ROAD WORK COMMENCED.

A telegram received from O. Leonard, county engineer at Austin, says he has had a re-classification and will be back here next Sunday. Work has already been commenced and on next Monday morning a full crew will start at the east line of the county.

This is a war of nations, not of armies. If we win war prohibition for the boys here at home they will win the war for us at the front.

"Where did you get it, Jim?"

WHAT HUDSPETH THINKS OF THE LEGISLATURE; HOW HE THINKS LEGISLATION SHOULD BE PASSED

THE EL PASO HERALD HERE REPRODUCES A FAC SIMILE LETTER WRITTEN BY HUDSPETH, AND SAYS:

The above is a reproduction of a letter which Z. L. Cobb read in Cleveland square Monday evening to more than 3000 people, who had gathered to hear him tell why he should be sent to Congress in place of C. B. Hudspeth, the other candidate.

The text of the letter follows:

Austin, Texas, Jan. 15, 1903

J. W. Lawhon, San Angelo, Texas:

Friend Willis: Am here and down to hard labor. Willis, in regard to the removing of county inspectors not on the railroads. Would suggest that you get a petition and have some of the prominent stockmen of that section sign it and forward to me as soon as possible, as it will aid me in bringing the matter properly before the house. Just have some good lawyer to get the petition in proper form and I will read same to the house stating as good reason as possible why these county officers should be removed. I don't think I will have much trouble in getting it through, but then you can't tell, as this legislature is made up principally of one gallus nestors. You had better see one or two of those inspectors along the road and send me a small slush fund so I can get around and "set 'em up" to the nestors. I tell you it has every weight with them for a man to flash a little money at them. I am getting acquainted pretty fast and will do everything in my power to get your bill passed. Write me at your earliest convenience, your friend,
C. B. HUDSPETH.

DON'T Slow Up Advertising NOW!

Never has there been a time when the public has looked more keenly for MERCHANDISING NEWS than now.

Never has there been a time more auspicious for the enterprising tradesman to secure HIS FULL SHARE OF TRADE than now.

People must continue to eat, to wear and to use. The tendency is to cut out luxuries, and luxuries are only a relatively small portion of your business. For every luxury cut out you have a chance to increase your movement of staples.

How short-sighted is the policy of reducing advertising expense to "save money." You will only lose trade. You will only lose prestige.

Advertise to increase sales and make more money don't cut it out to save money.

Study your advertising as you never did before—do it wisely and well.

Be prosperous and let the people know that you are prosperous.

Success was NEVER achieved by stopping advertising for by wearing old clothes and talking pessimism.

FEEDING SOLDIERS ON THE TRANSPORTS

MESS OFFICER OF THE VESSEL MUST PROVIDE 210,000 MEALS AT SEA.

SOME OF THE 180 VARIETIES

Money Instead of Merchandise Should Be Sent to the Troops in France—Dental Corps Can Care for 5,000,000 Men.

An account of how soldiers are fed at sea is given in the daily newspaper published on a transport:

"Outside of providing 210,000 meals at sea, the mess officer of the ship has very little to do. Very little.

"He is only called upon to provide, by the regulations, 180 different varieties of food. That's all. Every try to order 180 different things to eat? Yet this is the authentic list.

"The food needed to feed several thousand men at sea ranges beyond the glutton's dreams. You get the answer in the ship down below the water line, where 7,200 loaves of bread have been baked in one day, and where you stumble over every variety, from 90,000 pounds of beef to 132,000 eggs, or a compartment of brick ice cream in a ten-degree-above-zero vault.

"And if this doesn't suit, you can bump along into 49,324 pounds of potatoes, 7,150 pounds of ham and bacon, 7,800 pounds of butter, 9,200 pounds of sugar, and 61,500 pounds of flour.

"If you can't get a meal out of this you can fall back on 4,600 pounds of sausage, 3,000 pounds of sauerkraut, 25,000 pounds of apples, 19,800 pounds of oranges, and 4,200 pounds of onions. And this leaves out 1,600 pounds of jam and 9,400 pounds of lima and navy beans."

The original order that the approval of a regimental or higher commander was necessary before packages might be sent to members of the expeditionary forces has been modified so officers with the rank of major and higher may approve shipments. The approval of a company commander is not sufficient.

The question of the shipment of parcels to France first came to the attention of the war department when the commanding general of the expeditionary forces called that congestion of such articles had reached such a point that French railroads were unable to handle the load. A board appointed by the secretary of war and the postmaster general examined 5,000 sacks of parcel-post mail, and found that the articles being sent not only, in the main, were absolutely unnecessary, but undesirable. The investigation showed that the amount of such mail had reached a total of 500,000 pounds a week, and was steadily increasing.

Relatives and friends, according to a recent statement by the war department, will find they often can do a greater service to soldiers by sending them money for the purchase of articles. Tobacco is now being supplied as part of the army rations, and merchandise of nearly all kinds may now be purchased in France through the huge general store established by the quartermaster corps at lower prices than charged by retailers here.

The dental requirements of an army of more than 5,000,000 men can now be met by the present force of the dental corps of the United States army. Examinations have been closed and no further additions will be made to the corps for some time. The number of dental officers has expanded since war was declared from 58 to 5,810. Commissions were offered to 5,397 dentists in all parts of the country, and all but 271 were accepted.

The average number of tooth fillings in the army ranges from 225,000 to 250,000 a month. Special dental infirmaries have been established in the camps and cantonments, to which newly inducted soldiers are sent for examination shortly after arrival in the camps.

A school for dental instruction has been established, where 85 officers are assigned each month to take the two months' course.

The box-car situation is better at present than it has been at any time during the last three years, according to advice received by the department of agriculture from the railroad administration.

On May 1 box cars began to move into wheat territory, and wheat-carrying roads are expected to have on their lines more than the normal amount of cars owned by them. Cars are being parked in wheat-loading territory, which was impossible last year. The railroad administration will continue to move cars into wheat districts as long as there is any indication that additional cars will be needed.

PRESIDENT APPROVES STATE FAIR OF TEXAS

"WIN THE WAR" SESSION TO BE HELD IN DALLAS OCTOBER 15 TO 27, INCLUSIVE.

President Wilson has approved the idea of holding the State Fair of Texas as usual this year. He has done so because he believes strongly in its inspirational value to stimulate patriotism. He considers it a splendid medium for this, the results to be accomplished through education.

The people also demand relaxation just as the Government provides plenty of diversion for the men of our armed forces, so the State Fair of Texas provides diversions for the Texas farmer, stockman, banker, manufacturer, merchant, laboring man, and other civilian workers. They can get both instruction and amusement of the very highest class this year. And it will have a special "win the war" flavor.

