ROAD BOND ISSUE ASKED FOR MITCHELL

\$100,000 BOND ISSUE FOR GOOD ROADS TALKED OF

On Monday of this week the county commissioners met with the Chamber of Commerce and a goodly number of property tax payers, including a good representation from Lorraine, for the purpose of discussing good roads, and laying out a plan by which money could be procured to supplement the State and Federal money available.

Judge Bullock presided and read the following communication: "Mr. J. D. Merriwether, Division Engineer State Highway Department and J. D. Fontleroy, District Engineer U. S. Office of Public Roads, were in the city last Friday for the purpose of consulting with Judge Bullock and county commissioners, regarding the preparation of, and filing applications for State and Federal aid to be used in improving the Fort Worth—El Paso Highway thru Mitchell county.

Judge Bullock accompanied by Judge Earnest and Commissioner Lay Powell took the visiting gentlemen over about 20 miles of the Ft. Worth El Paso Highway and explained just where improvements were most needed.

It was explained that the State Highway Commission was very anxious to aid the counties along this route, and would recommend Federal aid on all sections requiring improvement and over which U. S. mails are carried, and would go as far as the state law permits in extending State aid on other sections of the highway. The State can only aid upon designated State Highways, and then not over 10 miles in any one year.

When the inspection was completed the following plan was decided on after the engineers had made a preliminary estimate of cost.

1—Beginning at Nolan county line to improve 5.8 miles (through Lorraine) as a gravel road and to request State aid upon same.

2—To improve the next 5.7 miles as a gravel road and request Federal aid upon same.

3—To recommend repairs to City Council for 1.4 miles within city limits. To scarify the present street and place an additional course of gravel seems unnecessary at present, especially as a comparatively modest sum expended in repairs will place the said street in fine shape.

4—To recommend only light shap up on the 4.4 miles of gravel road immediately west of city.

5—To improve the next 1.8 miles as a gravel road and request Federal aid thereon as this is a post road.

6—To provide permanent culverts on the next 12.1 miles and in places provide a gravel surface and shape up road surface as a sand-clay road. This will be at expense of the county.

7—To improve last 3 miles in county (Iatan flat) as a gravel road and to request state aid thereon.

The engineers estimate the cost of making these improvements to be \$66,432.30, and it is hoped to secure Federal aid to the extent of \$12,933.80 and State aid, \$8,238.17, making a total of \$21,171.97, which would leave to be paid by the county \$45,260.33. The method of raising this to be determined.

Mr. Fontleroy stated that he had received a request to aid Tom Green county, where a \$250,000, bond issue is soon to be voted upon, as the county commissioners believed that in

this manner they could most effectively aid the people, and prevent them from leaving the county, and he thought that the same argument would apply here—as it is to be presumed that people had rather remain at home and work than go hundreds of miles seeking it; also all money voted for highways will be expended here in the county and will remain here.

It is understood Hudspeth, Ward, Ector and Howard counties have applied for State and Federal aid and the first allotment was made to Culberson county.

The prospect seems good for a large amount of work being done upon the Fort Worth—El Paso Highway in the near future.

Thus it will be seen that this meeting was to take steps to raise money so that the commissioners could make application for this \$21,000 State and Federal aid.

The matter was thoroughly discussed by nearly all present, when it was decided to circulate a petition in the county asking for an election on a \$100,000 road bond issue.

The delegation from Lorraine, headed by Dr. T. A. Martin pledged Lorraine, in so far as they could, favoring the bond issue.

A committee was appointed by the Chamber of Commerce, also a committee for Lorraine and Westbrook, and in other parts of the county to prepare and circulate petitions. The names of 250 property tax payers must be secured, praying for the election. These petitions to be presented at the next sitting of the commissioners court, Oct. 8. The election can be called for about Nov. 1st, and if carried the bonds can be issued and sold about Jan. 1st.

The court has already sent in the application for Federal and State aid and the \$21,000 at Austin has already been set aside for Mitchell county and will be available just so soon as the bonds are voted.

The Commission estimates the road to cost \$66,000, with \$21,000 off will leave the cost \$45,000. Those who have made estimates say this is too high but assuming it is approximately correct it will enable Mitchell county to build the highway and leave \$25,000 for other roads in the county. The State and Federal aid, together with the automobile tax, will be sufficient for maintenance fund, each year, and this will leave our commissioners free to spend our regular county road funds altogether on other roads of the county.

The county teams can be used in this construction work and thereby conserve the state aid very greatly.

A careful estimate has been made and it is believed a 10c tax will take care of these bonds and the value of a State Highway from Fort Worth to El Paso, through Mitchell county can not be estimated in dollars and cents.

But that is not all. All roads in the county would be built up and improved likewise, and in a year's time this county would have a road system second to none.

FERGUSON'S PLANS NOT YET ANNOUNCED.

Austin, Sept. 24.—While Former Governor Ferguson's plans have not as yet been announced, it is understood that he and his family contemplate returning to Temple, their former home, where they will reside.

