

CHRISTIAN TROOPS NEAR GATES OF HOLY CITY

It is predicted that the fall of Jerusalem, the Holy City, to Christians will soon be an accomplished fact after centuries of Moslem rule. Advance guards of the English troops advancing through Palestine from Egypt were said to be almost at the very gates of the city.

UNION ITEMS.

This is the fourth day since our second winter has set in, and it has been the topic of talk and wonder ever since. It is hard on cattle and the young growing crops, which are doing reasonably well under the unfavorable conditions. But as Eli sees it, there is no good reason for anybody to become discouraged; but let us all enter into new and strong resolutions to go forth in the full discharge of every duty as valiant soldiers of our God, ourselves and our country, and victory will be ours. We will sell you a Henney Buggy with \$15.00 off our regular retail price. Come at once.—Colorado Mercantile Company. We learn with delight that the location for the new school building has been settled. We hope to see good work go forward rapidly. The Farmers' Institute met last Friday night in a rousing meeting and among other business transacted was the election of two delegates—Prof. Halbert and J. D. McCreeless—to represent their local in the county institute to be held in Colorado next Saturday. We have a few Wiggle Tail and Hammock Seat Cultivators. Will sell at price 1 before last 20 per cent advance. Get yours quick.—Colorado Mercantile Company. There seems to be some doubt from the highest executive down, that the farmer won't plant and raise a sufficiency of food stuff, but Eli thinks that the loyalty that has always been manifested in the farmers' ranks, that the farming class will be glad to heed the good advice. We will sell you a Go Devil with knives for \$19.00.—Colorado Mer. Co. Agriculture has been the support of the world so long that we can't afford to depart from our practice in this great hour of peril. ELI

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig-Syrup Company." Refuse any other kind with contempt. Advs

PAIGE The Most Beautiful Car in America

Introducing THE MOST BEAUTIFUL CAR IN AMERICA

On January the First we introduced what we sincerely believe to be the most beautiful car in America. This, we admit, is a bold and sweeping statement. It is probably the most sensational announcement that has ever been made by a manufacturer of medium priced automobiles. But we mean precisely what the words imply, and only ask that you reserve final judgment until you have seen the new Paige with your own eyes. It is not our purpose, in this advertisement, to describe one single detail of the latest and greatest Paige Achievement. We merely invite you to visit the nearest Paige representatives—key your expectations up to the very highest pitch—and determine for yourself whether or not we have been guilty of exaggeration. A moment's reflection, however, must convince you that we would not and could not make any such claim unless it were substantially correct. Our entire reputation and position in the motor car industry depend upon the accuracy of our public utterances. Knowing this, it is not likely that we would voluntarily assume responsibility for a statement which could be refuted to our everlasting discredit. If, though, you are still inclined to doubt, please remember that Paige has been one of the truly creative factors in the motor car industry. From the very beginning our body designs have been absolutely unique and refreshingly distinctive.

MITCHELL COUNTY MAN MAKES RECORD RUN.

What is supposed to be the record gasoline mileage ever obtained from a motor car by a Mitchell county man was obtained recently when Mr. J. F. Bennett of Loraine, Texas, drove his 1917 Model Maxwell Touring car a distance of 140 miles on 4 gallons and 1 quart of gasoline.

Mr. Bennett accompanied by his sons, Joe and Virgil, Mr. Howard Miles and Mr. Page Henderson left Loraine on the morning of the 2nd and drove to Cisco, Texas, from there they drove out some twelve of fifteen miles in the country and back, and in and around town until time to start home at which time the speedometer showed that they had traveled exactly 140 miles since leaving Loraine. Not one drop of gas had been added to the supply until then and it took exactly 4 gallons and one quart to fill the tank to overflowing. This makes the gasoline mileage 33 miles per gallon. Affidavits are hereby attached to show that this mileage was actually obtained. To those who are

obtaining from 10 to 15 miles from a gallon of gas with other makes of cars, can hardly realize that this record is true, but to Maxwell owners who know that the Maxwell's record is 46.6 miles per gallon, they will not be surprised as they no doubt have obtained close to this record themselves.

The above is true and correct: J. F. BENNETT, JOE BENNETT, VIRGIL BENNETT, L. P. HENDERSON, H. P. MILES.

The Snyder Record is now issued twice a week—Tuesday and Friday.

Little Cuba evinces her gratitude to the United States in a most concrete manner. She places 25,000 well equipped and drilled soldiers at the disposition of this country, to be sent to France or retained at home.

Lord Northcliffe and David Lloyd George, the former owner of the London Times, are the real rulers of England at this time. What they demand becomes law, and so far they have proven themselves wise and efficient dictators.

A strong effort is being made to divert the more than 640,000,000 bushels of grain used in the manufacture of whiskey annually in this country to the flour mills instead. The aggregate is almost sufficient to bread the 102,000,000 people who live in this country.

The man whom Miss Jeanette Rankin defeated for congress in Montana last fall, committed suicide in Indiana last Saturday. The sting of defeat, made doubly biting by being administered by a woman, was too much for his masculine mental equilibrium.

Here's to a man who is clean inside and out; who neither looks up to the rich nor down to the poor; who can lose without squealing and who can win without bragging, who is too brave to lie, too generous to cheat; who takes his share of the world and lets other people have theirs.

Congressman, Thos. L. Blanton has urged President Wilson and the war department to exempt the cow punchers from the selective draft, based on a letter from Jas. Callan, president of the Texas Cattle Raisers' Association. The idea is that they can serve the country better at home than in the trenches.

