The day that has been talked of for many months, and which candidates had looked forward to with confidence and misgivings, was last Saturday, July 27th, Primary Election Day in Texas.

On that day, for the first time in the history of Texas men and women went to the polls together and cast their votes for good government and for American ideals. The women of Texas were given the ballot by Gov. Hobby at the last special session of the legislature. The women of Texas have appreciated the honor con-

ferred upon them in giving them the ballot along with their fathers, husbands and brothers as is illustrated by the large registration and vote of the women of the state.

That the good women of Colorado, Mitchell county and Texas at large voted a wise ballot goes without saying. They had studied the issues involved in the present campaign, and they were prepared to cast an intelligent vote, and one for the best interests of the state.

The issue this year has been Jim Ferguson with his pro-German suspi-

cions as against Mr. Hobby, who stood squarely for President Wilson and was that had inacted in this state a ten mile zone law that took temptation away from our soldier boys in training camps; placed upon our statutes a law that drove the saloon from the confines of the state; and barred vice in other forms from our army camps. And the overwhelming vote cast for him by the women, show us no words can, their appreciation.

There were several local issues in Mitchell county that the women as well as the men were interested in.

DESTRUCTION OF ENEMY NOW AIM OF BOTH ARMIES

WASHINGTON, July 31—The battle in the Aisne-Marne salient has developed into a life and death struggle between the opposing armies. More limited objectives the Germans may have had in launching their attack at Rheims or for which General Foch may have aimed in his counter thrust, have been submerged in the greater struggle, the object of which on each side is the destruction of the opposing army.

The Record has made it a rule for years not to take issue or mix up in county politics, hence we have no comment to make. Every man and woman knew how they wanted to vote in county as well as state issues. We had our individual choice in these matters, and believe in leaving it to each and every one to vote as he sees fit. This is fair treatment of local candidates, and promotes a friendly feeling among the candidates and voters. Candidates for county and precinct offices in Mitchell county were composed of the best of our citizenship, men worthy of political preference, and those who were elected we feel sure will serve with distinction. And those who were defeated need feel no shame.

After all it is not so much as who you voted for as it was that you voted for men representing the right principles. And we are willing to trust the good women of Texas to do this every time.

We would urge the voters, and especially the women voters, to go back to the polls again on Aug. 24th and finish the work you have so nobly begun. It is just as important that the candidates who will be in the run-off primary, have your support, as it was in the first election. These candidates look to you to vote as solidly as you did before and it is your duty to do so. Don't quit the job and it only half finished.

Hobby leads Ferguson for governor by about 250,000 votes.

It is estimated that 750,000 votes were cast in the state. Taylor county has about eight or nine small counties in its state. Taylor county has the distinction of being the only West Texas county in the Ferguson column.

It will take a second primary to decide several congressional districts.

Hudspeth defeated Cobb in the 16th by about 1250 votes.

For Lieutenant Governor, Davidson and Johnson will be in the second primary.

For attorney general Cureton and Woods will have to decide—Cureton seems to be about 10,000 in the lead. J. M. Edwards defeated John W. Baker for Treasurer.

For comptroller the race is still on between Terrell and Mayfield.

Miss Blanton ran away ahead of the ticket, getting a good majority, and will not be in the second running.

Gilmore and Hurdleston for railroad commissioner will be in the run-off.

Fred Davis defeats Halbert. Greenwood defeats Harvey.

For associate justice the race now lies between O. S. Lattimore and W. M. Pierson.

In the county contest there were over 1600 votes polled. 325 women voted at the Colorado box.

There will be three offices to be decided in the run-off, August 24th. These are for sheriff—A. W. Cooksey and W. J. Chesney.

Tax Assessor—J. B. Holt and Bruza Smith.

For Commissioner, Precinct 1—Lay Powell and A. J. Coe.

There will also be on this ticket, three or four state offices—Lieut. Governor, Attorney General, Railroad Commissioner, Comptroller and Associate Justice.

J. C. Hall for county judge in his home box lost only 11 votes out of 522, he got 511.

W. R. Morgan secured the largest vote in the county, getting 1592.

For commissioner in precinct No. 3, E. Barber defeated his opponent B. O. Joyce by two votes. There is some talk of contesting this box.

We publish a table showing the entire county vote and as nearly correct as is possible to get it this week. We will publish this table again next week, so as to get it absolutely correct. If anyone sees an error, or knows of any change which should be made, please report it as this table is valuable and will be wanted two years from now, in the next campaign.

The object of each army now is the other army; each is seeking to kill as many men as possible.

In making this announcement General March frankly admitted that the German resistance in holding apart the jaws of the salient had frustrated any hope of bagging any considerable portion of the German armies.

The Americans hold the apex of the allied drive, on which the outcome of the struggle may hinge, and the fury of German counter attacks is accounted for by this fact. The appearance of the all-American (Rainbow) division, the Forty-second, at this point was disclosed today.

The Americans for their part were content to hold their positions along the slightly advanced line for the time. The German line, however, is reported gradually giving way, both to the right and left.

During the night the Americans made a pretense of retiring from a part of the town of Seringes. The Germans advanced into the town on observing the supposed evacuation. Two companies of Americans then closed in and enveloped the German force, killing and capturing every man of it.

Despite tremendous efforts of the Germans to check the pressure of the allies north of the Ourcq, today finds the German positions in grave danger.

Plunging northward from Seringes, American troops have made a brilliant and important advance, and in desperate fighting have apparently opened the way for further successful operations against the Germans in the Marne salient.

The enemy resistance was of the stoutest character but was no obstacle to the Americans. They are now on the Fere-en-Tarinois—Cognolles Highway south of the forest of Nesles.

The Americans dropping back from the village of Seringes, completely exterminated the Germans who entered, thinking the town evacuated.

PARIS, July 31.—The American troops have maintained their position in the region of Seringes and Nesles which they carried after violent fighting, according to the official statement today. The Germans made four attacks against the new French positions east of Oulchy-le-Chateau and were repulsed. The French line is holding intact.

WASHINGTON, July 31.—Repulse of enemy counter attacks on the line of the Ourcq after severe fighting and improvement of the American positions there are reported in General Pershing's communiqués received by the war department today.

PARIS, July 31.—French aerial observers, says a Matin report, say the signs behind the present German battlefield point to preparation for the continuation of the retirement northward. The enemy is destroying much material. Big fires have broken out behind the lines.

LONDON, July 31.—German artillery displayed considerable activity last night in the region of Merris on the Flanders front, taken yesterday by the Australians. It was also active in the Kemmel sector. Activities were resumed on both sides of the Somme.

