THE RAIN
 The rain came just in time. It came slowly and a-plenty. The top of the ground was getting a little dry but this rain began falling Saturday and a good rain fell Sunday night and again on Monday. Wheat had deteriorated considerably, but the knowing ones say this rain will bring it out to a fairly good yield. Nearly all of Mitchell county was planted and lots of feed stuff up to a good stand. Some cotton up, and this rain will put most of the feed crop past the experimental stage. The United States rain gauge shows only 2.48 inches of rain in the city, but all farmers report lots more rain than fell here. The 2.48 inches in April now brings our total for this year up to 8.39, more than half as much as all of last year. Prospects for a bumper crop never was better. The wheat may yet make a fair yield; spring oats are fine; fruit trees are loaded; gardens the best ever; spring chickens growing and a good feed crop almost assured. Taking everything into consideration Mitchell county never promised more at this season of the year.

WEATHER REPORT FOR APRIL.
 Rainfall as follows: On the 2nd .78; 3rd .08; 8th .10; 9th .68; 26th .48; 27th trace; 28th .21 and 29th .15 Total 2.48 inches. Maximum temperature 12th and 13th each 89. Minimum 10th 33. Greatest daily range 11th, 43.

OIL ???
 The Record had hoped this week to be able to chronicle the fact in big red letters, that several drilling contracts had been closed, but not so. When those who are working at it are approached they say "nothing to give out." New oil men are here every day and our citizens are working on several propositions, but as yet nothing definite has been tied up, so far as we know. The counties on all four sides of Mitchell have several contracts each, and some are drilling.

Surely by this time next week we will have something to report which will be worth while. Then will come the oil boom. This is the way an oil boom works:
 It brings crowds of people to a well boosted field. A new town springs up in a few days where a short while ago there were bare prairies, or maybe a series of hilly, cliffy untenable land that was hardly worth the annual tax at the lowest acceptable rendition.

Or if a small town should be nearby or handy for the crowds, it will proceed to climb into the city class in a short time.
 Plungers come in with a little money and a surplus stock of enthusiasm and begin to take options, hoping to realize before time to close up or surrender.

A new well is reported and leases in that vicinity go up and prospects grow brighter. Along with the prospective oil magnates, come the street fakir with every sort of device and trinket, then the cafe man sets up a joint and takes in the shekels, because the people get hungry and must eat, regardless of price. And then the fellow with a few cots comes in for a rakeoff of three or four dollars for giving a stranger a chance to stretch himself and snatch a little uneasy sleep, and at every point there are plants located to separate the oil field explorers from the little wad that he saved up from last years cotton picking. The oil boom puts money in circulation and causes the average man or woman to see visions of fortunes made in a day. The fellows that get the coin are not all dabbling in oil stocks, or leases. Some are getting well filled purses by meeting current human necessities. Over at Ranger a while back an old farmer went into town with a team of mules and made \$20 a day pulling automobiles out of mud holes. There is opportunity for every fellow who can supply what the other fellow has to have.

BEAUTIFUL WASH FABRICS

Fashion knows how very attractive the new voiles, organ-dies, gingham, percales and chambrays are, and that's why she insists that wash frocks will be the most popular of all this Summer

Dainty New Crepes

Just the thing for serviceable lingerie for they do not need to be ironed after laundering. They come in the 'lingerie' tints, too; pink, sky, lavender, copen and yellow. A nice silk and cotton mixed crepe for lingerie, in pastel shades. Fine white and light blue Japanese crepes, woven especially for lingerie.

Many Patterns in Voiles

One nice group of voiles brings a wide range of light and dark color combinations which show a number of unique examples of color blending in smart new patterns. The new "foulard designs" are introduced in our finer printed and woven voiles, and are quite as smart as the popular printed georgettes and so much more practical.

Other Wash Goods

Extra quality dress linens, in pink,

nile, natural, apricot, copen, heliotrope and rose. Highly mercerized cotton poplins, come in almost all the wanted shades. Heavy quality chev-iots for work shirts, boys play suits, etc., in solid colors or small checks and stripes.

Popular New Ginghams

Many patterns. Some are large plaids and stripes and some are dainty little checks and stripes. They come in both light and dark colorings. A bit better quality gingham in small stripes and solid colors, suitable for sturdy rompers and play suits for little boys and girls; or gay plaids and stripes for street and morning frocks.

Sheer White Voiles

For the graduation exercises and the many other events they bring, we have two qualities in plain white voiles, ready to be made up into just such frocks.

UNION HAPPENINGS

Mr. Hobbs, living on J. W. Chesney's place, has been a very sick man for several days, but at this writing is reported some better. He says he has some mighty good neighbors, which speaks well for any community Church and Sunday school are doing reasonably well. Literary school coming to a close the last of the week. We are expecting another play to take place when that occurs.

Bro. Hanks filled the pulpit last appointment to the delight of a few hearers. His theme was—awake, put on thy strength. The announcements for the future were as follows: The first Saturday in May, decoration day at the cemetery. All interested persons are expected to be there and pay tribute to our dead. Next, Judge Leslie is to address our people next Sunday evening at 4 o'clock relative to the Centenary drive. Come all ye who want to hear something good, and you will in no wise be disappointed. Bro. Garvin of Colorado will preach on the same subject at Union church the second Sunday evening and it is to be hoped that he will have a good hearing.

Last Saturday another good rain fell in this section, which was, as always, very welcome. The land is in fine condition for planting and its going on in good earnest.

The people in this section have been instructed about making our own syrup, and a good many patches have been planted to cane. Let others follow suit. The only problem is how are you going to get it made up? But I feel sure there will be a way. I realize what an old saying of long standing is, that partnerships and hardships go hand in hand. But if one will stop and think, that

DO YOU ENJOY LIFE?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it. Adv.

CAUSE OF HEADACHE.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

ROCKING THE BOAT

Wortham, Texas, April 7.—Noticing several communications regarding the Hon Joe Bailey's letter of several days ago, I am tempted to say for the benefit of those who read it and made a hasty conclusion thereof, and who feel at the punkness of it that the whole thing, according to my diagnosis, is a bunch of rot, even if it was written by my once thought of Lord. Never in my life did I fail to support Joe Bailey. Never did I fail to hold up for him while he was persecuted several years ago. But this is now turned to sorrow for me.

A man with the ability Joe Bailey is supposed to possess who will at this time—when the whole world is striving for unity, when the world has gone through such abounding sacrifices and when the greatest accomplishments have been attained by the Democratic party, such as guiding the Nation through the greatest of wars, the splendid record in all matters related to the domestic progress of our country by abolishing panics, releasing credit and giving to our country an era of unexampled well being—I say right at the time when progressive Democrats should have their shoulders to the wheel we find a man whom we have had the utmost confidence rocking the boat. This is easy to understand when it is weighed from a political standpoint.

