

PROBLEMS OF RECONSTRUCTION MUST NOW BE SENSIBLY MET

LLOYD GEORGE EXPRESSES HIMSELF CONCERNING A PERMANENT PEACE; MANY VITAL QUESTIONS THAT MUST BE ANSWERED RIGHT

Lord George in his statesmanlike address pertinently asks, "What are conditions of peace? and then continues:

They must lead to a settlement which will be fundamentally just. No settlement that contravenes the principles of eternal justice will be a permanent one."

The people have had two years of war declamation—very patriotic, of course, but not much help to right knowledge and impartial judgment.

We think most Americans are more than ready to hear sensible and instructive discussion—that they are anxious to know more about the problems which Europe and America now face.

Of course, every street car contains statesmen who can settle the peace problems offhand—just like that.

The solution is very simple. Let each people, big or little, immediately set up a government of its own choosing in its own territory.

Let there be a Jugo-Slav State, a Czech-Slav State, a Rumanian State, a Bulgarian State, a Grecian State, a Polish State, a Ukrainian State, a Lithuanian State and so on to the end of the chapter, each people occupying its own territory and all living in democratic brotherhood.

Unfortunately, the program presents difficulties which the Peace Congress cannot ignore as easily as do the offhand publicists and orators do.

For instance, the Jugo-Slavs and Italy both lay claim to Dalmatia and all that coast of the Adriatic sea, and both profess an entire willingness to fight over that particular territory.

In the meantime, the Czech-Slavs announce that they intend to have a strip of this territory so that they can have access to the Adriatic and that, if it is necessary, they are ready to cross swords with either Italy or Serbia over the question.

Now, whom does Dalmatia rightfully belong and who can settle this question to the satisfaction of three antagonistic nations?

Then there is Albania, which the Albanians naturally want for themselves and to which both Italy and Greece lay claim, with Serbia asserting its right to a bite of the pie.

Six years ago Greece, Bulgaria, Serbia and Montenegro temporarily disposed of Albania by dividing it among themselves without troubling about how the Albanians felt. But it is evident that each people is to have the right to set up independently in his own territory. Then the Albanians must have that right. And there comes in the question of what is Albanian territory, because the Albanians insist that the Sanjaks of Argyro-Castro and Korists are Southern Albania, and that the Greeks insist that they are Northern Epirus—and there you have a very pretty and somewhat ancient cause of quarrel.

Then there is Macedonia, which is inhabited by Greeks, Serbs and Bulgars—as well as Moslems—and to which Greece, Serbia and Bulgaria all lay claim.

An offhand editorial settlement of that dispute is much easier than a practical and permanent settlement as some perspiring European statesmen painfully realize.

Then there are the German inhabited divisions in the periphery of Bohemia, the Czech-Slavs swear they will have this territory or fight. But the inhabitants want to be united to the new German-speaking Austrian State. And if this is refused to them, what becomes of the doctrine of self-determination?

Then there is the Dobrudja, which Rumania stole from Bulgaria in a by no means creditable way, and which Bulgaria got back temporarily a couple of years ago. Which ought to have the Dobrudja? And to whom does Bessarabia rightfully be-

long—the territory the happily defunct Czar stole from Rumania?

Then there is Poland to consider. The Poles lay claim to a fine strip of territory which the Ukrainians stoutly assert to be properly Ukrainian territory.

And one who is superficially acquainted with feelings that Poles and Ruthenians entertain toward each other will realize that the peace conference will have done something if it settles this dispute permanently.

Then there the Poles in Galicia and the Poles in Poland proper. They love one another much as a Catholic Irishman loves an Orange Irishman.

The Russian Poles are violently enamored of annexing the Galician Poles, and the Galician Poles are ardently determined to remain apart from the Russian Poles.

This is another problem which does not seem to occur to the orators and editors who airily dispose of Polish troubles by reconstruction of an ancient plan on paper.

The Lithuanians, too, have their ideas as to the rightful ownership of other territory to which the Poles lay title and are quite prepared to put up the usual argument between states which cannot agree upon territorial ownership.

These are only some of the overlapping and conflicting territorial claims of the numerous petty States that propose to set up in business for themselves.

Then there is Germany. What is the best way to deal with the German people—seventy millions of human beings, who certainly cannot be exterminated and who must continue to be members of the family of mankind, in spite of blood-thirsty fireside warriors?

Having put an end to German militarism—which was a creature of wrong theory of the relations of States practiced, prior to 1914, by Russia, Austria-Hungary, Turkey and the Balkan kingdoms, as well as by Germany in its entirety, shall we now attempt to destroy the future progress and productivity of these millions of people, or shall we aid them on the road to democratic liberty and to a happy, useful career among the nations of the earth?

These are questions that must be answered right if our children are to live in a world of peace.

And if this war is to breed only new hatreds, new revenges mediated in secret, new wars to be fought when strength has been renewed, then what a waste, what a dreadful waste, of blood and tears this awful conflict will have been, and how uselessly will have died the innumerable multitudes of the dead.

Then in addition to all these formidable problems, there are the menaces and confusions springing in declarations of civil war now being issued with startling rapidity by the International—for that is exactly what these revolutionary movements now on foot in Europe are—declarations of civil war by the proletariat against the capitalists and aristocrats and bureaucrats.

The great war was itself a conflict of two political systems—Autocracy against Democracy—a war between states. This new war, so far as it has developed, is a conflict between two economic systems—a war between classes, a war within States.

The International really proposes to set up a world state, with the workers in sole control, and in which the only capitalists shall be the communities. Instead of a league of nations, the International proposes the abolition of nations—a world freed from State boundary lines, from tariffs, from armies and navies, from emperors, kings, presidents, cabinets, ambassadors and all the personnel and paraphernalia of sovereign individual governments.

It is making its appeal for support

ADNA SHEPPERD INDUCTED INTO ARTILLERY

Adna C. Shepperd, 18-year-old son of H. D. Shepperd, 1241 Broadway, is one of the youngest San Diego boys to be inducted into the artillery at Fort Rosecrans for overseas duty.

