CONGRESS ADJOURNS MEMORABLE SESSION

CLOSING HOURS IN SENATE ARE MARKED BY REPLY OF SENATOR LA FOLLETTE.

RESUME OF WORK DONE

During 188 Work Days Nearly Twenty Billions Dollars War Credits Were Approved.

Washington—Under spectacular circumstances, featured by the most unrestrained debate in house and senate history, the war session of congress adjourned at 3 o'clock Saturday afternoon.

Closing hours snapped with bitter investive—first launched by Senator La Follette against those who have accused him of seditious utterances and second by Senator Robinson, Arkansas, who assailed La Follette.

Never in the history of the world's parliaments has a representative body disposed of such tremendous work as that completed by the American congress. President Wilson paid a high tribute to the "remarkable session." Billions have been raised and disposed of through legislation enacted during the last six months.

And at the same time there never has been such a session, so replete in dramatic incidents.

Senator La Follette employed three hours' time in a speech dealing with his attitude toward war legislation and in direct answer to the pressing demands from over the country that he be expelled from the senate. The Wisconsin senator, in hurling defiance at his critics, wherein he warned that his course would not be altered, spent practically the entire time defending the right of free speech and the right of petition, neither of which principles have been controverted from any source in the country. Not once did he touch the issue of his Minnesota speech where he impliedly justified the sinking of the Lusitania.

Resume of Work Done. Here is the 188-day war record of congress:

Raising the Money. War bond bill \$11,538,000,000. War revenue, \$2,700,000,000. Second bond bill \$5,000,000,000.

Spending the Money. For the army \$7,752,726,441. For the navy \$1,604,810,690. Buy and build ships \$1,040,517,500. Loans to allies \$7,000,000,000. Ordinary civil expenses \$958,948,638.

Soldiers' and sailors' insurance \$176,250,000. Food control \$173,846,000. President's discretion \$100,000,000. Welfare, fighters and public: Food control bill. War insurance measure.

No questionable resorts allowed near camps. Free mail for soldiers and sailors.

Raising Fighting Forces. Increasing drafts. Increasing navy land marine corps personnel.

Increasing enrollment West Point and Annapolis. Antienemies legislation. Prohibiting trading with the enemy.

Wireless and cable censorship. Suppressing disloyal publications. Espionage bill, giving wide powers to secret service.

Bills That Failed to Pass. Alien slacker, at the instance of state department. Civil rights bill, held up in senate.

Next Session. Suffrage constitutional amendment. Prohibition amendment. Attempted repeal second-class postage rates.

Reports on Representative Herlin and Senator La Follette's conduct. Civil rights bill. Meesa a billion dollar deficit.

Occasionally when a man attempts to stand on his dignity some one spoils it by sitting on it.

COTTON LOSES 452,000 BALES.

According to Census Report Entire Yield is Estimated at 12,047,000 Bales—Insect Damage Big.

Washington—Deterioration during September over almost the entire cotton belt caused a loss of 452,000 bales in the prospective production of cotton, and leaves the 1917 crop at 12,047,000 equivalent 500-pound bales. The department of agriculture in its final condition report of the season announced a decline of 7.9 points in cotton's condition during the month, caused principally by boll worms and weevils. Cool weather, drought, shedding, wilt, blight, lack of potash in fertilizer, and in the extreme eastern belt storm damage also caused loss.

"In northern and eastern Texas, Oklahoma and Arkansas bollworms caused serious damage," the report says. "In the entire weevil-infested area, now embracing all or portions of the states of Texas, Oklahoma, Arkansas, Louisiana, Mississippi, Tennessee, Alabama, Florida and Georgia, great damage resulted from the weevil activity. Rains fell over much of the drought-stricken section of Texas and plant growth was stimulated, but a matured crop in that section is extremely doubtful."

98 County Election Returns Missing.

Austin, October 11, Barlett, secretary of state, has sent letters to the county judges of 98 counties which failed to submit returns from the August election at which the conservation amendment to the constitution was adopted. These counties filed no returns and offered no explanation. The secretary of state asks the judges to advise him why the returns were not sent in. However, there is no law to make the judges send in the returns, or to even answer the letter of the secretary.

Hobby Signs Bills and Resolutions.

Austin, Governor Hobby has signed a number of bills and minor resolutions. Most bills were local in effect, providing road laws for Trinity, Coleman, Newton, Llano, Titus, Red River and Madison counties and school districts at Ben Wheeler and Oakland. Likewise the bill providing that the new state office building shall house the general land office, department of agriculture and such other departments as the governor may designate.

Fraternal Workers to Meet in Dallas.

Dallas.—The annual meeting of the Texas Fraternal congress will be held in Dallas Nov. 20 and 21. The time and place of the meeting was decided at a meeting of the executive meeting here. The Texas Fraternal congress has been organized 16 years and is composed of about 20 different beneficiary orders operating in Texas. The last two annual meetings of the congress were held at San Antonio. Special railroad rates will be obtained.

TO ICE CONSUMERS.

It is a fact that the cost of manufacture and delivery of ice during the winter months is greater than the price charged for ice; and this loss will be far greater this winter. I have stayed with the business and done most of the work myself to lessen this loss. But now I want a little vacation, and ask that those using ice during winter months to arrange to buy their ice when the wagon passes, as he cannot come back later in the day. Beginning next week the wagon will deliver to resident part of city Mondays, Wednesdays, Fridays and Saturdays. To business section once daily. Please be patient and conservative; do not ask the wagon to come back because you were not at home, as he cannot.

BRITISH CONSOLIDATE CAPTURED POSITIONS

Germans Make Only Mild Counter Attacks in Efforts to Retake Ground Lost to British.

London.—With the British secure in all the positions they won Thursday along the more than eight-mile front of the Ypres sector in Flanders, Field Marshal Haig's men were busy Friday consolidating their newly won positions and preparing for another hack into the German lines when the time becomes propitious. Nothing but the dropping of shells from German guns served to interrupt the breathing spell the British were taking, except here and there small counter-attacks which lacked the usual strength the Germans employ in endeavoring to regain lost ground.

In addition to the enormous casualties inflicted on the Germans, the British captured 4,416 prisoners in Thursday's attack among them 114 officers.

Comparative quiet prevails on all the other battle fronts. The artillery duels between the French and the Germans on the Verdun sector and in Champagne continue and at several points. In the latter sector General Potain's forces again have repulsed surprise attacks delivered by troops of the German crown prince.

Apparently the Teutonic allies in Roumania after several weeks of virtual inactivity again are preparing to attempt to force back the Russo Japanese line. The Russians have been forced to sustain an offensive near Radutz, while near the Buzou river region attacks by Bulgarian troops have been defeated.

Admission is made in the latest Vienna official communication that the Italians were successful in winning trenches from the Austrians on the western slope of Monte San Gabriele in the Gorizia sector.

German Isolation is More Complete.

Washington. The war administrative board has joined in the order of Great Britain in drawing a tighter embargo around the enemy by denying coal to neutral vessels touch lug these shores if it appears their cargoes are liable to reach the enemy. The full isolation of Germany is to be the weapon, and, while built along drastic lines, as proposed for the embargo, may involve international questions of wide scope, it is held to violate none of the laws of belligerent nations.

Record for U-Boat Sinkings Set.

London.—A high official of the admiralty has said that more German submarine boats had been sunk during the last three months than in any similar period.

Congress to Give Wilson More Power

Washington.—After a call at the White House Senator Lewis said he would propose passage of a bill giving the president full power to do anything during the forthcoming recess of congress that may be called for by any sudden emergency. "I told the president," said the senator, "that we could get the war revenue bill passed finally this week; pass the soldiers' insurance bill next week, and adjourn by the end of the following week. The president is anxious that the insurance bill pass."

GIN FIRE—SMALL DAMAGE

About 8 p. m. Wednesday the alarm of fire was turned in. The fire was located at the Lambeth gin, and the company responded promptly and soon had the fire under control, causing about \$50.00 damages to the gin building. The fire originated from accumulated soot on top of the boilers, and burned the roof and partition of the boiler room only.

Considering how Riga with its cowardly, traitorous and demoralized garrison was taken, Berlin must be hard pressed for glory to spend a day and a night celebrating the victory. —New York World.

HOBBY SIGNS BOLLWORM BILL

Provides for Border Zone and \$10,000 Appropriations to Fight the Pink Pest.

Austin—Governor Hobby has signed senate bill No. 7, by Messrs. Page and Caldwell, providing for the border zone against the introduction of pink bollworm and appropriating \$10,000 to carry the act into effect. The bill fixes a border area where cotton cannot be grown and also provides for the extermination of the pink bollworm if it appears in Texas.

The house did not give the bill the two-thirds record vote and it will not become a law until 90 days after adjournment. This will not prevent the state and federal authorities from keeping a close watch and to act promptly where the pink bollworm does not appear, as it did at Hearne.

Hobby to Approve Investigation Cost

Austin—Governor Hobby has a number of bills on his desk awaiting disposition. They came to him during the last 10 days of the session and he has 20 days after the session to dispose of them. Among the bills on the executive table is that appropriating \$35,000 to pay the contingent expenses of the session. The single purpose of this bill is to cover the cost of the departmental and institution investigation by the legislature. It is to supplement about \$14,000 left in the contingent fund appropriated during the first days of the session and makes nearly \$50,000 available for the work. Governor Hobby said he expected to approve the bill and thus make the investigation possible.

File New Interurban Bond Securities

Dallas. That approximately \$4,500,000 will be spent in the near future in the construction of interurban lines radiating from Dallas was indicated by the filing of two trust deeds in the county clerk's office. Each of them secures a bond issue of \$2,250,000 on franchises and property of companies whose representatives have secured franchises for interurban lines here. Work on one of these lines, a road from Dallas to Irving, has commenced, and the construction of the other will begin within the next few weeks, according to men in close touch with the projects.

10 Cents for Cotton Agreed Upon.

New Orleans.—Texas and South Carolina won a sweeping victory in the cotton conference held here, when after a determined fight by delegates from these two states for the fixing of a minimum price on cotton, L. B. Jackson, director of the marketing bureau of Georgia, Atlanta, offered an amendment to the resolution declaring it the sense of this committee that the present selling price of manufactured cotton products justifies the farmer in receiving 30 cents per pound for cotton.

War Tax Measure Now in Effect.

Washington.—The war tax bill became a law late Wednesday with President Wilson's signature. All new taxes in the bill become effective when the president signs it, except certain specified rates. The 1c letter and postcard tax becomes operative in 30 days and the second-class mail increases July 1. New income and war excess profits taxes are based on income of the 1917 calendar year and payable before March 31, 1918. All stamp taxes, including those on parcel post packages, become effective Dec. 1.

American Patrol Ship Sunk.

Washington.—An American patrol ship on duty off an Atlantic port was rammed and sunk by an unknown craft. The incident reported to the Navy department was officially announced as follows: "A coast guard vessel on patrol duty off an Atlantic port was rammed and sunk by an unknown ship. The work of raising the sunken vessel will be begun at once."

GENERAL HAIG'S MEN TAKE ALL OBJECTIVES

PASSCHENDAELE HEIGHTS DOMINATED AND OSTEND-LILLE RAILWAY THREATENED.

MORE THAN 3000 PRISONERS

Germans Surrender By Hundreds, Many Being Glad to Escape Maelstrom of Artillery Fire.

London.—Field Marshal Haig's forces in the great offensive launched at daylight Thursday morning to the east of Ypres gained all the objectives, in some places penetrated the German lines to a depth of more than a mile and over-ran the crest of the Passchendaele-Gheluvelt ridge. The Germans surrendered by hundreds, and at latest count more than 1,000 prisoners had been passed back of the British lines, and many others were yet to be counted.

As in the preceding attacks, the latest one was timed to the minute. The British forces at the given signal at daylight, swarmed from their trenches over ground that had been arrowed by myriads of shells from the great array of artillery, and all along the front of more than eight miles, from south of Tower Hamlets to the north of Langemarck, they made notable new gains of terrain, inflicted heavy casualties on the Germans, while themselves suffering slight losses, and took many prisoners, large numbers of whom gladly surrendered in order to reach a haven of safety from the maelstrom.

Near Ostend-Lille Railroad.

The attack was delivered with all the dash of previous offensives and swiftly and surely the Britishers took positions that had been marked out for them, some of them to a depth of more than a mile. The main ridge of the heights running north and south to the east of Ypres, which affords a dominating point for the launching of future attacks, is nearly all in the hands of the British, and at several points the Ostend-Lille railway now is virtually within the range of Haig's guns.

Fighting Before Verdun.

There has been no cessation in the extremely violent artillery duel

between the French and the Germans on the west bank of the Meuse river in the Verdun sector. The Germans made another infantry attack against the French north of hill 344, in this region, but again were repulsed with heavy casualties.

Near Jacobstadt, midway between Riga and Dvinsk, on the northern Russian front a big battle apparently is being prepared for.

In the Austro-Italian theater General Cadorna's forces have been forced to sustain heavy counter-attacks from the Austrians on the slopes of Monte San Gabriele, near Gorizia, the attacks coming to naught under the fire of the Italians.

Search for German Sea Raiders.

Washington.—With definite information of the presence of two German sea-raiders in the South Pacific ocean, announced in dispatches from Samoa to the Navy department, a hunt for the commerce destroyers has been set in motion. The two raiders are manned by the crew of the famous Seeadler, which made her way last year from Germany through the allies' patrol into the Atlantic, southward around South America, preying on shipping, and hence to the South Pacific, where she stranded on Mophea island and had to be abandoned.

16 Weeks Training for U. S. Troops.

Washington.—Training work mapped out by the War department for National guard and National army divisions before they will be regarded as ready for duty abroad is based on a 16-week course of the most intensive kind of work, varied with lectures by American and allied officers who are experts on modern warfare. To insure uniformity of training throughout the entire army, divisional commanders have been urged to see that the schedules announced are followed closely.

Trebled In Ten Years

In Ten Years the Cost of Government in Texas Has Increased From About 8 Million to over 25 Million Dollars a Year. Yet the Population Has Increased Only About 20%.

How Do You Like This, Mister Farmer?

Where do you suppose all this money goes? Who do you suppose gets it? Do YOU receive any benefits from it? If not, who does? These questions and many others of vital interest to Texas taxpayers will be answered by Senator John G. Willacy in

FARM and RANCH

The Farm Paper of the Southwest

Senator Willacy's sensational story "The Heavy Hand of Invisible Rule" will begin in the Oct. 20 issue of FARM AND RANCH. It is written in fiction form, but it will throw the searchlight of cold facts on all the new departments, soft jobs, traveling expenses, salary grabs and other rank extravagances of the invisible forces that control our state Government, and which you have to pay for.

It will show you clearly why and how the cost of governing Texas has trebled since 1907. It is something you ought to know. It begins in the Oct. 20th issue. Don't miss it.

For Nearly Forty Years

FARM AND RANCH has been gathering and publishing facts and experiences of immense value to the farmers and stockmen of the Southwest. Its editorial staff and regular contributors are men with thorough scientific knowledge and long practical experience in agriculture. It will show you how to make your farm more productive. It will help you make more money.

FIRST MONTH OF PUBLIC SCHOOL CLOSURES.

To the Hon. Board of Trustees of the Colorado Public Schools:

Your attention is hereby directed to the following report of your schools for the scholastic month ending October 5, 1917.

Enrollment to date, white children, boys, 199; girls, 207; total 406.

