TO LOCAL EXEMPTION BOARDS.

In many instances men have failed to report for military service who are not intentionally deserters. Such cases are provided for in the fourth paragraph of Sec. 16 of Mobilization Regulations which reads as follows: "It appears that the delinquency or persons who have failed to report is not willful, and such persons present themselves for military service the local board will immediately send them to the Mobilization Camp so far as practicable in the manner prescribed therein for the forwarding of other selected men to mobilization camps. A list, registration cards, and reports of physical examination of each of such persons will be forwarded both by registered mail and by the persons sent as hereinbefore prescribed, and with the mailed copies the local board will inclose a certified narrative report of the delinquency of the persons forwarded, which shall contain the local board's recommendation as to the degree of culpability and the cause of the offense."

This regulation is still in force and local boards are instructed to exercise the discretion vested in them thereunder and to class as deserters only those men whose acts show a willful intention to avoid military service.

In this connection the attention of local boards is directed to the following instructions of the Provost Marshal General: "When drafted men charged with desertion are delivered to an army post or camp a memorandum authority for the commitment should be handed to the military commander by the officer delivering the prisoner. This memorandum should state the man's name and local board, that he is charged with desertion, such dates and facts relative to the case as the delivering officer has knowledge of and should further recite that the confinement is by authority of the Provost Marshal General."

Every protection should be extended to men voluntarily reporting to local boards for military service at a time later than the time specified in their notification where a reasonable explanation of their default is made and local boards should co-operate with the government in the confinement of payment of regards to cases of willful desertion only. You are requested to hand a copy of this letter to your local paper with a request for its publication so that men who have failed to report for military service at the time they were notified but who are not willful deserters may understand that the logical course for them to pursue is to report to their local board at the earliest possible moment.

New procedure of Rules and Regulations will go into effect December 15th. We do not anticipate any call within the next two months.

MITCHELL'S SOLDIER BOYS.

In the list of soldier boys which we published last week, the name of Arthur Filler should have been included, as he is a member of Truck Co. No. 4, which was mobilized at Big Springs. His grandmother, Mrs. F. L. Filler says he enlisted from Midland, but this county being his home his name should appear with the others.

Also another name should be added that of Homer G. Simpson, Sergeant, Co. A, 315 Eng., Camp Travis. Mr. Simpson was one of the first boys to enlist from this county.

We also made an error in the number of boys from this county. After these two names are added there will be 138 who have gone from here. If anyone knows of other names that we failed to get please let us know.

A CHRISTMAS SUGGESTION.

When you make a present of The Youth's Companion you are giving not merely the means of wholesome pleasure and fascinating information every week. The Companion is all that. But it is something more. Hundreds of letters to The Companion speak of the influence of the paper in binding home ties. The mothers and fathers and the boys and girls in Companion families are very close knit in their affections. They have a common interest in the same duties and recreations, and they all regard The Companion as one of themselves. It has a personality and a character unique among publications, and you cannot introduce a more inspiring influence to any home circle.

It is not a publication merely—it's a friend. The Companion alone is \$2.00, but the publishers make an Extraordinary Double Christmas Present Offer—The Youth's Companion and McCall's Magazine together for \$2.25.

This two-at-one price offer includes:
1 The Youth's Companion—52 issues in 1918.
2 All remaining 1917 issues of The Companion free.
3 The Companion Home Calendar for 1918.
4 McCall's Magazine—12 fashion numbers in 1918.

All for only \$2.25.

THE YOUTH'S COMPANION.

Commonwealth Ave., Boston, Mass.

The Colorado Record says it has housed its jitney until the winter is over on account of cash basis for gasoline in its town. The Beacon family is doing precious little joy riding these days, however, at times, it has been hard for us to determine whether walking or riding is the most economical. With a pair of shoes representing the former price of a good yearling has a tendency to make one lazy when much walking is necessary. There is nothing cheap these days but air.—Lockney Beacon.

WEST TEXAS REMINISCENCES

(By An Old Timer)

CHAPTER IV.

After this we took a circuitous route back to camp, nothing of interest happening, and as the weather was very warm, did but little work the rest of the summer, except short scouts. On that account the boys were whiling away their time pretty much as they pleased. Some of the officers took part in all the fun, such as keno, chuck-a-luck and 21 or bust, with an occasional pony race for a change.

During this time things had become unhealthy for the Captain and he was forced to resign, so that left Lieut. Milligan in command, and he at once moved headquarters from Big Sandy twelve miles east on Gonzales Creek near where the Eastland and Breckenridge road crosses that stream. Here we began to fix for winter, building log cabins and covering them with tents. All the time we were doing short scouting.