Young Shepperd is a native son of Texas, as well as his brother, Clarence, who enlisted in the U. S. navy in 1912 and is now chief quartermaster on a destroyer somewhere in the Atlantic.

His grandfather served in the Confederate army and two of his uncles fought under Gen. Sam Houston in the battle of San Jacinto for Texas independence; his brother-in-law is now on a U. S. battleship and one of his cousins is with the "doughboys" in the trenches over there.

No doubt these boys have inherited some of their patriotism from their ancestors. At any rate there aren't any slackers in the family.—San Diego Union.

The H. D. Shepperd mentioned in the clipping above, is a brother of J. W. Shepperd of this city and is well known by many of our citizens.

NOTICE TO REGISTRANTS.

The Local Board has received notice that all questionnaires that have been sent out MUST BE RETURNED TO THE LOCAL BOARD AT ONCE. All 18-year old men MUST FILL OUT AND RETURN their questionnaires at once. Those who do not do this will be considered as deserters, and will be carried on the records as such.

To every man who has a questionnaire, return it to the Local Board at once; and in case of those between 18 and 19 years of age, the questionnaire must be FILLED OUT in due form and returned.

S. P. Myrick, who lives out on route 2, but who has been in Arizona for some time, has returned to old Mitchell. He says the conditions look good to him and that he is going to put in a crop this spring and try it again. Here's wishing, not only Mr. Myrick, but all others who have the nerve to stay with it, the greatest success and the biggest crop of their lives—and we believe they'll have it.

WEST TEXAS COVERED BY BIG SNOW FALL

THE BEAUTIFUL SNOW—A MANTLE OF FROM 3 TO 6 INCHES COVERS WEST TEXAS.

During Sunday night considerable snow fell, though the greater part of it melted as it touched the ground. However something like an inch was on the ground Monday morning, but the weather moderated and it began to melt rapidly. The sky was overcast and the wind from the East nearly all day, and there were intermittent showers of rain, mist and snow. Late in the evening the wind veered to the North and grew much colder, and it began to snow shortly after dark Monday evening. The wind blew a hurricane all night long and the snow continued to fall, and when daylight came Tuesday, the whole face of the earth in this section was wrapped in its mantle of white. It is impossible to estimate the amount that fell, as the wind had blown and drifted it in such a manner that some places it would be two or three feet deep, and in others only an inch or two. It has been estimated that from 3 to 6 inches fell in Mitchell county. Of course it was heavier on the Plains, and lighter further South, but the whole of Central West Texas is jubilant over the largest snow fall since 1884.

The moisture will be exceedingly fine, when the snow melts, as it will have an opportunity to go into the ground rather than run off into the rivers and streams.

But the greatest benefit will be to the thousands and thousands of acres of small grain which has been planted in the west. It will absolutely make the grain crop a sure thing, to say nothing of the splendid pastures that will be ready for the stock as soon as the snow melts and the top of the ground becomes dry enough that stock cannot tramp out the stand.

With the other fall rains, and this snow, the prospects for a bumper crop in this country next year, were never better; and the farmers who are staying with it, feel very much encouraged. Every indication is that plenty more moisture will fall before spring, and if a deep, underground season is obtained this winter we will need but little rain in the summer to make a crop.

WANT PERSHING FOR PRESIDENT IN 1920

Columbus, Ohio, Nov. 25—A campaign for the election of General John J. Pershing, commander in chief of the American Expeditionary Forces in France, to the presidency in 1920, was launched in Ohio today by an application to the Secretary of State for the incorporation of "The Pershing Republican League."

Former United States Senator Charles Dick, of Akron, and fourteen other prominent Republicans of Akron and Summit County, are sponsors for the movement. Mr. Dick's name heads the list of men who signed the articles of incorporation, which were presented to the Secretary of State today.

As set forth in the articles of incorporation, the purpose of the league is to "crystallize the already existing sentiment for General John J. Pershing as President of the United States in 1920 and to work for his nomination and election."

STRAYED.—From Mrs. J. R. Ledbetter's place, last week, two mules; one brown mare mule 10 years old, branded J left shoulder; one gray horse mule, 11 years old no brand. ADVISES COTTON FARMERS TO BE PATIENT AND HOLD THEIR COTTON

Concerning the present cotton prices and slumps in the market, W. B. Yeary, cotton specialist in the state department of agriculture, said:

"It is generally conceded that no economic condition exists to change the value of cotton \$10 per bale up one day and \$10 down the next. The declaration of peace is either bullish or bearish. It can not be one today and the other tomorrow. I think Representative Heflin of Alabama has correctly stated the case in his remarks upon this subject. He said: 'The fact is, we are face to face with a cotton famine and I do not intend, if I can help it, that the crooks on the exchanges with Washington connections shall longer deceive the public and hide their infamy at the cost and injury of the cotton producers.'

"Mr. Heflin also states, 'the world's cotton crop is 5,000,000 bales short, and cotton goods prices are based on 35 to 40 cents per pound for raw cotton.' Of course, this refers only to government contracts, for it is well known that the price of cotton goods to the civilian trade is based upon twice this price for raw cotton.

"Know the supply is short of the demand, and knowing the average cost of this crop is 35 cents, and knowing the only thing that has held the price of cotton down is gambling and manipulation made possible only by the lack of ship space, what is the sensible thing to do? The war is over and ship space will soon be available from every country in the world in sufficient quantity to transport all the cotton we can spare. What else as business men should we do but wait? We should sit steady in the boat and hold our cotton for at least 35 cents, and let the bear gambler bet futures down until he breaks his neck.

"I am extremely glad to say the Texas farmers have displayed the very best of judgment in this crisis. Nowhere have we a report where the farmers are not holding their cotton solidly for 35 cents. Only remnants and scattering lots have been sold for two months. They sold around 35 cents, but quit when the price declined. That which they sold around 35 cents that could not be shipped is the bear on the market caused by pressure from the banks to have those holding it to cover. This pressure should cease, and it should start from heads of our banking departments and larger banks.

