GARALDINE FARRAR
 IN THE
"TURN OF THE WHEEL"

THE RAINS.

It has rained so much and so often and so hard, that we have completely lost track of the whole shooting' match Saturday night last we had the master rain of the season, 4.05 inches in Colorado and from 6 to 10 inches in various parts of the county. Crops were washed away or covered up, and a great deal of damage done. Wednesday noon a dark cloud came up from the southwest, and all the south half of the county flooded again. Urda Wulfjen and the Lowes say that they never saw a real rain until this one. They declare that it rained 10 inches. Of course this destroyed crops, washed out bridges and otherwise did much damage. Mr. Maddin reports lightning killing a fine cow.

With all of these rains a bumper crop will yet be made. Cotton may be late, but a fine yield is promised where it has escaped the hail and floods. The cotton crops that have been totally destroyed by these last rains will be abandoned, and the land put in feed, as there is ample time

to make a big feed crop.

Altogether, over the county, the crops are in pretty fair condition. Farmers are at work and prospects are very good. All early feed is now assured without more rain.

Ed. Jackson's shipment of shoes he has been advertising has arrived, follow them into the shop and pick you out a pair. Here are the best shoes on the market today for the price. You are invited to come in and see them, even if you do not wish to buy.

Judge J. C. Hall says it will be some time in August before he can get the State Superintendent of public instruction to visit Mitchell county. Miss Blanton goes to Milwaukee in July to speak before the national educational association and when she returns to the state Judge Hall will get her to set a date for Mitchell county, at which time he will have all the county school trustees and teachers to meet in Colorado for an all day picnic and speaking.

DUROC-JERSERS

We have the best blood lines in the country in our herd. Every animal on our place is registered and cholera immune. Prices reasonable, and satisfaction guaranteed.

FOURTH OF JULY PICNIC

Big Picnic to honor Soldiers on Fourth of July is leading topic of the day. Arrangements almost Completed.

The program committee is at work on the program for the Fourth of July picnic, to honor Mitchell county soldiers.

At a meeting Monday evening the program was planned and there will be many features to interest the different ones, and please the taste of all the soldiers and citizens.

Every one stands ready to do his part to make the day a success.

The day will begin with a parade and end with a dance, and between these two features there will be various amusements and interesting events.

Messrs. J. W. Person, O. B. Price, Joe Smoot, Roy Dozier, Mesdames Marcus Snyder and Thomas Dawes will have charge of the parade, and J. R. Shepperd will be Marshall of the Day.

Mrs. J. H. Guitar will have charge of a patriotic pageant, and crowning of a Victory Queen.

One of the leading features will be the band music, and of course that will be well rendered. Prof. Lee Jones, with the band boys at work and hope to have musicians from other places to assist them.

In the afternoon there will be a Sing-Song, led by Joe Roddy, who will put the soldier boy's spirit into it.

There will also be a base ball game for those who like this sport. Myrtle Vaughan and W. R. Charters will have charge of this, which insures its success.

Some miscellaneous "stunts" will also be gotten up by Dr. Root, Sam Wulfjen, Abe Dolman and Roy Farmer. With such a committee the public may be prepared for anything and especially some good laughs.

In the evening, beginning at 8:30 there will be a band concert, followed by a dance. Hon. L. W. Sandusky will have charge of this, and his assistants will be Marcus Snyder, T. W. Stoneroad and Henry Dissa. The place of the dance has not been announced, but the intention is to build a platform and have a street dance. The chaperones for this will be Mesdames F. M. Burns, F. E. McKenzie, Hiram Snyder, T. W. Stoneroad, H. S. Beal, Ben Plaster, J. C. Prude, Sam Majors, H. C. Landers and P. C. Coleman.

The parade will form at ten o'clock at the court house; go east to the Methodist church, south to the Christian church, west to Lasky's corner and north to the tabernacle.

All soldiers attending are requested to wear their uniforms.

At the tabernacle the following program will be given:

- Band music.
- Welcome address by Mayor Chas. M. Adams.
- Response by Charlie Thompson of Loraine.
- Solo by Mrs. J. H. Guitar.
- Band music.
- Dinner.
- 2 p. m.—Band Concert.
- Sing-Song, led by Joe Roddy.
- Pageant.
- Crowning Victory Queen.
- Baseball and sundry performances.
- 8:30 p. m.—Band concert and street dance.

Let everybody in the county come, with a well filled basket, and have a good time.

Sixty-five million dollars is to be raised by the Baptists of the South within the next year for the benefit of Baptist institutions of education and of mission work, both in the South and in foreign countries. Of this fund, Texas is to raise \$16,000,000, according to the decision made by the prorating committee of the Southern Baptist Convention, which met at Atlanta, Ga.

AMERICAN TROOPS CROSS THE BORDER.

Many Villa Dead Seen By Americans
 Shots Fall into El Paso.

El Paso, June 16.—American troops, who crossed the international line here last night, to stop indiscriminate firing into El Paso, had their first engagements with Villa's men from the Juarez race track.

Many prisoners were reported to have been taken by the Americans.

American troops guarded the American approaches to the international bridge today while Mexican soldiers stood guard at the Mexican end.

Chinese and Mexican refugees, detained by the immigration authorities, have been permitted to return to Juarez.

One American officer, commanding a colored infantry company, discussing the situation during the fight said that one band of rebels held up their hands when approached by the Americans, surrendered and then opened fire on the Americans at close range. All of the rebels were killed.

An American army officer after an inspection trip from the international bridge to the scene of the battle between the Villistas and the Federals reported seeing thirty Villa dead. It is believed that many Villistas were killed by shrapnel bullets fired from American Artillery.

The Villa troops are fleeing toward Guadalupe opposite Fabens, Tex., with American cavalry in pursuit.

Major General Cabell, commander of the Southern department, arrived today and immediately conferred with General Erwin, commander of the El Paso border district.

There can be no misunderstanding between the United States and Mexico regarding the movement of troops across the border at El Paso, Secretary of war Baker said today. The sole purpose, he said, was the protection of the American side and declared that there was a distinct understanding between the two governments for such action.

At 11 o'clock this morning the entire Second Brigade was plainly visible about eight miles southeast of Juarez in hot pursuit of the Villa forces, which they engaged at 10 o'clock in the vicinity of San Lorenzo. It is stated at military headquarters, that the entire infantry command was withdrawn from Juarez at 11 o'clock, by order of General Cabell,

having spent exactly eleven hours on Mexican soil.

The Artillery fire against the Villa forces was resumed at 10:30 o'clock this morning, shrapnel bullets being plainly visible from the river.

Federal officers at Juarez estimated today that the rebel dead at 200 while 70 rebels were wounded. The Federals are unable to calculate their own losses.

It is reported that eight Villa prisoners were executed at Fort Hidalgo today. Major Hernandez stated that the body of Manuel Castro, a Villa General, has been found in the trenches east of Juarez.

Orders for the withdrawal of the American troops followed the return of General Cabell, who crossed the international bridge for a conference with General Francisco Gonzalez, supreme commander of the Juarez troops.

The Devils River fishing crowd all returned home Sunday night sadder, but wiser men, as well as soaking wet and mud to their heels. They traveled over 500 miles, going from one swollen stream to another and crossing where ford there was none. From the Pecos to Del Rio and from the Rio Grande to the Brazos, taking in Devils River and the Conchos, but nary a fish.

HAMNER-NEWMAN.

The marriage of Miss Margaret Hamner and Mose Newman was celebrated Thursday evening of last week at the home of Mr. and Mrs. C. A. McClintic, Rev. C. A. Engle, pastor of the Presbyterian church, performing the ceremony in the presence of a few friends of the young couple.

The bride is a daughter of Judge and Mrs. E. J. Hamner and was reared here, where she is one of the most popular members of the younger social circles of the city. The groom is a son of Mrs. Jim Newman and one of the prominent young members of local business circles. Mr. and Mrs. Newman will make their home in this city.—Sweetwater Reporter.

ANOTHER LINK.

Sanders Bros., who have the contract to construct a modern highway out of Merkel, east and west, to extend from Tye to the west boundary of Taylor county, started work on two shifts last week. The work will cost about \$40,000 and will be completed within four or five months.

This will complete another link in the Bankhead Highway, and will complete Taylor county's road through the county. What's the matter with Nolan?