Enrollment to date, negro children, total, 26.

Total enrollment to date, 432.

Average daily attendance, white children, boys, 176.1; girls, 199.4; total, 375.5.

Number cases tardiness this month whites, boys 48; girls 49; total 97.

Number of visitors during month, 7; women, 8; total 15.

When it is taken into consideration that so many people have moved away from the district, the above figures make a very favorable showing as to attendance.

The spirit of the student body is splendid. I have never met school pupils who possessed more innate courtesy than the boys and girls of the Colorado schools. It may be that some should manifest more interest in the work assigned, but we believe that with the proper co-operation of parents and teachers that these may be stimulated to the point of good work. I believe that in the amount of work done the first month of school we can say that it is as a whole fairly satisfactory.

However, there is one item in this report that I wish to call special attention to. I refer to the ninety-seven tardies during the month. If there is any good reason for this, I am unable to see it. Being tardy is a pernicious habit with some. There are a few children who do not seem to realize that being tardy day after day amounts to nothing. As a matter of fact, if it were just the minute of time lost and nothing more, that would be a small item. But children who form the habit of being tardy at school will, in most cases, never be punctual in the affairs of life when they are grown up. If a child can regularly come to school at one or two minutes after nine o'clock every morning, or almost every morning, he can get there one or two minutes before nine if he can be made to feel that it is important that he should. Parents are often at fault when their children are late to school. Ninety-seven tardies this month of good weather, to a very great extent spoils this report. We hope to reduce the number of tardies to a minimum during the rest of the session.

We are glad to note that the school had fifteen visitors during the month, one of whom was a trustee. Patrons and trustees have a standing invitation to visit the school. One of the pastors of the town has been with us in chapel each Monday morning, and pupils and teachers have enjoyed their good talks. The preachers are always welcome.

The arrangement made by your board for furnishing ice water for drinking is quite an improvement over the old plan and was quite a relief to the children. They have good, clean, cool water during the whole day.

Three sectional book-cases of four units each have been ordered for the grammar grades. They cost twenty dollars each. The children of these grades have almost raised the sixty dollars necessary to pay for the cases. They are very much interested in the new libraries they are to have.

I suggest to your honorable body that you grant a half holiday to any grade that makes perfect attendance and has no tardies during any month. I believe this will be a good investment, besides it will be an inducement to better attendance and fewer tardies.

The report we are able to make at the close of this first month of the session, it seems to us, is such as to cause all who are interested to take an optimistic view of the situation. I believe we shall have one of the best years in the history of the school.

The Parent-Teachers Association met at the high school building on the first Tuesday of October, and had a very interesting meeting. It seems to us that this Association is in position to render the school a great service during the present year, and it is hoped that all patrons will become members and help in the work to be done.

The negro school has been in session only two weeks, and as the figures at the head of this column show, has enrolled 26 pupils.

Yours respectfully,
E. FRANK KING

If You Own A Car

Or ride in one often, your complexion is exposed to a severe test.

It has frequent sun baths. The dust, moreover, is actually forced into the pores by the speed of the car.

The result of such treatment is likely to give a harsh, leathery look to the skin of the face and neck.

A good cold cream is the best solution of the problem.

Apply it before going out and then dust the face with a good powder.

After a trip, smooth the cream over the skin. Let it remain on for a few minutes, then rub off with a soft cloth.

Artesia Face and Tan-nomore are creams of the best for this very purpose.

INTRACITY RATE CASE CONTINUED

Application of Railroads Before Commission to Be Taken Up Nov. 13.

Austin.—By agreement of interested parties the railroad commission continued until the next term, Nov. 13, the application of the railroads for a material advance or cancellation of the present intracity freight charges. This was brought about after a conference of shippers and railroad men. A joint committee has been selected to take up the matter and see if it can be adjusted in time for approval at the next hearing.

The railroads have complained that the intracity movements have been wasting cars and that something should be done to stop the waste in the interest of conservation of transportation facilities, as demanded by those who would win the war. The intracity rates are much higher than switching charges and the railroads were not complaining about inadequacy of rates as much as they were of the careless and wasteful methods used in handling such shipments.

SOUTH-CENTRAL CROPS POOR.

Drouth Damage More Severe in South and West Texas, Except in Few Sections.

Dallas.—According to reports reaching here from Williamson and Travis counties there are worse crop conditions than in Bell and other counties lying east and north. For the drouth increased in its intensity as it took its course south and west. A third of a cotton crop, no corn crop and perhaps a half small grain crop in Bell is what is claimed by

the people of that county. In the adjoining county of Williamson the conditions are not so good. In Travis, Hays, Comal and other counties following down the Missouri, Kansas & Texas railroad the intensity of the drouth increased and the damage done has been greater.

In Tom Green county some of the valleys along the Concho river are irrigated, hence the crops raised are about the normal crops raised in the locality. Along the Rio Grande river, where irrigation is employed in crop raising, the farmers are more prosperous, perhaps, than they have ever been.

LIFT YOUR CORNS OFF WITH FINGERS.

Tells How to loosen a Tender Corn or Callous So It Lifts Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. Adv. 1

Keep Colorado Money in Colorado.

THE WAR AND LIBERTY LOAN.

The total yearly income of all the people in this country is estimated at forty billion dollars.

During the first year of the war we must find eighteen and one half billion dollars, or about forty-seven dollars for every hundred dollars that we earn.

These figures are astounding, but we can "get by" and if you will read on you will see how we are going to do it.

There are two ways in which the government will raise this money—by taxation and by borrowing money from you.

The more the government will allow you to loan to it the less it will have to tax you right now. Therefore, ease your taxation by buying a Liberty Bond.

Arguments about facts which have been mentioned is useless. We are in the war; we must win, and to do it the money must be found.

This is how we are going to find the money—by economizing and saving. Duty demands it; common sense advises it, and the government calls upon you to do it.

Waste and extravagance must go, and the money so saved loaned to the government or given up to them in taxes to carry on the war.

Give up the money you waste on "unnecessaries" of life, and buy a Liberty Bond with it. You will be putting by for a rainy day and serving your country at the same time.

The longer you let an account run the longer it will be before you catch up with it.

When it is time for a middle-aged man to take a vacation he wonders what he will do when he gets there.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

Do some foods you eat hit back—taste good but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very quickly. You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder, due to acid fermentation.

The PERUNA Family

has three members you should know if you desire to enjoy life.

1. The popular liquid form of Peruna—the reliable tonic of the American household, with a long history of success in treating all catarrhal difficulties.
2. The tablet form, which is made after the same formula and is more convenient for many.
3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome and natural action restored. Manalin has no habit forming drug, but is an aid to nature. Your druggist has all three. So many thousands have received benefit from the use of one or both these remedies that they are a recognized part of the equipment of every careful household.

LOCAL NOTES

J. D. Falkner has his paper changed from Colorado, Route 2, to Randlett, Oklahoma.

W. L. Doss' bargain wall paper sale now on. Will clean up at most any price.

Saturday last was quite a busy day in Colorado. Several bales of cotton selling at 25c and the stores all seemed to be doing fairly well.

Get your winter stove now at the old price.—Colorado Mercantile Co.

Rev. W. A. Williams, rector of the Episcopal church, went to Big Spring last week to perform the marriage ceremony, which made M. H. Williams and Miss Lottie Rutherford man and wife.

Alfalfa, Oats, Bran, Chops, Hay, Corn and Coal.—A. M. Bell, Westbrook.

There will be an examination held at the postoffice in Colorado on November 2nd, for Typewriters and Stenographers, for the U. S. Postal Department. Those wishing to take this examination, can get the blanks and particulars from Postmaster Jno. W. Person. Those who pass and are accepted will probably be sent to Washington.

Drives Out Malaria, Builds Up System
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood and builds up the system. A true tonic. For adults and children. 60c

The Guitars are now located at Calexico, California for the winter.

Matinee at the opera house every Saturday at 3:30, always good show.

Champ Carter has resigned his position at Tyrone, N. M. and will enlist for service. Champ is expected home on a visit before he goes into the trenches.

Oats, Corn and Chops, big lot on hand.—A. M. Bell, Westbrook.

Wes Allen came in last week on a visit and cattle business combined.

Jacob's Candy—made last night—John L. Doss Pharmacy.

Jack Frost looked forth one still, clear night, and whispered, I shall soon be out of sight.—It was on Monday night the frost came, all over the north half of Texas. The extent of damage to late feed and late cotton cannot now be estimated.

All the official school books, adopted by the state, are kept by W. L. Doss. Go there for all your school supplies.

YOU'RE BILIOUS! LET "CASCARETS" LIVE IN LIVER AND BOWELS.

Don't Stay Headachy, Constipated, Sick With Breath Bad and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermented food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Fly dope at W. L. Doss.
O. F. Jones (not Otto) but our Irish friend Jones, writes with a dollar bill for the Record to Seymour.

School Books! School Books at Jno. L. Doss Pharmacy.

Mrs. R. E. Gracy and baby of Roscoe are visiting her father, Mr. J. B. Farmer, this week.

W. L. Doss has a fly dope that will keep flies from the cow while milking.

Mrs. H. E. Grantland left Sunday night for San Antonio to attend the Grand Lodge of the Eastern Star.

Jacob's Candy—made last night—John L. Doss Pharmacy.

Mrs. Schroeder is now domiciled at the sanitarium. Things now have a more decided business like air and everything is in shiashape, clean and sanitary.

Dr. L. G. C. Buchanan, practice limited to diseases of eye, ear, nose and throat. Office, Big Springs. For the accommodation of patients in the vicinity of Colorado, I will be in Colorado 1st and 3rd Saturdays of each month. Office with Dr. Henthorne.

Mrs. Sam Wulfjen was called to Merkel last week on account of the death of the little babe of her brother.

To Cure a Cold in One Day.
Take LAXATIVE BROMO QUININE. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 30c.

Plenty of Cake, Meal and Hulls at the Oil Mill at right prices. CONTINENTAL OIL-COTTON CO.

The government ginners report on October 3, gave Mitchell county ginned 130 bales as against 4014 bales for the same time last year.

Cleaning, Pressing and Hat Work done by J. H. Greene & Co.

Mr. Urdie Wulfjen and Mrs. Wallis accompanied their father, Mr. J. D. Wulfjen, to Dallas Monday night to a sanitarium to be under treatment of a specialist. His many friends hope he may soon return in good health.

Jacob's Candy—made last night—John L. Doss Pharmacy.

Miss Minnie Bellan left Tuesday night on a business trip to Dallas. Miss Minnie said she would try to make the Telephone headquarters people get some kind of conception of the condition of this country.

\$5.00 to \$7.50 saved on a Quarter Oak Stove if bought in the next ten days.—Colorado Mercantile Co.

Mr. and Mrs. M. C. Hutton, the former being pastor of the Presbyterian church at Georgetown, are visiting their daughter, Mrs. Jerold Riordan. He filled the pulpit here last Sunday and also conducted chapel exercises at the public school Monday morning.

J. P. Plemons and wife have moved to Elcentro, California. Mr. Plemons was formerly night foreman at the oil mill.

Hay of all kinds—lots of bran. Lowest possible prices.—A. M. Bell, Westbrook.

Ernest Pritchett, who has been for some time assistant clerk in the postoffice, volunteered for a position in the engineering corps of the quartermaster's department, and went to El Paso to enlist, but was rejected on account of light weight, and returned home yesterday.

Plenty of Cake, Meal and Hulls at the Oil Mill at right prices. CONTINENTAL OIL-COTTON CO.

Next Sunday is Sunday School Rally Day at the Presbyterian church—Everybody ought to go.

O. M. Mitchell returned home from Olney this week and after a few days visit here left for Paducah to buy cotton.

We know we can please you, both as to late and wanted styles in headwear, and in prices. We invite your inspection.—Mrs. B. F. Mills, millinery at Adam's store.

WESTBROOK ITEMS.

The loyal ladies of Westbrook contributed liberally, Monday, to the lunch boxes that were prepared for the going away soldier boys. Several nice boxes were filled, and they were heartily appreciated by the boys. The people of Westbrook are patriotic through and through, but the drouth that is upon us has produced such a distressing effect on our surrounding conditions that we are unable to accomplish what we desire, though we stand united in every effort to do our bit when called upon.

Quite a number from here attended the farewell meeting tendered the boys Monday at Colorado. Among them were Mr. and Mrs. A. Petty, Mr. and Mrs. J. T. Smith and family, Mr. and Mrs. W. H. Rogers and family, Misses Hoodie Pool, Hattie Petty, Thelma Hudson, Bessie Golden, Pauline Felker and Mrs. Sadie Felker; Messrs A. M. Bell and Claud Bell.

Mr. and Mrs. J. T. Candler were shopping in Colorado Tuesday.

Alfred Stevens of Roanoke, came in last week to spend a few days with friends.

Stoves have advanced 30 per cent. We still sell the Famous Charter Oak at last year's prices—Cooking, Heating and Oil.—Colorado Mercantile Co.

Mr. D. A. Neel and his estimable family will leave in a few days to make their home in Water Valley. Mr. Neel has always been one of Westbrook's most substantial citizens and we regret very much to give him up. He is a most zealous worker in the Methodist church, and was for a number of years superintendent of the Sunday school, and statistics show that during his superintendency we had one of the best Sunday schools, not only in Mitchell county, but in this whole section of the west. And the records show that during that period the average attendance was little more than 100. This certainly speaks well for him, and we most heartily recommend him to the people of Water Valley. What is our loss is their gain.

Miss Hattie Petty spent several days last week with Mrs. I. C. Sheffield on the ranch.

Mr. and Mrs. J. W. Bird were visiting in Lutan Tuesday.

Bro. Wood, missionary of the Sweetwater Baptist Association, filled the pulpit at the Baptist church Sunday morning. Bro. Wood has many friends here, who are always glad to welcome him in their midst.

Mrs. Blanche Parker, of Abilene, returned home Sunday, after visiting her son, J. M. Byrd, for several days.

Mr. and Mrs. R. M. Rembert left Sunday night for Pelican, La., to visit their parents. Mrs. Rembert will remain for several weeks, while Mr. Rembert will return in a few days.

Mrs. Tina Little and little son, of Loraine was the guest of Mrs. J. T. Candler this week.

Mr. H. H. Padgett returned from Camp Bowie, Sunday.

COTTON REPORT.

Up to Thursday morning, Oct. 11, Colorado had received 206 bales of cotton. Ginned as follows: Watson Gin 117; Lambeth Gin 86; Total 203. Weighed at Union Yard, 206. Price on the street as high as 25.60. Seed \$60 per ton. Planting seed selling at \$80 per ton.

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED.

Look, Mother! If Tongue is Coated Clean Little Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be craved to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by the "California Fig Syrup Company." Advs

A petition was presented praying for a road bond election for Mitchell county. The petition had 273 signatures and only 250 were needed, but the signers must all be property tax payers. After carefully checking over the list it was found that 25 had signed who were not on the tax rolls, so this brought it down to 248, two less than the required number, so the petition was refused.

The per diem was allowed and the court adjourned.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY.

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate? Yes! Certain? That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and at just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

CITY COUNCIL.

City council met in regular session on Monday night of this week with mayor pro tem, F. M. Burns, presiding.

Regular routine business, reading minutes, allowing bills, etc., was attended to.

Night watchman Hill Lowe tendered his resignation, which was accepted and E. L. Henderson was appointed to fill the vacancy.

