THE STORM

Rain, Hail and Wind Devastate Part of the County—Barns, Windmills and Trees Blown Down

Friday evening about five o'clock a dark cloud rolled up from the north. It had a white front and could be seen rolling over and over as it rapidly approached.

The wind blew at a great rate, the rain, in some places, fell in torrents, and in other places hail fell so thickly that it swept the ground clean before it. The hail was not extra large but in many places it absolutely covered the ground.

The territory most badly hit was around Buford, about six miles north of town. From there bearing southeast on to the Longfellow neighborhood, many crops were ruined and considerable damage done by the wind and rain.

N. H. Gist's house was blown from its foundation, doors wrenched off, etc., but none of the family, who were all in the house, were hurt, but as Mr. Gist put it, they were "scared nearly to death."

Mr. Lasky lost two barns and two windmills on his farms north of town.

Others suffered minor injuries from the wind, and where there was no hail the heavy rainfall was nearly as bad, washing away crops and cutting up the land.

The wind was high here at Colorado, but no serious damage was done. A number of beautiful shade trees were torn up or blown completely down, and a few out-houses tumbled about. The rain was not very heavy in the vicinity of Colorado and there was no hail.

Saturday morning the farmers got busy and are now planting over, both feed stuff and cotton. County agent Dulin, the Banks, oil mill and others wired east for seed, and had it shipped by express, and by the time this is read most of the ruined territory will have been replanted.

Sunday morning a stiff north wind blew up and the mercury dropped as low as 48 degrees. The sudden and severe change in the weather caused residents to dig up their winter clothing and many overcoats were in evidence.

The wind blew a gale all day Sunday, moving the sand and injuring the young cotton that had escaped the hail. Sunday night the storm rose to a still greater degree and it grew colder. It is reported that a heavy snow had fallen at Amarillo.

The Sunday night wind did a great deal of damage to the young crops especially cotton, which, when young

is very tender and sensitive to cold. Many crops will have to be partly or entirely replanted because of the wind or heavy rain.

The cold, high wind of Sunday and Sunday night almost devastated the country around Loraine and north of that place; and on Monday morning almost the whole of the northeast quarter of the county were busy replanting.

Outside of this territory the crop conditions in the county as a whole are good. Oats are now harvested making a good yield. George Dunn cut 4000 bundles from 7 acres, and at 10c a bundle, making him \$400 off of seven acres. Dr. Lee cut 1500 bundles from 3 acres and sold at 12 1/2 realizing \$45 per acre. R. G. Anderson reports a 60 bushel yield. Chas. Mann will get 75 bushels to the acre.

Wheat is not so good, but some of it will make 20 bushels to the acre. Feed crops are up to good stand and most of it worked out and looks fine.

Cotton in most parts of the county has a good stand and looks very well, considering the cool wet weather that it has had. With a week or two of hot dry weather the replanted cotton will almost catch up with the older crop.

The condition of the cotton crop of the South was 75.6 per cent of normal on May 25, the Department of Agriculture announced in its first report of the season. The estimated area planted is not announced. The condition of the Texas cotton crop is given as 76 per cent of normal.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEE'S BABY ELIXIR. It corrects sour stomach, cools and quiets the bowels and helps digestion. Sold by all druggists. Adv.

It's hard, as present prices go, to make ends meet, we sadly know. And few there are in clover; But habits formed by us today Will help when high costs pass away To make both ends lap over."

Nice, Fresh berries received every morning. They are fine. Phonell Canada & Lambeth.

"What are you laughing about?" "Now that peace is here I'm thinking of the poor sumps who got married to escape the draft."

THE LIGHT OF LIFE.

Sketch of the Sermon Preached by Pastor W. C. Garrett, for the Graduating Class of the Colorado High School, Wednesday Night at the Baptist Church.

Texts—Gen. 1:3 and Matt. 5:14-16

The people of this world today, need light. No need to ask where it is needed, but rather where is it not needed? Light is a symbol of many things; possibly more things than any other word we know.

Without stopping here to mention all that the word light does stand for, let us look at our own individual necessities, and we will clearly see that we each need a light in the temple of our visions and dreams.

Visions and dreams are like bouys to the life; they bouy us on to action. Take a look at the great men and women of the world and we see that every one has, in early life, or somewhere along the way, had a vision of some great thing and has set himself to the task of bringing it about. Truly we will find that he who never built a castle in the air, never built a cottage on earth. But we need light that our visions and dreams of glories and successes be not mere delusions.

We need light to shine down the highway of common practices; that our decisions of the present moment become not the tragedy of future years. We need the light of practical wisdom, to be as a lamp to our feet and a light to our pathway. We need the light of trouble finding. Many knotty problems arise and we need a light that will help us to locate and remedy the trouble. We need the light of Purity, the radiance of a blameless life. All other lights will be greatly dimmed if this one is lacking. We need the light of good spirits and joyful dispositions; and, above them all, we need the Light of Life, which cannot be blown out by the blasts of death.

God said "Let there be light." How is the world to receive these lights? Let Jesus answer: "Ye are the light of the world."

Our appreciation of life depends on the light in which we see it. That is true of a picture, a landscape, the Grand Canyon of the Yellowstone, etc. However else we see the Grand Canyon, we can never know its real beauty till we see it in the light of the king of day. We think we imagine, but we cannot imagine the mysteries of light; for ten thousand hidden witcheries leap into view at the gentle touch of the sun, and we can't catch even one of them in our imagination.

As we gathered for church on last Sunday evening, east of us was a black, angry, threatening cloud, creating uneasiness among the few who came to church, but as the young people stood looking on I saw a light as it beamed into their faces and at once all fear was gone, for the sun had shined through the mist between and painted on that cloud such colors as only God can paint, in a beautiful rainbow.

So if we are to see human life as God purposed it, we must see it glowing in that light which is neither of sea or land. Human life in the dull twilight of earthly environments is one thing, while human life under the resplendent light of higher ideals is a very different thing. At the M. N. C. this class motto hung over the stage for a whole year, "Not failure, but low aim is crime!" It inspired many a young life to higher ambitions.

"Hitch your wagon to a star" then stay in the wagon. The future success and usefulness of your lives will depend on how you see life. God said "Let there be light." Let Jesus answer again how the world is to have the light it needs: "Ye are the light of the world." You are light houses, a city with towers, set on a hill. But no tower will send out the light of guidance and help to others, unless properly wired and fitted with the necessary light bulbs and the proper light current turned on. The preparation you have been making in your school work, was simply wiring the house and adjusting the globes.

I was in a home recently and saw a light bulb with three cords hanging from it. One to pull when you wanted a dim light, one for medium and one for bright light. The light you

are to give to the world will depend on which of these light currents you turn on as you apply the knowledge you have acquired and as you further pursue your work in some good college. You can give to the world only the dim light, barely sufficient to walk by, or you may be of mediocre influence or you may shine your audience over the whole earth with the brightness of the noon-day glow.

The light current of ordinary common sense is of great value, but does not cast its rays far enough to help us out of a great many burdensome perplexities. The light of conscience is exceedingly fine and helpful. Its mysterious beams illuminate a thousand questions—many problems are transformed by some person of moral honesty lifting them into the light of conscience. It is the light of conscience, mainly of one man, that is transforming the problem of world peace. It is Woodrow Wilson that is lifting that problem out of the confusing maze of mere political expediency into the blazing light of conscience in the arbitration of right and wrong. No other one at the peace table could do it; for each of the others has his own ax to grind.

But sacred and venerable and useful as is the light of conscience, it cannot at all times meet the needs of your difficulties. Sometime you will stagger in the night of cold need; and conscience cannot supply the kindly comforting light. Sometime sorrow will fill your life, like black and chilling night and conscience will not give the warmth and cheer that your heart craves. When the shadows have lengthened into the gray of age and the family circle is snapping here and there, conscience will give a precious light, but the light you will prize most then is the light you need most now—the light of Him who said "I am the light of life."

We are not to be discouraged that some people will not receive the light we offer. For many do not wish any light that smacks of Christianity. It disturbs them, they prefer to pull the shades and remain in the darkness of ease. The sunlight of Christianity is too bright for them; it interferes with their conversation, disarranges their plans, brings uncomfortable exposure. So they prefer to be left alone in the darkness of their own ignorance and evil doings.