PARIS, July 31.—After a heavy bombardment the Germans attacked the new French positions east of Oulchy-le-Chateau. Allied troops repulsed four enemy assaults and maintained their lines intact. Lively fighting occurred on the right bank of the Ourcq, northeast of Fere-le-Tardenois, villages changing hands several times and finally remaining in the hands of the Americans.

LORAINE NEWS.

Jake Scowan left Saturday night for Arizona to get employment. Albert Pickens and family of Colorado and Miss Cora Reeder, left Friday for Fort Worth, Waco and other places to visit relatives and friends. Albert Givens of Arcadia, Louisiana, arrived Saturday for an extended visit with home folk, near Loraine. Dr. W. R. Shook and family left this week for Matador, where they will spend a few weeks with relatives. D. F. Reeder of Oklahoma is visiting in Loraine for a few days. W. E. Campbell and family of Bellvue and Ira Richardson and family of Frisco, returned home Monday after a short visit with Tom Davis and family, also other relatives near Loraine. Miss Cora Nelson visited in Abilene and Sweetwater last week. Saturday was quite a busy day among the voters, including the women, and "Have you voted yet?" and the answer "Yes." was heard on all sides. Once in a great while came the answer, "No I haven't, and I am not going to." Of course everybody to their own opinion. G. H. Richardson is still very low, with paralysis. Misses Opal Jackson, Thelma Phillips and Laura Miller who have been attending school at Simmons, Abilene returned home last Thursday. Miss Helen Stevenson returned Thursday from Denton, where she attended the sumepr normal. Mrs. Harley Mearse and baby of New Mexico, are visiting her father, G. H. Richardson, who is very sick. Mrs. Frank Miles of Dallas, who has been visiting her parents Mr. and Mrs. T. A. Davis, returned home this week. Henry Zellner and family left last week for New Mexico, where they will make their home. Mrs. W. L. Bates and children who have been visiting her parents, Mr. and Mrs. R. G. Peach, returned Saturday night to their home at Mingus. Mr. and Mrs. W. A. Kennison of Rotan, who have been visiting the daughter, Mrs. J. C. Hall, returned home Friday. The drouth still continues. No rain to amount to anything since the first of June. Feed stuff is almost burned up, cotton is dying fast, and people are still leaving the country,

and the ones who remain, are still waiting and watching for rain. MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels. A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's complaint, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Co." Adv. The first woman to be named for a judgeship in the District of Columbia, is Miss Kathryn Sells, who has been named as Judge of the Juvenile Court in Washington. SUMMER COMPLAINT. During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results." Adv.

RELIGION AND THE ARMY.

The army has just about decided that even from a coldly material point of view, the religious influences now placed about the soldiers of the new democracy are indispensable. Recognition that religion for the soldier has a solid basis as well as one in sentiment has come as a result of the splendid work of the Y. M. C. A. and the Knights of Columbus with the drafted men as they came into Camp Travis, many of them away from home for the first time in their lives. The first few weeks of these men after they enter the army are spent in quarantine while incipient contagions are "spotted" and isolated. During this time of confinement to their company areas the visits of the "Y" or K. of C. man with his song books or boxing gloves, and plain man-to-man talks are literally Godsend. Men who are homesick and despondent cheer up, and men who otherwise might have developed into sullen and slack soldiers find a new stiffening for their spines and a new keenness for the work to which they have been called. Some call that "grit," some call it "pep," some call it "morale." The name is unimportant, but without the thing itself you cannot have a good soldier. Religious surroundings are not left in the hands of the Y. M. C. A. and K. of C. exclusively. Of course the buildings of these organizations are visited by speakers of almost every faith represented in camp. But the churches of the city also are carrying their more strictly denominational work in buildings on the edge of the camp. The Baptists have been particularly successful in the work, owing to the fortunate location of the specially located chapel on the west of Camp Travis adjoining as it does both the cantonment and Fort Sam Houston. At this Chapel the soldiers carry on the services almost of themselves, the pastor himself being an ex-soldier. As many as seventy-five men from a single company have been known to walk a half mile after their day's work in order to be at a service.—Publicity Officer, Camp Travis. TEXAS WOMAN AT THE FRONT

MRS. BURDICK, MOTHER TO ALL AMERICAN SOLDIER BOYS Mrs. Ensign Burdick of the Salvation Army, and from Dallas, Texas, was interviewed by a war correspondent in her hut just behind the lines in France. In speaking of her daily work she said: "None of us had a wink of sleep last night," said Mrs. Ensign Burdick. "You see, the troops were moving and a hot sip and a bite in the wee hours gave new life and spirit to our soldiers. "They call me 'ma.' Oh, the joy of it! They tell me not to overwork. I'm the oldest woman at the front—close to sixty, with children of my own at home—but I wouldn't change places this minute with the grandest lady in the States! "When the hour for taking the front line comes they gather around me and I say—and I have a hard time to keep back the tears—I say: 'Boys, you are all my sons. Remember what is expected of Americans. Don't yield an inch. Face your duty like the men that you are. Remember your mothers and your God—but don't for Ma Burdick's sake, take needless chances! "You ought to see them straighten up and their eyes flash with fearlessness and feel the pressure of their hands! Overwork? Risk? This old, shattered mill is heaven among such patriots, for, after all, the big factor in this war is the men in the trenches. "We fried twelve hundred eggs and gave out three or four thousand doughnuts, and land knows how many sandwiches and pies and cups of coffee and cocoa. See, here is a letter just brought in from the trenches. Dear Ma—Can you please bake us twenty-six pies and send them up Tuesday night? Any kind will do. If you can't bake pies can't you please make 150 doughnuts? Let us thank you a million times for the doughnuts the other night. Boys tickled to death with them! "That's their captain's signature. We send batches up every day. Free? To be sure! We never charge for anything that goes to the men in the trenches." STOMACH A LIVER TROUBLES. No end of misery and actual suffering is caused by disorders of the stomach and liver, and may be avoided by the use of Chamberlain's Tablets. Give them a trial. They only cost a quarter. Adv.

DON'T FORGET ENGLAND.

The Kansas City Times is right when it declares that America must not forget what England is doing to win the war. The Times said: "While we are congratulating ourselves on the showing made by our men in France let us not forget to whom we are indebted for the lift in getting them there "Getting our troops across in effective numbers was a problem that came down to a question of ships, and we didn't have them. That is where England came to bat again as she has so many times when a pinch hit was needed. England had some ships, to be sure, but she also had use for them. Ships are England's only guarantee that dinner will be ready at the usual time. If for any reason they do not keep steadily going between the grocery store and the kitchen door meals are likely to be mighty irregular—England being in this respect like a family without a refrigerator. "England took the risk of interrupting this grocery store delivery to help get our troops to France in time to block the big drive at Paris and the Channel. She turned food ships into troop trains, took another hitch in her belt and told the family that for four months, during April, May, June and July, there would, figuratively speaking, be no jam in the larder. When that period is over, British ships will have carried perhaps 1-2 million American soldiers to France, and it is now probable from statements made in Parliament within the last few days, that the lock will be kept on the larder door for another extended period. British ships, in other words, will continue in our transport service as long as they are needed, or until our own tonnage equals the demand, and in the meantime England will go without. Ask Anyone Who Has Used It. There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it. Adv. British women have formed a Woman's Royal Air Force

WINTERS MAN GETS TWO YEARS SENTENCE.