Condemnation proceedings was had against W. W. Porter, declaring the old warehouse, near the railroad, lately occupied by S. S. Snowden, as a nuisance, and entered on the minutes as condemned.

Considerable discussion on street work was had but no orders made of any importance.

Council adjourned.

"THE WITCHING HOUR."

The hereditary fear of a Cat's Eye forms the basic influence that causes the number of complications to arise in Augustus Thomas' famous play, "The Witching Hour" which will be shown at the opera house Monday, October 15th. The production is unusual in its dramatic treatment and decidedly elaborate in its setting. The main theme carried throughout the production might briefly be summed up in a very few words: "As we think evil, so will evil occur."

The cast employed in this production is a large one, and the interior properties and furnishings are valued in excess of \$50,000. Among the original paintings of world wide famous artists, there is one Carot alone valued at \$5,000, and they all play their part in unfolding the story.

NOTICE TO FARMERS.

My gin is now ready to run and in first class condition to do good and prompt ginning. I will keep up steam all the time, so can gin your cotton at any time, immediately on arrival at gin. Will buy your remnants of cotton—be sure to give me a chance at all your remnants. Also buy cotton seed, paying the highest market price for same. Yours for the best and most prompt service.—O. LAMBETH

TEACHERS' EXAMINATION.

To County Superintendent: Permit me to advise that a county examination for teacher's certificates is authorized to be held in all counties in the state Friday and Saturday, October 19 and 20. Questions will be submitted in this examination for all first and second grade subjects, but questions will not be submitted for permanent subjects. Please give notice of this examination in your county papers.

W. F. DOUGHTY, State Superintendent

WILL GIN COTTON THIS FALL.

This is to let the farmers know that I will run my gin this season. As I have a crop myself, and in order to take care of my own crop I will run the gin. I will appreciate the ginning from all my old customers, and all the new customers I can get. I will gin your cotton as cheap as I possibly can, and will pay the market price for cotton seed. I will also try to be in the cotton market.

T. & P. TIME TABLE.

Table with columns for East Bound and West Bound, listing times for Sunshine Special, Daily Passenger, and Sunshine Special.

Mitchell county is asked to raise only \$105,075 for Liberty Bonds. Buy a Bond now.

The Foard County News thinks Ferguson should feel proud that he could come nearer borrowing a whole bank than any other man who was ever governor of Texas.

The Colorado Record has been added to our exchange list. The Record is one of the best, edited, and cleanest printed papers in West Texas.

The Record extends sympathy to Mr. and Mrs. E. I. Hill of the Roscoe Times, on the death of little Ruth, their daughter, nearly two years old.

Many people have been leaving grand old Mitchell county. It will hardly be for long however. The great prosperity in other localities will send westward a large seeking element.

The Roscoe Times says: In Colorado the other day some "sassiety" folks pulled off a thing.

Several weeks ago Earl B. Mayfield an avowed candidate for governor, in a speech said: If Hobby would convene the legislature in special session and submit and recommend legislation the subject of statutory prohibition he would support it.

South-Cre I will do my trade the people of Texas anyone else. When I date for governor of give the people my Dallas proposals with referring here obligation question the counties give to them my views ditions osals with reference to ties if ns."

It took Lake, Meal and Hulls at a third and right prices. crop in AL OIL-COTTON CO. loss.

TO DIVIDE TEXAS.

The repeal of the West Texas A. & M. College bill, verifies the statement the Record has repeatedly made that West Texas will never come into her own until the state is divided.

Quite a number of West Texas people were disatisfied over the manner in which the new A. & M. was located. When the move to establish a West Texas A. & M. College was launched Abilene was not in on the move.

The East Texas politicians saw in this, a fine opportunity to hit us another rap, and they hit us hard.

I have leased my wood yard to Mr. Lambeth, as Mr. Connor has given it up. Mr. Lambeth informs me that he has ordered a full supply of good wood, just such wood as the public will require, and hopes to enjoy the liberal patronage that Mr. Connor and I have enjoyed for so long a time.

In reference to the above notice I wish to say that I have ordered a large lot of the best wood obtainable, which will be arriving in a few days. I am going to sell this wood to my customers at the lowest possible price.

The war situation is not much changed since the last big drive of the British army, and we predict that this will be the last big battle or offensive movement of the year. The British now command the higher ground, where their guns command the German positions, and, in our opinion, this position will be held until the rigors of winter have passed.

The Reporter has aptly put the proposition, and for the reasons stated by the Reporter, this state cannot go on to the highest success, when "one half does not know how the other half lives."

Oats, Corn and Chops, big lot on hand.—A. M. Bell, Westbrook.

THE PRO-GERMANS AS STATE PRESS SEES THEM.

"A pro-German patron, who seeks to hide his shame by disclaiming any German kinship, writes in to ask why State Press does not deal as vigorously with royal personages of England, Italy, Russia and the 'mock republic of France as with the Kaiser and his swarm of princely upstarts. If our pro-German patron were a very bright man he would understand that State Press despises the German princes and princelings, for one reason, because they are enemies of America.

SPECIAL NOTICE.

Respectfully, W. W. PORTER.

It is hard either to console or to encourage in this year of death and desolation, but we are already betting that next year will be a hummer.—Roscoe Times.

together with the allies, who will have strengthened their positions during the winter, will make a concerted drive on the enemy, and will wipe Fritz off the face of the earth—provided, however, that Germany, in the meantime, does not offer an acceptable peace plan.

IT ISN'T OPTISM; BUT A ROTTEN DEAL.

Of course optimism is always admirable, but we doubt if any Western Texan is justified in denying that a two-year drouth is a serious matter for the poor people in the midst of it.—Dallas News.

It isn't altogether optimism of the people of the West that they are raising objections to the manner in which the Dallas News has handled this drouth proposition, but it is because West Texas is getting a "rotten deal." We people of the West do not object to a true statement of facts to be reported, in fact we are perfectly willing that the public know the truth about the country, for it puts us in the lead every time, but the way that the drouth has been referred to as "West Texas," absolutely, without deviation or explanation has done this country a great injustice, and we only insist that the Dallas News in their statements about the drouth confine themselves to the sections of country that are really suffering from the drouth to the extent that they claim.

Dr. A. H. Weston, late editor of this paper, once wrote where the West begins, as follows:

"Out where the handclasp's a little stronger, Out where a smile dwells a little longer, That's where the West begins. Out where the sun is a little brighter, Where the snows that fall are a trifle whiter, Where the bonds of home are a wee bit tighter, That's where the West begins. Out where the skies are a trifle bluer, Out where friendship's a trifle truer, That's where the West begins. Out where a fresher breeze is blowing, Where there's laughter in every streamlet flowing, Where there's more of reaping and less of sowing— That's where the West begins. Out where the world is in the making Where fewer hearts with despair are aching— That's where the West begins. Where there's more of singing and less of sighing, Where there's more of giving and less of buying, And a man makes friends without half trying— That's where the West begins.

Someone asked editor Halford of the Taylor County Times, "Where is West Texas?" Answer: "It begins on the east line of Taylor county and ends on the west line of Taylor county." "What region lies beyond?" Answer: "Some venturesome explorers of Abilene claim that they have heard of a town named Sweetwater. From the roaming nomads of that region, Spanish Monks also claim there is a town out there called Colorado City."

Maybe with these several pointers to help, the Dallas News may be able to give the boundaries of the drouth stricken area of West Texas. However we leave the matter up to the News and the Avalanche.—God knows it is bad enough in Mitchell county.

OPENING OF THE CLUBS.

Last Friday the literary clubs began their work. The Standard met with Mrs. Looney. Mrs. Fowlkes tendered her resignation as president and Mrs. Prude was elected to fill the vacancy. Their course of study this year will be King Henry VI and Makers of English History. Their lesson this week was on Shakespeare's Henry VI, Part 1, Act 1, led by Mrs. Burns. Mrs. Looney gave the historical setting of the play, persons represented in the play and their relation to each other. After the program refreshments were served and a pleasant social hour passed.

The Bayview met with Mrs. S. T. Shropshire in business session. They will study Merchant of Venice and later some other author. After the business session a social hour was enjoyed. A salad course with ice tea was served. The meeting this week is with Mrs. Hiram Snyder.

Mrs. Sam Majors was hostess for the Hesperian. This was President's Day and each club member invited a guest in honor of the occasion. As the club is full and their guests all responded to the invitation, quite a large crowd was present. This club is noted for its hospitality among many other splendid characteristics, and all went with the confidence of having a good time, nor were they disappointed for the program was one of interest from beginning to end. The guests were greeted by the president, Mrs. M. K. Jackson, and different other members from time to time, who at once made them feel at home. After all had arrived, Mrs. Merritt acted as president and had charge of the meeting. The roll call was an original toast to the club, and many guests as well as members responded. Mrs. Whitmore gave a most excellent talk on Requisites of a Club Member. Mrs. Milburn Doss delighted all with a reading—"Two Wolves." The president's message was full of love and appreciation for her assistant officers and the co-operation of members, as much of their work is to be on womens work this year. She spoke along those lines, telling of the almost wonderful advancement made by women along all lines of education and work in the past and of the bright future for them if they are but ready to grasp and rightly use their opportunities. This special club has been a great factor for good in this town all thru its history of nearly a quarter of a century—standing at all times for the betterment of civics, child welfare, pure food, and fine arts. After the program the hostess had as a diversion a list of questions to be answered by cities. This was interesting to all and some few got them correct. The hostess assisted by her little daughter, Elsie Lee and her friend Eleanor Thomas, served sandwiches, pickle and ice tea. On each plate were flowers for favors. The out of town guests were Mrs. Wallis, a former member of Clifton, Ariz., and Miss Kate Justice of Dallas. The meeting this week is with Mrs. Whitmore.

BAPTIST CHURCH.

The pastor has gone to Abilene to attend the Sweetwater Association. Therefore there will be no preaching at the Baptist church next Sunday. The Sunday school and B. Y. P. U., both Senior and Junior, and the Sunbeam Band will all meet as usual. Subject for prayer meeting next Wednesday night (Oct. 17) will be "True Object in Life." Let all come prepared to say some word on the subject.—W. C. Garrett, Pastor.

PRESBYTERIAN CHURCH.

Services for next Sunday will be as follows: Sabbath school at 9:45 a. m. This is our Rally Day and we are anxious to have every member of the school present, and just as many new ones a possible. Now is the time to start in. The collection will be a special one for Sabbath school extension. Let's make it a good one.

Dr. M. C. Hutton will preach specially to the children at the 11 o'clock service. We are very anxious to have the house filled with children at this service. Parents come and bring all your children. Every Sabbath school scholar must stay for the preaching service. Dr. Hutton has devoted much time and study to sermons especially for children. Come children and he will show you something that most of you have never seen before and may never have an opportunity to see again.

The evening preaching services will be at 7:30 o'clock. Everybody is most cordially invited to attend all these services.

W. L. Doss is making his annual clean up sale on wall paper. Prices 5c to 25c per roll.

The northern Monday morning brought out quite a number of old stoves and moth eaten overcoats. As we were primed for a big rain, due to rumors of the approach of a tropical storm on the gulf coast, our hopes as well as our feelings were considerably chilled and smothered by the unappreciated substitute.

HOME WEDDING.

One of the Record Family is Married at Her Parents' Home.

On last Sunday evening at the home of Mr. and Mrs. A. L. Whipkey, their daughter, Miss Irene, and Mr. Albert B. Robertson were united in marriage. Rev. W. C. Garrett, pastor of the Baptist church pronounced the sacred words that made them man and wife.

The ceremony was witnessed by the family of the bride, those of the groom living in Colorado, the neighbors and the high school graduating class of 1912, of which the bride was a member.

It was just a simple home wedding with touches of decorating done by her brothers and sisters, who wished to show their love on the occasion. The colors were yellow and white, the flower being goldenrod. The improvised altar was of white, trimmed with green.

As the hour arrived Miss Hazel McKenzie sang "The Dawn," accompanied at the piano by Miss Lottie Landers, niece of the groom, with violin obligato by Stansil Whipkey. Miss Landers then played Lohengrens wedding march and the bridal party entered, marching down the stairs, through the hall and across the parlor to the altar, where they were met by the pastor. First came the ribbon bearers, Little Nell Harper Green, in white with yellow sash and hair ribbon, and Master Robert Whipkey, little brother of the bride. Then came the attendants, Miss Lela Whipkey, sister of the bride and Mr. Johnnie O'Rourke, of Fort Worth; followed by the bride on the arm of the groom.

Following the marriage, refreshments were served by Mrs. F. B. Whipkey and Mrs. Hall, assisted by Misses Lois Whipkey, Dorothy Burns, Daisy Adams, Jewell Mitchell and Lillian Smith.

The bride wore a broadcloth, midnight blue coat suit, large blue hat, with accessories of gray, and carried a bouquet of pink Killarney roses. Miss Lela Whipkey, Miss McKenzie and Miss Landers wore yellow taffeta evening gowns, and carried white carnations.

The bride is the second daughter of Mr. and Mrs. A. L. Whipkey. She has been practically reared in Colorado, is a graduate of the high school here and has received her home training from her mother.

The groom was born in Colorado, but for several years has lived in El Paso. He is now located at Fort Worth, having a position as superintendent of construction with a Construction Company, who are now building the aviation camps. He is well known in Colorado.

The bride's cake was cut, first by the bride, and then by her girl friends. Miss McKenzie got the ring, Miss Whipkey the dime, and Miss Jewell Mitchell the button.

The bride's bouquet was thrown and caught by Miss McKenzie. Mr. and Mrs. Robertson left, mid showers of rice and best wishes of their friends, on the eastbound train for Fort Worth.

FIDELIS CLASS.

The Fidelis Baptist Sunday school class met with Mrs. Albert Wilson Tuesday afternoon. A most pleasant time was spent making bed shoes for the war relief department of the Needlework Guild. After work the hostess served lemonade.

CENTRAL CIRCLE.

Mrs. Costin was hostess for the Central Circle of the M. E. Church Monday afternoon. Besides the regular business they planned for their Christmas bazaar. They will begin at once to take orders for the Brown Christmas Novelties. Dues amounting to \$10.05 were received. The all day missionary meeting which is to be held at the church next Tuesday (16th) was discussed, and the program completed. They are expecting a good representation from every auxiliary in the county. At the social meeting sandwiches and tea were served. The next meeting is with Mrs. J. R. Collier.

BUSINESS MEETING.

At the business meeting of the women of the Baptist church last Thursday, they made some changes in their program. As before they will follow the convention plan of work, studying the various objects fostered by the denomination, from month to month. This month will be devoted to State Missions and next month is the regular meeting of the Convention, if there are any changes in the work it will be made after a report from that body. The membership of the Auxiliary will be composed of those who join, instead of considering every woman of the church a member, and paying 10c per month dues. They also planned for the shower to be given at the parsonage Friday, Oct. 26th from 6 to 10 p. m. for the orphans home. This is given in the evening so that the gentlemen may attend and that there can be a social get-together meeting as well as do benevolent work. There will be a program and light refreshments. Everyone is expected to have a part in this work. Good old clothing, new clothing, quilts, material for making garments or money, will be gladly accepted. Other than Baptists are most cordially invited to have part in this good work.

AUXILIARY TO C. W. B. M.