The Federal Authorities, as well as the State Fair management, are confident the Fair will be of great value to the cause of world freedom during the present momentous struggle. It will be a splendid medium for instructing the people in essential war facts, to stimulate production of food and feeds, and to encourage conservation and thrift.

To this end President R. E. L. Knight announces the Army, Navy, Food, Commerce, Public Information, Agriculture and Labor Departments at Washington will send extensive displays that will far surpass anything of the kind formerly shown at Dallas. A number of our faithful Allies are also co-operating to make the Fair this year bigger and better than ever.

The furrows on the farms are equally as important as the firing lines at the front. Culinary skill must back up military skill. Money and machinery must support our fighting men. New ideas for raising feed go hand in hand with new ideas for hazing Fritz. All are essential. All will be visualized this year at the State Fair of Texas.

NEW ATTRACTIONS WILL BE IN EVIDENCE OCT. 15-27

Amusements at State Fair of Texas Will be First-Class and Varied.

The Coliseum attractions at the 1918 "Win the War" session of the State Fair of Texas will be of greater variety and even higher grade than ever before. Instruction as well as amusement will be the keynote of this department.

The headliner offering will be the Karassoff Ballet. It is the most pretentious terpsichorean presentation ever seen in the Southwest. It is a "whirlwind topnotcher" and no mistake. There are numerous other beautiful and entrancing acts about which a lot of curiosity is being shown by many enquirers, but the management only smiles and looks mysterious when further questioned.

But Secretary Stratton has secured and announces one of the most wonderful pyrotechnic attractions ever produced. This will be presented before the Grand Stand. The spectacle is staged by the Thearle Duffield Fireworks company, and is known as "The World War." It portrays the battle fields of the western front in a most astonishingly realistic manner. Three hundred people present it on a 450 foot stage.

Secretary of the Interior, Franklin K. Lane, has outlined a plan whereby the soldier who returns from war may, if he so elects, acquire a farm cut of the 25,000,000 acres of public land still owned by the government, and have it equipped, and would be given forty years to pay for it.

"We have learned," said Secretary Daniels to an audience at the Y. M. C. A. in New York, "that if a man would shoot straight, he must live straight." Fighting straight, living straight and shooting straight. America is going to win at night away.

Siberia, once the prison house of Russia, seems to offer the best hope for its rehabilitation. Which seems to indicate that the empire was in the habit of sending its best brains into exile.

ANNIE WEBB BLANTON FOR STATE SUPERINTENDENT

The Record is in receipt of the following letter, which was not meant for publication; but we deem it to be fair to Miss Blanton that the voters may read it:

Washington, D. C., June 21, '18. Whipkey Bros., Colorado Texas.

Dear Sirs:—Certain friends have written to me requesting that I have my sister, Miss Annie Webb Blanton, withdraw from the race for Superintendent of Public Instruction, insinuating that her campaign will cause me to lose many votes for Congress. Under the circumstances I feel that it is my duty to inflict you with a little personal history, in order to show you that I would not throw one obstacle in her way if I lost the congressional office a thousand times.

In the first place my sister entered the race against my earnest advice and desire, for I did not want her subjected to the unpleasantness incident to any campaign, and I did not deem the office worth the expense and trouble necessary to get it. It was fulfilling the obligations of a keen sense of duty, and a sacrifice of self, which has characterized her whole life, that caused her to accept the nomination made by the good women of Texas.

Losing both mother and father when but a mere child, my sister shouldered the heavy responsibilities of caring for a household, became a real little mother to her sister and little brothers, assisted in raising, educating and maintaining them, refused to marry and dedicated her life to their interests. After they grew to be self-supporting, she would alternate, by teaching in the public schools one year, and thereby saving enough to attend the State University the next year, and in this way, earning every dollar of her expenses, she finally graduated at the University with high honors. When the State Normal was organized at Denton she was given the Department of English and for sixteen years she has helped to instruct the young men and women of Texas to become teachers. And the hundreds of teachers all over Texas will testify to the great sacrifice of self she has ever made in their interests. It was in recognition of this service, that the teachers broke up the old machine that had each year elected a man as President, and for the first time in the history of Texas, made her President of the Texas State Teachers Association.

Consistently through life, she has fought for National Prohibition, for woman suffrage, for clean politics, for clean public officials, and for the highest ideals in life, public and private.

I am busy here working from 12 to 16 hours per day for my country in a serious crisis, and will not be able to leave before the primary, for I consider my duty here more important than any office, and I don't know what turn political issues will take, but I wanted you to know the above facts, so that you would understand that not for my life would I interfere with my sister's campaign.

Sincerely your friend, THOMAS L. BLANTON (Political Adv.)

MR. DOUGHTY'S LAME EXCUSE

In a statement sent out to the people of Texas, recently, Superintendent of Public Instruction Doughty had this to say:

"A few days ago, an opponent who has just entered the race against me came to my office and asked me to give a written statement committing myself in the present gubernatorial contest. In reply to his request I stated that I absolutely refused to bring the public school interests of Texas into politics by espousing the candidacy of any man for any office. In my opinion it is the duty of the State Superintendent of public instruction to work with the governor that people elect and not to attempt to influence the people in selecting a governor. I have had the privilege of serving with the two former governors, Hon. O. B. Colquitt and Hon. James E. Ferguson. Both of their co-operated with me in my work to improve the public schools of the state; likewise I have received the hearty co-operation of the present governor, Hon. W. P. Hobby, in all matters affecting the public school interests of Texas. My relations with Governor Hobby, both as lieutenant governor and governor, have been cordial and satisfactory. I have tried at all times since I have been State Superintendent to avoid factional politics, because, if I, as State Superintendent, should become involved in a political controversy the result would be that my usefulness as State Superintendent to the people of Texas, would be sure to be impaired with

one faction or the other. "This interview is given out by me for the purpose of correcting a few misstatements which are being circulated by designing politicians and to state that if continued in the State Superintendent's office I expect to continue to conduct the office in the interest of all children and all the people and I shall not allow it to become an asset of any special or political interest."

In ordinary circumstances Mr. Doughty would be right. The school administration of the State should not become involved in factional or political strife, but the present situation in Texas is a most extraordinary one. It is a contest between honest and clean government and the other kind. Every man has got to be on one side or the other. The people who are interested in the integrity of this State government—who demand that honest and common decency be practiced by their public servants—will permit no dodging of the issue.

Mr. Doughty was given his chance to come clean—to declare himself—and failed to do so.

This opponent to who he refers told him frankly that if he would place himself squarely on the side of the people for good government she would not oppose him.

He refused to do this and in the statement quoted above resorts to a subterfuge too transparent to deceive any man or woman who does not want to be deceived.

