## GENERAL RAINS AT LAST FALL OVER WEST TEXAS

**CONTINUED DROUTH SEEMS TO BE BROKEN; WEST TEXAS WILL "COME BACK" AND INESTIMABLE GOOD WILL BE RESULT FROM RAIN**

Last Saturday afternoon a slow rain began to fall in this county. Saturday night it rained probably half an inch. Sunday afternoon and Sunday night a slow but steady rain fell. And again Monday night it rained for an hour or two. All together in this immediate vicinity, the precipitation was about two inches, but it fell slowly and every bit went into the parched earth.

We learn that south of Colorado, clear on down below San Angelo, the rain was a great deal heavier, being estimated from 3 to 5 inches. All the Conchos are out of banks, and all that country got a good soaking. Also west and northwest, on the lower plains, the rain was much heavier. Considerable damage was done in that section of the country by washouts and flooding of streets. The Colorado river is higher than it has been for years.

South of town on the H. S. and Spade ranches it is estimated that 3 or 4 inches of rain fell. All water holes and tanks are full and running over.

At Loraine and east part of the county the Saturday rain was light, but they got a good one Sunday night.

It is now the general opinion that the drouth is broken, as the rain was general, especially south and west and northwest, covering the lower plains generally.

A few more rains like this will put a bottom season in the ground and then look out for that big crop next year.

People who were forced to leave here had just as well begin to come back (they will all come) because we will have plenty of rain. The prospects are brighter now, it seems to us, than they have been in three years.

Again on Tuesday night a slight shower fell in this vicinity, but the clouds were heavy all around, and a number of communities report another big rain.

From the reports appearing in the press dispatches it seems that the rain was general throughout the state.

Private messages from ranchmen Tuesday morning reported heavy rains in the El Paso, Pecos and Midland cattle country. The fall was estimated from one to two inches in each of these localities.

Dalhart.—General rain fell over this section last night.

Henrietta, Oct. 22.—2:35 inches of rain fell last night over Clay County.

Mineral Wells, Oct. 22.—An unusually heavy rain which started here yesterday afternoon lasted well thru the night.

Abilene, Oct. 22.—Taylor, Jones and adjoining counties received heavy rains last night. The fall ranged from one to over two inches.

Claude, Texas, Oct. 22.—Best rain yesterday that Claude has had since August, 1918, has fallen slowly all day.

Clyde, Texas, Oct. 22.—Callahan County received a good rain Monday afternoon and night. About three-fourths of an inch fell here.

San Angelo, Oct. 22.—On the heels of heavy downpours that swelled all streams to overflowing, washed out roads and filled water holes, a slow, steady rain fell throughout Monday for a large portion of West Texas.

Ballinger, Texas, Oct. 22.—A slow rain has been falling here for the past eighteen hours, and the ground is getting the best soaking it has had in three years. Thousands of acres of small grain are turning green and will soon furnish good pasturage.

### CHRISTMAS PACKAGES FOR OUR SOLDIERS OVERSEAS

The Red Cross has been designated by the war department to handle all Christmas packages for our soldiers who are now in Europe. A label will be given to the soldier who will send it to the one he may expect a package from. When you have received this label, you may present it together with the articles you desire to send to a committee appointed by the Red Cross who will weigh and inspect same.

Regulation size cartoons will be provided by this committee. The War Department has ruled that only one package can go to a soldier. The time to send these packages will be between the 1st and 20th of November. No package will be received after the 20th of November. The committee to handle all Christmas Packages for soldiers overseas, are: Mrs. J. W. Person, Miss Frankie Riordan, Mrs. H. S. Beall, Miss Harriett McKell and Miss Byrd Adams. This committee will have some convenient location (the place to be announced later) and some one of this committee will be found there between the dates mentioned who will be glad to give you all necessary instructions.

W. P. GARVIN,  
Chairman Executive Committee of Mitchell County Red Cross.

### FUNERAL OF MRS. C. W. THOMAS

The funeral of Mrs. C. W. Thomas was held from the home of Miss Abbie Thomas last Friday at 3 p. m. the body having arrived that morning from Liberty, Kansas, where she died the Tuesday before.

Mrs. Thomas was Miss Lilly Allen, daughter of Mr. and Mrs. V. W. Allen. She was born in Colorado July 22nd, 1892. Up to the time she was married, April 28, 1915, she had always lived in Colorado and was known and loved by all. She was since childhood a member of the Episcopal church. She was a most faithful member and her influence was felt with the children in the Sunday School, with whom she worked. She was always ready to assist in any part of the work.

Her death was a most sad one as she was taken in the morning of life and left a dear little baby boy who will never know a mother's love—a young broken-hearted husband and devoted parents, who had given up their other two children years ago and their whole hearts and lives were centered in her and hers. Indeed they "see through a glass darkly, but then face to face" and until then may their hopes be centered in Him "who wipeth away all tears."

On account of the sickness of Dr. Williams, rector of the Episcopal church, the funeral services were conducted by Rev. W. P. Garvin, pastor of the M. E. Church. Many were the beautiful floral offerings, silent messages of sympathy from loving friends.

A letter from W. T. Bevel at Clovis New Mexico, says in part: "After missing several numbers of the Record am sending you \$1.50. Don't delay another copy. The influenza is bad here, and of course we were in the first round—only four in bed. I understand there has been about 2000 cases, with the death list not so great between 35 and 75. The Board of Health has closed everything. All business houses close from 6 to 9 a. m. and 6 to 7 p. m. We had an awful rain last night."

Both you and the Government can't use the same labor and materials.—Buy only essential articles and pay your W. S. S. Pledge.

## INFLUENZA QUARANTINE TO BE RAISED SATURDAY NIGHT

**ALL CHURCHES WILL HOLD USUAL SERVICES SUNDAY; PUBLIC SCHOOLS RESUME WORK MONDAY TIME CHANGES 2 A. M. SUNDAY**

According to official announcement by the city authorities, the quarantine, which was requested two weeks ago, for the prevention of Spanish Influenza, will be raised next Saturday night and the various churches will hold their usual services Sunday--both Sunday School and Church services--the new time will be which goes into effect Sunday at 2 a. m.

The announcement of the pastors of the Baptist, Methodist and Presbyterian Churches will be found on another page of this issue.

The city school, which have also been closed during this time, will resume work by the new time Monday morning, and it is expected that the usual enrollment will be present.

### SET YOUR CLOCK BACK SUNDAY

It is officially announced that Sunday, Oct. 27th at 2 a. m., has been set as the time to move our clocks back one hour. This is done in order to give us more "day light" and consequently to accomplish more work as the days get shorter. Move your clock back and sleep an hour later Monday morning.

### MRS. MILBURN DIES.

Monday morning at 5:30 Mrs. W. L. Doss received a phone message from Weatherford that her mother, Mrs. E. J. Milburn had just died, after a sickness of less than twenty-four hours. Mrs. Doss caught the 6:30 train that morning and went down to be at the funeral. Mrs. Milburn was about 88 years of age, but had always been in good health up to within a few hours of her death. She had visited Mrs. Doss here frequently and was known and loved by many Colorado people who sympathize with Mrs. Doss in the loss of her mother.

### SOLDIER BOY OF MITCHELL DIES AT LONG ISLAND.

Mrs. John Henry Brown received a wire Wednesday morning that her husband had died in the Training Camp at Long Island, and that the remains were shipped to Colorado, leaving New York Wednesday evening at 4 o'clock.

Mr. Brown, with his company were getting ready to sail for France when he was stricken with influenza which developed pneumonia from which he died.

He lives northeast of town in the Valley View community, where his father and wife are still living, and where the body will be buried upon its arrival, probably Friday night.

This is the seventh man on the list who has given his life for our country. Some died in battle and some in camp but the place makes no difference. The life was given to the same cause and as much honor is in one as the other. They did (not their bit) but their all—even to life itself that we might be free and unafraid.