Mrs. Leslie Crowder was hostess for the Auxiliary meeting of the C. W. B. M. last Thursday. The year book committee made a report on the course of study for the year, which was accepted. The first three months of study will be on Africa. Mrs. Pond made a talk on the geographical location of the work in that country. Mrs. Harness read a letter from Mrs. Ferris, telling about the work and conditions, while she and her husband were missionaries there. This was especially interesting as they knew her, she being the daughter of Judge Hogan, who was the much loved pastor here for so long. Mrs. Sam Majors gave an interesting report on the C. W. B. M. meeting recently held at Abilene. Sandwiches and tea were served at the social hour. Below is a financial statement for the year ending Sept. 30:

Offerings to General Fund	30.65
Offerings to Development fund	15.35
Special offerings	40.00

CHRISTIAN SUNDAY SCHOOL.

The Christian Sunday school observed Rally and Promotion Day last Sunday and had a good attendance. The offering was good and went to the Juliett Fowler Orphans Home—the offering each first Sunday goes to this place. All the classes used the promotion cards showing which grade they had finished and which one they were promoted to. Some were fortunate enough to have a green sticker in the corner saying "with honor" or "with highest honors." These honors came by being present each Sunday in the year, on time, a good lesson and bringing a bible. As Mr. Sandusky, the Supt., called each one by name they marched forward to receive their promotion card.

At the eleven o'clock hour, the delegates who went to the convention of the Christian church at Abilene last Sunday and Monday, gave a report. Mr. Stowe reported the church work in general; Mrs. Burkhardt the Sunday school work and Mrs. Majors the C. W. B. M. They each gave a good report.

The War Relief department of the Needlework Guild wants contributions from those interested, of Indian Head Domestic, Unbleached Domestic or Outing Flannel, in any amount from one yard up. See Mrs. Van Tuyl or any member.

PROMOTION DAY.

Last Sunday was promotion day at the Baptist Sunday school. Quite a good program was rendered and enjoyed by the unusually large attendance. Special prayers were had for the boys that have gone to the army and had been former members of the Sunday school. The following were promoted from the Junior Department into the Intermediate Lee Jones, Jr., Charlie Moeser, Clyde Smith, Virgie Powell, Lillie Mat. Morroy and Bertie Anna Miller.

MERRY WIVES.

Mrs. Edgar Majors entertained the Merry Wives, Wednesday. Her guests were: Mrs. Everett Winn, Mrs. Shannon of Dallas, Mrs. Towle of Snyder, Mrs. Jim Greene, Mrs. Oscar Majors, Mrs. Sam Majors, and Mrs. D. C. Byrne. After several interesting games, a delicious salad course was served. The next meeting will be with Mrs. Milburn Doss.

U. D. C. MEETING.

The U. D. C. will meet next Tuesday afternoon at 4 o'clock with Mrs. Gustine. There will be no regular program, but this will be a get-together meeting. Some important business will come up and every member is urged to be present.

MARRIED.

On last Sunday evening Mrs. J. H. Bullock united in marriage Margie Kolb of this city and Mr. Edgar of Abilene. The wedding was quite a surprise to her friends. Kolb is well known here as friends all wish for them much success and prosperity. They will carry their home in Abilene.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

WHEN YOU TAKE COLD.

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

FREE OF CHARGE.

Any adult suffering from cough, cold or bronchitis, is invited to call at the drug store of W. L. Doss and get absolutely free, a sample bottle of Boschee's German Syrup, a soothing and healing remedy for all lung troubles, which has a successful record of fifty years. Gives the patient a good night's rest free from coughing, with free expectoration in the morning. Regular sizes, 25 and 75 cents. For sale in all civilized countries. Adv.

Oppose Raising Interest on Deposits.

Washington.—The comptroller of the currency is opposed to banks increasing their rates of interest on deposits from 3 to 4 per cent. Many banks proposed the advance so as to reduce the inconvenience which might follow large withdrawals of deposits for investments in Liberty bonds. There is a large amount of money in circulation which both the banks and the government believe can be brought to the surface in an appeal to aid the government by the purchase of bonds.

New York Expects to Oversell Bonds

New York.—With a vim that presaged a large oversubscription of the \$1,500,000,000 worth of bonds which the New York federal reserve district has volunteered to sell, flotation of the second liberty loan of \$2,000,000,000 is well under way here. Eight subscriptions the first day totaled more than \$32,500,000 and were led by managers of the as an indication that open sales would greatly exceed \$56,000 daily average.

Appropriations Reach \$16,901,966,815.

Washington.—Chairman Martin of the senate appropriations committee in a review of the achievements of this session of congress and of appropriations and contract authorizations for the fiscal year 1918 says the session breaks all records. "Total appropriations," the statement continues, "aggregate \$16,901,966,815, which with the total appropriations for the second session and the total contract authorizations for the present fiscal year, makes a grand total of \$21,390,730,940.

Grant Wage Increase to Coal Miners.

Washington.—Baltimore coal miners of the central competitive field won their fight for a general wage increase when operators and miners' representatives in conference here reached a compromise agreement on the terms of a new contract. The agreement presages a wage raise throughout the industry, since the central field scale serves as a basis for all other districts and a consequent advance in the government's fixed price for coal.

HOW CATARRH IS CURED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. Adv

MANY BRANCHES TO BE SHOWN AT THE STATE FAIR OF TEXAS.

COVERS 5,000 SQUARE FEET

Included in the Exhibit Will Be Models of the Forest Service, Weather Bureau, Bureau of Animal and Plant Industry, Etc.

Many branches of work under the direction of the Agricultural Department of the United States Government will be shown in the big exhibit which the Agricultural Department will place at the State Fair of Texas, October 13-28.

This exhibit will be located in the Agricultural Building and will be free to patrons of the State Fair. The exhibit will occupy not less than five thousand square feet of floor space, and will be accompanied by four representatives of the Department of Agriculture, who will explain the details thereof. Included in the branches to be treated by the exhibit will be:

Forest Service—Willow basket exhibit; model of dry kiln, two models showing the proper way to pile lumber for seasoning; erosion model showing the results of deforestation; transparencies showing the work in various national forests; two stereopticons for automatically showing stereopticon views; miniature fire tower; iron telephone box; fire fighting equipment tools; fire finder; twenty-four colored glass transparencies and fifty bromides and charts.

Weather Bureau—Large glass map size 6x8 feet; lightning rod house snow gauge, storm warning lanterns, barographs, river stage transmitter and dial, ordinary rain gauge single register, triple register, anemometer, electric rain gauge, wind vane, maximum and minimum thermometers, series of photographs and charts.

Bureau of Animal Industry—Sheep and cattle dips, diseased meat specimens showing results obtained by meat inspector service; story of clean milk, comprising forty-eight photographs and charts, showing the process through which the milk passes from the farm to the consumer; display of various kinds of eggs, including chicken, turkey, guinea, hens and geese; poultry-house model, showing construction of inexpensive and sanitary poultry house; trap nest, colony house and brood coop models; egg tester and incubator showing the fertility and infertile of eggs and telling why the public should produce infertile eggs for food; model dairy barn, model of milk house, model of silo construction; numbers of farm pictures, including animal and poultry life.

Bureau of Plant Industry—Specimens of various grains such as oats, rye, wheat and cereals; series of farm views, showing fields of wheat, rye, oats, wheat and cereals.

Office of Public Roads—Twelve models showing construction of various types of highways.

Bureau of Chemistry—Baby food and charts and drug exhibits and canning and drying fruits and vegetables.

POULTRY DIVISION AT STATE FAIR LARGER

Five Thousand Birds From Many States Will Be Entered in Show.

Five thousand birds will be entered in the Poultry Show to be held in connection with the State Fair of Texas, October 13-28.

Superintendent Walter Burton is expecting a more representative list of exhibitors than in former years, and he is authority for the statement that the number of birds entered will be greater. Louisiana fanciers will enter the State Fair Poultry Show for the first time, this year, reservations having been made by a number of fanciers from that State.

The Tri-State Silver Wyandotte Club will hold its first annual show at the State Fair. This organization limits its membership to Texas, Oklahoma and Kansas, and each of the three states will have a large representation in the show.

In addition to the premiums offered by the State Fair, the Tri-State Club has posted a number of attractive specials for members of the organization.

The Texas Barred-Rock Club will also hold its show in connection with the State Fair Poultry Show, and is offering liberal specials supplementing the premiums offered by the State Fair.

Silk Making Plant Shown.

A complete silk manufacturing plant, showing the making of silk cloth from the culture of the silk worm to the completed fabric, will be in operation at the State Fair of Texas, October 13-28.

The Austin Silk Plantation & Manufacturing Co. has reserved a large space for the installation of this plant and representatives of the company will be in charge to explain the various steps in manufacture. Dr. V. K. Osgian will be in charge of the exhibit.

JUDGE KYSER NOW ENDORSES TANLAC

Well Known Public Man of Austin Says, "It Put Me In Better Shape Than I've Been For Years."

One of the distinguishing features of the introduction and phenomenal popularity of Tanlac in Texas and throughout the South, is the large number of prominent men who have come forward and given the medicine their unqualified endorsements because of the benefits they have derived from its use.

Judge G. W. Kyser, 1204 West Ninth street, Austin, Texas, in a recent interview, made the following statement:

"Tanlac is rapidly making me over into a new man and I will always speak a good word for it when I have the opportunity.

Judge Kyser served in the Civil War with the 32nd Texas Cavalry under Colonel Woods, and the Confederate veteran needs no introduction to the Southern born man or woman. The judge occupied the bench in Caldwell county for twenty years and resigned this office to accept the appointment as commissioner of pensions under Governor Colquitt. After eighteen months in this high office, he was compelled, on account of failing health, to retire from active life. He is not only one of Austin's most highly respected citizens, but is prominently known throughout the state.

"I have suffered from constipation for years," continued Judge Kyser, "I had rheumatic pains all over my body, was restless and couldn't sleep at all well. I was stupid and tired, my mind seemed to be sluggish, and at times I couldn't think. I had no energy and suffered frequently from headaches. And, on top of my other troubles, about a month ago, a few days before I began taking Tanlac, I took a severe cold which left me with a pain in my chest and a dreadful cough—I couldn't rest at night for coughing—and to be frank about it, I was just about played out.

"But I'm feeling like a different man now, thanks to Tanlac. I saw it advertised and began taking it and two bottles have put me in better shape than I have been in months, and that is a fact, it's the best medicine I ever took. I eat hearty and sleep well, my rheumatic pains and cough are all gone and I feel more active and energetic than I have in a long time. In fact, I'm feeling fine now and nothing has helped me but Tanlac. I recommend it to my friends as the best medicine I have ever found to build up a weak, run-down system and to restore lost health and vigor."

Tanlac is sold in Colorado by W. L. Doss, in Loaine by Garland and Elliott and in Westbrook by J. H. Board.

PHENIX IRRIGATED FARM.

Mr. F. C. Dale, who has been running the Phenix farm under a lease, sold last Saturday 13 bales of cotton at 25c, bringing the sum of \$1,766.75, not including the seed. He says the seed will bring him \$600 or \$700 as it will be sold for planting. Mr. Dale says he has about forty acres in cotton and will get fifteen or sixteen more bales. His feed crops are exceptionally fine, and he estimates that he will realize \$7,000 off the place this year. He estimates the cost of putting the water on the farm at from \$6 to \$7 per acre per year. Mr. Dale is inexperienced in irrigation, but says this is a thorough demonstration of the value of irrigation in this country. He has a lease on the place for another year and says with the experience he has had, that he will do even better than he did this year.

COLORADO SANITARIUM
To Be Taken Over By Drs. Coleman Root and Whitmore.

A contract has been effected by us with Drs. Ratliff and Ratliff, by which we have leased the Colorado Sanitarium, and same will in the future be open to the public for the care and treatment of surgical diseases. The care and management of the building will be in charge of a competent and experienced lady, which assures its being kept in a clean and sanitary condition. Graduate nurses will be obtained from Abilene, at a cost to the patient, within a few hours, when deemed necessary. It shall be our prime aim to have good and suitable facilities for the care and treatment of all surgical cases entering the sanitarium, and at the same time with a minimum cost to the patients.

We have not undertaken the project of keeping the Sanitarium open with the aim of making one single dime above actual expenses. We have leased it solely for the convenience it will be to ourselves and the additional safety it will give our patients who may need operative treatment. Heretofore we have been doing quite a number of operations in the homes of the patients purposely for the saving to the patient the additional fee which going to a sanitarium would entail. In these home cases we have always experienced a very great inconvenience in preparing, properly, for the operation; and have often done these operations with very poor and insufficient light. Moreover, the after care of these cases have usually proven to be very expensive to the patient, else quite a burden to the attending physician. In many cases both. In consequence of these facts, learned by past experience, we have leased the sanitarium and shall endeavor to run it on the charge of minimum fees, carefully figured from the actual cost of its lease and maintenance.

We invite the co-operation and patronage of all neighboring physicians. Respectfully submitted,
P. C. COLEMAN, M. D.
J. T. WHITMORE, M. D.
C. L. ROOT, M. D.

NOTICE IN PROBATE.

THE STATE OF TEXAS, To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

The State of Texas.—To all persons interested in the Estate of George Edward Stowe, Age 11, Marshalline Stowe, Age 7, and James Herold Stowe, Age 3, Minors; J. E. Stowe has filed in the county court of Mitchell county, an application for appointment as guardian for minors' Estate, which will be heard at the next term of said court, commencing on the third Monday in October, A. D. 1917, the same being the 15th day of October, 1917, at the court house thereof, in Colorado, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your returns thereon, showing how you have executed the same.

Witness my hand and official seal at Colorado, Texas, this 4th day of October, 1917.

W. W. PORTER, Clerk
County Court, Mitchell County, Tex.
I hereby certify that the foregoing is a true and correct copy of the original writ now in my hands.
A. W. COOKSEY,
Sheriff Mitchell County, Texas.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.
For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes their sturdy and strong. No alcohol.

ROAD BONDS WANTED.

Petitions are reported to be in circulation in the Roscoe, Blackwell, and other communities in the county requesting the commissioners' court to order an election for the purpose of issuing bonds to the amount of \$100,000 to be used in building good roads in the county.

The proponents of the bond issue say that not only are the roads needed, but by doing the work at this time many people will be enabled to remain here and make crops next year who otherwise will be forced to seek work elsewhere.

It is pointed out that the federal and state government will pay \$35,000 into the county funds to be used in the road building work provided the county will raise approximately \$100,000.—Sweetwater Reporter.

JONES WANTS \$200,000 and... Anson, Tex., Oct. 3.—A to be... tended mass meeting held as... afternoon it was decided to... commissioners' court to call a... tion for the purpose of authorizing... the issuance of \$200,000 in bonds... for the purpose of building good... roads in Precinct No. 2 of Jones Co.

Garza county has voted to issue \$65,000 in road bonds. This issue carried by a close margin, but it was enough. Now, the Post City Post says: "We wish to sound a note of warning to the commissioners' court and that is, the people are going to strenuously object to the members of the court drawing pay for riding around over the roads on a so-called tour of inspection. They are going to demand that a road expert be secured and that he will have charge of the road building."

Baird, Tex., Sept. 29.—A good roads meeting was held here Thursday with a large crowd present, and it was unanimously agreed that a petition would be presented to the commissioners' court on November 15, asking that an election be held to decide on a \$100,000 road bond issue.

