THIRTEENTH YEAR—No. 50.

COLORADO, MITCHELL COUNTY, TEXAS, FRIDAY, SEPT. 13, 1918

Whipkey Printing Company

AT THE BASE HOSPITAL, FT. SAM HOUSTON

Clean white beds, the very best of attention from the surgeons and nurses, and plenty of cheer-up consideration from the Army Y. M. C. A. secretaries make confinement at the base hospital as attractive as illness or injury can be made. Mothers and other relatives and friends with their beloved soldiers in the hospital can find comfort in the fact that their boys are not being neglected. The "Y" man supplements the regular ministrations of the military and the Red Cross with frequent and regular visits, bringing books, writing the patient's letters, and complying with his every wish as nearly as it is possible for him to do so. The Y. M. C. A. secretary in the picture is making his regular afternoon visit at the base hospital, distributing books to the soldiers.

When the soldiers reach the convalescent period, the "Y" furnishes movies, entertainment, and music for the convalescing soldiers.

Special Notice to Subscribers

Owing to the continued advance in materials, salaries and everything necessary to the production of a newspaper we are forced to advance our rate of subscription to \$1.50 per year. The Record has been reluctant in taking this action, hoping that conditions would change for the better, but we find this step necessary in order to sustain ourselves. We shall raise the price on November 1, thereby giving everybody an opportunity to renew at the prevailing price of \$1.00. All subscribers in arrears will necessarily be cut off at that time, as the War Industries Board has ruled that the law requiring subscriptions to be paid in advance must be adhered to. During the months of September and October we will accept, where desired, as much as two years subscription at the old rate of \$1.00 per year. Remember that on November the 1st all subscribers in arrears will be discontinued.

COTTON.

The Watson and Lambeth gin has turned out 24 bales to date. The public yard has weighed 23 bales, showing only one hauled back home. Cotton sold this week at 33 cents. Seed market steady this week at \$62 per ton.

BOY SCOUT MEETING.

A meeting of the Boy Scouts is called to convene this evening at the court house at 7:30. Important business. All boy scouts urged to be present. By order of JNO. W. PERSON, Scout Master.

Judge W. P. Leslie has been appointed county chairman for the Salvation Army War Work, and has accepted this position on the \$1 per year plan. The judge will open an office soon and start his campaign of war work by appointing precinct chairmen and organizing the county. The first assessment is ten cents per person for every man, woman and child in the county. Surely everybody can pay 10 cents.

The great smash on the battle-front may not come before 1919, but nevertheless just now the going is very good.

MULES AND MARES WANTED

I will be at the Webb wagon yard in Colorado, on Thursday, Friday and Saturday, September 12, 13, 14

GREATEST CIRCUS IS COMING SOON

Barnum and Bailey Show Will Positively Exhibit at Abilene.

There is to be a real circus day this year—a Barnum & Bailey circus day. Advance guards of the Greatest Show on Earth announce that this season's route carries it close enough to be visited by everybody in this vicinity. Thirty acres of tents will be set, and the big show will be exhibited in Abilene on September 26th.

A wonderful new program is promised, and it is claimed that this season the monster entertainment has more and better things to show than ever before. Starting with a magnificent pageant entitled, "Aladdin and His Wonderful Lamp," the circus will occupy three hours or more with events in air, on platform, and rings, and in the huge hippodrome surrounding. Not one moment will be lost in all of the spaces of the vast enclosure.

USE OF LIGHTWEIGHT BEEF MAY EASE SITUATION.

As a patriotic contribution to the hard-pressed, drought-stricken cattle men of Texas, A. C. Williams, assistant secretary of the Cattle Raisers' Association of Texas, has issued a statement in which he urges all private consumers and owners of public eating places to use only lightweight beef on their tables. In this request he is joined by E. A. Peden, State Food Administrator.

The National Food Administration, at the urgent request of the association, has lifted the restrictions as applied to lightweight beef, and it can now be served three times daily, if wanted. By the term lightweight beef is meant cattle dressing 435 pounds or under.

Because of the continued dry weather and the imminence of a feed shortage during the winter the cattlemen have recently been forced to place on the market large shipments of good heifers and cows and lightweight steers. Unless the public rallies to their support and consumes this class of meat, it is explained that the cowmen's market will be demoralized, resulting in great financial loss.

Only steers dressing over 435 pounds are accepted on government meat contracts, hence the use of lightweight beef in no sense affects the soldiers' supply, Mr. Williams explained. This beef is just as choice and wholesome as is the heavy stuff.

The official order in this connection issued by State Food Administrator Peden follows:

"Owing to the fact that Texas is a beef-producing State, and that there are many undersized cattle now being killed which are not being exported the following plan for meat conservation should be used by public eating places, in place of the meat program outlined in bulletin H. R. 28, dated July 3:

"All restrictions as to the use of lightweight beef, dressing 435 pounds and under are hereby removed, effective August 10. Public eating places may serve lightweight beef at any meal and in any amount desired.

"All public eating places are requested to use only lightweight beef, but these hotels and restaurants that use heavyweight beef must be governed by the National beef program."

WILL CALL MEN 19-20, 32-36 CLASS, FIRST IN OCTOBER

GENERAL CROWDER ANNOUNCES DECISION TO BEGIN WITH THESE—THE YOUNGER MEN WILL BE ACCEPTED IN STUDENT'S ARMY TRAINING CORPS.

Washington, Sept. 10.—Provost Marshal General Crowder announced today that the first call to the colors of men who register Thursday will include men in the 19 and 20 year old classes and in the classes from 32 to 36 years inclusive. Questionnaires will go first to registrants within these specified age limits and local boards will be ordered to classify them first

in readiness for calls beginning in October.

Young men in the 19 and 20 year classes, General Crowder said, will be accepted for induction into the student's army training corps, but he pointed out that the authorized strength of this corps is only 150,000 men, whereas the total number of registrants below twenty will be over 3,000,000.

NEXT MONDAY IS SCHOOL DAY IN COLORADO—GET CHILDREN READY

THE SCHOOL FOR THE COMING TERM PRESENTS A BRIGHT OUTLOOK—FACULTY AS SELECTED IS COMPOSED OF CONSCIENTIOUS MEN AND WOMEN.

