

RECORD MAN WRITES ANOTHER LETTER ABOUT TRIP CALIFORNIA

TELLS OF CLIMATE, CROPS, PEOPLE, ETC. COTTON PICKING \$7 PER 100 LBS. HIGH COST OF LIVING FRUIT IS ONLY THING CHEAP

El Centro, county seat of Imperial county located in the extreme southeastern part of the state is 52 feet below the sea level, and in the southern part of the Great Imperial Valley. It is a town of some six or seven thousand people, well built with wide paved streets, fine business houses, public buildings with all modern improvements.

El Centro has gas plant, ice plant, oil mill, several large creameries, wholesale houses and quite a number of factories, etc.

I met, this week, one of the owners of the "Country Gentleman," a Curtis publication, who is out there writing a series of articles on the Imperial Valley for his paper, and readers of the Country Gentleman can get from it a fair idea of the Valley as he is a descriptive writer.

There are no fine residences here. All are the cheapest kind of three and four room bungalows, with wide porches or galleries on all four sides. These are screened in and the families sleep and eat and live in the open.

The climate is of even temperature at this season of the year; every day exactly the same, and will continue so (they say) until next summer, when the temperature will go up to 110 to 126, and stay there all the time; this heat with the moisture in the atmosphere (which comes from the extensive irrigation) makes it unbearable for a white man, and all the families that can do so go to the mountains for the summer, or back east.

The even, mild temperature for eight months in the year, makes it easy to grow anything that you plant.

Last Sunday I gathered, out of one orchard, apples, peaches, pears, grapes, oranges, lemons, dates and figs, all just now getting ripe.

One farmer will raise wheat and barley; another alfalfa and Sudan grass; another beans and sweet potatoes; another lettuce and vegetables; another will have a dairy farm; another cotton, and so on for miles and miles. The farms range in size from twenty to eighty acres—they call them ranches.

Most of the farming is done by Hindus, Indians, Japs, Mexicans and Negroes. When you see an American farming he is pretty sure to be a Texan.

In the cities the yards and lawns are beautiful, as this is the natural home of the American Beauty rose they grow in boundless profusion. The date and pepper trees make beautiful shrubbery, and the sidewalks and streets are lined with palms and eucalyptus trees.

Now as to cotton, they plant three kinds and raise four kinds. They plant Pima (long staple or Egyptian) Durango, and just cotton; in addition to this they raise volunteer cotton. Each kind has a different price for picking. They are paying \$2.25 up to \$7.00 per hundred for picking. As soon as I can arrange to do so I will go down the Valley and try some of the \$7.00 kind.

The long staple is planted in rows 5 to 6 feet wide and 2 to 3 feet in the row, and grows some 7 to 9 feet high, with limbs 6 to 7 feet long. I have seen plenty of it as high as a man's head on a horse. This cotton is loaded (usually two bales per acre) and, of course, falls down and lags and twists around, until it is a perfect wilderness, and tangled worse than any cane brake. The soil stays damp under there all the time, and of an evening from 5 o'clock to dark the mosquitos come from the ditches in perfect swarms. Most of the pickers quit at 5 o'clock on this account.

Lots of Texans are here picking and they all make good money but they all quit for \$500 eggs, \$1.00 pound butter, and 65c bacon. The only thing cheap here is apples and grapes. It is not unusual to see Kaffir and maize cut two tons per

acre, and I never had seen sorghum grow to perfection until I saw this.

The demand for labor of all kinds is great. Common farm hands get \$5 to \$6 per day, but finds himself. Cotton pickers are wanted and the season is just starting. They pick on here until planting time next year, as this is below the frost line.

Everybody in this country owns a car and they all use high powered cars, for which there's a reason. Half the population travels all the time and live in their car, and by the road side. Every fellow is expected to eat and sleep himself and the average Californian thinks he has extended you great hospitality and a considerable favor when he lets you sleep somewhere on his 80 acre farm—but never in his house.

But little attention is paid to the influenza or to the war. It's every fellow for himself, the survival of the fittest, and the devil take the hindmost. The under dog stays under and gets deeper all the time.

Some of these people out here seem to think I came out for a job, but they are mistaken—I came looking for a position.

All races and color are exactly equal; mixed schools and church membership, woman suffrage and all.

California is now in the midst of a big prohibition fight. On Nov. 5, regular election day, the present governor (Republican) Stevens, offers for re-election. Bell (Independent Democrat) also offers. This county (Imperial) is usually republican, but when Wilson carried the state the Democrats got in and like in Texas, they are hard to get out. The southern part of the state will go for Bell, but it is generally conceded that Stevens will be re-elected. On election day the prohibition question is also to be voted on to make the State dry. All the southern part of the State is now dry, and will vote dry, but the northern part where the big wine industries and large coast cities are located, always votes wet, and it is considered by many that the state will go wet on Nov. 5th.

Will write my next letter from Los Angeles.

COMMON SENSE COLLECTIONS

By W. C. GARRETT.

Common sense is an uncommon commodity with some people. The sensibilities of some people are so sensitive that common-sense reasoning is, with them, about out of the question.

The word "sensibilities," covers, in meaning, every phase of the feelings of people. If you have been scared, mad, anxious, happy, grieved, jealous or in love, you know what sensibilities are better than any one can tell you.

Sensibilities are exceedingly important, but uncontrolled sensibilities are as pestiferous in a community as an uncontrolled child.

Sensibilities (feelings) are the springs of human action. Back of all action, good or bad, lies the coiled spring of emotion, affection, desire or sentiment. One city was transformed into a model of righteousness, while another was turned into a pandemonium of immorality and vice by the leaders appealing to feelings.

If feelings are not trained skyward they will run along on the ground.

A crippled news-boy was known for his happy temper. While whistling his merry tune one day he got into a dray-horse at the curb with a sore neck. Removing the pad from the top of his crutch, he placed it under the horse's collar and went babbling away, with the same merry whistle, to his stand on the corner.

He was straining his feelings skyward.

ORGANIZE FARMERS SEED AND FEED ASSOCIATION

Last Saturday afternoon quite a number of farmers met at the Chamber of Commerce and organized a Farmers Seed and Feed Association. W. A. Dulin was chairman and Jim Bodine Secretary.

After the plans and purposes were explained by Mr. Dulin and others, an executive committee was elected, composed of George Goodwin, Urda Wulfjen and James Bodine. On Wednesday the executive committee met and organized by electing Geo. Goodwin, president and James Bodine, secretary and designating the Colorado National Bank as treasurer. This committee then designated M. B. Roddy as business manager and the Union Warehouse as storage and salesroom for seed and feed.

The general plan of this association is for every member to pay in ten dollars, creating a fund which will be used as a margin with which to handle feed and seed.

Next week the Record will publish the by-laws of the Association and full particulars showing the advantages gained by becoming a member. In the meantime every farmer in the county is asked to see Mr. Roddy, who will explain the matter fully and is authorized to receive members.

Owing to the absence of F. B. Whipkey and a considerable rush of printing from Sweetwater and Pecos, which necessitated all hands in the mechanical department, the editorial and local matter in the Record this week is rather shy. But we are sure that our readers will excuse us under the circumstances, with a promise to "make it up" later on.

MORE OF OUR BOYS GOING TO THE WAR

Notwithstanding the surrender of Turkey and Austria, and the peace talk with Germany, Uncle Sam is going right ahead inducting men into the service, training them and sending them overseas.

Wednesday night Mitchell County contributed two more boys to the service. Corley D. Bozeman went to Camp Mabry and William W. Moeser to Camp Raleigh, N. C. On Monday, November 11th, twelve Mitchell County boys will leave Colorado for the various camps. They are as follows:

- Witt R. Hines,
- Herman P. Hines,
- Ollie T. Baird,
- Irl D. Zellner,
- James T. Chambers,
- Gray R. Taylor,
- Mark R. Bynum,
- Ellis C. Grant,
- M. Lambuth Moody,
- Clarence R. Gross,
- James W. Webb,
- John M. Payne.

Next week the Record will print the full registration list giving the serial and order numbers, and also all those who are in Class One.

UNITED WAR WORK CAMPAIGN

Did you hear what Cuthbert and Fairview communities did more than a week before the real campaign begins. Raised \$239.00 and prospects for over \$300. When the matter was presented by Rev. Duff and Judge Sandusky, the citizens made an immediate loan to go over the top. That community is patriotic and the committee appointed to look after the campaign is loyal and at work. I ask every portion of the county to consider what these localities have done and to "go and do likewise."