When school opened at Moore school house last Monday morning only twelve scholars were enrolled. When it is known that the enrollment at this school was more than a hundred last year, you may form an idea of the families that have been compelled to move somewhere where work could be secured.—Big Spring Herald.

HOUSE REPEALS WEST TEX. A. & M. LAW 83 TO 13

SEVERAL BILLS INTRODUCED IN HOUSE AND SENATE

Austin, Tex. Sept. 24.—The House this afternoon passed finally by a vote of 83 to 13 the House bill by Tillotson repealing the law creating the West Texas A. & M. College.

By a vote of 6 to 3 the Senate committee on civil jurisprudence today adopted the report of the subcommittee which provides that the impeachment of the governor carries with it the disqualification of ever holding any office in the state again.

Repeal of laws creating the West Texas A. and M. College, the Northeast Texas A. and M. College, and the Northwest Texas Insane Asylum, were recommended to the legislature today by Governor Hobby in a message sent to both branches of the legislature. These three measures carry a total appropriation of \$1,150,000.

Gov. Hobby in his message points out that the reason for the submission of the repeal of these laws is because of the large amounts of appropriations made for the support of the government. He shows that for the support of the government for this fiscal year it will be necessary to raise \$14,346,978 and with a tax rate of 35 cents on the \$100 property valuation, the estimate expenditures of the government will exceed by \$2,637,732 the revenue produced under this tax rate, hence the necessity for the repeal of these laws.

"In my judgment," says Gov. Hobby in his message, "the state has not yet entered into a binding contract with interested parties or interested communities for the establishment of these institutions, and the subject becomes a proper matter for the legislature." In the event the legislature does not repeal these laws, Governor Hobby argues that the appropriations be postponed.

in accordance with this message bills were introduced in both branches of the legislature providing for the repeal of these laws creating these new institutions. Two were introduced in the House, one by Tillotson repealing all these proposed institutions, while Danner introduced a bill to repeal the act creating the West Texas A. and M. college.

FERGUSON BARRED FROM HOLDING OFFICE IN TEXAS

Austin, Sept. 25.—The Senate court of impeachment, which has been trying James E. Ferguson, former governor, adjourned sine die this afternoon at 5:35 o'clock, just after having adopted the majority report of the committee on civil jurisprudence by a vote of 25 to 3. The adoption of the report is the judgment of the Senate court of impeachment and removed Mr. Ferguson from holding office in Texas in the future.

JUDGE HOLDS UP DECISION IN F. L. P. A. TRIAL

Abilene, Sept. 26.—Judge Jack this afternoon announced that he would withhold for the present his decision on the demurrers presented Tuesday by the defense in the F. L. P. A. conspiracy trial. Introduction of defense testimony will start Thursday morning. Today's session of court was adjourned till Thursday shortly after convening at 2 o'clock this afternoon. The jury was excused till tomorrow because of the absence of Juror M. B. Veale, who was excused yesterday to attend the funeral of his father-in-law at Breckinridge.

QUARANTINE AT SNYDER NOW RAISED.

Snyder Sept. 25.—Mayor pro tem R. E. Roy announced the raising of the quarantine today since army officials who have made an investigation declared that the epidemic was not smallpox.

Much interest is being manifested in the \$100,000 good roads bond election in Scurry county. This issue is to be voted on October 13. A public meeting was held today and plans arranged for stumping the county in favor of the election.

A WORD OF EXPLANATION

Last June I advertised to sell my goods at cost, intending to quit the grocery business. But I soon saw that it would cost me more than I could afford to lose, to get out of business that way. So I decided to continue my business and sell close for the cash, until I can sell out the entire business to someone.

The parties to whom I sold my meat market last February, turned it back to me the first of this month. So I am again selling meat.

There are no fat cattle to be had in this country now, and I always tried to furnish the trade with good fat beef. I hate to see black meat on my blocks as bad as the people hate to buy it.

After this week I will get my meat from the packers at Fort Worth. It will come high but it will be good.

For your convenience I have coupon books of different denominations, which will save you the trouble of making change and paying for each order, on its delivery.

Call phone 35 for groceries and meat.

VOLUNTEERS

Sargent E. D. Dixon of the El Paso recruiting offices of the United States Army, will be in town for several days, for the purpose of getting recruits. Sargent Dixon belongs to a Dallas contingent and says he expects to "go across" most any time now. He can be found at the post-office or Postmaster Person can tell you where to see him if you want to enlist. He says he is representing any branch of the department, except the navy and marines. You can come on and take your pick. Especially do they want men in the commissary department—clerks, bookkeepers, horse tenders, etc. Any one who does not feel that they want the hardships of the regular infantry, can enlist in some of these clerical departments.

The steadily successful man is neither rash nor timid. He is prudent and courageous. He will take a chance where there is a reasonable prospect of success, but he will not rush into a venture blindly nor be so cautious as never to take any risk.

WONDERFUL STUFF! LIFT OUT YOUR CORNS.

Apply a Few Drops Then Lift Corns or Calluses Off With Fingers—No Pain

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of freezezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezezone have him order it for you. Adv. 3.

