HOW WOMEN CAN VOTE.

1. On reaching the polls, present your registration certificate to the election judge (if it is lost make an oath to that effect).
 2. Receive the printed ballot from the election judge.
 3. You take it to a booth, mark out the names of all except those for whom you wish to vote, taking care that no one sees you mark the ballot.
 4. Fold your ballot so that no marks thereon can be seen by the election judge, and return it to him.
 5. Your registration certificate will then be returned to you.
 6. You can get no assistance in marking a ballot unless you are blind or physically incapable.
- Warnings:**—Use black pencil. Ballots marked with colored pencils are not counted.
- Don't tear, mutilate, punch holes or otherwise mark the ballot so it might be recognized. That would invalidate it.
- If you make a mistake don't try to erase; ask the judge for another ballot.
- Remember, if two names are left unmarked (for the same office) neither will be counted.
- Be sure to mark out by drawing a plain pencil line through all the names except the ones you want to vote for, those are to be left just as printed, without any markings.
- It costs nothing to register, but it must be done before midnight of July 12th—Don't wait longer, but do it now.

CHILDRENS' DAY.

A double program was rendered at the Methodist church Sunday. At the 11 o'clock hour Patriotic Services was held, consisting of songs and special prayers; and a splendid sermon by Pastor Garvin on the "Relation of the Church to the War."

At the evening service, Children's Day was observed with a special program, rendered entirely by the Sunday School children. The entire program was splendidly rendered, and each one of the little tots did themselves proud. The committee who trained them, Mrs. A. W. Cooksey and Miss Dry, deserve much credit for the arrangement of the program, as it was interesting and instructive, and charmed the large audience that was present.

PATRIOTIC DAY

Last Sunday was observed as Patriotic Day at the Baptist Sunday School. National songs were sung and the Superintendent, after a drill on the meaning of the day, read a list of the names who were in service, that were members of the school—thirty-one in all. Special prayer was led by the pastor, for our country and the boys in service. Miss Doris Mullin of Loraine, a former member of the school, sang very sweetly, "Beautiful Isle of Somewhere."

SERVICE FLAG RAISED.

Last Thursday was a red letter day in Colorado. Two celebrations were combined in one—Fourth of July and raising a County Service Flag.

Many persons came in from all over the county, and almost everybody in the city attended.

The program began at 6 o'clock by a parade, consisting of decorated floats and cars. The ever-ready Boy Scouts were no little part of the parade; and the Campfire Girls had a beautifully decorated car, representing their order. The 48 states, represented by little girls in costume, attracted much attention. Many cars had their private service flags flying from the radiator. After arriving at the tabernacle a splendid program was given.

The program consisted of patriotic music by the orchestra; singing the national airs; invocation by Pastor Garrett, and introductory remarks and reading of the names of the boys now in service from this county, by Mayor Adams. There were appropriate readings by Scottie Mae Hines, Mary Terrell and Annie Mary Lupton. Several numbers of special music was given among which was a vocal solo by Miss Doris Mullin. The main talk of the evening was delivered by L. W. Sandusky, who was at his best and delighted his hearers. Dr. W. A. Williams, who left for the Chaplain's training camp Monday, also made a short but interesting talk.

Then the crowd marched to the foot of Walnut street where a flag with 238 stars was raised. The ceremonies here were presided over by Scout Master, Jno. W. Person, and as the big flag was slowly raised and its folds opened to the breeze, every head was bowed as the beautiful song "God Save Our Boys" was sung. These stars, and others which will be added from time to time, will ever remind us of the noble men who are now at the front, and in training, to protect all that is near and dear to us and to the world; and will be an incentive to us who are here to ever be ready to do our best for our country and our God.

CENTRAL CIRCLE.

The Central Circle of the M. E. church met with Mrs. Garvin Monday afternoon, vice chairman, Mrs. W. P. Leslie presided. Besides attending to the regular business they decided to finish the unfinished room at the parsonage.

At the social hour scalloped oysters and wafers were served.

AUXILIARY TO C. W. B. M.

Mrs. Ed Jones was hostess for the Auxiliary to C. W. B. M. last Thursday with Mrs. R. P. Price leader. The subject was The Disciples of Christ in India. The response to roll call was current missionary news. Mrs. Jones gave a paper on The past efforts and results under the Foreign Board and C. W. B. M. Mrs. Leslie Crowder told of present conditions and of future plans of work in India. After the program a conference was held as to how they might best help their soldier boys who had gone from their church; and they decided to write each a cheery letter every month. They each took a name, and next month they will exchange names, so that they will get letters from each one. The next meeting is to be with Mrs. Pond.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

Are the Packers Profiteers?

Plain Facts About the Meat Business.

The Federal Trade Commission in its recent report on war profits, stated that the five large meat packers have been profiteering and that they have a monopoly of the market.

These conclusions, if fair and just, are matters of serious concern not only to those engaged in the meat packing business but to every other citizen of our country.

The figures given on profits are misleading and the statement that the packers have a monopoly is unsupported by the facts.

The packers mentioned in the report stand ready to prove their profits reasonable and necessary.

The meat business is one of the largest American industries. Any citizen who would familiarize himself with its details must be prepared for large totals.

The report states that the aggregate profits of four large packers were \$140,000,000 for the three war years.

This sum is compared with \$19,000,000 as the average annual profit for the three years before the war, making it appear that the war profit was \$121,000,000 greater than the pre-war profit.

This compares a three-year profit with a one-year profit—a manifestly unfair method of comparison. It is not only misleading, but the Federal Trade Commission apparently has made a mistake in the figures themselves.

The aggregate three-year profit of \$140,000,000 was earned on sales of over four and a half billion dollars. It means about three cents on each dollar of sales—or a mere fraction of a cent per pound of product. Packers' profits are a negligible factor in prices of live stock and meats. No other large business is conducted upon such small margins of profit.

Furthermore—and this is very important—only a small portion of this profit has been paid in dividends. The balance has been put back into the business. It had to be, as you realize when you consider the problems the packers have had to solve, and solve quickly, during these war years.

To conduct this business in war times, with higher costs and the necessity of paying two or three times the former prices for live stock, has required the use of two or three times the ordinary amount of working capital. The additional profit makes only a fair

return on this, and as has been stated, the larger portion of the profits earned has been used to finance huge stocks of goods and to provide additions and improvements made necessary by the enormous demands of our army and navy and the Allies.

If you are a business man you will appreciate the significance of these facts. If you are unacquainted with business, talk this matter over with some business acquaintance; with your banker, say; and ask him to compare profits of the packing industry with those of any other large industry at the present time. No evidence is offered by the Federal Trade Commission in support of the statement that the large packers have a monopoly. The Commission's own report shows the large number and importance of other packers.

The packers mentioned in the statement stand ready to prove to any fair minded person that they are in keen competition with each other, and that they have no power to manipulate prices.

If this were not true they would not dare to make this positive statement.

Furthermore, government figures show that the five large packers mentioned in the report account for only about one-third of the meat business of the country.

They wish it were possible to interest you in the details of their business. Of how, for instance, they can sell dressed beef for less than the cost of the live animal, owing to utilization of by-products, and of the wonderful story of the methods of distribution throughout this broad land, as well as in other countries.

The five packers mentioned feel justified in co-operating with each other to the extent of together presenting this public statement.

They have been able to do a big job for your government in its time of need; they have met all war time demands promptly and completely and they are willing to trust their case to the fairmindedness of the American people with the facts before them.