"The Store of Quality"

F. M. BURNS

On Monday, June 23rd, Dr. J. Frank Norris will begin a protracted or revival meeting at Cisco. A specially built tabernacle has just been completed and preparations are being made to accommodate thousands of people from all west Texas.

Dr. Norris is pastor of the largest church in the South, and has the largest Sunday school in America. The church property covers practically a whole block of the city of Ft. Worth. Some parts of the buildings on this property are open every day in the year, and the public generally regard the work carried on as a public benefaction. On Sundays these buildings are full to overflowing with people who come to hear the gospel preached in simplicity, purity and power. More persons are received into the church on any average Sunday than some evangelists receive on an average in a whole series of revival meetings.

CHRONIC CONSTIPATION

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial. Adv.

SPREADING OVER THE WORLD.

Brimming full of that confidence which brings success, and that active energy which creates success, the Ford Motor Company are establishing assembling plants in Copenhagen, Denmark, and in Cadiz, Spain. The Ford Motor Company believes the war is over, that a new dispensation has been established, and that the sooner American manufacturers can align themselves to the new conditions and reach out to meet the great demands of the world, why, the quicker the havoc wrought by the war will have been effaced. The quicker we can get international business at work, the sooner will the horrors of the war disappear and the earlier we can reach out our hand of trade to help, the earlier will be the disappearance of hate and enmity between people.

The Ford Motor Company believes if you want the foreign market, go to it. Don't wait for it to come to you. Take what you have to sell to the market, and there show its advantages to the people who visit that market and to the people who buy in that market. If you wish foreign trade, become an active, living part in the red blood of that trade. The whole world is a market today for American enterprise, and who realize this truth and make honest efforts to get that trade, will have it.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEES BABY ELIXIR. It corrects sour stomach, cools and quiets the bowels and helps digestion. Sold by all druggists. Adv.

NEW AUTO LAW.

On June 18 a new law goes into effect in Texas which will lend protection to automobile owners against the stealing of their cars. It was passed by the last legislature, and is said by those who have made a study of automobile legislation, to be one of the best laws of its kind anywhere in the United States.

The Act deals with the removal of identifying numbers of automobiles and prescribes a penalty of not less than \$10 or more than \$100 for the use on the highway or the selling or offering for sale of any vehicle from which the engine number has been effaced or obliterated. It provides a method by which the highway commission will assign a number to the motor from which the numbers have been obliterated from no improper motives. It further penalizes the owner of any car who makes false application for the registration of a car from which the number has been effaced—prescribing a penalty of not less than \$50 or more than \$100.

If you cannot eat heartily without an attack of indigestion, your stomach is weak. You need Prickly Ash Bitters. It is a fine digestive tonic. Besides, it rids the stomach and bowels of the impurities which bring on sickness. Price \$1.25 per bottle. John L. Doss.

The Board of Regents of the University of Texas met in Austin Monday and Tuesday, June 9 and 10. Mrs. Helen Marr Kirby, who has been dean of women at the University for thirty-five years, tendered her resignation, which was accepted with the provision that she serve as dean emerita for the remainder of her life. Miss Lila M. Casis, professor of romance languages in the University since 1896, was selected as Mrs. Kirby's successor. The Board took steps toward providing additional dormitory space for the women students. An expenditure of not to exceed \$50,000 for the erection of permanent buildings for the schools of mechanical engineering and chemistry was authorized. A number of routine matters were also given attention by the Board.

Typewriter ribbons for all machines at Jno. L. Doss Pharmacy.

THE LIBERTY CALENDAR.

Exactly four weeks in every month thirteen months in every year and every week to begin on Monday are some of the advantages proposed by advocates of what they are pleased to call the new Liberty Calendar. Under the new scheme only two days have to be "taken care of." New Year Day would be made a holiday and placed in no week, but would come between December 28th and January 1st. Correction day would come only every four years and would give two holidays that year instead of one and would be placed by the side of New Year Day. The new month would be called Liberty and would follow February. Under the plan July 4th, Liberty day, July 11th, Thanksgiving and Christmas would all fall on Thursdays every year that is Washington's birthday would fall on the same day of the week as long as the new system is used. A promissory note given for any number of weeks, months, or years would mature on the same day of the week it was given, etc. A bill is already in Congress to make the change.

FUSSY NEWS.

On the evening of June 13th Mr. and Mrs. M. E. Hewett entertained a crowd of young folks with an ice cream supper, at their home. Games were played until 10:30 when they were invited into the dining room, where they were served with ice cream and cake. The good night hour came all too soon. All left saying they had enjoyed themselves.

Crops are not so good in this part of the county, as the sand and hard rains have killed most all the cotton. Curtis Erwin said he had lost every stalk of cotton he had, and has planted his land in feed stuff.

The storm last Friday moved the Fussy school house off its foundation, and a rent house belonging to J. C. Erwin also wrecked barns for Mrs. Robertson and Grover Erwin.

We understand that on the return of a soldier from France, wedding bells will ring in our community.

Miss Willie Erwin has arrived from New Mexico and is now the guest of her parents, Mr. and Mrs. J. C. Erwin.

The people of Fussy have undoubtedly paid the preacher, for they surely have been well blessed with rain this year.

2-CENT POSTAGE BACK AGAIN IN U. S. ON JULY 1

Now here is a bright ray of hope in the dismal world of high prices!

The reason: Two-cent postage comes back July 1st. Pork chops and everything else may continue to rise, but when July 1 rolls around, you will be able once more to put a 2c stamp on a letter to points outside the city and a 1c stamp on a postcard.

The postage stamp will be one of the first everyday commodities to go back to its pre-war price basis. When the United States entered the war Congress increased postage on letters to 3c and postcards to 2c for delivery outside the city in which they were mailed.

Before the close of the last session, however, legislation was enacted providing for a return to the old rates at the end of the fiscal year.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful. Adv.

LONE STAR LOCALS.

Our Sunday school rally was a grand success, although the rains everywhere and conditions of the roads caused the absence of several of the expected visitors. Rev. Haygood, our missionary was present and delighted all of his hearers. His talks were upon different subjects but were enjoyed very much. Then came the noon hour, which was indeed a delicious treat, spread "country fashion." Rev. Richardson of Loraine and Rev. A. D. Leach of Westbrook were afternoon visitors, and their talks were splendid, and we feel that we shall reap golden rewards from the grand lessons we heard; and we have been caused to think more earnestly about the things of which we learned on this day of worship. Mrs. Hamilton and daughter, Helen, spent Tuesday afternoon with Mrs. C. P. Blair and daughter Thelma. Misses Florence Brown and sister Myrtle, had as their dinner guests on Sunday, Misses Vera Brown, May Preston and Effie Tillison. Mr. J. W. Richburg received a telegram Tuesday afternoon, announcing the death of his father. Mr. Richburg left Wednesday for his father's home at Kemp, Texas. It has been raining, hailing and sandstormy weather. We wouldn't mind the weather if the sand didn't blow. The condition of the crops are some better considering the weather we have been having in this part of the country.

UNION HAPPENINGS

Following our heavy rain on the 9th, was a severe sand storm on the 11th, which played havoc with our crops in this section. But after sand-furrowing a good deal they were saved, and on last Saturday (our land getting in condition to work) many planters run in this section, planting over, and a better feeling prevailed. But in the early part of Saturday night a heavy cloud rose, and a powerful rain was the result. There are no words to describe the difference in the looks of our crops in the last ten days, and no figures by which to estimate our seeming loss—but who knows if it be a loss, as it was all providential. Let us expect what is best for us to follow. On account of the heavy rain and road conditions our Sunday school was so thinly attended that we dispensed with the regular order of work, but the lesson was closely reviewed by one or two. The pulpit was also vacant on account of our pastor Bro. Hanks, being off at school. We are all looking forward with anxiety to the third Sunday in July, at which time our protracted meeting begins. When I can first recollect, we called them "big" meetings, and some of them were, too. If we all do our duty we will have a big one this year. Now, in conclusion, let me say that in the face of all our troubles, our health is good, and no end to good appetite. We can almost taste fried chicken and jack rabbit chili all the time. ELI

SOME AUTOMOBILES.