7,000 AMERICANS EN ROUTE FROM EUROPE

THREE SHIPS BRINGING FIRST OF RETURNING SOLDIERS DUE THIS WEEK

Washington, Nov. 25—First units of the American Expeditionary Forces to return from overseas are expected to arrive in New York about the end of the present week. General March, chief of staff, announced that 382 officers and 6,614 men of the air service and other detachments, training in England, now are homeward bound on the Minnekahda, Lapland and Orca, British liners. The first two ships left Liverpool last Friday and the Orca sailed on Saturday.

This announcement means that the movement of the American troops now in England, the majority of whom are in air service detachments, will continue steadily until all of them, some 20,000 have returned to this country. There are no regiments or other units of line troops in Great Britain.

The first movement of the larger units, such as brigades and divisions, will come from French ports, it is assumed, as the British cross-channel service undoubtedly is completely occupied with the transportation of returning British troops.

THANKSGIVING

At this season of the year our hearts and minds turn to thanksgiving and there is nothing that is summed up in so few words that express the hearts true thanksgiving as the 23rd Psalm. In it the writer is mindful of the wants, both temporal and spiritual being well supplied by Jehovah.

We recently came across this article on "The Overflowing Cup," written by the late editor of the Record, Dr. A. H. Weston, and we think it appeals now as well as the time it was written so we repeat it:

THE OVERFLOWING CUP.

"My cup runneth over"—Ps. 23:5. "Gratitude is the memory of the heart." In its exercise the heart recalls its mercies and records them as so many items on the debt to be discharged. It differs from the memory of the mind. The mind is a day book in which the entries are temporary and immediate; but the heart is a ledger into which the day book entries are posted for permanent preservation.

How many of life's mercies never get into the ledger of the heart at all. The item was never posted. More to be coveted and cultivated than the memory of the mind, with its cold dry chronicles, is the memory of the heart, with its warm, throbbing remembrances of God's daily blessings and benefits.

A grateful heart is like Noah's ark; full of living memories, rescued from destruction and borne over the whelming flood of time and landed on the Ararat of the skies.

How much America-Texas—each of us—has to be thankful for! We have resources of the soil and the sea, of mine and of forest, of manufacture and of commerce, unsurpassed by those of any other country on earth. Our abundant harvests are no more than the "gleaning of the grapes of Ephraim" in comparison with the potential wealth which these foreshadow.

America is the pet of providence—the darling of deity. It is the Joseph among the nations; and as a mark of our Father's favor, the land is clothed every year with a new coat of many colors in the thousand hues of harvest and the gorgeous tints of autumn.

Added to our material prosperity are our civil and religious liberties. Life and property are sacred; conscience knows no shackles; every man is free to do right and to help his brother man. Religious denominations have ample elbow room. In the fields of philanthropy, education and every Christian enterprise, effort is unhindered. The best land to live in is America, and the best route to Heaven is via the United States.

An overflowing cup calls for an overflowing heart. A laden table demands a large generosity. Just as even an arctic current finds vent at its mouth, so, on Thanksgiving Day the frozen heart should flow in a tide of gratitude to God and in a current of helpfulness to man.—Weston.

"THE SUBMARINE EYE"

A thrilling Romance of love and adventure

Mitchell County U. W. W. Quota \$4,000 --- Subscribed \$6,494.64

Mitchell County has raised her quota and a liberal over-subscription. Based on the Red Cross donations over the State, Mitchell County's quota was placed at \$6,000.00. Through the efforts of Mr. Stump, a district worker, it was reduced to \$4,000.00, and that information was given us later on in the campaign. However, no amount was held up before the people as an obligation under the circumstances. We went before the citizens, explained the work and left it to the judgment and conscience of each individual, and the amount he should donate. The amount each contributor has given and the vast sum of money raised, shows the splendid character of the citizens that reside in old Mitchell, and it further shows that they can always be depended upon to do a full part in any work that is for the support of a noble cause. Every one called on to assist in this campaign has responded gladly and to mention the name of any one with special thanks would mean that the name of each should so be mentioned. Every one seemed to regard the work as being as much his work as the work of the other fellow, and consequently those in direct charge have not had a difficult task. It has been a very pleasant one in fact through the kindness of the Colorado Record, the list of donors are published below. The Committee in charge of that feature have striven hard to make the list accurate, and that has been a very tedious work. Possibly some error may creep in, and if it does, we shall all regret it, and if you will call on Mr. J. M. Thomas he will make a correction on the records of the drive. With thanks to all for the hearty co-operation in this work, the results are now submitted to you, with the wish that you will long preserve the copy of the Record that contains this report. It might be of interest to the boys when they return.

W. P. LESLIE, County Chairman.

The United States Government Co-operates

with the 7,600 member banks in maintaining the Federal Reserve Banking System for the protection of the business interests of the country. Through the Federal Reserve Board in Washington it supervises the twelve Federal reserve banks; it appoints one-third of their directors; it deposits its funds largely with them; it guarantees the currency they issue.

This co-operation greatly increases the value of the system to us and our community.

PANKHEAD HIGHWAY COMMISSION ADJOURNS

The Bankhead Pathfinding Commission in charge of Secretary J. A. Rountree, which left Birmingham on October 12th, for the purpose of inspecting three or more contesting routes from Memphis to El Paso, Texas, returned to Birmingham Saturday and disbanded. The Commission was composed of W. E. Herkel, Chairman, a prominent business man, J. W. Gwin, Engineer and Road Builder, Hon. M. O. Eldridge, Engineer of the U. S. Road Department of Washington, D. C. The Commission traveled in automobiles from Memphis to El Paso and return. They traveled over the route from Memphis via Little Rock, Hot Springs, Broken Bow, Durant and Lawton.