JOHNSON CASE IN CALLAHAN CO. OCT 1.

The case of the State of Texas vs. Sidney Johnson has been transferred from Snyder to Callahan county and has been set for trial Monday, October 1. A special venire has been ordered and about 150 witnesses have been summoned for the trial.

The defendant in the case, a member of one of the most prominent and influential families of Scurry county, is charged with the killing of his brother-in-law, Ed Sims, who is also a member of one of the oldest and wealthiest families in Garza county.

The killing is alleged to have grown out of family troubles. The deceased and his wife separated, and it is said, that the contention was over the custody of their children. On the day of the killing Ed Sims, it is alleged, went to Snyder to get the children, he having previously been awarded their custody by the court, and upon meeting his wife, it is charged that she began shooting at him. It is alleged that Johnson shot his wife with a shot gun.

On account of the prominence of these two families, this case promises to be one of the most hotly contested legal battles, probably ever tried in this part of the state.

The prosecution will be made by District Attorney N. N. Rosenquest, Judge J. H. Beall, Sweetwater, Judge J. F. Cunningham, Abilene; Judge W. R. Ely, Baird; and Judge B. L. Russell, Baird. The defense will be represented by Judge Cullen C. Higgins, Snyder; Lud T. Williams, Waco; and Judge James P. Stinson, Abilene.

Russia seems to need a dictator, but one at a time will answer every purpose.

Where did the I. W. W. get a "direct-action" fund of \$100,000? By working for it? Never!

Manage to stay in Mitchell county until prosperity comes again, as come it will, and he who "stays by the staff" will reap his reward.

Farmer Jim published a card of thanks to his friends and said a man never had more loyal friends. The trouble with Jimmie's friends, there were not enough of them.

For they're 'agin' Johnny Barley-corn, they're 'agin' 'im so 'igh; they're breakin' all the demijohns to make the Nation dry! an they're

Even at the cost of the governorship, James stays by it.

I don't know how long the war will last, but I know that the quickest way out is straight through. Any division or discussion now would simply prolong the war and make it more costly in lives and treasure.—W. J. Bryan.

Abilene claims to be within 20 miles of the geographical center of the state. Will you please tell us what sort of map the locating committee of the West Texas A. and M. college used when they located the school in Central Texas as a West Texas institution.

Do not confuse the socialism of Russia and Germany with that of this country, especially the Texas brand. The Russian socialist stands for the true democracy and against autocracy, while here it stands for nothing, unless it be the teachings of the F. L. P. A., the I. W. W., and the "Jones Family."

There is no truth in a widely circulated statement that the Government expects to take food supplies from any family. Both the Food Administration and the Department of Agriculture join in a statement to counteract what seems to be a deliberate propaganda to the effect that the Government intends to take from every family all canned goods put up in excess of 100 quarts.

It seems that West Texas is just waking up to the fact that their farmers do not know it all. Many of them are arranging for farm demonstrators for next year. Howard, Scurry, Tom Green and several others have made arrangements for an expert farm demonstrator for the coming season. This is a step in the right direction. The sooner the farmers of this country learn how to farm scientifically, and especially the ins and outs of "dry farming" the sooner this will be a successful agriculture country. Mitchell has had a demonstrator for several years, and the farmers who followed his instructions and advice have far outstripped the fellow who "did not need to be told how to farm." That it is money well spent cannot be disputed, as the experience of all counties which have tried this plan, is such as to prove its worth. When every county in the West has its expert farm demonstrator and the farmers learn to follow their instructions, the west will be as fine farming country as there is in the world. The soil of most of the west Texas counties is such that good crops can be made with much less rain than in any other part of the state, and if the farmers can be taught to conserve the moisture, and take full advantage of what rainfall we do have, there will always be a fair production throughout this country. Of course this year is an exception, and not the rule. But we do claim, and we think past history will bear us out, that with an average rainfall, this country is as certain of a crop as the boasted parts of East or Central Texas.

FAME IS FICKLE

Even the ancient Romans had a proverb, that the distance from the Capitoline Hill to the Taroeian Rock was but short, and things have not changed materially in our day and time—So no doubt thinks Ex-Gov. Ferguson.

This government is caring for its soldiers. They are to be well clad, well fed and well housed. They are to be given physical and spiritual advisers; they are to be given skilled surgeons and trained nurses and they are to be given insurance against death or disability. This is as it should be. The boys are going over the sea to fight for the honor of Am-

erica, the freedom of mankind, the destruction of autocracy, the uplift of the race and democratization of the world. Today they are the hope of the world. Over the seas they are to be pitted against the trained soldiers of the central empires and they must win the decision or else democracy will be the under dog for one hundred years to come.

Some wise guy sends out from A. & M. college this choice bit of advice to West Texas farmers:

"The people should by all means have fall gardens this year. There have not been in the past so very many gardens planted in the fall in this state due to the facts that the weather is usually dry and vegetables have been so cheap that the fall gardens did not pay. Vegetables are going to be in demand this fall and winter because other foods are so high. The drouth, which all the South has experienced this summer, has been one of the longest in many years. Many crops have been reduced nearly 50 per cent, and some are a total failure."

