CHARGES FILED WITH SENATE

IMPEACHMENT ARTICLES PRESENTED AGAINST GOVERNOR.

HOBBY IN TEMPORARY CHARGE

Upper Legislative Body Sets Date for Beginning Hearing of the Evidence for Wednesday Shortly After Notification.

Twenty-one articles of impeachment against Governor James E. Ferguson were filed in the senate by the committee of nine of the house after being adopted, article by article, by the latter body, by majorities ranging from seven to thirty-eight votes. Articles as a whole were finally adopted 74 to 45. Senate was notified by Bob Barker, chief clerk of the house, of desire of committee to file the charges. The senate received them and set Aug. 29 at 10 o'clock as the time to commence the trial.

John D. McCall, secretary of the senate, notified the house of the action of the latter body.

Governor Ferguson, who was in the house when body adopted the articles, went quickly to the senate and saw the charges there presented.

Senator Smith, as the president pro tem. of the senate, automatically became acting lieutenant governor.

Hobby Acting Governor.

W. P. Hobby at 10 o'clock Saturday morning entered upon the discharge of his duties as acting governor. He and Governor Ferguson greeted each other cordially. Transfer of the office was without ceremony. Governor Ferguson simply said: "Come on, Will, into the office."

The Ferguson family will continue to occupy the state mansion. In the event the governor is convicted by the senate the family will move out and Mr. Hobby as governor move in.

First Official Act.

The first official act of Acting Governor Hobby was performed at 11:45 o'clock Saturday morning, when he granted and signed a requisition upon the governor of Michigan for return to Texas of a man wanted in Dewitt county on two charges of forgery and arrested at Mount Pleasant, that state.

Passenger train No. 2, east bound was delayed eight hours on Thursday on account of a washout(?) west of here.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make This Beauty Lotion Cheaply For Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from your grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands. Adv2

FROM HONOLULU.

Honolulu, H. I., Aug. 12, 1917. Guess there are quite a few people in Mitchell county who have never been across the Pacific.

Honolulu is a large city, and is 2098 miles south-west of San Francisco, California.

On the 13th of March, 1917, there were 2850 soldiers landed in Honolulu, after eight days' run from San Francisco. The most of them are satisfied and like the Islands fine. All the newly enlisted men are getting along fine in their drilling. They have just finished practice on the range for record. About 40 per cent made good as sharpshooters; some made experts, and some marksmen. It rains out here quite a lot and keeps the parade grounds awful muddy.

The 4th of July was a big day here. Seven companies marched through Honolulu to East Side Park, and spent the day bathing, playing ball, tennis, and many other sports. Company L is noted as the best company on the island; we have 56 sharpshooters; 47 marksmen and 21 experts.

Well, I haven't seen many of the boys from Texas. Would like the best in the world to meet some of them from Mitchell county. What are you holding back for, boys? I am proud that I enlisted before the grafting came on.

The soldiers at Fort Shafter are going out for a hike around the island about August 22. It is 97 miles around the island, and they take about seven days for the trip.

Wednesday week there will be a fruit and cream supper at the Y. M. C. A. All the boys of Co. L are invited.

They raise all kinds of fruit here—bananas, coconuts, pineapples, grapes of all kinds, and a number of other things strange to Texas people. The boys have been working in the pineapple crop just a little bit. The coffee and pepper plants are doing fine.

Give my best wishes to the people of Mitchell county.

MASS MEETING.

A mass meeting of the voters of Mitchell County is called to meet at the court house on Saturday, September 1, at 3 o'clock p. m., to discuss the feasibility of voting \$100,000 bonds to build the Fort Worth and El Paso Highway through the county. Want everybody to come and express themselves for or against and why. This meeting is for the purpose of discussing the matter and getting an expression from the people.

MRS. E. M. McCRELESS AND MISS McGUIRE, DEAD.

One of the saddest funerals ever witnessed by our community occurred Tuesday afternoon at Union, when Mrs. E. M. McCreless and her granddaughter, Miss Eula Mae McGuire were buried.

Miss McGuire was operated upon Sunday for appendicitis, but the disease had such hold on her system that she did not rally, and at ten o'clock that evening passed away. Her grand-mother coming in to say farewell, dropped of heart failure and the two went together into the mansions of rest where there is no more pain, nor sorrow, nor grief.

