

\$140,000 Road Money For Mitchell County Aid Increased to \$70,000

Mr. Leonard, our County Road Engineer, went before the Highway Commission at Austin, in behalf of Mitchell County's part of State Highway No. 1, and secured an increase of the State and Federal aid for this county, as follows: Federal aid increased from \$15,000 to \$20,000; and State aid increased from \$8,000 to \$50,000; making a total of \$70,000 State and Federal aid for Mitchell County. This added to the \$70,000 bond money, now in the bank, makes a grand total of \$140,000 in cash to build Mitchell county roads. Next week the Record will give full details of the splendid work done by Mr. Leonard in securing this fund.

The State Highway Commission at the same time granted state aid to several additional counties for the construction of highways.

It increased allotments made to the following counties: Mitchell \$15,000 to \$20,208.21 on Highway No. 1, Federal aid and State aid from \$8,230 to \$49,775; Fisher, \$10,000 to \$18,441.67 on Highway No. 4, State aid, and \$35,000 to \$46,429 Federal aid on highway No. 4; Anderson, from \$20,000 to \$40,000 Federal on highway No. 22; Culberson, from 50 per cent of cost of construction of road to \$38,718.75.

Americans! Answer, with all God has Given You!

Americans! What does it mean to you? What does it mean to you—the President's call to the Nation to fight for its honor, for its rights, and for the rights and freedom of humanity? When he said, "there may be many months of fiery trial and sacrifice ahead of us"—when he said, "to such a task we can dedicate our lives and our fortunes, everything we are and everything we have," how did his words come home to you? Now, after more than a year, at this serious crisis of the war, do they burn their way to the heart with a meaning more real, with a more imperative challenge?

Stern, terrible facts are driving us to action. The fury and cruel cunning of the enemy are unquenched. Russia is under his heel, bedeviled and plundered. Roumania has been crushed and forced to surrender. Fresh hordes of Huns are being hurled against the Western fronts. The greatest battle of the war is raging. The lust of conquest and world-dominion is growing, as it feeds itself with first one helpless victim and then another. New plots are ready, and new agents of devilish propaganda are being sent to France, and Britain, and Italy, and America to destroy them from within as Russia was destroyed. We MUST win, or our fate will be as Russia's. We MUST win, or our high professions of service to humanity will be a mockery to the name of America through the ages to come.

America is awakening; its heart is on fire; it has revealed its soul to a world that did not know it before and now is dazzled by the sight. A deathless purpose to win this war is gripping the American people. The War Savings campaign will test this purpose—will give it expression—this month, and each succeeding month.

Already the young men of America have "dedicated their lives," and have gone to meet their "fiery trial and sacrifice" on the battle line in France. Hundreds of thousands of our own boys are now facing the cruel foe. Into the trenches, filled with mud and blood; into the clouds of poison-gas and the streams of liquid fire, into the iron hail, and the whirlwind of destruction, they have gone with shining eyes and shouts of defiance, to fight for us, and for a world of brothers. They'll drive the enemy back—WITH OUR HELP.

Now the sternest summons of duty, the holiest call of patriotism, comes to us for immediate answer. We must not, we can not, evade it. What are we at home going to do, this year, this month, to match the heroism and sacrifice of our boys in France? How are we, safe and snug at home, going to "dedicate our fortunes"—everything that we have," to this supreme task, as we are called now, to save and to buy War Savings Stamps? We are expected to read of American heroism in battle, of the invincible strength and courage of our armies as they meet the foe. But heroism and strength, and sacrifice in battle are not enough. They, alone, can never win the war. While we are looking eagerly to our armies, they are looking eagerly to us. They are expecting us to do our part with as complete devotion and sacrifice as they are doing theirs. They expect us to conserve goods, materials and labor; to save money, to lend the Government those savings, so that supplies and equipment will be on hand in their time of need. If we at home fail our armies on the battle-line, they will—they must—fail us, and be swept away in defeat and disaster. The War Savings Stamps mean not the mere preparation of our armies, but their preservation on the battle line; their very lives, and the victory they MUST HAVE if America and the whole cause of freedom are to escape unspeakable ruin.