This advice may be good, and no doubt is, to the country where it has rained, but is of little use to this immediate section, when we have not had enough rain to bring up turnip seed.

The national army man en route to Europe thus experiences the most radical change in habits of life that can come to an American. He drops a wardrobe for khaki, foregoes dinners for mess, takes leave of trunks and suit-cases as he packs his small belongings in a military kit and stands ready for service in a new field, with new people, and a new language, which opens to him a new career. But in his hands he finds a weapon, and in place of the individuality that he has lost he gains a sense of comradeship. He goes forth stripped of practically everything with which he was acquainted in peace. Let us hope that he will return clothed with everything desirable in peace.

OUR FRIENDS—THEY ALL WANT IT.

Enclosed please find check for which enter my name for the Record for one year. Please send me back copies as I want to know what boys have gone to the war. Thank you.—Ed Bohannon.

Please change my address to Co. C 117 Field Battalion, Signal Troops, Camp Mills, Hempstead, New York. After the Rainbow Division sails, it will be Co. C. 117 Field Battalion, Signal Troops, American Expeditionary Force. The Record has been reaching me alright and the boys from Colorado who are in the 117 Supply Train are camped next to us, and we all enjoy the Record—Corporal Phil G. Smith.

Send my paper to Mt. Vernon, as I have left Colorado for a while, but expect to be back in time to make a crop next year. Crops are good here and lots of work.—W. J. Clinton

We have failed to get the Record since we have been here, so please send it to us. We had to borrow it last week, as we cannot afford to miss a copy. Sorry to note you have had so little rain in your vicinity. We have had good rains here and everything is fine. They are having the big free fall fair here this week. We like the town and people fine.—Dr. W. H. Henthorne, Gainesville.

Don't give up the ship, the rains will come; we'll all get seed and feed some way. This winter's wind is to be tempered to the shorn lamb, and ere the ides of spring, Mitchell county will blossom again in all her glory.

HONORING DEPARTING SOLDIER BOYS.

On last Friday evening a mass meeting was held at the tabernacle in honor of the twenty-nine soldier boys who left that night for San Antonio. The spacious building was almost full of relatives and friends, who were there to bid the boys God speed. The Boy Scouts and Campfire girls were conspicuous among those present. Patriotic music was furnished by Prof. Lee Jones' Colorado band. After a prayer by Rev. W. P. Garvin, Dr. P. C. Coleman made a few well chosen remarks, read off the names of the boys leaving, that they might be fixed in all minds and hearts. He then introduced Hon. L. W. Sandusky, who made the speech of the evening.

The good women of the town had prepared boxes of substantial lunches which were given the boys at the train. Lorraine, who always does her part, having sent financial aid to help fill the boxes. Postmaster Person also gave each one a book of postage stamps.

These boys came from different parts of the county, nearly every town and community being represented. So many are the hearts that will bear them (and others who had already gone) to a throne of grace.

Those who stay at home should be as loyal in bearing their part of this great conflict as those who go to battle. God help us all to be found bravely doing our duty.

These young men will make good soldiers or prove efficient in whatever work they are placed by the government, we have no doubt. While we regret to see the young men have to go to war, and while many heart aches are being experienced throughout the land because sons, brothers, husbands and sweethearts are being called from their homes to fight a vicious and cruel enemy, let us send them away feeling that they have championed the most noble cause for which an army ever went to battle. Let them know that we appreciate their services more than words can tell. And above all let us not forget the brave and noble boys who voluntarily gave their services, for the different departments of the army, upon the first call for volunteers. Some of these boys may even now be on foreign soil, aye, even in the trenches face to face with the foe. Let us breathe a prayer that each of them may return home safe and sound after a great and lasting peace has been won for the world.

Mrs. A. L. Whipkey, who has been agent for the Ladies Home Journal for twenty-five years, asks that you let her send in your subscription for either the Journal, Saturday Evening Post or Country Gentleman. In all that time she has had fewer than a half dozen complaints. It is her pride to send subscriptions for these publications. Renew your own subscription and send the Post to some soldier boy—he'll appreciate it.

GO-TO-SUNDAY-SCHOOL-DAY

Next Sunday will be observed by the Baptist all over the state as Go-To-Sunday-School-Day. The school here will have a special State Mission program and are endeavoring to get all their members and all those who do not go to any school to attend. Besides the special songs and recitations by the children, there will be special remembrance of all former pupils who are now in the different departments of the army. Parents and relatives of these boys will be most heartily welcomed. Let every pupil, teacher and officer do their whole duty in inviting and persuading their friends to be there. By perfect co-operation this can be made a red letter day for us and the Master. Will you do your BEST.

MISSIONARY SOCIETY.

The M. E. Missionary Society met at the church Monday afternoon. The subject was Social Legislation. Mrs. Arnett led the devotional. Besides the regular business, quarterly reports were given. Mrs. Lambeth reported on the children's work and they decided to help them pay their dues. They also decided to have an all-day meeting at the church Tuesday, October 17th, and invite the auxiliaries from all over the county to be guests. Mrs. W. L. Doss read a paper on Tenant Farmers of Texas, and Mrs. Leslie one on Child Labor.

