IATAN INKLINGS

The general health of the community is good.

People are still anxiously waiting for a good rain.

There is still lots of feed stuff being unloaded at Iatan.

Mr. E. B. Gregson made a business trip to Colorado last week.

The oil well people have their tank dam repaired, which broke last summer. W. E. McKinney and O. R. McClellan repaired it for them. They have not commenced drilling yet, but we understand they are going to start drilling in the near future, about April 1st probably. We hope they will have the good luck to strike a good flow of oil which would put the Iatan flat on somewhat of a boom.

The grass is sprouting out considerably since the showers we had a few weeks ago. Which of course shows that if we only had a good season we would have grass in a short time. We believe we are going to have rain in April which, should it come, would make plenty of grass, and would also be in time to make a bumper crop.

Mr. W. R. Charters and family of Colorado were visiting in Iatan Sunday, the guests of Mr. and Mrs. O. G. Baxter.

Mr. and Mrs. Emmett Pickard visited Mr. Pickard's mother Sunday.

Mr. E. B. Gregson and family spent the day with Mr. and Mrs. O. E. McClellan last Sunday.

ROAD BONDS APPROVED.

Judge Bullock received a wire last week from the Attorney General's office at Austin that the road bonds had been approved and were now in the hands of the printers. It ought not be later than April 1, before the money can be secured, especially the \$23,800 State and Federal money at Austin. Some of the commissioners favor starting the farmers with their teams to hauling gravel right now and having it ready on the ground, to be used as soon as the rains come and the roads can be graded. It seems to us that this would be a good plan, as the gravel could be piled beside the road and afterward put on with scrapers. If there ever was a time when the farmers needed work for their teams, that time is right now.

STATE HIGHWAY MEMBERS DESIGNATED OFFICIALLY

Austin, Tex., March 20.—The state highway department announces that as a regular meeting held today the proposed Bankhead highway is officially designated by the state highway commission as being the same as state highway number one, described as follows:
From Texarkana to Dallas, and from Dallas to El Paso.

Mr. J. H. Bullock, Director of Fort Worth-El Paso Highway Assn. Colorado, Texas.

Dear Sir:
There will be a joint meeting of the Fort Worth-El Paso Highway Association and the Texarkana-Fort Worth Highway Association at Texarkana, Texas, April 13th, 1918, called for the purpose of organizing our forces more closely to secure the designation of Route No. 1 as a National Highway at the Bankhead meeting in Little Rock, Ark., April 15th, 1918.

We have planned to have a representative from every county along Route No. 1 from Texarkana to El Paso, and are anxious that your county be sure to send one or more delegates to attend the meeting at Texarkana, and also the meeting at Little Rock, Ark. We can proceed directly from the meeting at Texarkana on the 13th of April to the meeting at Little Rock, Ark., to be held on the 15th of April. We consider this one of the most important meetings on account of securing Route No. 1 to be designated as a National Highway, whereby we will be eligible to receive much greater assistance from the Federal Government in the matter of constructing and maintaining this Highway. I would thank you to get in touch with your people and let me know as soon as possible whether your county will send one representative or more than one to both of these meetings.

Thanking you in advance, I am,
Yours very truly,
S. A. Penix,
President, Fort Worth-El Paso Highway Association.

Judge Bullock received the above letter last week and is very anxious to go to these meetings to represent Mitchell County.

We understand that the Chamber of Commerce will send Judge Ernest and J. H. Greene and the Commissioners Court should send Judge Bullock. Judge Ernest to go as Vice-President of the Ozark Trail and Auto Association. J. H. Greene to represent the city and Mr. Bullock, the county. The Chamber of Commerce has the money and it can never be spent in a better way than to have a full representation at these meetings. The Record pays its monthly dues to the Chamber of Commerce and we are more than willing to spend it in this way.

Now that the Great Bankhead highway is to be the same as State Highway No. 1 and we are almost sure to secure the great Ozark Trail also over State Highway No. 1. It will be no trouble, and almost sure to be designated as a National Highway and when this is done it means a Government Military road and we may yet see a macadamized or concrete road from Texarkana to El Paso.

BACK UP.

Jim Ferguson on the front page of his Forum says: "Back to the school room with the political teacher. Back to the courtroom with the political lawyer. Back to the pulpit with the political preacher."

To which the Western Evangelist says: "Aye, Aye, Sir! And we would add, Back to limbo with one James E. Ferguson, political mountebank, four flusher, political bandit, good-and-dead candidate for governor."

NOTICE TO SCHOOL PATRONS.

If the census trustee has failed to enroll any children, it is the duty of the parents or guardian of such children to make the fact known to the census trustee, Mr. Mitchell, or to Mr. J. M. Thomas or E. F. King. Every child missed means a loss of seven or eight dollars to this school district. Please report any children that you may know that have not been enrolled. Failure to enroll a child makes parent or guardian liable to prosecution and fine.

MANY LAWS ARE ENACTED

Fourth Called Session of Thirty-Fifth
Legislature Believed to Have Made
a Record For Number of
Laws Passed.

Austin, March 23.—During the afternoon session in the house the Santell bill placing the state highway department under the jurisdiction of the railroad commission was killed by the passage of a substitute which merely provided for the collection of automobile registration tax by tax collectors. Plans for sine die adjournment of the present special session of the legislature Wednesday noon were completed this afternoon.

The governor's office is being deluged with measures presented for his signature. The woman suffrage bill now is in the hands of the governor. It is expected to be signed next Monday. Both branches of the legislature today adopted the free conference committee report on the Thomson of El Paso literacy bill and the measure now goes to the governor for his signature.

Because Governor Hobby owned \$500 worth of the capital stock of the Texas Steel Company, the corporation for which Colonel L. P. Featherstone purchased the properties known as the State's iron industry, the chief executive questioned his qualifications to approve the contract. He submitted the matter to the attorney general's department for a ruling and it was held that the governor was disqualified.

The senate passed finally the house bill amending the law creating the state highway committee by permitting the payment of the automobile tax quarterly instead of semi-annually. The bill also provides that the highway committee may also authorize the construction of as much as ten miles of highway during the year instead of two and one-half miles in a county.

The house this afternoon passed finally the senate bill regulating venereal diseases and making an appropriation of \$15,000 for the remainder of the year and \$30,000 for next year.

Although the present special session of the Thirty-fifth Legislature does not terminate until Wednesday, the lawmakers have practically completed the work of the session, as the remaining three days will be consumed in the consideration of conference reports, the signing of bills and other details incidental to the closing of a legislative session. This fifth called session of the legislature will go down in history as one of the hardest working bodies in the memory of the oldest legislator, more having been accomplished within the brief 30 days than has usually been done within 60 days.

