JERRY—If I can get him.

Mr. and Mrs. Myrtle Vaughan left Sunday night for Fort Worth for special treatment for Mr. Vaughan's throat.

Master Frank Pidgeon is sick this week.

Thrift stamps are the way of the Government to help you save.

Be sure to reserve the night of Mar. 19th for attendance on the firemen's benefit—It's a play by the best home talent.

Mr. and Mrs. V. W. Allen and Mrs. W. V. Johnson motored to Fort Worth Wednesday for an extended stay.

Mrs. Sallie Hall accompanied her brother, A. D. Martin, to Fort Worth Sunday night for an operation on his throat.

Master Moses Smith, who has been dangerously sick for the past week is reported better at this time, with a chance for his recovery.

Your pastor missed you from church last Sunday. Don't let this occur again.

DIED.

Lottie D., the little eight year old daughter of Mr. and Mrs. Everett Ross, of Hereford, died at their home last Friday, March 1st, and the body was brought here for burial.

The funeral service was held at the residence of their sister, Mrs. Harry Landers, Sunday afternoon, conducted by Rev. W. P. Garvin, pastor of the M. E. Church, and the little body laid to rest in the I. O. O. F. cemetery, beside the little sister who preceded her, to await the coming of Him who said suffer little children to come unto me.

Mrs. Ross was reared here and she and her husband have many friends here who deeply sympathize with them in this sorrow. The Record joins their other friends in sympathy.

A feeble minded man ought to be put away in some public institution, not sent to Congress.—Los Angeles Times

MANY ENDORSING "BANKHEAD" HIGHWAY

PROPOSED TO EXTEND HIGHWAY TO EL PASO BY WAY OF HIGHWAY NO. 1.

A Good Chance for Colorado to Get Three Highways in One—State, Ozark Trails and Bankhead.

Little Rock, Ark., Mar. 1.—After a three week's tour in the interest of the Bankhead National Highway, traveling over three thousand miles, visiting sixty towns and cities in the states of Texas, Oklahoma and Arkansas, delivering over seventy-five speeches and short talks on good roads and explaining the plans of locating and building the Bankhead National Highway, to various chambers of commerce, automobile good roads associations, Rotary, Lions and Kiwanis clubs, J. A. Rountree, secretary of the United States Good Roads Association and also secretary of the Bankhead National Highway Association, has arrived in Little Rock for the purpose of closing all the detail arrangements for the annual meeting of the United States Good Roads Association, Bankhead National Highway Association and United States Good Roads Exhibit, that will convene in that city April 15 to 19.

Secretary Rountree was invited to visit Oklahoma, Texas and Northern Arkansas and inspect the proposed routes from the Bankhead Highway through these three states. The first proposed route is from Little Rock, Hot Springs, Hope, Texarkana, Ark., to Sulphur Springs, Greenville, Dallas, Fort Worth, Abilene and El Paso, Texas. This route has the endorsement of the State Highway Department of Texas that is quite desirous that this highway shall go over what is known as Federal and State Aid Road No. 1 in Texas, a distance of 985 miles from Texarkana to El Paso. The second proposed route from Little Rock to Hot Springs, Mena, Ark., to Smithville, Broken Bow, Idabel, Fort Townsend, Durant, Ardmore, Sulphur, Davis, Winwood, Lawton, Okla., to Amarillo, Texas. This route has the endorsement of Governor Williams, who is very desirous that the Bankhead Highway shall traverse that section of the state. The third route is from Little Rock to Booneville, Fort Smith, Ark., Shawnee, Seminole, McAlester, Wilburton to Oklahoma City on to Amarillo, Texas and to El Paso. This route has the endorsement of the Oklahoma City chamber of commerce and Postal Highway Association. This Association held a meeting in Oklahoma City with over a thousand in attendance. They decided to leave no stone unturned to secure this highway. They will bring 500 delegates to Little Rock to boost for this highway.

Secretary Rountree reports the greatest enthusiasm for the Bankhead Highway on all three of the routes. The people in Texas, Oklahoma and Arkansas are quite anxious to be a section of this great trans-continental highway that starts at Washington City and passes thru the states of Virginia, North and South Carolina, Georgia, Alabama, Mississippi, Tennessee on to Little Rock. They are pleased with the plans to build this great post and military road under government control. Secretary Rountree predicts that several thousand delegates alone will be in attendance from the states of Texas, Oklahoma and Northern Arkansas. He also states that reports that have been received at the headquarters in Birmingham show that an unusually good crowd will come from all parts of the United States to take part in the great roads gathering that will assemble in Little Rock in April.