MISSIONARY MEETING.

After the summer vacation the Presbyterian Missionary Society met with Mrs. Van Tuyl last Thursday. Mrs. Van Tuyl conducted the lesson in the Foreign Mission Survey, and Mrs. Maddin led the lesson on Latin America. They will meet twice a month during the fall and winter.

REPORT FROM BOX SENT.

This week the surgical dressing committee received an acknowledgement of receipt of box recently sent to New York. Everything reached there in good condition, and they were complimented on the neatness of the surgical dressings. This box was valued at \$100 and another one will soon be ready for shipment. This work was done mostly by the girls of the town who are faithfully trying to do their bit.

CAMPFIRE GIRLS.

The Campfire girls met with Margaret Davis Saturday. Some of the girls received their wood gatherers rings. Honor beads were ordered. At the social hour the hostess served sandwiches and tea. The next meeting is with Miss Lillian Smith.

SUNBEAMS.

The Sunbeams had their annual election of officers Sunday. They are: Sterling Keathley, President; Elizabeth Root, Vice-President; Robert Whipkey, Secretary; Elizabeth Terrell, Treasurer.

Fly dope at W. L. Doss.

PROGRAM.

The Parent-Teachers Association will meet at the high school building next Tuesday at 4 p. m., with this program:

Round Table—How to realize my ambition.
Every member is urged to be there. Others cordially invited.

MISSIONARY STUDY.

The Baptist Mission Study Class met with Mrs. M. C. Ratliff at Mrs. Edgar Majors. A large number was in attendance. The subject was Associational and State Missions, led by Mrs. Garrett. Mrs. Keathley gave an outline of the work done by the Associational Missions. A mission catechism was conducted by the leader. At the business period Mrs. Lee Jones gave the names of two young ladies who wished to become nurses and asked that the ladies recommend them, which was unanimously done. Mrs. Carter, Mrs. Myrtle Vaughan, Mrs. Gage and Mrs. Robt. M. Webb, of Fort Worth, a former member, were appreciated guests. A salad course with ice tea was served at the social hour.

THE CLUBS.

The clubs will begin their work next week. The Bayview will meet with Mrs. J. L. Shepherd; the Hesperian with Mrs. Sam Wulfjen, and the Standard with Mrs. R. H. Looney.

MERRY WIVES.

Mrs. Leslie Crowder was hostess for the Merry Wives Wednesday. Besides the members her guests were Mesdames C. T. Harness and Jones. After the games ice cream and cake were served. Mrs. Boyd Dozier will be hostess next week.

This week the Superintendent of the Baptist Sunday school, J. H. Greene, in behalf of the school, sent each soldier who is in the service from Colorado, a nice letter, stating that the school would remember them next Sunday, and for them to attend some Sunday school if possible, on that day. This was very thoughtful of this Sunday school and will help to cheer the boys in their loneliness on next Sunday morning.

FIDELIS CLASS.

The Fidelis Class of the Baptist Sunday school met with Mrs. Edgar Majors Tuesday afternoon. The time was spent making bed shoes for the army hospitals. Light refreshments were served.

Mrs. Franklin of the Plainview community visited her son, C. E. Franklin Sunday.

Mrs. Caldwell and daughter left for Abilene Monday for the winter.

F. M. BURNS

ONE PRICE---THE LOWEST

FROM CAMP TRAVIS.

We boys arrived at Camp Travis at 12:30, Sunday morning, and are just about to get straightened out for business. We are now set up in our new home, and think we shall like it. We are looking for the rest of the boys soon. Don't fear it, boys. Don't get it in your heads that we have to slave for others. You can get what you are looking for. You have your preference—barbers, musicians, mechanics, horse riders, and a number of other jobs. Good riders are in demand. The Colorado boys are badly scattered. I have been assigned as Military Police, and will get into my police uniform this afternoon. None of the boys have been in the guard house so far.

The airplanes sailing over us, are some sight for us to see, and makes us want to go after the Kaiser; however we are not expecting to go real soon.

The greatest embarrassment I have to contend with is in being green—not knowing where to stand or sit—but I'm not lonesome at all in this respect, and think we will all come out all right in a short time.

We want to thank the Colorado people and the county in general for the nice lunches and the courtesy shown us the day we left. The lunch given me by some kind lady came in handy, and was appreciated.

You people can look for us back, but don't get afraid that we will be back before the others get here. So hurry, and don't dread to come down and spend a few days with us at Camp Travis.

—A Soldier Boy From Colorado.

Madam Housekeeper:—Laundries were established primarily to assist the overworked housekeeper, and now that school is going to open and your burdens will be increased by having to get the kiddies off on time, with clean faces and hands, as well as clothes, had you not better take advantage of this help? As we have told you before, it is cheaper to send us everything, paying by the dozen, than it is to furnish fuel, soap, starch and water for the extravagant washwoman, who has to have good pay and often two meals for herself and children. These are hard times, but the best laundry service is still the cheapest. If you have not done so, give it a trial.—The Laundry.