A century ago, a company of English people were talking of what they would do in case certain of the world's illustrious dead were to appear in their presence. One said if Shakespeare were to come here I would want to ask him whether he or Bacon wrote those plays; another said but what if Jesus should stand here? Then Charles Lamb said, "That presents a new phase; you see if Shakespeare should come in, we would all rise up to meet him, but if Jesus came we should all kneel and seek to kiss the hem of his garment."

"OLIVE BRANCH"

A Perfect Quality Flour.

OLIVE BRANCH FLOUR is milled for people who appreciate real bread quality—by using only the best selected soft winter wheat, you are assured a perfect flour—first, last and all the time.

Olive Branch Flour is truly the most economical flour because it goes further and never fails in baking results.

GRAHAM MILL AND ELEVATOR CO.,
GRAHAM, TEXAS.
MILLERS OF HIGH GRADE FLOUR.

Ask W. E. WATSON CASH GROCER for a sack of Olive Branch.—Satisfaction or your money refunded.

Hazlitt said, "then we all rose up and went out, for a woman present seemed very uneasy at the turn the subject had taken." So many today are uneasy at the mention of Jesus or at the shining of His light on their pathway. But Jesus said "Let your light shine." So now, shine on, shine on, shine on, for some one will see your light and be guided off the rocks of ignorance and sin, to the smoother, better, brighter way.

Do you inquire, "How may I be a real light in the world?" Jesus said "I am the light of the world. He that followeth me shall not walk in darkness, but shall have the light of life." And again, "Ye are the light of the world."

Horace Bushnell was a man of rare strength of character, a man of massive and masculine mind, exquisite conscience, and a master of philosophy, etc. But there came a day when mental insight, illumination of conscience and philosophical discernment were eclipsed in the glory of a reverent and intimate companionship with Jesus Christ, as Lord of his life. He made the personal discovery of God in Christ and the world saw him as a new creature in Christ and a shining Christian light.

Young people of the Class of 1919, you have been wiring your houses, these temples of clay, with knowledge and practical wisdom. God has endowed you with the light globes of common sense, conscience and purity. Now, with your practical wisdom apply the knowledge you have, polish these God-given light globes, and

turn on the light current of grace and loyalty to God, truth and right; then that saying of Jesus will be true in your lives—"Ye are the light of the world."

As you go proving yourselves to possess the Light of Life, you shall be lights in the world.

Don't expect to get through a hot summer of hard work without a sick spell, if you start with your system full of impurities. To avoid a breakdown in the busy season begin now taking Prickly Ash Bitters, the remedy for men. It will purify the blood liver and bowels and put the system in healthy condition. Price \$1.25 per bottle. Jno. L. Doss, Special Agent. Adv.

NEWS FROM OIL FIELD.

Wichita Falls, June 5.

"Another big well Southeast corner eighty six (86)—Parker and Hoffman wells on the sand; expected in this week. Burk-Lucas looking good. E. & P. Stock probably advanced next week.—D. C. Earnest.

To recapitulate:—The E. & P. holdings where a well is now going down, are on 86. The Bass well, a good producer, and on 86 came in last week. The Parker prospect is about 500 feet away. The Hoffman prospect is on 86. E. & P. acreage is surrounded on all sides by good producers as well as immediately contiguous prospective producers. Let me have your applications now.

BANKHEAD HIGHWAY WILL BUILD CITIES

The following article from the pen of Morris R. Loch, of Abilene, and appearing in a recent issue of the Industrial World, is worth reading. It will give Record readers a meager idea of what the Bankhead National Highway, which will run through Colorado, means for this section of the country:

"The five Pacific railways from the Mississippi river across the continent to the Pacific, viz: The Northern Pacific, the Union Pacific, the Missouri Pacific, the Santa Fe and the Southern Pacific, 12,000 miles cost \$600,000,000. The Panama Canal \$500,000,000. In all \$1,100,000,000. All of this grew from the '49ers emigration trail to California. The pony express and the overland stage routes of Ben Holliday from Atchison, Kan. and the Butterfield route from Memphis, Tenn., followed.

"Senator Thomas Hart Benton, the thirty-year Congressman from Missouri, in his celebrated speech from the east front of the St. Louis court house in 1849, uttered no uncertain sound when he extended his right arm and pointed toward the west and said: "The way to the East is by way of the West." America never realized that until we made a conquest of Mexico and purchased from Napoleon the vast Louisiana possessions from New Orleans to Vancouver. And I heard General Alexander W. Doniphan on his return from the war with Mexico in 1850 make a similar speech in the court house at Lexington, Mo. He had exploited all the country between Santa Fe, N. M., and San Gabriel, now Los Angeles, Cal. He had marched his army of Missourians there and back. Then I never expected to live to see the day I would see the first pony express start from St. Joseph, Mo., for Sacramento, Cal., and travel myself in an overland stage from the Missouri River to the Pacific Ocean. Nor to ride in a Pullman car from San Francisco to New York City over steel rails across the plains, that re-

quired six months from the river to the ocean—do that in about five days or 120 hours.

"I never expected to see train loads of silk and train loads of tea, all the way from China and Japan, bound for London, England, over American rails, worth millions of dollars. But these things have happened within my experience of a lifetime, and what may happen in the next seventy-seven years? Quien sabe? All this is wonderful and far surpassing the accomplishment of anything in ancient history, and more so, when time is considered. And yet, these things are but the beginning of far greater development. The Bankhead National Highway across the continent from ocean to ocean, through the empire State of Texas will build a city over 3000 miles long. It will create the most dense population along its route ever known. There will be all kinds of trade and traffic and manufacturing industries along its highway.

This is but the conception of a national highway started from Washington City over one hundred years ago and never got any further than Pittsburg, Pa., and there for the want of appropriations it stopped, but it's still there. The Bankhead National Highway will never stop, because it has the Western spirit and enterprise behind it. It is the greatest internal improvement ever attempted by the United States."

CHRONIC CONSTIPATION

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial. Adv.

NEW HIGHWAY THRU CENTRAL TEXAS, CONNECTING COLORADO WITH FLORIDA.

Convention at Brownwood June 9th.

At the recent Good Roads Convention at Mineral Wells there was a caucus in which good roads enthusiasts from Florida, Alabama, Mississippi, Louisiana, Texas, New Mexico, and Colorado tentatively adopted a route calculated to connect the two great winter and summer resorts, of Florida and Colorado by a highway traversing the central part of our own state, after leaving the coast line. The route tentatively adopted was, from Houston, along the line of the Santa Fe Railroad, via Brownwood and Amarillo to Colorado. The convention to be held on the 9th of June at Brownwood is called for the purpose of urging the adoption of this route, but so far as we know, it may be diverted further east or west, as the plan so far is one of suggestion, and not by any means fixed.

The eastern part of our state is already connected with the gulf coast by way of the Gulf to Colorado Highway, but there is no central, or west Texas highway leading north, and considerable travel is entailed, or will be, to get to the Gulf to Colorado Highway. The adoption of the proposed route would undoubtedly be beneficial to us. It would be still more so if we could attend the convention and urge the claims of our section, but in any case it is of sufficient interest to us to secure confirmation of the original route to justify our appearance at this convention, which undoubtedly we are entitled to do in the event we desire to secure the highway for our section.

From indications apparent to the promoters, the interest in the highway is widespread, and growing. There will undoubtedly be a large gathering at the convention, and the Chamber of Commerce of Brownwood, and the Petroleum Club, are arranging an automobile trip for the delegates, to the shallow oilfield, and perhaps to some of the deep tests in the country some time during the session. The Brownwood shallow oilfield is said to be one of the most unique in the entire country and the proposed visit of inspection will doubtless induce many to visit Brownwood on the 9th of June, who might otherwise not be interested in the convention.

However, we have said, we are interested to the extent of holding the route down to that first tentatively adopted by the promoters. It might be good business to attend the convention at Brownwood June 9th.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated. Adv.

LONE STAR LOCALS.

This part of the country was visited by a hail and rain storm Friday afternoon, but no great damage was done.

Miss Willie Harris spent Sunday night with her sister, Mrs. Will Martin.

Miss Mae Preston entertained with a party Saturday night.

Mr. and Mrs. Dale were guests of Mr. and Mrs. C. W. Palmer, Sunday. We regret to say that Miss Swan Farrar is still very sick with typhoid fever.