A large number of relatives and friends followed the remains from the home of Mr. Bob McGuire to the Union church, where Rev. Griswold of Sweetwater, Rev. Hart of O'Dowell and Rev. Jackson, pastor of the Union church, paid loving tribute to the memory of both, and spoke words of love and sympathy to the sorrowing relatives and friends. Commending to them the loving Father whom they both served.

Miss Hannah Tabitha Moore was born October 26, 1855 in Alabama. Was converted and joined the Methodist church when ten years of age. She married E. M. McCreless Oct. 23, 1873. To them were born two sons and four daughters, all but one of whom are still living. All were with her when the end came, at the home of her eldest daughter Mrs. Bob McGuire. The sons, Jim and Roy McCreless are well known farmers of the Union community, while her two daughters, Mrs. Jim Turner and Mrs. Keese Bedford, live near Buford. Two sisters, Mrs. Cokroft and Mrs. Jenkins of Waco came in Monday night.

Mrs. McCreless had been in poor health for many years, and it was known that her heart was not strong, yet the end came as a terrible shock to all her loved ones. She was a loving and devoted wife, and a mother which makes of home the greatest place on earth for her children. To her they brought their sorrows and joys, sure of her sympathy and understanding. She was a good neighbor and friend and a loyal christian, and will be greatly missed in all the affairs of her community, but as Revs. Griswold and Hart (both of whom were relatives and who had known her since childhood) said, "she left a legacy to her children far greater than wealth or fame." She is not dead, but only waiting on the other shore for her husband and loved ones. To Mr. McCreless and his family are extended our deepest sympathy.

Miss Eula Mae McGuire was fourteen years of age; a singularly sweet and winning girl—the only child in

the home, therefore the idol of her parents. The oldest grandchild in the McCreless family, near whom she had always lived, and because of this, and her many lovable traits, a great favorite with her grand-parents and her uncles and aunts. Her going makes a vacancy that can never be filled. There will always be a vacant chair but in the home eternal there is another loved one to meet when the home-coming for the others arrives.

Eula Mae was the picture of health and her illness was so short that its gravity was not realized until she was gone. She was a devoted little christian, having joined the Methodist church in 1912, and having been taught to know and love her Saviour from her infancy. She has gone to be one of his jewels and while we grieve we know that it is well with her. We extend deepest sympathy to her parents and relatives in their double bereavement.

THE SPOILERS.

The Picture That is Equal if Not Superior to Birth of a Nation

Men with red blood in their veins, the argonauts of the period, bold spirits going out to the frontiers of the civilization of their day, have always had a warm place in the hearts of all classes of people. Hero worship, so called, is only admiration of deeds which one would like to do himself.

It is this general love of the heroic which makes Rex Beach's novel, "The Spoilers" universally popular. Alaska is the last word in rugged adventure, and the hero of this novel fights, not primarily for gold, but for his rights.

This story, put into photoplay form by Selig's corps of producers and actors is a revelation of the power of moving pictures to tell a fierce, hot story with supreme suspense attaching to every incident, and to convey to the beholder in its entirety an unforgettable impression of the early days of Alaska's development by as fearless and hardy a company of men and women as ever made history for fiction writers of any age or clime.

In dramatization the film story is superior to the book. The stage director has added his art to that of the novelist in a field where the scope is practically limitless. No stage production could show one tenth of the scenes nor one hundredth part of the amazing detail that fills these 12 big reels of cumulative action.

The Spoilers will be shown at the opera house Monday, September 3. Prices 10 and 25 cents—Matinee and night. One show only at each performance.

RAISE IN PRICES.

Mr. Chas. Taylor, manager of the opera house, announces, that, beginning next week the price of admission to the movies will be 10 cents for children and 15 cents for adults, every night except Wednesday. He makes an exception of Wednesday on account of the continued features which are now running, and a number of people are keeping up with the series, so Wednesday night will be continued at the old price of 5 and 10 cents until the completion of the series. On Monday night he will always have something extra special, and the price will be governed by the expense of the picture. Mr. Taylor says on account of a 20 per cent increase on the price of his films, he is forced to raise the price, and if he cannot make expenses in this way he will have to close his house altogether. He intends to give the best pictures that he can get, and says that they will be worth the advance in price. Remember, beginning next week the price will be 10 and 15 cents every night except Monday and Wednesday.