The lawmakers succeeded in having engrafed on the statutes of Texas, woman suffrage and statewide prohibition. Two measures which would have met with dismal failure not less than two years ago.

The Governor's war legislation in-

cluded the enactment of what is known as the 10 mile zone law which becomes effective on April 15; this act providing that no liquor shall be sold to soldiers, inside of a 10-mile zone or military camp of instruction. There is a companion measure which prohibits the issuing of liquor license to persons not residing within an incorporated city or town. This precludes the opening of saloons on the fringes or outskirts of these military camps. Cities in which are situated ship building plants are also considered within the prohibited zone as well as aviation landing fields. Two anti-boot legging bills were passed, a bill prohibiting commercialized vice that is making it a felony for any person to solicit lewd women for soldiers. There is also a measure against the selling of intoxicating liquors to soldiers. The loyalty bill is also another war measure of considerable importance, for the law prohibits any one speaking disrespectfully of the flag or of the United States. All of these war measures have been signed and are now in effect with the exception of the same law, and a violation of any of them is a felony offense.

A resume of the work of the special session discloses that a number of other important measures were enacted during the 30 days session. Probably the most important, excluding the woman suffrage bill and the statutory prohibition act, is the bill providing for majority nominations for all state and district officers. At present the plurality system prevails but under this new law which will be operative in the July primaries, a candidate will have to receive a majority of all votes cast before he is declared the nominee. After a hard fight the legislature excluded an amendment which would have prevented the name of any candidate who may be disqualified from holding office from being printed on the primary election ballot. Another important measure is that creating a commission of appeals composed of six members to relieve the supreme court; this commission is to meet on the first Monday in October, 1918, and sit until the last Monday in June 1920, when it is believed the congested docket of the supreme court will have been cleared.

Other measures of considerable importance, enacted during the session are: Authorizing the State to invest \$5,000,000 of state funds in short term securities of the United States government and from which it is expected the state will reap \$56,250 in interest for a period of three months.

State depository law, permitting all banks in the state with a capital stock of \$25,000 or more to bid for the safekeeping of the state's fund.

Appropriating \$2,000 to be used by the extension department of the A. & M. College to make experiments with bear grass as a fodder.

Drought relief bill, carrying an appropriation of \$2,000,000 for the relief of the drouth stricken farmers of the western portion of the state, the money to be disbursed under the supervision of the governor.

Prescribing the time of holding court in the 72nd judicial district.

Ratifying the action of the Galveston city commission in conveying and releasing to the Galveston Dry Dock and Construction company Pelican Island in Galveston Bay.

Reenacting the Allison liquor law, prohibiting interstate as well as in-

terstate shipments of liquor into dry territory even for personal use.

Providing for the teaching of lessons of patriotism in the public schools of the state.

Authorizing county commissioners to employ an interpreter for the district and county courts and paying \$3 per day to such interpreters while actually engaged.

Further restricting the closed season for the killing of doves.

Providing for the creation of reclamation and irrigation districts, carrying out the provisions of the constitutional amendment for the conservation of the natural resources of the state.

Extending the delinquency act so as to include girls and that delinquent girls may have all the advantages of this act now given to delinquent boys.

Providing for better sanitary conditions for women working in department stores factories, laundries and shops.

Amending the fish and game laws so as to permit the federal government to take fish out of the fresh water streams of the state for propagation purposes in the government hatcheries in Texas.

Authorizing the state superintendent of public instruction to extend teachers' certificates where such teachers have gone to war.

Providing for the creation of irrigation districts.

Placing all county commissioners in the state on a straight salary basis making the maximum amount to be paid \$2400 a year in the larger counties of the state, and scaling downward according to the size of the county.

Validating the sale of certain public domain.

Authorizing a county or counties to construct dams and dikes to prevent salt water from polluting fresh water streams.

Permitting the organization of unorganized counties on the petition of 75 per cent of the residents of such unorganized county.

Authorizing co-operative loan associations to invest their surplus funds in war securities or Liberty Bonds.

Increasing the salary of the state superintendent of public buildings and grounds from \$1750 to \$2400.

The track removal bill, permitting railroads to remove, abandon or relocate their tracks in all cities of 5,000 or over.

Appropriating \$100,000 for the construction of a hospital for the negro insane at Rusk.

Appropriating \$25,000 a year for the continuation of the work of the state council for defense and empowering the council to employ a paid secretary.

Requiring lawyers, from other states who desire to practice in Texas to show a certificate from the highest court from the state where such lawyers previously resided.

Permitting the organization of corporations for the purpose of preventing the pollution of fresh water streams with salt water.

Regulating venereal diseases and requiring county and state health officers to report such diseases, the bill carrying an appropriation of \$15,000 for the remainder of the present year and \$30,000 for the following year.

Providing that one year's course shall be sufficient for a nurse to obtain a diploma.

Providing disqualifications for as-

sessors and collectors of water improvement districts.

Providing that drainage commissioners shall be elected instead of appointed.

Authorizing officers in the army to take acknowledgements and depositions of soldiers in the army.

Authorizing casualty companies to write marine insurance.

Emergency appropriation of \$30,000 for state juvenile training school at Gatesville.

Austin, March 26.—The woman's suffrage bill was signed by the governor this afternoon and becomes effective ninety days after adjournment of the legislative session.

Governor Hobby today by invitation addressed the joint session of the legislature. He reviewed the work of the lawmakers and congratulated them on the excellent cooperation which had been given the executive branch of the government in the passage of the war measures and other important legislation. He declared he was proud to have signed the woman suffrage bill and believed that the women of Texas should have a hand in shaping the future destiny of Texas. He pointed out that men of opposing political views laid aside their differences and worked in harmony so as to accomplish the purpose for which the lawmakers had assembled. The governor was given an ovation by the lawmakers when he started to speak and also at the conclusion of his address.

The senate today passed finally the house party pledge which requires a voter to pledge that he will vote for the party ticket in the general election and also excludes a voter from voting in the event he failed to vote for all party nominees at the last general election two years ago.

IMPORTANT MEETING.

Judge Bullock on Thursday morning received the following telegram:

THE SWELLEST PARTY IN PARIS

Paris, February 14th.—Two hundred American soldiers advanced as primly as small boys on their way to dancing school.

Past the pink marble facades, and through a gorgeous wrought-iron gate, the double line of khaki edged its way cautiously. Thru the medium of the Y. M. C. A. the men were about to be entertained by one of the wealthiest women of Paris, an American who had married abroad. The house was like nothing they had ever seen before, and its grandeur rather scared them.