"And for your country, boy, and for that flag, never dream of serving her as she bids you. No matter what happens to you, no matter who flatters you or abuses you, never look at another flag, never let a night pass but you pray God to bless that flag. Remember, that behind all these men you have to do with, behind officers, and Government, and people even, there is 'the Country, herself, your Country, and that you belong to her as you do belong to your own mother. Stand by her as you would stand by your own mother."—Edward Everett Hale.

Just to what extent the news relating to the American participation in the war shall be censored, is raising a storm of discussion. Many of the leading newspapers of the country are strongly opposing any suppression of the news, insisting that the nation at large be taken fully into the confidence of the war department. As we see it, it would be very unwise to publish the policy or program of the army or navy department. But so far as the actual conditions and fortunes of war are concerned, we believe the people should know the exact conditions as they exist.

The one spot of domestic color in all the big conferences and arrangements being made between the Washington government, France and Great Britain—the conservation and combination of the resources of these countries—is the gift by Mrs. Wilson to the wife of General Joffre, of a good old sugar-cured Virginia ham. She heard that the wife of the great general was an admirer of home spun ham and bundle gravy, and knowing this, imagined no gift would be more appreciated. So it is, the General will take back to France this palatable and delicate token of friendship of two First Ladies of the World.

Take your county paper.

THE ENFANTE IRREPRESSIBLE.

Congressman Blanton is the liveliest "infant" congressman that Washington has been introduced to in many years. He has been in Congress only a few weeks but in that brief time he has been more active and participated more aggressively in national affairs than have many men who have been in the same office for years. Blanton disregarded all the rules of precedence and made his first speech before congress was fairly organized, and his address was original and not the product of some salaried writer. He spoke for an hour and received courteous attention. Blanton is new to congressional affairs and congress is new to him, but he will have to be counseled with in the future. Blanton is different from most progressive men who are sent to congress. They are allowed to make their maiden speech and then are quietly but firmly pocketed and flattened out until they are reconciled to become merely an unobtrusive cog in the party machine. Not so with Blanton; he never quits. Trying to push him back from the front by employing parliamentary rules that constitute the Waterloo of others will only make him work the harder, and his would-be bosses will learn that he is something of a parliamentarian himself. He will be there working and receiving just as much attention when his term is up as he is now.—Slaton Slatonite.

The Record and Judge Blanton are usually not at one-ness on political issues, policies or expediences; but his idea of asking appropriations for post-office buildings adapted to the business of the office instead of "gutting" the federal treasury for a building demanded by a city of 100,000 population, appeals to us as both timely and sensible. Uncle Sam pays in rent in a town like Colorado, enough every twelve or fifteen years to build a post-office building more than adequate to the country's needs.

TO FRANCE.

Before war was declared, the New York World demanded that the United States should repay its debt to France by making a free gift of a billion dollars. It was a magnificent idea. It recalled the old dialogue at Weber and Field's: "Mike, I have offered a million dollars for the Hoffman House." "But you haven't a cent in the world." "I know it, but wasn't it a fine offer?"

Discussing this exhibition of opulence, one of the most distinguished living Frenchmen said:

"France doesn't need money gifts. She will borrow as before what she has to borrow, and she will pay back as she has always paid, and always will pay, freeing herself from debt and flourishing as she flourished even after Bismarck thought to milk the country dry. What France needs more than the purse of America is the heart of America. She wants to feel that her sons and your sons are brothers in arms not less than they are brothers in liberty and equality. Five billion francs! If I had it, I would give it all for the sight of a division of the American army marching down the Champs Elysees on their way to the trenches. We will lend them the gas masks and the helmets and the heavy guns your army lacks, but will not lack for long! Ah, my friend, think of the sight of that American army bringing its contribution of service to our cause and yours!"

On our side it is no mere consideration of sentiment that makes us wish that the President would decide to send troops to France. We are now in this war, and it is a real war, and it must be waged with the earnestness and unanimity of armed forces and civilians alike which is essential in a national war. Nothing could so bring the reality of the present struggle of the republic and liberal governments of the world against kaiserism before the American people as the fact that our army is sharing in the dangers and heroism of the French battle line. The impetuous youth of this country will not respond with enthusiasm to a call to guard bridges and aqueducts and to train for guarding more bridges and aqueducts. But let the gerudon of actual service in the battle field be held before them, and let the Government say: "We want men to fight in France!" and the passage of an act for "selective drafts" will be but a legal formality.

There are said to be thirty thousand Americans fighting on the side of the Allies and under their flags. A million would enlist for the same service under their own flag.—Collier's Weekly.

Thos. Trammell, of Sweetwater, sold L. Clark, of Quanah, the Wade ranch, situated southeast of here in Sterling and Tom Green counties and consisting of about 32,000 acres, for a consideration of \$290,000.

TWEEDLEDUM AND TWEEDLEDEE.

There is a mighty sight of difference between the tweedledum of my interests and the tweedledee of your interests. Many papers in prohibition territory turn down all liquor advertisements with a great flourish and loud report. The money offered by Anheuser-Busch Brewing Association to run one of its Budweiser beer ads, is thrust away as if tainted. But these same papers gladly accept pay from the same Anheuser-Busch Brewing Association for another one of its products—Bevo. How much less, we ask, is it giving aid and support to the beer trust by taking its money and exploiting one of its products, than going the whole hog? It means identically the same thing. As long as prohibition papers will advertise its wares and the prohibition people will consume its products, just so long will the beer trust flourish at the hands of the very factors that assume to oppose it.

Again; other papers that will not accept whiskey advertisements, give ample space to the advertisements of the Whiskey Distillers trust, alleged to be in favor of temperance. This is a feat of moral hair splitting we confess our inability to understand. The moral difference between accepting a check from the Anheuser-Busch Brewing Association for its "Bevo" advertisement and one for its "Budweiser" ad, is so attenuated, our dulled perceptions fail to perceive it.