FIRST BALE.

For the past several years, August 14th has been the average date of the reception of the first bale of cotton on the local market. However, the first bale of the 1916 crop was not marketed till August 16th, and was raised by Jas. Lee, on the Landers' place southeast of town. The first bale of the 1915 crop was marketed on August 23rd.

On Wednesday evening of this week, August 29th, Mr. L. J. Jackson who lives north of Buford, brought in Colorado's 1917 first bale. It was ginned by the Watson Gin Co., who paid him \$70 per ton for his seed. It weighed 425 pounds. The cotton was not put on the market, as we understand he is holding it for 30c. Cotton is now quoted at 22c.

NOTICE TO FARMERS.

My gin is now ready to run and in first class condition to do good and prompt ginning. I will keep up steam all the time, so can gin your cotton at any time, immediately on arrival at gin. Will buy your remnants of cotton—be sure to give a chance at all your remnants. Also buy cotton seed, paying the highest market price for same. Yours for the best and most prompt service.—O. LAMBETH.

DR. W. E. CHANEY.

Dr. Henthorne sold his office and business to Dr. W. E. Chaney of Lubbock. Dr. Chaney, with his wife, came in yesterday and will soon be ready for business. Dr. Chaney is a young man, but comes highly recommended as a dentist. He has had three years experience in practice in Dallas, following his graduation from dental college. Dr. Chaney also takes over Dr. Henthorne's practice at Lorraine, where he will be one each week. The Record and Dr. Henthorne's many friends regret to lose him, and his estimable family wish them well in their new field. We extend a cordial welcome to his successor, Dr. Chaney.

CARD OF THANKS.

E. M. McCreless and family and B. B. McGuire and wife, desire to express unspeakable thanks to all who so kindly ministered needs through those dark hours.

Will Ledbetter was operated for appendicitis last Tuesday. Now doing extra good.

Mrs. Rankin of Plainville, Tex. had her son C. E. Franklin, a fine child this week.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILLIOUS, FEVERISH

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. Adv2

WORK ASSIGNED TO TEACHERS OF PUBLIC SCHOOL.

The following assignment of work to teachers of the Colorado Public Schools is made by the superintendent. It must be understood, however, that this assignment is tentative, and at any time the interest of the school seems to demand a reassignment it will be made.

High School
E. F. King, Supt., mathematics.
Miss Nancy L. Ellis, principal, English.
Miss Elizabeth Monteith, Spanish and history.
Miss Pearl Sussell, Latin and a part of the science.

Some of the science is yet to be assigned to one of the teachers mentioned above.

Grammar School.
Miss Corinne Nash, seventh grade.
Miss Lucille Russell, sixth grade.
Miss Omeira Terry, fifth grade.
Elementary Grades.
Miss Mary Morgan, fourth grade.
Miss Lillie Mae Boren, third grade.
Miss Caroline Chambers, second grade.
Miss Blanche Hooks, first or primary grade.

The teachers whose names appear in this list are well trained and are teachers of experience, and we believe that with the proper co-operation on the part of the patrons, will give Colorado a good school during the coming year. We intend to do our best, we believe that we shall have hearty co-operation from the people, therefore, we shall expect nothing but good results.

It is probable that, after the school is under way and we learn what subjects the teachers of the grammar school are best qualified to teach, we shall inaugurate the departmental plan of work in the fifth, sixth and seventh grades. We shall not do this at first.

Parents are urged to start their children the first day of school if it is possible, and to see that they attend regularly thereafter.

We have been asked several times whether unders would be admitted this year. It has been the policy of the Board in the past not to admit unders, owing to the crowded condition of the first grade. This policy will be continued unless, it is found, after the opening of school, that the first grade will not be over-crowded by admitting unders. The Texas School Law defines an under as one who is not seven years of age on or before the first day of September. Until further notice, do not send your child unless it will be seven on or before the date mentioned.

School will open on Monday, September 10th. The teachers will meet the pupils in their respective rooms at nine o'clock on that date and give them a list of the books needed, and assign lessons. At ten o'clock the whole school will assemble in the high school auditorium, and it is hoped that as many of the patrons as can possibly be present, may be there at that time. We also hope to have a number of encouraging talks from various ones.

