COLORADO, MITCHELL COUNTY, TEXAS, FRIDAY, JULY 26, 1918

Whipkey Printing Company

ZACH LAMAR COBB SPOKE HERE MONDAY NIGHT

A LARGE AND ENTHUSIASTIC CROWD OF WOMEN AND MEN VOTERS HEARD HIM.

Zach Lamar Cobb reached Colorado Monday night, on his way home to El Paso, where he will close his campaign for congress with a final rally Friday night. During his brief stay in this county Mr. Cobb made speeches at Loraine and in Colorado to splendid and sympathetic audiences in both instances.

One unusual feature of this meeting was the fact that after Dr. P. C. Coleman, Chairman, had called the meeting to order, Rev. W. C. Garrett, pastor of the Baptist Church, pronounced a fervent prayer, asking God's blessings upon the principles of right, which the speaker of the evening stood for.

Mr. Cobb was then introduced by Rev. W. P. Garvin, pastor of the Methodist Church, in a short but pointed address.

The large tabernacle was well filled and Mr. Cobb's shaken voice from constant speaking was scarcely heard at the rear for the first few sentences. But as he warmed up to his subject, and his wonderful magnetism got hold of the big audience, he was plainly heard throughout the building, and the most profound attention was given to every word he said—though often interrupted by applause.

He spoke for about two hours, and said in part:

"Since being in Colorado I have conducted one of the most strenuous campaigns ever made by a candidate for congress," said Mr. Cobb, "Speaking to as many people as it was possible to reach during three months

time. The people are apparently more interested in the congressional race than they are in any of the other campaigns this year, probably because a congressman comes so close home to the people in his duties affecting their soldier sons.

"The people universally, are for President Wilson and as rapidly as I have been able to point out to them the facts showing that Senator Hudspeth is against the president, I have obtained the cordial support of a large majority in each community.

"Senator Hudspeth must, necessarily, fall under the weight of his own bad official record. He has, however, been increasing the majority against himself by the campaign of slander conducted by him and his agents.

"The literature sent out from our headquarters and which should reach Mitchell county by the time this will be published, completely answers all the slanders circulated against me up to the time it was sent to the printer. The exposure of the old slanders will discredit any new falsehoods which may be read.

"This campaign proves that it is better policy, as well as being right in principle, for a man to make a clean race and to deliver clean speeches. I have not done or said anything in the course of this campaign which could not have been done or said in the presence of any lady. The people have shown their approval of this from one end of the district to the other by the expressions I have re-

ceived from them, following my speeches.

"I am confident of winning but we want to make the victory so overwhelming and pile the majority so high that the breweries will never again attempt to elect a congressman in this district. Senator Hudspeth has publicly admitted that he was an attorney for the San Antonio Brewing Association while he was a member of the State Senate. We are going to rebuke the breweries for hiring a State Senator by defeating the man they employed.

"The record of Senator Hudspeth, ever since he took employment from the breweries, particularly his opposition to every prohibition measure, his opposition to the constitutional amendment to deprive aliens of the right to vote in Texas; his opposition to woman suffrage and to the zone bill shows the necessity for driving the breweries and their agents out of politics.

"I am deeply grateful to the people of Mitchell county for their evidences of support. It will be my ambition always to prove worthy of their confidence."

He closed his speech with a beautiful and eloquent appeal to the American people to stand behind the boys at the front. And paid glowing tribute to the men who have given up their homes and loved ones to go upon the battle fields of France, and their fight for the freedom and glory of the American people, and of the whole world.

When he closed, hundreds of men and women came forward to shake his hand and bid him god speed to victory at the polls, next Saturday.

He and his party left Tuesday morning for Big Spring, and other points on the T. & P., until he arrives at El Paso Friday.

The El Paso Times is now running the Hudspeth political dope on the sporting page. Well some of it is quite amusing.

TO THE VOTERS OF MITCHELL COUNTY.

I have not embarrassed and annoyed you with a personal hand to hand canvass during the campaign now drawing to a close. But as you know I am a candidate for the nomination for county judge. Both of my opponents seem to consider that the sole qualification for the office is to have some business capacity. Every one knows that a large part of the duties of county judge is to preside over the county court in the trial of civil and criminal cases and probate matters. These duties are important, and especially the latter, because upon their proper performance may depend the protection of the rights of your widows and children, or of the children of your lady voters. The whole burden of the financial affairs of the county is NOT on the county judge, but on the Commissioners' Court. The County Judge has not even a vote except in case of a tie.

If elected County Judge I propose to advise and counsel with the Commissioners' Court, and not to run the whole thing. And when it becomes necessary for me, sitting as judge, to render a decision or make a ruling that will settle property rights or determine the disposition of your estate or safeguard the property rights of widows and minors, if I don't know what the law applicable is, I know where to find it in the books. I will not have to toss heads and tails to decide it or consult this and that party, and thus render not my own decision, but one of someone else, or worse, one patched up from the opinions of several men.

Furthermore, the disposition of the county money, and the handling of the various county affairs all require a knowledge of the law, which has thrown legal safe-guards around these things for the express purpose of protecting the tax-payers money. Neither of my opponents—both honorable gentlemen, but who could better serve you as commissioner from

their respective precincts—claims to have had any legal training or experience.