APPROVED.

The Administration's war program satisfies the nation's conscience. It brings to a consistent climax that patient, forbearing, peace-hoping but not supine course in respect of the European situation which, from beginning to end, has expressed the will of a great majority of the people. Peace having been denied us, this program puts the United States into the war in a way fitting its dignity and self-respect.

This is the gravest business in which a nation can embark—involving death to its subjects. Embarking in it with feebleness, paltering and half steps would be intolerable. To say a nation has a cause which requires the sacrifice of its subjects' lives, and then to meet that cause with timid, slothful, paltry measures would be disgraceful.

An army of a million men in a year and two million in two years, chosen by selective draft; an immediate loan of three billion dollars to the Allies; war taxes raising to a billion and a half or more—these are such steps as the people of the United States, being at war, would wish to take.

It must be war with the utmost power of the nation until the enemy is brought to terms. The time for discussion of policies is all past. Until peace is restored there can be but one policy—to fight for all we are worth. There will be scant consideration for anybody in any position who tries in any way to prevent the fullest possible exertion of national power until the war is won. Wherever expediency points a lawful place to strike the enemy he must be struck and struck hard.—Saturday Evening Post.

The determination now seems to be that an army will be sent to the battle fields of France by the United States as early as practicable. It also seems the consensus of opinion of all parties concerned, that this army can better and quicker be fitted for actual fighting behind the firing lines than in America. That this army will be the best that this nation breeds, there can be no doubt. It will be fired by an enthusiasm and supported by a fortitude that are alone born of performance of the highest human duty—battling for a righteous cause. President Wilson exhausted every honorable means to maintain a strict neutrality in this war, short of submitting to national insult and surrender of national rights. He weighed the cost in blood and treasure before taking so serious a step, but being in, this nation will wage the war to the end on a scale and with a degree of aggressiveness befitting its greatness, and as becomes a struggle in so high a cause as universal human rights. The momentary panic caused by the depredations of the German submarines will disappear in the face of the accomplishments of American inventive genius. One man power is doomed, and America will prove the deciding factor in its death.

Betting on what the weather will do is a most hazardous enterprise out of which to make a living in West Texas; but we have pinned our faith and based our meteorological predictions for several years upon what Rev. Eli Hicks' barometer has presaged on the subject. We lost a five-to-one wager recently on what this

SECTION SWEEP BY TORNADO IN OHIO

Wreckage after storm passed over the suburbs of Cincinnati. The body of Omer Glenn, a capitalist, was found here. Nineteen were killed and millions of dollars damage done in Indiana and Ohio by the tornado.

barometer promised, which kinder shook our faith in it as a betting tip. But we still cling to the ragged edges of hope. The barometer has been fluctuating around the "condition of rain" for several days. If a good rain does come by Saturday night, we shall again acclaim the Hicks barometer the peer of them all and an infallible symptom of rain—after the rain does come. Its mighty hard to break old and time-tested faith in anything.

A BACKFIRE.

The bad features of the Burnett immigration law, which became operative this week, are coming to the surface, in view of the dearth of man power in the industries and on the farms. Mr. Wilson opposed the literacy provision of the Burnett bill, wisely contending that mere education did not qualify for desirable citizenship. But his veto was overridden and the bill became a law. It is now seen that this law will work a serious hardship on America in shutting off the cheap but efficient labor, we otherwise might have had without the literacy qualification.

The promise is that thousands upon thousands of laborers will be needed within the current year, for farm and railroad work. Under the Burnett law, this demand can not be supplied by foreign immigration. There is but one alternative, therefore, for farm and industrial labor of the unskilled class, and that is the Mexican who wants to work.

Mexican labor has been long and thoroughly tested on American railroads and farms. The average Mexican is willing to work at reasonable prices; he is docile; minds his own business, and asks only to be paid for his work and allowed to earn a living, which right he rarely enjoys in his own country. Why should this most available and cheap class of labor be shut out when so badly needed.

There is a possibility that the literacy provision of the Burnett law may be suspended or at least overlooked during the continuance of the war.

There are many people who assume to believe "nobody reads a country newspaper." If these people could hear the "rawhiding" and roasting a country newspaper guy gets every time a little error slips into his sheet and usually nothing more grievous than a wrong initial, mutilated name or simple typographical error, they would change their opinion as to the paper's being read. And if they had to bear all these kicks, they might get to wish that the darn papers were

not read quite so closely.—Colorado Record.

In the newspaper business you are darned if you do and darned if you don't. That's what puts gray hairs in editors' heads long before their time. From one edition to another they are on needles and pins, expecting the crash to come from one quarter or another; usually it comes from the least expected quarter. It is a grand old game and a grand old demnition nuisance.—Abilene Reporter.

AN ACT

To require the publication in some newspaper of general circulation of all notices required by law or contract to be given of any act or proceeding, whether public or private, or relating to a judicial, executive or legislative matter, which notice is now authorized by law or contract to be made by posting notices in one or more public places, fixing a time of such publication, and the compensation, naming certain exemptions, repealing all laws and parts of laws, in conflict herewith, and declaring an emergency. Be it enacted by the State of Texas.

Section 1. That whenever by law notice is required to be given of any act or proceeding, whether public or private, or relating to a judicial, executive, or legislative matter, which notices is now authorized by law or by contract, to be made by posting notices in one or more public places, such notice shall hereafter be given by publication thereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year, in the county in which said act or proceeding is to occur; provided, that nothing in this act shall be construed to require the publication of any general election notice, public road notices nor probate notices, when the appraised value of the estate in which same is issued is less than one thousand dollars, (\$1,000) and provided further, that the provisions of this Act shall not apply to sales made under a written contract wherein it is provided that notice of sale thereunder may be posted.