In the business letter for June, just issued by the Dallas Trust and Savings Bank, appears the following statistics and deductions on the automobile: A total of 6,225,192 automobiles and motor trucks were registered in this country at the beginning of the year and it is estimated that there will be an annual output from one and one-half to two million cars for several years to come. The average cost to the purchaser of cars and trucks today is at least \$1,000, the total investment being considerably over \$6,000,000,000. It is estimated that 5,000 miles is an annual average for each vehicle, so that on a basis of 7c per mile for tires, gasoline and repairs it is estimated that, apart from the vital element of depreciation, the cost of maintenance and operation reaches well over \$2,000,000,000 annually. Have your last year's suit dyed and remodeled into the latest style.—Tom Hughes, Expert Tailoring. Clothes called for and delivered. Colorado and Mitchell county people have gotten so used to good roads good streets, good water and a good local paper, until it is now taken without comment. This county has the best roads in the west. This town has the best streets and more shade trees, and pretty lawns. Colorado has the best water and a plentiful supply, of any other town of twice its size. Colorado has the best local county weekly newspaper and printing plant in the west. If you don't believe all these things compare them with your neighbors.

SUBSTANTIAL AID TO BALKANS.

The American Red Cross is distributing 25,000,000 pounds of food, clothing, soap and medicinal supplies in the Balkans. To Rumania, portions of which have been stripped of all means of supporting life, have been sent one million yards of cloth, 1,000 sewing machines and hundreds of tons of foodstuffs and hospital supplies. In Greece, 4,000,000 lbs. of relief supplies have already been distributed, while Serbia has received 3,500,000 pounds. One million pounds of food and general supplies have been sent to Montenegro. Albania has received 600,000 pounds and Bosnia 50,000. Only steady and thorough relief of these suffering people will enable them to rebuild new lives on the ashes of the old. DAYS OF DIZZINESS Come to Hundreds of Colorado People. There are days of dizziness; Spells of headache, languor, backache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills. Endorsed in Colorado by grateful friends and neighbors. Mrs. W. M. Cooper, Concho St., Colorado, says: "About five years ago I suffered a great deal with severe pains across the small of my back. I could hardly get out of bed in the morning, as my back felt as if it were broken and it was sore and lame. I would get so dizzy, everything would turn black before me and I would have to grab on to something for fear of falling. I had severe headaches and was bothered by the irregular action of my kidneys. I read a whole lot about Doan's Kidney Pills, so I got a box at W. L. Doss' Drug Store and their use removed the pains in my back and regulated my kidneys. I felt like a different person." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cooper had. Foster-McBurn Co., Mfrs., Buffalo, N. Y.

WORLD-WIDE PROHIBITION

With a view of carrying prohibition to all parts of the world, temperance workers assembled at Washington last week for the annual national convention of the Anti-Saloon League of America, and organized the World League Against Alcoholism. Countries expected to be represented in the league were said to be Canada, Mexico, Japan, Scotland, Ireland, England, France, Belgium, Denmark, Switzerland, Australia, New Zealand, Sweden, Czecho-Slovakia and Italy, in addition to the United States.

A SPECIALIST

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. L. Root's office in Colorado, on Friday, June 20th.—One day only. Blank oil leases at this office. Phone 162—Terry's market.

TO PREVENT BELCHING.

FLUVANNA MAN ON PAROLE SHOT TO DEATH

Snyder, Tex., June 14.—Joe Stahl a blacksmith of Fluvanna, paroled from Fort Leavenworth, Kan., where he was interned for his alleged pro-German utterances, was shot to death yesterday by J. F. Dowdy, justice of the peace. Our stock of Hardware is complete. Let us supply your needs.—Colorado Mercantile Company.

Citation on Application for Letters of Administration.

The State of Texas: To the Sheriff or any Constable of Mitchell County, —Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice: The State of Texas: To all persons interested in the estate of J. E. Sweatt, Deceased, G. B. Sinton has filed in the County court of Mitchell County, an application for Letters of Administration upon the estate of said J. E. Sweatt, Deceased, which will be heard at the next term of said court, commencing on the third Monday in July, A. D. 1919, the same being the 21st day of July A. D. 1919, at the court house thereof, in Colorado, at which time all persons interested in said estate may appear and contest said application, should they desire to do so. Herein fail not, but have you before said court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Colorado, this 18th day of June, A. D. 1919, 627c W. W. PORTER, Clerk Co. Court, Mitchell Co. Tex. By W. S. Stoneham, Deputy.

suance of bonds to the amount of \$1500.00 to bear 5 per cent interest annually, to build or repair school buildings, and furnish equipment for the school of said district, and to levy an annual tax sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. Said annual tax levy not to exceed 50 cents on the \$100 valuation of property, for said building, repair on building or equipment and for maintenance of schools. A. R. Northcutt is hereby appointed presiding officer to hold said election at the above named place, on the date above mentioned. Given under my hand and seal of office this June 12th, A. D. 1919. 711c J. C. HALL, County Judge, Mitchell Co., Texas.

ACREAGE REDUCED ONE-FOURTH.

Notwithstanding estimates that place the total cotton acreage reduction in Texas as low as 12 per cent, Judge W. F. Ramsey, agent of the Eleventh District Federal Reserve Bank, who launched the campaign for acreage reduction early in the year and has directed it since that date, is firmly convinced that the 1919 cotton acreage in Texas is less by fully 25 per cent than was the acreage devoted to cotton last year. The old saying of the old timers comes true this year. The Plainview News puts it this way: "This spring brings to mind the old West Texas saying, "when it rains in Texas it rains like hell; when it is dry in Texas it is dry as hell." He has a crude way of expressing himself, but he told the truth. Fashion journals say that women will wear fewer clothes next summer than they did last summer. Maybe so, but we do not see how this is possible. MONUMENTS. E. Keathley has my designs at his office, Colorado, Texas. Call there and select what you want in the monument line. S. M. JOHNSON, Sweetwater, Texas. John Deere and Standard Go-Devils, best made, in stock, no waiting. Come and get them and kill the weeds.—H. C. Doss.

SCHOOL BOND ELECTION

Upon the petition of a majority of the qualified tax paying voters of Looney School District No. 12, I, J. C. Hall, County Judge of Mitchell County, Texas, do hereby order an election to be held at the school house in said school district No. 12, Mitchell County, Texas, on Saturday, July 12th, A. D. 1919, to determine if the majority of the property tax paying voters of said school district No. 12, desire the issuance of bonds to the amount of \$2000.00 to bear 5 per cent interest annually, to build or repair school buildings and furnish equipment for the school of said district; and to levy an annual tax sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. Said annual tax levy not to exceed 50 cents on the \$100.00 valuation of property in said school district for said building and equipment and for maintenance of schools in said district. J. M. Thompson is hereby appointed presiding officer of said election, at the above named place, on the date mentioned above. Given under my hand and seal of office this June 12th, A. D. 1919. 711c J. C. HALL, County Judge, Mitchell Co., Texas.

SCHOOL BOND ELECTION

Upon the petition of a majority of the qualified tax paying voters of School District No. 11, known as Spade District, I, J. C. Hall, County Judge of Mitchell County, Texas, do hereby order an election to be held at the school house in school district No. 11, on Saturday, July 12th, A. D. 1919, to determine if the majority of the tax paying voters of said school district No. 11 desire the is-

When you want your Ford car repaired, insist always upon getting the genuine Ford Parts, made by the Ford Motor Company, in order to insure reliable quality. There are "spurious," "counterfeit," "imitation" parts made by outside concerns who have no regard for quality in material, so insist on your Garage or Repair Man furnishing you the genuine Ford Parts. All reliable garages may now buy the genuine Ford Parts from us—so there's no excuse for any one using the "bogus" parts. To be sure, bring your car to us for repairs or replacements. If you want a Ford Car place your order now. A. J. HERRINGTON

The "oldest inhabitant" has never seen it rain too much in West Texas.

The farmers of west Texas are busy and happy and will soon have a lot of cash in their pockets. The small grain crop is meeting all expectations.—Abilene Reporter.

It is now estimated that more feed will be raised in Mitchell County this year than the farmer can gather. This is the year the farmer will be able to dictate to his banker and merchant.

The Abilene Reporter in writing about that city's educational advantages pays the following well deserved tribute to one of its institutions: Draughans Business College, which is one of the largest and best equipped business college in the west employing six expert teachers is located in Abilene and for those who desire a commercial education affords an exceptionally good opportunity. At this school the enrollment is always high and positions are secured for all graduates, more than 70 graduates being secured positions in one wholesale house located in Abilene. General Commercial courses including typewriting, shorthand and bookkeeping and commercial law are taught.