Day by day we shall scan with throbbing hearts the casualty lists cabled from the American Army in the field. The length of that casualty list depends on us. Every one of us is responsible. War Savings Stamps are to keep that casualty list down. Every stamp you buy this month is a life-saver sent by you to the boys in France.

This War Savings campaign means the enlistment of every man, woman and child as a member of a War Savings Society, each of whom shall have signed the pledge to save a mighty army of savers backing their army of fighters.

Buying a few stamps with money that can easily be spared will not now be enough. We must go deeper and lend until it hurts. We must square the shoulders, brace the back, grit the teeth, and lift until it strains every nerve and muscle. Every man's money must burn as hotly with love of country as does the fire in some men's blood. The Nathan Hale of today will go into the banks and the safety deposit rooms and count their money and securities with eager, jealous thought of what they can do of heroic service, and then will exclaim, "I only regret that I have but one fortune to give for my country." Then "this nation, under God, will have a new birth of freedom." Then will our armies be invincible and victorious. Then will this war end with the triumph of justice and human liberty, and peace will come to stay forever.

Now, we must buy War Savings stamps. Now, with our own boys fighting in the trenches, we must support them to the utmost with our cash and our credit, with the materials and labor of this entire nation. What good will our money be to us if we allow them to lose? What shall our bank account, or our income, or our borrowing ability profit us if the Huns set their heels on our shores and fasten their clutches in our throats, as they have boasted they will do?

The best time to protect our free land and our homes is now, while we can. The best time to support our own armies, and our allies, with ships, and food, and ammunition, and reinforcements is now, when they will mean victory. Miracles of mobilization, equipment, transportation and supplies for our own armies and help for our Allies have been wrought by means of the First, Second and Third Liberty Loans. But the greatest needs, the most imperative, must now be met by War Savings Stamps. More and more urgent, the appeals are coming to us from "over there." A few days ago, this message was flashed across the ocean from one of the high military authorities of France:

"It is not enough that your soldiers are fighting and shedding their blood at our side; not enough that you are moving splendidly with your limitless resources in men and material. You must do better still. YOU MUST COME WITH ALL YOUR MIGHT AND SPEED. . . .

"Think of yourselves as under an immediate, terrible, and personal menace, as if a barbarous, cruel invasion were coming to occupy your land as it has already devastated ours. That is what it means, and you will not be doing your utmost until you see and feel it in those precise terms."

Make no mistake; just such a terrible and cruel invasion, with all its barbarity and destruction, actually threatens us if we do not insure the victory of our armies in France. Plans are ready and waiting, and insolent threats have been made again and again by the Kaiser and his Prussians. They need the wealth of America to pay their own huge war costs, and they will seize it if we do not prevent them. Billions for our armies and our Allies, but not a dollar for the Hun! Refusal, neglect, insufficient effort to save now and invest in War Savings stamps will be an invitation to the Hun to ravish and loot American cities and homes.

Now is the time to impress the virtue of thrift and the necessity of saving in order to supply the goods and services necessary to win. Now is the time to feel the red blood of manhood and womanhood beating hot in our veins with a single compelling purpose, a single mastering love, a spirit of sacrifice, that gives all to America. Heroes at home must stand behind the heroes in France to win this war.

GOVERNOR HOBBY SPEAKS AT COLORADO

Large and Enthusiastic Crowd Hears Him—Many Women Present.

Last Monday Colorado had the honor of receiving within her gates Texas' greatest governor, since Jas. S. Hogg, in the person of Governor W. P. Hobby.

The speaking was advertised for 2 o'clock, and as the train bringing Mr. Hobby and his party came in at 8 in the morning, they had all the morning in which to meet the people of our little city.

The Governor was accompanied by his wife, J. H. Hunter, W. M. Ryan, Ralph Soape and J. W. Vinson of the Houston Post.