"Hoboken was never like this!" whispered Private Smith, and someone else started to whistle under his breath. "I dreamt I dwelt in Marble Halls." One of the informed announced that the house was a perfect model of the Petit-Trianon, pronouncing the word as it was spelled, with a middle-western accent. None contradicted him.

They filed thru the imposing door, and came safely out of their encounter with the butler in livery, in the great stair-way. Some of them slipped and skated precariously as they hurried up the great red marble stairway and one whispered resentfully that the blamed stairs were waxed. Others eyed the gold walls and magnificent pictures, and appeared to be wondering what they should say to their hostess.

Before they knew it they were in the music room, and Private Smith was wishing that the folks back home could see him then. The ceiling was high and vaulted, and concealed electric lights threw a soft glow upon it from a gilded molding. Scores of wax candles glittered amidst the crystal bangles of thin glass candelabras, the only visible lights in the room. On the walls were heavy bas-reliefs and a life-size bronze statue stood in the corner. It was a swell party, all right.

They forgot what it was they had meant to say to their hostess when

GREEN'S AUGUST FLOWER

has been a household remedy all over the civilized world for more than half a century for constipation, intestinal troubles, torpid liver and the generally depressed feeling that accompanies such disorders. It is a most valuable remedy for indigestion or nervous dyspepsia and liver trouble, bringing on headache, coming up food, palpitation of heart, and many other symptoms. A few doses of August Flower will relieve you. It is a gentle laxative. Sold by W. L. Doss; 30 and 90-cent bottles. Adv.

they saw her standing at the door of the music room. No matter! She was shaking hands with each one, and smiling at him in a way that reminded him of his mother at home. Another woman at the piano singing a song they knew, a song they had sung back home. The men didn't dare join in, but they applauded heartily. They wished that someone would play the golden harp that stood by the music rack; many of them had never heard a real harp. They sat listening to that song and another. Private McCron, as he deposited his two hundred pounds avoirdupois carefully upon the small gold chair, wondered whether it would break, and how much it had cost.

"Refreshments!" came the magic word. With small boys and with soldiers it is always time to eat and the 200 American soldiers were entirely natural again, as they walked briskly down the marble hall toward the snowy table. About four feet from their goal, the front line halted and blushed red. They had seen four severe looking butlers behind the table. The front rank tried to back into the second line, which stood its ground with the determination of alarm. There were the little cakes and the heaped-up plates of ice cream, and there were the men; but between the two an impassable gulf seemed fixed.

"Come on, boys!" urged the hostess. "What will you have?" she added, to one of them. He turned red, and seemed unable to say a word; he couldn't even point, as he might have done when he was younger. However, his silence was interpreted as an order for roman punch, and several delectable small cakes, which his hostess herself put into his hand. That broke the spell, and the four butlers began to learn something new about a hungry American crowd.

Not that they didn't all remember their manners, you understand. Each man was most polite and deliberate. He tried to take his cakes as if he didn't care whether he had them or not. But he took his hostess at her word, and piled his plate high; it was his first party in Paris, and he wasn't just sure when he could go to another. Meanwhile, the ice melted with the ice cream, and the American soldiers told jokes and laughed at them as heartily as they might have done in a Hoboken flat.

Afterwards, there was more music than a reluctant goodbye to the hostess, a rush for the subway, and the party was over. Not really over either! It still lives in the stories of the "swellest party in Paris," which are being carried to the uttermost

confines of American soldiers' camps in France.

This was only one of the parties which are being given for the men, thru the medium of the Y. M. C. A. Under the auspices of the Association, many of the wealthiest homes in Paris are opened to American soldiers in the city. The men go back to the trenches with tales of a leave that has been spent in a taste of home life and innocent gaiety, instead of having to tell of time and money squandered upon the under world of the city.

GIRLS! IT'S YOUR STEP THAT ATTRACTS!

Says Women Pay too Much Heed to Their Face Instead of Their Corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

This freezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness.

AMERICAN AND ENGLISH INCOME TAXES

In comparison with the tax levied in England on incomes our own income taxes are moderate, indeed.

In England the tax on incomes of \$1,000 is 4 1-2 per cent, in America nothing.

In England the tax on incomes of \$1,500 is 5 3-4 per cent; in America nothing for married men or heads of families, and 2 per cent on \$500 for an unmarried man.

In England the tax on an income of \$2,000 is 7 7-8 per cent; in America nothing for a married man or head of a family, and 2 per cent on \$1,000 for unmarried men.

The English income tax rate also increases more rapidly with the growth of the income than ours, a \$3,000 income being taxed 14 per cent, \$5,000 16 per cent, \$10,000 20 per cent, and \$15,000 25 per cent, while our corresponding taxes for married men are respectively two thirds of 1 per cent, 1 1-2 per cent, 3 1-2 per cent and 5 per cent, and only slightly more for the unmarried, due to the smaller amount exempted, the rate being the same.

IN ANOTHER FORM

Two British soldiers went into a restaurant at Saloniki and asked for Turkey with Greece. The waiter said:

"I'm sorry, gentlemen, but I can't Serbia." Whereupon the Tommies cried: "Fetch the Bosphorous!"

When that gentleman arrived and heard the complaint, the manager said:

"Well, gentlemen, I don't want to Russia, but you cannot Roumania." And so the poor Tommies had to go away Hungary.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Adv.

APRIL 1 LAST DAY FOR FEDERAL RETURNS

Penalties for Income Dodgers Are Severe—Get Your Return in if You Are Liable.

April 1, 1918, is the final day allowed under the federal income tax law for the filing of federal income tax returns. Persons who are required to file returns under the provisions of law and who fail to get their returns in on time are subject to severe penalties, as follows:

For making false or fraudulent return, not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and, in addition, 100 per cent. of the tax evaded.

For failing to make return on time, not less than \$20 nor more than \$1,000, and, in addition, 50 per cent. of the amount of tax due.

If on account of illness or absence from home you are unable to render your return within the time prescribed by law you may obtain an extension of 30 days if a request therefor is filed with the collector of your district before the due date of the return. In this request you must state the reason why the return cannot be filed within the time prescribed by law.

Collectors of internal revenue are not authorized to grant extensions of more than 30 days, but the commissioner of internal revenue has authority to grant a reasonable extension beyond 30 days in meritorious cases. If you desire an extension of more than 30 days your request should be addressed to the commissioner and should contain a detailed statement covering the reasons which make it impossible for you to file your return on or before April 1.