The Record will miss its guess of the people of Texas who are standing together for good government shall permit this dodger at Austin to take their snipe hunting.

A committee of Abilene citizens in offering a memorial for the candidacy of Supt. W. F. Doughty, as published in the Taylor County Times, among other things says: "Superintendent Doughty has been one of the best friends that this section of the country has ever had. He voted for the selection of Abilene as the location of the West Texas A. & M. College and stood for our town and county to the end in that memorable fight."

The issue could not have been as clearly stated as the above. Abilene, or at least the leaders of political activities in that town, are supporting every man that favored Abilene in the attempted location of the A. & M. College. Likewise all of West Texas and the Panhandle are lined up against every man that had anything to do with the crooked deal. We do not make any bones of stating that we are against Doughty, we are against Ferguson as strong as a horse radish, and every other man connected with his crooked administration.

REHABILITATION OF OUR WOUNDED

Perhaps none of the various uses to which the proceeds of the Liberty Loan are to be devoted appeals more strongly to the American people than

the rehabilitation and reeducation of our wounded men. To teach these men, to train and fit them for useful and gainful occupations, when by reason of loss of sight or limbs or other injuries they are rendered unable to pursue ordinary vocations, is a work in which every American has a heartfelt interest.

Compensation will be allowed them and family allowances will be paid their families as if they were in actual service while they are taking the training, and every method known to science will be used to restore our wounded men to health and usefulness.

This work has been delegated by Congress to the Federal Board for Vocational Education. The board publishes at Washington a monthly bulletin, dealing with its work, called the Vocational Summary, which will be sent free to anyone upon request.

ARE YOU ONE OF THEM?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured. These tablets do not relieve pain, but after the pain has been relieved, prevent its recurrence."

Uncle Sam is to have national prohibition after Nov. 1st. The matter is now up in congress and the measure will go through. The war has put John Barleycorn down and will now kick him into oblivion. Intoxicating liquor is bad for the soldier, and it is bad for the civilian. Efficiency and decency decreed that it had to go.—Plainview News.

PAYING FOR THE WAR.

Eight billions of dollars are needed from taxes to foot the war bills for the coming year. This means that every man, woman and child must contribute, directly or indirectly, to the federal treasury, and upon a scale that fits the present need. Treasury officials recommend that the heaviest burdens shall be imposed upon luxuries, but all traffic must help to carry the load. The general nature of treasury proposals is indicated by these suggestions, relating to retail sales: Jewelry 50 per cent; automobiles and musical instruments 20 per cent; hotel rooms for rooms above \$2.50 per day 10 per cent; gasoline 10 cents a gallon; alcoholic taxes doubled; a tax on men's suits selling for more than \$30; hats selling for over \$4; shirts selling for over \$2; pajamas selling for over \$2; socks selling for over 35 cents a pair; gloves selling for over \$2; women's suits selling for over \$40; corsets selling for over \$5, and thusly through the entire list of men's women's and children's apparel. Each family would be allowed one servant tax free and would pay 10 per cent taxes on the wages of the first additional servant, and 100 per cent on the wages of the fourth additional servant. Automobiles will pay a license fee (in addition to the tax) graded by horsepower. When he studies this panorama of tax possibilities the average man may chuckle because he is poor. The war costs, but it is worth a million times more than the cost. It is fortunate for the world that the people of America are in this war as a unit to win it, whatever may be the cost.

OIL DEVELOPMENTS IN SCURRY COUNTY.

There has been considerable noiseless excitement existing in local oil circles the past few days, yet it is difficult to locate the cause, the whys and wherefores of its origin, other than the fact that following the "spud in" in the Dunn field this week with a view of getting water to operate the big oil drill, at a depth of 45 feet there was an oil "showing," and at 75 feet the drill was passing through shale. Just before reaching 100 feet something else showed up. Those interested have been holding secret conferences, and General Manager J. I. T. Harris sluffed out to Oklahoma while Anderson and Arnold are holding down the office, meanwhile the drill is at a stand-still. It is rumored that the hole will be cased in and tested.

Everyone wise to these rumors are standing on tip-toe, with ears to the ground, awaiting further progress—we are still waiting.

Quite a number of representatives of large oil interests have been in and out of Snyder during the week. They call themselves "traveling men."—Snyder Signal.

A NEW CIVILIZATION

(Ft. Worth Record). Georgia is a Southern State. Georgia seceded from the Union in 1860.

Alexander Stephens, Robert Tombs John B. Gordon and Ben Hill were incomparable champions of States rights. They are dead and gone, but Georgia remains a Democratic state.

Georgia law makers convened in special session on Wednesday morning. They ratified the national prohibition amendment Wednesday afternoon. Georgia is the twelfth state to ratify the national prohibition amendment.

The handwriting is on the wall. National prohibition is coming.

Long before the year 1924 America will be bone dry and it will be unlawful to manufacture or import or sell intoxicants.

Booze is on the blink. John Barleycorn is on the run. His finish is in sight.

Those who have been clamoring for a saloonless America, for a bone dry America, for an America sober and America efficient, are to be the winners of the long drawn out battle. They are to be the winners of the decision.

An old civilization is passing away. A new civilization is coming. It will be a civilization without the saloon as an institution and without poisons as beverages.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Adv.

SOME CHOCOLATE.

Anticipating the needs of American Red Cross canteens for American soldiers which are to be established and maintained in England, the War Council has authorized the purchase of 500,000 cakes of chocolate, at a cost of \$15,000. Foster Rockwell, director of the bureau of canteen service, has gone to England to superintend the installation of the canteens there. In making his plans before sailing he suggested the supplying of large amounts of chocolate as one of the first needs.

SAMMY FROM TEXAS WANTS WOMEN TO VOTE

Even though I am at present absent from the State, and shall be unable to take part in the coming election, I follow affairs in Texas closely and am unable to refrain from raising my weak voice in lieu of the franchise which I surrendered when I entered the armed forces of my country. Until my enlistment in the navy last May I was serving as principal of the Henrietta (Texas) High School. I read much of the Ferguson issue and tried always to keep an open mind on the subject. I knew nothing about conditions in training camps, consequently was unable to realize the grave necessity of anti-vice and prohibition laws. I could not realize how much depended on our coming gubernatorial election.

Now, however, I have been able to view conditions from a new perspective, and can see what grave consequences can follow a mistake made in this matter. I attend nightly the Government Navigation School in the heart of the city.

I believe the campaign managers of Governor Hobby have erred in not making the issue more squarely on his own merits and not so much on the other man's demerits. Regardless of what may come, the fact remains that he has proved himself one of our greatest executives. Not alone does his legislation speak for him, but his actions and record before becoming Governor are praiseworthy.