Sec. 2. All notices published under the provisions of this act shall be printed at least once a week, for the period of time required for posting such notices.

Sec. 3. In the event no paper should be published in the county where such notice is required to be given, then such notices may be posted as now provided by law.

Sec. 4. The price to be paid for all publications required by this Act shall be not more than one dollar (\$1.00) per square of one hundred (100) words for first insertion, and not more than fifty cents per one hundred (100) words for each subsequent insertion, said publication fee to be taxed as other costs in the case.

Sec. 5. All laws and parts of laws in conflict herewith be and the same are hereby repealed.

Sec. 6. The crowded condition of the calendar and the necessity of this law creates an emergency and an imperative public necessity for the suspension of the constitutional rule requiring bills to be read on three several days, and such rule is hereby suspended and this Act shall take effect from and after its passage, and it is so enacted.

A BIT OF ADVICE.

First—Don't Delay... Second—Don't Experiment.

If you suffer from backache; head aches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Colorado residents desire more convincing proof of their effectiveness than the statement of a Colorado citizen who has used them and willingly testifies to their worth?

J. H. Cooper, prop. blacksmith shop Sixth and Oak Sts., Colorado, says: I have used Doan's Kidney Pills several times in the past, getting them at Doss' Drug Store. I took them for trouble with my back and from the good results obtained, I think they are a good, reliable medicine. I gladly recommend them to anyone, for they have benefited me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cooper had. Foster-Milburn Co. Props., Buffalo, N. Y.

The person who stands on the street corner looking around for something to gossip about or to find fault with, can always find what he is looking for. But what a life he lives. His soul shrivels and withers until it is shown in his manner and looks. For such a person life has lost its savor. It becomes sour, misanthropic, whining. He passes from bad to worse and sees no good in anybody. His taxes are always too high, no matter how low they may be and he curses his neighbors because they are prosperous and enjoy life. In fact he hates himself, is a menace to a town's prosperity, a foe to God and no good to the devil. These persons seem to be a necessary evil in every town. They ought to be shamed.—Big Spring Herald.

SPANELL CONVICTED OF KILLING BUTLER.

Coleman, Tex., May 5.—A verdict of guilty of murder was returned at 8:25 o'clock tonight by the jury in the case of Harry J. Spanell, charged with the killing of Lieutenant Colonel M. C. Butler and punishment was fixed at five years' imprisonment.

Spanell all but collapsed when the verdict was read. Counsel for the defense announced a motion for a new trial would be filed immediately and if it were not granted an appeal would be taken. The plea for reversal, they said, would be based specifically upon the refusal of the court to sustain defense's plea of "former acquittal."

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the finest medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. U. S. MAY TRIPLE NUMBER OF MODERN CHASERS.

Washington, May 3.—Amazing increases in the destruction of allied shipping by German submarines has revolutionized the government's shipping plans and brought into play every possible factor the nation may need to make the American merchant marine the greatest single force in winning the war.

Sensational developments were disclosed last night by the United States shipping board which showed that keen influences are endeavoring to glut the ship yards with slow contracts to impede the building program mapped out by the national defense heads.

Astounded at the activities of private concerns, which are said to be seeking to engage the principal ship yards for work on foreign account, it was decided last night that action of a most drastic character by congress must be taken to vest President Wilson with absolute control over shipping which is essential to national security.

Plans to give the president the power to bring the ship yards up to the greatest state of productiveness through legislative action, were whipped into shape, at the president's expressed direction. Such bills will be introduced and instead of constructing 1,000 modern ships, as was at first planned, the government may construct double or triple that number.

A SYMBOL OF HEALTH

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

524,859 OF MILITARY AGE.

Austin, Texas.—Acting upon a request made by the adjutant general's department as to the number of men in Texas liable for military service, between the ages of 21 to 40, Dr. W. A. Davis, state registrar of vital statistics, has supplied figures showing there are 524,859 within the ages given, subject to military duty. His figures are based on the federal census of 1910 and estimate to 1916, figured on the natural ratio of increase.

These are the number of men available for military service in the following larger counties of the state, according to the figures of Dr. Davis: Dallas, 18,000; Bexar, 16,000; Harris 15,000; Tarrant, 14,000; McLennan 9,000; Grayson, 8,000; Travis, 7,517; El Paso 7,000; Ellis, 7,000; Jefferson 6,000; Navarro, 6,000; Fannin 6,000; Galveston 5,000; Williamson 5,000.

2,000 MAXWELL DEALERS TO CONTEST FOR PRIZES.

To substantiate among motorists everywhere their claim of the Maxwell's championship in low operating upkeep, upward of 2,000 Maxwell distributors and dealers will next month carry out in every state in the Union and throughout the eight provinces of Canada, a public and wholesale demonstration of the Maxwell's ability to stretch its fuel into the greatest known mix of gasoline and motor car distance, according to information received by Toler & Petty, local Maxwell agents.

Five thousand dollars in cash prizes are to be given away among the dealers, it is made known, together with an award of the National Maxwell Economy Championship Cup. The cup is to be the trophy of the Maxwell dealer who attains the highest mileage to be recorded in the event and with it he will also capture a substantial award in gold.

The public and widespread demonstration is to be known as the National Maxwell Economy Proof Day, and the wholesale contest is to take place on Wednesday, May 23.

Owners' cars are to be used entirely, the rules providing that each dealer entering agrees to arrange for the use of two Maxwell five-passenger touring cars now in owner service. These he will borrow for the day. In each car there must be, according to the rules, four full-grown passengers, the driver and three official observers. In each town and city the two cars will make the run together, each carrying its observers, who will thus check not only their own mount, but the other as well.

