TO ARMS, CITIZENS!

The immortal words of the French battle cry of freedom ring out again today to the American nation.

We are called upon to take up arms and fight to the death - if need be - for freedom, Justice and Those Things that make life worth living.

In this profound crisis is the test of citizenship.

The highest form of duty is to fight with our armed forces - to have enough to eat, enough to wear, a few dollars in your pocket, and to devote the balance of your earning power - your life if need be - as an offering to your country.

The next best form of duty is to stay at home and produce - allowing yourself enough money to purchase the bare necessities of life and to conduct business, essential to the war, and to devote the balance of your earning power to your country in the form of subscriptions to Liberty Loans.

One or the other duty you must assume.

If you can bear arms you will do so.

If you are unable to bear arms you will supply the money and material for those who can - you will enable them to bear your arms for you.

RED CROSS ACTIVITIES

Important Notice!

The Surgical Dressings Department is now open three times a week, Mondays, Wednesdays and Fridays from 3 to 6. We are needing workers. The Red Cross is making an urgent call for pads and it is our duty to meet this call. If possible please give some of your time to this work.

We wish to thank Mr. Runyan for his services in making the shipping box for this department.

Ch'mn. Surgical Dressing Dept.

By January 1, 1919, the American Red Cross will have expended \$6,000,000 in Home Service, money being the least valuable contribution of this section, and will be carrying a burden of about \$1,000,000 a month, the report says. For the first six months of this year the expenditures were \$1,500,000. It is estimated that the expenditures for Home Service for the final six months of the year will exceed \$4,000,000.

The Southern American Red Cross Division comprising the states of Kansas, Oklahoma, Missouri, Arkansas and Texas, is tenth in the percentage of nurses enrolled for service in military hospitals here and abroad. The Division has been asked to supply 2,425 trained nurses. To date it has enrolled only 995, leaving a deficit of 1,430, which must be made up before January 1, 1919. In addition the division is behind in the special country wide call for 8,000 nurses, wanted before October 1. The Pacific Division, California, Arizona, Nevada, leads the thirteen Red Cross divisions with 87 per cent.

The Christmas membership drive of the American Red Cross, which will be held from December 16 to December 23, inclusive, will have for its object the enrolling of every American in the world. The quota in each district will be limited by the adult population. The total membership in the American Red Cross today is 22,000,000, exclusive of 8,000,000 members of the Junior American Red Cross. The coming campaign should not be confused with one for money, as it merely is to obtain members. Half of the membership fee of \$1.00 will be retained by the local chapters for expenses and the care of soldiers and their families, while the rest will be turned over to the national treasury.

The American Red Cross has expended \$7,939,653 in relief work in Italy since the beginning of the war and will have expended \$20,000,000 by Jan. 1, says a report just issued, to inform the American people of the disposition of the first Red Cross fund of \$100,000,000. One of the biggest items of expense is the feeding of Italian refugees and the families of soldiers. About 14,000 tons of food must be shipped from the United States monthly to keep this service going. In addition 100 Red Cross kitchens in Italy now are providing 15,000 rations daily. Other expenditures include \$3,077,140 to equip, operate and maintain, until self-supporting, workshops for thousands of disabled men; \$1,155,000 to maintain a colony near Pisa for 15,000 persons; and large sums for operating hospitals, asylums, ambulances and other things incidental to aiding soldiers and their families.

The Home Service Section of the American Red Cross aided 20,417 families during June in the five states of the Southwestern Division as follows: Missouri 6264; Texas 3958; Oklahoma 3631; Arkansas 1199; Kansas 5365; while many were given financial assistance to emigration, was furnished with information and advice.

What has become of the old fashioned salient with an apex toward Paris? Oh, have a heart! Can't a fellow change his mind.

\$100 Reward, \$160
The readers of this paper will be pleased to learn that there is at least one graded disease that science has been able to cure in all its stages, and that is Catarra. It is the only positive cure known to the medical fraternity. Catarra is a constitutional disease, requires a constitutional treatment. Dr. Wm. A. Hartmann's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The promoters have no such faith in their medicine, however that they offer a \$100 reward for every cure that it fails to cure. Send for your copy.