No one who has not lived in a training camp can appreciate the greatness or the necessity of the zone law, the prohibition laws, and the anti-vice campaign, for all of which our present Governor is an ardent advocate. I was surprised and pained at what I discovered when I came to the naval station. Our officers are excellent men, who do all in their power to save the men. The city of New Orleans is well policed. But the hands of the champions of good are powerless against the vice and shame of the open city. In fact, I believe that saloons and houses of shame near army or navy training stations are more to be feared than in the German army. Despite laws to the contrary, men in uniform who so desire can obtain liquor so long as it is sold openly to any man. When they become under the influence of liquor then does vice flourish. Liquor and vice are linked hand in hand. Destroy liquor and vice receives a staggering blow. No fair-minded, loyal American can condemn our Governor for his stand on the question, and uphold one who seeks to destroy what has been accomplished.

I being in a training camp, can not vote. I have a brother in the army. Thousands of us young men can not express our choice. Our only hope is for our mothers, wives and sisters to take our places. My brother and I have but one mother. She is going to vote for Hobby. I let that count as my brother's vote. I should greatly appreciate some other good lady volunteering to cast my vote for Hobby for me. And I should like to receive a letter from her if she will. I am making a direct appeal for help. Are there not a number of ladies who are not intending to vote for conscientious reasons, who will agree to vote in place of we young men who are fighting for them? There are several hundred Texans in this station. Not one Ferguson man have I found. Trusting that on July 27 the people of Texas will send us a message that they are for good government against tyranny and prejudice, and are behind the boys in blue and khaki, I am yours.

LEMEN JUICE IS FRECKLE REMOVER

Girls! Make this Cheap Beauty Lotion to Clear and Whiten Your Skin

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless. JUST POLITICS.

In June, 1917, at Menard, Senator Claude B. Hudspeth, formally announced as a candidate for congress. In November, 1917, a luncheon was held in El Paso in honor of Senator Hudspeth, for the purpose of boosting him for congress. Dr. R. E. Vinson was a distinguished visitor on that occasion, and according to the El Paso Herald of the afternoon of November 3rd, Z. L. Cobb was a member of the committee who had charge of the meeting and luncheon. James G. McNary, President of the First National Bank, presided. In March, 1918, Mr. Cobb endorsed the candidacy of Senator Hudspeth, and in April he repudiated that endorsement.

Mr. Cobb has been called upon at many places throughout the district to explain this endorsement, and he has given different versions of it at different times. At Kerrville he said he did not know that Senator Hudspeth's name was on the ticket, yet that ticket had been published for five weeks in both daily papers at El Paso. How Mr. Cobb can make any sensible voter believe him is just another one added to the wonders of the world. He said at Sierra Blanca that he did not endorse Hudspeth, that he endorsed the local ticket. He said in his speech at San Angelo that the local ticket, who are office holders, and who endorsed Senator Hudspeth, were a part of the crookedest political machine that ever disgraced Texas, et he himself, in order to escape having endorsed Senator Hudspeth, has stated in other places that he endorsed that crooked political machine. This is another one of the mysterious workings of his mind.

His connection with the Hudspeth luncheon in November 1917 and his endorsement in March, 1918, are consistent. At the luncheon he then knew and had known for six months that Senator Hudspeth was a candidate for congress, and if he was not supporting him at that time he should not have been connected with the luncheon, as set out in the El Paso Herald. Now isn't that common sense?

We are not complaining about the repudiation made by Mr. Cobb—well, under the record he has made, are constrained to believe that the endorsement was without weight, but the incident is mentioned just for the purpose of showing how unreliable Mr. Cobb is; his entire record has been inconsistent, he has repudiated Democratic nominees on more than one occasion, he has never done anything for prohibition and woman's suffrage, despite his violent protestations to the contrary now made.

On the 19th day of June the proposition was put squarely up to him as to whether he had bought Liberty Bonds, had contributed to the Red Cross, and had bought thrift stamps. He has never made any explanation to the people of El Paso, though some of his friends have tried to explain for him. Recently at Medina, about the 10th of July, he stated that he bought as many bonds and stamps, and donated to the Red Cross as much money as he was able to do, and stated that the government did not require any patriotic citizen to purchase any bonds or war savings stamps with another man's money. We don't ask him to do it with another man's money. How much money did he invest in Liberty Bonds of the first, second and third series? Has he still got these certificates? How much money has he donated to the Red Cross? When and where did he do it? When and where and through what source did he purchase the Liberty Bonds? How much has he invested in War Savings Stamps? When did he do it, and through what means? Can he show anything through the records? Why are they silent upon the subject?

He repeatedly stated on the stump that Hudspeth had not voted for the Zone law. The records showed that he had. He then said that he was paired against the bill. Senator Strickland's letter explains the error and Strickland takes the blame—yet Cobb has misquoted the Strickland letter and reads only a portion of it. If a man shows that he is unreliable in his dealings with his fellow men, and his political record crooked, we are quite sure that the voters will say that they would not trust such a man with a public office.

Cobb made speeches from saloon bars. Cobb dedicated the El Paso Brewery, and he goes around over the district telling the people that he was a mere boy when he did it. In some instances he has pleaded that it was an opportunity for a young lawyer to make a name for himself. Does that justify him in doing wrong? If he did wrong then wouldn't he do it again? He has told people that he was only 23 years old when he did that. According to his sworn statement when he filed his application

as a candidate, and when he took out his poll tax receipt, he was several years older. Why this discrepancy in the years? Why will he misrepresent his age? Ponder over this when you consider his criticism about Hudspeth representing the brewery, and read Attorney General Looney's letter in the El Paso Times of July 16th. General Looney, who has been a Prohibitionist for years, and may be the next Prohibitionist Governor of Texas, states in that letter with Senator Hudspeth: "emphatically he was not guilty of any improper conduct", and he states further that he understood at the time of the brewery suit that Mr. Hudspeth made the receipt the terms imposed by the attorney general, that they enter a plea of guilty, accept a forfeiture of their charters, and pay such fine as they named, and he states further that Senator Hudspeth recognized at the time that it was but just that the punishment and penalties as would vindicate the law. Attorney General Looney says that Hudspeth is above criticism in representing his client in this suit.

Mr. Looney is a lifelong Prohibitionist yet Mr. Cobb a recent convert to the cause, after having dedicated speeches, has his delicate sensibilities highly outraged. Is he the man to represent this district in Congress? Emphatically NO.

Forty-six societies representing 22 nationalities of foreign-born citizens are planning monster celebrations, pageants, parades and speech-making in the principal cities of the United States for July 4. Represented in the groups are Armenians, Assyrians, Belgians, Chinese, Czech-Slavs, Danes, Dutch, Finns, French, French-Canadians, Germans, Greeks, Hungarians, Italians, Japanese, Lithuanians, Norwegians, Poles, Portuguese, Russians, Rumanians, South Slavs, Swedes and Swiss. In May these societies appealed to President Wilson to issue a proclamation calling upon all native Americans to unite with the foreign-born in observing the national holiday, and plans for the many celebrations developed after the proclamation was issued.