Messrs Charlie and Ira Coffee farmed a few days last week in this community.

Mr. and Mrs. Howell spent Sunday afternoon with Mr. and Mrs. Thos. Davis.

Miss Lera Draper spent a few days of last week with her cousin Emma Willis.

Misses Lillian and Annie Mae Porter spent Saturday night with Miss Fay Miles.

Mr. Lee Porter left Wednesday for Justiceberg, where he has employment.

Rev. M. L. Moody filled his regular appointment Sunday afternoon, with a goodly number present.

To be purposeless is to be powerless.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. WHITE'S CREAM VIRMIFUGE expels worms promptly and puts the child on the road to health. Price 30c per bottle. Sold by all druggists. Adv.

HAY FROM THE VALLEY.

On Friday last week twenty-six cars of hay were shipped over the P. V. S. from the Creek country, and three cars of gravel.

Tuesday the P. V. S. brought in thirty-two cars of hay and ten cars of gravel. This gravel is coming from the county gravel pit and is being shipped to Monahans where it is being used to surface the big Bankhead Highway over the Monahans sand.

It is estimated that by the end of the week two hundred and fifty cars of hay will have been shipped from Toyah Creek from the first cutting. The second cutting will be ready for the mowers within ten days and the crop will be heavy. — Pecos Times.

It will be seen from the above that a gravel road is being built across the Monahans sands, which is welcome news to all who live on the Bankhead Highway east of these sands.

COMMENCEMENT AT SIMMONS.

Rev. and Mrs. W. C. Garrett returned home Monday from attending the commencement exercises of Simmons College at Abilene. He reports that in the face of a stiff, cold, north wind with heavy clouds and an occasional sprinkle of rain almost one thousand people were present.

President Sandefer introduced the Hon. Charles H. Brough, governor of Arkansas, who delivered the literary address of the occasion. Gov. Brough is a man of fine personal appearance, about six feet two inches high and weighs 190 pounds. He is smooth shaven and has a quick eye. His mannerism is charming. He is eloquent, earnest, magnetic, poetical, scholarly, and the address he delivered Monday morning is among the greatest ever heard in Abilene.

The governor reviewed the twenty seven years of service of Simmons College, commented upon the work the institution has rendered in graduating 300 men and women that have received the bachelors degree and the 6,000 students that have attended the school. He also called attention to the greatness of Texas, saying that should the entire population of the world be placed in Texas it would mean there would be only nine persons to each acre of ground.

After the speech, President Sande-

fer read the list of graduates and after presenting the diplomas to all of the class, announced that Miss Oneita Christopher had won the Olsen medal for making the highest general average for the four years of her college course. Dr. Olsen presented the medal. The Atwell medal was awarded to Mr. Roy McCullough; the Campbell medal to Mr. Aubrey Stephens, the Ralph medal to Miss Lacy.

Mr. Garrett said that it rained on them all the way down, and that on account of the cold, bad weather hundreds of people did not go who otherwise would have been present. He thinks Simmons in the biggest institution in the West, and not only the Baptist people, but everybody ought to be proud of it.

A MERCILESS JUDGE.

One Who Shows No Favor

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Colorado resident has withstood this sternest of all tests.

G. W. Filler, 2001 East Ave., Colorado, says: "Doan's Kidney Pills did me so much good that I cannot say too much in praise of them. Several years ago I was suffering intense pain from weak kidneys, causing my back and sides to ache. There were other troubles which are common to kidney sufferers. Seeing Doan's Kidney Pills so highly recommended. I used a couple boxes and they entirely cured me. It gives me great pleasure to recommend such an excellent kidney remedy as Doan's Kidney Pills. (Statement given January 18, 1912).

Lasting Benefit:—On April 14, 1919, Mr. Filler added: "I can recommend Doan's Kidney Pills as highly today as ever, although I don't have occasion to use them any more. Doan's have given me a permanent cure."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Filler had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

Let us sell you your screen wire; a full stock, all widths—Col. Merc. Co.

Buy all your gas and oil at the old Winn garage, from Hill Low.

LAUGHING BILL HYDE.

Bill Hyde (Will Rogers) makes a successful break for liberty from a penitentiary in which he has long been imprisoned. He is instrumental also in liberating his pal. The pair elude a posse of deputies, but Danny is mortally hurt in a fall down a gulch. He finds a doctor, who knowing they have escaped does not betray them. Bill later makes his way to Alaska. While searching for work he hears a girl's cries and rushes to the scene. He beats off the girl's assailant. She tells him she is Ponotah a half-breed, and that she owns half of the Aurora Borealis mine, but that Slayforth, is trying to cheat her out of it. After much pleading Bill gets a job in the mine. Following Burg and Slevin one night, he learns where they hide the stolen gold. He removes the treasure box and plants it in a spot near his cabin.

The doctor, meanwhile, has acquired a claim in return for treating a dying man. When Bill hears about it he goes out to work the claim. He finds it worthless, but returns to town and reports a big strike, Bill having salted the claim with some of the stolen gold. He tricks Slayforth into purchasing the worthless claim for \$50,000 and turns the money over to the doctor. To Ponotah he gives the treasure box, which is worth even more than her share in the mine, and in return Ponotah gives him her and hand in marriage.

This interesting picture will be shown at The Best Theatre next Friday and Saturday nights and Saturday matinee, at regular prices.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. Adv.

WESTBROOK ITEMS

Miss Marie Cope, who has been visiting Misses Ruby Green and Xenia Smartt, of Colorado, returned home Saturday.

Clint Myrick came in from Midland Wednesday, where he has been attending school.

The Coahoma base ball team came down Saturday and played Westbrook. The score was 11 to 13 in favor of Westbrook.

Mrs. W. E. Donelson, Miss Thelma Hudson and Carl and Homan Phenix returned from Hamlin Friday.

Bro. A. D. Leach spent Monday in Big Spring.

Misses Ewel Gary and Dorothy Lasseter who have just returned from T. W. C., and Frank Richardson and Willie Dorn of Colorado, motored over and were guests in the home of Mr. and Mrs. J. E. Lasseter, Sunday.

Miss Alice Strickland returned to Dallas Thursday, after spending several days with friends in Westbrook.

Miss Betsy Scurry of Midland is the guest of Mr. and Mrs. I. C. Sheffield this week.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a potent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

BRYAN VOICES OBJECTIONS TO BEER AND WINE.

At Chicago on the 25th the International leaders of prohibition participated in a meeting of 5,000 persons, who, by a standing vote registered their protest against removal of the July 1 ban against beer and light wines as recommended to congress by President Wilson. The gathering also called upon congress to enforce the prohibition amendment to the constitution by suitable legislation. World prohibition was a theme dwelt upon by each of the speakers and in the audience was a party of foreign temperance and prohibition leaders, including representatives of England, Scotland, Ireland, Australia, Denmark and Switzerland. William Jennings Bryan, the principal speaker, predicted congress would not adopt President Wilson's recommendation.

"Completely Discouraged"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down

feelings, dizzy, pale and weak, little things annoy and "everything goes wrong." Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years.

What it has done for others it can do for you. A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablets. Tablet form, 60 cents, at all drug stores.

It is a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial and bracing nerve; purely vegetable, non-alcoholic, and perfectly harmless.

PADUCAH, KY.—"After first becoming a mother, I was in miserable health. I developed a severe case of woman's trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hopes of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. I kept on taking the 'Prescription' and my health was completely restored. I am always ready to speak a good word for this wonderful woman's medicine."—MRS. ANNE SMITH, 1119 N. 23rd Street.

NOTICE OF TRUSTEE'S SALE.

Whereas, John L. Greenfield, then of Dallas County, Texas, did on the First day of April, A. D., 1914, make execute and deliver unto E. P. Nelson, his certain deed of trust, conveying all that 640 acres of land in Mitchell County, Texas, known as section or survey number Sixteen (16) in Block 27 of the Texas and Pacific Railway Co. survey, Certificate 2-1108, patented to J. S. O'Keefe April 17-1901 by letters patent No. 19, Vol. 20; for the purpose of securing an indebtedness therein more fully described. And whereas, the said John L. Greenfield, his heirs and assigns have defaulted in the payment of said indebtedness according to the terms, said indebtedness now being due and payable.

And thereafter the said E. P. Nelson was requested by the Missouri State Life Insurance Company, owner of said indebtedness, to enforce said trust, and said E. P. Nelson declined and refused to execute said trust.