Remember the Tuscania!

Twice, yea, thrice the number of American soldiers must be landed in France as are there now. There must be no more sinking of transports by German submarines. But it means a vastly larger navy to carry our boys safely over.

WESTBROOK ITEMS.

Ollie Bird came in Wednesday from Fort Worth.

Rev. H. W. Hahks returned Wednesday from Eastland county, where he conducted two revival meetings.

G. T. Warner left Monday night for East Texas.

Rev. W. C. Garrett filled his regular appointment in the Baptist pulpit Sunday afternoon. At the close he offered his resignation, which was accepted. Bro. Garrett felt that he could not do justice to the church as a pastor on account of his situation. The church then called Rev. A. D. Leach. Bro. Leach has made Westbrook his home for several years and needs no introduction, and the church gladly welcomes him as their pastor.

Mrs. H. L. Leach and baby left Tuesday for Whitesboro, where she will visit her parents.

The Methodist Sunday School will observe Sunday, September 29th as War Time Rally Day. It is up to us to keep the home fires burning. Are you 100 per cent American? Are you true to the boys in khaki? We must fill the gaps caused by their going.

We must not let the school go down. We must cheer the boys at the front by what we are doing at home for the class and the school they have left. Let's go over the top on Rally Day, and send them the news. On Rally Day the school begins a new advance. There are coveted positions ahead, bearing such signs as "Increased Enrollment," "Higher Average Attendance," "Closer Comradeship," "Happier Social Hours," and "Better Equipped School." The success of this advance depends upon co-operation. No one class can do large things for itself, unless supported by the school as a whole, neither can the school hope to occupy its new objective unless the classes assist with their best efforts. Let each class see that its part of the line does not waver on Rally Day, when the school is planning to "go over the top." "Something doing" on September 29th.

Mrs. J. T. Golden of Eastland is visiting on the U ranch this week.

Misses Birdie and Ruth McNairy of Iatan were guests of Mrs. J. W. Bird Sunday.

Mrs. W. L. Ruddick of Billings, Oklahoma, is visiting her parents, Rev. and Mrs. A. D. Leach.

Mr. Joe Flock of Big Spring dropped in to see his friend, Miss Bertha Carter, Tuesday afternoon.

T. Y. Pool is spending a few days in Big Spring this week.

LIKE AN ELECTRIC BUTTON ON TOES

Tells Why a Corn is so Painful and Says Cutting Makes Them Grow

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freezezone is harmless and never inflames or even irritates the surrounding skin.

Great Faith in Chamberlain's Colic and Diarrhoe Remedy

"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

In the meantime the British keep on fighting and not saying much about it, either.

Greatest Human Vitalizer

"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and thought I must surely die from it. After trying many doctors and all other recommended remedies made known to me, I was induced to use Peruna. I was cured entirely by using twelve bottles of Peruna and one bottle of Manalin. LABORERS WANTED BY U. S. GOVERNMENT

Dr. P. C. Coleman, Chairman of Department of Labor, for Mitchell County, has received the following letter from the U. S. Employment Service. For further information see Dr. P. C. Coleman, Colorado, Texas:

The letter reads:
"This service announces to the several Chairmen an opportunity whereby every man in need of employment may find same under ideal conditions. Single men taken as well as families.
"Mr. Biggerstaff, representing the Aluminum Company of America, engaged in essential government war work, is now in this territory recruiting an unlimited number of families for employment at Maryville, Tennessee. The pay is good, admirable schools and colleges. Work is mostly construction, but every man wishing inside work can find it. The health of the place is splendid. Fine spring water. All kinds of bungalows and residences at \$8 per month, and with water and electric lights \$9.25 per month. The hosiery mills will give employment to all female members of the families taken from this section. The work is permanent and children of families can secure advantages of the best schools. Medical and hospital attention free.
Transportation is advanced from every point in Western Texas, provided that those signing up stay four

months, all transportation charges are returned to workers. The assembling point is Abilene. Shipment leaves Abilene Saturday morning, September 21, 1918. All families and single persons who wish to go with this shipment and who reside away from Abilene, are asked to pay their transportation, taking a receipt and presenting it at this office, and this will be refunded. Three dollars per week is retained from salary for four months, at the expiration of which time the lump sum is returned to worker.
You will please give the widest publicity to this information about Maryville positions, and have families and laborers report to the examiners in charge at Abilene, Texas, not later than 10 a. m., Friday, Sept. 20th. Advise in the meantime result of your efforts.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Days Work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