The oil proposition made to Mitchell county some three or four weeks ago seems to have been camouflage. The committee appointed by the Commercial Club to secure the oil leases on 30,000 acres of land has done its part and secured the leases. They have written to the party of oil men that the leases were ready, but can get no response; not even an answer to their letters. So it seems that the oil prospects in this direction are at an end. The Record would suggest that as we have these leases already secured, that the Club let it be known in oil circles and see if a contract for a test well cannot be made with other parties. Or, if it could be done, organize a local company, take over these leases and sell enough stock to put down a test well.

CAMP TRAVIS NEWS BY PUBLICITY OFFICERS

CAMP ITEMS OF PUBLIC INTEREST AND PERSONAL ITEMS ABOUT THE BOYS.

The boys from Mitchell County in Camp Travis are getting along fine. We went to the target range at Camp Bullis a few weeks ago, and we had a great deal of fun. It was "some" hike, but the good time we had made up for the hardships encountered.

We were an extremely small integral part of the parade of Thirty thousand soldiers on Washington's birthday. Newton Haggerton of Lorraine, said that he never felt so small before.

Charles B. Sporer of Colorado is confined to quarters on account of bronchitis.

John D. Givens, of Lorraine, went kodaking last Sunday at the Hot Wells, and has been raving ever since about the beves and flocks of pretty girls he saw there.

First class private, Roy E. Warren is recuperating from a recent attack of pneumonia at his home in Colorado. He will return to his duties with Co. F, 315th Am. Train this week.

Nelson McClellan of Co. E, 315th Am. Train, fell from a wagon load of hay while on duty in the company corrals last Tuesday and the wheels of the wagon passed over his chest and shoulders. He was rushed to the hospital for first aid and it was found that his injuries are very slight. The wagon had a ton of hay on it. Mac is not on duty yet, but is walking around and says he does not want another experience like that.

There are 54 men in this company who have not yet been to the target range at Camp Bullis. 17 of that number are not now available to go on the range on account of sickness or special duty and detached service. The remaining 34 men who have not been will probably go this next week if the weather permits. They were slated to go Feb. 27, but the order was countermanded.

All the men in this company are

ready to welcome the rookies when they are let out of quarantine in the Depot Brigade. There are plenty of horses to be groomed and the boys are anxious to divide the job with the rookies, and will greet them with curry combs and brushes.

Can a man forget how old he is? It is very important that a man know his age when he registers or fills out a questionnaire; but here is where an Irishman in this company forgot his age when he registered in El Paso last June. Patrick J. Ryan was born in Tipperary, Ireland, and has the brogue that makes the jokes on the sons of the Emerald Isle famous, though he is a citizen of this country, or was before becoming a soldier of liberty. Now Pat has received a certificate of baptism from the good priest of the Little Catholic church back in Tipperary, where he was christened while still a wee, small tot, which shows that Pat was 31 years old last April, and therefore was exempt from registration, but did not know it. Now Pat is currying horses for Uncle Sam, and says: "Faith an' I was always unlucky."

The Camp Travis hostess house is the goal of a steady stream of mothers, wives, sisters and friends who find the wide screened porch, the spacious social room, the hospitable open fires and rest room and the attractive dining room a veritable haven. Formal meetings, dances and program entertainments are not given but here the wives come to spend the hours while waiting to see their husbands who are critically ill at the base hospital, or the mothers arrive, often accompanied by the fathers to bid a last farewell to the boys who are soon going away. Sometimes a girl comes to the house to be married depending upon the hostess for chaperonage.

Since the Camp Travis house was opened, a week before Thanksgiving, over fifty thousand visitors have been served in the lunch room. The house is centrally located, on Sixth Street and Avenue B, and is easily distinguished, as it is stained a soft green, the only building of that color in the camp.

When visitors come unexpectedly, the boys are located for them by telephone and notified that they are wanted at the Hostess House. Information as to rooms in the city, train schedules, places of amusement, church services, etc., may quickly be obtained from the information secretary. Those in charge of the house are: Misses Lucy M. Moore, Director; Mesdames G. A. Reeder, Hostess and Erna Feltenberger, Information Secretary.