Joe Bailey called Woodrow Wilson a demagogue and blessed out the party five years ago. He is on the line with Speaker Clark Bailey was a Harmon man as we all know, and

he has never been anything else but opposed to Wilson. Clark thought he should have been nominated, hence we find him all along rocking the boat. Bailey was spoiled Texas. He can't get over it. Just think, we are to blame who voted for him. Well, well, I believe all true patriotic Democrats ought to shun Joe Bailey and not even be caught in his congregation. I believe if anything on earth will cause woman suffrage to carry in Texas is a few speeches by this reactionary Democratic who believes not in the road sign, "Stay Out of the Rub."

COMING BACK.

The last family to arrive back in Mitchell county to stay, is Col. S. S. Snowden, who has been trying to live the past year at Globe, Arizona. Col. Snowden and family, the whole kit and bilin' of 'em, are now domiciled in the Spade community and he says they are here to stay, as Mitchell county is the best place to live in the west.

WOMAN HOLDS RECORD FOR WAR PROMOTION

Mrs. Maude Radford Warren's Conduct Under Fire Wins Her Honorary Majority in "Rainbow Division."

Because of her "excellent work among our men and for the wounded at the front during violent bombardment, and her heroic and soldier-like conduct under fire," Mrs. Maude Radford Warren, noted writer and Y. M. C. A. canteen worker in France, has been made honorary major of the

MRS. MAUDE RADFORD WARREN.

One Hundred and Seventeenth Field Signal Battalion of the Rainbow division, now in Germany, and Col. R. D. Garrett of the One Hundred and Seventeenth has issued a decree that she "will be respected and obeyed accordingly."

Mrs. Warren holds the war record for the entire American expeditionary forces for rapid promotion. Less than six weeks before receiving her majority she was appointed second lieutenant of the Three Hundred and Fifty-fourth Infantry "for her unswerving loyalty and unselfish devotion in the front lines."

Major Warren has been in France since May, 1918, during which time she has been stationed with a number of army organizations, in Y. M. C. A. canteen service and hospital work. She served in the front lines at Chateau Thierry, St. Mihiel, in the Argonne forest and in the Verdun drive, and advanced into Germany with the troops of the Forty-second division.

WANT TO GET OUT; EDUCATIN' SELVES

Somebody "slipped one over" on the Colored Development battalion at Camp Travis, and although the joke at first created consternation among the members, it has worked untold good in the cases of more than 100 of them.

When the order for demobilization first reached Camp Travis, rumors spread thick and fast as to what was going to be done with the colored troops. Some were told they were going to be sent to Germany, others heard they would be required to rebuild torn-up France and Belgium, while some even heard that an invading army of negroes was going to be organized to restore conditions in Russia.

The most alarming of these reports, however, was that before any man could get his discharge from the army he must learn to read and write, and that he must sign his own name to his discharge papers. Now, the Colored Development battalion is made up chiefly of illiterates, and only a few of them know the alphabet. Anyway, the negroes saw no hope for future freedom unless they immediately set to work "educatin' themselves," as some of them expressed it.

The report reached an officer of the Army Y. M. C. A. and he immediately saw an opportunity of pushing his educational work in these hitherto untouched ranks. The result has been that in the battalion more than one hundred negroes have learned to read and write and now one of the fads in the organization is for the men to carry spelling books and readers around with them. Every time an officer isn't looking many of the men can be found at their favorite pastime of "educatin' themselves."

In addition to this 300 others who at some time or other had learned to read and write, but who through negligence had forgotten how, were able to "brush up" and refresh their memories to an extent that they are able to do both again.

There are some 200 others in the battalion who had been in school as far as the third grade, and these have taken up studies which are in advance of those grades. Three soldier teachers and three "Y" secretaries have handled these classes which have been in session from 9 to 11:30 o'clock in the morning and from 1:15 to 4 in the afternoon.

Officers in charge at Camp Travis are highly pleased with this work, and say it is among the most important being done by the educational division of the Y. M. C. A.

WESTBROOK ITEMS

Tuesday evening, April 22, the school auditorium was a scene of much merriment, when the high school pupils entertained complimentary to their teacher, Miss Florence McAfee.

The auditorium was beautifully and artistically decorated with bright colored streamers, which extended from the center of the ceiling to the center of the walls, making a canopy overhead. The seats were moved back and beautiful rugs and chairs were arranged over the room. In the center was a large table covered with a hand embroidered cloth. At nine o'clock the game of "progression" started, which was warmly contested for two hours, and the excitement raged high. Mr. John A. Berry and Miss Mary Bledsoe were awarded the honors for scoring the highest. Victrola music was had throughout the evening.

Mrs. R. D. Ennis and daughter, Miss Lela Brown and little Marguerette Morris returned from their visit to Dallas and Fort Worth Wednesday.

Mrs. G. J. McKinney is spending the week with her sister, Mrs. M. C. Ratliff in Colorado.

The Red Cross Auxiliary was called together Wednesday afternoon in a business meeting. Mrs. W. H. Lightfoot was elected chairman; Miss Margaret Lasseter, secretary. The material sent out by the Chapter, was opened, and one or two garments made. However, we are badly in need of more workers. The next meeting will be next Monday afternoon at 4 o'clock, either at the post-office or E. S. Hudson's store. We would be glad to see all the old workers and as many new one as we can possibly get present at this meeting.

Mr. and Mrs. J. H. Harris entertained the young people last Friday night. A large crowd was present and a good time had.

W. W. Wade, who has been teaching at Föch, returned home Friday, and will farm south of town.

Mrs. M. K. Lewis spent Tuesday in Big Spring.

Bro. A. D. Leach will fill his regular appointment in the Baptist pulpit Sunday, May 4.

We only have services here twice a month and it seems hard to remember the dates, they are so far apart. You are invited to attend.

The Car school will close Friday, May 9. The school is preparing a nice program which will be given Friday night and on Saturday night "outsiders" will put on a home talent play, and Westbrook has been given a cordial invitation to attend both exercises, for which we extend our thanks, and if nothing unforeseen doesn't arise to prevent, we'll be there by the twenties and thirties.

Z. T. Lasseter arrived in Westbrook Sunday from Brasher. He will remain here until the crop is laid by this fall.

Mrs. M. Harris and sister, Miss Florence McAfee, returned to their home at Wichita Falls Thursday. Miss McAfee has not decided whether she will accept the school here for another year or not.

Mr. and Mrs. J. C. Hays of Coahoma, are visiting Mrs. Hay's parents, Mr. and Mrs. W. H. Lightfoot.