Monday, September 16th, Colorado public schools will open for the 1918-19 term. The school for the coming terms presents a bright outlook. The faculty as selected is composed of conscientious men and women, who have the welfare of the children of this community at heart.

Monday morning parents should accompany their children to school if it be possible for them to do so, and be present at the opening and beginning of the years work. Parents of Colorado have always co-operated with teachers in making the school a success, and we feel sure that the same hearty and liberal co-operation will be had in the future as in the past. There are two elements that go into the making of a successful school term, namely, co-operation of parents and pupils and faithful and conscientious work on the part of teachers. One is just as indispensable as the other. There is nothing of more importance to the community than the school. Character building is done in our public schools, and future welfare of society depends upon the kind of character that is built. America can attribute its greatness today to its school system. Looking around us we see nations and peoples that have made no progress in the march of civilization, and its failure is attributed to faulty education. It is said that early impressions are the most lasting and we see the demonstration of this theory in human affairs throughout the world. Germany today is the victim of a false and ungodly education. They have educated in the wrong direction, educated that might makes right, and have lost sight of Christianity and the principles taught by the Son of Man.

Again, referring to the importance of school work, we would suggest we all stand solid for the betterment of school conditions, and assist and encourage teachers in accomplishing the greatest amount of constructive work during the coming school term. Let teachers become inspired with the thought that great responsibility rests upon them as living examples before the children entrusted to their care and keeping. Be guarded each moment that their examples may be such that will instill in the youthful mind a proper regard for better things of life; that they set before the school Christian examples, and become living example of righteousness. We trust that no teacher will so far forget him or herself as to indulge in frivolous matters in such a way that would destroy their influence in the school and community.

There is another side to this question; and that is the parents side. The writer has always stood by and supported our public schools, and if there is any one thing we have stressed more than the other in matter of co-operation it is the evil effect of parents criticizing teachers in presence of their children. If things don't go to suit you do not talk before your children, and thereby cause them to lose the proper respect and regard for their teacher. Neither is it right to talk publicly of the fault of this or that teacher. If we demand a high standard of the teacher, then we should adopt high ideals and set the proper examples at home and upon the streets. Bearing these things in mind, and with united and sincere co-operation we may expect to see one of the most successful school terms that has been taught in Colorado.

DEMOCRATS OF TEXAS ADOPT PLATFORM AT WACO

WINNING PLATFORM ADOPTED AND ALL THE OTHER WINNING CANDIDATES FOR STATE OFFICES NOMINATED—CONVENTION ENTHUSIASTIC BUT HARMONIOUS.

The Waco convention did present with becoming dignity a number of subjects of much importance to the State. Of course, some of the planks are platitudes, some are vague, some are constructive, at least one is mandatory, and some are piffle.

We consider of the highest importance the proposed amendments to the constitution.

First, of course, is the prohibition amendment. This "demand" is for an amendment of the bone-dry variety and that is the kind the legislature is going to submit.

The woman's suffrage amendment is merely recommended. It ought to be said that there is strenuous opposition to this amendment, even among the strongest prohibitionists. It is doubtful if the majority of the delegates were sincerely in favor of this plank. It is not now certain that the legislature will submit it.

Another amendment proposed is one to throw greater restrictions around the granting of suffrage to citizens of foreign birth.

Another plank proposes an amendment the object of which is to provide a way to settle up the idle lands

of the State. It is a matter of great importance and it deserves earnest consideration both by the legislature and the people.

Such constitutional amendments will bring about the needed judicial reform are favored.

And, finally, an amendment is proposed the purpose of which is to enable farmers "to borrow money on the homestead for the purpose of improvements and developments under the provisions of the Federal land bank act."

These matters are all important, and if the legislature submit them next year it will be worth while for all citizens to take an interest in the 1919 elections.

The revision of the election law, the abolition of the fee system as a means of compensating public officials, education, sanitation, good roads, fire prevention and drought relief are all live topics mentioned by the platform.

The legislature will consider all these subjects and, under the leadership of a progressive and constructive governor, ought to make satisfactory progress toward instituting

the reforms thus favored. Of more importance, however, than the platform recommendations touching matters purely within the jurisdiction of legislative discretion will be the more positive message of the governor next January. This will have more weight with the legislature.

The one circumstance that above all others favors an unusual record of achievement by the next legislature is that it will be free from the strife usually precipitated by the prohibition question. That bone of contention out of the way ought to make possible important constructive action all along the line.

The dominant note of the convention and the platform is, of course, the absence of what may be termed mass into hostile factions. It does not mean that there are not momentous issues awaiting the public judgment, but that such issues are for the time laid aside, thus permitting the lawmaking body to deal with constructive programs about which there are no serious differences.

RED CROSS ACTIVITIES

The local Red Cross Chapter is now open three times a week, Mondays, Wednesdays and Fridays, from 3 to 6 o'clock.

The Chapter is now concentrating their forces on the small cotton pads and more workers are needed and urged to come.

The purchase of military and hospital equipment for distribution by the American Red Cross Commissioner in France has been authorized by the Red Cross War Council. The purchase will include 500,000 sheets, 250,000 pairs of ward slippers, 300,000 shirts and 50,000 bath room slippers. The equipment will cost \$1,999,200.

The War Industries Board has requested the smaller merchants throughout the country, not listed in trade organizations and who will esteem it a privilege to offer their stocks for consideration of the American Red Cross, to report at once their stocks of hand-knitting yarns, both woolen and worsteds, in oxford, khaki, natural and gray colors, stating counts, make, quality and cost price. Lots flown to 50 pounds will be considered.

Hundreds of refugees have been given work at Pisa, Italy, by the American Red Cross which is building a modern American village in which there will be churches, stores, residences, hospitals, schools and factories. The village, when completed, will house 2,000 persons. The building of the village was decided upon when Pisa found it could not care for the thousands of refugees from the north. The building of such a village is providing employment for the refugees, who later will be housed and given work in the village.

The American Red Cross, through its Home Service Section, has aided more than 1,000,000 persons since the war began, says a report just made public by the War Council on the use of the first Red Cross War Fund of \$100,000,000. The report deals with the Home Service Section exclusively, an announcement being made that other activities will be reported later. The outstanding features of the report tell of the helping of more than 300,000 families of American men in the service. These families were relieved of money troubles, legal difficulties and family worries by the Red Cross.