From ten to twelve an informal reception was held at the Barcroft, where a great number of ladies called to meet Mrs. Hobby, and not a few gentlemen also. The party was taken over the town in automobiles, and

every effort was put forth to make them feel welcome.

At the appointed time for the speaking, the large tabernacle was almost filled with people; many of them from adjoining counties and towns. Perhaps his audience would have been twice as large could the hour have been fixed at a better time. The farmers of our county are now as busy as bees, and could not stop their work for a half day to hear even the governor speak. Fully two-thirds of the audience were women, but they were voters just the same, and they came with an open mind to hear what Mr. Hobby had to tell them. They went away pledged to vote for him almost to a woman.

After Dr. P. C. Coleman had made a short talk about the drive on War Savings Stamps, Hon. L. W. Sandusky introduced the Governor to the audience. Mr. Sandusky, always a good speaker, was at his best, and his flights of oratory, were heartily received by the audience.

Governor Hobby, in his well-known quiet and easy manner, spoke for about an hour and a half, holding his audience for every minute of the time. He reviewed his acts since he had been in the governor's chair, and touched a time or two on his opponent's past official history. He used no personalities, and his speech was a masterpiece of straightforward, clear-cut statement of facts. He did not use much flowery language, nor did he scrape the stars in great flights of imagination; but in plain words said what he wanted to say, and always to the point. He devoted himself largely to the pro-German influence in Texas and showed how that influence had been exerted in the election of Ferguson and in the fight to control the schools, including the University. He said no pro-German in all the state would vote for Hobby for governor, that he wanted no such vote, but that he would go back into office next January by the largest majority of true blue American votes

that has ever been given any man for any office in the history of Texas.

He was frequently interrupted by applause from the large audience, and his speech was most heartily received and endorsed by all who heard him.

After he had finished many from the audience went up to shake his hand, and to pledge their support for his candidacy. Mrs. Hobby was also present and came in for a liberal share of attention.

They immediately left for Lorraine, Roscoe and Sweetwater, at each of which places he made speeches. A number of automobiles loaded with ardent Hobby supporters accompanied the party to Lorraine and Roscoe, at which places he was enthusiastically received and listened to.

While not only this county but the entire west is strongly for Mr. Hobby, still we like to see and hear a governor once in a while, and our people appreciate the visit of Gov. and Mrs. Hobby very much indeed.

Reports from the front tell us that there is more laughter in the American lines in France than anywhere else in all of Europe. Those red blooded rascals knew they were going against the hardest job of their lives when they went to France. American like they are glad to be at the job and believe the quickest way to the end is straight through, and hence they laugh and fight. 'Take it from us' the man who laughs when he fights is some fighter. Don't crowd him too close, it won't do.

Buy W.S.S. Unless some grave calamity comes along, we are already assured of a good feed crop and a nice cotton production. However, we hope to have more rain. Crop prospects were never better in this section. While some of the crops were planted late, yet they are growing rapidly. Hands are hard to get, and everybody is working night and day. If our crops all mature this country will make up for lost time last year. Everybody ought to feel profoundly thankful for the good rains and for the bright prospects.

COLORADO WOMEN VOTERS WILL REGISTER.

It has been decided by the women of Colorado and Mitchell county that it would perhaps be better to register, and get a registration receipt, before voting, notwithstanding the decision of the Attorney General's department. Some of the leading "political women" of the state have advised it, and Attorney General Looney himself now says it would be a "safer course for all to register." At a meeting of the County Democratic Executive Committee last week it was decided to arrange for the women to register, but of course those who could not or would not, can vote in the primary anyway. It has been decided on as a matter of precaution. In case of a second primary or a contest between candidates, the higher courts might reverse the Attorney's decision, and those who voted without registering, would be thrown out and could not vote again this year. Tax Collector A. W. Cooksey will have the blanks on hand in ample time, and he or a deputy will be in the office to register all who apply. The Record believes this is the proper thing to do, and urges every woman in the county to go and register, whether you vote or not, it will cost you nothing and will take but little time, and then you will be armed and ready, so that if you do want to vote you can do so with the assurance that your vote "will stick." If a second primary is called, and things get hot for your favorite candidate, you may want to vote mighty bad, so we urge all to go to the court house, to Mr. Cooksey's office (first door on your left as you enter) and register, and not only register, but use your privilege and vote. You can take the place of your husband, son or sweetheart who is "over there" and vote for his interest. In this connection we would call the attention of our readers to the "open letter" (what a mother writes to her daughter) on another page of this paper. It is to the point.