Master Schley Riley, of Coahoma, is visiting his sister Mrs. L. V. Yates. Sunday, May 11th, the regular day set aside for Mother's Day, will be observed as Parents' Day at the eleven o'clock service Sunday morning. Special services will be prepared in honor of our parents. In the afternoon Bro. Garvin of Colorado, will talk on the Centenary work, and Bro. Doak, of Big Spring, will talk on the same subject at the evening hour, 9 o'clock. Everybody is specially invited to attend these services.

SUNNY FRANCE.

Here is a good letter from a soldier boy in France.

Over Here, Dec. 26, 1918

Dear Mabel:—It has been my lot to see the turgent Trinity, swollen by repeated rains, until it seemed in reality almost as large as pictured by the Dallas Congressman in his plea for an appropriation, sweep its way with resistless force toward the restless sea.

I have seen the Brazos "bottom" a wide expanse of water—countless farms inundated and flocks of frightened farmers roosting in the tree tops waiting for help and whiskey.

I have seen the Red quickly erupt over its wide stretch of treacherous quicksands and surges over its confining banks, halting for the time that great army of bootleggers Oklahoma bound.

I have been in the swamps of Louisiana where it is so damp and dismal that even the alligators reach an untimely end thru chills and lonesomeness.

I have lived in Beaumont and listened to the frightful chorus of the frogs as they hoarsely bewailed the cruel fate which compelled them to live in such place, for in all that mighty marsh there was not even a "chunk" upon which they could find a resting place.

At Houston I have trudged along the slimy banks of Buffalo Bayou and with mine own eyes have seen the historic spot where Gunga Din got the famous drink of Water for Rudyard Kipling.

I have been in Port Arthur and have heard the mosquitoes (numberless as the sands of the seashore) singing their sad song of carnage as they, Hun-like, hunted the blood of

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work

Calomel salivates! It's mercury Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. Adv.

innocent women and children.

I have heard the sobbing cypress and singing pine as they dropped upon the bosom of Mother Earth thousands of pearly tears relate to each other the tribulations of an hundred years, while I, a luckless hunter, soaking wet, shivered thru a long winter night to listen in vain for the morning challenge of the king of gobblers.

I have been hustled unceremoniously from the warm embraces of a downy couch in the wee small hours of a wintry night, clad in raiment of a martyred saint, stumbling over the furniture maliciously placed in my pathway the evening before—sent barefooted on down the cold stair and onto a porch covered with ice and snow, all for the noble purpose of letting the cat out.

I have done "squads east" and "squads west" and "on north into line" in the mud and slush and snow at Camp Bowie with a Texas "norther" whipping my B. V. D.'s against the goose flesh until the noise sounded like the parting of the ways—that the "world might be safe for the democrats."

These things have I done and seen and heard and have survived, but never have I seen anything to equal this French weather. Should fortune decree that I escape from this seething sea of mud and reach once more a clime where the sun is not mildewed—that I may leave this place where one's very soul is water-clogged and reach again a place where "Teds can be hung to dry"—then, oh then, the first fool that saith unto me "Sunny France" shall suddenly terminate his existence in this vale of tears. None will there be to mourn him, but there will be two million deughboys to sing my praises even to the third and fourth generations; two million deughboys who have fought corned beef, crowned princes and cooties, poison gas, propaganda and prunes, beans, bullets and bombs, Huns, homesickness and hell in the dampest dampest weather or the dampest damp weather a man ever saw.

The moral is: I want to go home. Tenderly thine,

Charles.

POOL HALLS CLOSE MAY 1

Under a law which will become effective May 1st the two pool halls in Plainview will close on that date. It is rumored that a number of pool hall owners down in the state threaten to combine and test out the law, but even if this is done it is most likely that a few will continue to do business and take the risk of punishment in case the law is upheld.—Plainview News.

The News is in error. When the Pool Hall Bill passed, the Governor had ten days in which to sign the bill. Had he failed to do so the law would have automatically went into effect May 1; but he signed the bill, which made it go into effect 90 days after adjournment, which would make it June 17th. But now comes an injunction and further stays the law.

The Dallas and Austin hotel men prayed for an injunction to try the constitutionality of the law. The temporary injunction was granted and the pool halls will run on until this is tried in the district courts in El Paso, which will be some two or three weeks hence. If the injunction is dissolved by this court, they must close until it is passed on by the supreme court, and if it is sustained they may run on until the supreme court's opinion is had.

Children Love Cascarets—10c

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things.

Karo

PANCAKES depend on Karo. With a richness—a flavor—a body—Karo spreads evenly and smoothly over your cakes. Truly delicious!

There Are Three Kinds Of Karo

"Crystal White"—in the Red Can; "Golden Brown"—in the Blue Can; "Maple Flavor"—the new Karo with plenty of substance and a rich Maple Taste—in the Green Can.

IMPORTANT TO YOU—Every can of Karo is marked with exact weight in pounds of syrup contained. Do not be misled by packages of similar size bearing numbers only and having no relation to weight of contents.

The suggestion made last week that Mitchell county get up a rousing home welcome picnic for the returned soldier boys, has been discussed, and a move will soon be started to make up the program, and have a big time. It is now about decided to have a regular old fashioned basket picnic, down at Seven Wells. Make it a whole county affair, and have everybody bring filled baskets—have a jolly time, and no one be at much expense. The Record will advertise it and print circulars, free of cost, and a good program can be arranged, with music, speaking, readings, singing, flag raising, and the whole day spent in talking, eating and a general get together town-and-country meeting. Of course all the business houses here and at Loraine would close and a regular hearty Welcome will be extended to all soldier boys, whether they went across or not, and a good time to be had by all. It has been suggested that it be held about the 1st of June, or the first week in June.

It will take more rain than has yet fallen for the average Mitchell county farmer to say too much.

The airplanes are coming—get ready to fly.

Quite a number of the knowing ones say the wheat crop is now safe and promises a good yield. The Dallas News says the rain Sunday night was worth a million dollars to the wheat crop alone.

Meet me at Jake's restaurant.

BIG ARMY TANK AND AIRPLANES WILL BE IN COLORADO FRI AND SAT.

Major A. J. Hairs, of the English Army will make an address here in connection with the Army Tank exhibit Friday morning, May 2nd. Maj. Hairs is a very eloquent speaker and a veteran of long service in the army. Don't fail to be here to hear him and to see the Tank. You may never have another opportunity.

The Army Aviators, with the Victory Liberty Loan, will be here Saturday morning, May 3, and give an exhibition on the landing West of town. Don't fail to see this attraction. Tell your neighbors. Everybody invited.

P. C. Coleman, Co. Chairman.
J. H. Greene, Chm. Publicity.

THEY ARE COMING.

Mr. W. A. Gavin and family recently bought the Arbuthnot residence and moved in on Thursday of this week, coming here from Abilene. Mr. Gavin is district traveling auditor for the T. & P. Ry. and his district extends from Baird to El Paso.