If you are sick, you call for a doctor; you don't depend on a druggist, whose qualification is that he is associated with doctors; nor yet a justice of the peace, cotton buyer, real estate agent or capitalist.

This county, with a two years drouth behind us, and another drouth now on us, a dwindling population, shrinking values, and one hundred and forty thousand dollars road money to be disbursed ACCORDING TO LAW, is going to need a doctor for the next two years to keep from getting mighty sick financially. The Commissioners' Court can and will do the nursing and I'll do the prescribing. Castor oil and liniment doctoring will not save the county.

I have been in the practice of law twenty-seven years. I have served three terms as district attorney of this judicial district, and feel that I have the necessary legal qualifications. And furthermore, I feel that I have as good business qualifications as either of my opponents.

I will appreciate your vote and influence, and if I am elected will show that appreciation by the faithful discharge of all the duties of county judge.

M. CARTER

American soldiers are smart fellows, but only when they want to be, says the Berlin Lokal-Anzeiger.

And they usually like to be at the proper time, as on the Marne front.

MORE BOYS LEFT.

Monday evening twenty-six more of Mitchell county boys answered the call of their country and left for Camp Travis. This makes a total of 291 from this county. A big crowd was at the station to bid them farewell and godspeed. Before they left the crowd gathered on the corner at the City National Bank to listen to a parting address given the boys by Rev. W. P. Garvin. Near the boys stood their friends and loved ones, while the Boy Scouts stood at attention, displaying Old Glory.

Mr. Garvin assured the boys of our sympathy and prayers, and of our utmost confidence in them. He told them they were the flower of the country called forth to defend the greatest country on earth, and those who stayed at home would do all in their power to bring about honorable and lasting peace.

From there they marched to the station where, amid heartfelt good-byes and hearty cheers, they departed for the training camp.

The Canteen Service of the Red Cross was conspicuous for their cherry good-byes and remembrances, lunches, stamps, cards, etc.

Evidence continues to accumulate that Berlin has agents in all the allied countries who are diligently seeking to foment revolution. These are the gentry who made possible the success of the bolsheviki. In this country their activities are mainly given in support of politicians who are ready to assist in the conclusion of a peace made in Germany. The way to locate a friend of the Kaiser is to find out what kind of peace he wants.

A good rain in Mitchell county right now would be worth \$156,500.

The German intelligence officer who said the Americans would make "redoubtable opponents" when properly trained will probably now admit that the training also is good.

BUSINESS IS GOOD!!

We have been having all the work we can do, but we have also been having _____ trying to collect for it. SO, BEGINNING AUGUST 1st, We are going to DO BUSINESS ON A

STRICTLY SPOT CASH BASIS!

We are paying CASH for what we buy and our resources are too limited for us to carry the amount of credit business we have been doing. So remember that we are going to expect the CASH, and if you "forget your check book" we will have one, and if you left "Your Money at Home" we will go home with you.

Our Mr. J. L. Pidgeon, Mr. John Garner and Mr. George Filler, are the best team of Mechanics to be found in any garage in West Texas.

MR. PIDGEON, with years of experience, is now visiting the Delco and Auto-Lite factories making a special study of Electrical Equipment on various cars.

MR. JOHN GARNER, is known as one of the very best mechanics in the State, having been for several years Special Service Man for different Hupmobile dealers.

MR. GEORGE FILLER, our Ford Specialist, is so well-known we need only add that George took care of Noah's "Henry and Lizzie" during the flood, and has been working with them ever since.

So we know that we are BETTER equipped to give you service than ever before—but don't forget that it is

Fresh Beef Travels on a Rapid Schedule

Fresh beef for domestic markets goes from stockyards to retail stores within a period of about two weeks. Although chilled, this meat is not frozen; hence it cannot be stored for a rise in price.

A steer is dressed usually within twenty-four hours after purchase by the packer. The beef is held in a cooler at the packing house, at a temperature a little above freezing, for about three days.

It is then loaded into a refrigerator car where a similar temperature is maintained, and is in transit to market on an average of about six days.

Upon arrival at the branch distributing house, it is unloaded into a "cooler", and placed on sale.

Swift & Company requires all beef to be sold during the week of arrival, and the average of sales is within five days.

Any delay along the above journey means deterioration in the meat and loss to the packer.

Swift & Company, U. S. A.

WHOOPIING COUGH.

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes, "My two daughters had whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm." Adv.

To The Voters of Mitchell County:

Colorado, Texas, July 24, 1918.

Dear Voter:

I take this opportunity to place before you my final appeal for your support for county judge and ex-officio county superintendent of Mitchell county. I am making this race on my own merits and ability to fill the office I seek successfully, and not on the demerits or lack of ability, if they have such, of my opponents. I have made a clean race. If elected I shall do my whole duty in every matter that presents itself while I hold the office.

I have lived in this county more than thirty years. I am known to most of the people of the county. They know for what I stand and have stood on all moral questions. I am a prohibitionist by inclination and practice. I have always believed that women should have the right to vote, and I stand for progress in all county affairs. I have had sufficient business experience to qualify me to conduct successfully the business affairs of this office.