There are two kinds of criticism, destructive and constructive. We invite the latter, but do not need much of the former. Our intellectual ability is measured to a great extent by the kind of criticism we offer. It takes an intelligent person to present a constructive criticism, any one can handle the other kind. When we invite constructive criticism, we do it, not as a personal favor to any teacher, but in the best interest of the school. A faculty composed of teachers of ordinary ability, properly criticised, can make a good school. A faculty composed of the best teachers, improperly criticised, will make an inglorious failure. Help us to succeed.

A special invitation is extended to the pastors of the town to be present on opening day.

Very respectfully,
E. F. KING, Superintendent.

WILL GIN COTTON THIS FALL.

This is to let the farmers know that I will run my gin this season. As I have a crop myself, and in order to take care of my own crop I will run the gin. I will appreciate the ginning from all my old customers, and all the new customers I can get. I will gin your cotton as cheap as I possibly can, and will pay the market price for cotton seed. I will also try to be in the cotton market.

ANOTHER BOND ISSUE WILL BE NECESSARY.

Distinguished Visitors Here Friday Are Members of the State Highway Commission.

It is known by the readers of the Record that the first highway designated by the State Highway Commission is from Texarkana to El Paso, along the T. & P. railway, and that the State Highway Commission was created by the regular session of the present legislature. Members of the commission spent a few hours here last Friday. The members of the commission were not all present, but those who were and those accompanying them were: Curtis Hancock, chairman; T. R. McLain and Geo. A. Duren, State Highway Engineer; H. C. Wells, Federal Engineer; J. D. Merrwether, engineer for the Fort Worth-El Paso Highway, and W. B. Starr, secretary of the Fort Worth-El Paso Highway.

These made up a clever and lively bunch. They were full of good humor and enthusiasm for the success of their project, one that they predict will be eminently successful.

Upon their arrival in Colorado they were escorted to the Barcroft Hotel, where a fine luncheon was served.

This meeting was characterized by interesting and entertaining speech-making, that disseminated much useful information. The first speaker, and the most prominent one of the day was Hon. Curtis Hancock. He, after a pleasing and humorous introductory line of comment, outlined the object of the gathering and the general work of the State Highway Commission, and thence proceeded to a real business lecture on good roads and the real benefits and profitable investment therein. He realized, as do all of the people of Colorado, that our county was not benefited much by our first good roads bond issue. He, however, outlined how different this project is to anything that has ever come up in the past. It is a Federal, State, District and County project combined, and in every way possible to human ingenuity it is being safe-guarded against political chicanery and other methods and practices of fraud. There is no politics in it; there will be no fraud. The federal and state governments are going to contribute funds to this and other highways in Texas. The counties traversed by these highways are also going to contribute, and the result will be an investment equal in every respect to another trunk line of railroad alongside the T. & P., via Colorado from Texarkana to El Paso. There was a great mass of matter discussed. There was an interested audience present to hear it, and each successive speaker gave some fact or facts evidencing that the Fort Worth-El Paso Highway especially is worth while and may become to us an investment that will return to us profit many fold.

It is worth while to hear thinking men talk. You hear few or none of them advance an idea contrary to the promotion of the success of our advancing conflict with Germany. In the promotion of good roads the dissenting voices of the contrary arise, and it is usually that they are the ignorant. It is practically and scientifically proven that good roads are profitable, almost regardless of cost. Texas is fast coming into a knowledge of this fact.

help build this highway. In discussing the creation of the highway commission, Mr. Hancock said it was the most important department in the state if properly administered. He told of the great task that confronted the department in the matter of registering automobiles, declaring that the department is now registering an average of 5,000 a day and has had 200,000 applications. Fifty-four persons are busy in the department now registering cars.

The commission has designated twenty-six highways across the state. The El Paso-Port Worth-Texarkana Highway was designated No. 1, because the commission considered it the most important one in the state. It will furnish an all year round means of communication between the East and the West. The party declared that most of the highway is now a fair road, but that much traffic is being diverted to other routes on account of the Menahem sand. This bit of road will be put in good shape, Mr. Hancock declared. It is the desire of the commission that this highway be completed before all others, and the work of perfecting it is to be finished as soon as possible. When the highway is completed thousands of automobiles will travel over it weekly.