THE '18 OUTLOOK.

West Texas folks could very well dispense with quite a number of breezes that the weatherman is giving us at this time, particularly as he generally forgets to accompany them with wet rain—we get plenty of the other kind. Perhaps he thinks that his having given us a "plus" precipitation to date this year, relieves him of further liability until he catches up, but he should take into consideration that he left us nearly "bone dry" last year and we shall need a little extra in consequence. But we have been assured by parties on the inside that we'll get the rains in April.

Help for the farmers is going to be scarcer than ever before and they will have to make use of all the labor saving machinery possible in order to get their crops in and save them at harvest time. There is one thing that they should be careful not to overlook. There are, undoubtedly, already plenty of weed seeds in the fields and there is no profit in sowing more with the grain and then having to work like the Kaiser to get rid of them. All seed should be carefully cleaned and only the best of seed planted. If these things are done at this time, they will help the farmer play his lone hand more successfully.

The warm days of the past week have given new impetus to the field work and seed beds for the spring crops are being prepared at a rapid rate. Now that we have found out how good maize and kaffir flour is, a larger acreage than ever before will be planted. And of course, we are all going to have regular buster of a war garden.

Keep your chickens out of your neighbor's garden; otherwise there will be some hard feelings.

FOOD REGULATIONS

The Government requires that we observe the following food regulations. Mondays and Wednesdays are Wheatless days, which means that no wheat bread of any kind is to be eaten on these days. Tuesdays are meatless days, but fish or fowl can be eaten on meatless days. All breakfasts are meatless. All suppers are wheatless. 1½ pounds of sugar for each member of the family every 15 days. Each town consumer can buy but 12 pounds of flour at a time and farmers or ranch men but 24 pounds at a time, regardless of distance from town. For every pound of flour purchased you must also buy a pound of some substitute for flour. As other regulations are announced they will appear in this column.

FOR COMMISSIONER.

Lay Powell announces this week for re-election to the office of County Commissioner of this precinct No. 1. So far as the Record knows Mr. Powell has made a good commissioner. One thing can be said of him and that is that he is on the job and attends to the duties of the office. We call attention to his announcement and to the fact that he seeks the support of the voters on his own merits, and not on the demerits of anybody who is or may ask for the office. Mr. Powell is an old resident of this county, and is known by everybody.

Guess who's in the race for County Judge? W. L. Doss. See his announcement in the proper column. We had to stop the press to get this in, and promised to write his obituary next week. If you don't believe he's running just ask him.

Saving is a matter of habit—Get the habit.

99.6% Perfect is the Service Records' Verdict on the 6600 Maxwell trucks now in use

MAXWELL TRUCK

99.6% is a figure that no vehicle of the day has surpassed. It is based on what the 6600 Maxwell trucks have done. Think what it means—6600 trucks travelling over every known kind of road in and about 500 cities. And yet of all this number the service records show 99.6% perfect. Quantity production has brought the price down within the reach of everyone—\$400 less than any other truck of similar capacity in the world.

LOCAL DEALERS

LORAINÉ LOCALS

W. B. Wimberly left a few days ago for Waco, to make his home with his family, who are already there.

R. L. Goodwin of Midlothian was in Loraine last week on business.

Miss Annie Gregg of Roscoe visited in Loraine Sunday.

Miss Lillie Nelson of Sweetwater, spent Sunday with homefolks.

Elmer Rushing and family left last week for San Antonio, where they will make their home this year.

Barna Haney of Lubbock visited home folks the first of the week.

Mrs. M. L. Mullin of Abilene spent Saturday and Sunday in Loraine.

Miss Ida Nelson of Wastella, spent Sunday with home folks.

Mrs. W. R. Davidson left last week for Oklahoma, where she has a position in a hotel.

On account of bad weather Saturday, the Sweetwater basket ball boys failed to come to play the Loraine team as scheduled, but will play in the near future.

Loraine was again visited with a light shower of rain Friday night and Saturday.

Mr. and Mrs. A. Phillips have closed their school at Blackland and will be in Loraine quite often now.

Sunday night Lee Shepherd's watch dog aroused the family by the noise of scratching on the wall. A light was immediately flashed, from which they could see the dog was having a fit. The family was placed securely away from the dog and he was immediately shot and killed. The dog was supposed to have gone mad.