And thereafter, in accordance with the terms of said deed of trust, the said Missouri State Life Insurance Company, by an instrument in writing, appointed C. H. Earnest of Colorado, Texas, substitute trustee under said deed of trust, and requested him to execute said trust in accordance with its terms and conditions.

Now, therefore, in consideration of the premises, and by virtue of the authority vested in me, I will offer for sale and will sell said property, at the Court House door of Mitchell County, at Colorado, Texas, at public vendue, on the First Tuesday in July, A. D. 1919, same being the 1st day of July, between the hours of 10 a. m. and 4 p. m. of said day.

66c C. H. EARNEST, Trustee.

The Sunday and Sunday night sand storm made some of our East Texas new comers mighty home-sick, and blue. It will take several years to get them acclimated, but they'll get used to it after awhile.

When it rains it pours, and that would not have been so bad if the hail had been left out.

Eggs is eggs these days. The price continues at 35c a dozen, the highest continuous price on record for this season.

An old saying in the West is that "Plenty of rain in the West means plenty of people in the West." This will be a regular home coming year.

The editor of the Plainview News is one Jess Adams. He is a rabbit fancier and claims the domesticated rabbit scores 83 per cent in nutrition while beef only goes 55 per cent. Adams has talked rabbit until he has been able to pull off a rabbit show at Plainview. He is so full of rabbit meat all the time, that every time he hears a dog bark, he breaks for a prairie dog hole. Adams has a thousand rabbit enthusiasts in Coke county and he says the bible bears him out in his contentions, for after the children of Israel had passed over the river Jordan and were subduing the Canaanites, they subsisted on rabbit meat, and its 83 per cent nutrition, enabled them to knock out the Jebusites and Hitites. It is also contended that Samson in his youth ate rabbits, and he grew quite strong, and also popular with the ladies. When you want a sure enough old fashioned rabbit stew, visit Plainview and ask Mr. Adams about it.

Binding twine at H. C. Doss.

MITCHELL COUNTY ROADS AND BANKHEAD HIGHWAY

There is no doubt but that Mitchell county has the best system of public roads of any county in West Texas; and especially is this true of the Bankhead National Highway. Every one traveling by automobile, passing through Colorado compliments the county on her roads, and the city of Colorado on her streets and on her hotel.

A traveling man was in the Record office the other day, and said in all earnestness and good faith: "I have driven my car all over West Texas, from Fort Worth to El Paso and from Amarillo to San Angelo, and I can unhesitatingly say that taking your roads across the county both ways, and as a whole, they are best that I have driven over." In passing a filling station the other day we noticed a touring car taking on gas. There was a man, a lady and several children in the car and they seemed to have made a long trip, and we overheard the gentleman say to the garage man: "Is the road going on west as good as the last fifteen miles we came over?" The garage man says in reply, "Yes until you get out of Mitchell county, they are the same, but after you cross the line you'll catch h—l."

"Well," replied the traveler, if we had such roads as that all the way we would need no lubricating oil in this old car."

This county has put lots of money hard work and enthusiasm into our roads, and we are proud of them as we should be; and we put forth every effort in our power at the Mineral Wells meeting to get the route adopted as the Bankhead National Highway, in which Texas was successful, and secured the all-Texas route.

We think, as does every person who has given the matter any thought that this highway will be worth more to the towns and counties on its line than would be another railroad.

But what we want to say is that a few of the counties on this highway, like Mitchell, Taylor, Dallas, Tarrant, and a few others, who have spent their money and have built a good road, are handicapped by the counties on either side, who have not had the enterprise to get up and hustle along this line, and who have the same old roads they had twenty years ago, which in some instances, and at certain times are almost impassable. What benefit is our splendid road to a tourist going from Dallas to El Paso, if the roads through Nolan and other counties are so bad that he cannot reach Mitchell county; or if he should get this far and find that the roads further west were in bad condition, he would lose sight of the good roads he had passed over, and keep the bad ones in mind, to tell his friends about.

We want to urge the Bankhead National Highway Association of Texas, to look after the counties who have these bad stretches of road, and work on them, and assist them, in such a manner, that these bad places can be made at least passable. With the State and National aid now available any county on this line can build at least one good road, and we think that that one should be the link in the Bankhead Highway.

If the towns and counties on this

line could realize what it would mean to them were this road made, even ordinarily good throughout its length, we believe they would go to work at once, however great the cost, and build it. Don't wait for the government to build the road, for if you do we older people will never see it completed. If the government ever takes over the road, and should determine to build a government military highway, it will take them years to do it. Let's do it ourselves, and do it now, so that we and our children can reap some of the benefits which is bound to come to every county and to every town on this highway.

CHURCHES, CLUBS AND SCHOOLS

ENTERTAINMENTS, PARTIES AND SOCIETY'S DOINGS

—BY MRS. A. L. WHIPKEY—

You will confer a favor upon the Record and the editor of this department if you will phone her (No. 157) any announcement or news item

GRADUATION EXERCISES.

Closing of Colorado Public Schools—Class of 1919 Exercises.

The graduation exercises of the public school came to a close last Friday evening when the class of eight young ladies gave their exercises.

This consisted of class songs, "Class Will," which was read by Miss Irma Quinney; the salutatory address, given by Miss Myrtle Barber; and the Valedictory address given by Miss Daisy Adams.

The last Will and Testament of the class was full of fun and was well delivered.

The Juniors will have quite a load of responsibilities next year, as they change for the dignified title of Seniors.

The valedictorian and salutatorian were chosen this year, instead of the one receiving the first and second honors giving these addresses, as is usually done. Miss Barber's subject was "Standing By; or Double Standard in the Social World." She handled it well, being perfectly at ease, and showed that our high school girls have thoughts on other things than found in text books.

Miss Adams spoke on "Is Woman Coming into Her Own or is She Unwittingly Giving up a Sacred Heritage?" She showed conclusively that a "womanly" woman needed a broad outlook to best fill the sphere that is by nature and God given her. She delivered this paper exceptionally well, and the parents and friends are just proud of this class of "American Beauties," as they were termed.

The members of the class are Myrtle Barber, Lottie Landers Slagel, Daisy Adams, Elnora Dulaney, Xenia Smartt, Frances McMurry, Irma Quinney, and Addie Watson.

Due to epidemics and many hindering causes only twenty-five received the certificate for being neither absent nor tardy during the entire term.

Mr. J. M. Thomas, president of the board of trustees, with a few remarks delivered the diplomas. He also spoke on the condition of the school, telling how he thought it possible to have more money at its command next year, and of some of the improvements the board expected to make, increasing the salaries of the overworked and underpaid teachers being one.

At the conclusion of the program Supt. King presented the \$5 gold piece, given to the one making the highest grade in U. S. History. The D. A. R. has given this prize for several years, but this year it was given by Hon. L. W. Sandusky. Master Richard Pearson was the receiver. He also won first honors in his grade and received a certificate for being neither absent or tardy.

There were several changes in the list of honor pupils this year. Some who had always received first honors had to yield the place to others. The ones receiving first and second honors are:

First Grade—Fred Rives Hutchinson; Robert Dolman.

Second Grade—Rosalie Leslie; Annie Moeser.

Third Grade—Exa King; Loyce Price.

Fourth Grade—Laura Louise Pearson.

Fifth Grade—Ruth Helton; Jewell Collier.

Sixth Grade—Robert Whipkey; Kanna Water.

Seventh Grade—Richard Pearson; Alice Bozeman.

Eighth Grade—Tella Cook; Luester Ausley.

Ninth Grade—Dixon Vector; Julia Shepherd.

Tenth Grade—Edwin Moeser; Ray Womack.

Eleventh Grade—Myrtle Barber; Lottie Landers Slagel.

All in all this has been a successful term of school. The teachers have done their conscientious best, under the many difficulties that existed during the year, and the patrons feel that they gave more than value received.

Biliousness is a condition that breeds disease in the vital organs and ought to be corrected promptly. Prickly Ash Bitters is a man's remedy. It vitalizes the blood, drives out impurities in the bowels, makes you feel bright, strong and hearty. Price \$1.25 per bottle. John I. Doss, Special Agent.

SEVENTH GRADE PROGRAM.

Last Thursday evening at the high school auditorium the seventh grade rendered a program.