To Avoid and Relieve Influenza

BY DR. FRANKLIN DUANE. Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact with sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food. If you have any of such symptoms as chilliness, nasal obstruction, stuffy nose, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Avoid principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of two Aspirin Tablets every four hours, followed by drinking at least a glass or two of hot water. Aspirin Tablets help greatly to relieve the symptoms of the influenza and from which most patients complain and help the kidneys flush out the poison. To relieve nasal obstruction and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in some instances as made up for use in the nose, and so hot as can be borne in the throat. Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength, insist that he keep in bed at least two days. Probably nothing will do this stage hasten the recovery and strengthen the patient more than an invigorating tablet called "Fruite" or that will restore normal health. Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations,

Okl., Childress and Plainview, Texas, Roswell and Alamogordo, New Mexico, into El Paso, Texas, a distance of 1657 miles. They returned over what is known as the "All Texas" Route, inspecting various routes between El Paso, Abilene, Mineral Wells, Fort Worth, Dallas, Sulphur, Pittsburg to Texarkana and through Hope, Malvern, Prescott, Ashdown, Nashville, Arkadelphia, Hot Springs, Little Rock to Memphis, Tenn., a distance of 1825 miles, a total of 3482 miles. Whichever route is adopted as the official Bankhead Highway, there will be a difference of only 100 miles, as some of the contesting routes on each line will be eliminated.

The commission was about 32 days, visited over 125 towns and cities, were entertained at more than 25 banquets and luncheons given in their honor. They were escorted from towns, cities, counties and States by special committees in automobiles. Sometime as many as 50 automobiles would accompany the Commission. Every courtesy was extended and an opportunity was given them to see and inspect the various routes. The people of the States of Arkansas, Oklahoma, New Mexico and Texas and at the various places visited are enthusiastic for the Bankhead Highway. They are anxious that the route through their town, city and county, should be adopted as the official route.

The Commission encountered some splendid weather as well as rain and snowstorms. They traveled over many types of road, but all in all, they found a splendid foundation for the building of a great highway.

The Commission have returned to their homes, where they will study their notes, questionnaires, maps, photographs, and information they have secured. They will each write a report and a meeting will be called when they will meet and agree upon a recommendation of which route will be the official route, after which President Plowman will call a meeting of the Board of Directors to consider the reports which will be received and adopted at the annual meeting of the Bankhead National Highway Association, which will meet at Mineral Wells, Texas, April 18-19, 1916.

This great trans-continental path-

finding tour is the longest and most historical trip that has been made by any set of men, and according to the reports of Secretary Rountree, who had charge of the tour, it was an ovation from start to finish.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Dandruffine at any drug store or toilet counter, for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair as lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? Adv5

ONE DOSE RELIEVES A COLD—NO QUININE.

"Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine. Adv.

CHAPLIN FEET MIX UP ARMY IN SECOND \$1,000,000 PICTURE

The famous Charlie Chaplin feet nearly disorganize one unit of the American Expeditionary Forces in his second million-dollar comedy, "Shoulder Arms," to be shown at the Opera House on Nov. 29 and 30.

A command from his sergeant to "take those feet in" confuses Doughboy Charlie in his effort to learn what place his superior refers to as "in." On a practice hike they again cause trouble by reaching blandly out into the path of his soldier companions on either side in the line, making blockades as effectual as rocks. Later, in the trenches, they prove their worth as as factors in teaching Hunns the latest American war tune steps.

The German women who appealed to Mrs. Wilson may not have known that 150,000 freight cars only replace those taken from France and Belgium for and in a war of conquest; or they may think that, with articles so easily mislaid, "findings is keepings."

A black Angus cow raised near Christoval by Sam H. Hill & Son brought eighteen cents a pound, or a total of \$256.45 on the Kansas City market Thursday. This was the highest price ever paid for a cow on the open market. The animal belonged to Hill & Son's famous show herd that has been touring the United States this fall. She weighed 1430 pounds and attracted much attention among both buyers and cattle raisers.

INFLUENZA.

After a number of the first cases of influenza had gotten well and the schools and other places of public gatherings were opened up, it seems that another wave of the epidemic has prevailed, and a number of people are in a bad way. The damp and cold weather of the last two weeks has, no doubt, been the principal cause, and if the weather stays as it is at present, there is danger of pneumonia. Every one who has the influenza in their family are urged to be extra careful, not only with their own patients, but that it is not carried to someone else. There was a rumor that that the schools would again be closed, but no official notice to that effect has been given out. Children who go to school or play out in the snow and mud, are especially warned to keep their feet dry and warm, and to use every effort to avoid taking cold. Colorado has been most fortunate so far, in the number of deaths from influenza and pneumonia, but with the change of the weather, it may grow more severe, and fatal than heretofore.

A PEACE OF PEOPLES

What is called an armistice is in fact a capitulation. So far as Germany is concerned it is a surrender unexampled in the history of the world, for it signalizes the downfall of military power once pre-eminent and even in its last hours formidable.

Militarism is stripped bare. Its land forces are disarmed and dissolved. Its naval strongholds are occupied by the enemy and its warships either confiscated or placed under guard. Territories invaded are to be evacuated and strategic points on German soil are to be held pending the final settlement. Colossal financial liabilities are to be met. There must be peace or, failing agreement, renewed war within thirty days.

Quite as impressive as all these stipulations, every sign and symbol of militarism passes away. Kaiserism is gone. Hindenburgism, Tirpitzism and Reventlowism are gone. The autocracy, based upon bullying and bluster and sustained, to the very last by lies, is gone. The nation that once was an army is an army no more.

Terms less severe would not have met the situation at all. The overthrow of a predatory militarism by triumphant democracies could not await the peace table. It had to be accomplished and acknowledged in the field. Henceforth there will be no more question as to what has happened to militarism on foreign soil than as to what has happened to autocracy at home.

Those here and elsewhere who have professed to fear an inconclusive peace have their answer in this preliminary to peace. If no further penalties were to be exacted, the discomfiture of the power in Germany responsible for the war would be complete. The institutions which lived by the sword have perished by the sword, and their long-time dupes are now their fiercest enemies.