Results will be unofficial, it is stated, if the dealer participant fails to arrange for his observers to be either newspaper men, motor club or board of commerce representatives or well known public officials.

Two one-gallon cans of gasoline are to be provided each dealer participating. These will be attached to the windshield. Instructions mailed broadcast by the Maxwell Motor Sales Corporation, Detroit, point out that the records will be disqualified un-

less the gasoline is measured into the can on each of the two cars by one or more of the official observers.

In each instance the report of the dealer and his observers as forwarded to the Maxwell general offices in Detroit, must bear the affidavit of the three observers. Otherwise it will not be accepted as official by the Maxwell company.

Prizes are to be given under five dealer classifications. The top award in each classification is \$200 in gold, with a second prize of \$150 in gold. The third, fourth and fifth prizes will be \$100 in gold each. Then follow two \$75 and three \$50 awards, making ten in all for each of the five groups.

Since announcement of the prize offer, the return of the company's official entry blanks has been such as to indicate the demonstration will be almost unanimous among the thousands of Maxwell representatives. It already has been made certain that the event will outstrip any similar undertaking in the history of the industry.

What economy attainments will be necessary to capture the prizes are understood throughout the entire Maxwell organization, for the dealers are familiar with the marks of forty-four miles in Michigan, forty-five and one-sixth miles in California, accomplished by Ray McNamara, while only recently a Maxwell in Southern California captured a cup and hung up a record of forty-six and one-fifth miles on one gallon, the highest official mileage so far attained with a Maxwell and one gallon of fuel as far as the Maxwell offices in Detroit have record.

TOWN LOOTED AND BURNED BY STRIKERS IN "PATRIA"

Patria comes to her own again as heiress of the big Channing fortune in "Red Dawn" the seventh episode of Patria, which will be shown at the opera house, Wednesday, 16th.

The strikers roused to fury with fervid oratory and bad whiskey and urged on by Huroki and his tools, proceed to loot and burn the town. The rioting grows in volume and preparations are made to storm the factory but Donald has organized a strong defense and grimly awaits the assault.

Huroki and DeLima find a car load of dynamite at the top of a grade down which a spur from the railroad leads into the factory yard. So they bribe the engineer of a switch engine to send the car of dynamite down the grade to the factory. Patria driving furiously alongside the railroad track sees the car started on its mission of death and destruction. She speeds up her car and reaches a crossing ahead of it. By quick work, she stops her runaway squarely across the track and jumps to safety just before the dynamite car is due. There is a terrific explosion and the runaway is blown to smithereens, but the factory is saved.—Opera House next Wednesday, matinee and night.

TAKING LIBERTY LOAN AT \$500,000 MINUTE.

Indications Are Two Billion Dollars Offering Will Be Oversubscribed

Washington, May 5.—The Treasury was buried today beneath an avalanche of subscriptions to the liberty loan. Yesterday's pace of \$20,000,000 an hour was quickened to almost \$500,000 a minute and it became apparent that the two billion dollar offering would be oversubscribed beyond all previous estimates.

Compilation of the actual amount of subscriptions received today was beyond physical possibility with the present working staff. Probably one-fourth of the offerings already been spoken for. Officials listed subscriptions received up to 2 p. m., permitting the largest bundles of telegrams received thereafter to accumulate, and found that during the six hours of working time that had elapsed since the last compilation the country had subscribed to \$172,938,000 additional, bringing the grand total for the two days up to \$311,657,000 exclusive of thousands of replies yet to be listed.

Big Four \$895 35 Horsepower

The more serious the purchase of a car is to your family, the more seriously you should consider Overland.

Consider what a guarantee it is to own a car backed by a company with \$68,000,000 assets; with an army of workmen that would populate a good sized city; with acres and acres of modern factories, and more than 4,000 dealers and branches.

The magnitude of The Willys-Overland Company is due to its management: due to the practical policy of utilizing prodigious production as a means to higher quality and lower prices.

The Willys-Overland Company guards its obligation to the owners of its cars as seriously as a conservative bank protects the interest of its depositors, large and small.

The Willys-Overland is predicated upon the need for cars of beauty, comfort and convenience in addition to long-lived utility.

The average family can participate in the luxuries of motoring because hundreds of thousands of other owners enable The Willys-Overland Company to distribute and bring down costs.

Such a car as the Overland Big Four would never have been possible at such a price as \$895 had it not been for over 300,000 similar Overlands which have already gone into service.

THE CLUBS.

The Hesperian met with Mrs. J. T. Davis, with Mrs. W. L. Doss leader. The lesson was on Joel Chandler Harris. Roll call, Anecdotes of Authors. Biographical sketch of Joel Chandler Harris, Mrs. Jerold Riordan. Social life of the old regime, Mrs. Jackson. Reading, selection from Uncle Remus stories, Miss Dry. Mrs. Jackson gave a splendid report of the District meeting recently held at Sweetwater. The committee on home economics made a report, and as the call from the county judge to the women of the county was along the lines they are working on, they decided to go to that meeting and do their part of the work. The committee was continued, as this will be their work for the summer. Mrs. Annis and Mrs. Lee Phenix were guests at the social hour. Ice cream and cake were served. This concluded the year's work and the final business session will be held with Mrs. Doss this week.

Mrs. M. Carter was hostess for the Boyview with Mrs. G. W. Smith as leader. The lesson was on Henry IV. Mrs. Henry Doss was an appreciated visitor. Ice cream and cake were served at the social hour. The meeting this week is with Mrs. Royall G. Smith, when the plans for next year's work will be completed.