This consisted of a song by the class; reading by Floy Murphy and a duet by Ed Jones, Jr., and Lela Watson; after which a play, entitled "Examination Day at Woodville School." This was well rendered and carried many of the parents back to the almost forgotten school days when examination day and the visit of the school board was a red letter day.

The last day of school ended properly, the over-worked "school ma'am" found her affinity and could not accept the school for another year.

The principal characters in the play were: Lela Watson, Hubert Whirley, Virgie Powell, Richard Pearson, Fannie Bess Earnest, Alice Bozeman, Frances Mitchell, Roddy Brooks Merritt. The Hon. Board of Trustees were T. B. Cowan, R. B. Baker, Elmo Cook, Ed Jones, Worth Porter; and various young hopefuls, were, Nora Lydia Reese, J. C. Richardson, Chas. Mann, Dick DeLaney.

Many compliments were given the youngsters on the splendid interpretation of the various characters, and the play was as well rendered and as amusing as if grown-ups had given it. After the play Supt. King presented diplomas to twenty-two who had completed the grammar school and were ready for high school.

DIED.

Joseph Henderson George. It will be remembered that he was once a resident of Colorado, and a nephew by marriage to E. M. McCreeless of the Union community. At the time of his death he was living at Sweetwater. He died of influenza, that dreadful disease that reaped so many mortals from the walks of life. This writer's acquaintance with him was limited, but information gathered authorizes me to say that Henderson was a devoted husband, a kind father and a good provider for his family; and possessed a tact to make friends wherever he went. He leaves a devoted wife and four young children, a father, mother and other near relatives to mourn the loss of a dear one gone to his reward. To them our sympathy goes out to the limit. He was born in Marion county Alabama January 16, 1885, and died at Sweetwater, April 10th, 1919. He was married to Ida Nash at Eastland, Texas, February 15, 1907. To them were born four children, three girls and one boy, Eve, Elsie, Katherine and Weldon.

—E. M. McCreeless, his Uncle.

Forrest Payne, son of Mr. and Mrs. A. J. Payne arrived home Monday after serving Uncle Sam in Europe. He is looking hale and hearty. —Slatonite.

Phone 162—Terry's market.

HOME WEDDING.

At the home of her parents Mr. and Mrs. N. T. Smith, Miss Edna Smith and Mr. Polk Welch were married Sunday at 6:30 p. m. The affair was very quiet, only the immediate families of the bride and groom were present.

As Mendelsohn's wedding march was played by Miss Whipkey, the bride and groom entered, preceded by Miss Beulah Smith, sister of the bride, and Mr. Horace Welch, brother of the groom, and were met by Rev. W. C. Garrett, pastor of the bride, who said the solemn words that made them husband and wife.

The bride looked her prettiest in a becoming gown of white crepe de chine. Her sister also was attired in white.

The young couple are well and favorably known having lived lives of usefulness in this community, she being a teacher and he a prosperous young farmer of whom West Texas is justly proud.

The Record joins their many friends in wishing them a long, happy and prosperous life.

A SPECIALIST.

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. N. Root's office in Colorado, on Friday, June 6th.—One day only.

FORTY-TWO

Saturday evening Misses Lillian Smith and Lois Whipkey entertained at the home of Mr. and Mrs. A. L. Whipkey, with 42, complimentary to Miss Jewell Mitchell, who leaves this week to spend the summer in Mississippi. After several interesting games, punch and little cakes were served.

PUPILS RECITAL.

The following recital was given at the high school auditorium Monday evening by the pupils of Miss Hallie Roddy, expression teacher.

While this is Miss Roddy's first year's experience as a teacher, yet the pupils showed splendid training. Every number was good. The play, "Good Little Girl," was excellent, every child had his part well. The old maid aunts were expecting a good little girl to visit them, and she turned out to be very much of a boy, with all of the mischief in him they thought there would be when he arrived. He asked embarrassing questions; put salt in the minister's tea and fly paper in the chairs for the auntie and her deacon beau to sit on. Little Miss Maxine Root acted this part to perfection.

And the Lamp Went Out, was a comic pantomime, by the older pupils and was a "scream" from beginning to end. As Miss Roddy read in tones of tragedy, the pupils were acting in comedy. All who failed to see it missed a hearty laugh.

Miss Roddy graduated from the public schools here last year. She had studied expression from Miss Smith and last vacation studied at State University, and began teaching here in the fall. She has a bright future before her.

The program was as follows: Soap—Maxine Root. Good Reading—T. B. Cowan, Jr. Apple Blossoms—Ruthel McKenney. Rebekah of Sunny Brook Farm—Jessie Schroeder.

Voice From a Far Country—Erma Quinney. Smiling—Laura Bell Grantland. His Buttons Are Marked U. S.—Mildred Martin.

Play—"Good Little Girl."—Characters: Laura Bell Grantland, Homer Hutchinson, Henry Doss, Helen Roddy, Ruthel McKenney, Mildred Martin, Maxine Root.

Play—"And the Lamp Went Out"—Characters: T. B. Cowan, Erma Quinney, Conrado Ausley, Jessie Schroeder. Accompanist, Miss Smith.

MISCELLANEOUS SHOWER

The young lady's class of the Baptist Sunday School gave a miscellaneous shower at the home of their teacher, Mrs. Smoot, last Thursday afternoon, for Miss Edna Smith, one of their members, who was to be married June 1. The guests were the bride to be, her mother and sisters and the Y. W. A. The house was tastefully decorated with black-eyed susans and the whole class vied with each other to see that their guests had a pleasant time.

A contest, a trip through Texas, was very interesting and after this the honoree was escorted into the dining room where an array of dainty and useful gifts were displayed and were presented to her.

Ice cream and cake were served. Judge R. H. Looney is off this week on his summer vacation and will spend most of the time in the oil fields, watching the mad scramble for money

DECORATION DAY.

As announced last week the U. D. C. observed Decoration Day Tuesday at 6 p. m. at the Christian church.

Each year the veterans get fewer and fewer in number, and the mounds on which is placed, with loving hands, the evergreen wreaths, grow more numerous.

The program consisted of readings, music and addresses. Mr. Dawes had charge of the music. An anthem, and national airs were sung, and a quartette by Messrs. Wood, Stowe, Hardison and Dawes, was specially pretty.

The decorations were of flags and evergreen wreaths, and as the evening light showed through the stained windows it seemed to shed a benediction on the aged veterans who honored the occasion with their presence.

Rev. D. R. Hardison made the principal address. He told of the history of the South; the struggles and hardships of the Southern soldiers, and how the glory of both the North and the South had fallen upon the shoulders of their brave sons who wore the khaki. His address was one long to be remembered.

After the program wreaths and flowers were taken to the cemetery and placed on the graves of those who wore the blue, the gray and the khaki. Miss Dry gave a history of the work of the U. D. C. of Texas and Colorado.

THE MEETING.

The revival meeting began at the Baptist church Wednesday evening. The director of music, Mr. Stulce of Abilene, was there and organized the singers who were present, but he wants others to come and help out. He is a good gospel singer, and is here to help the meeting in every way he can. The pastor, Rev. W. C. Garrett will do the preaching, and craves the cooperation of every Christian in town. He talked a little while at the first service, on the ways to help in the meeting. The rest of the time was spent in song service.

The services will be at 10 a. m. and at 8:30 in the evening. The services will begin promptly at the time mentioned and all who attend are urged to be on time. Everybody is most cordially invited to attend any or all of these meetings.

G. D. Adams is now living for the present at Mingus.

ENTERTAIN YOUNG FOLKS.

Mr. and Mrs. Oscar Majors entertained the young people of the town with 42, Monday evening. There were nine tables and the evening was one of continual enjoyment. The out of town guests were Mrs. Jim Coughran and Miss Alice Majors of Sweetwater, Misses Moses and Martin of Lampasas and Mr. Doyle of Dallas. Sherbet and angel food cake were served. The house was beautifully decorated with ferns and cut flowers.

Dr. and Mrs. T. J. Ratliff received the sad intelligence Wednesday of the death of little Elbert Smith, her sister's child, by drowning. No particulars were given in the telegram. Mr. Smith with his family lived in Colorado for some time, and their many friends here will sympathize with the bereaved parents and relatives.

Just try one 3-pound Armour Gro. Coffee, at \$1.30—Colorado Mercantile Company.