The internal revenue men are now completing their tour of the country, during which they were in touch with the people of every city and town. If you failed to get in touch with the deputy which visited your section it is not too late to get advice. Consult your postmaster as to where the nearest deputy is now. Get your blank form, study the directions and the requirements as shown thereon and make your return without fail if your income was sufficient to come within the bounds named in the law.

It is pointed out by Commissioner Roper that it is important that the people comply with the federal laws as fully as they are complying with the drafts for men and the conservation of foods and fuel. "The war must be paid for," says Commissioner Roper. "Congress has as much right to conscript a just portion of income as it has to conscript our boys. The tax for 1917 is designed to reach moderate as well as large incomes, so that all persons who are in financial position to bear a portion of the heavy government expenses can be assessed in proportion to their ability to pay. "The man who is barely making a living or barely supporting a family is not affected by the 1917 law. But the man who is able to bear a share of the burden has been reached by the new law, and he should accept his responsibility in the same patriotic spirit that our young men have shown in offering themselves for this great purpose of the country to make the world safe for people of all kinds to live in and to govern themselves."

This tax is one which recognizes women as on an equal basis with men. The unmarried woman or the married woman with a salary must make tax return just the same as any man. Only the woman supporting her mother or other members of her family may take out \$2,000 exemption.

Under the law the head of the family is the one whose earning power contributes to the family's support.

Similarly a widow with small children to support can take out \$2,000 exemption and \$200 additional exemption for each of her children under eighteen. Thus it is intended that the law shall work no hardship to women having to struggle to get along. But each must file return if her income is \$1,000.

A man whose wife dies and who is left with small children to support upon a moderate income may also take full exemption under the new tax law and also claim \$200 exemption for each of his children under eighteen.

The widower under the law is a single man and must make tax return accordingly. Married men need not file returns unless they are earning \$2,000 or more.

"This is as much a national obligation as the reporting for duty of a man drafted for service with the colors," says D. C. Roper, commissioner of internal revenue. "As it stands, it is much a matter of the man or woman's own conscience. It is for him or for her to determine just how far he is liable to the tax. He must figure his own income and if it reaches the figures named in the law must make faithful report upon it to the proper authority."

"This tax is distinctly a war measure and will be in effect during the war."

"This is a people's tax—it reaches right down into the pockets of the small wage earner; it makes him a partner in the job of winning the war."

VALUE OF VELVET BEANS FOR STOCK FEED

Regarding the value of velvet beans for stock feed, I would say that a ton and one-half of velvet beans in the pod would be worth fully as much as a stock feed, as one ton of cottonseed meal, says Don T. Griswold of the Extension Service, A. and M. College of Texas. The beans will yield a greater amount of food if they are ground up. Pigs will eat the beans from the whole pod after they have been shelled out.

When hogs are worth \$14.00 to \$15.00 per cwt., and shorts are worth from \$1.90 to \$2.00 per cwt., there should be a profit in feeding the pigs. Hogs ought to gain 100 pounds on 500 pounds of food, or less. If this feed costs only \$10.00 and the hogs sell for \$14.00 per cwt., there is a margin of at least \$4.00 per cwt.

We will state in another way. If a pig weighing 100 pounds, is worth only \$12.00 or less, and 500 pounds of feed costing \$10.00 brings him up to a weight of 200 pounds, when he is worth \$28.00, there is a margin of at least \$6.00. There should be money in feeding hogs on this margin.

Pigs will do better on a variety of feeds than they will on one feed alone however, I do not know where you can replace wheat shorts when they cost only \$2.00 per cwt., at this date, although, of course, these prices are subject to change.

HERE APRIL 16th

Remember the State Board of Engineers will have a man here at the Court House on April 16th for a hearing to commence at 1 o'clock p. m. This is an important meeting and the Chamber of Commerce should have a strong committee at this meeting to get all the information needed in regard to damming Lone Wolf on the Colorado river for it is now certain that this coming fall this city will dam one or both of these streams.

City election comes on April 2nd.

Supporting the Government—

This is a time for every citizen to support the United States Government, and many are doing so at a considerable cost or sacrifice to themselves.

We have joined the Federal Reserve Banking System established by the Government to give greater financial stability and strength to the member banks and protection to their depositors.

You can give your support to this great Government enterprise and also obtain its protection for your money by becoming one of our depositors.

BIG MONEY MAKER

One truck is doing the work of four horses at a saving of at least \$20 a month for the North Texas Furniture Company of Wichita Falls. Fifty per cent in time is also saved by the Maxwell truck, which is averaging about 15 miles a day over city streets.

Saves Time and Money

According to a statement by Bergman Produce Company of Fort Worth, Texas, their company is saving 50 per cent in time and nearly as much in operating expenses by using a Maxwell truck. Ten horses were used previous to the purchase of two trucks. The trucks average about 35 miles a day.

BANK \$150 MONTHLY

Six horses were dispensed with by the Uncle Sam Oil Company when it motorized its delivery service. An official of the oil company at Hobart, Okla., stated that it was also making a saving in expenses of \$150 a month. The Maxwell travel about 30 miles a day and averages about 100 stops.

THE ONLY WAY

The only way West Texas will ever get her just dues will be to divide the state. An East Texas man cannot possibly imagine what a West Texas man needs and wants. We are even now paying with our taxes for the erection of an East Texas negro school, (with no negroes in the west) when one of like nature was denied West Texas entirely. The new insane asylum ought to have been put in Autstin so as to safely confine a larger part of the legislature.—Colorado Record.

I notice you are making some comments about dividing Texas into three states. We figure that what is North Texas is what is known as the "Panhandle", composed of 62 counties, which is the line East of New

War and Women

We hear much these days of what the women are doing on the battle-line. How few American women are strong enough to go to the front and endure the hardships of the men!

Help is offered, and is freely given to every nervous, delicate woman, by Doctor Pierce's Favorite Prescription. Remember ingredients on label. No alcohol. In tablet or liquid form. All druggists. Tablets sell for 60 cents.

In "female complaint," irregularity, or weakness, and in every exhausted condition of the female system, the "Prescription" seldom fails to benefit or cure. Pains, internal inflammation and ulceration, weak back, and kindred ailments are cured by it, ask your neighbor. It's a marvelous remedy for nervous and general debility, insomnia, or sleeplessness.

Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., for confidential advice and you will receive the medical attention of a specialist, wholly without fee—no charge whatever. Send 10 cts. for trial package "Favorite Prescription Tablets."

BEAUMONT, TEXAS.—"I have used Dr. Pierce's Favorite Prescription and think it is fine medicine. I was sick in bed. I took the 'Prescription' and have not been sick since. That was over a year ago. I would advise any lady who is in delicate health to use 'Favorite Prescription' and I know she will always praise it to others."—MRS. JOE ESCLAVON, 285 Buford Street.