By the first of October it began raining, and the grass was as fine as could be. Our mounts were all fat and we were expecting to do some long scouting, (and by the way, will say that that was a cold October)

Along near the last of the month a runner came from the Carter ranch arriving at our camp about two o'clock in the evening and reported that Indians were around the ranch the night before and that Jim Carter and his men were following them, coming in the direction of our camp. As it had been raining for several days it was an easy matter to follow a trail. After getting a description of the trail, Milligan called for a detail of twelve of the best mounted men of the company; and as this scribe had previously been chosen as Milligan's chief trailer, I was ordered to follow.

About this time the trail was giving all the signs of being a good one. It had been out since the day before that he had been on the trail looking for the draft company of the camp. We hurriedly followed the trail, to let the cow boy pass upon it. After a close examination he was doubtful, so in order to be safe, Milligan ordered the trailer and four others, including the pack, to take the trail, while he, with the rest of the scouts went back to meet Carter and his men in order that he might be sure that some of us were on the right trail.

We were not long in losing the pack as the underbrush was very thick and we were riding too fast for mules that had left camp under protest. By this time it had begun a steady rain that kept the ground covered with water, making it rather difficult to follow the trail in some places, but we had not gone more than two or three miles, until we came to where horses had been standing. We judged from the sign they had been there the most of the day. They doubtless were waiting until night to make a raid on our camp. From this on it was a lively chase. We knew we were close to them as the foam they left on the water in their run was plainly to be seen by the trailers, but as the brush was very thick and it was a very dark day and raining all the time, it was difficult to see but a short distance ahead. The four of us followed them for about twelve miles, to the crossing of a high rocky point not far from where the town of Breckenridge now stands. Stopping here for one of the boys to arrange his saddle blanket, we heard Milligan and the rest of the boys coming close behind. We lost but a few minutes waiting for them. After questioning the trailer in regard to the trail the Lieutenant instructed us to proceed with all possible haste, as night was coming on and we knew we could do nothing after dark. The trail led us to a little round peak about five miles northeast from where Breckenridge is now located, and on the top of this hill we found their horses just at dusk. After a short lecture Milligan told us we must have the horses. We then thought the Indians were there too, but we had no time to lose. Dark was coming fast. Dismounting we took it a foot up the mountain, expecting to hear from Mr. Indian every moment, but we were disappointed, as the horses had given out and they had left them, and made their getaway. The horses had been stolen from Carter's Battle Creek ranch

and he knew nothing of the raid on his ranch, as he lived on his ranch on Big Sandy. Here we got thirteen blankets, some bridles one saddle and a number of lariets. Taking our booty, we went to old Picketville, a few miles to the west, for shelter and something to eat, returning to camp next day.

Barstow, Texas, Nov. 8.—An election held in Ward county Saturday for the issuance of \$80,000 forty-year bonds resulted almost unanimously in favor of the bond issue. These bonds will be issued for the purpose of improvement and maintenance of the public roads, and especially for the building of the El Paso-Fort Worth highway through Ward county and the building of the Monahans-Grand Falls highway. State and federal aid has been granted on these roads.

CATTLEMEN CONFER WITH OIL MILL MEN.

James Callan, president of the Cattle Raisers Association of Texas, and the officers of the association will be in Houston the rest of this week in conference with the Texas cotton seed crushers, who were summoned to Houston by State Food Administrator Peden, to go into the feed famine situation in West and Southwest Texas.

"Mr. Hoover's chief desire at this time," said Peden, "is to bring quick relief to the starving cattle in the drought-stricken sections. He is hoping to accomplish good results in this direction before cold weather sets in. This he hopes to do through the patriotic co-operation of the cotton seed oil men and the cattlemen. The cotton seed oil men include dealers in seed, hulls, meal and cake."

According to information received by Peden, thousands of cattle are now in such a weakened condition that they will not stand shipment, and a cold norther would create havoc among them. In many instances it is impossible to take the cattle to the feed and it becomes necessary to take the food to the cattle.

FROM CAMP TRAVIS.

On behalf of the men of this company who came from Mitchell county, I wish to thank the people of the county for the boxes of eatables which they presented to us on our departure. Needless to say they were enjoyed to the fullest extent by all of us.

We are kept so busy here that I have been unable to write to many of my friends at home, but take this opportunity to assure them of my kindest regards and that I think of them often.

