got the very thing she most wanted. There were many dainty hand made and useful articles of which the material cost more than the price asked. But as their labor was a labor of love they felt well repaid.

This has become an annual event and their friends look forward to it with pleasure.

The house was fragrant with spring flowers and especially did the Easter lilies in the dining room delight the eye.

Mrs. Morgan and Mrs. Burkhardt greeted the guests and the other members helped to find packages, and entertain. The daughters of the hostess, Mrs. John Hale and Misses Bennie and Stella Morgan, with a crowd of young ladies, assisted in serving a two course luncheon of salad, pickles, olives, wafers, ice tea, ice cream and cake.

## SOCIAL SERVICE LEAGUE ORGANIZATION COMPLETED

On Wednesday afternoon at the Baptist Sunday school rooms, the organization of the Social Service League was completed.

The meeting was called to order by Mrs. McKenzie, who had been chosen president at a mass meeting a few weeks ago. A letter was read from Mrs. Griswold who has had experience in the work, after which the organization was completed by the election of officers. Mrs. H. B. Broadus First Vice-President; Mrs. C. H. Earnest, Second Vice-President; Mrs. Geo. B. Root, Secretary; and Mrs. S. D. Vaughan, Treasurer.

An outlook committee was appointed for the five districts—for the South Mrs. Cromer; the East Mrs. Wheeler; the West Mrs. Ed Jones; the Central Mrs. R. E. Dolman, and the North Mrs. J. L. Doss. Mrs. D. M. Logan is to have charge of the Mexican work.

On Wednesday a called meeting was held to adopt the Constitution and By-Laws, (which will appear in full in the Colorado Record next week).

At this meeting Mrs. McKenzie sent in her resignation and Mrs. Broadus was elected in her place, and Mrs. Lee Jones was chosen as First Vice-President in her stead.

They decided to open an employment bureau, and on next Friday at the Chamber of Commerce the registration will begin. This will be free to any one seeking employment, but to those who wish employees a small fee of ten cents will be charged for day laborers, and 25 cents for securing permanent help.

This is a most worthy beginning for there are those who need the workers, and by bringing the two together a vast amount of good can be done.

Mrs. Jones, as First V-President will have charge of all supplies and those having second hand or new clothing that can be used, please send to her.

## WORKERS' CONFERENCE.

On last Tuesday evening the Workers' Conference met with Mr. and Mrs. Porter. It was to have met with Mrs. Price, but as a birthday surprise to Mr. Porter, Mrs. Porter had it with them. He thought they were going to the Price's and as Mrs. Porter was slow about getting ready he went to the swing to meditate on the ways of women in general and Mrs. Porter in particular; when, lo and behold, the guests began arriving in cars. He rose equal to the occasion and a most enjoyable evening was spent. A program was given on Christian Benevolence. All responded to roll call with a thought on giving. Messrs Stowe, Crowder and

## A TREAT FOR BOY SCOUTS.

Last Friday evening after the drill practice by the Junior Boy Scouts, Master Charles Taylor, Jr., invited the whole bunch to the picture show at the opera house, of which his father is manager. Of course they all accepted and from the noise they made while the comedies were being shown it is presumed that the treat was very much appreciated and highly enjoyed.

## MISCELLANEOUS SHOWER.

The members of the Woodman Circle gave Mrs. Hipshere one of their members who is leaving for Arizona this week, a miscellaneous shower at the Woodman hall, Tuesday afternoon. She was the recipient of many dainty and useful gifts. Ice cream and cake were served.

## EASTER PARTY.

Mrs. Avery and Mrs. Earl Jackson entertained twelve little girls with an Easter party last Friday, honoring their granddaughter and niece, Little Maxine Avery of Fort Worth, who is visiting them. A good time was had by the little folks playing games all their own. After a hunt for Easter eggs ice cream and cake were served. Little baskets with rabbits and Easter eggs were given as favors.