One of the chief functions of this office is to superintend the public schools. The county judge is ex-officio county superintendent. I believe that the boys and girls who live in the rural districts should have equal educational advantages with the boys and girls who live in the cities and towns, and if elected, I shall exert all the influence and ability that I have, to give Mitchell county the very best schools possible.

Another important function of the office is to preside as chairman of the commissioners court. Since this court has the management of the county's business in its hands, it seems to me that the county judge as well as a commissioner should be a man who is familiar with the county's needs, the desires of its people, and its financial ability to undertake progressive measures. I believe that I am as well acquainted with these as any man in the county.

There is nothing in my life that I wish to cover up or hide. My record as a citizen of this county for thirty-three years is before you. Having been a life-long democrat, I shall appreciate your support in the coming primary, and any good word that you may speak for me to a friend to whom I am not personally known. And if honored with the office I seek, I shall be the servant of all the people of the county and not of just a few or one particular community. I shall do my whole duty as I see it and study to see my duty clearly. I am glad to say that I have not lived to the present time and have no business of my own, but if elected, the business of the office will get my whole attention.

Thanking you for any favorable consideration you may give me at the Polls on July 27, I am

Yours to win this race,

W. L. Doss.

OIL FOUND IN A WATER WELL NEAR SNYDER

SNYDER, Texas, July 26.—In drilling a water well the Oklahoma Snyder Oil Company, after having run into a good showing of oil at forty-five feet, drilled into a gas sand at 120 feet and then into oil, good for from ten to twelve barrels a day.

The formation passed through was blue shale, blue gumbo, blue sandstone and some lime for the entire distance.

A six and five-eighths inch casing was run to the gas and oil sand to cut of the water flow, but gas pressure was sufficient to cave in the hole and let in the water before an accurate test could be made. This hole is now being run smaller and deepened with a view of making a shallow well will be commenced at once to test out the shallower strata.

Cincinnati Man Discovers Drug That Loosens Corns so They Lift Out.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn or toughened callus and instantly the soreness is relieved, and soon the corn or callus is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the surrounding skin.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

ROAD WORK COMMENCED.

Road work has been commenced on Highway No. 1. Quite a number of men and teams are at work east of Loraine. The road has been changed to run due south through Loraine and then due east to the

Roscoe lane. It is the intention to build the road from the Nolan County line this way, and all the men and teams will be used that can be handled by the engineer to an advantage. The road will be put up according to specifications and to be approved by the State Highway Commission, which insures us a first-class road in every particular. At present only about seventeen teams are at work. These will be added to as they become trained, and can be worked economically. The road will be graded from the Nolan County line to Loraine and then graveled. The gravel hauling will commence about Aug. 7th, when all the teams will be used that can be secured. The rock crusher is on the ground and rock will be secured off the Loraine hill, near the road.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

CONFEDERATE REUNION.

General Order No. 16.

I. The General Commanding is pleased to announce that the 28th Annual Reunion of this Association will be held in the City of Tulsa, Okla., on the 25th, 26th and 27th days of September, 1918. These dates have been selected by the local Committee and approved by the proper officers of the Federation.

It has never happened that a General Reunion has been held in the fall of the year; but, owing to a misunderstanding, it was not possible to call the meeting for the usual spring months. As many Division Reunions are held in the fall, and are well attended, the General Commanding looks for a large gathering at this meeting.

Oklahoma can boast of but little association with the Confederacy, aside from the noble behavior of the Indian troops which honored themselves on every battlefield in which they took part; but she can show to the visitor one of the richest and most productive sections of the country in coal and oil, another illustration of the vast wealth and resources of this wonderful country. Greater, however, than any display the city can make, this will be another occasion when the survivors of the Confederate Armies will be able to exchange affectionate greetings and enjoy loving communion. To have this opportunity is the main reason for the Reunion, and the General Commanding is proud that his loving associates have not been deprived of it this year.

Ample accommodations will be provided by the Committees, and every effort made to give all a delightful Reunion, and the General Commanding earnestly hopes that there will be a large attendance.

II. The General Commanding with much pleasure announces, at the request of its most energetic President, Mrs. W. J. Behan, that the Confederate Southern Memorial Association will hold its meeting at the same time, and the Sons of Confederate Veterans will hold their convention on the same days beginning Tuesday, September 24th.

By Command of
GEO. P. HARRISON
General Commanding
WM. E. MICKLE,
Adj. Gen. and Chief of Staff.

SPECIAL TAX FOR MAINTENANCE OF PUBLIC SCHOOLS AND FURNISHING FREE TEXT BOOKS.

House Joint Resolution No. 27.

Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of the State of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section 3):

Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation, and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held through out the State on the first Tuesday after first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State, and to provide free text books in the public schools of the State of Texas."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

(Note.—H. J. R. No. 27 passed the House of Representatives by a two thirds vote, yeas 108, nays 22; and passed the Senate by a two-thirds vote, yeas 23, nays 4.)

Approved March 19, 1917.

C. D. MIMS,
Acting Secretary of State.