BANKHEAD HIGHWAY PARTY PASS THROUGH OUR COUNTY

OFFICIAL BANKHEAD PATH-FINDING COMMISSION VISIT OUR CITY: COMPLIMENT OUR GOOD ROADS AND GIVE US 95 PER CENT ON SAME

Last Saturday, November 2nd, the Bankhead Highway Pathfinding party passed through our city on its Eastward inspection tour, El Paso to Texas, stopping here only a few minutes on account of being behind on their schedule.

They were met at or near the Howard county line by a delegation of our citizens in cars, composed of Dr. P. C. Coleman, Judge C. H. Earnest, B. S. Van Tuyl, County Engineer O. Leonard and J. G. Keathley; and were escorted through Colorado to Sweetwater where the party stopped for lunch.

The original program was to stop here for lunch, but owing to some unforeseen changes in the program, the change was made to Sweetwater. When the party left Memphis, some 18 days since, numbered six or seven, but had been reduced on account of sickness and return home, to four in number.

These four were J. A. Rowntree, Secretary Bankhead Highway Association, Birmingham, Alabama; W. E. Henkle, Chairman Pathfinding Commission; J. W. Gwin, Engineer, Birmingham, Alabama, who is a prominent citizen of that place, being Chairman of Board of Revenue of that County; and M. O. Eldridge, Engineer, out of the Office of Public Roads, Washington, D. C., and a highly educated man in his line, having been connected with the office of Public Roads in Washington for twenty-five years.

These men, all of them, were loud in their praise of Highway No. 1 through Mitchell County, and Mr. Eldridge did not hesitate to say that if all the road from El Paso to Texas were as good as that through Mitchell county, there would be no sort of question where the Bankhead Highway would be located; that one could pass over this road at night and understand that it had been built under the supervision of a competent engineer. This was a very great and deserved compliment to Mr. Leonard, engineer in charge of the work in this county. He also said that Mitchell county was graded 95 per cent in his estimation of the work and the only reason he did not make it 100 per cent was on account of the unfinished condition of the West end of the road.

A serious criticism was made by this party on one point of the road, and that was in regard to the sharp and dangerous S turn at the top of Lone Wolf hill in East Colorado. What a pity it is that a few feet could not be obtained from the two opposite corners, and the road be given a broad, even sweep around this corner. Let us see if something can't be done toward this great and vital improvement of this splendid highway through our county, of which we are all so proud.

Judge Adrian Pool of El Paso was travelling with the party. Everyone who knows Judge Pool knows that he does not indulge in extravagant and unmerited compliments. He was most fulsome in his praises of our road and said they had no finer in El Paso county, though some of it there had cost as much as \$15,000 per mile. He said that El Paso would be at the Mineral Wells convention in force, and expressed the hope that Colorado would send 100 automobiles "decorated with pretty women." Judge Pool declared El Paso found the El Paso-Fort Worth highway two years ago; the state highway commission a year later and now the Bankhead commission has found it.

The Bankhead highway is a transcontinental highway, named in honor of Senator Bankhead of Alabama. The pathfinding commission is inspecting two proposed routes, having first traveled through the Oklahoma route and now being on the Texas tour of inspection over Highway No. 1, from El Paso to Texas.

Secretary Rowntree of Birmingham Alabama, who is in many respects the life of the Bankhead Highway, talked of the great meeting at Little Rock last summer in which 1700 delegates took part, and at which meeting this county was so ably represented by Judge C. H. Earnest, and at which the Bankhead Highway from Little Rock west was routed tentatively through both Oklahoma and Texas. The commission is to decide which state is to finally get it. He said that if he had a vote in the matter he would like to see Texas get the road. He urged a full attendance at the Mineral Wells meeting next April.

M. O. Eldridge, of Washington, said they were looking for a location for a good road, not for the road. He explained the kind of road that must be constructed, giving some technical details.

J. W. Gwin, the commission's civil engineer, declared that a good road would pay for itself in two years in time, tonnage, oil and gas alone.

The whole party expressed the greatest delight in meeting Western people, and commented on the great hospitality shown the party everywhere.

Colorado feels honored in having these splendid gentlemen as her guests if for only a short time, and only regrets that circumstances prevented their longer stay, and that we did not have an opportunity to entertain them at luncheon as originally planned.

The Record not only hopes but believes with many other citizens of West Texas that the Texas route will finally be adopted by the commission, not only because of the shortest and most direct route, but because of the fact that it would be an all year route, no snow or ice, and but little cold weather, to mar the travel of automobiles any time of the year. And another feature is the fact that the route parallels the Texas & Pacific railroad all the way, and one is never out of reach of a telephone or telegraph connection, and never more than five or six miles from a station, town or hamlet. Let us hope that we get this important highway. One thing is certain, Mitchell county has done her part and nobly, and if other counties had done half so well there would be no question of getting the location of this highway.

A GOOD FAMILY GONE

Last week Judge Jesse H. Bullock and his estimable family left Colorado, as he said "for good." Mr. Bullock has located at Cisco, having bought an elegant home there.

He was County Clerk of Mitchell County two terms and County Judge for two terms, and filled both offices with perfect satisfaction to his constituents. He is president of the First State Bank at this place, having helped organize it a couple of years ago. He and his good wife were prominent in Church work as well as in every good cause. He was chairman of the Mitchell County Chapter of the Red Cross and was on all the boards and committees of the various war organizations. Mr. Bullock is "100 per cent American" all right, and always stood for and worked at any enterprise for the betterment of his town and county. This good family will be missed in official circles, in church work and in society, and we most heartily congratulate Cisco on acquiring them as citizens.

made among Baptists previous to 1850 in East Texas.

The first of February, 1845, six months before annexation, the charter for Baylor University was granted by the Congress of the Republic and the school located at Independence. The University was opened May 18, 1846, with Mr. Gillette as the only teacher. Pres. Rev. Henry L. Graves of Georgia came in Feb. 1847, and took formal charge. To make Baylor a great school now began in earnest. It is not likely that a more valuable cargo was ever landed in Texas by one ship than the one that brought Rev. Henry L. Graves, J. W. D. Creath, P. B. Chandler and Noah Hill. Elder Graves came as President of the University. The others as missionaries, appointed by the Board of the Southern Baptist Convention.

Sept. 8, 1848, the State Convention was organized. H. L. Graves, Pres.; James Huckins, Vice-Pres.; J. G. Thomas Rec. Sec.; R. C. Burselon, Cor. Sec., and J. W. Barnes, Treas.

In 1855 the "Texas Baptist" edited by Rev. G. W. Bains, one of the strongest and safest men in the state, marked an era in Texas Baptist history.

There are many names I would like to mention as N. T. Byars, R. H. Taliaferro, S. G. O'Bryan, Jesse Witt, Isaac Lane, W. A. Montgomery, Horace Clark, D. B. Morrell, J. R. Brisco, A. E. Clemmons and G. W. Pickett. D'Israele says "The secret of success is constancy of purpose."

The early Texas Baptists were men of boundless energy, great zeal, cool wisdom, uncompromising principle, and men of prayer. And there was concert of action on the part of these master builders. From the beginning the denomination has not wanted for men of rare consecration and wisdom.

CALOMEL DYNAMITES

A SLUGGISH LIVER Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work

Calomel salivates! Its mercury Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, go just to back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. Adv.

THE KIDDIES SCHOOL LUNCH BASKET

LOU E. STALLMAN,

Associate Director Home Economics, Federal Food Administration and Urban Home Demonstration Agent.

Who's starting off to school for the very first time this month? For such an event as important as a birthday anniversary or a circus day, the little lunch basket should be carefully packed. What to put in it, as well as in the older kiddies' lunch box, is on the minds of American mothers this year as never before. The need to make the next generation vigorous has made a deep impression on the country.

School lunches are going to be packed more carefully than ever before, and the evening meal will not be relied upon to make up for the nutrition lost at noon. The numerous milk dishes which are so healthful for children are difficult to pack in a basket or box, and for that reason many suggestions as to what shall be put in the lunch pails are always welcome to mothers.