FROM BUFORD.

The newest thing for Buford, is that we have a correspondent for the Record.

The change of weather is welcome, as the coolness of the north winds has dispated the oppressive heat, which was so unpleasant.

Messrs John and Jeff Handy, who are at Fort Worth, state they are enjoying their work.

The writer has been on a visit near Abilene, and is glad to say that this immediate vicinity is enjoying crops almost as good as those in that county.

As I have not been in touch with the churches and social doings of the community for a week or more, can not say much along these lines at this time.

We are all in sympathy with our boys who have gone to the training camps. Our heart's desire is that peace may come before they get to France.

A letter from Mr. M. C. Hoyt tells us that he is "socking" some money picking cotton, northeast of here.

We people, as a whole, are pleased to know that the F. L. P. A. are now being tried for justice. We hope those who were there to rebel, will learn who Uncle Sam is, and those who did not know they were in the wrong will receive their just dues.

Give it When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it al-

ways makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with cold Advt.

UNION ITEMS.

While it is very pleasant to hear good choir lead off on that good old song, "I Love to Tell the Story," it is not very pleasant to write the same old story, so I leave off the subject of the drouth, for it is a thing of the past, and the great questions now are: What are we going to do; what are we going to try to do; and what do we want to do? To answer the whole matter I would say that we all want a chance to live over every degree and line of trouble that confronts us at this time. There are many good plantations in this section that last year made as much as 20 to 40 bales of cotton, and this year won't make a bale, and a great many won't make a sack full. The renter has lost his year's work and expenses besides, and of course there is nothing for the landlord. Where is the money to come from to pay our taxes, our banks and our merchants? We think the time has come for a spirit of brotherly love to spread over our entire land, such as will make us feel that we are indeed our brother's keeper, and willing to bear each other's burdens.

If its TANLAC you want Charters & Sadler have it.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it, I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Theford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. COLORADO SANITARIUM

Be Taken Over By Drs. Coleman Root and Whitmore.

A contract has been effected by us with Drs. Ratliff and Ratliff, by which we have leased the Colorado Sanitarium, and same will in the future be open to the public for the care and treatment of surgical diseases. The care and management of the building will be in charge of a competent and experienced lady, which assures its being kept in a clean and sanitary condition. Graduate nurses will be obtained from Abilene, at a cost to the patient, within a few hours, when deemed necessary. It shall be our prime aim to have good and suitable facilities for the care and treatment of all surgical cases entering the sanitarium, and at the same time with a minimum cost to the patients.

We have not undertaken the project of keeping the Sanitarium open with the aim of making one single dime above actual expenses. We have leased it solely for the convenience it will be to ourselves and the additional safety it will give our patients who may need operative treatment. Heretofore we have been doing quite a number of operations in the homes of the patients purposely for the saving to the patient the additional fee which going to a sanitarium would entail. In these home cases we have always experienced a very great inconvenience in preparing, properly, for the operation; and have often done these operations with very poor and insufficient light. Moreover, the after care of these cases have usually proven to be very expensive to the patient, else quite a burden to the attending physician. In many cases both. In consequence of these facts, learned by past experience, we have leased the sanitarium and shall endeavor to run

it on the charge of minimum fees, carefully figured from the actual cost of its lease and maintenance.

We invite the co-operation and patronage of all neighboring physicians. Respectfully submitted,
P. C. COLEMAN, M. D.
J. T. WHITMORE, M. D.
C. L. ROOT, M. D.

TOM GREEN TO VOTE ON LOCAL OPTION

The question of whether or not intoxicating liquors shall be sold in Tom Green county is to be put up to the voters some time during the fall, according to information received. No certain date has been set for the calling or holding of the prohibition election. All that is definite is that the election, is to be held before Christmas. One of the county commissioners in discussing the matter stated that he understood the petition asking the court to call a prohibition election will be presented to the commissioners' court at the regular meeting next month. The regular meeting of the court will take place Monday, October 8. If the election is called at that time the date will more than likely be set down for the latter part of October or the earlier part of November.

MRS WYATT SPENT THREE-FOURTHS OF HER TIME IN BED

Declares There Wasn't A Day For Eight Long Years She Was Free of Suffering—Now Well and Happy

"If you had known the dreadful condition I was in before I began taking Tanlac you would be surprised to see me in this store now," said Mrs. Emma Wyatt, 116 Trinidad St., Houston, Texas, in an interesting interview with the Tanlac representative in Kiesling's Drug Store, a few days ago.

"For over eight years," continued Mrs. Wyatt, "there was never a day that I was free from suffering with rheumatism, stomach trouble and indigestion, and before I took Tanlac I certainly was in an awful fix. For years I had no use of my right arm at all. I couldn't even raise my hand to my face and my fingers were so drawn and stiff I could not use them. I couldn't do any of my housework and was confined to my bed three-fourths of the time. For weeks at a time I was flat on my back unable to move without help, and the little time I did manage to stay out of bed my daughter had to dress and undress me.