We are in the 315th Ammunition Train, whose duty it is to take ammunition up to the three inch artillery. We will go to the front as a mounted organization, but up to date we have not received our equipment and for that reason are only taking infantry drill. However we hope to have our equipment soon and then our work will become interesting.

We do not know when we are going across, but from the looks of things we are needed there now. Needless to say that when we do go we expect to bring Kaiser Bill back with us.

Again thanking the kind people of Mitchell county, I am, respectfully,
—John L. Moore.

TEN THOUSAND

STENOGRAPHERS

WANTED BY THE GOVERNMENT

Special to the Record.

Abilene, Texas, Nov. 15, 1917.—Hon. John A. McIlhenny, President of the Civil-Service Commission, Washington, D. C., recently wrote to Draughon's College, Abilene, urging that College to help the United States Government now being in need of ten raphers, both men and women, the Government now being in need of ten thousand stenographers and many many bookkeepers, at salaries ranging from one thousand dollars to twelve hundred dollars to begin on.

In his letter Mr. McIlhenny urges young men and women who are not trained for government office positions to begin now to take the necessary training, as the prospect is that the demand will continue indefinitely. Draughon's Abilene College is also receiving many calls from railroads and many other important business concerns for bookkeepers and stenographers.

To show its patriotism, Draughon's Abilene College is offering a FREE civil service course, in connection with shorthand and bookkeeping, and low rates to all who desire to prepare at College, or by mail, for these good positions. Adv.

Abilene, Nov. 13.—The six months old baby of Mrs. Tom Milliron was instantly killed, Mrs. Milliron was probably fatally hurt and Mrs. Candler, the mother of Mrs. Milliron, was seriously injured when a freight train struck their automobile this morning at Clyde.

A woman can have a lot more fun planning a trip with her husband than he will ever let her have in taking it.

W. A. Dulin on Tuesday received a letter from Mr. W. J. Stoops, who left a week or two ago for Arizona. Mr. Dulin asks us to publish the letter as it might be of interest to many of our readers who are contemplating leaving this county. The letter says:

Samerto, Ariz., Nov. 4, 1917.
W. A. Dulin, Colorado, Tex.

Kind Sir—After some delay I will write you a line. I didn't find anything at Phoenix. I expected to obtain a dairy job there for myself and two oldest children, but there were 35 families came in on the same train I did and about that number the day before, and I was a day too late to obtain the job I hoped for. There was nothing else, but to pick long staple cotton, and get it free from any leaf or trash whatever so I found that a good picker could get from 50 to 75 cents per day.

So I came to Yuma valley, which has the finest water system I suppose in the United States. Crops are fine here. Maize and feterita will make from two to four tons per acre; cotton from 3-4 to 2 bales per acre. It has already frosted here but did not kill anything. They have fine orange and lemon orchards up about three miles east of Yuma—it never frosts up there. Wages are fair here—from \$2.50 to \$4.50 per day, but a man furnishes his own bed and puts it anywhere he can. The first night after my folks got here we had to sleep (or stay rather) in an open wagon without covers, as our bedding

if they can possibly stay in Texas to do so.

I have a job in view at Morenci, which I hope to get and think I will, and if I do it will pay me enough that I can clear quite a little.

The school law here forces all under 16 to go to school, so that knocks me out on cotton picking.

I hope it has rained or does rain there in time for a crop next year. If west Texas had half or even one-fourth the chance for water these valleys have, she would have them skinned a mile.

When I go up to Morenci I will write you again.

If I don't get a good paying job soon I will go to work at the mines.

With kind regards and hoping it has rained at home, I am, yours sincerely,—W. J. Stoops.

TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS.

Tonight! Clean Your Bowels and Stop Headache, Colds, Sour Stomach.

Got a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

A handsome Texas editor made the announcement a few weeks ago that he was going to write an article entitled, "Some Hands I Have Held." It was to have been a narrative of his card-playing, but a number of ladies in the town misunderstood him and he got several epistles somewhat like this: "You had better not do anything on me, if you know what is good for you!"—Pittsburg Gazette.

FOR A WEAK STOMACH.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

RAILROAD FOR LOCKNEY.

At last, after years of waiting, we have an east and west road within our reach. Mr. Mossett promoter, and Mr. Elliott, attorney, have been here this week and submits our people a bonafide proposition for a road from Lubbock to Wellington. Mr. Mossett has let the contract and placed the bonds for the construction of this road and it is up to our people to secure the road or let some other town have it. We will have to put up a bonus as is customary in all such matters. As soon as bonus is subscribed by the various towns actual work on the road will commence. The new road is to be known as the Lubbock and Northwestern, and will run from Wellington, Texas to Roswell, N. M. At Wellington it will connect with the Frisco.—Lockney Beacon.