What is soon to happen at the peace table will depend more upon the fibre of the conquering nations than upon Germany and its beaten vassals. By unity of command and co-operation in many other ways, the Western Allies, with the powerful assistance of the United States, were made invincible in arms. Only by similar harmony in council can they hope to gather the full fruits of their victory. It ought not to be difficult for the people who have suffered so much to realize that the lustful spirit now seemingly exercised from Germany prevails everywhere more or less, and that humanity is to gain nothing lasting by all its sacrifices, if, on any pretext, greed, ambition and injustice are again to be enthroned in other places.

The moral issue of this war on the part of the nations associated against autocracy have been admirably expressed by the President of the United States. In most respects they have been indorsed by the responsible statesmen not only of the great Western Allies but by the Governments or Legislatures of a score of lesser nations, belligerent or neutral. Even Germany, in the bitter hour of defeat, appears to have seen the light and to have been guided by it. How, then, is democracy, victorious, to conduct itself?

Here is a problem not yet solved. We have been told that this was a war to end war. With human nature as it is, no war will end war unless by the terms of the peace the things that provoke war are removed forever. No lip-service will do this. We may be sure that ancient wrongs in new forms will not do it. Victor no less than vanquished must give up some long-cherished contentions. If we cannot have a peace of reason and moderation, with such guarantees as have been suggested in relation to a League of Nations, those who come after us will find that the loss of life and treasure in this conflict was all in vain.

Autocracy has disappeared from the earth, first because it has failed, but secondly, because it has been convicted of a thousand crimes. De-

mocracy, afflicted in many places by the excesses of multitudes misled in its name, must prove its superiority by its deeds, or it also will fail. Democracy will establish no enduring peace except as it shall be generous and just. It never can say truthfully that it fought a war to end war unless it accepts for itself the same restraints upon armaments by sea and land that it has imposed upon autocracy.

This is to be a peace of peoples or it will not be a peace deserving the name or worth the cost. In the making of such a peace there must be hospitality for peoples chastened and convinced as kindly as that for people victorious but hardly less chastened who nevertheless urge boycotts and reprisals.

Physical force has fallen under the blows of superior physical force, which settles nothing. The better day for which we have striven, therefore, can be ushered in only as a disciplined democracy recognizes the spirit of the times, which bids it to be just and to beware of revenge and reaction.

Properly enough, there is no quarter for militarism and autocracy. Properly enough, there must be consideration for the distracted peoples of Germany, as of Belgium, Austria-Hungary, Russia, Italy and the Balkan states, who are looking to democracy for deliverance from militarism and autocracy. A true peace must rest upon that deliverance.

If the democracies of the world do not march hand in hand in these

matters they will lose all that in different ways they have won or deserved to win.

One of the big problems which the people of the United States will now be called upon to solve is what disposition is to be made of the railroads. We suppose that there are few people who would favor turning them back to their owners and permit them to be operated in the future as they were before they were taken over by the Government. There are many who will oppose their permanent retention and operation by the Government. There are many who will favor such a policy. It is evident that whether government ownership comes or not, the Government must hereafter exercise a much larger authority over the roads than was exercised prior to the war. The unity and system that have been inaugurated by the Government must be maintained. It is a problem which the people should begin now to study, for it will probably be an issue in the next Presidential campaign, and the people should be prepared to settle the problem and to settle it right. —Roscoe Times.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make This Beauty Lotion Cheaply For Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiter and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from your grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands. Adv2

ABOUT CROUP.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully. Adv

Texas' Thanksgiving Tribute

WITH THE APPROACH OF THANKSGIVING DAY let us turn our hearts and thoughts to all of those things for which we have reason to be supremely thankful.

Above all, let us give thanks for the victory which has come to our nation and to the world. Let us realize that an enduring peace is approaching which has been founded on sacrifice and that there are now in France, Italy, Russia and in training camps 3,754,000 American boys who have given up everything to make safe our homes and our lives

Every great movement in history is founded on sacrifice. The men and women who were truly great were made so by sacrifice. We treasure their memory because of their service and self-denial.

"It is more blessed to give than to receive" brings the thought that each of us who has failed to sacrifice during the war has no part in the joy of victory.

Let us today be proud of the fact that we can do our part here in buying the War Savings Stamps we have promised, knowing that every dollar invested goes directly to the Treasury of our Government to buy food, clothing and comfort for those brothers who have fought for us.

Let us not think that we can go on selfishly spending our money. Our country is still paying our \$50,000,000.00 a day and will do so for a year or until every boy is back home.

So let us make this a REAL THANKSGIVING week; not of idle words, but of service. Regardless of the sacrifice necessary, let us buy the War Savings Stamps we have pledged to buy; it is a promise, keep it; it is a pledge solemn and binding; it is an evidence of our having done something to help win the victory for which we give thanks.

RED CROSS MEETING

The new members of the Executive Board of the Mitchell County Red Cross met at the M. E. Church Monday afternoon for the purpose of selecting chairmen for the different standing committees and transacting such other business as needed attention at that time. The quota of two hundred garments to make this year—while this sounds like quite a good number of garments—yet if every woman just does a little the work can be finished and no one miss the time. So be ready when you are called upon. The chairman for the standing committees for the year were appointed as follows:

Finance—Mr. C. M. Adams.
Membership—Mrs. J. H. Greene.
Production—Mrs. Lee Jones.
Publicity—Mrs. A. L. Whipkey.
Extension—Miss Nellie Riordan.
Home Service—Mrs. Earl Jackson.
Military Relief—Mrs. H. B. Broadus.
Junior Membership—Mrs. Vector.
Nursing Service—Mrs. Thos Dawes.
Conservation—Mrs. Marcus Snyder.

The time of the meeting was changed from the first Wednesday in each month to the second Wednesday.

MISSION STUDY

The Mission Study class of the Baptist Church met with Mrs. Keathley last Thursday. The subject was "South America." Mrs. Gustine was the leader. The devotional period was devoted to thanksgiving. Several responded with heartfelt talks and scripture quotations. Mrs. G. W. Smith read a much appreciated paper on Thanksgiving. Many interesting items were learned of South America as to her physical and religious condition. The offering went for associational dues and missions.