May the spirit of these brave sons of Texas be at rest in a land that knows no war nor pestilence or death. "Greater love hath no man than this; that a man lay down his life for a friend."

### ANOTHER GOOD MAN MOVED.

Our friend Jim Johnson of Loraine has moved to Balmorhea, where he has a position with the leading Mercantile house. In asking us to change the address of his paper he says:

"Balmorhea is situated at the foot of the Davis mountains. It is supported by the crops raised from irrigation. Alfalfa and cotton do well here, also sweet potatoes. The natural springs from the mountains furnish the water with which the country is irrigated. There are deer and bear in the mountains. When I get time I will try to send you a nice deer roast.

We hope Mr. Johnson will get time right away, for we have not had a good mess of fresh meat in so long we have almost forgotten how it tastes. Usually along about this time of year the neighbors send in some backbones or ribs, but as there are no hogs in this country this winter, we will have to depend on Johnson's deer roast.

Dr. and Mrs. Davenport of Snyder spent last Thursday the guests of Dr. and Mrs. B. F. Dulaney.

**SPANISH INFLUENZA RAPIDLY SPREADING**

Persons Weak and Run Down Easy Victims—Fortify yourself Against It By Taking **TANLAC**

According to late reports issued by State and Federal health authorities the Spanish Influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the Shipping Board has announced that ten per cent of its workers had been affected.

The disease has made its greatest progress in the East where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theatres have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and run down are the earliest victims of the Influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger—because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome nourishing food and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, Grippe or Bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board. Adv.

In order to prevent the spread of Spanish Influenza the Southwestern Division of the American Red Cross has rendered service and supplied materials exceeding \$250,000 in value during the past week. In response to telegraphic appeals, medical supplies, blankets, pajamas, gas masks and other articles have been distributed to many camps in the Division. Nurses' aids and graduate nurses have been hurried to many points where the epidemic has been serious. Geo. W. Simmons, manager of the Southwestern Division states that every resource of the Red Cross will be drawn upon, if necessary, to prevent the spread of the disease.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally, in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

A number of changes will be made in the football schedule of the University of Texas on account of war conditions. The Committee on Education and Special Training of the War Department has asked that no games involving absence for a night be played before November 1, and that after that date not more than two games involving overnight absence be played. This rearrangement of schedule was made necessary because of the fact that students in more than 500 colleges and universities throughout the country who have been enlisted in the Student's Army Training Corps will be quarantined on their various campuses for the next three weeks. Director of Athletics Roy B. Henderson is making an effort to have the game with Oklahoma University, which was scheduled to take place in Dallas on October 19, played during November. The battle between the Longhorns and Arkansas University, which was to have taken place on Thanksgiving, has been called, and the A. & M. game changed from November 19 to Thanksgiving.

**SHERIFF'S SALE—REAL ESTATE**

State of Texas County of Mitchell:

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Smith County, on the 11th day of September, A. D. 1918, by Whit Owen, Clerk of said Court, for the sum of One Thousand Three Hundred Twenty-one Dollars and Eighty-seven Cents (\$1321.87) with ten per cent interest from the 17th day of April, 1918, and the further sum of One Hundred Thirty-two Dollars and Eighteen Cents (\$132.18) with 6 per cent interest thereon from April 17, 1918, and all costs of suit, under a judgment with foreclosure of vendor's lien, in favor of the Bolton Motor Company, W. C. Bolton and W. B. Bolton, in a certain cause in said court numbered 8407 and styled Bolton Motor Company et al vs. F. C. Dale, et al, placed in my hands for service, I, A. W. Cooksey, as Sheriff of Mitchell County, Texas, did, on the 20th day of September, 1918, levy upon certain real estate situated in Mitchell County, Texas, consisting of two tracts:

First tract: Being a part of Section No. 41, of Block 12 granted to the H. & T. C. Railway Company and being all of the North half of Section No. 41, in Block No. 12, of Survey for the H. & T. C. Ry. Co., by virtue of Certificate No. 41-5255, consisting of 320 acres of land.

Second tract: Being a part of the tract of land originally granted to I. L. Ellwood, Cert. S. F., Abst. 1700, Sec. 1, described as follows: Beginning at an iron pipe set in an old stone mound and marked No. 14, same being the N. W. corner of Survey No. 41, in Block No. 12 H. & T. C. Ry. Co. Survey, South with the West line of Survey, 950 vrs. to an iron pipe set for the center of the West line of said survey, a corner hereon; thence West 211.6 vrs. to a stake in the center of the present Colorado and Robert Lee road; thence North along the center of the said land a distance of 950 vrs. to a stake for the N. W. corner hereof; thence east 27 1/4 vrs. to the place of beginning; 36.08 acres of land, more or less;

And levied upon as the property of F. C. Dale and J. H. Hall, and that on the first Tuesday in November, 1918, the same being the 5th day of said month, at the Court House door of Mitchell County, in the town of Colorado City, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell the above described real estate at public vendue for cash, to the highest bidder, as the property of said F. C. Dale and J. H. Hall.

And in compliance with law, I give this notice by publication in the English language once each week for three consecutive weeks immediately preceding the date of said sale, in the Colorado Record, a newspaper published in Mitchell County, Texas.

Witness my hand this 20th day of October, A. D. 1918.

1025c A. W. COOKSEY Sheriff Mitchell County, Texas.

By W. C. Garrett

Had you thought how wonderful is memory? It is the ability to re-know that which one has known before.

A child said: "Mother, where does the light go when it goes out?" Sure enough; where does our memory go when it leaves us? It is an interesting theory, whether true or not, that nothing is forgotten. You have extra good common sense if you can solve the mysteries connected with memory.

There are several types of memory; the verbal type is one that memorizes the very phrasing or wording, yet may not get the meaning. The logical type, retains the principles and meaning, but may not be able to recall the language. The eccentric type, is strong on recalling some particular knowledge such as dates, historical facts, mathematical problems, music, or some other one thing

**ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS**

Give it When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt. Adv6

Blind Tom was a good example. The vigorous type, is that memory that holds fast every important matter that passes before it.

What type is yours? Cultivate the best type. A robust memory indicates a strong mind.

Memory is wonderful; you can charge it with facts out of which to draw material for great character and for great service.

You can feed it on principles of eternal worth that will furnish life with its growth, beauty and usefulness.

You can dope it with abstractions that never get anywhere. Such are speculations; they add but little to life except doubts and discontent. "May-be-so's" get you nowhere.

You can starve memory on scraps and fragments—skimming the headlines, rushing feverishly through a novel, empty conversations, studying the Bible in patches—will impoverish memory rather than enrich it.

You may teach a parrot to say: "ye cannot serve God and mammon" but it is a different memory to that of the parrot to apply the meaning of it. Memory should be a by-product of thinking instead of a substitute for it.

Your stock of intelligence is not so much what you can remember as it is what you cannot forget.

The mind is no more nourished by memorizing words alone than your body is fed by chewing a bill of fare.

Consider well your teaching.

What's taught you can't recall; No use to pull the trigger. Then try to stop the ball.

Before the end of this year the American Red Cross will have appropriated the sum of \$5,379,699 for use among the Belgians. Eighty-two canteens which provide refreshment for 25,000 soldiers are in operation just behind the line. Nine hospitals are being maintained. More than 15,000 Belgian children owe their health and happiness to the day nurseries established by the Red Cross. 90,000 Belgian people remaining in the small area not under German control and more than 600,000 refugees have been aided in many ways.

**WHEN HER BACK ACHES A Woman Finds All Her Energy and Ambition Slipping Away.**

Colorado women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of their merit in a Colorado woman's words:

Mrs. C. M. Sparks, 511 Walnut St., says: "I have used Doan's Kidney Pills off and on for the past couple of years and they have done me a lot of good. I used them for my back which was weak and ached. My kidneys were acting irregularly, also. Every time I have used Doan's Kidney Pills, which I bought at Doss Drug Store, they have relieved me. I believe they are the best of kidney medicines and gladly recommend them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sparks had. Foster-Milburn Co. Mfrs., Buffalo, N. Y. Adv.