OIL LOCATION DISCOVERED A CINCH FOR INVESTORS IN MITCHELL COUNTY

Mr. J. C. Prude has a solution to the Mitchell County oil situation.

Out on his ranch, north of Loraine, down in a deep, unfrequented gully was found a large slab of rock, flat and about 3 feet square, smoothed off, and on which was inscribed in plain, well formed letters, the following inscription:

"GO 300 YARDS SOUTH, DRILL 4000 FEET GET OIL. U. S. GEOLOGIST."

Also a star and arrow were engraved below the inscription. Parties finding this rock stepped off 300 yards to the south, and there found another smaller rock set on edge on which was a star and arrow. These rocks looked as if they had been engraved and placed there many years ago, and no doubt point out the exact spot where oil can be found.

Here is a chance for Mitchell county's home oil company to make a location and secure a gusher at 4000 feet.

Editor Ben Smith of the Lockney Beacon is possibly one of the laziest and meanest men on the Plains. The report comes that he is working his wife to death cultivating the family garden, chopping weeds and mowing the lawn, under plea that should he do any of this kind of work it would cause him to have the "hay-fever." She would be justified in giving him a dose of fish hooks or "horsenic."—Plainview News.

After our woman folks read the above we were instructed to say in our reply that Jess Adams is the biggest pervaricator not only in the Plains country, but the entire state of Texas. Whoever carried that report to Plainview was evidently peevish over the subscription account to the Beacon which we have been endeavoring to collect. If the Plainview editor doesn't straighten this up we will step in and take half-hundred thousand of that oil money of his as a balm for our wounded pride. —Lockney Beacon.

Soon we will hear of it being "Pistols at sunrise," but if Ben or Jess, either one, can not shoot with

any greater success than raising garden truck no one would be hurt.

Since the third annual meeting of the Bankhead National Highway Association at Mineral Wells April 18 and 19 a great impetus was given in arousing interest in building the Bankhead National Highway. Many counties are voting bonds and securing Federal appropriations to build their link of the highway. Most encouraging reports are being received at headquarters, where various counties desire to straighten out links, erect signs and build their part of the highway in accordance with the plans and specifications of the United States Government, and then Bankhead Pathfinding Commission.

Mr. J. A. Rountree, Sec'y of the Bankhead National Highway Association has been officially notified that Dallas County, Texas carried a bond issue of \$6,500,000 May 24th by a two-thirds vote. Forty miles of the Bankhead National Highway through Dallas County is to be built from the funds derived from this bond issue. The road is to be 20 feet wide and built of concrete.

Secretary Rountree is also in receipt of a telegram from Mirocopia County, Arizona, stating that last week the people of that county voted \$4,000,000 worth of bonds, that they would build 130 miles of the Bankhead National Highway in that county of concrete, standard specification road.

The Board of Revenue of Jefferson County, Alabama announces that bids will be open in the next 30 days for the purpose of building the Bankhead National Highway across Jefferson County of concrete and asphalt.

A contract has been let for building the Bankhead National Highway from Heflin Alabama to Calhoun County, Alabama line and a contract is pending for the building of the road from Heflin, Alabama to Tallapoosa, Georgia. Contractors are already at work building the Bankhead National Highway from Bremen, Georgia to the Carroll County, Ga. line below Temple, Ga. Similar reports are being received by Secretary Rountree from nearly every state along the route from Washington to El Paso, Texas. It is believed that within the next twelve months the Bankhead National Highway will have been built and marked the entire route.

The city is now doing some good and much needed work on the alleys; especially on the alley in the rear of the Baptist church, the Dr. Coleman alley and the Judge Earnest alley.

Sour belching and a burning sensation in the throat is a symptom of indigestion, and indigestion leads to serious diseases. Take Prickly Ash Bitters, it corrects the digestive trouble, purifies the stomach and bowels and makes a man feel good. Price \$1.25 per bottle. John L. Doss. (Adv.)

RANGER A CITY.

Ranger is fast getting into the class of west Texas Cities. Here are the dispatches sent out in one day.

Ranger, Tex., June 13.—Frank Douglass, proprietor of the Auction House, was shot while in his place of business last night by an unidentified man who took exception to some ruling Douglass had made. The parties engaged in a fight, during which the man who shot Douglass pulled a pistol and fired. The ball entered at the point of the left shoulder and lodged in the left side of the neck.

Ranger, Tex., June 13.—Four persons were fatally injured, ten were seriously injured and twenty-nine more injured, here early this morning when train No. 12, castbound oil special, split a switch in the Ranger north yards and crashed into a carload of lumber.

Ranger, Tex., June 13.—An unidentified man, about 60 years of age was killed Wednesday when a switch engine in the local yards just east of the Prairie Oil and Gas Company's plant.

From all accounts, the Garden of Eden was a very pretty place, and was a delight to the heart. But, even if it was all that, it had nothing on the Plainview country this year, for here every vista is as beautiful as an Eden and pleaseth the eye and heart of man.—Plainview News.

Away back in the early 80's the assertion was made that this well advertised Garden had been discovered as located in Mitchell County and this assertion has never been proven false, not even denied.

All Colorado people will be interested in the Homan hog ad. this week on the first page of the Record. Here is part of Dr. Homan's letter: "Whipkey Bros., Colorado.

Gentlemen—Homan's Hog Farm has a lot of extra good red hogs for sale, and I believe the Record can help us sell them. I am enclosing herewith copy for an ad. which you may run. My brother, Hall, whom you know, is the hog man, and he is a good one, and has as good hogs as are in the country. Trusting that conditions there are extra good, and with regards, I am, Yours truly —R. B. Homan."

Our stock of Hardware is complete. Let us supply your needs.—Colorado Mercantile Company.

PUBLIC INSTALATION.

On Tuesday night next, the three different bodies of the Masonic lodge will hold a public installation of all their officers. The Royal Arch Chapter will meet tonight (Friday) and elect their officers. The Blue Lodge and Council already having done so. A banquet will be served, consisting of stewed frog legs and humming bird tongues, with grape juice on the side. Master Masons, their wives and Eastern Star members only are invited.

SOLDIER BOYS RETURNING.

Bennett Scott came in home Sunday night from overseas duty; and he says no more soldering for him. Dick Billingsly and Jno. B. Henley came in Tuesday morning, both overseas men. John Lysle who is visiting with C. E. Webb, also came in Tuesday morning. Lysle lived here about three years, but enlisted from El Paso. Monday night Mr. A. W. Harris came in with his discharge. Mr. Harris is a son-in-law of Newt Miller of the Brick Garage, and was one of the first to go across, being on the torpedoed boat. He is here with his wife for awhile before returning to his home at Winder, Georgia.

Several others came in on the night trains, whom we failed to get. They will all be here for the Fourth of July and will enjoy Colorado's big basket picnic.

A STONEHAM REUNION.

All last week and this, the home of Mr. and Mrs. W. S. Stoneham has been the scene of a regular old-fashioned family reunion. Mrs. C. L. Stoneham and son, William S. Stoneham, Jr., returned to her home in San Francisco, California Monday evening. On the same train Mrs. Walter H. Stoneham and her three daughters, Virginia, John Henry and Sue R. came in on a visit to the family of W. S. Stoneham. Sunday night Mrs. G. W. Beal and her three children, Sebron, Ruth and Sam, from Elida, New Mexico, also came to visit with the family of W. S. Stoneham. Mrs. Chas. McDonald and her son, Donald, and daughter Margaret, of Lovington, New Mexico, came in Sunday morning. Mrs. Stocks and daughter Edna, from Douglas, Arizona, came last week and remained to see her sister.

KINGS DAUGHTERS.

The Kings Daughters met with Mrs. J. W. Shepperd. The lesson on Prayer, was led by Mrs. W. P. Garvin as prayer is now the keynote of the centenary work, all pledged themselves to pray for the workers to go to the various fields in which work will be carried on. Besides the usual business, a resolution was passed asking the city council to take steps for a clean up day.

Mrs. J. W. Smith was received as a new member. Ice cream and home made cake were served. The next meeting is with Mrs. Garvin.

MERRY WIVES.

Mrs. J. S. Vaughan entertained the Merry Wives this week, honoring Mrs. Nelson Vaughan of Amarillo.