Justice precinct No. 2 of Haskell county, which includes the towns of Rochester and O'Brien, has been granted an election for the purpose of voting a \$75,000 bond issue for public road improvement.

SOLDIER BOYS LEAVE.

Again Colorado gave up another quota of her young men, and again all was done for them, that could be thought of to make their going as pleasant as possible. They left on Monday evening, and before they left special services were held in their honor at the Christian church. The church was decorated with flags and before the time arrived for the services, the house was filled to overflowing.

Music was furnished by the Colorado band. Rev. Guy B. Duff led the prayer and Dr. W. A. Williams, rector of the Episcopal church, made the address. His theme on pure democracy was most inspiring to the boys who are leaving, and comforting to the ones left behind.

The names of the thirty-three men were called out and as each young man stood up he was heartily cheered. The good women of the town showed their interest by fixing lunches for them. There was fried chicken, pickles, sandwiches, cakes and fruit, for all of them.

A large crowd was at the train to tell the boys good-bye, and to wish them well, and to hope for them a safe return at an early day to their homes and loved ones.

Mitchell county has indeed done her part in giving up her young men and as they go, many are the hearts that are lifted up in prayer, that they may be guided in the right way at all times.

UNSHAKEN TESTIMONY.

Time is the test of truth. And Doan's Kidney Pills have stood the test in Colorado. No Colorado resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. W. Nunn, prop. Colorado Hotel, Elm St., Colorado, says: "Some years ago I suffered terrible agony from my kidneys. Nothing did me any good until I read of Doan's Kidney Pills and got a box. I used them as directed and they soon cured me of the attack." (Statement given January 18, 1912).

Still Uses Doans.

On November 4, 1915, Mr. Nunn said: "I am just as glad to recommend Doan's Kidney Pills. Whenever I use this medicine I receive the same good results."

GREATEST JOB EVER DONE BY ANY GOVERNMENT

The completion of sixteen cantonments for the national army is one of the greatest construction jobs ever undertaken by any government, and within three months the government has expended approximately \$150,000,000 upon this work, whereas the largest amount appropriated in any one year for the Panama canal was \$46,000,000.

Within sixty days 190 sawmills in all parts of the country shipped more than 500,000,000 feet of lumber to the cantonment sites. Altogether 96,000 kegs of nails were used; there were installed 140,000 doors and 686,000 sash, while nearly 30,000,000 square feet of wall board was used for inside sheathing.

When paved streets, telephones, fire protection, electric lights, water supply and sewage disposal are added to this undertaking, some idea may be had as to the wonderful piece of work done in record breaking time in providing comfortable quarters for the national army.

Conservation in Telephone use is the One Alternative if Necessary Telephone Service is to be Maintained.

Additional telephone equipment is very difficult to procure. The raw material from which it is manufactured has been going into arms, armment and material of war. Deliveries cannot be promised.

At the same time, due to great military preparation and business activity in related lines, the use of the telephone has very largely increased.

Meanwhile, as a patriotic obligation, the government has been given the right of way over the wires. After the needs of the nation are met, those of individuals are to be considered.

Therefore, if your own important service is to be protected, conservation in the use of the telephone is the one alternative. Your co-operation to this end should be appreciated by every other telephone user.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR.

Make This Beauty Lotion for a Few Cents and See for Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smooth and beautify the skin.

All druggists will supply three ounces of orchard white at very little cost and the grocer has the lemons. No. 5 Adv.

JIM METCALF WRITES.

I have been in Nogales since October 20th, and will gladly say that I am liking here fine.

The scenery here is mostly Mexicans and high hills or mountains—Americans are just about as scarce here as hen's teeth.

During my stay in Ft. Bliss, I felt at home somewhat as two of the home boys, Leroy Gressett and Albert Young, were there. But here, I am one among ten thousand, although I am not taking army life so seriously, for I am certainly cheered up by a letter from a friend, and sometimes a cake, which is a rare thing in the army.

I noticed in the list of drafted boys several familiar names. I will say that the drafted boys have my sympathy, for I know some of the things that they will have to contend with.

If any of the home boys should happen to notice these lines and get my address, I would appreciate a letter from them.

With best wishes to them all. JIM METCALF, Nogales, Arizona.

A SLUGGISH LIVER.

Crashes into sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tonic which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children they like it.

REPRESENTATIVES FROM EVERY COMMUNITY IN TEXAS WILL ATTEND CONFERENCE AT DALLAS OCT. 22

YMCA RAISING \$35,000,000

Elg Men on Program—L. A. Coulter, State Campaign Manager, Will Appoint Executive Secretary For This County

This county, along with other counties in the state, will be represented at a conference of the Texas War Work Council of the Young Men's Christian Association to be held in Dallas Oct. 22. The State is being organized to secure its share of the \$35,000,000 national Y. M. C. A. war work fund to be raised within the next month to continue the work among U. S. troops, both in America and in France, and among prisoners of war of other countries. L. A. Coulter, state campaign director, Dallas, is arranging for an executive secretary for this county. Others who are interested in attending are asked to let him know. Among the big men of the state who will be present for the conference are H. H. Simmons of Hillsboro, who will act as chairman; H. L. Koberger, A. L. Burns, Rhodes S. Baker, T. W. Currie, W. C. Paine, W. W. Woodson, E. R. Brown, W. S. Mosher, S. J. Brien and W. A. Scott.

HOW TO SECURE A LIBERTY BOND.

You are satisfied that it is your duty to yourself and to your country to buy a Liberty Bond. Now you want to know just how to secure one. Go to any bank, sign an application form for the bond of the value desired.

The bonds are of the following values: \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000.

Your banker will take your check for 2 per cent of the amount of the bond you decide to purchase. The remaining payments will be made as follows:

Eighteen per cent on Nov. 15, 1917. Forty per cent on Dec. 15, 1917. Forty per cent on Jan. 15, 1918.

You can pay in full at time of application for any bond up to the value of \$1,000 if you wish.

If you care to pay for your bond in full at the time of application you can have your bond by about Oct. 10. If you pay by installments you will receive your bond as soon as you have finished paying for it.

The bonds are free from Federal, State or local taxes. In the case of wealthy people who pay income surtaxes, and hold bonds of over \$5,000, there is a small tax, but as far as the average man is concerned they are tax free.

The interest on the bonds is 4 per cent, payable to you on May 15 and Nov. 15 each year.

The bonds may be redeemed by the government in full on and after Nov. 15, 1927.

During the meantime the bonds may pass from one person to another almost as freely as a dollar bill does. There is very little difference between giving your check for a \$500 bill and giving it for a Liberty bond.

Any banker will handle your subscription and charge you nothing for the trouble.

GOVERNMENT CROP REPORT.

A summary of the September crop report for the State of Texas as compiled by the Bureau of Crop Estimates U. S. Department of Agriculture, is as follows:

GIVES CREDIT TO ADVERTISING

Scott & Bowne, manufacturing chemists, of Bloomfield, N. J., proprietors of the world famous medicine, Scott's Emulsion, is one of the largest advertisers and one of the most successful firms in America, so their opinion of the value of newspaper advertising is worthy of attention. In a letter of instructions relative to their advertising in the Record, they say:

"The steadily increasing popularity of Scott's Emulsion is due in part to our persistent adherence to newspaper advertising. We have followed this method of publicity for nearly fifty years, and we are taking this opportunity to thank the publishers of the 2000 weeklies in which we advertise for their demonstrated appreciation of clean, truthful advertising, such as that of Scott's Emulsion."

Their opinion of the Record as an advertising medium is shown by the fact that their advertising has been in its columns almost continuously for more than twenty-five years.

YOU PAY YOUR DEBTS.

Of course you do. Why? You could turn rascal, and possibly "get away with it." You pay your debts because you want the respect of your fellow men.

Have you paid your debt to your Country?

You have been running up a bill with Uncle Sam for years. He has protected you, educated you, guarded you and your property, educated your children, and today he is fighting a death struggle with a fellow who would rob and murder you if only he could get at you.

Now Uncle Sam wants you to dig down and loan him some money.

What are you going to do about it? Tell him you "can do better" with your money than loan him to him? Are you going to tell him you pay your debts to everyone else, but you refuse to pay your debts to him?

No. As an honest man, you are going to say: "Loan you money? Sure I will! Why if you asked me to give it to you, I would do it. But LOAN it, why sure!"

Millions of men are going to feel, and talk, and act just this way. So are you!

Now, when are you going to do it? Why not today?

Perhaps you have wanted money some time in your life—most of us have. When did you want it? Right away, or in a month's time? Did you want to wait around wondering whether or not you were going to get the money? You did not!

Treat Uncle Sam the same way that you would wish to be treated yourself. Lend him the money now—willingly and quickly—today.

"Have you got an extra paper," said the grocer as he walked into the newspaper office.

"Have you an extra pound of sugar?" asked the editor.

"Think this over."

Each morning's mail from a hundred and one departments of the government demonstrates that despite the war, advice is still cheap.

A FAMILY AFFAIR

If your father and your son were in a trouble, struggling for their lives, and doing it in defense of your some and your business, would you supply them with food and clothing, or would you refuse them?

This is a straight question. Yet the one facing you today. The country which has protected you and your family, may well claim to be considered as your father, and as for the boys who are giving their lives for you, surely they have a right to be considered as your sons.

This nation is one big family today. This war is a family affair.

Be a good father and a good son. Your sense of justice and fairness, your patriotism, is on trial.

When you remember that you are asked to give nothing, but only to send money by investing in LIBERTY BONDS, you have no choice in the matter. Your heart tells you that you MUST do it.

If you have to go short of some luxury—do it.

Save and invest in Liberty Bonds until it pinches you, and the sacrifice hurts. It is the duty of every real American.

You will lose nothing. The bond is always worth just about what you gave for it. Probably it will be worth more later. You will have saved just that amount of money you invest in Liberty Bonds, and be just so much better off.

A man who will not sacrifice anything for his country, is not a real man. The man who does make a sacrifice, is a real man, and a true American.

You—the man who is reading this, know these statements are fair and true ones. This appeal is not written in vain, because it is going to influence you. You are going to buy a Liberty Bond.

WAKING UP.

Jones county is one of the finest agricultural counties in Texas. It is inhabited by as high class citizenship as can be found in the southwest. There are three good towns in Jones county and some good roads, but the county has been far behind the best counties of the west in the matter of good roads. Jones is now waking up on this subject. Precinct one has called an election to vote \$200,000 road bonds. Other precincts will follow. Good for Jones county.

NEW DEADLY GAS PERFECTED BY FRENCH

A gas infinitely more deadly than the German mustard gas has been perfected by the French and is killing entire regiments of the Kaiser's forces at a time. They also tell of a wonderfully clever "Trojan horse" like the trick played upon the Germans by the French, which served its purpose as well as the wooden animal with which the Greeks of old "hornswoggled" King Priam's people.

When the Germans started using their most recently discovered gas, which makes breathing even through masks very hard, the French thought themselves of some retaliatory measure; and they hit upon a gas, compared to the German mustard gas is as harmless as a delicate perfume. The French gas defies masks altogether and is entirely odorless and has the disconcerting characteristic of causing an instantaneous hemorrhage of the lungs. In one instance it was used to such good advantage that 1,500 Prussians dropped dead in their tracks.

On the program for the day's conference are the following: "Enlarged Program National War Work Council," G. Sherwood Eddy, Message from the chairman of the Southern Department, E. Roger Kemp, president of the Sinclair Oil Co. of Oklahoma.

"Enlisting the Boys of the Nation," F. M. Cheley.

"American Students on the War Appeal," H. L. Heinzman.

"Why Texas Must and Will Respond," Rhodes S. Baker.

"Achieving the Seeming Impossible," George W. Truett.

JOHNNY'S GEOGRAPHY CLASS. Teacher—Johnnie, bound Germany Johnnie—I can't do it, ma'am, Its in hell.

Teacher—Well, bound hell. Johnnie—I can't do it ma'am, because it had to be made so much bigger to take in Germany that I don't know how to bound it.

Teacher—William, try your hand at bounding Germany.

William—It is bounded all around by lies, and on the east and west by a line of murdered babies and the bodies of outraged and murdered women; it is also bounded on the north, east, south and west and on top by the world's hate and on the bottom by hell.

Teacher—That's pretty good, William, for the first trial, but you still have a lot to learn about Germany.

BAPTIST PASTOR CUTS OWN SALARY. Rev. W. H. Sims, pastor of the First Baptist Church in Snyder went before his congregation last Sunday and told them how much he realizes the stringency of the times and he knows that business in all lines is in bad conditions and money scarce and he voluntarily asked that his salary be reduced \$25.00 a month. It goes without saying that his brethren will appreciate this act of co-operation.

SPECIAL NOTICE.

I have leased my wood yard to Mr. Lambeth, as Mr. Connor has given it up. Mr. Lambeth informs me that he has ordered a full supply of good wood, just such wood as the public will require, and hopes to enjoy the liberal patronage that Mr. Connor and I have enjoyed for so long a time. Mr. Connor joins me in thanking the public in general for their patronage, and we commend Mr. Lambeth to one and all.

Respectfully,
W. W. PORTER.

In reference to the above notice I wish to say that I have ordered a large lot of the best wood obtainable which will be arriving in a few days. I am going to sell this wood to my customers at the lowest possible price. And I propose to give full measure--if you buy a cord of wood you'll get a cord. I will have different kinds, so that I can suit any customer. I promise to give the best and most prompt service. I ask a continuance of the patronage accorded my predecessors, assuring you that I shall do all in my power to deserve and retain it. Thanking you in advance, I am,
Yours truly,
O. LAMBETH.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and

make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. Adv1

FERGUSON CASES SET FOR NOVEMBER 29.

Austin, Oct. 15.—In the Criminal District Court today the nine cases charging former Governor J. E. Ferguson with the misapplication of public funds and embezzlement was set for trial on November 25.

The cases against former Commissioner of Labor, C. W. Woodman, charging perjury were also set for November 26.

No application for a change of venue was made by the former governor although such action is expected to be taken when the cases against him come up for trial here.

The cases against C. J. Bartlett, secretary of state, Chas. L. Stowe, superintendent of public buildings and grounds, C. O. Austin, commissioner of insurance and banking and John G. McKay, former secretary of state, charging the misapplication of public funds were set for November 19th.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache Away with Small Bottle of Old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints. Adv.

Watson will take care of your coal orders.

WOULD COST \$1,025,241 TO BUILD HIGHWAY.

State Highway Engineer, Geo. A. Duren has made public a statement of the condition he found the roads on the line of the Dallas-El Paso Highway on his recent tour. He will be remembered that Mr. Duren and party spent several hours here. He reports the roads generally in fair condition with much needed improvements to be done.

In commenting upon the Mitchell county part of the highway he said the road through the county is graded and part of it graveled, but is in need of extensive improvements. He estimates that \$1,025,241 would be needed to build the entire highway. He says:

"The importance of this highway to Texas can not be overestimated. El Paso and its wonderful resources is connected with New Mexico with excellently improved highways, but is cut off from the rest of Texas by the Monahan sands, rugged hills and mountains lying south and southwest of same, so that El Paso is practically in a commercial sense, a New Mexico city. This highway would serve Texas as the great gateway to New Mexico and Mexico, and that part of the United States between Texas and the Pacific ocean. It would furnish an open highway to tourists all the year round, one that would not be closed during parts of the year by ice and snow, such as happens on transcontinental routes through the more northern states."