## ALL SAINTS EPISCOPAL CHURCH.

There will be services at All Saints Episcopal church Sunday morning and evening—at 11 a. m. and 7:45 p. m. The public is cordially invited to attend.

## YOUNG PEOPLE'S MEETING.

Miss Sallie Herrington was hostess for the Young People's Missionary Society of the M. E. church, Wednesday. They brought their embroidery, articles which they are preparing for a sale, and spent most of the time working on these. A contest on "States" was prepared for the social hour. All were able to answer the state which all girls aspired to—the matrimonial state. Miss Bonnie Biles was received as a new member. The time of meeting was changed from Wednesday to the first and third Thursdays. Pingapple pudding and cake were served. The next meeting is with Mrs. Barcroft on the third Thursday.

## DEATH OF R. B. TAYLOR.

Mr. R. B. Taylor, a prominent and highly esteemed citizen of Iatan, died at his home in that community last Saturday morning at 10:45 o'clock. He had been in ill health since 1911, and for the past several weeks had been confined to his bed. He was a native of Tallapoosa county, Ala., but had lived in Texas the past 24 years, nine years of this time in Mitchell county. Interment occurred in the Iatan cemetery on Sunday afternoon. He is survived by a wife and two children, to whom the Record extends sympathy.

### INTERSCHOLASTIC MEET.

Good Attendance and Much Enthusiasm.—Weather Unsuitable.

A few years ago the State University of Texas created what is known as the Interscholastic League Meet, to be held at the county seat, of each county every year, by the various schools of the county. This consists of spelling, debating, declaiming, and all the different out-door sports.

From the beginning it met with universal favor and each year the interest grows. All over the state last Saturday the schools were the most important subject.

The Mitchell county schools were well represented in Colorado and the whole day was one of pleasant rivalry and competition in the various activities.

The whole day was given over to field sports, which were held at the ball park in South Colorado.

The result of the different events were as follows:

- Junior Girls, 30 Yard Dash—1—Westbrook—Marie Cope. 2—Car.—Dora Jones. 3—Westbrook—Xenia Smartt.
- Senior Girls, 30 Yard Dash—1—Car.—Theresa Jones. 2—Lorraine—Dassa Burroughs. 3—Lorraine—Dana Parker. 4—Westbrook—Inez Board.
- Junior Girls, 140 Yard Dash—1—Westbrook

## WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A DIGESTIVE LAXATIVE CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

- CASCARA BARK
- BLUE FLAG ROOT
- RHUBARB ROOT
- BLACK ROOT
- MAY APPLE ROOT
- SENNA LEAVES
- AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

### MOORE-PICKENS.

Despite the angry looking clouds and rain of Tuesday evening, a host of friends and relatives gathered at the home of Mr. and Mrs. J. R. Pickens, of Plainview community, where their daughter, Miss Annie E. Pickens and Mr. W. Grover Moore, were married, at 8 o'clock. Rev. J. L. Elliott of Lorraine, officiating.

The house was decorated throughout with a profusion of lilac blossoms and spring greenery.

At the appointed hour Miss Ruth Pickens played the wedding march, while the bride and groom marched into the parlor, where they were met by Rev. Elliott, who, with a few words made them husband and wife.

"Love's Avowal" was played softly on the piano throughout the ceremony.

Congratulations were extended, after which the guests were ushered into another room, where the many beautiful and useful gifts were shown and admired.

As the rain still held the guests, music was rendered by Miss Ruth and Mrs. McCreless, sisters of the bride.

The bride looked her prettiest attired in white georgette crepe with satin charmeuse, embroidered in pearl and silver, and accessories to match. She carried an arm bouquet of white carnations. She is the third daughter of Mr. and Mrs. J. R. Pickens, and a teacher of several years experience, having taught the Plainview school this past session, it having closed last Thursday. She is a good, christian girl, loved by all who know her, and she will adorn any home.