"I suffered so terribly from indigestion and gas on my stomach at times I felt like I would die and my back ached and hurt me so bad I couldn't walk. I had such miserable headaches I could hardly sleep at all and I was all the time taking medicine for the headaches and indigestion and nothing did me any good. I took about every kind of medicine I ever heard of and used all the liniments I knew of for the rheumatism but I just kept on suffering. I got so I couldn't eat anything scarcely and I wouldn't dare to touch coffee. It was simply terrible the way I suffered, I just can't describe it, and I hardly had a minute's ease or comfort day nor night. Life was truly a burden to me and I often felt that I would rather not live if I had to keep on suffering so.

"Well, some wonderful things happen in this world and my recovery since I began taking Tanlac is almost like a miracle. Oh! the good it has done me, and of all the people that have been helped by it none could be happier than I am. I can use my right arm and hand now as well as I ever could and every bit of headache and backache and ail my other pains are gone entirely. I eat hearty, sleep like a baby and can do all my housework without a single bit of trouble. My appetite is just fine, I have gained ten pounds in weight and feel like I had been made over into a new woman. Just to show you how well I can use my arm and hand, I have written to all my relatives and lots of other people and told them about my wonderful recovery and advised them if they need medicine of any kind to take Tanlac. I'm telling everybody I see who are suffering if they want to get rid of their troubles, eat hearty and sleep good and feel strong and well, to take Tanlac."

Tanlac is sold in Colorado by W. L. Doss, in Loaine by Garland and Elliott and in Westbrook by J. H. Board

FAIRS AND PROHIBITION.

It may knock a little patronage off the Dallas Fair, prohibition, but here is another fact: Lots of people have heretofore refused to attend the fair on account of the many drunks they had to contend with, they said, so we will wait and see how they fill up the places of the said drunks. Then Dallas has always claimed that prohibition is good for little towns, so why can't it be good for the bigger towns, Dallas for instance? Soon business will get down out of the air and you can not tell it ever happened, Dallas. Weep not, Dear City, for you will adjust in time.—Stamford Leader.

CITATION.

THE STATE OF TEXAS
To the Sheriff or any Constable of Mitchell County,—Greeting:

You are hereby commanded to summon M. D. Mahoney by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the thirty-second Judicial District; to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the court house thereof, in Colorado, on the 3rd Monday in November, A. D. 1917, the same being the 19th day of November, A. D. 1917, then and there to answer a petition filed in said court on the 11th day of August, A. D. 1917, in a suit numbered on the docket of said Court, No. 3669, wherein Missouri State Life Insurance Company is Plaintiff and Joseph A. Traylor, H. T. Carroll, O. P. Scott and M. D. Mahoney are Defendants; the nature of plaintiff's demand being as follows: Suit to foreclose deed of trust lien to collect note for the sum of \$2500.00, interest, taxes and attorney's fees and costs of suit, etc. Plaintiff alleges that on March 5th, 1913, defendant, Joseph A. Traylor and wife, Sarah J. Traylor made, executed and delivered to John C. Loyt, Trustee for Hartford Fire Insurance Company, a Deed of Trust,

conveying the South half of Section No. 10 in Block No. 28, T. 1 N. Tex. & Pac. Ry. Co. surveys, located in Mitchell county, Texas, to secure the payment of one principal note in the sum of \$2500.00 executed by said Joseph A. Traylor, payable to said Hartford Fire Insurance Co., of even date with said Deed of Trust, bearing interest from date at the rate of 8 per cent per annum, represented by interest coupons attached to said note due on the 1st day of January, 1914, and annually thereafter on the first day of January. Plaintiff alleges that by the provisions of said deed of trust, in the event taxes or assessments of any kind made against said property, the owner or holder of said indebtedness might pay same before it became a lien, which payment should bear interest from date of payment at the rate of 10 per cent per annum. Said note provided that in case same was placed in the hands of an attorney for collection, 10 per cent additional was made for attorney's fees, etc. Plaintiff alleges that it has paid the taxes for the years 1915 and 1916, aggregating \$79.55. Plaintiff alleges that the interest coupon note for the sum of \$200.00 due on Jan. 1st, 1917 is past due and unpaid, that no part of the principal note of \$2500.00 has been paid, and that the \$79.55 paid on taxes have not been paid. That Plaintiff acquired this indebtedness by purchase. That defendants, Carroll, Scott and Mahoney are asserting some sort of title to said land, the nature of which is unknown to Plaintiff. Plaintiff prays that upon final hearing it have judgment foreclosing said deed of trust lien for said indebtedness, etc.

Herein fail not, but have you before said court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Colorado, Texas, this 12th day of September, A. D. 1917.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED.

Best For Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Foisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

OPERA HOUSE PATRONS TAKE NOTICE.