AMERICA IN THE WAR.

American flying machines are at work in Europe at last. And the President having taken charge of the work, real air fighting on a big scale is about to begin—the fighting that will end the war.

German prisoners are amazed at what they see of American efficiency in the great American war aera—railroads, docks, hospitals, camps, sleeping quarters. Americans are pouring in by the hundreds of thousands, men, money, food, munitions going from the United States to Europe in a steady stream, in spite of the submarines that were "to starve England" and end the war before the Americans really began.

America's cash resources and the willingness of what German journalists called "the dollar loving American" to spend his money worry the Germans. You read of a proposition to spend on the American army alone more than all the money that Germany has been able to raise since the war began, and they know that the money is here.

They see the second hundred million fund of the Red Cross oversubscribed by thirty millions.

More than two hundred millions for charity are subscribed here as a sort of national holiday undertaking—compared with forty millions the biggest total Red Cross subscription of any nation in Europe since the war began.

Men, money and food must continue the steady stream to Europe. The worst folly is over-confidence, and this country will not be guilty of it. But there is useful encouragement and cheerfulness in contrasting conditions as they now exist on the side of wrong and the side of right—of Prussia and of the allies.

The people that were led by autocracy on a merry jaunt that was to lead through murder to Paris and world dominion in a few weeks are seeing the feeling the other side of the medal, and learning what it costs to allow vanity, like a peacock on the throne, to lead educated and able

people into international crime Germany suffering hunger, new and deadly diseases, bitter disappointment, reaches the end of her tether.

And she sees this nation, which she foolishly despised, just beginning the development of her resources against autocracy.

The nations that started the war to get what was not theirs, and conquer the world will get nothing but bankruptcy, physical, industrial moral ruin.

Those nations will have the added bitterness of owing final defeat to a nation across the water that they left out of their calculations, one that entered the war to gain nothing, except the satisfaction of punishing brutality as it deserved. The satisfaction is coming.—Washington Times.

CANDIDATES COMPARED.

There are two kinds of men in war. One thinks about himself, the other thinks about the country, and the man responsible for the country's welfare. We recommend to thoughtful readers the following short editorial from the New York American. What man will say that, in this war, Theodore Roosevelt plays a patriotic part?

In the last two Presidential elections there were four outstanding candidates.

- One was Woodrow Wilson. One was William H. Taft. One was Theodore Roosevelt. One was Charles E. Hughes. What are these men now doing? Woodrow Wilson is administering the affairs of state, efficiently, courageously, and with the universal confidence and applause of his countrymen.

William H. Taft is devoting all his time and strength and abilities to upholding the President and to helping the nation to win the war.

Charles E. Hughes is giving all his time and abilities to supporting the President and to helping the nation win its war.

And what is Theodore Roosevelt doing? Why, he is busy by day and by night, snarling at the President, finding fault with all the Government does, belittling our war preparations, raging at everybody and at everything.

The nation has been at war with Germany for more than a year, and in all that time not one single thing that Theodore Roosevelt has said or done has been a help to the Government or to the nation's prestige or to its war-making.

While the other men who recently contested for the Presidency loyally give the full measure of devoted service to the country and its cause; all that Theodore Roosevelt does is to scowl and snarl. It is a pitiable spectacle.—McAlister News.

The rains have brought hope and cheer to our people, and everyone is now looking forward to good times again. Notwithstanding the hardships we have gone through, everyone is now optimistic and good times loom up again.