Convicted on eight of twelve counts in an indictment charging him with violation of Section 3 of the espionage act, Emil Keifer of Winters was sentenced last week in federal court to two years imprisonment on each charge. The term will be made concurrent and Keifer will have to spend only two years in prison, by way of disposing of the sentences totaling sixteen years. The indictment charged that Keifer stated that this was a "damned poor country," that people were not allowed to eat the food they raised, that the United States was without democratic principles and had no democracy and that Germany should sink all our ships because we had "butted in" the war. It was also alleged that Keifer asserted he did not intend to do any fighting for the United State and that when the selective draft came after him he was going to South America, and later to Germany, if possible. LEMONS MAKE SKIN WHITE, SOFT, CLEAR. Make This Beauty Lotion for a Few Cents and See for Yourself. What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smooth and beautify the skin. All druggists will supply three ounces of orchard white at very little cost and the grocer has the lemons. No. 5 Adv. Women librarians in the camp hospitals must wear uniforms.

BUSINESS IS GOOD!!

We have been having all the work we can do, but we have also been having _____ trying to collect for it. SO, BEGINNING AUGUST 1st, We are going to DO BUSINESS ON A

STRICTLY SPOT CASH BASIS!

We are paying CASH for what we buy and our resources are too limited for us to carry the amount of credit business we have been doing. So remember that we are going to expect the CASH, and if you "forget your check book" we will have one, and if you left "Your Money at Home" we will go home with you.

Our Mr. J. L. Pidgeon, Mr. John Garner and Mr. George Filler, are the best team of Mechanics to be found in any garage in West Texas.

MR. PIDGEON, with years of experience, is now visiting the Delco and Auto-Lite factories making a special study of Electrical Equipment on various cars.

MR. JOHN GARNER, is known as one of the very best mechanics in the State, having been for several years Special Service Man for different Hupmobile dealers.

MR. GEORGE FILLER, our Ford Specialist, is so well-known we need only add that George took care of Noah's "Henry and Lizzie" during the flood, and has been working with them ever since.

So we know that we are BETTER equipped to give you service than ever before—but don't forget that it is CASH ONLY AFTER AUGUST 1

Plenty of money to lead on land in Mitchell and adjoining counties—G. B. Harness, Colorado 830

The Record is sorry to make announcement of the fact that Mr. and Mrs. J. P. Ehrlich leave for Shawnee, Oklahoma, to make a new home. Mr. Ehrlich left several weeks ago and Mrs. Ehrlich and the children leave this week. Mr. Ehrlich has accepted a position as head bookkeeper in a large flouring mill at Shawnee. He said he was not leaving Colorado because of any desire to get away from these people or the town, but because the new position is more lucrative and it is to his interest financially to make the change. They have resided here for several years and made many friends who are sorry to give them up.

WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from any harmful drugs. It is helping thousands. Try it. Scott & Bowne, Bloomfield, N.J.

ANOTHER CALL.

The local board has another call for soldier boys, to go out on the 5th next Monday. They are advised that if they have not enough 1917 registrants to fill out the quota with 1918 registrants. Harry B. Allen is the only 1917 registrant who is in line to go out on the 5th, but they have six of the 1917 registrants whose questionnaires are still in the hands of the District Board. If these the board reaches a decision on these men before the time to send them, these will go in the call of the 5th, but if not then the necessary number will be taken from the 1918 registrants.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Adv

THANKS.

I wish to thank the voters of Mitchell county for the votes given me in the primary election. And I want to assure one and all that I have no hard feelings toward anyone because they voted for the other fellow. I appreciate the votes I did get just as much as if I had been elected. The only reason I can see why I was not elected, was that I did not get votes enough. Thanking you, I remain as ever, a Colorado and Mitchell county citizen, and your friend and neighbor. H. C. MANN.

ICE SHORTAGE IN HOUSTON CUTS DOWN SUPPLY TO NON-ESSENTIALS

Excessively hot weather and not a lack of supplies has made it necessary to conserve 100 tons of ice in Houston a day. Just how to meet the local situation and at the same time not cause the small consumer to suffer was a problem for the food administration and the ice dealers of Houston to decide. The result of a conference on Monday afternoon at the office of Administrator Peden was the decision to cut the non-essential users of ice to 75 per cent of their normal consumption, including all users of ice above 200 pounds.

Soda fountains, soft drink stands, ice cream manufacturers and similar industries will feel the order rather sharply—many of them already in the throes of adjusting their business to the limited ration of sugar allotted them. It is expected that they will care for their reduced allotments of ice by eliminating the broken ice exposed to the air in troughs and on counters. The practice of shaving ice by restaurants, soda fountains and other such users the administration announces should be eliminated.

The public is requested to avoid delaying the ice man. Owing to a scarcity of help he is probably serving a larger route than ever before. Co-operation on the part of the householder will enable him to cover a greater territory, thereby minimizing meltage and at the same time release labor for other essential purposes.

"There is no need for hysterics," says Administrator Peden. "There is no danger of an actual famine in ice, but there is a serious need for the elimination of all waste and extravagance. If the public will co-operate by avoiding unnecessary waste in the use of ice there will be plenty to supply everybody."

The situation is a local and not a State one—all ice problems being settled locally. The action of the administration in the Houston instance may, however, be construed as a precedent for the State, and no doubt if the conditions were identical the application of the remedy would be identical.

CANNED GOODS FOR HOME USE.

Housewife's Preserves Can Not Be Accepted for Army or Navy.

Although the American housewife is urged to can every ounce of fruit or vegetables possible as a patriotic food conservation measure, her product must be reserved for civilian use. Home canned and preserved goods can not be purchased or accepted as gifts for the army or navy, the Missouri division of the food administration has announced.

Patriotic persons all over the country have been offering to organize workers in their vicinity to supply American soldiers and sailors with food prepared at home. While this spirit is appreciated and considered praiseworthy, the food administration believes it can be turned into channels that will do exactly as much for our armed forces and the allies as though it had provided them with millions of cans or jars of home-preserved food.