Rev. and Mrs. W. P. Garvin returned home last week after an extended visit with their daughter in Grant, New Mexico. They drove through in their car, and Bro. Garvin says that he has, through experience, become an expert driver as well as a car "fixer." Miss Mary was glad to see them return as she was getting tired of being a bachelor girl.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take no Chances! Move Poison From Liver and Bowels at Once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can't cause injury. No difference what ails your little one—be it full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

FACTS ABOUT TULSA AND BIG REUNION

FINANCIAL STRENGTH IS EQUAL TO ANY UNDERTAKING

BANK STATISTIC SHOW WEALTH

Ready to Entertain Old Confederates September 24-27 Inclusive—A Solid Week of Pleasure.

Tulsa, Okla., August.—When the ex-Confederate soldiers, and their allied organizations, select a city in which to hold a reunion, if they have never met in that city before, desire for information concerning the new meeting place is widespread throughout the southern states. The Confederates last year in Washington city selected Tulsa, Okla., as the place for the reunion of 1918. It was the first time an Oklahoma city had been selected as a reunion city, and the interest already mentioned attaches to Tulsa first, to Oklahoma second.

The first and most important consideration among the very large number of people interested in reunions, is the matter of ability of a reunion city to finance the meeting. It is well known that, to properly entertain a Confederate reunion, from \$75,000 to \$100,000 is necessary. The question, therefore, in the minds of the people of the south is, "Can Tulsa furnish the money?"

No Confederate reunion city has more money, population considered, than Tulsa. Few of them have as much, with no consideration as to the population. A brief statement of Tulsa's financial strength should dispel any doubt that may have arisen on this score. In fact, the fund for entertaining the reunion is already subscribed and assured. One hundred thousand dollars, if necessary, will be expended to entertain the reunion.

A consolidated bank statement reveals the strength of the community in money. Under the comptroller's call for bank statements of the date of May 10, 1918, the banks of Tulsa showed the following wealth:

Total capital and surplus, \$2,080,000.
Total undivided profits, \$490,159.23.
Total deposits, \$52,336,215.57.
Total resources, \$59,682,974.02.

Examine now the table of bank clearings. In the month of June, 1918, the total clearings, as shown by the report of the clearinghouse association were \$47,082,945.17. Taking these figures as a monthly average for the year, the total clearings for 1918 will be \$564,984,540. This statement is under, rather than above, the figures for the year, because the clearings are increasing every month. It is safe to estimate the total bank clearings for 1918 at six hundred millions. The clearings in June, 1918, were 60.8 per cent above those of the same month of 1917.

While Tulsa is the great money center of the southwest, her people are patriotic also. They are giving and lending their money to the government for war purposes in large volume. At the close of the campaign for the third liberty loan, the community had donated and loaned to war purposes \$18,507,900. This statement includes three or four comparatively small donations to educational and charitable institutions, altogether amounting to less than a million dollars. So, Tulsa has contributed more than \$17,000,000 to the various war loans and straight donation funds. Her quota of \$4,600,000 in the third liberty loan, was subscribed in less than a week.

A community that enjoys the financial strength that these figures indicate, can finance any undertaking it may invite. Tulsa invited the Confederates to come here with their 1918 reunion, fully understanding what it would cost. And Tulsa will pay the reunion bill.

Tulsa will not only pay the reunion bill, but she will pay it ungrudgingly. She will also extend the glad hand to all reunion visitors. The dates of the reunion are Sept. 24-27 inclusive. The railways have granted a rate of one cent a mile each way, tickets to go on sale September 19, good for returning home as late as October 31.

Remember The Pledge You Made on June Twenty-eighth

YOU PLEDGED THE PRESIDENT ON JUNE 28TH TO BUY WAR SAVING STAMPS TO THE FULLEST EXTENT OF YOUR ABILITY AS YOU SHOULD HAVE DONE. KEEP YOUR PLEDGE AND BUY WAR SAVING STAMPS NOW.

THIS WAR WILL BE WON when every person in the United States has a feeling of personal responsibility, and not until then. This is a war for you—for your wife—your mother—your children—a war to make tomorrow safe for them.

To win this war we must have money; that money must come from the savings of Americans—from you, from me—from John Smith, from Bill Patterson, from Annie Gray—it can come from nowhere else.

On June 28th you made a pledge to save hard in every way and from those savings to buy War Savings Stamps, so many every month until the end of the year.

Our boys are fighting for you and winning great victories—you must fight for them; fight your needless desires; fight your aversion to economy; fight your cravings for nonessentials; fight to save for those who fight for you. That's the square deal.

THE MAN AT THE COUNTER

He is one of the busiest men in the world—the "Y" man at the counter. He is as much a part of the military scheme of things as "chow" and taps. At least the soldier thinks so. The counter is crowded all the time, and the man at the counter proves his versatility by answering a thousand varieties of questions, selling stamps, giving advice, distributing stationery, helping the boys send money home, passing out good cheer, handing out literature, and doing all the other things that a "Y" man is expected to do.

This is a typical counter scene in a Y. M. C. A. hut. The picture was taken at Camp Pike, near Little Rock, Ark., one of the large cantonments of the country.

SCHOOL OPENS MONDAY.

On next Monday Morning at nine o'clock, all pupils are requested to report at their respective rooms at the public school buildings for classification, enrollment, and to get a list of books to be used.

This does not apply to pupils who will be in second grade. All second grade pupils will meet Miss Chambers at the grade school at 1 o'clock. Parents, please take notice to this and send your children accordingly.

Patrons are asked not to purchase books until child gets list from the teacher. There might be a mistake made that would cause extra expense.

We hope as many patrons as can will come to the school Monday at ten o'clock. A short program will be rendered, after which pupils will be dismissed for the day to purchase books. The regular work will begin on Tuesday.

A teacher's meeting will be held Saturday morning, Sept. 14, at 10 o'clock, at the High school building.

We respectfully ask any one who has one of our little song books, 101 Best Songs, to return them we need them.

Thanking you for your co-operation in the past, and asking that you continue to do everything you can for the best interest of our school, I am

Very respectfully,

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY.