Miss Minta Finley is visiting her sister in Fort Worth this week.

The Home Missionary Society entertained Friday night at Mrs. Ada Pierce's. On entering each person was supposed to pay 3 cents for each foot of their height. Something like \$8.00 were received which will go for the benefit of the society. Coffee, tea

and sandwiches were served for refreshments.

Miss Etta Seowan of Baumann community visited in Loraine Monday.

Beatrice Bryson, little daughter of Mr. and Mrs. George Bryson has been suffering from an abscess on her jaw and neck, and Sunday it was lanced by Dr. Martin, and she is now recovering slowly.

WHAT THE FOOD SITUATION IS.

The men of England, Scotland, Ireland, France, Italy and Belgium are fighting; they are not on the farms. The food production of these countries has therefore been greatly reduced. Even before the war it was much less than the amount consumed. The difference was supplied by the United States, Canada and other countries, including Russia, Roumania, South America, India and Australia.

The difference between production and consumption is now greater than ever, and, at the same time, food can no longer be obtained from most of the outside countries.

Therefore, our associates in the war for democracy depend upon North America for food as they have never depended before, and they ask us for it with a right which they have never had before. For today they are our companions in a great war against a common enemy. For the present it is THEY who are doing the fighting, the suffering, the dying—in OUR war.

One million of the finest young men of the United States will soon be fighting side by side with the millions of brave soldiers of France, Great Britain, Belgium and Italy.

Millions of the men, women and children of the United States can not go abroad and fight the enemy face to face. But they can fight by

HELPING THE FIGHTERS FIGHT.

E. A. PEDEN.

Some of the Panhandle editors are still trying to have Texas cut in two. That will never do now. If there ever was a time when we ought to stand together that time is now, when the world is at war with the Germans and Texas is at outs with J. Pluvius. —Foard County News.

Yes, stand together and get worked out of our representation in Congress our share of political patronage, state institutions, and a general all-around square deal by Northeast and Central Texas. Standing with Northeast and Central Texas for political purposes has not developed the resources of the west part of the State. We need to cut out from that bunch that uses us as political vassals. No, brother, West Texas is too important to continue the present order of things politically. We need our resources developed and a separate state for West Texas would develop us as never before. A few West Texas editors are hanging on to the old sentimental dodge of East Texas politicians. That is the argument of those that do not care a tinker's dam for West Texas, and so long as they can hold us in line with the sentimental racket they will continue to plunder West Texas politically. West Texas should stand together as one man, and while it may take years to get divorced from East Texas politicians we will finally get a state of our own. —Lockney Beacon.

The Record started out to help the West Texas editors have Texas divided. Don't know but that the Record, under the editorial management of the late Dr. Weston, was the first or among the first to start it. But the war and the drouth has about got our goat, and while Texas division, like Tipperary, is a long way off, yet justice, like truth, will prevail and we'll await the time with patience until our contention shall be made known to East Texas politicians in no uncertain tones.

CALOMEL DYNAMITES
A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work

Calomel salivates! It's mercury Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. Adv.

If thou thinkest twice before thou speakest once, thou wilt speak twice the better for it.—Wm. Penn.

The new scientific film "Twilight Sleep" will be shown at the open house, Tuesday, March 12. Ladies only in the afternoon; men only at night; accompanied by a lady lecturer in the afternoon and a man at night. The admission is only 25c.

Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

CITATION BY PUBLICATION

The State of Texas:—To the Sheriff or any Constable of Mitchell County, Greeting:—

You are hereby commanded to summon D. B. Hogan by making publication of this citation once in each week for four successive weeks previous to the return day hereof, if some newspaper published in your county if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the County Court of Mitchell county, to be holden at the Court House thereof, in Colorado, on the 3rd Monday in April, A. D. 1918, the same being the 15th day of April A. D. 1918, then and there to answer a petition filed in said Court on the 24th day of January, A. D. 1918, in a suit, numbered on the docket of said court, No. 1263, wherein W. H. Badgett is Plaintiff and D. B. Hogan and The First State Bank of Coahoma Texas, are Defendants, and said petition alleging:

That on or about Dec. 29th, 1915, Plaintiff sold to Defendant, D. B. Hogan, certain personal property, i. e. two red mare mares, one about 14 1/2 hands high, and one about 13 1/2 hands high, for \$260, and a wagon, harness and a plow for \$50, under an

agreement that the title thereto was to remain in Plaintiff until purchase price therefor was paid with 10 per cent interest thereon, and that a written contract therefor was to be executed. That on or about the same time said Defendant was or became indebted to Plaintiff in the following sums of money, for the following purposes: \$203 advanced to pay a note; \$63 cash advanced to pay for supplies; \$40 cash advanced to buy feed; \$75 cash advanced to buy merchandise; \$25 for pork; \$25 for cotton seed, and \$9 for cash advanced. That on or about Jan. 3rd, 1916, in pursuance of such agreement a written contract was drawn and executed by Plaintiff and Defendant, Hogan, wherein and whereby said Defendant acknowledged and promised and became obligated to pay said several items of indebtedness with ten per cent interest thereon, the aggregate amount thereof being Seven Hundred Ten and No-100 Dollars (\$710.00). That no date of maturity was specified in said contract, which rendered same payable on demand. That said contract expressly stipulated that the title to said personal property was to remain in the Plaintiff until fully paid for, which had the legal effect of rendering same a chattel mortgage on said personal property. That said instrument was executed in duplicate and one of the originals thereof was duly filed in the office of the Clerk of the County Court of Mitchell County, Texas, on Jan. 7, 1916, as a chattel mortgage, numbered No. 5359, and entered in Vol. 12, p. 127 of the Chattel Mortgage Records of said county. That though often requested said Defendant has failed and refused to pay same or any part thereof to Plaintiff's damages in the sum of \$900. That said Defendant thereby promised and became bound and obligated to pay said amounts of money hereinbefore set out, with ten per cent interest from Jan. 3, 1915. That some time in the latter part of the year 1917 the exact date being unknown to Plaintiff, the Defendant the First State Bank of Coahoma, Texas seized said mules and appropriated them to its own use and benefit with the intent and effect then and there of depriving this Plaintiff of his said security. That such seizure was under some claim of right, the exact nature of which is unknown to Plaintiff, but which he avers to be junior and inferior to his aforesaid lien, and with both actual and constructive notice knowledge thereof. That by reason of such conversion Plaintiff was damaged in the sum of Three Hundred Dollars (\$300.00). Plaintiff asks for citation for both Defendants, and for judgment against the Defendant Hogan for said indebtedness in the sum of \$710 with 10 per cent interest from Jan. 3, 1916, for foreclosure of his said chattel mortgage lien upon said personal property as against both Defendants, and for his said damages against the Defendant First State Bank of Coahoma, Texas, in the sum of Three Hundred Dollars, with 10 per cent interest from the date of such conversion, for his costs and for such other and further relief, both general and special, legal and equitable.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Colorado, Texas, this 7th day of April, A. D. 1918.

W. W. PORTER,
Clerk Co. Court, Mitchell Co. Texas.
By W. S. Stoneham, Deputy.

A true copy I certify:
3-8 A. W. COOKSEY,
Sheriff Mitchell County, Texas
By J. R. Sheppard, Deputy.

R. B. Terrell announces that he now handles the Eclipse Windmill and repairs, also all kinds of water pipe and fittings. Fred Harris now has charge of the tin shop and plumbing. All work done promptly and guaranteed.

DESPONDENCY DUE
TO CONSTIPATION

Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

"It was my privilege recently to witness the photo-play entitled "Civilization." It was a delightful and thrilling presentation, and I came away impressed that it was a great production. It is a splendid combination of the tragic and beautiful, depicting stirring and realistic scenes and holds the attention of the audience from beginning to close. I count myself fortunate to have had the privilege of the evening's entertainment."

F. D. GARDNER,
Governor of the State of Missouri

Supporting the Government—

This is a time for every citizen to support the United States Government, and many are doing so at a considerable cost or sacrifice to themselves.

We have joined the Federal Reserve Banking System established by the Government to give greater financial stability and strength to the member banks and protection to their depositors.

You can give your support to this great Government enterprise and also obtain its protection for your money by becoming one of our depositors.