No government department is permitted to accept any article without paying for it. But even if home-canned goods could legally be bought, their purchase would be impossible, the food administration has pointed out, because of the difficulty acceptance of small lots would entail in the way of inspection. Supplies of this kind must be obtained in reasonably large units and must be uniform both as to ingredients and containers. With shipping space precious this uniformity is doubly important that the greatest possible quantity may be packed in a given space. Every additional million of jars filled by housewives for home use, however, release an equal quantity of commercially canned goods for export.

CONFEDERATE REUNION.

General Order No. 16. I. The General Commanding is pleased to announce that the 28th Annual Reunion of this Association will be held in the City of Tulsa, Okla., on the 25th, 26th and 27th days of September, 1918. These dates have been selected by the local Committee and approved by the proper officers of the Federation.

It has never happened that a General Reunion has been held in the fall of the year; but, owing to a misunderstanding, it was not possible to call the meeting for the usual spring months. As many Division Reunions are held in the fall, and are well attended, the General Commanding looks for a large gathering at this meeting.

Oklahoma can boast of but little association with the Confederacy, aside from the noble behavior of the Indian troops which honored themselves on every battlefield in which they took part; but she can show to the visitor one of the richest and most productive sections of the country in coal and oil, another illustration of the vast wealth and resources of this wonderful country. Greater, however, than any display the city can make, this will be another occasion when the survivors of the Confederate Armies will be able to exchange affectionate greetings and enjoy loving communion. To have this opportunity is the main reason for the Reunion, and the General Commanding is proud that his loving associates have not been deprived of it this year.

Ample accommodations will be provided by the Committees, and every effort made to give all a delightful Reunion, and the General Commanding earnestly hopes that there will be a large attendance.

II. The General Commanding with much pleasure announces, at the request of its most energetic President, Mrs. W. J. Behan, that the Confederate Southern Memorial Association will hold its meeting at the same time, and the Sons of Confederate Veterans will hold their convention on the same days beginning Tuesday, September 24th.

By Command of GEO. P. HARRISON General Commanding WM. E. MICKLE, Adj. Gen. and Chief of Staff.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

DRILLING CONTRACTS IN SCURRY COUNTY

Snyder, Texas, July 27.—Three drilling contracts have been closed in Scurry county the past week.

J. Burris Mitchell of Los Angeles, Cal., has closed a drilling contract with Nelson & Snuffer for a block of acreage lying between Hermleigh and Camp Springs, for a test, to commence at once. Mitchell has his rig and material ready to go to work. He is interested in the firm of Mitchell & Sons, who brought in the first well in Coleman county on the Gray ranch. Contract for early drilling has been awarded on the W. A. Johnson ranch north of town, to Tulsa, Okla., parties. Drilling will commence within ninety days.

Another contract has been awarded by Matthews & Griffith to Wichita Falls drillers on their block of acreage west and south of Fluvanna. This makes a total of four bona fide contracts.

ADVANCE IN PRICE.

Subscribers and those Sending Copies Out of County Will Take Notice

The Record is forced to raise the price of its subscription, which we have contemplated doing for some time, as nearly all weekly papers have done. We have decided to make the price to all subscribers whose paper goes out of the county, at \$1.50 per year. All those in the county to remain at \$1.00 for the present. It may be that later on we will have to advance these as well.

The zone postal law, which went in effect July 1, just exactly doubled our postage rate, and in many instances much more. For instance if we mail the paper to a subscriber at Colorado it costs us 1 1/4 cents per week or 65c per year for postage on just one paper.

Now comes this new order from the government, which we reproduce below, stopping our exchanges, which forces us to subscribe for six or eight daily papers at a cost of about \$40.00.

The cost of white print paper has advanced to three or four times the pre-war cost, and is still going up; the freight rate has been advanced 25 per cent. For these various reasons we feel that we are justified in advancing the price of our paper, especially to those going out of the county. No country paper ever figures on making a cent from the subscription list, in fact if the subscriptions pay for the white paper and postage it is doing well.

For the past year or two ours has not been doing this, so we make this slight raise, believing that our subscribers will see the fairness and justice of it.

The postal laws also require that all papers mailed out of the county, must be paid for in advance, so we will discontinue all subscriptions at the expiration of the time paid for, which go out of the county.

Retreat of Germans is more precipitate. And as they go it is borne in on them that Americans haven't forgotten the painted ship instructions.

Miss Blanton will be the State superintendent of public instruction. She is eminently well qualified for the place to which she has been called.

The Republicans will nominate Roosevelt. The Democrats will nominate McAdoo. So say the prophets. But there's many a slip twixt the cup and the lip, you know; Pershing is a possibility.

A letter from Walter Whipkey at Paris, Texas, says: "You talk about a 'blowed up' place—it hasn't rained a drop here since I left (1st of July) and dry is no name. Farmers all say if they don't get a rain soon cotton will not make. The people here are scared to death."

If it don't rain in that country every ten days the crops are ruined; while here we go ten months without rain and then make something.

TIME TO CALL A HALT.

Certain things Mr. Ferguson has written during the past two weeks would indicate that he has in mind the possibility of contesting the election on some ground connected with the new woman suffrage law.

We are inclined to think that after he reads the returns Mr. Ferguson will change his mind about this, but there is no telling just what he may attempt, judging by past performances. A certain percentage of his followers are of a fanatical turn of mind and many of these will go through life with the conviction that Mr. Ferguson was a martyr to the cause of the poor. In his weekly publication he has instilled in them a vicious class hatred against those who have opposed him, and he has assured them so persistently that he would be overwhelmingly elected that the result will come to them as a distinct shock. For the past few weeks Mr. Ferguson has dropped hints about possible attempts to "steal" the election from him. If he should now raise the cry that the election is illegal, many of these deluded followers will take it up and for a short time Fergusonism will continue to disturb our public life. If he attempts anything of this sort, then the last lingering doubt as to the cause Mr. Ferguson is serving, whether wittingly or unwittingly, will be removed, for it will then be known that nothing can be accomplished by continued agitation but the promotion of strife and division among our people at a time when the nation's safety calls for unity.

Mr. Ferguson has done an injury to our people which it will take a long time to heal altogether. As we have said a certain percentage of his following is made up of deluded persons who will continue to regard him as a martyr to the cause of the poor. Defeat will serve to intensify this feeling among many of these, and they will form a sullen and disgruntled portion of our citizenship for some time to come. How numerous this element will be only time can disclose, but large or small, the creation of such an element in our civic life will be charged against Mr. Ferguson as not the least of the wrongs which he has done against the people who at one time honored him.