Mexico, taking in Haskell, Knox and Hardeman counties, which contains about 60,500 square miles of land, and in my mind our "Slogan" should be "North Texas" and cut out West Texas, or South Texas or the Panhandle. West Texas puts us in competition with New Mexico and Arizona. North Texas puts us in the same class as North and South Carolina, or north and South Dakota.

This section had a population in 1910, as Mr. Peter A. Whaley tells me about 320,000, and in 1916 of about 525,000. You know any territory in order to become a state has to have a population of at least 200,000, and we have more than 2 1-2 times as many as needed.

If Texas were made into three states, it would give us six senators in Washington, and by that means we would accomplish much more for our section than we do now.

Hoping this will look favorable to you, I remain,

Your very truly,

A BILLIOUS ATTACK

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

By the passage of the Daylight Saving bill, to go into effect the last Sunday in March, Congress should be able to find time to make better progress with the Nation's business.

COULDN'T DO A LICK OF WORK FOR 9 YEARS

Johnston Tried All Kinds Of Medicine Without Results—Tanlac Brings Relief.

"I was so crippled up with rheumatism for nine years that I couldn't do a lick of work, but since taking Tanlac I can jump up and crack my heels together like a sixteen years old boy," said J. M. C. Johnston, of 1730 North Howard Street, Dallas, Texas, and now in his sixth-fourth year.

"Nine years ago," he continued, "I had a bad spell of typhoid fever that left me with a terrible pain in my side and also in my back, where I had been hurt when I was a boy. Rheumatism got me in its grip and the pain I suffered in my arms and shoulders and lower limbs almost drove me distracted. My nerves were all worn out so I could hardly get any rest and many a night I was too miserable to close my eyes at all.

"I had taken so much medicine the last nine years without getting any relief that I had little faith left in anything, but when one of my friends spoke to me about Tanlac and praised it so highly, I decided to try it and was certainly surprised when I noticed a decided improvement by the time I had finished my first bottle. I slept better, my nerves grew stronger and from then on my improvement was rapid. After taking five bottles I feel young and invigorated and a whole lot better than I have in a long time. I have full use of my arms once more and to prove it I can rub the back of my head with either hand, which a few weeks ago I couldn't have done to save my life. My nerves are all right now, I sleep like a rock and my rheumatism has completely disappeared except from my finger tips. I have every confidence in Tanlac and am going to keep it up for some time, as I mean to get a job as soon as cool weather comes."

Tanlac is sold in Colorado by W. L. Doss, in Loraine by Garland and Elliott and in Westbrook by J. H. Board.

ROADS IN ILLINOIS

The citizens of the State of Illinois will vote at their next general election in November, upon a plan to capitalize the automobile license revenue of the State to support a bond issue of \$60,000,000 for good roads. If the voters approve this bond issue, and it is expected that they will, as the owners of motor vehicles in the State will bear the whole expense, there will be launched the most extensive scheme of construction of hard-surfaced, durable roads ever worked out in the United States.

In fact, the bond issue will be the largest single bond issue so far undertaken in the United States for good roads purposes. New York several years ago voted \$50,000,000 of bonds for good roads, and California, which now has what is considered the finest system of roads in the United States, voted in two separate bond issues a total of \$33,000,000.

NO INDIGESTION, GAS, OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapepsin" for Sour Acid Stomach, Heartburn, Dyspepsia.

Time! In five minutes your sour, acid stomach feels fine. No indigestion, heartburn, or belching of gas, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in sweetening upset stomachs. It is the surest, quickest and most certain stomach antacid in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from such misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and enjoy it, without dread of acid fermentation in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement due to fermentation and acidity, at daytime or during the night, it is handy to give the quickest, surest relief known.

PERUNA in Your Home

A housewife must give the first aid in colds, coughs and other ailments. Her promptness in applying the remedy often saves a serious illness. Her experience with remedies has led her to know that PERUNA is always reliable, that she should have it on hand for the immediate treatment of coughs and colds, and that it is always to her

Mrs. George Parker, 419 Water St., Menasha, Wis., writes: "We have used Peruna in our family for a number of years, and have found it a perfectly reliable medicine. It soon rids the system of any traces of a cold, and prevents serious consequences. I began using it several years ago, which I assured with a good many years. It had not been very serious until recently. Since I have taken Peruna the drooping in my throat has discontinued, and my head and nose are not so stopped up in the morning. I am pleased with the results, and shall continue to use it until I am entirely rid of catarrh. I heartily recommend it as an honest medicine. What it does for her it is ready to do for you."

Colds and Catarrh

The great weight of testimony that has accumulated in the 44 years that PERUNA has been on the market proves it, beyond question, to be the reliable family remedy, ever ready to take, preventing the serious effects of colds, coughs, grip and derangements of the digestive organs. This proof is published from time to time and many families have profited by it.

Remember you can obtain PERUNA in tablet form for your convenience. Carry it with you and be fortified against sudden attacks. The Peruna Company, Columbus, Ohio

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick, For Sour Stomach, Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret to-night to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a cick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret to-night will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

April 7th is the day set for the big rains in Mitchell county.

Another sand storm on Tuesday, and we have it on good authority that this one is the last.

Whether we shall obtain a war indemnity cannot be said, said Pres. Havenstein of the German bank. Oh, yes; that can be said now.

Setting the clocks ahead at 2 a. m. on March 31 will require a good deal of sitting up late. But the sun on Easter Day should dance all the more merrily for this tribute to it.

Tuesday, sand storm; Wednesday, fair and windy; Thursday, sandstorm Friday, fair; tomorrow, dry and windy; Sunday no rain; Monday, the same as today and tomorrow only a little more so. Big rain on April 7th

In our statement last week showing the increase of \$24,858.58, we made an error in the total of the combined deposits in the banks. The statements as published show a deposit of \$570,679.33. This is over half a million and is a good showing alright and as said last week is an increase of \$24,858.58 over the December call.

In our article last week about piling the rocks up in the middle of the streets and roads, a subscriber writes in to say: "Am inclosing a clipping from your highly appreciated paper, that is my sentiments exactly. Could you ascertain also if the man or men running for county commissioner is in favor of mending holes in the bridges and culverts; especially in precinct No. 3. Said holes have been there for many months and are extremely dangerous."