Mr. Moore is the oldest son of Mrs. Irene Moore of Union community. He came here from Waco, at which place he has attended Baylor and other colleges. He is a noble, upright christian young man and it seems that nothing but happiness could be in store for the happy couple.

Mr. and Mrs. Moore left after the ceremony for their home in the Union community, which was furnished, ready and waiting to receive its new occupants.

The guests from away were Misses Nola and Lula Muns, Mr. Ottis Muns and Mr. John Mahon, of Lorraine; Miss Sadie Lewis of London, a college chum of the bride, and Miss Cora Stanford of Waco, a near friend of the groom.

### CARD OF THANKS.

We beg permission through the columns of the Record to express our gratitude and thanks to our neighbors, friends and citizens of Iatan and surrounding country. Language fails to express the gratitude of our hearts for the kindness shown us during the illness, death and burial of our dear, kind husband and father. May God's richest blessings remain with you, who so loyally and lovingly remained with us and helped us in our grief, is our prayer.

MRS. R. B. TAYLOR, W. J. TAYLOR, NETTIE TAYLOR.

### DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs." and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

### FOR MALARIA.

Why everybody should take McCroskey's Tonic: It acts on the liver, kidneys, stomach, blood and spleen, and removes all forms of malaria. I have tried it for twenty-one years in the Mississippi and Arkansas River bottoms for chills and fever, and by taking a course of purgative medicine and then following with McCroskey's Tonic, I do not care if you are so full of malaria that you are all bloated and yellow as a pumpkin and green around the mouth and eyes, it will take out the blot, clear the skin, and build you up. McCroskey's Tonic will reduce the spleen when everything else fails, and breaks the chills when calomel and quinine will not touch it. It is sold in Colorado by W. L. Doss. Adv 4-27

with little security for life, liberty and pursuit of happiness. Civilization began when men built homes and began to till the soil to produce food. Even the 20th century civilization home-owners take more interest in society, in the affairs of the state and the nation than those who do not own their own homes. For this reason, young farmers should buy farms and build homes as soon as possible. Land values are advancing, as they should for farms are worth more now than they were a few years ago. The time may come in this country, as it has in some of the European countries, that the best farms cannot be bought at any reasonable price. At our present rapid rate of increase in population there is sure to be a far greater demand for farms than there is now, and yet today a good farm in the Southwest accessible to markets represents considerable capital. The young farmer with limited capital might well afford to begin by buying a small farm and improving it as his means will permit. With enough land for a home, barn, orchard, garden, pigs and cows one may rent to good advantage and thus be independent of poor convenience in rented houses and inadequate outhouses so often found on rented farms.—Farm and Ranch.

SPENDING THE PEOPLES MONEY

The session of the Texas legislature that has just closed has made a record for expenditures, it having appropriated about \$6,000,000, which with the appropriations to be made at the special session, likely will amount to nearly \$19,000,000. It is believed that this will raise the rate of taxation to the constitutional limit. There was a notable lack of co-operation among members and considerable political bickering. The people's will was disregarded in refusing to submit the prohibition question to the voters. A little thought given to economy in government.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant Relief! "Pape's Diapepsin" Ends Your Stomach Distress. Try It.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in revolt; if sick, uneasy and upset, and what you just eaten has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress. Millions of men and women to-day know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing. Adv.

"A GOOD FELLOW"

Would you rather be a "good fellow" with the gang or be considered a valuable man by your employer? You cannot be both. It is up to you to make the choice. Sure, you are hanging on to your job, and so far you may be able to turn out as much work and as good work as the other men in your department; but such a record will not distinguish you from the rest. When you get a little older you will need to have a particularly good standing with the firm if you expect anything better. You may stand the pace for awhile but soon you will begin to lag, and when you do you will find that you are not in any condition to make a good fight coming down the home-stretch. You will be a "hasbeen" long before you should. You can't expect to make a "come-back" with your vitality sapped and constitution broken down. Get to thinking. It is vital to you.—Houston Chronicle.