The only fault the Allied commanders have to find with the American forces is that the Yankees are so enthusiastic that it is difficult to restrain them once they start ahead and they never know when to stop. It is this spirit that is going to make the great American army absolutely invincible once it gets word to start for Berlin.—Fond du Lac Reporter.

### A SOLDIER OF THE SIXTIES

We have published from time to time letters from the soldier boys in France and our training camps, and below is a letter from a soldier of the Civil War, written 56 years ago to his wife. Jesse H. Garrett, the writer, was the father of the Baptist pastor here, Rev. W. C. Garrett, and grandfather of the Jesse H. Garrett who is now in the service. The letter follows:

My dear Wife and Children:  
 Having some leisure moments this Sabbath morning, it affords me pleasure to write to you. I am encamped one mile and a quarter from Oxford southeast at the Birney Spring, one of the best springs in North Mississippi. There are some hospital tents at the spring. I am well and all our company in good health. John Morrow and Green King are both in hospital, but will soon be well. Their tent is at the spring, ours is about 30 yards distant.

Our guard duty is heavy—we guard the town and depot. When the train comes we have to guard it.

### GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a bottle of Knowlton's Danderine from any drug-gist or toilet counter, for a few cents.

and allow no soldier to get on who has not a pass signed by his general. We also have our encampment to patrol day and night.

I received a letter from father last evening was truly glad to hear from home and that he had arrived safe and sound from his trip to Alabama.

We have salt here in Oxford at one hundred dollars (\$100) per sack. Everything is higher than in Pontotoc; frying chickens \$1; eggs \$1 per dozen.

There has been some skirmish fighting between the cavalry at Lumpkins Mills, seven miles from Holly Springs. Our army is still on Tallasatchie at work on their entrenchments.

You must do as you think best in all things; tell Wash (negro) to be careful and saving of corn. Let Mr. Lindsey have two bushels of wheat, one bushel of rye and two bushels of potatoes for hauling me out to camp. I would not sell any more corn except to needy persons in small quantities.

I would be glad if father would come up to see me, he and Calvin and Mr. Lindsey might come. If we stay here and bring such things as you have to send, collards, turnips, butter, eggs and potatoes. I should be glad to see anyone from the neighborhood.

We have a negro man to wash for our company gratis, given us by a man who was discharged.

Give my love to all your friends, of whom I hope you have many, also to Mr. Lindsey and family, Calvin and Duck and the children. You can't believe how grateful I feel for the many kind friends we have.

May the God of the widow and fatherless watch over and protect you in your hour of trial and distress. Have not had a letter from you yet. Don't let our children forget that they have a father who desires that they should be good children and obedient to their mother.

I remain, yours,  
 Jesse H. Garrett.

### The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS-CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect.

One of the most interesting features of the Aerial Gunnery School at Ellington Field, is the moving picture target and machine gun, devised by Lieutenant Cowan and Private W. H. Moffett. An ordinary movie-machine operated in a darkened room throws a picture of an airplane doing loops, Immelmans and tail spins on the screen. An airplane seat rigged with a regular machine gun mechanism equipped with a spot light instead of a barrel, is stationed at one side and in front of the moving picture machine. A switch is connected on the trigger of the gun so that it throws a small spot light on the screen at the same place the bullet would hit if the gun were discharged at the same time steps the motor which operates the movie crank, holding the ship in place long enough to register the accuracy of the shot.

### UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Adv.

## MAJ. ATKINS GOES "OVER THE TOP?"

WITH MAJOR ROOSEVELT, SALVATIONIST LEADS AMERICANS IN CHARGE ON HUN FOES.

A terrific American barrage had been laid down on the Hun trenches. The American boys were on the firing step, waiting for the zero hour, rifle in hand, grim determination on their faces and eyes glued on the boche's trenches.

"Going up?"  
 "Sure!"  
 "Bully!"

The question was asked by Major Theodore Roosevelt Jr. of his chaplain, Major John E. Atkins, of the Salvation Army, just before they went over the top somewhere in the Toul sector. And across "No Man's Land" the former president's son and the "little major" went leading the former's battalion.

Major ATKINS, who has just arrived home in Chicago from the front for a brief stay to help force to the attention of the West the great need of immediate raising of the Salvationist Overseas Fund, told about the incident in an interview. Back from administering physical comfort and spiritual sustenance to the boys, he still blinks his eyes constantly from the shock of the shell fire, but as he says he "hankers for his boys" and is anxious to get back.

Of the Roosevelt boys he had much to say. He told of Captain Archie being wounded.

"There he was," he said, "sorely wounded, but refusing all medical aid until every one of his men had been cared for. That doesn't sound much like the action of one of the Kaiser's plentiful sons. But it's the American boy for you. That's the kind of a man we'd follow to the death if need be, and most of our men are of the same stamp. Their courage, strength, and initiative are second to none. It is a privilege to work for them and to feel that you can be of some help."

## "IT'S THE GREATEST CAUSE A-GOING"

HARLAN BABCOCK INSPIRED TO WRITE A PROSE POEM ABOUT THE WORK OF SALVATION ARMY.

(By Harlan Babcock)

When a fello's been a-miling in a battle for a day, when he's famished dirty, weary, 'cause he hasn't hit the hay, and he hasn't had his coffee, or a single bite to eat, and the coolie clan from Scratchville drills his frame from head to feet; when he's staggered and deafened from a too-familiar shell and there comes to him a surcease from this flaming man-made hell—then is when another Army comes to ease this harried soul, to appease his awful hunger, and again to make him whole. To the dugouts come the women—Yankee women, pure and sweet—bringing dressings for the wounded and delicious things to eat—good old doughnuts, pie and coffee, and occasionally some cake—heavenly manna, so to put it, "just like mother used to make. Why, the food and ministrations of these angels of the camp is unto these all-in heroes like as oil unto a lamp. And you've got to hand it to 'em, 'cause to do it death they dare, but they get it to our fellows in the trenches "over there." "Doughnuts for doughboys"—that's the Army's rousing cry. Though your gift be but a pittance, do not pass these angels by. It's the grandest cause a-going; Uncle Sam will sure rejoice if he knows that you are helping feed his hungry fighting boys. And the angels up in Heaven, just as sure as you're alive, love this same Salvation Army and are "pulling" for this drive.

## GEORGE ADE OMITTS HIS SLANG

OMITS SALVATION ARMY WAR WORK IN PUREST ENGLISH BY WAY OF EMPHASIS.

(By George Ade, Noted Author)

"I am for the Salvation Army very strong because the soldiers are for it, and I think the boys know what they want. The "army" seems to have taken up a line of service which is not duplicated by any other organization.

Their huts up near the active front, specializing on doughnuts and coffee, have become very popular with the soldiers.

"All American correspondents at the front agree on the statement that the boys feel deeply grateful to the Salvation Army and the courageous men and women who are performing these unusual duties within the danger zone.

"Therefore I am in favor of giving the Salvation Army any help that it may need."

### HISTORIC PRECEDENTS

"Four thousand years ago Food Commissioner Joseph, in the land of Egypt, commandeered one-fifth of the wheat crop of Egypt each year for seven years and stored it in the cities nearest the wheat fields. His drastic action at that time saved the world from starvation.

"Two thousand five hundred years ago Nebuchadnezzar, King of Babylon, instructed that certain men whom he wished to have attached to his court be fed on king's food and wine to give them a well-nourished look. One of these men, named Daniel, persuaded his caterer that himself and friends could be better nourished on pulse and water, and requested that he make a test covering a sufficient length of time; the others to be fed on king's food and wine. The test showed that those who lived on pulse (lentils) and water were better nourished than those fed on king's food (luxuries and wine).