Mr. C. P. Conaway and daughters, Mrs. Meskimmen, Misses Hattie and Mattie and Miss Daisy Adams, motored to Abilene Saturday to attend the commencement exercises at Simmons College.

Have your last year's suit dyed and remodeled to the latest style.—Tom Hughes, Expert Tailoring. Clothes called for and delivered.

J. H. Greene has bought the Hubert Toler undertaking interests and stock at Loraine and will look after the undertaking business in that part of the county. This was brought about and the trade made in the interest of the county, as it will enable one man to put in and keep up a first class stock of undertaking goods, at all times. Mr. Greene is a graduate and licensed embalmer, and a first class undertaker, and from now on will be better prepared to look after this department.

MEETING AT BAPTIST CHURCH

The following committees have been appointed to have special charge of the various departments of the revival work. These are only a part of the committees that are needed and others are being appointed and will be announced from the pulpit as fast as they are ready.

The Enlistment Committee is in four sections—Married Women; Married Men; Young Ladies and Men; Boys and Girls. This four section committee includes every member of the church. Their special duty is to put in one hour each afternoon in the interest of the meeting, in seeing phoning, writing, visiting, praying or doing some other definite thing in the interest of the meeting. This committee is too large to print here, so all who are members of the church will know that they are on this committee and are expected to do this definite service for the meeting each day, and be on hand to report the work done, each night at the church. The other smaller committees thus far appointed are as follows:

Music—Mr. Leo A. Stulce, Director, Miss Lela Whipkey, Lee Jones, Mrs. J. H. Guilar, Stansley Whipkey, Mrs. W. C. Garrett, Miss Daisy Adams, Miss Addie Watson, Mrs. Jno. Garner, Mrs. C. H. Lasky, Dr. Ratliff, Mrs. Ratliff, Mrs. F. B. Whipkey, Miss Ethel Mann, Miss Andrews, Miss Grace Franklin, Mrs. R. B. Terrell, Mrs. Lottie Slagel, Miss Inez Nunf, W. R. Charters. A special invitation to all the singers of the town is given to come and help in the singing during this meeting.

Publicity—J. H. Greene, F. B. Whipkey, J. H. Smoot, J. C. Hall, J. A. Sadler.

Finance—E. Keathley, Geo. B. Slaton, F. M. Burns, A. L. Whipkey, J. R. Sheppard, W. R. Morgan, R. B. Terrell.

Census Taking—Mesdames S. Gustine, G. D. Adams, H. B. Smoot, J. H. Smoot, Edgar Majors, A. L. Whipkey, W. C. Garrett, J. H. Greene, W. C. Morrow, H. F. Wheeler, and Misses Mabel Smith, Aliens Davis, Anna D. Smith.

The legislature of Texas will be called to meet between June 15-21.

A full supply of typewriter ribbons at Record office.

**COMMENCEMENT WEEK
COLORADO SCHOOLS.**

The closing week of the past session of the Colorado Public Schools was an exceedingly busy one for all concerned, teachers and pupils alike. In addition to the regular school work, submitting examinations, etc., the teachers had to make their monthly and term reports, and finish each child's report card so it might be given out at three o'clock last Friday afternoon.

For the pupils, beginning Tuesday night, May 27th, the seniors presented their class play. This play was well adapted to the time and was well and pleasingly rendered by those who had parts in it. It showed that they had had efficient coaching and that each one could adapt himself to the part he played. Many of the people who saw it have highly complimented those responsible for its production. We appreciate this because when we work hard in a public cause we like to feel that our efforts are not lacking of success.

Wednesday night Rev. W. C. Garrett preached a most excellent sermon. What he had to say to the members of the class was not only inspiring to them, but to all who heard him. Rev. Garrett always has something good to say when he preaches.

Thursday evening, at the high school auditorium, the seventh grade gave their commencement exercises. These young people gave a program that would have done credit to pupils much more mature than they, and it was well received by the large audience that heard it. Miss Nash, their teacher, deserves much credit for the success of the program. Twenty-three received certificates of graduation from the grammar school into the high school.

Friday evening, at the high school auditorium, the graduation exercises for the high school seniors were witnessed by a large and appreciative audience. The class consisted of eight girls. Practically all these will attend some college next year. Three of the class read essays. Miss Myrtle Barber was salutatorian and Miss Daisy Adams was valedictorian, each read an essay; also Miss Erma Quinney read the class will. The three beautiful choruses rendered by the class under the direction of Prof. Thomas E. Dawes, were very much appreciated. Mr. Dawes presided at

the piano. Mr. J. M. Thomas, chairman of the school board delivered the address to the class and delivered the diplomas. E. F. King made a short talk to the patrons and then delivered the scholarships. Seven scholarships went to Miss Myrtle Barber, who holds highest honors, and one to Mrs. Lottie Slagel, who holds second honors.

Notwithstanding the fact that there has been a great deal of sickness in the community during the session just closed, and two or three teachers resigned whose places had to be supplied during the session, and several of the teachers sick at different times during the year, the work done by teachers and pupils has been very good; better even than we had a right to expect under the circumstances. The teachers have labored hard to do efficient work and we believe their efforts have been fully appreciated by the patrons.

Library Fund Oversubscribed.

As has been stated in the Record before, the school began an effort several weeks ago to raise at least \$500 for the building up of the school libraries and laboratory. This was started by first giving a program at the school and taking a voluntary contribution. Then a committee was appointed to prosecute the work further. This committee is composed of the following ladies: Mrs. Marcus Snyder, Mrs. H. S. Beal, Mrs. Abe Dolman, Mrs. L. W. Sandusky and Mrs. J. H. Greene. These ladies gladly took this matter in hand and several days ago they reported that we are well over the five hundred dollar mark. We certainly owe these ladies a vote of thanks for their efficient services, and on behalf of the school I take the present opportunity to publicly express our appreciation of the effectual work done by them. The committee has been constituted a standing committee and in the future will assist in many ways in better equipping the school. Such hearty and efficient co-operation is always highly appreciated by those who need better equipment in the schools to enable them to do the best work.

The proceeds from the class play were placed to the credit of this fund this amounted to \$81.70. The \$5.00 in gold, offered by Mr. Sandusky to that pupil of the seventh grade who should make the best yearly grade in American history, was won by Richard Pearson. Who will offer the \$5.00 next year? The D. A. R.'s have been giving it for several years, but we understand they can not do so hereafter.

Asking the hearty co-operation of all concerned that we may have the best possible school during the coming year, I am,

Very truly,
E. FRANK KING, Supt.

**CALOMEL DYNAMITES
A SLUGGISH LIVER**

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work

Calomel salivates! It's mercury Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you're just as back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. Adv.

The hills and valleys of Concho-land have been turned into veritable flower gardens. — Chistoval Observer.

Hush man! We are just crazy to go fishing and you make us sick with squibs like the above.

LONGFELLOW LOCALS.

Last Friday this community was visited by a very destructive rain and hail storm, completely destroying all the growing crops. The wind did considerable damage to windmills and barns. The community suffered a great loss; thousands and thousands of dollars worth of damage was done. All wheat and oats were badly damaged. It was estimated that four inches of rain fell in forty minutes. All the creeks and branches were out of their banks in a few hours, and the ground was badly washed on the hill sides. The farmers started to planting just as soon as it got dry enough to get in the fields.

Singing as usual last Sunday, and we had the pleasure of listening to a helpful lecture delivered by Bro. W. P. Garvin of Colorado.

Miss Addie Miller of Colorado was visiting Miss Ruby Wilson Saturday night and Sunday.

Miss Winnie Spalding of Colorado is spending this week with Miss Annie Scott out on their farm.

Miss Mary Burrus of Roscoe was a guest of Miss Ola Westbrook for the week end.

If any of you have anything of interest to write for the locals, just address it to The Twins, Route 4, and we'll do the rest.

Miss Sarah Felts spent Sunday evening with Mae Williams.

Mr. T. H. Westbrook is entertaining his mother-in-law this week, Mrs. Robertson of Cuthbert.

Mr. Irwin Wright has a stiff neck this week, as he has a very bad rising on his throat.

Quite a number of young folks visited Ola Westbrook Saturday night and played 42.

Thomas Burrus has returned from overseas. Tom left last July for the training camp and in a few weeks he sailed for France. After a few weeks of drilling he was pushed to the front. He says he was just going over the top when the armistice was signed. He stayed in the hospital 63 days. He can relate some very interesting stories of what he saw.