The guests were Mesdames Myrtle Vaughan, Lindley, W. R. Charters, W. P. Leslie, W. R. Morgan, J. L. Pidgeon, H. E. Grantland, Jim Coughran of Sweetwater, Wallace of Clifton, Ariz., Walter Stoneham of Lovington, N. M., Mrs. Geo. Beal of Lida N. M. Ice cream and cake were served. The club adjourned for the summer.

Mrs. Jim Dobbs entertained a few friends Saturday for her sister, Miss Leona Dyas of Dallas. Music and games were the forms of entertainment. Ice cream and cake were served.

Mrs. Meeks and little niece Mary Figh came up from Dallas Tuesday morning to spend the summer with Mrs. Smoot.

Mrs. Bert Wulfjen is off on a visit to friends at Texarkana. Her daughter, Miss Louise, is visiting in Cisco.

Let us sell you your screen wire; a full stock, all widths—Col. Merc. Co.

Grandma Fuller, out on the Earnest place, sent in a 4 1/2 pound cabbage head this week, and reports more cabbage than the fabulous Carter had oats.

Binding twice at H. C. Doss.

U. D. C. MEETING.

Mrs. Gustine was hostess for the U. D. C. Tuesday. The study was from the "Veteran." The U. D. C. is compiling a history of the great war and this Chapter was asked to secure data from Mitchell county. Mrs. Merritt is chairman of the committee. Mrs. Jack Smith, Mrs. A. L. Whipkey and Mrs. F. P. Gellespie of Dallas were guests. The next meeting will be with Mrs. Jack Smith, complimentary. The hostess served home made cake, peaches with whipped cream, and punch.

TO LADIES:—Hemstitching and Picot edge work promptly and neatly done—10c per yard customer furnishing the thread.—Sweetwater Hemstitching Co., Sweetwater, Texas. 74c

M. E. STUDY COURSE.

The M. E. Missionary Society met at the church for the regular study course, Monday afternoon. A quiz was given on the council minutes. Mrs. Stoneroad read the address of the Southern Sociological conference "Democracy in Action," which will be studied this summer.

PICNIC FOR SCOUTS.

Last Friday evening the Campfire Girls entertained the Boy Scouts with a picnic, over beyond the west bridge. A pleasant time was spent playing games, but the best of all was the supper, and the Scouts knew just how to take care of it.

HONORING MISS PRUDE.

Mrs. H. S. Beal entertained with bridge and forty-two, last Thursday afternoon, honoring Miss Lois Prude. The out of town guest was Mrs. R. H. Pringle of Clifton, Ariz. After many interesting games ice cream and cake were served by Misses Mary Snyder, Madeline Looney, Dorothy Burns and Annie Bell Gray of El Paso. A thurmos bottle was presented the honoree.

FORTY-TWO.

Mrs. Jack Smith entertained with 42, Monday evening, honoring her brother, C. F. Dickson, who has just returned from overseas. He was two years on the Leviathan, and later on Canadian service. A very pleasant evening was had. Ice cream and little cakes were served.

BAPTIST ACTIVITIES.

We thank every one for the co-operation given in the little meeting just held in our church, and wish to extend to every one a most hearty invitation to every service held at the Baptist church, when it is possible for you to be with us. The pastor will preach at both hours next Sunday and will be delighted to have all who will help to sing, come on to the choir as you enter the house.

At the morning service, the hand of church fellowship will be extended to those who were baptized on last Monday night. It is hoped also that others will unite with us at that hour.

At three o'clock in the afternoon, the B. Y. P. U. will meet and reorganize. This was made necessary by the fact that some of the members are away from town for the summer. And there are some new young people here that should be in the B. Y. P. U. and some who have been here all the while, but have not taken part with us, we hope will feel sufficient interest now to come and help in this time of great need. There was never a time when there was greater need for true purpose of heart and for development on the part of the young people. They are needed now as not in the past and there are more opportunities for them than before. The B. Y. P. U. will help you. Won't you come and see?

W. C. Garrett, Pastor.

U. D. C. WAR WORK.

The Daughters of the Confederacy have been asked to write the history of the military and naval service of the boys of Texas in the great war, and the Robert E. Lee Chapter has been assigned Mitchell county for her work. This history is to be compiled and sent to the Director of Texas War Collection, State University, Austin, Texas, where it will be filed for the future.

Now this work will cost money and take much time. There are questionnaires to be bought, mailed out to the boys and then arranged, together with quantities of other printed matter in book form. The Daughters

have appointed a committee who are willing to give their time to this work but as neither the committee or the Chapter have any money, they are asking all who are interested for a small donation for the work. If you would like to help, we would appreciate it, and will do our best to prepare an accurate history of our brave Mitchell county boys of whom we are all so proud.

MISS M. DRY, President
 MRS. A. E. SOPER, Sec'y.

NURSERY NEWS.

Miss Bridge, field secretary of the Red Cross Nursery Service, spent Wednesday in Colorado, conferring with the local committee regarding the placing of a visiting nurse and the teaching of the course on "Home Hygiene and Care of the Sick." It is hoped that Mitchell county may soon have a visiting nurse supported by the county chapter, and since the nursery service is one of the most important peace time works, there is no reason why we should not use our funds in this way.

The class will be organized for study of Home Hygiene and Care of the Sick at once. A nurse teacher will be sent as soon as possible. The books have been ordered. So if you want one speak to the chairman at once. The classes will be held in the basement of the Methodist church both morning and afternoon, and will consist of two hour sessions in theory and practice of nursing at no cost to you, except the 45 cents for the book. So make your arrangements to begin when the teacher arrives. We expect to begin the last of next week.

Mrs. J. G. MERRITT,
 Chairman of Nursery.

A PLEASANT AFTERNOON.

Mrs. M. Carter entertained with 42 Wednesday afternoon. There were six tables of players and a pleasant time was had. The out of town guests were: Mrs. G. G. Johnson and Floyd Beal of Lubbock, and R. P. Pringle of Clifton, Ariz. Ice Cream and cake were served by Misses Madeline Looney, Dorothy Burns, Mary Snyder and Annie Bell Gray.

MEETING CLOSED.

Last Monday the series of meetings closed at the Baptist Church with a baptismal service. Seven were baptized and two united the church by letter, besides other conversions.

Never has the church had better preaching than that done by this consecrated pastor. All who attended received a blessing.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply BAL-LARD'S SNO WLINIMENT. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Sold by all druggists. Adv.