"Two thousand years ago Bible history records the miracle of feeding five thousand with a few barley loaves and fishes. The people were commanded to sit in rows of 50 to the row and the servers paced before each and gave to everyone his portion, so that all were served. It was an instance where a little food went a long way and the fragments that remained were gathered up so that no food was wasted."

### WAR WORK

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser" a book of 1,000

pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Baby, 200 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. Ask your druggist or send 50c. to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from zafal pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

Marshall, Texas.—  
 "I have used Dr. Pierce's Favorite Prescription and find it very fine medicine; it certainly did me lots of good. I can recommend it to ladies who need a tonic to build them up in general; it will do the work if directions are followed."  
 —Mrs. M. C. McCauley, 205 Hank St.

## Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in,—and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Swift & Company, U. S. A.

The Y. M. C. A. of the University of Texas has been placed on a war basis and will be taken over by the War Work Council. Thomas W. Currie, secretary, has been released from University work for a period of two months to assist in the nationwide drive for \$170,500,000 for the united war work campaign.

When the Germans start an air raid on Paris, the Parisians duck to the cellars and the Americans go out to see the fire works, writes a former Camp Cody "Y" Secretary from overseas. He says that because of the high cost of living many of the Americans, outside of the soldiers, are adopting the French method of going without breakfast.

**DIED**

The body of J. T. Scown arrived from Miami, Arizona, Monday morning and was buried in the I. O. O. F. cemetery Monday afternoon. The funeral services were conducted by Rev. W. P. Garvin.

J. T. Scown was the son of Thomas and Hattie Scown who live south of Loraine. He went to Miami for work and was taken sick and died there. He was born in Colorado on July 7, 1887 and died in Miami, Ariz. Oct. 17, 1918. To all those who mourn the Record extends deepest sympathy.

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILLI TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

**THINGS DO CHANGE**

You know, Texas is moving right along, and so are the people. We remember thirty-five years ago there was only one bath tub in Colorado City, then a town of 5000 inhabitants, and that was a public accommodation at the barber shop. Occasionally on Saturdays it took in two or three dollars—in the summer time.—Geo. M. Bailey in Houston Post.

Yes, George, times and things do change. We were not here thirty-five years ago, and do not know of our personal knowledge of the bathing facilities at that time, but we have made diligent inquiry of Judge Looney, C. H. Earnest, F. M. Burns and several other old timers, who say that if the above is true, said barber shop bath never saw any of George's money. He was supposed at that time to take two baths a year—one July 4th and one on Christmas. But as he depended on the Colorado river for this "diversion" he was often disappointed, as the river would frequently be dry in July and frozen over at Christmas. But the Record would advise Mr. Bailey that since this country has an unlimited supply of the finest water on earth there has been quite a boom in bath tubs, and lots of our people bath as often as every Saturday night—in the summer time. They do not depend on the tricky Colorado River as George used to do.

**FOURTH LIBERTY LOAN SUBSCRIBED IN FULL**

Unofficial reports indicate that the fourth Liberty Loan has been oversubscribed as a result of intensive work the last two days of the campaign.

This is no surprise to persons who know the temper of the people of the United States.

That the loan was not subscribed as readily as it might have been in the beginning of the campaign was largely due to insufficient preparations and to lack of organization among the workers. That has happened every time a loan has been offered. But the organizations are better each succeeding offering and the work of securing subscriptions to the amount of the quota in each district has become systematized so that the people are more easily reached with the information as to what they may reasonably be expected to do in these subscriptions.

Another factor that gave pause to the work of completing the loan was the apparent prospect for an early peace. That prospect was probably more apparent than real. But it got the minds of the people off the main issue for a time and necessitated more educational effort. The influenza epidemic was also a deterrent.

The main thing is that the fourth Liberty Loan has been subscribed in full and that the people who did their part in it have made good government investments and were able to do so without hardship. And that will be the story when the fifth Liberty Loan is offered, which will probably be about the time the prospects for victorious peace are beginning to be very bright.

**ON THE ROAD**

My last letter left us at El Paso. We spent most of Wednesday in the city and met quite a number of people we knew. Went to the top of the Mills building, 16 stories, to see the city. The Spanish Flu. was so bad we had to get out. About 25 deaths per day. We left at 2 p. m. and the city was quarantined at 3 p. m.

We decided to go via the Elephant Butte dam and had to get a permit; so we visited the Reclamation Service building to see the head mar. for a permit. I handed him my Texas Press Association membership card and he mistook it for membership in the Associated Press; so at once laid himself out to accommodate us, and said anything we wanted in El Paso or at the dam was ours. I told him I was on a sight seeing tour to California, writing stories about the country, and that Mr. Pidgeon was my chauffeur. He phoned up to the dam ahead of us and on our arrival there we were treated royally. But will say more about this later on.

Leaving El Paso we went north up the Rio Grande Valley for 80 miles through the finest alfalfa fields and apple orchards. It looked like to us that enough feed is here for the world. vegetables and everything imaginable; big red apples at 10c per dozen; groves of large trees for miles and miles; water everywhere, and a world of it cofing down from the big dam a hundred miles away.

We made a short stop at Los Cruces, an old town of about 8000 people. Visited the print shop, Republican daily with associated press. Next made a short stop at Detroit ranch. When asked about the size of the ranch the owner said he did not know, but that it was fifty miles long and extended over to the mountains the other way (the mountains looked like they were 100 miles off).

We next arrived at the mountain pass leading to the dam. Here the road wound in and out, up and down along the side of the mountain, some 200 feet above the bottom of the canyon. This road is a most wonderful piece of engineering and is equal to the construction of the dam itself. The dam and lake are wonderful and the trip to see them is worth the money.

We left for Hot Springs, a health resort, located in the bottom of a 200 foot canyon, and from there to Hillsboro is the most wonderful roads and mountain scenery so far seen on the trip.

We find Spanish influenza in all the towns, one death at Hot Springs and one at Hillsboro while we were there. From Hillsboro we made the run to Deming, 96 miles, in about four hours. The speedometer shows a run of 640 miles with no car trouble at all and a gas average of 18 miles per gallon. We arrived at Deming at 6 p. m. and went straight to the home of Mrs. Sallie Hall, who formerly worked for C. M. Adams at Colorado. Mrs. Hall and a Miss Cox are keeping back and we certainly enjoyed a fine supper and a sure enough bed. and a most excellent breakfast.

Deming is a fine looking place with a big cantonment and more or less a million soldiers.

Will leave here now for Lordsburg, Douglas, Tucson and Phoenix, so will close and take up the trip from here tomorrow.

Roads as a whole, are fine.

F. B. WHIPKEY.

There is no quarrel with Dr. Self over the destruction of military bases and supplies. That is legitimate warfare. What is complained of is the wanton devastation of cities, towns and whole districts, the looting of homes, the ruin of industry, the burning of churches, hospitals and schools the enslavement of non-combatants and the barbarous cruelties inflicted upon the aged, the young and the sick. What Germany is doing in retreat on land is precisely what one of its submarines did the other day when it torpedoed the Irish mail ferry-boat, Leinster, murdering hundreds of women and children.

Not many days ago we heard an Abilene business man, who has lived in Abilene more than thirty years, declare that he believed West Texas was just on the threshold of the greatest boom in her history. His belief was the drouth is about over and that plenty of rain will fall next year. Plenty of rain will mean good crops and high prices will usher in prosperity in a hurry. His optimism was catching, and it required just a few sentences of this kind from him to fire his auditors with enthusiasm. Such a man as that is worth more to a community financially than a dozen gouchers. We wish we had more of his type in Colorado.

**BIG CROPS NEXT YEAR**

Through long and bitter experiences we have learned not to make many positive statements regarding future events. But we are going to make a prophecy, even if we are called a dampfool. Next year is going to see the biggest crops harvested in West Texas in the history of the country!

There will be abundant rains in season, and the yield will be beyond the most optimistic calculation.