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents. Adv.

MOONSHINING NOW AND HEREAFTER

Agents of the Internal Revenue Department have just effected a "record round-up" of moonshiners. In six "dry" Southern States they have seized 486 stills, destroyed 30,000 gallons of contraband whisky, arrested 200 persons engaged in the illicit trade and confiscated quantities of material and appurtenances. Incidentally, the round-up involved the killing of five outlaws and two sheriffs.

Commenting on the above news item the New York World says:

"Extraordinary significance" is said to attach to the raids as a demonstration of how Prohibition can really be made effective. Its effectiveness previous to the raids in question appears to be pretty well proved by the amount of moonshine and the number of stills discovered. How will it be when the whole country is made dry by law and when the incentives to make contraband liquor are magnified forty-fold? What will the conditions be when it becomes a crime punishable by imprisonment for a farmer to let a barrel of apple juice ferment?

It is clear enough that with Prohibition in effect the country over, a standing army of revenue agents will be necessary to secure anything like an adequate enforcement of the law. To the hypocrisy of its enactment will be added an inequality of its prosecution which is bound to create prejudice. And how much is it to cost in human life. If a two months' round-up in six states costs seven lives, what will the annual cost be for forty-eight States.

A public familiar with the farce of liquor-law enforcement in dry States and familiar also with the tragedy of revenue-law enforcement by the general Government cannot view the prospect of Federal Prohibition with great confidence in its successful execution.

If the world don't believe that prohibition prohibits let him come to bone dry Texas especially Mitchell County.

I. W. W. TAKEN TO PEN.

Leavenworth, Kan., Sept. 12.—Ninety-five Industrial Workers of the World recently convicted at Chicago of violation of the espionage act were delivered to the Federal penitentiary here this afternoon. They were brought from Chicago on a special train.

Experience the Best Teacher

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60 cts. This "An-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

BINGER, OKLA.—"I had one knee hurt in which rheumatism developed. Afterward I hurt my back very badly loading wood. I sent for four packages of Anuric Tablets and had taken hardly two packages when they completely cured me. I have not had a twinge of rheumatism in my back or in my knee since. I know the Anuric Tablets did me more good than all the other medicines I ever took."

"I let a neighbor have one package of Anuric. He was down with his back, and it did him a world of good. My parents have known of and used Doctor Pierce's medicine for years.—W. B. PHILLIPS, Route 1, Box 72.

One thing that we can say for the crown prince, is that he is now leading his troops. But they are headed toward Berlin.

Prohibition goes into effect in New Mexico at midnight Sept. 30th.

The Germans took Rheims in the first rush to Paris and lost it after the first battle of the Marne.

Those New Yorkers and Philadelphians and Bostonians are just now talking against prohibition in the language of Texans thirty years ago.

The Allies now hold a strip of Belgium territory, about twelve miles wide and twenty miles long. They are also on German territory at the extreme southern end of the line.

Our part and our business is to put Germany in a position where she can do no more harm in the future to the rest of the world. Unless we achieve this we shall have fought in vain.—Senator Lodge.

Some seem to think the Rhine river constitutes the border of Belgium. It does not. The Rhine lies from a few miles to 60 or 75 miles beyond the Belgium frontier and flows almost through the center of Germany.

The Record man hopes to get off in a few weeks on a trip to the Imperial Valley in California. Will go through in the car and will not object to company, especially if the company pays the expenses.

Don't get anything you see printed on the Loraine page confused with Colorado news. Everything on that page applies to Loraine. Last week the T. & P. time table printed on that page recorded the Sunshine Special "no stop." Some thought it meant here, but was intended to mean that that train did not stop at Loraine.

The Record has 27 soldiers names who are in France, all getting the Record every week and they sure appreciate the home paper. This week have added the names of Will Clayton, Lister Ratliff and James B. Dobbs. There is hardly anything better that you can do for the boys than to send them the home paper.

The Germans are going to need more than one "retreat specialist" before this shindig is over.

The Record this week is complying with the government request by publishing war news, Y. M. C. A., Salvation Army, Liberty Loan, Food Conservation, Confederate Veterans and a big lot of dope sent in to be published. County and home local news is crowded out. We can't help it; those higher up say this will help win the war, and that is what we all want to do.

The Ukrainians, as they call themselves, are the Little Russians. They inhabit southwest Russia and their territory was incorporated in Russia in the seventeenth century. They form a separate branch of the Slav race, speaking their own language. Austria has had agents among them for years seeking to stir them up against Russia, and the Ukrainians have been demanding independence since the revolution of 1905.

A TRIP TO CENTRAL TEXAS.

A. L. Whipkey of the Record returned Saturday night from a short vacation, which he spent at Dallas, Waco, and the old home at West, in McLennan county.

That country looked mighty good to us tho we heard more complaint about dry weather, short crops and hard times down there than we do at home, and we are at the tail end of a three years drought.

Some corn was made in that country, a great deal of rough feed, and cotton will run from a bale to four acres to ten acres. Corn is selling at \$1.60, and we saw one man sell a bale of cotton for \$2.75, and he said he had ten or twelve more like it.

Some people don't know when they are well off, or when they are doing well; but because of a short crop for one year, they think they are ruined. The banks are drawing in, and are talking about "tight money" while our banks here have carried this county—farmers and business men—for three years; and even now do not complain. You can't phase the nerve of the West Texas people at all.

The writer had the pleasure of meeting many old and dear friends at West and Waco. At the latter place Mr. and Mrs. Fred B. Robinson, of the Waco Times-Herald "chaperoned" us over the town and kept us from being run over by the street cars. They entertained us royally, and we owe them thanks for their courtesy.

At West we met our old friends on every hand—B. B. Ingraham, mayor of the city, and at one time a partner in the mercantile business; J. A. West and his estimable wife, entertained us most royally. Mr. West is proprietor of the West Bank, from which in days gone by we had received many accommodations. Mr. and Mrs. H. M. Johnson (retired business man) also did their part to give us a good time. Our old friend, Dr. A. L. Willie, our family physician for many years, insisted that we make our home with him and Mrs. Willie, just as long as we would stay. We also met W. R. Glasgow, president of the National Bank, and his beautiful wife whom we knew when a little girl. C. W. Holloway, president of the First State Bank, showed us many courtesies also. We attended church in the building for which we drew the plans and helped to build, some fifteen years ago. And where Rev. Holmes Nichols was pastor for seven years. George Brown, who is as ugly as ever, is now chairman of the Local Registration Board, and was not too busy to talk over old times. Mr. and Mrs. Adderhold, also opened their beautiful home to us as one of the family.