The Record would call the attention of the Colorado Chamber of Commerce to the fact that the U. S. Good Roads Association will meet at Little Rock, Ark., April 15-19. At this meeting the Bankhead National Highway Association will also convene and the route from Little Rock to El Paso will be decided upon more than likely. As one of the routes as proposed, goes from Fort Worth to El Paso over the State Highway No. 1 would it not be a good idea to send a delegate from this county, to work in connection with other delegates from Texas, to secure this trans-continental highway over this route? There is no question but this is the best, and most direct route, and by an effort on the part of the Good Roads Associations of Texas, it might be landed. Then if we can get the Ozark Trail over this same route, we will have the distinction of having two National and one State road, all in one. Our readers are referred to an article in this paper in regard to the Bankhead Highway. Read it.

TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED

Best For Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines. Instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret at night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin scriterener, s... and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. Advt

PRICES ADVANCE \$80 TO \$100 ON MAXWELL CARS.

Announcement has been made by the Maxwell Motor Company of an increase in prices to become effective March 1st. The revised schedule shows an addition of \$80 to the present price of all passenger cars and one of \$100 to that of the Maxwell truck.

This action, Maxwell officials state, has been made necessary by the increased cost of doing business and curtailed production—due to shortage of materials, rising cost of labor and the increased cost of distribution due to transportation difficulties.

The new Maxwell prices therefore are as follows: Touring Car \$825; Roadster, \$825; Truck (Chassis), \$1085; Sedan, \$1275; 6-passenger Town Car, \$1275 (wire wheels); \$1175 (artillery type wheels, wood); All Weather Top, \$935.

LOCAL NOTES

City election comes on April 2nd.

"The End of the World" is Coming. Watch for it.

Hawkes spectacle man at W. L. Doss' March 13th, one day only. Eye examination free.

Mrs. S. H. Cromer and children left Tuesday night for Strawn, where Mr. Cromer has located.

Home talent play at opera house March 19th, benefit fire company.

Lieut. R. A. Shepherd, of Camp Travis, is on a visit to his parents, Judge and Mrs. J. L. Shepherd.

Stewart Cooper has pipes, cigarettes tobacco, and everything of the best quality to please the smokers.

Miss Ruby Henderson, chief saleslady at Burns store, is again at her post of duty, after a pleasant visit to home folks in Abilene.

Bring us your empty sacks. Will pay top prices.—Continental Oil-Cotton Co.

Red Danube Onion Sets at Colorado Mercantile Co.

Abe Dolman and family have returned to Mitchell county to stay. Abe says there is no place in North Texas as good as Mitchell county.

Have your eyes examined by an expert, at W. L. Doss' drug store on the 13th—Examination free.

Little Frances Dulaney, who has been quite sick is reported much better this week.

Plenty of coal on hand; plenty of all kinds of hay, plenty of cake, meal and hulls. Plenty of bran, oats and chops. Plenty of shorts and mixed feed. Feed and fuel of all kinds.—A. M. Bell, Westbrook.

Miss Lottie Pritchett, a member of the senior high school class has a case of measles.

Get ready for the "End of the World" its coming.

Best prices paid by the Oil Mill for all your empty sacks. Bring us all your sacks.

Last week the linotype machine made us say D. J. Hunter had shipped in some fine Leghorn chickens, when it should have been Langshang. Mr. Hunter says his prize winning Langshang cockerel will make an even half dozen of anybodys Leghorns.

Rev. J. W. Fulton, pastor at Westbrook, was a pleasant caller at the Record office on Tuesday of this week. Mr. Fulton says that unless the rains come pretty soon, he will be forced to seek a new field.

"The Stolen Will," a home talent play, benefit fire company, opera house, March 19th.

I. A. Griffith sends a dollar from Abilene for the Record, and speaks of a one inch rain there, and says he is sure glad to see that the bond issue carried. "It will help you and us both."

Mr. J. B. Farmer is on the sick list this week.

White Bermuda Onion Sets at the Colorado Mercantile Co.

Otto Jones was in from the Spade ranch on Tuesday and said he was busy laying one mile of water pipe, so as to get the water from one pasture to another. One mile is some pipe, when present prices are considered.

Plenty of liquid smoke to cure your meat, at W. L. Doss.

Little Iris Sadler, who has been quite sick with measles is much better

Red Danube Onion Sets at Colorado Mercantile Co.

