#### CARD OF THANKS.

We desire to extend our heartfelt thanks to one and all who ministered to us in any way in the recent sickness and death of our dear baby girl. Especially do we appreciate the spirit that prompted the bringing of so mrny beautiful flowers. These silent emblems of purity and sweetness were so appropriate and appreciated more than we can express. To those who have been with us in our bereavement and by kind words and kindly acts have tried to lessen our serrow, we extend our sincere thanks. Mr. and Mrs. E. Bizzel and son.

# About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

### The Woman's Tonic

She writes further: "T am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

HONORING MISS WHIPKEY. Thursday afternoon Mrs. Ed Dupree relatives here. entertained at her home with a miscellaneous shower for Miss Lela Whipkey, who is to be married on June 25th.

Mrs. McKenzie greeted the guests, and as they arrived, were asked to write their names in the register which was presided over by Miss Lois per bottle. Whipkey. This was presented to the honoree as a souvenir of the event.

Red heart-shaped score cards were passed by little Sidney Thomas, and a pleasant time was spent playing 42, until a knock was heard at the door, and "Aunt Hattie" was announced by little Miss Helen May McDaniel, cousin of the honoree. Aunt Hattie said she had brought Miss Lela's wash to her having done "de very bestes she could," and hoped it would please her. The "wash" proved to be a basket full of dainty and useful things for the honoree.

After the packages were opened and admired, ice cream, topped with red cherries, was served by Mrs. Chester Thomas and Miss Abbie Thomas.

During this time Mrs. Dupree and Mr. Stansil Whipkey favored with piano and violin music.

Trumpet vine and wild red flowers were used in abundance in the decorations. The color scheme was carried out in the score cards and the refreshments. The little tots wore red bows of ribbon on their hair and red socks and slippers.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. Adv.

### **A Coated Tongue?** What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually

signs that the liver is out of order. PROF. HEM-METER says: "The liver is an organ secondary in importance only to the heart."

We can manufacture poisons within our own bodies which are

snake's venom. The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockake in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in aouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should tive.