However, if Mr. Ferguson will accept his defeat as the verdict of the people to whom he appealed in spite of the fact that he had no right to such an appeal—if he will accept that verdict, we say, he will avoid the responsibility of making that injury a permanent one. It remains to be seen what he will do. But if he refuses to accept defeat, if he still persists as a disturber of the public peace in Texas, he will be treading upon dangerous ground. Mr. Ferguson has indulged in a lot of loose talk about "taking down old Betsy" and making "the streets of Austin flow with blood." A certain percentage of his followers have hailed this kind of talk as the brave defiance of a tribune of the people, and should he choose to continue the agitation after the result of the election has been finally announced he may thus inflame some of these deluded followers and promote anarchy in certain sections of Texas.

Let Mr. Ferguson make no mistake. The people of Texas will stand for no further anarchistic activities from him. Just as they met his challenge at the ballot box, they are prepared to meet any further move he has to make. But patience has a limit. It was in the power of the legislature and of Governor Hobby to have kept his name from the ballot in the primaries. Under the constitution he has no kind of right to stand for the nomination in an election, for he is ineligible ever to hold office again in Texas. But Governor Hobby and the legislature decided that it would be best to settle the question forever by permitting Mr. Ferguson to go before the people and then let them inform him through their votes what they thought of his case. By denying him a place on the ballot they would have supplied him with material for further agitation. Texas has been more than patient with Mr. Ferguson during the past ten months. But a time arrives when patience ceases to be a virtue and now that his campaign of slander and vilification has closed we think it is time to call a halt.

And what is true with respect to Mr. Ferguson is true also with respect to his leading lieutenants who have aided and abetted him thus far. We should have no further strife over the affairs of this man in Texas and any man or set of men who takes the responsibility for further strife must be told frankly and firmly that such is the temper of the law-abiding citizens of the state. This is written before a vote has been counted and before the size of Governor Hobby's majority has become definitely known.

But we are willing that these gentlemen shall judge the temper of the people by the size of the majority and act accordingly. Let's have no more Fergusonism in Texas.—Fort Worth Star Telegram.

NOW UNDER FEDERAL CONTROL

At midnight Wednesday, all the telegraph and telephone lines of the United States went under the management of the Federal Government, and (like the railroads) will be operated by a special commission appointed by the president. There will be but few changes made in the management of the lines or of the service, except perhaps to cut out some of the high salaried officers who do no work, and to reduce the expenses where possible, by consolidations, and elimination of double equipment. The local telegraph stations and telephone exchanges will be run just as heretofore.

Miss Lively, manager of the local offices of the Western Union, says she has not been advised of any change and contemplates none.

Miss Minnie Bellah, manager of the Southwestern Telephone Co.'s exchange here, says there will be no material changes. She expects to be transferred to the traffic department and will go to Fort Worth, but not as a result of government control, as she had her application for transfer before the department heads several weeks ago, but owing to scarcity of trained employees to take her place as manager here, she has not yet been relieved.

WORK BEGUN ON THE BIG RESERVOIR

The first work on Abilene's five-billion gallon lake was begun Monday morning and from now on until April 1920, unless sooner completed, Contractor R. C. Lewis will push the work on the big project.

C. McDonald, who has charge of the transportation work for Mr. Lewis began Monday morning the hauling of timber and supplies for the construction of a commissary, a cement house and a tool house. Work on these buildings will be rushed and is expected to be finished between the first and tenth of August. These buildings together with others on the dam site, will be used until the work is completed. The commissary will be for the men engaged on the work.

The clearing of the land to be occupied by the dam will begin in a few days. Actual breaking of dirt for the huge dam will take place about August 1, it is expected.

The contract between the city and Contractor Lewis was signed Saturday. It calls for the completion of earthwork in 20 months from Aug. 1.—Abilene Reporter.

PERSHING'S CRUSADERS.
The U. S. First Official War Picture Auspices of U. S. Government.

The United States Government has made it possible for the great American public to be an eye-witness to the vast activities of the Army and Navy both 'over there' and 'over here.'

These official pictures will give the people of America their first opportunity of seeing our boys in action in France; to understand just what these months of preparation have brought about in combatting our common enemy; to enable the worker in the munition factory, the toiler in the field, in fact, every man, woman and child who is doing his or her part to visualize the results of their labor to the present time.

Every American will be intensely interested in seeing the baking of mountains of bread for the army, the making of millions of uniforms, the manufacture of tons of guns, the launching of thousands of airplanes into the air and thousands of ships into the sea.

You will thrill with a vital pride at sight of our Navy and our Army in action—our own crusaders striding in legions on to victory.

This great Government picture has been secured by Mr. Taylor, and will be shown at the opera house some time this month. Watch for the date.

Cincinnati Authority Tells How to Dry up Any Corn or Callus so It Lifts Right Off.
You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

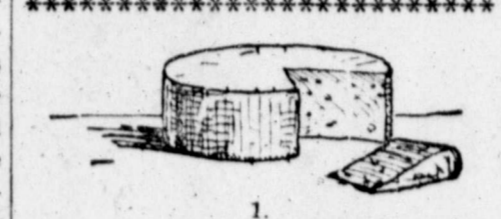

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

STOWE-WILKES.
Monday morning at seven o'clock at the home of the bride's mother, Mrs. J. B. B. Wilkes, Mr. J. E. Stowe and Miss Cyrena Wilkes were joined in marriage by Rev. J. H. Edmonds, pastor of the First Baptist Church.

WHAT TO HAVE ON PICNICS
Say "picnic" and the mind leaps to thoughts of bacon, or beef and sardines. It's not necessary, and it's not patriotic to picnic with foods needed by the soldiers. Notice these picnic suppers suggested by the United States Food Administration.

- 1. Potatoes (baked in bonfire) Butter
Wheatless Bread Tomatoes
Hard Boiled Eggs
Barley Flour Cookies
Ice Cream or Fruit
2. Wheatless Bread Sandwiches of Lettuce and of Jam
Potato Salad
Dates Stuffed with Cream Cheese
Coffee in Thermos Bottle
3. Wheatless Bread and Butter
Jelly Cream Cheese
Oranges
Marshmallows to Roast

ORDER RECEIVED
In another column in this paper we have an article in regard to a call for registrants to be sent out on the 5th, next Monday. This call has been countermanded, the Local Board having received notice that this County does not have to send out any men on the 5th.

ACTIVITIES OF WOMEN.
The San Francisco postoffice inspector's department has its first woman clerk in its forty years of existence.

MILK IS MEAT.
It has become necessary to save meat and to adopt a ration of 1 1/4 to 1 1/2 pounds per person per week in the home. The following recipes for use of milk as a meat substitute are offered to the householders of Texas who are anxious to help with the war and help to keep strong our soldiers in the winning of the war.

APPRECIATION.