Mrs. H. E. Grantland was hostess for the Merry Wives. Her guests were Mesdames J. S. Vaughan, Spruill J. H. Greene, J. K. Williams of Midland and Miss Winnie Vaughan. A salad course was served. The meeting next week is with Mrs. Milburn Doss.

DISTRICT CONFERENCE

Mesdames M. K. Jackson, J. G. Merritt, J. T. Davis, W. L. Doss, W. P. Garvin and Miss Minnie Womack of Cuthbert, left on the train Wednesday morning to attend District Conference at Snyder. Mrs. Barcroft took some of the Young Peoples' Missionary Society over in autos, in the afternoon. They were Misses Estelle Smith, Cleo Pritchett, Omeira Terry, Sallie Herrington, Lorena and Claudia Smith, Jessie Person, Mesdames Lee Phenix and Milburn Doss.

HONORING EARLY COLORADOANS.

On last Friday evening at the M. E. parsonage a large number of the intimate friends of Mr. and Mrs. A. J. Payne and daughter, Miss Pauline, met for a farewell before they left for their new home at Slaton.

Mrs. Merritt and Mrs. Barcroft received the guests at the door and introduced them to the receiving line in which were Rev. and Mrs. Garvin, Mr. and Mrs. Payne, Miss Payne, Mr. and Mrs. Stoner and little daughter, Virginia.

A musical program was then rendered by Mrs. Royall Smith, Mrs. Oscar Majors, Misses Mary Jackson, Ruby McGill, Dorothy Lasseter, Marie Vaughan and the daughters of the pastor, Mrs. Ralston, and Miss Garvin. All were then invited to the basement of the church where refreshments of ice cream and home made cakes were served. Toasts were given by Dr. Coleman, Mr. C. M. Adams, Mr. Dawes and Mr. Earl Jackson, and responded to by the honorees. The delightful meeting was concluded by singing "God be With You Till we Meet Again."

Mr. and Mrs. Payne are numbered among the "old timers," as Mr. Payne has been here for more than thirty years and Mrs. Payne came as a bride twenty-five years ago. Their two children were born and reared here. They have been prominent in church and club work for years, and will be missed by a large circle of friends.

Mr. Payne has been one of Colorado's progressive business men and is known for his honest, upright dealing. Perhaps one of the vacant places from which Mr. Payne will be noticed most and by more people, is at the organ at the Methodist church which place he has faithfully filled since a boy, and it indeed brings sadness to know he will not give a message of music, at each church service.

The best wishes of their many friends go with them into their new home at Slaton.

SOCIAL SERVICE LEAGUE.

The Social Service League met at the Christian church Tuesday with the president, Mrs. Broadus, presiding. The regular routine business was attended to and the different chairmen of the outlook committees reported their helpers. This takes in quite a number of women, and with just a little effort on the part of each one, the needy can be cared for. Already some work has been done in the way of finding employment for the unemployed.

The Article in the Constitution in regard to membership was changed to read, "Everyone interested in the welfare of the community shall be considered a member of the League, and shall be eligible for service."

The members of the executive board of the Chamber of Commerce were elected as an advisory board.

It was decided that at each meeting of the League each member have the opportunity of making an offering. Mrs. Earnest donated a box. The Christian church was chosen for the regular place of meeting.

HELEN MARIE OSBORNE "LITTLE MARY SUNSHINE"

All babies are valuable to the state and to society, but Baby Helen Marie Osborne, better known as "Little Mary Sunshine," is the only one on record who is capable of earning the salary of a bank president. Fame came to Baby Osborne over night. She starred so delightfully in the Pathe Gold Rooster Play, "Little Mary Sunshine," that the whole world took her to its collective heart. Now Pathe announces the wonderful baby as the star in "Shadows and Sunshine," which Manager John Hale of the Shadowland theatre is to present Friday (tonight).

There are plenty of child actors but there is only one four year old human being with physical and mental resources capable of sustaining a five-reel story like a veteran of the stage. Little Mary Sunshine has beauty, sweetness, tractability, patience, rare intelligence, boundless energy, strength, courage, abounding joy in her work and more than all initiative.

Sturgis Go-Cart gives easy and for the baby.—H. L.

HONORING MISS LOONEY

Miss Looney of Colorado City, who is the charming guest of Mrs. Claude Gill, was complimented with a beautiful card party Friday afternoon, given by Mrs. Gill at her home on Osage street. The home was beautifully ornamented with a graceful arrangement of baskets and vases filled with yellow daisies.

The guests were received by Mrs. Gill and Miss Looney, assisted by Mrs. Victor Payne, after which the daintiest of score cards, heart-shapes, tinted with yellow spring flowers, were passed and partners and tables found for auction bridge, which formed the delightful diversion for the afternoon. At the conclusion of the evening an elaborate salad course with a mint ice was served.

Miss Looney has visited in Abilene a number of times and is a favorite among all who know her, and it is indeed a pleasure for her friends to have the privilege of spending an afternoon with her.—Abilene Reporter.

SIXTH GRADE PICNIC.

Last Friday the sixth grade, with Miss Mary Arbutnot, their teacher as chaperone, took lunches and after school Friday went on the creek for a picnic. Each child was allowed a guest, and with their own number they made a jolly crowd. After games supper was spread. The shadows were lengthening before they returned home.

A PROSPEROUS SECTION

The wife of a Coleman county farmer keeps books on her farm operations. Which is a splendid idea. This Coleman county lady, having as assets 200 hens and five common milk cows, sold during the year April 1, 1916, to April 1, 1917, products to the amount of \$729.19 gross, or a little the rise of \$60 per month for the year.