HOW CATARRH IS CURED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. Adv.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Bileusness, Sour Stomach and Constipation.

Get a 10-cent box now.

Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a sealed barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and will straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need good gentle cleansing, too.

Even if there should be a reduction in food prices, there will be no excuse for waste. No amount of money will buy food after the supply is exhausted.—Portland Oregonian.

LORAINÉ ROSCOE COLORADO

DR. BROUGHTON, FAMOUS MINISTER COMING TO ABILENE SOON.

The services of Dr. Broughton has been secured by the First Baptist Church at Abilene to hold a fifteen day's meeting, commencing next Tuesday, October 23.

This is of interest not only to the First Baptist church, and the religious forces and institutions of Abilene, but to the entire west, as a whole. Dr. Broughton is easily one of the foremost men of the world today, and his name is known wherever the English language is spoken.

He is known in this country for the great work he did in Atlanta, Ga., where he started with 300 poor people and in fifteen years built up a great church of international fame, of over 2,000 members, a hospital valued at several hundred thousand dollars, a home for working girls, an annual bible conference that drew from all over this country and from England. And added to all this he inaugurated the first pelagra hospital in the world. It was in Atlanta that Dr. Broughton carried to success one of the greatest programs of reform ever accomplished on the American continent. In the face of boycott and threat after threat upon his life, he kept up the fight till a wave of reform swept the city, and Broughton was the man of the hour.

About this time he received his third call to the great Christ's Church London, England, one of the outstanding churches of the world. In accepting this call, which was presented in person by a committee sent to Atlanta from the London church, men who were themselves members of the firm of Lloyds, he became successor to the great London preacher, the Rev. Dr. L. B. Meyer, who had just concluded a fifteen years ministry in that church which had made him famous around the world.

Dr. Broughton will be long remembered in England for his patriotic and humanitarian work during the early part of the war. The chairman of the war committee was a deacon in his church, and among his friends were such men as Sir Edward Gray. A series of sermons preached by Dr. Broughton was ordered printed in book form by the government, and circulated as recruiting literature for the army. It was during the great inrush of

Belgian refugees that Dr. Broughton overworked, trying to house and feed, and nurse the sick of these poor Belgians, that he had almost fatal collapse of health. For months he lay at the point of death, but by the aid of the ablest physicians of London and the kindness of Providence, he was finally restored. Feeling as he did, that the United States would be drawn into this war, he came back to his own country to consecrate himself to our own cause. He accepted a call to the great Baptist Church of Knoxville, Tenn., a city of 150,000 population, but in addition to his work there his patriotic advice has been heard almost throughout the nation in the cause of freedom of mankind.

It is interesting to know that Dr. Broughton was one of the ablest physicians and surgeons in his state before he gave himself to religious and humanitarian work. He is a man always popular with the physicians wherever he goes. As an author his books are many and deservedly popular.

As a great preacher, profound yet simple, humorous, yet possessing to a wonderful degree the gift of pathos now gentle as the softest breeze, now raging like a cyclone, in every sense of the word, he is all that goes to make a great preacher.

Dr. Jenkins, pastor of the First Baptist Church at Abilene stated that it is his desire that every church in Abilene and every institution that is for the making of a better and bigger city, shall receive an uplift from this man's ministry in our midst, and that all their friends in West Texas will make it convenient to visit them during this meeting. If the West Texas towns want to run excursions we will see that they all get to hear Broughton, for we can seat 2,500 and if this is not sufficient room we will arrange for him to speak twice the same evening," said Dr. Jenkins. It is being planned for several auto loads to go from here and stay several days, to hear this eminent divine.

WAR WORK HELPS MORALE OF MEN

TEXAS ORGANIZED TO AID IN RAISING \$35,000,000 WAR WORK FUND

Greater Good Than Red Cross, Says One Worker, Because Makes Men Better in Spirit

What the Red Cross is to the imperiled bodies of our soldiers the Y. M. C. A. war work is to their endangered morals.

In every training camp, at every post, along the front line trenches, the Young Men's Christian Association has its workers, its buildings, its equipment for varied wholesome amusements and its uplifting spiritual influence.

Texas is being organized to secure its allotment of the \$35,000,000 national war work fund of the association. Under the direction of L. A. Coulter, Dallas, representative men are being secured for departmental conferences to be held in every section of the state, following the state gathering at Dallas on Oct. 27. The campaign will continue through Nov. 11-19, and the budget planned will maintain the war work to July 1st, 1918.

Raising Morale of Men

Napoleon used to say that morale is to other factors in war as three to one. The Y. M. C. A. War Work Council proposes to devote itself exclusively to raising, strengthening and preserving the morale of our men and of the Allied countries.

An outstanding leader of the Red Cross said: "One reason why I believe your Y. M. C. A. work is even more important than ours is that you are not only supplementing what we do here and there for the bodies of men, but you are dealing also with that more vital factor, the morale, the spirit of the troops."

YOU CAN'T FIND ANY DANDRUFF AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy Glossy and Beautiful at Once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair. Adv 4

TOM GREEN PRO ELECTION 29.

San Angelo, Oct. 9.—The Commissioners Court in session here today ordered the prohibition election for this county to be held October 29th in response to a petition numerously signed that was presented to the body. There was no opposition to make the order nor to the date named.

In the last county election held here, the antis won by 35 votes. The result of the present campaign is conceded to be in doubt by both sides. The pros held their first mass meeting here Sunday with Dwight L. Levelling as the principal speaker. The antis plan organizing and getting busy at once. They have not yet announced whether public speaking will be carried out or not.

120 NEGROES TO GO ON TRIAL FOR RIOTS.

San Antonio, Tex. Oct. 14.—An order for the court martial of more than 120 negroes of the 24th infantry charged with participation in the riots at Houston August 23, to be held at Fort Sam Houston is expected early next week, it was announced at the Southern Department headquarters today. Sixty negroes will be charged with mutiny and murder and the remainder with lesser offenses.

COMPLIMENTS RECORD.

San Angelo.—I think I must add a few roses to the Bouquet recently handed you by Dr. Buchanan. As I know the prevailing conditions of Mitchell county, I don't see how such a splendid paper is possible. I was reared in Colorado and certainly appreciate the Record.

Tom Green is drouth stricken too; and soon will be "dry," as the prohibition election was ordered for Oct. 29th.

Mr. Harris is now in business for himself, having a first-class union barber shop on South Chadbourne St. We will have a racing program and street carnival instead of the usual fair. Some very attractive premiums are to be offered.

The St. Angelus Hotel, which is magnificent, will be ready for the public the last of this month.

Wishing the Record a merited success, I am,—Mrs. H. E. Harris. (Mrs. Harris was known in Colorado as Miss Josie Cook, daughter of Mr. and Mrs. Best Cook.—Ed)

UNSHAKEN TESTIMONY.

Time is the test of truth. And Doan's Kidney Pills have stood the test in Colorado. No Colorado resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. W. Nunn, prop. Colorado Hotel, Elm St., Colorado, says: "Some years ago I suffered terrible agony from my kidneys. Nothing did me any good until I read of Doan's Kidney Pills and got a box. I used them as directed and they soon cured me of the attack." (Statement given January 18, 1912).

Still Uses Doans.

On November 4, 1915, Mr. Nunn said: "I am just as glad to recommend Doan's Kidney Pills. Whenever I use this medicine I receive the same good results."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nunn has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. Adv

UP TO THE GOVERNMENT.

For months a long suffering public, mulcted of every nickle it earned by food speculators, has borne the injustice patiently, believing that ultimately the government would save it. It is a wonderful demonstration of faith of the people in the government and it is to be hoped that now the food bill has passed, steps will be taken to reduce prices to normal.

PRO. ELECTION DATES.

R. H. Kirby, President of the Anti-Saloon League, is advised that local option elections will be held as follows: Robertson County, Oct. 24; Burleson County, Oct. 25; Tom Green County, Oct. 26; McLennan County, Oct. 28; Falls County, Oct. 29; Hidalgo County, Nov. 3; Grimes County, Nov. 3, and Bastrop County, Prec. No. 3, Nov. 3.

RECOVERS AFTER 20 YEARS OF SUFFERING

Gains 20 Pounds on Tanlac and Says She Now Feels Fine—Told She Could Not Live Three Months.

"When they carried me to the hospital and I refused to be operated on, I was told I would not be alive three months longer, but since I got to taking Tanlac, I have actually gained all of twenty pounds and my improvement is a surprise to lots of people who knew about my dreadful condition."

The above remarkable statement was made by Mrs. J. H. Spears, residing at 765 Crockett street, Memphis, Tenn., a few days ago.

"For twenty years," Mrs. Spears continued, "I suffered with a bad form of indigestion and the most painful form of cramping trouble in my side and back. Some said I had a floating kidney, some said neuralgia and others called it gallstones. I don't know what the trouble was, but anyhow I just can't describe the awful sufferings I had to endure with these spells. I had no appetite at all, and everything I ate would sour on my stomach and form gas which caused a pain to start that would draw me double. The misery would begin in my back and then work up into my chest and make my heart flutter and palpitate until it would almost choke me to death. Many a night I have stayed awake and cried with pain and misery and I have even hobbled out of bed to sit on the doorstep, trying to get relief and I so weak, especially in the mornings, I couldn't walk.

"I had no strength at all and frequently would have to have my breakfast brought to my bed, as I couldn't get up for it. My husband spent a small fortune trying to get me well, but nothing helped me, so it was decided that an operation was necessary. I was so despondent that I felt I wouldn't live through it and refused to allow it.

"About this time Tanlac came to Memphis and though I didn't have much faith in any medicine, I tried a bottle of it and quit. Last September, my husband and I decided that I should give it a thorough trial, and I began taking it again.

"Soon after I had taken the first bottle, I noted my appetite began to come back, and now, my husband says he will have to get a raise in salary to keep me in something to eat, I am so ravenously hungry all the time. I have gained so that I am about to outgrow my clothes and my strength is increasing every day. My stomach is perfectly well now and I haven't had one of those spells since last September. My back and side feel a great deal better and are improving all the time and I can sleep like a child at night. After my second bottle of Tanlac, I could go to the table for meals and now I frequently cook our Sunday dinners so the cook can go to church. Money just couldn't buy the good Tanlac has done me, and I can't praise it too much."

Tanlac is sold in Colorado by W. L. Doss, in Loaine by Garland and Elliott and in Westbrook by J. H. Board.

NOT JUST YET.

It has been currently reported over the country that the Whipkey Printing Co., were going to move away their plant and discontinue the publication of the Record at Colorado. To all who have heard or surmised that this might be the case we wish it understood that this has never been our intention. Of course it might be possible that conditions would become so bad that we could not remain and do business here, but we are not going just yet—and we most earnestly hope that we will not have to go at all. We have cut down our expenses to the lowest point and are doing all the work ourselves, and as long as we can get a meager living for our families we are going to "stay by the stuff" We have put in twelve years of hard work in establishing the Record, and building it to its present standing, and we propose to keep it there just so long as we can. When you hear this report again, just tell them, that the Record is here to stay, as long as anybody else stays.

When they speak of sharks at the seashore, wonder if they mean those in the hotel.

We would accomplish much in the war against Germany if we fired some of the big political guns.

The Record acknowledges receipt this week of press tickets to the race meet and carnival at San Angelo, Oct. 30th to Nov. 3rd. Notice of the entertainment is published elsewhere in this paper.

There are a lot of people who think unprintable things of Senator La-Follette, Gore and Thomas, who will see some justice in their proposal that war profits and big incomes be utilized as the principal sources of taxation in providing funds for the war.

The Colorado Record entered its 13th year with its last issue. The Record is owned and published by Whipkey Bros. The Record has had a successful career since its first issue, and has been a leader in the development of Central West Texas. It has been very liberally supported and enters its 13th year with most flattering prospects. The Beacon extends the Record best wishes for its future prosperity.—Lockney Beacon

The advertising given the West at Austin concerning financial aid that never materialized was uncalled for, but will soon be forgotten. The people out here will manage their own affairs some way and when it goes to raining again the folks who left will come back and many more and the incident will be closed. In the meantime we will go on paying taxes and being as good as we can. Some day we will get enough people in the west to divide the old state and then we will get busy and do it. It always has been too big and will never be fully developed until it is divided.

STATE FACTS—ALL THE FACTS.

The Abilene Reporter says: The Colorado Record keeps on saying that Abilene did not join the West Texas A. & M. Association and did not pay any part of the expense of the Association. The Reporter has corrected this statement prior to this time but prefers to believe that The Record failed to see the correction, so we shall make the effort again. The facts are Abilene joined the Association at the organization of the Association or very soon thereafter and paid \$25.00 toward its support and that Abilene had delegates at almost every meeting of the Association. Abilene had a large hand in getting the establishment of the institution made a platform demand and worked for the law as hard as any town in the west. True we did not make as much fuss about it as some other places but we were working as hard as any of them. Abilene is willing to again join hands with the people of the west and work for the re-enactment of the law and will not try to kill the school should some other town land it when it is located.

The facts in the case—and our authority is Dr. P. C. Coleman, who was Chairman of the A. & M. Association, and presided at every meeting; and Thos. W. Hodges, Secretary—are these: In the original organization Abilene was a member and Fred T. Wood of Abilene was made a member of the original executive committee, but he never attended a single meeting, and Abilene, at no time, had a representative. While other towns of West Texas were putting up from \$100 to \$500 Abilene paid the pitiful sum of \$25. It was plainly to be seen by the Association that Abilene could not be relied upon, so a reorganization was had, and Abilene was dropped, because of the non-payment of an assessment that had been made. The new organization held meeting after meeting; put up funds to send a committee to Austin; pushed the demand so hard that it finally became a law.

All this time Abilene laid low and said or did anything. Could it be possible that she could have had a premonition of the location that early in the game?
In closing its remarks the Reporter should have used the word "fairly." It says: "will not try to kill the school should some other town land it when it is located." The word "fairly" should have been added at the conclusion of this sentence.

However Colorado has no criticism or any material kick coming, as she was not a candidate for the school; but what Colorado did for the cause in work and money was done for the betterment of West Texas, regardless of any individual town. Dr. P. C. Coleman, than whom there is no fairer man in this great state, gave much of his time, and no inconsiderable amount of his means, to this cause, wholly for the public good.

This much we say, to the Reporter to keep the record straight.

Advertising is a commodity. If the government needs advertising to sell bonds or accomplish other work it should pay for this commodity just as it pays for steel necessary for its ships and armaments. The wealthiest nation in the world has no more right to expect the newspapers to give it this commodity than it has to ask the steel corporation to give it steel for nothing.

The Record man attended the West Texas fair at Abilene last week, and enjoyed the two days there very much. The fair was very good—far above the average for county fairs; although the attendance was not what it ought to have been. Abilene and the fair management are to be commended for the nerve displayed under the existing circumstances. The advertising given Abilene through this fair will return in future years many fold, and by the time this country comes into its own, Abilene will be better prepared to pull off a bigger and better fair than ever before.

The big trouble with some people is that instead of upholding the country they are trying to hold it up.

CUT TEXAS IN TWO OR THREE.

The following from the Western Evangel, is much to the point:

"A strong editorial in a West Texas daily on the division of Texas brings afresh that interesting and vital question to the front. It has been the opinion of a number of people for a long time that Texas is too large and diverse in its interests to ever be an efficient state. Not only is this true in a political and economic phases of the state's life, but is to be seen in the educational and religious phases as well. If a candid and unprejudiced mind will study the question from all angles such mind will readily see the truth of the above statement.