The following easily prepared school lunches may suggest others to the busy housewife:

1. Crisp rolls, scooped out, filled with chopped fish, which has been seasoned or mixed with salad dressing.
2. Apple.
3. Bread and butter sandwiches.
4. Lettuce or celery sandwiches.
5. Cup custard.
6. Jam sandwich.
7. Baker bean and lettuce sandwiches.
8. Jar of apple sauce.
9. Bread and butter sandwiches.
10. Maple sugar candy or cookies or tea-cakes or prunes stuffed with peanut butter.
11. Cheese sandwiches.
12. Dates, stuffed with nuts.
13. Cottage cheese and chopped green pepper sandwiches.
14. Peanut sandwiches.
15. Fruit and cake.
16. Raisin and nut bread with butter.
17. Orange; maple sugar candy.
18. Cheese.
19. Hard-boiled eggs.
20. Celery.
21. Crisp cold baking powder biscuits.
22. Maple sugar sandwich.
23. Baked bean and lettuce sandwich.
24. Jar of apple sauce and raisins.
25. Cookies.
26. Slices of meat loaf or bean loaf.
27. Bread and butter sandwiches.
28. Stewed fruit; small cakes.
29. Raisin bread and butter sandwiches.
30. Bottle of milk.
31. Small ginger cakes, apple sauce.
32. Sandwiches with sliced tender meat.
33. Baker apple.
34. One-half cake milk chocolate.
35. Cheese sandwich.
36. Jelly sandwiches.
37. Parisian sweets (made of figs, dates, raisins and nuts).

PENALTIES IMPOSED BY FOOD ADMINISTRATION.

DeGeorge's grocery store, 3729 Washington avenue, Houston, has voluntarily agreed to pay \$10.00 to the Red Cross as an act of his good faith in complying to the regulations of the Food Administration. Mr. DeGeorge admitted that he had sold flour without substitutes.

Mr. Mentz, 2421 McKinney avenue, Houston, has voluntarily agreed to pay \$10.00 to the Red Cross as an act of his good faith in keeping the rules and regulations of the Food Administration. Mr. Mentz admitted selling flour without substitutes.

W. Greenburg, 2529 Rusk avenue, Houston, has voluntarily agreed to pay to the Red Cross \$25.00 as an act of his good faith in keeping the rules and regulations of the Food Administration. Mr. Greenburg admitted selling flour at an excessive price.

For violating stabilized price of cotton seed by paying hauling from points distant from the railroad in addition to the carload price as fixed by the Food Administration for the zone, the Denton Oil and Oil Company, as evidence of regret for the past and good faith for the future, has contributed \$200 to the drought sufferers' relief fund.

F. Verdena, a retail grocer at 1703 Cleveland, Houston, has been penalized by the Food Administration by having his doors closed for two days, October 11 and 12, for selling flour at an excessive profit and without substitutes.

L. Bonaccorta, a retail grocer at 1602 Gillette street, Houston, for excess profits on flour and selling flour without substitutes, has been penalized by having his doors closed for two days, October 11 and 12.

C. S. Berno, a retail grocer at 1413 O'Neil street, Houston, has been penalized by the Federal Food Administration for Texas by an order closing his doors for two days, Thursday and Friday, October 10 and 11, for violation of the regulations governing the sale of wheat flour and butter. Giannetta was found guilty of having sold both flour and butter at an excessive profit.

The first big case tried by the Federal Food Administration for Texas in which shortage of weight in packages of butter was the chief factor was held in Galveston on Saturday, when the Alvin Creamery Company was penalized with a fine of \$100.00 to be paid the Red Cross. The testimony and evidence adduced showed that the Alvin Creamery Company had sold packages of butter marked 16 ounces, containing but 13 ounces of butter; and packages marked 16 ounces which contained but 13 to 14 ounces. The complaint came to the Food Administration from Houston, Galveston, Beaumont and Corpus Christi.

The case was tried in the office of James A. Bodeker, County Food Administrator for Galveston, with Judge Ireland Graves of the Enforcement Division as the trial judge and H. L. Mills of the Field Inspection Division as prosecutor. The Food Administration was also represented by Chas. L. Dessel, director of the Perishables Division, and H. Warrach, Jr., field inspector. Three representatives of the Alvin Creamery Company were present in interest of the defendant.

The Creamery Company presented the extenuating fact that they were short of labor when the short-weight packages were sent out and inexperienced help was largely responsible for the condition. A number of Galveston witnesses were called in to testify, as well as members of the Price Section in Galveston.

EARLY BAPTIST MISSIONARIES OF TEXAS.

(A paper read by Mrs. S. Gustine at the Missionary Society and published by request).

In 1824 Rev. Freeman Smally from Clinton County, Ohio, walked five hundred miles from New Orleans up the Mississippi and Red rivers and preached at Pecan Point on the Texas side of Red river. Here he found a small settlement of whites, and in the home of Wm. Newman the first Baptist sermon is said to have been preached in Texas.

The year following, 1825, another Baptist Missionary, Joseph Bays, came into Texas and preached the first Baptist sermon on the West side of the Brazos river. He was making his way to the Mexican settlement at San Antonio. He stopped at Moses Shipman's at San Felipe, the capital of Austin's colony, and preached in Shipman's home. He then went to

Look, Mother! If Tongue is Coated Clean Little Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by the "California Fig Syrup Company." Adv8

San Antonio, a settlement given up to Roman Catholic worship; the only creed recognized by the Spanish government. He preached with great zeal, but soon the priests, aided by the civil authorities ordered him away.

There is good reason to believe there were Baptists in Austin's colony and also other Christian Protestants, and in other parts of the territory, who had been in Texas for several years. The next Baptist missionary in Texas was Rev. Thomas Hanks, who came in 1829, from Tennessee. He found a warm welcome in the home of Moses Shipman. Mr. Hanks was a highly gifted, persuasive preacher and under his preaching the first recorded profession of faith made in Texas was Mrs. Lydia Alcorn, who made a public confession but was denied baptism for ten years.

In 1834 Rev. Samuel Rud moved from Tennessee to Nacogdoches. He went from house to house praying and preaching as he went. These services were held with more or less secrecy to avoid trouble with the priests and civil authorities.

In 1836 Mr. Rud became bolder, with time and experience, and thru his influence the settlers built a log house four miles north of Nacogdoches, in which services were regularly held.

In 1835 Revs. Marsh and Z. N. Morrell came to Texas. Morrell preached the first sermon ever delivered in Houston, then a settlement of tents. He was for years a conspicuous figure in Texas.

In 1829 Thomaas J. Pilgrim, a teacher from New York state, in the Austin colony, organized a Sunday School. Mrs. Millard whose family lived a few miles north of Nacogdoches conducted a night prayer meeting for a time. Looking back from this distance, it is clear that Providence brought about a combination of conditions favorable to the steady development of Texas. From 1806 to 1819 was a period of filibustering. Fugitives from these unsuccessful expeditions to bring Texas from Spain, told in the older states the story of the goodly land of Texas, far and wide.

Some twenty-six colonies were planted in different parts of Texas. From the first Texas was peopled with the best in America.

On March 2, 1836 in a blacksmith shop owned by N. T. Byars, a Baptist preacher, in the town of Washington, the declaration of Texas independence was signed by about sixty men. The war followed with its Goliad, its Alamo and at San Jacinto a blow was dealt to Santa Anna and the independence of the Republic procured. All difficulty was now lifted from the path of the emigrants, who poured into the country, among them many Baptists.

In 1837 the first Baptist church was organized at Washington. Application was at once made to the Home Mission Society of New York for aid, and to carry on evangelistic work. Rev. James Huckins and W. M. Tryon were appointed. In 1838 a church was organized by Revs. Rud and R. G. Green, four miles north of Nacogdoches called Union. At this time B. F. Whitaker was received and baptized. At Plum Grove on the west side of the Colorado river a small log house with a brush arbor had been erected, and Judge R. E. B. Baylor, late of Alabama, preached with force. In this log cabin Texas Baptists first observed the ordinance of the Lord's supper. In October, 1840 a district association was organized with T. W. Cox moderator, Mr. Collins Clerk, and R. E. B. Baylor Corresponding Secretary, called Union Association.

Oct. 1841 came the second session of the Union Association. In full force the strength of the denomination was present. Morrell, Baylor, Huckins, Tryon, Cox, Byars, Davis—and other preachers of power, dignity and strength were there. There was occasion for joy. Progress was the slogan of the hour. Tryon was chosen Moderator and they organized the Home Mission Society, Auxiliary to the New York Home Mission Society; and at this meeting W. M. Tryon started a movement to found an institution of learning, chiefly to improve the ministry. Owing to different causes churches were not organized in East Texas as in middle and West Texas. There was an anti-missionary spirit, and a reign of terror during the career of the regulators and moderators.

In 1841 Lemuel Herrin settled near Marshall in Harrison county. He and Asa Wright had much to contend with and little progress was

ALLOWANCE OF SUGAR CUTS OUT NON-ESSENTIALS

Further Restrictions Imposed on Ice Cream Manufacturers and Candy Makers by Food Administration.

November and December Allotment Cut to 12,500,000 Pounds a Month in Texas—Substitutes Provided.