DADDY LONG LEGS.
 Motion Picture Version of Famous Jean Webster Story.
 The daily life of scores of orphans unfortunate enough to be living in an institution, the founder of which obtained his ideas of discipline at a penitentiary where he has made his money through convict labor, is shown in detail in "Daddy Long Legs", screen version of the famous story by Jean Webster, in Mary Pickford will be seen at the Best Theatre, Friday and Saturday and Saturday Matinee.
 This super-feature is the first to be made by Mary Pickford's own Company, after Miss Pickford obtained the screen rights from Klaw and Erlanger to whom she gave her personal check for \$40,000. Miss Pickford has the part of Judy Abbott, the little asylum girl who got her chance to go to college through the generosity of a man who later fell in love with her.
 The first half of the picture is laid in the John Grier Orphan Asylum. Mr. Neilan has filled it with a surprising succession of humorous and pathetic incidents. The millions of admirers of Miss Pickford will agree when they have seen this picture that the favorite star never had a better or more appealing role than that of the orphan, Judy Abbott, who, as an infant, is picked out of an ash can by a policeman. Given a name from a telephone book by a hard-hearted matron; whipped, starved, and cruelly treated until she reaches the age of twelve, when she begins to spread among the stripe-dressed little motherless babes of helping them all to better things.
 As a madcap child whose restless personality overcomes even the most sordid surroundings; as a girl tasting eagerly the good things for which she so longed in her childhood captivity; and at last a lover, coquettish capricious, Miss Pickford's characterization is a masterpiece.
 Go-Devils at H. C. Doss.
 Habitual Constipation Cured in 14 to 21 Days
 LAX-FOS WITH PEP-SIN is a specially-repared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulars. Very Pleasant to Take. 60c per bottle.
 Mrs. W. R. Hathaway left Tuesday to visit her mother at Lubbock and from there to El Paso to visit her daughter Mattie Simon. She will likely be gone all the summer.
 You are especially invited to the Baptist Sunday school Sunday morning—10 o'clock.
 E. H. Lingo of Fort Worth and of the big lumber firm of Burton-Lingo company, visited Colorado on Tuesday, inspecting the yards at this place. Mr. Lingo reports business at their various yards as improving, and complimented R. O. Pearson, manager of this yard, on its neatness and the efficient manner of handling the business at this place.
 Nice, Fresh berries received every morning. They are fine. Phone 1111 Canada & Lambeth.
 Mr. and Mrs. Duff Whitten (formerly Mrs. Maud Scott) left Wednesday for Abilene to visit Mrs. Whitten's brother, Claude Thompson, and from there will go to the Ozark mountains in Arkansas to make their home.
 Misses Lula May and Elnora Dulaney returned from a visit to friends in Snyder Wednesday morning.
 Miss Ethel Mann is off attending the summer normal at Denton.
 We have a full line of Field Seed—Colorado Mercantile Co.
 Miss Louise Mooar, who formerly lived in Colorado, but now of Atlanta Georgia, is visiting old time friends here.
 Rev. W. P. Garvin left Tuesday night for Dallas to attend a Red Cross conference.
 The Boy Scouts are making big preparations for their camping out trip on the Concho next week.
 Mrs. Frank Gellespie of Dallas was a guest of Mrs. A. L. Whipkey this week. She was accompanied by little Miss Helen May McDaniel, who will visit for a few weeks her aunt, Mrs. Whipkey.
 Mrs. James L. Dow, wife of editor Dow of the Lubbock Avalanche, came in Tuesday morning on a visit to her parents and family. Mrs. Dow was formerly a Dorn, and practically raised at Colorado.
 W. D. McCarley, a former county commissioner is back home again from his work in North Texas. Mrs. McCarley is still visiting in North Alabama, and says she has picked out a hillside home there and writes that she may not return to Texas.
 M. Carer visited the Burkburnett oil fields last week and came back very much enthused over the oil game, but did not say just how much he realized on his holdings.
 Mrs. Wallace of Clifton, Arizona is visiting her parents, Mr. and Mrs. J. D. Wulfjen.
 Prof. E. F. King has had a severe siege of the mumps but is now much better and will be out in a few days. The Professor showed discretion in waiting for school to close before this experience.
 Let us sell you your screen wire; a full stock, all widths—Col. Merc. Co.
 Mrs. Dr. Ratliff left yesterday on an extended visit to Paris. The Doctor and the boys will keep open house for men and boys during her absence as they will do the cooking.
 Master Charles Pierce of Plainview came in Thursday night to go with the Boy Scouts on their camping trip on the Concho.
 Miss Mary Terrell is visiting relatives in Dallas.
 Miss Leona Dyas returned to Dallas Thursday, after a three weeks visit with relatives here. Miss Dyas is a student nurse in the Baptist sanitarium.
 Mrs. J. S. Solisky returned to her home in Big Spring, Thursday, after a visit to her parents, Mr. and Mrs. J. M. Green. She was accompanied by Miss Ethel Dyas and little Billie Wyatt.
 J. G. Merritt spent a few days of last week with the home folks.
 Mrs. Alice Brown is visiting in Lorraine.
 Mrs. Eugene Payne and sons, of Justiceberg came down Thursday for the boys to accompany Mr. Person and the Boy Scouts on their summer camp down on the Concho.
 Phone 406 for expert cleaning, pressing, bushing and dyeing.—Tom Hughes, Expert Tailoring.

NEW TANLAC PLANT IS NOW COMPLETED.

Magnificent New Laboratory Has Daily Capacity of 36,000 Bottles.

What is said to be one of the largest pharmaceutical laboratories in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac, the well-known medicine, which according to recent reports is now having the largest sale of any medicine of its kind in the world.

The erection of the new plant was made necessary by the rapid growth of the business, as the older plant was found to be wholly inadequate to supply the ever-increasing demand which at the present rate of sale will amount to more than five million bottles for the present year alone.

By the erection of this plant the manufacturers of Tanlac are giving to the world just one more evidence of the remarkable growth and expansion of their business, and of their absolute confidence in its future.

This announcement will be read with interest not only by the many thousands of Tanlac agents scattered throughout every state of the Union and throughout Canada, but to the millions who have used it beneficially as well.

The new building occupies 60,000 square feet of floor space. It is six stories in height, practically fire-proof throughout, and is of striking architectural design. It also has private railway facilities.

This beautiful new structure now stands in striking contrast beside the first made.

Visitors to the laboratories are strongly impressed with the extremely modern character of the equipment. Everything is provided and splendidly arranged to promote systematic and rapid production. The very latest machinery and devices known to invention and pharmaceutical science are here used.

The interior throughout is finished in spotless white, and all of the large force of employees wear white uniforms, which they are required to change daily. The main offices on the first floor are all finished in Cararra marble and mahogany.

The entire process of manufacture is conducted under absolutely sanitary conditions. Even the bottles made expressly to contain Tanlac are washed and sterilized electrically by the ultra violet ray process. They are then filled by automatic machinery and the finished product is therefore never touched by human hands.

When Tanlac was introduced into Canada history repeated itself, and the demand which had been created in the United States was quickly duplicated in the Dominion Provinces. As a result, it was recently found necessary to establish another Tanlac Laboratory at Windsor, Canada which is on a somewhat smaller scale than the plant at Dayton, but is no less wonderfully equipped.

These new facilities gave a daily capacity of 36,000 bottles, but as Tanlac is rapidly being introduced into foreign countries it is probably only a question of a few years before even larger facilities will become necessary.

While the manufacturers are necessarily working for capacity production, it is a fundamental rule of Tanlac Laboratories that the quality of the medicine shall never be sacrificed to secure output.

Uniform quality is guaranteed by a series of careful inspections by expert chemists, from the time the roots, herbs, and barks are received in their rough state from all parts of the globe until their medical properties have been extracted by the most approved process. The finished medicine is then bottled, labelled, and shipped out to tens of thousands of druggists throughout the United States and Canada, to supply a demand never before equalled for this or any other medicine.

The executive sales offices are located in Atlanta, Georgia, and occupy almost an entire floor of the Fourth National Bank Building of that city.

Tanlac is sold in all Drug Stores.

WEST NEVER HAD FINER PROSPECTS.

Clarence Dubose, Staff Correspondent for the Dallas News, writes from San Angelo as follows:

Be it cattle country or straight farming country or sheep and goat country, or be it a mixture of them all every part of West Texas has, this spring, an unusually promising season. Many sections have, unqualifiedly, the best spring season they have ever known. Other places need just a little more rain. Here and there hail has destroyed young crops, but these conditions are purely local, and wherever there has been a "hailing out" replanting has followed, and the crop prospect continues as favorable as before.

Some Parts of West Texas, of course, have a better range now than other parts. Some ranges have more cattle than others. But everywhere there is a good range of weeds and grass (the grass needing rain in spots); everywhere the range cattle are in good flesh, and calf, lamb and goat crops are very large and of superior quality and prices are high. (The number of animals on the range is less than a few years ago, but the quality is better—the old stuff was eliminated.) It is also true that certain Western farming sections have better stands and better crop prospects than other counties, but everywhere has a good season in the ground, and, on the whole, one of the finest outlooks West Texas has known.

Prospects Unexcelled. These statements are very general. Necessarily they have to be. For West Texas covers lots of territory and includes many things—but no grouches! One may go from the upper plains and Panhandle to the southwestern sheep country, from the Pecos to the Middle West Texas farm and oil section—one may observe conditions in a score of counties and talk to men from as many more, and not once see or hear a condition or expression contrary to this broad statement: West Texas has seldom, if ever, known better range and farm conditions and prospects than at present.

Naturally, a complete realization of these prospects will, in some places require future rain. But in most sections good crops of wheat, oats and sorghum feedstuffs, kafir, milo, etc., are already certain, with cotton now coming into a good stand.

The cattlemen, particularly those who operated upon a very extensive scale, had large feed bills during the dry period. The problem which interests and concerns them now is one of finance. But they are not doubtful of the restocking of the range, the building up of herds to the former figure. It is merely a question of the time that will be required, and there is a general belief among the cattlemen that this will be from two to three years.

It has been thought that there would be much idle farm land in West Texas this year. That is not the case. In some sections there is an increase of cultivated land this year—new land put to crops for the first time. That however, is exceptional. A number of farming sections of the West have about the same farm acreage this year as a few years ago. Considering all West Texas, there is some decrease of cropped land, but it is slight.