Word received Thursday morning that J. P. Hunter, out north of town was resting fairly well, and if any change at all it was for the better. Mr. Hunter has been quite sick for some time, and greatly appreciates the visits of his town friends. Go see him with a word of cheer.

The airplane landing field, west of town is now in fine shape, with suitable markers and all is ready for the flights that are to be given here Saturday.

THE WEATHER.

The weather is fine—outrivals the vaunted climate of California. A fine season in the ground, and by Saturday night most everybody will be thru planting. The farmer wears a broad smile as he wipes the sweat from his honest brow; the merchant rubs his hands in glee as he looks forward to the bully trade he expects this fall; the wiley oil man slips in and out seeking whom he may devour; and the man with leases to sell is ever on the spot. The face of nature is covered with beautiful flowers, and the birds of every hue, sing sweet songs in the bloom laden trees as they go about building their summer homes while the festive hen will leave her setting nest long enough to scratch up all the neighbors garden. But all in all West Texas is fine, and Mitchell county the finest.

THE EDITOR'S TRADE.

The Record man is not much of a farmer; but while it was raining so much the first week in April and the wheat crop looked so rank and fine, we figured that it could not miss a crop and traded for 50 acres of wheat. The rains ceased; wheat became burnt for lack of moisture, and we watched it deteriorate, until it was pronounced a failure. But the rain came Saturday night and revived our hopes and the wheat.

We had built upon hope until we had figured it at 20 bushels per acre and at the present price of \$2.65 we had in our mind \$2,650. Then we figured it at 25 bushels per acre and Hoover predicts \$3.00 wheat, so we had \$3,750. We had picked out a new car, but now it looks like only a Ford is left for us. The fact is we are not figuring on much of anything now.

We have heard it said that "Hope springs eternal in the human breast." Hope is the best and brightest word in the English language. It gives one more pleasure, many times, than the reality—but all this does not make us realize on the wheat.

It reminds us of an old friend-of ours down in McLennan county. Last year he had planned to raise water melons for the market, and as he was close to Waco, where there are lots of negroes his plans were well laid. He spent some \$500 or \$600 getting his land in shape and planting his crop. A regular West Texas drouth struck him, and the only watermelon he had during the summer was bought from a negro's wagon and cost him 60 cents. But he had figured out how many hills he had planted, how many melons to the hill, and what price he could expect to get for them, and all through the spring he reveled in the anticipation of three or four thousand dollars profit. It was a wise man who said "don't count the chickens before they are hatched."

The only consolation we have about the wheat trade is that we swapped a lot of junk, we could not get off any other way—and, by the way this may be the reason this wheat crop is still in doubt; who knows?

Terry pays 35 cents cash for eggs.

Lieutenant I. Berry of Carizozo, New Mexico, was in action last October. When his company commander had been killed and the second in command wounded, Lieutenant Berry "carried on." Wounded, he was ordered to the field hospital and the evacuation tag was tied on his uniform. This meant that he was out of the fight. Berry tore off the tag and returned to his company. For twenty-four hours he commanded their defense, guided them back out of the trenches after relief had come—and died.

Lieutenant Berry finished his job. He saw it through. He scorned an evacuation tag.

CHURCHES, CLUBS AND SCHOOLS ENTERTAINMENTS, PARTIES AND SOCIETY'S DOINGS

ECHOES FROM THE PRESBYTERIAL AUXILIARY

The special topic for the meeting was the great campaign which is now on, not only in the Southern Presbyterian Church, but in thirty denominations. This campaign is to raise money for the church and all its benevolent causes; but it is not only for money, it is also to intensify the spiritual life in the church. Stewardship was the key-note of their sessions, and the need of prayer and action was brought out in the devotionals.

The Synodical president, Mrs. Chris. G. Dullnig, told of the inter-denominational meetings which she attended in New York, and she gave the farewell charge.

The Presbyterian president had a new proof of the unfailing help and loyalty of this Auxiliary when the service cards were signed by those present.

A letter was read from Miss Rowena Williamson, a student at the Assembly's Training School in Richmond, Virginia. She teaches in a Sunday school for colored people, and also in a sewing school for them, and visits in their homes, and helps in a girl's club for colored people. She is a volunteer for Africa or Brazil.

Mrs. M. L. Swinchart also sent a greeting to the Presbyterian. She and her husband went from Pecos to Korea, as missionaries. She wrote that twenty-six girls from the industrial school in Kwanju have been imprisoned by the Japanese on the charge of insurrection.

On Monday night a large audience greatly enjoyed "Our Sojourning Sisters," in which the Mission Study Club showed that we have Home and Foreign Missions "at our own door."

The Presbyterian is much indebted to Mrs. W. A. Williams for consenting to tell, in her charming way, the "Home Missionary Experiences of a Rector's Wife." Her vivid description of life in the lumber camps made the audience almost see the wonderful forest trees, and feel the icy cold, when she and Dr. Williams plodded through the deep snow to the little chapel. No one who heard her will forget the funeral of the Japanese who were killed at the mines. Mrs. Williams' magnetic manner and sympathetic voice, touched the hearts of her hearers as she spoke of the sad scenes—and she just as easily moved them to laughter at her humorous adventures with the mules, and the mouse. The life of a Home Missionary's wife calls for much courage and patience, but the reward came when the rector and his wife were able to be of so much service to the sad and suffering ones all around them.

Miss Cornelia V. Taylor was a Home Missionary before she went to El Paso in Sabbath School Extension work. At one time she was sent to a

mining town. As soon as she reached there she was advised to go back on the next train, as a former missionary had been driven out of town. She heard a rough boy say, "wonder if she would like her eyes blacked with cinders, or put out with stone?" She did not want either done, so she went to the top of a little hill to pray and read her bible, so she could find out if the Lord wanted her to go or stay. She opened her bible and the first verse she saw was "Fear not, for I am with thee; be not discouraged for I am thy God." Then "I the Lord thy God will hold thy right hand." She knew the Lord meant for her to stay, and she came down the hill another way, unharmed. She did not know, until afterward, that the boys had piled cinders in the path and tied ropes across a trestle where they thought she was coming down.

Miss Taylor's story hour for Children was a great success, and well attended.

The Foreign Missionary, Miss Anna Lou Greer, went from Anna, Tex. to Soonchun, Korea. She is a graduate of the John Sealy Hospital in Galveston; and has been for six years the superintendent of the Soonchun hospital.

The offering for Foreign Missions amounted to \$15. This will be sent for the fund for electric lights for the Soonchun hospital.

The Presbyterian greatly enjoyed the special music and beautiful flowers at the church, and in the home of Mrs. Y. D. McMurry during the delightful social hour.