DETROIT WOMAN'S LONG SEARCH HAS BEEN REWARDED

In the Years She Suffered Nothing Relieved Her Until She Took Tanlac.—Five in Family Praising It.

"When my wife showed a gain of six pounds on her first bottle of Tanlac, another member of my family started taking it and now there are five Tanlac boosters at my house," said Will Prentiss, who lives at 135 Porter Place Detroit, Michigan.

"For several years," he continued, "my wife suffered terribly from stomach trouble of the worst kind. She had no appetite and what little she forced herself to eat, formed gas that kept her constantly belching up sour, undigested bits of food and made her miserable night and day. Her head ached most of the time, she was too nervous to sleep well at night and felt tired and worn out in the morning.

"After trying many other preparations searching for something to relieve her, I finally got a bottle of Tanlac and she is like a different person already. She is entirely relieved of that gas trouble, her headaches and nervousness are gone and she sleeps like a babe all night. She says she feels better than she has in a long time, and she sure looks it."

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board, Adv.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Mitchell County Greeting:

You are hereby commanded to summon R. C. Tucker, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Thirty-second Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Thirty-second Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the third Monday in November A. D. 1918, the same being the eighth day of November A. D. 1918, then and there to answer a petition filed in said Court on the 21st day of March A. D. 1918 in a suit, numbered on the docket of said court No. 3638, wherein Julia Tucker is Plaintiff, and R. C. Tucker is Defendant; said petition alleging that on or about the 27th day of January, 1915, in the County of Mitchell and State of Texas, plaintiff was lawfully married to defendant; that they continued to live together as man and wife until on or about the 1st day of March, 1915, when the defendant, without any fault on the part of this plaintiff, voluntarily left and abandoned her, then and there with the intention on the part of him, the defendant of abandoning her and that since said date they have not lived together for any period whatever, that defendant has not since said date made any offer to return to her and that since said date this plaintiff has not had communication with defendant.

That during the time plaintiff lived with said defendant, as aforesaid she conducted herself with propriety, and managed the household affairs of her said husband with prudence and economy, and all the time treated her said husband with kindness and forbearance, but that regardless of this treatment on her part, the said defendant abandoned her as aforesaid.

Wherefore plaintiff prays the Court that defendant be cited to appear and answer this petition and that upon final hearing hereof she does have judgement dissolving the marriage vows and relations existing between them, for costs of suit and for such other and further relief, both general and special, in law and equity, to which she may show herself entitled.

Herein Fail Not but have before said Court, as its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this the 9th day of September A. D. 1918.

F. M. BURNS

FROM BOYS IN FRANCE.

Private W. B. Morgan, in writing from France to his parents, Mr. and Mrs. R. C. Morgan, here, in part of his letter says:

"The weather here has been hot the last few days and it is getting dusty. We had battalion parade this afternoon and had to wear our coats and steel helmets and it was some warm before it was over.

"The censorship rules have been relaxed so I can now tell where I am stationed. I am located near the large seaport of Bordeaux, on the Southwestern coast. You can find that place on the map of France. I have never been to Bordeaux but I want to go there before I leave here. There is a town close to where I am stationed that has been settled since the time the Romans occupied France. I want to go up there in a few days if I can get off.

The blackberries are now getting ripe and they grow wild like they do in the states. The people raise some peaches, but I haven't seen a watermelon since I have been here.