The fine rains have put the finest season ever into the ground, and prospects for good feed crops especially, seem assured, and every available team and man has been put to work planting; and busy times will continue for some time.

The change that has taken place in the appearance of the country seems almost beyond belief, but even thus shortly after the rain the pastures are now being covered with a coat of grass where a few weeks ago they seemed as barren as a floor. A stranger passing thru our country before the rains, and revisiting it since will surely be unable to recognize it as the same place.

The drouth stricken West may also make the other sections sit up and take notice when harvest time comes, for with the fine season to start with we will not need many showers to make a bumper crop in this section, and all are now in the humor to believe we are going to make it.

There is no country in the world that can make a quicker come-back than West Texas, and if we receive our portion of the moisture from now on we will not ask any odds from any section in Texas, as we will be able to make as good crops on our \$10 to \$25 per acre land as the \$100 and \$150 land in other sections produce.

An East Texas resident is authority for the statement that there are more mosquitoes in the swamps out his way than could hatch in a natural way. He fears the neighbors must be using mosquito incubators.

The weeds are growing mighty fast and the fish are bitin' in the Concho.

Ladies should get busy and register

You!

Will you greet the Fourth of July with a happy consciousness of a good deed well done?

June 28th has been set as National War Savings Day. Your country expects you on that day to pledge every penny you can, up to \$1,000, toward the purchase of War Savings Stamps.

The price of American citizenship is no longer cheap. A new hour has struck. The crash of war has ground all semblance of cheapness out of being an American. We must pay the price now.

On June 28th, Your Country Asks You to Balance Your Patriotic Cash Account

Every penny you withhold, that you are able to lend, extends aid and comfort to the enemy.

No legal summons will compel payment. You are called to payment by the higher, more chivalric summons to volunteer your pledge to purchase this year every dollar's worth of War Savings Stamps you can.

WORK AT CEMETERY.

Last week the ladies of the Cemetery Association made an appeal to the men to chop the weeds, after six o'clock in the evening. The work began on Friday with sixty-five workers. Those having cars filled them up with men with hoes and all worked with a hearty good will. On Tuesday they went again with about thirty workers and on Wednesday evening there were twenty-five workers. They will not work any more until it rains, and then they hope to have a big, general working day. The ladies wish to thank the workers, also Mr. Dupree and Mr. Wilson, who could not go but contributed a dollar each. Especially do they thank Mrs. Phillips for sending her water barrel, that cool water might be furnished the workers. Such work will encourage the members of the Association to go on with the work, and get the cemetery back into its wanted elegant condition.

WOMEN AS CITIZENS.

Women have always been citizens, though part of their rights were denied them. Now they have the privilege of exercising what was their right all the time—that of voting. The woman that will be indifferent about how the elections go now, will not be a good citizen, but a bad one. For every time a good woman fails to vote for the right kind of men and women to fill the offices of state and county, then does she cast half a vote for the unworthy candidate. Women, it is now a matter of good or bad citizenship whether you inform yourself and vote accordingly.—Western Evangel.

Presidential Proclamation calls for War Savings Pledges

By proclamation the President of the United States has authoritatively summoned all adult males and females to solemnly pledge to the Government the greatest amount they can save and invest in United States Government War Savings Stamps. They have been summoned to make their pledges between now and June 28, National War Savings Day.

The proclamation provides that all adult males and females are to meet at appointed places in their school districts June 28, National War Savings Day, and, even though they have already made their pledges as they should have done, they are at these meetings to re-affirm their War Savings Stamp pledges to the President on the official Government pledge card which will be furnished them for that purpose.

Pledges for War Savings Stamps made before June 28, National War Savings Day, should be turned over to the County Chairman of the National War Savings Committee or to one of the local representatives of the National War Savings Committee according to the instructions of the Treasury Department.

In addition to notification by publication, every adult male and female will be authoritatively summoned through the mails to attend the June 28 meetings. Responsibility for attendance upon these meetings rests wholly upon the individual.