The November and December allotment of sugar for Texas does not provide for the further carrying of ice cream manufacture as essential. The allotment of ice cream makers for November and December will be 25 per cent per month of the average monthly consumption during July, August and September of 1917. The allotment of sugar to Texas by the Food Administration for November and December respectively is 12,500,000 pounds.

The allotment for Texas during July was 18,000,000 pounds, August 12,230,000 pounds, September 14,700,000 (with the addition of 2,000,000 pounds extra for preserving needs).

Soft drink manufacturers, which include bottlers, soda fountains, etc., are only allowed 25 per cent per month of the average monthly use during July, August and September of 1917.

Candy Men Cut.

Candy manufacturers are allowed 50 per cent of their average monthly use for July to December, inclusive, of 1916, and for July to December, 1917, inclusive.

In numerous instances patriotic house holders can not understand why they are requested to cut their consumption of sugar to two pounds per person per month when apparently bottlers, candy manufacturers and soda fountains are obtaining sugar in what seem unlimited quantities. The Food Administration wishes it thoroughly understood that all manufacturers of non-essentials are controlled by the Food Administration and in the case of the bottlers, soda fountains and ice cream manufacturers they are only allowed 25 per cent of the amount of sugar they consumed during the period set forth above.

On account of the great use of various sweetening substitutes practically all manufacturers have been able to keep up their output, supplying all demands made upon them for non-essentials. The consumer, however, who patronizes the various soda fountains can rest assured that the non-essential drinks where continued will contain at least 75 per cent sugar substitutes. By this the Food Administration does not wish to imply that the substitutes used are unwholesome. They are not. Bottlers have been able to obtain various court syrups, honey, maple sugar and other substitutes.

Ice Cream vs. Milk.

With reference to ice cream manufacturers the Food Administration announces that while heretofore they were allowed sufficient sugar to take care of their requirements, the reason for a change in allotment is due to a change in the program of the conservation of dairy products. At the time almost full measure of sugar was allowed to the ice cream manufacturers by the Food Administration was endeavoring to protect the dairy interests in order to bring about an increased production of milk and to care for the surplus which was difficult of marketing during the spring and summer.

On account of cooler weather and the lessening milk supply the Food Administration has been compelled to reverse its program in reference to ice cream manufacturers, believing that it is more necessary to get the milk to the household in liquid rather than in ice cream, and also because it has a greater nutritive value in the liquid form.

It has been brought to the attention of the Sugar Division that some representatives of jobbers have been informing their trade that they could sell sugar in larger quantities than the two and five-pound packages. This is in error. Two and five-pound package rule must remain in force until such order is changed by Food Administrator Peden.

MEAT PRODUCTION TO BE

INCREASED BY NEW METHOD OF GOVERNMENT BUYING.

Texas cattlemen are highly pleased at the decision of the Agricultural purchasing beef for the allies and American arms to buy beef by quality rather than by weight. Ike T. Fryor of San Antonio, president of the American National Live Stock Association, writing Administrator Peden on the subject, says:

"My Dear Mr. Peden: I have read your letter of October 17 with a great deal of pleasure. The agreement entered into by Secretary Daniels, Secretary Houston and Mr. Hoover, also representatives of the quartermaster general of the army, and paymaster general of the navy, is worth millions of dollars to the producers of live stock of this country, and this great saving to the producers will not necessarily be the means of the government paying any more for their beef than they have in the recent past.

"To illustrate: A baby beef, which has been full fed from weaning time so as to hold all of its milk fat, weighing, say 200 pounds when 15 or 18 months old, has been selling on the market for from \$2.00 to \$4.00 per hundredweight, less than the coarse animal weighing 1,200 or 1,500 pounds, whereas it is equally as good, if not better beef than the heavier weight, but the light weight could not get into a class where the army and navy would use it. Therefore, this has created somewhat of a monopoly on the heavy beef and has made very much against the sale of lighter weight beef, which is just as good in quality.

"I have known producers to refuse to buy a drove of cattle because, when fat, they would not weigh a sufficient amount to come within the army specifications when killed. I am certainly glad to know that the meat hereafter will be selected on a basis of quality, and the inspectors, under the jurisdiction of the Agricultural Department, are the proper ones to make this inspection.

"I want to thank you for your letter confirming this information, which I had learned through the press. This will be a great stimulus to meat production in America."

"ITALY'S FLAMING FRONT"

Since the world war wrapped humanity in its winding-sheet of flame over four years ago, there has never been a motion picture made of any of its man thrilling phases that reaches the heights of artistic merit achieved in 'Italy's Flaming Front,' the great six-reel production which comes to the Opera House Friday and Saturday, Nov. 8th and 9th.

In arranging for the release of this amazing cinematographic history of recent events on the Austro-Italian front, the Italian High Command wished to give the American people the most graphic idea possible of the many seemingly impossible handicaps that had to be overcome before the Austrians could be dislodged from their natural fortresses in the snow-capped Alps of Trentino and the mountains north of the Piave, where recent invasion was turned into a Teutonic defeat.

No one who sits through an exhibition of these pictures can for an instant question whether this result has been achieved. Every episode in the entire production is packed with interest of the most extraordinary kind. One marvel in engineering science and military tour de force follows the other in such rapid and varied sequence that the spectator is left breathless with admiration and amazement.

Then to cap a whole series of climaxes, the details of a combined naval and aeroplane battle on the Adriatic Sea are pictured in a manner that leaves no doubt of their absolute reality, from the moment when the first shot is fired from an Italian gunboat at the approaching enemy aircraft, until the Italian battle hawks, forcing the Teuton despoilers to descend to the surface of the sea, capture them and start back in triumph with their prisoners and the disabled Austrian bombing planes to the nearby port of Venice.

CROWN PRINCE WRITES

TO HIS PAPA WILHELM

"Dear Papa—I am writing on der train as der brave and glorious soldier under my command have not seen der Rhine for so long dat they have started back dat vay and of course I am going mit dem. Oh, Papa, dere has been some ofel dings happened here in France. First, I started in my big offensive which was to crush de fool American, but dey know so little about military tactics dat dey vill not be crushed just like I want 'em. I sent my men in der fight in big waves and when dey got to de Americans dey all said 'Boo' as loud as they could holler. Vell, according to vat you have always told me, de Americans have turned and run like blazes. But gat do you think? Dem fool Americans don't know anything about war, instead of running de odder vay, day came right toward us. Some of dem was singing something about 'Ve Vont Come Back Till It's Over, Over Dere,' or some odder foolish song, and some of dem ver laughing like fools. Dey are so ignorant. But dey are ofel reckless mit der guns, and ven dey come toward us it vas dat my men took a notion dey wanted to go back to de dear old Rhine. Ve don't like the little old dirty Marne River anyhow. And, oh, Papa, dem Americans use such ofel language. Dey know nothing of Kultur, and say such ofel dings right before us.

"And dey talk blasphemy, too. Vot you tink dey said right in front of my face? One big husky from a place dey call Arizona, he said—oh Papa, I hate to tell you vat an ofel ting he he said—but I can't help it; he said, 'To Hell mit der Kaiser!' Did you ever hear anything so ofel? I didn't think anybody would say such a ofel ting. It made me so mad. I couldn't stand and hear such an ofel ting so I turned round and run mit der odder boys. HEALTHY

SPANISH INFLUENZA OR

BY DR. LEE H. SMITH.

An old enemy is with us again, whether we fight a German or not, we must put up a good fight, and be afraid. The influenza runs a very course when the patient is careless, if we keep the system in good condition and throw off the poisons which accumulate within our bodies, we can escape the disease. Remember the three C's—a clean mouth, a clean nose and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Ironio" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

going de odder vay now, and breast plates are no good, for de cowardly Americans are shooting us right in der back. Some of our boys took off der breast plates and put dem behind, but de fool Americans are playing 'Der Star-Spangled Banner' mit machine guns on dem plates.

"Can't you help us? You remember in your speech you said nothing could stand before the brave German soldiers. Oh Papa, I don't believe dese ignorant Americans ever read your speech for dey run after us just like ve vas a lot of rabbits Vot you tink of dot? Can't you send them some of your speeches right a way? Dey don't know how terrible ve are. Can't you move my army back to Belgium? Ve von our glory? My mer all de vimmen and children. Belgians can bring us. But ericans are so rough and we can't make 'em unde vet ve are de greatest ad ers on earth, and ven ve try to sing 'Deutschland Ueber Allies,' day laugh like a lot of monkeys. But ve are getting the best of the Americans. We can outrun dem. Papa, if ve are not de best fighters on earth, ve are sure de best runners. Nobody can keep up mit us ven ve tink of der dear old Rhine, and my army never did tink so much of dot dear old river. Let me know right avay vot to do by return post office.