R. B. Terrell announces that he now handles the Eclipse Windmill and repairs, also all kinds of water pipe and fittings. Fred Harris now has charge of the tin shop and plumbing. All work done promptly and guaranteed.

WAR TALKS

By UNCLE DAN

Number Three

How War Methods Have Changed Everybody Must Help.

"Hello, Uncle Dan, Jimmie and I have been waiting for you."

"Sorry if I have kept you long," said Uncle Dan. "Your mother has been telling me how bashful I used to be. She said if a girl spoke to me I would blush to my hair roots. Well, I reminded her of the time your father first came to see her and the joke we played on them, so I guess that will hold her for a while."

Continuing, Uncle Dan said: "You want to talk more about the war, do you? Well, war methods have undergone many changes and they are still changing. No two wars are fought alike. In early times, the weapons were stones, clubs, spears, bows and arrows, swords, etc. In this kind of warfare, victory was with the strong right arm. Men of enormous size and strength were the great warriors. The invention of gunpowder, however, has changed all this. It has enabled men to kill one another at a considerable distance, and do it wholesale. The war, as we know it now, is a combination of chemicals, machinery, mathematical calculations and highly trained men. Just think of it! Airplanes, submarines, armored tanks, or caterpillars, poison gases, and curtains of fire are all used for the first time in this war; and they are destructive beyond anything heretofore known.

"The methods followed by the Kaiser and his allies are simply devilish. He must answer in history to the killing of thousands of innocent women and children. He has broken every international law and every rule of warfare; he has bombarded hospitals and undefended cities, sunk Red Cross ships on errands of mercy; he has destroyed cathedrals and priceless treasures of art that can never be replaced; he has made slaves of his prisoners; he has tried to get us into war with Japan; his emissaries have blown up our ships, burned our factories and fired our forests. He knows no mercy or honor. This most charitable view to take of this blood-thirsty tyrant is that he is crazy.

"One thing is certain," continued Uncle Dan, with great emphasis, "Our liberty, the safety of our homes and our country, and the security of the world demand the speedy and absolute overthrow of the Kaiser and forever the neutrality of the German people."

Uncle Dan replied: "The splendid German people were happy, thrifty, prosperous and contented. They have been tricked into war and made to suffer the tortures of the damned; they have been cruelly and systematically deceived. God grant that the real facts may get to them, and if they do, Lord help the Kaiser!"

"Of course the allies will win," said Mrs. Graham.

"Probably so," said Uncle Dan. "But if we are to win, we must go the limit. We must check the awful destruction to shipping by the German submarines, or we may not be able to get food and supplies to our own men and to our allies; we must also put hundreds of thousands, and perhaps millions, of first-class soldiers in the battle line.

"Food is the first consideration," Uncle Dan continued. "No army can hold out against hunger. It has been said that food will win the war, and this is largely true. Hence the importance of the farm in the war plans of our country."

Mrs. Graham interrupted by saying: "In view of the importance of farming, don't you think, Daniel, that the farmers ought to be exempted from war service?"

"No, a thousand times no," said Uncle Dan, striking the table so hard to emphasize his protest that he tipped over a vase of flowers. "We must have no class legislation. The duty to serve is the common duty of all, and no class must be relieved of this obligation. The question of exemption must be a personal one and decided by the facts surrounding each case. In no other way can we have a square deal, and to insure this, it is the duty of congress to pass immediately the Chamberlain bill, or some such measure, which is fair to all classes. It would settle all these questions and do it fairly. Safety now and safety hereafter demands such legislation, and let me suggest that you and your friends get busy with your congressman and senators and urge them to prompt action.

"It is time for us to realize that we are not living in a fool's paradise; that this great country of ours cost oceans of blood and treasure and it is only due to the loyalty, sacrifice and service of our forefathers that we have a country, and it is our highest duty to preserve it unimpaired and pass it on to posterity, no matter what the cost may be. Our citizenship and their ancestors came from all parts of the world to make this country a home and enjoy its blessings and opportunities; hence, in the crisis before us, it is the duty of everyone to stand squarely back of our country and be prepared to defend the flag. Everyone in this crisis is either pro-American or pro-German. Great as the country is, there is not room enough for two flags."