At the business period it was decided to pack a box for Buckner's Orphan's Home Thursday, Dec. 15th. Mrs. Lee Jones, Mrs. T. J. Ratliff and Mrs. Terrell were appointed to solicit others who were not there, for garments for the box. Mrs. Ratliff was appointed to see where to send magazines and books so they would reach the boys on the border.

At the social hour the hostess served hot chocolate, sandwiches and peanut butter straws.

WILL PACK BOX

The Baptist women will pack box for Buckner's Orphan's Home Thursday, December 5th, at the Church, and every member of the Church and friends of the orphans are urged to have part in this. Send new garments or material if you have them, if not, send such old garments as you would let your own children wear.

TO MY PATRONS

I have been advised by the Star-Telegram that on account of the ruling of the War Industries Board, they will not be allowed to have a "Bargain Day" period this year as usual. The only rate they can offer is the annual rate which has been fixed by the War Board.

KNITTING.

The knitting rooms of the Red Cross have been moved to the upstairs of C. M. Adams store and will be opened only on Monday afternoons until further notice. There is plenty sock yarn and socks are very much needed; so workers are asked to keep on with their knitting.

When Doughboy Charlie receives a gift of limburger cheese and biscuits from "someone back home," as one of the incidents in "Shoulder Arms," the second million-dollar Chaplin comedy, he decides that it is a much more appropriate thing for the enemy than for an American hungering for cake and apple pie, with the result that is successfully performs the work of an artillery barrage in discouraging a pending Hun assault on the Allied trenches. "Shoulder Arms" will be shown at the Opera House on November 29th and 30th.

RESIDENCE BURNED.

On Monday afternoon the residence of R. F. Terry, in East Colorado, was entirely consumed by fire, with all of its contents. Only Mrs. Terry and Miss Alma were at home, and so rapidly did the flames spread that they barely had time to escape after discovering it. The fire was caused from an oil stove. Both the house and furniture were a total loss, not even clothing was saved. We understand that no insurance was carried either on the building or contents.

The fire boys, with their auto truck made a record run, but as no fire plugs were close enough to reach the burning building, they could do no good. It would have been impossible to have saved anything had there been water near by, as the house was old and dry, and it burned like tinder.

ANOTHER GOLD STAR FOR MITCHELL COUNTY

Mr. E. Keathley, as Secretary of the W. O. W. received this week proof of the death of Guy Birmingham, who was in the Expeditionary Forces, "somewhere in France." This is another Mitchell County boy who has given his life in the service of his country. Mr. Birmingham went into service from this county and has been in France for some time. Recently his parents who now live at Palestine, received a telegram from the war department that their son, A. G. Birmingham, who was in the department of Military Police, in France, had died of lobar pneumonia on October 31. The proper proof of death was sent to the Woodman lodge at this place, where he was a member. The people of Colorado and of Mitchell county, to all of whom this family was well known, offer their heartfelt sympathy to this family who have given this noble young man to the cause of peace and freedom.

WESTBROOK ITEMS

The Westbrook news will be scarce this week. Very few people are stirring about since the cold weather set in. It began snowing Sunday and about three inches have fallen, and it is still snowing.

G. T. Warner has been real sick this week.

J. T. Smith is spending the week in Fort Worth on business.

A. F. Bledsoe of Goldthwait, has bought the A. D. Leach farm about two miles south of town, and moved his family here the latter part of the week. We gladly welcome them to our community. Bro. Leach has moved to the Yoakum house on the east side of town.

J. R. Oglesby has returned from Goldthwait after a visit of several days.

E. V. Bell returned from Trinity Friday, where he had been with a car of mules.

The Victory Boys will give a box supper at the school house Thursday night. This time the boys are asked to bring the boxes and the girls will be there ready to buy. No box will sell for less than 25 cents or more than 50 cents.

Mrs. Ethel Canterbury and children of Big Spring are visiting Mrs. T. W. Gilliam, and J. T. Smith and family.

J. E. Abbott, superintendent of the concrete work on the public highway, left Monday night for Dallas to spend Thanksgiving with homefolks.

We are glad to report that I. W. Ramsey and children are improving after a severe case of the flu. Mr. Ramsey was able to be on the streets Monday.

Mrs. N. T. Smith of Colorado, has been employed as primary teacher in the school. Mrs. Smith formerly lived here, and we are glad to have her with us again. The school is progressing nicely under Miss McAfee, and much interest is being manifest.

Mr. L. Leach came in from Loraine Saturday to make his home with his son, Bro. A. D. Leach.

There will be Thanksgiving services at the Baptist church Thursday morning at 11 o'clock. Bro. Leach will conduct the service, and everybody is cordially invited.

DEATH OF MRS. HORN

Mrs. W. T. Horn died Monday of pneumonia after a brief illness. The funeral was held at the home Tuesday, conducted by Rev. W. C. Garrett, and the body laid to rest in the Cemetery at Westbrook.

Mrs. Horn was a Miss Pugh and had been married seven years. She leaves a devoted husband and a little two-year-old child, who will never know a mother's love. Besides a host of friends to grieve at her untimely going—for she was just in the morning of youth, being only twenty years of age—the Record extends sympathy to the young husband in this dark hour.

SERVICES AT ALL SAINTS NOVEMBER 29th

The following letter to Mr. J. C. Prude explains itself:

"The Bishop has appointed me as his representative over the District for the Advent Call which is being urged by the Woman's Auxiliary. I made arrangements with Dr. Williams for me to visit Colorado next Friday (the 29th) for an evening service. My plan is to preach on "Our Obligation in the New Era," and to hold up before our people their privilege of prayer, and their responsibility to their Christ, their Church, and their Nation at this time. Urge everybody to come, regardless of religious affiliation, as I shall not have anything to say that will offend even the most sensitive denominationalist. Sincerely, A. D. ELLIS.

HESPERIAN CLUB

The Hesperian Club met with Mrs. Milburn Doss last week. The regular lesson was studied. It was decided to keep up the work with helping the Boy Scouts with their library. An announcement was received from a former member, Mrs. Robert Motley, of Marshall, announcing a little girl in their home. The meeting this week is with Miss McGill.