Miss Jackson's lovely contralto voice and Miss Doddy's beautiful soprano were much admired each time they sang, and the anthems were worthy of a large city church. The training of these soloists and the choir showed the efficiency of Professor Dawes. Delegates who had attended many Presbyterials declared that Colorado should be congratulated upon her beautiful music and exceptional director.

Mrs. B. S. Van Tuyl was reelected president. She has served in this capacity for a number of years.

HEAR REPORT.

The M. E. Missionary Society had a special meeting Monday afternoon to hear the reports of the delegates from the District Conference which met at Lubbock last week.

Mrs. King, Mrs. Leslie, Mrs. Winn, Mrs. Merritt and Miss Sallie Herrington, all gave interesting reports of the different departments of the work. After this they were invited to the basement where sandwiches and ice tea were served.

HESPEIAN.

Mrs. J. H. Greene, a former member, entertained the Hesperian Club complimentary, last week. The guests were the ex-members, Mrs. Henson of Memphis and Mrs. H. G. Towle of Snyder. The regular lesson was studied, led by Mrs. W. P. Leslie. A delightful social hour was enjoyed. Miss Ruby McGill gave a piano solo, which was much enjoyed. The hostess served ice cream and macaroons.

STANDARD.

Mrs. Smoot was hostess for the Standard. The course of study was completed and plans made for Recreational Day to be given at Mrs. J. H. Guitar's this week. Refreshments were served.

We clean clothes clean, and guarantee our work—J. H. Greene & Co.

CHORAL CLUB SINGS.

On Good Friday evening the Colorado Choral Club, under the direction of Prof. Thos. Dawes, gave Stainer's Crucifixion, at the Episcopal church. The house was filled with an appreciative audience. Mr. Dawes of Big Spring assisted. It had been quite awhile since music lovers had had the pleasure of hearing anything given by this Club, and this, with the much loved music, made it doubly appreciated.

100th ANNIVERSARY.

The I. O. O. F. and Rebekahs celebrated their 100th Anniversary Wednesday evening, with Mr. J. E. Stowe master of ceremonies.

A nice little program was rendered. The I. O. O. F. Anniversary Proclamation was read by Mr. Quinney. The Rebekah Proclamation was read by Miss Isla Tilley. Mrs. De Laney, who was elected Grand State Warden, gave her report as delegate. Misses Schroeder, Quinney and Roddy each gave readings, and responded sweetly when encored. Miss Schroeder sang "When the Great Red Dawn is Shining" accompanied by Miss Tilley; "Smiles" was sung as an encore.

Mr. Sherwin made a presentation speech and presented Mrs. W. L. Doss with a lovely cut glass dish. Mr. and Mrs. Doss each gave a report. He as delegate and she as President of the Rebekah Lodge of Texas.

Inspiring talks were made for the good of the order by Mr. S. D. Wood and others. After refreshments of delicious ice cream and cake, two cakes were auctioned off, from which the sum of \$9.50 was realized.

CHRISTIAN CHURCH.

Sunday, May 4, Bible School at 10 o'clock a. m., W. W. Porter, Supt., subject for international lesson, "Man Made in the Image of God." Morning praise and worship will be of special interest. Preaching and good music at both hours, morning and evening. Bring your friends. A welcome is always for you.—D. R. Hardison, Pastor.

OPEN HOUSE.

Miss Sallie Herrington will keep open house every Saturday evening from 8 to 10:30. Young people especially invited.

The Senior Class of the Colorado high school and a number of other young people attended the Loraine class play Wednesday evening.

Mr. Ed S. Jones, who was operated on the first of the week is now at his home doing nicely. He is getting along fine and expects to be out pretty soon.

K. of L. LODGE MEETING.

Last Friday night the local lodge of the Knights and Ladies of Security held a rally meeting. District deputies C. E. Brown and J. J. Parker were present and both made good talks for the good of the order. The Colorado band, led by Mr. Lee Jones rendered good music, and with the fine ice cream and cake furnished by the lady members, a royal good time was had. There was quite a good crowd out and the lodge was revived, and put on a good working basis. Some fifteen or sixteen good members were added, and with this new material the Knights and Ladies of Security in Colorado ought to grow into a strong lodge.

This is strictly a fraternal beneficiary society, and on Dec. 31, 1916, a reserve surplus of \$3,125,833.88, and on the same date had a membership of over 180,000. It pays partial and total disability benefits. It is safe insurance, and as cheap as anything we know of.

ABOUT RHEUMATISM.

HONOR TO COLORADO.

Colorado was honored by having two of her women elected to important offices at the meeting of the Womens Northwest Texas Conference which convened at Lubbock last week Mrs. W. P. Leslie was elected District Secretary; and Mrs. J. G. Merritt, Recording Secretary. Colorado was also awarded the contract of printing the minutes of this meeting, coming to the Record office. We have turned out this job for the Conference for a number of years, which goes to prove that they are well pleased with our work. We congratulate Mrs. Leslie and Mrs. Merritt on the honor bestowed upon them.

DON'T FORGET THIS.

The Baptist Church is located on the same corner where it used to be, and there are services there every Sunday. Fourteen people have joined the church in the last four months, but there is plenty of room for more. Don't forget to put church going into your plans for next Sunday.—The Pastor.

Mrs. Katy Doss, of Colorado, President of the Rebekah Assembly of Texas, visited Mrs. J. D. Alexander this week. They left Friday for McGregor to attend the Central Texas I. O. O. F. Association meeting to be held in that city Saturday.—Cisco Round-Up.

WILL ATTEND CONVOCATION.

Mrs. J. L. Doss and Mrs. S. T. Shropshire have been chosen to represent the Woman's Auxiliary of the Episcopal church at the convocation, which meets in Abilene May 11th. Mr. Prude, Mr. Lupton and Mr. J. B. Reese will represent the church.

MERRY WIVES.

Mrs. J. H. Greene entertained the Merry Wives, complimentary, Wednesday, honoring her sister, Mrs. Towle of Snyder and Mrs. George Ralston of Grant, N. M. The guests were Mesdames R. P. Price, Y. D. McMurry, R. O. Pierson, Everett Winn, J. T. Johnson, Jerold Riordan, Ralph Beal, H. S. Beal, Oscar Majors, Sam Majors, Cush, and Misses Mary Garvin, Bernice Terrell, Lela Whipkey. Ice cream and cake were served.

Big stock of fine, heavy blotting board at Record office.

THE DORN SCHOOL PLAY.

On Thursday and Friday nights, May 8th and 9th, will be produced at the Dorn school house down in the Union community, two plays, both strictly by home talent.

On Thursday night the school will render an interesting play entitled "Fun at Bainesville." The cast of characters in this production are all pupils in that school.