Million Letters In the Mails Today Bearing Magic Words "With the Colors"

Keynote of the Splendid Work the Y. M. C. A. Does Among Our Men In Uniform Is Keeping Them In Touch With the Folks at Home.

STAMPED WITH STARS AND STRIPES AND RED TRIANGLE

Multifarious Ways in Which the Association Appeals to Your Boy, Your Neighbor's Boy, or Some Boy You Know and Love—Creates a Helpful Environment in Cantonment, on Way Overseas, in Front Line Trench and Beyond—First to Aid as He Comes Tottering Back—Give Your Share of the \$35,000,000 Required to Accomplish This "Last Evidence That Somebody Cares."

It was evening on the broad Hempstead Plain, Long Island, where the Rainbow division was spending its last night before embarking for France. It had been raining hard in the afternoon—a cold, steady autumn downpour—and there was nothing to suggest the rainbow in the outward aspect of the camp. Lines and lines of sodden canvas housed 27,000 men, gathered from 27 different states. The ground was dotted with pools and quagmires. Under the wet canvas it was damp and cold, with a penetrating chill. Lit by flickering candles, the tents were far from cheerful shelter for a man's last night in his native land. But there were seven big tents where electric lights, numbers and friendliness made the night pleasant.

Music, Games, Good Reading and Correspondence Facilities in Y. M. C. A. Building.

In each of these a soldier was strumming on a piano; others were reading books and magazines; hundreds were writing letters home. Behind the raised counter at one end three or four young men were busy passing out notepaper and envelopes, selling stamps and weighing parcels, which the men were sending home. One of the soldiers said to me as I stood in the tent used chiefly by men from Iowa: "We came all the way here from Des Moines, and we were mighty lonely. Then we found this Y. M. C. A. on the job, and it's been a home and more than a home to us. It gave us what we wanted when we needed it most. We'll never forget it. The boys' best friend is the Y. M. C. A." Fine, Clean-Cut, Upstanding Fellows. How close those benches were packed with men, bending over the long tables absorbed in their writing! What an appeal to the sympathies those great groups of soldiers make! Fine, clean-cut, upstanding fellows, some of them mere boys, one thinks immediately of the sacrifice they have made for the rest of us and how precious they are to some one back home. Somewhere, in far off farm or village or city street, there are parents or brothers or wives who would give all they possess for one glimpse of those sunburned faces as you and I see them on their last night before going across. And it was with a throb of the heart that I watched them, bent over their letter paper, in one after another of those seven big tents. These were the tents of the Y. M. C. A. On that last night in America the association was serving the soldiers in the best of all ways—giving them an opportunity to write home. On previous nights they had enjoyed boxing bouts, movies, concerts, dramatics and a score of healthy entertainments as well as religious meetings. But on this last night home ties were strongest. And perhaps that is the keynote of the splendid work the Y. M. C. A. is doing among our men in uniform—keeping them in touch with home. Magic Words, "With the Colors." In these times there are some letters that mean more to us than any we have ever read before. They are written on sheets of paper stamped with the Stars and Stripes and the red triangle of the Y. M. C. A., and they bear the magic words, "With the Colors." There are many more than a million such letters in the mails now when you read this. Perhaps one at

forego coveted possessions or even necessities. The work must go on, because there is no one thing that contributes so much to the spirit and efficiency of the troops. The Y. M. C. A. is working night and day to help the government win this war. And every penny that is given to aid the work is a direct assistance to the health, happiness and strength of your boy and mine.

Snapshots of Kaleidoscopic Work. In all the big cities in France where our men pass through in large numbers, the Y. M. C. A. is operating restaurants, where they can get beds and meals at a minimum cost. In London the American Y. M. C. A. has erected a large building for our soldiers and a clubhouse for American officers.

There are Y. M. C. A. dugouts right behind the front line trenches, where the soldiers can get hot drinks, crackers and other comforts at all hours.

Over 2,000 men who had been rejected on account of physical disability have been able to get into the British army by reason of the physical work of the British Y. M. C. A.

A fleet of motor cars leaves the big Y. M. C. A. headquarters in London at midnight every night to pick up soldiers who are wandering about the streets without any wholesome lodging in which to spend the night. These cars are operated by Englishwomen of position and refinement, who report that they never meet any discourtesy at the hands of the soldiers. The importance of this service can be estimated by the fact that at least 50,000 soldiers are on leave in London every week. Over half of these sleep in Y. M. C. A. beds every night.