DIED.

Audrie, the thirteen year old daughter of Mr. and Mrs. P. A. Miller died Saturday, after a few days illness of pneumonia. She was taken sick at school Tuesday and came home, but the family did not realize that she was dangerously ill until Friday. From that time she grew rapidly worse until death released her from all suffering. The body was laid to rest Sunday at Ira, the former home of the parents. The funeral was conducted by Rev. T. S. Kelly and Rev. J. W. McGaha.

Audrie was converted and joined the Baptist church at eleven years of age, and lived a consistent christian life until the time of her death.

This is the first death in the family of twelve children, six girls and six boys, which seems to make their loss greater.

While Mr. and Mrs. Miller have not lived in Colorado long, yet they have numbers of friends who sympathize with them in their hour of sorrow.

SLEEP AND REST.

One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you do not rest better and sleep better. They only cost a quarter.

Adv.

It is reported in Colorado that Mr. and Mrs. John L. Doss, who were on their way to Houston to attend the meeting of State Food Administrators were in the wreck that occurred near Strawn, in which three passenger cars left the track. As their names were not in the list of wounded it is supposed they were not hurt and continued on their way.

POSTED.—All the ranch and pasture lands belonging to Landers Bros. are posted according to law. All wood haulers and trespassers are warned to stay out or get into trouble.

CARD OF THANKS.

We wish to thank the good people of Colorado who ministered to us during the sickness and death of our dear daughter, Audrie. May each of you be blessed with such kind friends in time of sorrow.

P. A. Miller and Family.

DIED.

On Sunday Clifford Feaster died at his home, northeast of Colorado. He was buried at the Odd Fellows Cemetery on Monday. The funeral services were conducted by Rev. W. C. Garrett. He leaves a wife and two children, besides other relatives and a host of friends to mourn his departure. He was a substantial farmer; an upright, honest citizen, and his place will be hard to fill in that community. The Record extends sympathy to those who mourn.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

TAKE CARDUI The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

COLORADO SWEETWATER

FINAL FIGURES ON 4th LIBERTY LOAN

Total subscriptions to the fourth Liberty Loan were \$6,989,047,000, the treasury department announced after final tabulations had been completed. The over subscription of \$989,047,000 was 16.48 per cent. Every federal reserve district exceeded its allotted quota. This makes the fourth Liberty loan by far the greatest war loan ever floated by this or any other government. For the fourth consecutive time in the last eighteen months of war the American people have given more than the government asked to finance the war program. Including the four Liberty loans and war savings the nation has raised \$17,852,000,000 in popular loans and this does not take into consideration over subscriptions which were not accepted.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful to-night. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Adv

Of course the Germans do not enjoy surrendering their navy, but they should be consoled by the reflection that it wasn't much account to them anyway.

PERUNA Made Me a Well Woman

No sufferer from catarrh of the stomach can read Mrs. Van Buren's letter without a feeling of thankfulness.

"I have spent a great deal of money with doctors for catarrh of the stomach and at times have been compelled to give up my household work for days. For years I did not know what a well day was and cannot help but feel that I would not be alive today had I not been induced to try Peruna. Six bottles of Peruna made me a well woman."

PROBLEMS OF RECONSTRUCTION (Continued from page 1)

in Russia, Bulgaria, Rumania, Austria Hungary and Bohemia, six former empires and kingdoms, whose populations number two hundred and forty millions, which is more than the combined populations of the United States, Great Britain, France and Italy. And now it seems that Germany with its 70,000,000 population, is about to come under socialist control. The International has in its ranks millions of veteran soldiers and it possesses more arms and munitions of war than there were in the world in July, 1914.

Only fools will laugh at such a giant force as this. The International is thoroughly determined to break the old institutions of society to pieces. It is thoroughly determined to fight, thoroughly determined to array the masses against the classes. It means if it can, to destroy every flag and every separate sovereignty on earth every vestige of nationalism.

And whether this struggle shall be largely a physical struggle, with enormous letting of blood and destruction of wealth, or whether it shall be chiefly an intellectual struggle fought out on evolutionary and educational lines will depend greatly upon the wisdom and justice and foresight of the arbiters who formulate settlement of this political war.

If such statesmanship as that displayed by Roosevelt and Lodge and European leaders of like caliber and like ways of thinking does make the settlements of this political war upon the old basis of divided spoils and inflicted revenges and economic restrictions and compreses, then we can see little hope that the peace of the world will long endure, or perhaps even have a real beginning.

It is men like President Wilson and Mr. Henderson Albert Thomas—men with ideals and forward-looking vision—whose concepts must be embodied in the peace settlements, if those settlements are to be worth the parchment upon which they are written. The foundations of the new order of things that must rise on the ruins of the old order of things can be laid securely only by men whose intellects go hand in hand with broad sympathies, with just ideals and with profound devotion to the welfare of the whole human race.

Such are some of the mighty problems that now knock at the doors of thought and demand answer. No one man's mind can provide the answers to these riddles of revolution. The combined minds of the world must work out the answers.

And unless the war settlements are wise and just we will not have to wait long until the war drums beat again, and again civilization cowers beneath the lightnings and thunders and the red reign of battle.

God save the world from such another day of wrath and doom.

Clothes cleaned, pressed, repaired, and alterations done properly by J. H. Greene & Co., also hats cleaned, trimmed and blocked.

Notice By Publication of Final Account

No. 138. The State of Texas—To the Sheriff or any Constable of Mitchell County—Greeting:

T. W. Stonerod, Jr., Guardian of the Estate of Viola L. Thompson and Essie M. Thompson, Minors, having filed in the county court his final account of the condition of the Estate of said Viola L. Thompson and Essie M. Thompson, together with an application to be discharged from said Guardianship;

You are hereby commanded, that by publication of this writ for three successive weeks in a newspaper regularly published in the county of Mitchell, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the January 1919 term of said county court, commencing and to be holden at the court house of said county, in the town of Colorado on the third Monday in January, A. D. 1919, when said account and application will be considered by said court.