TAKING OF TESTIMONY IN CRIMINAL CASES.

House Joint Resolution No. 2.

To amend Section 10, Article 1, of the Constitution of the State of Texas, providing for certain rights of accused persons in criminal prosecutions, and the manner in which the case may be prosecuted, and providing for the procuring of the testimony of the witnesses for both defense and prosecution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section (10) of Article (1) of the Constitution of the State of Texas be so amended that the same will read and hereafter be as follows:

Sec. (10). In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him, and to have a copy thereof. He shall not be compelled to give evidence against himself and shall have the right of being heard by himself or counsel, or both, shall be confronted by the witnesses against him and shall have compulsory process for obtaining witnesses in his favor, except that when the witness resides out of the State and the offense charged is a violation of any of the anti-trust laws of this State, the defendant and the State shall have the right to produce and have the evidence admitted by deposition, under such rules and laws as the Legislature may hereafter provide; and no person shall be held to answer for a criminal offense, unless on an indictment of a grand jury, except in cases in which the punishment is by fine or imprisonment, otherwise than in the penitentiary, in cases of impeachment and in cases arising in the army or navy, or in the militia, when in actual service in time of war or public danger.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of this State at the next general election for State and county officers.

Sec. 3. The qualified electors for members of the Legislature shall vote upon said amendment at the said general election and at which election all persons favoring said amendment shall have written or printed on the ballot the following: "For amendment to Section 10, Article 1 of the Constitution, providing for prosecution of criminal cases by information, or indictment, and taking of testimony of witnesses by deposition, under certain circumstances," and those opposed to such amendment shall have written or printed on the ballot as follows: "Against the amendment to Section 10, Article 1 of the Constitution."

Sec. 4. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds of the State Treasury of the State not otherwise appropriated to pay the expense of publishing, proclamation, and election.

(Note.—H. J. R. No. 2 passed the House of Representatives by a two-thirds vote, yeas 123, nays 4; and passed the Senate with amendments, by a two-thirds vote, yeas 21, nays 4; and the House concurred in Senate amendments by a two-thirds vote, yeas 123, nays 0.)

BONDS OF THE FOURTH LIBERTY LOAN

Bonds of the Fourth Liberty Loan are now being turned out by the thousands daily by the Treasury's Bureau of Engraving and Printing. The bonds are similar in form and design to those of the third loan, and space has been left on each bond for insertion of the exact terms of the bonds. It is believed that a sufficient number of the bonds will be ready to make possible immediate delivery of all bonds of the fourth loan as they are purchased.

CHURCHES, CLUBS AND SCHOOLS ENTERTAINMENTS, PARTIES AND SOCIETY'S DOINGS

BY MRS. A. L. WHIPKEY

You will confer a favor upon the Record and the editor of this department if you will phone her (No. 157) any announcement or news item

If every one were wise and sweet, And every one were jolly; If every heart with gladness beat, And none were melancholy; If none should grumble or complain, And nobody should labor In evil work, but each were fain To love and help his neighbor— Oh, what a happy world 'twould be For you and me—for you and me!

And if perchance we both should try That glorious time to hurry, If you and I—just you and I, Should laugh instead of worry; If we should grow—just you and I, Kinder and sweeter-hearted— Perhaps in some near-by-and-by That good time might get started; Then what a happy world 'twould be For you and me—for you and me!

THE CALL TO PRAYER.

Some time ago the little town of Verbena, Alabama, out of deep interest in victory for the Allies and for our soldiers, on whom we so much depend now for the victory, set an example for the rest of the nation by ringing the church bell for two minutes at 6 o'clock each evening, at which time all the population stood still and with bowed heads uttered a prayer for the President of the United States and for our American Soldiers, and for victory for the Allied Armies.

Other towns have adopted the plan and stop all work, whether it be in kitchen, store, shop, farm on streets or elsewhere, and bow the head for one minute in silent or audible prayer.

Following the same example the young women of Colorado have seen the Mayor of the City and he has agreed to have the FIRE BELL to ring three taps at 6 o'clock p. m. each day.

Therefore, in response to President Wilson's request for such a season of prayer each day, and in accord with the Christian young women and the Mayor of our City, we, the undersigned pastors of Colorado do hereby request that every man, woman and child listen for the taps of the Fire Bell at 6 o'clock p. m. each day, commencing on Friday, July 19th, and immediately stop all work for the space of one minute, and utter an earnest prayer for our President and for victory for our Allied Armies.

BIRTHDAY PARTY

Mrs. Jack Smith entertained ten little girls Friday afternoon honoring her little daughter, Mary Dickson's birthday. The time as spent playing games and "playing lady" and no one was quite ready to go home when the mamas called for them each guest left a gift in memory of the day. Pineapple ice and little cakes were served.

42 PARTY.

Miss Lillian Smith entertained the near young folks with a 42 party Tuesday evening, complimentary to her cousin, Miss Fay Johnson, of Brownwood. At the close of the games punch was served.

REBEKAH INSTALLATION.

The Rebekahs installed their officers with the Odd Fellows on Friday night, July 12, 1918. They initiated one candidate on Monday night July 8, and have several more prospectives regardless of the existing hard times. The officers were as follows: Mrs. Nellie Delaney, N. G. Mrs. Gertrude Wilson, V. G. J. A. Wilson, Secretary. Mrs. Katie Doss, Warden. Mrs. Vada Terry, Con. Mrs. Nellie Schroeder, Chaplain. Mr. and Mrs. J. M. Green, Inside and Outside Guardians.

Misses Jessie and Ruby Schroeder, Dennis Mullin and Mrs. Carrie Mae Nebers entertained with songs, and Mes Irma Quinney with readings. Ice cream and cake was served to a large crowd, each trying to forget for a moment that it was war times.

SAM WULFJEN HURT.

Mr. and Mrs. Sam Wulfjen and Mr. and Mrs. Earl Jackson were down on the H S ranch this week on a fishing and camping trip. Late Tuesday evening Mr. Wulfjen and Earl got in the car to hunt out another fishing place, and while driving at a pretty fair speed they noticed a stumpled ahead of them, and in going around it ran against another one hidden by the brush. The impact was so great that Mr. Jackson, who was driving, was bruised up some by the steering wheel and Mr. Wulfjen was thrown through the windshield, cutting his face from the left eye around to the ear. Drs. Coleman and Root went out Tuesday night and dressed the wound and Mr. Wulfjen was taken to the ranch home where they are being cared for by friends. The physicians say the wound is quite serious but not necessarily dangerous.