PAID TAXES WITH NICKELS.

All the oldtimers in Colorado remember Walter Lasky, brother of Chas. Lasky, who was associated with the latter in business here for some years. We take the following notice from the Bloomington (Ill.) Pantagraph, of its issue March 26th: M. J. F. Shepherd of the Normal State Bank, had a fine job last week which consisted in counting the tax money of W. E. Lasky, the West Beauford street grocer. Mr. and Mrs. Lasky began a year ago to lay aside all the "Bull Moose" nickels that came into their possession. These were used in paying this year's taxes. As the taxes are high in Normal, the number of nickels was rather large, in fact there were just \$162 worth of the coin. It was taken to the bank in the Lasky delivery wagon.

### GIVE \$1,000,000,000 TO FRANCE.

What would George Washington say if he could read the terms of the new French loan that has been negotiated in Wall Street. What would Thomas Jefferson say? What would Benjamin Franklin say?

In order to obtain \$99,000,000, France, in the hour of her extremity, is compelled to pay more than 6 per cent. interest and to deposit \$120,000,000 in stocks and bonds as collateral. In addition, the holders of the notes have the option of collecting their debts in francs at the rate of 5.75 francs to the dollar, "this being about 10 per cent below mint parity," according to the advertisements of the bankers, and that much additional load upon the French people.

In the darkest days of the American Revolution, when the colonies had neither security nor credit, France loaned money to the United States at 5 per cent., and then cancelled the interest for the whole period of the war as a "new proof of affection and friendship." Yet we are imposing pawnbroker's terms upon the French and squeezing the last possible penny from a sister republic that must have money or perish.

When Congress convenes and formally recognizes the existence of a state of war between the United States and Germany, the first military measure of this government should be to make provision for the financial assistance of France. This is imperative. We owe it not only to the cause for which we shall be fighting but to all the traditions of the nation.

The United States ought to give France \$1,000,000,000 without a day's unnecessary delay—not as a loan but as a gift—as "a new proof of affection and friendship." We can well afford to do it, and it would be the most effective war measure that could be adopted. A gift of \$1,000,000,000 to France would exactly equal the indemnity imposed by Prussia upon the French people in 1871, and the knowledge of such a gift would exert a greater moral influence in Germany than any army we could recruit or any other policy of resistance to German ruthlessness that we could adopt.

We cannot be effective in this war except as we aid the Allies, and the way to aid the Allies is first to put our vast financial and economic resources at their disposal. That would be the hardest blow that we could strike against German autocracy, and the most telling blow.

Giving \$1,000,000,000 to France means giving \$1,000,000,000 in American food, American munitions and American supplies for the French armies that are battling in the trenches to drive out the invader. Having given it, our next duty will be to employ all the power of the navy to keep the sea lanes open and deliver the food, munitions and supplies to the French people, regardless of submarines and frightfulness.

Every schoolboy knows what France meant to the United States when the fate of democracy trembled in the balance. We have no moral right to mean less to France in 1917 than France meant to our forefathers in 1778. We are the richest country in the world. We have everything that the French require, and we cannot give it too quickly or too lavishly. A billion American dollars are worth more to France today than a million American troops. The dollars and what they will buy can be mobilized at once. They will carry new heart and courage to the French people and relieve the French Government of the gigantic financial burden under which it is struggling.

Our debt to France is not merely a debt of sentiment. It is a material debt as well. The French Government expended hundreds of millions of dollars in helping the American people win their independence, and while the exact sum is still in doubt, not a cent of it was ever repaid. It should be repaid now, and we should repay it not meanly and grudgingly but generously and proudly and gratefully.

We should regard the gift of \$1,000,000,000 to France not as an obligation but as a privilege. Upon it would rest the benediction of the Fathers.—New York World.

#### SPRING.

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. Adv.