In almost every West Texas town the information seeker will, first of all, be told these things: that this section "went over the top" with its quota for every Liberty Loan and

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

war fund drive—in most cases over subscribed. And that the bank deposits show considerable increase—this from a "blowed up country."

"But how was it done?" the curious persist. One farmer said, "I don't know; don't know anybody who does know, except that this is just the dangdest country to do things in spite of hell and high water—or hell and no water—that you ever saw! This is a doing country!" And it is, beyond a shadow of a doubt.

Oil scouts have blanketed West Texas with leases. That has brought a great deal of cash money into the country during the winter and spring and much of that money has, at once, gone into the payment of farmers' notes and the purchase of seeds and supplies for this year's plantings.

The "old timers" have never seen so much wheat and oats planted in the west as this year. Nor have they ever known those crops to indicate such good yields. Cutting is about completed, but there has been no threshing. The small grain crop is made but is yet to be saved. A labor shortage is anticipated—but not a serious one. That is to say, no one thinks there will be crop losses for lack of help.

"A lot of us out here may have to work harder than we want to," they say laughingly; "but we'll harvest these crops even if everybody in town has to turn out and help do it!" Men who are looking for work can find it, and it will be a man's job—out west.

The sheep and goat ranges will be replenished more quickly than the exclusive cattle ranges. The kid and lamb crops this spring are most extraordinary, running from 90 to 100 per cent, even on some ranches. Last winter there was a good range for sheep and goats; they came into the spring in strong, healthy condition and the females produced not only a remarkably large number of young, but a surprisingly healthy lot. The percentage of lambs and kids that live is also universally high this spring. The woolclip is showing an abundant yield, and a clean, high-grade quality, because the winter and spring rains have washed out the fleeces and kept them down.

Of all the optimists with which the West abounds just now none are more joyous than the sheepmen. They, too, have had setbacks, but sheep and goats are so hardy—can live upon a range that will not sustain cattle—and reproduce, in good years, so abundantly that the sheepman's comeback is startlingly swift—even for this country of speedy recovery from unfavorable conditions.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

WESTBROOK ITEMS

Miss Hoodie Pool entertained Tuesday night with a social, complimentary to her nieces, Misses Jewel and Ruth Murphy of Fort Worth. Music, games and merry chat were the diversions of the evening. A large crowd attended this pleasant event and a delightful time was had by all.

Mrs. W. H. Hogz of Waco, is visiting her aunt, Mrs. C. C. Sheffield.

A five and one-half inch rain fell here Saturday night, which washed the fields considerably, and several crops were completely washed away. This is discouraging, but it is not too late yet, if they can get planting seed. The season is fine for a bumper crop.

Milton Yater of Colorado is visiting friends here this week. Milton was a resident of Westbrook when he volunteered for service, and his friends here are glad to welcome him home.

George Candler of Dallas blew in Sunday on No. 25, for a short visit with friends in Westbrook.

Mrs. Sam Smartt and daughter Miss Xenia, of Colorado, spent Tuesday and Wednesday with Mr. and Mrs. T. Y. Pool.

Little Katherine Gilbert and Jimmie Golden of Eastland, came in

Albert L. Young returned from Ft. Worth Friday.

Mrs. R. M. Driver and Miss Bettie Curry returned to Midland Tuesday, after spending a week with Mr. and C. C. Sheffield.

Miss Thelma Hudson spent the week end with friends in Colorado.

Mr. Key Hooks and sister, Miss Blanche, were guests of their sister Mrs. E. V. Bell Tuesday.

Mr. and Mrs. L. V. Yates were visiting relatives in Coahoma Saturday.

Mrs. Walter Stoneham and children of New Mexico, were guests of Mr. and Mrs. J. R. Oglesby, the first of the week.

Mrs. M. L. Cope is spending the week with relatives in Big Spring.

Miss Ruth and Jack McNairy of Iatan are visiting Mr. and Mrs. O. F. Bird.

Mr. and Mrs. Floyd Murphy and children left Saturday for Big Spring to visit relatives before returning to Fort Worth.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sell for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a days work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Citation on Application for Letters of Guardianship.

The State of Texas: No. 327 To the Sheriff or any Constable of Mitchell County, Greeting—

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

The State of Texas:—To all persons interested in the welfare of Arthur Lee Land, non compos mentis, C. A. Land has filed in the county court of Mitchell county, an application for letters of guardianship upon the estate of said non compos mentis, which said application will be heard at the next term of said court, commencing on the third Monday in July

\$100,000 FOR 40 ACRES. The Dallas News on Monday in a dispatch from Eastland in regard to oil activities north of Eastland says: C. M. Root and others who have an interest in the Perkins well have bought forty acres in the southeast corner of the Bond tract, in the south west quarter of section 8, five miles north of Eastland. They paid \$100,000 for this land to C. U. Connellee. Ten days ago land similarly situated was on the market at \$1000 to \$1400 Since the Perkins well has proven that the trend of big production is westward, prices have more than doubled from Eastland to the Stephens county line. Henry Zweifel and others of Granbury last Thursday paid \$3,600 an acre for ten acres out of the southeast quarter of section 10, block 4, owned by J. A. Beard of Eastland.

It will be remembered that a bunch of Colorado men own a 40 acre lease exactly in the above territory, and they may yet realize a profit on their investment.

Such a Change

in feelings and looks! "After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of my sex—my eyes sunken, black circles and pale cheeks—I was restored to health by the Favorite Prescription of Dr. Pierce." So write many women. Changed too in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump.

Druggists sell it in tablets or liquid. It's a woman's best temperance tonic, made from wild roots. WHISTLER, ALA.—"I was bothered with backache and headache and was not able to do my work until I tried Dr. Pierce's Favorite Prescription, and I can say I am now able to do all my work, such as cooking, washing and ironing, and even cutting wood, where before I used this medicine I was almost an invalid and did not care whether I lived or died."—Mrs. ELIZABETH CANOVAN, Carr Street.

FIFTY THOUSAND SIGN FOR LAND

Soldiers in Camps Organizing Farmers' Forums Are Being Aided by Army Y. M. C. A.

Farmers' forums composed of soldiers desiring to establish homes and farms on land provided by the government are being organized in the military camps of the Southern department, comprising Texas, Oklahoma, Louisiana, Arkansas, New Mexico and Arizona by the educational department of the Army and Navy Y. M. C. A. Groups of soldiers comprising the forums meet regularly in the Y. M. C. A. buildings and discuss the questions involved in their efforts to get lands in various states and the ways and means of developing the lands after they get them. Literature from the department of the interior and the agricultural departments of the states being studied is obtained and a digest of it given to the groups by different members.

S. N. Craig, representing the department of the interior, has been largely instrumental in formulating the plan of operation followed by the soldier farmers and farmers-to-be. A series of addresses was given by him in the camps of the Southern department in the "Y" buildings, during which he outlined the course to be pursued by the government in assisting soldiers to locate on unused government lands in various states.

More than 50,000 soldiers have signed the applications for the government land which will be available after congress has passed the bill containing the recommendations of Secretary of the Interior Lane, according to Mr. Craig.

"It is gratifying that so many of the soldiers have indicated their desire to take advantage of the opportunities to be provided under the provisions of the new law," said Mr. Craig. "The ultimate success of the plan depends upon the follow-up work that will be done by the farmers' forums in the various camps being organized with the aid of the Y. M. C. A. leaders."

Camp Travis, San Antonio, Tex., organized the first farmers' forum.

NOTICE OF TRUSTEE'S SALE.

Whereas, John L. Greenfield, then of Dallas County, Texas, did on the First day of April, A. D., 1914, make execute and deliver unto E. P. Nelson, his certain deed of trust, conveying all that 640 acres of land in Mitchell County, Texas, known as section or survey number Sixteen (16) in Block 27 of the Texas and Pacific Railway Co. survey, Certificate 2-1108, patented to J. S. O'Keefe April 17-1901 by letters patent No. 19, Vol. 29; for the purpose of securing an indebtedness therein more fully described. And whereas, the said John L. Greenfield, his heirs and assigns have defaulted in the payment of said indebtedness according to the terms, said indebtedness now being due and payable. And thereafter the said E. P. Nelson was requested by the Missouri State Life Insurance Company, owner of said indebtedness, to enforce said trust, and said E. P. Nelson declined and refused to execute said trust:

And thereafter, in accordance with the terms of said deed of trust, the said Missouri State Life Insurance Company, by an instrument in writing, appointed C. H. Earnest of Colorado, Texas, substitute trustee under said deed of trust, and requested him to execute said trust in accordance with its terms and conditions.