I desire to thank my friends for their loyal support given me in the primary, and assure one and all that their votes are appreciated by me. And in this connection I wish to state that I am still in the running and earnestly ask all my friends to again come to my aid and bring somebody with you, as I need a few more votes and need them badly. If elected I pledge my very best efforts to make you a good tax assessor. Again I ask all my friends to rally to my support again on August 24th, and let's make it unanimous. Thanking you, I remain, very respectfully,

J. B. HOLT.

Colorado Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Colorado citizen:

J. H. Cooper, prop. blacksmith shop Sixth and Oak Sts., says: "I have used Doan's Kidney Pills several times in the past, getting them at Doss drug store. I took them for trouble with my back and from the results obtained, I think they are a good, reliable medicine. I gladly recommend Doan's to anyone, for they have surely benefited me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cooper had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

NO FAIR FOR LUBBOCK COUNTY

At a meeting of the Board of Directors of the Chamber of Commerce, Monday afternoon, it was decided that under the conditions now existing, that it was the patriotic duty of this organization to hold no fair this year, and that instead of spending the money and time on a fair, that the entire resources of the Chamber should be devoted toward winning the war.

GREEN'S AUGUST FLOWER

has been a household remedy all over the civilized world for more than half a century for constipation, intestinal troubles, torpid liver and the generally depressed feeling that accompanies such disorders. It is a most valuable remedy for indigestion or nervous dyspepsia and liver trouble, bringing on headache, coming up food, palpitation of heart, and many other symptoms. A few doses of August Flower will relieve you. It is a gentle laxative. Sold by W. L. Doss; 20 and 90 cent bottles. Adv

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

TELL THE KAISER

(J. C. Dionne in Gulf Coast Lumberman)

Germany wants to know what the United States is fighting for. She thinks the sinking of neutral ships without warning isn't enough to bring us in.

All fight! Let's tell her!
 We're going to fight for outraged women!
 We're going to fight for crucified nuns!
 We are going to fight for little children with hands and arms mangled!
 We're going to fight for namelessly mutilated soldiers!
 We're going to fight for innocent thousands strewn upon the bottom of the sea!

We're going to fight for Belgium—outraged and desecrated as no nation in the previous history of the world has, even been!

We're going to fight for France—that magnificent nation of heroes—braved white defending civilization against the Power of the Beast!

We're going to fight for England—which chose the path of honor black-tinted with despair—when the little nation she had sworn to defend was set upon as by a wild beast!

We're going to fight for Italy—which took up the cause of Right against the power of Wrong—terrible though she knew the cost must be!

We're going to fight in defense of those principles of human liberty which were laid down nineteen centuries ago by that first great teacher and preacher of human rights—the MAN OF GALILEE!

Every iota of the philosophy and creed of HATE, and BLOOD, and VIOLENCE, and BESTIALITY, and diabolic CRUELTY, and the human EN-SLAVEMENT that mark every footstep of the Kaiser and his cohorts of Hell—are in direct and damnable opposition to every thought, word, and deed, of the MAN OF GALILEE!

This is therefore no fight of DEMOCRACY against AUTOCRACY!
 It is no battle of NATION against NATION!
 It is no contest of MAN against MAN!

It is a titanic struggle between RIGHT and WRONG; between the philosophy of JESUS CHRIST and the powers of EVIL, through the earthly defenders of each!

And we're going to FIGHT—FIGHT—FIGHT side by side with our fellows in the cause of HUMANITY, until there is no vesige left on all this great earth of the power that—defying God and man—precipitated this cataclysm of blood and tears.

There is only one sentiment in this wide broad land today, and the man who does not recognize it must indeed be deaf, dumb, and blind; and that sentiment is a dogged determination deep down in the very bowels of every man THAT WE ARE GOING TO FIGHT UNTIL WE HAVE JUSTIFIED ITALY, SAVED ENGLAND, SWEPT IMMORTAL FRANCE FREE OF THE HUN; LIBERATED BELGIUM; AVENGED SO FAR AS IS WITHIN HUMAN POWER THE COUNTLESS CRIMES OF GERMANY AGAINST CIVILIZATION; BROKEN THE HINDENBURG LINE AND SWEPT THE ARMY OF THE BEAST AS CHAFF BEFORE THE WIND; HUMBLING THE EMPIRE OF HELL, AND—PLEASE GOD—RID THE EARTH OF THE KAISER AND ALL HIS FELL BREED!

If anyone asks you, tell them THAT is what we're going to fight for!

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, softness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

SALVATION ARMY CALLS FOR WORKERS

Volunteers Wanted to Aid in Financial Campaign in Southwest

The Salvation Army Southwestern War Work Council is appointing County and City War Councils to organize campaigns in Texas, Oklahoma, Louisiana and Southwest Arkansas. Any responsible individual without regard to his religious belief, who really desires to help us help the boys in the ranks, can enlist for this service by writing Brigadier George Wood, Chairman, 1313 Southwestern Life Building, Dallas, Texas.

County Chairmen are wanted in every county to help organize a committee in every town and village to secure the money needed for the work. Local Chairmen, men or women, are needed at once. Their duties are to form a committee of two or more, according to the size of their town and to thoroughly canvass the town and surrounding country for the Army work. A plan of campaign has been prepared for the larger places and this may be adapted to the smaller towns.

In the smaller places, only one worker is necessary to call upon the people and volunteers for such work will be welcomed.

Salvation Army work, prior to the war never lacked for support. Its War Work as it becomes better known to the American people will receive their liberal support. All that is needed is to inform the American people of the need and the money will be forthcoming.

Some Heroes and Heroines

While the heroism of the battle field is magnificent it is necessary to remember the aordes of real heroes who do not wear the armour and trappings of war but who steadfastly perform humble and obscure tasks in their own way for the aid and comfort of the fighters.

For instance, there is THE INIMITABLE SANG FROID OF SALVATION ARMY LASSIES WHO NON-CHALANTLY FRY DOUGHNUTS FOR SOLDIERS WHILE THE SCREAMING SHELLS FLY OVERHEAD! There is the devotion of the Red Cross nurses who carry wounded patients from hospitals bombed by Hun aviators. American college girls, when the German forces approach leave only with reluctance the districts in France which they have reconstructed, conveying helpless natives to places of safety. Innumerable other exploits are performed within sound of battle, while the doers—the people whom Frank Crane designates as the "What's Whatters"—modestly refrain from mentioning them.

Traveling on Cocoa

The Stars and Stripes, official organ of the American Expeditionary Forces, this week says:

"After the Salvation Army had given a certain company some cocoa, the company advanced successfully against the enemy. After the war the Salvation Army will be justified in telling how many miles the boys got to the gallies!"

Fruit jars, are closing them out at low prices.—W. L. Doss.