TO THE PEOPLE OF THE UNITED STATES—GREETING:

This war is one of nations—not of armies, and all of our one hundred million people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict. The problem before us is not primarily a financial problem, but rather a problem of increased production of war essentials and the saving of the materials and the labor necessary for the support and equipment of our army and navy. Thoughtless expenditure of money for nonessentials uses up the labor of men, the products of farms, mines and factories and overburdens transportation, all of which must be used to the utmost and at their best for war purposes.

The great results which we seek can be obtained only by the participation of every member of the Nation, young and old, in a National concerted thrift movement. I therefore urge that our people everywhere pledge themselves as suggested by the Secretary of the Treasury to the practice of thrift; to serve the Government to their utmost in increasing production in all fields necessary to the winning of the war; to conserve food and fuel and useful materials of every kind; to devote their labor only to the most necessary tasks, and to buy only those things which are essential to individual health and efficiency, and that the people, as an evidence of their loyalty, invest all they can in Liberty Bonds and War Savings Stamps.

The securities issued by the Treasury Department are so many of them within the reach of everyone that the door of opportunity in this matter is wide open to all of us. To practice thrift in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity.

I appeal to all who now own either Liberty Bonds or War Savings Stamps to continue to practice economy and thrift and to appeal to all who do not own Government securities to do likewise and purchase them to the extent of their means. The man who buys Government securities transfers the purchasing power of his money to the United States Government until after this war, and to that same degree does not buy in competition with the Government.

I earnestly appeal to every man, woman and child to pledge themselves on or before the 28th of June to save constantly and to buy as regularly as possible the securities of the Government, and to do this as far as possible through membership in War Savings Societies. The 28th of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenlisted on that day.

FROM DR. H. NICHOLS.

A letter from former pastor, Bro. Holmes Nichols, at El Reno, writing about other business, says in part:

"No true Democrat should feel sore in the least toward Teddy, for he 'busted' the G. O. P. and gave us a good and great Democratic President, and he is guiding the old ship of Democracy to a safe port—the port of Peace—perpetual peace. Under his guiding hand your Uncle Samuel will give the Kaiser—well, what Sherman called war. I have just closed a fourteen days' lecture tour with one of General Pershing's men, who left the trenches in France the 19th of April. Oklahoma has the American spirit in a marked degree. All the socialists, slackers and pro-Germans are for Teddy, but his name is Dennis, now and forever. Crop conditions are fine here and

people are busy. Merchants and others go into the harvest fields these beautiful moonlight nights and shock wheat. Nine business men went out last night and shocked 25 acres of wheat, and came home happy. I leave Sunday night for Clarksville, Texas, for a special meeting. Marshall is in Camp Bowie, and will doubtless leave in a few days for France."

FRENCH GIRL WRITES LETTER TO TEXAN

Texas girls who have been accustomed to writing letters to their soldier boys beginning with such salutations as "my dear, darling, precious," etc., will be interested to know how the French maidens who have temporarily succeeded them are penning their love notes and "how they say it." A Cleburne boy now with the American expeditionary forces lets out the secret. He recently wrote a friend, telling of his ripening acquaintance with a French girl. She is learning English and he is learning French, the Sammy says. He enclosed some messages which she had written to him. One follows:

"This day I am a few more contented because I see the trail of your photos. You are well? Me much joyful of make your portrait (she is an artist) but me to have photo de you in fifteen days. This is very long. You to be much fatigue, my cherie. I to pity you of whole my heart, my darling. You to be very prudent—no not expose your life. I am very much of impatient of read an letter of you. Much of kiss." He failed to enclose any of his samples of French.

MRS. LINAM HAS GAINED 27 POUNDS BY TAKING TANLAC.

"I Now Enjoy Better Health Than I Have in Years" She Declares.

"I now enjoy better health than I have in years and I can't refrain from letting my friends and others know how thankful I am for what Tanlac has done for me," said Mrs. E. M. Linam of 2310 Chester street, Little Rock, Ark., recently, in one of the most remarkable statements yet published in connection with the "Master Medicine."