On Tuesday Mr. and Mrs. J. A. West, accompanied by their son, Allen and sister, Mrs. Dew, invited us to drive to Waco with them to attend the State Democratic Convention. We entered the big fine car, and over the paved road made the eighteen miles in about twenty-five minutes. After taking in the convention, we motored out to the camps, and on the way home stopped at the fine country home of Prof. and Mrs. W. O. Allen, who are far past the meridian of life, but whose hearts are warm for any of their old friends. In returning home we stopped at

Dallas and made a short visit with our son Stansil and daughter Mrs. A. B. Robertson.

We enjoyed the trip very much, and returned better pleased with West Texas than ever before; and with the determination to "stay by the stuff" as long as possible.

KEATHLEY'S ROOMING HOUSE. KEATHLEY'S STORAGE STORE.

Are the names settled on after discussing the subject with a number of our friends. So the "Alamo Hotel Rooms" will give way to the new sign in a few days. We are well pleased with the patronage given the Keathley Rooming House to date and we are now ready to store anything you wish to leave with us.—E. Keathley.

REGISTRATION DAY.

Yesterday was registration day. The banks were closed and "Old Glory" spread her banners to the breezes over the postoffice in honor of the day, as the men from 18 to 45 filed their names in the service of the country.

JUNIOUS MERRITT BILL M. WILLIAMS ANDY WRIGHT J. S. PETERS.

These Men Died For You!—They gave up income, loved ones, home, life itself, in order that you may be secure. What are you going to do about it. Will you not try to stop these casualty lists—and do it quickly. Your money invested in Liberty Bonds will help to do this. Don't make excuses—make sacrifices.

Free List Suspended by Government

The War Industries Board has issued a ruling in which all newspapers are ordered to suspend their entire Free List, including exchanges and free copies for whatsoever purpose they are sent. This ruling will necessarily effect all readers of The Record, who have received the paper for any reason except as a paid subscriber. This action was made necessary in order to conserve paper which has advanced in the past few months about 300 per cent. This is done in order to comply with the Federal law. Our subscription rate for the time being is the same as before, \$1 per year, payable in advance. On and after November 1st, all subscribers in arrears will be dropped from the list, and the subscription price raised to \$1.50 per year.

I had an ache in the small of my back and I was so weak I could hardly keep about my housework. At times my back hurt me so it felt as if it would break. I had dizzy spells and headaches and black spots floated before my eyes. I had heard a lot about Doan's Kidney Pills and began using them. The brassard, a band of black broadcloth three inches wide with a regulation military star embroidered in gold thread, is to be worn on the left sleeve midway between elbow and shoulder. The Baptist's Woman's Auxiliary met in business session, Thursday. Besides the regular business the twenty-five dollar "brick pledge" on the Girls Industrial Home at Abilene was paid and the following officers were elected for the ensuing year. Mrs. A. L. Whipkey, president, Mrs. C. H. Lasky first vice president, Mrs. G. D. Adams second vice president, Mrs. R. O. Pearson secretary, and Mrs. J. E. Hooper corresponding secretary and treasurer. Also Mrs. Robert Terrell and Mrs. Lasky were appointed to see absent members for offering for Associational Missions.

HONORING BRIDE ELECT.

One of the joyous events of the season took place in the home of Mrs. T. W. Stoner last Friday afternoon when she honored her youngest sister, Miss Nell Arnett, who is to marry the eighteenth of this month, with five hundred and forty two. There were four tables of five hundred and two of 42.

Rewards were given to the most skillful players. Miss Byrd Adams carried off the one for 500, a beautiful olive fork, and Mrs. Tom Hughes led in 42 and was given a dainty silver bud vase. The honoree was presented with a handsome linen table set. Salad, sandwiches and tea were served.

CENTRAL CIRCLE.

The Central Circle of the M. E. Church met with Mrs. Van King Monday afternoon, with eighteen members present. The devotional period was led by Mrs. W. P. Garvin. Response to roll call was current events. After the regular business officers were elected as follows: Mrs. W. P. Garvin, Chairman; Mrs. Sam Wulfjen, Secretary; Mrs. Milburn Doss, Treasurer; Mrs. Everett Winn, Treasurer. Dues amounting to \$9.40 cents were received. Lemon ice and cake were served at the social hour. Baby Lambeth and Baby Wulfjen were guests of honor.

WOMAN'S COMMITTEE.

The Mitchell County Unit of Woman's Council of National Defense met at the M. E. Church Tuesday at 8 p. m., with Mrs. Jerold Rierdan, chairman, presiding.

The main feature of the hour was the talk by Miss Nellie Riordan, who had heard while in New York, the address on mobilization of women, given by Dr. Anna Howard Shaw. After telling of the personality of Dr. Shaw, Miss Riordan read the address in full. This was a brief history of the Council, its plans and purposes, and how women have responded to every call and are yet urged to respond to every other call that might be made. Laying out four great things that are required of women: Inspire soldiers; keep the home intact; conserve food, and keep business stable. Yea, verily, there is plenty for women to do.

The report comes in that the government has asked that peach seeds be saved. The carbon from them is used in making gas masks.

Mrs. J. W. Shepperd was appointed chairman of the publicity committee. The next meeting is Sept. 24.

HONORING MISS ARNETT.

Mrs. H. S. Beal and Mrs. D. H. Snyder entertained at the home of Mrs. Beal Tuesday afternoon with five hundred and forty-two, complimentary to Miss Nell Ruth Arnett, who is to marry Mr. Johnson of Lubbock, on the eighteenth.

There were seven tables of players. After the games toasts were given the bride and groom to be. Miss Bernice Terrell toasted the bride and Mrs. P. C. Coleman the groom.

The honoree looked her prettiest in a gown of gray beaded georgette and wearing a black picture hat. A very pleasant afternoon was spent by all, honoring the youngest daughter of one of Colorado oldest and best known families. A salad course was served.