Now, therefore, in consideration of the premises, and by virtue of the authority vested in me, I will offer for sale and will sell said property, at the Court House door of Mitchell County, at Colorado, Texas, at public vendue, on the First Tuesday in July, A. D. 1919, same being the 1st day of July, between the hours of 10 a. m. and 4 p. m. of said day.

C. H. EARNEST, Trustee.

DEMOBILIZATION OF "Y" MEN NOW AT A STANDSTILL

Only 400 Remain in Southern Department—Activity on Mexican Border.

San Antonio, Tex.—Demobilization of Army Young Men's Christian association secretaries in the Southern Military department has about reached a standstill for the present, according to J. H. Eckford, departmental supervisor of personnel. About four hundred wearers of the Red Triangle remain in the six states composing this department, more than six hundred having been released since the signing of the armistice. It is believed that, with the numerous camps in the department demobilized down to practically the smallest possible working force, coupled with the demands of the regular army men and the returning soldiers from overseas, there will be a need for at least four hundred secretaries for at least several weeks.

Seventy secretaries are serving the towns and outposts along the Mexican border, this phase of Y. M. C. A. activity having been materially enlarged since the armistice. Apparently 2,000 miles of border territory is now being covered, the greater part of it by itinerants in light delivery cars, in which the secretaries carry a full supply of books, stationery, portable motion picture machines, athletic equipment. In a number of the isolated villages where troops are stationed the Y. M. C. A. hut is the only entertainment feature and the soldiers share their privileges with the civilian populations. Every border outpost is now being reached by the "Y" men, and the work will continue as long as there are soldiers to serve.

Y. M. C. A. ENLARGES WORK IN RUSSIA

Doubles Personnel in Non-Bolshevik Sections—Large Sums Being Expended.

An urgent cable has been sent from Vladivostok to the Y. M. C. A. national war work council headquarters in New York requesting that 200,000 feet of up-to-date English comedies and dramas and an enormous repertoire of Russian titled films be rushed to that part in addition to 725 reels of committee on public information educational films.

In response to appeals made by the Omsk government and other allied authorities, the Y. M. C. A. has doubled its personnel in non-bolshevik Russia, and has enlarged the scope of its work proportionately. There are now 97 American Red Triangle workers in Siberia and 50 on the arctic front in European Russia. In addition there are more than twice this number of Russian and Czech secretaries.

The national war work council is now expending \$150,000 a month for Y. M. C. A. work among allied and American troops in Siberia, and an additional \$50,000 a month among the troops in northern Russia.

HOME SERVICE WORK GROWING

SALVATION ARMY PLANS TO DOUBLE WORK IN SOUTH-WESTERN DIVISION

"The war work of the Salvation Army is almost over but its home service has barely begun," Lieut. Col. George Wood in charge of Salvation Army activities for the Southwestern Division announced recently. "For years the Army has quietly been caring for the poor and unfortunate of the country. The work has been extensive but the past record will seem small when compared to the program for the future."

"The record of the Salvation Army in France where it was the first welfare organization in the field has won the confidence not only of the soldiers but of the entire country as well. It has proven itself to be an organization experienced in service and efficiently managed. In overwhelming numbers the soldiers have pledged their support to its future work."

"The Army's objective—to save men from sin, sorrow and death in this world and the next—is the reason it is called the Salvation Army. Through long years of humanitarian work, the Army has realized that bodily needs must be satisfied before men and women can be helped in a spiritual way."

"Recognizing Christ as the Commander-in-Chief, it accepts as His commands for every day duty the 25th and 26th verses of Chapter 25 of the Gospel of St. Matthew: "For I was an hungred, and ye gave me meat; I was thirsty, and ye gave me drink; I was a stranger and ye took me in; Naked, and ye clothed me, sick and ye visited me; I was in prison and ye came unto me."

"These commands have prompted the varied activities of the organization. They include shelter for homeless men and women, homes for working girls, children's homes, rescue homes for unfortunate girls, maternity hospitals, slum work, day nurseries, cheap food depots, cheap clothing and second-hand stores, employment bureau work among the prisoners, medical relief and visiting nurse work, summer outing for the poor, Christmas and Thanksgiving dinner baskets, missing friends and inquiry department, farm colonies, etc."

"In the past sufficient funds have been raised for the work by tambourine collecting. But the work has grown too large for that now. Commander Evangeline Booth feels that the time of the Salvationists can better be employed in direct service than in begging for nickels and dimes. In the future the army will raise the money needed in yearly drives. The amount set as the goal for this first drive is \$13,000,000, to be used for the national and local work."

"This amount will make possible the extension of the work in the Southwestern Division where it is comparatively new. The activities in this field will be doubled in the next few years according to plans."

play games or write letters. Across the hall is an auditorium. On the second floor are the offices of the corps, and the Southwestern Division and the women's rest room and nursery, with a Club Room set aside in the interest of the young people.

"These family club buildings will be established in every city where corps are organized. Wherever they have been opened through the country such buildings have been largely used by the people of the town and the country people as well, who make them their headquarters while transacting their business in town."

"Any community may secure one of these buildings by assisting the Army in raising the necessary funds. Committees will be formed in each county, city, town and postoffice to work during the Home Service Campaign so that all people who believe in the Salvation Army could of practical service may be given an opportunity to contribute."

A MERCILESS JUDGE.

One Who Shows No Favor
 A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Colorado resident has withstood this sternest of all tests.

G. W. Filler, 2001 East Ave., Colorado, says: "Doan's Kidney Pills did me so much good that I cannot say too much in praise of them. Several years ago I was suffering intense pain from weak kidneys, causing my back and sides to ache. There were other troubles which are common to kidney sufferers. Seeing Doan's Kidney Pills so highly recommended, I used a couple boxes and they entirely cured me. It gives me great pleasure to recommend such an excellent kidney remedy as Doan's Kidney Pills. (Statement given January 18, 1912)."

Lasting Benefit:—On April 14, 1919, Mr. Filler added: "I can recommend Doan's Kidney Pills as highly today as ever, although I don't have occasion to use them any more. Doan's have given me a permanent cure."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Filler had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

 Improves

Beauty, even skin deep, should be protected and improved. Tan-No-More, the ideal face preparation, does both. It is a sure protection against the beaming sun or blistering wind, and at the same time helps rebuild tissues. It brings to the skin that velvety softness of youth.

Applied to the face before going to the open, Tan-No-More insures all protection against the elements. And before going out in the evening, it assures a faultless complexion. Thousands of testimonials describe Tan-No-More as superior.

You can have a clear, smooth, attractive skin by using this guaranteed beautifier. Sample for the asking. At toilet counters, 25c, 50c and \$1. Tint, white and flesh.

No Worms in a Healthy Child.
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 6c per bottle.

Fort Worth, Tex., June 13.—A locomotive on the Fort Worth & Denver passenger train, which left here at 10 o'clock this morning, blew up at Avondale, killing the engineer and several other persons.

A big new discovery in cigarette blending

The big thing about Chesterfields is their unique blend. The *Chesterfield blend* is an entirely new combination of tobaccos. It is a most important development in cigarette making.

As a result, Chesterfields deliver a new kind of cigarette enjoyment — just like a "bite" before bedtime when you're hungry — they SATISFY!

It took the finest selections of TURKISH and DOMESTIC tobaccos and no end of skill and patient experiment to get this blend right.

Was it worth it? Say — just smoke a Chesterfield fresh from the moisture-proof package. You'll say it was worth it, all right!

Ligarettes by J. P. Johnson Co.

Chesterfield CIGARETTES

—of Turkish and Domestic tobaccos—blended

—a splendid combination of aromatic Turkish tobaccos from Xanthi, Cavalla, Smyrna and Samsoun

—three of the choicest varieties of Domestic tobaccos grown and only the best grades of each

—careful skillful blending by a secret process that cannot be copied

They SATISFY!

For One Person

who has made money quickly there are a thousand who have built up a fortune slowly by conservative investments, such as Government securities.

Any sane man would rather lend money at interest than have it taken away from him. The Government must have money. It is a case of lending or being taxed.

Whatever the future has in store, those people who have purchased Government securities have least to fear and most to congratulate themselves upon. What you waste will buy a Victory Bond.