It was the consensus of opinion of those present that Mitchell County would have to vote a bond issue to help build her part of this highway.

WACO MAN GAINS 18 POUNDS ON TANLAC

"I Feel Better Than I Have in Twenty-Five Years Says William Truett.

"It's an actual fact, I have gained eighteen pounds on two bottles of Tanlac and I now feel younger and better than I have in twenty-five years." This interesting and remarkable statement was made by William O. Truett, watchman for the M. K. & T. railroad, and living at 121 North Sixth street, Waco, Texas.

"About four years ago," he continued, "I began suffering with indigestion and gas on my stomach and going down hill. After eating, I would swell up as tight as a drum and suffer for two or three hours and what I had eaten felt like lumps of lead in my stomach. I was annoyed all the time and had to take something every day for this trouble. I had been shooting pains from my hips down which I was told was sciatica rheumatism. I was as nervous as a rat in a trap and it was almost impossible for me to get any sound sleep or rest. I was almost completely run-down and played-out and for two years I couldn't work enough to pay my necessary expenses. I went to Marlin, Texas and spent a hundred dollars for a month's treatment there and it didn't do me a nickel's worth of good. I then went to Missouri and to Dallas for treatment and paid out over three hundred dollars, but nothing gave me any relief, and it just looked like I was doomed to be a sufferer the rest of my days.

"Then I got to taking this Tanlac I had read and heard so much about. It has been a life saver to me and would be cheap at a hundred dollars a bottle compared to what other treatment and medicine cost me and the suffering I had to endure for those four years. I'm just now buying my third bottle and I have had no pain or gas in my stomach in some time and I can just eat anything without it hurting me. I'm not a bit nervous now and just sleep like a child every night. I'm not constipated like I was and the rheumatic pains are all gone out of my hip and leg. In fact, all my miserable feelings are gone now and I just feel new life and energy in every nerve of my body. As I have said, I have gained eighteen pounds and I now weigh one hundred and sixty eight pounds and feel younger and better than I have in twenty-five years. I wouldn't take any amount of money that could be offered for the good that Tanlac has done me and I would be ungrateful not to tell others what it is that got me out of my suffering and made a well man of me."

Tanlac is sold in Colorado by W. L. Doss, in Lorraine by Garland & Elliott and in Westbrook by J. H. Board. (Adv.)

THE STATE OF TEXAS To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

THE STATE OF TEXAS.

To all persons interested in the Estate of Harvey Wright, Deceased: S. D. Vaughan has filed in the County Court of Mitchell County, an application for the Probate of the last Will and Testament of said Harvey Wright, Deceased, filed with said application, his petition for appointment as Executor of said Estate which will be heard at the next term of said Court, commencing on the third Monday in October, A. D. 1917, the same being the 15th day of October, A. D. 1917, at the Court House thereof, in Colorado, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this 23rd day of August, 1917.

W. W. PORTER, Clerk County Court, Mitchell County, Texas.

By W. S. Stoneham, Deputy. I hereby certify that the foregoing is a true and correct copy of the original writ now in my hands.

A. W. COOKSEY, Sheriff Mitchell County.

Attorney Douthit of Sweetwater spent Friday here on business connected with the courts.

Most popular cold drink fountain in the city is that of Charters & Sadler.

Homer Robinson took a run up in Colorado for a few days this week. He stopped for a day at Alamosa, with an elevation of 6000 feet—too high for him so he returned home.

A. J. Payne was in Fort Worth and Dallas last week buying fall goods for the Robertson Dry Goods Co.—Slaton Slatonite.

It is better to be safe than to be sorry. See M. K. Jackson the State Life Man.

Charters & Sadler serve all the leading cold drinks and gives the best of service in all other lines. If its legitimate they handle it.

J. E. Stowe, after touring the greater part of East Texas from Palestine to the Gulf, returned home this week.

If its in a first class market you'll find it at Pickens & Reeder.

Mr. J. D. Wulfjen has been quite sick and is still confined to his bed, but is reported as slowly improving.

JUST THE THING FOR

DIARRHOEA
"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere. Adv.

K. OF P. LODGE GOES TO SWEETWATER.

On Thursday night of last week the working team here in the K. of P. lodge went down to Sweetwater to assist them in putting on the Third Degree. A royal good time was had and a splendid banquet enjoyed. Those who went from here, were L. E. Allmond, Edgar Majors, H. L. Givens, James Sherwin, Harry Smith and Leslie Crowder.