If your oil or gas tank is empty let me fill them for you.—W. C. Morrow, office at Herringtons Garage, Phone 155.

Uncle Bob Dollman wrote back here that he was getting tired of doing his own cooking, so Mrs. Dollman left last Friday to join him at Paris.

R. P. Price, J. M. Thomas, Dr. Ratliff, Dr. Dulaney, John Garner, E. H. Winn and Rev. Mr. Henson left this week for ten days fishing trip down on Devil's River.

Miss Elnora Dulaney spent a few days in Snyder this week.

While out playing last Saturday Little Francis Ann Beal had the misfortune of breaking her collar-bone, falling out of a little wagon while her brother was pushing her.

Mrs. Robert Terrell has been confined at home the past week on account of sticking a nail in her foot.

Miss Annie Mary Mann left last Sunday for Sweetwater to spend the winter with her aunt, Mrs. Singleton, and go to school there.

Leonard Simon, aviator, returned to Austin Sunday night after a few days visit to his mother.

The Mrs. B. F. Mills millinery establishment is putting in a branch at Eastland, which will be opened up at once. Miss Elnora DeLaney will be the manager, assisted by Mrs. Grace Mann. Miss DeLaney went down this week to take charge. We predict a thriving business for this firm, as Miss Neely Mills, is an up-to-date business woman and knows the millinery business from start to finish.

GO TO SUNDAY SCHOOL.

On September 29th the Baptists will observe go-to-Sunday-School and Church Day. As is the custom the school here will have a special program, and as so many of the young men who have been accustomed to be present on these annual rally days will be absent, naturally hearts will yearn for them and their safety. Part of the program will be given in honoring these faithful ones who have given their lives that we not only may enjoy worshipping God according to dictates of our conscience, but that we may have a world-wide freedom. To the boys at the front we send greetings and hope that on this day their thoughts may turn for a while, at least, to home and loved ones, and may united prayers ascend to Him, who giveth the peace that passeth all understanding. We wish we could name each one that has ever attended this school, but the Heavenly Father knows you, every one, and to all the school sends, loving, prayerful greetings.

BIBLE THOUGHTS.

"He hath shewed thee, O man, what doth the Lord require of thee, but to do justly and to love mercy, and to walk humbly with thy God."

It has always been that man would like to change God's ways, or mark out his own path. You remember the story of Naaman who went to the prophet for healing and was told to go and dip in the river Jordan. He was angry and said, "Behold I thought"—not yet ready to accept the simple message as given by God's servant; but like all of us sooner or later he had to come to God's way before the blessing was received.

At the time the writer wrote these wonderful but simple words, there was unrest in Judah and a decline in observing God's laws. The prophet reminds them that God had ever taken care of them. He brought afresh the picture before their minds of His bringing them out of Egypt and redeeming them out of the house of servants and made them His people. If God would have asked sacrifices they would have been forthcoming, then as now. The Psalmist says: "Thou desirest not sacrifice, else would I give it."

If some great thing were asked of us, many would put forth every effort to accomplish it; but God in His infinite wisdom saw fit to place salvation in the reach of all, by giving His only son "a ransom for many" or for all who would believe on Him—just the simple act of believing. That is in the reach of all and yet so hard for many to do. Yet that is what all must do if they are ever to become God's children.

And being His children He requires that our acts shall be to carry out justice, mercy and love. And now, at this particular time of the world's history, thousands, yea millions are giving their lives that justice may be given to the weak and oppressed.

We are told that "blessed are the merciful, for they shall obtain mercy" and for the promise of great blessings we should love mercy—and what is man but that he should think of walking any other way than by "humbly with thy God." God helps us to be humble and obey His precepts.

We fit your eyes with spectacles and guarantee them to give satisfaction.—J. P. Majors.

IS SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up, better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Advise your doctor.

Saturday afternoon Class No. 4 of the M. E. Sunday School enjoyed an outing at the east gin lake. Outdoor games, that children of this age like to play, were indulged in for quite awhile; then class plans for rally day which will be the fifth Sunday in September, were discussed.

By vote of the class "Over the Top" was adopted as their slogan for rally day, and each member of the class pledged themselves to work to this end. Those present on this outing were Little Misses Winnie Fae Gressett, Cona Oliver, Jewel Brooks, Mary Edna Gressett, Bernice Ramsay, Agnes Oliver and Claudia Bell; Master James Hizer, Tommie Gressett and Son Oliver; chaperoned by Misses Bertha Carter and Margaret Lasseter.

Dave Gressett and Dewey McNairy spent the week end in Big Spring as guests of Mr. and Mrs. Earl Phillips.

W. H. Rogers and family have recently moved to Colorado for the benefit of the school.

About one-half inch of rain fell here Wednesday night and Thursday morning. It fell slow and moist of it went into the ground.

Cincinnati Authority Tells How to Dry up Any Corn or Callus so It Lifts Right Off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this. Advise her.

PRAISE IN "VIOLENT TERMS"

Collier's Weekly Writer Says Officers and Privates Are Emphatic in Telling About Salvation Army Work.

(By James Hopper, in Collier's.)
The reason that we wanted to see The Salvation Army hut was that, all the way up here, everyone we talked to, from general to private, had gone out of his way to enlist us in a violent and (it seemed to me) unreasonable partisanship. That is why I went into the Salvation Army hut, to see.

It was night, by this time, and the place we entered, lighted only by a few sputtering candles, was made vast and mysterious by the great shadows which massed in the corners and pulsed in the depths of the high ceiling. It was, as a matter of fact, I think, some big deserted barn, but it had the aspect of an old and ruined cathedral. At first this is all one saw—the old, thick stone walls; the floor of beaten earth, smelling damp; the high ceiling, patched, where there were holes of suspicious shape, with white squares of tent canvas; the candlelights, each with its humid little halo. Then we saw that beneath the candles were tables, and about the tables chairs, and that at some of the tables men, American soldiers—coated still with the mud of the trenches, their steel helmets upon their heads, their gas masks beneath their chins—sat reading or writing.