Witness: W. W. PORTER, Clerk of the County Court of Mitchell County. Given under my hand and seal of said court, at my office in the town of Colorado, this 8th day of November, A. D. 1918.

W. W. PORTER, Clerk County Court Mitchell County, Texas.

By W. S. Stoneham, Deputy. I true copy I certify:

SIX O'CLOCK DINNER

On Saturday evening, Nov. 23rd. Mr. and Mrs. L. B. Walker entertained with a six o'clock dinner. The dinner was a splendid one. All the good things which bear the earmarks of "hog killin' time" were in evidence Sausage that would have tempted the dying Anchorite to eat; souce, crisp chittlings, dainty relishes, peaches and cream and cake which delicious only half describes—and yea, verily, we did eat.

After dinner the guests were invited to the living room where jokes, ghost tales and thrilling experiences were in order. Every one tried to tell the "biggest one." The last hour before the close of the delightful evening was spent in singing patriotic songs, with Miss Ethel Mann at the piano.

The guests who were so lucky as to enjoy the genial hospitality of this pleasant home were: Miss Annie Bodine, Miss Ethel Mann, Miss Grace Mann, Miss Irene Garland, Virgil Bennett and Bruce Johnson.

THANKSGIVING.

Thanksgiving—Day of Rejoicing, has come! Let our hearts be filled with gratitude today. Surely if ever we should give thanks to Almighty God, it is today. Has He answered our prayers? You may answer. He has given us victory, He has given our President the light to guide our mighty nation through the troubled waters of war; He has made right and justice and humanity to triumph over oppression and slavery and death. The guns which were taking the lives of our precious American boys, are silent; the waters of rivers that ran red with our brothers' blood, are clear as crystal. Even now our loved ones are on the journey back to America and to home. Every wave that breaks against the homeward bound vessels is the answer to the prayer of some wife, some mother, some sister, some sweetheart. There are no lurking submarines to chill our heroes with dread. Now the dove of Peace has sent her thousand fledglings abroad to carry the news. Shall we give thanks? Yes, let us thank Him, for even the smallest blessing along the way; the friendly word; the kindly smile; the sunshine and the rain. Thank Him for the common things of life, when just across the ocean, which seems so near to us now, since a loved one from every home is there want and need and poverty are everywhere. Thank him that there is an end to sorrow's darkest day, that grief which lately wrung our hearts can't always stay; for our beloved who were lent us for awhile, and then recalled. Oh! Help us, Lord, to smile and say "Thy will be done." Let us offer thanks today for all our cruel sorrow and mistakes, if by these we have learned to soothe an aching heart. Thank God today for Home and Heaven; for Peace and Liberty.

SNOW IN LORAIN

When Loraine folks crawled shivering from beneath their blankets Monday morning, they were greeted by a snow-covered earth—the gate posts as Whittier says did look like "tall and sheeted ghosts" sure enough. and wire fences were transformed to the daintiest of real old laces—yet, when one went to look at all these beauteous transformations, ones nose just would get red, and ones toes would just ache, and we just kept thinking of our nursery training of "pretty is as pretty does" Anyhow we were glad to have the snow come because the snow is wet and the Lord knows we surely do need moisture in our section of n-other earth. Every time it snows it is one more guarantee of crops next year.

TO HONOR MISS LEACH

As a farewell honor to Miss Flora Leach, who will leave with her parents shortly for Rhome, Texas, Miss Emma Smith entertained with an evening party Saturday, Nov. 23rd. The friends of Misses Smith and Leach are numerous, and when, all had assembled, the spirit of merriment ran riot; games, music, songs and laughter sped the hours along, and there was no serious thought until the time came to say good-bye. The word holds a suggestion of melancholy, even amidst the gayest scenes, and only then did the young people realize that their little friend is leaving them. However, she will carry with her to her new home, the remembrance of this pleasant evening and the loving thoughtfulness of Miss Smith.

FUNERAL OF MRS. RHODES.

Funeral services of Mrs. L. W. Rhodes, who died Tuesday, Nov. 19, was held Friday, Nov. 22. The beautiful ceremony of the Order of Eastern Star was repeated, at the family residence, after which funeral service was held at the Methodist church by Rev. M. L. Moody.

The esteem in which the deceased and her sorrowing ones left behind is held, was evidenced by the beautiful floral tributes—and the hearts of the entire town go out in sympathy for the bereaved husband and little ones, who have lost their most precious earthly treasure—wife and mother. Interment was made in the Loraine cemetery.

Gdeatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y. Adv.

MOTHER! YOUR CHILD

IS CROSS, FEVERISH FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach, Clean Liver and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out of sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of California Syrup of Figs, and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Adv.

The Republican side of the Senate is already manifesting a disposition to do more talking and less thinking than heretofore.

An early adaptation of war aviation to peace is the proposed aerial passenger service between Paris and London on a two-and-a-half-hour schedule and for a \$75 fare. Flying no doubt will add to the world's transportation facilities, but it apparently is not going to reduce the cost of travel.

Owing to the late rains and late frost most of the cattle that are left in this country can get through the winter on pasture except through January and February, when some feeding will have to be done. Considerable grass and weeds have sprung up in the past month, but it is so short that when killed by frost there will be no dry grass left for grazing.

FIVE INJURED IN DERAILMENT OF TRAIN NO. 26

Five persons were injured at 3:15 o'clock Sunday morning when three pullmans and three chair cars of the eastbound Texas & Pacific passenger train No. 26 were derailed three miles west of Strawn. Railway officials say that the accident was due to a broken rail. The train was traveling at a speed of about thirty miles per hour.

The injured are: Cody Beck of Toyah, left arm sprained; E. R. Shone of Ranger, back sprained; E. L. Faulkner of Lockney, left leg bruised; Ed Simmons, of White, finger on left hand injured; Pullman Conductor Mason of Fort Worth, left hip and arm slightly bruised.

All traffic over the Texas & Pacific was delayed for nine hours on account of the wreck. The train was in charge of Conductor Wootson and Engineer Whitley.