The great United War Work campaign which is to begin on the 11th is being well planned for Mitchell County.

On Saturday afternoon county chairman, Judge W. P. Leslie and Rev. W. C. Garrett, pastor of the Baptist church went to Westbrook and enthused the good people there at what are there will show they are patriots to the core, when the comes for them to make the showdown. They have always done nobly, and this will be no exception.

At the same hour Hon. L. W. Sandusky and Rev. Guy B. Duff, pastor of the Presbyterian church, went to Cuthbert to confer with and instruct the good people there. They found them in such a receptive mood that all they could do was to receive their offering, even before the time for receiving it. Their hearts and souls are in the work for many of their best young men are in the service and had already written home of the most helpful advice and kind deeds received at the hands of the Y. M. C. A. So their dollars came freely for this truly christian work. Over \$200 were received and more will be given. When we think of the hardships this community has gone through with the past few years, we call this noble and indeed a thank-offering right from the heart. We are sure other parts of the county will do as well for this work as this community did.

Next Sunday at 3 o'clock p. m. there will be a mass meeting in Colorado and surrounding communities. There will be a special program and Colorado will be expected to do her part. The meeting will be at the tabernacle, the weather permitting, and if not at the M. E. Church. Everybody is urged to come and bring some one with you.

Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.

LET'S TURN THE JOKE.

Frederick the Great has not come down in history as a joker. But at the time of the American Revolution he perpetrated a "little laugh" at the expense of the struggling colonists which is one of the cherished memories of the Hohenzollern dynasty.

In the first stages of the war Frederick's policy was to pursue a "middle course," taking sides neither for nor against the Americans; but when he learned of Burgoyne's surrender he assured Benjamin Franklin that he would recognize their independence "when France, which is more directly interested in the event of this contest, shall have given the example." Also he instructed his minister of state, Baron Schunberg, to permit American agents in Berlin to purchase arms for Continental troops—stating that "the firm of Splittgerber & Co., contractors for the manufacture of arms, have received directions to deliver such as you may need."

Acting under this authority, Arthur Lee, our commissioner to Prussia, purchased eight hundred fusils but, when delivered it was found that they were old, wornout weapons, which were utterly worthless. Lee indignantly demanded that the Splittgerber firm be compelled to rectify the fraud, but was informed that he, "as a good republican, ought to know that the Prussian king had no power to arbitrarily right private breaches of contract."

There is a sentiment growing among the members of Congress that, when the final settlement is made with Germany in this war, a bill for \$8,000, plus compound interest at 8 per cent for 139 years, should be included. From the Hohenzollern viewpoint it was a good joke on the struggling colonists, and surely Wilhelm II, "as a good sport," ought to be willing to pay—even if it does come at the other end of the joke.

FROM OVERSEAS

A letter written by Corp. Winfield R. McAfee, who formerly taught school at Westbrook. He is well known in that part of the county and his friends will enjoy his letter. He says:

"I am having a good time in this place. I am somewhere in the British Isles and I have learned many things. This is a wonderful country and the people talk English, but it sounds very funny to Americans. I like the people alright though. I visited a very old cathedral this morning and it was very good to see. The most interesting thing I have seen yet is the old fashioned way of doing things. I wish you could see the trains—they are quite different from ours.

It has rained each day since I have been here and we have seen the sun once, but the country is pretty and green and in the camp where I now am, there are a number of green vegetables. Makes me think of getting in a carload from Colorado as we use to about this time. We get plenty of good grub to eat here. The meat is mostly mutton but it is tender

and nice. We will only be here a very few days I think. We hope to be back by next spring to the good old U. S. A., and I shall be glad. You can take all the ocean voyages you wish, but I don't want but one more and that one I want to lead back that direction. I wish I could tell you all about that trip, but I can't, but some very exciting things happened. The camp here is abig one and I like to talk to the "Tommies" but you have to listen close to hear them. Scotland is the prettiest country I have seen. I hope to see London before I return home.

There are numbers of women workers in this country. I have seen them at work in mines, on the street and in nearly every vocation of life. You pass the word on to the folks that I am doing well. The English money is different from ours some. The pennies are as large as our half-dollars; the flourin are about the size and the same value as our half-dollar. The shillings are like our quarters. A six cent piece is nearly the size of a dime and worth two pence more. A pound note is blank paper on one side and one "L" on the other side. I got to quit and take a hike now.

Well, sport, I'll bring you a souvenir from here. Your brother, (Corp.) Winfield R. McAfee, 3rd Co., 5th P. O. D., Bri. care Chief Ordinance Officer, field P. O.

KEEP AT IT

"The actual consummation of peace," said L. A. Coulter, State Director of the United War Work Campaign, in a recent discussion of its probable effects, "would not lessen by one penny the necessity for over-subscription of the Liberty Loan or of the War Work funds.

"There are two obvious reasons for this. The first is the chance that if Germany were to see us slacken up, that faithless nation that has already violated every law of humanity might merely use the peace talk as a trick to gain time for strengthening their army and prolonging the war. Every dollar loaned or given now means a speedier and surer peace, and a peace that will last.

"The second very important reason, possibly overlooked by some, is the enormous amount of money and time that will be required to get our boys and material home after the war. Even if we can bring them back as fast as we have sent them, it will take a year and a half to get them all home.

"Then, during all those months of partial idleness, the boys with vigorous bodies and high spirits surrounded by alluring temptations, the welfare work is going to be needed every bit as much as during the actual fighting, and some say even more.

"With all this in mind, every true American should put every ounce of determination into these last efforts. The United War Work funds should be successfully oversubscribed to prove to the boys that we will not neglect them after they have won their bloody and hard fought battles."

The teaching force of France has been depleted 70 per cent.

32,000 children in the schools of Paris were receiving food for their school lunches from the American Red Cross at the beginning of the term.

HOT BROTH FOR "BUDDIE"

Hot broth is always welcomed by our men "over there," but when it is served by a "regular American woman" it is doubly welcome. Photo above was taken at a French field hospital "somewhere in France," and shows two Y. M. C. A. canteen girls serving the convalescents. "Something to warm you up a bit, buddie," heard at the outer edge of a tent is sure to bring instant response from the inside of the tent. The American Red Cross nurses, Salvation Army lassies and Y. M. C. A. canteen girls hold themselves in readiness for any and every kind of service. "Buddie" is glad to see them, whatever their mission, for, being Americans, it is good just to feast one's eyes on them.

United War Work Campaign

MOTHERS and sisters of America, there are a thousand girls over there who are representing you. They are the girls of the Y. M. C. A., the Y. W. C. A. and the lassies of the Salvation Army. Boys come back to them at night hungry for a woman's voice in a language they can understand. They bring your letters; and the pictures of you---their sisters and their mothers over here. Have you ever stopped to think that this is the first war in which the influence of good women followed the boys straight up to the front? It's worth a lot to you to keep that influence strong and permanent. Keep it so through the

RED CROSS ACTIVITIES

NOTICE OF ELECTION.

In accordance with the rules of the American Red Cross, the Mitchell County Chapter of the Red Cross will hold an election on Wednesday, November 20th, 1918, for the purpose of electing an executive committee. Said committee to be composed of five members, who shall be nominated by a committee that has been previously appointed. The names of the nominees will be published. It is also provided that any ten members of the Red Cross who may desire to nominate a person for the executive committee to be voted on at said election, have the privilege of nominating any member that they may desire on the executive committee ten days prior to the day of election.

The election will be held at the Ladies Red Cross work room on main street. Mr. L. W. Sandusky is appointed to hold the election, with any assistance that he may need.

Also a mass meeting of the members of the Red Cross is called for Wednesday, November 20, to meet at the Methodist church at 7:30 for the purpose of hearing the annual reports of the departments of the Red Cross, and to complete our officers for next year by electing a Chapter Chairman, Secretary and Treasurer. These officers will be elected by acclamation after the report of the nominating committee.

W. P. GARVIN, Chairman Executive Committee of Mitchell County Chapter American Red Cross.

NOMINATIONS.

The nominating committee of the Red Cross to nominate candidates for membership on the executive committee was F. M. Burns, Chm., Mrs. J. E. Hooper, Mrs. H. B. Broadbush, Miss Eleanor Coleman and Mrs. A. L. Whipkey. This nominating committee has nominated for membership of the executive committee, and the official notice follows:

ATTENTION KNITTERS.

All persons having wool for knitting articles for the Red Cross, are requested by the Chairman of Woman's Work, to complete same and send them in before the 20th if possible, as she wants to make a full report at the Chapter meeting on Nov. 20th.