On Friday night, the 9th, the young people of the community (not pupils of the school) will render the play "Too Many Husbands," which is a laughable comedy, and all who attend will be entertained. Considerable good-natured rivalry is being shown between the school and the "outsiders." A cordial invitation is extended to all to come and quite a

crowd of Colorado people will attend.

PIE DAY.

Last Saturday was a sure enough pie day for the Boy Scouts. They served all day, and had every kind of pie that a person could desire. They served ice tea or coffee with the pie and realized over \$45.00. This will be used as expense money to take their annual hike down on the Concho, which is billed for about the middle of June. The boys are grateful to their many friends for their liberal patronage, and for the pies contributed by the women who had no boys in the organization.

When a man starts to paint the town he usually gets more color on his nose than on the municipality.

A FEW THINGS ABOUT THE WOMAN'S CONFERENCE

The Ninth Annual meeting of the Northwest Texas Conference held in Lubbock, April 19-23, was the largest and best yet.

It was a meeting in which one felt the spiritual force; one in which prayer, bible study, tithing, the consecration of time and self was urged.

In the workers conference at the first session many told of the trials and discouragements, the sandstorms, influenza, snow, and drouth had visited all alike; but each reported good work in spite of these, and a determination to put God's cause first, no matter what the cost.

only by an abiding faith in God's grace and leadership.

Sunday was a great day. At 6:30 a sun-rise prayer meeting was held; at 9:45 the beautiful church was filled for Sunday school.

Bro. Lyon preached the annual sermon—a great message from the text, "Here am I, send me."

In the afternoon the children gave a beautiful program and the Memorial Service was held. Twenty-eight members of the Northwest Texas Conference had gone to the heavenly home during the year—many we had met at previous meetings.

At night there was a communion

service and then Miss Nelle Bennett, a Missionary from Japan, told of the people, the needs and opportunities of christian education.

Mrs. Giswold had welcomed us Saturday evening, and Mrs. Rollins, the president, responded; after which Mrs. Burton, corresponding secretary, told of the council meeting.

Monday the regular business began, and for two days and a half business was the order of the day.

The president gave her message; then reports were heard from all officers, and plans made and enthusiastically adopted for the coming year.

The pledge, which last year was \$5,000 was raised to \$7,000, and \$6,950 promised on the conference floor.

Twenty-eight boxes were promised for Holdnig Institute, Scarrett, and Thurber. The treasurer was instructed to put on Liberty Bonds amounting to \$1,500 into a scholarship at Scarrett Bible and Training School; \$500 to be paid from the expense fund each year for five years.

The body voted to send its superintendent of Y. P. to Port O'Connor to the Young Peoples summer conference, and to send its superintendent of Social Service to the Sociological Congress in Memphis, and pay dues in that organization.

It planned to have a delegate from every auxiliary at the next meeting, to make a 15 per cent increase in membership and dues, and to carry the message of the Centenary to every Methodist woman.

Mrs. E. B. Chappell, editor of the Missionary Voice, was present, and gave a lecture Monday night on the Centenary. She conducted the election, and explained many things regarding the work.

Tuesday evening the Young People had the program. First, a missionary meeting was held. Papers were given on various war conditions.

Then a telegram announcing peace were given on various war conditions what they would do when a boys quartette came out singing, "Keep the Home Fires Burning." Then the Centenary message was given. The next was a pantomime showing six missionaries dressed in white, led by "Morning," or The Gospel; six heathen nations dressed in native costumes, led by Night, or Heathen Darkness.

A song, composed by Mrs. Delaney for the Young People was sung; also the Centenary Chorus.

The music at every session was especially good. The hospitality of the Lubbock ladies unsurpassed. A Centenary luncheon was given Tuesday in the church basement.

The entire meeting was indeed a feast of good-things and it was with regrets that good-bye was said.

The following officers were elected:

President, Mrs. N. G. Rollins. Vice-President, Mrs. J. T. Griswold.

Corresponding Secretary, Mrs. Gabe B. Burton.

Recording Secretary, Mrs. J. G. Merritt.

Treasurer, Mrs. J. D. Camp.

Supt. Y. P., Mrs. T. C. Delaney.

Supt. Social Service, Mrs. J. B. Smith.

Supt. Mission Study and Publicity, Mrs. A. L. Moore.

Supt. Supplies, Mrs. W. B. McKeown.

Supt. Children, Mrs. O. P. Clark.

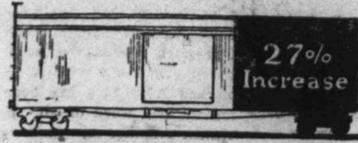

District Secretary, Sweetwater District, Mrs. W. P. Leslie.

Adequate Telephone Rates Are Needed, Too

Railroad Freight Rates have increased 27%

Railroad Passenger Rates have increased 26%

Street Railway Rates have increased 17%

Telephone Rates have increased only 4%

PUBLIC utility organizations have been forced to meet the same increases in the cost of commodities that have affected all industry, and that the public in general is meeting to-day when it purchases the necessities of life.

These high costs are reflected in railroad freight rates by an increase of 27% in five years.

They are shown in railroad passenger rates by an increase of 26% in the same period.

They are indicated in street railway rates, in American cities of more than 400,000 population, by an increase of 17% in the same time.

But telephone rates throughout the United States have shown so slight an increase in the period 1913-1918 that it can reasonably be said they have not reflected the increased telephone costs at all!

Yet telephone companies have faced the same unprecedented increases in the costs of labor and commodities that have made increased selling prices necessary in all business organizations.

This Company is operating its telephone property under the direction of the Postmaster-General for the United States Government and adequate telephone rates are needed to secure the necessary revenue to cover the increased cost of rendering the service.

In 1848 Sir Arthnr Garrod proved that in gout (also true in rheumatism) there is deficient elimination on the part of the kidneys and the poisons within are not thrown off.

Prof. H. Strauss attributes a gouty attack to the heaping up of poisons where there is an abundance of uric acid which is precipitated in the joints and sheaths, setting up inflammation. Before the attack of gout or rheumatism there is sometimes headache, or what is thought to be neuralgia, or rheumatic conditions, such as lumbago, pain in the back of the neck, or sciatica.

"Anurio" (anti-uric) is a recent discovery of Dr. Pierce and much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

OUR CITIZEN'S DEMAND. Fully Complied With—A Colorado Resident Furnishes It.

There are a few items which appear in this paper more important to Colorado people than the statement published below. In the first place, it is from a citizen of Colorado and can be thoroughly relied upon. In the second place, it indisputably proves that Doan's Kidney Pills do their work thoroughly and not temporarily. Read this carefully: G. W. Filler, 2001 East Ave., Colorado, says: Several years ago I suffered intense pains from weak kidneys. My back and sides ached and I had other trouble caused by kidney complaint. I read of Doan's Kidney Pills and used them. Two boxes of this medicine cured me entirely. OVER THREE YEARS LATER, Mr. Filler said: "The cure I mentioned in my former endorsement of Doan's Kidney Pills has proven permanent."