The Colorado friends of Miss Addie Mae Yates of Coahoma, who formerly lived here, will be interested to learn of her marriage on Wednesday of last week, to Mr. Claude Wolf of that place, a highly esteemed and prosperous young business man. They will make their home at Coahoma. The Record wishes for them all the joy, contentment and prosperity humanity can stand.

Snow fell over a large part of the plains last Sunday from Lubbock to Amarillo.

SENIOR PICNIC.

The Seniors went on a picnic last Friday after school to Seven Wells. There were several car loads and the usual good time was had by all. And now they are hard at work preparing for the final exams, and looking forward to the day of all days—commencement.

MISSIONARY MEETING.

The Missionary Society of the M. E. church met Monday afternoon for regular mission study. The scripture lesson was the tenth chapter of John. The lesson was Glimpses of Four Countries from our South American Neighbors, led by Mrs. M. K. Jackson. At the business session plans were completed for the district meeting at Snyder this week. Quite a number from here will attend.

BAPTIST CHURCH.

There will be no preaching Sunday, May 13th, but every member is urged to be present for a conference of about ten minutes after Sunday school, to determine whether advisable to call a conference Wednesday night, May 16th, to consider the call of a pastor. Dr. R. T. Hanks of Abilene will preach for us Sunday, May 27th, at 11 a. m. and 8 p. m. You are urged to bear this in mind and be present. Pulpit Committee.

SOCIAL MEETING.

The Young Peoples' Missionary Society of the M. E. Church met with Miss Elnora Dulaney last week in a social meeting. Several car loads went over and a most enjoyable time was spent in this lovely home. As the young ladies are to have a number on the program at the district meeting in Snyder, this week, that was the topic most discussed. A salad course with coffee was served. Lovely home grown roses were given as souvenirs.

B. Y. P. U. PROGRAM.

May 13th.—President in charge. Song service of praise. Prayer. Business. Quiz on Bible Readers' Course. Secretary's report on the black-board. Leader of meeting in charge of this program: Prayer. Scripture reading, Acts 18. Paul's work begun in Corinth.—R. by Campbell. Opposition to Paul.—J. G. Keathley Paul Persecuted in Corinth.—M. tie Conaway. Completion of the second missionary journey.—Mr. Armstrong. Apollas at Ephesus.—Conrad Watson. Music. Prayer.

"Uncle Joe" Cannon celebrated his 81st birthday Sunday, as gay and chapper, with the ability to do as much political work as ever in his life.

POULTRY DEPARTMENT By J. W. Burkhardt

President Wilson has issued a statement to the American people in which he seriously laid upon them the obligation to render a worthy service to the country in this trying hour. One of the most pressing problems is, and will be, that of feeding not only ourselves but nations engaged in fighting our battles. The entire country is being stirred and heroic efforts are being put forth to stimulate to their capacity all industries connected with food and feed production.

The greatest single industry in the world is that of poultry. Hence the urgency of our President's call should be felt most keenly by every one who is, or could be, producing poultry meat and eggs. The American Poultry Association has taken the matter up as an organization and is waging a nation wide campaign whose avowed and immediate purpose is the securing of an additional one hundred million pounds of poultry meat within the next six months. This seems like a gigantic undertaking, and yet it means only one pound each for the men, women and children of the country.

To attain the goal set will mean that hatching must be continued through the months of May and June. There will unquestionably be unprecedented hatching during these two months this season. The winter all over the North and East was unusually severe and continued late into the spring, thereby largely defeating early hatching and greatly decreasing fertility. The result is that at present there is a considerable shortage in the number of chicks for this season of the year. Add to this fact another equally apparent and of equal significance, namely, that, owing to the high price of feeds and also of hens, many people either sold off their flocks entirely or greatly reduced them, during the winter months. Eggs are relatively high now for this time of year and must certainly remain so. Cold storage men will be forced to pay around 30 cents for their eggs this season. We may rest assured that eggs will soar.

YES, LIFT A CORN OFF WITHOUT PAIN! Ineffective Authority Tells How to Dry Up a Corn or Callus So It Lifts Off With Fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezeone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time. Adv. 4.

"SQUARE DEALING" IS THE BASIS OF EVERY SUCCESSFUL DRUG BUSINESS

DRUG stores have character just as people have. The public in certain cases learns to rely upon a store, because of its fair and open way of doing business. —We have a constantly growing business and believe that it is largely due to our methods of "square dealing." —We pride ourself on (3) three things—promptness, purity of goods and accuracy. We endeavor to give superior service in every way. Our prices are always fair. —If you are not a regular customer, a visit to our store will convince you as to how well we are living up to the principles outlined above. —We maintain a mail order department, and all orders are promptly sent out by parcel post.

Catarra. Hall's Catarra Cure is the only
positive cure now known to the medical

by destroying the foundation of the dis-
ease, and giving the patient strength by
building up the constitution and assisting
nature in doing its work. The proprietors
have so much faith in its curative pow-

CLOSING OF COLORED SCHOOL.

The closing exercises of the Colo-
rado colored school occurred on last
Friday night, before a good sized
audience, with many white friends in
attendance.

The detail of the program was in
common with such exercises on like
occasions. The performances of the
small children in recitations, in pub-
lic deportment, etc., was of a highly
creditable nature, showing efficiency
on the part of the teacher and a will-
ingness to learn and improve on the
part of the pupil.

The main feature of the evening's
program was the address of Prof. C.
D. Judd, superintendent of the Colo-
rado public schools. It was practical
and carried many suggestions that
will no doubt be worked out in next
year's work.

The school was taught last year by
Mrs. Eula Fowler of Greenville, Tex-
as, a daughter of John Wallace, one
of the most responsible and respected
colored citizens of Mitchell county,
of whose work the board of trustees
speak in commendable terms. She
was re-elected to the same position
for the next year.