RED CROSS MEETING.

The executive board of the Mitchell County Red Cross met at the M. E. Sunday School rooms Tuesday at 4 p. m., with the chairman, Rev. W. P. Garvin, presiding.

Mrs. Jones, chairman of Woman's Work, reported the surgical dressing rooms closed since the 18th of October on account of the Spanish influenza, and the hospital garments quota not yet received, but the knitting department doing excellent work. They now have 104 pairs of socks and twenty-six sweaters ready for the December shipment.

Mrs. Prude, chairman of Finance Committee reported \$4.50 collected since last meeting.

The Treasurer, Mrs. T. W. Stone- road, reported \$603.43 on hand and three new members.

Mrs. A. J. Smith sent in a check for twenty-five dollars to be used in the local Chapter.

Judge J. C. Hall was appointed chairman of the Christmas Roll Call which is to begin in early December.

Messrs. E. F. King, Y. D. McMurry, W. A. Dulin were appointed as a Conservation Committee. They will notify the public later as to where headquarters will be so as those having peach seeds may bring them to them for shipment.

MISSIONARY MEETING.

The Presbyterian Missionary Society met last week with Mrs. Y. D. McMurry. The lesson from "The Missionary Survey" was on Korea and led by Mrs. McMurry.

They began their new study on "The Women of the Orient." The topic being the working women of China, Japan and India. This was taught by Mrs. P. C. Coleman.

Mrs. Robert Brenand and Miss Mildred Coleman were guests.

At the social hour Hallow'een recollections were indulged in. The dining room was decorated in Hallow'een emblems.

Pumpkin pie, cheese and coffee were served by the hostess and the daughter of the house.

Chamberlain's Cough Remedy.

Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

CARD OF THANKS

We wish to express our heartfelt thanks to the friends and neighbors who ministered to us in the sickness and death of our little darling baby Roy. When sorrow comes to you may you be so ministered unto.

Mr. and Mrs. G. F. Harper.

The Record is in receipt this week of a card from Henry Enderly who is "somewhere in France," on which he says: "All of us boys are well and enjoying the scenery.—Sergeant Henry Enderly." On the reverse side of the card was the picture of a beautiful girl, but Henry did not say whether it was his French sweetheart or not. All the Colorado friends will be glad to hear that "all the boys" are getting along so well.

MISSIONARY STUDY CLASS

The Baptist Missionary Study class met at the Church last Thursday. The topic for the hour was State Missions, led by Mrs. A. L. Whipkey. Mrs. Terrell, Mrs. Lee Jones, Mrs. C. H. Lasky and Mrs. Gustine each told what impressed her most at the Sweetwater Association, which met at Sweetwater in October.

One of the most interesting and instructive parts of the program was the paper on "Early Texas Missionaries" read by Mrs. Gustine. The offering went to State Missions.

Rev. W. P. Garvin left Tuesday night for Abilene to attend Annual Conference. On account of the influenza epidemic the meeting was changed from Lubock to Abilene and only a short session will be held.

W. S. S. MEETING.

On Tuesday evening, Nov. 5, at the War Savings Society meeting the coming campaign for the United War Work was the main subject. Miss Eleanor Coleman, Mrs. Merritt and Miss Adams, each gave interesting talks on various phases of the work done for our boys, and each gave ample reasons for making us want to give liberally when the campaign opens. Mr. Sandusky discussed the objections he had heard raised, and gave good answers for each. A general discussion followed, in order to prepare members to answer questions should the occasion arise.

Miss Anna Mary Lupton read Governor Hobby's message to the War Savings Societies of Texas, and responded to her encore by a description of Heinie on the run. Little Miss Margaret Sandusky gave a piano solo, and was promptly adopted as the W. S. S. mascot. The secretary, Mrs. Beal, gave out new literature sent from headquarters on "Practical Ways of War Saving" and "Questions About Saving in War Times." Singing of America closed the program.

This society meets the first Tuesday of each month at 8 o'clock, at the home of Mrs. Thomas Dawes. It is one way to show your patriotism. Everybody welcome.

JUNIOR QUOTA.

The Junior Red Cross has accepted a quota of rag rugs and they are at work on them, but in order that they may complete them in the required time they will have to have the co-operation of the grownups in helping them secure the rags. Any kind of rags can be used, so send them over and they will do the rest. Now is the time to instill the spirit of patriotism and teach them how to construct useful articles too. After these are finished work will be begun on something else. Right now send rags.

COLOR PEOPLE RESPOND.

Wednesday evening, county chairman, Judge W. P. Leslie, and L. W. Sandusky and Mrs. Merritt, who had been appointed as a special committee to present the United War Work campaign to the colored people. The principal talk was made by Mr. Sandusky. The appeal followed this and those present responded nobly. Every one who had a member of his family in service was eager to give. The pledges amounted to over \$70 and not all were there. Julia Brown and Rhoda Dexter were appointed to collect and also see others.

COUNCIL OF DEFENSE.

The regular meeting of the Woman's Council of Defense was held at the M. E. Church Tuesday afternoon at 4 o'clock. The main item of business was the report of the Belgium relief garments sent off. Over 128 pounds have been sent. The time was extended so that others might yet have an opportunity to help in this much needed work. Anyone having cast off garments of any kind, no difference how old, bring or send them to the Rackat Store and they will be sent where they can do lots of good in warming those more unfortunate than we are. After the meeting had adjourned the special program on the United War Work campaign was given. Miss Eleanor Coleman spoke of the war work being done by the Y. W. C. A.; Miss Byrd Adams of the war activities of the Salvation Army, and Mrs. Van King gave a resume of the splendid work to which Y. M. C. A. has been devoted since the beginning of the world war. Mrs. Jerold Riordan held the interest of all with a report of what the American Library Association is doing for the soldier in his leisure moments, when he turns to books for information and entertainment, while Mr. Sandusky briefly touched upon the work of the seven different organizations which are carrying on such a magnificent work in the camps in this country and in the war zone.

At the close of the program, Mrs. Merritt, county executive of the girl's division, explained to the young ladies that the money given to the cause of the united war works campaign is to represent either "service or sacrifice" on the part of the giver, and urged all visitors present to cooperate with the girls in "pulling for victory."

CARD OF THANKS

Our hearts are full of gratitude to our friends for the tender words of sympathy and deeds of kindness in the recent death of our son and daughter. It is the comfort of having such friends that helps us to bear our double sorrow. God's blessings on each and every one of you.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

PERSHING SOLDIER INSPIRES S. A. DRIVE

SAW RESULTS OF GREAT WORK WHICH WAS BEING ACCOMPLISHED.

BUSINESS MAN IS ENLISTED

Great Drive for Funds for S. A. Work Places Houston at Head of American Cities in Campaign.

Back of the fine success of the recent drive for the Salvation Army War Service Fund was the impulse and purpose of an artilleryman who went to France with the first Pershing forces in 1917—that the great work the Salvation Army was doing for him and his fellow soldiers must have its proper recognition and support by the people back home. Over and over again he and his fellows benefited by the work of that great organization; over and over again they found its workers eagerly, cheerfully and courageously spending themselves in service for the men in the ranks through the day and through the night, in times and places which gave to such service a peculiar and tremendous value in sustaining the morale of the men.

This soldier has been there, where "at night the troubled earth between the lines is carpeted with pain"; where "death rides whistling in every wind," and where "the very mists are charged with awful torment." He knew the awful pull against a fellow's manhood—in the slow, tedious hours of trench duty amid foul mire, and vermin, and cold and wet, and the nerve-racking crash and concussion of high explosives. And he knew how nearly heavenly it seemed, on coming—mired, cold, weary and sometimes nearly mad—from that hell of trench duty, to find the simple, earnest men, or the pure, honey women or girls of the Salvation Army right there with a cheery word, and the yet more cheery deed of hot coffee or cocoa, or doughnuts or pies or sandwiches.

And in the days off from trench duty, how the deft fingers of those wholesome women, as they plied needle and thread mending the rent jacket, or trouser, or sock, or sewed on a missing button, proved a magic telescope lens piercing through distance and time, bringing up vividly those other faces and hands of mother, or sister, or wife, and making more precious than ever the home ties. And in simple thankfulness, there formed in that soldier's heart the purpose that the folks back home should know of the service he and his fellow workers were getting from the Salvation Army workers, and should generously support that service.

And over and over again as this soldier wrote to his home folks, came the story and testimony concerning the work of the Salvationists, and his urgent, reiterated plea for aid for it. And in the head and heart of the hard-headed and successful man to whom he wrote—a man who formerly had only seen its work to criticize—was planted a virile germ of sympathy and interest for the Salvation Army.