We were a small boy when the drouth of 1886-87 swept over West-Central Texas—the greatest drouth to that time ever known in the state. The present drouth down the state has been in duration for three years—and is far greater than the drouth of the eighties, both in length of time and extent of territory covered. Also it has done many times more damage.

But the drouth of 1886-87 was followed by one of the biggest crop years Central Texas ever saw. Well do we remember the first rain after the big drouth, in August 1887 we believe it came. The dark rain clouds came almost down and wallowed on the ground; so dark that people could hardly read near windows. The rain came in floods, and rivers and creeks overflowed their banks. Railroads were washed out; bridges were swept away.

The weather moves more less in cycles. As a rule there are two good crop years, two medium crop years and one very bad crop year in each five years. Bad crop years are almost invariably followed by bumper crop years.

Its a long lane that does not turn. The people in the West have been traveling along the lane for three years. Here there was a good crop three years ago, none the next year and very little this year.

But as we predict above next year is bound to be a bumper. We have to have it. We cannot do without it and stay in this country. It has gotten to the point where it is a crop next year or moving day for all of us.

But we'll have it—mark the word—we'll have it!

Norman Bering, one of the best men from last year's Shorthorn team, after playing this far has left to enter the officers training camp at Waco.

**CAN NOW EAT AND SLEEP IN COMFORT**

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

Clothes cleaned, pressed and delivered the same day. J. H. Greene & Co

### MARRIED.

Miss Ruby Schroeder and Mr. Harry Allen Skinner were married at the M. E. parsonage Monday evening at 8 o'clock, Rev. W. P. Garvin officiating. This was a very quiet affair, only the bride's most intimate friends being present.

After the ceremony they went to her home and a most pleasant surprise awaited them. The bride's Sunday school class and the Campfire girls, of which she was a faithful member, gave her a miscellaneous shower. Many dainty and beautiful gifts to gladden her heart and keep fresh her girlhood memories were showered upon her. After this the entire party went to the ice cream parlors and ate and drank to the health and happiness of the bride and groom.

The bride is the daughter of Mrs. Nellie Schroeder and was born and reared in Colorado.

The groom has a position in El Paso on the Morning Times, he being a printer. For a short while he was employed by the Record. It was while he was here that Cupid sent the dart that pierced the young hearts.

Mr. and Mrs. Skinner left Wednesday morning for El Paso, where they will make their home.

The Record joins their other friends in wishing them a safe and happy voyage over life's sea.

### MRS. JOSEY DEAD

Mrs. Jas. L. Shepherd informs us that Mrs. Robert A. Josey died last week of pneumonia at her home in Kansas City.

Mr. and Mrs. Josey were married about 18 months ago. Mrs. Josey was a talented musician. Before her marriage she was prominent in musical circles in Tulsa. Her nobleness caused her to be greatly loved. Mr. Josey was a prominent oil man of Tulsa, Okla., and Kansas City. He is a brother of Mrs. Jas. L. Shepherd of our town and used to live here. Many old Coloradans will remember him and sympathize with the family.

WANTED.—A white woman to do general house work and take care of children. A good home for the right party. Apply at once to Miss Nealy Mills, at C. M. Adams store.

### JUNIOR RED CROSS.

Perhaps no department of the Red Cross has progressed as much as the Juniors. Notwithstanding their elders were prone to consider them of secondary importance the work they have done has been marvelous, to say nothing of their growth in patriotism.

From now on the Junior Department will be given a little more notice. Funds heretofore raised by Juniors were kept separate and apart from the Chapter funds, will now be placed with the Chapter, and all will be one big family; but due credit will be given that department for all funds collected by them.

When Chapter quotas are received a part will be given the Juniors, and they will work right along with the seniors.

The program of Junior Red Cross service for Good Citizenship is fine and every child should have some part in it. It is educational, War Relief Activities and War-Winning Activities, with numbers of things to be studied and practiced under each head. Right now the children of Colorado can have a part in war-winning activities by collecting peach seeds.

The manager of this department, Supt. E. F. King, who has always been alert in his work has found work for them, and it only remains for the Juniors to respond. Out at McMurry's orchard there are bushels and bushels of these seeds waiting to be collected and sent to help win the war. Where he ran the cannery last year the seeds are in abundance. Will the Juniors go to work now while they are out of school; and as soon as school begins again a Junior Red Cross Bazaar will be planned and worked up for some time in December.

Juniors put another kink in the Kaiser with your work.

### PRESBYTERIAN CHURCH.

There will be regular services at the Presbyterian church next Sunday morning. Sunday school at 9:45 a. m. Preaching services at 11 a. m. and 7:30 p. m.

Note.—The time will change Sunday morning at 2 o'clock; be sure to move your clocks back an hour Saturday night but be on time Sunday at all services. Everybody most cordially invited.—Guy B. Duff, Pastor.

### BAPTIST CHURCH.

Set your clock back one hour and come to Sunday school at 10 o'clock; preaching at 11 o'clock Sunday. Subject morning sermon, "Warming by your own fire."—W. C. Garrett Pastor.

### METHODIST CHURCH.

All the regular services at the M. E. Church next Sunday, according to the new time. Move back your time one hour Saturday night, and be on time at the services Sunday.—W. P. Garvin, Pastor.

### EPISCOPAL CHURCH.

All the regular services will be held at the Episcopal Church next Sunday. Dr. Williams has recovered from the influenza, and will fill the pulpit as usual. Public invited.

### BRONCHIAL TROUBLE

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears." Adv.

Owing to the advance in the price of printing material the price of the Saturday Evening Post has advanced to \$2.00 and the Ladies Home Journal to \$1.75. But they are well worth the price and each make excellent Christmas presents. Let Mrs. A. L. Whipkey have your order.

Mr. D. L. Buchanan, who has been employed at the mines in Miami, Arizona for some time, received a wire Saturday from his daughter at Lempasas, who was not expected to live. He passed through here Sunday night on his way down there. On Wednesday Mrs. Buchanan received a wire from Washington that their son Frank, who is in the service, had pneumonia and was not expected to live. The Record has been unable to learn the condition of either of the children up to the time of going to press.

Food will win the war—produce it.

### RED CROSS ACTIVITIES

### ANNUAL ELECTION

The annual election of officers for the Mitchell County Red Cross will be held at the M. E. Church Wednesday, November 20th at 7:30 p. m. This is the date set by headquarters and every member is expected, if possible, and have a part in the election. While we have wrought nobly, still there is a greater work for us in the coming year. Our boys are fighting for us—let's fight for them. Remember the date of the election and tell others.

The Red Cross sent off 31 sweaters and 200 pairs of socks this month. This was a three months quota. Buford Auxiliary had a nice share in this—in fact they are tireless workers in the cause.

The surgical department of the Red Cross has received another shipment of cotton, and now have plenty of material on hand and want more workers. These rooms are open on Mondays, Wednesdays and Fridays from 3 to 6 o'clock. All who can do so are urged to come and help.

The epidemic of the Spanish influenza which threatens the Southwest has caused the Government to request the Red Cross to recruit all of the available nursing resources in Missouri, Kansas, Arkansas, Oklahoma and Texas. The Red Cross Chapters and Branches throughout the entire five states have been asked to mobilize every graduate nurse, every nurses' aid and practical nurse as well as those women who have taken courses in Hygiene and Home Care of the Sick. These nurses will be dispatched to the nearest point which the epidemic is threatening. Graduate nurses will receive \$75.00 per month, and nurses' aids and others from \$30.00 to \$50.00 a month while this service lasts. Catholic Sisterhoods, Visiting Nurses Organizations, Home Defense Nursing Groups and others are urged to cooperate in this crisis.

The American Red Cross has arranged that every man drawn for army service in the new draft shall receive a pamphlet containing a synopsis of the war risk insurance law, civil rights bill and other laws passed for the protection of himself and his family while he is serving his country.