Here, by the counter, was another group of soldiers. One of them, back from his turn from the trenches was holding forth to others who had not yet been there. He was a young lad, very young (how very young most of these soldiers look!), a stripling of a lad, tall and lithe. His attitude toward what he had just been through was one of intense and eager satisfaction. He was like a freshman just out of his first football game still athrill with it, and tremendously anxious for the next.

One of the boys further away, ped on the counter for attendance. A moment after the canvas screen behind parted, a young woman appeared. She was a young woman and most becomingly gotten up in a khaki-colored costume which had something about it of military chic. And when she spoke it was with a low, well modulated voice, and her eyes were bright and frank. Many of the soldiers came forward now to be waited on, and she did this graciously as any queen (fairly-tale queen, I mean) who loves her people very dearly and is bound to share their worries and their troubles and is filled with tenderness for their hardships and their perils—we could see she was adored.

After she had attended to many wants we introduced ourselves, and she invited us behind the canvas screen to see her kitchen. The kitchen was merely the farther end of the building; like it, it had grimy stone walls, a damp earthen floor, and an absurdly high ceiling patched with canvas. But on the ground was a field range, and there were, besides, a deal table, several rough chairs, barrels, boxes, and cans of provisions, and in a corner a little tent which was her home. We sat at the table and, while observing secretly meanwhile the fact that she possessed humor and tolerance and understanding, a mind as beautiful as her external charm, we pursued our severe investigation (though now we knew). We asked why The Salvation Army, around these "digging" was more popular than other organizations. She deprecated such talk, of course. She said the other organization was an admirable one, and that it and hers worked together in mutual helpfulness, and amity. But when we pressed our questioning she at last admitted that perhaps the unreasonable partisanship of the soldiers of the sector was due to the fact that her hut made hot chocolate and doughnuts and pies (once more the chocolate, doughnuts and pies). She called her helpmates, two blond Salvation lassies, and asked them statistics on the subject, and they said the record was this: one day they had made fifty pies and two thousand (I say two thousand) doughnuts.

As we talked there had been a number of heavy detonations nearby, and I, wishing to show I had been in this sort of thing before (man will always show off before woman), said: "You have a battery stationed near by, haven't you?" But she, in a rapid parenthesis, answered negligently: "Oh, these are not departures; they're arrivals," and went on with the subject thus disturbed. Now, a departure is when you shoot at the other fellow, and an arrival is when the other fellow is shooting at you (and coming close). For the first time I noticed, hanging on one side a steel helmet, on the other a gas mask. A dinner engagement is a dinner engagement; our watches shake them as we might, now told us it was time for dinner with the brigadier general, and so, not liking (for the moment) the brigadier general, at all, we said good-bye and went to dine with him.

SYRUP TO SAVE THE SUGAR.

Corn syrup or other syrup can be used to sweeten cakes, ices, desserts of all kinds, to make pudding sauces, and for canning and preserving. In canning and preserving fruits, one-third by weight of the original amount of sugar used can be replaced by syrup. Here are some recipes suggested by the United States Food Administration.

SPICE CAKE

With part of the sugar replaced by corn syrup.

1/2 cup fat
1/2 cup sugar
3 eggs
1 cup syrup
1 cup milk
1 teaspoon vanilla
1 teaspoon ginger
1/2 teaspoon baking powder
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon allspice
3/4 cups barley flour
1 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

PINEAPPLE SHERBET.

1 cup corn syrup
1 cup boiling water
1 cup grated pineapple
Juice of 1 lemon
White of 1 egg

Combine the ingredients with the exception of the egg white. Cool the mixture and freeze it. Add the beaten egg white just before the freezing is completed.

EGG FLIP.

1 egg
2 tablespoons corn syrup
1/2 cup milk
1/2 cup vanilla
Salt

Add the corn syrup to the egg and beat the mixture with an egg beater until it is light. Add the milk and the flavoring. Stir the mixture thoroughly and serve it ice cold.

Why doesn't some enterprising citizen of Loraine borrow \$156,000 and drill a well for oil?

Kaizer Bill says he isn't afraid of Americans. We have been wondering who asked Bill that question.

"Die Fighting" is an order given to the Boches. Our boys have tacked an amendment to this order which reads "Die Runnin'."

The new highway (No. 1) is now in splendid condition, and as we heard a fellow citizen remark, its hard to keep from "bustin'" the speed limit.

Why so much discussion over our soldier boys "nick name." Whether "Yanks" or "Sammyies," they are "there with the goods" and they hit the line hard.

Twenty-three bales of cotton have been weighed here up to Saturday, Sept. 7. Only one gin (Cranfill's) has yet been put in running order. Most of the cotton is being picked by women and children. Some feed was planted after the rains of last week.

The Loraine Auxiliary of the Red Cross has completed and forwarded its quota of garments, and knitting is now in order. Under the direction of Mrs. R. B. Pratt many pairs of needles are clicking away, preparing warmth and good cheer for our boys over there.

Of the men who registered Sept. 12, boys of 19 and 20 and men 32 to 36 will be called to the colors first. Men of these ages will receive questionnaires first and they will fill October calls. Gen. Crowder states that young men of 19 and 20 will be inducted into the Students Army Training Corps, but only 150,000 will compose authorized strength. There will be over 3,000,000 registrants of these ages.

Charles M. Schwab, Director General U. S. Shipping Emergency Fleet Corporation, and other well known leaders of American industry predict a period of such prosperity for America after the war as has never been known before. The terrible destruction of the war will leave its mark, but through the shortage caused by this destruction we have learned intensive conservation and economy. Agricultural interests will be stimulated by high prices, but while the price has risen wages have also gone higher. There will be a new and better financial order; new industrial conditions will prevail. Class distinction will be eliminated; men used to luxuries will no longer be considered the superior of his less fortunate brother. But greater than all these, the spiritual and moral uplift through the common cause of winning the war, cemented and welded together by bonds of blood and tears, men shall dwell together in a state of brotherhood, which we never knew before.

Herman Mahon came in Saturday from Fort Worth, where he is employed in the office of Sanger Dry Goods Company, and will spend a few days with his parents, Mr. and Mrs. J. K. Mahon. Mr. Mahon is a graduate of Loraine high school, 1917-18 class, and this summer completed a business course in Tyler Commercial College.