For political reasons Texas needs dividing. As it stands now, the central and eastern sections dominate the politics of the state, and there is a great negro population in those sections that is as clay in the hands of designing politicians. The West, with its needs rarely gets any consideration, notwithstanding its vast territory and its contribution to state finances. Drainage laws can be, and rightfully, passed by the state for the benefit of those populous sections, but irrigation laws never get further than committee rooms because there is no balance of power to deliver to legislators desirous of perpetuating themselves in office. This is but one illustration of a many-sided question.

For educational reasons the state needs to be divided. On the ground of economy in strenuous times, West Texas is denied an A & M. College, but down where the votes are plentiful a like institution can be located among the negroes.

Religious organization is usually coextensive with state boundaries. The Methodists in Texas have worked in the direction of efficiency in organization and have districted the state and organized a number of conferences. The result is that they have been able to cultivate their territory with more effectiveness and intensiveness than have the denominations that have made their boundaries coterminous with state boundaries. This is said with no thought of arousing discussion of the division of Texas from the Baptist standpoint at present with the state undivided, but it is a profound conviction that a division of Texas so that new organizations of Baptist forces should result would be the most progressive step for the Baptists that has been taken in a long time.

No convincing reason, that we have seen, has been offered against the division of the state, except the indisposition of the people to give the necessary two-thirds vote.
Texas is the greatest state in the union in area, and that ten thousand precious memories cling to the name "Texas," and that we never want to be anything imaginable but just "Texans," all of which appeals to the emotions, but none of which will refute the sound arguments for division.

One of the soundest reasons for West Texas wanting to be separated from the eastern and southern sections is that should such division occur we would be freed from the domination of the vote of the wet cities of Texas. Aside from El Paso and San Angelo there is no city in West Texas of consequence that is wet. Hence, West Texas could have state-wide prohibition, a goal toward which we keep striving.

THE TOWN SLACKER.

In every town, just as in every lodge or church or club, there are a few people who, the slackers always say, "think they run things," or "want to run things."

Let us consider these men and women who "think they run things," or "want to run things." Are they not the people who, when there is a lot of committee or detail work to be done, are the only ones who will do it? Are they not the only ones who are willing to give their time and their energy for a public movement for the good of all? When you analyze the whole thing are not these people, who "think they run things" about the only people who have any interest in their town or their lodge or their church to spend their time and money for the good of others?

If you are honest with yourself you will admit they are. The next time you hear any one talk about the other fellow running the lodge or the town or the church, ask him to come to the next meeting of one of these organizations; see that he is appointed on one of the committees which have a lot of work for the good of the order or the town or the church, and watch him try to crawl out of the job of working for nothing for the good of others. You will find

that he is perfectly willing to let the hard workers "think they run things, or, run things."

WEST TEXAS ALL RIGHT.

The drouth in some counties in West Texas is no doubt the worst in history, but the country will "come back," it always does, but the worst of it is that many of the poor people who lost practically everything they had will not recover their losses. We have lived in this part of Texas for nearly sixty years, 47 years continuously and we have seen immigration come and go many times. Our experience is that it does not pay to run from drouths unless necessity compels it. We have seen as great drouths in Tarrant, Johnson, Ellis, Hill, Bell, Williamson, Travis, Falls, Burleson and Washington counties as is now affecting some counties west of us. Some will no doubt dispute this, but if any old settlers that was living in these counties from 1856 to '60 will know that it is true. We lived in Washington county at the time and traveled over the others at different times during the years mentioned, and it is not here say with us. The seasons will come again, and again West Texas will blossom as the rose. Callahan county is hard hit but our condition is so much better than in some counties west of us that we ought to be more thankful than we are.—Baird Star.

Abilene is quite anxious that the public be informed that she did not loan the \$156,500 to ex-governor Ferguson. We have never seen anywhere that the town was so accused. Everyone with an idea above an oyster believes the breweries furnished the money, yet the Abilene Reporter in denying it says Abilene did not have that much money and could not have raised that much. While on the other hand the Taylor County Times, with Will Holford as its chief propeller, says half a dozen men in Abilene had that much money to spare if called for. The Abilene papers should get together about this and some other things. First thing you know somebody will tell something.

A BRIGHT BOY.

A Missouri boy wrote the following composition on newspapers:
"Newspapers are sheets of paper on which stuff to read is printed. The men look over the paper to see if their names is in it often, and the women use it to put on the shelves and such. Don't know how newspapers got into the world. I don't think God does. The bible says nothing about editors. I never heard of one being in heaven. I think the editor is the missing link them fellers talk about. The first editor I ever heard of was the feller who wrote up the flood. He has been here ever since. Some of them belong to the church and some of them try to raise whiskers. All of them are liars, at least all I know, and I only know one. Editors never die. At least I never saw one. Sometimes the paper dies, and then the people are glad, but some one starts it up again. Editors never went to school because editors never got licked. Our paper is a mighty poor one but we take it so ma can put it on the shelves. Our editor don't amount to much but pa says he had a poor chance when he was a boy. He goes without underclothes in the winter and has no socks in the summer—and his wife has to support him. Pa hain't paid his subscription in five years and he don't intend to."—Ex.

DON'T GET DISCOURAGED.

West Texas people know that a drouth is always followed by several good years. We know that when the rains come again this country will come into its own and be far in the lead. There is no panic. There is plenty of money. Just be patient, wait and watch, and make preparations for the good times coming. West Texas is making progress even through the drouth. Good roads are being built in almost every county and a spirit of prosperity prevails in many places. Stay by the staff and when the rains come again, as come they will, Mitchell county will get a move on herself such as has never been seen before.

STUDY COURSE.

The M. E. Missionary Society will take as their mission study this year the Lure of Africa. This will be taught by Mrs. M. K. Jackson. At the Monday meeting the book had not yet arrived and the time was spent studying the 17th chapter of John. The books are expected before the next meeting.

SOCIAL MEETING.

The Young Peoples Missionary Society of the M. E. Church held a most delightful social meeting with their leader, Mrs. Barcroft last Thursday. Each girl had pledged herself to make a dollar and bring it at this time and tell in rhyme how it had been made. All did well, but the votes seemed to be equally divided between Mrs. Lee Phenix and Mrs. Ed Jackson, as being the best. Thirteen dollars were placed in the treasury as a result of their efforts. A program of readings and music was given. Mrs. Barcroft and Mrs. Oscar Majors sang a duet with Mr. Dawes accompanying on the piano. Miss Wilson delighted all with her readings. Home made cake and ice cream were served. This band of young women are to be always found faithful in all departments of their work and also find time for a social time occasionally.

CAMPFIRE GIRLS.

The last regular meeting of the Campfire girls was with Miss Lillian Smith. Officers were elected for the year. They are, Miss Ruby Schroeder, president; Miss Hazel Costin, vice-president; Mrs. Merritt, secretary; Miss Lillian Smith, treasurer. Misses Ailene Davis and Julia Shepherd were received as new members. Nine girls received their rings and several of them their beads of honor. The hostess served lemonade and cake.

SENIORS '18 DRAMATIC CLUB.

The Senior Class of the Colorado High school met last Friday evening at the home of Joe Earnest, president of the class, for the purpose of organizing a Dramatic Club, under the direction of Miss Wilson, the expression teacher. Hallie Roddy was elected president; Joe Pond, vice-president; Joe Earnest, secretary and treasurer; and J. G. Keathley, sergeant-at-arms.

The club will study the Modern and Shakespearian plays. The next meeting will be at the home of Stanisl Whipkey on Friday, Oct. 26. They are now a full fledged organization, having their officers, committees, motto, color and flower for the year. Their motto is "Act Well Your Part;" their colors, silver and old rose; their flower, sweet pea. Their social committee is Misses Annie Formwalt, Dorothy Lasseter, Geneva Holt, Messrs Tom Adams and McCall Merritt. They are all enthusiastic over the work and confident in the ability of their leader, Miss Wilson.

COUNTY MISSIONARY RALLY.

The Methodist Missionary Society of this place was hostess Tuesday for the County Missionary Rally. This was an all-day meeting and the program was on the general work. The church was decorated with pot plants, ferns and cut flowers.

Mrs. M. K. Jackson presided. The morning devotional exercises were led by Mrs. W. P. Garvin. Miss Norman of Lorraine gave a reading, Mrs. J. R. Collier had a splendid paper on War Time Social Service. Luncheon was served in the basement of the church.

The afternoon devotional was conducted by the pastor. Besides the talks on the work, special music was given by Mrs. Cooksey and Mrs. Sam Wulfjen. This was a very profitable day for all who attended, giving a deeper insight into the work and creating in them a stronger missionary spirit.

U. D. C. MEETING.

The U. D. C. Chapter had a pleasant meeting with Mrs. Gustine Tuesday. They decided instead of studying this year, the time would be spent in working for the soldiers.

The U. D. C. was organized for the sole purpose of correcting many grave mistakes in regard to the history of the South; and now that school histories are broader along these lines and our children have had handed down to them the truth in regard to many things they would not have had, had it not been for this tireless organization, they are now ready, as their mothers were before them, to do all in their power to help their loved ones who have answered their country's call. So instead of any programs this winter, when they meet it will be to help some mother's son, in some way.

A committee was appointed to see about purchasing yarn of which to knit articles. They will remember the Colorado boys at Thanksgiving with a post card shower and later Christmas boxes. They also decided to make trench torches and will begin work at once.

The officers elected were, Miss Dry president; Mrs. Gustine first vice-president; Mrs. Callan, second vice-president; Mrs. Wes Allen, third vice-president; Mrs. Haley, fourth vice-president; Mrs. J. B. Annis, recording secretary; Mrs. J. G. Merritt corresponding secretary and registrar; Miss Jo Dry, treasurer; Mrs. Edward Dupree, historian; Mrs. Geo. W. Smith, custodian.

The hostess served gelatine, cream cake and ice tea.

SWEETWATER BAPTIST ASSOCIATION AT ABILENE

The Sweetwater Baptist Association closed its annual session at the College Heights Baptist Church, Abilene, Saturday.

The meeting was held with the College Heights church. The men using the main building and the women the basement.

While their building is not completed, they had made it attractive with mottos, flowers and ferns. When it is finished it will indeed be a beautiful and commodious church.

This was the best attended meeting for several years and much substantial work for the denomination was accomplished.

Friday night the program was especially interesting and drew a large congregation, being held in the chapel of Simmons College. The Fine Arts department of the College furnished some numbers in advance of the regular work of the Association which were enjoyed and heartily endorsed. President Sandefer read the report on Simmons College and spoke to the report a short while. Dr. Millard A. Jenkins also spoke to the report.

Saturday the day was taken up in hearing reports and other routine work. A report on revision of the constitution was read by Dr. Fry and adopted by the Association.

The next meeting will be held at Sweetwater in October, 1918.

Mr. E. Keathley was reelected secretary of the Association, a position he has held for a number of years. Delegates from Colorado were Rev. and Mrs. Garrett, Mr. and Mrs. Keathley and Mrs. A. L. Whipkey. They were all assigned good homes—among the best in the city. Mr. and Mrs. Garrett enjoyed the hospitality of Rev. and Mrs. R. C. Pender. Mr. and Mrs. Keathley were with Dr. and Mrs. Fry, while the Record lady had the honor to be in several homes; first the hospitable home of Dr. and Mrs. Fry; next we enjoyed the stay with Rev. and Mrs. Burkett, who once lived here and whom we already loved because the good people of Colorado love them. They are doing a great work in Abilene and are loved by all who know them. Our last stay was in the lovely home of Mr. and Mrs. G. L. Paxton. Mrs. Paxton is the honored president of the Womans Auxiliary and is a whole-souled worker, loving both the work and workers.

The Woman's meeting was well attended, representatives being from different parts of the three counties which compose this association, and several visitors from other associations. Mrs. Burkett gave the address of welcome and the message was brim full of love, which gave an inspiration to the whole meeting. The reports were good all over the entire district. The financial report for the year (for the womans work) was \$12,870.30, being over \$2,000 more than last year. Five years ago the amount given was \$5,699.96. So you see West Texas Baptist women are somewhat progressive. This money went for missions, education, sanitariums, orphans, charity, and various other causes that stand for righteousness. This year many churches reported doing things for soldiers.

Dinner and supper were served in the basement Thursday and Friday, and such bounteous feasts!

At the conclusion of the woman's program Thursday, autos were provided and a visit was made to the college. Notwithstanding the depressed conditions the school has an enrollment of over four hundred. Mary Frances Hall is one of the prettiest and best equipped in the state. The very air spells christian culture. The gymnasium building will soon be completed and will be second to none. More of our people should visit this splendid institution and get better acquainted with good things at home.

There were only a few changes in the officers for another year. Mrs. Paxton was reelected president; Colorado still retains her officers, Mrs. A. L. Whipkey, first vice-president, and Mrs. Robert Terrell Sunbeam leader.

Y. W. A.

Miss Cecil Conaway was hostess for the Y. W. A. Wednesday. Besides the regular business they planned to send Christmas remembrances to the soldier boys who went from here. At the social hour ice cream and cake were served.

Mrs. Sam Shannon of Dallas is visiting her mother Mrs. W. P. Rudlick before going to her new home in El Paso.

A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

DR. PRICE'S CREAM BAKING POWDER

CORN BREAD
1 1/2 cups corn meal
1/2 cup flour
1 level teaspoon Dr. Price's Baking Powder
1 tablespoon sugar
1 teaspoon salt
1 1/2 cups milk
2 tablespoons shortening
Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

RYE ROLLS
2 cups rye flour
1/2 teaspoon salt
3 level teaspoons Dr. Price's Baking Powder
1/2 cup milk
1/2 tablespoon shortening
Sift dry ingredients together, add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes sent free on request. Address Dept. H, 1001 Independence Boulevard, Chicago

RESERVED SEATS.

Would you be willing to pay \$1.00 or even 75 cents for reserved seats at a circus? There will be a seat and a message for you, free, at the Baptist Church Sunday, both morning and evening. The pastor will preach at both hours. The morning theme will be "The Logic of Going." Evening subject, "Feeding the Hungry." Just a simple gospel message in each, that's all.—W. C. Garrett, Past.

BIRTHDAY PARTY.

Mrs. Oscar Majors, assisted by her niece, Miss Elsie Lee Majors, entertained ten little girls and boys Tuesday morning her little son, Marvin's fifth birthday. The decorated birthday cake with its five candles was the center of attraction. After many interesting outdoor games the children marched in the dining room and enjoyed blowing out the candles. Gelatine and home made cake were served. Those present were Nell Harper and William Greene, Brooks Tooten, Billie McMurry, Dorothy Ralston, Mary Edna and Alice Hughes, Mary Frances Majors, John Thomas Merritt and Jo Kate Annis.

PRESBYTERIAN CHURCH.

The special service for children last Sunday morning was a great success. The church was filled to its capacity and Dr. Hutton gave a very fine sermon on the very important subject of the "Blood of Christ," in such a simple style that every child was able to understand. Dr. Hutton will preach for us again next Sunday morning at 11 o'clock, and we would like to have another congregation like the one of last Sunday to hear him next Sunday.

Sabbath school at 9:45, and evening service at 7:30. All the people who are left in the town and country will have to attend the services of the churches in order to take the places of so many who have left. May we not have you with us next Sunday at all the services?—Guy B. Puff, Pastor.