Entertainment on Vast Scale. The Y. M. C. A. has erected a big auditorium, seating 3,000, in each of the big draft camps, and huge chautauqua tents, seating 2,500 in the other encampments. The association is running a 24 week entertainment circuit among the camps and is paying 18 companies of entertainers, who are traveling to 30 camps performing before the men.

In each of the draft camps the Y. M. C. A. has ten secretaries engaged in educational work. The association is seeing to it that every man who cannot speak English is taught to do so. In many of the camps the association has a singing director, who is teaching the men to sing the popular and martial airs that do so much to keep up their spirits.

Of 64 Y. M. C. A. men at Camp Dix only three are being paid full salaries. In all the camps the majority of the Y. M. C. A. men have left lucrative positions to do this work simply because its appeal is irresistible to any red blooded man. Harry Lauder, the famous Scotch singer and comedian, now on his farewell concert tour in the United States, is giving all his spare time to the service of the association and is singing to the soldiers at all the camps he can reach.

In one of the draft camps the Y. M. C. A. is supervising athletics on 123 playing fields, providing full athletic equipment. The winners of the inter-regimental games will play the champions of the other camps.

One of the greatest services rendered by the association is the making

A Red Triangle Dugout in the Trenches.

out of money orders by which the men can send their pay home to their families. In some of the big camps the Y. M. C. A. is providing banking facilities for the men as well.

Do Your Bit With a Tenny. This month (November) the Y. M. C. A. must raise \$35,000,000 to carry on its work among our soldiers and their allies until next July. Of this \$35,000,000 about \$24,000,000 will be spent on the work without our troops or about \$10 for every man in Uncle Sam's uniform. If everybody who has received letters from soldiers and sailors were to contribute \$10 the task would be easy. Are your boy's health and happiness and clean soul worth \$10 to you?

Your town mayor, your pastor, your school superintendent will know who is the treasurer of the campaign committee in your county or town. Otherwise send a check or money order to Cleveland H. Dodge, treasurer, 124 East Twenty-eighth street, New York city.

Only sacrificial giving by millions of givers will make possible the continuance of this vast work for American soldiers and for those of our allies.

PRESIDENT'S PROCLAMATION

Washington, Nov. 8.—President Wilson has issued his 1917 Thanksgiving proclamation, fixing Thursday, Nov. 29, as Thanksgiving Day.

"By President of the United States of America:

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. That custom we can follow now, even in the midst of tragedy of a world shaken by war and immeasurable distress, in the midst of sorrow and great peril, because even amidst the darkness that has gathered about us we can see the great blessings of God has bestowed upon us, blessings that are better than mere peace of mind and prosperity of empire.

"We have been given the opportunity to serve mankind as we once served ourselves in the great day of our declaration of independence by taking up arms against a tyranny that threatened to master and debase men everywhere and joining with other free peoples in demanding for all the nations of the world what we then demanded and obtained for ourselves. In this day of the revelation of our duty not only to defend our own rights as a nation, but to defend also the rights of free men throughout the world there has been vouchsafed us in full and inspiring measure the resolution and spirit of united action.

We have been brought to one mind and purpose. A new vigor of common counsel and common action has been revealed in us. We should especially thank God that in such circumstances in the midst of the greatest enterprise the spirits of men ever have entered upon, we have, if we but observe a reasonable and practicable economy, abundance with which to supply the needs of those associated with us as well as our own. A new light shines above us. The great duties of a day awaken a new and greater national spirit in us. We shall never be divided or wonder what stuff we are made of.

"And while we render thanks for

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair: soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, softness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair, but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. Adv8

these things let us pray Almighty God that in all humbleness of spirit we may look always to Him for guidance; that we may be kept constant in the spirit and purpose of service that by His grace our minds may be directed and our hands strengthened; and that in His good time liberty and security and peace and the comradeship of a common justice may be vouchsafed all the nations of the earth.

"Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 29th day of November next, as a day of Thanksgiving and prayer and invite the people throughout that day to refrain from their ordinary occupations and in their several homes and places of worship to render thanks to God, the Great Ruler of Nations.

"In witness whereof, I hereunto set my hand and cause the seal of the United States to be affixed.

"Done in the District of Columbia the seventh day of November in the year of Our Lord, one thousand nine hundred and seventeen and of the independence of the United States of America the one hundred and forty-second.

Not by strength, but by perseverance, are great works accomplished.

Have you noticed that the family appetite keeps up with the price of groceries?

Ex-Senator John G. Willacy is showing unmistakable symptoms of a man who has been stung by a desire to run for governor of Texas.