BUILDING A CITY

We have no ill feeling for a man whose ideas do not agree with ours, not at all, but we do like to see a man who will stand up for what he thinks is right. We do not feel the least bit embarrassed when we make the statement that there is not a business man in the city of Colorado, who does not believe the co-operation is the only way to build a city. With business men cutting at each other and pulling against each other how can we expect to succeed. Colorado however will never be a city, if our business men cut each other throats by sending out of town for their needs which can be supplied in Colorado. Merchants who send away for their printing when Colorado has a well equipped printing establishment employing labor and supporting families in Colorado are "slackers." They are following a policy that if applied to their own business would absolutely close their doors. The Record has a plant that is well equipped and we are able to turn out as high class printing as any city in Texas. Our plant is part of the taxable values in Colorado and Mitchell county, every cent of the money paid out by us is spent in Colorado. We support the government to the fullest extent, which our columns will attest to, we support our public schools, our churches, good roads and every good thing that Colorado has. St. Louis, Paris and Dallas printers do nothing of the kind. They have no interest in Colorado and are most certainly not patrons of Colorado merchants. Again, we have no ill feeling for a man whose ideas do not agree with ours, but we make this statement because it contains facts and now while patriotism is being revived, we think a little loyalty for home enterprises would not be a bad thing for our town.

"The people in the drouth area cannot help in the war movements like the rest of us," said many when the movement to raise a \$50,000 fund among the federated club women of Texas to establish recreational canteens in France and in cantonment towns in Texas was undertaken.

And it is to the everlasting credit of those generous Texas women who, despite the hardships brought on by the drouth, have supported the fund as well or even more generously than have some other sections of Texas, although the report being received at the office of Mrs. W. B. Sharp, chairman of the Texas Federation War Work Council, indicate that every district of the state is going to stand behind the honor which belongs to Texas of having suggested to the General Federation the movement which is now under way to raise a minimum of \$50,000 to provide recreational canteens in France for our soldiers.

It has been often stated by those who have watched the seasons in the Southwest year by year that the seasons come in cycles of seven years each, and from the Slatonite editor's observations, which are limited as compared with those who have been passing life's mile stone oftener than we have, this is the way the seasons can be figured on. The Record at Colorado City of rainfall starts with the year 1904 and shows five good years, then in 1909 the rainfall dropped from an average of 27 inches to 14.32 inches, and in 1910 to 10.42 inches, closing a cycle of seven years. Then for five years there was an average of 23 inches and in 1916 it dropped to 7.94 inches and in 1917 to 4.47 inches, closing another seven year cycle. This is about the same proportion as at Slaton except the rain fall from 1912 to 1915 averaged about 32 inches, and for 1916 then we had only 18.60 inches and for 1917 10 inches.—Slatonite.

We should not be discouraged, therefore, if not much rain comes until April. There was practically no rain in January, February and March 1914, when we made the big crop. Quite a good deal of rain fell in the preceding December, however. But just sit steady in the boat and keep whistling till April comes and goes, and if the sandstorms are still raging we will then give you our permission to get up and get.

WEEK OF PRAYER.

Last week was observed as a week of study and prayer for Home Missions by the Baptist women. On account of the important need of sewing at the Red Cross rooms, only three days were observed, but as much as possible all objects for which the denomination stands for were studied.

The program began Wednesday with Mrs. C. H. Lasky leader. The topic was Frontier Work and this program was most helpful and inspiring. Mrs. T. J. Ratliff led the topic on Building and Loan Fund.

On Thursday there was an all day meeting with all other churches in town having a part on the program. Mrs. A. L. Whipkey gave the words of greeting. This was a most helpful and inspiring day for all, and many faces were seen who are not accustomed to be present on all occasions, and not only received a blessing but encouraged the faithful.

Mrs. Snyder conducted the topic on True Patriotism and its relation to the church. After her able talk, Mesdames Smoot, Looney and Oude read articles telling of something of how christian organizations are showing their patriotism by their works. At the morning hour Miss Prude sang a solo. Mrs. Sam Quirica had a most helpful paper on America's Opportunity. As America becomes the granary of the nations; the wardrobe of the earth; banker of the world, a large field of opportunity is hers to become the shop of the King of Kings for salvation of the world. She led the need of holding high the word of King Emanuel. Mrs. M. Jackson led in a discussion "Has war decreased the demand for Mission work?" A large number of the audience had part in this session. Mrs. Van Tuyl made a closing in the promises of God, and sang in enough of the Book to encourage every one to a life of greater

consecration. This was followed by the quotations of favorite promises by many. Mrs. Royall Smith and Miss Elsie Hooper favored with a duet that was much appreciated.

During the day special prayers were offered for our allied forces, for God's leadership in all things, and that He might bless our own country in a material way with rain.

Lunch was served by the Baptist women in the Sunday school rooms to more than fifty women, and many came in the afternoon who were unable to attend in the morning.

All in all it was a good day and those who could not attend were losers.

On Friday Mrs. Garrett and Mrs. Smoot had charge of the program. Mrs. Garrett led on "What of the New American?" and Mrs. Smoot had charge of the "Work Among the Negroes." Baptists have much cause for rejoicing, but still there is a great work before them.

THREE WEEKS AT THE BAPTIST CHURCH.

Next Sunday is rally day for the Sunday School and every one is asked to attend, old, young and middle aged. Talk to your neighbors about it, and if they will promise to come, if an automobile will go for them and take them back, you phone Judge Bullock and the auto will be sent after them.

The first Sunday, April 7th, the Sr. B. Y. P. U. will render a program of their regular work at the regular morning preaching hour.

The second Sunday, April 14th, the laymen of the church, aided by the women, have been asked to use the morning preaching hour.

The pastor will be gone away, helping in meetings, for three Sundays and the services each Sunday morning will be as announced above, but there will be no night services until the pastor returns.

W. S. S. ORGANIZED.

Last Sunday a War Savings Stamp organization was effected at Plainview, near Cuthbert. A crowd of Colorado people went out and effected the organization. Those who went from here were Mrs. Dr. Coleman, L. W. Sandusky, Newt Miller, Mr. and Mrs. H. C. Beal, Misses Lois Prude and Henderson, Mrs. D. C. Byrne and Mrs. Marcus Snyder. Mrs. J. G. Merritt also represented the Red Cross work. They were met at Plainview by a good crowd of citizens, and after quite a number of timely talks the War Savings Stamp organization was perfected.

Mrs. George Goodwin was made president of the new organization.

RED CROSS AUXILIARY.

The Young Peoples Missionary Society of the M. E. Church in a social meeting with Mrs. Ed Jackson last Thursday, under the leadership of Mrs. Merritt, thirty were organized into a Red Cross Auxiliary to do surgical dressings. Thursday will be their day at the Red Cross rooms. Miss Carrie Mae Mitchell was made chairman, Miss Sallie Herrington Secretary, Lorena Smith Treasurer. The hostess served ice cream and cake. Miss Minnie Womack was a guest.