Before the days when Irvin Cobb and other peers of the quill challenged the attention of the nation to the wonderful work of that organization, a quiet, unassuming Pennsylvanian, with wide and successful experience as a campaign organizer, came to Houston at the command of Brigadier George Wood and Commissioner Estill, but between the quite general feeling among many business and professional men then that its work was duplicating the Y. M. C. A. and similar organizations, and the lack of definite knowledge or convincing testimony as to the extent and quality of the service of the Salvation Army, he found it pretty nearly impossible to enlist the organization necessary to make a campaign successful, and was just about ready to concede he had undertaken a hopeless task.

Finally, in a conference with the leader of another great war service drive, he learned of the business men referred to above. And he found that the germ planted by that soldier in France had become a full-grown conviction that the Salvation Army's work deserved generous recognition and aid, also an equally strong purpose that this city should do her share. Through his personal help and counsel other leaders were interested; in ever widening and intensifying circles the interest grew, and an effective organization was enlisted. Houston's citizens, and those throughout the county, were given the opportunity to help our soldiers through the Salvation Army and have responded so heartily and generously as to win for our city and county the very first place in the United States in the national \$5,000,000 drive. But back of it all—the earnest gratitude of a "Sammy"—Corporal Joseph Lynch Calvert. And through his interest our community found its opportunity to do a creditable service.

The fund has passed the \$49,000 line, being increased since Friday by \$32.50 from Chairman Daley of block 28, \$485 additional from the Employers' club of the Universal Shipbuilding company and \$300 from the "Big Stick" committee, making the grand total now \$49,221.28.—Houston Post, August 12, 1918.

SPANISH INFLUENZA STRIKING SUDDENLY

Pneumonia Often Results—Victims Seized Without Warning Making Precaution is Doubly Necessary

Much of the difficulty experienced by health authorities in checking the spread of the Spanish Influenza lies in the fact that it strikes its victim without warning.

Although state and federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the Influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the influenza germ.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensary, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal tonic for persons who are in a run-down condition and who are suffering from the after-effects of influenza, gripe or Bronchial troubles.

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board. Adv.

ABOLISH TIN CONTAINERS FOR CHOCOLATE AND COCOA PACKS.

Chocolate and cocoa manufacturers have signified to the Food Administration their willingness to effect substantial savings in tin and steel by packing their products in containers made of other material, as set forth in resolutions adopted on September 6, at a conference in Washington.

Manufacturers will adopt new containers not made of tin or any other metal as soon as present stocks are used up, which must not exceed a period of five months at most. These containers will be square or oblong instead of round to save packing space.

It was further recommended that cocoa and chocolate, sweetened or unsweetened, in powdered form, shall be put up in packages not smaller than one-half pound, or in packages of one, five, ten, twenty-five, fifty or one hundred pounds, and barrels and cases. This eliminates certain sizes and will effect a saving of labor and material.

ABOUT CROUP.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully. Adv.

ANOTHER LIBERTY LOAN COMING

Secretary of the Treasury McAdoo has announced that, no matter what the results of the pending overtures for peace may be, there will be another Liberty Loan. To use his expression, "We are going to have to finance peace for a while just as we have had to finance war."

There are over 2,000,000 United States soldiers abroad. If we transport these men back to the United States at the rate of 300,000 a month it will be over half a year before they are all returned. Our army, therefore, must be maintained, victualled, and clothed for many months after peace is an actuality.

The American people, therefore, having supported the liberty loan with a patriotism that future historians will have to extol, will have an oppor-

Catarrh for Twenty Years

PERUNA

Mrs. M. S. Davis, 1607 10th Ave., N. Nashville, Tenn., writes:

"After having been a constant sufferer from catarrh for more than twenty years and after trying almost every remedy advertised, and having lost all hope, I very reluctantly began the use of Peruna about two years ago. Everybody says I look younger now than I did twenty years ago, and I actually feel younger and better, and weigh more. I am recommending it to my neighbors and all with whom I come in contact."

E. V. Bell left last week with another car of horses for the eastern market.

Miss Bertha Carter, of Itan, was the guest of Miss Margaret Lasseter Wednesday and Thursday.

J. T. Smith made a business trip to Fort Worth last week and returned with a good case of the "flu." He was real sick for several days, but is improving now. Mrs. Smith was taken sick Monday with high fever. We hope to hear of her recovery soon.

Miss Kathleen Bennett of Dodge, came in Monday to take charge of the Daniel's school.

Quite a number were out Sunday afternoon to hear the speakers in the interest of the United War Work campaign. Hon. W. P. Leslie, County Chairman, opened the meeting and explained the work in detail. He was

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY.

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a small bottle of Knowlton's Danderine in any drug store or toilet counter for a few cents. Adv.

GIRLS! WHITEN SKIN WITH LEMON JUICE.

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles and Sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you. No 4 Adv.

Our friend D. A. Neel, formerly of this county but now of Water Valley, where he has an irrigated farm, renews his subscription and says: In your last issue I notice you still give a fellow a chance before raising the price to \$1.50. Can't afford to do without the Record, so am sending my renewal. I have 3 1/2 acres in Bermuda onions, irrigated one to three times to get the seed up, and the river got on a whiz last week and spread over it, but did not hurt anything. I have a fine stand of onions with rows 18 inches apart; six acres in wheat, looking fine. Will sow some rye and barley (about 10 acres) for pasture. Pecans are almost a failure for the first time in ten years. I am glad that the rains have come to old Mitchell, and putting a season in the ground, as I still have a place up there I want to see wet.

NOW A MAJOR.

Judge C. H. Earnest just received a letter from Maj. Cuy Carleton, an old time friend and school mate. It was written from Camp Wadsworth, Spartanburg, S. C. and in part says: "Of course I have not forgotten you and how you used to beat me in Latin and Math, and I deeply appreciate your congratulations and good wishes. Promotions would not taste good if they did not meet with the approval of one's earliest friends. Yes, I was made Major General and am now in command of the 96th Division and training it for service overseas. If all goes well I expect to take it to France in the spring and add another strong reason for Germany's desire for peace."

Loraine Mercantile Co.
LORAININE TEXAS

Supt. T. H. Holbert made a brief trip to Colorado Tuesday.

We regret to say that Mrs. J. M. Baker has been quite sick, several days this week.

Curtis Reeder and wife, also Mrs. John Mahon of Fort Worth, have been ill of influenza this week.

The family of Horace Cook left last week for Trinidad, Colorado, where they will spend the winter.

J. V. White of Roscoe is putting in a feed store on the corner of the post-office block in the old Foy building.

The family naturally feel some apprehension, and have been in suspense since the receipt of the letter.

Mrs. Bell Adrien of Trent, spent the Sabbath with her mother, Mrs. Copeland, and sister Mrs. Claude Swann.

Rev. M. L. Moody left Monday night for Abilene where he spent several days attending conference of the M. E. Church.

Rev. A. J. Leach delivered an excellent discourse at the Baptist Church Sunday night, his theme being "The Quiet Life."

Malcolm Blakely arrived in Loraine Friday from his regular sales trip, to spend a few days with his wife and little daughter.

J. M. Templeton has moved with his family back to his home in Loraine, after spending several months on the farm fifteen miles north of town.

Mr. and Mrs. Alonzo Phillips began their duties as teachers of the Lone Star school Monday. Mr. and Mrs. Phillips are both teachers of experience and Lone Star is fortunate to have secured their instruction.

The deer and quail season is now open, beginning Friday, Nov. 1, and ending Jan. 1, 1919. The limit on quail is fifteen a day for an individual and it is unlawful to kill more than three buck deer during the season.

Mrs. Copeland, mother of N. S. Copeland, Mrs. D. E. Gunn and Mrs. Claud Swann, is reported sick this week.

Mrs. R. E. Bennett returned home Sunday, from Colorado where she was called for several days on account of the illness of her brother, Earl Jackson.

C. W. Palmer and son returned to Loraine Monday, after having spent most of the fall in Collin county, picking cotton. He still maintains that our section of the country is all-right and says that since the recent rains the mover wagons are heading this way again.

S. D. Dunnahoo came home for Sunday, from the "good roads" camp near Iatan, and helped to eat a sumptuous dinner, which his good wife had ready. Mrs. Allie M. Erwin and Miss Garland were also guests in the home—they also helped to eat it.

Miss Nellie Norman is rapidly regaining strength since her return home Friday from Abilene where she underwent operation for appendicitis. It is thought she will be able to resume her duties in the school room at Silver in another fortnight.