If you will call to mind, things are about like they were in Jobs time (Job 1:6) This year more bibles were sold than ever before, also more whiskey and cigarettes.

New York City had a Billy Sunday revival in the spring and then elected a Tammany Mayor in the fall, thus demonstrating the cumulative effects of righteousness.

Marshall Spoon, a prominent lawyer of Fort Worth, and who has served Tarrant County as District Attorney, has announced his candidacy for Attorney-General of Texas.

The names of the first three American soldiers to die in a land battle against Germany will probably be engraved on a bronze tablet to be placed in the War Department at Washington.

Even if the Germans were to land an army on the mainland, turn the Russia right wing, and march in triumph to Petrograd—the latter feat being highly hazardous, considering the near advent of the severe winter—the main campaigns of the war would yet be little affected.

BREAKS A COLD IN JUST A FEW HOURS.

"Pape's Cold Compound" Ends Grippe Misery—Don't Stay Stuffed Up

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

If Pat Neff can be persuaded to run for governor the Post will support him in preference to any man we know. Of course we have reasons for doing so.

Editor English of the Stamford Leader favors cutting Texas into quarters whenever the time comes to divide the State. It suits us. When Texas joined the union the right to divide the state into five states was reserved.

STREET CARNIVALS.

The Smithville Times indicates that there is a considerable disagreement in its city as regards the desirability of "street carnivals," the City Federation of Women's Clubs being against and other organizations for carnivals.

The Clarendon News says: Since the carnival season has closed it seems an opportune time for the people who look to the best interest of Clarendon to petition the city commission to bar such forms of amusement from the city limits.

Lockney, Beacon on carnivals: "There is no good reason why carnivals should be allowed to come to our town. There is absolutely nothing educational about them.

The Colorado Record was one of the first if not the first paper in west Texas to take up the fight against the street carnivals.

S. P. says (above) it depends on what kind of carnival it is, meaning we suppose whether it be good or bad. We are like the old deacon was about whiskey only we are just different.

THE CASE OF LA FOLLETTE

The Grand Rapids Herald, a partisan in ordinary times, is 100 per cent American in the great struggle for democracy. This is what it has to say concerning La Follette, a Senator from Wisconsin:

It is a great pity that this man La Follette could not, as did the "Prodi-gal Son," come to himself. He went off at a tangent and he seems incapable of getting back to the right course.

THE NEW YORK RESULT.

The esteemed Dallas News says that Mitchel invited defeat by his "undiluted and aggressive Americanism," New York City not being "that kind of community."

A PARTNERSHIP CRIME.

About the only reason that has been offered to excuse that discrimination in the law which penalizes the boot legger while exempting his customer is that it facilitates the efforts of the officers to get evidence with which to convict the seller.

But even if it were sound, it could hardly be made to justify the discrimination morally. Certainly the man who buys liquor illicitly is not less culpable morally than the man who sells it.

Prominent Business Man Says He Couldn't Walk Up a Flight of Stairs Without Giving Out.

"Honestly, I haven't felt as strong and well in years as I do since taking Tanlac," said S. D. Rogers, residing at 500 East Seventh street, Oklahoma City, in an interesting interview a few days ago.

"I have actually gained twenty pounds in weight on six or seven bottles and I couldn't ask to feel better," continued Mr. Rogers. "I had suffered from indigestion and nervousness for five years and at times I was completely out of commission."

"I got some Tanlac last July in Arkadelphia, Arkansas, and since that time I have improved in every way. A few bottles set me right and I have been in fine shape ever since."

Tanlac has put me on my feet for good. I suffered a long time and had awful pains but they are all gone now and I'm proud to tell what Tanlac has done for me."

There are thousands of men and women in just the same condition as Mr. Rogers. This is especially true of men and women whose business forces them to remain indoors and who fail to get the proper kind of exercise.

According to the statement of thousands of those who have actually tested it, Tanlac goes straight to the seat of the trouble, invigorating every organ of the body, and in brief, it results in a complete rehabilitation of nerves and splendid condition of the patient.

Tanlac is sold in Colorado by W. L. Doss, in Loaine by Garland and Elliott and in Westbrook by J. H. Board (Adv.)

D. 1917, the same being the 19th day of November, A. D. 1917, then and there to answer a petition filed in said court on the 25th day of October, A. D. 1917, in a suit numbered on the docket of said Court, No. 3676, wherein Maude Bartlett is Plaintiff and Edwin J. Bartlett is Defendant; the nature of plaintiff's demand being as follows:

That Plaintiff is an actual bona fide inhabitant of the State of Texas and has been such for twelve months next preceding the filing of this petition and has resided in Mitchell county, Texas for six months next preceding the filing of this petition, and that the defendant's residence is unknown to plaintiff.