MISSIONARY MEETING.

The M. E. Missionary Society met at the church Monday afternoon, with a good number in attendance. Good reports, considering the times, came in from the first quarter's work. The program was on Sabbath and its observance. The scripture lesson being the fourth commandment. Mrs. M. K. Jackson gave a paper on Japan's Civil Sabbath observance. Mrs. Leslie one on war and the immigrant. A questionnaire was conducted on Sabbath observances in our own town. Special prayer was offered for the allies.

MARRIED.

Mr. Jim Dobbs and Miss Anna Dyas were quietly married at the M. E. Church Saturday evening. Rev. W. P. Garvin officiating. This young couple is well known here. They will make their home in South Colorado until Mr. Dobbs is called for the army.

Piles Cured in 6 to 14 Days. Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

THE CLUBS.

Mrs. Jackson was hostess for the Hesperian with Mrs. Milburn Doss leader. The lesson was the Lady from the Sea, Act iv. Miss Dry made a talk on Artists and Matrimony. Mrs. M. Doss contrasted Lengstrand and Arnholm. Mrs. Jackson gave a paper on "Women as inspirers of noted men." At the business period they decided to give a picture show benefit for their war work, Friday night. Mrs. James Johnson, a former member was a welcome guest.

Mrs. Riordan was hostess for the Standard. The lesson was the Ring and the Book, Book xi. Mrs. J. H. Guitar, a member who has been spending the winter in the Imperial Valley, California, sent in a most interesting paper descriptive of that region.

The Merry Wives met with Mrs. Jess Gage. Her guests were Mesdames J. H. Greene, Sam Majors, M. Carter, Bert Wulfjen and Frank Lupton. After games a salad course with ice tea was served. The next meeting is with Mrs. Earl Jackson.

A CAMPAIGN FOR SOULS.

It has been decided to begin a revival meeting in Colorado on the 4th Sunday in April, the supreme object of which will be the winning of lost souls. The preaching will be done by the pastors of the town, and the prayers and co-operation of all the christian people are earnestly asked.

W. P. GARVIN GUY B. DUFF W. C. GARRETT.

EIGHTY-EIGHTH BIRTHDAY.

Mr. M. T. Hall, familiarly known as "Papa Hall" celebrated his eighty-eighth birthday on March 8th, 1918. A special dinner in his honor was given by his children, and in the afternoon the grand-children and great grand-children were also guests, and refreshments were served. Papa Hall is living on borrowed time, and he and his good wife have journeyed together for more than sixty years; and the wish of their many friends is that they may be spared to each other and their children for many more years.

KNITTING ANNOUNCEMENT.

The yarn for Red Cross sweaters, helmets, socks and wristlets, has arrived. Those desiring to knit may phone Miss Martha Earnest for yarn and needles. Beginning with April 2nd the knitting class will meet on Tuesday instead of Saturday. Meeting this week will be Saturday as usual at the home of Mrs. Smoot. All those who have knitting, please complete and send in as we want to send a box right away.

SEVENTH GRADE PROGRAM.

The seventh grade, of which Miss Nash is the efficient teacher, entertained with a program last Friday afternoon. The program opened with a song—Our Country's Flag—by eight boys and eight girls. Miss Louise Wulfjen gave a reading—Papa's Little Boy. Lois Warren gave a piano solo. The school paper was read by Master Lee Jones. This was up to the regular standing. After a piano solo by Miss Fern McDonald, a play—Yankee Doodle's Trip to Dixie—was given. This consisted of famous characters and used nearly the entire class, and was much enjoyed by the entire school, as well as the mamas who were guests. The sixth grade entertains this week.

STOP BACKACHE! RUB LUMBAGO RIGHT OUT

Here's instant relief! No pain, soreness, stiffness after rubbing with "St. Jacobs Liniment."

Ah, Pain is gone! Quickly?—Yes! Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Liniment."

Apply this soothing, penetrating oil directly upon the ache, and like magic relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless backache, lumbago and sciatica relief, which never disappoints, can not injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.

22 Million Families in the United States

4 CUPS OF WHEAT FLOUR TO THE POUND

If each family used 4 cups of flour less per week, the saving would be 22 million pounds or 112,244 barrels every week.

The greatest help housekeepers can give to win the war is to make this saving and it can be done by using this recipe in place of white flour bread.

Corn Meal Biscuits

- 1/2 cup scalded milk, 1/2 teaspoon salt, 1 cup corn meal, 1 cup white flour, 2 tablespoons shortening, 4 teaspoons Dr. Price's Baking Powder

Save 1/2 cup of the measured flour for board. Pour milk over corn meal, add shortening and salt. When cold, add sifted flour and baking powder. Roll out lightly on floured board. Cut with biscuit cutter and bake in greased pan fifteen to twenty minutes.

New Red, White and Blue booklet, "Best War Time Recipes," containing many other recipes for making delicious and wholesome wheat saving foods, mailed free.

FOOD WILL WIN THE WAR

A PROMISE A DAY.

If ye walk in my statutes, and keep my commandments, and do them; then will I give you rain in due season, and the land shall yield her increase, and the trees of the field shall yield their fruits.

Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.

Commit thy way unto the Lord; trust also in Him and He shall bring it to pass.

Seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you.

If you abide in me, and my words abide in you, ye shall ask what you will, and it shall be done unto you.

Rest in the Lord, and wait patiently for Him.

I have been young, and now I am old; yet have I not seen the righteous forsaken, nor his seed begging bread.

RALLY DAY.

Next Sunday is Sunday School Rally Day for the Baptist Sunday School of Colorado. They want an attendance of 400.

We are all in it! In what? Why the "Go to Sunday School and Church Movement" for next Sunday.

It is a community affair—a county affair.

Four hundred in the Baptist Sunday Schools of Colorado next Sunday! That is the slogan. Reader, let's you and I agree right now we will be two of the 400. Good! Now let's pass the word on to our next door neighbor.

It isn't a preacher's movement. The laymen did it, thought it, planned it, set it going. The preachers are so pleased with the idea that they are saying, "We are all in it!"

A city is no greater than her citizenship. Stick a pin there. And her citizenship is no bigger than her moral ideas. Write that in italics. Colorado has a citizenship big enough to run big business, big educational enterprises, and they appreciate the great fact that the biggest thing in the community is the church and Sunday school. Hence, they, these laymen, have sounded the slogan. Four hundred in the Baptist Sunday schools of Colorado next Sunday.