### "THE WORST BORE I EVER MET."

The following story captured first prize in a recent contest, and inasmuch as it has its counterpart in every community, its reproduction is not amiss:

"A tragedy, like sudden loss of family or fortune, may be sufficient excuse for some people becoming bore part of the time; but a surgical operation is amply sufficient to make bore of most people all the time. The desire to regale friends with a detailed narration of the whole procedure seems positively irresistible. Not once, bless you, but upon every possible occasion thereafter.

One of the most companionable women I ever knew was so completely transformed by an operation that she unconsciously became a bore to her friends and to her family, by tedious repetitions of her hospital experience. Her idea of its importance was so exaggerated that she lost all sense of proportion. Truly, her "operation" became the Alpha and Omega of her existence, from it all events in her life history dated. It was her sole topic of conversation. No matter how skilfully one might steer the conversational bark away from the dread topic, she adroitly brought it back. As a result, she became self-centered, introspective, and—a bore to her friends. Her efforts to entertain merely annoyed; where she hoped to arouse admiration, she created disgust; and where she sought sympathy, she received only—indifference.

Over-consciousness of self, and the desire to be a real heroine in the eyes of one's friends, probably explains the psychology of this universal tendency in human nature, but does not excuse it, however. If my friend had exercised a little will power, she might have retained her cheerful, unselfish disposition, and also the love and respect of her friends.

In this progressive age, we may safely divide the human race into two great classes: namely, those who have had operations and those who will have them at some future time. No matter in which class you happen to be, dear reader, please remember the implied moral of this story. If you are called upon to part with your appendix, don't make the occasion a parting with your friends as well. Be considerate, or you may be lonesome." G. M. T.

#### INSOMNIA.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere. Adv.

G. B. Harness, who has a complete set of abstracts to the land in Mitchell county, was given the job of appraisement of the property of the Texas & Pacific Railway Company in Mitchell county. Several large maps drawn on an extensive scale, showing every physical aspect of the roadbed, contiguous property, profile of country, etc., were submitted to him, all which he will carefully go over and appraise in the light of developments as they exist today. The job is quite a plum in a remunerative way as well as compliment to Mr. Harness' accuracy and good judgment of values.

Had you thought of having all your clothes washed and ironed by the steam laundry? If you have not please give it some serious thought. It has many points to recommend it. If West Texas hasn't been "bone-dry" and then some, the past six months, then we don't know, prohibition when we look it in the face. But we are not in favor of this kind of prohibition. Let old Jupiter Pluvius and Tonans, do their wettest worst in West Texas—we shan't kick. It was in 1892 when, what few people there were here, thought they had enough rain for one time, and wished it would let up. Sulphur Draw at Big Spring, was turned into a raging torrent that threatened to engulf the railroad shops and part of that town. Water in the Colorado river was within a few feet of the floor of the bridge across that stream. But that's ancient history now. We've forgotten the inconveniences of that big wet spell and the havoc it wrought. We are now in the grip of a drouth and imagine the other extreme preferable to the one we are now experiencing.

Bill Green, known on the tax rolls and in official and church circles as Mister W. M. Green, disappeared from view of his fellowtownsmen for the space of nearly two weeks, without trace or explanation. He showed up in front of the Record office last Friday holding out his hands in mute but unconvincing evidence that he had been at hard work. We took his word just for the sake of his explanation. He averred with solemn mein and serious countenance, that he had been out on the farm working hard to provide about 100 head of cattle with something to eat till it rained. We leave the case with the jury of public opinion without argument.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed. Adv7

Nujol, something new at Charters & Sadler.

The wind and the sand the past week have been trying on the patience and nerves of the most seasoned old timer. The wind will come from the south one day with a piercing chill; from the north the next day with a feeling of ice; from the east on another day combining all the disagreeable features of the other directions; next day will bring a vague hope of rain only to be dissipated by the howling of another norther and piling up of the sand in a different place. But 'twill all come out right in the washing.