Mr. and Mrs. C. M. Armstrong of Seminole, stopped with Mr. and Mrs. Marcus Snyder Wednesday enroute to Georgetown to visit Mrs. Armstrong's parents, Mr. and Mrs. Snyder

FOR SALE OR TRADE—Four sections of land, all good and level, 60 miles south of Midland, near the Orient R. R.; a good ranch proposition; would exchange for land near Colorado, Texas, or might take land in Northeast Texas. This is school land, \$1.50 to the state; will take \$8 bonus.—A. J. Herrington, Colorado, Texas. 1tc

The End of the World.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the trouble was soon righted with

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package—One of a dozen \$3.00. All druggists.

CAN'T WE PUT THE FARMERS TO WORK?

Since the road bond election, more than one hundred farmers with teams have made application for work on the roads. According to the usual process it will take as much as 30 days to get up the records and have the bonds issued, and then it will take at least 30 days more to have them printed and approved by the Attorney General; this will be about the first of May. There is now at Austin, set aside \$23,800 state and federal aid for Mitchell county, which is available just as soon as this county puts up a like amount.

It is now believed that \$25,000 to \$50,000 of these bonds will be sold by the time they are ready, and if this sale is consummated we will have more than \$50,000 in money ready by about May 1st. Then, at that time if the farmers are busy in their crops the road work can be deferred until crops are laid by, so that the farmers may build the roads through the months of July and August.

It is unfortunate that the first election did not carry, as we would now have been ready to go to work, and if there ever was a time when the farmers needed the work it is now.

In case the bonds (or part of them) cannot be placed immediately, the Record would suggest that part of the bonds be put up as collateral and \$25,000 be borrowed, which would enable us to get the aid money from Austin, and let the farmers start to work at once.

In case it should not rain in time to set a crop, this should be done, if it can be done, as it would save many a farmer of this county from utter bankruptcy, and probably from suffering.

In the meantime Judge Bullock and the court assure us that they are doing all they can, and will push the thing as rapidly as possible, but the law provides that a certain routine shall be observed, and this will have to be done.

The Record advocated the bonds as much for the benefit of the farmers, and to give them work, as for the good roads that we shall have, and if there is any way by which they can be given work, and at once, let us do it, and do it now.

Everybody is planting a war garden, but little can be hoped for until rains.

This week is just right to plant Irish potatoes. If you wait next week the moon will not be

The supreme court has handed down a decision, that if a man's Higginbotham into his neighbors garment, which is, that the neighbor is not act so well as the chickens or years ago, my stone approach upon him.

I decided I would ly to come Draught a thorough trial we sure to was highly recommended time to trouble. I began taking it. better after a few doses. My your improved and I became strong is at bowels acted naturally and the trouble was soon righted with

AN UNMITIGATED NUISANCE.

The Vanguard does not want to subject itself to a charge of being hypocritical or establish a reputation for fault-finding. Anybody can find this in fault. Nothing on top of God's green Highweath, nor in the heavens nor underneath the earth exists without faults to El Except the Almighty Himself. But we are going to risk a shot anyway, at the countless and constantly increasing number of hurrah agents for the government, and especially that class that are hurrahing in the farmers. It has become simply an unmitigated nuisance. The Vanguard now receives perhaps not less than four to eight pages of mimeograph matter every week making some kind of a hurrah campaign with the farmers about production and about what they ought and ought not to plant this season "to win the war."

If the government does not realize it now, it will before many months, that this is not only a waste of money and energy, but it is worse than waste. It is getting the agricultural classes disgusted with the bureau system. The farmers are very justly beginning to resent the flood of advice which is being poured all over them every day, as if they themselves had not ordinary common sense enough to see an inch ahead of their nose.

The country newspapers are the only institutions which have the vast amount of stuff of this kind brought to their doors in a way to measure, not alone the quality of it, but its damaging psychological effects.

If the government is going to use the freedom of the press to the best advantage, it will give a little attention to the co-ordination of its press agencies, just as it is finding it necessary to co-ordinate the transportation lines and other great industries in order to create efficiency and avoid friction.—Comanche Vanguard.

The intentions of the government and its enthusiastic appointees are no doubt sincere in their efforts to instill into the farmers and others the necessity of raising more food and feed crops, and conservation in its various forms. But the trouble is the multiplicity of advisers who are not working in harmony. The Times receives sufficient material every day to fill the paper every issue, and would it publish the conglomeration it would be classed as a chump. The Government should put some of its publicity agents to building ships. There are too darned many of them.—Taylor County Times.