SPECIAL PRICES ON MONUMENTS.

S. M. Johnson of Sweetwater will save you big money. Marble or Granite. W. O. W. monuments larger than agents sizes. Drop me a card. I'll do the rest.

About people you know, mentioned in the Sweetwater Reporter:

Miss Alice Majors' house party will come to an end tomorrow after a week of delightful entertainment.

Mrs. J. E. Hooper and daughter, Miss Elsie, of Colorado are guests of Jno. T. Johnson and family.

Mrs. Tom Morris and little sons, Jack and Joe, went to Plainview last night where they will visit Mrs. Morris' parents for some time.

The many friends of Rev. and Mrs. Simeon Shaw will be glad to learn that their son, Simeon Shaw, Jr., is a student in Annapolis Naval Academy. He has been there since June 20. Previous to that time he had served two years in the navy—enlisting soon after the family left Sweetwater.

W. L. Doss' drug store is headquarters for all kinds of school supplies.

W. L. Reese sends in a wheel, to have his Record sent to Plainview.

The Record acknowledges this week the receipt of a quart jar of fine home-grown and home canned beet pickles, brought in by our good friend G. W. Hooks. But we surmise that Mrs. Hooks had something to say about sending them also. We have not opened them yet but they look fine. Mr. Hooks informs us that he has quite a lot canned of his home raising. We offer our thanks to Mr. and Mrs. Hooks.

NOTICE!

All persons having small accounts charged to Dr. A. H. Weston, will please make them out, swear to them and file with us. We will endeavor to pay them, or part of them, just as soon as possible. While we have no funds of Dr. Weston's nor did we owe him any money, we felt that these accounts were justly made and are as justly due. It may be some time before we can pay them, but will do the best we can.

Can you read this type clearly and with the same pair of glasses see distant objects?

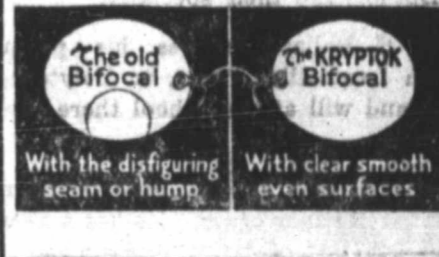

With KRYPTOK Glasses you can see far objects just as distinctly as you read the type on the printed page. They give you near and far vision in one solid lens.

KRYPTOKS (pronounced Crip-tocks) enable you to adjust your vision from near to far—INSTANTLY. They end the bother of removing glasses or fussing with two pairs.

KRYPTOK GLASSES THE ONLY INVISIBLE BIFOCAL

KRYPTOKS cannot possibly be distinguished from single vision glasses because their smooth clear surfaces are absolutely free from the disfiguring lines, seams or shoulders of old-fashioned bifocals.

WONDERFUL STUFF! LIFT YOUR CORNS.

Apply a Few Drops Then Lift Corns or Calluses Off With Fingers—No Pain

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you. Adv. 3.

Charters & Sadler have taken over the agency of the Dalas Morning News. Prompt delivery.

Among the prominent out of town visitors here on Saturday was J. C. Beakley of Dunn.

WILL COME BACK.

J. H. Rushing writes from Weatherford as follows:

Please change my address from Colorado to Weatherford, I want to keep in touch with Mitchell county. Of course we had dry bread in Mitchell this year, but we had learned to love the climate as well as the hospitality of the Western people. We are not satisfied here with the climate. Have had some good rains since we came here. We expect you to keep us posted on the rainfall through your paper. If you get plenty of rain this winter you will have to call our names when you make up your roll for next year.

This is a green country. Lots of melons and peaches. If any of the people of Mitchell county want any fruits for canning and will send the price I will send it to them at producers price. Would be glad to give the people of Mitchell a taste of community co-operation. Peaches at \$1.00 per bushel, and melons at \$7.00 per ton.

Hope we will get next week's Record.—J. H. Rushing.

A fire at Lorraine last week scared the citizens up some, and gave them a chance to test out their new water system. The volunteer fire fighters checked the flames after the vulcanizing plant had been gutted. This was the first fire in the business district since the installation of the water system last spring and the results secured, even with inefficient organization, proved very satisfactory in demonstrating the water system's worth for fire protection.