The Government has asked every Red Cross Chapter in the Southwestern Division of the American Red Cross to aid in the collection of peach stones, apricot pits, prune pits, plum pits, olive pits, date seeds, cherry pits, butternut shells, hickory nut shells and walnut shells. Every organization and individual in the country is expected to cooperate

### UNITED WAR WORK CAMPAIGN

I have been appointed Chairman of the Campaign in Mitchell county and it means effort and sacrifice for each individual. The campaign is backed by our government and personally endorsed by President Wilson John J. Pershing and all other leading spirits of the age. The object of the campaign will be thoroughly explained by an expert army man in the near future. Come and hear him. Please form no opinion about this work or any phase of it until you have heard it explained thoroughly or have, in some other way, become familiar with its great purpose.

W. P. LESLIE, Chm.  
United we stand.  
Without division!  
Now then, everybody.  
For God and our boys!  
All together!  
For every mother's son.  
For relief, not belief.  
Your contribution buys their comfort.  
Send the home to him.

Let your money talk to the boys. Make your dollar bill a "Cheer up, Bill." Millions of dollars for Millions of Fighters. Make a soldier happy and you help a soldier to fight. Will you dig down into your jeans for the boys that dig down in the trenches? Let the boys charge it and we will pay it. For their souls and their bodies. Over here for over there. To do from over here what we'd do were we over there. From those that work to those that fight. To dwell together in unity. Hand to hand in the fight. To work together in unity. Till we come in the unity of the faith. Then none was for a party; Then all were for the State. No creds, only deeds. A dollar knows no religion—it works for all.

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught." Seventy years of successful use has made Theford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists.

## WESTBROOK ITEMS

**Death of Mrs. Hines**  
Mrs. A. B. Hines (nee Henrietta Terrill) was born Feb. 28, 1857, North, Mo., and died Oct. 19, 1918. She was sixty-one years 7 months and 21 days when death claimed her. She was married to Mr. A. B. Hines and came to Texas in 1875. To this union there were born nine children, five of whom preceded her into eternity. In 1890 they moved to Westbrook, where she lived until the summons came and bade her sweet spirit take its flight. She was converted and joined the Baptist Church at Westbrook and as long as her health permitted her she was a consistent attendant upon the services of her church and her daily walk was in the path of the righteous. She was a soul of womanly grace and modesty and her beautiful character was attested by her many friends. She had been in declining health for three years and had been confined to her bed for seven months. For several days before the end came she was unconscious, only rallying for a few moments at a time. She knew the end was coming, but death had no terrors for her. Then during the still hours of the early morning on Oct. 19th, her soul departed peacefully as a child falls asleep.

Her body was laid to rest in the W. O. W. cemetery Oct. 20. Bro. W. C. Garrett of Colorado, her former pastor, conducted the funeral service.

She leaves to mourn her death a husband, A. B. Hines, and four sons, Clyde Hines of Bisbee, Ariz., Burton Hines of Hadley, Texas, Witt and Herman Hines of Westbrook. To the grief-stricken loved ones we extend our sincerest sympathy and our prayers.

Mr. and Mrs. Harvey Leach have both been confined to their beds this week. Mrs. Leach has pneumonia and Mr. Leach a severe case of influenza. We are glad to report both improving.

Born—to Mr. and Mrs. A. M. Bell on the 18th, a boy.

Mr. and Mrs. J. N. Calaway came in Thursday to be at the bedside of their daughter, Mrs. Harvey Leach. Mr. and Mrs. E. E. Alexander and children of Lawton, Okla., are the guests of Mr. and Mrs. M. C. Williams.

Q. T. Lasseter came in from Cooper Saturday to spend a few days with homefolks.

Mrs. E. M. Parker and daughter, Miss Mary, returned to their home in Abilene Saturday, after spending several days with J. M. Byrd and family.

Mrs. Bessie Young and grandchildren, Miss Besse Golden, J. F. Billie and Jim Golden, and little Miss Pauline Felker and Katherine Gilbert came in from Eastland Tuesday. Mrs. Young will stay in Westbrook this winter and send the children to school.

Jim Oliver came in from the plains Sunday. While out there Mr. Oliver bought another carload of horses and shipped them east Monday. Mr. J. E. Skelton went through with the car.

R. M. Bell returned to his home at Deport Monday after spending several days at his brother's bedside, A. M. Bell.

Mrs. John Langley came in from Lone Wolf, Okla., Saturday. Mr. and Mrs. Langley have been visiting in East Texas and Oklahoma for several months.

Bro. A. D. Leach has been confined to his room several days this week with influenza.

E. V. Bell spent several days this week on the plains.

One of the best rains that we have had this year has fallen since Saturday. About 2 1/2 inches have fallen and the prospects look good for more.

Miss Eddie Riley of Coahoma, spent the week end with her sister, Mrs. L. V. Yates.

R. S. Bird returned to Big Springs Tuesday after spending a week with homefolks.

## CARD OF THANKS.

We desire to express to our friends our heartfelt thanks for their manifold kindness, and the tender mercies shown our dear wife and precious mother during her illness. We shall never forget the people of Westbrook. We thank you one and all, and pray God's richest blessings upon you.

A. B. Hines, Clyde Hines, Witt Hines, Burton Hines, Herman Hines.

In referring to the Australian troops it means white men. The aboriginal population is less than 20,000 while the white population is about 5,000,000.

## FORTY YEARS A DRUGGIST He Endorses PERUNA

Read this from Mr. L. A. Richardson of Marine, Illinois:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. If taken hourly in tablespoonful doses by adults it will break up the worst cold in two or three days' time. I take pleasure in urging my brother druggists to recommend it for these two ailments."

## A QUIET PLACE TO READ

This Red Triangle man has charge of a "Y" hut near the front in an old chateau. When Fritz takes a notion to drop shells in, around, near by and over the chateau the place is not very well patronized by the soldiers. Then it gets lonesome for the "Y" man and he decides it is a good time to read a chapter from his Bible. So he seeks out some quiet (?) place—say a dugout where he can read in peace. A "Y" man has to have his rest like anyone else. Then who can blame him for finding a secluded, comfy dugout where he can hang up his tin hat and take a fifteen minutes' vacation?

## "THE SUNSHINE DIVISION"— WOMEN'S ARMY

The "Sunshine Division" is the name of a newly organized "army," made up of women who want to help win the war. The idea originated during the recent concert tour of army camps made by Margaret Woodrow Wilson, the president's daughter. As the name indicates, the new army has a special mission—to brighten the

morale of the soldiers at home and overseas, thereby contributing directly to the success of the American and allied arms. A plan is being evolved to enlist women in every community to become soldiers in the "Sunshine Division," their services not necessarily taking them away from home. Particulars may be had from one of the sponsors of the idea, Maj. A. P. Oakes, now stationed at Southwestern Life Building, Dallas, Tex.

## JUST A PRIVATE

He is just plain Private Blankenship, but the donning of the khaki the other day by this veteran Baptist minister from Higgins, Texas, created more than a ripple at Camp Travis. Had he come into the service with a commission awaiting his coming, it would not have been such an event. But he came looking for no soft spot to light upon, not anticipating personal glories—simply because he had given everything except himself to the cause of liberty and he would not be sacrificed until he had laid his all on the altar.

While Camp Travis perhaps has inducted more men into the service than any other camp in the United States, having transformed thousands of civilians into soldiers every month. Rev. Marion L. Blankenship tops them all for age and it

is believed that he is the oldest volunteer private in the United States army today. He wanted to get into the infantry and shoulder a rifle, but they told him he could not, that he was too old. A robust body, six feet tall and weighing 180 pounds could not pass him into the ranks of combatant troops, for there is only one branch of the service that will accept a man just ninety days under 56 years of age. That branch is the quartermasters' department, and while disappointed that he himself could not take up a rifle, he found consolation in the knowledge that his admittance to the quartermasters department would release one more husky youth who could take his place in the firing line.