DOUGHNUTS FOR AMERICAN DOUGHBOYS

ADJUT. STARBOARD TELLS OF SALVATION ARMY WORK IN FRANCE

A STORY FROM THE FRONT

Returned Salvationist Describes Experiences of American Salvationists in the Huts and Trenches

In our work in the war zone we have received the greatest encouragement from military officers from General Pershing down. The officers manifest the fact that they believe in us and are glad that we are doing what we can to make the lot of the soldier easier. General Pershing has called at some of our huts in his inspections and in each case has expressed his pleasure at the cleanliness, the general arrangement of things and the facilities we have provided for the boys.

Before the American troops began to move to the support of the British and French lines we had four-tenths huts in full operation along this front, grouped as follows:—Four huts well back of the firing lines in the training camp, conducted by two or three persons each; four huts well up toward the front, also conducted by two or three persons; five huts closer still to the firing line, each in charge of one Salvation Army officer, and the headquarters hut of Lieutenant Colonel Bicker, at Lisny en Barrois. Attached to the headquarters are a number of men who are driving automobiles and distributing supplies among the huts, and other workers are scattered throughout the field or assigned to various huts.

We have not as much to report on the religious side of our work as I would like. The reason for this is that our time has been so completely occupied with other absolutely necessary work. In addition to this it is most difficult under existing conditions to follow to an end the impressions made at our meetings.

You see, the meetings are held in the big rooms where the boys have been playing games, and hearing the piano and victrola music, and eating and smoking and writing letters, and talking and singing, etc. Although we hold meetings twice a week, and sometimes more frequently, as soon as we pronounce the benediction and the meeting is over the hall becomes a play room again.

The Influence of the Workers

But let me say that if I seem to be underestimating the religious phase I am not really doing so, because the personal influence of our officers is purely and distinctively religious. For this reason they have a marked effect on the soldiers.

Our people are certainly not having an easy life over there, but then they do not expect that nor would they want to be at ease in the midst of so much suffering. Some of the men, those up in the front line huts, carry coffee to the men in the trenches, and of course in these cases they are in as much danger as the soldiers. We are in danger from gas attacks, but we have all been provided with gas masks and have become most proficient in adjusting them. We have also developed an ear for gas bombs. These burst with a heavy thud, quite different from the explosion of the shrapnel, which is sharp and energetic. The gas masks are always hanging in front of our workers, and as soon as the thud or explosion is heard they must have their masks perfectly adjusted before they breathe again. These respirators draw the air through a certain combination of chemicals by which the gas is neutralized.

I have spent a great deal of time in and near the front trenches and have had some very narrow escapes. One night the warning bell, the bell which always sounds on the approach of the gas wave, around us from our slumbers, five times between two and six o'clock in the morning. It is the duty of the men on watch, at the approach of a gas wave, to awaken the boys in the dugouts who might be sleeping. If the warning bell does not awaken them he must at once use other means besides dropping the gas curtain over the mouth of the dugout. Our boys have been in the trenches many times, escaping without a scratch. There is, really no very great danger if they are moderately cautious and properly use the appliances provided by the military authorities.

The Pies and Doughnuts

You probably have seen frequent doughnut and pie stories which have circulated through the American press—stories of the popularity of these articles of food which are made by the women of the Salvation Army and distributed to the soldiers. No one could overstate the popularity of these American pastries. I have seen lines of from two hundred to four hundred men waiting in the pouring rain while the doughnuts were being cooked.

The line officers also have found these things not bad eating, and I have seen a captain waiting on the steps of a hut beguine in piteous tones for a few doughnuts. This is not because the men are underfed. They are the best fed soldiers in Eu-

A SALVATION ARMY SERVICE WOMAN

rop. The boys certainly like these little delicacies. The special feature of our work that they never cease talking about is the cooking of the doughnuts and pies. Often boys and officers will give orders for pies and doughnuts weeks in advance.

When the cooking time comes the officers have to line up with the rest of the boys. We have insisted that in the matter of these little luxuries the officers have no claim superior to that of the ordinary soldier. This has come to be understood, and they seem perfectly willing to take their places in the line.

When the pie and doughnut wagons are attacked the boys sally forth to defend them with such energy that the enemy no doubt imagines they contain something very precious from a military point of view—as, for instance, a very deadly form of ammunition. The cable has already reported the enemy attack on one of our lorries which was carrying delicacies for the boys. The enemy used up a great deal of ammunition on this convoy, and although they succeeded in demolishing those particular pies and doughnuts, reinforcements were speedily at hand from pie and doughnut reserves which the Salvation Army women are ceaselessly turning out in the huts a little way back.

We have to take living conditions pretty much as we find them. Usually the camps have been made either in or very near a village and most of the girls have been able to find billets with a family where things are made fairly comfortable for them. This arrangement may necessitate a considerable walk every night and morning to their stations, but no woman is accepted for service abroad with the Salvation Army who is not strong and healthy and able to play her part under adverse conditions and to endure a great many hardships.

The men find billets in attics, stables, haylofts and cellars and sometimes they are so tired that they are glad to roll themselves in their blankets and sleep on the ground. In the spring, summer and autumn days, when it is fair, this is not at all a disagreeable thing to do, but in the wet and cold winter there is not a little suffering. In some cases the men, especially the officers, when the business of the day is over, make some sort of rough bed in the corner of the hut—sometimes with just a curtain around it—and there both sleep and eat.

It is quite impossible to describe the inferno over there. Just before I left a giant shell from a German gun plumped itself down into the dirt within forty feet of a Salvation Army hut in which were Captain Andrews and some assistants. Had the shell exploded the hut and its occupants would have been blown to atoms, but although it ploughed twelve feet into the ground it did not go off.

There are so many soldiers over there now that the present force of workers, including those of the Young Men's Christian Association, the Knights of Columbus, the Jewish Welfare Association and the Salvation Army, might be multiplied a dozen times without covering the present field fully, and yet our people are providing recreation, consolation, comfort and the power of a vital religion to many thousands of boys each week. The opportunity is so great that it is almost discouraging that we are able to meet it so incompletely, but the situation has infused a great energy into all our people and they are exerting themselves to the utmost.

SPECIAL TAX FOR MAINTENANCE OF PUBLIC SCHOOLS AND FURNISHING FREE TEXT BOOKS.

House Joint Resolution No. 27.
 Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of the State of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section 3):

Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held through out the State on the first Tuesday after first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State, and to provide free text books in the public schools of the State of Texas."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.
 Sec. 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.
 (Note.—H. J. R. No. 27 passed the House of Representatives by a two-thirds vote, yeas 108, nays 22; and passed the Senate by a two-thirds vote, yeas 23, nays 4.)

TAKING OF TESTIMONY IN CRIMINAL CASES.

House Joint Resolution No. 2.