HONORING HER GUESTS.

Mrs. Porter entertained with 42 Tuesday afternoon, honoring her sister-in-law, Miss Shelah Porter and Miss Elizabeth Walling, who are her guests. Those present were the young ladies who had attended the Lenton Normal the past year.

Besides the games, the guests enjoyed meeting and talking over their school days and their plans for the future.

MEETING OF INDEPENDENT SCHOOL BOARD.

The School Board of the Independent School District met on Monday night and discussed the school interests for the coming year.

The Board bought the limit of \$1000 of War Savings Stamps. Miss Mary Morgan, one of the teachers elected, tendered her resignation which was accepted.

Y. D. McMurry tendered his resignation as a member of the Board of Trustees, to take effect at once. This was accepted.

Miss Katie Buchanan was then elected as teacher for the Fifth grade.

Miss Annie McMurry was then elected to teach the Third grade.

Miss Georgia Kennedy of Denton was elected to teach Latin in the High School.

Miss Mabel Smith was elected to teach Spanish in the High School.

After considerable discussion about the various school interests the Board adjourned.

A MINUTE PRAYER.

Through the influence of the Woman's Auxiliary of the Baptist church the minute prayer will be started at 6 o'clock p. m. in Colorado Friday evening. At the tap of the fire bell everyone is to pause a minute in prayer for our loved ones in service, for our nation, for our president and rulers, and for world-wide peace. In other words, we, as a people, with one accord, at the same time, commune with Him who giveth the "peace that passeth all understanding. Let everyone pause for one minute; regardless of where you are, or what you are doing. If you are in your car on the street, stop at the first tap of the bell, and remain still for one minute; if you are walking on the sidewalk, stop for one minute; if you are busy at your accustomed labors, stop for one minute; wherever you are, whatever you are doing, at the tap of the bell, stop for a minute, and make a prayer for the winning of the war, for the preservation of "our boys," and for world-wide and permanent peace. Only ONE MINUTE, out of the twenty-four hours. Surely every one can do that.

Our young people are everywhere doing their part in this work, and our Y. W. A. are no exception.

Mrs. Landers has received news that her son Harry and son-in-law, Lieut. Slagle, have arrived safely at Long Island, leaving Camp Bowie last week. One went one route and the other another route, yet both were loud in their praises of the treatment they received from the Red Cross canteen service. All trains were met and the men supplied with every necessary thing for their comfort. They say the Red Cross is doing more good for the country than the soldiers.

JOHN M. WORRELL WOUNDED IN FRANCE

When we mentioned some time ago about Donald Sheaf receiving honorable mention for bravery on the battle field, it seems that another Colorado boy, John M. Worrell, was wounded about the same time. We did not know it at the time, but now take from the official war bulletin published at Washington, the following:

"Private John M. Worrell, marines during the capture of Bouvesches, France, on June 6, 1918. He carried wounded men across the field swept by artillery and machine gun fire, until he himself was wounded."

Worrell is the first Mitchell county boy to receive a war cross for bravery and for being wounded by a bullet on the field of battle. He was shot in the hip, but the wound was pronounced not serious. It is said that he saved the lives of several wounded men, at the risk of his own life every second, as he was exposed to a perfect rain of gun fire.

John Worrell was a nephew of Mr. G. E. Quinney, and was raised by Mr. and Mrs. Quinney as one of their sons. He had just finished school here when he volunteered. Mr. and Mrs. Quinney have three sons in France also, and they are making good. As we have said before, the boys from Mitchell county, will fight to the last man rather than be captured by the enemy.

But the fighting for ones own life in a death struggle with the Huns does not show the cool bravery, and the greatness of heart, that was displayed by Mr. Worrell, when he went thru that hell of shot and shell to save his comrades, who were unable to save themselves. All honor to Mr. Worrell, and all honor to all the boys who are doing their level best to win who are doing their level best to in the war—and they'll win it.

Mrs. Lola Dimmitt of Leander came in this week on a visit to her parents, Mr. and Mrs. J. S. Vaughan.

Mrs. R. B. McDonald and the girls came in home yesterday from a visit to San Angelo.

The belief is current in Germany, thanks to the censor, that there are but few American troops in France, and that Washington is putting up a flamboyant bluff.

RED CROSS NOTICE.

Headquarters at St. Louis has sent us the following notice in regard to surgical dressings:

"Even though at the present there are to be no changes in surgical dressings or any quotas given, you will find it advisable during the summer months, owing to a shortage of gauze, to run your surgical dressings shop on a half time basis."

In compliance with this request the work room will be open the following days—Monday 4 to 7; Wednesday, 3 to 6; Friday 3 to 6.

Owing to delay in the shipment of materials, there has been no work at the surgical dressings work rooms this week. As soon as the gauze arrives, the workers will be notified.

Dr. L. G. C. Buchanan of Big Spring, the specialist in eye, ear, nose and throat diseases, and who has been coming to Colorado every other week, has received his commission of Captain, and has been notified to hold himself in readiness to go into the service, in the medical corps. Dr. Buchanan volunteered some time ago, and passed his examination at Fort Worth two weeks ago, and expects to be called at any time. He is a brother of J. A. Buchanan of our city.

WOMEN REGISTER.

Seven hundred and forty women registered in Mitchell county and Eaton and Car have not yet sent in their lists. Five women eighty years old and over, were among those who registered. They were Mrs. Mary J. Bullard, 80; Mrs. Mary J. Hall, 81; Mrs. Mary E. Pitt, 81; Mrs. T. J. Harness 81; and Mrs. Catherine Cooksey, 86. All their votes will go for Hobby and Cobb, with a big majority of the votes.

A PLEASANT AFTERNOON.

Miss Addie Watson entertained her girl friends Monday afternoon. Those who wished played 42, and others sang and worked. A pleasant afternoon was enjoyed by all. Miss Fay Johnson of Brownwood and Miss Shelah Porter of Pilot Point were the out of town guests.

RULES FOR HOUSEHOLDERS (U. S. Food Administration)

All kinds of food, especially wheat, meats, fats and sugar should be economically used. No food shall be hoarded. Hoarding is the holding, contracting or arranging for food by any person in excess of his reasonable requirements for use or consumption by himself and dependents for a reasonable time. This does not refer to stocks of home-grown vegetables and home-canned or preserved fruits.

All householders who can entirely eliminate the use of wheat until the next harvest, about September 1, should do so.

Householders who are obliged to use wheat should not use more than a total of 1 1/2 pounds of wheat flour or prepared wheat, in any form, per person per week, including the wheat flour in Victory bread, and including the wheat flour or prepared wheat in crackers, pastry, macaroni, breakfast and other foods.