TO STORE FLOOD WATERS.

Mayor R. L. Penick of Stamford has recently brought about the adoption of a bond issue for the construction of the first dam to store the flood waters to be built on the Brazos river. His people have voted \$455,000 for the work and the dam is to be built some fifteen miles above Stamford. The waters will be used for irrigation and the sale is expected to care for the interest and sinking fund, leaving to the city of Stamford a source of water supply which will be inexpensive.

The water will be brought to Stamford and then put in settling reservoirs so it may be made drinkable. For the first thirteen miles the water will be lifted with turbines—that is the stored water will itself furnish the motive power, and thereafter gravity will carry it to the reservoirs. Mayor Penick is of the belief that the project will be a most successful one and that it will demonstrate the value of the proposition of storing the flood waters.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her child "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company." Adv5

SEVEN WELLS NEWS.

Seven Wells is coming to the front. Sometime ago the people met and organized a Sunday school, which was a grand success from the first.

On Sunday, April 20th, they organized a singing class with Mr. Ernest Venus president and Miss Mamie Tiller secretary. Everybody invited to attend both the Sunday school and the singing.

School closed last Friday. Considering the short term this has been a highly successful term. Let us hope that we can secure at least a six months school next year, and with one of the best boards of trustees procurable, we are sure that the school, as well as the community will make great progress.

A program under the teachers, Misses Leonora Farris and Byrdie Robertson, was rendered Friday night. The house was tastefully decorated with the school colors, red and gold, and our national flag, while cedar formed a lovely border for the snow white screens, on which rows of daisies were hung.

Judge Hall opened the exercises by an address in which he gave much praise and encouragement to the school and community. Then the following numbers were given: Song—Red and Gold—School.

Welcome speech—Thelma Harrison.

Speech—Homer Filler.

Speech—Georgia Lee.

Pantomime—"Star Spangled Banner"—Mattie Ruth Franklin.

Rose Hoop Drill—Seven Girls.

Reading—"The City Greenhorn"—Byrdie Robertson.

Finger Play—First Grade.

Cabbage Hill School—School.

Speech—Reba Franklin.

Speech—Thelma Harrison.

Pantomime—Sallie Reese.

Dialogue—"Crowning the May Queen"—Intermediate Pupils.

Speech—Blanche Tiller.

Speech—"Goodbye"—Jennie Mae Petty.

Valedictory—Koran Shelton.

Play—"Uclic Josh" in four acts, with cast of characters as follows: Joshua Jarrus, a Vermont farmer, Will Lester.

Count de Courrielle, noble in name but ignoble in character, Ernest Venus.

Mr. Upton Downes, a New York dude, C. B. Reese.

Joe Clark, slippery Joe, Sam Franklin.

Gerald Murray, a young New Yorker, Elzie Tiller.

Mulchney, a dive-keeper, Irvin Jones.

Munson, a detective, Charley Boyd.

Erastus, Mrs. Reynold's servant, Buck Tiller.

Mrs. Reynolds, a widow, Byrdie Robertson.

Letty, her daughter, in love with Gerald, Annie Tiller.

Miss Minerva Clackett, who is getting desparate, Lora Early.

Through the kindness of Mr. and Mrs. Harrison, victrola music was furnished during the evening.

The house was packed to its utmost capacity and from what we can learn from the visitors, the program gave much satisfaction.

Seven Wells is one of the best communities the writer has ever been permitted to live in. The people are among Mitchell county's foremost citizens. Come to Seven Wells.

Miss Leonora Farris left for her home at Quitman, Saturday night.

Mr. J. S. Franklin and Mrs. King spent Sunday night at Colorado.

A large crowd from Longfellow attended the program Friday night.

Among them we noticed Mr. and Mrs. Frank Dearen, Mr. and Mrs. Joe Dearen, Mr. and Mrs. Shont and Mr. and Mrs. E. C. Robertson.

CAN THEY DO IT?

It is as it always has been, the purpose of the people of the United States to withdraw their sovereignty over the Philippine Islands and to recognize their independence as soon as a stable government can be established therein. This is the official hope that the American government has held out to 10,000,000 Filipinos ever since American occupation. Now come the Filipinos, through the Philippine Mission, bringing an imposing array of proof to the effect there is already a stable government in the Philippines. They also point to the testimony of Governor General Harrison and Acting Governor Yeater, the two highest American officials in the islands, who in the light of their experience in the Philippines agree not only that a stable government can be established, but that one is already in existence.

HOBBY LAND LAW SHOULD BE PASSED

In an article by Upsper Vincent, dated at Austin, Texas, the merit of the Hobby Land Settlement Law, upon which the people will pass at an election to be held May 24th, is set out as follows:

"All countries whose people speaks English has passed laws for settling soldiers of the great war upon the land in homes of their own, except the United States.

"Congress has failed to enact such legislation for this country although the plan was laid before it by Secretary Lane and committees from every state, including Texas.

"But if the land settlement amendment to the Texas Constitution shall be adopted by the voters on May 24, returned Texas soldiers may yet be able to find farm homes on Texas lands.

"One of Governor Hobby's principal reasons for urging this legislation now is that the legislature may provide means for putting more than one-twentieth of the men who wore the khaki uniform since that fateful April 6, when war was declared. It is only fair that these men be given opportunity to settle upon the land for which all of them were willing to fight.

"With the aid of the Houston Land Loan Bank, the State will be able to furnish ready improved farm homes to many hundreds of these returned soldiers during the next few months. Initial payments can be made very small. The amortization plan of payment, based upon the land bank tables, will make it possible for the purchaser of the lands to pay for it with less money than is necessary, as a usual thing, to pay the interest alone on deferred payments. In fact less than eight per cent a year will

"A Cold Blooded Business Proposition." You've heard people say it: "The American public are tired of patriotism now that the war is over. The only thing that will appeal to them is a cold-blooded business proposition."

Do you believe it? Do you think the American people are going to invest in this coming Liberty Loan only because it's a bully good investment that shows sound business sense?

Seventy-two thousand Americans went to France and "invested" all they had in Liberty—and were killed before their "dividends" came due.

THAT was a "cold-blooded business proposition."

Two million other Americans went to France, too, and willingly offered to get in on the same "investment." And they knew they'd never "clip a coupon."

THAT was a "cold-blooded business proposition."

Thirty million other Americans here at home got in on that "investment"—saved and went without things for a year and a half to do it.

THAT was a "cold-blooded business proposition."