The Blankenship family is one hundred per cent American patriots. The veteran lost his youngest son last June, the boy being one of that

heroic band of United States Marines who made the supreme sacrifice at Chateau Thierry, that the mailed fist of Germany might be warded off Paris in its final thrust. His other son is serving his country in a munitions factory. His daughter is just completing a course in nursing which will prepare her for service overseas. His wife is a Red Cross leader at Higgins, Texas. Six other near relatives have been killed in action and another is held prisoner of war in a German prison camp.

## SINCERE GRATITUDE.

Mrs. William Bell, Logansport, Ind. writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

## J. P. MAJORS

THE OLD RELIABLE JEWELER

### WILL COME BACK

A letter from Tom Davis, who left his home at Loraine and is now located at Frisco, Texas, says send him the Record as he has not heard about the rains in this section. He says he will come back to Loraine next spring as that is his home.

**FOUND**—On Snyder road this side of Dunn, a black hand bag, containing a registration card under name of Royal Emile Angelloz, Clovis, N. M. Among other things in the grip were some pictures, flash light and clothes. The grip is at the Record office and owner can get same by paying for this ad and describing contents.

### YOUNGEST MAN IN DIVISION PROMOTED

Last week we spoke about Hall DeGarmo being made a Corporal. This week his father showed us a commission which has been given Hall, promoting him from Corporal to Chauffeur Superintendent Dept. 219th Field Sig. Bat., at Camp Dodge Iowa. He is now a commissioned officer and perhaps one of the youngest in the service. He is the youngest man in his Division, having reached the age of 18 years last week. The friends of the family congratulate the boy on his promotion and the Record predicts that he'll make good wherever placed.

### BOSCHEE'S GERMAN SYRUP

will quiet your cough, soothe the inflammation of a sore throat and lungs, stop irritation in the bronchial tubes, insure a good night's rest, free from coughing and with easy expectation in the morning. Made and sold in America for fifty-two years. A wonderful prescription, assisting nature in building up your general health and tarowing off the disease. Especially useful in lung trouble, asthma, croup, bronchitis, etc. For sale by W. L. Doss; 30 and 90 cent bottles. Adv.

### UNAFRAID

A new story of the American fighting man's reckless disregard for danger which it is one of the greatest problems of their officers to curb was brought to Paris recently by Wilbur M. Wilson, a Baptist clergyman from Colorado, who went all the way from Chateau-Thierry to Fismes with a Pennsylvania regiment in the drive which began in July.

"With my own eyes," said Mr. Wilson, "I have seen American boys steal out from the trenches to a frog pond in No Man's Land, calmly remove their uniforms, and dive into the cool waters with German snipers not a hundred yards away in their trenches. The American boy appears to be absolutely unafraid. The greater the number of casualties in his unit, the greater is his resolve to make the Germans pay the price. His morale increases noticeably every time a comrade falls with German bullets in his body."

Mr. Wilson was in the front lines for two months, serving in the uniform of the Y. M. C. A., one of the seven organizations in the United War Work Campaign. Many times, he says, he drove his truck ahead of the field kitchens and furnished hot drinks, smokes and sweets to men who had had nothing to eat for two days except their iron ration.

### LEMONS WHITEN AND BEAUTIFY THE SKIN

Make This Beauty Lotion Cheaply For Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from your grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands. Adv2

Mrs. T. J. Draper is in receipt of a letter from her husband who is in government employment at Camp Lee, Va., stating that no one who went from here to that place has yet been stricken with influenza and that the dreaded disease seems to be giving away some.

Mr. and Mrs. Jerry Walker and children and Miss Ira Black spent Sunday in Colorado, in the home of Mrs. Green. They report a delightful day with lots of watermelons and roasting ears.

The following have our thanks for cash on subscription this week. Mrs. M. Zellner, N. M.; Mrs. H. C. Griffith Loraine; L. N. Saunders, Loraine; O. Thornton, Loraine; C. A. Hildebrand, Loraine; Altman Merc. Co., Arlington; Miss Annie White, Hermleigh; Mrs. T. E. Willis, Loraine.

Miss Annie White who is teaching the Hermleigh school has ordered the Record sent to her address. Miss Annie has been having a week's vacation on account of influenza and is spending the time in the local central office.

Mr. and Mrs. Alonzo Phillips will teach the 1918-19 term of the Lone Star school which term will open when the influenza wave has subsided.

Mrs. J. D. Norman returned Wednesday morning from Abilene, where she left her daughter Miss Nellie, resting nicely and on the road to recovery from an operation for appendicitis.

A telegram came to L. T. York Monday stating that his son, James, who is in training at Camp Mabry, Austin, Texas, is dangerously ill of pneumonia and heart trouble.

Mesdames W. L. Edmondson and J. A. Clement made a motor trip to Colorado one day this week.

Mit Cranfil returned with his mother last week from Clairret, Texas, where funeral services for his brother, Frank Cranfil, who died Oct. 15, of Spanish influenza, were held.

Mrs. G. W. Willingham has returned from a visit to points east.

The War Revenue Bill which proposes to raise \$8,182,000,000 for war purposes, passed the house of representatives on Sept. 20, a formal roll call showing 350 votes for the bill and none against it. It is unusual for any bill to be passed unanimously and loud cheers followed the announcement of the result.

Our fighting forces in France now number over two million, with more on the road at the rate of 250,000 each month. That and the heroism of our Texas and Oklahoma boys whose deeds are the most noteworthy of the whole war is our answer to William the Last's peace note. He says he can't accept a peace based upon might. He will accept just what Woodrow Wilson, our boys, and our Allies, intend that he shall. We said we'd thrash him and by the mighty Foch and Pershing we will do it.—Yes and before the snow falls again. All who don't believe this subscribe for another Liberty Bond.

Rain began falling in Loraine vicinity Sunday morning and continued in a steady downpour until about 9 o'clock that night, giving the earth a thorough drenching. It is the rain that has so long been expected—the one that has given our farmers heads an upward tilt, and put a little squint in one of his eyes, from constantly searching the heavens for the cloud the size of a man's hand; the same one that has worn his trousers thin at the knees, in prayer for its arrival. But really, since we went out and tilted our head and squinted our eye, there are so many clouds we feel like asking, "Is this the one that was to come or shall we look for another?" We wish we might be able to prophesy feed crops in which a giant might walk and yet be hidden—Cotton that would require stilts to reach the "top crop" and prices that would make rich folks of us all.

A telegram which came to M. F. Hall Monday informed him of the death of his aged mother who passed away in San Antonio, Texas, Oct. 21st at 12:30 a. m., of Spanish influenza. The remains were carried to Stockdale, Texas, her old home, where funeral services were held. On account of illness Mr. Hall was unable to attend the funeral.

The Loraine Public School opened the term Monday, Oct. 21, notwithstanding the inclement weather and the Spanish influenza scare. 158 pupils were present to be classified. A short informal program was carried out in the auditorium—where a few of the parents and friends were assembled. Supt. Holbert made a brief address and J. F. Reeder spoke for a few minutes. The teachers were all present except Miss Bodine, who was detained on account of illness. The faculty is as follows: Superintendent—T. H. Holbert. Principal—Mrs. Granville Anthony. Sixth and Seventh Grades—Miss Bodine. Fourth and Fifth Grades—Miss Grace Mann. First, Second and Third Grades—Miss Ethel Mann. Expression—Miss Garland. Music—Miss Thompson, Mrs. Arlie Martin.

Mrs. Cooper Sick. Mrs. Wyse D. Cooper is very ill at the sanitarium at Abilene, where she was carried Friday night by her parents, Dr. and Mrs. T. A. Martin for an operation for appendicitis. As the operation had been postponed a little too long her case was found to be a very serious one. Her husband who is in the Coast Artillery, stationed at Fortress Monroe, Va., was notified early Friday morning and was expected to arrive in Abilene Wednesday night. Mr. and Mrs. Cooper have been married only one month, and the sympathy of Loraine goes out to them in their trouble.