Homer Richards arrived Monday from Deming, N. M., and we are sorry to state was the victim of a painful accident at that place on Halloween night, when he was thrown from a car in which he and several companions were joy riding. He sustained severe

injuries about the head, but we feel sure, under the careful nursing of the home folks, that he will get along nicely, and will speedily recover.

Jermy Land has been notified that his brother De Land, who was wounded and gassed in action in France, has arrived in San Antonio, where he is undergoing medical treatment. Six other boys accompanied him on the return trip, none, however, being Loraine boys.

Judge J. C. Hall moved his family to Colorado this week. We regret to lose this excellent family from our little town, but since Highway No. 1 is finished, it seems that Colorado is much nearer to Loraine, and the Loraine doors are always open, and the welcome sign always up, when they want to come back to visit us.

Mr. and Mrs. C. M. Thompson have received a letter from their son, Pvt. Otho Thompson, written from Glasgow, Scotland, bearing date of Oct. 10, informing them that he was ill and in a hospital. Another letter from a Mr. Gardner, who was nursing him, was dated Oct. 12, and stated that the young soldier was very nervous, but neither letter stated definitely the nature of his illness, nor how he came to be in Scotland.

Misses Besie Green and Iva Black visited in Colorado Saturday.

D. P. Clements left with his family and household effects Monday, for Gorman, Texas, where they will make their home in future.

Mr. Elbert Britton of the Valley View vicinity, has been very ill for several days.

L. E. Crutcher returned to Loraine from points to the east Monday morning.

Miss Annie Bodine was a dinner guest at the home of B. D. Smith and family Sunday.

C. M. Black and Wallace Pendergrass left Monday for Cisco. Mr. Black will remain there at work for a while. Mr. Pendergrass will return this week.

The Bauman school is progressing nicely with Miss Rena Black as teacher. Miss Black is a graduate of I. H. S. and later studied at Britton College at Cisco and Christian College at Abilene.

Mrs. France James arrived in Loraine Sunday and is now employed in the First State Bank. Her husband is in military service and is now enroute to a point of embarkation, from which he will sail in a short time for overseas duty. Mrs. James is at home with her parents, Mr. and Mrs. T. J. Coffee.

Miss Neita Thomas arrived Sunday from Colorado, where she with her parents has been all summer, and enrolled in the Loraine public school Monday. She will make her home with Mrs. Allie M. Erwin for a while. George Edward Stowe with a bunch of youngsters from Colorado, was in Loraine Sunday.

Halloween Party. Misses Jewel, Gladys and Fay Spikes entertained with a Halloween party Thursday night at which spooks, goblins, gnomes, shades, etc., held high carnival. Permission to be present was granted the youngsters by their teachers, and if there were any who were not present we have not yet located them. The usual howls, groans, whines, whistles, bells, and the like, made the night air hideous, and on every corner lurked a spirit—"doomed for a season to walk the night"—grinning jack-o-lanterns peered from ghostly corners, and weird unearthly noises sent shivers racing down one's spine. After about ten o'clock the hideous company could no longer remain within the confines of one yard, but streamed about ever town, noise and horrors in their wake, scaring sleep away—but who has a right to sleep on Halloween? It isn't any fun to sleep when the very air is rife with mystery, and full of wiches and goblins. There is plenty of time to sleep when we are no longer young—it was just innocent amusement, and if there was any real harm done we haven't heard of it; and they "had such a good time" according to several "kiddies" who were present.

DEATH OF MRS. WATLINGTON.

After a tedious illness of more than a month, Mrs. Sarah Jane Watlington, aged 78, died at the home of her daughter, Mrs. H. R. Looby, Nov. 4, 1918.

The body, accompanied by J. W. Fairbairn was shipped to New Boston, Texas, where interment was made in Read Hill Cemetery.

Mrs. Watlington's maiden name was Sarah Jane Holstein. She was born Nov. 25, 1840, and was married to Dr. Thomas J. Watlington, a surgeon in a North Carolina regiment of cavalry in the Civil War, at Catahoula Parish, Louisiana, July 24, '62.

Mrs. Watlington has made her home with Mrs. Looby since 1914, at which time her husband preceded her to that "bourne from which no traveller returns." She was a devout christian, and she bore her trying illness with christian fortitude.

Two sons, Thomas and Bracken Watlington, both of Texarkana, Tex. and two daughters, Mrs. H. R. Looby and Mrs. J. W. Fairbairn of Loraine, and two grandchildren, Mike and Richard Looby, are left to cherish the memory of her whose unwearied care and attention guided them to manhood and womanhood, and gave them the sweetest love they can have on earth—their mother. May the blessed memory make an upward path for the feet of her children, and may thoughts of her gentle indulgence, be rieve for the true and beautiful, the just, the holy, come to them like the quiet rain of summer, making fresh and verdant the long, weary path of life.

UNITED WAR WORK

The following committees have been appointed to carry on the campaign for the United War Work fund.

Valley View—A. J. Compton, L. S. Coles, L. T. York.

Lone Star and North Champion—J. W. Simmons, C. W. Palmer, S. H. Carbell.

Bauman and Landers—D. E. Gunn, J. K. Taylor, Joe Gill, W. E. Wimberly.

Loraine—A. C. Pratt, Mrs. Allie M. Erwin, Miss Irene Garland.

Local Executive Victory Girls Club—Miss Ethel Mann.

On Saturday, Nov. 9th, at 2 p. m., a mass meeting will be held in the building next door to Dr. T. A. Martin's Drug Store. B. F. Stump of Camp Logan, for four years a Y. M. C. A. worker, will speak. Don't miss it! W. L. Sandusky of Colorado will also address the assembly for a brief period. He needs no introduction.

Committees of different communities will see that the time, place, and date as printed above is advertised.

Every man, woman and child is expected to come out and help in backing up the boys. Every dollar will be made to do its utmost. We must go "over the top" in this United War Work.

CARD OF THANKS.

We desire to express our thanks and heartfelt gratitude to our friends and neighbors in Loraine, for their loving kindness, and to Dr. T. A. Martin for his untiring care throughout the illness and death of our beloved mother and grandmother, Mrs. Sarah Jane Watlington.

Mrs. Sallie Looby; Mr. and Mrs. J. W. Fairbairn; Thomas Watlington; Bracken Watlington; Mike and Richard Looby.

B. P. Hopkins, prominent druggist of Lubbock, and known to many in Loraine, died Oct. 30 of influenza, and was buried in Sweetwater, Oct. 31. B. Haney, formerly of Loraine now of Oklahoma, was employed in Hopkins' drug store for several months of 1917.

Mrs. M. E. Hollingsworth received a message from Grapeland, stating that D. N. Leaveston is dangerously ill of pneumonia, resulting from influenza. Mr. Leaveston was formerly in the drug business in Loraine, being a partner with J. E. Stowe and has many friends here.

A message dated Nov. 4, to Horace Cook, from Trinidad, Colorado, states that his brother, Haney Cook, is dangerously ill. Mr. Cook moved to Colorado state in September.

RED CROSS MEETING.

The Executive Committee of the Loraine Auxiliary met at the home of Mrs. Allie M. Erwin Monday evening Nov. 4.

Meeting was called to order by W. J. Coon, and business transacted.

Chairman Publicity Committee was authorized to have 250 tickets of the official ballot, for election of executive committee for 1919; said election to be held at Higginbotham-Harris building November 15th, from 1 to 6 o'clock.

O. E. Stevenson was elected judge of the election.

Mrs. Hubert Toler and Mrs. W. L. Edmondson clerks, to help hold election. All members are urged to note the date, and the place. Study the ballot, and come and vote. The official ballot follows:

MISS ANNA BODINE

J. V. WHITE FEED

Loraine, Texas Cor. P. O. Block

NOTICE

It was announced in last week's issue that a minstrel show would be given in Loraine on the evening of Nov. 12, but after consulting Dr. T. A. Martin, city health officer, it was decided that as influenza is well under control, that it is best to keep it so, and that it might be risky to assemble such a crowd as would naturally come out. So we will have no minstrel show, at least for the present.

CARD OF THANKS.

We desire to express our heartfelt thanks to our friends for their kindness and sympathy throughout the illness and death of our beloved wife and daughter and sister, Mrs. Wyse D. Cooper.

Wyse D. Cooper. Dr. T. A. Martin and Family

L. T. York returned this week from San Antonio, where he has been for the past fortnight at the bedside of his son, who is in training at Camp Travis. He states that the sick boys in camp have every care and attention shown them, and he praises the authorities who are in charge there. The young soldier was very ill, having a complication of diseases. We are glad to state that he is recovering rapidly.