Well—we've still got a job to finish. And we're still Americans. Do you believe we're not going to do it in the old American way?

What Americans are most vitally interested in just now is the proposition to see the job through right—to a finish—with whatever American dollars and what ever American energy it may take.

That may be a "cold-blooded business proposition."

Some people call it Patriotism.

TRADE EXCURSION FOR WEST TEXAS

Porter A. Whaley, the newly elected General Manager of the West Texas Chamber of Commerce, plans to organize this summer a large trade excursion to visit the middle west early this fall.

It is his plan to assemble about three baggage cars of agricultural and mineral exhibits from West Texas. These will be attached to a Pullman train carrying a party of about 200 representative West Texas citizens.

The itinerary of the trip has not yet been made up and will be dictated in some measure by the dates of certain of the larger fairs which are held annually in the middle western states. In a general way it is planned to visit Tennessee, Kentucky, Ohio, Indiana, Illinois, Wisconsin and Minnesota. The return trip will include Iowa and Kansas.

Arrangements will be made to take along a number of West Texas motion picture reels which have been made during recent years.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it! Adv.

W. T. Wood of Ennis, Texas, after a few days visit here with his son S. D. Wood, returned home Wednesday. Mr. Wood is a successful business-man and farmer at Ennis and was quite enthusiastic about this great western country. He predicts a large emigration from Central Texas, and the East, this fall. Mr. Wood himself says he is greatly surprised with this country and gave much praise of Colorado and Mitchell county.

Hands and Pockets

When Corporal Ellsworth O. Terrill went over the top he had his right hand in his pocket. He did it to hide something, but was discovered in the act, and for the offense he now wears the Distinguished Service Cross.

Terrill's hand was mangled by a piece of shrapnel. He knew that if his Sergeant had seen that injured hand he would have lost his part in the attack so he stuck his hand in his pocket, and went over the top throwing hand grenades with his left.

When you put your hands in your pockets in answer to the call of the

VICTORY LIBERTY LOAN

remember the hand that Corporal Terrill stuck in his pocket.

A HEART TO HEART TALK WITH YOU.

As we claimed in our last advertisement, we have waked up from twelve month's sleep, not from disease, but from drouth. I'm sending you this letter with a heart full of love for you, and our country.

In the beginning I wish to convey my best wishes, that before next April, 1920, that everything in life for you will be so full of the richest of blessings that you will have more than ever to be thankful for.

At the same time I knew you join me—in fact every American citizen is feeling grateful to Woodrow Wilson and our fellow countrymen—that our country is blessed with peace and prosperity, and not torn by war and its resulting famine and sorrows.

We are willing to admit that we have about spent all our past year's earnings in striving to aid in winning this war, in protection to our families and our dumb brutes. It has been a true testing time to every man, and we wish to impress the thought here—that you have long since decided in your mind, who has proven to be a friend to you in these times of need. And I wish to say to each and every one of you, for us to never, no never, forget these friends.

We have much to feel thankful for. Standing out first, that we live in Texas, Mitchell county, the best State, the best county, in our minds, in the world. I wonder, sometimes, if any of us realize just how much thanks we owe for our homes in Texas—God's country.

We imagine many people go thru life without knowing what it is to live at all, and accordingly realizing the great riches and many blessings bestowed upon them, for which they should be thankful. In our opinion of life is, unless you are living for something, and you know what it is; unless you have a definite aim in view; unless you are making the most of every talent with which Nature or a kind Providence has endowed you; unless you are developing every day, every faculty that you possess; unless you are gradually broadening, expanding, growing, achieving better and better, and greater results, as the hours, days, weeks, months and years go by. Unless you are doing all these things, you are not really and truly living, in the true sense of the word, for the betterment of yourself and your country, and you are not living in the way that Almighty God intended you to live, when he bestowed upon you the faculty and abilities you have. To spend your days in anything short of searching out the forces within you, and without a daily, active, vigorous struggle to accomplish the aims of your life, is not to live, but to exist. To take things just as they come, in a passive, go-lucky manner; to get along with them, whatever they are, is not even to exist, but to be tolerated. To say you can't do things is for the ignorance of the past. The living man of today, as the world understands the word, will never admit that there is anything another man can do, which he can not do.

Let us be thankful for the fact that "Can't" can be regulated to the scrap heap, or waste basket, where it belongs. You can do anything if your determination and will power is great enough. It is very simple. Why not do it? You can, for instance, right now, we request every farmer and business man to put forth their best efforts in helping each other, to redeem ourselves and our country.

We wish to suggest to the farmers to plant every acre of feed and cotton possible. We think the opportune time is now on, and will be for the next two years; but to go safe, plant every acre you possibly can. If crops should be short you will still have the required amount to support your families and meet your obligations. On the other hand a surplus to help gather same, as well as help your fellow man.

Next week I will be sworn as your Mayor for the town of Loraine, and I personally request every family in Loraine to help me make things better, and enforce the laws that I'm sworn to do; that each and every one of us talk the matter over with our neighbor, and enter into an agreement that each of us will plant all our back alleys and vacant lots around us, to help us over this crisis, as well as keeping down the weeds, and in making the health of our town better.

We have a remarkably complete stock of Dry Goods and Groceries on hand at each of our three stores, and are doing our utmost to accommodate our customers in every way possible to redeem ourselves of all these misfortunes we have undergone. And again, as above requested, always

have a smile and a good word for the men that have proven to be a friend in time of need.

Yours for business

L. L. HOOKS SAYS HIS TROUBLES ARE OVER

Tanlac Built Him Up So He Is Now Working Hard Every Day.

"When I weighed the other day I found I had gained thirty-five pounds, and that's only a part of what Tanlac has done for me," said L. L. Hooks of North Roswell, Ga., in relating his experience with Tanlac.

"I suffered from such an awful case of stomach trouble," he continued, "that I could hardly eat a thing and nothing tasted right. The little I forced down didn't give me any strength and at times I would almost choke from the gas that formed in my stomach. I was so weak and miserable I just couldn't do any work at all and was just about all in."

"I commenced to take Tanlac because I saw the good it was doing others, and I could feel all the difference in the world right from the start; it simply made me feel like a new man. My troubles are now over it built me up wonderfully and I am working hard, using pick and shovel every day, and never have any more trouble with my stomach."

Tanlac is sold by all druggists everywhere.

Pigeon Awarded Service Medal

"Chero Ami" a carrier pigeon has been awarded the distinguished service medal for bringing news of the famous Lost Battalion of the 77th Division, when they were cut off from the other organizations of their regiment. They held out five days against terrible foes. The carrier pigeon brought the news of the plight of the organization, although he lost his left leg and received a wound in the breast. He is to have all the food he wants and move about at random.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.