STORED MOISTURE.

A good example of the conservation of moisture is to be seen out on the A. J. Smith farm. Last year he had a small piece of ground under irrigation. The water was cut off from it last fall and none put on it since. This spring he planted this piece of ground, and also the land adjoining it. The crop this year shows a distinctive difference. You can tell to the very row where the land was irrigated last year. The moisture was held all the winter and up through this summer, sufficient to make a good crop.

ONE CENT RATE ON MAGAZINES TO SOLDIERS.

Postmaster Person, asks us to announce to the public that you can mail magazines, and such literature to the soldier boys, for one cent postage. A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring, if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Get your meats from Pickens & Reeder's market. Only the best stuff is butchered.

Dewey Bevel left last Friday for El Centro, California, where he has a good position.

Have your eyes tested, free, at W. L. Doss' Sept. 7, by an expert.

Dr. Buchanan, as usual may be found in his office over City National Bank tomorrow, Saturday. Practice limited exclusively to Eye, Ear, Nose and Throat and the fitting of glasses.

Charters & Sadler keep everything carried by a modern drug store. Prescriptions are their specialty.

O. C. Ballard changes his paper from Lewisville, Texas, to Polytechnic, and will attend school there this year.

Figure with Jno. L. Doss on your next wall paper order. He has a new and full line of latest designs.

R. L. Womack left this week from Cuthbert to Lipan in Hood county. He took the Record and his work stock with him and said he would return to Mitchell when the rains came. Womack will make it through all right if hard work and fair dealing will do it. We hope to see him back soon, and better off than when he left.

Eyes tested free at W. L. Doss' by Hawkes' expert optician, Sept. 7.

Miss Lela Whipkey visited Sweetwater this week.

Miss Elnora Delaney returned on Monday to her Millinery store at Big Spring.

Has just arrived at Charters & Sadler's—a new supply of TANLAC.

To Cure a Cold in One Day.
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. H. W. GROVE'S signature on each box. 30c.

Huron Costin fell from an electric light pole this week and now wears his arm in a sling, having bruised it pretty badly in the fall.

Hawkes' expert optician will be at W. L. Doss' drug store Sept. 7th, for one day only. Better see him.

Regular meeting of the school board will be held Monday night next, to close up the school interests, getting ready for the opening on Monday, September 10th.

If its TANLAC you want Charters & Sadler have it.

T. C. Smith, down on the HS ranch came in this week and put his name on the Record list. Smith is a new comer, and says the west is all right for him.

Latest designs in wall paper at surprisingly low prices at John L. Doss' Pharmacy.

Bill Smartt, chief propeller at the Racket store, is now wearing his neck in a sling, complaining of what is ordinarily called a "crick." Bill got some red clay, soaked it in vinegar, applied it, and got relief. He did not state which one of the physicians prescribed this remedy.

Pickens & Reeder strive to please both as to quality and service.

Three good yearlings sold on the streets of Colorado last week for \$9.00—\$3.00 each. Coley Smith bought them. The fellow wanted to leave on the first train and needed the \$9.00 more than he did the yearlings.

Rev. W. A. Schultz left this week to commence a two weeks' meeting at Rising Star.

If in need of glasses consult Hawkes' expert optician at W. L. Doss' Drug Store, September 7th, for one day only.

Of all the people to leave Mitchell county, everybody thought Jim Cooper would be the last. But he's gone and is now in San Antonio holding down a job as mechanic in the big aviation camp at that place. Mr. Cooper went to San Antonio to visit his sister, and while there was offered this lucrative position and accepted it on the spot. Of course he ordered the Record sent to him.

It takes dollars to feed and clothe widows and children.

It takes dollars to house them.

It takes dollars to feed and clothe old folks.

It takes dollars to lay the dead away.

It takes dollars to send boys' and girls' to school.

It takes dollars to give them a start in life.

It takes dollars to pay off the mortgage.

It takes dollars to pay the preacher.

It takes dollars to pay the physician.

The keystone to the whole situation is **DOLLARS, DOLLARS, DOLLARS,**

We must have, it is bad when we have sickness and death in the house. It is worse if there are no dollars there.

Let the State Life Insurance Company provide the dollars for your loved ones, or for you in old age.