"In the winter of 1916," Mrs. Linam continued, "I was taken with a severe cold and all the winter I continued to go down. I had no appetite kept losing weight and in March was completely broken down. I couldn't sleep for coughing and had to sit up in bed most all night. I was extremely nervous and weak, felt tired all the time and everything I ate soured on my stomach. I fell off nineteen pounds in seven weeks and was getting worse so rapidly that my family and friends, as well as myself, saw no hope of my recovery."

"My husband brought home a bottle of Tanlac in June, 1916, and after I took about half of it I began to eat and my food stopped souring on my stomach. After finishing my first bottle I could eat anything at any time without it hurting me in the least. At the end of my third week I had gained five and one half pounds and had improved until I was able to take a trip to Texas. My husband sent me my Tanlac by mail and I kept taking it and picking up from three to four pounds every week until all my troubles were gone and my weight was increased from one hundred and thirteen pounds to one hundred and forty—making an actual gain of twenty-seven pounds. I don't only give Tanlac credit for my splendid condition, but I really believe it has saved my life, and my family and friends all agree with me."

Tanlac is sold in Colorado by W. L. Doss, in Loraine by Garland and Elliott and in Westbrook by J. H. Board. Adv.

PILES OF CASH.

Austin, Texas.—At the close of business on May 31, there was \$9,106,459 in cash and \$22,786,297 in bonds in the state treasury to the credit of the various funds, according to the quarterly statement issued today by the state treasurer. Of the cash on hand \$5,239,865 is to the credit of general revenue; \$457,535 to the available school fund; \$196,729 to the permanent school fund; \$849,552 to the prison commission account; \$826,297 to the Confederate pension fund; \$1,197,381 to the State highway fund. Of the bonds, \$21,456,323 is to the credit of the permanent school fund.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Adv.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

WAR SAVINGS STAMPS

21,000,000,000 Dollars!
This amount Congress appropriated the past year to carry out the great war of Democracy and Humanity. From the birth of our country's freedom in 1776 to 1917, 141 years, the cost of operating its government has been 26,000,000,000 Dollars. This sum includes all wars in that period.

Now, in less than a year, this World War of Freedom has caused our government to raise a sum almost as great as that which maintained our country's freedom nearly a century and a half.

2,000,000,000 Dollars of this amount is to be in small sums, chiefly twenty-five-cent pieces. The annual saving of each American citizen is but \$50. It is evident that a great number have been unable to subscribe to Liberty Loan issues. To offer these people a chance to do their bit the government is issuing War Savings Stamps. 100,000,000 people in the United States to raise 2,000,000,000 Dollars means \$20 per person—means Four War Savings Stamps or Eighty Thrift Stamps to each man, woman and child.

Don't fall below the average!
Sacrifice something!
Save something!
Be loyal, unselfish!
Help win the war!

THE PASSING OF SALOONS.

Austin, Tex.—Saloons must close at regular closing time, 9:30 p. m. June 25th, and remain closed thereafter, under provisions of the statewide prohibition law which becomes effective at midnight on that date, according to an opinion by the attorney general's department today. Laws prohibiting interstate and intrastate shipments of liquor also become effective at that time, the opinion says.

SOUR STOMACH.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion. Adv.

A PROCLAMATION.

State of Texas County of Mitchell: Know All Men by These Presents, Whereas, the President of the United States of America has designated June 28, 1918, to be National War Savings Day, and has authoritatively summoned every adult male and female to attend meetings to be held that day in their respective school districts and pledge to the United States government the greatest amount they can save and invest in U. S. Government War Savings Stamps: Therefore, I, J. H. Bullock, Judge of the County of Mitchell, State of Texas, do at the request of the United States Treasury department call upon and direct all adult males and females resident or present in the County of Mitchell on the said 28th day of June, 1918, to be in attendance upon such meetings to

be held in the particular school districts in which they reside, or may be present and solemnly pledge to the United States Government War Savings Stamps.