Prayer services are held every Wednesday evening, 8:30 at M. E. Church, M. L. Moody pastor. Baptist church Thursday evening at 8:30; Rev. A. J. Leach Pastor.

### THANKS.

I wish to sincerely thank my friends in Loraine and vicinity for the kindly manner in which they have responded to my call for assistance in editing the Loraine News page. You can never know just how much it means to have my friends appreciate my effort, and then come and tell me about it; and what is more, order the paper to come on. I trust that no one of our present subscribers shall see fit to discontinue, as the co-operation with which I have been honored shall act as a stimulus for an effort to make our page better each week. If I happen to tell a falsehood one week—well, I'll correct it the next. There are a large number on our list who have not renewed, and on Nov. 1 the price goes to \$1.50. If you want our paper, and we hope you do, please call at the Loraine Mercantile Co., Saturday afternoon, where you will find me anxious to take your name and continue the Record, with the Loraine news. It is only \$1.00 now. Sincerely, IRENE GARLAND.

Word has come to Loraine that Dr. J. A. Avant of Weatherford, died on Wednesday, Oct. 16th, and was buried Thursday. Dr. Avant is well known here, having lived here for several years, where he practiced medicine. He left this place a short while last year, going from here to Weatherford where he has made his home for the past several months. Dr. Avant was a good physician and a splendid man, being prominent in church and lodge work. He leaves a wife and two children, Mrs. R. T. Gregg of Weatherford and Allen Avant of Ft. Worth who will feel his loss keenly; a number of relatives and a host of friends.

### Miss Norman Undergoes Operation.

Miss Nellie Norman who is teaching school at Silver, was brought home Friday quite sick of appendicitis and as Dr. Martin advised an operation, her mother carried her to Abilene to the Sanitarium, where she underwent operation Saturday morning. We are glad to state that her condition is very satisfactory and if no complications set up she will soon be well again. Miss Nellie's many friends sympathize with her in her painful illness and are delighted to know that she is doing so nicely.

### SCHOOL OPENS 1918-19 TERM

### OUR SOLDIERS' CORNER

We have received a couple of letters from Loraine soldier boys who are in France for publication, but owing to their late arrival and the rush of work, we are unable to get them in this week. But we will be glad to print them in our next issue. You may look for them next week.

Willie R. Martin who is in officers training camp at Waco, arrived in Abilene Tuesday to attend the bedside of his sister Mrs. W. D. Cooper.

Miss Emma Martin is in receipt of a letter from De Land who, it will be remembered, was wounded in action in France, stating that he has arrived safely in New York, and will be sent to a hospital in the United States for treatment. He states that the return trip was made in about half the time which was required to go overseas. Mr. Land was gassed after receiving a wound in his hand, which will entirely deprive him of the use of several fingers of his left hand. We know that our Loraine boys are helping to pay the price of Liberty, and every drop of blood they shed must cost the life of a Hun.

Corp. John Drew Givens who is in France writes his mother in a letter which comes this week, that he is well and all the Loraine boys in his company are fine; that they are having pretty weather for the first time in "goodness knows when." He says further, "our friends may think strange that we don't write more often, but we are giving the Germans the dickens over here and don't have time." His opinion is that the war can't last much longer.

Rufus Swizer (Tim) Garland writes to his sisters in Loraine from Base Hospital 66 A. E. F.: "Your welcome letters came a few days ago.

I have recently transferred to Base Hospital 66. As the winters are severe it will be much better here. I have been on the front for several months and I feel that I have done my part while I was there.

I received Charlton Brown's letter and I got him a German helmet the next morning on the field where he had left it, but I do not know whether I can send it home or not, but I shall try to.

The way things look now it may not be very long that we will have to stay over here.

I am sending you a clipping from the Colorado Record about Worrall I helped to carry him in when he was wounded. His brother was in my company.

I have been in most of the big drives where I could see what was going on instead of reading it. That is what the U. S. soldiers have taken part in. I have many things to tell you when I come home.

Write me as often as you can. Much love to all, as ever, Your brother, Mr. Garland has been overseas since December 1, 1917.

The Baptist Aid Society meets every Monday at 4 p. m. Always at the church. All members urged to regular attendance.

### LIKE AN ELECTRIC BUTTON ON TOES

Tells Why a Corn is so Painful and Says Cutting Makes Them Grow

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freezezone is harmless and never inflames or even irritates the surrounding skin.

Word came to Loraine Saturday that Henry Brown, son of W. F. Brown, of near Loraine, had died in camp in New York, of influenza. We have been informed that the remains will be sent here for interment. This young soldier leaves a wife, who previous to her marriage, only a short while since, was Miss Lottie West. He is another one of our brave boys who has laid down his life while in service of his country, and the sympathy of Loraine and the News is extended to the sorrowing ones left behind. His death was not unexpected as a previous telegram stated that his condition was serious.

In a clipping from a Georgia paper which Miss Libbie Lee sent to Mrs. C. B. Reeder, a rather novel, yet a very simple prevention of contagious disease, especially Spanish influenza is given—It is to sprinkle a generous supply of sulphur into the shoes which are to be worn throughout the day. The article states that by the process of absorption, the sulphur is diffused throughout the body and the germs of disease are destroyed. If you don't want to try this think of the children of Israel who wouldn't look at the brazen serpent.

On last Tuesday after the news from Loraine was reported that Sid Wimberly was still alive, a telegram came announcing his death on Oct. 15th. His father had already gone to his bedside. The young soldier's body was sent to Dekalt, Texas for interment. His father returned to Loraine Friday morning.

Secretary McAdoo recently announced that government insurance to the amount of something more than \$30,000,000,000 has been written, for the protection of the American fighting forces and their families. Nothing will strengthen the morale of our soldiers and help to make them the fighters that they are, like knowing that those whom they love will not be in want.

### Mother, Hoping Her Soldier Son Lives Postpones Memorial

Because there is a lingering belief in her mind that maybe her soldier son is not dead, Mrs. A. A. Tyler of Evermap has caused the unveiling of a monument to her son's memory to be postponed indefinitely. The monument was to have been unveiled in the Everman cemetery Sunday.

Capt. J. V. Taylor, son, was reported killed in action in France Sept. 14, when he was leading a company of scouts. He is the first Everman man to be killed in the war.

Tyler rose to captaincy from the ranks. He was only 25 years old. He was drafted by the Tarrant County Board Sept. 4, 1917. His father, mother, two sisters and two small brothers survive.—Fort Worth Star Telegram.

A. A. Tyler, spoken of above made his home in the vicinity of Loraine, his home being 5 miles north, until six years ago, when he moved to Everman. Capt. J. V. Tyler and his father are well known to many of our citizens.

Potatoes rank next to the cereals as a source of carbohydrate.

### SUGAR CERTIFICATE NOT NEEDED FOR FARMS AND LABOR GANGS.

Farmers and foremen of labor gangs working on construction work, as well as managers of other temporary camps, who are feeding 25 persons or less per day, hereafter are not required to make application for sugar certificates at the Houston office, Federal Food Administrator Peden advises that they may purchase sugar in accordance with the two-pound rule (that is, two pounds of sugar for each person per month). District or County Administrators may issue special permits to such people, allowing them to purchase sugar in larger quantities than two or five pounds.

If any grocer needs additional sugar after honoring these permits, the Sugar Department at Houston will issue certificates to cover amounts of sugar delivered on these permits, providing the request for same comes through the office of the District or local Administrator.

### JAKE SCOWN DEAD.

J. F. Scown, age 29 years and three months died in Minia, Ariz., where he was employed, Thursday, Oct. 17th of Spanish influenza, after only a few hours' illness. The remains were shipped to Colorado, Texas, arriving at that place at 6:30 p. m. Funeral services were conducted by Rev. Garvin at 10:30 o'clock Oct. 21st, and the body was laid to rest in the I. O. O. F. Cemetery.

Father, mother, two sisters and four brothers survive him, and a number of relatives and friends will miss him from their midst.