That on June 2, 1914, plaintiff was legally married to defendant in Colorado, Mitchell county, Texas, and continued to live with him as his wife until about August 1, 1914, but that on or about said August 1, 1914 and without any cause whatsoever on the part of plaintiff, the defendant with intention of abandonment, left her, since which time they have lived separate and apart, and that, at no time since said August 1, 1914, has the defendant in any way, offered to, or evinced any desire to return to or live with plaintiff.

That plaintiff during the time she lived with defendant as aforesaid, conducted herself with propriety, and managed the household affairs with prudence and economy, and at all times treated her said husband with kindness and forbearance. Which Side are YOU On?

Are you one of the many thousand taxpayers of Texas who think they govern this state and who every year send in their hard-earned money at the front door of the state capitol to defray the cost of government?

Of course if you belong to the latter class you will not be interested to know that the number of state employes increased from 1567 in 1907 to 4379 in 1917. You will see no necessity for publishing the fact that the "traveling expenses" of state employes increased from \$23,600 in 1907 to \$210,000 in 1917, or about 300 per cent.

FARM and RANCH The Farm Paper of the Southwest

The time to find out is now. Senator John G. Willacy's eye-opening serial "The Heavy Hand of Invisible Rule" is now running. It contains more straight facts about the Invisible Forces that are the REAL governing power in Texas than have ever been published before about this state or any other.

The Farmer's "Right Hand Man"

For nearly forty years FARM AND RANCH has published facts and information of inestimable value to the farmers. It has done more to modernize and improve the farming methods of the Southwest than any other publication. It is in every respect the most helpful publication that a farmer can have about the place.

Today FARM AND RANCH is publishing "The Heavy Hand of Invisible Rule" to show the farmer what the situation actually is, for it is a well known fact that most of the graft and padded legislation that goes through our state capitol is put through under the guise of "helping the farmer."

EXPERT TAILORING

Our old friend, E. M. McClellan, who is on a visit to his brother at Lewisville (Texas), sent the Record a quart jar of genuine old soughum molasses. This was as fine syrup as we have ever tasted, and for our sweet tooth is far superior to the syrups generally sold at the grocery stores. We wrote Mr. McClellan to send us five or ten gallons of this syrup if he could get it, as sugar and other sweetness had become so expensive that we would have to cut it out unless we could get some "long sweet-in", in its stead.

The Record is a one-man paper this week. Mr. F. B. Whipkey being gone, the whole cheese is being run by A. L. Whipkey, and if there is a shortage of local news it is because he has not had time to get out and hustle it.

NOTICE TO PATRONS OF COLORADO STEAM LAUNDRY

Owing to the drouth and serious financial conditions of Mitchell county and my trade territory surrounding, together with the increase in price of supplies and labor, I am compelled to discontinue my business at Colorado. Heretofore I have enjoyed a good patronage, and I wish to thank the people most sincerely for their past patronage.

I have connected myself with the Steam Laundry at Abilene, and will be in business at that place in the future. This is one of the finest and best equipped laundries in West Texas, having an abundance good soft water, the latest and best machinery and skilled workmen. I am going to ask all my patrons, and the public in general to send their laundry to me at Abilene. I know I can give you first class service, and will guarantee perfect satisfaction in every instance. J. H. Greene & Co., will act as agents for the Abilene laundry and will call for your clothes and deliver them promptly, just as I have done in the past. This firm speaks for itself below.

I regret very much to have to shut down my plant and leave Colorado, but circumstances are such that there is nothing else to do. Again thanking one and all, and soliciting a continuance of your patronage, through J. H. Greene & Co., to my Abilene laundry, I remain,

Yours truly,
J. T. DAVIS.

In reference to the above we wish to say that we have accepted the agency for the Abilene Laundry, which will be under the management of Mr. J. T. Davis. This is one of the best laundries in the state, and we feel no hesitancy in assuring its patrons that they will get first class work and fair treatment. We will call for and deliver your laundry, just as Mr. Davis did when here, and it will be just as promptly done and delivered, as if done at home. We solicit the patronage of all former patrons of the Colorado Laundry and any others who wish first class laundry work done. Phone us at any time and we will get your laundry, and will deliver it back to you.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt. Adv3