Victory bread is bread manufactured by bakers under the rules of the United States Food Administration. In estimating flour consumption 1 1/4 pounds of Victory bread may be considered equal to 1 pound of wheat flour.

In buying wheat flour an equal weight of other cereals as substitutes for wheat flour must be bought pound for pound. This is the 50-50 rule. In buying mixed flours, the substitutes in them may be counted, so that a smaller proportion of substitutes may be bought with these flours than with white flour. In buying graham and whole wheat flours (containing not less than 95 per cent of the entire wheat) 6/10 pounds of substitutes shall be purchased with every pound of such flours.

Wheat flour substitutes are hominy, corn grits, corn meal, corn flour, edible corn starch, barley flour, rolled oats, oatmeal, rice, rice flour, buckwheat flour, potato flour, sweet potato flour, soya bean flour, and feterita flour and meals.

Householders in towns and cities may not buy more than one-eighth of a barrel of flour or two pounds of sugar at any one time. Householders in the country may not buy more than one-fourth of a barrel of flour or five pounds of sugar at any one time. In no event shall any purchaser have more than 30 days' supply of either on hand.

Householders should not use more than 3/4 pounds of sugar per person per week.

In addition to the above, however, sugar may be used for home canning, and will be available to the householder for that purpose upon his signing a certificate that such sugar is desired and will be used only for that purpose.

No wheat flour, or prepared wheat in any form, should be used for any purpose other than human consumption. No wheat fit for human consumption should be used for other purposes. E. A. PEDEN, Federal Food Administrator for Texas.

ANOTHER OPEN LETTER.

Editor Record:
I read in the papers where Mrs. J. M. Stevenson, daughter of one Fred Cockrell, of Sweetwater, is makin' speeches for Jim Ferguson, and says she will vote for him. I'm writin' you this letter so you kin send it to her if you have a mind ter:

Dear Mrs. Stevenson:—I see in last week's paper where you took up for that pore, abused Jim Ferguson and allowed you was goin' to vote fer him. I'm glad you said it, for Jim shore does need a friend hereabouts. Now, don't you go and do him like they say a whole passel of his best friends done him down to Austin—kick him clean out because they accused him of convictin' hisself on his own testimony of takin' smethin' or other lyin' round the State capitol.

I'm not young and purty and smart in politicks like you; I'm just a plain old maid, shut away off out here in the country slinging a hoe in the cotton patch for a livin'. I don't know much, but I think there ain't no us in bein' to hard on him. He shore has done a lot for the State. Why, I've heard 'em say he come purty nigh cleanin' out the State treasury for 'em, and would a done it, only there warn't enough room in the Temple State Bank to hold all the filthy lucre and he couldn't clean it up as good as he was a mind to.

And them insane. Why they do say there ain't room right now in the jails all over Texas for the horse thieves because the cells, clear out into the corridors, is all runnin' over with them there crazy folks. I'm awful glad to hear you say Jim got 'em all corralled at last off by themselves somewhere so they can't do a body any harm. I shore am scared of crazy folks.

I don't see what they want to make such a fuss about that little old University down at Austin for. I don't care how hard Jim smashes it; I ain't got no folks there. Our folks is pore, but I'll let you know we wouldn't go to no college like that where Jim says the campus is full of frats and highbrows. Why, they tell me that over a thousand boys and girls go down there every year without a cent to their names and get jobs around town fer their board and are so low down and pore the State has to give 'em their books and tuition. No such charity for me.

Then I don't think they oughter be so hard on Jim about usin' that little Canyon City Normal money. It wasn't much—just five or six thousand dollars, and he did need it so bad poor fellow, to pay off that social secretary woman his stylish wife would keep up there at the mansion to help her give pink teas and low-recked balls to them highbrows. She ought not to a done Jim that way when he hated them highbrows so bad.

O, yes, maybe if you think such a lot of Jim that you are willin' to risk your teeth and toe nails for him, you could coax him to up and tell where he got that \$156,000, and shut up the mouths of all these old gossips that's goin' around talkin' about it. Why, I read in my paper the other day that a man away up there in the Panhandle, wherever that is heard, durin' one of them big sandstorms they have in that country, the wind sighin', and seemin' to say: "O, Jim, where did you git it?"

Your friend and sympathizer

GIRLS! IT'S YOUR STEP THAT ATTRACTS!

Says Women Pay too Much Heed to Their Face Instead of Their Corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezezone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

The freezezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness.

MILITARY WORK AT BAYLOR.

President Brooks announced yesterday that he had received a telegram from the war department which practically assured military training in Baylor University next fall. In compliance with the suggestions of the telegrams, President Brooks wired for 450 Russian rifles and other supplies, which will be obtained from the government.

At 4 o'clock yesterday afternoon, President Brooks met a large number of students who expect to be in Baylor next year to consult about attending a training school at Fort Sheridan Ill. To this training camp 18 Baylor boys are eligible and from the demonstration made yesterday it seems that far more than eighteen applications will be made in which case the eighteen best equipped for the work will be sent.

The training school begins July 18, and continues until Sept. 17. Each school which expects to introduce military training into its curriculum is allowed by the government to send one man for every twenty-five men in attendance last year, which will give Baylor a quota of eighteen students.

Baylor is also entitled to send two professors or instructors. All these men will be temporarily enrolled into government service and will receive pay at \$30.00 per month and railroad fare to and from Waco, and of course rations and clothing. No commissions will be granted, but certificates will be issued and these men who have trained will be expected to assist the military authorities here next fall. No student under eighteen will be accepted for this training camp.

The utmost enthusiasm prevailed among Baylor boys yesterday when the matter was discussed. At present there are very few men in Baylor University in the draft age and this arrangement will allow the young men between 18 and 20 to get in the harness preparatory for the great struggle when it comes their time to join.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILLIOUS, FEVERISH

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. Adv.

Austin, Texas, June 7th, 1918.
I shal vote for Honorable W. P. Hobby for Governor.

(First) Because he is absolutely loyal; he has opposed none of the war measures advocated by President Wilson but has done all in his power, privately and officially, to carry out war plans ordered by Congress and the President. His desire is to unite all factions in our State; to banish hatred and abuse, that Texas may present a united front in the battle against German greed and tyranny.

(Second) His personal honor and integrity are unquestioned; therefore I can with impunity hold him up as an example to my children.

(Third) The nine months of his administration have been characterized by a legislative record that is unsurpassed in the annals of history. In securing this legislation he was active and efficient factor and deserves a full share of the praise of Texas men and women.

(Fourth) He is a gentleman by instinct and training; whether he speaks at a cross-roads, in academic halls, or before a council of nations, Texas will have no cause to blush for his speech or his manner.