To amend Section 10, Article 1, of the Constitution of the State of Texas, providing for certain rights of accused persons in criminal prosecutions, and the manner in which the case may be prosecuted, and providing for the procuring of the testimony of the witnesses for both defense and prosecution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section (10) of Article (1) of the Constitution of the State of Texas be so amended that the same will read and hereafter be as follows:

Sec. (10). In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him, and to have a copy thereof. He shall not be compelled to give evidence against himself and shall have the right of being heard by himself or counsel, or both, shall be confronted by the witnesses against him and shall have compulsory process for obtaining witnesses in his favor, except that when the witness resides out of the State and the offense charged is a violation of any of the anti-trust laws of this State, the defendant and the State shall have the right to produce and have the evidence admitted by deposition, under such rules and laws as the Legislature may hereafter provide; and no person shall be held to answer for a criminal offense, unless on an indictment of a grand jury, except in cases in which the punishment is by fine or imprisonment, in cases of impeachment and in cases arising in the army or navy, or in the militia, when in actual service in time of war or public danger.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of this State at the next general election for State and county officers.

Sec. 3. The qualified electors for members of the Legislature shall vote upon said amendment at the said general election and at which election all persons favoring said amendment shall have written or printed on the ballot the following: "For amendment to Section 10, Article 1 of the Constitution, providing for prosecution of criminal cases by information, or indictment, and taking of testimony of witnesses by deposition, under certain circumstances," and those opposed to such amendment shall have written or printed on the ballot as follows: "Against the amendment to Section 10, Article 1 of the Constitution."

Sec. 4. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds of the State Treasury of the State not otherwise appropriated to pay the expense of publishing, proclamation, and election.
 (Note.—H. J. R. No. 2 passed the House of Representatives by a two-thirds vote, yeas 123, nays 4; and passed the Senate with amendments, by a two-thirds vote, yeas 21, nays 4; and the House concurred in Senate amendments by a two-thirds vote, yeas 123, nays 0.)
 Approved March 10, 1917.

IMPORTANT MEETING OF GOVERNMENT WORKERS.

Wednesday a meeting was called to convene at Sweetwater, composed of members of Local Boards, County Councils of Defense, Appeal Agents, Medical Advisory Boards and Legal Advisory Boards. More than one hundred were present from forty-eight counties.

Dr. J. M. Estes, Chairman of the Medical Advisory Board at Abilene, presided, and T. O. Cowan, Chairman of the Local Board, acted as secretary.

Major Jno. C. Townes delivered a patriotic and instructive address. He reviewed the history of the draft law and directed his remarks mainly to the Local Boards and Councils of Defense. He stated that 20,850 Texas boys had been sent to camp in July, and told the Boards that they might expect calls for 21,000 in August. He said that Class 1 in Texas would be exhausted by Sept. or Oct.

Major Russ, Superintendent of the Medical Department of the Selective Service also made a splendid talk, which was directed largely to the medical fraternity. At 1 o'clock luncheon was served at the Wright, to all the visitors.

On account of the severe sickness of Mr. Brooks Bell, Chairman of the Local Board of Mitchell County, he for Mrs. Bell (who is Chief Clerk of the Board) could not attend, but the Board was ably represented by Royall G. Smith, who is familiar with its workings. In the absence of Dr. T. J. Ratliff, medical member of the Local Board, Dr. P. C. Coleman represented the Medical Advisory Board. The Legal Advisory Board was represented by Judge W. P. Leslie, Hon. L. W. Sandusky, Judge J. L. Shepherd, M. Carter and Royall G. Smith. The County Council of Defense was represented by Judge A. J. Coe, H. C. Doss, J. M. Greene, J. M. Thomas, Judge J. H. Bullock, Ben S. Van Tuijl and Sam Majors.

Health of community good—weather dry—crops suffering. The election is over, and if we are satisfied, good; if not, bad. Our protracted meeting closed Sunday. The preaching was as fine as this writer ever listened to. It was done by Rev. Moody of Loraine. He will always be a welcome visitor in our midst hereafter. No visible results were seen, but surely christianity in our midst is on a higher plane. At the close a neat little sum was handed him over his protest, but we thought we had as well feel good as him. Come again Bro. Moody. ELI

UNION ITEMS.

FERGUSON IN AUSTIN.

Austin, July 31.—Former Gov. James E. Ferguson, of Temple, reached here today, but when questioned as to his mission declined to talk. He said he was surprised that the Texas newspapers should want any statement from him. It was reported that he was here to take initial steps to contest the election, but he declined to say what he proposed to do, if anything. State Supt. W. F. Doughty, who was defeated by Miss Annie Webb Blanton, said today he had no intention of contesting the election.

CALLS 50,000 NEGROES.

General Crowder has issued a call for 50,000 negroes to be entrained between August 1st and 5th. Uncle Sam has a lot of negroes in the army, some of them are in heavy fighting in France, and the colored man is making good. The negroes of America are loyal to the core and are standing up like men and sharing the responsibilities of the war. A better day is in sight for the negro.

LABOR SECURED.

W. A. Dulin, our county agent, has authorized us to say to all who contemplate leaving here, and to all who want work, to see him, and he will secure employment for them. Mr. Dulin represents the Bureau of Labor and is in a position to get any one a job, at almost any kind of work. Before you move see Mr. Dulin.

APPRECIATION.

To the voters of Mitchell County: I want to thank each of you for the support given me in the recent primary. Words fail me to express my appreciation as I would like. I hope to prove worthy of the confidence that you expressed at the polls. Very respectfully yours, J. C. HALL, Loraine.

NOTICE TO SCHOOL PATRONS.

Those who do not live in the Colorado Independent School District who wish to transfer their children to said district, must do so before the first day of August. Give names of children to County Judge, J. M. Thomas, H. C. Doss or E. F. King. Remember the date. 727 E. F. KING, Supt.

Remember The Pledge You Made on June Twenty-eighth

YOU PLEDGED THE PRESIDENT ON JUNE 28TH TO BUY WAR SAVING STAMPS TO THE FULLEST EXTENT OF YOUR ABILITY AS YOU SHOULD HAVE DONE. KEEP YOUR PLEDGE AND BUY WAR SAVING STAMPS NOW.

THIS WAR WILL BE WON when every person in the United States has a feeling of personal responsibility, and not until then. This is a war for you—for your wife—your mother—your children—a war to make tomorrow safe for them.

To win this war we must have money; that money must come from the savings of Americans—from you, from me—from John Smith, from Bill Patterson, from Annie Gray—it can come from nowhere else.

On June 28th you made a pledge to save hard in every way and from those savings to buy War Savings Stamps, so many every month until the end of the year.

Our boys are fighting for you and winning great victories—you must fight for them; fight your needless desires; fight your aversion to economy; fight your cravings for nonessentials; fight to save for those who fight for you. That's the square deal.

Put off your June and July Pledges NOW. - Do not put it off another day.