Bernie Williams was seen down at town last week eating a can of sardines. He said he expected to go fishing pretty soon and wants to get used to the taste of them.

After all of her hard work and trying, the woman has at last been denied her privilege to vote; but old John Barleycorn is dead to the world. The Twins.

**DID HER A WORLD
OF GOOD, SHE SAYS.**

Mrs. Moore Was So Weak She Could Hardly Get Up—Health Restored by Tanlac.

"I feel so well now that I can hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore, of 943 S. Wellington street Memphis, Tenn.

"I had been in a rundown condition for two years," she continued, and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so lifeless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headaches that would almost drive me distracted.

"My appetite picked up on my first bottle of Tanlac and I am now eating three hearty meals a day, those awful headaches are gone and I am feeling just fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."

Tanlac is sold by all druggists everywhere. Adv.

UNION ITEMS.

The general outlook for a bumper crop in this section was never better, although the worms have damaged the crops some, but the most of the replanting has been done, and who knows but it will be the best. We feel greatly encouraged and have a great deal to be thankful for; yet our people don't turn out to Sunday school as we think they ought.

Our Sunday school has taken on a new phase of work. There has been appointed a working committee to solicit our people to come over and help us make our community worth while. Some one has said "America first." I say in similar language Christian work first, last and all the time.

Say, what has become of our general faced demonstrator, W. A. Dulin? He has not been seen (as I know of) in this section since the drought has been on, or the war has been over. Surely, since his wages have been raised, he could come over and demonstrate the fact that he loves us, if no more.

Last Monday morning our norther was followed by a fine rain, so all the hoops are tight again, and everything looking good.

I Owe My Life to PERUNA

Mr. McKinley's letter says cheer to all who have suffered as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me so I cannot praise it too highly."

It Cured Me

Let us sell you your screen wire; a full stock, all widths—Col. Merc. Co.

Jimie Lee Hart has moved from Lamesa to Colorado and will open up a real estate and rental business in partnership with L. A. Costin.

Get your Deering Binding Twine at H. C. Doss. Best twine on the market.

Uncle John Haley has 65 stands of bees and is now getting about 65 pounds of honey per day. He estimates this season's crop of honey at 7000 pounds and is selling it at 25c as fast as he gets it. This bee colony will net about \$1750, which beats raising cotton, as the bees hustle their own grub and are very little expense.

Just try one 3-pound Armour Gro. Coffee, at \$1.30—Colorado Mercantile Company.

Mrs. B. M. Moore came in this week from Tulla on a visit to her daughter, Mrs. W. C. Morrow and reports crops about Tulla as being very fine, and especially wheat.

H. C. Doss has the Deering Binding Twine—the best there is on the market.

R. T. Berry sends for the Record at Ft. Payne, Ala. Mr. Berry was formerly postmaster at Loraine.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." C. W. GROVE'S signature on box. 30c.

Mrs. Wector and little son, Dixon, left Tuesday morning for their home in Houston.

John Deere and Standard Go-Devis, best made, in stock, no waiting. Come and get them and kill the weeds.—H. C. Doss.

R. T. (Bob) Coffee of Loraine was brought to the local sanitarium here Monday evening and operated on for a severe case of appendicitis. Mrs. Coffee and Mrs. J. A. Buchanan of Colorado are sisters.

I have in stock a broadcast or grain binder. Lots of wheat and oats to cut. Figure with me on this binder. H. C. Doss.

Judge and Mrs. C. H. Earnest and daughter, Fannie Bess, left Sunday for a visit in Dallas. They spent a few days with their grandbaby in Strawn, from which place the Judge returned home, his family extending their visit.

Let us sell you your screen wire; a full stock, all widths—Col. Merc. Co.

Mrs. Brooks Bell and son, Brooks J., left this week for Dallas where they will spend the summer.

Our stock of Hardware is complete. Let us supply your needs.—Colorado Mercantile Company.

Mrs. Slagel and Mrs. Landers leave tonight for Camp Bowie to meet Capt. Slagel and Harry Landers, who are to be discharged from the army in a few days.

Just try one 3-pound Armour's Gro. Coffee, at \$1.30—Colorado Mercantile Company.

Miss Nash, seventh grade teacher left for her home in Yoakum this week.

Our stock of Hardware is complete. Let us supply your needs.—Colorado Mercantile Company.

Mrs. Woodruff, fourth grade teacher, left for her home Monday morning.

We have a full line of Field Seed—Colorado Mercantile Co.

A wire received Wednesday from Will Clayton at Camp Mills, N. Y. says "Back on this side, Home soon." Mrs. J. W. Smith also received word from her son Jim, that he had landed safely in New York, on his way home.

Mr. J. L. Pidgeon is now back home from California, and is in charge of the City Garage. Everybody knows that Mr. Pidgeon is one of the best automobile mechanics in the west, and it goes without saying that you can now get your car fixed at the City Garage and get it fixed right. Mr. Pidgeon is the only mechanic in town who has taken a course of instruction in auto work in the mechanical schools, and he thoroughly understands the battery and ignition systems as well as all parts of all kinds of cars.

A SPECIALIST.

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. L. Root's office in Colorado, on Friday, June 6th.—One day only.

SOUL KISS

60 cent sellers, three for \$1.20 Face Cream, Cold Cream and Face Powder. Best preparations on the market. Buy two at 60c and get one free—Call for Soul Kiss at W. L. Doss, the old reliable druggist.

PURE HONEY.

Pure Mitchell county honey, in the comb or strained, just as you like, for sale by J. H. Haley, Colorado, Texas. 613p

Mr. C. H. Lasky returned home Friday from his Galveston trip and was highly elated over his Gulf experience and was in high glee until they phoned in from the farm about the storm. Mr. Lasky was not favorably impressed with South Texas and is now more than ever convinced that Mitchell county is the best in the State. He says that after a person travels through that country he can then understand why so many of those people want to come to this section of the state.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS child TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Attention is called to the advertisement in this issue of the Graham Milling Co., for "Olive Branch" flour sold in Colorado by W. E. Watson and is claimed to be the best flour on the market.

City Garage

We have leased the City Garage and are prepared to do your repair work promptly.

Mr. Pidgeon has returned from California and has charge of our shop.

Old reliable John Garner will still be with us.

Mr. Hill Low will take charge of the gas and oil station.

Battery and Ignition Work a Specialty.

Gas, Oil and all Work for SPOT CASH ONLY

WINN & PIDGEON HILL LOW

TEACHERS EXAMINATION

The State and County Teachers examination will be held in Colorado on June 6th and 7th—next Friday and Saturday. See Judge J. C. Hall for further information.

Hill Low now has charge of the

filling station at the Winn Garage, next to Vaughan's feed store, and will serve you with gas and oil; and will vulcanize your tubes while you wait. Mr. Low promises good service and wants to sell you your gas and oil.

"My dealer was right —they do satisfy!"

There's more to a cigarette than "pleasing the taste." Other cigarettes, besides Chesterfields, can do that.

But Chesterfields do more—they begin where the rest of 'em stop! Because Chesterfields "touch the smoke-spot," they let you know you are smoking—they do SATISFY!

There you have it—SATISFY. It's all in the blend—a blend of fine selected TURKISH and DOMESTIC tobaccos. And the blend can't be copied.

That's why it's Chesterfields or nothing if you want this new thing in cigarette enjoyment.

Liggett & Myers Tobacco Co.

Chesterfield CIGARETTES

—of Turkish and Domestic tobaccos—blended

They SATISFY!

For One Person

who has made money quickly there are a thousand who have built up a fortune slowly by conservative investments, such as Government securities.

Any sane man would rather lend money at interest than have it taken away from him. The Government must have money. It is a case of lending or being taxed.

Whatever the future has in store, those people who have purchased Government securities have least to fear and most to congratulate themselves upon. What you waste will buy a Victory Bond.

LOCAL NOTES

Mr. J. L. Pratt has been on the sick list for the past few days.

Miss Nellie Norman was in Colorado Saturday, having dental work done.

Mrs. Smiley received word that her daughter, Mrs. Henson, had undergone an operation. We hope for her a speedy recovery.

We have the sweeps you need—Colorado Mercantile Co.