The Baptist Aid Society meets every Monday at 4 p. m. Always at the church. All members urged to regular attendance.

Prayer services are held every Wednesday evening, 8:30 at M. E. Church, M. L. Moody pastor. Baptist church Thursday evening at 8:30; Rev. A. J. Leach Pastor.

Junior Missionary, Band meets on Sundays at 3 p. m. at M. E. Church. Program for next Sunday, Sept. 15. Two songs led by John Rhodes. Prayer, Mrs. Johnson. Minutes; business and announcements.

Scripture lesson, 100th Psalm. Reading, Gwendola Dunnahoo. Story from Young Christian Worker Lucy Norman. Bible Drill—Closing exercises.

B. Wilkerson left this week for Eastland where he has employment.

OUR SOLDIERS' CORNER

Phone news of the soldiers to No. 47.

Dill pickles are greatly relished and are in demand by our boys over there 226,000 gallons are required for overseas shipment.

The War Department has placed an order for a million emergency rations for the overseas forces. It is composed of wheat and ground meat compressed into a cake, and a small block of sweet chocolate. This ration will sustain a soldier for one day.

Gen. March has announced that the first American Field Army in France, composed of men being withdrawn from French and English, with whom they have been brigaded, is being so rapidly organized that only one division of American troops (the 32nd) is engaged in the present battle.

Herman Finley writes his sister, Miss Minta, from somewhere in France that he is well and busy—all the boys with whom he left this place are still together.

Pvt. A. B. Green, Co. K, 144 Inf., A. E. F. informs his sister, Mrs. C. M. Black of his safe arrival overseas. Pvt. Green received training at Camp Bowie where he made a record as a sniper, being the best marksman in camp. He sailed with the Panther Division in July, and was chased by a submarine while going over.

Albert J. Hiser, who is at Cororogedor, P. I., writes his parents Mr. and Mrs. J. F. Hiser that he is very much pleased with everything in his branch of the service. He is well and happy he says and has gained 33 pounds in weight since reaching his present station.

Rufus Smizer Garland, Amt. Co. No. 1, Med. Dept. A. E. F., writes to home folks in a letter dated Aug. 12. "I am O. K.; have been in a great many parts of France, and it is indeed a beautiful country. I have seen some of the best cities, the only for short time; have received several copies of Dallas News. I am very sorry to hear of the drouth, hope it will not be so bad after all. Guess you have heard of the recent victories of the Allies. I attended church services in a church that is 400 years old and it is more magnificent than any I have ever seen in the states. Most of my time has been spent at the front. I went to an opera not long since. They say it was good; I could not tell as it was all in French. A French officer (who speaks English just about as I speak French) tried to explain it to me, but his effort was vain. I thanked him however and told him that in the U. S. we call that a "honeymoon"—he said "oue" (pronounced we)—love to all."

Corp. Stephen E. Hallmark writes his mother from somewhere in France. The letter is dated Aug. 11, and says in part: I am well and getting along fine. Have been almost all over France which is a beautiful country, but far behind our good old U. S., especially in agricultural methods. The crops are mostly small grain, which is harvested by the old fashioned cradle, and hauled to market in carts drawn by one horse. There are no fences except a few rack fences and hedges; the stock is handled by herders.

Willie R. Martin, son of Dr. T. A. Martin, who has been in base hospital Nogales, Ariz., since he enlisted in August, 1917, has been transferred to officers training camp school at Waco. He passed thro Loraine enroute Wednesday. Dr. Martin and family met the train at Sweetwater where they had twenty minutes together.

Wyse D. Cooper who enlisted in C. A. C. last March, now stationed at Fortress Monroe, Va., will arrive in Loraine Sunday for a visit with relatives and friends.

BIRTHDAY LUNCHEON.

Friday, September 6, being the fiftieth birthday of D. M. Vinson, and S. E. Brown being only two mile posts behind him on the highway of time; Mesdames Vinson and Brown gave them the most delightful surprise of the whole long journey, in the form of a luncheon, which was served from the counters of Vinson's cash grocery store. By skillful maneuvering Mrs. Vinson was induced to interview Dr. Martin for half an hour, which gave opportunity for smugging the good things into the store, and there were good things, too, do not doubt that. Mr. Hoover's picture was turned face to the wall for the occasion, and the array of viands would have tempted "the dying anachorite to eat," much less men who are as fond of that particular diversion as Messrs. Vinson and Brown. Others present who have nothing in particular against good eating, were Dr. T. A. Martin, M. F. Hall, J. A. Clements, John Coffee, Charlie Coffee, L. T. Britton and Fred Brown. The hostesses were assisted by Misses Irene and Viola Brown and Juanice Blakely.

DROUTH RELIEF.

Saturday Sept. 7, bankers from all parts of Texas met in Dallas, and pledged \$5,000,000 to be used as loans to farmers and stock men of the drouth stricken area of West Texas. This money will be deposited in banks of the drouth section to be loaned at not less than six per cent for a time not later than Nov. 1, 1919.

INQUIRY FROM FIVE

People From Florida, Texas, Georgia, Alabama and North Carolina, Write Mrs. O'Connor Regarding Tanlac.

"If anybody had told me that there was a medicine that would make me gain eight pounds in ten days I could not have believed it, but that is exactly what Tanlac has done for me," said Mrs. John O'Connor, 338 East Oldham Street, Knoxville, Tennessee, a few months ago.

"For the past five or six years" she continued, "I have been in a rundown condition from nervous indigestion. I had no appetite and lived on the lightest diet. My head ached most of the time and I had awful dizzy spells. My nerves were worn out so I could get very little restful sleep. I was troubled with a bad case of catarrh that I couldn't get rid of and felt miserable day in and day out.

"I began to feel better right from the time I started taking Tanlac. My appetite is fine now, I can eat and digest anything, and am gaining in weight. My nerves are quiet and I sleep like a child at night. The catarrh does not bother me like it did and I am strong enough to work every day."

In another communication received recently, Mrs. O'Connor, says: "People from Texas, Florida, Georgia, Alabama, and North Carolina have written me asking about Tanlac and it has been a pleasure to me to recommend it."

Tanlac is sold in Colorado by W. L. Doss, in Loraine by Garland and Elliott, and in Westbrook by J. H. Board. Adv.