Every day there comes to our desk a mountain of literature for publication urging the farmers to plant food and feed crops, urging the South to feed itself, urging every family in town or country to raise a war garden and stressing the matter of putting seed in the ground. We realize the importance of all this and, hope the South will not only feed itself but may be able to send a large amount of food supplies to the men on the other side of the sea. The South should do so and we believe she will do her part. But the trouble is that we, in West Texas, are needing rain. Some kind of wetness is the cry that is being made. Only give the farmers of this section the rain to produce a crop and the Government will not have to do any urging to get them to do the tilling act. Our people have stood the drouth with a remarkable courage and are still making the best of existing conditions, but what we need and what we must have to help feed the outside world is rain. Rain is the lacking element in this country just now.—Sweetwater Reporter.

The Record receives every day great stacks of this literature, some from the State government and much from the National government, relative to everything and every question that is before the people at this time. It is sent out "free" by the different agencies, committees and boards, with the intention of giving publicity to these matters; and the country newspapers are expected to print this stuff. The fact of the business nine-tenths of this stuff cannot be used by the country papers, as it would tax one linotype machine to put this amount of matter in type, and we would have to print 16 pages every week were we to try to use this matter. Again most of it is not applicable to this country or to this people, especially the agricultural part of it.

Our friend County Agent Dulin also gets his pockets full on every mail, and as he cannot use it he dumps in onto us, giving us a double supply.

Now all this looks to us like a woful wilful waste. It costs thousands of dollars for the paper alone that is mailed out, it costs thousands more to have it printed or mimeographed, and thousands more for clerk hire to address and mail these millions and millions of circulars.

At this time it is no use to urge our farmers to plant so-and-so; no use to urge them to save and conserve. We in the west are doing all we can to save—we are forced to do it. We'll plant all we can when the time comes, and if it rains. Right now we need rain, we must have it, we cannot turn a wheel without it. Many people are holding on with their last grip, waiting for it to rain. If it does not come in March or April, there will be nobody in this country to plant. Don't waste all your free advice and printed literature on us poor devils of the west—mail it east or better still, but it out altogether, and turn this wasted money into some channel where it will do good.

Sit steady in the boat, the rains will come! Don't give up the ship, the rains are due in April! Don't get discouraged, the rains will come in due season! It never rains in this country much in the month of March. The rain table in the Record shows March 1914 .40; in March 1915 .21; March 1916 .08; March 1917 .00. Not much consolation here, but look at April for these past four years. Big rains in April are what we need and they'll come. April is planting time in Mitchell county, and we are sure to get the April rains. Do all you can; get good seed; have it ready and in April plant the whole of Mitchell county, for we are sure of a good crop this year. Sit steady in the boat! Stay with the stuff!

EDUCATIONAL COLUMN.

Edited by Supt. J. H. Bullock in cooperation with the Department of Extension, University of Texas.

"Our Husky City Boys."
The Literary Digest says: "The result of physical examinations shows that in the National Army the young men from the country are more likely to be rejected as defective than those from the city. The number of children and young men defective or in need of medical attention is from 7 to 20 percent higher in rural districts. While there was an alarming number of instances of poor eyesight, underweight, bad teeth, flat feet, and other defects among young men examined in cities, the results were even more startling in the country."

Dr. J. A. Nydegger, in charge of the United States Public Health Service in Baltimore, attributes this to the fact that "the health of school children is almost entirely neglected in rural schools."

This is extremely serious indictment against our rural schools. Have we, as rural teachers, been so absorbed in teaching the bare requisites of the course of study that we have forgotten to teach the lessons of sanitation and health?

Are the children in the rural schools of Texas receiving the instruction in health and hygiene that they need? How many children in your school, Mr. Patron, know the necessity of cleaning their teeth properly after each meal? How many children in your school possess a tooth brush?

Is the bad eyesight mentioned above due to poor lighting in the home, in the school, or both? Are our children in the rural districts under weight because of improper feeding, or what is the reason?

If these statements of Dr. Nydegger are true, there is something radically wrong with rural education, and as rural people of a progressive rural state we intend to right some of the wrongs.

Plenty of liquid smoke to cure your meat, at W. L. Doss.