Miss Jean Hall is home, visiting the home folks and friends. Miss Hall has been employed in San Antonio for the past two years.

Miss Annie Norman has returned home after closing her most successful school term. She expects to spend the summer at home.

Mr. Morrison arrived here Saturday morning. He says he has passed through the oil fields and they are still busy. He has been in the east for some time.

Deering twine—the best made—at H. C. Doss.

The young folks spent the evening Saturday at the home of Mrs. I. J. Pierce.

Carroll Seymour was discharged at Camp Bowie last week and is now living in the Valley View community. He has spent several months overseas with Uncle Sam's army.

Mrs. Frank Free of Plainview, has been visiting in Loraine this week. She spent Sunday in Colorado. Mrs. Free is one of our former towns people, and we are always glad to see people coming to Loraine.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

Miss Marie Coffee came in Tuesday. She was called to the bedside of her father, who has undergone an operation at Colorado. We are glad to report Mr. Coffee as doing nicely.

Mrs. Reed and son of Sterling City spent Tuesday in the J. M. Templeton home.

Mrs. Zara Dean is visiting in Abilene.

Mr. and Mrs. Hutchins and children have returned from a visit to Abilene.

Best oil and gas sold by Hill Low.

SPECIALIST.—Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat work, will be in Dr. C. L. Root's office in Colorado, on Friday, June 6th.—One day only.

Miss Nelson came down from Big Springs to spend the week end with her parents.

Bill Crowover is improving nicely from the fractured leg he got playing base ball on Monday of last week.

Snappy ties for snappy dressers—J. H. Greene & Co.

Miss Bessie Green of Colorado has been visiting the Misses Black, the first of the week.

Miss Helen Stevenson came in Sunday morning. She has been in school at the State Normal in San Marcos during the past school year. School closed on the 30th of May.

Ira Crowover has landed back in the States and is on his way to be discharged. Probably he will be home within a few weeks. He is with the engineering corps of the Panther division.

Piles Cured in 6 to 14 Days Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c.

Clarence Rowland has been discharged from the service after spending a year in Europe. He expects to come to West Texas soon.

Geo. Hutchins and family motored down to Baird Sunday. They took dinner with his parents; then went to Abilene to attend the home coming celebration for the Simmons college men, Monday.

Tommie Burrus has returned from overseas. He has been in service for almost a year. He was stationed in France with the army of occupation since the signing of the armistice. He was discharged at Camp Bowie last week. Tom says Loraine still looks good to him. We are glad to see all the soldier boys returning within a few weeks all of the Loraine boys will be home.

J. L. Pratt is improving slowly after an operation.

Mrs. J. M. Templeton is visiting relatives at Abilene and Strawn

Benton Templeton who has been in Simmons College is home again

When you think of a country think of America; when you think of a government, think of good old Uncle Sam; when you think of a state, think of Texas; and when you think of a town, think of Loraine.

The electrical storm necessitated the services of the electric light men in Loraine Saturday after the storm of Friday afternoon.

Read Carl & Vance Phenix ad.

The wind, rain and hail cloud Friday afternoon caused a great deal of damage to the crops of the surrounding country. It seems to have been one of the largest hail storms—that is, covered more territory, than any previous to this. However, the spots that were completely wiped out were comparatively few. Coming from the northwest as it did, it did great damage north of Colorado. Traveling in a southeast direction it struck the fields hard in the Bauman community, this being the second time they have been hailed out. The Champion community was left bare, after the hail had passed. Practically all the crops that were in the path of the storm were beaten about some, although most farmers think a large per cent of the cotton and practically all of the feed will revive again. The farmers of the Champion and Bauman communities were all in town Saturday looking for cotton seed.

When food gives you distress you need a dose of Prickly Ash Bitters to relieve the stomach and help digestion. It is a man's remedy for the liver and bowels. Price \$1.25 per bottle. Jno. L. Doss, special agent.

The letter of appreciation sent in a few weeks ago by Mrs. Lawson makes the people of Mitchell county thankful and happy to know that we have always tried to make others happy and to help each other along the way. Although we do not know Mrs. Lawson personally, we know she has the same high ideals of her brother and sister, Tim and Miss Irene Garland and Mrs. Haney. Speaking collectively we wish to thank her for the nice letter and ask her to write again.

A regular morning operation of the bowels puts you in fine shape for the day's work. If you mill it you feel uncomfortable and cannot put vim into your movements. For all bowel irregularities HERBINE is the remedy. It purifies, strengthens and regulates. Price 60c. Sold by all druggists. Adv.

Mrs. Checkles arrived in Loraine Thursday morning. Mrs. Checkles is back from Washington, D. C., where she has been serving her country in the Civil Service Department. She tells us that her daughter, Miss Doris Mullin, holds a position in New York City, and that she is always longing for old friends back at Loraine. Mrs. Checkles has been one of the foremost ladies in the progress of our little city. We hope for her a very pleasant summer after her services with Uncle Sam.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. Adv.

We can sell you a lawn mower for less than wholesale cost today—Colorado Mercantile Co.

Big stock of fine, heavy blotting board at Record office.

The only white railroad engine in the United States was painted for the Victory Loan. It was designed and planned by J. W. Walsh of St. Louis and was originated by E. L. Kimmel, Supt., of the Illinois Southern railroad. It was used to pull the fighting tanks from city to city.

It seems as though in addition to the league of nations the president of the United States will propose to the U. S. Senate and the Prime Minister of Great Britain ask the parliament of that country, that in case France be attacked by Germany, they immediately come to her aid.

The farmers of Kansas have found it necessary to drop back to sun time, at least until harvesting time is over. The laborers in the fields are caused many inconveniences by the day-light saving plan, and have set their clocks to sun time.

Dee McCallum, who lives in the Bauman community, not only had his crop beaten up, but his house was blown from the foundation, and lightning killed his dog.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 90c per bottle.

Dad and Hubert Toler and sons, spent a few days last week down on the river fishing. Dad says he caught all the fish he wanted, but luck was against him, as Merlin, his grandson, caught more fish than he.

Get your drugs from W. L. Doss, the oldest and most reliable druggist in town. He handles only the purest and best drugs and chemicals. All prescriptions are filled by a registered graduate pharmacist.

Get your Deering Binding Twine at H. C. Doss—Best twine on the market.

TAILOR SHOP

Albert Duncan,
Loraine, Texas.

The new Congress, the 66th, has many problems of importance to deal with. Perhaps the one that stands paramount in both houses is the League of Nations. This great problem of course lies largely in the power of the Congress of the United States. Then the problems of the railroads, the telephone and telegraph systems, war revenues, luxury taxes and many other problems such as woman's suffrage, the enforcing of nation wide prohibition, etc. When we come to think of the problems confronting this new congress we can, at least, realize they have a job.

The estimate on the cost of the war as to nations shows that the United States leads. With a wealth of 220 billions, spent 38 billions. The United Kingdom, with wealth of 75 billions spent 34 billions. France's wealth was 67 billions, with war expenditures of 27 billions. Germany with a wealth of 78 billions spent 29 billions. Italy's wealth was 16 billions, war debt 11 billions. Russia with a wealth of 40 billions, spent 25 billions.

Have in stock (no waiting) a full line of single and double row cultivators, John Deere and Standard—they're the best—H. C. Doss.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply BAL-LARD'S SNO WLNIMENT. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Sold by all druggists. Adv.

Lots of wheat and oats to cut—I have in stock a grain binder that will do the business better and quicker than any other. Come in and figure with me about it.

We have a full line of Field Seed—Colorado Mercantile Co.

HEALTHFUL ADVICE

During the aftermath of influenza or any other prostrating illness, the logical tonic is

SCOTT'S EMULSION

which enriches the blood and strengthens the whole body, via nourishment. If you would renew your strength—try Scott's.

Velvet

THE SMOOTHEST SMOKING TOBACCO

TIME—given the right chance—puts character in a man's face, horse-sense under his hat, and mellow fren'liness into his tobacco.

Velvet Joe

Time is a big factor in giving Velvet Tobacco its mildness and "character."

Velvet ages for two whole years in wooden hogsheads. During this long period the choice Burley leaves take on a kindly quality of coolness, a rich fragrance, a "taste" that appeals to pipe smokers—old and young.

Don't hurry, but just walk into the next store and lay down a dime and a nickel and say "VELVET"—the tobacco that isn't harsh but is friendly.