"There is a Frenchman plowing near my quarters. He is putting up land like we middle-bust it at home, but he is plowing an ox and going three times to the row with something like a turning plow but with only one handle. "I have seen a little more of France since I wrote to you last and I will attempt to describe it to you. The country where I landed is rough and the farms are small and separated by hedges, I suppose to keep them from washing. In other places the farms are larger and the country more level; and some of it is

fine. The principal crops so far as I can see are wheat, oats, rye, Irish potatoes, stuff for hay and grapes. The people use old time tools, and many use cattle instead of horses to work, working them with a yoke fastened behind the horns. The people have good horses and cattle, and I have seen a few sheep, but haven't seen any hogs so far. The crops look good, and the French can make more stuff to the acre than we can. They use high wheeled carts with two wheels instead of wagons. The houses are all built of bricks or stone, and I haven't seen any over three stories high. The roads are good but narrow, and some of them are bordered by a row of trees on each side. The place where I am camped is a fine country and is covered with vineyards. There is wine to sell in almost every house. The climate is warm in the daytime, and the nights are cool enough to sleep good."

John B. Henley over in France writes to his father here, A. J. Henley. His letter was written Aug. 13, and received here this week. He says it's nice and cool there. He writes a long letter about his work, that he is well fed, and likes army life fine. Most of his letter is filled with family affairs, but its general trend shows that he is well satisfied and seems to think the war will be over inside of a year.

STUDENTS' TRAINING CORPS

Some of the new features that enter into the plan for establishing and conducting Students' Army Training Corps at the University of Texas, and other educational institutions, beginning October 1, are outlined by President R. E. Vinson who has just returned from Washington, D. C., where he conferred with War Department officials on the subject. He says that these institutions will run practically the full twelve months of the year. The sessions will be divided into three months each. It is now planned to withdraw on January 1, 1919, men who are twenty years old at the time of registration for the draft, while the nineteen year old boys will be drawn on March 1, 1919, and the eighteen year old boys on July 1, 1919. Quarters and mess will be paid for at the rate of one dollar per day, with such additional amount per day as will correspond to the actual tuition or fees charged by the several institutions. Contracts to this effect will be entered into between the War Department and colleges which expect to maintain units of the Students' Army Training Corps. Proper housing accommodations will be furnished by the different institutions. After finishing the time allotted to him in college, a member of the Students' Army Training Corps may be sent to an officers' training camp for the line of service which he elects; he may be sent to a training camp for non-commissioned officers; he may be sent to an army cantonment for training as a private soldier; to one of the vocational schools for mechanical training, or he may be retained in college to finish his course provided he is a technical student in engineering, chemistry, or medicine.

It is announced that the regulation uniform of a member of the Students' Army Training Corps will be that of a private soldier. There will be issued by the Commanding Officer of each unit as Government property to each member of the Students' Army Training Corps, the following uniform: 1 overcoat, olive drab, woolen; 2 coats, olive drab, woolen; 3 pairs breeches, olive drab, cotton; 2 shirts, olive drab, flannel; 1 hat, service; 1 hat cord, red, white and blue; 1 legins, canvas, pair; 1 shoes russet, pair. Subsequent issues of woolen uniforms and replacements

will be made from time to time. The number and kinds of arms and equipment to be issued will, so far as practicable, conform to those prescribed for the Army. Each member of the Students' Army Training Corps will be required to care for his uniform, arms, and equipment.

DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy
Glossy and Beautiful at Once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair. Adv.

THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published for twenty days or three consecutive weeks, previous to the return day hereof, in some newspaper of general circulation which has been continuously and regularly published for a period of not less than one year, in Mitchell county Texas, the following notice:

The State of Texas:—To all persons interested in the estate of Wm. De Busk, deceased:

Know ye, that Joe Y. Fraser, administrator of the estate of Wm. De Busk, deceased, having on the 24th day of June, 1918, filed in the County Court of Mitchell county, Texas, his application to sell the following described land belonging to said estate to-wit: Lots Nos. 4, 5, 6, 7, 8, 9 and 10 in Block No. 40 in the town of Colorado, Mitchell County, Texas.