Fail not in a punctual response to the authoritative Federal summons. By order of the United States Treasury Department such meetings shall be held at 2 o'clock of the afternoon of said June 28th, 1918. Under instructions from the U. S. Treasury Department the duly accredited persons who shall hold such meetings for the Government shall cause an accurate roll to be kept of the persons present and those absent. The names of absentee residents of any district shall be certified to the U. S. Treasury Department for official record and disposition.

I do most earnestly appeal to every resident of the County of Mitchell to take cognizance of the blood-shed and loss of American life on the foreign battlefield and by their pledges to keep unsullied the fair name of the County of Mitchell, showing to the U. S. Government, the other counties of the State of Texas, and to those men of this county who are now in the armed service of the U. S. Government and fighting for the retention of our liberties that the citizens of the County of Mitchell are loyal and steadfast here at home in the service of their country.

Witness my hand and the seal of the County of Mitchell, this 20th day of June, A. D. 1918.

County Judge Mitchell County, Tex.

COUNTY DEMOCRATIC EXECUTIVE COMMITTEE.

On Monday morning of this week the county democratic executive committee met in Attorney Smith's office, with county chairman, O. E. Stevenson presiding. After considerable discussion it was decided to hold a double or "run off" primary. The law requires a double primary for state and district offices, if no candidate gets a majority vote at the first primary, and for this reason this committee decided for the county to also hold a double primary, which will be held the fourth Saturday in August, which is the 24th day.

The cost of holding the two primaries was figured out and the various candidates were assessed the proportionate amount to make up this fund.

Lots were drawn to determine the order in which the names of candidates shall appear upon the ticket.

A committee was appointed to make up the ticket and have same printed; this committee will meet for that purpose on the 8th day of July, on or before which time the various candidates must pay to the county chairman the assessments made by said committee in order to get their names printed on said ticket, and any candidate so failing to make such payment, shall forfeit his right to have his name printed on said ticket. The county committee at the meeting also made all necessary arrangements for participation of qualified women voters under authority of recent act of the Legislature, approved March 26, 1918.

THE STATE OF TEXAS: To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

The State of Texas:—To all persons interested in the Estate of Margaret A. Moorar, deceased, Lydia L. Moorar has filed in the County Court of Mitchell county, an application for the Probate of the last Will and Testament of said Margaret A. Moorar, deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the third Monday in July A. D. 1918, the same being the 15th day of July A. D. 1918 at the court house thereof, in Colorado, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Colorado, Texas, this 18th day of June, 1918.

Shoeing the Preacher's Horse.
 There is no friend quite so much appreciated as the one who comes to you when you most need him.
 Well, the case is just this way. About a week ago my Ford car, which answers for both horse and buggy for me and enables me to get about and do quite a lot of preaching and other work that would be impossible except for that or some other means of travel was barefooted on the left hind wheel and had to stand still until a new tire could be put on.
 Sure enough, here is the story: I was getting ready to go down town and see if I could manage some way to get a new casing for that wheel when I heard a car stop at my front and looked out: just in time to see a handsome young man go and put a new casing and inner tube in my Ford. When I called to know about what he meant he simply said "I was instructed to put these in your car and neither ask nor answer any questions."
 Now that is all I know about it, but I am just as much obliged to the one who sent them as I can be, and will do my best to prove my appreciation of them by proper use of them.
 This isn't such a bad old world, is it? and Colorado folks are not near so bad as some people you have known are they? There are so many goods among the bads that it makes us feel that none of them are really bad. The last one of two little girls had my idea of Colorado. Two little girls played in the garden. The first one ran into the house and said, "Mother the garden is such a horrible place to play; every rose bush is full of thorns." The second one came running in with her face all aglow and said, "O, mother, the garden is the most beautiful place, just come and see, every thorn bush has pretty roses on it!" Don't you like her spirit better? She was a true optimist and surely the happier one of the two.
 Colorado suits me just fine. How does it suit you? Let's all meet at church next Sunday morning and thus prove our love and loyalty to God, His Church and His country.