THE CLUBS.

Mrs. Prude was hostess for the Standard. Mrs. Coleman led the Shakespeare lesson. They study Henry VI this year. Mrs. Prude conducted the history lesson. Mrs. Snyder had an excellent paper on amusements and sports of the time. At the close of the program refreshments were served.

The Bayview met with Mrs. D. H. Snyder, with Mrs. Adams leader. They decided to add the Sketch Book to their course of study. Light refreshments were served at the social hour. Mrs. Pearson is hostess this week.

Mrs. Whitmore was hostess for the Hesperian. This was known as Federation Day. The roll call was current federation news. Miss Dry read an article on The Creed of Work for Women. Mrs. Milburn Doss read greetings from Federation President and Mrs. Winn from State President. The round table was Our Club Leaders. The sad note of the meeting was the resignation of Mrs. J. R. Collier. The meeting this week is with Mrs. Winn.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

HALBERT, THE WEATHER PROPHET, TALKS.

"I can only say at this date that we have reached the extreme limit of the dry years for the decade between 1910 to 1920. The drouth should have been broken all over Texas either in July or August. The drouth that still hangs on is unprecedented, yet we have plenty of time for the fall and winter months to restore the moisture and the rains will be general and sufficient to make good crops for 1918. It looks discouraging at the present writing for grain sowing and many are holding back waiting for it to rain. I would advise planting wheat. There is no danger of a small rain sprouting the wheat and ruining it, like it will oats. Wheat will sprout three or four times. Oats can be held back and planted in the spring if seasons prove true to my predictions. I will not prepare my regular yearly forecast for 1918 until December and have it ready for distribution by January 1 at cost of printing and postage. My object is educational and not to make money out of these predictions, giving every rain period for year of 1918.—H. A. Halbert.

DESPONDENCY.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. UNION ITEMS.

Nothing new has transpired, except the quarterly meeting, which occasion I think was a success along all lines, everything considered. Rev. Griswold, our Presiding Elder, was present, seemingly at his best and delivered two very interesting sermons. Also Rev. J. C. Moore, one of our former pastors was present and preached Saturday night to a goodly number, considering the few people left in the county. Our pastor was also present.
The new school building in this section is nearing completion and we deem it not only a credit to our community but to Mitchell county as well.
J. Marvin Dorn now of New Mexico was among us a few days last week. He reports everything as looking good in his section. He will always find a hearty welcome in our community.
Some of our men and boys who left here hunting work, are returning almost daily, and me thinks I can hear them singing "Home Sweet Home," and Eli predicts that they will all soon be back singing this old heart-touching song.
While the hoped for rain (that we might sow some small grain) has not come, yet we feel assured it is not too late for some great revolution to take place and produce some good results for our beloved country.
The war and the severe drouth combined are learning our people some valuable lessons in the way of

using our time, our means and our general judgment to better advantage. Economy is a great lesson. Let us all learn it well. Go slow when on tottering ground. Hurry when hurry is needed. Let good take the place of evil in all things. These are some of the things that we should keep constantly before us. ELI

BIG EVENT AT SAN ANGELO.

The big Race Meet and Carnival which will be held at San Angelo on October 30th to November 3rd, inclusive, will undoubtedly be the biggest event of its kind ever pulled off in West Texas. \$5,150.00 is offered in cash purses for the races, over 150 entries have already been made and additional entries are being made daily. The prizes offered in the goat roping and broncho busting contests are also quite attractive, and other numerous attractions will furnish most excellent programs daily. A large carnival company will exhibit on the streets of the city throughout the week. The railroads are offering reduced rates from many points in Texas for the occasion, and everything points to a great and gala week in San Angelo. The new St. Angelus Hotel will be opened for the occasion and which, in addition to the many other hotels, will offer ample accommodations to the visitors.

FROM CAMP TRAVIS.

We arrived here Wednesday morning, about 3:30. Was some tired bunch of boys, but everybody seemed to enjoy the trip. We have been drilling some, and having a good time. Things were entirely new for a bunch of country boys, but we were not by ourselves as there are boys coming in every few hours. This afternoon we had a field meet which was very interesting and all the boys seemed to enjoy it. There was boxing, dancing, singing, potato races and sack races, three legged races and good talks. Although it isn't like being at home and doing as you please, but a real man will give up some of his pleasures of life for his country. A man cannot be a slacker in his own heart and stay here. Our officers are good and treat us fine. We have plenty to eat and drink. We have coffee for breakfast, lemonade for dinner and ice tea for supper.
I want to thank the good people of Mitchell County, for the good boxes which they prepared for us, as they came in very nice while we were on the train. Some nice lady from Westbrook gave me a box which was very much appreciated. We have seen several of the boys who came in the last bunch. Our boys are pretty well scattered as they did not take the same job.
I would be glad to hear from any of the good people of my old home town, for we need something sometimes to cheer us up a little.

Cincinnati Man Tells How to Shrive Up Corns or Callus So They Lift Off With Fingers.

Ouch ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.
He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you. Adv. 2.

CORN AT COST.

The following letter from the A. & M. College of Texas, to County Agent, W. A. Dulin, explains itself: "I am receiving a number of inquiries in regard to the plan of purchasing corn from farmers of other states.

Fearing that you may not have entirely understood our intentions in this matter and the conditions that prevail in the other states, I desire to call your attention to the fact that the farmers in the states mentioned in my former letter have not yet harvested their crops. Therefore it will be some six or eight weeks before they will be ready to place their corn on the market. However corn will be ready for shipment in some sections within the next few weeks.
If you have farmers who are in immediate need of a shipment, I will suggest that you notify this office, giving the approximate amount they will desire, and the date they will desire the shipment. But if you have those who can wait until later, do not send their names until they are ready to buy.—T. O. Walton.

It's no longer necessary to bear the weakening sickness and terrible nausea that always follows a dose of calomel.
LIV-VER-LAX cleanses the torpid liver, and livens up the whole system by ridding it of the clogging poisons. Yet it works so gently and pleasantly that you hardly know you've taken it. LIV-VER-LAX, being purely vegetable, is absolutely harmless, and does not tear up the system like calomel. And is guaranteed to be satisfactory, or the druggist will return your money. UNCLE SAM FURNISHES PIANOS TO HIS SOLDIERS

"Well, I'll be durned," said a veteran of '61 in utter astonishment, when the other day he visited the big piano factories (of the Baldwin Piano Company) on Gilbert Avenue, Cincinnati, Ohio.
The cause of his surprise was a row of boxed pianos, with big red labels on the boxes: "Government Service Rush." These were the final shipments of over 300 pianos from the Baldwin factories to the different army camps to be placed in the "Club Tents" for the purpose of providing entertainment for the soldier boys.
"How the times do change," mused the old gentleman. "In '61 we sat around a camp fire and sang to the accompaniment of a Jew's harp, and were glad we had that. But God bless the boys; nothing's too good for them anyhow."
The contract for these instruments was secured by the big Cincinnati piano concern not only because the officials wanted the best, but also because they wanted rapid-fire service. To furnish 300 boxes of soap or 300 camp stools may be an easy matter, but 300 pianos to be delivered in thirty days in almost every state in the union is quite another thing. And that's what the contract called for.
But in their usual quiet way The Baldwin Piano Company handled the gigantic task to the supreme satisfaction of the Purchasing Department, and by this time most of the instruments are installed in the different camps in the service of our country and to the joy of our soldier boys.

Why did the Baldwin factories get Uncle Sam's order for the pianos for army camps?

Because for sixty years the Baldwin make of pianos have stood out as the best the world has known.

The Baldwin factory is furnishing Uncle Sam—Who furnishes you?

I am the sole agent in this country for Baldwin made pianos. We have only a few in stock and we may have trouble in getting more real soon.

If you want a Baldwin made piano for the holidays lose no time.

I have been handling the Baldwin Pianos in this section for twenty years. I have sold hundreds of them and every one has given the most perfect satisfaction. For this reason if for no other I expect to handle the Baldwin as long as I am in the piano business. It is dependable in every sense of the word, because it has a world reputation to keep up. When you get a Piano with the Baldwin name on it, you can count on the fact that it is just exactly what it is represented to be.
Notwithstanding the enormous advance in most things that go to make up a piano, the prices of the Baldwin have not advanced in proportion. But it will not be long until a sharp advance will have to be put on, hence we advise those wishing to figure on a piano to see me at once. I will give you every advantage in price and terms that I can and feel sure that if you want an instrument, we can agree on these points; and I think I can show you why you should buy a Baldwin if you are going to buy at all. Come and see me and let's talk it over.

Catarrh of Stomach Did Not Know It

Mrs. Selena Tanner, Athens, Ohio, writes: "I cannot find words to express my thanks for your kind advice. I never once thought I had catarrh of the stomach. I commenced taking Peruna, as you directed. My stomach continued to hurt me for about two weeks after I began the medicine, and then it stopped. I now have a good appetite, while before I was nearly starved."

LIFE WITHOUT SOUL.

Victor Frawley, in the course of his studies discovers a life-giving fluid and creates a human being of tremendous physique, but possessing no conscience. The monster urges upon Frawley to create a mate, which is refused. In order to bring his creator to a realization of his own loneliness and dejection, the monster murders Frawley's sister. At the treat of the monster, Frawley consents to construct a mate, which he does, but before injecting into her the life-giving fluid, he realizes that they are likely to populate the earth with their own kind and exterminate humanity. Frawley destroys the female species, whereupon the monster, witnessing the act, vows vengeance. The monster does away with Frawley's wife on her wedding night. Frawley then decides that either his own death or that of the monster must ensue. The monster leads Frawley on a chase over desert and mountain until finally Frawley dies of exhaustion. The monster seeing the body of his creator, determines that he too, must pass into the great beyond.

When Frawley awakes from his day dream, brought about by reading "Frankenstein," he destroys the life-giving fluid and rejoins his affianced bride.

This wonderful picture will be shown at the opera house next Monday night, Oct. 22.—10 and 20c.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL.

Starts Your Liver Without Making You Sick and Cant Not Sallivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness, and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work. Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition.

We have secured an expert Cleaner, Presser, Bushelman and Hatter. Let us do your work. We guarantee all work.—J. H. Greene & Co.

What is LAX-FO? LAX-FO IS AN IMPROVED CASCARA A Digestive Liquid Laxative. Cathartic and Liver Tonic. Contains Cascara Bark, Blue Flag Root, Rhubarb Root, Black Root, May Apple Root, Senna Leaves and Pepsin. Combines strength with palatable aromatic taste. Does not gripe. 50c

WESTBROOK ITEMS.

Sunday afternoon as the sun was going down amid the glories of the autumn evening, the spirit of Mrs. Bessie Gilbert wafted its way to its eternal home.

Mrs. Bessie Young Gilbert was born July 20, 1887 and died in San Angelo after a short illness, October 14th, 1917.

Mrs. Gilbert came to Westbrook some two or three years ago from Muskogee, Oklahoma, and made Westbrook her home until she secured a position with the Big Spring Telephone Co., a little more than a year ago, when she was taken sick she was off on her first vacation.

Friday her sister, Mrs. J. T. Golden of Westbrook, was called to her bedside, and she tenderly watched over her and administered to her every need during her short illness. Her death was unexpected and a decided shock to every one. She was so kind, gentle, patient and her sunny disposition made her a favorite with everybody. As a mother she was a tender, untiring devoted one. Her little child was dear to her heart and she sought in every way her highest and truest interest. There is no loss in this world comparable to the loss of a noble mother.

Yes, her life was beautiful. Like the mountain stream that has its source high up among the eternal snows, blessing and purifying the hill sides and valleys and at last pouring its sweet pure waters into the bitter turbid ocean. So her life with its source in the eternal love of God, beautifies and purifies all who knew her. Her labor upon earth is finished and she has gone to dwell forevermore among the saints in paradise.

Her remains were laid to rest beneath a mound of beautiful flowers in the W. O. W. cemetery at Westbrook Tuesday morning, October 16, 1917 in the presence of a large crowd gathered there to pay their last sad respects to one they loved and honored. She leaves to mourn, in addition to a number of friends, one little daughter, Kathryn, a mother, Mrs. Bessie Young of Westbrook, two sisters, Mrs. Sadie Felken and Mrs. J. T. Golden of Westbrook; two brothers, Albert L. Young, of Fort Bliss and John D. Young, of Charleston, S. C. Two uncles, Mr. John Vickers of Westbrook, and Mr. J. Young of Lubbock, several nieces and nephews, with a host of other relatives.

Last Thursday the ladies of Westbrook sent a nice box of cake and home made candy to each of the volunteer soldier boys from Westbrook. After the boxes were sent word was received that some of the boys had been moved and we have not learned yet whether they got their boxes or not. Following is a letter received from one of the boys. "I received that wonderful package of eats yesterday afternoon. And it seems almost impossible for me to tell you just how much it was appreciated by every boy in my tent. Everything tasted so good that we could hardly eat like American soldiers should, without restraining ourselves to a considerable extent. Then a package means more to me than just what comes in it. I'm not going to forget the ladies that are good enough to send me such delicious eats very soon.

"So far my soldier life hasn't been troubled with but very little romance. The thrilling and daring experiences have been few, but possibly they are yet to come. I must say in closing that Uncle Sam takes good care of his nephews.—Joseph K Hooks, Camp Bowie."

Miss Iva Harper of Colorado attended the funeral of Mrs. Bessie Gilbert here Tuesday.

R. M. Rembert returned from Pelican, La., Sunday. Albert L. Young came in on the Sunshine special Tuesday, from Fort Bliss, he arrived in time for the funeral of his sister. He was unable to get here sooner. Albert joined the army four months ago.

Mrs. Geo. Stribling of Abilene and Mr. J. Young of Lubbock attended the remains of Mrs. Gilbert from Sweetwater into Westbrook.

J. M. Page of Colorado, was looking after business in Westbrook several days this week.

Mr. and Mrs. J. W. Bird visited in Crowell several days this week.

Mr. Jessie Sheffield was a Westbrook visitor Thursday.

Quite a number of friends of Mrs. Gilbert, of Big Spring, attended her burial here Tuesday.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons from Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co." Adv9

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The Moment Pape's Diapepsin Reaches the Stomach All Distress Goes.

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and ches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world. Adv

We Are on Trial

—not Dallas or New York, but our own town, or community. Uncle Sam wishes to borrow our money. He asks us to show our patriotism by buying Liberty Bonds.

Perhaps we overlooked the last Liberty Loan; perhaps we were busy; or perhaps we had our money tied up in other things. But we must make a good showing this time. We must, everyone of us, invest in a Liberty Bond.

Will You buy yours today? Your banker will supply you with full information concerning the Bonds. This space patriotically furnished by The Colorado Record

TAKE YOUR HOME PAPER AND THE PROGRESSIVE FARMER

Realizing that this year, the next and the next maybe, the American farmer will be called upon to feed the major portion of the peoples of the Earth, we have arranged for our readers to also receive The Progressive Farmer. We recognize it as the South's leading exponent of the now vital doctrines of crop diversification and farm products conservation.

So important have these problems appeared to our President that he has issued an appeal to the South to not only feed itself but have something more for our sorely needing friends across the Seas.

As your patriotic duty equip yourself by using the advice and guidance of this standard farm weekly which sells for one dollar a year and may be had with our paper for the amount named below.