CONFEDERATE REUNION.

General Order No. 16.
I. The General Commanding is pleased to announce that the 28th Annual Reunion of this Association will be held in the City of Tulsa, Okla., on the 25th, 26th and 27th days of September, 1918. These dates have been selected by the local Committee and approved by the proper officers of the Federation.

It has never happened that a General Reunion has been held in the fall of the year; but, owing to a misunderstanding, it was not possible to call the meeting for the usual spring months. As many Division Reunions are held in the fall, and are well attended, the General Commanding looks for a large gathering at this meeting.

Oklahoma can boast of but little association with the Confederacy, aside from the noble behavior of the Indian troops which honored themselves on every battlefield in which they took part; but she can show to the visitor one of the richest and most productive sections of the country in coal and oil, another illustration of the vast wealth and resources of this wonderful country. Greater, however, than any display the city can make, this will be another occasion when the survivors of the Confederate Armies will be able to exchange affectionate greetings and enjoy loving communion. To have this opportunity is the main reason for the Reunion, and the General Commanding is proud that his loving associates have not been deprived of it this year.

Ample accommodations will be provided by the Committees, and every effort made to give all a delightful Reunion, and the General Commanding earnestly hopes that there will be a large attendance.

II. The General Commanding with much pleasure announces, at the request of its most energetic President, Mrs. W. J. Behan, that the Confederate Southern Memorial Association will hold its meeting at the same time, and the Sons of Confederate Veterans will hold their convention on the same days beginning Tuesday, September 24th.

By Command of
GEO. P. HARRISON
General Commanding
WM. E. MICKLE,
Adj. Gen. and Chief of Staff.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE THE BEAUTY.

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents. Adv.

WHAT IS W. S. S. The Sculler And The Sailor Explain.

It's forts and it's ships and it's shining guns. It's squadrons that sweep the sea. It's all of the circling bands of steel that shall keep the home shores free. It's grub and it's warmth for the sailor lad, far out on the wintry foam—for the brave jack tar, as he fights afar, it's the good old "Money from Home."

It's rifle and helm and it's bayonet, it's shovel and shot and shell, for the soldier boy in the olive drab, out there on the edge of hell. It's the soaring wings of the whirling planes that battle on high alone; for the lad who is daring "Over There;" It's the good old "Money from Home."

It's succor and life for a bleeding world, it's the glimmer of Peace at dawn. It's the strength of a mighty arm to strike. It's the gleam of a great sword drawn, but more than all, it's the pledge of love to the lads whom we call "Our Own," to the boys on land, afloat, on high, it's the good old "Money from Home."

SPECIAL TAX FOR MAINTENANCE OF PUBLIC SCHOOLS AND FURNISHING FREE TEXT BOOKS.

House Joint Resolution No. 27.
Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of the State of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section 3):

Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school districts of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts hereafter named or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held through out the State on the first Tuesday after first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State, and to provide free text books in the public schools of the State of Texas."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

(Note.—H. J. R. No. 27 passed the House of Representatives by a two thirds vote, yeas 108, nays 22; and passed the Senate by a two-thirds vote, yeas 23, nays 4.)

Approved March 19, 1917.

Tom Goss returned home last week from attending the funeral of his brother at Abilene. C. E. Goss, brother-in-law to J. H. and H. F. Goss of Abilene died at the residence of H. P. Goss on July 11, after an illness of three weeks of typhoid fever. The deceased was about 40 years of age, an dis survived by his widow and four children. His brother, Tom Goss, of this place, while at the bedside of his dying brother, received a telegram stating that their father, Andrew Goss, had been stricken with paralysis at his home at Gorman, and that he could not live.

The elder Goss is 85 years of age. He was born in Baden, Germany, and in this connection H. F. Goss said that his father had always taught them that the present war was bound to come, because of the greed of the German rulers. The elder Goss had always taught them to be ready for the great war and to do all in their power to help crush Germany. Mr. Goss always said he wanted to live long enough to see the ruling family of Germany brought down to the dust. The Goss family was prominent in Baden and engaged in the revolt against Germany many decades ago, and as a result of the failure of the revolt, Mr. Goss emigrated to America.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

MITCHELL COUNTY COUNCIL OF DEFENSE.

The Council of Defense met last Tuesday evening.

All the attorneys of the county were appointed as a legal advisory board.

A committee composed of J. H. Greene, W. A. Dulin, H. L. Hutchinson, Mrs. J. L. Doss and J. H. Smoot, was appointed on organization of Community Councils. Mr. Hutchinson was made chairman of this committee.

A transportation committee composed of F. M. Burns, B. S. Van Tuyl and J. R. Sheppard was then appointed.

J. M. Thomas and C. M. Adams were then elected members of the Council, making fourteen members, instead of twelve, as originally intended.

The following card was then ordered printed and mailed out to all registrants.

"Dear Sir:—By instructions of our government we have appointed every attorney in the county as our legal advisory board whose duties will be to advise all men going into any branch of government service relative to their rights, etc., and especially with reference to your leaving a power of attorney with some one, to act for you during your absence, in the transfer of any property you have which you may want transferred while absent; also you are advised to make a will. All services by the legal board will be furnished free to you. This is only a suggestion, but is very important and no good business man should overlook same.

CORLEY BOZEMAN SIGN PAINTER

"It Pays to Advertise"

AN OLD COLORADOAN.

Mr. J. M. Thomas of the Colorado National Bank received the following letter this week:

North Bend, Oregon, July 12-18. Colorado National Bank, Colorado.

Mr. J. M. Thomas:—Yours of the 5th inst. inclosing dividend check, was forwarded to me here and received this morning. Thanks very much for the check and also for the statement card that tells me that the same old crowd still stays with you.

I want to congratulate Mr. Joe Smoot upon his promotion, and I hope the Colorado country will resume its old time prosperity this year. Cotton may drop back a little in price, but it will be high enough to put the farmers ahead, especially if they manage, as they should, to keep a few cattle and hogs about the place.

Your statement shows up encouragingly, especially in view of the drought of last year. I am very glad to see that \$49,000 of government securities in your list of assets, and your \$90,000 government deposits shows that Mr. McAdoo is taking care of the agricultural country and the stock raisers. It is all very encouraging. We must win this war.

I am staying with the sawmill this summer, pushing the getting out of aero spruce material. I thought I was ready to lay off, but our logger fell down on us and I found I could boost a bit, so got in again.

Kindest regards to all the old Colorado friends.

Very truly yours,
A. W. HUDSON.

Mr. Hudson was formerly a citizen of this place, and had numerous investments, owning ranch interests in this and adjoining counties.

Your mirror pays constant tribute to your charming complexion, if you use delicate, fragrant