Owing to the stringency of the times, as well as to the big increase in the cost of picture films, I cannot afford to run my business as heretofore, and this is to notify my patrons that beginning with the first week in October (next week) I will show but four nights in the week. On Monday nights I will try to always have something special—always as good a picture as I can get. Tuesday nights the house will be closed. Wednesday the serial stories of Railroad Raiders and Neglected Wife will be shown until they are completed, after which I will probably show three nights of the week. Thursday nights house will be closed. Friday nights I will have a good Triangle feature with a comedy. Saturday matinee and night will be shown the Mutual Star feature with Jerry's comedy and Ford Educational pictures. This arrangement will give my patrons the best that I can buy, and I am determined to hold up the quality of my show, regardless of cost; and if business gets so that I cannot do this I will close up entirely—I will not cut the quality of my service under any circumstances. My prices will be as heretofore—On Mondays, usually 10 and 20 Wednesday 5 and 10; Friday and Saturday, 10 and 15c. I thank the public in general for their liberal patronage heretofore, and will appreciate the liberal continuance. But if you don't feel that you are able to patronize my business, I am not going to kick. We are all up against the real thing this year, and each one will have to do the best we can. 25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR.

Save Your Hair! Make it Thick, Wavy and Beautiful—Try This!

The brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness; but what will please you most will be after just a few week's use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Can you read this type clearly and with the same pair of glasses see distant objects?

With KRYPTOK Glasses you can see far objects just as distinctly as you read type on the printed page. They give you near and far vision in one solid lens.

KRYPTOKS (pronounced Criptoks) enable you to adjust your vision from near to far—INSTANTLY. They end the bother of two glasses or fussing with two pairs.

KRYPTOK GLASSES

THE ONLY INVISIBLE BIFOCAL

KRYPTOKS cannot possibly be distinguished from single vision glasses because their smooth clear surfaces are absolutely free from the disfiguring lines, seams or shoulders of old-fashioned bifocals.

Wulfjen will be glad to learn of his being reported as steadily improving from his recent severe spell of sickness. Mr. Wulfjen is yet confined to his bed but is steadily improving. ACCIDENTALLY SHOT WHILE ON TRAIN Tuesday afternoon Mr. Harry Smith received a wire that his brother-in-law, Bryan Hightower, had been accidentally shot, while riding on a train near Quanah. The wounded man was taken to the railroad hospital at Paducah. His sister, Mrs. Flem McSpadden, who now lives at Quanah, went to his bedside at once, and Mrs. Harry Smith, another sister left Colorado that night. On Thursday Mr. Smith received another wire that Mr. Hightower had died that day at 11 o'clock and his body taken up to Quanah. His father, Doc (J. B.) Hightower, who lives at Pecos was notified and passed through Colorado Thursday night. Bryan Hightower was practically raised here at Colorado, the family having moved here when he was a boy, and the entire family was well known by all the old timers of this county. Up to the time of going to press no particulars in regard to the accident had been learned. For the last few years he with his wife had made their home in Calahan county, where his wife was at the time of his death. He was going up the country on a prospecting trip, when the sad accident occurred. Colorado citizens will sympathize with his family and relatives, on the untimely end of this strong young man just entering the prime of life. EVER SALIVATED BY CALOMEL! HORRIBLE. Calomel is Quicksilver and Acts Like Dynamite on Your Liver. Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and stupefying you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Cozart who has been working at camp Bowie spent Saturday and Sunday with home folks near Loraine, and returned Tuesday. The people of Loraine entertained the drafted boys last Thursday night at R. Hagoods vacant building. Talks were made by a number of persons who advised the boys on entering the "world-war" to give the enemy the best they had in store for them. Afterward a basket supper was spread, and all had a good time. D. C. McRae of Dallas was in Loraine the latter part of the week on business. STATEWIDE PRO CAMPAIGN NOW ON Dallas, Sept 25.—M. H. Wolfe, chairman of the Texas Prohibition Committee, made the announcement today that a state wide campaign for a statutory prohibition law has been launched. It is understood that the decision of Governor Hobby not to submit prohibition at this session of the legislature will not delay the campaign which will be waged in all parts of the state. Webster's Tribute to the Great. Prescott, Putnam, Stark, Brooks, Read, Pomeroy, Bridge! Our eyes seek for you in vain amid this broken band. You are gathered to your fathers and live only to your country in her grateful remembrance and your own bright example. But let us not too much grieve that you have met the common fate of men. You lived at least long enough to know that your work has been nobly and successfully accomplished.—Daniel Webster. Big Spring seems to be having some trouble with bootleggers. We notice in the Herald where R. B. Thurmond was sent to the pen for two years for violating the local option law, and Louis Garcia, one year for the same offense. The officers at Big Spring are to be congratulated on getting in behind this class of crime.

Always Welcome CALUMET BAKING POWDER. "You little rascal—played along the way, didn't you? Kept grandma waiting! Oh well, it's all right. Because CALUMET BAKING POWDER is always right. It's worth waiting for. Always welcome. Never shirks its work. Never fails. Never wastes minutes or materials and I know it's pure and wholesome, as Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities. You save when you buy it—you save when you use it. HIGHEST Quality Awards." Illustration of a woman and a child with a can of Calumet.