Gentlemen, to you we take off our hats. And next Sunday, March 31st is Easter. Let's make it a war Easter, which means we will not bother about the Easter hat, frock, suit, but that we will all go to Sunday school and church just as we are—Four Hundred strong.

We are all in it! It will be a live day, an epoch making day for Colorado. If you are not a member of any Sunday school, pick out the Baptist right now, and pass the word along to your neighbors. Tell the children about it, and the old folks, and the young men and women, everybody.

We are all in it! MORE WORKERS NEEDED. While the work at the Red Cross rooms is progressing, yet there is need of more workers. Those who sew are just as busy and home loving women as can be found anywhere, yet they are giving their time that our boys who are fighting for us might have some of the comforts of life. Won't you, who read this, give at least one afternoon of your time to this much needed work? Can you afford to do less?

Your pastor missed you from church last Sunday. Don't let this occur again.

MARRIED.

Last Saturday at the Methodist parsonage at Loraine, Mr. F. C. Checkle and Mrs. M. L. Mullin were joined in the bonds of matrimony, Rev. M. L. Moody officiating. Both these people are well known in their community, being partners in the Loraine News, which paper they have published since the death of Mr. Mullin, several years ago. The Record with their friends, wish them all the happiness due to us mortal newspaper people.

LAYMAN SERVICE.

Mr. L. W. Sandusky will lead the layman service at the Christian church Sunday. Mr. J. E. Stowe and Mrs. C. T. Harness will sing a duet. Sunday school at the usual hour. Everybody invited.

A great deal of comment is heard about the people meeting in the church and praying for rain. The Record believes in prayer and if prayer is answered in one thing why not all. Here is our faith: James 5:17-20.

Elijah was a man subject to like passions as we are, and he prayed earnestly it might not rain and it rained not on the earth by the space of three years and six months.

And he prayed again, and the heavens gave rain, and the earth brought forth her fruit.

Two things are perfectly plain: One is, God sends drouths as a punishment for a disobedient people.

The other is, God hears the prayer of faith for rain, and graciously answers.

I tried to pray and this thought came to me (was it spirit-given?) God hears private prayer for personal giving, but He wants public prayer for public blessings.

Elijah's great prayer for rain was before the King, and the representatives of the whole country.

Should not the churches of the drouth-stricken section hold simultaneous public meetings and pray for rain?

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

GIRLS! WHITEN SKIN WITH LEMON JUICE.

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles and Sallowiness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowiness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach

Look at the tongue. Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure, ask to see the genuine. It is made by California Fig Syrup Co., with Adv.

WAR POETRY.

Uncle Sam and Kaiser Bill Is going to have a fight Just because that Kaiser Bill Has not treated the people right. But before this war is ended, We all can plainly see This war was fought as Wilson claims For world Democracy.

When our boys were ordered from Mexico

To go get Kaiser Bill Old Villa and his comrades Opened up with a mighty thrill. But the Rangers said to Villa "If you break out anew We'll take the veterans of civil war And whip h—ll out of you."

So good-bye friends and country We now bid you all adieu To help France and comrades We have come to be of aid to you. We have come to your assistance About ten million strong We've come to pay that friendly debt We have owed to you so long.

The Kaiser blockaded the waters With his dreaded submarine And says "you'll get my permission Before crossing this wide stream." But we met them in mid ocean With our little torpedo boat And played havoc with his submarine And that got the Kaiser's goat.

He laughs at our unpreparedness And our distance from the front, too And tells his many soldiers brave, "They are easy meat for you." But we met them in mid ocean And played havoc with them there We'll meet them in the trenches And also in the air.

They can laugh at our unpreparedness 'Tis true as well we know But we'll soon be equipped and in the trenches Ready and rearing to go. With many thousands of airplanes And ten million men all told When Uncle Sam pushes the button Fritz had better hunt his hole.

We will all agree with Sherman No doubt his statement is true But we'll stand by the flag of liberty The red, the white and the blue. So Fritz, we now give you warning If the censor will permit us to tell When the Sammies all go over the top They're going to give you h—ll. Contributed by B. T. D.—a Mitchell county boy.

GIRLS! HAVE WAY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter, for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair at a lot of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? Adv5

CITATION.

The State of Texas, To the Sheriff or any Constable of Mitchell County, Greeting:—

You are hereby commanded to summon J. H. Briscoe and Beatrice Briscoe, his wife, whose residence is unknown, to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the court house thereof, in the Town of Colorado, on the fourth Monday in April, A. D. 1918, then and there to answer a petition filed in the said court on the 6th day of March, A. D. 1918, in a suit numbered 3686 on the docket thereof, wherein W. J. Coon is plaintiff and J. H. Briscoe and Beatrice Briscoe are defendants; the cause of action being alleged as follows:—

Plaintiff represents that on or about the 15th day of February, A. D. 1918, he was lawfully seized and possessed of the following land and premises, situated in Mitchell county, Texas, holding and claiming the same in fee simple, to-wit: All that cer-

tain tract or parcel of land lying and being situated in the town of Lorainé, County of Mitchell and State of Texas, and known as Lots Nos. 9 and 10 in Block No. 23, Texas & Pacific Addition to the town of Lorainé, Texas, as shown on map of said town and recorded in Vol. 16, pages 602 and 603, Mitchell County Deed Records. That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of One Thousand Dollars. Plaintiff prays that defendants be cited to appear and answer this petition, and that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for his rents, damages, and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to.

You are further commanded so to summon such defendants, and to serve this citation by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county; but if there be no newspaper published in said county, then in any newspaper published in this the Thirty-second Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the Judicial District nearest to said District.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness W. W. Porter, Clerk of the District Court of Mitchell County, Texas.

Given under my hand and the seal of said court in the town of Colorado this 6th day of March, A. D. 1918.

(L.S.) W. W. PORTER,

Clerk of the District Court of Mitchell County, Texas.

A Record man has just returned from a two week's visit to McLeñnan county, after an absence of about twelve years. Our old friends claimed that we looked so much younger than when we left, that they hardly knew us. We were feasted and dined were autoed all over the country, and so heartily welcomed by old time friends that we actually forgot that there was a drouth in West Texas. People in that section are complaining of dry weather, but everything looked mighty good to us. Wheat and oats are fine, garden truck on the table, corn up several inches, and trees in full leaf. We enjoyed the trip to the fullest, and look forward to the next ten years, when we might go again. We also stayed a few days in Fort Worth, taking in the camps and seeing the bird men fly. We had such a good time that we were tempted to stay until this country had a rain, but the widow and kiddies insisted on me coming back, so here we are back on the old job.

THE PNEUMONIA SEASON.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it. Adv.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Catarrh cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O.