The merit of the program on this
occasion demonstrates that Colorado
is doing its full duty by its colored
citizenship in the provision of good
educational advantages.

Gardening is the order of the day.
One can scarcely pass a home in the
early morning without seeing the
man of the house, his wife or some
member of the family trying to in-
duce one vegetable to grow where
very likely none grew last year. And
they are making a very creditable
and promising showing thus far.

Onions and beans seem to be easily
favorites, with a showing of radishes,
lettuce and mustard.

CALOMEL SALIVATES AND MAKES YOU SICK.

Acts Like dynamite on a sluggish liv-
er and you Lose a Day's Work.

There's no reason why a person
should take sickening, salivating calo-
mel with 50 cents buys a large bottle
of Dodson's Liver Tonic—a perfect
substitute for calomel.

It is a pleasant vegetable liquid
which will start your liver just as
surely as calomel, but it doesn't make
you sick and can not salivate.

Children and grown folks can take
Dodson's Liver Tonic, because it is
perfectly harmless.

Calomel is a dangerous drug. It is
mercury and attacks your bones. Take
a dose of nasty calomel today and you
will feel weak, sick and nauseated to-
morrow. Don't lose a day's work.
Take a spoonful of Dodson's Liver
Tonic instead and you will wake up
feeling great. No more biliousness,
constipation, sluggishness, headache,
coated tongue or sour stomach. Your
druggist says if you don't find Dod-
son's Liver Tonic acts better than hor-
rible calomel your money is waiting
for you.

The concrete gin is inaugurating

For Weak Women

In use for over 40 years!
Thousands of voluntary
letters from women, tell-
ing of the good Cardui
has done them. This is
the best proof of the value
of Cardui. It proves that
Cardui is a good medicine
for women.

There are no harmful or
habit-forming drugs in
Cardui. It is composed
only of mild, medicinal
ingredients, with no bad
after-effects.

**TAKE
CARDUI**

The Woman's Tonic

You can rely on Cardui.
Surely it will do for you
what it has done for so
many thousands of other
women! It should help.
"I was taken sick,
seemed to be . . ."
writes Mrs. Mary E. Veste,
of Madison Heights, Va.
"I got down so weak,
could hardly walk . . .
just staggered around.
. . . I read of Cardui,
and after taking one bot-
tle, or before taking quite
all, I felt much better. I
took 3 or 4 bottles at
that time, and was able to
do my work. I take it in
the spring when run-
down. I had no appetite,
and I commenced eating.
It is the best tonic I ever
saw." Try Cardui.

WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA
A DIGESTIVE LAXATIVE
CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medi-
cine but is composed of the following
old-fashioned roots and herbs:

**CASCARA BARK
BLUE FLAG ROOT
RHUBARB ROOT
BLACK ROOT
MAY APPLE ROOT
SENNA LEAVES
AND PEPSIN**

In LAX-FOS the CASCARA is improved by
the addition of these digestive ingredi-
ents making it better than ordinary CAS-
CARA, and thus the combination acts not
only as a stimulating laxative and cathar-
tic but also as a digestive and liver tonic.
Syrup laxatives are weak, but LAX-FOS
combines strength with palatable, aro-
matic taste and does not gripe or disturb
the stomach. One bottle will prove
LAX-FOS is invaluable for Constipation,
Indigestion, or Torpid Liver. Price 50c.

FORMER MAYOR OF BIRMINGHAM, ALA., ENDORSES TANLAC.

"You Will Hardly Know Me When We Meet Again, For I Am Getting Well," He Writes A Friend.

One of the latest additions to the list of readers of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former Mayor of Birmingham, Ala., ex-State Examiner of Public Accounts of Alabama, and one time editor of one of the South's greatest newspapers—The Birmingham Age-Herald.

Writing to a personal friend in Atlanta, Mr. Evans says:

"Birmingham, Ala., Feb. 2, '16 — By the way, you will hardly know me when we meet again because I am getting well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, as the doctors call it—really a disordered stomach with consequent constipation, pains in the shoulders, headache, belching, heartburn, loss of appetite, loss of sleep and fainting spells. For weeks I could not sleep on my back.

"One week ago, upon recommendation of friends, who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of these troubles to which I refer, and really believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine, and you know that I am not given to 'puffing' mere experiments and am rather orthodox as to materia medica.

"I shall continue the treatment with perfect confidence in the final results. (Signed) FRANK V. EVANS."

Commenting on this splendid endorsement of Tanlac, G. F. Willis, Southern Distributor of Tanlac, said: "Although the list of prominent endorsers is a long one, I recall a few leading names that lend both dignity and credit to the entire array. Some of them are:

"Hon. C. W. Mangum, of Atlanta, ex-Sheriff of Fulton County; Hon. McKenzie Moss, Judge of the Eighth District of Kentucky; Hon. Moses R. Glenn, Superintendent of Printing for the State of Kentucky; Col. Jno. B. Gains, Editor and Publisher, Bowling Green, Ky.; Mr. C. C. Cooper, President Georgia Cotton Oil Co.; Mr. H. W. Hill, Bank President of South Pittsburg, Tenn.; Mr. J. F. Carroll, Cotton Mill Superintendent of Chattahoochee, Ga.; Hon. S. S. Shepherd, ex-City Councilman of Atlanta, and many others whose names have heretofore been given to the public."

Tanlac is sold in Colorado by W. L. Doss, and in Loraine by Garland & Elliott.

Our stock of lawn mowers, grass catchers, water hose and lawn tools is complete. Call us over the phone and make your needs known—we'll do the rest.—Colorado Mercantile Co.
